

OFFICIAL STATEMENT DATED OCTOBER 24, 2019

IN THE OPINION OF BOND COUNSEL, THE BONDS ARE VALID OBLIGATIONS OF FORT BEND COUNTY MUNICIPAL UTILITY DISTRICT NO. 142, AND INTEREST ON THE BONDS IS EXCLUDABLE FROM GROSS INCOME FOR PURPOSES OF FEDERAL INCOME TAXATION UNDER STATUTES, REGULATIONS, PUBLISHED RULINGS AND COURT DECISIONS EXISTING ON THE DATE OF SUCH OPINION. SEE "LEGAL MATTERS" HEREIN FOR A DISCUSSION OF THE OPINION OF BOND COUNSEL.

The Bonds will be designated as "qualified tax-exempt obligations" for financial institutions. See "LEGAL MATTERS - Qualified Tax-Exempt Obligations."

NEW ISSUE - Book-Entry Only

\$2,825,000

FORT BEND COUNTY MUNICIPAL UTILITY DISTRICT NO. 142 (A Political Subdivision of the State of Texas located within Fort Bend County, Texas) UNLIMITED TAX BONDS, SERIES 2019

Dated: November 1, 2019

Due: September 1, as shown below

Principal of the above bonds (the "Bonds") is payable to the registered owners thereof (the "Registered Owners") by the paying agent/registrar, initially, The Bank of New York Mellon Trust Company, N. A., currently in Dallas, Texas, or any successor paying agent/registrar (the "Paying Agent," "Registrar" or "Paying Agent/Registrar"). Interest on the Bonds accrues from November 1, 2019, and is payable on March 1, 2020 (four-month interest payment), and on each September 1 and March 1 thereafter until the earlier of maturity or redemption. Interest will be calculated on the basis of a 360-day year comprised of twelve 30-day months. The Bonds are issued in denominations of \$5,000 or any integral multiple thereof in fully registered form only.

The Bonds are subject to redemption, in whole or in part, prior to their scheduled maturities on September 1, 2024, or on any date thereafter, at the option of Fort Bend County Municipal Utility District No. 142 (the "District"). Upon redemption, the Bonds will be payable at a price equal to the principal amount of the Bonds or the portions thereof so called for redemption, plus accrued interest to the date of redemption. If fewer than all of the Bonds are redeemed at any time, the particular maturities and amounts of the Bonds to be redeemed shall be selected by the District in integral multiples of \$5,000 within any one maturity. If fewer than all of the Bonds of any given maturity are to be redeemed at any time, the particular Bonds to be redeemed shall be selected by such method of random selection as determined by the Registrar (or by DTC, as defined below, in accordance with its procedures while the Bonds are in book-entry-only form). The Registered Owner of any Bond, all or a portion of which has been called for redemption, shall be required to present same to the Registrar for payment of the redemption price on the portion of the Bond so called for redemption and issuance of a new Bond in the principal amount equal to the portion of such Bond not redeemed.

The scheduled payment of principal of and interest on the Bonds when due will be guaranteed under a municipal bond insurance policy to be issued concurrently with the delivery of the Bonds by Build America Mutual Assurance Company ("BAM" or the "Insurer").

MATURITY SCHEDULE CUSIP Prefix (a) 34681W

**\$1,525,000 Term Bonds, Due September 1, 2044 (b)(c), CUSIP Suffix VD3 (a), Interest Rate 3.00% (Yield 3.00%)(d)
\$1,300,000 Term Bonds, Due September 1, 2046 (b)(c), CUSIP Suffix VF8 (a), Interest Rate 3.00% (Yield 3.01%)(d)**

- (a) CUSIP is a registered trademark of the American Bankers Association. CUSIP data is provided by CUSIP Global Services, managed by S&P Global Market Intelligence on behalf of the American Bankers Association. CUSIP numbers have been assigned to this issue by the CUSIP Service Bureau and are included solely for the convenience of the owners of the Bonds. This data is not intended to create a database and does not serve in any way as a substitute for the CUSIP services. Neither the District (hereinafter defined), the Financial Advisor (hereinafter defined), nor the Underwriter (defined herein) take any responsibility for the accuracy of CUSIP numbers.
- (b) Subject to optional redemption as described above.
- (c) Subject to mandatory redemption by lot or other customary method of random selection on September 1 in the years and in the amounts set forth herein under the caption "THE BONDS – Redemption Provisions."
- (d) Information with respect to the initial reoffering yields of the Bonds is the responsibility of the Underwriter (as defined herein). Initial reoffering yields represent the initial offering price to the public which has been established by the Underwriter for public offerings, and which subsequently may be changed.

The Bonds will be registered and delivered only in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York (the "DTC"), which will act as securities depository for the Bonds. Beneficial Owners (as defined herein under "BOOK-ENTRY-ONLY SYSTEM") of the Bonds will not receive physical certificates representing the Bonds, but will receive a credit balance on the books of the DTC participants. So long as Cede & Co. is the registered owner of the Bonds, the principal of and interest on the Bonds will be paid by the Paying Agent directly to DTC, which will, in turn, remit such principal and interest to its participants for subsequent disbursement to the Beneficial Owners. In reading this Official Statement, it should be understood that while the Bonds are in the Book-Entry-Only System, references in other sections of this Official Statement to Registered Owners should be read to include the person for which the Direct or Indirect Participant (as defined under "BOOK-ENTRY-ONLY SYSTEM") acquires an interest in the Bonds, but (i) all rights or ownership must be exercised through DTC and the Book-Entry Only System, and, (ii) except as described herein, notices that are to be given to Registered Owners under the Bond Order (defined herein) will be given only to DTC. See "BOOK-ENTRY-ONLY SYSTEM."

The Bonds, when issued, will constitute valid and legally binding obligations of the District, and will be payable from the proceeds of an annual ad valorem tax, without legal limitation as to rate or amount, levied upon all taxable property within the District, as further described herein. See "THE BONDS – Source and Security for Payment." The Bonds are obligations solely of the District and are not obligations of the State of Texas, Fort Bend County, the City of Houston, or any entity other than the District. Investment in the Bonds is subject to special investment considerations as described herein. See "INVESTMENT CONSIDERATIONS."

The Bonds are offered when, as and if issued by the District, subject, among other things, to the approval of the Bonds by the Attorney General of Texas and the approval of certain legal matters by Schwartz, Page & Harding, L.L.P., Houston, Texas, Bond Counsel. Delivery of the Bonds in book-entry form through DTC is expected on or about November 26, 2019.

APPENDIX C - SPECIMEN OF MUNICIPAL BOND INSURANCE POLICY

USE OF INFORMATION IN OFFICIAL STATEMENT

No dealer, broker, salesman or other person has been authorized by the District or the Underwriter (defined below) to give any information or to make any representations other than those contained in this Official Statement, and, if given or made, such other information or representations must not be relied upon as having been authorized by the District or the Underwriter.

This Official Statement does not constitute, and is not authorized by the District for use in connection with, an offer to sell or the solicitation of an offer to buy in any state in which such offer or solicitation is not authorized or in which the person making such offer or solicitation is not qualified to do so or to any person to whom it is unlawful to make such offer or solicitation.

All of the summaries of the statutes, resolutions, contracts, audited financial statements, engineering and other related reports set forth in this Official Statement are made subject to all of the provisions of such documents. These summaries do not purport to be complete statements of such provisions, and reference is made to such documents, copies of which are available from the District c/o Schwartz, Page & Harding, L.L.P., 1300 Post Oak Blvd., Suite 1400, Houston, Texas 77056 upon payment of the costs for duplication thereof.

This Official Statement contains, in part, estimates, assumptions and matters of opinion which are not intended as statements of fact, and no representation is made as to the correctness of such estimates, assumptions or matters of opinion, or as to the likelihood that they will be realized. Any information and expressions of opinion herein contained are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the condition of the District or other matters described herein since the date hereof. However, the District has agreed to keep this Official Statement current by amendment or sticker to reflect material changes in the affairs of the District and, to the extent that information actually comes to its attention, the other matters described in this Official Statement until delivery of the Bonds to the Underwriter and thereafter only as described under "GENERAL CONSIDERATIONS - Updating of Official Statement."

Neither the District nor the Underwriter make any representations as to the accuracy, completeness, or adequacy of the information supplied by The Depository Trust Company for use in this Official Statement.

This Official Statement contains "forward-looking" statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, which generally can be identified with words or phrases such as "anticipates," "believes," "could," "estimates," "expects," "foresees," "may," "predict," "should," "will" or other words or phrases of similar import. All statements included in this Official Statement that any person expects or anticipates will, should or may occur in the future are forward-looking statements. These statements are based on assumptions and analyses made in light of experience and perceptions of historical trends, current conditions and expected future developments as well as other factors the District believes are appropriate in the circumstances. However, whether actual results and developments conform with expectations and predictions is subject to a number of risks and uncertainties, including, without limitation, the information discussed under "INVESTMENT CONSIDERATIONS" in this Official Statement, as well as additional factors beyond the District's control. The important investment considerations and assumptions described under that caption and elsewhere herein could cause actual results to differ materially from those expressed in any forward-looking statement. All of the forward-looking statements made in this Official Statement are qualified by these cautionary statements.

Build America Mutual Assurance Company ("BAM") makes no representation regarding the Bonds or the advisability of investing in the Bonds. In addition, BAM has not independently verified, makes no representation regarding, and does not accept any responsibility for the accuracy or completeness of this Official Statement or any information or disclosure contained herein, or omitted herefrom, other than with respect to the accuracy of the information regarding BAM supplied by BAM and presented under the heading "BOND INSURANCE" and "APPENDIX C - SPECIMEN OF MUNICIPAL BOND INSURANCE POLICY."

SALE AND DISTRIBUTION OF THE BONDS

Award and Marketing of the Bonds

After requesting competitive bids for the Bonds, the District has accepted the lowest bid, which was tendered by SAMCO Capital Markets, Inc. (the “Underwriter”), to purchase the Bonds bearing the interest rates shown under “MATURITY SCHEDULE” on the cover page hereof at a price of 98.543257% of the principal amount thereof, plus accrued interest to the date of delivery, which resulted in a net effective interest rate of 3.057771% as calculated pursuant to Chapter 1204, Texas Government Code, as amended.

Prices and Marketability

The delivery of the Bonds is conditioned upon the receipt by the District of a certificate executed and delivered by the Underwriter on or before the date of delivery of the Bonds stating the issue prices of each maturity of the Bonds. Otherwise, the District has no understanding with the Underwriter regarding the reoffering yields or prices of the Bonds and has no control over trading of the Bonds after a bona fide offering of the Bonds is made by the Underwriter at the yields specified on the cover page. Information concerning reoffering yields or prices is the responsibility of the Underwriter.

The prices and other terms respecting the offering and sale of the Bonds may be changed from time to time by the Underwriter after the Bonds are released for sale, and the Bonds may be offered and sold at prices other than the initial offering price, including sales to dealers who may sell the Bonds into investment accounts.

IN CONNECTION WITH THE OFFERING OF THE BONDS, THE UNDERWRITER MAY OVER-ALLOT OR EFFECT TRANSACTIONS WHICH STABILIZE OR MAINTAIN THE MARKET PRICE OF THE BONDS AT A LEVEL ABOVE THAT WHICH MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME.

Securities Laws

No registration statement relating to the Bonds has been filed with the United States Securities and Exchange Commission under the Securities Act of 1933, as amended, in reliance upon the exemptions provided thereunder. The Bonds have not been registered or qualified under the Securities Act of Texas in reliance upon various exemptions contained therein, nor have the Bonds been registered or qualified under the securities laws of any other jurisdiction. The District assumes no responsibility for registration or qualification of the Bonds under the securities laws of any other jurisdiction in which the Bonds may be offered, sold or otherwise transferred. This disclaimer of responsibility for registration or qualification for sale or other disposition of the Bonds shall not be construed as an interpretation of any kind with regard to the availability of any exemption from securities registration or qualification provisions in such other jurisdictions.

BOND INSURANCE

Bond Insurance Policy

Concurrently with the issuance of the Bonds, Build America Mutual Assurance Company (“BAM” or the “Insurer”) will issue its Municipal Bond Insurance Policy for the Bonds (the “Policy”). The Policy guarantees the scheduled payment of principal of and interest on the Bonds when due as set forth in the form of the Policy included as an exhibit to this Official Statement.

The Policy is not covered by any insurance security or guaranty fund established under New York, California, Connecticut or Florida insurance law.

Build America Mutual Assurance Company

BAM is a New York domiciled mutual insurance corporation and is licensed to conduct financial guaranty insurance business in all fifty states of the United States and the District of Columbia. BAM provides credit enhancement products solely to issuers in the U.S. public finance markets. BAM will only insure obligations of states, political subdivisions, integral parts of states or political subdivisions or entities otherwise eligible for the exclusion of income under section 115 of the U.S. Internal Revenue Code of 1986, as amended. No member of BAM is liable for the obligations of BAM. The address of the principal executive offices of BAM is: 200 Liberty Street, 27th Floor, New York, New York 10281; its telephone number is: 212-235-2500, and its website is located at: www.buildamerica.com.

BAM is licensed and subject to regulation as a financial guaranty insurance corporation under the laws of the State of New York and in particular Articles 41 and 69 of the New York Insurance Law.

BAM's financial strength is rated "AA/Stable" by S&P Global Ratings, a business unit of Standard & Poor's Financial Services LLC ("S&P"). An explanation of the significance of the rating and current reports may be obtained from S&P at www.standardandpoors.com. The rating of BAM should be evaluated independently. The rating reflects the S&P's current assessment of the creditworthiness of BAM and its ability to pay claims on its policies of insurance. The above rating is not a recommendation to buy, sell or hold the Bonds, and such rating is subject to revision or withdrawal at any time by S&P, including withdrawal initiated at the request of BAM in its sole discretion. Any downward revision or withdrawal of the above rating may have an adverse effect on the market price of the Bonds. BAM only guarantees scheduled principal and scheduled interest payments payable by the issuer of the Bonds on the date(s) when such amounts were initially scheduled to become due and payable (subject to and in accordance with the terms of the Policy), and BAM does not guarantee the market price or liquidity of the Bonds, nor does it guarantee that the rating on the Bonds will not be revised or withdrawn.

Capitalization of BAM

BAM's total admitted assets, total liabilities, and total capital and surplus, as of June 30, 2019 and as prepared in accordance with statutory accounting practices prescribed or permitted by the New York State Department of Financial Services were \$525 million, \$114 million and \$411 million, respectively.

BAM is party to a first loss reinsurance treaty that provides first loss protection up to a maximum of 15% of the par amount outstanding for each policy issued by BAM, subject to certain limitations and restrictions.

BAM's most recent Statutory Annual Statement, which has been filed with the New York State Insurance Department and posted on BAM's website at www.buildamerica.com, is incorporated herein by reference and may be obtained, without charge, upon request to BAM at its address provided above (Attention: Finance Department). Future financial statements will similarly be made available when published.

BAM makes no representation regarding the Bonds or the advisability of investing in the Bonds. In addition, BAM has not independently verified, makes no representation regarding, and does not accept any responsibility for the accuracy or completeness of this Official Statement or any information or disclosure contained herein, or omitted herefrom, other than with respect to the accuracy of the information regarding BAM, supplied by BAM and presented under the heading "BOND INSURANCE."

Additional Information Available from BAM

Credit Insights Videos. For certain BAM-insured issues, BAM produces and posts a brief Credit Insights video that provides a discussion of the obligor and some of the key factors BAM's analysts and credit committee considered when approving the credit for insurance. The Credit Insights videos are easily accessible on BAM's website at buildamerica.com/creditinsights/. (The preceding website address is provided for convenience of reference only. Information available at such address is not incorporated herein by reference.)

Credit Profiles. Prior to the pricing of bonds that BAM has been selected to insure, BAM may prepare a pre-sale Credit Profile for those bonds. These pre-sale Credit Profiles provide information about the sector designation (e.g. general obligation, sales tax); a preliminary summary of financial information and key ratios; and demographic and economic data relevant to the obligor, if available. Subsequent to closing, for any offering that includes bonds insured by BAM, any pre-sale Credit Profile will be updated and superseded by a final Credit Profile to include information about the gross par insured by CUSIP, maturity and coupon. BAM pre-sale and final Credit Profiles are easily accessible on BAM's website at buildamerica.com/obligor/. BAM will produce a Credit Profile for all bonds insured by BAM, whether or not a pre-sale Credit Profile has been prepared for such bonds. (The preceding website address is provided for convenience of reference only. Information available at such address is not incorporated herein by reference.)

Disclaimers. The Credit Profiles and the Credit Insights videos and the information contained therein are not recommendations to purchase, hold or sell securities or to make any investment decisions. Credit-related and other analyses and statements in the Credit Profiles and the Credit Insights videos are statements of opinion as of the date expressed, and BAM assumes no responsibility to update the content of such material. The Credit Profiles and Credit Insights videos are prepared by BAM and have not been reviewed or approved by the issuer of or the underwriter for the Bonds, and they assume no responsibility for their content.

BAM receives compensation (an insurance premium) for the insurance that it is providing with respect to the Bonds. Neither BAM nor any affiliate of BAM has purchased, or committed to purchase, any of the Bonds, whether at the initial offering or otherwise.

BOND INSURANCE RISK FACTORS

In the event of default of the payment of principal or interest with respect to the Bonds when all or some becomes due, any owner of the Bonds shall have a claim under the Policy for such payments.

In the event the Insurer is unable to make payment of principal and interest as such payments become due under the Policy, the Bonds are payable solely from the moneys received pursuant to the applicable bond documents. In the event the Insurer becomes obligated to make payments with respect to the Bonds, no assurance is given that such event will not adversely affect the market price of the Bonds or the marketability (liquidity) for the Bonds.

The long-term ratings on the Bonds are dependent in part on the financial strength of the Insurer and its claim paying ability. The Insurer's financial strength and claims paying ability are predicated upon a number of factors which could change over time. No assurance is given that the long-term ratings of the Insurer and of the ratings on the Bonds insured by the Insurer will not be subject to downgrade and such event could adversely affect the market price of the Bonds or the marketability (liquidity) for the Bonds. See "BOND INSURANCE" and "RATINGS" herein. As is stated in this Official Statement under the caption "NO MATERIAL ADVERSE CHANGE," the rating of the Insurer's creditworthiness by any rating agency does not in any manner affect the District's financial condition, and thus any change to such rating, including a downgrade thereof, at any time, does not constitute a change, material or otherwise, in the District's financial condition, and therefore cannot be a basis for termination by the Underwriter of its obligations to take up and pay for the Bonds.

The obligations of the Insurer are contractual obligations and in an event of default by the Insurer, the remedies available may be limited by applicable bankruptcy law or state law related to insolvency of insurance companies.

Neither the District nor the Underwriter has made independent investigation into the claims paying ability of the Insurer and no assurance or representation regarding the financial strength or projected financial strength of the Insurer is given. Thus, when making an investment decision, potential investors should carefully consider the ability of the District to pay principal and interest on the Bonds and the claims paying ability of the Insurer, particularly over the life of the investment. See "BOND INSURANCE" herein for further information provided by the Insurer and the Policy, which includes further instructions for obtaining current financial information concerning the Insurer.

RATINGS

The Bonds are expected to receive an insured rating of “AA” (stable outlook) from S&P Global Ratings (“S&P”), a business unit of Standard & Poor’s Financial Services LLC, based upon the issuance of the Policy by the Insurer at the time of delivery of the Bonds. The underlying credit rating of the Bonds assigned by Moody’s Investors Service, Inc. (“Moody’s”) is “A2”.

An explanation of the significance of the foregoing ratings may only be obtained from S&P and Moody’s. The foregoing ratings express only the view of S&P and Moody’s at the time the ratings are given. Furthermore, a security rating is not a recommendation to buy, sell or hold securities. There is no assurance that the ratings will continue for any given period of time or that it will not be revised downward or withdrawn entirely by S&P and Moody’s, if, in its judgment, circumstances so warrant. Any such downward change in or withdrawal of such ratings may have an adverse effect on the market price of the Bonds.

The District is not aware of any ratings assigned the Bonds other than the ratings of S&P and Moody’s.

OFFICIAL STATEMENT SUMMARY

The following summary of certain information contained herein is qualified in its entirety by the detailed information and financial statements appearing elsewhere in this Official Statement. The reader should refer particularly to sections that are indicated for more complete information.

THE BONDS

The Issuer	Fort Bend County Municipal Utility District No. 142 (the “District”), is a political subdivision of the State of Texas located within Fort Bend County, Texas. See “THE DISTRICT - General.”
Description	The \$2,825,000 Unlimited Tax Bonds, Series 2019 (the Bonds”), are dated November 1, 2019. The Bonds are being issued as term bonds maturing on September 1 in each of the years 2044 and 2046 (collectively, the “Term Bonds”) . Interest on the Bonds accrues from November 1, 2019, at the rates shown on the cover hereof, and is payable on March 1, 2020 (four-month interest payment), and on each September 1 and March 1 thereafter (each, an “Interest Payment Date”) until maturity or prior redemption. The Bonds are issued in fully registered form and will be issued in denominations of \$5,000 of principal amount or integral multiples thereof. The Term Bonds are subject to redemption, in whole or in part, prior to their scheduled maturities, on September 1, 2024, or on any date thereafter at the option of the District. Upon redemption, the Bonds will be payable at a price equal to the principal amount of the Bonds, or portions thereof, so called for redemption, plus accrued interest to the date of redemption. In addition to being subject to optional redemption, the Term Bonds are also subject to mandatory sinking fund redemption on September 1 in the years and in the amounts as more completely described in this Official Statement. See “THE BONDS.”
Book-Entry-Only System	The definitive Bonds will be initially registered and delivered only to Cede & Co., the nominee of DTC (defined herein), pursuant to the Book-Entry-Only System described herein. Beneficial ownership of the Bonds may be acquired in denominations of \$5,000 or integral multiples thereof. No physical delivery of the Bonds will be made to the Beneficial Owners thereof. Principal of and interest on the Bonds will be payable by the Paying Agent/Registrar (defined herein) to Cede & Co., which will make distribution of the amounts so paid to the participating members of DTC for subsequent payment to the Beneficial Owners of the Bonds (see “BOOK-ENTRY-ONLY SYSTEM”).
Source and Security for Payment	Principal of and interest on the Bonds are payable from the proceeds of an annual ad valorem tax, without legal limitation as to rate or amount, levied upon all taxable property located within the District. See “THE BONDS - Source and Security

for Payment,” “INVESTMENT CONSIDERATIONS- Maximum Impact on District Tax Rates” and “TAX DATA - Tax Rate Calculations.”

Use of Proceeds

Proceeds of the sale of the Bonds will be used by the District to finance the acquisition, construction or payment of water distribution, wastewater collection and storm drainage facilities to serve Creekside Ranch, Sections 6 and 7, and engineering fees related to the foregoing projects. The District will also use the proceeds of the sale of the Bonds to pay, among other items, administrative and issuance costs, legal fees, fiscal agent’s fees, fees to the Texas Commission on Environmental Quality (the “TCEQ” or “Commission”) and the Attorney General of Texas and certain financing costs related to the issuance of the Bonds. See “USE AND DISTRIBUTION OF BOND PROCEEDS.”

Payment Record

The District has previously issued its Unlimited Tax Bonds, Series 2006 (the “Series 2006 Bonds”), Unlimited Tax Bonds, Series 2007 (the “Series 2007 Bonds”), Unlimited Tax Bonds, Series 2008 (the “Series 2008 Bonds”), Unlimited Tax Bonds, Series 2009 (the “Series 2009 Bonds”), Unlimited Tax Bonds, Series 2010 (the “Series 2010 Bonds”), Unlimited Tax Bonds, Series 2011 (the “Series 2011 Bonds”), Unlimited Tax Bonds, Series 2011A (the “Series 2011A Bonds”), Unlimited Tax Bonds, Series 2012 (the “Series 2012 Bonds”), Unlimited Tax Bonds, Series 2013 (the “Series 2013 Bonds”), Unlimited Tax Bonds, Series 2014A (the “Series 2014A Bonds”), Unlimited Tax Park Bonds, Series 2014B (the “Series 2014B Bonds”), Unlimited Tax Bonds, Series 2016 (the “Series 2016 Bonds”), Unlimited Tax Bonds, Series 2017A (the “Series 2017A Bonds”), and Unlimited Tax Bonds, Series 2018 (the “Series 2018 Bonds”) to finance components of its water supply and distribution, wastewater collection and treatment and storm drainage/detention facilities (collectively, the “System”) and recreational facilities. In addition, the District has issued its Unlimited Tax Refunding Bonds, Series 2013 (the “Series 2013 Refunding Bonds”), Unlimited Tax Refunding Bonds, Series 2014 (the “Series 2014 Refunding Bonds”), Unlimited Tax Refunding Bonds, Series 2015 (the “Series 2015 Refunding Bonds”), Unlimited Tax Refunding Bonds, Series 2017 (the “Series 2017 Refunding Bonds”), Unlimited Tax Refunding Bonds, Series 2018A (the “Series 2018A Refunding Bonds”) and Unlimited Tax Refunding Bonds, Series 2019 (the “Series 2019 Refunding Bonds”) to refund outstanding bonds of the District. Collective reference is made in this Official Statement to all of the District’s prior issued bonded indebtedness as the “Prior Bonds.” The District has timely paid all principal of and interest on the Prior Bonds when due. Before the issuance of the Bonds, the principal amount of the Prior Bonds that have not been previously retired by the District is \$79,305,000 (the “Outstanding Bonds”). After issuance of the Bonds, the aggregate principal amount of the District’s bonded indebtedness, consisting of the

	Outstanding Bonds and the Bonds, will be \$82,130,000. See “THE BONDS - Issuance of Additional Debt” and “INVESTMENT CONSIDERATIONS - Future Debt.”
Authorized But Unissued Bonds	After issuance of the Bonds, \$105,405,000 in bonds for waterworks, wastewater, and drainage facilities, \$7,000,000 bonds for recreational facilities, and \$115,660,000 in bonds for purposes of refunding bonds issued for the foregoing facilities will remain authorized but unissued. See “THE BONDS - Issuance of Additional Debt.”
Municipal Bond Insurance	Build America Mutual Assurance Company (“BAM”). See “BOND INSURANCE.”
Municipal Bond Ratings	S&P Global Ratings (BAM insured) “AA” (stable outlook). Moody’s Investors Service, Inc. (underlying) “A2”. See “BOND INSURANCE” and “RATINGS.”
Bond Counsel	Schwartz, Page & Harding, L.L.P., Houston, Texas, Bond Counsel. See “LEGAL MATTERS.”
Disclosure Counsel	McCall, Parkhurst & Horton L.L.P., Houston, Texas.
Engineer	Jones & Carter, Inc., Houston, Texas.
Financial Advisor	Rathmann & Associates, L.P., Houston, Texas.
Qualified Tax-Exempt Obligations	The District will designate the Bonds as “qualified tax - exempt obligations” pursuant to Section 265(b) of the Internal Revenue Code of 1986, as amended. See “LEGAL MATTERS - Qualified Tax-Exempt Obligations.”

THE DISTRICT

Description	The District is a political subdivision of the State of Texas, created by Order of the TCEQ on July 25, 2003. The District contains 1,245.03 acres of land. The District is located entirely within Fort Bend County, Texas, and entirely within the extraterritorial jurisdiction of the City of Houston, Texas (the “City”). The District is located partially within the Katy Independent School District (approximately 287 acres) and partially within the Lamar Consolidated Independent School District (approximately 958 acres). The District is located approximately 28 miles west of the central business district of the City. The District lies on both the north and south sides of F.M. 1093, approximately 3.5 miles west of the intersection of F.M. 1093 and the Grand Parkway. The intersection of F.M. 1093 and F.M. 723 forms the northeast corner of one portion of the District. See “THE DISTRICT - General” and - “Description,” and “APPENDIX A - LOCATION MAP.”
Authority	The rights, powers, privileges, authority and functions of the District are established by Article XVI, Section 59 of the Constitution of the State of Texas and the general laws of the

State of Texas pertaining to municipal utility districts, particularly Chapters 49 and 54 of the Texas Water Code, as amended. See “THE DISTRICT - General.”

Development and Home Construction

As of September 15, 2019, the District contained 3,550 homes, including 131 homes under construction. See “BUILDERS.” According to the District’s Engineer, the development of 3,668 single-family residential lots located within the District (an aggregate of approximately 968.60 acres) is complete with the provision of components of the System and street paving. In addition, the development of Creekside Ranch, Section 11 (67 single-family residential lots on approximately 18.95 acres) and Creekside Ranch, Section 12 (67 single-family residential lots on approximately 14.42 acres) is underway, with completion anticipated in approximately December 2019. Approximately 25.23 total acres located within the District have been developed with the provision of trunk components of the System and street paving to the perimeter of such acres on which eight strip retail shopping centers, two office buildings, two stand-alone businesses, a Montessori school and a gasoline service station/convenience store aggregating approximately 331,991 square feet of building area have been constructed. In addition, an approximately 101,100 square foot HEB grocery store is currently under construction on approximately 16.8 acres located within the District, with completion expected in approximately April 2020. A splash pad facility, consisting of a zero-entry swimming pool, fountains and a community building, has been constructed on an approximately 5.24 acre site located within the District; a recreational facility, consisting of a junior Olympic swimming pool, bath houses and a children’s playground, has been constructed on an approximately 4.44 acre site located within the District; and another recreational facility consisting of a junior Olympic swimming pool and a clubhouse has been constructed on an approximately 1.84 acre site located within the District. In addition, approximately 13.51 total acres located within the District which have been developed for recreation facilities contain a recreational center on approximately 2.21 of such acres and a lake on approximately 9.02 of such acres.

