

OFFICIAL STATEMENT
February 27, 2019

In the opinion of Bond Counsel (identified below), assuming continuing compliance by the District (defined below) after the date of initial delivery of the Notes (defined below) with certain covenants contained in the Resolution (defined below) and subject to the matters set forth under "TAX MATTERS" herein, interest on the Notes for federal income tax purposes under existing statutes, regulations, published rulings, and court decisions will be excludable from the gross income of the owners thereof pursuant to section 103 of the Internal Revenue Code of 1986, as amended to the date of initial delivery of the Notes. See "TAX MATTERS" herein.

THE NOTES HAVE BEEN DESIGNATED AS "QUALIFIED TAX-EXEMPT OBLIGATIONS" FOR FINANCIAL INSTITUTIONS.

\$4,950,000

BEXAR COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 10
(A political subdivision of the State of Texas located within Bexar County, Texas)
WATERWORKS AND SEWER SYSTEM REVENUE NOTES, SERIES 2019A

Dated Date: February 15, 2019 (interest will accrue from the Delivery Date)

Due: March 1, as shown on page ii

Bexar County Water Control and Improvement District No. 10 (the "District") is issuing its \$4,950,000 Waterworks and Sewer System Revenue Notes, Series 2019A (the "Notes") pursuant to the Constitution and general laws of the State of Texas (the "State"), including, particularly, Article 16, Section 59 of the Texas Constitution, Chapters 49 and 51, Texas Water Code, as amended, and Chapter 1371, Texas Government Code, as amended, and are special obligations of the District as provided in the resolution authorizing the Notes (the "Resolution") adopted on February 27, 2019. The Notes are payable, both as to principal and interest, solely from and equally secured by a first lien on and pledge of the Net Revenues (as defined herein) of the District's waterworks and sewer system (the "System"). The Notes do not constitute a legal or equitable pledge, charge, lien or encumbrance upon any property of the System, except with respect to the Net Revenues. The Notes are not general obligations of the City of Windcrest, Texas, the City of San Antonio, Texas, Bexar County, Texas or the State of Texas, and the owners of the Notes shall never have the right to demand payment out of any funds raised or to be raised by taxation.

Interest on the Notes will accrue from the Delivery Date (defined below), and will be payable on March 1 and September 1 each year, commencing September 1, 2019, until stated maturity or prior redemption. The Notes will be issued as fully registered obligations in principal denominations of \$5,000 or any integral multiple thereof within a stated maturity. Interest accruing on the Notes will be calculated on the basis of a 360-day year consisting of twelve 30-day months. (See "THE NOTES – General Description.")

The District intends to utilize the Book-Entry-Only System of The Depository Trust Company ("DTC"), but reserves the right on its behalf or on behalf of DTC to discontinue such system. The principal of and interest on the Notes will be payable to Cede & Co., as nominee for DTC, by UMB Bank, N.A., Austin, Texas, as the initial Paying Agent/Registrar (the "Paying Agent/Registrar") for the Notes. No physical delivery of the Notes will be made to the owners thereof. Such Book-Entry-Only System will affect the method and timing of payment and the method of transfer. (See "BOOK-ENTRY-ONLY SYSTEM.")

The District reserves the right, at its option, to redeem Notes having stated maturities on and after March 1, 2027, in whole or in part, in principal amounts of \$5,000 or any integral multiple thereof, on March 1, 2026 or any date thereafter, at par value thereof plus accrued interest to the date of redemption. The Term Notes, hereinafter defined, are also subject to mandatory sinking fund redemption as described herein. (See "THE NOTES – Redemption Provisions.")

Proceeds from the sale of the Notes will be used to (i) finance improvements to the System, and (ii) pay the costs of issuing the Notes. (See "THE NOTES – Authorization and Purpose.")

MATURITY SCHEDULE ON INSIDE COVER

The Notes are offered for delivery when, as and if issued and received by initial purchasers thereof named below (the "Underwriter"), subject to the approval of legality by the Attorney General of the State of Texas and the approval of certain legal matters by McCall, Parkhurst & Horton L.L.P., San Antonio, Texas, Bond Counsel. Certain legal matters will be passed upon for the Underwriter by its counsel, Norton Rose Fulbright US LLP, San Antonio, Texas. The Notes are expected to be available for initial delivery through the services of DTC on or about March 27, 2019 (the "Delivery Date").

INTRODUCTORY STATEMENT

General

This Official Statement, including Appendices A, B and C hereto, have been prepared by the Bexar County Water Control and Improvement District No. 10 located in Bexar County, Texas (the “District”) in connection with the offering by the District of its \$4,950,000 Waterworks and Sewer System Revenue Notes, Series 2019A (the “Notes”) identified on the cover page hereof.

All financial and other information presented in this Official Statement has been provided by the District from its records, except for information expressly attributed to other sources. The presentation of information, including tables of receipts from revenues and other sources, is intended to show recent historic information and is not intended to indicate future or continuing trends in the financial position or other affairs of the District. No representation is made that past experience, as is shown by that financial and other information, will necessarily continue or be repeated in the future. (See “FORWARD LOOKING STATEMENTS.”)

There follows in this Official Statement descriptions of the Notes and the Resolution (as defined herein), and certain other information about the District and its finances. All descriptions of documents contained herein are only summaries and are qualified in their entirety by reference to each such document. Copies of such documents may be obtained upon request by electronic mail or upon payment of reasonable copying, mailing, and handling charges by writing the Bexar County Water Control and Improvement District No. 10, 8601 Midcrown Drive, Windcrest, Texas 78239, and, during the offering period, from the District’s Financial Advisor, RBC Capital Markets, LLC, 303 Pearl Parkway, Suite 220, San Antonio, Texas 78215, by electronic mail or upon payment of reasonable handling, mailing and delivery charges.

This Official Statement speaks only as of its date and the information contained herein is subject to change. A copy of this Official Statement will be deposited with the Municipal Securities Rulemaking Board, through its Electronic Municipal Market Access (“EMMA”) system. See “CONTINUING DISCLOSURE OF INFORMATION” for a description of the undertakings of the District to provide certain information on a continuing basis.

Description of the District

The District is a water control and improvement district created by an order of the State Board of Water Engineers on November 28, 1955 and confirmed by the voters within the District at an election held on February 4, 1956. The District is a political subdivision of the State of Texas (the “State”) with the rights, powers, privileges, and authority established by the general laws of the State of Texas, including particularly Chapters 49 and 51 of the Texas Water Code. The District is subject to the continuing supervision of the Texas Commission on Environmental Quality (the “TCEQ”) and is located entirely within Bexar County, Texas and primarily within the City of Windcrest, Texas, with a small portion located within the City of San Antonio, Texas.

The District is empowered, among other things, to purchase, construct, operate and maintain all works, improvements, facilities and plants necessary for the supply and distribution of water, the collection, transportation and treatment of sewage, the control of flood waters, and the control and diversion of storm water. Despite the District being empowered to control flood waters and conduct, control and divert local storm waters, only the City of Windcrest controls flood waters, and conducts, controls and diverts local storm waters. The District issues bonds and other forms of indebtedness to purchase or construct such facilities. The District provides water and sewage service to residents and commercial customers of the District. The District currently provides water service to over 2,488 accounts (over 2,317 living unit equivalents [“LUEs”]) and sewage service to approximately 2,418 connections.

The TCEQ exercises continuing supervisory jurisdiction over the District. Construction and operation of the District’s water and sewer system (the “System”) is subject to the regulatory jurisdiction of federal and state governmental agencies.

For additional information regarding the District, see “THE DISTRICT” and “THE SYSTEM” herein and Appendices A and B attached hereto.

THE NOTES

Authorization and Purpose

The Notes are being issued in accordance with the Constitution and general laws of the State, including, particularly, Article 16, Section 59 of the Texas Constitution, Chapters 49 and 51, Texas Water Code, as amended, and Chapter 1371, Texas Government Code, as amended, and are special obligations of the District as provided in the resolution authorizing the Notes (the "Resolution") adopted on February 27, 2019. Capitalized terms used herein have the same meanings assigned to such terms in the Resolution (excerpts from which are included in Appendix C of this Official Statement), except as otherwise indicated.

Proceeds from the sale of the Notes will be used to (i) finance improvements to the System, and (ii) pay the costs of issuing the Notes.

General Description

The Notes will be dated February 15, 2019. Interest on the Notes will accrue from the Delivery Date (anticipated to be on or about March 27, 2019), will be calculated on the basis of a 360-day year consisting of twelve 30-day months, and will be payable on March 1 and September 1 each year, commencing September 1, 2019, until stated maturity or prior redemption. The Notes mature on the dates and in the principal amounts shown on page ii hereof. The Notes will be issued as fully registered obligations in principal denominations of \$5,000 or any integral multiple thereof within a stated maturity. The paying agent/registrars for the Notes is initially UMB Bank, N.A., Austin, Texas (the "Paying Agent/Registrar").

Initially, the Notes will be registered and delivered only to Cede & Co., the nominee of The Depository Trust Company ("DTC") pursuant to the Book-Entry-Only System described below. No physical delivery of the Notes will be made to the beneficial owners. Principal of and interest on the Notes will be payable by the Paying Agent/Registrar to Cede & Co., which will distribute the amounts paid to the participating members of DTC for subsequent payment to the beneficial owners of the Notes. See "BOOK-ENTRY-ONLY SYSTEM" below for a more complete description of such system.

In the event the Notes are no longer held in the Book-Entry-Only System, interest on the Notes shall be payable to the registered owner whose name appears on the bond registration books of the Paying Agent/Registrar at the close of business on the Record Date (hereinafter defined) and such accrued interest will be paid by (i) check sent United States mail, first class, postage prepaid, to the address of the registered owner appearing on such registration books of the Paying Agent/Registrar or (ii) such other method, acceptable to the Paying Agent/Registrar, requested by, and at the risk and expense of, the registered owner. If the date for any payment on the Notes shall be a Saturday, Sunday, a legal holiday or a day when banking institutions in the city where the designated corporate office of the Paying Agent/Registrar is located is authorized by law or executive order to close, then the date for such payment shall be the next succeeding day which is not such a Saturday, Sunday, legal holiday, or day when banking institutions are authorized to close; and payment on such date shall have the same force and effect as if made on the original date payment was due. The principal of the Notes is payable at maturity or, upon prior redemption, upon their presentation and surrender to the Paying Agent/Registrar; provided, however, that so long as Cede & Co. (or other DTC nominee) is the registered owner of the Notes, all payments will be made as described under "BOOK-ENTRY-ONLY SYSTEM" herein.

Redemption Provisions

Optional Redemption. . . . The District reserves the right, at its sole option, to redeem Notes having stated maturities on or after March 1, 2027, in whole or in part thereof, in principal amounts of \$5,000 or any integral multiple thereof on March 1, 2026, or any date thereafter, at the par value thereof plus accrued interest to the date fixed for redemption.

Mandatory Redemption . . . The Notes stated to mature on March 1, 2031 and March 1, 2043 (the "Term Notes") are subject to mandatory sinking fund redemption in part, prior to their stated maturity at the redemption price of par plus accrued interest to the date of redemption on the dates and in the principal amounts as follows:

Term Notes due March 1, 2031

<u>Mandatory Redemption Date (3/1)</u>	<u>Principal Amount</u>
2030	\$ 190,000
2031*	200,000

Term Notes due March 1, 2043

<u>Mandatory Redemption Date (3/1)</u>	<u>Principal Amount</u>
2040	\$ 280,000
2041	295,000
2042	305,000
2043*	315,000

*Stated Maturity

Approximately forty-five (45) days prior to each mandatory redemption date for any Term Note, the Paying Agent/Registrar shall randomly select by lot or other customary method the numbers of the Term Notes within the applicable Stated Maturity to be redeemed on the next following March 1 from moneys set aside for that purpose in the Note Fund (as defined in the Resolution). Any Term Notes not selected for prior redemption shall be paid on the date of their Stated Maturity.

The principal amount of a Term Note required to be redeemed pursuant to the operation of such mandatory redemption provisions shall be reduced, at the option of the District, by the principal amount of any Term Notes of such Stated Maturity which, at least fifty (50) days prior to the mandatory redemption date (i) shall have been defeased or acquired by the District and delivered to the Paying Agent/Registrar for cancellation, (ii) shall have been purchased and canceled by the Paying Agent/Registrar at the request of the District, or (iii) shall have been redeemed pursuant to the optional redemption provisions set forth above and not theretofore credited against a mandatory redemption requirement.

Selection of Notes for Redemption . . . If less than all the Notes of any maturity are to be redeemed, the Paying Agent/Registrar (or DTC while the Notes are in Book-Entry-Only form) shall determine by lot the Notes, or portions thereof, within such maturity to be redeemed. If a Note (or any portion of the principal sum thereof) shall have been called for redemption and notice of such redemption shall have been given, such Note (or the principal amount thereof to be redeemed) shall become due and payable on such redemption date and interest thereon shall cease to accrue from and after the redemption date, provided funds for the payment of the redemption price and accrued interest thereon are held by the Paying Agent/Registrar on the redemption date.

Notice of Redemption . . . Not less than thirty (30) days prior to a redemption date for the Notes, the District shall cause a notice of redemption to be sent by United States mail, first class, postage prepaid, to the registered owners of the Notes to be redeemed at the address of the registered owner appearing on the registration books of the Paying Agent/Registrar at the close of business on the business day next preceding the date of mailing such notice. The notice with respect to an optional redemption may state (1) that it is conditioned upon the deposit of moneys, in an amount equal to the amount necessary to effect the redemption, with the Paying Agent/Registrar no later than the redemption date, or (2) that the District retains the right to rescind such notice at any time prior to the scheduled redemption date if the District delivers a certificate of an authorized representative to the Paying Agent/Registrar instructing the Paying Agent/Registrar to rescind the redemption notice, and such notice and optional redemption shall be of no effect if such moneys are not so deposited or if the notice is so rescinded.

ANY NOTICE SO MAILED SHALL BE CONCLUSIVELY PRESUMED TO HAVE BEEN DULY GIVEN, WHETHER OR NOT THE REGISTERED OWNER RECEIVES SUCH NOTICE. NOTICE HAVING BEEN SO GIVEN, THE NOTES CALLED FOR REDEMPTION SHALL BECOME DUE AND PAYABLE ON THE SPECIFIED REDEMPTION DATE, AND NOTWITHSTANDING THAT ANY NOTE OR PORTION THEREOF HAS NOT BEEN SURRENDERED FOR PAYMENT, INTEREST ON SUCH NOTE OR PORTION THEREOF SHALL CEASE TO ACCRUE.

DTC Redemption Provisions . . . The Paying Agent/Registrar, so long as a book-entry system is used for the Notes, will send any notice of redemption, or other notices with respect to the Notes only to DTC (or any successor securities depository for the Notes). Any failure by DTC to advise any Direct Participant (defined herein), or of any Direct Participant or Indirect Participant (defined herein) to notify the Beneficial Owner (defined herein), will not affect the validity of the redemption of the Notes called for redemption or any other action premised on any such notice. Redemption of portions of the Notes by the District will reduce the outstanding principal amount of such Notes held by DTC. In such event, DTC may implement, through its Book-Entry-Only System, a redemption of such Notes held for the account of Direct Participants in accordance with its rules or other agreements with Direct Participants and then Direct Participants and Indirect Participants may implement a redemption of such Notes from the Beneficial Owners. Any such selection of Notes to be redeemed will not be governed by the Resolution and will not be conducted by the District or Paying Agent/Registrar. Neither the District nor the Paying Agent/Registrar will have any responsibility to Direct Participants, Indirect Participants, or the persons for whom Direct Participants act as nominees, with respect to the payments on the Notes or the providing of notice to Direct Participants, Indirect Participants, or Beneficial Owners of the selection of portions of the Notes for redemption. (See "BOOK-ENTRY-ONLY SYSTEM" herein.)

Legality

The Notes are offered when, as and if issued, and subject to the approving opinion of the Attorney General of the State of Texas and the opinion of McCall, Parkhurst & Horton L.L.P., San Antonio, Texas, Bond Counsel. (See "LEGAL MATTERS" and "Appendix E – Form of Legal Opinion of Bond Counsel.")

Payment Record

The District has never defaulted on the payment of its outstanding debt. The District currently has no other outstanding debt.

Defeasance of Notes

The Resolution provides for the defeasance of any Note (a "Defeased Note") when payment of the principal of such Note, plus interest thereon to the due date (whether such due date be by reason of maturity or otherwise) either (i) shall have been made or caused to be made in accordance with the terms thereof, or (ii) shall have been provided for on or before such due date by irrevocably depositing with or making available to the Paying Agent/Registrar in accordance with an escrow agreement or other instrument (the "Future Escrow Agreement") for such payment (1) lawful money of the United States of America sufficient to make such payment and/or (2) Defeasance Securities (defined below) that mature as to principal and interest in such amounts and at such times as will insure the availability, without reinvestment, of sufficient money to provide for such payment, and when proper arrangements have been made by the District with the Paying Agent/Registrar for the payment of its services until all Defeased Notes shall have become due and payable. At such time as a Note shall be deemed to be a Defeased Note under the Resolution, as aforesaid, such Note and the interest thereon shall no longer be secured by, payable from, or entitled to the benefits of, the revenues pledged as provided in the Resolution, and such principal and interest shall be payable solely from such money or Defeasance Securities. In the event the District elects to defease less than all of the principal amount of the Notes of a maturity, the Paying Agent/Registrar shall select, or cause to be selected, such amount of Notes of such maturity by such random method as it deems fair and appropriate.

