## THE BONDS

**DESCRIPTION OF CERTAIN TERMS OF THE BONDS:** Interest on the Bonds will accrue from December 1, 2019 (the "Dated Date") and will be payable initially on August 1, 2020, and semiannually on each February 1 and August 1 thereafter until the earlier of stated maturity or prior redemption. The Bonds will be issued as fully registered Bonds in book-entry form only and when issued will be registered in the name of Cede & Co., as nominee of The Depository Trust Company ("DTC"), New York, New York. DTC will act as securities depository (the "Securities Depository"). Book-entry interests in the Bonds will be made available for purchase in the principal amount of \$5,000 or any integral multiple thereof. Purchasers of the Bonds ("Beneficial Owners") will not receive physical delivery of Bonds representing their interest in the Bonds purchased. So long as DTC or its nominee is the registered owner of the Bonds, the principal of and interest on the Bonds will be payable by UMB Bank, N.A., Austin, Texas, as Paying Agent/Registrar, to the Securities Depository, which will in turn remit such principal and interest to its Participants, which will in turn remit such principal and interest to the Beneficial Owners of the Bonds. (See "BOOK-ENTRY-ONLY SYSTEM" in the Preliminary Official Statement.) The Bonds will be stated to mature on February 1 in each of the following years in the following principal amounts:

### MATURITY SCHEDULE

(Due February 1)

Stated Maturity	Principal Amount*	Stated Maturity	Principal Amount*
2021	\$275,000	2027	\$330,000
2022	285,000	2028	340,000
2023	295,000	2029	515,000
2024	300,000	2030	540,000
2025	310,000	2031	560,000
2026	320,000	2032	585,000

**ADJUSTMENT OF PRINCIPAL AMOUNT AND MATURITY SCHEDULE FOR THE BONDS:** The City reserves the right to increase or decrease the principal (maturity) amount of any maturity of the Bonds, including the elimination of a maturity or maturities; provided, however, that the aggregate principal (denominational) amount of the Bonds shall not exceed \$4,655,000\*. Notice of any such changes shall be given to the successful bidder as soon as practicable following the notification of award, as described below, and this Official Notice of Sale may be amended at the sole discretion of the City to reflect such increase or decrease. The City will attempt to maintain total per bond underwriter spread when adjusting maturities. No such adjustment will have the effect of altering the basis upon which the best bid is determined. The successful bidder may not withdraw its bids or change the rates bid or any initial reoffering prices as a result of any changes made to the principal (denominational) amounts.

**SERIAL BONDS AND/OR TERM BONDS:** Bidders may provide that all of the Bonds be issued as serial maturities or may provide that any two or more consecutive annual principal amounts be combined into one or more term Bonds, not to exceed three term Bonds (the "Term Bonds").

**OPTIONAL REDEMPTION:** The City reserves the right, at its option, to redeem the Bonds maturing on and after February 1, 2030, in whole or in part, in principal amounts of \$5,000 or any integral multiple thereof, on February 1, 2029, or any date thereafter, at the redemption price of par plus accrued interest as further described in the Preliminary Official Statement. (See "THE BONDS – Redemption Provisions of the Bonds" in the Preliminary Official Statement.)

**MANDATORY SINKING FUND REDEMPTION:** If the Winning Bidder designates principal amounts to be combined into one or more Term Bonds, each such Term Bond will be subject to mandatory sinking fund redemption commencing on February 1 of the first year which has been combined to form such Term Bond and continuing on February 1 in each year thereafter until the stated maturity date of that Term Bond. The amount redeemed in any year will be equal to the principal amount for such year set forth in the table above under the caption "MATURITY SCHEDULE". Bonds to be redeemed in any year by mandatory sinking fund redemption will be redeemed at par and will be selected by lot from among the Bonds then subject to redemption. The City, at its option, may credit against any mandatory sinking fund redemption requirement Term Bonds of the maturity then subject to redemption which have been purchased and canceled by the City or have been optionally redeemed and not theretofore applied as a credit against any mandatory sinking fund redemption requirement.

**SECURITY FOR PAYMENT:** The Bonds are being issued pursuant to the Constitution and general laws of the State of Texas (the "State"), including Chapter 1207, Texas Government Code, as amended, an ordinance (the "Ordinance") to be adopted by the City Council on December 3, 2019, the date of sale of the Bonds, and the City's Home Rule Charter. The Bonds are payable from an annual ad valorem tax levied, within the limits prescribed by law, on all taxable property located within the City. (See "THE BONDS – Security for Payment" in the Preliminary Official Statement".)

**OTHER TERMS AND COVENANTS:** Other terms of the Ordinance and the various covenants of the City contained in the Ordinance are described in the Preliminary Official Statement, to which reference is made for all purposes.

**SUCCESSOR PAYING AGENT/REGISTRAR:** The initial Paying Agent/Registrar is UMB Bank, N.A., Austin, Texas. In the Ordinance, the City covenants to provide a Paying Agent/Registrar at all times while the Bonds are outstanding, and any Paying Agent/Registrar selected by the City shall be a commercial bank or trust company organized under the laws of the United States and any state and duly qualified and legally authorized to serve and perform the duties of the Paying Agent/Registrar for the Bonds. The Paying Agent/Registrar will maintain the Security Register containing the names and addresses of the registered owners of the Bonds.

\*Preliminary, subject to change.

In the Ordinance, the City retains the right to replace the Paying Agent/Registrar. If the Paying Agent/Registrar is replaced by the City, the new Paying Agent/Registrar shall accept the previous Paying Agent/Registrar's records and act in the same capacity as the previous Paying Agent/Registrar. Any successor Paying Agent/Registrar, selected at the sole discretion of the City, shall be qualified as described in the Preliminary Official Statement. Upon a change in the Paying Agent/Registrar for the Bonds, the City agrees to promptly cause written notice thereof to be sent to each registered owner of the Bonds by United States mail, first-class, postage prepaid.

#### CONDITIONS OF SALE

**TYPES OF BIDS AND INTEREST RATES:** The Bonds will be sold in one block on an "All or None" basis, and at a price of not less than their par value, plus accrued interest on the Bonds from the Dated Date of the Bonds to the Delivery Date (defined herein) of the Bonds. **No bid producing a cash premium on the Bonds that results in a dollar price of less than 106.5% nor greater than 111.5% will be considered; provided, however, that any bid is subject to adjustment as described under the caption "ADJUSTMENT OF INITIAL PRINCIPAL AMOUNTS" below.** Bidders are invited to name the rate(s) of interest to be borne by the Bonds, provided that each rate bid must be in a multiple of 1/8 of 1% or 1/20 of 1% and the net effective interest rate for the Bonds (calculated in the manner required by Chapter 1204, Texas Government Code, as amended) must not exceed 15%. **The highest rate bid may not exceed the lowest rate bid by more than 300 basis points (or 3% in rate). No limitation is imposed upon bidders as to the number of rates or changes which may be used.** All Bonds of one stated maturity must bear one and the same rate. No bids involving supplemental interest rates will be considered.

**BASIS OF AWARD:** The sale of the Bonds will be awarded to the bidder making a bid that conforms to the specifications herein and which produces the lowest True Interest Cost (defined herein) rate to the City. The "True Interest Cost" rate is that rate which, when used to compute the total present value as of the Dated Date of all debt service payments on the Bonds on the basis of semi-annual compounding, produces an amount equal to the sum of the par value of the Bonds plus the premium bid (but not interest accrued from the Dated Date to the date of their initial delivery to the Purchaser). In the event of a bidder's error in interest cost rate calculations, the interest rates, and premium, set forth in the Official Bid Form will be considered as the intended bid.

**ADJUSTMENT OF INITIAL PRINCIPAL AMOUNTS:** See "THE BONDS – ADJUSTMENT OF PRINCIPAL AMOUNT AND MATURITY SCHEDULE FOR THE BONDS" for a description of the City's reservation of the right to increase or decrease the principal (maturity) amount of any maturity of the Bonds, including the elimination of a maturity or maturities.

**GOOD FAITH DEPOSIT:** A bank cashier's check payable to the order of "City of Marble Falls, Texas" in the amount of \$93,100, which is 2% of the par value of the Bonds (the "Good Faith Deposit"), is required. The Good Faith Deposit will be retained uncashed by the City until the Bonds are delivered, and at that time it will be returned to the Purchaser uncashed on the date of delivery of the Bonds; however, should the Purchaser fail or refuse to take up and pay for the Bonds, said Good Faith Deposit is to be cashed by the City and the proceeds accepted as full and complete liquidated damages. The Good Faith Deposit may accompany the bid, or it may be submitted separately; however, if submitted separately, it shall be made available to the City prior to the opening of the bids and shall be accompanied by instructions from the bank on which it is drawn which will authorize its use as a Good Faith Deposit by the Purchaser who shall be named in such instructions. No interest will be paid or allowed on any Good Faith Deposit. The checks accompanying all other bids will be returned immediately after the bids are opened and the award of the sale of the Bonds has been made.

**ADDITIONAL CONDITION OF AWARD — DISCLOSURE OF INTERESTED PARTY FORM:** *New obligation of the City to receive information from winning bidder.* Described hereinafter is a new obligation of the City to receive information from winning bidder if bidder is not a publicly traded business entity or a wholly owned subsidiary of a publicly traded business entity (a "Privately Held Bidder"). Effective January 1, 2016, pursuant to Texas Government Code Section 2252.908 (the "Interested Party Disclosure Act"), the City may not award the Bonds to a winning bidder which is a Privately Held Bidder unless such party submits a Certificate of Interested Parties Form 1295 (the "Disclosure Form") to the City as prescribed by the Texas Ethics Commission ("TEC"). In the event that a Privately Held Bidder's bid for the Bonds is the best bid received, the City, acting through its financial advisor, will promptly notify the winning Privately Held Bidder. That notification will serve as the City's conditional verbal acceptance of the bid, and will obligate the winning Privately Held Bidder to establish (unless such winning Privately Held Bidder has previously so established) an account with the TEC, and promptly file a completed Disclosure Form, as described below, in order to allow the City to complete the award.

Reference should be made to the Disclosure Form, the rules of the TEC with respect to the Disclosure Form (the "Disclosure Rules") and the Interest Party Disclosure Act. Instructional information regarding such matters are set forth at [https://www.ethics.state.tx.us/whatsnew/elf\\_info\\_form1295.htm](https://www.ethics.state.tx.us/whatsnew/elf_info_form1295.htm). For purposes of completing the Disclosure Form, a Privately Held Bidder will need the following information: (a) item 2 – name of the governmental entity (City of Marble Falls, Texas) and (b) item 3 – the identification number assigned to this contract by the City (Marble Falls GOR2020 – Bid Form) and description of the goods or services (Purchase of the City of Marble Falls, Texas General Obligation Refunding Bonds, Series 2020). The Interested Party Disclosure Act and the Disclosure Rules require a non-publicly traded business entity contracting with the City to complete the Disclosure Form electronically at <https://www.ethics.state.tx.us/main/file.htm>, print, sign, and deliver by email, the certified Disclosure Form that is generated by the TEC's "electronic portal" to the City. The Disclosure Form must be sent by email to the City's financial advisor, at [mmcliney@samcocapital.com](mailto:mmcliney@samcocapital.com), and to the City's Bond Counsel, at [dmendez@bickerstaff.com](mailto:dmendez@bickerstaff.com), as soon as possible following the notification of conditional verbal acceptance and prior to the final written award. Upon receipt of the final written award, the Disclosure Form, if required, with original signatures must be submitted by mail to the City's Bond Counsel at the following address:

David Mendez  
c/o Bickerstaff Heath Delgado Acosta LLP  
3711 S. MoPac Expressway  
Building One, Suite 300  
Austin, Texas 78746

*Preparations for completion, and the significance of, the reported information.* In accordance with the Interested Party Disclosure Act, the information reported by the winning Privately Held Bidder must be declared by an authorized agent of the Privately Held Bidder. No exceptions may be made to that requirement. The Interested Party Disclosure Act and the Disclosure Form provides that such acknowledgment is made "under penalty of perjury." Consequently, a Privately Held Bidder should take appropriate steps prior to completion of the Disclosure Form to familiarize itself with the Interested Party Disclosure Act, the Disclosure Rules and the Disclosure Form. Time will

be of the essence in submitting the form to the City, and no final award will be made by the City regarding the sale of the Bonds until a completed Disclosure Form from a winning Privately Held Bidder is received. If applicable, the City reserves the right to reject any bid that does not satisfy the requirement of a completed Disclosure Form, as described herein. Neither the City nor its consultants have the ability to verify the information included in a Disclosure Form, and neither party has an obligation nor undertakes responsibility for advising any bidder with respect to the proper completion of the Disclosure Form. Consequently, an entity intending to bid on the Bonds should consult its own advisors to the extent it deems necessary and be prepared to submit the completed form, if required, promptly upon notification from the City that its bid is the conditional winning bid.

**ADDITIONAL CONDITION OF AWARD – COMPLIANCE WITH H.B. 89 AND S.B. 252, 85TH TEXAS LEGISLATURE:** To the extent the sale of the Bonds that is the subject of this Official Notice of Sale constitutes a contract for goods or services within the meaning of Section 2270.002 of the Texas Government Code, each bidder, through submittal of an executed Official Bid Form, verifies that it (including any wholly owned subsidiary, majority-owned subsidiary, parent company, or affiliate of the bidder) does not boycott Israel and, except to the extent required by applicable federal law, will not boycott Israel through the term of the agreement set forth in the Official Bid Form. For purposes of this verification, “boycott Israel” means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes.

Pursuant to Subchapter F, Chapter 2252, Texas Government Code, to the extent applicable, each bidder, through the submittal of the Official Bid Form, represents that it (including any wholly owned subsidiary, majority-owned subsidiary, parent company, or affiliate of the bidder) is not a company (as defined in Section 2270.0001(2), Texas Government Code) engaged in business with Iran, Sudan, or a foreign terrorist organization (as defined in Section 2252.151(2), Texas Government Code) and that it is not on a list prepared and maintained by the Comptroller of Public Accounts of the State of Texas under Sections 2270.0201 or 2252.153, Texas Government Code.

**IMPACT OF BIDDING SYNDICATE ON AWARD:** For purposes of contracting for the sale of the Bonds, the entity signing the bid form as Purchaser shall be solely responsible for the payment of the purchase price of the Bonds. The Purchaser may serve as a syndicate manager and contract under a separate agreement with other syndicate members. However, the City is not a party to that agreement and any information provided regarding syndicate managers would be for informational purposes only.

#### **OFFICIAL STATEMENT**

To assist the Purchaser in complying with Rule 15c2-12, as amended (the “Rule”), of the United States Securities and Exchange Commission (“SEC”), the City and the Purchaser contract and agree, by the submission and acceptance of the winning bid, as follows:

**COMPLIANCE WITH RULE:** The City has approved and authorized distribution of the accompanying Preliminary Official Statement for dissemination to potential purchasers of the Bonds, but does not presently intend to prepare any other document or version thereof for such purpose, except as described below. Accordingly, the City deems the accompanying Preliminary Official Statement to be final as of its date, within the meaning of the Rule, except for information relating to the offering prices, interest rates, final debt service schedule, selling compensation, identity of the Purchaser and other similar information, terms and provisions to be specified in the competitive bidding process. The Purchaser shall be responsible for promptly informing the City of the initial offering yields of the Bonds.

The City agrees to provide, or cause to be provided, to the Purchaser, the Preliminary Official Statement and the Official Statement and any amendments or supplements thereto in a “designated electronic format” (or printed format with respect to the final Official Statement) as may be required for the Purchaser to comply with the Rule or the rules of the Municipal Securities Rulemaking Board (“MSRB”). The City consents to the distribution of such documents in a “designated electronic format.” Upon receipt, the Purchaser shall promptly file the Official Statement with the MSRB in accordance with the applicable MSRB rules.

The City will complete and authorize distribution of the Official Statement identifying the Purchaser and containing information omitted from the Preliminary Official Statement. The City does not intend to amend or supplement the Official Statement otherwise, except to take into account certain subsequent events, if any, as described below. By delivering the final Official Statement or any amendment or supplement thereto in the requested quantity to the Purchaser on or after the sale date, the City intends the same to be final as of such date, within the meaning of Section 15c2-12(b)(3) of the Rule. Notwithstanding the foregoing, the City makes no representation concerning the absence of material misstatements or omissions from the Official Statement, except only as and to the extent under “CERTIFICATION OF THE OFFICIAL STATEMENT” as described below. To the best knowledge and belief of the City, the Official Statement contains information, including financial information or operating data, concerning every entity, enterprise, fund, account, or person that is material to an evaluation of the offering of the Bonds.

**FINAL OFFICIAL STATEMENT:** In addition to delivering the Official Statement in a “designated electronic format”, the City will furnish to the Purchaser, within seven (7) business days after the sale date, an aggregate maximum of fifty (50) copies of the Official Statement, together with information regarding interest rates and other terms relating to the reoffering of the Bonds, in accordance with Section 15c2-12(b)(3) of the Rule. The Purchaser may arrange, at its own expense, to have the Official Statement reproduced and printed if it requires more than 50 copies and may also arrange, at its own expense and responsibility, for completion and perfection of the first or cover page of the Official Statement so as to reflect interest rates and other terms and information related to the reoffering of the Bonds. The Purchaser will be responsible for providing information concerning the City and the Bonds to subsequent purchasers of the Bonds, and the City will undertake no responsibility for providing such information other than to make the Official Statement available to the Purchaser as provided herein. The City agrees to provide, or cause to be provided, to the Purchaser the Preliminary Official Statement and the Official Statement and any amendments or supplements thereto in a “designated electronic format” (or printed format with respect to the final Official Statement) as

may be required for the Purchaser to comply with the Rule or the rules of the MSRB. The City consents to the distribution of such documents in a "designated electronic format". Upon receipt, the Purchaser shall promptly file the Official Statement with the MSRB in accordance with the MSRB Rule G-32. The City's obligation to supplement the Official Statement to correct key representations determined to be materially misleading, after the date of the Official Statement, shall terminate upon initial delivery of the Bonds to the Purchaser, unless the Purchaser notifies, in writing, the City that less than all of the Bonds have been sold to ultimate customers on or before such date, in which case the obligation will extend for an additional period of time (but not more than 90 days after the sale date) until all of the Bonds have been sold to ultimate customers.

**CHANGES TO OFFICIAL STATEMENT:** If, subsequent to the date of the Official Statement, the City learns, through the ordinary course of business and without undertaking any investigation or examination for such purposes, or is notified by the Purchaser of any adverse event which causes the Official Statement to be materially misleading, and unless the Purchaser elects to terminate its obligation to purchase the Bonds, as described below under "DELIVERY AND ACCOMPANYING DOCUMENTS - CONDITIONS TO DELIVERY", the City will promptly prepare and supply to the Purchaser an appropriate amendment or supplement to the Official Statement satisfactory to the Purchaser and in a "designated electronic format"; provided, however, that the obligation of the City to do so will terminate when the City delivers the Bonds to the Purchaser, unless the Purchaser notifies the City on or before such date that less than all of the Bonds have been sold to ultimate customers, in which case the City's obligations hereunder will extend for an additional period of time (but not more than 90 days after the date the City delivers the Bonds) until all of the Bonds have been sold to ultimate customers.