Lamar Consolidated Independent School District (“LCISD”) has constructed an elementary school on approximately 35.87 acres of land located within the District and approximately 20.97 acres of land located within the District are being used by the Lamar Consolidated Independent School District for agricultural purposes which land and facilities that are owned by LCISD are not subject to taxation by the District. A Seventh Day Adventist Church has been constructed on approximately 6.01 acres located within the District which is not subject to taxation by the District.

In addition to the aforementioned total of 3,668 fully developed single-family residential lots that have been developed on approximately 968.60 acres, the 134 single-

family residential lots on approximately 33.37 acres that are currently under development, the approximately 25.23 acres that are being utilized for commercial purposes located within the District that have been developed to date, the approximately 101,100 square foot HEB grocery store that is currently under construction on approximately 16.8 acres, and other land located within the District, as is described above, approximately 71.56 acres of land located in the District are available for future development. It is anticipated that such currently undeveloped acres are expected to be utilized for single-family residential, commercial and/or multi-family residential development or other uses. The ownership of such acres that are currently available for future development is described below under the caption “Developers and Other Principal Landowners.” However, because there is no legal commitment to the District on the part of any of the owners of the currently undeveloped land located within the District to develop such land according to any specific plan, timetable, or at all, the District cannot predict when, or whether, any of such currently undeveloped acres located within the District might be developed. The balance of the land located within the District is contained within various easements or rights-of-way, or is otherwise not available for future development. See “INVESTMENT CONSIDERATIONS - Factors Affecting Taxable Values and Tax Payments,” “TAX DATA - Principal 2019 Taxpayers,” “DEVELOPERS AND OTHER PRINCIPAL LANDOWNERS” and “FUTURE DEVELOPMENT.”

The District financed portions of the cost of acquiring or constructing components of the System and certain recreational facilities that are described in this Official Statement under the caption “THE SYSTEM,” and other facilities, with portions of the proceeds of the sale of the Prior Bonds. The District anticipates financing its cost of acquiring or constructing additional components of its System with the proceeds of the sale of bonds, if any, to be issued by the District in the future, including its approximately \$25,000,000 Unlimited Tax Bonds, Series 2020, which it expects to issue in approximately the first quarter of 2020. See “THE BONDS - Issuance of Additional Debt” and “INVESTMENT CONSIDERATIONS - Future Debt.”

Developers and Other Principal Landowners

The current developers of land located within the District are KB Home Lone Star, Inc. (“KB Home”), Ashton Houston Residential, LLC, a Texas limited liability company (“Ashton”), and Lennar Homes of Texas Land and Construction, Ltd. (“Lennar Homes”), a Texas limited partnership, doing business as Friendswood Development Company (“FDC”), whose general partner is U.S. Home Corporation, a Delaware corporation. Collective reference is made in this Official Statement to KB Home, Ashton and FDC as the “Developers.”

KB Home has completed the development of Canyon Village at Westheimer Lakes, Sections 4 through 6 and Briscoe Falls, Sections 1 through 5 (approximately 110.68 total acres, 392 total lots), and is currently constructing homes in Briscoe Falls as is described below under the caption “Builders.” KB Home owns no additional land located in the District.

Ashton and FDC have completed the development of Creekside Ranch, Sections 2 through 10 (approximately 151.62 total acres, 586 total lots) and are currently constructing homes on such lots. Ashton and FDC have initiated the development of Creekside Ranch, Section 11 (67 single-family residential lots on approximately 18.95 acres) and Creekside Ranch, Section 12 (67 single-family residential lots on approximately 14.42 acres), with completion anticipated in approximately December 2019. Ashton and FDC have also completed the development of approximately 13.51 total acres located within the District for recreation facilities on which a recreational center has been constructed on approximately 2.21 of such acres and a lake has been constructed on approximately 9.02 of such acres. Ashton and FDC together own approximately 45.86 acres of land located within the District that are available for future development. Although it is anticipated such 45.86 acres will be used for residential development, no definitive development plan concerning such acres has been made known to the District. The District cannot represent that the development of such 45.86 acres will be undertaken or that the development of Creekside Ranch Sections 11 and 12 will be completed.

There are approximately 25.7 additional acres of currently undeveloped land located within the District that are available for future development that are owned by multiple other parties. Although it is anticipated that such approximately 25.7 acres will be utilized for future commercial and/or multi-family residential development or other uses, none of the owners of any of such acres has reported any definitive development plan covering any of such acres to the District. None of KB Home, Ashton, FDC, or any other landowner has any obligation to the District to undertake the development of any land located within the District, and any of such landowners may sell any of the land that it owns at any time at its sole discretion. Therefore, the District cannot represent when, or whether, any of such currently undeveloped acres located within the District might be initiated or completed. See “INVESTMENT CONSIDERATIONS - Factors Affecting Taxable Values and Tax Payments - Developer/Builder/Landowner Obligation to the District.”

Builders

The current builders of homes located within the District are KB Home, Ashton and Lennar Homes. Collective reference is sometimes made in this Official Statement to the aforementioned home building companies as the “Builders.”

The Builders are currently constructing homes in the District which range from approximately 1,469 to 3,289 square feet in size of living area and in sales price from approximately \$188,995 to \$372,990. The Builders may change the size(s) and the type(s) of homes which they elect to build, and the sales prices thereof, at their sole discretion. There can be no assurance that any of the Builders will continue to construct homes within the District.

INVESTMENT CONSIDERATIONS

THE BONDS ARE SUBJECT TO SPECIAL INVESTMENT CONSIDERATIONS AS SET FORTH IN THIS OFFICIAL STATEMENT. PROSPECTIVE PURCHASERS SHOULD CAREFULLY EXAMINE THE ENTIRE OFFICIAL STATEMENT BEFORE MAKING THEIR INVESTMENT DECISIONS, ESPECIALLY THE PORTION OF THE OFFICIAL STATEMENT ENTITLED "INVESTMENT CONSIDERATIONS."

Commercial Improvements Under Construction Located Within the District Total Approximately 101,100 Square Feet of Building Area (HEB Grocery Store)

- (a) All property located in the District is valued on the tax rolls by the Fort Bend Central Appraisal District (the "Appraisal District") at 100% of assessed value as of January 1 of each year. The District's tax roll is certified by the Fort Bend County Appraisal Review Board (the "Appraisal Review Board"). Such sum includes certain values which have not been certified by the Appraisal Review Board, including the value of certain properties which has been proposed by the Appraisal District but protested by the owners thereof to the Appraisal District. The Appraisal District has proposed the total of such protested values to be \$5,390,800. Since the District is unable to predict the amount of the District's final 2019 Assessed Valuation, 95% of such total protested value of \$5,390,800, or \$5,121,260, is included in the 2019 Assessed Valuation of \$887,083,052 enumerated in this Official Statement. Such final 2019 Assessed Valuation will not be determined until the valuation of all taxable property located within the District is certified by the Appraisal Review Board for 2019. See "INVESTMENT CONSIDERATIONS - Factors Affecting Taxable Values and Tax Payments" and "TAX PROCEDURES."
- (b) Provided by the Appraisal District for informational purposes only, this amount is an estimate of the value of all taxable property located within the District as of August 1, 2019, and includes an estimate of values resulting from the construction of taxable improvements from January 1, 2019, through July 31, 2019. No taxes were levied for 2019 against any values added since January 1, 2019. The ultimate Assessed Valuation of any improvements added from January 1, 2019, through July 31, 2019, which will be placed on the District's 2020 tax roll, may vary significantly from such estimate once the Appraisal Review Board certifies the value thereof in 2020.
- (c) See "DISTRICT DEBT." The District has timely paid all principal of and interest on the Prior Bonds when due. The District financed portions of the cost of acquiring or constructing components of the System and certain recreational facilities that are described in this Official Statement under the caption "THE SYSTEM," and other facilities, with portions of the proceeds of the sale of the Prior Bonds. The District is financing portions of the cost of acquiring or constructing components of the System that are described in this Official Statement under the caption "USE AND DISTRIBUTION OF BOND PROCEEDS," and other items, with portions of the proceeds of the sale of the Bonds. The District anticipates financing its cost of acquiring or constructing additional components of its System with the proceeds of the sale of bonds, if any, to be issued by the District in the future, including its approximately \$25,000,000 Unlimited Tax Bonds, Series 2020, which it expects to issue in approximately the first quarter of 2020. See "THE BONDS - Issuance of Additional Debt" and "INVESTMENT CONSIDERATIONS - Future Debt."
- (d) Neither Texas law nor the Bond Order requires that the District maintain any particular sum in the Bond Fund. Such fund balance gives effect to the payment by the District of the entirety of its debt service requirements on the Outstanding Bonds that were due for 2019. The District's initial debt service requirement on the Bonds, consisting of a four-month interest payment thereon, is due on March 1, 2020.
- (e) The District has levied a total tax rate of \$0.75 per \$100 of Assessed Valuation for 2019, consisting of debt service and maintenance taxes of \$0.60 and \$0.15 per \$100 of Assessed Valuation, respectively. As is enumerated in this Official Statement under the caption "TAX DATA - Estimated Overlapping Taxes," the total of the 2018 tax levies of all overlapping taxing units which levy taxes upon property located in the District, including the District's 2019 total rate of \$0.75 per \$100 of Assessed Valuation, is \$2.704 as to the approximately 958 acres contained within the District that are located within the Lamar Consolidated Independent School District, and

\$2.8306 as to the approximately 287 acres contained within the District that are located within the Katy Independent School District. Such total rates of \$2.704 and \$2.8306 per \$100 of Assessed Valuation are higher than the total tax levies of some municipal utility districts in the Houston metropolitan area, including the area of the District, but are within the range of the total levies of municipal utility districts in the Houston metropolitan area and the area of the District which are in stages of development comparable with the District. See “INVESTMENT CONSIDERATIONS - Factors Affecting Taxable Values and Tax Payments” and “TAX PROCEDURES.”

**FORT BEND COUNTY MUNICIPAL UTILITY DISTRICT NO. 142
UNLIMITED TAX BONDS
SERIES 2019**

INTRODUCTION

This Official Statement provides certain information with respect to the issuance by Fort Bend County Municipal Utility District No. 142 (the “District”) of its \$2,825,000 Unlimited Tax Bonds, Series 2019 (the “Bonds”).

Following in this Official Statement are descriptions of the Bonds, and certain information about the District and its finances. All descriptions of documents contained herein are only summaries and are qualified in their entirety by reference to each such document. Copies of such documents may be obtained from the District upon request and payment of the costs of duplication thereof.

THE BONDS

General

The following is a description of some of the terms and conditions of the Bonds, which description is qualified in its entirety by reference to the Bond Order, a copy of which is available from Schwartz, Page & Harding, L.L.P. (“Bond Counsel”) upon payment of the costs of duplication therefor. The Bond Order authorizes the issuance and sale of the Bonds and prescribes the terms, conditions and provisions for the payment of the principal of and interest on the Bonds by the District.

Description

The Bonds will be dated November 1, 2019, with interest payable on March 1, 2020 (four-month interest payment), and on each September 1 and March 1 thereafter (each, an “Interest Payment Date”) until the earlier of maturity or redemption. Interest on the Bonds initially accrues from November 1, 2019, and thereafter, from the most recent Interest Payment Date. The Bonds are being issued as term bonds maturing on September 1 in each of the years 2044 and 2046 (collectively, the “Term Bonds”). The Bonds are issued in fully registered form only in denominations of \$5,000 or any integral multiple of \$5,000 for any one maturity. The Bonds will be registered and delivered only to The Depository Trust Company, New York, New York (“DTC”), in its nominee name of Cede & Co., pursuant to the book-entry system described herein (“Registered Owners”). No physical delivery of the Bonds will be made to the purchasers thereof. See “BOOK-ENTRY-ONLY SYSTEM.” Interest calculations are based upon a three hundred sixty (360) day year comprised of twelve (12) thirty (30) day months.

Authority for Issuance

At elections held within the District on February 7, 2004, May 15, 2004, and May 4, 2019, voters of the District authorized a total of \$192,840,000 in bonds for the purpose of acquiring or constructing water, sanitary sewer and drainage facilities. The Bonds constitute the thirteenth issuance of bonds from such authorization. After the issuance of the Bonds, a total of \$105,405,000 in principal amount of unlimited tax bonds for water, sanitary sewer and drainage facilities will remain authorized but unissued. The Bonds are issued by the District pursuant to the terms and provisions of the Bond Order; Article XVI, Section 59 of the Texas Constitution; Chapters 49 and 54 of the Texas Water Code, as amended; and an order of the Texas Commission on Environmental Quality (the “TCEQ”) dated August 22, 2018. See “THE BONDS - Issuance of Additional Debt,” and “ - Financing Recreational Facilities” and “INVESTMENT CONSIDERATIONS - Future Debt.”

Source and Security for Payment

The Bonds, together with the Outstanding Bonds (hereinafter defined), and any additional bonds payable from ad valorem taxes, are secured by and payable from the proceeds of an annual ad valorem tax, without legal limitation as to rate or amount, levied upon all taxable property located within the District (see “TAX PROCEDURES”). Investment in the Bonds involves certain elements of risk, and all prospective purchasers are urged to examine carefully this Official

Statement with respect to the investment security of the Bonds. See “INVESTMENT CONSIDERATIONS.” The Bonds are obligations solely of the District and are not obligations of the City of Houston, Fort Bend County, the State of Texas, or any political subdivision or entity other than the District.

Funds

The Bond Order confirms the establishment of the District's Construction Fund (the “Construction Fund”) and the District's Bond Fund (the “Bond Fund”) created and established pursuant to the orders of the District authorizing the issuance of the Prior Bonds. Accrued interest on the Bonds will be deposited from the proceeds from sale of the Bonds into the Bond Fund. All remaining proceeds of the Bonds will be deposited in the Construction Fund. The Bond Fund, which constitutes a trust fund for the benefit of the owners of the Outstanding Bonds, the Bonds, and any additional tax bonds issued by the District, is to be kept separate from all other funds of the District, and is to be used for payment of debt service on the Outstanding Bonds, the Bonds, and any of the District's duly authorized additional bonds payable in whole or part from taxes. Amounts on deposit in the Bond Fund may also be used to pay the fees and expenses of the Paying Agent/Registrar (hereinafter defined), to defray the expenses of assessing and collecting taxes levied for payment of interest on and principal of the Outstanding Bonds, the Bonds and any additional bonds payable in whole or in part from taxes, and to pay any tax anticipation notes issued, together with interest thereon, as such tax anticipation notes become due.

Record Date

The record date for payment of the interest on any regularly scheduled Interest Payment Date is defined as the 15th day of the month (whether or not a business day) preceding such Interest Payment Date.

Redemption Provisions

Mandatory Redemption

The Term Bonds maturing on September 1, 2044 and 2046, shall be redeemed, at a price equal to the principal amount thereof, plus accrued interest to the date fixed for redemption, on September 1 in each of the years and in the principal amounts set forth in the following schedule (with each such scheduled principal amount reduced by the principal amount as may have been previously redeemed through the exercise of the District's reserved right of optional redemption, as provided under “Optional Redemption” below):

\$1,525,000 Term Bonds Maturing on September 1, 2044	
<u>Mandatory Redemption Dates</u>	<u>Principal Amount</u>
September 1, 2043	\$755,000
September 1, 2044 (maturity)	770,000

\$1,300,000 Term Bonds Maturing on September 1, 2046	
<u>Mandatory Redemption Dates</u>	<u>Principal Amount</u>
September 1, 2045	\$765,000
September 1, 2046 (maturity)	535,000

Notice of the mandatory redemption of Term Bonds will be provided at least thirty (30) calendar days prior to the date fixed for redemption, with the particular portions of the Term Bonds to be redeemed to be selected by lot or other customary method in accordance with the procedures of DTC so long as the Bonds are registered in accordance with the Book-Entry-Only System. See “BOOK-ENTRY-ONLY SYSTEM.”

Optional Redemption

The District reserves the right, at its option, to redeem the Bonds (including any Term Bonds) prior to their scheduled maturities, in whole or from time to time in part, in integral multiples of \$5,000, on September 1, 2024, or any date thereafter, at a price equal to the principal amount thereof plus accrued interest thereon to the date fixed for redemption. If fewer than all of the Bonds are to be redeemed, the particular maturity or maturities and the amounts thereof to be redeemed shall be determined by the District. If fewer than all of the Bonds of the same maturity are to be redeemed, the particular Bonds to be redeemed shall be selected by DTC in accordance with its procedures, so long as the Bonds are registered in accordance with the Book-Entry-Only System. See “BOOK-ENTRY-ONLY SYSTEM.” If less than all of the entire outstanding principal amount of a Term Bond is to be redeemed, the District will notify the Paying Agent/Registrar of the reductions in the remaining mandatory redemption amounts to result from the optional redemption. Notice of each exercise of the reserved right of optional redemption shall be given at least thirty (30) calendar days prior to the date fixed for redemption, in the manner specified in the Bond Order.

Effects of Redemption

By the date fixed for redemption, due provision shall be made with the Paying Agent/Registrar for payment of the principal of the Bonds or portions thereof to be redeemed, plus accrued interest to the date fixed for redemption. When Bonds have been called for redemption in whole or in part and due provision has been made to redeem the same as herein provided, the Bonds or portions thereof so redeemed shall no longer be regarded as outstanding except for the purpose of receiving payment solely from the funds so provided for redemption, and the rights of the Registered Owners to collect interest which would otherwise accrue after the redemption date on any Bond or portion thereof called for redemption shall terminate on the date fixed for redemption.

Method of Payment of Principal and Interest

The Board of Directors of the District (the “Board”) has appointed The Bank of New York Mellon Trust Company, N.A., having its principal corporate trust office and its principal payment office in Dallas, Texas, as the initial paying agent/registrar (the “Paying Agent/Registrar,” “Paying Agent,” or “Registrar”) for the Bonds. The principal of and interest on the Bonds shall be paid to DTC, which will make distribution of the amounts so paid. See “BOOK-ENTRY-ONLY SYSTEM.”

Registration

Section 149(a) of the Internal Revenue Code of 1986, as amended, requires that all tax exempt obligations (with certain exceptions that do not include the Bonds) be in registered form in order for the interest payable on such obligations to be excludable from a Beneficial Owner's income for federal income tax purposes. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. pursuant to the Book-Entry-Only System described herein. One fully-registered Bond will be issued for each maturity of the Bonds and will be deposited with DTC. See “BOOK-ENTRY-ONLY SYSTEM.” So long as any Bonds remain outstanding, the District will maintain at least one paying agent/registrar in the State of Texas for the purpose of maintaining the Register on behalf of the District.

Replacement of Paying Agent/Registrar

Provision is made in the Bond Order for replacement of the Paying Agent/Registrar. If the Paying Agent/Registrar is replaced by the District, the new paying agent/registrar shall be required to accept the previous Paying Agent/Registrar's records and act in the same capacity as the previous Paying Agent/Registrar. Any paying agent/registrar selected by the District shall be a duly qualified and competent trust or banking corporation or organization organized and doing business under the laws of the United States of America or of any State thereof, with a combined capital and surplus of at least \$25,000,000, which is subject to supervision of or examination by federal or state banking authorities, and which is a transfer agent duly registered with the United States Securities and Exchange Commission.

Legal Investment and Eligibility to Secure Public Funds in Texas

The following is quoted from Section 49.186 of the Texas Water Code, and is applicable to the District:

“(a) All bonds, notes, and other obligations issued by a district shall be legal and authorized investments for all banks, trust companies, building and loan associations, savings and loan associations, insurance companies of all kinds and types, fiduciaries, and trustees, and for all interest and sinking funds and other public funds of the state, and all agencies, subdivisions, and instrumentalities of the state, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic.

(b) A district's bonds, notes, and other obligations are eligible and lawful security for all deposits of public funds of the state, and all agencies, subdivisions, and instrumentalities of the state, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic, to the extent of the market value of the bonds, notes, and other obligations when accompanied by any unmatured interest coupons attached to them.”

The Public Funds Collateral Act (Chapter 2257, Texas Government Code) also provides that bonds of the District (including the Bonds) are eligible as collateral for public funds.

No representation is made that the Bonds will be suitable for or acceptable to financial or public entities for investment or collateral purposes. No representation is made concerning other laws, rules, regulations or investment criteria which apply to or which might be utilized by any of such persons or entities to limit the acceptability or suitability of the Bonds for any of the foregoing purposes. Prospective purchasers are urged to carefully evaluate the investment quality of the Bonds as to the suitability or acceptability of the Bonds for investment or collateral purposes.

Issuance of Additional Debt

The District's voters have authorized the issuance of a total of \$192,840,000 unlimited tax bonds for the purpose of acquiring or constructing water, sanitary sewer and drainage facilities, and could authorize additional amounts. Following the issuance of the Bonds, the District will have \$105,405,000 of unlimited tax bonds authorized but unissued for said improvements and facilities. The District's voters have also authorized a total of \$118,440,000 unlimited tax refunding bonds for the purpose of refunding outstanding bonds of the District and could authorize additional amounts. The District currently has \$115,660,000 of unlimited tax refunding bonds authorized but unissued. The District's voters have also authorized issuance of a total of \$12,100,000 unlimited tax bonds for the purpose of acquiring or constructing recreational facilities and could authorize additional amounts. The District currently has \$7,000,000 unlimited tax bonds authorized but unissued for recreational facilities. See “Financing Recreational Facilities” below.

The Bond Order imposes no limitation on the amount of additional parity bonds which may be authorized for issuance by the District's voters or the amount ultimately issued by the District. See “INVESTMENT CONSIDERATIONS- Future Debt.”

The District's consulting engineer, Jones & Carter, Inc. (the “Engineer”) currently estimates that the aforementioned \$105,405,000 authorized unlimited tax bonds which remain unissued will be adequate to finance the construction of all water, sanitary sewer, and drainage facilities that will be necessary to provide service to all of the currently undeveloped portions of the District. In addition to the components of the System that the District has financed with the proceeds of the Outstanding Bonds and is financing with the proceeds of the sale of the Bonds, the District expects to finance the acquisition or construction of additional components of the System with the proceeds of bonds, if any, to be issued by the District in the future, including its approximately \$25,000,000 Unlimited Tax Bonds, Series 2020, which it expects to issue in approximately the first quarter of 2020. See “INVESTMENT CONSIDERATIONS - Future Debt,” “DISTRICT DEBT - Debt Service Requirement Schedule,” “FUTURE DEVELOPMENT” and “THE SYSTEM.”

The District also is authorized by statute to engage in fire-fighting activities, including the issuing of bonds payable from taxes for such purpose. Before the District could issue fire-fighting bonds payable from taxes, the following actions would be required: (a) authorization of a detailed master plan and bonds for such purpose by the qualified voters in the

District; (b) approval of the master plan and issuance of bonds by the TCEQ; and (c) approval of bonds by the Attorney General of Texas. The District does not provide fire protection service, and the Board has not considered calling such an election at this time. Issuance of bonds for fire-fighting activities could dilute the investment security for the Bonds.

Financing Road Facilities

Pursuant to Chapter 54 of the Water Code, a municipal utility district may petition the TCEQ for the power to issue bonds supported by property taxes to finance roads. Before the District could issue such bonds, the District would be required to receive a grant of such power from the TCEQ, authorization from the District's voters to issue such bonds, and approval of the bonds by the Attorney General of Texas. The District has not considered filing an application to the TCEQ for "road powers" or calling such an election at this time. Issuance of bonds for roads could dilute the investment security for the Bonds.

Financing Recreational Facilities

The District is authorized to develop and finance with property taxes certain recreational facilities after a District election has been successfully held to approve a maintenance tax and/or the issuance of bonds payable from taxes to support recreational facilities.

The District is authorized to levy an operation and maintenance tax to support recreational facilities at a rate not to exceed \$0.10 per \$100 of assessed valuation of taxable property in the District, after such tax is approved at an election. Said maintenance tax is in addition to any other maintenance tax authorized to be levied by the District. In addition, the District is authorized to issue bonds payable from an ad valorem tax to pay for the development and maintenance of recreational facilities if (i) the District duly adopts a plan for the facilities; (ii) the bonds are authorized at an election; (iii) the bonds payable from any source do not exceed 1% of the value of the taxable property in the District at the time of issuance of the bonds, or an amount greater than the estimated cost of the plan, whichever amount is smaller; (iv) the District obtains any necessary governmental consents allowing the issuance of such bonds; (v) the issuance of the bonds is approved by the TCEQ in accordance with its rules with respect to same; and (vi) the bonds are approved by the Attorney General of Texas. The District may issue bonds for such purposes payable solely from net operating revenues without an election.

At an election held within the District on May 15, 2004, voters of the District authorized a total of \$5,100,000 unlimited tax bonds for the purpose of acquiring or constructing recreational facilities and authorized up to a maximum \$0.10 maintenance tax per each \$100 of assessed valuation specifically to pay for maintenance of the recreational facilities. At an election held within the District on May 4, 2019, voters of the District authorized a total of \$7,000,000 for the purpose of acquiring or constructing recreational facilities. The District has issued a total aggregate principal amount of said bonds of \$5,100,000, therefore, the District has \$7,000,000 unlimited tax bonds authorized but unissued for recreational facilities and voters could authorize additional amounts.

Issuance of additional bonds for recreational facilities could dilute the investment security for the Bonds.

Annexation

Under existing Texas law, since the District lies wholly within the extraterritorial jurisdiction of the City of Houston, the District may be annexed for full purposes by the City of Houston, subject to compliance by the City of Houston with various requirements of Chapter 43 of the Texas Local Government Code, as amended. Such requirements include the requirement that the City of Houston hold an election in the District whereby the qualified voters of the District approve the proposed annexation unless there is a strategic partnership agreement that provides the terms and conditions of a full-purpose annexation. See "THE DISTRICT - Strategic Partnership Agreement." If the District is annexed, the City of Houston must assume the District's assets and obligations (including the Bonds and the Outstanding Bonds) and abolish the District within ninety (90) days of the date of annexation. Annexation of territory by the City of Houston is a policy-making matter within the discretion of the Mayor and City Council of the City of Houston, and, therefore, the District makes no representation that the City of Houston will ever attempt to annex the District for full purposes and assume its debt. Moreover, no representation is made concerning the ability of the City of Houston to make debt service

payments should annexation occur. Under the terms of the SPA (as hereinafter defined) between the District and the City of Houston, however, the City has agreed not to annex the District for full purposes (a traditional municipal annexation) for at least thirty (30) years from the effective date of the SPA. See "THE DISTRICT-Strategic Partnership Agreement." The District could consent to a full purpose annexation prior to that time by agreeing to amend the SPA to such effect, however, the District currently has no intention to do so.

Consolidation

The District has the legal authority to consolidate with other districts and, in connection therewith, to provide for the consolidation of its water and wastewater systems with the water and wastewater systems of the district or districts with which it is consolidating, subject to voter approval. In their consolidation agreement, the consolidating districts may agree to assume each other's bonds, notes and other obligations. If each district assumes the other's bonds, notes and other obligations, taxes may be levied uniformly on all taxable property within the consolidated district in payment of same. If the districts do not assume each other's bonds, notes and other obligations, each district's taxes are levied on property in each of the original districts to pay said debts created by the respective original district as if no consolidation had taken place. No representation is made concerning whether the District will consolidate with any other district, but the District currently has no plans to do so.

Remedies in Event of Default

If the District defaults in the payment of principal, interest, or redemption price on the Bonds when due, or if it fails to make payments into any fund or funds created in the Bond Order, or defaults in the observance or performance of any other covenants, conditions, or obligations set forth in the Bond Order, the Registered Owners have the right to seek a writ of mandamus issued by a court of competent jurisdiction requiring the District and its officials to observe and perform the covenants, obligations, or conditions prescribed in the Bond Order. Except for mandamus, the Bond Order does not specifically provide for remedies to protect and enforce the interests of the Registered Owners. There is no acceleration of maturity of the Bonds in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year. Further, there is no trust indenture or trustee, and all legal actions to enforce such remedies would have to be undertaken at the initiative of, and be financed by, the Registered Owners. Certain traditional legal remedies may also not be available. See "INVESTMENT CONSIDERATIONS- Registered Owners' Remedies and Bankruptcy."

Defeasance

The Bond Order provides that the District may discharge its obligations to the Registered Owners of any or all of the Bonds to pay principal, interest and redemption price thereon in any manner permitted by law. Under current Texas law, such discharge may be accomplished either (i) by depositing with the Comptroller of Public Accounts of the State of Texas a sum of money equal to the principal of, premium, if any, and all interest to accrue on the Bonds to maturity or redemption or (ii) by depositing with any place of payment (paying agent) for obligations of the District payable from revenues or from ad valorem taxes or both, or a commercial bank or trust company designated in the proceedings authorizing such discharge amounts sufficient to provide for the payment and/or redemption of the Bonds; provided that such deposits may be invested and reinvested only in (a) direct noncallable obligations of the United States of America, including obligations that are unconditionally guaranteed by the United States of America, (b) noncallable obligations of an agency or instrumentality of the United States, including obligations that are unconditionally guaranteed or insured by the agency or instrumentality and that, on the date the governing body of the District adopts or approves the proceedings authorizing the issuance of refunding bonds, are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent; and (c) noncallable obligations of a state or an agency or a county, municipality, or other political subdivision of a state that have been refunded and that, on the date the governing body of the District adopts or approves the proceedings authorizing the issuance of refunding bonds, are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent. The foregoing obligations may be in book entry form and shall mature and/or bear interest payable at such times and in such amounts as will be sufficient to provide for the scheduled payment and/or redemption of the Bonds. If any of such Bonds are to be redeemed prior to their respective dates of maturity, provision must have been made for giving notice of redemption as provided in the Bond Order.