The Resolution provides that Defeasance Securities means (i) direct, noncallable obligations of the United States of America, including obligations that are unconditionally guaranteed by the United States of America, (ii) noncallable obligations of an agency or instrumentality of the United States of America, including obligations that are unconditionally guaranteed or insured by the agency or instrumentality and that, on the date of the purchase thereof are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent, (iii) noncallable obligations of a state or an agency or a county, municipality, or other political subdivision of a state that have been refunded and that, on the date on the date the governing body of the District adopts or approves the proceedings authorizing the financial arrangements are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent, and (iv) any other then authorized securities or obligations under applicable state law that may be used to defease obligations such as the Notes. An authorized District official may limit these Defeasance Securities as deemed necessary in connection with the sale of the Notes. The District has additionally reserved the right in the Resolution, subject to satisfying the requirements of (1) and (2) in the preceding paragraph, to substitute other Defeasance Securities for the Defeasance Securities originally deposited, to reinvest the uninvested moneys on deposit for such defeasance and to withdraw for the benefit of the District moneys in excess of the amount required for such defeasance.

Upon such deposit as described above, the Notes will no longer be regarded to be outstanding obligations for purposes of applying any limitation on indebtedness or satisfying any rate covenants. After firm banking and financial arrangements for the discharge and final payment of the Notes have been made as described above, all rights of the District to take any action amending the terms of the Notes are extinguished; provided, however, that the right to call for redemption any Notes that have been defeased to final maturity is not extinguished if the District: (i) in the proceedings providing for the defeasance of the Notes, expressly reserves the right to call such Notes for redemption; (ii) gives notice of the reservation of that right to the owners of such Notes immediately following the making of such banking and financial arrangements; and (iii) directs that notice of the reservation be included in any redemption notices that it authorizes.

Amendments

In the Resolution, the District has reserved the right, without the consent of or notice to any registered owners of the Parity Obligations (as described below under "SECURITY FOR THE NOTES – Net Revenue Pledge"), amend, change, or modify the Resolution (i) as may be required by the provisions thereof, (ii) as may be required for the purpose of curing any ambiguity, inconsistency, or formal defect or omission therein, or (iii) in connection with any other change (other than any change described in clauses (i) through (iv) of the following paragraph) with respect to which the District receives written confirmation from each rating agency then maintaining a rating on the Parity Obligations at the request of the District that such amendment would not cause such rating agency to withdraw or reduce its then current rating on the Parity Obligations.

In addition, the District may, with the written consent of the registered owners of at least a majority in aggregate principal amount of the remaining Parity Obligations then outstanding and affected thereby, amend, change, modify, or rescind any provisions of the Resolution; provided that without the consent of all of the registered owners affected, no such amendment, change, modification, or rescission shall (i) extend the time or times of payment of the principal of and interest on the Parity Obligations, reduce the principal amount thereof or the rate of interest thereof, (ii) give any preference to any Parity Obligation over any other Parity Obligation, (iii) extend any waiver of default to subsequent defaults, or (iv) reduce the aggregate principal amount of Parity Obligations required for consent to any such amendment, change, modification, or rescission.

Sources and Uses of Funds

The proceeds from the sale of the Notes will be applied approximately as follows:

Sources:

Total Uses of Funds	<u>\$5,187,817.20</u>

SECURITY FOR THE NOTES

The following summary of the provisions of the Resolution that describe the security for the Notes is qualified by reference to the Resolution, excerpts of which are included "APPENDIX C - SELECTED PROVISIONS OF THE RESOLUTION."

Net Revenue Pledge

The Notes, together with any "Additional Obligations" issued in the future by the District (collectively referred to herein and in the Resolution as the "Parity Obligations"), are special obligations of the District and are secured by a first lien on and pledge of the "Net Revenues" of the System. The term "Net Revenues" is defined in the Resolution to mean the amount remaining after deducting the "Current Expenses of the System" from the "Gross Revenues of the System," the term "Gross Revenues of the System" is defined in the Resolution to mean all of the revenues, income, and receipts of every nature derived from the ownership or operation of the System, and the term "Current Expenses of the System" is defined in the Resolution to mean the current, ordinary, reasonable, necessary, and proper expenses of operation and maintenance of the System, including reasonable, necessary, and proper salaries, labor, fees, materials, repairs, paying agents' charges, and properly allocated charges for insurance, with the clarification that depreciation and payments into and out of the Interest and Sinking Fund and the other Funds established in the Resolution shall never be considered as expenses of operation and maintenance of the System.) The Net Revenues are further pledged irrevocably to the establishment and maintenance of the Interest and Sinking Fund and the appropriate series accounts established in the Debt Service Reserve Fund, if any (such as the Series 2019A Account established for the benefit of the Notes). (See Appendix C - "SELECTED PROVISIONS OF THE RESOLUTION"). **The District has not covenanted or obligated itself to pay the Notes from monies raised or to be raised from taxation.**

Perfection of Security Interest

Chapter 1208, Texas Government Code, applies to the issuance of the Notes and the pledge of the Net Revenues thereto, and such pledge is, therefore, valid, effective and perfected. Should Texas law be amended at any time while the Notes are outstanding and unpaid, the result of such amendment being that the pledge of the Net Revenues is to be subject to the filing requirements of Chapter 9, Texas Business & Commerce Code, in order to preserve to the registered owners of the Notes a security interest in such pledge, the District has covenanted to take such measures as it determines are reasonable and necessary to enable a filing of a security interest in said pledge to occur.

Rate Covenant

In the Resolution, the District has covenanted that it will at all times fix, revise, maintain, charge, and collect for services rendered by the System, rates and charges which will produce Net Revenues that will (i) equal at least 125% of the average annual Principal and Interest Requirements on the Parity Obligations outstanding during each Fiscal Year, (ii) maintain or restore the amount on deposit in the respective Accounts of the Debt Service Reserve Fund to the amounts and in the manner required by the respective resolutions authorizing the issuance of the outstanding Parity Obligations, and (iii) pay all Reimbursement Obligations coming due during each Fiscal Year, if any. Additionally, the District has covenanted that should it become legally liable for any other obligations or indebtedness, the District shall fix, maintain, charge and collect additional rates and charges for services rendered by the System sufficient to establish and maintain funds for the payment thereof.

Revenue Fund

All Gross Revenues of the System shall be deposited as collected into the Revenue Fund. The Current Expenses of the System shall be paid from the Revenue Fund or from any other funds of the District lawfully available therefor. The Gross Revenues of the System not actually used to pay Current Expenses of the System shall be transferred from the Revenue Fund into the

Interest and Sinking Fund and the Debt Service Reserve Fund created by the Resolution, in the manner and amounts and at the times described below, and each of such Funds shall have priority as to such deposits in the order in which they appear in the following paragraphs.

Interest and Sinking Fund

Use of Funds . . . Funds on deposit in the Interest and Sinking Fund shall be used solely to pay the principal of and interest on the Parity Obligations when due, and the General Manager of the District has been authorized to cause funds to be transferred from the Interest and Sinking Fund to the Paying Agent/Registrar at the times and in the amounts to pay Principal and Interest Requirements.

Deposit of Accrued Interest and Capitalized Interest . . . Immediately after the delivery of any series of Parity Obligations, all moneys representing accrued interest, if any, received by the District upon the sale and delivery of such Parity Obligations to the initial purchaser thereof, together with all capitalized interest being financed with proceeds of such Parity Obligations, if any, shall be deposited to the credit of the Interest and Sinking Fund.

Monthly and Other Deposits . . . In addition, the District shall transfer Net Revenues from the Revenue Fund and deposit into the Interest and Sinking Fund the following:

- (i) on or before the last business day of each month, commencing with the month immediately following the issuance of any series of Parity Obligations, the District shall deposit into the Interest and Sinking Fund in approximately equal installments an amount as will be sufficient, together with other amounts, if any, then on deposit therein and available for such purpose, to pay the interest scheduled to come due on all outstanding Parity Obligations on the next interest payment date;
- (ii) on or before the last business day of each month, commencing with the twelfth (12th) month preceding the first principal payment date for a series of Parity Obligations, or commencing with the month immediately following the issuance of any series of Parity Obligations if delivery of such series of Parity Obligations is made less than twelve months preceding the first principal payment date for such series of Parity Obligations, the District shall deposit into the Interest and Sinking Fund in approximately equal installments an amount as will be sufficient, together with other amounts, if any, then on deposit therein and available for such purpose, to pay the principal scheduled to come due (either at stated maturity or due to mandatory sinking fund redemption) on all outstanding Parity Obligations on the next principal payment date; and
- (iii) on or before any optional redemption date set by the District for any Parity Obligations, the District shall deposit into the Interest and Sinking Fund or an Escrow Fund an amount as will be sufficient to pay the principal of, premium, if any, and interest on the Parity Obligations scheduled to be redeemed on such optional redemption date.

Debt Service Reserve Fund

Use of Funds . . . Funds on deposit in an account of the Debt Service Reserve Fund established for the benefit of a particular series of Parity Obligations shall be used to (i) pay the principal of and interest on such series of Parity Obligations for which such account was created at any time when there is not sufficient money available in the Interest and Sinking Fund for such purpose, (ii) pay the principal of or interest on the last maturing Parity Obligations of such series, or (iii) pay Reimbursement Obligations to restore the amount available to be drawn under a Reserve Fund Credit Facility to its original amount. If the amount on deposit in an account of the Reserve Fund for a particular series of Parity Obligations consists of cash and investments and a Debt Service Reserve Fund Credit Facility, all cash and investments in such account shall be liquidated and withdrawn prior to drawing on the Reserve Fund Credit Facility. If more than one Reserve Fund Credit Facility is maintained in an account of the Debt Service Reserve Fund, any withdrawals on such Reserve Fund Credit Facilities shall be pro rata.

Notes Secured with an Account in the Debt Service Reserve Fund . . . The District has established an account in the Debt Service Reserve Fund, to be known as the "Series 2019A Reserve Account," for the benefit of the registered owners of the Notes. The amount required to be on deposit in the Series 2019A Reserve Account is equal to the average annual Principal and Interest Requirements of the Notes calculated on the date of issuance and delivery of the Notes (the "Series 2019A Reserve Account Requirement"). The District initially will fund the Series 2019A Reserve Account by purchasing a Reserve Fund Credit Facility issued by Assured Guaranty Municipal Corp. (the "Series 2019A Reserve Fund Credit Facility") with an amount available to be drawn thereunder equal to the Series 2019A Reserve Account Requirement. The Series 2019A Reserve Fund Credit Facility will be deposited into the Series 2019A Reserve Account of the Debt Service Reserve Fund and used only to secure payment of debt service on the Series 2019A Notes, and will expire on the date the Series 2019A Notes are defeased or otherwise no longer outstanding.

When and so long as the money and investments in the Series 2019A Reserve Account total not less than the Series 2019A Reserve Account Requirement, no deposits need be made to the credit of the Series 2019A Reserve Account; but when and if the Series 2019A Reserve Account at any time contains less than the Series 2019A Reserve Account Requirement, the District has covenanted and agreed to cure the deficiency in the Series 2019A Reserve Account Requirement within sixty (60) months from the date the deficiency occurred by making monthly deposits from funds on deposit in the Revenue Fund (but only after making the required deposits into the Interest and Sinking Fund and paying all Current Expenses then due) on the last business day of each month in approximately equal amounts. During such time as the Series 2019A Reserve Account contains the Series 2019A Reserve Account Requirement, the District may, at its option, withdraw all surplus funds in the Series 2019A Reserve Account in excess of the Series 2019A Reserve Account Requirement and deposit such surplus in the Revenue Fund. For the purpose of determining the amount on deposit to the credit of the Series 2019A Reserve Account, investments in which money in such account shall have been invested shall be computed at cost. The amount on deposit to the credit of the Series 2019A Reserve Account shall be computed by the District at least annually, and shall be computed immediately upon any withdrawal from the Series 2019A Reserve Account.

Additional Reserve Fund Requirements to be Set Forth in Additional Obligations Resolution . . . In the event the District establishes an account in the Reserve Fund for the benefit of the Holders of a particular series of Additional Obligations, all provisions with respect to the funding requirements and other details shall be set forth in the resolution authorizing such series of Parity Obligations.

Issuance of Additional Obligations

In the Resolution, the District has reserved the right to issue additional parity revenue bonds, notes or other obligations for any purpose related to the System, to be known as Additional Obligations, which, when issued and delivered, shall be payable from and secured by a first lien on and pledge of the Net Revenues, in the same manner and to the same extent as the Notes and any other then outstanding Parity Obligations, and the Parity Obligations shall in all respects be on a parity and of equal dignity. For more information regarding the issuance of Additional Obligations, see Section 18 of the Resolution, excerpts of which are attached hereto under Appendix C – "SELECTED PROVISIONS OF THE RESOLUTION."

Registered Owners' Remedies

The Resolution provides that, in addition to all other rights and remedies of any Registered Owner provided by the laws of the State, in the event the District defaults in the observance or performance of any covenant in the Resolution including payment when due of the principal of and interest on the Notes, any Registered Owner may apply for a writ of mandamus from a court of competent jurisdiction requiring the Board of Directors or other officers of the District to observe or perform such covenants.

The Resolution provides no additional remedies to a Registered Owner. Specifically, the Resolution does not provide for the appointment of a trustee to protect and enforce the interests of the Registered Owners or for the acceleration of maturity of the Notes upon the occurrence of a default in the District's obligations. Consequently, the remedy of mandamus is a remedy which may have to be enforced from year-to-year by the Registered Owners and may prove time consuming, costly and difficult to enforce.

Statutory language authorizing local governments such as the District to sue and be sued does not waive the local government's sovereign immunity from suits for money damages, so that in the absence of other waivers of such immunity by the Texas Legislature, a default by the District in its covenants in the Resolution may not be reduced to a judgment for money damages. The Notes are not secured by an interest in any improvements or any other property of the District. Under Texas law, no judgment obtained against the District may be enforced by execution of a levy against the District's public purpose property. The Registered Owners themselves cannot foreclose on property within the District or sell property within the District in order to pay principal of or interest on the Notes. In addition, the enforceability of the rights and remedies of the Registered Owners may be delayed, reduced or otherwise affected or limited by federal bankruptcy laws or other similar laws affecting the rights of creditors of a political subdivision or by a state statute reasonably required to attain an important public purpose.

The Texas Supreme Court ruled in *Tooke v. City of Mexia*, 197 S.W. 3rd 325 (Tex. 2006), that a waiver of governmental immunity in a contractual dispute must be provided for by statute in "clear and unambiguous" language. Chapter 1371, as amended, Texas Government Code ("Chapter 1371"), which pertains to the issuance of public securities by issuers such as the District, permits the District to waive sovereign immunity in the proceedings authorizing the issuance of the Notes. Notwithstanding its reliance upon the provisions of Chapter 1371 in connection with the issuance of the Notes (as further described under the caption "THE NOTES - Authorization and Purpose"), the District has not waived the defense of sovereign immunity with respect thereto. Because it is unclear whether the Texas legislature has effectively waived the District's sovereign immunity from a suit for money damages beyond Chapter 1371, holders of the Notes may not be able to bring such a

suit against the District for breach of the Notes or Resolution covenants. Even if a judgment against the District could be obtained, it could not be enforced by direct levy and execution against the District's property. Further, the registered owners cannot themselves foreclose on property within the District or sell property within the District to enforce the tax lien on taxable property to pay the principal of and interest on the Notes.

In *Tooke*, the Court noted the enactment in 2005 of sections 271.151- 160, Texas Local Government Code (the "Local Government Immunity Waiver Act"), which, according to the Court, waives "immunity from suit for contract claims against most local governmental entities in certain circumstances." The Local Government Immunity Waiver Act covers districts, such as the District, and relates to contracts entered into by these districts for providing goods or services to these districts. The District is not aware of any Texas court construing the Local Government Immunity Waiver Act in the context of whether contractual undertakings by local governments, such as the District, that relate to their borrowing powers are contracts covered by the Local Government Immunity Waiver Act.

As noted above, the Resolution provides that registered owners may exercise the remedy of mandamus to enforce the obligations of the District under the Resolution. Neither the remedy of mandamus nor any other type of injunctive relief was at issue in *Tooke*, and it is unclear whether *Tooke* will be construed to have any effect with respect to the exercise of mandamus, as such remedy has been interpreted by Texas courts. In general, Texas courts have held that a writ of mandamus may be issued to require public officials to perform ministerial acts that clearly pertain to their duties. Texas courts have held that a ministerial act is defined as a legal duty that is prescribed and defined with a precision and certainty that leaves nothing to the exercise of discretion or judgment, though mandamus is not available to enforce purely contractual duties. However, mandamus may be used to require a public officer to perform legally imposed ministerial duties necessary for the performance of a valid contract to which the State or a political subdivision of the State is a party (including the payment of monies due under a contract).

Furthermore, the District is eligible to seek relief from its creditors under Chapter 9 of the U.S. Bankruptcy Code ("Chapter 9"). Although Chapter 9 provides for the recognition of a security interest represented by a specifically pledged source of revenues, such provision is subject to judicial construction. Chapter 9 also includes an automatic stay provision that would prohibit, without Bankruptcy Court approval, the prosecution of any other legal action by creditors or registered owners of an entity which has sought protection under Chapter 9. Therefore, should the District avail itself of Chapter 9 protection from creditors, the ability to enforce would be subject to the approval of the Bankruptcy Court (which could require that the action be heard in Bankruptcy Court instead of other federal or state court); and the Bankruptcy Code provides for broad discretionary powers of a Bankruptcy Court in administering any proceeding brought before it.