**CERTIFICATION OF THE OFFICIAL STATEMENT:** At the time of payment for and delivery of the hereinafter defined Initial Bonds (the "Delivery Date"), the Purchaser will be furnished a certificate, executed by proper officials of the City, acting in their official capacities, to the effect that to the best of their knowledge and belief: (a) the descriptions and statements of or pertaining to the City contained in its Official Statement, and any addenda, supplement or amendment thereto, for the Bonds, on the date of such Official Statement, on the date of sale of said Bonds and the acceptance of the best bid therefor, and on the date of the initial delivery thereof, were and are true and correct in all material respects; (b) insofar as the City and its affairs, including its financial affairs, are concerned, such Official Statement did not and does not contain an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading; (c) insofar as the descriptions and statements including financial data, of or pertaining to entities, other than the City, and their activities contained in such Official Statement are concerned, such statements and data have been obtained from sources which the City believes to be reliable and the City has no reason to believe that they are untrue in any material respect; and (d) there has been no material adverse change in the financial condition of the City since the date of the last audited financial statements of the City appearing in the Official Statement.

**CONTINUING DISCLOSURE AGREEMENT:** The City will agree in the Ordinance to provide certain periodic information and notices of certain events in accordance with the Rule, as described in the Preliminary Official Statement under "CONTINUING DISCLOSURE OF INFORMATION". The Purchaser's obligation to accept and pay for the Bonds is conditioned upon delivery to the Purchaser or its agent of a certified copy of the Ordinance containing the agreement described under such heading.

**COMPLIANCE WITH PRIOR UNDERTAKINGS:** During the past five years, the City has complied in all material respects with its continuing disclosure agreements in accordance with the Rule.

#### **DELIVERY AND ACCOMPANYING DOCUMENTS**

**INITIAL DELIVERY OF INITIAL BONDS:** The initial delivery of the Bonds to the Purchaser on the Delivery Date, will be accomplished by the issuance of either (i) a single fully registered Bond in the total principal amount of \$4,655,000 (preliminary, subject to change) payable in stated installments to the Purchaser and numbered T-1, or (ii) as one (1) fully registered Bond for each year of stated maturity in the applicable principal amount and denomination, to be numbered consecutively from R-1 and upward (in either case, the "Initial Bond(s)", signed by manual or facsimile signature of the Mayor and the City Secretary approved by the Attorney General of Texas, and registered and manually signed by an authorized representative of the Comptroller of Public Accounts of the State of Texas. Initial Delivery (defined below) of the Bonds will be at the corporate trust office of the Paying Agent/Registrar. Upon delivery of the Initial Bond(s), they shall be immediately canceled and one Bond for each stated maturity will be registered in the name of Cede & Co. and deposited with DTC in connection with DTC's Book-Entry-Only System. Payment for the Initial Bonds must be made in immediately available funds for unconditional credit to the City, or as otherwise directed by the City. The Purchaser will be given six (6) business days' notice of the time fixed for delivery of the Bonds. It is anticipated that Initial Delivery of the Initial Bonds can be made on or about January 7, 2020, but if for any reason the City is unable to make delivery by January 7, 2020, then the City shall immediately contact the Purchaser and offer to allow the Purchaser to extend for an additional thirty (30) days its obligation to take up and pay for the Bonds. If the Purchaser does not so elect within six (6) business days thereafter, then the Good Faith Deposit will be returned, and both the City and the Purchaser shall be relieved of further obligation. In no event shall the City be liable for any damages by reason of its failure to deliver the Bonds, provided such failure is due to circumstances beyond the City's reasonable control.

**EXCHANGE OF INITIAL BONDS FOR DEFINITIVE BONDS:** Upon payment for the Initial Bond(s) at the time of such delivery, the Initial Bond(s) are to be canceled by the Paying Agent/Registrar and registered definitive Bonds delivered in lieu thereof, in multiples of \$5,000 for each stated maturity, in accordance with written instructions received from the Purchaser and/or members of the Purchaser's syndicate. Such Bonds shall be registered by the Paying Agent/Registrar. It shall be the duty of the Purchaser and/or members of the Purchaser's syndicate to furnish to the Paying Agent/Registrar, at least five days prior to the delivery of the Initial Bond(s), final written instructions identifying the names and addresses of the registered owners, the stated maturities, interest rates, and denominations. The Paying Agent/Registrar will not be required to accept changes in such written instructions after the five day period, and if such written instructions are not received by the Paying Agent/Registrar five days prior to the delivery, the cancellation of the Initial Bond(s) and delivery of registered definitive Bonds may be delayed until the fifth day next following the receipt of such written instructions by the Paying Agent/Registrar.

**CUSIP NUMBERS:** It is anticipated that CUSIP identification numbers will be printed on the Bonds, but neither the failure to print such number on any Bond nor any error with respect thereto shall constitute cause for a failure or refusal by the Purchaser to accept delivery of and pay for the Bonds in accordance with the terms of the Official Bid Form and this Official Notice of Sale. All expenses in relation to the printing of CUSIP numbers on the Bonds shall be paid by the City; however, the CUSIP Service Bureau's charge for the assignment of the numbers shall be paid by the Purchaser.

**CONDITIONS TO DELIVERY:** The obligation to take up and pay for the Bonds is subject to the following conditions: the issuance of an approving opinion of the Attorney General of Texas, the Purchaser's acknowledgment of the receipt of the Initial Bond(s), the Purchaser's receipt of the legal opinion of Bond Counsel and the no-litigation certificate, and the non-occurrence of the events described below under "NO MATERIAL ADVERSE CHANGE", all as described below. In addition, if the City fails to comply with its obligations described under the caption "OFFICIAL STATEMENT" above, the Purchaser may terminate its contract to purchase the Bonds by delivering written notice to the City within five (5) days thereafter.

**ESTABLISHING THE ISSUE PRICE FOR THE BONDS:** *General.* In order to provide the City with information that enables it to comply with certain requirements of the Internal Revenue Code of 1986, as amended, relating to the exclusion of interest on the Bonds from the gross income of their owners, the winning bidder will be required to complete, execute and deliver to the City or to the Financial Advisor, at least five business days before the delivery date of the Bonds, a certification as to the "issue price" of the Bonds (the "Issue Price Certificate") substantially in one of the forms and to the effect attached hereto or accompanying this Official Notice of Sale. In the event the winning bidder will not reoffer any maturity of the Bonds for sale to the Public (as defined herein) by the delivery date of the Bonds, the Issue Price Certificate may be modified in a manner approved by the City and Bond Counsel. Each bidder, by submitting its bid, agrees to complete, execute, and timely deliver the appropriate Issue Price Certificate, if its bid is accepted by the City. It will be the responsibility of the winning bidder to institute such syndicate reporting requirements, to make such investigation, or otherwise to ascertain such facts as are necessary to enable it to make such certification with reasonable certainty. Any questions concerning such certification should be directed to Bond Counsel.

**Defined Terms.** For purposes of this section of this Official Notice of Sale:

- (i) "Public" means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a Related Party to an Underwriter.
- (ii) "Underwriter" means (A) any person that agrees pursuant to a written contract with the City (or with the lead Underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the Public).
- (iii) "Related Party" means any two or more persons who are subject directly or indirectly, to (A) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (B) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (C) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other).
- (iv) "Sale Date" means the date that the Bonds are awarded by the City to the winning bidder.

All actions to be taken by the City under this Official Notice of Sale to establish the issue price of the Bonds may be taken on behalf of the City by the Financial Advisor, and any notice or report to be provided to the City may be provided to the Financial Advisor.

The City will consider any bid submitted pursuant to this Official Notice of Sale to be a firm offer for the purchase of the Bonds, as specified in the bid.

**Three Bid Requirement.** The City intends to rely on Treasury Regulation section 1.148-1(l)(3)(i) for purposes of establishing the issue price of municipal bonds, which requires, among other things, that the City receive bids from at least three underwriters of municipal bonds that have established industry reputations for underwriting new issuances of municipal bonds (the "Three Bid Requirement"). In the event that the Three Bid Requirement is not satisfied, Treasury Regulations permit the issue price for any maturity of the Bonds to be determined based upon either (i) the first price at which 10% of such maturity is sold to the Public (the "10% Test") or (ii) if the requirements of the "Hold-the-Offering-Price Rule" described below are met, the initial offering price to the Public as of the Sale Date. For purposes hereof, if different interest rates apply within a maturity, each separate CUSIP number will be treated separately.

In the event that the Three Bid Requirement is satisfied, the sale of the Bonds will be awarded to the bidder making a bid that conforms to the specifications herein.

In the event that the Three Bid Requirement is not satisfied, the City will notify the winning bidder to that effect, and the winning bidder will advise the City any maturity of the Bonds that satisfies the 10% Test. For any maturity of the Bonds that does not meet the 10% Test, it is the City's intention to apply the "Hold-the-Offering-Price Rule" to any maturity of the Bonds, as described below.

**Hold-the-Offering-Price Rule.** If the "Hold-the-Offering-Price Rule" is applied to any maturity of the Bonds (a "Held Maturity"), the winning bidder agrees, on behalf of each Underwriter participating in the purchase of the Bonds, that each Underwriter will neither offer nor sell any

Held Maturity to any person at a price that is higher than the initial offering price to the Public during the period starting on the Sale Date and ending on the earlier of the following:

- (1) the close of the fifth (5th) business day after the Sale Date; or
- (2) the date on which the Underwriters have satisfied the 10% Test with respect to the Held Maturity at a price that is no higher than the initial offering price to the Public.

The winning bidder shall promptly advise the City when the Underwriters have satisfied the 10% Test with respect to each Held Maturity at a price that is no higher than the initial offering price to the Public, if that occurs prior to the close of the fifth business day after the Sale Date. On or after the sixth business day after the Sale Date, if requested by the City, the winning bidder will confirm that the Underwriters have complied with the Hold-the-Offering-Price Rule. If at any time the winning bidder becomes aware of any noncompliance by an Underwriter with respect to the Hold-the-Offering-Price Rule, the winning bidder will promptly report such noncompliance to the City.

**Additional Requirements.** By submitting a bid, each bidder confirms that: (i) any agreement among underwriters, any selling group agreement and each retail distribution agreement (to which the bidder is a party) relating to the initial sale of the Bonds to the Public, together with the related pricing wires, contains or will contain language obligating each Underwriter, each dealer who is a member of the selling group, and each broker-dealer that is a party to such retail distribution agreement, as applicable, to (A) report the prices at which it sells to the Public the unsold Bonds of each maturity allotted to it until it is notified by the winning bidder that either the 10% Test has been satisfied as to the Bonds of that maturity or all Bonds of that maturity have been sold to the Public and (B) comply with the Hold-the-Offering-Price Rule, if applicable, in each case if and for so long as directed by the winning bidder and as set forth in the related pricing wires; and (ii) any agreement among underwriters relating to the initial sale of the Bonds to the Public, together with the related pricing wires, contains or will contain language obligating each Underwriter that is a party to a retail distribution agreement to be employed in connection with the initial sale of the Bonds to the Public to require each broker-dealer that is a party to such retail distribution agreement to (A) report the prices at which it sells to the Public the unsold Bonds of each maturity allotted to it until it is notified by the winning bidder or such Underwriter that either the 10% Test has been satisfied as to the Bonds of that maturity or all Bonds of that maturity have been sold to the Public and (B) comply with the Hold-the-Offering-Price Rule, if applicable, in each case if and for so long as directed by the winning bidder or such Underwriter and as set forth in the related pricing wires.

**NO MATERIAL ADVERSE CHANGE:** The obligation of the Purchaser to take up and pay for the Bonds, and of the City to deliver the Initial Bond(s), are subject to the condition that, up to the time of delivery of and receipt of payment for the Initial Bond(s), there shall have been no material adverse change in the affairs of the City subsequent to the date of sale from that set forth in the Preliminary Official Statement, as it may have been finalized, supplemented or amended through the date of delivery.

**LEGAL OPINION:** The Bonds are offered when, as and if issued, subject to the approval of certain legal matters by the Attorney General of the State of Texas and Bond Counsel (see discussion "LEGAL MATTERS - Legal Opinions and No-Litigation Certificate" in the Preliminary Official Statement).

**CHANGE IN TAX-EXEMPT STATUS:** At any time before the Bonds are tendered for initial delivery to the Purchaser, the Purchaser may withdraw its bid if the interest on obligations such as the Bonds shall be declared to be includable in the gross income, as defined in section 61 of the Code, of the owners thereof for federal income tax purposes, either by U.S. Treasury regulations, by ruling or administrative guidance of the Internal Revenue Service, by a decision of any federal court, or by the terms of any federal income tax legislation enacted subsequent to the date of this Official Notice of Sale.

## GENERAL CONSIDERATIONS

**FUTURE REGISTRATION:** The Bonds may be transferred, registered, and assigned on the registration books of the Paying Agent/Registrar only upon presentation and surrender thereof to the Paying Agent/Registrar, and such registration and transfer shall be without expense or service charge to the registered owner, except for any tax or other governmental charges required to be paid with respect to such registration and transfer. A Bond may be assigned by the execution of an assignment form on the Bonds or by other instrument of transfer and assignment acceptable to the Paying Agent/Registrar. A new Bond or Bonds will be delivered by the Paying Agent/Registrar in lieu of the Bonds being transferred or exchanged at the corporate trust office of the Paying Agent/Registrar, or sent by United States registered mail to the new registered owner at the registered owner's request, risk, and expense. To the extent possible, new Bonds issued in an exchange or transfer of Bonds will be delivered to the registered owner or assignee of the registered owner in not more than three (3) business days after the receipt of the Bonds to be canceled in the exchange or transfer and the written instrument of transfer or request for exchange duly executed by the registered owner or its duly authorized agent, in form satisfactory to the Paying Agent/Registrar. New Bonds registered and delivered in an exchange or transfer shall be in denominations of \$5,000 for any one stated maturity or any integral multiple thereof and for a like aggregate principal amount and interest rate as the Bonds surrendered for exchange or transfer.

**RECORD DATE:** The record date ("Record Date") for determining the party to whom the semiannual interest on the Bonds is payable on any interest payment date is the fifteenth day of the month next preceding such interest payment date.

**RATING:** A municipal bond rating application has been made to S&P Global Ratings, a division of S&P Global, Inc. ("S&P"). The outcome of the results will be made available to the Purchaser as soon as possible. (See "OTHER PERTINENT INFORMATION - Ratings" in the Preliminary Official Statement.) An explanation of the significance of such a rating may be obtained from S&P. The rating of the Bonds by S&P reflects only the view of S&P at the time the rating is given, and the City makes no representations as to the appropriateness of the rating. There is no assurance that the rating will continue for any given period of time, or that the rating will not be revised downward or withdrawn entirely

by S&P, if, in the judgment of such company, circumstances so warrant. Any such downward revision or withdrawal of the rating may have an adverse effect on the market price of the Bonds.

**SALE OF ADDITIONAL DEBT:** The City does not anticipate the issuance of additional debt within the next 12 months.

**REGISTRATION AND QUALIFICATION OF BONDS FOR SALE:** No registration statement relating to the Bonds has been filed with the SEC under the Securities Act of 1933, as amended (the "Act"), in reliance upon exemptions provided in such Act. The Bonds have not been approved or disapproved by the SEC, nor has the SEC passed upon the accuracy or adequacy of the Official Statement. Any representation to the contrary is a criminal offense. The Bonds have not been registered or qualified under the Securities Act of Texas in reliance upon exemptions contained therein, nor have the Bonds been registered or qualified under the securities acts of any other jurisdiction. The City assumes no responsibility for registration or qualification of the Bonds under the securities laws of any jurisdiction in which the Bonds may be sold, assigned, pledged, hypothecated or otherwise transferred. This disclaimer of responsibility for registration or qualification for sale or other disposition of the Bonds shall not be construed as an interpretation of any kind with regard to the availability of any exemption from securities registration or qualification provisions.

It is the obligation of the Purchaser to register or qualify the sale of the Bonds under the securities laws of any jurisdiction which so requires. The City agrees to cooperate, at the Purchaser's written request and expense and within reasonable limits, in registering or qualifying the Bonds, or in obtaining an exemption from registration or qualification in any state where such action is necessary, but will in no instance execute a general consent to service of process in any state that the Bonds are offered for sale.

**ADDITIONAL COPIES:** Subject to the limitations described herein, an electronic copy of this Official Notice of Sale, the Official Bid Form, and the Preliminary Official Statement may be obtained from [www.samcocapital.com](http://www.samcocapital.com).

On the date of the sale, the City Council will, in the Ordinance authorizing the issuance of the Bonds, approve the form and content of the Official Statement, and any addenda, supplement, or amendment thereto, and authorize its further use in the reoffering of the Bonds by the Purchaser.

**ADJUSTMENT OF INITIAL PRINCIPAL AMOUNTS:** As a condition to our submittal of this bid for the Bonds, we acknowledge the following: The City reserves the right to increase or decrease the principal (maturity) amount of any maturity of the Bonds, including the elimination of a maturity or maturities; provided, however, that the aggregate principal (denominational) amount of the Bonds shall not exceed \$4,655,000. Notice of any such changes shall be given to the successful bidder as soon as practicable following the notification of award, as described below, and the Official Notice of Sale may be amended at the sole discretion of the City to reflect such increase or decrease. The City will attempt to maintain total per bond underwriter spread when adjusting maturities. No such adjustment will have the effect of altering the basis upon which the best bid is determined. It will be the obligation of the purchaser of the Bonds to complete and file the DTC Eligibility Questionnaire.

The undersigned agrees to complete, execute, and deliver to the City at least five (5) business days' prior to the date of delivery of the Bonds, a certificate relating to the "issue price" of the Bonds in the form and to the effect attached to or accompanying the Official Notice of Sale, with such changes thereto as may be acceptable to Bond Counsel of the City. For purposes of contracting for the sale of the Bonds, the entity signing the bid form as Purchaser shall be solely responsible for the payment of the purchase price of the Bonds. The Purchaser may serve as a syndicate manager and contract under a separate agreement with other syndicate members. However, the City is not a party to that agreement and any information provided regarding syndicate managers would be for informational purposes only.

Upon notification of conditional verbal acceptance and if required, the undersigned will complete, in accordance with the requirements in the Official Notice of Sale, an electronic form of the Certificate of Interested Parties Form 1295 (the "Disclosure Form") through the Texas Ethics Commission's (the "TEC") electronic portal and the resulting certified Disclosure Form that is generated by the TEC's electronic portal will be printed, signed (physical or PDF), and sent by email to the City's financial advisor, at [mmcliney@samcocapital.com](mailto:mmcliney@samcocapital.com), and Bond Counsel, at [dmendez@bickerstaff.com](mailto:dmendez@bickerstaff.com). The undersigned understands that the failure to provide the certified Disclosure Form will prohibit the City from providing final written award of the enclosed bid.