Upon such deposit as described above, such Bonds shall no longer be regarded to be outstanding or unpaid. After firm banking and financial arrangements for the discharge and final payment or redemption of the Bonds have been made as described above, all rights of the District to initiate proceedings to call the Bonds for redemption or take any other action amending the terms of the Bonds are extinguished; provided, however, that the right to call the Bonds for redemption is not extinguished if the District: (i) in the proceedings providing for the firm banking and financial arrangements, expressly reserves the right to call the Bonds for redemption; (ii) gives notice of the reservation of that right to the owners of the Bonds immediately following the making of the firm banking and financial arrangements; and (iii) directs that notice of the reservation be included in any redemption notices that it authorizes.

There is no assurance that the current law will not be changed in a manner which would permit investments other than those described above to be made with amounts deposited to defease the Bonds. Because the Bond Order does not contractually limit such investments, Registered Owners may be deemed to have consented to defeasance with such other investments, notwithstanding the fact that such investments may not be of the same investment quality as those currently permitted under Texas law.

BOOK-ENTRY-ONLY SYSTEM

This section describes how ownership of the Bonds is to be transferred and how the principal of and interest on the Bonds are to be paid to and credited by The Depository Trust Company, New York, New York, (“DTC”) while the Bonds are registered in its nominee name. The information in this section concerning DTC and the Book-Entry-Only System has been provided by DTC for use in disclosure documents such as this Official Statement. The District and the Financial Advisor believe the source of such information to be reliable, but neither of the District or the Financial Advisor takes any responsibility for the accuracy or completeness thereof.

The District cannot and does not give any assurance that (1) DTC will distribute payments of debt service on the Bonds, or redemption or other notices, to DTC Participants, (2) DTC Participants or others will distribute debt service payments paid to DTC or its nominee (as the registered owner of the Bonds), or redemption or other notices, to the Beneficial Owners, or that they will do so on a timely basis, or (3) DTC will serve and act in the manner described in this Official Statement. The current rules applicable to DTC are on file with the Securities and Exchange Commission, and the current procedures of DTC to be followed in dealing with DTC Participants are on file with DTC.

The Depository Trust Company (“DTC”), New York, NY, will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered certificate will be issued for the Bonds, in the aggregate principal amount of such issue, and will be deposited with DTC.

DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a Standard & Poor’s rating of “AA+.” The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or the Paying Agent/Registrar, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent/Registrar, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or the Paying Agent/Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District or Paying Agent. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

USE AND DISTRIBUTION OF BOND PROCEEDS

Proceeds of the sale of the Bonds will be used by the District to finance the acquisition, construction or payment of water distribution, wastewater collection and storm drainage facilities to serve Creekside Ranch, Sections 6 and 7, and engineering fees related to the foregoing projects. The District will also use the proceeds of the sale of the Bonds to pay, among other items, administrative and issuance costs, legal fees, fiscal agent’s fees, fees to the TCEQ and the Attorney General of Texas and certain financing costs related to the issuance of the Bonds.

Construction Costs

A.	Developer Contribution Items (a)	
	1. Creekside Ranch, Section 6 Water, Wastewater and Drainage	\$ 402,373
	2. Creekside Ranch, Section 7 Water, Wastewater and Drainage and Collector Road	1,510,456
	3. Engineering	<u>416,174</u>
	TOTAL CONSTRUCTION COSTS	\$2,329,003

Non-Construction Costs

A.	Legal Fees	\$ 80,625
B.	Fiscal Agent Fees	56,500
C.	Developer Interest (b)	172,445
D.	Bond Discount	41,153
E.	Bond Issuance Expenses	31,789
F.	Bond Application Report Costs	60,000
G.	Attorney General’s Fee	2,825
H.	TCEQ Bond Issuance Fee	7,063
I.	Contingencies (c)	<u>43,597</u>
	TOTAL NON-CONSTRUCTION COSTS	\$ 495,997
	TOTAL BOND ISSUE REQUIREMENTS	\$2,825,000

(a) In general, developers are required to pay up to thirty percent (30%) of the cost of emplacing certain of the water, wastewater and drainage facilities in the utility district pursuant to the rules of the TCEQ. The District requested an exemption from such developer participation requirement with respect to certain facilities being financed with portions of the proceeds of the sale of the Bonds on the basis of one of the criteria under TCEQ rules for such exemption. The TCEQ granted the request for such exemption in its Order authorizing the District to issue the Bonds.

- (b) Represents interest owed on advances of construction costs and engineering fees made on the District's behalf. The actual amount of interest owed will be calculated at the lesser of (i) the net effective interest rate borne by the Bonds or (ii) the interest rate at which the parties that have made such advances have borrowed funds.
- (c) Represents funds which may be used by the District only in accordance with the rules of the TCEQ as further discussed below.

In the instance that approved estimated amounts exceed actual costs, the difference comprises a surplus which may be expended for uses approved by the TCEQ. In the instance that actual costs exceed previously approved estimated amounts and contingencies, additional TCEQ approval and the issuance of additional bonds may be required. The Engineer has advised the District that the proceeds of the sale of the Bonds should be sufficient for the purposes set forth above. However, the District cannot and does not guarantee the sufficiency of such funds for such purposes.

INVESTMENT CONSIDERATIONS

General

The Bonds, which are obligations solely of the District and not of the State of Texas, Fort Bend County, Texas, the City of Houston, Texas, or any political subdivision or entity other than the District, are secured by the levy of an annual ad valorem tax, without legal limitation as to rate or amount, levied upon all taxable property located within the District. See "THE BONDS - Source and Security for Payment." The ultimate security for payment of the principal of and interest on the Bonds depends upon the District's ability to collect from the property owners within the District taxes levied upon all taxable property located within the District, or, in the event taxes are not collected and foreclosure proceedings are instituted by the District, upon the value of the taxable property with respect to taxes levied by the District and by other taxing authorities. The District makes no representations that over the life of the Bonds the property within the District will maintain a value sufficient to justify continued payment of taxes by the property owners or that there will be a market for any property if the District forecloses on property to enforce its tax lien. The potential increase in taxable valuation of District property is directly related to the economics of the residential housing industry, not only due to general economic conditions, but also due to the particular factors discussed below. Further, the collection of delinquent taxes owed the District, and the enforcement by a Registered Owner of the District's obligation to collect sufficient taxes may be costly and lengthy processes. See "Tax Collection Limitations" and "Registered Owners' Remedies and Bankruptcy" below and "THE BONDS - Source and Security for Payment" and - "Remedies in Event of Default."

Factors Affecting Taxable Values and Tax Payments

Economic Factors: A substantial percentage of the assessed valuation of the property located within the District is attributable to the current market value of single-family residences that have been constructed within the District, of the single-family residential lots that have been developed by the developers of the District and of the developed lots which have been sold by developers of the District to home building companies for the construction of primary residences. The market value of such homes and lots is related to general economic conditions affecting the demand for residences. Demand for lots of this type and the construction of residential dwellings thereon can be significantly affected by factors such as interest rates, credit availability, construction costs, energy costs and availability and the prosperity and demographic characteristics of the urban center toward which the marketing of lots is directed. Decreased levels of construction activity would tend to restrict the growth of property values in the District or could adversely impact such values. Declines in the price of oil could adversely affect job stability, wages and salaries, thereby negatively affecting the demand for housing and the values of existing homes. Recent changes in federal tax law limiting deductions for ad valorem taxes may adversely affect the demand for housing and the prices thereof. Were the District to experience a significant number of residential foreclosures, the value of all homes within the District could be adversely affected. Although, as is described in this Official Statement under the captions "DEVELOPMENT AND HOME CONSTRUCTION," and "DEVELOPERS AND OTHER PRINCIPAL LANDOWNERS," the development of 3,668 single-family residential lots is complete within the District and the development of 134 single-family residential lots is underway; as of September 15, 2019, the District contained 3,550 single-family homes (including 131 homes under construction); the Builders are currently constructing homes within the District as

is described in this Official Statement under the caption “BUILDERS;” commercial improvements totaling approximately 331,991 square feet of commercial and office building space have been constructed within the District; and commercial improvements totaling approximately 101,100 square feet of building area are currently under construction within the District, the District cannot predict the pace or magnitude of any future development, home construction or commercial building activity that might be undertaken in the District other than that which has occurred to date. Further, the District cannot represent the level of occupancy of commercial improvements within the District.

National Economy: There has been a downturn in new housing construction in the United States in recent years, resulting in a decline in national housing market values. Although, as is described in this Official Statement under the captions “DEVELOPMENT AND HOME CONSTRUCTION,” and “DEVELOPERS AND OTHER PRINCIPAL LANDOWNERS,” the development of 3,668 single-family residential lots is complete within the District and the development of 134 single-family residential lots is underway; as of September 15, 2019, the District contained 3,550 single-family homes (including 131 homes under construction); the Builders are currently constructing homes within the District as is described in this Official Statement under the caption “BUILDERS;” commercial improvements totaling approximately 331,991 square feet of commercial and office building space have been constructed within the District; and commercial improvements totaling approximately 101,100 square feet of building area are currently under construction within the District, the District cannot predict the pace or magnitude of any future development, home construction or commercial building activity that might be undertaken in the District other than that which has occurred to date. Further, the District cannot represent the level of occupancy of commercial improvements within the District. The District cannot predict what impact, if any, a downturn in the local housing market and a continued downturn in the national housing and financial markets may have on the Houston market generally and the District specifically, or the maintenance of assessed values in the District.

Credit Markets and Liquidity in the Financial Markets: Interest rates and the availability of mortgages and development funding have a direct impact on development and homebuilding activity, particularly short-term interest rates at which developers are able to obtain financing for development costs and at which homebuilders are able to finance the construction of new homes for sale. Interest rate levels may affect the ability of a developer with undeveloped property to undertake and complete development activities within the District and of homebuilders to initiate the construction of new homes for sale. Because of the numerous and changing factors affecting the availability of funds, particularly liquidity in the national credit markets, the District is unable to assess the future availability of such funds for continued development and/or home construction or the construction of future commercial buildings within the District. In addition, since the District is located approximately 28 miles west of the central downtown business district of the City of Houston, the success of development within the District and growth of District taxable property values are, to a great extent, a function of the Houston metropolitan and regional economies and national credit and financial markets. A downturn in the economic conditions of Houston and further decline in real estate and financial markets in the United States could adversely affect development and homebuilding plans or the construction of future commercial buildings in the District and restrain the growth of the District’s property tax base.

Developer/Builder/Landowner Obligation to the District: The ability of the Developers, consisting of KB Home, Ashton, and FDC (see “DEVELOPERS AND OTHER PRINCIPAL LANDOWNERS”) or any other principal taxpayer, such as the Builders (see “BUILDERS”), within the District to make full and timely payments of taxes levied against their property by the District and similar taxing authorities will directly affect the District’s ability to meet its debt service obligations. There is no commitment by or legal requirement of the Developers or any other party to the District to proceed at any particular rate or according to any specified plan with the development of land in the District, or of the Builders or any other home building company to proceed at any particular pace with the construction of homes in the District, and there is no restriction on any land owner’s right to sell its land. Therefore, the District can make no representation about the probability of future development, if any, or the rate of home construction activity in the District. See “DEVELOPMENT AND HOME CONSTRUCTION” and “FUTURE DEVELOPMENT.”

Maximum Impact on District Tax Rates

The value of the land and improvements currently located within the District will be a major determinant of the ability of the District to collect, and the willingness of District property owners to pay, ad valorem taxes levied by the District. The 2019 Assessed Valuation of property located within the District supplied by the Appraisal District is \$887,083,052. After issuance of the Bonds, the Maximum Annual Debt Service Requirement on the Bonds and the Outstanding Bonds will be \$5,153,194 (2032) and the Average Annual Debt Service Requirements on the Bonds and the Outstanding Bonds will be \$5,092,955 (2020 through 2036, inclusive). Assuming no increase to or decrease from the 2019 Assessed Valuation, no use of other District funds, and the issuance of no bonds by the District in addition to the Prior Bonds and the Bonds, tax rates of \$0.62 and \$0.61 per \$100 of Assessed Valuation at a 95% tax collection rate would be necessary to pay the Maximum Annual Debt Service Requirement and the Average Annual Debt Service Requirements, respectively. The Estimated Valuation at August 1, 2019, of property located within the District supplied by the Appraisal District is \$913,597,722. Assuming no increase to or decrease from the Estimated Valuation at August 1, 2019, no use of other District funds, and the issuance of no bonds by the District in addition to the Prior Bonds and the Bonds, tax rates of \$0.60 and \$0.59 per \$100 of Assessed Valuation at a 95% tax collection rate would be necessary to pay the Maximum Annual Debt Service Requirement and the Average Annual Debt Service Requirements, respectively.

The District has levied a total tax rate of \$0.75 per \$100 of Assessed Valuation for 2019, consisting of debt service and maintenance taxes of \$0.60 and \$0.15 per \$100 of Assessed Valuation, respectively. As the above calculations indicate, the 2019 debt service rate will be sufficient to pay the Average Annual Debt Service Requirements and the Maximum Annual Debt Service Requirement on the Bonds and the Outstanding Bonds assuming taxable values in the District at the level of the Estimated Valuation at August 1, 2019, assuming a tax collection rate of 95%, no use of funds on hand, and the issuance of no additional bonds by the District. In addition, as is illustrated above under the caption "Historical Values and Tax Collection History," the District has collected an average of 99.94% of its 2008 through 2017 tax levies as of August 31, 2019, and its 2018 tax levy was 99.31% collected as of such date. Moreover, the District's Bond Fund balance is \$5,195,858 as of September 26, 2019. Although neither Texas law nor the Bond Order require that any specific amount be retained in the Bond Fund at any time, the District has in the past applied earnings from the investment of monies held in the Bond Fund to meet the debt service requirements of the Prior Bonds (see "APPENDIX B - INDEPENDENT AUDITOR'S REPORT AND FINANCIAL STATEMENTS"). Therefore, the District anticipates that it will be able to meet the debt service requirements of the Bonds and the Outstanding Bonds without increasing the tax rate for debt service which the District has levied for 2019 - \$0.60 per \$100 of Assessed Valuation. However, the District can make no representation that the taxable property values in the District will increase in the future or will maintain a value sufficient to support the aforementioned tax rate or to justify continued payment of taxes by property owners. See "TAX PROCEDURES." Increases in the District's total tax rate to higher levels than the total \$0.75 per \$100 of Assessed Valuation rate which the District has levied for 2019 may have an adverse impact upon future development of the District, and the ability of the District to collect, and the willingness of owners of property located within the District to pay, ad valorem taxes levied by the District. See "THE BONDS - Issuance of Additional Debt" and "INVESTMENT CONSIDERATIONS- Future Debt" below.

As is enumerated in this Official Statement under the caption "TAX DATA - Estimated Overlapping Taxes," the total of the 2018 tax levies of all overlapping taxing units which levy taxes upon property located in the District, including the District's 2019 rate of \$0.75 per \$100 of Assessed Valuation, is \$2.704 as to the approximately 958 acres contained within the District that are located within the Lamar Consolidated Independent School District, and \$2.8306 as to the approximately 287 acres contained within the District that are located within the Katy Independent School District. Such total rates of \$2.704 and \$2.8306 per \$100 of Assessed Valuation are higher than the total tax levies of some municipal utility districts in the Houston metropolitan area, including the area of the District, but are within the range of the total levies of municipal utility districts in the Houston metropolitan area and the area of the District which are in stages of development comparable with the District.

Tax Collection Limitations

The District's ability to make debt service payments may be adversely affected by its inability to collect ad valorem taxes. Under Texas law, the levy of ad valorem taxes by the District constitutes a lien in favor of the District on a parity with the liens of all other local taxing authorities on the property against which taxes are levied, and such lien may be enforced

by judicial foreclosure. The District's ability to collect ad valorem taxes through such foreclosure may be impaired by (a) cumbersome, time consuming and expensive collection procedures, (b) a bankruptcy court's stay of tax collection procedures against a taxpayer, (c) market conditions affecting the marketability of taxable property within the District and limitation of the proceeds from a foreclosure sale of such property, (d) adverse effects on the proceeds of a foreclosure sale resulting from a taxpayer's limited right to redeem its foreclosed property as set forth below, or (e) insufficient foreclosure bids to satisfy the tax liens of all state and local taxing authorities which have parity liens on the property. While the District has a lien on taxable property within the District for taxes levied against such property, such lien can be foreclosed only in a judicial proceeding. Moreover, the value of the property to be sold for delinquent taxes and thereby the potential sales proceeds available to pay debt service on the Bonds, may be limited by among other factors, the existence of other tax liens on the property, by the current aggregate tax rate being levied against the property, or by the taxpayers' right to redeem residential or agricultural use property within two (2) years of foreclosure and all other property within six (6) months of foreclosure. See "TAX PROCEDURES."

Registered Owners' Remedies and Bankruptcy

In the event of default in the payment of principal of or interest on the Bonds, the Registered Owners have a right to seek a writ of mandamus requiring the District to levy adequate taxes each year to make such payments. Except for mandamus, the Bond Order does not provide for remedies to protect and enforce the interests of the Registered Owners. There is no acceleration of maturity of the Bonds in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year. Based on recent Texas court decisions, it is unclear whether §49.066 Texas Water Code effectively waives governmental immunity of a municipal utility district for suits for money damages. Even if the Registered Owners could obtain a judgment against the District, such a judgment could not be enforced by a direct levy and execution against the District's property. Further, the Registered Owners cannot themselves foreclose on property within the District or sell property within the District in order to pay the principal of and interest on the Bonds. Certain traditional legal remedies also may not be available. Since there is no trust indenture or trustee, the Registered Owners would have to initiate and finance the legal process to enforce their remedies.

The enforceability of the rights and remedies of the Registered Owners may be further limited by laws relating to bankruptcy, reorganization or other similar laws of general application affecting the rights of creditors of political subdivisions such as the District. In this regard, should the District file a petition for protection from creditors under federal bankruptcy laws, a suit seeking the remedy of mandamus would be automatically stayed and could not be pursued unless authorized by a federal bankruptcy judge. See "THE BONDS - Remedies in Event of Default."

The District may not be placed into bankruptcy involuntarily.

Future Debt

The District reserved in the Bond Order the right to issue the remaining \$105,405,000 in unlimited tax bonds authorized but unissued for waterworks, sanitary sewer and drainage facilities, the remaining \$115,660,000 in unlimited tax bonds authorized but unissued for refunding purposes, the remaining \$7,000,000 in unlimited tax bonds for recreational facilities, and such additional bonds as may hereafter be approved by the voters of the District. The District has also reserved the right to issue certain other additional bonds, special project bonds, and other obligations described in the Bond Order. All of the remaining bonds described above for waterworks, sanitary sewer and drainage facilities which have heretofore been authorized by the voters of the District may be issued by the District from time to time as needed. The issuance of such bonds for waterworks, wastewater and drainage facilities is also subject to TCEQ authorization. The District anticipates financing its cost of acquiring or constructing additional components of its System with the proceeds of the sale of bonds, if any, to be issued by the District in the future, including its approximately \$25,000,000 Unlimited Tax Bonds, Series 2020, which it expects to issue in approximately the first quarter of 2020. See "THE BONDS - Issuance of Additional Debt."

The District's Engineer currently estimates that the aforementioned \$105,405,000 authorized unlimited tax bonds which remain unissued will be adequate to finance the construction of all waterworks, wastewater, and drainage facilities that will be necessary to provide service to all of the currently undeveloped portions of the District. If additional bonds are issued in the future and property values have not increased proportionately, such issuance may increase gross debt/property valuation ratios and thereby adversely affect the investment quality or security of the Bonds. See "THE BONDS - Issuance of Additional Debt," "DISTRICT DEBT," and "TAX DATA - Tax Rate Calculations."

The Effect of the Financial Institutions Act of 1989 on Tax Collections of the District

The Financial Institutions Reform, Recovery and Enforcement Act of 1989 (“FIRREA”) contains certain provisions which affect the time for protesting property valuations, the fixing of tax liens, and the collection of penalties and interest on delinquent taxes on real property owned by the Federal Deposit Insurance Corporation (“FDIC”) when the FDIC is acting as the conservator or receiver of an insolvent financial institution.

Under FIRREA, real property held by the FDIC is still subject to ad valorem taxation, but such act states (i) that no real property of the FDIC shall be subject to foreclosure or sale without the consent of the FDIC and no involuntary liens shall attach to such property, (ii) the FDIC shall not be liable for any penalties, interest, or fines, including those arising from the failure to pay any real or personal property tax when due, and (iii) notwithstanding failure of a person to challenge an appraisal in accordance with state law, such value shall be determined as of the period for which such tax is imposed.

There has been no definitive judicial determination of the validity of these provisions of FIRREA or how they are to be construed and reconciled with respect to conflicting state laws. However, certain federal court decisions have held that the FDIC is not liable for statutory penalties and interest authorized by state property tax law, and that, although a lien for taxes may exist against real property, such lien may not be foreclosed without the consent of the FDIC, and no liens for penalties, fines, interest, attorney's fees, costs of abstract, and research fees exist against the real property for the failure of the FDIC or a prior property owner to pay ad valorem taxes when due. It is also not known whether the FDIC will attempt to claim the FIRREA exemptions as to the time for contesting valuations and tax assessments made prior to and after the enactment of FIRREA. Accordingly, to the extent the FIRREA provisions are valid and applicable to any property in the District and to the extent that the FDIC attempts to enforce the same, these provisions may affect the timeliness of collection of taxes on property, if any, owned by the FDIC in the District and may prevent the collection of penalties and interest on such taxes.

Competitive Nature of Houston Residential Housing and Commercial Building Markets

The housing industry in the Houston area is very competitive, and the District can give no assurance that the building programs which are planned by the Builders or any future home builder(s) will be continued or completed. The respective competitive positions of the Developers and the Builders and any other developer or home builder(s) which might attempt future development or home building projects in the District in the sale of developed lots or in the construction and sale of single-family residential units or of any party to undertake the construction of commercial buildings in the District are affected by most of the factors discussed in this section, and such competitive positions are directly related to tax revenues received by the District and the growth and maintenance of taxable values in the District.

Continuing Compliance with Certain Covenants

The Bond Order contains covenants by the District intended to preserve the exclusion from gross income of interest on the Bonds. Failure by the District to comply with such covenants on a continuous basis prior to maturity of the Bonds could result in interest on the Bonds becoming taxable retroactively to the date of original issuance. See “LEGAL MATTERS - Tax Exemption.”

Marketability

The District has no understanding (other than the initial reoffering yields) with the Underwriter regarding the reoffering yields or prices of the Bonds and has no control over the trading of the Bonds in the secondary market. There is no assurance that a secondary market will be made for the Bonds. If there is a secondary market, the difference between the bid and asked price of the Bonds may be greater than the bid and asked spread of other bonds generally bought, sold or traded in the secondary market. See “SALE AND DISTRIBUTION OF THE BONDS.”

Environmental Regulations

Wastewater treatment, water supply, storm sewer facilities and construction activities within the District are subject to complex environmental laws and regulations at the federal, state and local levels that may require or prohibit certain activities that affect the environment, such as:

- Requiring permits for construction and operation of water wells, wastewater treatment and other facilities;
- Restricting the manner in which wastes are treated and released into the air, water and soils;
- Restricting or regulating the use of wetlands or other properties; or
- Requiring remedial action to prevent or mitigate pollution.

Sanctions against a municipal utility district or other type of special purpose district for failure to comply with environmental laws and regulations may include a variety of civil and criminal enforcement measures, including assessment of monetary penalties, imposition of remedial requirements and issuance of injunctions to ensure future compliance. Environmental laws and compliance with environmental laws and regulations can increase the cost of planning, designing, constructing and operating water production and wastewater treatment facilities. Environmental laws can also inhibit growth and development within the District. Further, changes in regulations occur frequently, and any changes that result in more stringent and costly requirements could materially impact the District.

Air Quality Issues

Air quality control measures required by the United States Environmental Protection Agency (the "EPA") and the Texas Commission on Environmental Quality (the "TCEQ") may impact new industrial, commercial and residential development in the Houston area. Under the Clean Air Act ("CAA") Amendments of 1990, the eight-county Houston-Galveston-Brazoria area ("HGB Area")-Harris, Galveston, Brazoria, Chambers, Fort Bend, Waller, Montgomery and Liberty Counties-has been designated a nonattainment area under three separate federal ozone standards: the one-hour (124 parts per billion ("ppb")) and eight-hour (84 ppb) standards promulgated by the EPA in 1997 (the "1997 Ozone Standards"); the tighter, eight-hour ozone standard of 75 ppb promulgated by the EPA in 2008 (the "2008 Ozone Standard"), and the EPA's most-recent promulgation of an even lower, 70 ppb eight-hour ozone standard in 2015 (the "2015 Ozone Standard"). While the State of Texas has been able to demonstrate steady progress and improvements in air quality in the HGB Area, the HGB Area remains subject to CAA nonattainment requirements.

The HGB Area is currently designated as a severe ozone nonattainment area under the 1997 Ozone Standards. While the EPA has revoked the 1997 Ozone Standards, the EPA historically has not formally redesignated nonattainment areas for a revoked standard. As a result, the HGB Area remained subject to continuing severe nonattainment area "anti-backsliding" requirements, despite the fact that HGB Area air quality has been attaining the 1997 Ozone Standards since 2014. In late 2015, the EPA approved the TCEQ's "redesignation substitute" for the HGB Area under the revoked 1997 Ozone Standards, leaving the HGB Area subject only to the nonattainment area requirements under the 2008 Ozone Standard (and later, the 2015 Ozone Standard).

In February 2018, the U.S. Court of Appeals for the District of Columbia Circuit issued an opinion in *South Coast Air Quality Management District v. EPA*, 882 F.3d 1138 (D.C. Cir. 2018) vacating the EPA redesignation substitute rule that provided the basis for the EPA's decision to eliminate the anti-backsliding requirements that had applied in the HGB Area under the 1997 Ozone Standard. The court has not responded to the EPA's April 2018 request for rehearing of the case. To address the uncertainty created by the South Coast court's ruling, the TCEQ has developed a formal request that the HGB Area be redesignated to attainment under the 1997 Ozone Standards. The TCEQ Commissioners approved publication of a proposed HGB Area redesignation request under the 1997 Ozone Standards on September 5, 2018.

The HGB Area is currently designated as a "moderate" nonattainment area under the 2008 Ozone Standard, with an attainment deadline of July 20, 2018. If the EPA ultimately determines that the HGB Area has failed to meet the attainment deadline based on the relevant data, the area is subject to reclassification to a nonattainment classification that provides for more stringent controls on emissions from the industrial sector. In addition, the EPA may impose a moratorium on the awarding of federal highway construction grants and other federal grants for certain public works construction projects if it finds that an area fails to demonstrate progress in reducing ozone levels.

The HGB Area is currently designated as a "marginal" nonattainment area under the 2015 Ozone Standard, with an attainment deadline of August 3, 2021. For purposes of the 2015 Ozone Standard, the HGB Area consists of only six counties: Brazoria, Chambers, Fort Bend, Galveston, Harris, and Montgomery Counties.

In order to demonstrate progress toward attainment of the EPA's ozone standards, the TCEQ has established a state implementation plan ("SIP") for the HGB Area setting emission control requirements, some of which regulate the inspection and use of automobiles. These types of measures could impact how people travel, what distances people are willing to travel, where people choose to live and work, and what jobs are available in the HGB Area. These SIP requirements can negatively impact business due to the additional permitting/regulatory constraints that accompany this designation and because of the community stigma associated with a nonattainment designation. It is possible that additional controls will be necessary to allow the HGB Area to reach attainment with the ozone standards by the EPA's attainment deadlines. These additional controls could have a negative impact on the HGB Area's economic growth and development.

Water Supply & Discharge Issues

Water supply and discharge regulations that municipal utility districts, including the District, may be required to comply with involve: (1) groundwater well permitting and surface water appropriation; (2) public water supply systems; (3) wastewater discharges from treatment facilities; (4) storm water discharges; and (5) wetlands dredge and fill activities. Each of these is addressed below:

Certain governmental entities regulate groundwater usage in the HGB Area. A municipal utility district or other type of special purpose district that (i) is located within the boundaries of such an entity that regulates groundwater usage, and (ii) relies on local groundwater as a source of water supply, may be subject to requirements and restrictions on the drilling of water wells and/or the production of groundwater that could affect both the engineering and economic feasibility of district water supply projects.