BOOK-ENTRY-ONLY SYSTEM

This section describes how ownership of the Notes is to be transferred and how the principal of, premium, if any, and interest on the Notes are to be paid to and credited by DTC, while the Notes are registered in its nominee name. The information in this section concerning DTC and the Book-Entry-Only System has been provided by DTC for use in disclosure documents such as this Official Statement. The District, the Financial Advisor and the Underwriter believe the source of such information to be reliable, but take no responsibility for the accuracy or completeness thereof.

DTC will act as securities depository for the Notes. The Notes will be issued as fully-registered Notes registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Note certificate will be issued for each maturity the Notes, in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a S&P Global Ratings rating of AA+. The

DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtcc.com.

Purchases of Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Notes on DTC's records. The ownership interest of each actual purchaser of the Notes ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Notes, except in the event that use of the book-entry system for the Notes is discontinued.

To facilitate subsequent transfers, all Notes deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Notes may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Notes, such as redemptions, tenders, defaults, and proposed amendments to the Note documents. For example, Beneficial Owners of Notes may wish to ascertain that the nominee holding the Notes for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices relating to the Notes shall be sent to DTC. If less than all of the Notes within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Notes unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the Record Date (hereinafter defined). The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Notes are credited on the Record Date (identified in a listing attached to the Omnibus Proxy).

All payments on the Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or Paying Agent/Registrar, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC nor its nominee, the Paying Agent/Registrar, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of interest and principal to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or the Paying Agent/Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Notes at any time by giving reasonable notice to the District or the Paying Agent/Registrar. Under such circumstances, in the event that a successor depository is not obtained, the Notes are required to be printed and delivered. The District may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Note certificates will be printed and delivered.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District, the Financial Advisor and the Underwriter believe to be reliable, but the District, the Financial Advisor and the Underwriter take no responsibility for the accuracy thereof.

So long as Cede & Co. is the registered owner of the Notes, the District will have no obligation or responsibility to the DTC, Participants or Indirect Participants, or the persons for which they act as nominees, with respect to payment to or providing of notice to such Participants, or the persons for which they act as nominees.

The District may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Notes will be printed and delivered in accordance with the Resolution.

Use of Certain Terms in Other Sections of this Official Statement

In reading this Official Statement it should be understood that while the Notes are in Book-Entry-Only form, references in other sections of this Official Statement to registered owners should be read to include the person for which the Participant acquires an interest in the Notes, but (i) all rights of ownership must be exercised through DTC and the Book-Entry-Only System, and (ii) except as described above, payment or notices that are to be given to registered owners under the Resolution will be given only to DTC.

REGISTRATION, TRANSFER AND EXCHANGE

Paying Agent/Registrar

UMB Bank, N.A., Austin, Texas, has been named to serve as initial Paying Agent/Registrar for the Notes. In the Resolution, the District retains the right to replace the Paying Agent/Registrar. If the District replaces the Paying Agent/Registrar, such Paying Agent/Registrar shall, promptly upon the appointment of a successor, deliver the Paying Agent/Registrar's records to the successor Paying Agent/Registrar, and the successor Paying Agent/Registrar shall act in the same capacity as the previous Paying Agent/Registrar. Any successor Paying Agent/Registrar selected by the District shall be a commercial bank; a trust company organized under the applicable law; or other entity duly qualified and legally authorized to serve and perform the duties of the Paying Agent/Registrar for the Notes. Upon any change in the Paying Agent/Registrar for the Notes, the District agrees to promptly cause a written notice thereof to be sent to each registered owner of the Notes by United States mail, first class, postage prepaid, which notice shall also give the address of the new Paying Agent/Registrar.

Future Registration

In the event the Book-Entry-Only System is discontinued, printed certificates will be delivered to the Beneficial Owners of the Notes and thereafter the Notes may be transferred, registered and assigned on the registration books only upon presentation and surrender of such printed certificates to the Paying Agent/Registrar, and such registration and transfer shall be without expense or service charge to the Registered Owner, except for any tax or other governmental charges required to be paid with respect to such registration and transfer. Notes may be assigned by the execution of an assignment form on the respective Notes or by other instrument of transfer and assignment acceptable to the Paying Agent/Registrar. A new Note or Notes will be delivered by the Paying Agent/Registrar in lieu of the Note being transferred or exchanged at the designated office of the Paying Agent/Registrar, or sent by United States registered mail to the new Registered Owner at the Registered Owner's request, risk and expense. To the extent possible, new Notes issued in an exchange or transfer of Notes will be delivered to the Registered Owner or assignee of the Registered Owner in not more than three (3) business days after the receipt of the Notes to be canceled in the exchange or transfer and the written instrument of transfer or request for exchange duly executed by the Registered Owner or his duly authorized agent, in form satisfactory to the Paying Agent/Registrar. New Notes registered and delivered in an exchange or transfer shall be in authorized denominations and for a like kind and aggregate principal amount as the Note or Notes surrendered for exchange or transfer. See "BOOK-ENTRY-ONLY SYSTEM" herein for a description of the system to be utilized initially in regard to the ownership and transferability of the Notes.

Record Date for Interest Payment

The record date ("Record Date") for determining the party to whom the interest on a Note is payable on any interest payment date for the Notes means the close of business on the 15th day of the month next preceding such interest payment date. In the event of a nonpayment of interest on a scheduled payment date, and for 30 days thereafter, a new record date for such interest payment (a "Special Record Date") will be established by the Paying Agent/Registrar, if and when funds for the payment of such interest have been received from the District. Notice of the Special Record Date and of the scheduled payment date of the past due interest (the "Special Payment Date" which shall be 15 days after the Special Record Date) shall be sent at least five business days prior to the Special Record Date by United States mail, first class, postage prepaid, to the address of each Registered Owner of a Note appearing on the books of the Paying Agent/Registrar at the close of business on the last business day next preceding the date of mailing of such notice.

Limitation on Transfer of Notes

Neither the District nor the Paying Agent/Registrar are required (1) to make any transfer or exchange during a period beginning at the opening of business 45 days before the day of the first mailing of a notice of redemption of Notes and ending at the close of business on the day of such mailing, or (2) to transfer or exchange any Notes so selected for redemption when such redemption is scheduled to occur within 45 calendar days; provided however, that such limitation of transfer is not applicable to an exchange by the registered owner of the uncalled balance of a Note.

Replacement Notes

If any Note is mutilated, destroyed, stolen or lost, a new Note in the same principal amount as the Note so mutilated, destroyed, stolen or lost will be issued. In the case of a mutilated Note, such new Note will be delivered only upon surrender and cancellation of such mutilated Note. In the case of any Note issued in lieu of and in substitution for a Note which has been destroyed, stolen or lost, such new Note will be delivered only (a) upon filing with the District and the Paying Agent/Registrar of satisfactory evidence to the effect that such Note has been destroyed, stolen or lost and proof of the ownership thereof, and (b) upon furnishing the District and the Paying Agent/Registrar with indemnity satisfactory to them. The person requesting the authentication and delivery of a new Note must pay taxes, governmental charges and other expenses as the Paying Agent/Registrar may incur in connection therewith.

THE DISTRICT

Authority

The District is a political subdivision of the State created by an order of the State Board of Water Engineers on November 28, 1955 and confirmed by the voters within the District at an election held on February 4, 1956. The District is a political subdivision of the State with the rights, powers, privileges, and authority established by the general laws of the State, including particularly Chapters 49 and 51 of the Texas Water Code.

The District is subject to the continuing supervision of the TCEQ.

The District (as qualified in the "INTRODUCTORY STATEMENT" of this Official Statement) is empowered, among other things, to purchase, construct, operate and maintain all works, improvements, facilities and plants necessary for the supply and distribution of water, and the collection, transportation and treatment of sewage. The District can issue bonds and other forms of indebtedness to purchase or construct such facilities.

The TCEQ exercises continuing supervisory jurisdiction over the District. Construction and operation of the System is subject to the regulatory jurisdiction of federal and state governmental agencies.

Description

At creation, the District encompassed approximately 1,058 acres of land. The District is located entirely within Bexar County, Texas and contains within its boundaries most of the City of Windcrest, Texas, and less than one acre of the City of San Antonio, Texas.

Management of the District

The District is governed by the Board of Directors, consisting of five Directors, who have control over management and supervision of all affairs of the District. All of the directors reside within the District. The directors serve four-year staggered terms. Elections are held in November.

General Manager and Staff

The District's full-time staff includes the General Manager, Office Manager, Billing Clerk and a technical crew consisting of the Field Supervisor and three technicians. Professional services (engineering, legal, and audit) are provided by retained professionals. David Wallace has managed the District since 2015. District Field Supervisor Israel Guerra and Office Manager Lyn Cruz assist Mr. Wallace.

Annexation

Under certain conditions, Texas law provides that when a utility district lies within the extraterritorial jurisdiction of two or more cities, any of such cities may annex that portion of the utility district lying within its extraterritorial jurisdiction without dissolving the utility district.

The District's service area within its boundaries is entirely comprised of area within the corporate boundaries of the City of Windcrest and less than one acre within the corporate boundaries of the City of San Antonio. Consequently since the District is no longer within the extraterritorial jurisdiction of the Cities of Windcrest, San Antonio, or any other city, annexation of the District is not an issue.

Consolidation

A district, such as the District, has the legal authority to consolidate with other districts. Under Texas law, a consolidation becomes effective only after the directors of each district have agreed on the terms and conditions of consolidation stated in a consolidation agreement, an elections is called and the electors in each district vote in favor of consolidation. After two or more districts are consolidated, the debt of the original districts (which would include the Notes) are protected and not impaired. To the District's knowledge, there are currently no other water and sewer utility service districts adjacent to the District that could even be potential candidates for a consolidation of districts. Nevertheless, no representation is made concerning the likelihood of consolidation.

Change of Boundaries

In certain circumstance and/or upon satisfying certain conditions and/or requirements, Texas law provides that the District may change its boundaries to (1) annex additional territory; and/or (2) exclude territory. No representation is made concerning the likelihood that the District would effect any change in its boundaries.

THE SYSTEM

The District provides water and sewage service to residents and commercial customers of the District. The District currently provides water service to over 2,488 accounts (over 2,317 living unit equivalents ["LUEs"]) and sewage service to approximately 2,418 connections. The District provides water and sewage service to most citizens of the City of Windcrest and a small number of residents of the City of San Antonio located adjacent to the City of Windcrest.

Water for the District comes solely from four wells located strategically around the City of Windcrest that are drilled into the Edwards Aquifer, which pump into a common distribution system. The wells can pump up to 4.6 million gallons per day, which is more than triple the District's record demand of 1.5 million gallons per day and almost four times its average daily demand of 1.2 million gallons. The largest well is equipped with an auxiliary diesel engine that will, by itself, supply all but the District's heaviest demand.

System Facilities

The water distribution system consists of approximately 30 miles of water mains, the four wells, two elevated storage tanks and one standpipe. The tanks hold 750,000, 100,000 and 235,000 gallons, respectively. The water mains, pumps and tanks are interconnected, and the District is able to isolate individual components which ensures a failure at any point will have little or no effect on the rest of the system.

The District does not have sewage treatment capabilities. The District has contracted with the San Antonio Water System to treat sewage. The District's sewer system collects and transports sewage by gravity lines to the San Antonio Water System's major collection line on Walzem Road.

The District's water production and distribution system and sanitary sewer collection system have been designed in accordance with the criteria of various regulatory agencies including Bexar County, the City of Windcrest and the TCEQ. The construction and installation of the facilities must be made in accordance with the standards and specifications of such entities and are subject to inspection by each such entity.

For additional statistical and financial information regarding the District and the System, see Appendix A – "FINANCIAL INFORMATION REGARDING THE DISTRICT."

Additional Obligations

The District expects to issue approximately \$1,995,000 in principal amount of Additional Obligations in the next 12 months to finance additional improvements to the System.

RATINGS

The Notes have been assigned a rating of “AA-” by S&P Global Ratings (“S&P”). An explanation of the significance of such ratings may be obtained from S&P. The rating of the Notes by S&P reflects only the views of S&P at the time the ratings are given, and the District makes no representations as to the appropriateness of the ratings. There is no assurance that the ratings will continue for any given period of time, or that the ratings will not be revised downward or withdrawn entirely by S&P if, in the judgment of S&P, circumstances so warrant.

LEGAL MATTERS

Legal Opinions

The District will furnish the Underwriter with a complete transcript of proceedings incident to the authorization and issuance of the Notes, including the unqualified approving legal opinion of the Attorney General of the State of Texas to the effect that the initial Note is a valid and legally binding obligation of the District, and based upon examination of such transcript of proceedings, the legal opinion of Bond Counsel, to like effect and to the effect that the interest on the Notes will be excludable from gross income for federal income tax purposes under Section 103(a) of the Code, subject to the matters described under "TAX MATTERS" herein.

Though it represents the Financial Advisor and the Underwriter from time to time in matters unrelated to the issuance of the Notes, Bond Counsel has been engaged by, and only represents, the District in the issuance of the Notes. Except as noted below, Bond Counsel did not take part in the preparation of this Official Statement, and such firm has not assumed any responsibility with respect thereto or undertaken independently to verify any of the information contained herein except that in its capacity as Bond Counsel, McCall, Parkhurst & Horton L.L.P., San Antonio, Texas has reviewed the information under the captions and subcaptions "THE NOTES" (except for the subcaptions "Payment Record", and "Sources and Uses of Funds" as to which no opinion is expressed), "REGISTRATION, TRANSFER AND EXCHANGE", "LEGAL MATTERS", "TAX MATTERS", and "CONTINUING DISCLOSURE OF INFORMATION" (except the information under the subheading "Compliance with Prior Undertakings" as to which no opinion is expressed) in the Official Statement and such firm is of the opinion that the information relating to the Notes and the legal issues contained under such captions and subcaptions is an accurate and fair description of the laws and legal issues addressed therein and, with respect to the Notes, such information conforms to the Resolution. The customary closing papers, including a certificate to the effect that no litigation of any nature has been filed or is then pending to restrain the issuance and delivery of the Notes or which would affect the provision made for their payment or security, or in any manner questioning the validity of the Notes will also be furnished.

The legal fees to be paid Bond Counsel for services rendered in connection with the issuance of Notes are contingent on the sale and delivery of the Notes. The legal opinion of Bond Counsel will accompany the Notes deposited with DTC or will be printed on the definitive Notes in the event of the discontinuance of the Book-Entry-Only System. Certain legal matters will be passed upon for the Underwriter by Norton Rose Fulbright US LLP, San Antonio, Texas, as counsel to the Underwriter. The legal fee of such firm is contingent upon the sale and delivery of the Notes.

The various legal opinions to be delivered concurrently with the delivery of the Notes express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. In rendering a legal opinion, the attorney does not become an insurer or guarantor of the expression of professional judgment, of the transaction opined upon, or of the future performance of the parties to the transaction. Nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

Legal Investment and Eligibility to Secure Public Funds in Texas

Section 1201.041 of the Public Security Procedures Act (Chapter 1201, Texas Government Code) provides that the Notes are negotiable instruments, investment securities governed by Chapter 8, Texas Business and Commerce Code, and are legal and authorized investments for insurance companies, fiduciaries, and trustees, and for the sinking funds of municipalities or other political subdivisions or public agencies of the State of Texas. In addition, various provisions of the Texas Finance Code provide that, subject to a prudent investor standard, the Notes are legal investments for state banks, savings banks, trust companies with at least \$1 million of capital, and savings and loan associations. In accordance with the Public Funds Investment Act, Chapter 2256, Texas Government Code, the Notes must be rated at least “A” or its equivalent as to investment quality by a national rating agency in order for most municipalities or other political subdivisions or public agencies of the State of Texas to invest in the Notes, except for purchases of interest and sinking funds of such entities. See “RATINGS” herein. Moreover, municipalities or other political subdivisions or public agencies of the State of Texas that have adopted investment policies and guidelines in accordance with the Public Funds Investment Act may have other, more stringent requirements for purchasing securities, including the Notes. The Notes are eligible to secure deposits of any public funds of the State, its agencies, and its political subdivisions, and are legal security for those deposits to the extent of their market value.

The District has made no investigation of other laws, rules, regulations or investment criteria which might apply to such institutions or entities or which might limit the suitability of the Notes for any of the foregoing purposes or limit the authority of such institutions or entities to purchase or invest in the Notes for such purposes. The District has made no review of laws in other states to determine whether the Notes are legal investments for various institutions in those states.

Registration and Qualification of Notes for Sale

No registration statement relating to the Notes has been filed with the Securities and Exchange Commission under the Securities Act of 1933, as amended, in reliance upon the exemption provided thereunder by Section 3(a)(2). The Notes have not been approved or disapproved by the Securities and Exchange Commission, nor has the Securities and Exchange Commission passed upon the accuracy or adequacy of the Official Statement. The Notes have not been registered or qualified under the Securities Act of Texas in reliance upon various exemptions contained therein; nor have the Notes been registered or qualified under the securities acts of any other jurisdiction. The District assumes no responsibility for registration or qualification of the Notes under the securities laws of any jurisdiction in which the Notes may be sold, assigned, pledged, hypothecated or otherwise transferred. This disclaimer of responsibility for registration or qualification for sale or other disposition of the Notes shall not be construed as an interpretation of any kind with regard to the availability of any exemption from securities registration or qualification provisions.