To the extent the Bid Form is a contract for goods or services within the meaning of Section 2270.002 of the Texas Government Code, the Purchaser hereby verifies that the Purchaser (including any wholly owned subsidiary, majority-owned subsidiary, parent company, or affiliate of the Purchaser) does not boycott Israel and, except to the extent required by applicable federal law, will not boycott Israel through the term of the Bid Form. For purposes of this verification, "boycott Israel" means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes.

General Obligation Refunding Bonds, Series 2020**

**ISSUE PRICE CERTIFICATE  
(THREE BID REQUIREMENT SATISFIED)**

I, the undersigned officer of \_\_\_\_\_ (the "Purchaser"), acting on behalf of itself and any underwriting syndicate, make this certification in connection with the \$4,655,000<sup>1</sup> General Obligation Refunding Bonds, Series 2020 (the "Bonds") issued by the City of Marble Falls, Texas (the "Issuer"). I hereby certify as follows in good faith as of the date hereof:

1. I am the duly chosen, qualified and acting officer of the Purchaser for the office shown below my signature; as such, I am familiar with the facts herein certified and I am duly authorized to execute and deliver this certificate on behalf of the Purchaser and any underwriting syndicate. I am the officer of the Purchaser charged, along with other officers of the Purchaser and any underwriting syndicate, with responsibility for the Bonds.
2. The reasonably expected initial offering prices of the Bonds to the Public by the Purchaser as of the Sale Date are the prices set forth on the inside cover page of the Official Statement prepared in connection with the Bonds (the "Initial Offering Prices"). The Initial Offering Prices are the applicable prices for the Bonds used by the Purchaser in formulating its bid to purchase the Bonds. Attached as Attachment I is a true and correct copy of the bid provided by the Purchaser to purchase the Bonds.
3. The Purchaser was not given the opportunity to review other bids prior to submitting its bid.<sup>2</sup>
4. The bid submitted by the Purchaser constituted a firm offer to purchase the Bonds.
5. The aggregate of the Initial Offering Prices of all maturities of the Bonds is \$\_\_\_\_\_. The Bonds were sold with pre-issuance accrued interest in the amount of \$\_\_\_\_\_. The sum of these two amounts is \$\_\_\_\_\_.
6. Please choose the appropriate statement:
  - The Purchaser will not purchase bond insurance for the Bonds.
  - The Purchaser will purchase bond insurance from \_\_\_\_\_ (the "Insurer") for a fee/premium of \$\_\_\_\_\_ (the "Fee"). The Fee is a reasonable amount payable solely for the transfer of credit risk for the payment of debt service on the Bonds and does not include any amount payable for a cost other than such guarantee, e.g., a credit rating or legal fees. The Purchaser represents that the present value of the Fee for each obligation constituting the Bonds to which such Fee is properly allocated and which are insured thereby is less than the present value of the interest reasonably expected to be saved as a result of the insurance on each obligation constituting the Bonds. The Fee has been paid to a person who is not exempt from federal income taxation and who is not a user or related to the user of any proceeds of the Bonds. In determining present value for this purpose, the yield of the Bonds (determined with regard to the payment of the guarantee fee) has been used as the discount rate. No portion of the Fee is refundable upon redemption of any of the Bonds in an amount which would exceed the portion of such Fee that has not been earned. The Purchaser will also be responsible for payment of any rating fees on the Bonds, if and as required by the Insurer to be obtained in connection with the purchase of insurance.
7. For purposes of this Issue Price Certificate, the following definitions apply:

Nothing in this certificate represents the Purchaser's interpretation of any laws, including specifically sections 103 and 148 of the Internal Revenue Code of 1986, as amended, and the Treasury Regulations thereunder. **PRELIMINARY OFFICIAL STATEMENT  
RELATING TO**  
**CITY OF MARBLE FALLS, TEXAS**  
**\$4,655,000**  
**GENERAL OBLIGATION REFUNDING BONDS, SERIES 2020**

**INTRODUCTORY STATEMENT**

This Official Statement provides certain information in connection with the issuance by the City of Marble Falls, Texas (the "City" or the "Issuer") of its \$4,655,000\* General Obligation Refunding Bonds, Series 2020 (the "Bonds") identified on the cover page hereof.

The Issuer is a political subdivision of the State of Texas (the "State") and a municipal corporation organized and existing under the Constitution and laws of the State and its Home Rule Charter. Unless otherwise indicated, capitalized terms used in this Official Statement have the same meanings assigned to such terms in the ordinance authorizing the Bonds (the "Ordinance") to be adopted on the date of the sale of the Bonds by the City Council of the City (the "City Council"). Included in this Official Statement are descriptions of the Bonds and certain information about the Issuer and its finances. **ALL DESCRIPTIONS OF DOCUMENTS CONTAINED HEREIN ARE SUMMARIES ONLY AND ARE QUALIFIED IN THEIR ENTIRETY BY REFERENCE TO EACH SUCH DOCUMENT.** Copies of such documents may be obtained upon request from the Issuer or its Financial Advisor, SAMCO Capital Markets, Inc., 1020 NE Loop 410, Suite 640, San Antonio, Texas 78209, via electronic mail or upon payment of reasonable copying, handling, and delivery charges.

All financial and other information presented in this Official Statement has been provided by the City from its records, except for information expressly attributed to other sources. The presentation of information, including tables of receipts from taxes and other sources, is intended to show recent historic information, and is not intended to indicate future or continuing trends in financial position or other affairs of the City. No representation is made that past experience, as is shown by financial and other information, will necessarily continue or be repeated in the future.

This Official Statement speaks only as to its date, and the information contained herein is subject to change. A copy of the Final Official Statement pertaining to the Bonds will be deposited with the Municipal Securities Rulemaking Board through its Electronic Municipal Market Access ("EMMA") system. See "CONTINUING DISCLOSURE OF INFORMATION" herein for a description of the City's undertaking to provide certain information on a continuing basis.

**PLAN OF FINANCING**

**Purpose of Refunding**

The Bonds are being issued to refund a portion of the City's outstanding Combination Tax and Limited Pledge Revenue Certificates of Obligation, Series 2010 (the "Refunded Obligations") to realize debt service savings and to pay certain costs of issuance relating to the issuance of the Bonds. See "Schedule I – Schedule of Refunded Obligations" for a detailed listing of the Refunded Obligations and their redemption dates at par. The refunding is being undertaken to realize debt service savings for the City.

**Refunded Obligations**

The principal of and interest due on the Refunded Obligations are to be paid on the scheduled redemption date of such Refunded Obligations from funds to be deposited pursuant to a certain Escrow Agreement (the "Escrow Agreement") between the City and UMB Bank, N.A., Austin, Texas (the "Escrow Agent"). The Ordinance provides that from the proceeds of the sale of the Bonds received from the Purchaser, together with other funds of the City, if any, the City will deposit with the Escrow Agent the amounts necessary to accomplish the discharge and final payment of the Refunded Obligations on the redemption date. Such funds will be held by the Escrow Agent in a special escrow (the "Escrow Fund") and will be held in cash or used to purchase (i) direct noncallable obligations of the United States of America, including obligations that are unconditionally guaranteed by the United States of America; (ii) noncallable obligations of an agency or instrumentality of the United States, including obligations that are unconditionally guaranteed or insured by the agency or instrumentality; or (iii) noncallable obligations of a state or an agency or a county, municipality, or other political subdivision of a state that have been refunded (the "Escrow Securities") maturing in time to make such payment. Barthe & Wahrman, PA, Minneapolis, Minnesota, will verify that the cash, if any, and Escrow Securities in the Escrow Fund will mature and pay interest at the times and in the amounts that will be sufficient to pay principal of and interest on the Refunded Obligations on the redemption date (see "OTHER PERTINENT INFORMATION - Verification of Arithmetical and Mathematical Computations"). Under the Escrow Agreement, the Escrow Fund is irrevocably pledged to the payment of the principal of and interest on the Refunded Obligations. The money and investments on deposit in the Escrow Fund will not be available to pay the Bonds.

By the deposit of such cash and Escrow Securities with the Escrow Agent pursuant to the Escrow Agreement, the City will have effected the defeasance of all the Refunded Obligations in accordance with applicable law. It is the opinion of Bond Counsel, that as a result of such defeasance and in reliance on the report of Barthe & Wahrman, P.A., the Refunded Obligations will be outstanding only for the purpose of receiving payments from the cash and investments held for such purpose by the Escrow Agent and such Refunded Obligations will not be deemed as being outstanding obligations of the City payable from taxes or any other funds of the City or for the purpose of applying any limitation on the issuance of debt.

The City has covenanted in the Escrow Agreement to make timely deposits to the Escrow Fund, from lawfully available funds, of any additional amounts required to pay the principal of and interest on the Refunded Obligations, if for any reason, the cash balances on deposit or scheduled to be on deposit in the Escrow Fund are insufficient to make such payment.

## THE BONDS

### **General Description of the Bonds**

The Bonds are dated December 1, 2019 (the "Dated Date"), will mature on the dates and in the principal amounts and will bear interest at the rates set forth on page 2 of this Official Statement. The Bonds will be issued only in fully registered form and will be in denominations of \$5,000 or any integral multiple thereof. The Bonds will bear interest from the Dated Date, or from the most recent date to which interest has been paid or duly provided for, and will be paid semiannually on February 1 and August 1 of each year, commencing August 1, 2020, until stated maturity or prior redemption. Principal of and interest on the Bonds are payable in the manner described herein under "BOOK-ENTRY-ONLY SYSTEM". In the event the Book-Entry-Only system is discontinued, the interest on the Bonds payable on an interest payment date will be payable to the registered owner as shown on the security register maintained by UMB Bank, N.A., Austin, Texas, as the initial Paying Agent/Registrar, as of the Record Date by check, mailed first-class, postage prepaid, to the address of such person on the security register or by such other method acceptable to the Paying Agent/Registrar requested by and at the risk and expense of the registered owner. In the event the Book-Entry-Only System is discontinued, principal of the Bonds will be payable at stated maturity or prior redemption upon presentation and surrender thereof at the corporate trust office of the Paying Agent/Registrar.

If the date for the payment of the principal of or interest on the Bonds is a Saturday, Sunday, a legal holiday or a day when banking institutions in the city where the Paying Agent/Registrar is located are authorized by law or executive order to close, then the date for such payment will be the next succeeding day which is not a Saturday, Sunday, legal holiday or a day on which banking institutions are authorized to close; and payment on such date will have the same force and effect as if made on the original date payment was due.

Initially, the Bonds will be registered and delivered only to Cede & Co., the nominee of The Depository Trust Company ("DTC"), New York, New York, pursuant to the Book-Entry-Only System described below. No physical delivery of the Bonds will be made to the beneficial owners. Principal of, premium, if any, and interest on the Bonds will be payable by the Paying Agent/Registrar to Cede & Co. which will distribute the amounts received to the beneficial owners of the Bonds. Such Book-Entry-Only System may change the method and timing of payment of the Bonds and the method of transfer. See "BOOK-ENTRY-ONLY SYSTEM" herein.

### **Authority for Issuance**

The Bonds are being issued pursuant to the Constitution and general laws of the State, particularly Chapter 1207, Texas Government Code, as amended, the Ordinance, and the City's Home Rule Charter.

### **Security for Payment**

The Bonds constitute direct and general obligations of the Issuer payable from an annual ad valorem tax levied against all taxable property in the City, within the limits prescribed by law, as provided in the Ordinance. (See "AD VALOREM TAX PROCEDURES" and "TAX RATE LIMITATIONS" herein.)

### **Redemption Provisions of the Bonds**

The Issuer reserves the right, at its sole option, to redeem Bonds stated to mature on and after February 1, 2030, in whole or from time to time in part, in principal amounts of \$5,000 or any integral multiple thereof (and, if within a stated maturity, selected at random and by lot by the Paying Agent/Registrar) on February 1, 2029, or any date thereafter, at the par value thereof plus accrued interest from the most recent interest payment date to the date fixed for redemption. The respective years of maturity of the Bonds called for redemption shall be selected by the City. If less than all of the Bonds within a stated maturity are to be redeemed, the particular Bonds to be redeemed shall be selected by lot or by other customary random method by the Paying Agent/Registrar.

At least 30 days prior to the date fixed for any redemption of any Bonds or portions thereof prior to stated maturity, the Issuer shall cause notice of such redemption to be sent by United States mail, first-class postage prepaid, to the registered owner of each Bond or a portion thereof to be redeemed at its address as it appeared on the registration books of the Paying Agent/Registrar on the day such notice of redemption is mailed. By the date fixed for any such redemption, due provision shall be made with the Paying Agent/Registrar for the payment of the required redemption price for the Bonds or portions thereof which are to be so redeemed. If such notice of redemption is given and if due provision for such payment is made, all as provided above, the Bonds or portions thereof which are to be so redeemed thereby automatically shall be treated as redeemed prior to their scheduled maturities, and they shall not bear interest after the date fixed for redemption, and they shall not be regarded as being outstanding except for the right of the registered owner to receive the redemption price from the Paying Agent/Registrar out of the funds provided for such payment.

The Issuer reserves the right to give notice of its election or direction to optionally redeem Bonds conditioned upon the occurrence of subsequent events. Such notice may state (i) that the redemption is conditioned upon the deposit of moneys and/or authorized securities, in an amount equal to the amount necessary to effect the redemption, with the Paying Agent/Registrar, or such other entity as may be authorized by law, no later than the redemption date or (ii) that the Issuer retains the right to rescind such notice at any time prior to the scheduled redemption date if the Issuer delivers a certificate of the Issuer to the Paying Agent/Registrar instructing the Paying Agent/Registrar to rescind the redemption notice, and such notice of redemption shall be of no effect if such moneys and/or authorized securities are not so deposited or if the notice is rescinded. The Paying Agent/Registrar shall give prompt notice of any such rescission of a conditional notice of redemption to the affected owners. Any Bonds subject to conditional redemption where redemption has been rescinded shall remain outstanding.

ANY NOTICE OF REDEMPTION SO MAILED SHALL BE CONCLUSIVELY PRESUMED TO HAVE BEEN DULY GIVEN IRRESPECTIVE OF WHETHER RECEIVED BY THE BONDHOLDER, AND, PROVIDED THAT PROVISION FOR PAYMENT OF THE REDEMPTION PRICE IS MADE AND ANY OTHER CONDITIONS TO REDEMPTION ARE SATISFIED, INTEREST ON THE REDEEMED BONDS SHALL CEASE TO ACCRUE FROM AND AFTER SUCH REDEMPTION DATE NOTWITHSTANDING THAT A BOND HAS NOT BEEN PRESENTED FOR PAYMENT.

Bonds of a denomination larger than \$5,000 may be redeemed in part (\$5,000 or any integral multiple thereof). Any Bond to be partially redeemed must be surrendered in exchange for one or more new Bonds of the same stated maturity and interest rate for the unredeemed portion of the principal.

The Paying Agent/Registrar and the Issuer, so long as a Book-Entry-Only System is used for the Bonds, will send any notice of redemption, notice of proposed amendment to the Ordinance or other notices with respect to the Bonds only to DTC. Any failure by DTC to advise any DTC participant, or of any DTC participant or indirect participant to notify the Beneficial Owners, will not affect the validity of the redemption of the Bonds called for redemption or any other action premised on any such notice. Redemption of portions of the Bonds by the Issuer will reduce the outstanding principal amount of such Bonds held by DTC. In such event, DTC may implement, through its Book-Entry-Only System, a redemption of such Bonds held for the account of DTC participants in accordance with its rules or other agreements with DTC participants and then DTC participants and indirect participants may implement a redemption of such Bonds from the Beneficial Owners. Any such selection of Bonds to be redeemed will not be governed by the Ordinance and will not be conducted by the Issuer or the Paying Agent/Registrar. Neither the Issuer nor the Paying Agent/Registrar will have any responsibility to DTC participants, indirect participants or the persons for whom DTC participants act as nominees, with respect to the payments on the Bonds or the providing of notice to DTC participants, indirect participants, or beneficial owners of the selection of portions of the Bonds for redemption. #### **Amendments**

In the Ordinance, the Issuer has the reserved right to amend the Ordinance without the consent of or notice to any registered owners in any manner not detrimental to the interests of the registered owners, including the curing of any ambiguity, inconsistency, or formal defect or omission therein. In addition, the Issuer may, with the written consent of the holders of a majority in aggregate principal amount of the Bonds then outstanding affected thereby, amend, add to, or rescind any of the provisions of the Ordinance; except that, without the consent of the registered owners of all of the Bonds affected, no such amendment, addition, or rescission may (1) make any change in the maturity of any of the outstanding Bonds; (2) reduce the rate of interest borne by any of the outstanding Bonds; (3) reduce the amount of the principal of, or redemption premium, if any, payable on any outstanding Bonds; (4) modify the terms of payment of principal, interest or redemption premium on outstanding Bonds, or impose any condition with respect to such payment; or (5) change the minimum percentage of the principal amount of the Bonds necessary for consent to such amendment.

#### **Defeasance**

The Ordinance provides for the defeasance of the Bonds when payment of the principal of and premium, if any, on such Bonds, plus interest thereon to the due date thereof (whether such due date be by reason of maturity, redemption, or otherwise), is provided by irrevocably depositing with a paying agent (or other financial institution permitted by applicable law), in trust (1) money sufficient to make such payment and/or (2) Defeasance Securities that mature as to principal and interest in such amounts and at such times to ensure the availability, without reinvestment, of sufficient money to make such payment, and all necessary and proper fees, compensation and expenses of the paying agent for such Bonds. The Ordinance provides that the term "Defeasance Securities" means any securities and obligations now or hereafter authorized by State law that are eligible to discharge obligations such as the Bonds. Current State law permits defeasance with the following types of securities: (a) direct, noncallable obligations of the United States of America, including obligations that are unconditionally guaranteed by the United States of America, (b) noncallable obligations of an agency or instrumentality of the United States of America, including obligations that are unconditionally guaranteed or insured by the agency or instrumentality and that, on the date the governing body of the City approves the proceedings authorizing the issuance of refunding bonds, are rated as to investment quality by a nationally recognized investment rating firm not less than "AAA" or its

equivalent, (c) noncallable obligations of a state or an agency or a county, municipality, or other political subdivision of a state and that, on the date the governing body of the City approves the proceedings authorizing the issuance of refunding bonds, have been refunded and are rated as to investment quality by a nationally recognized investment rating firm not less than "AAA" or its equivalent, (d) any other then authorized securities or obligations under applicable state laws that may be issued to defease obligations such as the Bonds. There is no assurance that the current law will not be changed in a manner which would permit investments other than those described above to be made with amounts deposited to defease the Bonds. Because the Ordinance does not contractually limit such investments, registered owners will be deemed to have consented to defeasance with such other investments, notwithstanding the fact that such investments may not be of the same investment quality as those currently permitted under State law. The City has additionally reserved the right, subject to satisfying the requirements of (1) and (2) above, to substitute other Defeasance Securities for the Defeasance Securities originally deposited, to reinvest the uninvested moneys on deposit for such defeasance and to withdraw for the benefit of the City moneys in excess of the amount required for such defeasance.