Pursuant to the federal Safe Drinking Water Act ("SDWA") and the EPA's National Primary Drinking Water Regulations ("NPDWRs"), which are implemented by the TCEQ's Water Supply Division, a municipal utility district's provision of water for human consumption is subject to extensive regulation as a public water system. Municipal utility districts must generally provide treated water that meets the primary and secondary drinking water quality standards adopted by the TCEQ, the applicable disinfectant residual and inactivation standards, and the other regulatory action levels established under the agency's rules. The EPA has established NPDWRs for more than ninety (90) contaminants and has identified and listed other contaminants which may require national drinking water regulation in the future.

Texas Pollutant Discharge Elimination System ("TPDES") permits set limits on the type and quantity of discharge, in accordance with state and federal laws and regulations. The TCEQ reissued the TPDES Construction General Permit (TXR150000), with an effective date of March 5, 2018, which is a general permit authorizing the discharge of stormwater runoff associated with small and large construction sites and certain nonstormwater discharges into surface water in the state. It has a 5-year permit term, and is then subject to renewal. Moreover, the Clean Water Act ("CWA") and Texas Water Code require municipal wastewater treatment plants to meet secondary treatment effluent limitations and more stringent water quality-based limitations and requirements to comply with the Texas water quality standards. Any water quality-based limitations and requirements with which a municipal utility district must comply may have an impact on the municipal utility district's ability to obtain and maintain compliance with TPDES permits.

Operations of utility districts, including the District, are also potentially subject to requirements and restrictions under the CWA regarding the use and alteration of wetland areas that are within the "waters of the United States." The District must also obtain a permit from the United States Army Corps of Engineers ("USACE") if operations of the District require that wetlands be filled, dredged, or otherwise altered.

In 2015, the EPA and USACE promulgated a rule known as the Clean Water Rule ("CWR") aimed at redefining "waters of the United States" over which the EPA and USACE have jurisdiction under the CWA. The CWR significantly expanded the scope of the federal government's CWA jurisdiction over intrastate water bodies and wetlands. The CWR was challenged in numerous jurisdictions, including the Southern District of Texas, causing significant uncertainty regarding the ultimate scope of "waters of the United States" and the extent of EPA and USACE jurisdiction.

On September 12, 2019, the EPA and USACE finalized a rule repealing the CWR, thus reinstating the regulatory text that existed prior to the adoption of the CWR. This repeal will officially become final sixty days after its publication in the Federal Register.

On December 11, 2018, the EPA and USACE released a proposed replacement definition of "waters of the United States." The proposed definition outlines six categories of waters that would be considered "waters of the United States," including traditional navigable waters, tributaries to those waters, certain ditches, certain lakes and ponds, impoundments of jurisdictional waters, and wetlands adjacent to jurisdiction waters. The proposed rule also details what are not "waters of the United States," such as features that only contain water during or in response to rainfall (e.g., ephemeral features); groundwater; many ditches, including most roadside or farm ditches; prior converted cropland; stormwater control features; and waste treatment systems. The agencies took comments on the proposal for 60 days after publication in the Federal Register, which occurred on February 13, 2019, but the proposed rule has not been finalized.

Due to the pending rulemaking activity, there remains uncertainty regarding the ultimate scope of "waters of the United States" and the extent of EPA and USACE jurisdiction. Depending on the final outcome of such proceedings, operations of municipal utility districts, including the District, could potentially be subject to additional restrictions and requirements, including additional permitting requirements.

The District is subject to the TCEQ's General Permit for Phase II (Small) Municipal Separate Storm Sewer Systems (the "MS4 Permit"), which was renewed by the TCEQ on December 11, 2013. The MS4 Permit authorizes the discharge of stormwater to surface water in the state from small municipal separate storm sewer systems. The renewed MS4 Permit contains more stringent requirements than the standards contained in the previous MS4 Permit. The District has submitted all necessary documentation to the TCEQ for MS4 Permit compliance. In order to maintain its current compliance with the TCEQ under the MS4 Permit, the District continues to develop and implement the required plans as well as to install or implement best management practices to minimize or eliminate unauthorized pollutants that may otherwise be found in stormwater runoff. Unknown future costs associated with these compliance activities may be significant in the future.

Future and Proposed Legislation

From time to time, there are Presidential proposals, proposals of various federal committees, and legislative proposals in the Congress and in the states that, if enacted, could alter or amend the federal and state tax matters referred to herein or adversely affect the marketability or market value of the Bonds or otherwise prevent holders of the Bonds from realizing the full benefit of the tax exemption of interest on the Bonds. Further, such proposals may impact the marketability or market value of the Bonds simply by being proposed. It cannot be predicted whether or in what form any such proposal might be enacted or whether if enacted it would apply to bonds issued prior to enactment. In addition, regulatory actions are from time to time announced or proposed and litigation is threatened or commenced which, if implemented or concluded in a particular manner, could adversely affect the market value, marketability or tax status of the Bonds. It cannot be predicted whether any such regulatory action will be implemented, how any particular litigation or judicial action will be resolved, or whether the Bonds would be impacted thereby.

Purchasers of the Bonds should consult their tax advisors regarding any pending or proposed legislation, regulatory initiatives or litigation. The disclosures and opinions expressed herein are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of issuance and delivery of the Bonds, and no opinion is expressed as of any date subsequent thereto or with respect to any proposed or pending legislation, regulatory initiatives or litigation.

Tropical Weather Events

The Houston area, including the District, is subject to occasional severe tropical weather events, including tropical storms and hurricanes. If the District were to sustain damage to its facilities requiring substantial repair or replacement or if substantial damage were to occur to taxable property within the District as a result of such a weather event, the investment security of the Bonds could be adversely affected.

The greater Houston area, including the District, has experienced four storms exceeding a 0.2% probability (i.e. “500-year flood” events) since 2015, including Hurricane Harvey, which struck the Houston area on August 26, 2017, resulting in historic levels of rainfall. However, according to the District's Operator and Engineer, the District's System did not sustain any material damage and there was no interruption of water and sewer service. Further, according to the District's Engineer, after investigation, although the District experienced street flooding, there was no apparent material wind or water damage to homes within the District. Hurricane Harvey could have a material impact on the Houston region's economy.

If a hurricane (or any other natural disaster) significantly damaged all or part of the improvements within the District, the assessed value of property within the District could be substantially reduced, which could result in a decrease in tax revenues and/or necessitate an increase the District's tax rate. Further, there can be no assurance that a casualty loss to taxable property within the District will be covered by insurance (or that property owners will even carry flood or other casualty insurance), that any insurance company will fulfill its obligation to provide insurance proceeds, or that insurance proceeds will be used to rebuild or repair any damaged improvements within the District. Even if insurance proceeds are available and improvements are rebuilt, there could be a lengthy period in which assessed values within the District would be adversely affected.

Ponding, or pluvial, flooding occurs when heavy rainfall creates a flood event independent of an overflowing water body, typically in relatively flat areas. Intense rainfall can exceed the drainage capacity of a drainage system, which may result in water within the drainage system becoming trapped and diverted onto streets and nearby property until it is able to reach a natural outlet. Ponding can also occur in a flood pool upstream or behind a dam, levee or reservoir.

When requested by a local taxing unit, such as the District, the Appraisal District is required to complete a reappraisal as soon as practicable of all property damaged in an area that the Governor declares a disaster area. For reappraised property, the taxes are pro-rated for the year in which the disaster occurred. The taxing unit assesses taxes prior to the date the disaster occurred based upon market value as of January 1. Beginning on the date of the disaster and for the remainder of the year, the taxing unit applies its tax rate to the reappraised market value of the property. The District did not request a reappraisal following Hurricane Harvey.

Certain qualified taxpayers, including owners of residential homesteads, located within a natural disaster area and whose property has been damaged as a direct result of the disaster, are entitled to enter into a tax payment installment agreement with a taxing jurisdiction such as the District if the tax payer pays at least one-fourth of the tax bill imposed on the property by the delinquency date. The remaining taxes may be paid without penalty or interest in three equal installments within six months of the delinquency date.

DISTRICT DEBT

General

The following tables and calculations relate to the Outstanding Bonds and the Bonds. The District is empowered to incur debt to be paid from revenues raised by taxation against all taxable property located within the District, and various other political subdivisions of government which overlap all or a portion of the District are empowered to incur debt to be paid from revenues raised or to be raised by taxation against all or a portion of the property within the District.

2019 Assessed Valuation	\$887,083,052(a)
(As of January 1, 2019)	
See "TAX DATA" and "TAX PROCEDURES"	
Estimated Valuation at August 1, 2019	\$913,597,722(b)
(As of August 1, 2019)	
See "TAX DATA" and "TAX PROCEDURES"	
Direct Debt: Outstanding Bonds	\$ 79,305,000
The Bonds	<u>2,825,000</u>
Total	\$ 82,130,000(c)
Estimated Overlapping Debt	<u>\$ 63,758,482</u>
Direct and Estimated Overlapping Debt	<u>\$ 145,888,482</u>
Direct Debt Ratio	
: as a percentage of 2019 Assessed Valuation	9.26%
: as a percentage of Estimated Valuation at August 1, 2019	8.99%
Direct and Estimated Overlapping Debt Ratio	
: as a percentage of 2019 Assessed Valuation	16.45%
: as a percentage of Estimated Valuation at August 1, 2019	15.97%
Bond Fund Balance Estimated as of September 26, 2019	\$ 5,195,858(d)
General Fund Balance as of September 26, 2019	\$ 8,823,061
Average Percentage of Total Tax Collections 2008-2017	99.94%
As of August 31, 2019.	
Percentage of Tax Collections 2018 Levy	99.31%
(As of August 31, 2019. In process of collection.)	
2019 Tax Rate Per \$100 of Assessed Valuation	
Debt Service Tax	\$0.60
Maintenance Tax	<u>0.15</u>
Total	\$0.75(e)

(a) All property located in the District is valued on the tax rolls by the Fort Bend Central Appraisal District (the "Appraisal District") at 100% of assessed value as of January 1 of each year. The District's tax roll is certified by the Fort Bend County Appraisal Review Board (the "Appraisal Review Board"). Such sum includes certain values which have not been certified by the Appraisal Review Board, including the value of certain properties which has been proposed by the Appraisal District but protested by the owners thereof to the Appraisal District. The Appraisal District has proposed the total of such protested values to be \$5,390,800. Since the District is

unable to predict the amount of the District's final 2019 Assessed Valuation, 95% of such total protested value of \$5,390,800, or \$5,121,260, is included in the 2019 Assessed Valuation of \$887,083,052 enumerated in this Official Statement. Such final 2019 Assessed Valuation will not be determined until the valuation of all taxable property located within the District is certified by the Appraisal Review Board for 2019. See "INVESTMENT CONSIDERATIONS - Factors Affecting Taxable Values and Tax Payments" and "TAX PROCEDURES."

- (b) Provided by the Appraisal District for informational purposes only, this amount is an estimate of the value of all taxable property located within the District as of August 1, 2019, and includes an estimate of values resulting from the construction of taxable improvements from January 1, 2019, through July 31, 2019. No taxes were levied for 2019 against any values added since January 1, 2019. The ultimate Assessed Valuation of any improvements added from January 1, 2019, through July 31, 2019, which will be placed on the District's 2020 tax roll, may vary significantly from such estimate once the Appraisal Review Board certifies the value thereof in 2020.
- (c) The District has timely paid all principal of and interest on the Prior Bonds when due. The District financed portions of the cost of acquiring or constructing components of the System and certain recreational facilities that are described in this Official Statement under the caption "THE SYSTEM," and other facilities, with portions of the proceeds of the sale of the Prior Bonds. The District is financing portions of the cost of acquiring or constructing components of the System that are described in this Official Statement under the caption "USE AND DISTRIBUTION OF BOND PROCEEDS," and other items, with portions of the proceeds of the sale of the Bonds. The District anticipates financing its cost of acquiring or constructing additional components of its System with the proceeds of the sale of bonds, if any, to be issued by the District in the future, including its approximately \$25,000,000 Unlimited Tax Bonds, Series 2020, which it expects to issue in approximately the first quarter of 2020. See "THE BONDS - Issuance of Additional Debt" and "INVESTMENT CONSIDERATIONS - Future Debt."
- (d) Neither Texas law nor the Bond Order requires that the District maintain any particular sum in the Bond Fund. Such fund balance gives effect to the payment by the District of the entirety of its debt service requirements on the Outstanding Bonds that were due for 2019. The District's initial debt service requirement on the Bonds, consisting of a four-month interest payment thereon, is due on March 1, 2020.
- (e) The District has levied a total tax rate of \$0.75 per \$100 of Assessed Valuation for 2019, consisting of debt service and maintenance taxes of \$0.60 and \$0.15 per \$100 of Assessed Valuation, respectively. As is enumerated in this Official Statement under the caption "TAX DATA - Estimated Overlapping Taxes," the total of the 2018 tax levies of all overlapping taxing units which levy taxes upon property located in the District, including the District's 2019 total rate of \$0.75 per \$100 of Assessed Valuation, is \$2.704 as to the approximately 958 acres contained within the District that are located within the Lamar Consolidated Independent School District, and \$2.8306 as to the approximately 287 acres contained within the District that are located within the Katy Independent School District. Such total rates of \$2.704 and \$2.8306 per \$100 of Assessed Valuation are higher than the total tax levies of some municipal utility districts in the Houston metropolitan area, including the area of the District, but are within the range of the total levies of municipal utility districts in the Houston metropolitan area and the area of the District which are in stages of development comparable with the District. See "INVESTMENT CONSIDERATIONS - Factors Affecting Taxable Values and Tax Payments" and "TAX PROCEDURES."

Estimated Direct and Overlapping Debt Statement

The following table indicates the direct and estimated overlapping debt of the District. The table includes the estimated amount of indebtedness of governmental entities overlapping the District, defined as outstanding bonds payable from ad valorem taxes, and the estimated percentages and amounts of such indebtedness attributable to property located within the District. This information is based upon data secured from the individual jurisdictions and/or the *Texas Municipal Reports* published by the Municipal Advisory Council of Texas. The calculations by which the statement was derived were made in part by comparing the reported assessed valuation of the property in the overlapping taxing jurisdictions with the Assessed Valuation of property within the District. No effect has been given to the tax burden levied by any applicable taxing jurisdiction for maintenance and operational or other purposes. Except for the amount relating to the District, the District has not independently verified the accuracy or completeness of such information and no person is entitled to rely upon such information as being accurate or complete. Further, certain of the entities listed below may have issued additional bonds since the date cited.

<u>Taxing Jurisdiction</u>	<u>Outstanding Debt as of September 1, 2019</u>	<u>Overlapping Percent</u>	<u>Amount</u>
Fort Bend County	\$ 593,614,527	1.3262%	\$ 7,872,232
Katy Independent School District (i)	1,843,845,000	0.7950	14,658,565
Lamar Consolidated Independent School District (i)	1,039,230,000	3.9671	<u>41,227,685</u>
TOTAL ESTIMATED OVERLAPPING DEBT			\$63,758,482
TOTAL DIRECT DEBT (the District) (ii)			<u>82,130,000</u>
TOTAL DIRECT AND ESTIMATED OVERLAPPING DEBT			\$145,888,482

- (i) Approximately 287 acres contained within the District are located within and are subject to taxation by the Katy Independent School District, and approximately 958 acres contained within the District are located within and are subject to taxation by the Lamar Consolidated Independent School District.
- (ii) The Outstanding Bonds and the Bonds.

Debt Ratios

	<u>% of 2019 Assessed Valuation</u>	<u>% of Estimated Valuation at August 1, 2019</u>
Direct Debt	9.26%	8.99%
Direct and Estimated Overlapping Debt	16.45%	15.97%

Under Texas law ad valorem taxes levied by each taxing authority other than the District create a lien which is on a parity with the lien in favor of the District on all taxable property within the District. In addition to the ad valorem taxes required to retire the foregoing direct and overlapping debt, the various taxing authorities mentioned above are also authorized by Texas law to assess, levy and collect ad valorem taxes for operation, maintenance, administration and/or general revenue purposes. Certain of the jurisdictions have in the past levied such taxes. The District has the power to assess, levy and collect ad valorem taxes for general operation and maintenance purposes and for operation and maintenance of recreational facilities, and such taxes have been authorized by the duly qualified voters of the District in amounts not to exceed \$1.50 and \$0.10 per \$100 of Assessed Valuation, respectively. The District has levied a debt service tax of \$0.60 per \$100 of Assessed Valuation for 2019, plus a general maintenance tax of \$0.15 per \$100 of Assessed Valuation. To date, the District has not levied a maintenance tax for recreational facilities. See "TAX DATA - Maintenance Tax."

Debt Service Requirements

The following schedule sets forth the debt service requirements of the Outstanding Bonds and the principal and interest requirements of the Bonds.

<u>Year Ending</u> <u>December 31</u>	<u>Current Total</u> <u>Debt Service</u>	<u>Plus: -- The Bonds --</u>		<u>Total New</u> <u>Debt Service</u>
		<u>Principal</u>	<u>Interest</u>	
2020	\$ 4,905,619		\$ 70,625	\$ 4,976,244
2021	4,924,419		84,750	5,009,169
2022	4,968,719		84,750	5,053,469
2023	4,984,519		84,750	5,069,269
2024	5,007,244		84,750	5,091,994
2025	4,999,519		84,750	5,084,269
2026	5,009,569		84,750	5,093,319
2027	4,994,044		84,750	5,078,794
2028	5,000,725		84,750	5,085,475
2029	4,990,375		84,750	5,075,125

Maximum Annual Requirement - (2032)	\$5,153,194

See “INVESTMENT CONSIDERATIONS- Maximum Impact on District Tax Rates” and “TAX DATA - Tax Rate Calculations” for a discussion of the District's projected tax rates and the effect of the Bonds thereon.

* Represents mandatory sinking fund payments on Term Bonds

TAX DATA

Debt Service Tax

All taxable property located within the District is subject to the assessment, levy and collection by the District of an annual ad valorem tax, without legal limitation as to rate or amount, sufficient to pay principal of and interest on the Outstanding Bonds, the Bonds and any future ad valorem tax-supported bonds which may be issued from time to time as authorized. The Board covenants in the Bond Order to assess and levy, for each year that all or any part of the Bonds remain outstanding and unpaid, a tax ample and sufficient to produce funds to pay the principal of and interest on the Bonds when due. The actual rate of such tax will be determined from year to year as a function of the District's tax base, its debt service requirements and available funds. The District has levied a debt service tax of \$0.60 per \$100 of Assessed Valuation for 2019.

Maintenance Tax

The Board of Directors of the District has the statutory authority to levy and collect an annual ad valorem tax for administrative expenses and maintenance of the District's water, sewer and drainage improvements, and for maintenance of recreational facilities, if such maintenance taxes are authorized by a vote of the District's electorate. On February 7, 2004, the District voters authorized the levy of a maintenance tax for administrative expenses and maintenance of water, sewer and drainage improvements in the maximum amount of \$1.50 per \$100 of Assessed Valuation. On May 15, 2004, the District voters authorized the levy of a maintenance tax for recreational facilities in the maximum amount of \$0.10 per \$100 of Assessed Valuation. Each of said taxes may be levied in addition to taxes which the District is authorized to levy for paying principal of and interest on the Outstanding Bonds, the Bonds and any parity bonds which may be issued in the future. The District has levied a maintenance tax of \$0.15 per \$100 of Assessed Valuation for 2019 for administrative expenses and maintenance of water, sewer and drainage improvements. To date, the District has not levied a maintenance tax for recreational facilities.

Historical Values and Tax Collection History

The following statement of tax collections sets forth in condensed form the historical Assessed Valuation and tax collections of the District. Such summary has been prepared for inclusion herein based upon information obtained from District records. Reference is made to such records, including the District's annual audited financial statements, for more complete information.

<u>Tax Year</u>	<u>Assessed Valuation</u>	<u>Tax Rate(a)</u>	<u>Adjusted Levy</u>	<u>Cumulative % Collections</u>	
				<u>Current & Prior Years (b)</u>	<u>Year Ended 9/30</u>
2008	\$248,816,944	\$1.32	\$3,284,376	100.00%	2009
2009	296,616,238	1.32	3,915,326	100.00	2010
2010	352,316,713	1.32	4,650,571	100.00	2011
2011	403,406,266	1.32	5,324,954	100.00	2012
2012	437,576,457	1.27	5,556,943	99.99	2013
2013	480,151,719	1.17	5,617,762	99.98	2014
2014	559,873,040	0.95	5,318,787	99.92	2015
2015	663,281,081	0.85	5,637,882	99.93	2016
2016	753,971,583	0.77	5,805,567	99.84	2017
2017	799,860,152	0.75	5,998,943	99.74	2018
2018	835,622,147	0.75	6,267,158	99.31(c)	2019
2019	887,083,052(d)	0.75(e)	6,653,123(e)	(e)	2020

(a) Per \$100 of Assessed Valuation.

(b) Such percentage reflects cumulative total collections for said year from the time the annual tax was levied through August 31, 2019. The amount of tax collected for each levy on a current basis (by September 30 of the year following each respective annual levy) is not reflected in this statement.

(c) As of August 31, 2019. In process of collection.

(d) Such sum includes certain values which have not been certified by the Appraisal Review Board, including the value of certain properties which has been proposed by the Appraisal District but protested by the owners thereof to the Appraisal District. The Appraisal District has proposed the total of such protested values to be \$5,390,800. Since the District is unable to predict the amount of the District's final 2019 Assessed Valuation, 95% of such total protested value of \$5,390,800, or \$5,121,260, is included in the 2019 Assessed Valuation of \$887,083,052 enumerated in this Official Statement. Such final 2019 Assessed Valuation will not be determined until the valuation of all taxable property located within the District is certified by the Appraisal Review Board for 2019.

(e) Levied in September, 2019.

Tax Rate Distribution

	<u>2019</u>	<u>2018</u>	<u>2017</u>	<u>2016</u>	<u>2015</u>
Debt Service	\$0.60	\$0.60	\$0.60	\$0.60	\$0.60
Maintenance	<u>0.15</u>	<u>0.15</u>	<u>0.15</u>	<u>0.17</u>	<u>0.25</u>
Total	\$0.75	\$0.75	\$0.75	\$0.77	\$0.85

Analysis of Tax Base

The following table illustrates the composition of property located within the District for the past five years.

Type of Property	2019		2018		2017	
	Assessed Value	%	Assessed Value	%	Assessed Value	%
Land	\$198,044,530	22.33%	\$182,974,330	21.90%	\$170,269,700	21.29%

Exemptions	<u>(18,037,087)</u>	<u>(2.39)</u>	<u>(34,782,229)</u>	<u>(5.24)</u>
Total	\$753,971,583	100.00%	\$663,281,081	100.00%

* Such sum includes certain values which have not been certified by the Appraisal Review Board, including the value of certain properties which has been proposed by the Appraisal District but protested by the owners thereof to the Appraisal District. The Appraisal District has proposed the total of such protested values to be \$5,390,800. Since the District is unable to predict the amount of the District's final 2019 Assessed Valuation, 95% of such total protested value of \$5,390,800, or \$5,121,260, is included in the 2019 Assessed Valuation of \$887,083,052 enumerated in this Official Statement. Such final 2019 Assessed Valuation will not be determined until the valuation of all taxable property located within the District is certified by the Appraisal Review Board for 2019.

Principal 2019 Taxpayers

Based upon information supplied by the District's Tax Assessor/Collector, the following table lists principal District taxpayers, the type of property owned by such taxpayers, and the assessed valuation of such property as of January 1, 2019. The information reflects the composition of record of property ownership as of January 1, 2019.

<u>Taxpayer</u>	<u>Type of Property</u>	<u>Assessed Valuation 2019 Tax Roll</u>	<u>% 2019 Tax Roll</u>

		\$47,487,108	5.35%

Tax Rate Calculations

The tax rate calculations set forth below are presented to indicate the tax rates per \$100 of Assessed Valuation which would be required to meet certain debt service requirements if no growth in the District occurs beyond the 2019 Assessed Valuation or the Estimated Valuation at August 1, 2019. The calculations also assume collection of 95% of taxes levied, no use of District funds on hand, and the sale of no additional bonds by the District other than the Prior Bonds and the Bonds.

Average Annual Debt Service Requirements (2020-2036)	\$5,092,955
Tax Rate of \$0.61 on the 2019 Assessed Valuation (\$887,083,052) produces	\$5,140,646
Tax Rate of \$0.59 on the Estimated Valuation at August 1, 2019 (\$913,597,722) produces	\$5,120,715
Maximum Annual Debt Service Requirement (2032)	\$5,153,194
Tax Rate of \$0.62 on the 2019 Assessed Valuation (\$887,083,052) produces	\$5,224,919
Tax Rate of \$0.60 on the Estimated Valuation at August 1, 2019 (\$913,597,722) produces	\$5,207,506

The District has levied a total tax rate of \$0.75 per \$100 of Assessed Valuation for 2019, consisting of debt service and maintenance taxes of \$0.60 and \$0.15 per \$100 of Assessed Valuation, respectively. As the above table indicates, the 2019 debt service rate will be sufficient to pay the Average Annual Debt Service Requirements and the Maximum Annual Debt Service Requirement on the Bonds and the Outstanding Bonds assuming taxable values in the District at the level of the Estimated Valuation at August 1, 2019, assuming a tax collection rate of 95%, no use of funds on hand, and the issuance of no additional bonds by the District. In addition, as is illustrated above under the caption "Historical Values and Tax Collection History," the District has collected an average of 99.94% of its 2008 through 2017 tax levies as of August 31, 2019, and its 2018 tax levy was 99.31% collected as of such date. Moreover, the District's Bond Fund balance is \$5,195,858 as of September 26, 2019. Although neither Texas law nor the Bond Order require that any specific amount be retained in the Bond Fund at any time, the District has in the past applied earnings from the investment of

monies held in the Bond Fund to meet the debt service requirements of the Prior Bonds (see “APPENDIX B - INDEPENDENT AUDITOR’S REPORT AND FINANCIAL STATEMENTS”). Therefore, the District anticipates that it will be able to meet the debt service requirements of the Bonds and the Outstanding Bonds without increasing the tax rate for debt service which the District has levied for 2019 - \$0.60 per \$100 of Assessed Valuation. However, the District can make no representation that the taxable property values in the District will increase in the future or will maintain a value sufficient to support the aforementioned tax rate or to justify continued payment of taxes by property owners. Increases in the District's total tax rate to higher levels than the total \$0.75 per \$100 of Assessed Valuation rate which the District has levied for 2019 may have an adverse impact upon future development of the District, and the ability of the District to collect, and the willingness of owners of property located within the District to pay, ad valorem taxes levied by the District. See “TAX PROCEDURES” and “INVESTMENT CONSIDERATIONS - Factors Affecting Taxable Values and Tax Payments.” The District anticipates financing its cost of acquiring or constructing additional components of its System with the proceeds of the sale of bonds, if any, to be issued by the District in the future, including its approximately \$25,000,000 Unlimited Tax Bonds, Series 2020, which it expects to issue in approximately the first quarter of 2020. See “THE BONDS - Issuance of Additional Debt” and “INVESTMENT CONSIDERATIONS - Future Debt.”

Estimated Overlapping Taxes

Property located within the District is subject to taxation by several taxing authorities in addition to the District. Set forth below is a compilation of all 2018 taxes levied upon property located within the District by entities, plus the District’s 2019 tax rate and including the tax rate of the Lamar Consolidated Independent School District that covers the 958 acres located within the District that lie within the Lamar Consolidated Independent School District and the tax rate of the Katy Independent School District for the 287 acres located within the District that lie within the Katy Independent School District. Under Texas law, ad valorem taxes levied by each taxing authority other than the District entitled to levy taxes against property located within the District create a lien which is on a parity with the tax lien of the District. In addition to the ad valorem taxes required to make the debt service payments on bonded indebtedness of the District and of such other jurisdictions (see “DISTRICT DEBT - Estimated Direct and Overlapping Debt Statement”), certain taxing jurisdictions are authorized by Texas law to assess, levy and collect ad valorem taxes for operation, maintenance, administrative and/or general revenue purposes.

* The District has levied a debt service tax of \$0.60 per \$100 of Assessed Valuation for 2019, plus a general maintenance tax of \$0.15 per \$100 of Assessed Valuation.

TAX PROCEDURES

Property Tax Code and County-Wide Appraisal District

The Texas Tax Code (the "Property Tax Code") requires, among other matters, county-wide appraisal and equalization of taxable property values and establishes in each county of the State of Texas a single appraisal district with the responsibility for recording and appraising property for all taxing units within a county and a single appraisal review board with the responsibility for reviewing and equalizing the values established by the appraisal district. The Appraisal District has the responsibility for appraising property for all taxing units wholly within Fort Bend County, including the District. Such appraisal values are subject to review and change by the Appraisal Review Board. Under certain circumstances, taxpayers and taxing units (such as the District) may appeal the orders of the Appraisal Review Board by filing a petition for review in State district court. In such event, the value of the property in question will be determined by the court or by a jury if requested by any party. Absent any such appeal, the appraisal roll, as prepared by the Appraisal District and approved by the Appraisal Review Board, must be used by each taxing jurisdiction in establishing its tax roll and tax rate. The District is eligible, along with all other conservation and reclamation districts within Fort Bend County, to participate in the nomination of and vote for a member of the Board of Directors of the Appraisal District.