It is the obligation of the Underwriter to register or qualify the sale of the Notes under the securities laws of any jurisdiction which so requires. The District agrees to cooperate, at the Underwriter's written request and sole expense, in registering or qualifying the Notes or in obtaining an exemption from registration or qualification in any state where such action is necessary; provided, however, that the District shall not be required to qualify as a foreign corporation or to execute a general or special consent to service of process in any jurisdiction.

TAX MATTERS

Opinion

On the date of initial delivery of the Notes, McCall, Parkhurst & Horton L.L.P., Bond Counsel to the District, will render its opinion that, in accordance with statutes, regulations, published rulings and court decisions existing on the date thereof ("Existing Law"), (1) interest on the Notes for federal income tax purposes will be excludable from the "gross income" of the holders thereof and (2) the Notes will not be treated as "specified private activity bonds" the interest on which would be included as an alternative minimum tax preference item under section 57(a)(5) of the Internal Revenue Code of 1986 (the "Code"). Except as stated above, Bond Counsel to the District will express no opinion as to any other federal, state or local tax consequences of the purchase, ownership or disposition of the Notes. See Appendix E – "Form of Legal Opinion of Bond Counsel."

In rendering its opinion, Bond Counsel to the District will rely upon (a) the District's federal tax certificate, and (b) covenants of the District with respect to arbitrage, the application of the proceeds to be received from the issuance and sale of the Notes and certain other matters. Failure of the District to comply with these representations or covenants could cause the interest on the Notes to become includable in gross income retroactively to the date of issuance of the Notes.

The Code and the regulations promulgated thereunder contain a number of requirements that must be satisfied subsequent to the issuance of the Notes in order for interest on the Notes to be, and to remain, excludable from gross income for federal income tax purposes. Failure to comply with such requirements may cause interest on the Notes to be included in gross income retroactively to the date of issuance of the Notes. The opinion of Bond Counsel to the District is conditioned on compliance by the District with the covenants and the requirements described in the preceding paragraph, and Bond Counsel to the District has not been retained to monitor compliance with these requirements subsequent to the issuance of the Notes.

Bond Counsel's opinion represents its legal judgment based upon its review of Existing Law and the reliance on the aforementioned information, representations and covenants. Bond Counsel's opinion is not a guarantee of a result. The Existing Law is subject to change by the Congress and to subsequent judicial and administrative interpretation by the courts and the Department of the Treasury. There can be no assurance that such Existing Law or the interpretation thereof will not be changed in a manner which would adversely affect the tax treatment of the purchase, ownership or disposition of the Notes.

A ruling was not sought from the Internal Revenue Service by the District with respect to the Notes or the facilities financed with the proceeds of the Notes. Bond Counsel's opinion represents its legal judgment based upon its review of Existing Law and the representations of the District that it deems relevant to render such opinion and is not a guarantee of a result. No assurances can be given as to whether the Internal Revenue Service will commence an audit of the Notes, or as to whether the Internal Revenue Service would agree with the opinion of Bond Counsel. If an audit is commenced, under current procedures the Internal Revenue Service is likely to treat the District as the taxpayer and the Noteholders may have no right to participate in such procedure. No additional interest will be paid upon any determination of taxability.

Federal Income Tax Accounting Treatment of Original Issue Discount

The initial public offering price to be paid for one or more maturities of the Notes may be less than the principal amount thereof or one or more periods for the payment of interest on the Notes may not be equal to the accrual period or be in excess of one year (the "Original Issue Discount Notes"). In such event, the difference between (i) the "stated redemption price at maturity" of each Original Issue Discount Note, and (ii) the initial offering price to the public of such Original Issue Discount Note would constitute original issue discount. The "stated redemption price at maturity" means the sum of all payments to be made on the Notes less the amount of all periodic interest payments. Periodic interest payments are payments which are made during equal accrual periods (or during any unequal period if it is the initial or final period) and which are made during accrual periods which do not exceed one year.

Under Existing Law, any owner who has purchased such Original Issue Discount Note in the initial public offering is entitled to exclude from gross income (as defined in section 61 of the Code) an amount of income with respect to such Original Issue Discount Note equal to that portion of the amount of such original issue discount allocable to the accrual period. For a discussion of certain collateral federal tax consequences, see discussion set forth below.

In the event of the redemption, sale or other taxable disposition of such Original Issue Discount Note prior to stated maturity, however, the amount realized by such owner in excess of the basis of such Original Issue Discount Note in the hands of such owner (adjusted upward by the portion of the original issue discount allocable to the period for which such Original Issue Discount Note was held by such initial owner) is includable in gross income.

Under Existing Law, the original issue discount on each Original Issue Discount Note is accrued daily to the stated maturity thereof (in amounts calculated as described below for each six-month period ending on the date before the semiannual anniversary dates of the date of the Notes and ratably within each such six-month period) and the accrued amount is added to an initial owner's basis for such Original Issue Discount Note for purposes of determining the amount of gain or loss recognized by such owner upon the redemption, sale or other disposition thereof. The amount to be added to basis for each accrual period is equal to (a) the sum of the issue price and the amount of original issue discount accrued in prior periods multiplied by the yield to stated maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) less (b) the amounts payable as current interest during such accrual period on such Original Issue Discount Note.

The federal income tax consequences of the purchase, ownership, redemption, sale or other disposition of Original Issue Discount Notes which are not purchased in the initial offering at the initial offering price may be determined according to rules which differ from those described above. All owners of Original Issue Discount Notes should consult their own tax advisors with respect to the determination for federal, state and local income tax purposes of the treatment of interest accrued upon redemption, sale or other disposition of such Original Issue Discount Notes and with respect to the federal, state, local and foreign tax consequences of the purchase, ownership, redemption, sale or other disposition of such Original Issue Discount Notes.

Collateral Federal Income Tax Consequences

The following discussion is a summary of certain collateral federal income tax consequences resulting from the purchase, ownership or disposition of the Notes. This discussion is based on Existing Law, which is subject to change or modification, retroactively.

The following discussion is applicable to investors, other than those who are subject to special provisions of the Code, such as financial institutions, property and casualty insurance companies, life insurance companies, individual recipients of Social Security or Railroad Retirement benefits, individuals allowed an earned income credit, certain S corporations with Subchapter C earnings and profits, foreign corporations subject to the branch profits tax, taxpayers qualifying for the health insurance premium assistance credit, and taxpayers who may be deemed to have incurred or continued indebtedness to purchase tax-exempt obligations.

THE DISCUSSION CONTAINED HEREIN MAY NOT BE EXHAUSTIVE. INVESTORS, INCLUDING THOSE WHO ARE SUBJECT TO SPECIAL PROVISIONS OF THE CODE, SHOULD CONSULT THEIR OWN TAX ADVISORS AS TO THE TAX TREATMENT WHICH MAY BE ANTICIPATED TO RESULT FROM RECENTLY ENACTED LEGISLATION OR THE PURCHASE, OWNERSHIP AND DISPOSITION OF TAX-EXEMPT OBLIGATIONS BEFORE DETERMINING WHETHER TO PURCHASE THE NOTES.

Under section 6012 of the Code, holders of tax-exempt obligations, such as the Notes, may be required to disclose interest received or accrued during each taxable year on their returns of federal income taxation.

Section 1276 of the Code provides for ordinary income tax treatment of gain recognized upon the disposition of a tax-exempt obligation, such as the Notes, if such obligation was acquired at a "market discount" and if the fixed maturity of such obligation is equal to, or exceeds, one year from the date of issue. Such treatment applies to "market discount Notes" to the extent such gain

does not exceed the accrued market discount of such Notes; although for this purpose, a de minimis amount of market discount is ignored. A "market discount bond" is one which is acquired by the holder at a purchase price which is less than the stated redemption price at maturity or, in the case of a bond issued at an original issue discount, the "revised issue price" (i.e., the issue price plus accrued original issue discount). The "accrued market discount" is the amount which bears the same ratio to the market discount as the number of days during which the holder holds the obligation bears to the number of days between the acquisition date and the final maturity date.

State, Local and Foreign Taxes

Investors should consult their own tax advisors concerning the tax implications of the purchase, ownership or disposition of the Notes under applicable state or local laws. Foreign investors should also consult their own tax advisors regarding the tax consequences unique to investors who are not United States persons.

Information Reporting and Backup Withholding

Subject to certain exceptions, information reports describing interest income, including original issue discount, with respect to the Notes will be sent to each registered holder and to the Internal Revenue Service. Payments of interest and principal may be subject to withholding under sections 1471 through 1474 or backup withholding under section 3406 of the Code if a recipient of the payments fails to furnish to the payor such owner's social security number or other taxpayer identification number ("TIN"), furnishes an incorrect TIN, or otherwise fails to establish an exemption from the backup withholding tax. Any amounts so withheld would be allowed as a credit against the recipient's federal income tax. Special rules apply to partnerships, estates and trusts, and in certain circumstances, and in respect of Non-U.S. Holders, certifications as to foreign status and other matters may be required to be provided by partners and beneficiaries thereof.

Future and Proposed Legislation

Tax legislation, administrative actions taken by tax authorities, or court decisions, whether at the Federal or state level, may adversely affect the tax-exempt status of interest on the Notes under Federal or state law and could affect the market price or marketability of the Notes. Any such proposal could limit the value of certain deductions and exclusions, including the exclusion for tax-exempt interest. The likelihood of any such proposal being enacted cannot be predicted. Prospective purchasers of the Notes should consult their own tax advisors regarding the foregoing matters.

Qualified Tax-Exempt Obligations for Financial Institutions

Section 265(a) of the Code provides, in pertinent part, that interest paid or incurred by a taxpayer, including a "financial institution," on indebtedness incurred or continued to purchase or carry tax-exempt obligations is not deductible in determining the taxpayer's taxable income. Section 265(b) of the Code provides an exception to the disallowance of such deduction for any interest expense paid or incurred on indebtedness of a taxpayer that is a "financial institution" allocable to tax-exempt obligations, other than "private activity bonds," that are designated by a "qualified small issuer" as "qualified tax-exempt obligations." A "qualified small issuer" is any governmental issuer (together with any "on-behalf of" and "subordinate" issuers) who issues no more than \$10,000,000 of tax-exempt obligations during the calendar year. Section 265(b)(5) of the Code defines the term "financial institution" as any "bank" described in section 585(a)(2) of the Code, or any person accepting deposits from the public in the ordinary course of such person's trade or business that is subject to federal or state supervision as a financial institution. Notwithstanding the exception to the disallowance of the deduction of interest on indebtedness related to "qualified tax-exempt obligations" provided by section 265(b) of the Code, section 291 of the Code provides that the allowable deduction to a "bank," as defined in section 585(a)(2) of the Code, for interest on indebtedness incurred or continued to purchase "qualified tax-exempt obligations" shall be reduced by twenty-percent (20%) as a "financial institution preference item."

The District has designated the Notes as "qualified tax-exempt obligations" within the meaning of section 265(b) of the Code. In furtherance of that designation, the District will covenant to take such action that would assure, or to refrain from such action that would adversely affect, the treatment of the Notes as "qualified tax-exempt obligations." **Potential purchasers should be aware that if the issue price to the public exceeds \$10,000,000, there is a reasonable basis to conclude that the payment of a de minimis amount of premium in excess of \$10,000,000 is disregarded; however the Internal Revenue Service could take a contrary view. If the Internal Revenue Service takes the position that the amount of such premium is not disregarded, then such obligations might fail to satisfy the \$10,000,000 limitation and the Notes would not be "qualified tax-exempt obligations."**

INVESTMENT POLICIES

Investments

The District invests its funds in investments authorized by Texas law in accordance with investment policies approved by the Board of the District. Both State law and the District's investment policies are subject to change.

Legal Investments

Under Texas law, the District is authorized to invest in (1) obligations, including letters of credit, of the United States or its agencies and instrumentalities, including the Federal Home Loan Banks; (2) direct obligations of the State of Texas or its agencies and instrumentalities; (3) collateralized mortgage obligations directly issued by a federal agency or instrumentality of the United States, the underlying security for which is guaranteed by an agency or instrumentality of the United States; (4) other obligations, the principal and interest of which is guaranteed or insured by or backed by the full faith and credit of, the State of Texas or the United States or their respective agencies and instrumentalities, including obligations that are fully guaranteed or insured by the Federal Deposit Insurance Corporation or by the explicit full faith and credit of the United States; (5) obligations of states, agencies, counties, cities, and other political subdivisions of any state rated as to investment quality by a nationally recognized investment rating firm not less than A or its equivalent; (6) bonds issued, assumed or guaranteed by the State of Israel; (7) interest-bearing banking deposits that are guaranteed or insured by the Federal Deposit Insurance Corporation or the National Credit Union Share Insurance Fund or their respective successors; (8) interest-bearing banking deposits, other than those described by clause (7), if (A) the funds invested in the banking deposits are invested through (i) a broker with a main office or branch office in this State that the District selects from a list the governing body or designated investment committee of the District adopts as required by Section 2256.025; or (ii) a depository institution with a main office or branch office in this state that the District selects; (B) the broker or depository institution as described in clause (8)(A), above, arranges for the deposit of the funds in the banking deposits in one or more federally insured depository institutions, regardless of where located, for the District's account; (C) the full amount of the principal and accrued interest of the banking deposits is insured by the United States or an instrumentality of the United States; and (D) the investing District appoints as the District's custodian of the banking deposits issued for the District's account: (i) the depository institution selected as described by Paragraph (A); (ii) an entity described by Section 2257.041(d) of the Texas Government Code; or (iii) a clearing broker dealer registered with the Securities and Exchange Commission and operating under Securities and Exchange Commission Rule 15c3-3 (17 C.F.R. Section 240.15c3-3); (9) certificates of deposit or share certificates (i) meeting the requirements of the Texas Public Funds Investment Act (Chapter 2256, Texas Government Code) that are issued by or through an institution that either has its main office or a branch in Texas, and are guaranteed or insured by the Federal Deposit Insurance Corporation or the National Credit Union Share Insurance Fund (or their respective successors), or are secured as to principal by obligations described in clauses (1) through (8) or in any other manner and amount provided by law for District deposits or, (ii) where the funds are invested by the District through (I) a broker that has its main office or a branch office in the State of Texas and is selected from a list adopted by the District as required by law or (II) a depository institution that has its main office or a branch office in the State of Texas that is selected by the District; (iii) the broker or the depository institution selected by the District arranges for the deposit of the funds in certificates of deposit in one or more federally insured depository institutions, wherever located, for the account of the District; (iv) the full amount of the principal and accrued interest of each of the certificates of deposit is insured by the United States or an instrumentality of the United States, and (v) the District appoints the depository institution selected under (ii) above, an entity as described by Section 2257.041(d) of the Texas Government Code, or a clearing broker-dealer registered with the Securities and Exchange Commission and operating pursuant to Securities and Exchange Commission Rule 15c3-3 (17 C.F.R. Section 240.15c3- 3) as custodian for the District with respect to the certificates of deposit issued for the account of the District; (10) fully collateralized repurchase agreements that have a defined termination date, are secured by a combination of cash and obligations described in clause (1), and require the securities being purchased by the District or cash held by the District to be pledged to the District, held in the District's name, and deposited at the time the investment is made with the District or with a third party selected and approved by the District, and are placed through a primary government securities dealer, as defined by the Federal Reserve, or a financial institution doing business in the State; (11) securities lending programs if (i) the securities loaned under the program are 100% collateralized, a loan made under the program allows for termination at any time and a loan made under the program is either secured by (a) obligations that are described in clauses (1) through (8) above, (b) irrevocable letters of credit issued by a state or national bank that are continuously rated by a nationally recognized investment rating firm at not less than "A" or its equivalent or (c) cash invested in obligations described in clauses (1) through (8) above, clauses (13) through (15) below, or an authorized investment pool; (ii) securities held as collateral under a loan are pledged to the District, held in the District's name and deposited at the time the investment is made with the District or a third party designated by the District; (iii) a loan made under the program is placed through either a primary government securities dealer (as defined by 5 C.F.R. Section 6801.102(f), as that regulation existed on September 1, 2003) or a financial institution doing business in the State of Texas; and (iv) the agreement to lend securities has a term of one year or less; (12) certain bankers' acceptances with the remaining term of 270 days or less, if the short-term obligations of the accepting bank or its parent are rated at least "A-1" or "P-1" or the equivalent by at least one nationally recognized credit rating agency; (13) commercial paper with a stated maturity of 270 days or less that is rated at least "A-1" or "P-1" or the equivalent by either (a) two nationally recognized credit rating agencies or (b) one nationally recognized credit rating agency if the paper is fully secured by an irrevocable letter of

credit issued by a U.S. or state bank; (14) no-load money market mutual funds registered with and regulated by the SEC that provide the District with a prospectus and other information required by the Securities Exchange Act of 1934 or the Investment Company Act of 1940, and that comply with SEC Rule 2a-7; and (15) no-load mutual funds registered with the SEC that have an average weighted maturity of less than two years and either (i) have a duration of one year or more and are invested exclusively in obligations described in this paragraph or (ii) have a duration of less than one year and an investment portfolio limited to investment grade securities, excluding asset-backed securities. In addition, bond proceeds may be invested in guaranteed investment contracts that have a defined termination date and are secured by obligations, including letters of credit, of the United States or its agencies and instrumentalities in an amount at least equal to the amount of bond proceeds invested under such contract, other than the prohibited obligations described below.