Upon such deposit as described above, such Bonds shall no longer be regarded to be outstanding or unpaid. After firm banking and financial arrangements for the discharge and final payment of the Bonds have been made as described above, all rights of the City to initiate proceedings to call the Bonds for redemption or take any other action amending the terms of the Bonds are extinguished; provided, however, the City has the option, to be exercised at the time of the defeasance of the Bonds, to call for redemption at an earlier date those Bonds which have been defeased to their maturity date, if the City (i) in the proceedings providing for the firm banking and financial arrangements, expressly reserves the right to call the Bonds for redemption, (ii) gives notice of the reservation of that right to the owners of the Bonds immediately following the making of the firm banking and financial arrangements, and (iii) directs that notice of the reservation be included in any redemption notices that it authorizes.

### **Default and Remedies**

The Ordinance establishes specific events of default with respect to the Bonds. If the City defaults in the payment of principal, interest, or redemption price on the Bonds when due, or if it fails to make payments into any fund or funds created in the Ordinance, or defaults in the observation or performance of any other covenants, conditions, or obligations set forth in the Ordinance, the registered owners may seek a writ of mandamus to compel City officials to carry out their legally imposed duties with respect to the Bonds, if there is no other available remedy at law to compel performance of the Bonds or the Ordinance and the City's obligations are not uncertain or disputed. The issuance of a writ of mandamus is controlled by equitable principles, so rests with the discretion of the court, but may not be arbitrarily refused. There is no acceleration of maturity of the Bonds in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year. The Ordinance does not provide for the appointment of a trustee to represent the interest of the bondholders upon any failure of the City to perform in accordance with the terms of the Ordinance, or upon any other condition and accordingly all legal actions to enforce such remedies would have to be undertaken at the initiative of, and be financed by, the registered owners.

On June 30, 2006, the Texas Supreme Court ruled in *Tooke v. City of Mexia*, 197 S.W.3d 325 (Tex. 2006) ("Tooke") that a waiver of sovereign immunity must be provided for by statute in "clear and unambiguous" language. In so ruling, the Court declared that statutory language such as "sue and be sued", in and of itself, did not constitute a clear and unambiguous waiver of sovereign immunity. Because it is not clear that the Texas Legislature has effectively waived the City's immunity from suit for money damages, a registered owner may not be able to bring such a suit against the City for breach of the Bonds or the Ordinance. In Tooke, the Court noted the enactment in 2005 of sections 271.151-160, Texas Local Government Code (the "Local Government Immunity Waiver Act"), which, according to the Court, waives "immunity from suit for contract claims against most local governmental entities in certain circumstances." The Local Government Immunity Waiver Act covers cities and relates to contracts entered into by cities for providing goods or services to cities. The City is not aware of any Texas court construing the Local Government Immunity Waiver Act in the context of whether contractual undertakings of local governments that relate to their borrowing powers are contracts covered by the Local Government Immunity Waiver Act. As noted above, the Ordinance provides that holders of Bonds may exercise the remedy of mandamus to enforce the obligations of the City under the Ordinance. Neither the remedy of mandamus nor any other type of injunctive relief was at issue in Tooke, and it is unclear whether Tooke will be construed to have any effect with respect to the exercise of mandamus, as such remedy has been interpreted by Texas courts. In general, Texas courts have held that a writ of mandamus may be issued to require public officials to perform ministerial acts that clearly pertain to their duties. Texas courts have held that a ministerial act is defined as a legal duty that is prescribed and defined with a precision and certainty that leaves nothing to the exercise of discretion or judgment, though mandamus is not available to enforce purely contractual duties. However, mandamus may be used to require a public officer to perform legally-imposed ministerial duties necessary for the performance of a valid contract to which the State or a political subdivision of the State is a party (including the payment of monies due under a contract).

In *Wasson Interests, Ltd. v. City of Jacksonville*, 489 S.W. 3d 427 (Tex. 2016) ("Wasson"), the Texas Supreme Court (the "Court") addressed whether the distinction between governmental and proprietary acts (as found in tort-based causes of action) applies to breach of contract claims against municipalities. The Court analyzed the rationale behind the Proprietary-Governmental Dichotomy to determine that "a city's proprietary functions are not done pursuant to the 'will of the people'" and protecting such municipalities "via the [S]tate's immunity is not an efficient way to ensure efficient allocation of [S]tate resources". While the Court recognized that the distinction between governmental and proprietary functions is not clear, the Wasson opinion held that the Proprietary-Governmental Dichotomy applies in a contract-claims context. The Court reviewed Wasson again in June 2018 and clarified that to determine whether governmental immunity applies to a breach of contract claim, the proper inquiry is whether the municipality was engaged in a governmental or proprietary function when it entered into the contract, not at the time of the alleged breach. Therefore, in regard to municipal contract cases (as in tort claims), it is incumbent on the courts to determine whether a function was proprietary or governmental based upon the statutory guidance at the time of inception of the contractual relationship. Notwithstanding the foregoing new case law issued by the Court, such sovereign immunity issues have not been adjudicated in relation to bond matters (specifically, in regard to the issuance of municipal debt). Each situation will be prospectively evaluated based on the facts and circumstances surrounding the contract in question to determine if a suit, and subsequently, a judgement, is justiciable against a municipality.

Furthermore, the City is eligible to seek relief from its creditors under Chapter 9 of the U.S. Bankruptcy Code ("Chapter 9"). Although Chapter 9 provides for the recognition of a security interest represented by a specifically pledged source of revenues, the pledge of ad valorem taxes in support of a general obligation of a bankrupt entity is not specifically recognized as a security interest under Chapter 9. Chapter 9 also includes an automatic stay provision that would prohibit, without Bankruptcy Court approval, the prosecution of any other legal action by creditors or bondholders of an entity which has sought protection under Chapter 9. Therefore, should the City avail itself of Chapter 9 protection from creditors, the ability to enforce would be subject to the approval of the Bankruptcy Court (which could require that the action be heard in Bankruptcy Court instead of other federal or state court); and the Bankruptcy Code provides for broad discretionary powers of a Bankruptcy Court in administering any proceeding brought before it. The opinion of Bond Counsel will note that all opinions relative to the enforceability of the Bonds are qualified with respect to the customary rights of debtors relative to their creditors and by general principles of equity which permit the exercise of judicial discretion.

#### **REGISTRATION, TRANSFER AND EXCHANGE**

##### **Paying Agent/Registrar**

The initial Paying Agent/Registrar is UMB Bank, N.A., Austin, Texas. In the Ordinance, the Issuer retains the right to replace the Paying Agent/Registrar. If the Paying Agent/Registrar is replaced by the Issuer, the new Paying Agent/Registrar shall accept the previous Paying Agent/Registrar's records and act in the same capacity as the previous Paying Agent/Registrar. Any successor Paying Agent/Registrar, selected at the sole discretion of the Issuer, shall be a national or state banking association or corporation organized and doing business under the laws of the United States of America or of any state, authorized under such laws to exercise trust powers, shall be subject to supervision or examination by federal or state authority, and registered as a transfer agent with the United States Securities and Exchange Commission. Upon a change in the Paying Agent/Registrar for the Bonds, the Issuer agrees to promptly cause written notice thereof to be sent to each registered owner of the Bonds affected by the change by United States mail, first-class, postage prepaid.

The Bonds will be issued in fully registered form in multiples of \$5,000 for any one stated maturity, and principal and semiannual interest will be paid by the Paying Agent/Registrar. Interest will be paid by check or draft mailed on each interest payment date by the Paying Agent/Registrar to the registered owner at the last known address as it appears on the Paying Agent/Registrar's books or by such other method, acceptable to the Paying Agent/Registrar, requested by and at the risk and expense of the registered owner. Principal will be paid to the registered owner at stated maturity or prior redemption upon presentation to the Paying Agent/Registrar; provided however, that so long as DTC's Book-Entry-Only System is used, all payments will be made as described under "BOOK-ENTRY-ONLY SYSTEM" herein. If the date for the payment of the principal of or interest on the Bonds shall be a Saturday, Sunday, a legal holiday or a day when banking institutions in the city where the Paying Agent/Registrar is located are authorized to close, then the date for such payment shall be the next succeeding day which is not such a day, and payment on such date shall have the same force and effect as if made on the date payment was due.

##### **Record Date**

The record date ("Record Date") for determining the registered owner entitled to receive the interest payable on a Bond on any interest payment date means the fifteenth (15<sup>th</sup>) day of the month next preceding each interest payment date. In the event of a non-payment of interest on a scheduled payment date, and for 30 days thereafter, a new record date for such interest payment will be established by the Paying Agent/Registrar. (See "REGISTRATION, TRANSFER AND EXCHANGE - Special Record Date for Interest Payment" herein.)

##### **Special Record Date for Interest Payment**

In the event of a non-payment of interest on a scheduled payment date, and for 30 days thereafter, a new record date for such interest payment (a "Special Record Date") will be established by the Paying Agent/Registrar, if and when funds for the payment of such interest have been received from the Issuer. Notice of the Special Record Date and of the scheduled payment date of the past due interest (the "Special Payment Date" which shall be 15 days after the Special Record Date) shall be sent at least five business days prior to the Special Record Date by United States mail, first class postage prepaid, to the address of each registered owner of a Bond appearing on the registration books of the Paying Agent/Registrar at the close of business on the last day next preceding the date of mailing of such notice.

##### **Future Registration**

In the event the Bonds are not in the Book-Entry-Only System, the Bonds may be transferred, registered, and assigned on the registration books of the Paying Agent/Registrar only upon presentation and surrender thereof to the Paying Agent/Registrar, and such registration and transfer shall be without expense or service charge to the registered owner, except for any tax or other governmental charges required to be paid with respect to such registration and transfer. A Bond may be assigned by the execution of an assignment form on the Bond or by other instrument of transfer and assignment acceptable to the Paying Agent/Registrar. A new Bond or Bonds will be delivered by the Paying Agent/Registrar in lieu of the Bonds being transferred or exchanged at the corporate trust office of the Paying Agent/Registrar, or sent by United States registered mail to the new registered owner at the registered owner's request, risk and expense. New Bonds issued in an exchange or transfer of Bonds will be delivered to the registered owner or assignee of the registered owner in not more than three (3) business days after the receipt of the Bonds to be canceled in the exchange or transfer and the written instrument of transfer or request for exchange duly executed by the registered owner or his duly authorized agent, in form satisfactory to the Paying Agent/Registrar. New Bonds registered and delivered in an exchange or transfer shall be in denominations of \$5,000 for any one stated maturity or any integral multiple thereof and for a like aggregate principal amount, series and rate of interest as the Bond or Bonds surrendered for exchange or transfer. (See "BOOK-ENTRY-ONLY SYSTEM" herein for a description of the system to be utilized in regard to ownership and transferability of the Bonds.)

### **Limitation on Transfer of Bonds**

Neither the Issuer nor the Paying Agent/Registrar shall be required (1) to issue, transfer, or exchange any Bond called for redemption, in whole or in part during a period beginning at the opening of business fifteen (15) days before the day of the first mailing of a notice of redemption of Bonds hereunder and ending at the close of business on the day of such mailing or (2) thereafter to transfer or exchange in whole or in part any Bond so selected for redemption; provided, however, such limitation is not applicable to the transfer or exchange of the unredeemed balance of a Bond called for redemption in part.

### **Replacement Bonds**

The Issuer has agreed to replace mutilated, destroyed, lost, or stolen Bonds upon surrender of the mutilated Bonds to the Paying Agent/Registrar, or receipt of satisfactory evidence of such destruction, loss, or theft, and receipt by the Issuer and Paying Agent/Registrar of security or indemnity as may be required by either of them to hold them harmless. The Issuer may require payment of taxes, governmental charges, and other expenses in connection with any such replacement.

### **BOOK-ENTRY-ONLY SYSTEM**

This section describes how ownership of the Bonds is to be transferred and how the principal of, premium, if any, and interest on the Bonds are to be paid to and credited by The Depository Trust Company ("DTC"), New York, New York, while the Bonds are registered in its nominee name. The information in this section concerning DTC and the Book-Entry-Only System has been provided by DTC for use in disclosure documents such as this Official Statement. The City, the Financial Advisor, and the Purchaser believe the source of such information to be reliable, but take no responsibility for the accuracy or completeness thereof.

The City cannot and does not give any assurance that (1) DTC will distribute payments of debt service on the Bonds, or redemption or other notices, to DTC Participants, (2) DTC Participants or others will distribute debt service payments paid to DTC or its nominee (as the registered owner of the Bonds), or redemption or other notices, to the Beneficial Owners, or that they will do so on a timely basis, or (3) DTC will serve and act in the manner described in this Official Statement. The current rules applicable to DTC are on file with the United States Securities and Exchange Commission, and the current procedures of DTC to be followed in dealing with DTC Participants are on file with DTC.

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation, and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of "AA+". The DTC Rules applicable to its Participants are on file with the United States Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com).

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction.

Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive physical certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in Beneficial Ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond

documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the City as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

All payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the City or the Paying Agent/Registrar, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor its nominee, the Paying Agent/Registrar, or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. All payments on the Bonds to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the City or the Paying Agent/Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the Issuer or Paying Agent/Registrar. Under such circumstances, in the event that a successor depository is not obtained, physical certificates for the Bonds are required to be printed and delivered. The Issuer may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, physical certificates for the Bonds will be printed and delivered to the holder of such Bonds and will be subject to transfer, exchange and registration provisions as set forth in the Ordinance and summarized under "REGISTRATION, TRANSFER AND EXCHANGE" hereinabove.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the City, the Financial Advisor, and the Purchaser believe to be reliable, but none of the City, the Financial Advisor, or the Purchaser take responsibility for the accuracy thereof.

So long as Cede & Co. is the registered owner of the Bonds, the Issuer will have no obligation or responsibility to the DTC. Participants or Indirect Participants, or the persons for which they act as nominees, with respect to payment to or providing of notice to such Participants, or the persons for which they act as nominees.

#### **Use of Certain Terms in Other Sections of this Official Statement**

In reading this Official Statement it should be understood that while the Bonds are in the Book-Entry-Only System, references in other sections of this Official Statement to registered owners should be read to include the person for which the Participant acquires an interest in the Bonds, but (i) all rights of ownership must be exercised through DTC and the Book-Entry-Only System, and (ii) except as described above, payment or notices that are to be given to registered owners under the Ordinance will be given only to DTC.

#### **Effect of Termination of Book-Entry-Only System**

In the event that the Book-Entry-Only System is discontinued by DTC or the use of the Book-Entry-Only System is discontinued by the City, printed certificates representing the Bonds will be issued to the holders and the Bonds will be subject to transfer, exchange and registration provisions as set forth in the Ordinance and summarized under "REGISTRATION, TRANSFER AND EXCHANGE – Future Registration."

#### **INVESTMENT POLICIES**

The Issuer invests its investable funds in investments authorized by Texas law in accordance with investment policies approved by the City Council of the Issuer. Both State law and the Issuer's investment policies are subject to change.

#### **Legal Investments**

Under State law, the City is authorized to invest in obligations meeting the requirements of the Texas Public Funds Investment Act, Texas Government Code, Chapter 2256, as amended (the "PFIA") which may include : (1) obligations, including letters of credit, of the United States or its agencies and instrumentalities, including the Federal Home Loan Banks; (2) direct obligations of the State or its agencies and instrumentalities; (3) collateralized mortgage obligations issued by a federal agency or instrumentality of the United States, the underlying security for which is guaranteed by an agency or instrumentality of the United States; (4) other obligations, the principal and interest of which are unconditionally guaranteed or insured by, or backed by the full faith and credit of, the State or the United States or their respective agencies and instrumentalities, including obligations that are fully guaranteed or insured by the Federal Deposit Insurance Corporation (the "FDIC") or by the explicit full faith and credit of the United States; (5) obligations of states, agencies, counties, cities, and other political subdivisions of any state rated as to investment quality by a nationally recognized investment rating firm not less than "A" or its equivalent; (6) bonds issued, assumed, or guaranteed by the State of Israel; (7) interest-bearing banking deposits that are guaranteed or insured by the FDIC or the National Credit Union Share Insurance Fund (the "NCUSIF") or their respective successors; (8) interest-bearing banking deposits, other than those described in clause (7), that (i) are invested through a broker or institution with a main office or branch office in this state and selected by the City in compliance with the PFIA, (ii) the broker or institution arranges for the deposit of the funds in one or more federally insured depository institutions, wherever located, for the City's account, (iii) the full amount of the principal and accrued interest of the banking deposits is insured by the United States or an instrumentality of the United States, and (iv) the City appoints as its custodian of the banking deposits, in compliance with the PFIA, the institution in clause (8)(i) above, a bank,

The City may invest in such obligations directly or through government investment pools that invest solely in such obligations provided that the pools are rated no lower than "AAA" or "AAA-m" or an equivalent by at least one nationally recognized rating service or no lower than investment grade by at least one nationally recognized rating service with a weighted average maturity no greater than 90 days. The City may also contract with an investment management firm registered under the Investment Advisers Act of 1940 (15 U.S.C. Section 80b-1 et seq.) or with the State Securities Board to provide for the investment and management of its public funds or other funds under its control for a term up to two years, but the City retains ultimate responsibility as fiduciary of its assets. In order to renew or extend such a contract, the City must do so by order, ordinance, or resolution. The City is specifically prohibited from investing in: (1) obligations whose payment represents the coupon payments on the outstanding principal balance of the underlying mortgage-backed security collateral and pays no principal; (2) obligations whose payment represents the principal stream of cash flow from the underlying mortgage-backed security and bears no interest; (3) collateralized mortgage obligations that have a stated final maturity of greater than 10 years; and (4) collateralized mortgage obligations the interest rate of which is determined by an index that adjusts opposite to the changes in a market index.

## **Investment Policies**

Under Texas law, the Issuer is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity; that address investment diversification, yield, maturity, and the quality and capability of investment management; and that includes a list of authorized investments for Issuer funds, maximum allowable stated maturity of any individual investment, the maximum average dollar-weighted maturity allowed for pooled fund groups, and the methods to monitor the market price of investments acquired with public funds and the requirement for settlement of all transactions, except investment pool funds and mutual funds, on a delivery versus payment basis and procedures to monitor rating changes in investments acquired with public funds and the liquidation of such investments. All Issuer funds must be invested consistent with a formally adopted "Investment Strategy Statement" that specifically addresses each funds' investment. Each Investment Strategy Statement will describe its objectives concerning (1) suitability of investment type, (2) preservation and safety of principal, (3) liquidity, (4) marketability of each investment, (5) diversification of the portfolio, and (6) yield.

Under Texas law, Issuer investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." At least quarterly the investment officers of the Issuer shall submit an investment report detailing: (1) the investment position of the Issuer, (2) that all investment officers jointly prepared and signed the report, (3) the beginning market value, any additions and changes to market value and the ending value of each pooled fund group, (4) the book value and market value of each separately listed asset at the beginning and end of the reporting period, (5) the maturity date of each separately invested asset, (6) the account or fund or pooled fund group for which each individual investment was acquired, and (7) the compliance of the investment portfolio as it relates to: (a) adopted investment strategy statements and (b) state law. No person may invest Issuer funds without express written authority from the City Council.