Property Subject to Taxation by the District

Except for certain exemptions provided by Texas law, all real property and tangible personal property in the District is subject to taxation by the District; however, it is expected that no effort will be made by the District to collect taxes on personal property other than on personal property rendered for taxation, business inventories and the property of privately owned utilities. Principal categories of exempt property include: property owned by the State of Texas or its political subdivisions if the property is used for public purposes; property exempt from ad valorem taxation by federal law; certain household goods, family supplies, and personal effects; farm products owned by the producer; all oil, gas and mineral interests owned by an institution of higher education; certain property owned by exclusively charitable organizations, youth development associations, religious organizations, and qualified schools; designated historical sites; solar and wind-powered energy devices; and most individually owned automobiles. In addition, the District may by its own action exempt residential homesteads of persons sixty-five (65) years or older or under a disability for purposes of payment of disability insurance benefits under the Federal Old-Age Survivors and Disability Insurance Act to the extent deemed advisable by the Board. The District would be required to call an election on such residential homestead exemption upon petition by at least twenty percent (20%) of the number of qualified voters who voted in the District's preceding election and would be required to offer such an exemption if a majority of voters approve it at such election. For the 2019 tax year, the District has granted an exemption of \$5,500 of assessed valuation for persons 65 years of age and older and to individuals who are under a disability for purposes of payment of disability insurance benefits under the Federal Old-Age Survivors and Disability Insurance Act. The District must grant exemptions to disabled veterans or certain surviving dependents of disabled veterans, if requested, of between \$5,000 and \$12,000 of assessed valuation depending upon the disability rating of the veteran, if such rating is less than 100%. A veteran who receives a disability rating of 100% is entitled to an exemption for the full value of the veteran's residence homestead. Additionally, subject to certain conditions, the surviving spouse of a disabled veteran who is entitled to an exemption for the full value of the veteran's residence homestead is also entitled to an exemption from taxation of the total appraised value of the same property to which the disabled veteran's exemption applied. A partially disabled veteran or certain surviving spouses of partially disabled veterans are entitled to an exemption from taxation of a percentage of the appraised value of their residence homestead in an amount equal to the partially disabled veteran's disability rating if (i) the residence homestead was donated by a charitable organization at no cost to the disabled veteran or, (ii) the residence was donated by a charitable organization at some cost to the disabled veteran if such cost is less than or equal to fifty percent (50%) of the total good faith estimate of the market value of the residence as of the date the donation is made. Also, the surviving spouse of (i) a member of the armed forces or, (ii) a first responder as defined under Texas law, who was killed in action is, subject to certain conditions, entitled to an exemption of the total appraised value of the surviving spouse's residence homestead, and subject to certain conditions, an exemption up to the same amount may be transferred to a subsequent residence homestead of the surviving spouse.

A "Freeport Exemption" applies to goods, wares, merchandise, other tangible personal property and ores, other than oil, natural gas, and petroleum products (defined as liquid and gaseous materials immediately derived from refining oil or natural gas), and to aircraft or repair parts used by a certified air carrier acquired in or imported into Texas which are destined to be forwarded outside of Texas and which are detained in Texas for assembling, storing, manufacturing, processing or fabricating for less than 175 days. Although certain taxing units may take official action to tax such property in transit and negate such exemption, the District does not have such an option. A "Goods-in-Transit" Exemption is applicable to certain tangible personal property, as defined by the Property Tax Code, acquired in or imported into Texas for storage purposes and which is stored under a contract of bailment by a public warehouse operator at one or more public warehouse facilities in Texas that are not in any way owned or controlled by the owner of such property for the account of the person who acquired or imported such property. The exemption excludes oil, natural gas, petroleum products, aircraft and certain special inventory including dealer's motor vehicles, dealer's vessel and outboard motor vehicle, dealer's heavy equipment and retail manufactured housing inventory. The exemption applies to covered property if it is acquired in or imported into Texas for assembling, storing, manufacturing, processing, or fabricating purposes and is subsequently forwarded to another location inside or outside of Texas not later than 175 days after acquisition or importation. A property owner who receives the Goods-in-Transit Exemption is not eligible to receive the Freeport Exemption for the same property. Local taxing units such as the District may, by official action and after public hearing, tax goods-in-transit personal property. A taxing unit must exercise its option to tax goods-in-transit property before January 1 of the first tax year in which it proposes to tax the property at the time and in the manner prescribed by applicable law. However, taxing units who took official action as allowed by prior law before October 1, 2011, to tax goods-in-transit property, and who pledged such taxes for the payment of debt, may continue to impose taxes against the goods-in-transit property until the debt is discharged without further action, if cessation of the imposition would impair the obligations of the contract by which the debt was created. The District has taken official action to allow taxation of all such goods-in-transit personal property, but may choose to exempt same in the future by further official action.

General Residential Homestead Exemption

Texas law authorizes the governing body of each political subdivision in the State of Texas to exempt up to twenty percent (20%) of the appraised value of residential homesteads, but not less than \$5,000, if any exemption is granted, from ad valorem taxation. The law provides, however, that where ad valorem taxes have previously been pledged for the payment of debt, the governing body of a political subdivision may continue to levy and collect taxes against the exempt value of the homesteads until the debt is discharged, if the cessation of the levy would impair the obligations of the contract by which the debt was created. For the 2019 tax year, the District has not granted a general residential homestead exemption.

Valuation of Property for Taxation

Generally, property in the District must be appraised by the Appraisal District at market value as of January 1 of each year. Assessments under the Property Tax Code are to be based upon one hundred percent (100%) of market value. The appraised value of residential homestead property may be limited to the lesser of the market value of the property, or the sum of the appraised value of the property for the last year in which it was appraised, plus ten percent (10%) of such appraised value multiplied by the number of years since the last appraisal, plus the market value of all new improvements to the property. Once an appraisal roll is prepared and approved by the Appraisal Review Board, it is used by the District in establishing its tax rate. The Property Tax Code requires the Appraisal District to implement a plan for periodic reappraisal of property to update appraised values. The plan must provide for appraisal of all real property by the Appraisal District at least once every three (3) years. It is not known what frequency of reappraisal will be utilized by the Appraisal District or whether reappraisals will be conducted on a zone or county-wide basis.

District and Taxpayer Remedies

Under certain circumstances, taxpayers and taxing units, including the District, may appeal orders of the Appraisal Review Board by filing a petition for review in district court within forty-five (45) days after notice is received that a final order has been entered. In such event, the property value in question may be determined by the court, or by a jury, if requested by any party. Additionally, taxing units may bring suit against the Appraisal District to comply with the

Property Tax Code. The District may challenge the level of appraisal of a certain category of property, the exclusion of property from the appraisal rolls or the grant, in whole or in part, of an exemption. The District may not, however, protest a valuation of any individual property.

Texas law provides for notice and hearing procedures prior to the adoption of an ad valorem tax rate by the District. Additionally, Texas law provides for an additional notice and, upon petition by qualified voters, an election which could result in the repeal of certain tax rate increases on residential homesteads. The Property Tax Code also establishes a procedure for notice to property owners of reappraisals reflecting increased property values, appraisals that are higher than renditions and appraisals of property not previously on an appraisal roll.

Agricultural, Open Space, Timberland and Inventory Deferment

The Property Tax Code permits land designated for agricultural use (including wildlife management), open space, or timberland to be appraised at its value based on the land's capacity to produce agriculture or timber products rather than at its fair market value. The Property Tax Code permits, under certain circumstances, that residential real property inventory held by a person in the trade or business be valued at the price all such property would bring if sold as a unit to a purchaser who would continue the business. Landowners wishing to avail themselves of any of such designations must apply for the designation, and the Appraisal District is required by the Property Tax Code to act on each claimant's right to the designation individually. A claimant may waive the special valuation as to taxation by some political subdivisions and not as to others. If a claimant receives the designation and later loses it by changing the use of the property or selling it to an unqualified owner, the District can collect taxes based on the new use for the three (3) to five (5) years prior to the loss of the designation for agricultural use, timberland or open space land. According to the District's Tax Assessor/Collector, as of January 1, 2019, none of the land within the District is designated for agricultural use, open space, inventory deferment, or timberland.

Tax Abatement

The City of Houston and Fort Bend County may designate all or part of the District as a reinvestment zone, and the District, Fort Bend County, and (if it were to annex the area) the City of Houston may thereafter enter into tax abatement agreements with the owners of property within the zone. The tax abatement agreements may exempt from ad valorem tax, by the applicable taxing jurisdictions, and by the District, for a period of up to ten (10) years, all or any part of any increase in the assessed valuation of property covered by the agreement over its assessed valuation in the year in which the agreement is executed, on the condition that the property owner make specified improvements or repairs to the property in conformity with a comprehensive plan. According to the District's Tax Assessor/Collector, to date, none of the area within the District has been designated as a reinvestment zone.

Levy and Collection of Taxes

The District is responsible for the collection of its taxes, unless it elects to transfer such functions to another governmental entity. The District adopts its tax rate each year after it receives a tax roll certified by the Appraisal District. Taxes are due upon receipt of a bill therefor, and become delinquent after January 31 of the following year or thirty (30) days after the date billed, whichever is later, or, if billed after January 10, they are delinquent on the first day of the month next following the 21st day after such taxes are billed. A delinquent tax accrues interest at a rate of one percent (1%) for each month or portion of a month the tax remains unpaid beginning the first calendar month it is delinquent. A delinquent tax also incurs a penalty of six percent (6%) of the amount of the tax for the first calendar month it is delinquent plus a one percent (1%) penalty for each additional month or portion of a month the tax remains unpaid prior to July 1 of the year in which it becomes delinquent. However, a tax delinquent on July 1 incurs a total penalty of twelve percent (12%) of the amount of the delinquent tax without regard to the number of months the tax has been delinquent, which penalty remains at such rate without further increase. If the tax is not paid by July 1, an additional penalty of up to the amount of the compensation specified in the District's contract with its delinquent tax collection attorney, but not to exceed twenty percent (20%) of the total tax, penalty and interest, may, under certain circumstances, be imposed by the District. With respect to personal property taxes that become delinquent on or after February 1 of a year and that remain delinquent sixty (60) days after the date on which they become delinquent, as an alternative to

the penalty described in the foregoing sentence, an additional penalty on personal property of up to the amount specified in the District's contract with its delinquent tax attorney, but not to exceed twenty percent (20%) of the total tax, penalty and interest, may, under certain circumstances, be imposed by the District prior to July 1. The District's contract with its delinquent tax collection attorney currently specifies a twenty percent (20%) additional penalty. The District may waive penalties and interest on delinquent taxes only if (i) an error or omission of a representative of the District, including the Appraisal District, caused the failure of the taxpayer to pay taxes, (ii) the delinquent taxes are paid on or before the one-hundred and eightieth (180th) day after the taxpayer received proper notice of such delinquency and the delinquent taxes relate to a property for which the appraisal roll lists one or more certain specified inaccuracies, or (iii) the taxpayer submits evidence sufficient to show that the tax payment was delivered before the delinquency date to the United States Postal Service or other delivery service, but an act or omission of the postal or delivery service resulted in the tax payment being considered delinquent. The Property Tax Code also makes provision for the split payment of taxes, discounts for early payment and the postponement of the delinquency of taxes under certain circumstances. The owner of a residential homestead property who is (i) a person sixty-five (65) years of age or older, (ii) under a disability for purpose of payment of disability insurance benefits under the Federal Old Age Survivors and Disability Insurance Act, or (iii) qualifies as a disabled veteran under Texas law is also entitled by law to pay current taxes on a residential homestead in installments or to defer the payment of taxes without penalty during the time of ownership. Additionally, a person who is delinquent on taxes for a residential homestead is entitled to an agreement with the District to pay such taxes in installments over a period of between 12 and 36 months (as determined by the District) when such person has not entered into another installment agreement with respect to delinquent taxes with the District in the preceding 24 months.

District's Rights in the Event of Tax Delinquencies

Taxes levied by the District are a personal obligation of the owner of the property against which the tax is levied. In addition, on January 1 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed for the year on the property. The lien exists in favor of each taxing unit, including the District, having power to tax the property. The District's tax lien is on a parity with tax liens of other such taxing units (see "DISTRICT DEBT - Estimated Direct and Overlapping Debt Statement"). A tax lien on real property takes priority over the claim of most creditors and other holders of liens on the property encumbered by the tax lien, whether or not the debt or lien existed before the attachment of the tax lien. Further, personal property under certain circumstances is subject to seizure and sale for the payment of delinquent taxes, penalties, and interest.

Except with respect to (i) owners of residential homestead property who are sixty-five (65) years of age or older or under a disability as described above and who have filed an affidavit as required by law and (ii) owners of residential homesteads who have entered into an installment agreement with the District for payment of delinquent taxes as described above and who are not in default under said agreement, at any time after taxes on property become delinquent, the District may file suit to foreclose the lien securing payment of the tax, to enforce personal liability for the tax, or both. In filing a suit to foreclose a tax lien on real property, the District must join other taxing units that have claims for delinquent taxes against all or part of the same property. Collection of delinquent taxes may be adversely affected by the amount of taxes owed to other taxing units, by the effects of market conditions on the foreclosure sale price, or by taxpayer redemption rights (a taxpayer may redeem property that is a residence homestead or was designated for agricultural use within two (2) years after the deed issued at foreclosure is filed of record and may redeem all other property within six (6) months after the deed issued at foreclosure is filed of record) or by bankruptcy proceedings which restrict the collection of taxpayer debt. The District's ability to foreclose its tax lien or collect penalties and interest may be limited on property owned by a financial institution which is under receivership by the Federal Deposit Insurance Corporation pursuant to the Federal Deposit Insurance Act, 12 U.S.C. 1825, as amended. Generally, the District's tax lien and a federal tax lien are on par with the ultimate priority being determined by applicable federal law. See "INVESTMENT CONSIDERATIONS - Tax Collection Limitations" and " - The Effect of the Financial Institutions Act of 1989 on Tax Collections of the District."

Rollback of Operation and Maintenance Tax Rate

Under current law, the qualified voters of the District have the right to petition for a rollback of the District's operation and maintenance tax rate only if the total tax bill on the average residence homestead increases by more than eight percent. If a rollback election is called and passes, the rollback tax rate is the current year's debt service and contract tax rates plus the operation and maintenance tax rate that would impose 1.08 times the amount of operation and maintenance tax imposed by the District in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead in the District in that year, subject to certain homestead exemptions. Thus, debt service and contract tax rates cannot be changed by a rollback election.

During the 86th Regular Legislative Session, Senate Bill 2 ("SB 2") was passed and signed by the Governor, with an effective date (as to those provisions discussed herein) of January 1, 2020, and the provisions described herein are effective beginning with the 2020 tax year. See "SELECTED FINANCIAL INFORMATION" for a description of the District's current total tax rate. Debt service and contract tax rates cannot be reduced by a rollback election held within any of the districts described below.

SB 2 classifies municipal utility districts differently based on their current operation and maintenance tax rate or on the percentage of projected build-out that a district has completed. Districts that have adopted an operation and maintenance tax rate for the current year that is 2.5 cents or less per \$100 of taxable value are classified herein as "Special Taxing Units." Districts that have financed, completed, and issued bonds to pay for all land, improvements and facilities necessary to serve at least 95% of the projected build-out of the district are classified as "Developed Districts." Districts that do not meet either of the classifications previously discussed can be classified herein as "Developing Districts." The impact each classification has on the ability of a district to increase its maintenance and operations tax rate pursuant to SB 2 is described for each classification below.

Special Taxing Units

Special Taxing Units that adopt a total tax rate that would impose more than 1.08 times the amount of the total tax imposed by such district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead in the district, subject to certain homestead exemptions, are required to hold an election within the district to determine whether to approve the adopted total tax rate. If the adopted total tax rate is not approved at the election, the total tax rate for a Special Taxing Unit is the current year's debt service and contract tax rate plus the operation and maintenance tax rate that would impose 1.08 times the amount of operation and maintenance tax imposed by the district in the preceding year on a residence homestead appraised at the average appraised value of a residence homestead in the district in that year, subject to certain homestead exemptions.

Developed Districts

Developed Districts that adopt a total tax rate that would impose more than 1.035 times the amount of the total tax imposed by the district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead in the district, subject to certain homestead exemptions, plus any unused increment rates, as calculated and described in Section 26.013 of the Tax Code, are required to hold an election within the district to determine whether to approve the adopted total tax rate. If the adopted total tax rate is not approved at the election, the total tax rate for a Developed District is the current year's debt service and contract tax rate plus the operation and maintenance tax rate that would impose 1.035 times the amount of operation and maintenance tax imposed by the district in the preceding year on a residence homestead appraised at the average appraised value of a residence homestead in the district in that year, subject to certain homestead exemptions, plus any unused increment rates. In addition, if any part of a Developed District lies within an area declared for disaster by the Governor of Texas or President of the United States, alternative procedures and rate limitations may apply for a temporary period. If a district qualifies as both a Special Taxing Unit and a Developed District, the district will be subject to the operation and maintenance tax threshold applicable to Special Taxing Units.

Developing Districts

Districts that do not meet the classification of a Special Taxing Unit or a Developed District can be classified as Developing Districts. The qualified voters of these districts, upon the Developing District's adoption of a total tax rate that would impose more than 1.08 times the amount of the total tax imposed by such district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead in the district, subject to certain homestead exemptions, are authorized to petition for an election to reduce the operation and maintenance tax rate. If an election is called and passes, the total tax rate for Developing Districts is the current year's debt service and contract tax rate plus the operation and maintenance tax rate that would impose 1.08 times the amount of operation and maintenance tax imposed by the district in the preceding year on a residence homestead appraised at the average appraised value of a residence homestead in the district in that year, subject to certain homestead exemptions.

The District

A determination as to a district's status as a Special Taxing Unit, Developed District or Developing District will be made by the Board of Directors on an annual basis, beginning with the 2020 tax rate. The District cannot give any assurances as to what its classification will be at any point in time or whether the District's future tax rates will result in a total tax rate that will reclassify the District into a new classification and new election calculation.

THE DISTRICT

General

The District is a municipal utility district created by an order of the TCEQ, dated July 25, 2003, under Article XVI, Section 59 of the Texas Constitution, and operates under the provisions of Chapter 49 and Chapter 54 of the Texas Water Code, as amended, and other general statutes of Texas applicable to municipal utility districts. The District, which lies wholly within the extraterritorial jurisdiction of the City of Houston (except as described below under "Strategic Partnership Agreement"), is subject to the continuing supervisory jurisdiction of the TCEQ.

The District is empowered, among other things, to finance, purchase, construct, operate and maintain all works, improvements, facilities and plants necessary for the supply and distribution of water; the collection, transportation and treatment of wastewater; and the control and diversion of storm water. The District may issue bonds and other forms of indebtedness to purchase or construct such facilities. The District may also provide solid waste disposal and collection services. The District is also empowered to establish, operate and maintain fire-fighting facilities, separately or jointly with one or more conservation and reclamation districts, municipalities or other political subdivisions, after approval by the TCEQ and the voters of the District. Additionally, the District may, subject to certain limitations, develop and finance recreational facilities and may also, subject to the granting of road powers by the TCEQ and certain limitations, develop and finance roads. See "THE BONDS - Issuance of Additional Debt," "- Financing Road Facilities" and "- Financing Recreational Facilities."

The District is required to observe certain requirements of the City of Houston which limit the purposes for which the District may sell bonds to finance the acquisition, construction, and improvement of waterworks, wastewater, and drainage, recreational, road and firefighting facilities and the refunding of outstanding debt obligations; limit the net effective interest rate on such bonds and other terms of such bonds; require approval by the City of Houston of District construction plans; and permit connections only to lots and reserves described in a plat that has been approved by the City of Houston and filed in the real property records of Fort Bend County. The District is also required to obtain certain TCEQ approvals prior to acquiring, constructing and financing road and fire-fighting facilities, as well as voter approval of the issuance of bonds for said purposes and/or for the purposes of financing recreational facilities. Construction and operation of the District's drainage system is subject to the regulatory jurisdiction of additional State of Texas and local agencies. See "THE SYSTEM."

Description

The District contains 1,245.03 acres of land. The District is located entirely within Fort Bend County, Texas, and entirely within the extraterritorial jurisdiction of the City of Houston, Texas (the “City”). The District is located partially within the Katy Independent School District (approximately 287 acres) and partially within the Lamar Consolidated Independent School District (approximately 958 acres). The District is located approximately 28 miles west of the central business district of the City. The District lies on both the north and south sides of F.M. 1093, approximately 3.5 miles west of the intersection of F.M. 1093 and the Grand Parkway. The intersection of F.M. 1093 and F.M. 723 forms the northeast corner of one portion of the District. See “APPENDIX A - LOCATION MAP.”

Strategic Partnership Agreement

The District and the City entered into a Strategic Partnership Agreement (the “Original SPA”) dated effective December 13, 2010, pursuant to Chapter 43 of the Texas Local Government Code. The Original SPA was superseded by those certain First Amended and Restated Strategic Partnership Agreement dated effective December 10, 2015, and Second Amended and Restated Strategic Partnership Agreement dated December 19, 2016, between the District and the City (collectively, the “SPA”). The SPA provides for a “limited purpose annexation” for certain portions of the District which are or will be developed for retail and commercial purposes in order to apply certain City health, safety, planning and zoning ordinances within the District. Areas of residential development within the District are not subject to the limited purpose annexation. The SPA also provides that the City will not annex the District for “full purposes” for at least thirty (30) years from the effective date of the Original SPA. Also, as a condition to full purpose annexation, any unpaid reimbursement obligations due to a developer by the District for water, wastewater and drainage facilities and recreational facilities must be assumed by the City to the maximum extent permitted by TCEQ rules. The procedures for full purpose annexation under the SPA may differ from those otherwise applicable under Chapter 43, Texas Local Government Code, including any requirements for an election. See “THE BONDS - Annexation.”

As of the effective date of the Original SPA and, with respect to additional tracts added subsequent to the Original SPA, the effective date of such amendment thereof, the City was authorized to impose the one percent (1%) City sales and use tax within the portion of the District included in the limited purpose annexation. Such portion includes certain commercial development within the District. The City pays to the District an amount equal to one half (½) of all sales and use tax revenue generated within such area of the District and received by the City from the Comptroller of Public Accounts of the State of Texas (the “Sales Tax Revenue”). Pursuant to State law, the District is authorized to use Sales Tax Revenue generated under the SPA for any lawful purpose. None of the anticipated Sales Tax Revenue is pledged toward the payment of principal and interest on the Bonds or the Outstanding Bonds.

Management of the District

The District is governed by the Board, consisting of five directors. The Board has control over and management supervision of all affairs of the District. Directors serve four-year staggered terms, and elections are held within the District in May in even numbered years. The current members and officers of the Board, along with their respective terms of office, are listed below. Three of the directors reside within the District. Two of the directors own land which is subject to separate non-recourse promissory notes in favor of entities related to the Developers.

<u>Name</u>	<u>Position</u>	<u>Term Expires in May</u>
Randal L. Carter	President	2022
John R. Morgan	Vice President	2020
William R. Mower	Secretary, Records Management Officer	2020
Ross Madia	Assistant Secretary	2022
Amber Stevenson	Assistant Secretary	2022

The District does not have a general manager or any other employee, but has contracted for services, as follows.

Tax Assessor/Collector - The District has engaged Wheeler & Associates, Inc., Houston, Texas, as the District's Tax Assessor/Collector. According to Wheeler & Associates, Inc., it presently serves approximately 100 taxing units as tax assessor/collector. The Tax Assessor/Collector applies the District's tax rate to appraisal rolls prepared by the Appraisal District and bills and collects such tax.

Utility System Operator - Environmental Development Partners, LLC is employed by the District as the general operator of the District's System. According to Environmental Development Partners, LLC, it serves as operator of the systems of approximately 59 districts.

Consulting Engineers - The District has employed the firm of Jones & Carter, Inc. (the "Engineer"), Houston, Texas, as Consulting Engineer in connection with the overall planning activities and the design of the System.

Bookkeeper - The District has engaged Municipal Accounts & Consulting, L.P. as the District's Bookkeeper. According to Municipal Accounts & Consulting, L.P., it currently serves approximately 400 districts as bookkeeper.

Auditor - The financial statements of the District as of June 30, 2018, and for the year then ended, included in this offering document, have been audited by BKD, LLP, independent auditors, as stated in their report appearing herein. A copy of the District's financial statements for the fiscal year ended June 30, 2018, is included as "APPENDIX B" to this Official Statement.

Bond Counsel and General Counsel - Schwartz, Page & Harding, L.L.P. ("Bond Counsel") serves as bond counsel to the District. The fee to be paid Bond Counsel for services rendered in connection with the issuance of the Bonds is contingent upon the sale and delivery of the Bonds. In addition, Schwartz, Page & Harding, L.L.P. serves as general counsel to the District on matters other than the issuance of bonds.

Disclosure Counsel - McCall, Parkhurst & Horton L.L.P., Houston, Texas, serves as Disclosure Counsel to the District. The fee to be paid Disclosure Counsel for services rendered in connection with the issuance of the Bonds is contingent on the issuance, sale and delivery of the Bonds.

Financial Advisor - The District has engaged Rathmann & Associates, L.P., as financial advisor (the "Financial Advisor") to the District. The fees paid the Financial Advisor for services rendered in connection with the issuance of the Bonds are based on a percentage of the Bonds actually issued and sold. Therefore, the payment of such fees is contingent upon the sale and delivery of the Bonds. Rathmann & Associates, L.P. is an independent municipal advisor registered with the United States Securities and Exchange Commission (the "SEC") and the Municipal Securities Rulemaking Board (the "MSRB"). Rathmann & Associates, L.P.'s SEC registration number is 867-00217 and its MSRB registration number is K0161. Rathmann & Associates, L.P.'s SEC registration Forms MA and MA-1's, which constitute Rathmann & Associates, L.P.'s registration filings, may be accessed through <http://www.sec.gov/edgar/searchedgar/companysearch.html>.

DEVELOPMENT AND HOME CONSTRUCTION

As of September 15, 2019, the District contained 3,550 homes, including 131 homes under construction. See "BUILDERS." According to the District's Engineer, the development of 3,668 single-family residential lots located within the District (an aggregate of approximately 968.60 acres) is complete with the provision of components of the System and street paving. In addition, the development of Creekside Ranch, Section 11 (67 single-family residential lots on approximately 18.95 acres) and Creekside Ranch, Section 12 (67 single-family residential lots on approximately 14.42 acres) is underway, with completion anticipated in approximately December 2019. Approximately 25.23 total acres located within the District have been developed with the provision of trunk components of the System and street paving to the perimeter of such acres on which eight strip retail shopping centers, two office buildings, two stand-alone businesses, a Montessori school and a gasoline service station/convenience store aggregating approximately 331,991 square feet of building area have been constructed. In addition, an approximately 101,100 square foot HEB grocery store is currently under construction on approximately 16.8 acres located within the District, with completion expected in approximately April 2020. A splash pad facility, consisting of a zero-entry swimming pool, fountains and a community

building, has been constructed on an approximately 5.24 acre site located within the District; a recreational facility, consisting of a junior Olympic swimming pool, bath houses and a children's playground, has been constructed on an approximately 4.44 acre site located within the District; and another recreational facility consisting of a junior Olympic swimming pool and a clubhouse has been constructed on an approximately 1.84 acre site located within the District. In addition, approximately 13.51 total acres located within the District which have been developed for recreation facilities contain a recreational center on approximately 2.21 of such acres and a lake on approximately 9.02 of such acres.

Lamar Consolidated Independent School District ("LCISD") has constructed an elementary school on approximately 35.87 acres of land located within the District and approximately 20.97 acres of land located within the District are being used by the Lamar Consolidated Independent School District for agricultural purposes which land and facilities that are owned by LCISD are not subject to taxation by the District. A Seventh Day Adventist Church has been constructed on approximately 6.01 acres located within the District which is not subject to taxation by the District.

In addition to the aforementioned total of 3,668 fully developed single-family residential lots that have been developed on approximately 968.60 acres, the 134 single-family residential lots on approximately 33.37 acres that are currently under development, the approximately 25.23 acres that are being utilized for commercial purposes located within the District that have been developed to date, and the approximately 101,100 square foot HEB grocery store that is currently under construction on approximately 16.8 acres located within the District, as is described in this Official Statement, approximately 71.56 acres of land located in the District are available for future development. It is anticipated that such currently undeveloped acres are expected to be utilized for single-family residential, commercial and/or multi-family residential development or other uses. The ownership of such acres that are currently available for future development is described below under the caption "DEVELOPERS AND OTHER PRINCIPAL LANDOWNERS." However, because there is no legal commitment to the District on the part of any of the owners of the currently undeveloped land located within the District to develop such land according to any specific plan, timetable, or at all, the District cannot predict when, or whether, any of such currently undeveloped acres located within the District might be developed. The balance of the land located within the District is contained within various easements or rights-of-way, or is otherwise not available for future development. See "INVESTMENT CONSIDERATIONS - Factors Affecting Taxable Values and Tax Payments," "TAX DATA - Principal 2019 Taxpayers," "DEVELOPERS AND OTHER PRINCIPAL LANDOWNERS" and "FUTURE DEVELOPMENT."

The District financed portions of the cost of acquiring or constructing components of the System and certain recreational facilities that are described in this Official Statement under the caption "THE SYSTEM," and other facilities, with portions of the proceeds of the sale of the Prior Bonds. The District anticipates financing its cost of acquiring or constructing additional components of its System with the proceeds of the sale of bonds, if any, to be issued by the District in the future, including its approximately \$25,000,000 Unlimited Tax Bonds, Series 2020, which it expects to issue in approximately the first quarter of 2020. See "THE BONDS - Issuance of Additional Debt" and "INVESTMENT CONSIDERATIONS - Future Debt."