A political subdivision such as the District may enter into securities lending programs if (i) the securities loaned under the program are 100% collateralized, a loan made under the program allows for termination at any time and a loan made under the program is either secured by (a) obligations that are described in clauses (1) through (7) above, (b) irrevocable letters of credit issued by a state or national bank that is continuously rated by a nationally recognized investment rating firm at not less than A or its equivalent or (c) cash invested in obligations described in clauses (1) through (7) above, clauses (11) through (13) above, or an authorized investment pool; (ii) securities held as collateral under a loan are pledged to the District, held in the District's name and deposited at the time the investment is made with the District or a third party designated by the District; (iii) a loan made under the program is placed through either a primary government securities dealer or a financial institution doing business in the State of Texas; and (iv) the agreement to lend securities has a term of one year or less.

The District may invest in such obligations directly or through government investment pools that invest solely in such obligations provided that the pools are rated no lower than AAA or AAAM or an equivalent by at least one nationally recognized rating service. The District may also contract with an investment management firm registered under the Investment Advisers Act of 1940 (15 U.S.C. Section 80b-1 et seq.) or with the State Securities Board to provide for the investment and management of its public funds or other funds under its control for a term up to two years, but the District retains ultimate responsibility as fiduciary of its assets. In order to renew or extend such a contract, the District must do so by order, ordinance, or resolution.

The District is specifically prohibited from investing in: (1) obligations whose payment represents the coupon payments on the outstanding principal balance of the underlying mortgage-backed security collateral and pays no principal; (2) obligations whose payment represents the principal stream of cash flow from the underlying mortgage-backed security and bears no interest; (3) collateralized mortgage obligations that have a stated final maturity of greater than 10 years; and (4) collateralized mortgage obligations the interest rate of which is determined by an index that adjusts opposite to the changes in a market index.

Investment Policies

Under Texas law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity; that address investment diversification, yield, maturity, and the quality and capability of investment management; and that include a list of authorized investments for District funds, the maximum allowable stated maturity of any individual investment and the maximum average dollar-weighted maturity allowed for pooled fund groups, methods to monitor the market price of investments acquired with public funds, a requirement for settlement of all transactions, except investment pool funds and mutual funds, on a delivery versus payment basis, and procedures to monitor rating changes in investments acquired with public funds and the liquidation of such investments consistent with the Texas Public Funds Investment Act. All District funds must be invested consistent with a formally adopted "Investment Strategy Statement" that specifically addresses each fund's investment. Each Investment Strategy Statement will describe its objectives concerning: (1) suitability of investment type, (2) preservation and safety of principal, (3) liquidity, (4) marketability of each investment, (5) diversification of the portfolio, and (6) yield.

Under Texas law, the District's investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment considering the probable safety of capital and the probable income to be derived." At least quarterly the District's investment officers must submit an investment report to the District's Board of Directors detailing: (1) the investment position of the District, (2) that all investment officers jointly prepared and signed the report, (3) the beginning market value, and any additions and changes to market value and the ending value of each pooled fund group, (4) the book value and market value of each separately listed asset at the beginning and end of the reporting period, (5) the maturity date of each separately invested asset, (6) the account or fund or pooled fund group for which each individual investment was acquired, and (7) the compliance of the investment portfolio as it relates to: (a) adopted investment strategies and (b) Texas law. No person may invest District funds without express written authority from the District's Board of Directors.

Additional Provisions

Under Texas law, the District is additionally required to: (1) annually review its adopted policies and strategies, (2) require any investment officers with personal business relationships or family relationships with firms seeking to sell securities to the District to disclose the relationship and file a statement with the Texas Ethics Commission and the District, (3) require the registered principal of firms seeking to sell securities to the District to: (a) receive and review the District's investment policy, (b) acknowledge that reasonable controls and procedures have been implemented to preclude imprudent investment activities, and (c) deliver a written statement attesting to these requirements; (4) in conjunction with its annual financial audit, perform a compliance audit of the management controls on investments and adherence to the District's investment policy, (5) restrict reverse repurchase agreements to not more than 90 days and restrict the investment of reverse repurchase agreement funds to no greater than the term of the reverse repurchase agreement, (6) restrict the investment in non-money market mutual funds in the aggregate to no more than 15% of the District's monthly average fund balance, excluding bond proceeds and reserves and other funds held for debt service, (7) require local government investment pools to conform to the new disclosure, rating, net asset value, yield calculation, and advisory board requirements and (8) provide specific investment training for the Treasurer, the chief financial officer (if not the Treasurer) and the investment officer.

CONTINUING DISCLOSURE OF INFORMATION

The offering of the Notes qualifies for the Rule 15c2-12(d)(2) exemption from Rule 15c2-12(b)(5) regarding the District's continuing disclosure obligations because the District does not have more than \$10,000,000 in aggregate amount of outstanding debt that were offered pursuant to SEC Rule 15c2-12 (the "Rule") and no person is committed by contract or other arrangement with respect to payment of the Notes. Pursuant to the exemption, the District in the Resolution has made the following agreement for the benefit of the holders and beneficial owners of the Notes. The District is required to observe the agreement for so long as it remains obligated to advance funds to pay the Notes. Under the agreement, the District will be obligated to provide certain updated financial information and operating data and timely notice of specified events to the Municipal Securities Rulemaking Board (the "MSRB"). This information will be publicly available on the MSRB's Electronic Municipal Market Access System ("EMMA") at <http://emma.msrb.org/>.

Annual Report

The District will provide certain updated financial information and operating data, which is customarily prepared by the District and is publicly available, to the MSRB on an annual basis. Such information to be provided consists of the District's financial statements. The District will update and provide this information within 12 months after the end of each fiscal year commencing with the fiscal year ending December 31, 2018. The financial statements of the District will be audited, if the District commissions an audit of such financial statements and the audit is completed within the period during which they must be provided. If the audit of such financial statements is not complete within 12 months after any such fiscal year end, then the District shall file unaudited financial statements within such 12-month period and audited financial statements for the applicable fiscal year, when and if the audit report on such financial statements becomes available. The District may provide updated information in full text or may incorporate by reference certain other publicly available documents, as permitted by the Rule.

The District's current fiscal year end is December 31. Accordingly, the District must provide updated financial statements by the last day of December in each following year. If the District changes its fiscal year, it will notify the MSRB of the change.

Event Notices

The District will also provide to the MSRB notices of certain events on a timely basis no later than 10 business days after the event. The District will provide notice of any of the following events with respect to the Notes: (1) principal and interest payment delinquencies; (2) non-payment related defaults, if material; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB), or other material notices or determinations with respect to the tax status of the Notes, or other material events affecting the tax status of the Notes; (7) modifications to rights of holders of the Notes, if material; (8) Note calls, if material, and tender offers; (9) defeasances; (10) release, substitution, or sale of property securing repayment of the Notes, if material; (11) rating changes; (12) bankruptcy, insolvency, receivership, or similar event of the District; (13) the consummation of a merger, consolidation, or acquisition involving the District or the sale of all or substantially all of the assets of the District, other than in the ordinary course of business, the entry into of a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; (14) appointment of a successor or additional trustee or the change of name of a trustee, if material; (15) incurrence of a debt obligation of the District or a derivative instrument entered into by the District in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation, or a guarantee by the District of any such debt obligation or derivative instrument, if material, or agreement to

covenants, events of default, remedies, priority rights, or other similar terms of any such debt obligation, derivative instrument, or guarantee of the District, any of which affect security holders, if material; and (16) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of any such debt obligation, derivative instrument, or guarantee of the District, any of which reflect financial difficulties. Neither the Notes nor the Resolution makes any provision for credit enhancement or a trustee.

Limitations and Amendments

The District has agreed to update information and to provide notices of events only as described above. The District has not agreed to provide other information that may be relevant or material to a complete presentation of its financial results of operations, condition, or prospects or agreed to update any information that is provided, except as described above. The District makes no representation or warranty concerning such information or concerning its usefulness to a decision to invest in or sell Notes at any future date. The District disclaims any contractual or tort liability for damages resulting in whole or in part from any breach of its continuing disclosure agreement or from any statement made pursuant to its agreement, although holders of Notes may seek a writ of mandamus to compel the District to comply with its agreement.

The District may amend its continuing disclosure agreement from time to time to adapt to changed circumstances that arise from a change in legal requirements, a change in law, or a change in the identity, nature, status, or type of operations of the District, if (i) the agreement, as amended, would have permitted an underwriter to purchase or sell Notes in the offering described herein in compliance with the Rule, taking into account any amendments or interpretations of the Rule to the date of such amendment, as well as such changed circumstances, and (ii) either (a) the holders of a majority in aggregate principal amount of the outstanding Notes consent to the amendment or (b) any person unaffiliated with the District (such as nationally recognized bond counsel) determines that the amendment will not materially impair the interests of the registered and beneficial owners of the Notes. If the District so amends the agreement, it has agreed to include with the next financial information and operating data provided in accordance with its agreement described above under "Annual Reports" an explanation, in narrative form, of the reasons for the amendment and of the impact of any change in the type of financial information and operating data so provided.

Compliance with Prior Undertakings

The District has not previously made a continuing disclosure agreement in accordance with the Rule.

LITIGATION

The District is not a party to any litigation or other proceeding pending or to its knowledge, threatened, in any court, agency or other administrative body (either state or federal) which, if decided adversely to the District, would have a material adverse effect on the financial statements or operations of the District. At the time of the initial delivery of the Notes, the District will provide the Underwriter with a certificate to the effect that no litigation of any nature has been filed or is then pending challenging the issuance of the Notes or that affects the payment and security of the Notes or in any other manner questioning the issuance, sale or delivery of the Notes.

FINANCIAL ADVISOR

RBC Capital Markets, LLC is employed as Financial Advisor to the District. The fee paid to the Financial Advisor for services rendered in connection with the issuance and sale of the Notes is based on the amount of Notes actually issued, sold and delivered, and therefore such fee is contingent on the sale and delivery of the Notes.

The Financial Advisor is not obligated to undertake, and has not undertaken to make, an independent verification or to assume responsibility for the accuracy, completeness, or fairness of the information in this Official Statement.

UNDERWRITING

The Underwriter has agreed, subject to certain customary conditions, to purchase the Notes at a price equal to the initial offering prices to the public, as shown on page ii, less an Underwriter's discount of \$38,193.91. The Underwriter's obligations are subject to certain conditions precedent, and the Underwriter will be obligated to purchase all of the Notes if any Notes are purchased. The Notes may be offered and sold to certain dealers and others at prices lower than such public offering prices, and such public prices may be changed, from time to time, by the Underwriter.

The Underwriter have provided the following sentence for inclusion in this Official Statement. The Underwriter has reviewed the information in the Official Statement in accordance with its responsibilities to investors under the federal securities laws as

applied to the facts and circumstances of this transaction, but the Underwriter does not guarantee the accuracy or completeness of such information.

FORWARD LOOKING STATEMENTS

The statements contained in this Official Statement, and in any other information provided by the District, that are not purely historical, are forward-looking statements, including statements regarding the District's expectations, hopes, intentions, or strategies regarding the future. Readers should not place undue reliance on forward-looking statements. All forward-looking statements included in this Official Statement are based on information available to the District on the date hereof, and the District assumes no obligation to update any such forward-looking statements. It is important to note that the District's actual results could differ materially from those in such forward-looking statements.

The forward-looking statements herein are necessarily based on various assumptions and estimates and are inherently subject to various risks and uncertainties, including risks and uncertainties relating to the possible invalidity of the underlying assumptions and estimates and possible changes or developments in social, economic, business, industry, market, legal and regulatory circumstances and conditions and actions taken or omitted to be taken by third parties, including customers, suppliers, business partners and competitors, and legislative, judicial and other governmental authorities and officials. Assumptions related to the foregoing involve judgments with respect to, among other things, future economic, competitive, and market conditions and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond the control of the District. Any of such assumptions could be inaccurate and, therefore, there can be no assurance that the forward-looking statements included in this Official Statement would prove to be accurate.

CONCLUDING STATEMENT

The information set forth herein has been obtained from the District's records, audited financial statements and other sources which are considered by the District to be reliable. There is no guarantee that any of the assumptions or estimates contained herein will ever be realized. All of the summaries of the statutes, documents and the Resolution contained in this Official Statement are made subject to all of the provisions of such statutes, documents, and the Resolution. These summaries do not purport to be complete statements of such provisions and reference is made to such summarized documents for further information. Reference is made to official documents in all respects.

MISCELLANEOUS

SELECTED PROVISIONS OF THE RESOLUTION

APPENDIX C

SELECTED PROVISIONS OF THE RESOLUTION

SECTION 6. DEFINITIONS. As used in this Resolution, the following terms and expressions shall have the meanings set forth below, unless the text hereof specifically indicates otherwise:

"Additional Obligations" shall mean the additional parity revenue bonds, notes or other obligations which the District reserves the right to issue and deliver in the future, as provided by this Resolution.

"Current Expenses of the System" shall mean the current, ordinary, reasonable, necessary, and proper expenses of operation and maintenance of the System, including reasonable, necessary, and proper salaries, labor, fees, materials, repairs, paying agents' charges, and properly allocated charges for insurance. Depreciation and payments into and out of the Interest and Sinking Fund and the other Funds, hereinafter described, shall never be considered as expenses of operation and maintenance.

"Fiscal Year" shall mean the twelve-month period commencing on September 1 and ending on the next December 31, or such other period commencing on the date designated by the District and ending one year later.

"Gross Revenues of the System" shall mean all of the revenues, income, and receipts of every nature derived from the ownership or operation of the System.

"Net Revenues" shall mean the amount remaining after deducting the Current Expenses of the System from the Gross Revenues of the System.

"Parity Obligations" shall mean the Series 2019A Notes and any Additional Obligations.

"Principal and Interest Requirements" shall mean for any Fiscal Year the amount required to pay the interest on and principal of (whether pursuant to a stated maturity or redemption requirements applicable thereto) all outstanding Parity Obligations becoming due in such Fiscal Year. In calculating Principal and Interest Requirements the principal and interest coming due in any Fiscal Year on any Parity Obligations which bear interest at a variable rate which cannot be predetermined shall be assumed to be that which would come due if (i) the interest rate on such Parity Obligations for the applicable period was the interest rate that was in effect on the last day of the immediately preceding Fiscal Year (or, if such Parity Obligations were issued during the current Fiscal Year, then the first interest rate in effect for such Parity Obligations), and (ii) the principal amortization schedule would be that which would result in substantially level debt service throughout the remaining term of such Parity Obligations assuming such interest rate. In calculating Principal and Interest Requirements if any such outstanding Parity Obligations do not pay current interest during the term to maturity thereof, but rather accrete in value according to a schedule, the principal and interest coming due on any such Parity Obligation shall be calculated as equal to the accreted value at maturity.

"Reimbursement Obligation" shall mean any obligation entered into by the District in connection with any Reserve Fund Credit Facility pursuant to which the District obligates itself to reimburse a financial institution, insurance company or other entity for amounts paid or advanced by such entity pursuant to a Reserve Fund Credit Facility. Reimbursement Obligations may be payable from and secured by a lien on Net Revenues which is on parity with, or subordinate to, the lien on Net Revenues which secures the Parity Obligations pursuant to this Resolution.

"Reserve Fund Credit Facility" shall mean a policy of insurance, surety bond, letter of credit or similar instrument or contract which (i) is issued by an insurance company or financial institution whose senior debt securities are rated in the one of the three highest rating categories by the rating agencies which provide a rating, at the District's request, on the Parity Obligations, (ii) may not be terminated by the entity providing the facility prior to the final maturity date of the particular series of Parity Obligations for which an account in the Debt Service Reserve Fund is established pursuant to the order authorizing such series of Parity Obligations, and (iii) may be drawn upon demand by the District to provide funds to pay Principal and Interest Requirements on such particular series of Parity Obligations in the event moneys on deposit in the Interest and Sinking Fund are insufficient to make such payment.

"Series 2019A Notes" shall mean the *Bexar County Water Control and Improvement District No. 10 Waterworks and Sewer System Revenue Notes, Series 2019A*, issued pursuant to this Resolution.

"System" shall mean the District's existing waterworks and sanitary sewer system, together with all future improvements, enlargements, and additions thereto, and replacements thereof, and any other facilities acquired, constructed and designated by the District to be a component of the System, all as acquired or constructed from any source, including the issuance of Parity Obligations.

SECTION 7. PLEDGE OF NET REVENUES; SECURITY INTEREST.

(a) *Pledge of Net Revenues.* The District hereby covenants and agrees that all Gross Revenues of the System shall be deposited and paid into the special funds hereby established for the Parity Obligations as provided in this Resolution, and shall be applied in the manner set out herein, to provide for the payment of all Current Expenses of the System and to provide for the payment of Principal and Interest Requirements on the outstanding Parity Obligations and all expenses of paying, securing and insuring the same. The Parity Obligations shall constitute special obligations of the District payable solely from, and are equally and ratably secured by, a first lien on and pledge of the Net Revenues, as collected and received by the District, from the operation and ownership of the System, which Net Revenues shall, in the manner herein provided, be set aside for and pledged to the payment of the Parity Obligations in the Interest and Sinking Fund and the Debt Service Reserve Fund as hereinafter provided, and the Parity Obligations shall be in all respects on a parity with and of equal dignity with one another. The owners of the Parity Obligations shall never have the right to demand payment out of any funds raised or to be raised by taxation.