## **Additional Provisions**

Under Texas law, the Issuer is additionally required to: (1) annually review its adopted policies and strategies; (2) adopt an ordinance or resolution stating that it has reviewed its investment policy and investment strategies and records any changes made to either its investment policy or investment strategy in the said ordinance or resolution; (3) require any investment officers with personal business relationships or relatives with firms seeking to sell securities to the entity to disclose the relationship and file a statement with the Texas Ethics Commission and the City Council; (4) require the qualified representative of firms offering to engage in an investment transaction with the Issuer to: (a) receive and review the Issuer's investment policy, (b) acknowledge that reasonable controls and procedures have been implemented to preclude investment transactions conducted between the Issuer and the business organization that are not authorized by the Issuer's investment policy (except to the extent that this authorization is dependent on an analysis of the makeup of the Issuer's entire portfolio or requires an interpretation of subjective investment standards), and (c) deliver a written statement in a form acceptable to the Issuer and the business organization attesting to these requirements; (5) perform an annual audit of the management controls on investments and adherence to the Issuer's investment policy; (6) provide specific investment training for the Treasurer, Chief Financial Officer, or other investment officers; (7) restrict reverse repurchase agreements to not more than 90 days and restrict the investment of reverse repurchase agreement funds to no greater than the term of the reverse repurchase agreement; (8) restrict the investment in mutual funds in the aggregate to no more than 80% of the Issuer's monthly average fund balance, excluding bond proceeds and reserves and other funds held for debt service and further restrict the investment in no-load money market mutual funds of any portion of bond proceeds, reserves and funds held for debt service and to no more than 15% of the Issuer's monthly average fund balance, excluding bond proceeds and reserves and other funds held for debt service and further restrict the investment in no-load money market mutual funds of any portion of bond proceeds reserves and funds held for debt service to no more than 15% of the entity's monthly average fund balance, excluding bond proceeds and reserves and other funds held for debt service; (9) require local government investment pools to confirm to the new disclosure, rating, net asset value, yield calculation, and advisory board requirements; and (10) at least annually review, revise, and adopt a list of qualified brokers that are authorized to engage in investment transactions with the Issuer.

## **Current Investments<sup>(1)</sup>**

**TABLE 1**

As of September 30, 2019, the City held investments as follows:

<b>Investment Type</b>	<b>Amount</b>	<b>Percentage</b>
Demand Deposits	\$ 2,470,362	23.93%
Logic	744,476	7.21%
Texas Class	<u>7,108,960</u>	<u>68.86%</u>
	<u>\$ 10,324,063</u>	<u>100.00%</u>

As of such date, the market value of such investments (as determined by the Issuer by reference to published quotations, dealer bids, and comparable information) was approximately 100% of their book value. No funds of the Issuer are invested in derivative securities, i.e., securities whose rate of return is determined by reference to some other instrument, index, or commodity.

## **AD VALOREM TAX PROCEDURES**

### **Property Tax Code and County-Wide Appraisal District**

The Texas Property Tax Code (the "Property Tax Code") provides for county-wide appraisal and equalization of taxable property values and establishes in each county of the State of Texas an appraisal district and an appraisal review board responsible for appraising property for all taxable units within the county. The Burnet Central Appraisal District (the "Appraisal District") is responsible for appraising property within the City generally as of January 1 of each year. Excluding agricultural and open-space land, which may be taxed on the basis of productive capacity, the Appraisal District is required under the Property Tax Code to appraise all property within the Appraisal District on the basis of 100% of its market value and is prohibited from applying any assessment ratios. In determining market value of property, different methods of appraisal may be used, including the cost method of appraisal, the income method of appraisal and the market data comparison method of appraisal, and the method considered most appropriate by the chief appraiser is to be used. State law requires the appraised value of a residence homestead to be based solely on the property's value as a residence homestead, regardless of whether residential use is considered to be the highest and best use of the property. State law further limits the appraised value of a residence homestead for a tax year to an amount not to exceed the lesser of (1) the market value of the property or (2) the sum of (a) 10% of the appraised value of the property for the last year in which the property was appraised for taxation times the number of years since the property was last appraised, plus (b) the appraised value of the property for the last year in which the property was appraised, plus (c) the market value of all new improvements to the property. The appraisal values set by the Appraisal District are subject to review and change by the Burnet Central Appraisal Review Board (the "Appraisal Review Board") which is appointed by the Appraisal District. Such appraisal rolls, as approved by the Appraisal Review Board, are used by the Issuer in establishing its tax roll and tax rate.

The Property Tax Code establishes a procedure for notice to property owners of reappraisals reflecting increased property value, appraisals which are higher than renditions and appraisals of property not previously on an appraisal roll. Article VIII, Section 21 of the Texas Constitution provides that, subject to any exception prescribed by general law, the total amount of property taxes imposed by a political subdivision in any year may not exceed the total amount of property taxes imposed in the preceding year unless a notice of intent to consider an increase in taxes is given and a public hearing on the proposed increase is held before the total taxes are increased. See "TAX RATE LIMITATIONS" herein.

### **Property Subject to Taxation by the Issuer**

Reference is made to the Property Tax Code for identification of property subject to taxation; property exempt or which may be exempted from taxation, if claimed; the appraisal of property for ad valorem taxation purposes; and the procedures and limitations applicable to the levy and collection of ad valorem taxes.

Article VIII of the State Constitution ("Article VIII") and State law provide for certain exemptions from property taxes, the valuation of agricultural and open-space lands at productivity value, and the exemption of certain personal property from ad valorem taxation.

**Residence Homestead Exemptions:** Under Section 1-b, Article VIII, and State law, the governing body of a political subdivision, at its option, may grant an exemption of not less than \$3,000 of the market value of the residence homestead of person 65 years of age or older and the disabled from all ad valorem taxes thereafter levied by the political subdivision. Once authorized, such exemption may be increased or decreased in amount, or repealed altogether, either (i) by the governing body of the political subdivision, or (ii) by a favorable vote of a majority of the qualified voters at an election called by the governing body of the political subdivision, which election must be called upon receipt of a petition signed by at least 20% of the number of qualified voters who voted in the preceding election of the political subdivision. In the case of a decrease, the amount of the exemption may not be reduced to less than \$3,000 of the market value.

The surviving spouse of an individual who qualifies for the foregoing exemption for the residence homestead of a person 65 or older (but not the disabled) is entitled to an exemption for the same property in an amount equal to that of the exemption for which the deceased spouse qualified if (i) the deceased spouse died in a year in which the deceased spouse qualified for the exemption; (ii) the surviving spouse was at least 55 years of age when the deceased spouse died; and (iii) the property was the residence homestead of the surviving spouse when the deceased spouse died and remains the residence homestead of the surviving spouse.

In addition to any other exemptions provided by the Property Tax Code, the governing body of a political subdivision may, at its option, grant an exemption of up to 20% of the market value of residence homesteads, with a minimum exemption of \$5,000.

In the case of residence homestead exemptions granted under Section 1-b, Article VIII, ad valorem taxes may continue to be levied against the value of homesteads exempted where ad valorem taxes have previously been pledged for the payment of debt if cessation of the levy would impair the obligation of the contract by which the debt was created.

**Homestead Tax Limitation:** Under Article VIII and State law, the governing body of a county, municipality or junior college district may provide for a freeze on total amount of ad valorem levied on the residence homestead of a disabled person or persons 65 years of age or older above the amount of tax imposed in the year such residence qualified for such exemption. Also, upon receipt of a petition signed by five percent of the registered voters of the county, municipality or junior college district, an election must be held to determine by majority vote whether to establish such a limitation on taxes paid on residence homesteads of persons 65 years of age or who are disabled. Upon providing for such exemption, the total amount of taxes imposed on such homestead cannot be increased except for improvements (other than repairs or improvements required to comply with governmental requirements) and such freeze is transferable to a different residence homestead and to the surviving spouse living in such homestead if (1) the deceased spouse died in a year in which the deceased spouse qualified for the exemption, (2) the surviving spouse was disabled or was 55 or older when the deceased spouse died and (3) the property was the residence homestead of the surviving spouse when the deceased spouse died and remains the residence homestead of the surviving spouse. If improvements (other than repairs or improvements required to comply with governmental requirements) are made to the property, the value of the improvements is taxed at the then current tax rate, and the total amount of taxes imposed is increased to reflect the new improvements with the new amount of taxes then serving as the ceiling on taxes for the following year. Once established such freeze cannot be repealed or rescinded.

**Disabled/Deceased Veterans Exemption:** State law and Section 2, Article VIII, mandate an additional property tax exemption for disabled veterans or the surviving spouse (for so long as the surviving spouse remains unmarried) or children (under 18 years of age) of a deceased veteran who died while on active duty in the armed forces; the exemption applies to either real or personal property with the amount of assessed valuation exempted ranging from \$5,000 to a maximum of \$12,000; provided, however, that beginning in the 2009 tax year, a disabled veteran who receives from the United States Department of Veterans Affairs, or its successor, 100 percent disability compensation due to a service-connected disability and a rating of 100 percent disabled or of individual unemployability is entitled to an exemption from taxation of the total appraised value of the veteran's residence homestead. In addition, effective January 1, 2012, and subject to certain conditions, surviving spouses of a deceased veteran who had received a disability rating of 100% will be entitled to receive a residential homestead exemption equal to the exemption received by the deceased spouse until such surviving spouse remarries.

Following the approval by the voters at a November 5, 2013 statewide election, a partially disabled veteran or the surviving spouse of a partially disabled veteran is entitled to an exemption equal to the percentage of the veteran's disability, if the residence was donated at no cost to the veteran by a charitable organization.

Also approved by the November 5, 2013 election, was a constitutional amendment providing that the surviving spouse of a member of the armed forces who is killed in action is entitled to a property tax exemption for all or part of the market value of such surviving spouse's residences homestead, if the surviving spouse has not remarried since the service member's death and said property was the service member's residence homestead at the time of death. Such exemption is transferable to a different property of the surviving spouse, if the surviving spouse has not remarried, in an amount equal to the exemption received on the prior residence in the last year in which such exemption was received.

**Agricultural/Open-Land Exemption:** Article VIII provides that eligible owners of both agricultural land (Section 1-d) and open-space land (Section 1-d-1), including open-space land devoted to farm or ranch purposes or open-space land devoted to timber production, may elect to have such property appraised for property taxation on the basis of its productive capacity. The same land may not be qualified under both Section 1-d and 1-d-1.

**Nonbusiness Personal Property Exemption:** Nonbusiness personal property, such as automobiles or light trucks, is exempt from ad valorem taxation unless the governing body of a political subdivision elects to tax this property. Boats owned as nonbusiness property are exempt from ad valorem taxation.

**Freeport Exemption:** Article VIII, Section 1-j, provides for "freeport property" to be exempted from ad valorem taxation. Freeport property is defined as goods detained in Texas for 175 days or less for the purpose of assembly, storage, manufacturing, processing or fabrication. Notwithstanding such exemption, counties, school districts, junior college districts and cities may tax such tangible personal property provided official action to tax

the same was taken before April 1, 1990. Decisions to continue to tax may be reversed in the future; decisions to exempt freeport property are not subject to reversal. The City took official action before April 1, 1990 to tax freeport property.

**Goods-in-Transit:** Article VIII, Section 1-n of the Texas Constitution provides for an exemption from taxation for "goods-in-transit," which are defined as (i) personal property acquired or imported into the State and transported to another location inside or outside the State, (ii) stored under a contract for bailment in public warehouses not in any way owned or controlled by the owner of the stored goods, and (iii) transported to another location inside or outside the State within 175 days of the date the property was acquired or imported into the State. The exemption excludes oil, natural gas, petroleum products, aircraft and special inventory, including motor vehicle, vessel and out-board motor, heavy equipment and manufactured housing inventory.

Pursuant to changes enacted during the 2011 Texas Legislative Special Session, all taxing units, including those that have previously taken official action to tax goods-in-transit, may not tax goods-in-transit in the 2012 tax year or thereafter, unless the governing body of the taxing unit holds a public hearing and takes action on or after October 1, 2011, to provide for the taxation of the goods-in-transit. After holding a public hearing, a taxing unit may take official action prior to January 1 of the first tax year in which the governing body proposes to tax goods-in-transit. After taking such official action, the goods-in-transit remain subject to taxation by the taxing unit until the governing body of the taxing unit rescinds or repeals its previous action to tax goods-in-transit. If, however, a taxing unit took official action prior to October 1, 2011 to tax goods-in-transit and pledged the taxes imposed on the goods-in-transit for the payment of a debt, taxes may continue to be imposed on goods-in-transit until the debt is discharged, if cessation of the imposition of the tax would impair the obligation of the contract by which the debt was created.

**Tax Increment Reinvestment Zones and Tax Abatements:** The City by action of the City Council, may create one or more tax increment reinvestment zones ("TIRZs") within the City, and in doing so, other overlapping taxing entities may agree to contribute taxes levied against the "Incremental Value" in the TIRZ to finance or pay for public improvements or projects within the TIRZ to encourage development and redevelopment within the TIRZ. At the time of the creation of the TIRZ, a "base value" for the real property in the TIRZ is established and the difference between any increase in the assessed valuation of taxable real property in the TIRZ in excess of the base value of taxable real property in the TIRZ is known as the "Incremental Value", and during the existence of the TIRZ, all or a portion (as determined by the City) of the taxes levied by the City against the Incremental Value in the TIRZ are restricted to paying project and financing costs within the TIRZ and are not available for the payment of other obligations of the City.

The City also may enter into tax abatement agreements to encourage economic development. Under the agreements, a property owner agrees to construct certain improvements on its property. The City, in turn, agrees not to levy a tax on all or part of the increased value attributable to the improvements until the expiration of the agreement. The abatement agreement could last for a period of up to 10 years.

**Economic Development Programs for Loans and Grants:** The City is also authorized, pursuant to Chapter 380, Texas Local Government Code, as amended ("Chapter 380"), to establish programs to promote state or local economic development and to stimulate business and commercial activity in the City. In accordance with a program established pursuant to Chapter 380, the City may make loans or grants of public funds for economic development; provided, however, that no obligations secured by ad valorem taxes may be issued for such purposes unless approved by the voters of the City. The City may contract with the federal government, the State, another political subdivision, a nonprofit organization or any other entity, including private entities, for the administration of such a program.

#### **Issuer and Taxpayer Remedies**

Under certain circumstances, taxpayers and taxing units, including the Issuer, may appeal the orders of the Appraisal Review Board by filing a timely petition for review in district court within 45 days after notice is received that a final order has been entered. In such event, the property value in question may be determined by the court, or by a jury, if requested by any party, or through binding arbitration, if requested by the taxpayer. Additionally, taxing units may bring suit against the Appraisal District to compel compliance with the Tax Code.

The Property Tax Code sets forth notice and hearing procedures for certain tax rate increases by the Issuer and provides for taxpayer referenda that could result in the repeal of certain tax increases. The Tax Code also establishes a procedure for notice to property owners of reappraisals reflecting increased property value, appraisals which are higher than renditions, and appraisals of property not previously on an appraisal role.

#### **The Financial Institutions Act of 1989**

The "Financial Institutions Reform, Recovery and Enforcement Act of 1989" ("FIRREA"), enacted on August 9, 1989, contains certain provisions which affect the time for protesting property valuations, the fixing of tax liens and the collection of penalties and interest on delinquent taxes on real property owned by the Federal Deposit Insurance Corporation ("FDIC") and the Resolution Trust Corporation ("RTC").

Under FIRREA, real property held by the FDIC is still subject to ad valorem taxation, but such act states that (i) no real property of the FDIC or RTC shall be subject to foreclosure or sale without the consent of the FDIC or RTC and no involuntary lien shall attach to such property, (ii) the FDIC or RTC shall not be liable for any penalties or fines, including those arising from the failure to pay any real property tax when due, (iii) no personal property owned by FDIC or RTC is subject to ad valorem taxation, and (iv) notwithstanding failure of a person to challenge an appraisal in accordance with State law, such value shall be determined as of the period for which such tax is imposed.

As of the date hereof, the Issuer is not aware of any significant properties in the City which are under the control of the FDIC and the RTC, however, real property could come under their control while acting as the receiver of an insolvent financial institution. Accordingly, to the extent the FIRREA provisions are valid and applicable to property in the City, and to the extent that the FDIC or RTC attempts to enforce the same, the provisions may affect the time at which the Issuer can collect taxes on property owned by the FDIC or RTC, if any, in the City.

## **Levy and Collection of Taxes**

The Issuer is responsible for the levy and collection of its taxes unless it elects to transfer such functions to another governmental entity. Property within the City is generally assessed as of January 1 of each year based upon the valuation of property within the City as of the preceding January 1. Business inventory may, at the option of the taxpayer, be assessed as of September 1. The valuation assessment of oil and gas reserves depends upon pricing information in either the standard edition of the Annual Energy Outlook or, if the most recently published edition of the Annual Energy Outlook was published before December 1 of the preceding calendar year, the Short-Term Energy Outlook report published in January of the current calendar year.

Taxes are due October 1, or when billed, whichever comes later, and become delinquent after January 31 of the following year. The Property Tax Code makes provision for the split payment of taxes, discounts for early payment and the postponement of the delinquency date of taxes under certain circumstances. Taxpayers 65 years old or older are permitted by State law to pay taxes on homesteads in four installments with the first due on February 1 of each year and final installment due on August 1.

### **Penalties and Interest**

Charges for penalty and interest on the unpaid balance of delinquent taxes are made as follows:

<b>Month</b>	<b>Penalty</b>	<b>Interest</b>	<b>Total</b>
February	6%	1%	7%
March	7	2	9
April	8	3	11
May	9	4	13
June	10	5	15
July <sup>(a)</sup>	12	6	18

<sup>(a)</sup> After July, the penalty remains at 12% and interest accrues at a rate of one percent (1%) for each month or portion of a month the tax remains unpaid. A delinquent tax continues to accrue interest as long as the tax remains unpaid, regardless of whether a judgment for the delinquent tax has been rendered. The purpose of imposing such interest penalty is to compensate the taxing unit for revenue lost because of the delinquency. In addition the taxing unit may contract with an attorney for the collection of delinquent taxes and the amount of compensation as set forth in such contract may provide for a fee not to exceed 20% of the amount of delinquent tax, penalty, and interest collected. Under certain circumstances, taxes, which become delinquent on the homestead of a taxpayer 65 years old or older incur a penalty of 8% per annum with no additional penalties or interest assessed.

In general, property subject to the City's lien may be sold, in whole or in parcels, pursuant to court order to collect the amounts due. Federal bankruptcy law does not allow for the collection of penalty and interest against an estate in bankruptcy. Federal bankruptcy law provides that an automatic stay of action by creditors and other entities, including governmental units, goes into effect with the filing of any petition in bankruptcy. The automatic stay prevents governmental units from foreclosing on property and prevents liens for post-petition taxes from attaching to property and obtaining secured creditor status unless, in either case, an order lifting the stay is obtained from the bankruptcy court. In many cases post-petition taxes are paid as an administrative expense of the estate in bankruptcy or by order of the bankruptcy court.