As of September 15, 2019, the status of lot development and home construction in the District was as follows:

Subdivision	Lots				Homes					Totals
	Developed	Acres	Under Development	Acres	Under Construction		Completed			
					Sold*	Unsold	Sold*	Unsold	Models

* Includes homes sold and contracted for sale. Homes under contract for sale are, in some instances, subject to conditions of appraisal, loan application, approval and inspection. See "BUILDERS."

DEVELOPERS AND OTHER PRINCIPAL LANDOWNERS

The current developers of land located within the District are KB Home Lone Star, Inc. (“KB Home”), Ashton Houston Residential, LLC, a Texas limited liability company (“Ashton”), and Lennar Homes of Texas Land and Construction, Ltd. (“Lennar Homes”), a Texas limited partnership, doing business as Friendswood Development Company (“FDC”), whose general partner is U.S. Home Corporation, a Delaware corporation. Collective reference is made in this Official Statement to KB Home, Ashton and FDC as the “Developers.”

KB Home has completed the development of Canyon Village at Westheimer Lakes, Sections 4 through 6 and Briscoe Falls, Sections 1 through 5 (approximately 110.68 total acres, 392 total lots), and is currently constructing homes in Briscoe Falls as is described below under the caption “BUILDERS.” KB Home owns no additional land located in the District.

Ashton and FDC have completed the development of Creekside Ranch, Sections 2 through 10 (approximately 151.62 total acres, 586 total lots) and are currently constructing homes on such lots. Ashton and FDC have initiated the development of Creekside Ranch, Section 11 (67 single-family residential lots on approximately 18.95 acres) and Creekside Ranch, Section 12 (67 single-family residential lots on approximately 14.42 acres), with completion anticipated in approximately December 2019. Ashton and FDC have also completed the development of approximately 13.51 total acres located within the District for recreation facilities on which a recreational center has been constructed on approximately 2.21 of such acres and a lake has been constructed on approximately 9.02 of such acres. Ashton and FDC together own approximately 45.86 acres of land located within the District that are available for future development. Although it is anticipated such 45.86 acres will be used for residential development, no definitive development plan concerning such acres has been made known to the District. The District cannot represent that the development of such 45.86 acres will be undertaken or that the development of Creekside Ranch Sections 11 and 12 will be completed.

There are approximately 25.7 additional acres of currently undeveloped land located within the District that are available for future development that are owned by multiple other parties. Although it is anticipated that such approximately 25.7 acres will be utilized for future commercial and/or multi-family residential development or other uses, none of the owners of any of such acres has reported any definitive development plan covering any of such acres to the District. None of KB Home, Ashton, FDC, or any other landowner has any obligation to the District to undertake the development of any land located within the District, and any of such landowners may sell any of the land that it owns at any time at its sole discretion. Therefore, the District cannot represent when, or whether, any of such currently undeveloped acres located within the District might be initiated or completed. See “INVESTMENT CONSIDERATIONS - Factors Affecting Taxable Values and Tax Payments - Developer/Builder/Landowner Obligation to the District.”

BUILDERS

The current builders of homes located within the District are KB Home, D.R. Horton, Ashton and Lennar Homes. Collective reference is sometimes made in this Official Statement to the aforementioned home building companies as the “Builders.”

The Builders are currently constructing homes in the District which range from approximately 1,469 to 3,289 square feet in size of living area and in sales price from approximately \$188,995 to \$372,990. The Builders may change the size(s) and the type(s) of homes which they elect to build, and the sales prices thereof, at their sole discretion. There can be no assurance that any of the Builders will continue to construct homes within the District.

FUTURE DEVELOPMENT

In addition to the aforementioned total of 3,668 fully developed single-family residential lots that have been developed on approximately 968.60 acres, the 134 single-family residential lots on approximately 33.37 acres that are currently under development, the approximately 25.23 acres that are being utilized for commercial purposes located within the District that have been developed to date, and the approximately 101,100 square foot HEB grocery store that is currently

under construction on approximately 16.8 acres located within the District, as is described in this Official Statement, approximately 71.56 acres of land located in the District are available for future development. See “DEVELOPMENT AND HOME CONSTRUCTION” and “DEVELOPERS AND OTHER PRINCIPAL LANDOWNERS.” It is anticipated that such acres will be developed in the future primarily for single-family residential, commercial and/or multi-family residential development or other usage. Since there is no legal commitment on the part of the owners of any of such currently undeveloped land to the District to develop such acres available for future development according to any specific plan, timetable, or at all, the District cannot predict when, or whether, any of such currently undeveloped acres located within the District might be developed. The balance of the land located within the District is contained within various easements or rights-of-way, or is otherwise not available for future development. If any undeveloped portion of the District is eventually developed, additions to the District's water, sanitary sewer and drainage systems required to service such undeveloped acreage may be financed by future issues of the District's bonds. The District's Engineer currently estimates that the aforementioned \$105,405,000 authorized unlimited tax bonds which remain unissued will be adequate to finance the construction of all waterworks, wastewater, and drainage facilities that will be necessary to provide service to all of the currently undeveloped portions of the District. The District anticipates financing its cost of acquiring or constructing additional components of its System with the proceeds of the sale of bonds, if any, to be issued by the District in the future, including its approximately \$25,000,000 Unlimited Tax Bonds, Series 2020, which it expects to issue in approximately the first quarter of 2020. See “THE BONDS - Issuance of Additional Debt,” “THE SYSTEM,” and “INVESTMENT CONSIDERATIONS - Future Debt.”

THE SYSTEM

Regulation

According to the District's Engineer, the System has been designed in conformance with accepted engineering practices and the requirements of certain governmental agencies having regulatory or supervisory jurisdiction over the construction and operation of such facilities, including, among others, the TCEQ, the City of Houston, Fort Bend County, and the Fort Bend County Drainage District.

Operation of the System is subject to regulation by, among others, the United States Environmental Protection Agency and the TCEQ. The total number of equivalent single-family connections (“ESFCs”) estimated at this time for the District upon the full development of its 1,245.03 acres is 4,587 with a total estimated population of 13,761 people. The following descriptions are based upon an estimate of 3 people/ESFC supplied by the District's Engineer.

Description

The System presently serves the total of 3,668 single-family residential lots that have been developed on the aggregate of approximately 968.60 acres located within the District, and the approximately 25.23 total acres that have been developed for commercial purposes that are described above under the caption “DEVELOPMENT AND HOME CONSTRUCTION.” The District financed portions of the cost of acquiring or constructing certain components of the System, including Water Plant No. 1 - Phase 1 and Water Well No. 2, a wastewater treatment plant onsite lift station, interim wastewater treatment plant site work, and other items with portions of the proceeds of the sale of the Series 2006 Bonds. The District financed portions of the cost of acquiring or constructing additional components of the System, including (a) underground water distribution, wastewater collection and storm drainage facilities to serve Canyon Lakes at Westheimer Lakes, Section 1, and The Villas at Westheimer Lakes, Section 1; (b) Fulshear-Gaston trunk utilities, Phase 1A and drainage extension; (c) detention and storm water quality features, Phase 1A; (d) Westheimer Lakes offsite drainage channel; (e) land costs for water plant no. 1 and wastewater treatment plant; and other facilities, and other items with portions of the proceeds of the sale of the Series 2007 Bonds. The District financed the cost of acquiring or constructing additional components of the System, including (a) the District's cost of the acquisition or construction of underground water distribution, wastewater collection and storm drainage facilities to serve Canyon Gate at Westheimer Lakes, Section 1, Canyon Springs at Westheimer Lakes, Section 1 and Canyon Village at Westheimer Lakes, Section 1; and along Canyon Fields, Reese Lake, and Westheimer Lakes North Drives; (b) delivery and installation of a leased wastewater treatment plant; (c) water and wastewater facilities along F.M. 1093; (d) wastewater and drainage facilities along Fulshear-Gaston Road; (e) land and construction costs for ponds to serve the Westheimer Lakes development and

other facilities with portions of the proceeds of the sale of the Series 2008 Bonds. The District financed the cost of acquiring or constructing additional components of the System, including water distribution, wastewater collection, and storm drainage facilities to serve Canyon Springs at Westheimer Lakes, Section 2, Westheimer Lakes North, Sections 1 through 4 and along Westheimer Lakes North Drive, and other facilities, with portions of the proceeds of the sale of the Series 2009 Bonds. The District financed the cost of acquiring or constructing additional components of the System, including water distribution, wastewater collection, and storm drainage facilities to serve Canyon Gate at Westheimer Lakes, Section 2, Canyon Lakes at Westheimer Lakes, Section 2, Canyon Village at Westheimer Lakes, Section 2, Westheimer Lakes North, Sections 5, 6 and 8 through 11, and other facilities, with portions of the proceeds of the sale of the Series 2010 Bonds. The District financed its cost of acquiring landscaping in Canyon Gate at Westheimer Lakes, Canyon Lakes at Westheimer Lakes, and Canyon Springs at Westheimer Lakes, landscaping along Westheimer Lakes North Drive, Canyon Fields Drive and Reese Lake Drive, irrigation facilities in Westheimer Lakes, the Westheimer Lakes North Recreational Center facilities, and land acquisition costs for certain landscaping reserves and open spaces throughout the District with the proceeds of the sale of the Series 2011 Bonds. The District financed its cost of acquiring or constructing additional components of the System, including Water Plant No. 2, Phase 1, a chloramine conversion system and surface water tie-in, and the District's share of a surface water transmission line to be owned by the North Fort Bend Water Authority with the proceeds of the sale of the Series 2011A Bonds. The District financed the construction of Water Plant No. 1, Phase 2, an off-site drainage channel pipeline crossing to serve Westheimer Lakes and water distribution, wastewater collection and storm drainage facilities to serve Westheimer Lakes North, Section 7 with the proceeds of the sale of the Series 2012 Bonds. The District financed the construction of the Wastewater Treatment Plant expansion, Phase 3, land costs for a detention pond to serve HorseShoe Ridge at Westheimer Lakes, Section 1, and water distribution, wastewater collection and storm drainage facilities to serve Canyon Village at Westheimer Lakes, Sections 3 through 5 with the proceeds of the Series 2013 Bonds. The District financed the construction of the Water Plant No. 2, Phase II, a detention pond to serve HorseShoe Ridge, utility extension for Westheimer Lakes Retail Center, FM 1093 Trunk Utility Relocation, and water distribution, wastewater collection and storm drainage facilities to serve HorseShoe Ridge at Westheimer Lakes, Section 1 and Canyon Village at Westheimer Lakes, Section 6 with the proceeds of the Series 2014A Bonds. The District financed the acquisition, construction or payment of North Fort Bend Water Authority water transmission line; Briscoe Falls lift station, detention basin, and FM 723 outfall; lift station land and offsite easement acquisition; and water distribution, wastewater collection and storm drainage facilities to serve Briscoe Falls, Sections 1 and 2, and Heritage Bluff Drive & Trinity Woods Crossing with the proceeds of the Series 2016 Bonds. The District financed the acquisition, construction or payment of an elevated storage tank, Creekside Ranch off-site lift station and force mains, Briscoe Falls detention pond phase 2, land costs for Briscoe Falls detention ponds phases 1 and 2 and the Creekside Ranch lift station; and water distribution, wastewater collection and storm drainage facilities to serve Creekside Ranch, Sections 1 through 3, and CVS 8-inch water and wastewater lines with the proceeds of the Series 2017A Bonds. The District financed the acquisition, construction or payment of Creekside Ranch detention capacity, Briscoe Falls detention pond phase 3, land costs for Briscoe Falls detention ponds phase 3, and water distribution, wastewater collection and storm drainage facilities to serve Creekside Ranch, Sections 4 and 5, Briscoe Falls, Sections 3 through 5, and Farmdale Lane, and engineering fees related to the foregoing projects and related to the future construction of a 1.20 MGD wastewater treatment plant with the proceeds of the Series 2018 Bonds. The District is financing the acquisition, construction or payment of water distribution, wastewater collection and storm drainage facilities to serve Creekside Ranch, Sections 6 and 7, with the proceeds of the Bonds. The District anticipates financing its cost of acquiring or constructing additional components of its System with the proceeds of the sale of bonds, if any, to be issued by the District in the future, including its approximately \$25,000,000 Unlimited Tax Bonds, Series 2020, which it expects to issue in approximately the first quarter of 2020. See "THE BONDS - Issuance of Additional Debt" and "INVESTMENT CONSIDERATIONS - Future Debt."

Water Supply

Water supply for the District consists of groundwater supplied by the District's water plant and surface water received from the North Fort Bend Water Authority (the "Authority") that is delivered to Water Plant No. 1 and Water Plant No. 2. The District's water supply facilities currently consist of two wells that contain a total of 2,090 gallons-per minute ("gpm") of capacity, two 15,000 gallon pressure tanks and two 20,000 gallon pressure tanks, ground storage tank capacity totaling 1,830,000 gallons, and booster pumps totaling 6,800 gpm of capacity. The District financed Water Plant No. 1 – Phase I and Water Well No. 2 with portions of the proceeds of the sale of the Prior Bonds. The expansion

of Water Plant No. 1, which included the construction of two ground storage tanks, two booster pumps, one hydrotank and all associated piping and site work, has been completed. The additional hydrotank has been funded by the District with existing surplus construction funds and the remaining portion of the project has been funded with the proceeds of the sale of the Prior Bonds. The District has constructed a second water plant ("Water Plant No. 2") that includes two ground storage tanks, two hydrotanks, and two booster pumps and which will not include a water well. The District financed Water Plant No. 2, Phase I and Water Plant No. 2, Phase II out of the proceeds of the Prior Bonds to help maintain the water system pressure throughout the District. The District entered into a contract with the Authority to provide the District with sufficient water supply to eliminate the need to drill a third water well at Water Plant No. 2. A water line has been constructed by the Authority (see "Subsidence and Conversion to Surface Water Supply" below) to provide additional water supply capacity for future development within the District. The District was required under the contract to participate in the costs of said water line, and said costs were included in the Prior Bonds. The Authority is delivering surface water to Water Plant No. 2. The District has sufficient water supply capacity to serve the ultimate development of the District.

The 500,000 gallon elevated storage tank that is to be located in the Creekside Ranch development south of Fulshear-Gaston Road within the District is currently under construction. The District funded the 500,000 gallon elevated storage tank with a portion of the proceeds of the Prior Bonds. The elevated storage tank is expected to be complete and operational in the fourth quarter of 2019.

Subsidence and Conversion to Surface Water Supply

The District is within the boundaries of the Fort Bend Subsidence District (the "Subsidence District"), which regulates groundwater withdrawal. The District's authority to pump groundwater is subject to an annual consolidated permit issued by the Subsidence District to the Authority on behalf of its participants. The Subsidence District has adopted regulations requiring reduction of groundwater withdrawals through conversion to alternate source water (e.g., surface water) in certain areas within the Subsidence District's jurisdiction, including the area within the District.

The Subsidence District's regulations require the District, individually or collectively with other water users, to: (i) have prepared a groundwater reduction plan ("GRP") and obtain certification of the GRP from the Subsidence District by 2008; (ii) have limited groundwater withdrawals to no more than 70% of the total water demand of the water users within the GRP, beginning January 2014 and (iii) limit groundwater withdrawals to no more than 40% of the total water demand of the water users within the GRP, beginning January 2025.

The Texas legislature created the Authority to, among other things, reduce groundwater usage in, and to provide surface water to, the northern portion of Fort Bend County (including the District) and a small portion of Harris County. The District has chosen to participate in the Authority and thereby comply with the above Subsidence District regulations, collectively, with the other water users within the Authority. The Authority, among other powers, has the power to: (i) establish fees (including fees imposed on the District for groundwater pumped by the District and surface water received by the District), user fees, rates, charges and special assessments as necessary to accomplish its purposes; (ii) issue debt supported by the revenues pledged for the payment of its obligations; and (iii) mandate water users, including the District, to convert from groundwater to surface water. In March 2008, the Authority adopted a GRP in which the District is a participant. The Authority is delivering surface water to Water Plant No. 1 and Water Plant No. 2 and it is anticipated that the Authority will provide the District with enough water for the average daily demand. The District will utilize its existing water wells as necessary to meet peak demands that exceed the amount of water supplied by the Authority. The Authority currently charges the District, and other major groundwater users, a fee of \$3.65 per 1,000 gallons of groundwater pumped and \$4.00 per 1,000 gallons of surface water received. Said fees may be increased by the Authority at any time. The Authority currently has \$608,615,000 of revenue bonds outstanding and anticipates issuing substantial amounts of additional revenue bonds in the future to finance the Authority's project costs.

If the Authority fails to comply with the above Subsidence District regulations, the District will be subject to a disincentive fee penalty imposed by the Subsidence District for any groundwater withdrawn in excess of the then-current limit. If the District fails to comply with surface water conversion requirements when and if mandated by the Authority, the District would be subject to monetary or other penalties imposed by the Authority.

The District cannot predict the amount or level of fees and charges which may be due the Authority in the future, but anticipates the need to pass such fees through to its customers: (i) through higher water rates and/or (ii) with portions of maintenance tax proceeds, if any. No representation is made that the Authority: (i) will continue to comply with the GRP, (ii) will build the necessary facilities to meet the requirements of the Subsidence District for conversion to surface water, or (iii) will comply with the Subsidence District's surface water conversion requirements.

Wastewater Treatment

Wastewater treatment for the District is being provided by a 200,000 gallon per day (“gpd”) and a 900,000 gpd interim leased package plants. Based on 250 gpd/ESFC, the interim wastewater treatment plants have capacity to serve 4,400 ESFCs, which is sufficient to serve the existing development in the District. The District funded the design of a future permanent 1.20 MGD Wastewater Treatment Plant with a portion of the proceeds of the Prior Bonds. This future wastewater treatment plant will be located at the Wastewater Treatment Plant No. 2 site and replace the existing leased package plants. The 1.20 MGD permanent wastewater treatment plant is expected to be complete and operational in the first quarter of 2022.

100-Year Flood Plain

"Flood Insurance Rate Map" or "FIRM" means an official map of a community on which the Federal Emergency Management Agency (FEMA) has delineated the appropriate areas of flood hazards. The 1% chance of probable inundation, also known as the 100-year flood plain, is depicted on these maps. The "100-year flood plain" (or 1% chance of probable inundation) as shown on the FIRM is the estimated geographical area that would be flooded by a rain storm of such intensity to statistically have a one percent chance of occurring in any given year. Generally speaking, homes must be built above the 100-year flood plain in order to meet local regulatory requirements and to be eligible for federal flood insurance. Generally speaking, homes must be built above the 100-year flood plain in order to meet local regulatory requirements and to be eligible for federal flood insurance subsidies. An engineering or regulatory determination that an area is above the 100-year flood plain is no assurance that homes built in such area will not be flooded. If substantial or frequent flooding of homes were to occur in the District, the maintenance of or the future growth of property values in the District could be adversely affected.

According to the District's Engineer, the Federal Emergency Management Flood Hazard Boundary Map currently in effect which covers the land located in the District indicates no area within the District as lying within the 100-year flood plain of any water course.

LEGAL MATTERS

Legal Opinions

The District will furnish to the Underwriter a transcript of certain certified proceedings incident to the issuance and authorization of the Bonds, including a certified copy of the approving legal opinion of the Attorney General of Texas, as recorded in the Bond Register of the Comptroller of Public Accounts of the State of Texas, to the effect that the Attorney General has examined a transcript of proceedings authorizing the issuance of the Bonds, and that based upon such examination, the Bonds are valid and binding obligations of the District payable from the proceeds of an annual ad valorem tax, without legal limitation as to rate or amount, levied upon all taxable property within the District. The District will also furnish the approving legal opinion of Schwartz, Page & Harding, L.L.P., Houston, Texas, Bond Counsel, to the effect that, based upon an examination of such transcript, the Bonds are valid and binding obligations of the District under the Constitution and laws of the State of Texas, except to the extent that enforcement of the rights and remedies of the Registered Owners of the Bonds may be limited by laws relating to bankruptcy, reorganization, or other similar laws of general application affecting the rights of creditors of political subdivisions such as the District and to the effect that interest on the Bonds is excludable from gross income for federal income tax purposes under the statutes, regulations, published rulings and court decisions existing on the date of such opinion, assuming compliance by the District with certain covenants relating to the use and investment of the proceeds of the Bonds. See “Tax Exemption” below. The legal opinion of Bond Counsel will further state that the Bonds are payable, both as to principal and interest, from the levy of ad valorem taxes, without legal limitation as to rate or amount, upon all taxable property within the District. Bond Counsel’s opinion will also address the matters described below.

In addition to serving as Bond Counsel, Schwartz, Page & Harding, L.L.P., also serves as counsel to the District on matters not related to the issuance of bonds. The legal fees to be paid to Bond Counsel for services rendered in connection with the issuance of the Bonds are based upon a percentage of bonds actually issued, sold and delivered, and therefore such fees are contingent upon the sale and delivery of the Bonds. Certain legal matters will be passed upon for the District by McCall, Parkhurst & Horton, L.L.P., Houston, Texas, as Disclosure Counsel.

The various legal opinions to be delivered concurrently with the delivery of the Bonds express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. In rendering a legal opinion, the attorney does not become an insurer or guarantor of the expression of professional judgment, of the transaction opined upon, or of the future performance of the parties to the transaction, nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

Legal Review

In its capacity as Bond Counsel, Schwartz, Page & Harding, L.L.P., has reviewed the information appearing in this Official Statement under the captioned sections "THE BONDS," "THE DISTRICT - General," "- Strategic Partnership Agreement," and "- Management of the District - Bond Counsel and General Counsel," "TAX PROCEDURES," and "LEGAL MATTERS" solely to determine whether such information fairly summarizes the law and documents referred to therein. Such firm has not independently verified factual information contained in this Official Statement, nor has such firm conducted an investigation of the affairs of the District for the purpose of passing upon the accuracy or completeness of this Official Statement. No person is entitled to rely upon such firm's limited participation as an assumption of responsibility for, or an expression of opinion of any kind with regard to, the accuracy or completeness of any of the other information contained herein.

Tax Exemption

On the date of initial delivery of the Bonds, Bond Counsel will render its opinion that, in accordance with statutes, regulations, published rulings and court decisions existing on the date thereof ("Existing Law"), (1) interest on the Bonds for federal income tax purposes will be excludable from the "gross income" of the holders thereof, and (2) the Bonds will not be treated as "specified private activity bonds" the interest on which would be included as an alternative minimum tax preference item under Section 57(a)(5) of the Internal Revenue Code of 1986, as amended (the "Code"). Except as stated above, Bond Counsel will express no opinion as to any federal, state or local tax consequences resulting from the ownership of, receipt of interest on or disposition of the Bonds.

In rendering its opinion, Bond Counsel will rely upon, and assume continuing compliance with, (a) certain information and representations of the District, including information and representations contained in the District's federal tax certificate issued in connection with the Bonds, and (b) covenants of the District contained in the Bond Order relating to certain matters, including arbitrage and the use of the proceeds of the Bonds and the property financed or refinanced therewith. Failure by the District to observe the aforementioned representations or covenants could cause the interest on the Bonds to become taxable retroactively to the date of issuance.

Bond Counsel's opinion represents its legal judgment based upon its review of Existing Law and the reliance on the aforementioned information, representations and covenants. Bond Counsel's opinion is not a guarantee of a result. Existing Law, upon which Bond Counsel has based its opinion, is subject to change by Congress, administrative interpretation by the Department of the Treasury and to subsequent judicial interpretation. There can be no assurance that Existing Law or the interpretation thereof will not be changed in a manner which would adversely affect the tax treatment of ownership of the Bonds.

Qualified Tax-Exempt Obligations

Section 265(a) of the Code provides, in pertinent part, that interest paid or incurred by a taxpayer, including a “financial institution,” on indebtedness incurred or continued to purchase or carry tax-exempt obligations is not deductible in determining the taxpayer’s taxable income. Section 265(b) of the Code provides an exception to the disallowance of such deduction for any interest expense paid or incurred on indebtedness of a taxpayer that is a “financial institution” allocable to tax-exempt obligations, other than “private activity bonds,” that are designated by a “qualified small issuer” as “qualified tax-exempt obligations.” A “qualified small issuer” is any governmental issuer (together with any “on-behalf of” and “subordinate” issuers) who issues no more than \$10,000,000 of tax-exempt obligations during the calendar year. Section 265(b)(5) of the Code defines the term “financial institution” as any “bank” described in Section 585(a)(2) of the Code, or any person accepting deposits from the public in the ordinary course of such person’s trade or business that is subject to federal or state supervision as a financial institution. Notwithstanding the exception to the disallowance of the deduction of interest on indebtedness related to “qualified tax-exempt obligations” provided by Section 265(b) of the Code, Section 291 of the Code provides that the allowable deduction to a “bank,” as defined in Section 585(a)(2) of the Code, for interest on indebtedness incurred or continued to purchase “qualified tax-exempt obligations” shall be reduced by twenty-percent (20%) as a “financial institution preference item.”

The District will designate the Bonds as “qualified tax-exempt obligations” within the meaning of Section 265(b) of the Code. In furtherance of that designation, the District will covenant to take such action that would assure, or to refrain from such action that would adversely affect, the treatment of the Bonds as “qualified tax-exempt obligations.” **Potential purchasers should be aware that if the issue price to the public exceeds \$10,000,000, there is a reasonable basis to conclude that the payment of a de minimis amount of premium in excess of \$10,000,000 is disregarded; however, the Internal Revenue Service could take a contrary view. If the Internal Revenue Service takes the position that the amount of such premium is not disregarded, then such obligations might fail to satisfy the aforementioned dollar limitation and the Bonds would not be “qualified tax-exempt obligations.”**

Collateral Federal Income Tax Consequences

The following discussion is a summary of certain collateral federal income tax consequences resulting from the purchase, ownership or disposition of the Bonds. This discussion is based on Existing Law which is subject to change or modification retroactively.

Prospective purchasers of the Bonds should be aware that the ownership of tax-exempt obligations may result in collateral federal income tax consequences. The following discussion is applicable to investors, other than those who are subject to special provisions of the Code, including financial institutions, life insurance and property and casualty insurance companies, owners of interests in a FASIT, individual recipients of Social Security or Railroad Retirement benefits, taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, certain S corporations with accumulated earnings and profits and excess passive investment income, foreign corporations subject to the branch profits tax, taxpayers qualifying for the health insurance premium assistance credit, and individuals allowed an earned income credit. THE DISCUSSION CONTAINED HEREIN MAY NOT BE EXHAUSTIVE. INVESTORS, INCLUDING THOSE WHO ARE SUBJECT TO SPECIFIC PROVISIONS OF THE CODE, SHOULD CONSULT THEIR OWN TAX ADVISORS AS TO THE TAX TREATMENT WHICH MAY BE ANTICIPATED TO RESULT FROM RECENTLY ENACTED LEGISLATION OR THE PURCHASE, OWNERSHIP, AND DISPOSITION OF TAX-EXEMPT OBLIGATIONS BEFORE DETERMINING WHETHER TO PURCHASE THE BONDS.

Under Section 6012 of the Code, holders of tax-exempt obligations, such as the Bonds, may be required to disclose interest received or accrued during each taxable year on their returns of federal income taxation.

Section 1276 of the Code provides for ordinary income tax treatment of gain recognized upon the disposition of a tax-exempt obligation, such as the Bonds, if such obligation was acquired at a “market discount” and if the fixed maturity of such obligation is equal to, or exceeds, one year from the date of issue. Such treatment applies to “market discount bonds” to the extent such gain does not exceed the accrued market discount of such bonds; although for this purpose,

a de minimis amount of market discount is ignored. A “market discount bond” is one which is acquired by the holder at a purchase price which is less than the stated redemption price at maturity or, in the case of a bond issued at an original issue discount, the “revised issue price” (i.e., the issue price plus accrued original issue discount). The “accrued market discount” is the amount which bears the same ratio to the market discount as the number of days during which the holder holds the obligation bears to the number of days between the acquisition date and the final maturity date.

State, Local and Foreign Taxes

Investors should consult their own tax advisors concerning the tax implications of the purchase, ownership or disposition of the Bonds under applicable state or local laws. Foreign investors should also consult their own tax advisors regarding the tax consequences unique to investors who are not United States persons.

Tax Accounting Treatment of Original Issue Discount Bonds

The initial public offering price to be paid for one or more maturities of the Bonds is less than the principal amount thereof or one or more periods for the payment of interest on the Bonds may not be equal to the accrued period or be in excess of one year (the “Original Issue Discount Bonds”). The difference between (i) the “stated redemption price at maturity” of each Original Issue Discount Bond, and (ii) the initial offering price to the public of such Original Issue Discount Bond constitutes original issue discount with respect to such Original Issue Discount Bond in the hands of any owner who has purchased such Original Issue Discount Bond in the initial public offering of the Bonds. The “stated redemption price at maturity” means the sum of all payments to be made on the Bonds less the amount of all periodic interest payments. Periodic interest payments are payments which are made during equal accrual periods (or during any unequal period if it is the initial or final period) and which are made during accrual periods which do not exceed one year.