(b) *Perfection of Security Interest.* Chapter 1208, Government Code, applies to the issuance of the Parity Obligations and the pledge of the Net Revenues granted by the District under Section 7(a) of this Resolution, and such pledge is therefore valid, effective and perfected. If Texas law is amended at any time while the Parity Obligations are outstanding an unpaid such that the pledge of the revenues granted by the District under Section 7(a) of this Resolution is to be subject to the filing requirements of Chapter 9, Texas Business & Commerce Code, then in order to preserve to the owners of the Parity Obligations the perfection of the security interest in said pledge, the District agrees to take such measures as it determines are reasonable and necessary under Texas law to comply with the applicable provisions of Chapter 9, Texas Business & Commerce Code and enable a filing to perfect the security interest in said pledge to occur.

SECTION 8. RATES. The District covenants and agrees with the holders of the Parity Obligations as follows:

(a) *Rate Covenant.* It will at all times fix, revise, maintain, charge, and collect for services rendered by the System, rates and charges which will produce Net Revenues that will (i) equal at least 125% of the average annual Principal and Interest Requirements on the Parity Obligations outstanding during each Fiscal Year, (ii) maintain or restore the amount on deposit in the respective accounts of the Debt Service Reserve Fund to the amounts and in the manner required by the respective resolutions authorizing the issuance of the outstanding Parity Obligations, and (iii) pay all Reimbursement Obligations coming due during each Fiscal Year, if any.

(b) *Rates Sufficient to Satisfy Other Obligations.* If the System should become legally liable for any other obligations or indebtedness, the District shall fix, maintain, charge and collect additional rates and charges for services rendered by the System sufficient to establish and maintain funds for the payment thereof.

SECTION 9. FUNDS. (a) *Creation of Revenue Fund and Interest and Sinking Fund.* All revenues of the System shall be kept separate and apart from all other funds of the District, and the following special Funds are hereby created and established and shall be maintained on the financial records of the District (or at an official depository of the District), so long as any of the Parity Obligations, or interest thereon, are outstanding and unpaid:

(i) **BEXAR COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 10 WATERWORKS AND SEWER SYSTEM REVENUE FUND**, hereinafter called the "*Revenue Fund*"; and

(ii) **BEXAR COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 10 WATERWORKS AND SEWER SYSTEM REVENUE NOTES INTEREST AND SINKING FUND**, hereinafter called the "*Interest and Sinking Fund*."

(b) *Creation of Debt Service Reserve Fund.* Additionally, there is hereby created for the benefit only of the registered owners of a particular series of Parity Obligations for which an account is created in the resolution authorizing such series of Parity Obligations, and shall be maintained on the financial records of the District (or at an official

depository of the District), for the pro rata benefit of all Parity Obligations of such series for which an account is created, the **BEXAR COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 10 WATERWORKS AND SEWER SYSTEM REVENUE NOTES DEBT SERVICE RESERVE FUND**, hereinafter called the "*Debt Service Reserve Fund*." The District may create and establish accounts in the Debt Service Reserve Fund pursuant to the provisions of any resolution authorizing the issuance of Parity Obligations for the purpose of securing that particular issue or series of Parity Obligations or any specific group of issues or series of Parity Obligations and the amounts once deposited or credited to said account shall no longer constitute Net Revenues and shall be held solely for the benefit of the registered owners of the particular Parity Obligations for which such account in the Debt Service Reserve Fund was established. Each such account in the Debt Service Reserve Fund shall be designated in such manner as is necessary to identify the Parity Obligations it secures and to distinguish such account from all other accounts in the Debt Service Reserve Fund created for the benefit of a particular series of Parity Obligations. All terms relating to the requirements to establish, fund and maintain required balances in an account of the Debt Service Reserve Fund, including but not limited to the use of any Reserve Fund Credit Facility therein, shall be set forth in the resolution authorizing the issuance of the particular series of Parity Obligations for which such account is established.

(c) *Creation of Construction Fund*. There is hereby further created and established shall be maintained on the financial records of the District (or at an official depository of the County) a fund to be called the **BEXAR COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 10 WATERWORKS AND SEWER SYSTEM REVENUE NOTES CONSTRUCTION FUND** (herein called the "*Construction Fund*"). Proceeds from the sale and delivery of a series of Parity Obligations which are issued to finance improvements to the System (other than proceeds representing accrued interest on such Parity Obligations and any premium on such Parity Obligations that is not used by the District to pay costs of issuance in accordance with the provisions of Section 1201.042(d), Texas Government Code, which shall be deposited in the Interest and Sinking Fund) shall be deposited in an account of the Construction Fund established by the District in connection with the issuance of such series of Parity Obligations. Money in the Construction Fund shall be subject to disbursements by the District for payment of all costs incurred in carrying out the purpose for which such series of Parity Obligations are issued, including but not limited to costs for construction, engineering, architecture, financing, financial consultants and legal services related to the project being financed with proceeds of such series of Parity Obligations, and to pay related costs of issuance.

SECTION 10. REVENUE FUND. All Gross Revenues of the System shall be deposited as collected into the Revenue Fund. The Current Expenses of the System shall be paid from the Revenue Fund or from any other funds of the District lawfully available therefor. The Gross Revenues of the System not actually used to pay Current Expenses of the System shall be deposited from the Revenue Fund into the other Funds created by this Resolution, in the manner and amounts and at the times hereinafter provided, and each of such Funds shall have priority as to such deposits in the order in which they are treated in the following sections.

SECTION 11. INTEREST AND SINKING FUND. (a) *Use of Funds*. The Interest and Sinking Fund shall be used solely to pay the principal of and interest on the Parity Obligations when due, and the General Manager of the District is hereby authorized to cause funds to be transferred from the Interest and Sinking Fund to the Paying Agent/Registrar at the times and in the amounts to pay Principal and Interest Requirements on the Parity Obligations.

(b) *Deposit of Accrued Interest and Capitalized Interest*. Immediately after the delivery of any series of Parity Obligations, all moneys representing accrued interest, if any, received by the District upon the sale and delivery of such Parity Obligations to the initial purchaser thereof, together with all capitalized interest being financed with proceeds of such Parity Obligations, if any (but in no event in excess of the amount permitted by Section 1201.042(a)(1), Texas Government Code, or other applicable law), shall be deposited to the credit of the Interest and Sinking Fund.

(c) *Monthly Deposits*. In addition, there shall be transferred and deposited into the Interest and Sinking Fund the following:

(i) on or before the last business day of each month, commencing with the month immediately following the issuance of any series of Parity Obligations, Net Revenues from the Revenue Fund shall be deposited into the Interest and Sinking Fund in approximately equal installments an amount as will be sufficient, together with other amounts, if any, then on deposit therein and available for such purpose, to pay the interest scheduled to come due on all outstanding Parity Obligations on the next interest payment date; and

(ii) on or before the last business day of each month, commencing with the twelfth (12th) month preceding the first principal payment date for a series of Parity Obligations, or commencing with the month immediately following the issuance of any series of Parity Obligations if delivery of such series of Parity Obligations is made less than twelve months preceding the first principal payment date for such series of Parity Obligations, Net Revenues from the Revenue Fund shall be deposited into the Interest and Sinking Fund in approximately equal installments an amount as will be sufficient, together with other amounts, if any, then on deposit therein and available for such purpose, to pay the principal scheduled to come due (either at stated maturity or due to mandatory sinking fund redemption) on all outstanding Parity Obligations on the next principal payment date.

SECTION 12. DEBT SERVICE RESERVE FUND. (a) *Use of Funds.* Funds on deposit in an account of the Debt Service Reserve Fund established for the benefit of a particular series of Parity Obligations shall be used to (i) pay the principal of and interest on such series of Parity Obligations for which such account was created at any time when there is not sufficient money available in the Interest and Sinking Fund for such purpose, (ii) pay the principal of or interest on the last maturing Parity Obligations of such series, or (iii) pay Reimbursement Obligations to restore the amount available to be drawn under a Reserve Fund Credit Facility to its original amount. If the amount on deposit in an account of the Debt Service Reserve Fund for a particular series of Parity Obligations consists of cash and investments and a Reserve Fund Credit Facility, all cash and investments in such account shall be liquidated and withdrawn prior to drawing on the Reserve Fund Credit Facility. If more than one Reserve Fund Credit Facility is maintained in an account of the Debt Service Reserve Fund, any withdrawals on such Reserve Fund Credit Facilities shall be pro rata.

(b) *Series 2019A Notes Secured with Account in Debt Service Reserve Fund.* The District hereby establishes an account in the Debt Service Reserve Fund, to be known as the "**Series 2019A Reserve Account**," for the benefit of the registered owners of the Series 2019A Notes. The amount required to be on deposit in the Series 2019A Reserve Account is equal to the average annual Principal and Interest Requirements of the Series 2019A Notes calculated on the date of issuance and delivery of the Series 2019A Notes (i.e., **\$322,302.39**, the "**Series 2019A Reserve Account Requirement**"). The District initially shall fund the Series 2019A Reserve Account by purchasing a Reserve Fund Credit Facility issued by **ASSURED GUARANTY MUNICIPAL CORP.** (the "**Series 2019A Reserve Fund Credit Facility**") with an amount available to be drawn thereunder equal to the Series 2019A Reserve Account Requirement. The Series 2019A Reserve Fund Credit Facility shall be purchased with proceeds of the Series 2019A Notes pursuant to authority granted to the District in Section 1371.051(3)(A), Texas Government Code, shall be deposited into the Series 2019A Reserve Account of the Debt Service Reserve Fund and used only to secure payment of debt service on the Series 2019A Notes, and shall expire on the date the Series 2019A Notes are defeased or otherwise no longer outstanding. As long as the Series 2019A Reserve Fund Credit Facility shall be in full force and effect, the procedures set forth in *Exhibit B* attached to this Resolution shall govern payments made from draws on the Series 2019A Reserve Fund Credit Facility, and the District covenants to comply with and to direct the Paying Agent/Registrar to comply with such procedures. In addition, the District hereby approves in substantially the form attached hereto as *Exhibit C* an agreement relating to the Series 2019A Reserve Fund Credit Facility between the District and the provider of the Series 2019A Reserve Fund Credit Facility (the "**Insurance Agreement**"), and the President and Vice President of the Board of Directors and the General Manager of the District each may execute the Insurance Agreement on behalf of the District and approve any changes in the final form thereof.

After making the monthly transfer of Net Revenues from the Revenue Fund to the Interest and Sinking Fund as required by Section 11(c)(i) and (ii) above, the District shall transfer Net Revenues from the Revenue Fund to pay to the issuer of the Series 2019A Reserve Fund Credit Facility any Reimbursement Obligation incurred by the District (including interest) in the amount then due in accordance with the Insurance Agreement.

When and so long as the money and investments (including the Series 2019A Reserve Fund Credit Facility) in the Series 2019A Reserve Account total not less than the Series 2019A Reserve Account Requirement, no deposits need be made to the credit of the Series 2019A Reserve Account; but when and if the Series 2019A Reserve Account at any time contains less than the Series 2019A Reserve Account Requirement, the District covenants and agrees to cure the deficiency in the Series 2019A Reserve Account Requirement within sixty (60) months (or such shorter period agreed to by the District and the provider of the Series 2019A Reserve Fund Credit Facility in the Insurance Agreement) from the date the deficiency occurred by making monthly deposits from funds on deposit in the Revenue Fund (but only after making the required deposits into the Interest and Sinking Fund and paying all Current Expenses of the System then due) on the last business day of each month in approximately equal amounts. During such time as the Series 2019A Reserve Account contains the Series 2019A Reserve Account Requirement, the District may, at its option, withdraw all surplus

funds in the Series 2019A Reserve Account in excess of the Series 2019A Reserve Account Requirement and deposit such surplus in the Revenue Fund. For the purpose of determining the amount on deposit to the credit of the Series 2019A Reserve Account, investments in which money in such account shall have been invested shall be computed at cost. The amount on deposit to the credit of the Series 2019A Reserve Account shall be computed by the District at least annually, and shall be computed immediately upon any withdrawal from the Series 2019A Reserve Account.

(c) Additional Debt Service Reserve Fund Requirements to be Set Forth in Additional Obligations Resolution. In the event the District establishes an account in the Debt Service Reserve Fund for the benefit of the Holders of a particular series of Additional Obligations, all provisions with respect to the funding requirements and other details shall be set forth in the resolution authorizing such series of Additional Obligations.

SECTION 13. INVESTMENTS. Funds on deposit in the Interest and Sinking Fund, the Debt Service Reserve Fund, and the Construction Fund shall be secured by the depository bank of the District in the manner and to the extent required by law to secure other public funds of the District and may be invested from time to time in any investment authorized by applicable law, including but not limited to the Public Funds Investment Act (Chapter 2256, Texas Government Code), and the District's investment policy adopted in accordance with the provisions of the Public Funds Investment Act; provided, however, that all such deposits and investments shall be made in such manner that the money required to be expended from any Fund will be available at the proper time or times when expected to be needed. Income and profits from such investments shall be deposited in the respective Fund which holds such investments; however, any such income and profits from investments in the Construction Fund may be withdrawn by the District and deposited in the Interest and Sinking Fund to pay all or a portion of the interest next coming due on the Parity Obligations. It is further provided, however, that any interest earnings on proceeds which are required to be rebated to the United States of America pursuant to Section 26 hereof in order to prevent any Parity Obligations from being arbitrage bonds shall be so rebated and not considered as interest earnings for the purposes of this Section.

SECTION 14. DEFICIENCIES IN FUNDS. If in any month the District shall fail to deposit into any Fund created by this Resolution the full amounts required, amounts equivalent to such deficiencies shall be set apart and paid into said Funds from the first available and unallocated Net Revenues for the following month or months, and such payments shall be in addition to the amounts otherwise required to be paid into said Funds during such month or months. To the extent necessary, the District shall increase the rates and charges for services of the System to make up for any such deficiencies.

SECTION 15. EXCESS REVENUES. The Net Revenues, in excess of those necessary to establish and maintain the Funds as required in this Resolution, or as hereafter may be required in connection with the issuance of Additional Obligations, may be used for any lawful purpose.

SECTION 16. SECURITY FOR FUNDS. All Funds created by this Resolution shall be secured in the manner and to the fullest extent permitted or required by law for the security of public funds, and such Funds shall be used only for the purposes and in the manner permitted or required by this Resolution.

SECTION 17. ADDITIONAL OBLIGATIONS. The District reserves the right to issue additional parity revenue bonds, notes or other obligations for any purpose related to the System, to be known as Additional Obligations, which, when issued and delivered, shall be payable from and secured by a first lien on and pledge of the Net Revenues, in the same manner and to the same extent as the Parity Obligations, and the Parity Obligations shall in all respects be on a parity and of equal dignity. The Additional Obligations may be issued in one or more installments or series, provided, however, that no installment or series of Additional Obligations shall be issued unless:

(a) The President of the Board of Directors of the District or the General Manager of the District signs a certificate to the effect that, except for the issuance of refunding bonds to cure a default, no default exists in connection with any of the covenants or requirements of the resolutions authorizing the issuance of all then Outstanding Parity Obligations and that the Interest and Sinking Fund and the Debt Service Reserve Fund each contains the amount then required to be on deposit therein;

(b) The President of the Board of Directors of the District or the General Manager of the District signs a certificate to the effect that, during either the next preceding Fiscal Year, or any twelve (12) consecutive calendar month period ending not more than ninety (90) days prior to the adoption

of the resolution authorizing the issuance of the then proposed Additional Obligations, the Net Revenues were at least equal to an aggregate of (i) 115% of the average annual Principal and Interest Requirements of all then Outstanding Parity Obligations after giving effect to the Additional Obligations proposed for issuance, plus (ii) 100% of all Reimbursement Obligations required to be made during the first twelve months following the date of delivery of such Additional Obligations, if any. In the event (A) the certificate of the President of the Board of Directors or the General Manager of the District states that the Net Revenues for the period covered thereby were less than required above, and (B) a change in the rates and charges of the System went into effect after the first day, but prior to the last day, of the period covered by the certificate of the President of the Board of Directors or the General Manager of the District, and (C) the President of the Board of Directors or the General Manager of the District will additionally certify that, had such change in rates and charges been effective for the entire period covered by the certificate of the President of the Board of Directors or the General Manager of the District, the Net Revenues covered by the certificate of the President of the Board of Directors or the General Manager of the District would have been, in his or her opinion, at least equal to an aggregate of (1) 115% of the average annual Principal and Interest Requirements (calculated on a Fiscal Year basis) of the Outstanding Parity Obligations, after giving effect to the Additional Obligations proposed to be issued, plus (2) 100% of all Reimbursement Obligations required to be made during the first twelve months following the date of delivery of such Additional Obligations, if any, then in such event the coverage specified in the first sentence of this paragraph (b) shall not be required for the period specified, and such certificate of the President of the Board of Directors or the General Manager of the District will be sufficient if accompanied by such additional certificate of the President of the Board of Directors or the General Manager of the District to the above effect;

(c) The Additional Obligations are scheduled to mature only on March 1 and/or September 1, and the interest thereon is scheduled to be paid only on March 1 and September 1; and

(d) All calculations of average annual Principal and Interest Requirements made pursuant to this Section are to be made as of and from the date of the Additional Obligations then proposed to be issued.