### **Issuer's Rights in the Event of Tax Delinquencies**

Taxes levied by the Issuer are a personal obligation of the owner of the property as of January 1 of the year for which the tax is imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all state and local taxes, penalties, and interest ultimately imposed for the year on the property. The lien exists in favor of the State and each local taxing unit, including the Issuer, having power to tax the property. The Issuer's tax lien is on a parity with tax liens of such other taxing units. A tax lien on real property takes priority over the claim of most creditors and other holders of liens on the property encumbered by the tax lien, whether or not the debt or lien existed before the attachment of the tax lien; however, whether a lien of the United States is on a parity with or takes priority over a tax lien of the Issuer is determined by applicable federal law. Personal property, under certain circumstances, is subject to seizure and sale for the payment of delinquent taxes, penalty, and interest.

At any time after taxes on property become delinquent, the Issuer may file suit to foreclose the lien securing payment of the tax, to enforce personal liability for the tax, or both. In filing a suit to foreclose a tax lien on real property, the Issuer must join other taxing units that have claims for delinquent taxes against all or part of the same property. Collection of delinquent taxes may be adversely affected by the amount of taxes owed to other taxing units, by the effects of market conditions on the foreclosure sale price, by taxpayer redemption rights (a taxpayer may redeem property within two (2) years after the purchaser's deed issued at the foreclosure sale is filed in the City records) or by bankruptcy proceedings which restrict the collection of taxpayer debts. Federal bankruptcy law provides that an automatic stay of actions by creditors and other entities, including governmental units, goes into effect with the filing of any petition in bankruptcy. The automatic stay prevents governmental units from foreclosing on property and prevents liens for post-petition taxes from attaching to property and obtaining secured creditor status unless, in either case, an order lifting the stay is obtained from the bankruptcy court. In many cases, post-petition taxes are paid as an administrative expense of the estate in bankruptcy or by order of the bankruptcy court.

## TAX RATE LIMITATIONS

### **Tax Rate Limitations**

Article XI, Section 5 of the Texas Constitution, applicable to cities of more than 5,000 population: \$2.50 per \$100 taxable assessed valuation. The Issuer has adopted a Home Rule Charter which does not limit the City's maximum tax rate limit beyond the Constitutional limit of \$2.50 per \$100 of taxable assessed valuation for all Issuer purposes. No direct funded debt limitation is imposed on the City under current Texas law.

The Texas Attorney General has adopted an administrative policy that generally prohibits the issuance of debt by a municipality, such as the City, if its issuance produces debt service requirements exceeding that which can be paid from \$1.50 of the foregoing \$2.50 maximum tax rate calculated at 90% collection. The issuance of the Bonds does not violate this Constitutional provision or the Texas Attorney General's administrative policy.

Before the later of September 30th or the 60th day after the date the certified appraisal roll is received by the City, the City Council must adopt a tax rate per \$100 taxable value for the current year. The tax rate consists of two components: (1) a rate for funding of maintenance and operation expenditures, and (2) a rate for debt service.

### **The Tax Code**

The City must annually calculate and publicize its "effective tax rate" and "rollback tax rate". The City Council may not adopt a tax rate that exceeds the lower of the rollback rate or the effective tax rate until it has held two public hearings on the proposed increase following notice to the taxpayers and otherwise complied with the Property Tax Code. If the adopted tax rate exceeds the rollback tax rate, the qualified voters of the City, by petition, may require that an election be held to determine whether or not to reduce the tax rate adopted for the current year to the rollback tax rate.

"*Effective tax rate*" means the rate that will produce last year's total tax levy (adjusted) from this year's total taxable values (adjusted). "Adjusted" means lost values are not included in the calculation of last year's taxes and new values are not included in this year's taxable values.

"*Rollback tax rate*" means the rate that will produce last year's maintenance and operation tax levy (adjusted) from this year's values (unadjusted) multiplied by 1.08 plus a rate that will produce this year's debt service from this year's values (adjusted) divided by the anticipated tax collection rate.

Reference is made to the Property Tax Code for definitive requirements for the levy and collection of ad valorem taxes and the calculation of the various defined tax rates.

The Property Tax Code provides certain cities and counties in the State the option of assessing a maximum one-half percent (1/2%) sales tax on retail sales of taxable items for the purpose of reducing its ad valorem taxes, if approved by a majority of the voters in a local option election. If the additional tax is approved and levied, the ad valorem property tax levy must be reduced by the amount of the estimated sales tax revenues to be generated in the current year. Further, the Property Tax Code provides certain cities the option of assessing a maximum one-half percent (1/2%) sales tax on retail sales of taxable items for economic development purposes, if approved by a majority of the voters in a local option election. The Issuer has authorized the additional one-half cent sales tax for the reduction of ad valorem taxes and the additional one-half sales tax for economic development.

### **Recent Legislation Affecting Ad Valorem Taxation**

During the 86th Regular Legislative Session, the Texas Legislature passed Senate Bill 2 ("SB2"), a law that materially changes ad valorem tax matters, including rollback elections for maintenance tax increases, and other matters, which may have an adverse impact on the City's operations and financial condition. The Governor signed SB2 into law on June 12, 2019 and the majority of the provisions of SB2 will become effective January 1, 2020.

SB2 includes provisions that address the following goals as described by the Texas Senate Research Center: (1) lowering the rollback rate for maintenance and operations taxes from the existing 8.0% for the largest taxing units in the State; (2) requiring a tax ratification election if the rollback rate is exceeded, eliminating the petition requirement in current statute; (3) making information about the tax rates proposed by local taxing units more accessible to property owners and more timely; and (4) making it easier for property owners to express their opinions about proposed tax rates to local elected officials before tax rates are adopted. Specifically, with respect to municipalities such as the City, SB2 will lower the rollback rate for maintenance and operations taxes to 3.5%.

At this time, the City cannot predict how the City will be affected by the provisions of SB2. In addition, the City cannot predict whether the Governor will call a special session to address other property tax reforms not included in SB2. Reference is made to the Property Tax Code and Tex. S.B.2, 86th Leg. RS (2019) for definitive requirements for the levy and calculation of ad valorem taxes and the calculation of various defined tax rates.

## TAX MATTERS

### **Tax Exemption**

In the opinion of Bickerstaff Heath Delgado Acosta LLP, Bond Counsel to the City, assuming continuing compliance by the City with the tax covenants described below, under existing law, interest on the Bonds is excludable for federal income tax purposes in the gross income of the owners thereof

pursuant to Section 103 of the Internal Revenue Code of 1986, as amended ("Code"), and will not constitute a specific item of tax preference under Section 57 of the Code for purposes of calculating the alternative minimum tax imposed on individuals.

In rendering its opinion, Bond Counsel has relied on the City's covenants contained in the Ordinance and the City's covenants contained in the Federal Tax Certificate, that it will comply with the applicable requirements of the Code, relating to, *inter alia*, the use and investment of proceeds of the Bonds and rebate to the United States Treasury of specified arbitrage earnings, if any, under Section 148(f) of the Code. Failure of the City to comply with such covenants could result in the interest on the Bonds being subject to federal income tax from the date of issue of the Bonds. Bond Counsel will further rely on the report of Barthe & Wahrman, P.A., certified public accountants, regarding the accuracy of certain computations. Bond Counsel has not undertaken to monitor compliance with such covenants or to advise any party as to changes in the law after the date of issuance of the Bonds that may affect the tax-exempt status of the interest.

Except as stated above, Bond Counsel will express no opinion as to any federal, state or local tax consequences resulting from the receipt or accrual of interest on, or acquisition, ownership or disposition of, the Bonds.

Bond Counsel's opinions are based on existing law, which is subject to change. Such opinions are further based on Bond Counsel's knowledge of facts as of the date thereof. Bond Counsel assumes no duty to update or supplement its opinions to reflect any facts or circumstances that may thereafter come to Bond Counsel's attention or to reflect any changes in any law that may thereafter occur or become effective. Moreover, Bond Counsel's opinions are not a guarantee of result and are not binding on the Internal Revenue Service (the "Service"); rather, such opinions represent Bond Counsel's legal judgment based upon its review of existing law and in reliance upon the representations and covenants referenced above that it deems relevant to such opinions. The Service has an ongoing audit program to determine compliance with rules that relate to whether interest on state or local obligations is includable in gross income for federal income tax purposes. No assurance can be given whether or not the Service will commence an audit of the Bonds. If an audit is commenced, in accordance with its current published procedures the Service is likely to treat the City as the taxpayer and the Registered Owners may not have a right to participate in such audit. Public awareness of any future audit of the Bonds could adversely affect the value and liquidity of the Bonds during the pendency of the audit regardless of the ultimate outcome of the audit.

#### **Collateral Federal Income Tax Consequences**

Prospective purchasers of the Bonds should be aware that the ownership of the Bonds may result in collateral federal income tax consequences to certain taxpayers including, without limitation, holders who may be deemed to have incurred or continued indebtedness to acquire or carry tax-exempt obligations, holders of certain interests in a financial asset securitization investment trust, controlled foreign corporations, property and casualty insurance companies, individual recipients of Social Security or Railroad Retirement benefits, individuals who otherwise qualify for the earned income credit, and to individuals and families that qualify for a premium assistance credit amount under Section 36B of the Code. The Code denies the earned income credit to an individual who is otherwise eligible if the aggregate amount of disqualified income of the taxpayer for the taxable year exceeds certain limits set forth in Sections 32(i) and (j) of the Code. Interest on the Bonds will constitute disqualified income for this purpose. The Code also provides that for years beginning after December 31, 2010, the earned income credit is phased out if the modified adjusted gross income of the taxpayer exceeds certain amounts. Interest on the Bonds will be included in determining the modified adjusted gross income of the taxpayer. Section 36B of the Code provides that the amount of the premium assistance credit amount is in part determined by the household income. Section 36B(d) of the Code provides that household income consists of the modified adjusted gross income of the taxpayer and certain other individuals. Modified adjusted gross income means adjusted gross income increased by certain amounts, including interest received or accrued by the taxpayer which is exempt from tax, such as the interest on the Bonds. These categories of prospective purchasers should consult their own tax advisors as to the applicability of these consequences. Prospective purchasers of the Bonds should also be aware that, under the Code, taxpayers are required to report on their returns the amount of tax-exempt interest, such as interest on the Bonds, received or accrued during the year.

Section 884 of the Code imposes on certain foreign corporations a branch profits tax equal to thirty percent (30%) of the "dividend equivalent amount" for the taxable year. Interest on the Bonds received or accrued by a foreign corporation subject to the branch profits tax may be included in computing the "dividend equivalent amount" of such corporation.

In addition, passive investment income, including interest on the Bonds, may be subject to federal income taxation under Section 1375 of the Code for any S corporation that has Subchapter C earnings and profits at the close of the taxable year, if more than twenty-five percent (25%) of the gross receipts of such S corporation is passive investment income.

In addition, attention is called to the fact that Section 265(b)(1) of the Code eliminates the interest deduction otherwise allowable with respect to indebtedness deemed incurred by banks, thrift institutions and other financial institutions to purchase or to carry tax-exempt obligations acquired after August 7, 1986 other than designated "qualified tax-exempt obligations" as defined in Section 265(b)(3) of the Code.

#### **Tax Accounting Treatment of Discount and Premium on Certain Bonds**

The initial public offering price of certain Bonds (the "Discount Bonds") may be less than the amount payable on such Bonds at maturity. An amount equal to the difference between the initial public offering price of a Discount Bond (assuming that a substantial amount of the Discount Bonds of that maturity are sold to the public at such price) and the amount payable at maturity constitutes original issue discount to the initial purchaser of such Discount Bond. A portion of such original issue discount allocable to the holding period of such Discount Bond by the initial purchaser will, upon the disposition of such Discount Bond (including by reason of its payment at maturity), be treated as interest excludable from gross income, rather than as taxable gain, for federal income tax purposes, on the same terms and conditions as those for other interest on the Bonds described

above under "Tax Exemption." Such interest is considered to be accrued actuarially in accordance with the constant interest method over the life of a Discount Bond, taking into account the semiannual compounding of accrued interest, at the yield to maturity on such Discount Bond and generally will be allocated to an original purchaser in a different amount from the amount of the payment denominated as interest actually received by the original purchaser during the tax year. However, such interest may be required to be taken into account in determining the alternative minimum taxable income of a corporation, for purposes of calculating a corporation's alternative minimum tax imposed by Section 55 of the Code, and the amount of the branch profits tax applicable to certain foreign corporations doing business in the United States, even though there will not be a corresponding cash payment. In addition, the accrual of such interest may result in certain other collateral federal income tax consequences to, among others, financial institutions, life insurance companies, property and casualty insurance companies, S corporations with "subchapter C" earnings and profits, individual recipients of Social Security or Railroad Retirement benefits, individuals otherwise qualifying for earned income tax credit, owners of an interest in a FASIT, and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry, or who have paid or incurred certain expenses allocable to, tax-exempt obligations. Moreover, in the event of the redemption, sale or other taxable disposition of a Discount Bond by the initial owner prior to maturity, the amount realized by such owner in excess of the basis of such Discount Bond in the hands of such owner (adjusted upward by the portion of the original issue discount allocable to the period for which such Discount Bond was held) is includable in gross income. Owners of Discount Bonds should consult with their own tax advisors with respect to the determination of accrued original issue discount on Discount Bonds for federal income tax purposes and with respect to the state and local tax consequences of owning and disposing of Discount Bonds. It is possible that, under applicable provisions governing determination of state and local income taxes, accrued interest on Discount Bonds may be deemed to be received in the year of accrual even though there will not be a corresponding cash payment.

The initial public offering price of certain Bonds (the "Premium Bonds") may be greater than the amount payable on such Bonds at maturity. An amount equal to the difference between the initial public offering price of a Premium Bond (assuming that a substantial amount of the Premium Bonds of that maturity are sold to the public at such price) and the amount payable at maturity constitutes premium to the initial purchaser of such Premium Bonds. The basis for federal income tax purposes of a Premium Bond in the hands of such initial purchaser must be reduced each year by the amortizable bond premium, although no federal income tax deduction is allowed as a result of such reduction in basis for amortizable bond premium. Such reduction in basis will increase the amount of any gain (or decrease the amount of any loss) to be recognized for federal income tax purposes upon a sale or other taxable disposition of a Premium Bond. The amount of premium which is amortizable each year by an initial purchaser is determined by using such purchaser's yield to maturity. Purchasers of the Premium Bonds should consult with their own tax advisors with respect to the determination of amortizable bond premium on Premium Bonds for federal income tax purposes and with respect to the state and local tax consequences of owning and disposing of Premium Bonds.

#### **State, Local and Foreign Taxes**

Investors should consult their own tax advisors concerning the tax implications of the purchase, ownership or disposition of the Bonds under applicable state or local laws. Foreign investors should also consult their own tax advisors regarding the tax consequences unique to investors who are not United States persons.

#### **Changes in Federal and State Tax Law**

From time to time, there are legislative proposals in the United States Congress and in the states that, if enacted, could alter or amend the Federal and State tax matters referred to above or adversely affect the market value or marketability of the Bonds. It cannot be predicted whether or in what form any such proposal might be enacted or whether, if enacted, it would apply to bonds issued prior to enactment. In addition, regulatory actions are from time to time announced or proposed and litigation is threatened or commenced which, if implemented or concluded in a particular manner, could adversely affect the market value or marketability of the Bonds.

Prospective purchasers of the Bonds should consult with their own tax advisors regarding any other federal income tax legislation, whether currently pending or proposed, regulatory initiatives or litigation. The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of issuance and delivery of the Bonds and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any pending legislation, regulatory initiatives or litigation.

#### **CONTINUING DISCLOSURE OF INFORMATION**

In the Ordinance, the City has made the following agreement for the benefit of the holders and beneficial owners of the Bonds. The City is required to observe the agreement for so long as it remains obligated to advance funds to pay the Bonds. Under the agreement, the City will be obligated to provide certain updated financial information and operating data annually and timely notice of certain specified events to the Municipal Securities Rulemaking Board (the "MSRB"). The information provided to the MSRB will be available to the public free of charge via the Electronic Municipal Market Access ("EMMA") system through an internet website accessible at [www.emma.msrb.org](http://www.emma.msrb.org)., as described below under "Availability of Information from MSRB" below.

#### **Annual Reports**

The Issuer will provide certain updated financial information and operating data to the MSRB annually. The information to be updated includes all quantitative financial information and operating data with respect to the Issuer of the general type included in Table 1 hereof and Tables 1 through 10 of Appendix A to this Official Statement. The Issuer will update and provide this information within six months after the end of each fiscal year ending in or after 2019. The Issuer will additionally provide audited financial statements when and if available, and in any event, within 12 months after the end of each fiscal year ending in and after 2019. If the audit of such financial statements is not complete within 12 months after any such

fiscal year end, then the Issuer will file unaudited financial statements within such 12 month period and audited financial statements for the applicable fiscal year, when and if the audit report on such statements becomes available. Any such financial statements will be prepared in accordance with the accounting principles described in APPENDIX D or such other accounting principles as the Issuer may be required to employ from time to time pursuant to State law or regulation. The City will provide the updated information to the MSRB in an electronic format, which will be available through EMMA to the general public without charge.

The City may provide updated information in full text or may incorporate by reference certain other publicly available documents, as permitted by the United States Securities and Exchange Commission's Rule 15c2-12 (the "Rule").

The Issuer's current fiscal year end is September 30. Accordingly, it must provide updated financial information and operating data by March 31 of each year and the audited financial statements must be provided by September 30 of each year, unless the Issuer changes its fiscal year. If the Issuer changes its fiscal year, it will notify the MSRB of the change.

#### **Notice of Certain Events**

The City will also provide timely notices of certain events to the MSRB. The City will provide notice of any of the following events with respect to the Bonds to the MSRB in a timely manner (but not in excess of ten business days after the occurrence of the event): (1) principal and interest payment delinquencies; (2) non-payment related defaults, if material; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB), or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds; (7) modifications to rights of holders of the Bonds, if material; (8) redemption calls, if material, and tender offers; (9) defeasances; (10) release, substitution, or sale of property securing repayment of the Bonds, if material; (11) rating changes; (12) bankruptcy, insolvency, receivership, or similar event of the City, which shall occur as described below; (13) the consummation of a merger, consolidation, or acquisition involving the City or the sale of all or substantially all of its assets, other than in the ordinary course of business, the entry into of a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; (14) appointment of a successor or additional trustee or the change of name of a trustee, if material to a decision to purchase or sell Bonds; (15) incurrence of a Financial Obligation of the City, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the City, any of which affect security holders, if material; and (16) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the City, any of which reflect financial difficulties. The term "material" when used in this paragraph shall have the meaning ascribed to it under federal securities laws. In addition, the City will provide timely notice of any failure by the City to provide annual financial information in accordance with their agreement described above under "Annual Reports". Neither the Bonds nor the Ordinance make provisions for liquidity enhancement or debt service reserves.