Under Existing Law, such initial owner is entitled to exclude from gross income (as defined in Section 61 of the Code) an amount of income with respect to such Original Issue Discount Bond equal to that portion of the amount of such original issue discount allocable to the period that such Original Issue Discount Bond continues to be owned by such owner. See “Tax Exemption” herein for a discussion of certain collateral federal tax consequences.

In the event of the redemption, sale or other taxable disposition of such Original Issue Discount Bond prior to stated maturity, however, the amount realized by such owner in excess of the basis of such Original Issue Discount Bond in the hands of such owner (adjusted upward by the portion of the original issue discount allocable to the period for which such Original Issue Discount Bond was held by such initial owner) is includable in gross income.

Under Existing Law, the original issue discount on each Original Issue Discount Bond is accrued daily to the stated maturity thereof (in amounts calculated as described below for each six-month period ending on the date before the semiannual anniversary dates of the date of the Bonds and ratably within each such six-month period) and the accrued amount is added to an initial owner's basis for such Original Issue Discount Bond for purposes of determining the amount of gain or loss recognized by such owner upon the redemption, sale or other disposition thereof. The amount to be added to basis for each accrual period is equal to (a) the sum of the issue price and amount of original issue discount accrued in prior periods multiplied by the yield to stated maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) less (b) the amounts payable as current interest during such accrual period on such Bond.

The federal income tax consequences of the purchase, ownership, redemption, sale or other disposition of Original Issue Discount Bonds which are not purchased in the initial offering at the initial offering price may be determined according to rules which differ from those described above. ALL OWNERS OF ORIGINAL ISSUE DISCOUNT BONDS SHOULD CONSULT THEIR OWN TAX ADVISORS WITH RESPECT TO THE DETERMINATION FOR FEDERAL, STATE AND LOCAL INCOME TAX PURPOSES OF INTEREST ACCRUED UPON REDEMPTION, SALE OR OTHER DISPOSITION OF SUCH ORIGINAL ISSUE DISCOUNT BONDS AND WITH RESPECT TO THE FEDERAL, STATE, LOCAL AND FOREIGN TAX CONSEQUENCES OF THE PURCHASE, OWNERSHIP, REDEMPTION, SALE OR OTHER DISPOSITION OF SUCH ORIGINAL ISSUE DISCOUNT BONDS.

NO-LITIGATION CERTIFICATE

The District will furnish to the Underwriter a certificate, dated as of the date of delivery of the Bonds, executed by both the President or Vice President and Secretary or Assistant Secretary of the Board, to the effect that no litigation of any nature has been filed or is then pending or to the knowledge of the District's certifying officers, threatened, either in state or federal courts, contesting or attacking the Bonds; restraining or enjoining the issuance, execution or delivery of the Bonds; affecting the provisions made for the payment of or security for the Bonds; in any manner questioning the authority or proceedings for the issuance, execution, or delivery of the Bonds; or affecting the validity of the Bonds, the corporate existence or boundaries of the District or the title to the then present officers and directors of the Board.

NO MATERIAL ADVERSE CHANGE

The obligations of the Underwriter to take up and pay for the Bonds, and of the District to deliver the Bonds, are subject to the condition that, up to the time of delivery of and receipt of payment for the Bonds, there shall have been no material adverse change in the financial condition of the District subsequent to the date of sale from that set forth in the Preliminary Official Statement, as it may have been finalized, supplemented or amended through the date of sale. The rating of the Insurer's creditworthiness by any rating agency does not and will not in any manner affect the District's financial condition, and thus any change to such rating, including a downgrade thereof, at any time, does not and will not constitute a change, material or otherwise, in the District's financial condition, and therefore cannot be a basis for termination by the Underwriter of its obligations to take up and pay for the Bonds.

SOURCES OF INFORMATION

General

The information contained in this Official Statement has been obtained primarily from the District's records, the Tax Assessor/Collector, the Appraisal District, the Engineer, and other sources believed to be reliable; however, no representation is made as to the accuracy or completeness of the information obtained from sources other than the District. The summaries of the statutes, resolutions, orders and engineering and other related reports set forth herein are included subject to all of the provisions of such documents. These summaries do not purport to be complete statements of such provisions and reference is made to such documents for further information.

The financial statements of the District as of June 30, 2018, and for the year then ended, included in this offering document, have been audited by BKD, LLP, independent auditors, as stated in their report appearing herein. See "APPENDIX B."

Experts

The information contained in this Official Statement relating to engineering, to the description of the System generally and, in particular, the engineering information included in the sections captioned "THE DISTRICT," "DEVELOPMENT AND HOME CONSTRUCTION," "FUTURE DEVELOPMENT," and "THE SYSTEM," has been provided by Jones & Carter, Inc., Houston, Texas. Such information has been included herein in reliance upon the authority of said firm as experts in the field of civil engineering.

The information contained in this Official Statement relating to assessed valuations of property generally and, in particular, that information concerning valuations contained in the sections captioned "DISTRICT DEBT" and "TAX DATA" has been provided by the Appraisal District and Wheeler & Associates, Inc. The District has included certain information herein in reliance upon Wheeler & Associates, Inc.'s authority as an expert in the field of tax assessing and real property appraisal. The District has included certain information herein in reliance upon the Appraisal District's authority as an expert in the field of tax assessing and real property appraisal.

GENERAL CONSIDERATIONS

Updating of Official Statement

If, subsequent to the date of the Official Statement, to and including the date the Underwriters are no longer required to provide an Official Statement to customers who request same pursuant to Rule 15c2-12 of the United States Securities and Exchange Commission (the “SEC”), the District learns, or is notified by the Underwriters, of any adverse event which causes the Official Statement to be materially misleading, and unless the Underwriters elect to terminate its obligation to purchase the Bonds, the District will promptly prepare and supply to the Underwriters an appropriate amendment or supplement to the Official Statement satisfactory to the Underwriters; provided, however, that the obligation of the District to so amend or supplement the Official Statement will terminate upon the earlier of (i) 90 days after the “end of the underwriting period” as defined in SEC Rule 15c2-12 or (ii) the date the Official Statement is filed with the MSRB, but in no case less than 25 days after the “end of the underwriting period.”

Certification of Official Statement

At the time of payment for and delivery of the Bonds, the District will furnish each respective Underwriter a certificate, executed by the President or Vice President and Secretary or Assistant Secretary of the Board, acting in their official capacities, to the effect that to the best of their knowledge and belief: (a) the information, descriptions and statements of or pertaining to the District contained in this Official Statement, on the date thereof and on the date of delivery were and are true and correct in all material respects; (b) insofar as the District and its affairs, including its financial affairs, are concerned, this Official Statement did not and does not contain an untrue statement of a material fact or omit to state a material fact required to be stated herein or necessary to make the statements herein, in the light of the circumstances under which they were made, not misleading; and (c) insofar as the descriptions and statements, including financial data contained in this Official Statement, of or pertaining to entities other than the District and their activities are concerned, such statements and data have been obtained from sources which the District believes to be reliable and that the District has no reason to believe that they are untrue in any material respect or omit to state any material fact necessary to make the statements herein, in the light of the circumstances under which they were made, not misleading; however, the District has made no independent investigation as to the accuracy or completeness of the information derived from sources other than the District.

CONTINUING DISCLOSURE OF INFORMATION

In the Bond Order, the District has made the following agreement for the benefit of the holders and Beneficial Owners of the Bonds. The District is required to observe the agreement for so long as it remains obligated to advance funds to pay the Bonds. Under the agreement, the District will be obligated to provide certain updated financial information and operating data annually, and timely notice of specified events, to the Municipal Securities Rulemaking Board (the “MSRB”) or any successor to its functions as a repository through its Electronic Municipal Market Access (“EMMA”) system.

Annual Reports

The District will provide certain updated financial information and operating data to the MSRB annually. The information to be updated includes all quantitative financial information and operating data with respect to the District of the general type included in this Official Statement under the headings “DISTRICT DEBT,” “TAX DATA” and in “APPENDIX B.” The District will update and provide this information within six months after the end of each fiscal year ending in and after 2020.

The District may provide updated information in full text or may incorporate by reference certain other publicly available documents, as permitted by SEC Rule 15c2-12. The updated information will include audited financial statements, if the District's audit is completed by the required time. If audited financial statements are not available by the required time, the District will provide unaudited financial statements within the required time, and audited financial statements when the audit report becomes available. Any such financial statements will be prepared in accordance with the accounting principles described in the Bond Order or such other accounting principles as the District may be required to employ from time to time pursuant to state law or regulation.

The District's current fiscal year end is June 30. Accordingly, it must provide updated information by December 31 in each year, unless the District changes its fiscal year. If the District changes its fiscal year, it will notify the MSRB of the change.

Event Notices

The District will provide timely notices of certain specified events to the MSRB, but in no event will such notices be provided to the MSRB in excess of ten business days after the occurrence of an event. The District will provide notice of any of the following events with respect to the Bonds: (1) principal and interest payment delinquencies; (2) non-payment related defaults, if material; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determination of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other events affecting the tax status of the Bonds; (7) modifications to rights of beneficial owners of the Bonds, if material; (8) bond calls, if material, and tender offers; (9) defeasances; (10) release, substitution, or sale of property securing repayment of the Bonds, if material; (11) rating changes; (12) bankruptcy, insolvency, receivership or similar event of the District or other obligated person within the meaning of SEC Rule 15c2-12; (13) consummation of a merger, consolidation, or acquisition involving the District or other obligated person within the meaning of SEC Rule 15c2-12 or the sale of all or substantially all of the assets of the District or other obligated person within the meaning of the SEC Rule 15c2-12, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; (14) appointment of a successor or additional trustee or the change of name of a trustee, if material; (15) incurrence of a financial obligation of the District or other obligated person within the meaning of the Rule, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the District or other obligated person within the meaning of the Rule, any of which affect Beneficial Owners of the Bonds, if material; and (16) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the District or other obligated person within the meaning of the Rule, any of which reflect financial difficulties. The term "material" when used in this paragraph shall have the meaning ascribed to it under federal securities laws. Neither the Bonds nor the Bond Order makes any provision for debt service reserves or liquidity enhancement. In addition, the District will provide timely notice of any failure by the District to provide financial information, operating data, or financial statements in accordance with its agreement described above under "Annual Reports."

Availability of Information

The District has agreed to provide the foregoing information only to the MSRB. Investors will be able to access, without charge from the MSRB, continuing disclosure information filed with the MSRB through its EMMA system at www.emma.msrb.org.

Limitations and Amendments

The District has agreed to update information and to provide notices of certain specified events only as described above. The District has not agreed to provide other information that may be relevant or material to a complete presentation of its financial results of operations, condition, or prospects or agreed to update any information that is provided, except as described above. The District makes no representation or warranty concerning such information or concerning its usefulness to a decision to invest in or sell Bonds at any future date. The District disclaims any contractual or tort liability for damages resulting in whole or in part from any breach of its continuing disclosure agreement or from any statement made pursuant to its agreement, although holders or Beneficial Owners of Bonds may seek a writ of mandamus to compel the District to comply with its agreement.

The District may amend its continuing disclosure agreement from time to time to adapt to changed circumstances that arise from a change in legal requirements, a change in law, or a change in the identity, nature, status, or type of operations of the District, if but only if the agreement, as amended, would have permitted an underwriter to purchase or sell the applicable Bonds in the offering made hereby in compliance with the SEC Rule 15c2-12, taking into account

any amendments or interpretations of such Rule to the date of such amendment, as well as such changed circumstances, and either the holders of a majority in aggregate principal amount of the outstanding applicable Bonds consent to the amendment or any person unaffiliated with the District (such as nationally recognized bond counsel) determines that the amendment will not materially impair the interests of the holders and beneficial owners of the applicable Bonds. The District may amend or repeal the agreement in the Bond Order if the SEC amends or repeals the applicable provisions of such Rule or a court of final jurisdiction determines that such provisions are invalid or unenforceable, but only to the extent that its right to do so would not prevent the Underwriter from lawfully purchasing the Bonds in the initial offering. If the District so amends the agreement, it has agreed to include with any financial information or operating data next provided in accordance with its agreement described above under "Annual Reports" an explanation, in narrative form, of the reasons for the amendment and of the impact of any change in the type of financial information and operating data so provided.

Compliance With Prior Undertakings

The District is in compliance in all material respects with its continuing disclosure agreements made in connection with the Prior Bonds in accordance with SEC Rule 15c2-12.

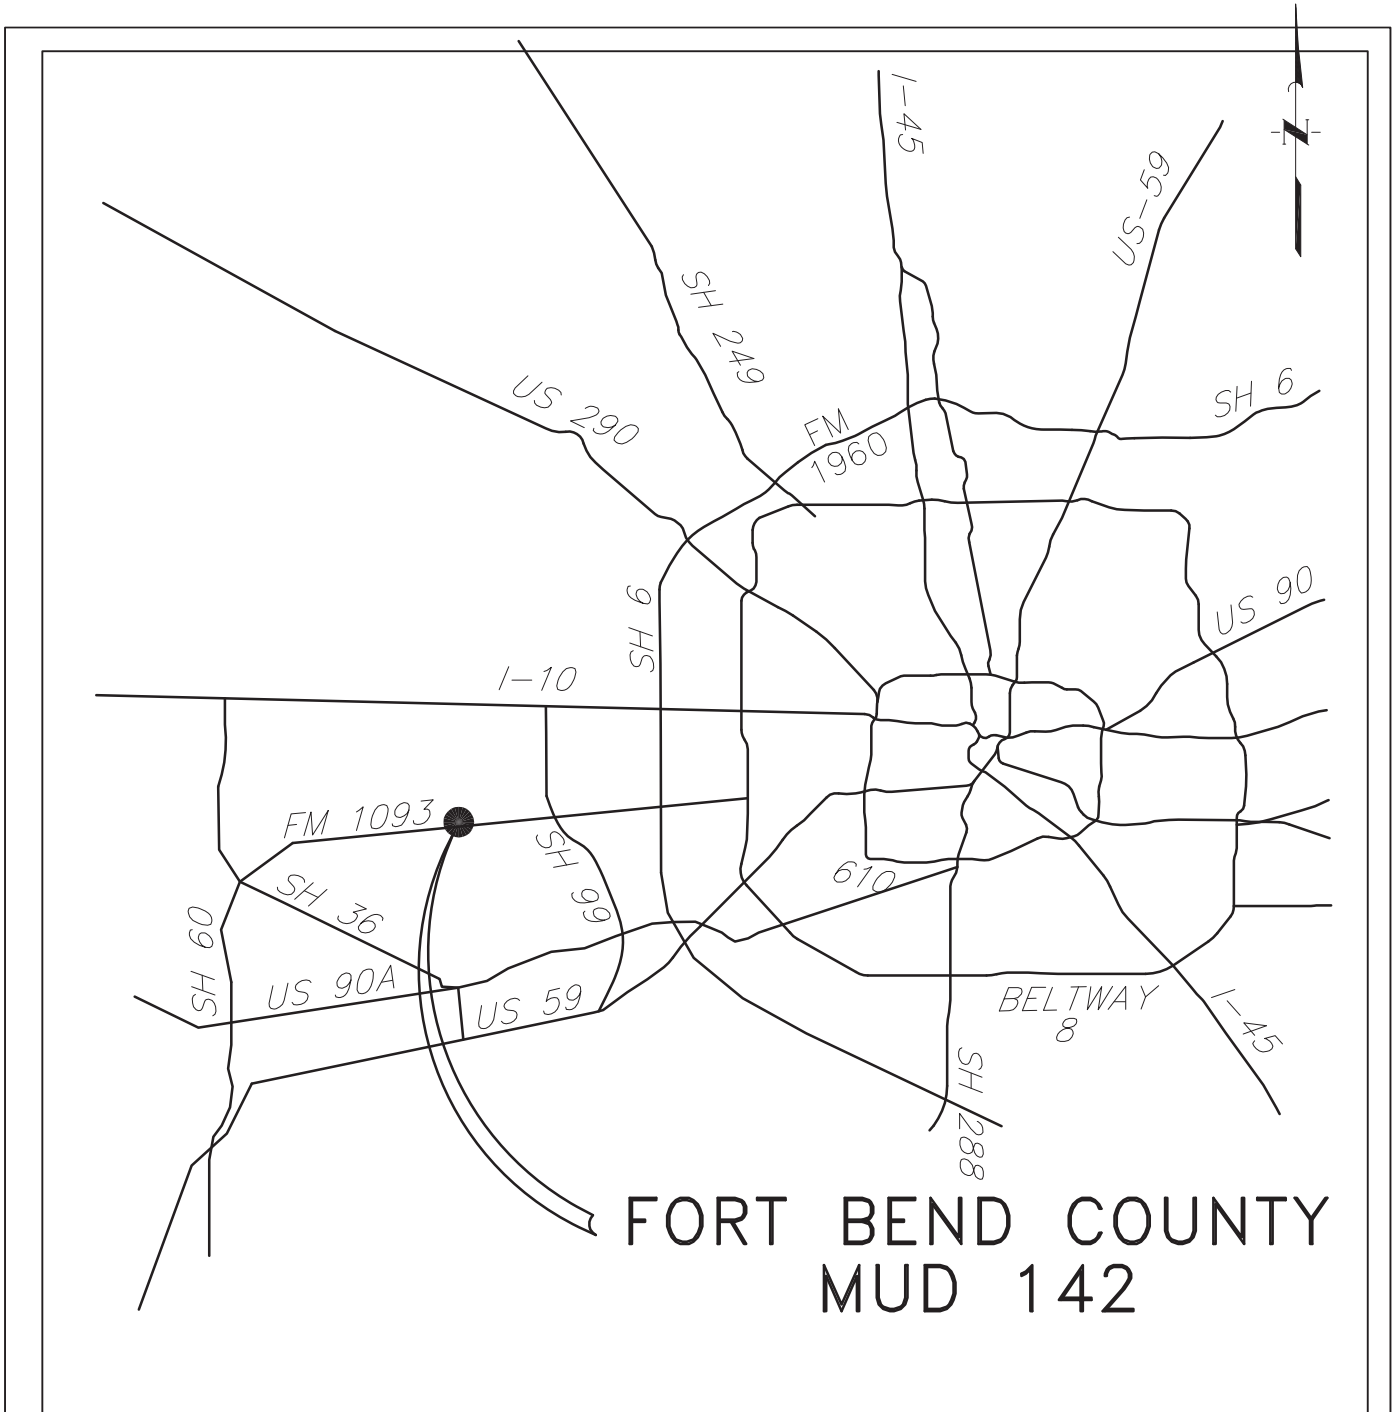

This Official Statement was approved by the Board of Directors of Fort Bend County Municipal Utility District No. 142 as of the date shown on the first page hereof.

Independent Auditor's Report

Board of Directors
Fort Bend County Municipal Utility District No. 142
Fort Bend County, Texas

We have audited the accompanying financial statements of the governmental activities and each major fund of Fort Bend County Municipal Utility District No. 142 (the District), as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the District's basic financial statements listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of June 30, 2018, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison schedule listed in the table of contents be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The other information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Management's Discussion and Analysis

June 30, 2018

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements and 3) notes to financial statements. This report also contains supplementary information required by the Governmental Accounting Standards Board and other information required by the District's state oversight agency, the Texas Commission on Environmental Quality (the Commission).

In accordance with required reporting standards, the District reports its financial activities as a special-purpose government. Special-purpose governments are governmental entities which engage in a single governmental program, such as the provision of water, sanitary sewer and drainage services. Other activities, such as the provision of recreation facilities and solid waste collection, are minor activities and are not budgeted or accounted for as separate programs. The financial statements of special-purpose governments combine two types of financial statements into one statement. These two types of financial statements are the government-wide financial statements and the fund financial statements. The fund financial statements are presented on the left side of the statements, a column for adjustments is to the right of the fund financial statements and the government-wide financial statements are presented to the right side of the adjustments column. The following sections describe the measurement focus of the two types of statements and the significant differences in the information they provide.

Government-wide Financial Statements

The focus of government-wide financial statements is on the overall financial position and activities of the District. The District's government-wide financial statements include the statement of net position and statement of activities, which are prepared using accounting principles that are similar to commercial enterprises. The purpose of the statement of net position is to attempt to report all of the assets, liabilities, and deferred inflows and outflows of resources of the District. The District reports all of its assets when it acquires or begins to maintain the assets and reports all of its liabilities when they are incurred.

The difference between the District's total assets, liabilities, and deferred inflows and outflows of resources is labeled as net position and this difference is similar to the total stockholders' equity presented by a commercial enterprise.

The purpose of the statement of activities is to present the revenues and expenses of the District. Again, the items presented on the statement of activities are measured in a manner similar to the approach used by a commercial enterprise in that revenues are recognized when earned or established criteria are satisfied and expenses are reported when incurred by the District. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues are reported even when they may not be collected for several months or years after the end of the accounting period and expenses are recorded even though they may not have used cash during the current year.

Fort Bend County Municipal Utility District No. 142
Management's Discussion and Analysis (Continued)
June 30, 2018

Although the statement of activities looks different from a commercial enterprise's statement of income, the financial statement is different only in format, not substance. Whereas the bottom line in a commercial enterprise is its net income, the District reports an amount described as change in net position, essentially the same thing.

Fund Financial Statements

Unlike government-wide financial statements, the focus of fund financial statements is directed to specific activities of the District rather than the District as a whole. Except for the general fund, a specific fund is established to satisfy managerial control over resources or to satisfy finance-related legal requirements established by external parties or governmental statutes or regulations.

Governmental Funds

Governmental-fund financial statements consist of a balance sheet and a statement of revenues, expenditures and changes in fund balances and are prepared on an accounting basis that is significantly different from that used to prepare the government-wide financial statements.

In general, these financial statements have a short-term emphasis and, for the most part, measure and account for cash and other assets that can easily be converted into cash. For example, amounts reported on the balance sheet include items such as cash and receivables collectible within a very short period of time, but do not include capital assets such as land and water, sewer and drainage systems. Fund liabilities include amounts that are to be paid within a very short period after the end of the fiscal year. The difference between a fund's total assets, liabilities, and deferred inflows and outflows of resources is labeled the fund balance and generally indicates the amount that can be used to finance the next fiscal year's activities. Likewise, the operating statement for governmental funds reports only those revenues and expenditures that were collected in cash or paid with cash, respectively, during the current period or very shortly after the end of the fiscal year.

Because the focus of the government-wide and fund financial statements is different, there are significant differences between the totals presented in these financial statements. For this reason, there is an analysis in the notes to financial statements that describes the adjustments to fund balances to arrive at net position presented in the governmental activities column on the statement of net position. Also, there is an analysis in the notes to financial statements that reconciles the total change in fund balances for all governmental funds to the change in net position, as reported in the governmental activities column in the statement of activities.

Notes to Financial Statements

The notes to financial statements provide additional information that is essential to a full understanding of the data found in the government-wide and fund financial statements.

Fort Bend County Municipal Utility District No. 142
Management's Discussion and Analysis (Continued)
June 30, 2018

Financial Analysis of the District as a Whole

The District's overall financial position and activities for the past two years are summarized as follows, based on the information included in the government-wide financial statements.

Summary of Net Position

	2018	2017
Current and other assets	\$ 20,824,473	\$ 16,765,716
Capital assets	61,193,326	60,701,076
Total assets	82,017,799	77,466,792
Deferred outflows of resources	2,564,664	2,665,545
Total assets and deferred outflows of resources	\$ 84,582,463	\$ 80,132,337
Long-term liabilities	\$ 78,378,676	\$ 74,508,902
Other liabilities	1,726,051	1,794,827
Total liabilities	80,104,727	76,303,729
Net position:		
Net investment in capital assets	(11,909,111)	(11,115,106)
Restricted	7,225,107	6,723,183
Unrestricted	9,161,740	8,220,531
Total net position	\$ 4,477,736	\$ 3,828,608

The total net position of the District increased by \$649,128, or about 17 percent. The majority of the increase in net position is related to tax revenues intended to pay principal on the District's bonded indebtedness, which is shown as long-term liabilities in the government-wide financials statements. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Fort Bend County Municipal Utility District No. 142
Management's Discussion and Analysis (Continued)
June 30, 2018

Summary of Changes in Net Position

	2018	2017
Revenues:		
Property taxes	\$ 5,989,187	\$ 5,806,927
City of Houston rebates	55,472	41,499
Charges for services	3,562,545	3,392,285
Other revenues	672,020	1,290,580
Total revenues	10,279,224	10,531,291
Expenses:		
Services	4,601,257	4,642,843
Depreciation	1,613,548	1,541,805
Debt service	3,415,291	2,924,942
Total expenses	9,630,096	9,109,590
Change in net position	649,128	1,421,701
Net position, beginning of year	3,828,608	2,406,907
Net position, end of year	\$ 4,477,736	\$ 3,828,608

Financial Analysis of the District's Funds

The District's combined fund balances as of the end of the fiscal year ended June 30, 2018, were \$19,900,258 an increase of \$4,375,959 from the prior year.

The general fund's fund balance increased by \$1,144,438 due to property tax revenues and service revenues exceeding service expenditures, and due to a transfer from the capital projects fund.

The debt service fund's fund balance increased by \$540,916 due to property tax revenues generated being greater than bond principal and interest requirements.

The capital projects fund's fund balance increased by \$2,690,605 primarily due to proceeds received from a current year bond sale exceeding capital outlay expenditures, debt issuance costs and a transfer to the general fund.

Fort Bend County Municipal Utility District No. 142
Management's Discussion and Analysis (Continued)
June 30, 2018

General Fund Budgetary Highlights

There were several differences between the final budgetary amounts and actual amounts. The major differences between budget and actual were due to investment income, professional fees and other expenditures being greater than anticipated and property taxes, tap connection and service revenues, as well as repairs and maintenance, tap connections and capital outlay and other expenditures being less than anticipated. In addition, a transfer from the capital projects fund was not included in the current year budget. The fund balance as of June 30, 2018, was expected to be \$8,951,694 and the actual end-of-year fund balance was \$9,133,032.

Capital Assets and Related Debt

Capital Assets

Capital assets held by the District at the end of the current and previous fiscal years are summarized below:

Capital Assets (Net of Accumulated Depreciation)

	2018	2017
Land and improvements	\$ 18,358,493	\$ 18,018,728
Construction in progress	309,423	1,203,589
Water facilities	9,473,384	9,576,586
Wastewater facilities	13,916,388	12,530,507
Drainage facilities	16,321,032	16,253,637
Recreational facilities	2,814,606	3,118,029
Total capital assets	\$ 61,193,326	\$ 60,701,076

During the current year, additions to capital assets were as follows:

Construction in progress, including water plant Nos. 1 and 2 improvements, and elevated storage tank No. 1	\$ 82,567
Detention pond site at Briscoe Falls, Phase 3, elevated storage tank site and Briscoe Falls, Phase 3, detention pond	339,765
Water sewer and drainage facilities for Briscoe Falls, Sections 3-5, and Creekside Ranch, Sections 4 and 5	1,542,287
Creekside wastewater treatment plant No. 2	7,325
Lift station rehabilitation at Westheimer Lakes North	133,854
Total additions to capital assets	\$ 2,105,798

Fort Bend County Municipal Utility District No. 142
Management's Discussion and Analysis (Continued)
June 30, 2018

Developers within the District have constructed water, sewer, drainage and recreational facilities on behalf of the District under the terms of contracts with the District. The District has agreed to purchase these facilities from the proceeds of future bond issues subject to the approval of the Commission. At June 30, 2018, a liability for developer-constructed capital assets of \$4,745,407 was recorded in the government-wide financial statements.

Debt

The changes in the debt position of the District during the fiscal year ended June 30, 2018, are summarized as follows:

Long-term debt payable, beginning of year	\$ 74,508,902
Increases in long-term debt	12,123,682
Decreases in long-term debt	<u>(8,253,908)</u>
 Long-term debt payable, end of year	 <u><u>\$ 78,378,676</u></u>

At June 30, 2018, the District had \$37,100,000 of unlimited tax bonds authorized, but unissued, for the purposes of acquiring, constructing and improving its water, sanitary sewer and drainage systems.

The District's bonds carry an underlying rating of "BBB+" from Standard & Poor's. The Series 2011, 2014A, 2014B and 2016 bonds carry a "AA" rating from Standard & Poor's by virtue of bond insurance issued by Assured Guaranty Municipal Corp., the Series 2013 and 2015 refunding bonds carry a "AA" rating from Standard & Poor's by virtue of bond insurance issued by Municipal Assurance Corp., and the Series 2013 refunding, 2014 refunding, 2017 refunding and 2017A bonds carry a "AA" rating from Standard & Poor's by virtue of bond insurance issued by Build America Mutual Assurance Company.

Other Relevant Factors

Relationship to the City of Houston

Under existing Texas law, since the District lies wholly within the extraterritorial jurisdiction of the City of Houston (the City), the District must conform to the City ordinance consenting to the creation of the District. In addition, the District may be annexed by the City for full purposes without the District's consent, except as set forth below.

Effective December 13, 2010, the District entered into a Strategic Partnership Agreement (the Agreement) with the City, which annexed certain portions of the District into the City for "limited purposes," as described therein. Under the terms of the Agreement, the City has agreed it will not annex the District as a whole for full purposes for 30 years, at which time the City has the option to annex the District if it chooses to do so.