SECTION 18. OPERATION AND MAINTENANCE; INSURANCE. (a) While any of the Parity Obligations are outstanding the District covenants and agrees to keep all of the buildings, structures, and facilities of the System in good condition, repair, and working order, and to operate and maintain the System in an efficient manner and at reasonable expense.

(b) The District shall procure and maintain fire and extended coverage insurance on the facilities of the System, public liability insurance, and other insurance, including self-insurance, of kinds and in amounts which usually would be carried by private companies engaged in operating or owning sewage facilities. Any proceeds from fire and extended coverage insurance shall be used promptly to repair any property damaged or to replace any property destroyed, and all surplus insurance proceeds shall be deposited into the Revenue Fund, provided that if the insurance proceeds, together with other available funds, are not sufficient to repair or replace such property, the insurance proceeds shall be deposited into the Interest and Sinking Fund and maintained therein as an additional reserve for the benefit of the Parity Obligations.

SECTION 19. ACCOUNTS AND FISCAL YEAR. The District shall keep proper books of records and accounts, separate from all other records and accounts of the District, in which complete and correct entries shall be made of all transactions relating to the System. The District agrees to operate the System and keep its books of records and accounts pertaining thereto on the basis of its current Fiscal Year; provided, however, that the Board of Directors of the District may change such Fiscal Year by resolution duly passed, if such change is deemed necessary by the Board of Directors.

SECTION 20. AUDIT. After the close of each Fiscal Year while any of the Parity Obligations are outstanding, an audit will be made of the books and accounts relating to the Net Revenues, and the Funds created pursuant to this Resolution, by an independent certified public accountant. As soon as practicable after the close of each such Fiscal Year, and when said audit has been completed and made available to the District, a copy of such audit for the preceding year shall be mailed to the Paying Agent/Registrar and to any of registered owners of the Parity Obligations who shall

so request in writing. The annual audit reports shall be open to the inspection of the registered owners and their agents and representatives at all reasonable times.

SECTION 21. INSPECTIONS. Any holder or holder of any Parity Obligations shall have the right at all reasonable time to inspect the System and all records, accounts, and data of the District relating thereto.

SECTION 22. SPECIAL COVENANTS. The District further covenants as follows:

(a) Other than for the payment of the Parity Obligations herein authorized, the revenues and income of the System have not in any manner been pledged to the payment of any debt or other obligation of the District or the System.

(b) While any of the Parity Obligations are outstanding, the District will not, except for the issuance of Additional Obligations expressly permitted by this Resolution, additionally encumber the revenues and income of the System unless such encumbrance is made junior and subordinate in all respect to the Parity Obligations and all liens and pledges in connection therewith.

(c) No free service of the System shall be allowed, and should the District or any of its agencies or instrumentalities make use of the services and facilities of the System, payment of the reasonable value thereof shall be made by the District out of funds from sources other than the revenues and income of the System.

(d) So long as any Parity Obligations are outstanding, and except as hereinafter specifically permitted, the District shall not sell, lease, mortgage, encumber, or otherwise dispose of any part of the System. The District shall be authorized from time to time to sell any real or personal property if the District shall determine that any such real or personal property is no longer needed or is no longer useful in connection with the operation and maintenance of the System. The proceeds from the sale of any real or personal property shall be used to replace or provide substitutes for property sold, if deemed necessary by the District, or, if not, the proceeds shall be deposited into the Revenue Fund. The District shall be authorized to lease (including oil, gas, or mineral leases) any property of the System, if such lease or the use of such property will not adversely affect the operation and maintenance of the System, or in any way cause a decrease in the Net Revenues. No lease shall be made which will result in damage to or substantial diminution of the value of other property of the System. All rentals, revenues, receipts, and royalties derived by the District from any and all leases so made shall be placed in the Revenue Fund. It is further covenanted and agreed by the District that no real property of the System shall be sold or leased unless the District shall first procure a recommendation in writing from an independent Registered Professional Engineer of the State of Texas, to the effect that, in his or her opinion, the proposed sale or lease, should be made and executed, and that such proposed sale or lease will not adversely affect the operation and maintenance of the System and will not cause a decrease in the Net Revenues.

SECTION 23. PARITY OBLIGATIONS ARE SPECIAL OBLIGATIONS. The Parity Obligations shall be special obligations of the District payable solely from the Net Revenues, and the holder or holders thereof shall never have the right to demand payment thereof out of funds raised or to be raised by taxation.

SECTION 24. RESOLUTION A CONTRACT; AMENDMENTS. (a) Resolution a Contract. This Resolution shall constitute a contract with the registered owners of the Parity Obligations, binding on the District and its successors and assigns, and shall not be amended or repealed by the District as long as any Parity Obligations remain outstanding except as permitted in this Section.

(b) Amendments Without Notice to or Consent of Registered Owners. The District may, without the consent of or notice to any registered owners of any Parity Obligations, amend, change, or modify this Resolution (i) as may be required by the provisions hereof, (ii) as may be required for the purpose of curing any ambiguity, inconsistency, or formal defect or omission herein, or (iii) in connection with any other change (other than any change described in clauses (i) through (iv) of the first sentence in subsection (c) below) with respect to which the District receives written confirmation from each rating agency then maintaining a rating on the Parity Obligations at the request of the District that such amendment would not cause such rating agency to withdraw or reduce its then current rating on the Parity Obligations.

(c) Amendments With Notice to and Consent of Registered Owners. In addition, the District may, with the written consent of the registered owners of at least a majority in aggregate principal amount of the remaining Parity Obligations then outstanding and affected thereby, amend, change, modify, or rescind any provisions of this Resolution;

provided that without the consent of all of the registered owners affected, no such amendment, change, modification, or rescission shall (i) extend the time or times of payment of the principal of and interest on the Parity Obligations, reduce the principal amount thereof or the rate of interest thereof, (ii) give any preference to any Parity Obligation over any other Parity Obligation, (iii) extend any waiver of default to subsequent defaults, or (iv) reduce the aggregate principal amount of Parity Obligations required for consent to any such amendment, change, modification, or rescission.

(d) Notice of Amendment. Whenever the District shall desire to make any amendment or addition to or rescission of this Resolution requiring consent of the registered owners of the Parity Obligations, the District shall cause notice of the amendment, addition, or rescission to be sent by first class mail, postage prepaid, to the registered owners at the respective addresses shown on the Registration Books. Whenever at any time within one year after the date of the giving of such notice, the District shall receive an instrument or instruments in writing executed by the registered owners of all or a majority (as the case may be) in aggregate principal amount of the remaining Parity Obligations then outstanding and affected by any such amendment, addition, or rescission requiring the consent of the registered owners, which instrument or instruments shall refer to the proposed amendment, addition, or rescission described in such notice and shall specifically consent to and approve the adoption thereof in substantially the form of the copy thereof referred to in such notice, thereupon, but not otherwise, the District may adopt such amendment, addition, or rescission in substantially such form, except as herein provided.

(e) Effect of Amendment on Registered Owners. No registered owner may thereafter object to the adoption of any amendment, addition, or rescission which is accomplished pursuant to and in accordance with the provisions of this Section, or to any of the provisions thereof, and such amendment, addition, or rescission shall be fully effective for all purposes.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Bexar County Water Control and Improvement District No. 10
Windcrest, Texas

We have audited the accompanying financial statements of Bexar County Water Control and Improvement District No. 10, as of and for the years ended December 31, 2017 and 2016, and the related notes to the financial statements, which collectively comprise the Bexar County Water Control and Improvement District No. 10's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control over financial reporting relevant to the Bexar County Water Control and Improvement District No. 10's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bexar County Water Control and Improvement District No. 10's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Bexar County Water Control and Improvement District No. 10 as of December 31, 2017 and 2016, and the respective changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information on pages 35 and 36 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The information included on pages 32, 33, 34, 37, 38 and 39 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we express no opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have issued our report dated March 15, 2018, on our consideration of the Bexar County Water Control and Improvement District No. 10's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Bexar County Water Control and Improvement District No. 10's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

BEXAR COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 10

MANAGEMENT'S DISCUSSION AND ANALYSIS As of and for the Years Ended December 31, 2017 and 2016

As management of Bexar County Water Control and Improvement District No. 10 (the District), we offer readers the following discussion and analysis of the District's financial activities for the calendar year ended December 31, 2017 and 2016. The MD&A should be read in conjunction with the accompanying basic financial statements.

The District was recognized by the Texas Commission on Environmental Quality (TCEQ) as the Outstanding Public Drinking Water System of the Year in 2012. This award is presented once every two years to two systems out of over 7,000 public drinking water systems in the State. The District was also recognized as a Superior Water System by the TCEQ in 2011. The criterion for either award is comprehensive and includes compliance with water quality standards, financial stability, customer service, capacity development and physical plant capabilities. We are proud of the service we provide and proud to receive the recognition from our peers.

OVERVIEW OF THE FINANCIAL STATEMENTS

The management's discussion and analysis is intended to serve as an introduction to the District's basic financial statements and is comprised of three components: (1) basic financial statements (2) notes to the financial statements and (3) required supplementary information.

BASIC FINANCIAL STATEMENTS

The District maintains a single enterprise fund. This fund is presented in the statement of net position and in the statement of revenues, expenses, and changes in net position.

The statement of net position presents all of the District's assets, deferred outflows, liabilities and deferred inflows, with the difference being reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of revenues, expenses, and changes in net position reports how the District's net position changed during the most recent calendar year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs regardless of when cash is received or paid. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods.

The statement of cash flows reflect cash receipts and payments for operating, non-capital financing, capital and related financing, and investing activities for the years presented.

NOTES TO THE FINANCIAL STATEMENTS

The accompanying notes provide additional information essential to a full understanding of the data provided in the financial statements.

REQUIRED SUPPLEMENTARY INFORMATION (RSI)

The accompanying RSI provide historical information on the defined benefit pension plan including changes in net pension liability, annual contributions and notes to the RSI.

See accompanying independent auditors' report.

OVERVIEW OF THE FINANCIAL STATEMENTS (cont.)

OTHER INFORMATION

In addition to the basic financial statements, accompanying notes and RSI, this report also presents various statistical and financial data for the District as supplementary information required by the Texas Commission on Environmental Quality.

FINANCIAL HIGHLIGHTS

2017

- > The assets and deferred outflows of resources of the District exceed its liabilities and deferred inflows of resources by \$8,104,177 (net position) for the fiscal year reported. This is an increase of \$19,979 from the prior year.
- > Total net position is comprised of the following:
 1. Net investment in capital assets in the amount of \$6,820,540 includes all property and equipment owned by the District, net of accumulated depreciation.
 2. Unrestricted net position of \$1,283,637 represents the portion available to fund the District's operations.
- > Operating revenues increased by \$40,229, an increase of 1.98% from calendar year 2016. Revenue slightly increased primarily due to a 5% increase in water consumption.
- > Operating expenses decreased by \$315,866 a decrease of 13.27% from calendar year 2016. The decrease was primarily due to incurring higher noncash pension expenses being in the prior year.

2016

- > The assets and deferred outflows of resources of the District exceed its liabilities and deferred inflows of resources by \$8,084,198 (net position) for the fiscal year reported. This is a decrease of \$336,447 from the prior year.
- > Total net position is comprised of the following:
 1. Net investment in capital assets in the amount of \$6,992,301 includes all property and equipment owned by the District, net of accumulated depreciation.
 2. Unrestricted net position of \$1,091,897 represents the portion available to fund the District's operations.

MANAGEMENT'S DISCUSSION AND ANALYSIS As of and for the Years Ended December 31, 2017 and 2016

FINANCIAL HIGHLIGHTS (cont.)

2016 (cont.)

- > Operating revenues decreased by \$8,242, a decrease of 0.4% from calendar year 2015. Revenue was lower due to the extended drought the region was experiencing as well as critical period rates discouraging customers to use high volumes.
- > Operating expenses increased by \$355,024 an increase of 17.5% from calendar year 2015. The bulk of this increase was due to professional fees and personnel costs incurred by the District.

FINANCIAL ANALYSIS

The District's net position at calendar year end is \$8,104,177. This is a \$19,979 increase over last year's net position of \$8,084,198. The following table provides a summary of the District's net position at December 31st:

MANAGEMENT'S DISCUSSION AND ANALYSIS As of and for the Years Ended December 31, 2017 and 2016

FINANCIAL ANALYSIS (cont.)

2017 had decreased rainfall as compared to 2016. The aquifer slightly dropped its level in 2017 to 667 feet from 685 at the end of 2016. This resulted in an increase in water consumption and increased revenues.

2016 saw above average rainfall, which lifted the drought. The aquifer rose from 667 feet at the end of 2015 to 685 at the end of 2016. This resulted in a decrease in water consumption resulting in lower revenues than expected.

FINANCIAL ANALYSIS (cont.)

Comparison of Revenues

Although revenues fell short of budget in 2017, the District's rate structure ensures that its financial objectives are achieved. With only modest rate adjustments the District will be able to meet its objectives of creating enough revenue to ensure day-to-day operations are adequately funded, charge premium rates high enough to discourage waste, and generate enough revenue to meet its long term strategic objectives.

While on the subject of rates, it should be noted that annual rate adjustments, while unpopular, should be recognized as a necessary evil. The cost of providing service is on the rise on all fronts. Personnel costs grow with seniority of staff (cost of living, longevity, promotions, insurance, etc), equipment cost (purchase and maintenance) go up, regulatory expenses creep up, utility costs go up because of their increased cost of doing business. The list is endless. In some areas such as fuel and metals, the changes can be explosive. Failing to systematically pursue rate increases usually results in financial uncertainty for the entity with the result it has to impose a large, and consequently very unpopular, rate increase. Or succumb to rate payer pressure to reduce the increase, thereby worsening the financial problem. It has been and remains this District's policy to pass along rate increases as expenses rise. However, not all is doom and gloom; the customers of this District still enjoy the lowest rates in the region and are only about one-half what its nearest competitor, the San Antonio Water System, charges. The Edwards Aquifer Authority (EAA) Fees were adjusted to meet requirements.

Investment returns in 2017 and 2016 were low. The weighted return was low on the District's \$517,127 invested in certificates of deposit in 2016 so the District reduced their investments to \$396,735 in 2017. Inflation remained low 1.3% for the year. The District's options are limited by the State's public investment rules.

See accompanying independent auditors' report.

CAPITAL ASSETS

2017

The District's investment in capital assets, net of accumulated depreciation, as of December 31, 2017, was \$6,820,540. The total decrease in this net investment was 2.46%. See Note 3 (on Pages 19-20) for additional information about changes in capital assets during the calendar year.

In 2017, the District completed the 2016 water replacement project and performed the Spanish Moss sewer main replacement of 151 feet of main and 1 manhole. In addition, a new trailer for the Vector Jetter and new SCADA servers were purchased. Engineering and design began in 2017 for the upcoming 2018-2020 infrastructure replacement project.

2016

The District's investment in capital assets, net of accumulated depreciation, as of December 31, 2016, was \$6,992,301. The total increase in this net investment was 7.37%. See Note 3 (on Pages 19-20) for additional information about changes in capital assets during the calendar year.

In 2016, the Board authorized the purchase of new property for District offices. Large commercial meters were replaced through the Board approved project. The District's continued the infrastructure replacement project into 2016. The project included replacing 2,775 feet of water main including 3 new connections, numerous fire hydrants and valves. Essentially all infrastructure replacement was completed by the end of the year and only cleanup and demobilization remained. While all bills were not paid at the end of the year, the cost of the project will be nearly \$640,000 when completed.

MANAGEMENT'S DISCUSSION AND ANALYSIS
As of and for the Years Ended December 31, 2017 and 2016

BUDGET, ECONOMIC ENVIRONMENT, AND PROJECTED PROJECTS

The District is on solid financial ground. It has one goal in mind: to have the necessary resources and reserves available to ensure the District is able to continue providing safe, affordable water. The numbers in this report support that objective, and we've done that without losing sight of the general economic difficulties we currently face; we have some of the lowest, if not the lowest rates in the region.

The one factor we cannot control is the weather. It directly effects water consumption and can have pronounced effects on the revenue derived from sales. Our budget is based on an "average" year as best we can define that term, but is weighted toward a wet year. This assures that if we have a wet year and the attendant drop in both water and wastewater revenue, we will be able to meet expenses and still build critical reserves.

One of the long term objectives of this District is to continue rehabilitating and upgrading our water and wastewater infrastructure. We began that effort in 1997 and have had a project under way or in the planning stage continuously since then. In that time, we have spent over \$5.47 million on system upgrades and acquisitions. In 2013/2014 alone, we spent \$1.32 million on capital additions and improvements. Our Capital Improvement Plan calls for us to continue dedicating at least \$300,000 per year to those efforts. In addition to infrastructure upgrades, the District has also been building reserves for refurbishing the District's ground and elevated storage facilities, building its own administrative complex and repairing or replacing a well.

We have confidence in the future because of work performed in the past.

NOTES TO FINANCIAL STATEMENTS As of and for the Years Ended December 31, 2017 and 2016

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

REPORTING ENTITY

Bexar County Water Control and Improvement District No. 10 (the District) is a governmental agency that was created by an order of the Texas Water Rights Commission on November 28, 1955 under Section 59 of Article 16 of the Texas Constitution and operates under Chapter 49 of the Texas Water Code.

The creation of the District was confirmed by the electorate of the District at a confirmation election held on February 4, 1956. The board of directors held its first meeting on January 17, 1956 and the first bonds were sold on January 1, 1958.