For these purposes, any event described in clause (12) in the immediately preceding paragraph is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent, or similar officer for the City in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the City, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the City. As used in this section, the term "Financial Obligation" means a (i) debt obligation, (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation, or (iii) guarantee of a debt obligation or any such derivative instrument; provided that "financial obligation" shall not include municipal securities as to which a final official statement (as defined in the Rule) has been provided to the MSRB consistent with the Rule. The City intends the words used in the above clauses (15) and (16) and in the definition of Financial Obligation above to have the meanings ascribed to them in SEC Release No. 34-83885 dated August 20, 2018.

#### **Availability of Information from MSRB**

Effective July 1, 2009 (the "EMMA Effective Date"), the SEC implemented amendments to the Rule which approved the establishment by the MSRB of EMMA, which is now the sole successor to the national municipal securities information repositories with respect to filings made in connection with undertakings made under the Rule after the EMMA Effective Date. Commencing with the EMMA Effective Date, all information and documentation filing required to be made by the City in accordance with its undertaking made for the Bonds will be made with the MSRB in electronic format in accordance with MSRB guidelines. Access to such filings will be provided, without charge to the general public, by the MSRB.

With respect to debt of the City issued prior to the EMMA Effective Date, the City remains obligated to make annual required filings, as well as notices of material events, under its continuing disclosure obligations relating to those debt obligations (which includes a continuing obligation to make such filings with the Texas state information depository (the "SID")). Prior to the EMMA Effective Date, the Municipal Advisory Council of Texas (the "MAC") had been designated by the State and approved by the SEC staff as a qualified SID. Subsequent to the EMMA Effective Date, the

MAC entered into a Subscription Agreement with the MSRB pursuant to which the MSRB makes available to the MAC, in electronic format, all Texas-issuer continuing disclosure documents and related information posted to EMMA's website simultaneously with such posting. Until the City receives notice of a change in this contractual agreement between the MAC and EMMA or of a failure of either party to perform as specified thereunder, the City has determined, in reliance on guidance from the MAC, that making its continuing disclosure filings solely with the MSRB will satisfy its obligations to make filings with the SID pursuant to its continuing disclosure agreements entered into prior to the EMMA Effective Date.

#### **Limitations and Amendments**

The Issuer has agreed to update information and to provide notices of certain events only as described above. The Issuer has not agreed to provide other information that may be relevant or material to a complete presentation of its financial results of operations, condition, or prospects or agreed to update any information that is provided, except as described above. The Issuer makes no representation or warranty concerning such information or concerning its usefulness to a decision to invest in or sell Bonds at any future date. The Issuer disclaims any contractual or tort liability for damages resulting in whole or in part from any breach of its continuing disclosure agreement or from any statement made pursuant to its agreement, although holders or beneficial owners of Bonds may seek a writ of mandamus to compel the Issuer to comply with its agreement.

The Issuer may amend its continuing disclosure agreement to adapt to changed circumstances that arise from a change in legal requirements, a change in law, or a change in the identity, nature, status, or type of operations of the Issuer, if the agreement, as amended, would have permitted an underwriter to purchase or sell Bonds in the offering described herein in compliance with the Rule, taking into account any amendments or interpretations of the Rule to the date of such amendment, as well as such changed circumstances, and either the holders of a majority in aggregate principal amount of the outstanding Bonds consent or any person unaffiliated with the Issuer (such as nationally recognized bond counsel) determines that the amendment will not materially impair the interests of the beneficial owners of the Bonds. The Issuer may also repeal or amend these provisions if the SEC amends or repeals the applicable provisions of the Rule or any court of final jurisdiction enters judgment that such provisions of the Rule are invalid, and the Issuer also may amend the provisions of the continuing disclosure agreement in its discretion in any other manner or circumstance, but in either case only if and to the extent that the provisions of this sentence would not prevent an underwriter from lawfully purchasing or selling Bonds in the primary offering of the Bonds giving effect to (a) such provisions as so amended and (b) any amendments or interpretations of the Rule. If the Issuer amends its agreement, it must include with the next financial information and operating data provided in accordance with its agreement described above under "Annual Reports" an explanation, in narrative form, of the reasons for the amendment and of the impact of any change in the type of information and data provided.

#### **Compliance with Prior Undertakings**

During the past five years, the City has complied in all material respects with its continuing disclosure agreements in accordance with the Rule except as described below.

### **LEGAL MATTERS**

#### **Legal Opinions and No-Litigation Certificate**

The Issuer will furnish the Purchaser a complete transcript of proceedings incident to the authorization and issuance of the Bonds, including the unqualified approving legal opinion of the Attorney General of the State of Texas to the effect that the Bonds are valid and legally binding obligations of the Issuer, and based upon examination of such transcript of proceedings, the approval of certain legal matters by Bond Counsel, to the effect that the Bonds, issued in compliance with the provisions of the Ordinance, are valid and legally binding obligations of the Issuer and, subject to the qualifications set forth herein under "TAX MATTERS", the interest on the Bonds is exempt from federal income taxation under existing law. The form of Bond Counsel's opinion is attached hereto in APPENDIX C. The customary closing papers, including a certificate to the effect that no litigation of any nature has been filed or is then pending to restrain the issuance and delivery of the Bonds or which would affect the provision made for their payment or security, or in any manner questioning the validity of the Bonds will also be furnished. Bond Counsel was not requested to participate, and did not take part, in the preparation of the Official Notice of Sale, the Official Bid Form and the Official Statement, and such firm has not assumed any responsibility with respect thereto or undertaken independently to verify any of the information contained therein, except that, in its capacity as Bond Counsel, such firm has reviewed the information describing the Bonds in the Official Statement to verify that such description conforms to the provisions of the Ordinance. The legal fees to be paid Bond Counsel for services rendered in connection with the issuance of Bonds are contingent on the sale and initial delivery of the Bonds. The legal opinion of Bond Counsel will accompany the Bonds deposited with DTC or will be printed on the definitive Bonds in the event of the discontinuance of the Book-Entry-Only System.

Bond Counsel was engaged by, and only represents, the City in connection with the issuance of the Bonds. The legal opinions to be delivered concurrently with the delivery of the Bonds express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. In rendering a legal opinion, the attorney does not become an insurer or guarantor of the expression of professional judgment, of the transaction opined upon, or of the future performance of the parties to the transaction. Nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

#### **Litigation**

In the opinion of various officials of the Issuer, there is no litigation or other proceeding pending against or, to their knowledge, threatened against the Issuer in any court, agency, or administrative body (either state or federal) wherein an adverse decision would materially adversely affect the financial condition of the Issuer.

## **Legal Investments and Eligibility to Secure Public Funds in Texas**

Section 1201.041 of the Public Securities Procedures Act (Chapter 1201, Texas Government Code) provides that the Bonds are negotiable instruments governed by Chapter 8, as amended, Texas Business and Commerce Code, and are legal and authorized investments for insurance companies, fiduciaries, and trustees, and for the sinking funds of municipalities or other political subdivisions or public agencies of the State of Texas. For political subdivisions in Texas which have adopted investment policies and guidelines in accordance with the Public Funds Investment Act, Chapter 2256, as amended, Texas Government Code, the Bonds must have to be assigned a rating of at least "A" or its equivalent as to investment quality by a national rating agency before such obligations are eligible investments for sinking funds and other public funds. (See "OTHER PERTINENT INFORMATION – Ratings" herein.) In addition, various provisions of the Texas Finance Code provide that, subject to a prudent investor standard, the Bonds are legal investments for state banks, savings banks, trust companies with at least \$1 million of capital, and savings and loan associations.

The City has made no investigation of other laws, rules, regulations or investment criteria which might apply to such institutions or entities or which might limit the suitability of the Bonds for any of the foregoing purposes or limit the authority of such institutions or entities to purchase or invest in the Bonds for such purposes. The City has made no review of laws in other states to determine whether the Bonds are legal investments for various institutions in those states.

## **FORWARD LOOKING STATEMENTS**

The statements contained in this Official Statement, and in any other information provided by the City, that are not purely historical, are forward-looking statements, including statements regarding the City's expectations, hopes, intentions, or strategies regarding the future. Readers should not place undue reliance on forward-looking statements. All forward-looking statements included in this Official Statement are based on information available to the City on the date hereof, and the City assumes no obligation to update any such forward-looking statements. It is important to note that the City's actual results could differ materially from those in such forward-looking statements.

The forward-looking statements herein are necessarily based on various assumptions and estimates and are inherently subject to various risks and uncertainties, including risks and uncertainties relating to the possible invalidity of the underlying assumptions and estimates and possible changes or developments in social, economic, business, industry, market, legal, and regulatory circumstances and conditions and actions taken or omitted to be taken by third parties, including customers, suppliers, business partners and competitors, and legislative, judicial and other governmental authorities and officials. Assumptions related to the foregoing involve judgments with respect to, among other things, future economic, competitive, and market conditions and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond the control of the City. Any of such assumptions could be inaccurate and, therefore, there can be no assurance that the forward-looking statements included in this Official Statement will prove to be accurate.

## **OTHER PERTINENT INFORMATION**

### **Registration and Qualification of Bonds for Sale**

The sale of the Bonds has not been registered under the Securities Act of 1933, as amended, in reliance upon exemptions provided in such Act; the Bonds have not been qualified under the Securities Act of Texas in reliance upon exemptions contained therein; nor have the Bonds been qualified under the securities acts of any other jurisdiction. The Issuer assumes no responsibility for qualification of the Bonds under the securities laws of any jurisdiction in which they may be sold, assigned, pledged, hypothecated or otherwise transferred. This disclaimer of responsibility for qualification for sale or other disposition of the Bonds shall not be construed as an interpretation of any kind with regard to the availability of any exemption from securities registration or qualification provisions.

### **Ratings**

A municipal bond rating application for the Bonds has been made to S&P Global Ratings, a division of S&P Global, Inc. ("S&P"). The outcome of the result will be made available as soon as possible. An explanation of the significance of such a rating may be obtained from S&P. The rating of the Bonds by S&P reflects only the view of S&P at the time the rating is given, and the Issuer makes no representations as to the appropriateness of the rating. There is no assurance that the rating will continue for any given period of time, or that the rating will not be revised downward or withdrawn entirely by S&P, if, in the judgment of S&P, circumstances so warrant. Any such downward revision or withdrawal of the rating may have an adverse effect on the market price of the Bonds.

### **Authenticity of Financial Information**

The financial data and other information contained herein have been obtained from the Issuer's records, audited financial statements and other sources that are believed to be reliable. All of the summaries of the statutes, documents, and the Ordinance contained in this Official Statement are made subject to all of the provisions of such statutes, documents, and the Ordinance. These summaries do not purport to be complete statements of such provisions and reference is made to such documents for further information. All information contained in this Official Statement is subject, in all respects, to the complete body of information contained in the original sources thereof and no guaranty, warranty or other representation is made concerning the accuracy or completeness of the information herein. In particular, no opinion or representation is rendered as to whether any projection will approximate actual results, and all opinions, estimates and assumptions, whether or not expressly identified as such, should not be considered statements of fact.

Unless specified otherwise, such web sites and the information or links contained therein are not incorporated into, and are not part of, this Official Statement for purposes of, and as that term is defined in, the Rule.

#### **Verification of Arithmetical and Mathematical Computations**

The accuracy of the mathematical computations of (i) the adequacy of the maturing principal of and interest earned on the Escrow Securities together with other available funds held in the Escrow Fund, to provide for the payment of the Refunded Obligations, and (ii) the "yield" on the Escrow Securities and on the Bonds, prepared by the Financial Advisor, will be verified by Barthe & Wahrman, P.A., a firm of independent certified public accountants. These computations will be based upon information and assumptions supplied by the Financial Advisor on behalf of the City. Barthe & Wahrman, P.A. has restricted its procedures to recalculating the computations provided by the Financial Advisor and has not evaluated or examined the assumptions or information used in the computations.

#### **Initial Purchaser**

After requesting competitive bids for the Bonds, the City accepted the bid of \_\_\_\_\_ (the "Purchaser") to purchase the Bonds at the interest rates shown on page 2 of this Official Statement at a price of \$\_\_\_\_\_ (representing the par amount of the Bonds, plus a net original issue reoffering premium of \$\_\_\_\_\_, less a Purchaser's discount of \$\_\_\_\_\_), plus accrued interest on the Bonds from their Dated Date to their date of initial delivery. The City can give no assurance that any trading market will be developed for the City after their sale by the City to the Purchaser. The City has no control over the price at which the Bonds are subsequently sold and the initial yield at which the Bonds will be priced and reoffered will be established by and will be the responsibility of the Purchaser.

#### **Certification of the Official Statement**

At the time of payment for and delivery of the Bonds, the Purchaser will be furnished a certificate, executed by proper officers of the City, acting in their official capacity, to the effect that to the best of their knowledge and belief: (a) the descriptions and statements of or pertaining to the City contained in its Official Statement, and any addenda, supplement or amendment thereto, on the date of such Official Statement, on the date of sale of said Bonds and the acceptance of the best bid therefor, and on the date of the delivery, were and are true and correct in all material respects; (b) insofar as the City and its affairs, including its financial affairs, are concerned, such Official Statement did not and does not contain an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading; (c) insofar as the descriptions and statements, including financial data, of or pertaining to entities, other than the City, and their activities contained in such Official Statement are concerned, such statements and data have been obtained from sources which the City believes to be reliable and the City has no reason to believe that they are untrue in any material respect; and (d) there has been no material adverse change in the financial condition of the City since the date of the last audited financial statements of the City.

#### **Financial Advisor**

SAMCO Capital Markets, Inc. is employed as a Financial Advisor to the Issuer in connection with the issuance of the Bonds. In this capacity, the Financial Advisor has compiled certain data relating to the Bonds and has drafted this Official Statement. The Financial Advisor has not independently verified any of the data contained herein or conducted a detailed investigation of the affairs of the Issuer to determine the accuracy or completeness of this Official Statement. Because of its limited participation, the Financial Advisor assumes no responsibility for the accuracy or completeness of any of the information contained herein. The fees for the Financial Advisor are contingent upon the issuance, sale and initial delivery of the Bonds.

The Financial Advisor has provided the following sentence for inclusion in this Official Statement. The Financial Advisor has reviewed the information in this Official Statement in accordance with its responsibilities to the City and, as applicable, to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Financial Advisor does not guarantee the accuracy or completeness of such information.

#### **Authorization of the Official Statement**

This Official Statement will be approved as to form and content and the use thereof in the offering of the Bonds will be authorized, ratified and approved by the City Council on the date of sale, and the Purchaser will be furnished, upon request, at the time of payment for and the delivery of the Bonds, a certified copy of such approval, duly executed by the proper officials of the Issuer.

The Ordinance will approve the form and content of this Official Statement, and any addenda, supplement or amendment thereto issued on behalf of the Issuer, and authorize its further use in the reoffering of the Bonds by the Purchaser.

This Official Statement will be approved by the City Council of the Issuer for distribution in accordance with the provisions of the United States Securities and Exchange Commission's rule codified at 17 C.F.R. Section 240.15c2-12.

Expenditures of the various taxing bodies overlapping the territory of the Issuer are paid out of ad valorem taxes levied by these taxing bodies on properties overlapping the Issuer. These political taxing bodies are independent of the Issuer and may incur borrowings to finance their expenditures. The following statements of direct and estimated overlapping ad valorem tax bonds was developed from information contained in the "Texas Municipal Reports" published by the Municipal Advisory Council of Texas. Except for the amounts relating to the Issuer, the Issuer has not independently verified the accuracy or completeness of such information, and no person should rely upon such information as being accurate or complete. Furthermore, certain of the entities listed below may have authorized or issued additional bonds since the date stated below, and such entities may have programs requiring the authorization and/or issuance of substantial amounts of additional bonds, the amount of which cannot be determined.

The City participates as one of 883 plans in the nontraditional, joint contributory, hybrid defined benefit pension plan administered by the Texas Municipal Retirement System (TMRS). TMRS is an agency created by the State of Texas and administered in accordance with the TMRS Act, Subtitle G, Title 8, Texas Government Code (the TMRS Act) as an agency multiple-employer retirement system for municipal employees in the State of Texas. The TMRS Act places the general administration and management of the System with a six-member Board of Trustees. Although the Governor, with the advice and consent of the Senate, appoints the Board, TMRS is not fiscally dependent on the State of Texas. TMRS's defined benefit pension plan is a tax-qualified plan under Sections 401(a) of the Internal Revenue Code. TMRS issues a publicly available comprehensive annual financial report (CAFR) that can be obtained at [www.tmrs.org](http://www.tmrs.org).

All eligible employees of the City are required to participate in TMRS.

#### Benefits Provided

TMRS provides retirement, disability, and death benefits. Benefit provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS.

At retirement, the benefit is calculated as if the sum of the employee's contributions, with interest, and the City-financed monetary credits with interest were used to purchase an annuity. Members may choose to receive their retirement benefit in one of seven payment options. Members may also choose to receive a portion of their benefit as a Partial Lump Sum Distribution in an amount equal to 12, 24, or 36 monthly payments, which cannot exceed 75% of the member's deposits and interest.

The City has approved an annually repeating (automatic) basis a monetary credit referred to as an updated service credit (USC) which is a theoretical amount which takes into account salary increases or plan improvements. If at any time during their career an employee earns a USD, this amount remains in their account earning interest at 5% until retirement. At retirement, the benefit is calculated as if the sum of the employee's accumulated contributions with interest and the employer match plus employer financed monetary credit, such as USC, with interest were used to purchase an annuity. Additionally, the City provides on an annually repeating (automatic) basis cost of living adjustments (COLA) for retirees equal to a percentage of the change in the consumer price index (CPI).

A summary of plan provisions for the City are as follows:

Employee Deposit Rate	7.00%
Matching Ratio (City to employee)	2 to 1
Years required for vesting	5
Service retirement eligibility	20 years to any age
	5 years at age 60 and above
Updated service credit	100% Repeating

At the December 31, 2017 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	76
Inactive employees entitled to but not yet receiving benefits	65
Active employees	106
Total	<u>247</u>

**Contributions**

The contribution rates for employees in TMRS are either 5%, 6%, or 7% of employee gross earnings, and the City matching percentages are with 100%, 150%, or 200%, both as adopted by the governing body of the City. Under the state law governing TMRS, the contributions rate for each city is determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Employees for the City were required to contribute 7.0% of their annual gross earnings during the fiscal year. The contribution rates for the City were 5.83% and 8.92% in calendar years 2017 and 2018, respectively. The City's contributions to TMRS for the year ended September 30, 2018, were \$386,566, and were equal to the required contributions.

**Net Pension Liability**

The City's Net Pension Liability (NPL) was measured as of December 31, 2017, and the Total Pension Liability (TPL) used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date.