Fort Bend County Municipal Utility District No. 142
Management's Discussion and Analysis (Continued)
June 30, 2018

Contingencies

Developers of the District are constructing water, sewer, drainage and recreational facilities within the boundaries of the District. The District has agreed to reimburse the developers for a portion of these costs, plus interest, from the proceeds of future bond sales to the extent approved by the Commission. The District's engineer has stated current construction contract amounts are approximately \$1,900,000. This amount has not been recorded in the financial statements since the facilities are not complete or operational.

Subsequent Event

On September 27, 2018, the District sold its Series 2018 Unlimited Tax Bonds in the amount of \$8,370,000 at a net effective interest rate of approximately 4.00 percent. The bonds were sold to finance construction projects within the District.

Fort Bend County Municipal Utility District No. 142

Notes to Financial Statements

June 30, 2018

Note 1: Nature of Operations and Summary of Significant Accounting Policies

Fort Bend County Municipal Utility District No. 142 (the District) was created by an order of the Texas Commission on Environmental Quality (the Commission), effective July 25, 2003, in accordance with the Texas Water Code, Chapter 54. The District held its first meeting on September 2, 2003. The District operates in accordance with Chapters 49 and 54 of the Texas Water Code and is subject to the continuing supervision of the Commission. The principal functions of the District are to finance, construct, own and operate waterworks, wastewater, drainage and recreational facilities and to provide such facilities and services to the customers of the District.

The District is governed by a Board of Directors (the Board) consisting of five individuals who are residents or owners of property within the District and are elected by voters within the District. The Board sets the policies of the District. The accounting and reporting policies of the District conform to accounting principles generally accepted in the United States of America for state and local governments, as defined by the Governmental Accounting Standards Board. The following is a summary of the significant accounting and reporting policies of the District:

Reporting Entity

The accompanying government-wide financial statements present the financial statements of the District. There are no component units that are legally separate entities for which the District is considered to be financially accountable. Accountability is defined as the District's substantive appointment of the voting majority of the component unit's governing board. Furthermore, to be financially accountable, the District must be able to impose its will upon the component unit or there must be a possibility that the component unit may provide specific financial benefits to, or impose specific financial burdens on, the District.

Government-wide and Fund Financial Statements

In accordance with required reporting standards, the District reports its financial activities as a special-purpose government. Special-purpose governments are governmental entities which engage in a single governmental program, such as the provision of water, wastewater, drainage and other related services. The financial statements of special-purpose governments combine two types of financial statements into one statement. These two types of financial statements are the government-wide financial statements and the fund financial statements. The fund financial statements are presented with a column for adjustments to convert to the government-wide financial statements.

The government-wide financial statements report information on all of the activities of the District. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Governmental activities generally are financed through taxes, charges for services and intergovernmental revenues. The statement of activities reflects the revenues and expenses of the District.

Fort Bend County Municipal Utility District No. 142

Notes to Financial Statements

June 30, 2018

The fund financial statements provide information about the District's governmental funds. Separate statements for each governmental fund are presented. The emphasis of fund financial statements is directed to specific activities of the District.

The District presents the following major governmental funds:

General Fund – The general fund is the primary operating fund of the District which accounts for all financial resources not accounted for in another fund. Revenues are derived primarily from property taxes, charges for services and interest income.

Debt Service Fund – The debt service fund is used to account for financial resources that are restricted, committed or assigned to expenditures for principal and interest related costs, as well as the financial resources being accumulated for future debt service.

Capital Projects Fund – The capital projects fund is used to account for financial resources that are restricted, committed or assigned to expenditures for capital outlays.

Fund Balances – Governmental Funds

The fund balances for the District's governmental funds can be displayed in up to five components:

Nonspendable – Amounts that are not in a spendable form or are required to be maintained intact.

Restricted – Amounts that can be spent only for the specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restrictions may be changed or lifted only with the consent of resource providers.

Committed – Amounts that can be used only for the specific purposes determined by resolution of the Board. Commitments may be changed or lifted only by issuance of a resolution by the District's Board.

Assigned – Amounts intended to be used by the District for specific purposes as determined by management. In governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund.

Unassigned – The residual classification for the general fund and includes all amounts not contained in the other classifications.

The District considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The District applies committed amounts first, followed by assigned amounts, and then unassigned amounts when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Fort Bend County Municipal Utility District No. 142

Notes to Financial Statements

June 30, 2018

Measurement Focus and Basis of Accounting

Government-wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash flows.

Nonexchange transactions, in which the District receives (or gives) value without directly giving (or receiving) equal value in exchange, include property taxes and donations. Recognition standards are based on the characteristics and classes of nonexchange transactions. Revenues from property taxes are recognized in the period for which the taxes are levied. Intergovernmental revenues are recognized as revenues, net of estimated refunds and uncollectible amounts, in the accounting period when an enforceable legal claim to the assets arises and the use of resources is required or is first permitted. Donations are recognized as revenues, net of estimated uncollectible amounts, as soon as all eligibility requirements imposed by the provider have been met. Amounts received before all eligibility requirements have been met are reported as liabilities.

Fund Financial Statements

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and liabilities are generally included on the balance sheet. The statement of governmental funds revenues, expenditures and changes in fund balances presents increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in spendable resources. General capital asset acquisitions are reported as expenditures and proceeds of long-term debt are reported as other financing sources. Under the modified accrual basis of accounting, revenues are recognized when both measurable and available. The District considers revenues reported in the governmental funds to be available if they are collectible within 60 days after year-end. Principal revenue sources considered susceptible to accrual include taxes, charges for services and investment income. Other revenues are considered to be measurable and available only when cash is received by the District. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, which are recognized as expenditures when payment is due.

Deferred Outflows and Inflows of Resources

A deferred outflow of resources is a consumption of net position that is applicable to a future reporting period and a deferred inflow of resources is an acquisition of net position that is applicable to a future reporting period.

Fort Bend County Municipal Utility District No. 142

Notes to Financial Statements

June 30, 2018

Interfund Transactions

Transfers from one fund to another fund are reported as interfund receivables and payables if there is intent to repay the amount and if there is the ability to repay the advance on a timely basis.

Operating transfers represent legally authorized transfers from the fund receiving resources to the fund through which the resources are to be expended.

Pension Costs

The District does not participate in a pension plan and, therefore, has no pension costs.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and deferred inflows and outflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

Investments and Investment Income

Investments in certificates of deposit, mutual funds, U.S. Government and agency securities, and certain pooled funds, which have a remaining maturity of one year or less at the date of purchase, are recorded at amortized cost. All other investments are carried at fair value. Fair value is determined using quoted market values.

Investment income includes dividends and interest income and the net change for the year in the fair value of investments carried at fair value. Investment income is credited to the fund in which the investment is recorded.

Property Taxes

An appraisal district annually prepares appraisal records listing all property within the District and the appraised value of each parcel or item as of January 1. Additionally, on January 1, a tax lien attaches to property to secure the payment of all taxes, penalty and interest ultimately imposed for the year on the property. After the District receives its certified appraisal roll from the appraisal district, the rate of taxation is set by the Board of the District based upon the aggregate appraisal value. Taxes are due and payable October 1 or when billed, whichever is later, and become delinquent after January 31 of the following year.

Fort Bend County Municipal Utility District No. 142

Notes to Financial Statements

June 30, 2018

In the governmental funds, property taxes are initially recorded as receivables and deferred inflows of resources at the time the tax levy is billed. Revenues recognized during the fiscal year ended June 30, 2018, include collections during the current period or within 60 days of year-end related to the 2017 and prior years' tax levies.

In the government-wide statement of net position, property taxes are considered earned in the budget year for which they are levied. For the District's fiscal year ended June 30, 2018, the 2017 tax levy is considered earned during the current fiscal year. In addition to property taxes levied, any delinquent taxes are recorded net of amounts considered uncollectible.

Capital Assets

Capital assets, which include property, plant, equipment and infrastructure, are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an individual cost of \$5,000 or more and an estimated useful life of two years or more. Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated acquisition value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset lives are not capitalized.

Capital assets are depreciated using the straight-line method over their estimated useful lives as follows:

	<u>Years</u>
Water production and distribution facilities	10-45
Wastewater collection and treatment facilities	10-45
Drainage facilities	10-45
Recreational facilities	5-20

Deferred Amount on Debt Refundings

In the government-wide financial statements, the difference between the reacquisition price and the net carrying amount of the old debt in a debt refunding is deferred and amortized to interest expense using the effective interest rate method over the remaining life of the old debt or the life of the new debt, whichever is shorter. Such amounts are classified as deferred outflows or inflows of resources.

Debt Issuance Costs

Debt issuance costs, other than prepaid insurance, do not meet the definition of an asset or deferred outflows of resources since the costs are not applicable to a future period and, therefore, are recognized as an expense/expenditure in the period incurred.

Fort Bend County Municipal Utility District No. 142

Notes to Financial Statements

June 30, 2018

Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities. Premiums and discounts on bonds are recognized as a component of long-term liabilities and amortized over the life of the related debt using the effective interest rate method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize premiums and discounts on bonds during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position/Fund Balances

Fund balances and net position are reported as restricted when constraints placed on them are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or are imposed by law through constitutional provisions or enabling legislation.

When both restricted and unrestricted resources are available for use, generally, it is the District's policy to use restricted resources first.

Reconciliation of Government-wide and Fund Financial Statements

Amounts reported for net position of governmental activities in the statement of net position and fund balances in the governmental funds balance sheet are different because:

Capital assets used in governmental activities are not financial resources and are not reported in the funds.	\$ 61,193,326
Property tax revenue recognition and the related reduction of deferred inflows of resources are subject to availability of funds in the fund financial statements.	94,888
Penalty and interest on delinquent taxes is not receivable in the current period and is not reported in the funds.	20,412
Tax rebates are not receivable in the current period and are not reported in the funds.	5,022
Deferred amount on debt refundings for governmental activities are not financial resources and are not reported in the funds.	2,564,664

Fort Bend County Municipal Utility District No. 142

Notes to Financial Statements

June 30, 2018

Accrued interest on long-term liabilities is not payable with current financial resources and is not reported in the funds.	\$ (922,158)
Long-term debt obligations are not due and payable in the current period and are not reported in the funds.	<u>(78,378,676)</u>
Adjustment to fund balances to arrive at net position.	<u><u>\$ (15,422,522)</u></u>

Amounts reported for change in net position of governmental activities in the statement of activities are different from change in fund balances in the governmental funds statement of revenues, expenditures and changes in fund balances because:

Change in fund balances.	\$ 4,375,959
Governmental funds report capital outlays as expenditures. However, for government-wide financial statements, the cost of capitalized assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay expenditures exceeded depreciation and noncapitalized costs in the current period.	5,365,278
Governmental funds report the effect of premiums and discounts when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.	314,335
Governmental funds report proceeds from the sale of bonds because they provide current financial resources to governmental funds. Principal payments on debt are reported as expenditures. None of the transactions, however, have any effect on net position.	(9,050,000)
Revenues collected in the current year, which have previously been reported in the statement of activities, are reported as revenues in the governmental funds.	(130,152)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	<u>(226,292)</u>
Change in net position of governmental activities.	<u><u>\$ 649,128</u></u>

Fort Bend County Municipal Utility District No. 142
Notes to Financial Statements
June 30, 2018

Note 2: Deposits, Investments and Investment Income

Deposits

Custodial credit risk is the risk that, in the event of a bank failure, a government's deposits may not be returned to it. The District's deposit policy for custodial credit risk requires compliance with the provisions of state law.

State law requires collateralization of all deposits with federal depository insurance; a surety bond; bonds and other obligations of the U.S. Treasury, U.S. agencies or instrumentalities of the State of Texas; or certain collateralized mortgage obligations directly issued by a federal agency or instrumentality of the United States, the underlying security for which is guaranteed by an agency or instrumentality of the United States.

At June 30, 2018, none of the District's bank balances were exposed to custodial credit risk.

Investments

The District may legally invest in obligations of the United States or its agencies and instrumentalities, direct obligations of Texas or its agencies or instrumentalities, collateralized mortgage obligations directly issued by a federal agency or instrumentality of the United States, the underlying security for which is guaranteed by an agency or instrumentality of the United States, other obligations guaranteed as to principal and interest by the State of Texas or the United States or their agencies and instrumentalities, including obligations that are fully guaranteed or insured by the Federal Deposit Insurance Corporation or by the explicit full faith and credit of the United States, obligations of states, agencies and counties and other political subdivisions with an investment rating not less than "A," insured or collateralized certificates of deposit, and certain bankers' acceptances, repurchase agreements, mutual funds, commercial paper, guaranteed investment contracts and investment pools.

The District's investment policy may be more restrictive than the Public Funds Investment Act.

The District invests in Texas CLASS, an external investment pool that is not registered with the Securities and Exchange Commission. A Board of Trustees, elected by the participants, has oversight of Texas CLASS. The District's investments may be redeemed at any time. Texas CLASS attempts to minimize its exposure to market and credit risk through the use of various strategies and credit monitoring techniques and limits its investments in any issuer to the top two ratings issued by nationally recognized statistical rating organizations.

Fort Bend County Municipal Utility District No. 142
Notes to Financial Statements
June 30, 2018

At June 30, 2018, the District had the following investments and maturities:

Type	Fair Value	Maturities in Years			
		Less Than 1	1-5	6-10	More Than 10
Texas CLASS	<u>\$ 10,630,745</u>	<u>\$ 10,630,745</u>	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 0</u>

Interest Rate Risk. As a means of limiting its exposure to fair value losses arising from rising interest rates, the District's investment policy does not allow investments in certain mortgage-backed securities, collateralized mortgage obligations with a final maturity date in excess of 10 years and interest rate indexed collateralized mortgage obligations. The external investment pool is presented as an investment with a maturity of less than one year because it is redeemable in full immediately.

Credit Risk. Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. At June 30, 2018, the District's investments in Texas CLASS were rated "AAAm" by Standard & Poor's.

Summary of Carrying Values

The carrying values of deposits and investments shown previously are included in the balance sheet at June 30, 2018, as follows:

Carrying value:	
Deposits	\$ 9,518,031
Investments	<u>10,630,745</u>
Total	<u>\$ 20,148,776</u>

Included in the following statement of net position captions:

Cash	\$ 573,031
Certificates of deposit	8,945,000
Short-term investments	<u>10,630,745</u>
Total	<u>\$ 20,148,776</u>

Investment Income

Investment income of \$217,377 for the year ended June 30, 2018, consisted of interest income.

Fort Bend County Municipal Utility District No. 142
Notes to Financial Statements
June 30, 2018

Fair Value Measurements

The District has the following recurring fair value measurements as of June 30, 2018:

- Pooled investments of \$10,630,745 are valued at fair value per share of the pool's underlying portfolio.

Note 3: Capital Assets

A summary of changes in capital assets for the year ended June 30, 2018, is presented as follows.

Governmental Activities	Balances, Beginning of Year	Additions	Reclassi- fications	Balances, End of Year
Capital assets, non-depreciable:

Annual Debt Service Requirements

The following schedule shows the annual debt service requirements to pay principal and interest on general obligation bonds outstanding at June 30, 2018.

Year	Principal	Interest	Total
2019	\$ 1,665,000	\$ 2,744,701	\$ 4,409,701
2020	1,775,000	2,698,742	4,473,742
2021	1,860,000	2,640,326	4,500,326
2022	1,930,000	2,572,473	4,502,473
2023	2,045,000	2,500,927	4,545,927
2024-2028	11,695,000	11,208,377	22,903,377
2029-2033	14,270,000	8,832,417	23,102,417
2034-2038	16,310,000	5,917,334	22,227,334
2039-2043	15,850,000	2,698,752	18,548,752
2044-2046	6,700,000	360,064	7,060,064
Total	\$ 74,100,000	\$ 42,174,113	\$ 116,274,113

The bonds are payable from the proceeds of an ad valorem tax levied upon all property within the District subject to taxation, without limitation as to rate or amount.

Bonds voted:

Water, sewer and drainage facilities	\$ 113,340,000
Recreational facilities	5,100,000

Bonds sold:

Water, sewer and drainage facilities	76,240,000
Recreational facilities	5,100,000
Refunding bonds voted	118,440,000
Refunding bond authorization used	2,470,000

Fort Bend County Municipal Utility District No. 142

Notes to Financial Statements

June 30, 2018

The District has issued \$44,230,000 of refunding bonds; however, of such amount, \$2,470,000 has been applied to the voter-authorized bonds and the remaining \$41,760,000 has been issued pursuant to Chapter 1207 of the Texas Government Code.

Due to Developers

Developers of the District have constructed water, sewer, drainage and recreational facilities on behalf of the District. The District is maintaining and operating the facilities and has agreed to reimburse the developers for these construction costs and interest to the extent approved by the Commission. The District's engineer estimates reimbursable costs for completed projects are \$4,745,407. These amounts have been recorded in the financial statements as long-term liabilities.

Defeased Debt

During the prior year, the District defeased part of its Series 2011 bonds by creating a separate irrevocable trust fund. New debt was issued and the proceeds were used to purchase U.S. government securities that were placed in the trust fund. The investments and fixed earnings from the investments are sufficient to fully service the defeased debt until the debt is called or matures. For financial reporting purposes, the debt has been considered defeased and, therefore, removed from the District's long-term liabilities. As of June 30, 2018, the amount of defeased debt outstanding but removed from long-term liabilities is \$2,170,000.

Note 5: Significant Bond Order and Commission Requirements

- A. The Bond Orders require that the District levy and collect an ad valorem debt service tax sufficient to pay interest and principal on bonds when due. During the year ended June 30, 2018, the District levied an ad valorem debt service tax at the rate of \$0.6000 per \$100 of assessed valuation, which resulted in a tax levy of \$4,799,666 on the taxable valuation of \$799,945,394 for the 2017 tax year. The interest and principal requirements to be paid from the tax revenues are \$4,463,144, of which \$1,414,907 has been paid and \$3,048,237 is due September 1, 2018.
- B. During the current year, the District transferred \$211,837 from the capital projects fund to the general fund. The transfer was in accordance with the rules of the Commission.

Note 6: Maintenance Taxes

At an election held February 7, 2004, voters authorized a maintenance tax not to exceed \$1.50 per \$100 valuation on all property within the District subject to taxation. During the year ended June 30, 2018, the District levied an ad valorem maintenance tax at the rate of \$0.1500 per \$100 of assessed

Fort Bend County Municipal Utility District No. 142

Notes to Financial Statements

June 30, 2018

valuation, which resulted in a tax levy of \$1,199,918 on the taxable valuation of \$799,945,394 for the 2017 tax year. The maintenance tax is being used by the general fund to pay expenditures of operating the District.

At an election held May 15, 2004, voters authorized a maintenance tax for recreational purposes not to exceed \$0.10 per \$100 valuation on all property within the District subject to taxation. During the year ended June 30, 2018, the District did not levy a maintenance tax for recreational purposes.

Note 7: Strategic Partnership Agreement

Effective December 13, 2010, the District and the City of Houston (the City) entered into a Strategic Partnership Agreement (the Agreement) under which the City annexed a tract of land (the tract) within the boundaries of the District for limited purposes. The District continues to exercise all powers and functions of a municipal utility district as provided by law. As consideration for the District providing services as detailed in the Agreement, the City agrees to remit one-half of all City sales and use tax revenues generated within the boundaries of the tract. As consideration for the sales and use tax payments by the City, the District agrees to continue to provide and develop water, sewer and drainage services within the District in lieu of full-purpose annexation. The City agrees it will not annex the District for full purposes or commence any action to annex the District during the term of the Agreement, which is 30 years. During the current year, the District recorded \$55,472 in revenues related to the Agreement.

Note 8: Lease Agreements

Effective September 9, 2014, the District entered into a lease agreement with an option to purchase equipment and accessories necessary for a 900,000 gallons-per-day wastewater treatment plant, including two previously constructed 400,000 gallons-per-day plants. Monthly lease payments for equipment are \$44,654 per month, to be paid over a 60-month period following substantial completion of the plant. The last month's payment was paid in a prior year and is recorded in prepaid expenditures. At the end of the 60-month term, the District has the option to extend the lease on a month-to-month basis, with monthly payments of \$39,000. During the current year, the District recorded costs of \$535,848 under this agreement

In addition, during the year ended June 30, 2017, the District entered into a lease agreement with an option to purchase for another 100,000 gallons-per-day wastewater treatment plant. Monthly lease payments are \$11,000 per month beginning in April 2017, to be paid over a 60-month period. During the current year, the District recorded costs of \$132,000 under this agreement.

At June 30, 2018, the District has recorded \$166,962 as prepaid expenditures under all leases. Future minimum lease payments under all leases are as follows.

Fort Bend County Municipal Utility District No. 142

Notes to Financial Statements

June 30, 2018

2019	\$	667,848
2020		667,848
2021		667,848
2022		<u>500,886</u>
	\$	<u>2,504,430</u>

Note 9: Regional Water Authority

The District is within the boundaries of the North Fort Bend Water Authority (the Authority), which was created by the Texas Legislature to provide a regional entity to acquire surface water and build the necessary facilities to convert from groundwater to surface water in order to meet conversion requirements mandated by the Fort Bend Subsidence District, which regulates groundwater withdrawal. As of June 30, 2018, the Authority was billing the District \$3.35 per 1,000 gallons of water pumped from its wells and \$3.70 per 1,000 gallons of surface water delivered. These amounts are subject to future increases.

Note 10: Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the District carries commercial insurance. The District has not significantly reduced insurance coverage or had settlements which exceeded coverage amounts in the past three fiscal years.

Note 11: Contingencies

Developers of the District are constructing water, sewer, drainage and recreational facilities within the boundaries of the District. The District has agreed to reimburse the developers for a portion of these costs, plus interest, from the proceeds of future bond sales to the extent approved by the Commission. The District's engineer has stated current construction contract amounts are approximately \$1,900,000. This amount has not been recorded in the financial statements since the facilities are not complete or operational.

Note 12: Subsequent Event

On September 27, 2018, the District sold its Series 2018 Unlimited Tax Bonds in the amount of \$8,370,000 at a net effective interest rate of approximately 4.00 percent. The bonds were sold to finance construction projects within the District.

Fort Bend County Municipal Utility District No. 142
Notes to Required Supplementary Information
June 30, 2018

Budgets and Budgetary Accounting

An annual operating budget is prepared for the general fund by the District's consultants. The budget reflects resources expected to be received during the year and expenditures expected to be incurred. The Board of Directors is required to adopt the budget prior to the start of its fiscal year. The budget is not a spending limitation (a legally restricted appropriation). The original budget of the general fund was not amended during fiscal 2018.

The District prepares its annual operating budget on a basis consistent with accounting principles generally accepted in the United States of America. The Budgetary Comparison Schedule - General Fund presents the original and revised budget amounts, if revised, compared to the actual amounts of revenues and expenditures for the current year.

Policy No: _____

MEMBER: [NAME OF MEMBER]

BONDS: \$ _____ in aggregate principal
amount of [NAME OF TRANSACTION]
[and maturing on]

Effective Date: _____

Risk Premium: \$ _____
Member Surplus Contribution: \$ _____
Total Insurance Payment: \$ _____

BUILD AMERICA MUTUAL ASSURANCE COMPANY ("BAM"), for consideration received, hereby UNCONDITIONALLY AND IRREVOCABLY agrees to pay to the trustee (the "Trustee") or paying agent (the "Paying Agent") for the Bonds named above (as set forth in the documentation providing for the issuance and securing of the Bonds), for the benefit of the Owners or, at the election of BAM, directly to each Owner, subject only to the terms of this Policy (which includes each endorsement hereto), that portion of the principal of and interest on the Bonds that shall become Due for Payment but shall be unpaid by reason of Nonpayment by the Issuer.

On the later of the day on which such principal and interest becomes Due for Payment or the first Business Day following the Business Day on which BAM shall have received Notice of Nonpayment, BAM will disburse (but without duplication in the case of duplicate claims for the same Nonpayment) to or for the benefit of each Owner of the Bonds, the face amount of principal of and interest on the Bonds that is then Due for Payment but is then unpaid by reason of Nonpayment by the Issuer, but only upon receipt by BAM, in a form reasonably satisfactory to it, of (a) evidence of the Owner's right to receive payment of such principal or interest then Due for Payment and (b) evidence, including any appropriate instruments of assignment, that all of the Owner's rights with respect to payment of such principal or interest that is Due for Payment shall thereupon vest in BAM. A Notice of Nonpayment will be deemed received on a given Business Day if it is received prior to 1:00 p.m. (New York time) on such Business Day; otherwise, it will be deemed received on the next Business Day. If any Notice of Nonpayment received by BAM is incomplete, it shall be deemed not to have been received by BAM for purposes of the preceding sentence, and BAM shall promptly so advise the Trustee, Paying Agent or Owner, as appropriate, any of whom may submit an amended Notice of Nonpayment. Upon disbursement under this Policy in respect of a Bond and to the extent of such payment, BAM shall become the owner of such Bond, any appurtenant coupon to such Bond and right to receipt of payment of principal of or interest on such Bond and shall be fully subrogated to the rights of the Owner, including the Owner's right to receive payments under such Bond. Payment by BAM either to the Trustee or Paying Agent for the benefit of the Owners, or directly to the Owners, on account of any Nonpayment shall discharge the obligation of BAM under this Policy with respect to said Nonpayment.

Except to the extent expressly modified by an endorsement hereto, the following terms shall have the meanings specified for all purposes of this Policy. "Business Day" means any day other than (a) a Saturday or Sunday or (b) a day on which banking institutions in the State of New York or the Insurer's Fiscal Agent (as defined herein) are authorized or required by law or executive order to remain closed. "Due for Payment" means (a) when referring to the principal of a Bond, payable on the stated maturity date thereof or the date on which the same shall have been duly called for mandatory sinking fund redemption and does not refer to any earlier date on which payment is due by reason of call for redemption (other than by mandatory sinking fund redemption), acceleration or other advancement of maturity (unless BAM shall elect, in its sole discretion, to pay such principal due upon such acceleration together with any accrued interest to the date of acceleration) and (b) when referring to interest on a Bond, payable on the stated date for payment of interest. "Nonpayment" means, in respect of a Bond, the failure of the Issuer to have provided sufficient funds to the Trustee or, if there is no Trustee, to the Paying Agent for payment in full of all principal and interest that is Due for Payment on such Bond. "Nonpayment" shall also include, in respect of a Bond, any payment made to an Owner by or on behalf of the Issuer of principal or interest that is Due for Payment, which payment has been recovered from such Owner pursuant to the United States Bankruptcy Code in accordance with a final, nonappealable order of a court having competent jurisdiction. "Notice" means delivery to BAM of a notice of claim and certificate, by certified mail, email or telecopy as set forth on the attached Schedule or other acceptable electronic delivery, in a form satisfactory to BAM, from and signed by an Owner, the Trustee or the Paying Agent, which notice shall specify (a) the person or entity making the claim, (b) the Policy Number, (c) the claimed amount, (d) payment instructions and (e) the date such claimed amount becomes or became Due for Payment. "Owner" means, in respect of a Bond, the person or entity who, at the time of Nonpayment, is entitled under the terms of such Bond to payment thereof, except that "Owner" shall not include the Issuer, the Member or any other person or entity whose direct or indirect obligation constitutes the underlying security for the Bonds.

BAM may appoint a fiscal agent (the "Insurer's Fiscal Agent") for purposes of this Policy by giving written notice to the Trustee, the Paying Agent, the Member and the Issuer specifying the name and notice address of the Insurer's Fiscal Agent. From and after the date of receipt of such notice by the Trustee, the Paying Agent, the Member or the Issuer (a) copies of all notices required to be delivered to BAM pursuant to this Policy shall be simultaneously delivered to the Insurer's Fiscal Agent and to BAM and shall not be deemed received until received by both and (b) all payments required to be made by BAM under this Policy may be made directly by BAM or by the Insurer's Fiscal Agent on behalf of BAM. The Insurer's Fiscal Agent is the agent of BAM only, and the Insurer's Fiscal Agent shall in no event be liable to the Trustee, Paying Agent or any Owner for any act of the Insurer's Fiscal Agent or any failure of BAM to deposit or cause to be deposited sufficient funds to make payments due under this Policy.

To the fullest extent permitted by applicable law, BAM agrees not to assert, and hereby waives, only for the benefit of each Owner, all rights (whether by counterclaim, setoff or otherwise) and defenses (including, without limitation, the defense of fraud), whether acquired by subrogation, assignment or otherwise, to the extent that such rights and defenses may be available to BAM to avoid payment of its obligations under this Policy in accordance with the express provisions of this Policy. This Policy may not be canceled or revoked.

This Policy sets forth in full the undertaking of BAM and shall not be modified, altered or affected by any other agreement or instrument, including any modification or amendment thereto. Except to the extent expressly modified by an endorsement hereto, any premium paid in respect of this Policy is nonrefundable for any reason whatsoever, including payment, or provision being made for payment, of the Bonds prior to maturity. THIS POLICY IS NOT COVERED BY THE PROPERTY/CASUALTY INSURANCE SECURITY FUND SPECIFIED IN ARTICLE 76 OF THE NEW YORK INSURANCE LAW. THIS POLICY IS ISSUED WITHOUT CONTINGENT MUTUAL LIABILITY FOR ASSESSMENT.

In witness whereof, BUILD AMERICA MUTUAL ASSURANCE COMPANY has caused this Policy to be executed on its behalf by its Authorized Officer.