The District is governed by an elected board of directors. As a water district, it is not controlled by, or dependent upon, any other entity, and does not exercise control over operations of any other entity.

The financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to enterprise funds of governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

The significant accounting principles and policies utilized by the District are described below.

MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The financial statements of the District are reported using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION

Deposits and Investments

For purposes of the statement of cash flows, cash, and cash equivalents have original maturities of three months or less from the date of acquisition.

The District may invest its excess funds in any instruments authorized by the Public Funds Investment Act of Texas (the Act). The District is allowed to invest in (1) obligations of the United States or its agencies and instrumentalities; (2) direct obligations of the State of Texas or its agencies; (3) other obligations, the principal of and interest on which are unconditionally guaranteed or insured by the State of Texas or the United States; (4) obligations of states, agencies, counties, cities, and other political subdivisions of any state having been rated as to investment quality by a nationally recognized investment rating firm and having received a rating of not less than "AA" or its equivalent; (5) certificates of deposit issued by state and national banks domiciled in Texas that are guaranteed or insured by the Federal Deposit Insurance Corporation or its successor, or secured by obligations mentioned above or credit unions that are guaranteed by the National Credit Union Association; and (6) fully collateralized direct repurchase agreements having a defined termination date.

The District has adopted an investment policy. That policy follows the state statute for allowable investments. For the years ended December 31, 2017 and 2016, the District invested strictly in certificates of deposit and investment pools. The Investment pool is recorded at amortized cost without any limitations or restrictions on withdrawals.

Receivables

All receivables are reported at gross values. There is no estimate for uncollectible amounts for water and wastewater accounts as the District has not had a history of uncollectible amounts.

Inventory

Inventory consists primarily of equipment and small parts that are used in the repair and maintenance of the District's existing gathering and distribution systems. The inventory is stated at the lower of cost (first-in, first-out method) or market value.

Preliminary Survey and Investigation

The balance represents initial project engineering costs related to District plant construction. The balance will be capitalized upon commencement of the project.

Capital Assets

Capital assets, which include land, water rights, gathering and distribution systems, machinery, equipment, and vehicles are reported in the District's financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. When capital assets are purchased, they are capitalized and depreciated in the financial statements.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION (cont.)

Capital Assets (cont.)

Capital assets are valued at cost where historical records are available and at an estimated cost where no records exist. Donated capital assets are valued at their estimated acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Improvements to capital assets that materially extend the life of the asset or add to the value are capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Capital assets are depreciated over their useful lives on a straight-line basis as follows:

<u>Assets</u>	<u>Years</u>
Gathering and Distribution Systems	15 - 40
Equipment	3 - 10

Deferred Outflow of Resources

A deferred outflow of resources represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense) until that future time.

Accrued Expenses

Accrued expenses consists of accrued assessments and benefit related liabilities.

Customer Deposits

This account represents amounts received from new or delinquent customers. Deposits are refunded to the customer or credited to the customer's account after 12 months of good payment history or upon termination of services. The District does not pay interest on deposits. The corresponding cash is shown as restricted for customer deposits.

Compensated Absences

All full-time employees are entitled to certain compensated absences based on their length of employment. With minor exceptions, compensated absences for sickness do not vest or accumulate and are recorded as an expense when they are paid. Compensated absences for vacation pay and compensated time do have a vesting portion based on hours accumulated times the current rate of pay to be paid upon retirement, release from employment, or resignation. A liability for this amount is reflected in the financial statements.

ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION (cont.)

Pension Plan

The District provides pension benefits for all its full-status employees through the Texas County and District Retirement System.

Deferred Inflows of Resources

A deferred inflow of resources represents an acquisition of net position that applies to a future period and therefore will not be recognized as an inflow of resources (revenue) until that future time.

REVENUES AND EXPENSES

The District distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the District's principal ongoing operations. The principal operating revenues of the districts are charges for water and wastewater services. Operating expenses for the District include the cost of goods and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Charges for Services

Billings are rendered and recorded monthly based on metered usage. The District does not accrue revenues beyond billing dates.

Current water rates were approved by the board effective November 19, 2015.

Current wastewater rates were approved by the board effective January 19, 2017.

EFFECT OF NEW ACCOUNTING STANDARDS ON CURRENT PERIOD FINANCIAL STATEMENTS

GASB has approved GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, Statement No. 83 *Certain Asset Retirement Obligations*, Statement No. 84, *Fiduciary Activities*, Statement No. 85, *Omnibus*, Statement No. 86, *Certain Debt Extinguishment Issues*, and Statement No. 87, *Leases*. When they become effective, application of these standards may restate portions of these financial statements.

Totals	\$ 1,476,962	\$ 1,382,379	

Deposits in each local and area bank are insured by the FDIC in the amount of \$250,000 for time and savings accounts (including NOW accounts) and \$250,000 for demand deposit accounts (interest bearing and noninterest bearing). In addition, if deposits are held in an institution outside of the state in which the government is located, insured amounts are further limited to a total of \$250,000 for the combined amount of all deposit accounts.

Deposits in credit unions are insured by the National Credit Union Administration in the amount of \$250,000 for all share draft accounts and \$250,000 for all share certificate and regular share accounts as of December 31, 2017 and 2016.

CUSTODIAL CREDIT RISK

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned or the District will not be able to recover collateral securities in the possession of an outside party. The District's policy requires deposits to be collateralized by securities pledged by the District's agent, the District's financial institution or the financial institution's trust department, less the amounts of the Federal Deposit Insurance Corporation insurance (FDIC) and the National Credit Union Administration (NCUA). The board of directors approves and designates all authorized depository institutions.

The District's total deposits at banks as of December 31, 2017 and 2016 was \$1,252,970 and \$1,169,896, respectively. In addition, the utility has collateral or depository insurance agreements in the amount of \$839,350 and \$938,719 at December 31, 2017 and 2016, respectively. No amounts were exposed to custodial credit risk as of December 31, 2017 and 2016.

CREDIT RISK

Credit risk is the risk that an insurer or other counterparty to an investment will not fulfill its obligations. Investing is performed in accordance with the investment policies adopted by the board of directors in complying with state statutes. State law limits investments in investment pools to those continuously rated no lower than "AAA" or an equivalent rating by at least one nationally recognized rating service. The District's investment policy does not further limit its investment choices. As of December 31, 2017 and 2016, the District's pooled investments were rated "AAA" by Standard and Poor's.

PLAN DESCRIPTION

The District provides retirement, disability, and death benefits for all of its full-time employees through a nontraditional defined benefit pension plan in the statewide Texas County and District Retirement System (TCDRS). The board of trustees of TCDRS is responsible for the administration of the statewide agent multiple-employer public employee retirement system consisting of 656 nontraditional defined benefit pension plans. TCDRS in aggregate issues a comprehensive annual financial report (CAFR) on a calendar year basis. The most recent comprehensive annual financial report for TCDRS can be found at the following link, www.tcdrs.org.

NOTE 4 – EMPLOYEES’ RETIREMENT SYSTEM (cont.)

BENEFITS PROVIDED

All full- and part-time nontemporary employees participate in the plan, regardless of the number of hours they work in a year. Employees in a temporary position are not eligible for membership. The plan provides retirement, disability and survivor benefits. TCDRS is a savings-based plan. For the District's plan, 7% of each employee's pay is deposited into his or her TCDRS account. By law, employee accounts earn 7% interest on beginning of year balances annually. At retirement, the account is matched at an employer set percentage (current match is 100%) and is then converted to an annuity. There are no automatic COLAs. Each year, the District may elect an ad hoc COLA for its retirees (if any). There are two COLA types, each limited by actual inflation.

Employees Covered by Benefit Terms

At the valuation and measurement date, the following employees were covered by the benefit terms as of December 31, 2016 and 2015:

Inactive employees or beneficiaries currently receiving benefits	4
Inactive employees entitled to but not yet receiving benefits	1
Active employees	<u>7</u>
Total	<u><u>12</u></u>

CONTRIBUTIONS

The contributions rates for employees in TCDRS are either 4%, 5%, 6%, or 7% of employees gross earnings, as adopted by the employer's governing body. Participating employers are required to contribute at actuarially determined rates to ensure adequate funding for each employer's plan. Employer contribution rates are determined annually and approved by the TCDRS Board of Trustees. The employee deposit rate and the employer contribution rate may be changed by the governing body of the employer within the options available to the TCDRS Act.

The District has elected the variable rate plan provisions of the TCDRS Act. The plan is funded by monthly contributions from both employee members and the employer, based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the employer is actuarially determined annually. The District contribution rate is based on the TCDRS funding policy adopted by the TCDRS Board of Trustees and must conform with the TCDRS Act. The District contributed using the actuarially determined rate of 7.0% for the 2017 and 2016 calendar years. The employee contribution rates are set by the District and are 7.0% for the 2017 and 2016 calendar years.

NET PENSION LIABILITY

The District's Net Pension Liability (NPL) recorded as of December 31, 2017 and 2016 was measured as of December 31, 2016 and 2015, respectively, and the Total Pension Liability (TPL) used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date. The December 31, 2016 actuarial valuation is the most recent valuation.

Actuarial Valuation Information

The Total Pension Liability in the December 31, 2016 and 2015 actuarial valuations were determined using the following actuarial assumptions:

Actuarial Valuation Dates:	December 31, 2016 and 2015
Actuarial Cost Method:	Entry Age
Amortization Method:	Level Percentage of Payroll, Closed
Amortization Period:	2.4 Years
Asset Valuation Method:	5 Year Smoothed Value
Actuarial Assumptions:	
Investment Return* (includes administrative expenses)	8.1%
Projected Salary Increase*	4.9
Inflation	3.0
Cost-of-Living Adjustments	0.0

* Includes inflation at the stated rate.

The annual salary increase rates assumed for individual members vary by length of service and by entry-age group. The annual rates consist of a general wage inflation component of 3.5% (made up of 3.0% inflation and 0.5% productivity increase assumptions) and a merit, promotion and longevity component that on average approximates 1.4% per year for a career employee. Mortality rates for active members were based on gender-distinct RP2000 Active Employee Mortality Table with a projection scale AA, a two-year set-forward for males, and a four-year set-back for females. Mortality rates for retirees, beneficiaries, and nonactive members were based on the gender-distinct RP2000 Combined Healthy Mortality Table, with the projection scale AA, with a one-year set-forward for males and no age adjustment for females. For disabled annuitants, the gender-distinct RP2000 Disabled Retiree Mortality Table is used, with the projection scale AA, no age adjustment for males, and a two-year set-forward for females.

The long-term expected rate of return on pension plan investments is 8.1%. The pension plan’s policy in regard to the allocation of invested assets is established and may be amended by the TCDRS Board of Trustees. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income, in order to satisfy the short-term and long-term funding needs of TCDRS.

The long-term expected rate of return on TCDRS assets is determined by adding expected inflation to expected long-term real returns, and reflecting expected volatility and correlation. The valuation assumption for long-term expected return is re-assessed at a minimum of every four years, and is set based on a 30-year time horizon; the most recent analysis was performed in 2013.

Distressed Debt	3.0%	6.70%
REIT equities	2.0%	3.85%
Master Limited Partnerships (MLPs)	3.0%	5.60%
Private real estate partnerships	6.0%	7.20%
Hedge funds	20.0%	3.85%
 Total	 <u>100.0%</u>	

⁽¹⁾ Target asset allocation adopted at the April 2017 TCDRS Board meeting.

⁽²⁾ Geometric real rates of return equal the expected return minus the assumed inflation rate of 2.0%, per Cliffwater’s 2017 capital market assumptions.

Discount Rate

A single discount rate of 8.1% was used to measure the Total Pension Liability as of December 31, 2016 and 2015. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan’s Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the Total Pension Liability.

APPENDIX E

FORM OF LEGAL OPINION OF BOND COUNSEL

[This page is intentionally left blank.]

Proposed Form of Opinion of Bond Counsel

*An opinion in substantially the following form will be delivered by
McCall, Parkhurst & Horton L.L.P., Bond Counsel, upon the delivery of the Notes,
assuming no material changes in facts or law.*

March __, 2019

**BEXAR COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 10
WATERWORKS AND SEWER SYSTEM REVENUE NOTES, SERIES 2019
DATED AS OF FEBRUARY 15, 2019
IN THE AGGREGATE PRINCIPAL AMOUNT OF \$4,950,000**

AS BOND COUNSEL FOR THE BEXAR COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 10 (the "**District**") in connection with the issuance of the notes described above (the "**Notes**"), we have examined into the legality and validity of the Notes, which bear interest from the dates specified in the text of the Notes until maturity or prior redemption at the rates, and are payable on the dates, as stated in the text of the Notes, all in accordance with the terms and conditions stated in the text of the Notes.

WE HAVE EXAMINED the applicable and pertinent provisions of the Constitution and laws of the State of Texas and a transcript of certified proceedings of the District, and other pertinent instruments authorizing and relating to the issuance of the Notes including (i) the resolution authorizing the issuance of the Notes (the "**Resolution**"), (ii) one of the executed Notes (Note No. T-1), and (iii) the District's Federal Tax Certificate of even date herewith.

BASED ON SAID EXAMINATION, IT IS OUR OPINION that the Notes have been authorized, issued and delivered in accordance with law; that the Notes constitute valid and legally binding general obligations of the District in accordance with their terms except as the enforceability thereof may be limited by governmental immunity, bankruptcy, insolvency, reorganization, moratorium, liquidation and other similar laws now or hereafter enacted relating to creditors' rights generally; that the District has the legal authority to issue the Notes and to repay the Notes; and that the Notes are special obligations of the District, secured by and payable from an irrevocable first and prior lien on and pledge of the "Net Revenues" (as defined and described in the Resolution) derived from the operation of the District's combined Waterworks and Sewer System.

THE DISTRICT HAS RESERVED THE RIGHT, subject to the restrictions stated in the Resolution, to issue additional parity revenue bonds, designated as "Additional Obligations" in the Resolution, which also may be secured by and payable from an irrevocable lien on and pledge of the aforesaid Net Revenues on a parity and of equal dignity in all respects with the Notes.

THE DISTRICT ALSO HAS RESERVED THE RIGHT to amend the Resolution with the approval of the holders and owners of at least 51% of all outstanding Parity Obligations (as defined in the Resolution), subject to the restrictions stated in the Resolution.

IT IS FURTHER OUR OPINION, except as discussed below, that the interest on the Notes is excludable from the gross income of the owners for federal income tax purposes under the statutes, regulations, published rulings and court decisions existing on the date of this opinion. We are further of the opinion that the Notes are not "specified private activity bonds" and that, accordingly, interest on the Notes will not be included as an individual alternative minimum tax preference item under section 57(a)(5) of the Internal Revenue Code of 1986 (the "**Code**"). In expressing the aforementioned opinions, we have relied on, and assumed compliance by the District with, certain representations and covenants regarding the use and investment of the proceeds of the Notes. We call your attention to the fact that failure by the District to comply with such representations and covenants may cause the interest on the Notes to become includable in gross income retroactively to the date of issuance of the Notes.

EXCEPT AS STATED ABOVE, we express no opinion as to any other federal, state or local tax consequences of acquiring, carrying, owning or disposing of the Notes, including the amount, accrual or receipt of interest on, the Notes. Owners of the Notes should consult their tax advisors regarding the applicability of any collateral tax consequences of owning the Notes.

OUR OPINIONS ARE BASED ON EXISTING LAW, which is subject to change. Such opinions are further based on our knowledge of facts as of the date hereof. We assume no duty to update or supplement our opinions to reflect any facts or circumstances that may thereafter come to our attention or to reflect any changes in any law that may thereafter occur or become effective. Moreover, our opinions are not a guarantee of a result and are not binding on the Internal Revenue Service (the "**Service**"); rather, such opinions represent our legal judgment based upon our review of existing law and in reliance upon the representations and covenants referenced above that we deem relevant to such opinions. The Service has an ongoing audit program to determine compliance with rules that relate to whether interest on state or local obligations is includable in gross income for federal income tax purposes. No assurance can be given whether or not the Service will commence an audit of the Notes. If an audit is commenced, in accordance with its current published procedures the Service is likely to treat the District as the taxpayer. We observe that the District has covenanted not to take any action, or omit to take any action within its control, that if taken or omitted, respectively, may result in the treatment of interest on the Notes as includable in gross income for federal income tax purposes.

OUR SOLE ENGAGEMENT in connection with the issuance of the Notes is as Bond Counsel for the District, and, in that capacity, we have been engaged by the District for the sole purpose of rendering an opinion with respect to the legality and validity of the Notes under the Constitution and laws of the State of Texas, and with respect to the exclusion from gross income of the interest on the Notes for federal income tax purposes, and for no other reason or purpose. The foregoing opinions represent our legal judgment based upon a review of existing legal authorities that we deem relevant to render such opinions and are not a guarantee of a result. We have not been requested to investigate or verify, and have not independently investigated or verified, any records, data, or other material relating to the

financial condition or capabilities of the District, or the disclosure thereof in connection with the sale of the Notes, and have not assumed any responsibility with respect thereto. We express no opinion and make no comment with respect to the marketability of the Notes and have relied solely on certificates executed by officials of the District as to the current outstanding indebtedness of, and the sufficiency of the Net Revenues of, the District. Our role in connection with the District's Official Statement prepared for use in connection with the sale of the Notes has been limited as described therein.

Respectfully,

[This page is intentionally left blank.]