Actuarial assumptions:

The Total Pension Liability in the December 31, 2016 actuarial valuation was determined using the following actuarial assumptions:

Inflation	2.5% per year
Overall payroll growth	3.00% per year
Investment Rate of Return	6.75%, net of pension planning investment expense, including inflation

Salary increases were based on a service-related table. Mortality rates for active members, retirees, and beneficiaries were based on the gender-distinct RP2000 Combined Healthy Mortality Tables, with male rates multiplied by 109% and female rates multiplied by 103%. The rates are projected on a fully generational basis by scale BB to account for future mortality improvements. For disabled annuitants, the gender-distinct RP2000 Combined Healthy Mortality Tables with Blue Collar Adjustment are used with males rates multiplied by 109% and female rates multiplied by 103% with a 3-year set-forward for both males and females. In addition, a 3% minimum mortality rate is applied to reflect the impairment for younger members who become disabled. The rates are projected on a fully generational basis by scale BB to account for future mortality improvements subject to the 3% floor.

The actuarial assumptions were developed primarily from the actuarial investigation of the experience of TMRS over the four-year period from December 31, 2010 to December 31, 2014. They were adopted in 2015 and first used in the December 31, 2015 actuarial valuation. The post-retirement mortality assumption for healthy annuitants and Annuity Purchase Rate (APRs) are based on the Mortality Experience Investigation Study covering the 2009 through 2011, and dated December 31, 2013. In conjunction with these changes first used in the December 31, 2013 valuation, the System adopted the Entry Age Normal (EAN) actuarial cost method and a one-time change to the amortization policy. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income, in order to satisfy the short-term and long-term funding needs of TMRS.

## **EMPLOYEE'S PENSION PLAN AND OTHER POST-EMPLOYMENT BENEFITS - CONT'D**

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investments expenses and inflation) are developed for each major asset class. The ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. In determining their best estimate of a recommended investment return assumption under the various alternative asset allocation portfolios, GRS focused on the area between (1) arithmetic mean (aggressive) without an adjustment for time (conservative) and (2) the geometric mean (conservative) with an adjustment for time (aggressive). The target allocation and best estimates of arithmetic real rates return for each major assets class in fiscal year 2017 are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Rate of Return
Domestic Equity	17.50%	4.55%
International Equity	17.50%	6.35%
Core Fixed Income	10.00%	1.00%
Non-Core Fixed Income	20.00%	3.90%
Real Return	10.00%	3.80%
Real Estate	10.00%	4.50%
Absolute Return	10.00%	3.75%
Private Equity	5.00%	7.50%
Total	<hr/> 100.00%	

### Discount Rate

The discount rate used to measure the Total Pension Liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the Total Pension Liability.

WE HAVE ACTED AS BOND COUNSEL in connection with the issuance by the City of Marble Falls, Texas (the "City") of its \$ \_\_\_\_\_ aggregate original principal amount of General Obligation Refunding Bonds, Series 2020, dated December 1, 2019 (the "Bonds").

IN OUR CAPACITY AS BOND COUNSEL, we have examined the Bonds for the sole purpose of rendering an opinion with respect to the legality and validity of the Ordinance (as defined below) and the Bonds under the Constitution and laws of the State of Texas, the defeasance and disclosure of the City's obligations being refunded by the Bonds, and with respect to the excludability of the interest on the Bonds from gross income for federal income tax purposes. We have not been requested to investigate or verify, and have not investigated or verified, any records, data or other material relating to the financial condition or capabilities of the City.

WE HAVE EXAMINED the applicable and pertinent provisions of the Constitution and laws of the State of Texas and the Home Rule Charter of the City. We have also examined applicable provisions of the Internal Revenue Code of 1986, as amended (the "Code"), court decisions, Treasury Regulations, and published rulings of the Internal Revenue Service as we have deemed relevant, a transcript of certified proceedings of the City and other pertinent instruments authorizing and relating to the issuance of the Bonds, including (1) the ordinance (the "Ordinance") authorizing the issuance of the Bonds, (2) the Escrow Agreement, dated as of December 3, 2019, between the City and UMB Bank, N.A., (3) a special report of Barthe & Wahrman, P.A., certified public accountants, related to the accuracy of certain mathematical computations as described in the Escrow Agreement (the "Report"), (4) the registered Initial Bond numbered T-1, and (5) the Federal Tax Certificate of the City.

BASED ON OUR EXAMINATION, we are of the opinion that:

1. The Bonds are valid and legally binding obligations of the City enforceable in accordance with their terms, except as their enforceability may be limited by bankruptcy, insolvency, or other laws affecting creditors' rights generally and as may be affected by matters involving the exercise of equitable or judicial discretion.
2. The Bonds are secured by and payable from the levy of a direct and continuing annual ad valorem tax upon all taxable property within the City, within the limits prescribed by law, sufficient for said purposes, as provided in the Ordinance.

3. Interest on the Bonds is excludable for federal income tax purposes from the gross income of the owners thereof pursuant to Section 103 of the Code and will not constitute a specific item of tax preference under Section 57 of the Code for purposes of calculating the alternative minimum tax on individuals.
4. Firm banking and financial arrangements have been made for the discharge and final payment of the obligations being refunded pursuant to the Ordinance, and that therefore such obligations, in reliance upon the Escrow Agreement and the Report, are deemed to be fully paid and no longer outstanding except for the purpose of being paid from the funds provided therefore in the Ordinance.

In rendering this opinion, we have assumed continuing compliance by the City with the covenants contained in the Ordinance and the Federal Tax Certificate, that it will comply with the applicable requirements of the Code, including requirements relating to, *inter alia*, the use and investment of proceeds of the Bonds and rebate to the United States Treasury of specified arbitrage earnings, if any, under Section 148(f) of the Code. Failure of the City to comply with such covenants could result in the interest on the Bonds being subject to federal income tax from the date of issue. We have not undertaken to monitor compliance with such covenants or to advise any party as to changes in the law after the date hereof that may affect the tax-exempt status of the interest on the Bonds.

The opinions set forth above are based on existing law, which is subject to change. Such opinions are further based on our knowledge of facts as of the date hereof. We assume no duty to update or supplement these opinions to reflect any facts or circumstances that may hereafter come to our attention or to reflect any changes in any law that may hereafter occur or become effective. Moreover, our opinions are not a guarantee of result and are not binding on the Internal Revenue Service; rather, such opinions represent our legal judgment based upon our review of existing law and in reliance upon the representations and covenants referenced above that we deem relevant to such opinions. We observe that the City has covenanted in the Ordinance not to take any action, or omit to take any action within its control, that if taken or omitted, respectively, may result in the treatment of interest on the Bonds as includable in gross income for federal income tax purposes.

Respectfully,

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

### **OFFICE LOCATIONS**

TEXAS | Waco | Temple | Hillsboro | Houston  
NEW MEXICO | Albuquerque

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Marble Falls, Texas, as of September 30, 2018, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Change in Accounting Principle***

As discussed in the notes to the financial statements, in fiscal year 2018 the City adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. Our opinion is not modified with respect to this matter.

### ***Other Matters***

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and pension and OPEB information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Marble Falls, Texas' basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated March 14, 2019, on our consideration of the City of Marble Falls, Texas' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Marble Falls, Texas' internal control over financial reporting and compliance.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

**THIS PAGE LEFT BLANK INTENTIONALLY**

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

As Management of the City of Marble Falls, we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2018. This information is not intended to be a complete statement of the City's financial condition. We recommend and encourage readers to consider the information presented here in conjunction with the accompanying transmittal letter and basic financial statements.

### **FINANCIAL HIGHLIGHTS**

- The assets of the City of Marble Falls exceeded its liabilities as of September 30, 2018, by \$23,984,741 (net position). Of this amount, (\$909,098) is unrestricted net position.
- The City's net position increased by \$1,138,323.
- As of the close of the current fiscal year, the City of Marble Falls governmental funds reported combined ending fund balances of \$12,111,010. \$1,715,797 of this amount is unassigned and available for use within the City's fund designation and policy.
- As of September 30, 2018, unassigned fund balance for the General Fund was \$1,983,924 or 18.18% of total General Fund expenditures.

### **OVERVIEW OF THE FINANCIAL STATEMENTS**

The discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

#### **Government-wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. This statement combines and consolidates governmental funds current financial resources (short-term spendable resources) with capital assets and long-term obligations. Other non-financial factors should also be taken into consideration, such as changes in the City's property tax base and the condition of the City's infrastructure (i.e. roads, drainage improvements, storm sewer and water lines, etc.), to assess the overall financial condition of the City.

The Statement of Activities presents information showing how the City's net position changed during the fiscal year. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but not used compensated absences). Both the statement of net position and the statement of activities are prepared utilizing the accrual basis of accounting as opposed to the modified accrual basis used in prior reporting models.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from functions that are intended to recover all or a significant portion of their costs through user fees (business-type activities).

- Governmental activities include most of the City's basic services (general government, public safety, public works and culture and recreation). Property taxes, sales taxes, and franchise fees primarily finance these activities.
- Business-type activities include the City's water and sewer system. Charges for services cover all or most of the cost for these services.

## Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Fund accounting is used by state and local governments to control and manage money for particular purposes and to ensure finance-related legal requirements. The City uses two fund types – governmental and proprietary.

- **Governmental funds** – Similar to the governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds focus on *near-term inflows and outflows of spendable resources* as well as on *balances of spendable resources* available at the end of the fiscal year. The governmental fund statement provides a detailed short-term view of the City's general government operations and helps you determine whether resources are available in the near future to finance City programs. Comparing the information presented for governmental funds with the information presented for governmental activities in the government-wide financial statements will help the reader to better understand the long-term impact of the government's near-term financing decisions. The governmental funds balance sheet, statement of revenue and expenditures, and changes in fund balances include a reconciliation to provide such comparison.

The City maintains 12 governmental funds. Information is presented separately in the governmental funds balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Economic Development Corporation Fund, Debt Service Fund, and Hotel Conference Center Fund, all of which are considered to be major funds. The other funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements found in this report.

- **Proprietary funds** – The City maintains one proprietary fund. The City uses the Enterprise Fund for water and sewer operations. The Enterprise Fund reports the same functions presented as business-type activities in the government-wide financial statement.

## **Reporting the City's Fiduciary Responsibility**

The City is the trustee, or fiduciary, for the LaVentana Public Improvement District Trust Fund and Roper Ranch PID Trust Fund. All of the City's fiduciary activities are reported in separate Statements of Fiduciary Net Position and Changes in Fiduciary Net Position. The activities of this fund are excluded from the City's government-wide financial statements because the City cannot use these assets to finance its operations. The City is responsible for ensuring that the assets reported in this fund are used for their intended purpose. The basic fiduciary fund financial statements can be found on pages 23 – 24 of this report.

## **Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

## **Other Information**

In addition to the basic financial statements and accompanying notes, this report also presents combining and individual fund statements and schedules that further support the information in the financial statements. These statements are presented immediately following the notes to the financial statements.

## **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

The City's net assets exceed liabilities by \$24.0 million as of September 30, 2018. The largest portion of the City's net position reflects its investments in capital assets (e.g., land, building, equipment, improvements, construction in progress and infrastructure), less any related debt used to acquire those assets that are still outstanding. The City uses these capital assets to provide services to citizens; therefore, these assets are not available for future spending. It should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

### Government Funds

In the General Fund, fund balance increased by \$145,418. The increase was due mainly to an increase in sales taxes and property taxes for FY 2018.

The Economic Development Corporation Fund balance increased by \$327,490. The increase is due to an increase in sales tax and a decrease in expenditures for FY 2018.

The Debt Service Fund balance decreased by \$70,439 due to an increase in debt principal.

The Hotel Conference Center Fund increased by \$120,191 due to investment earnings.

## **Proprietary Fund**

Unrestricted net position of the proprietary fund (water and utility) was (\$3,105,947). The net position of the Water and Utility Fund decreased by \$771,978. This decrease was due to an increase in expenses.

## **General Fund Budgetary Highlights**

The City made revisions to the original appropriations approved by the City Council. These changes resulted in an increase in budgeted expenditures in the amount of \$212,425 from the original budget of \$10,169,627 to the revised budget of \$10,382,052 or 2.1% increase. The majority of this increase was due to an increase in administration expenditures.

The variance between the final amended budget and actual expenditures was a negative \$530,661. General Government actual expenditures were above budgeted expenditures by \$80,395. Additionally, Street expenditures were above the budget by \$34,889. This was mainly due to personnel services costs.

Amounts reported for governmental activities in the statement of net assets are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.

Other long-term assets are not available to pay for current-period expenditures and, therefore, are reported as unavailable resources in the governmental funds balance sheet, but are recognized as revenue in the statement of activities.

The assets and liabilities of internal service funds are not included in the fund financial statements, but are included in the governmental activities of the Statement of Net Position.

Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds. Losses on refunding of bonds and the premium on issuance of bonds payable are not reported in the funds.

### **RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**

**FOR THE YEAR ENDED SEPTEMBER 30, 2018**

Amounts reported for governmental activities in the Statement of Activities (pages 13 - 14) are different because:

Net change in fund balances - total governmental funds (pages 17 - 18) \$ 626,959

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period. ( 1,133,278)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. 10,284

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. This amount is the net effect of these differences in the treatment of long-term debt and related items. 2,767,118

Certain pension expenditures are not expended in the government-wide financial statements and recorded as deferred resource outflows. This item relates to contributions made after the measurement date. Additionally, a portion of the City's unrecognized deferred resource outflows related to the pension liability were amortized. ( 95,853)

Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue (expense) of certain internal service funds is reported with governmental activities. 45,000

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. ( 309,929)

Change in net position of governmental activities (pages 13 - 14) \$ 1,910,301

# **CITY OF MARBLE FALLS, TEXAS**

## **NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2018**

### **1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The City of Marble Falls is a home rule municipality operating under its own charter since August 9, 1986. The charter provides that the City operate under the council/manager form of government. The City Manager, appointed by the seven-member elected Council, is the Chief Administrative Officer of the City. The City provides the following services: public safety, street maintenance, refuse collection, recreation programs, municipal court, public health, community development, public improvements, water and sewer services, and general administrative services.

#### **Reporting Entity**

As required by Governmental Accounting Standards Board Statement (GASBS) No. 14 and 39, these financial statements have been prepared based on considerations regarding the potential for inclusion of other entities, organizations, or functions as part of the City's financial reporting entity.

Consideration regarding the potential for inclusion of other entities, organizations, or functions in the City's financial reporting entity is based on criteria prescribed by GASBS No. 14 and 39. These same criteria are evaluated in considering whether the City is a part of any other governmental or other type of reporting entity. The overriding elements associated with prescribed criteria considered in determining that the City's financial reporting entity status is that of a primary government are that it has a separately elected governing body; it is legally separate; and it is financially independent of other state and local governments. Additional prescribed criteria under GASB No. 14 and No. 39 include considerations pertaining to organizations for which the primary government is financially accountable; and considerations pertaining to other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

As a result of applying the entity definition criteria of the Governmental Accounting Standards Board, the City has included the Economic Development Corporation as a component unit in these financial statements. The Corporation is presented as a blended component unit. The Economic Development Corporation is managed by a board of directors made up of 7 members appointed by the City Council. The Component unit's governing body is substantially the same as the governing body of the primary government. The City Council requires that the Corporation be responsible for the proper discharge of its duties. The Board shall determine its policies and direction within the limitation of the duties imposed by applicable laws, the Articles of Incorporation, Bylaws, budget and fiduciary responsibilities. The City is entitled to and can otherwise access all of the resources of the Economic Development Corporation. Additionally, as the City is considered a primary government for financial reporting purposes, its activities are not considered a part of any other governmental or other type of reporting entity. Complete financial statements for the Corporation may be obtained at the entity's administrative offices.

## **Government-wide Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenue, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenue. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenue* includes 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenue are reported instead as *general revenue*.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual Enterprise Funds are reported as separate columns in the fund financial statements.

## **Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenue to be available if collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, sales taxes, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenue of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

The **General Fund** is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The **Economic Development Corporation Fund** is used to account for the use of 4B sales tax revenues that must be used in compliance with statutory restrictions set forth by the state legislature.

The **Debt Service Fund** is used to account for revenue collected for purposes of paying interest on, and retiring, long-term debt including bonds, long-term tax notes, etc.

The **Hotel Conference Center Fund** is used to account for the bond proceeds and the expenditures for the construction of the Hotel Conference Center.

The City reports the following major enterprise fund:

The **Water and Utility Fund** is used to account for the activities of the City's water and wastewater operations.

Additionally, the City reports the following fund types:

**Internal Service Funds** account equipment replacement services provided to other departments on a cost reimbursement basis.

**Private Purpose Trust Funds** are used to account for assets held by the City in trust for individuals, private organizations and other governments.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's water and utility function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenue reported for the various functions concerned.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Water and Utility Enterprise Fund are charges to customers for sales and services. Operating expenses for the enterprise fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as nonoperating revenue and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

## **Assets, Liabilities, and Net Position or Equity**

### **Cash and Investments**

Cash and investments include cash on hand, deposits with financial institutions, certificates of deposit, and privately managed public funds investment pools (LOGIC & Texas Class).

The City's general policy is to report money market investments and short-term participating interest-earning investment contracts at amortized cost and to report nonparticipating interest-earning investment contract using a cost-based measure. However, if the fair value of an investment is significantly affected by the impairment of the credit standing of the issuer or by other factors, it is reported at fair value. All other investments are reported at fair value unless a legal contract exists which guarantees a higher value. The term "short-term" refers to investments, which have a remaining term of one year or less at time of purchase. The term "nonparticipating" means that the investment's value does not vary with market interest rate changes.

The City maintains a pooled cash and investments account for all funds of the City. Each fund's positive equity in the pooled cash account is presented as "cash and investments" in the financial statements. Negative cash balances have been reclassified and are reflected as interfund accounts payable. Interest income and interest expense are allocated to each respective individual fund monthly based on their representative fund balances.

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

### **Receivables and Payables**

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advance to/from other funds" (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

All trade and property tax receivables are shown net of an allowance for uncollectibles. Trade accounts receivable in excess of 180 days comprise the trade accounts receivable allowance for uncollectibles. The property tax receivable allowance is equal to 10 percent of outstanding property taxes at September 30, 2018.

Ad valorem property taxes attach as enforceable liens as of January 1. The City's property tax is levied each October 1 on the assessed value listed on the previous January 1 for all real and personal property located in the City. Property taxes are payable on October 1 and are considered delinquent on February 1. The adjusted tax levy for October 2017 was \$5,119,048. The tax assessment of October 1, 2017 sets a tax levy at \$0.6340 per \$100 of assessed valuation at 100% of assumed market value. Of this amount, \$0.3982 was allocated to debt service.

Legislation has been passed by the Texas Legislature that affects the method of property assessment and tax collection in the City. This legislation, with certain exceptions, exempts intangible personal property and household goods. In addition, this legislation creates a "Property Tax Code" and provides, among other things, for the establishment of countywide appraisal districts and for a state property tax board, which commenced operation in January 1980.

The value of property within the appraisal district must be reviewed at least every three years. The City may challenge appraised values established by the appraisal district through various appeals and, if necessary, legal action. Under this legislation, the City continues to set tax rates on City property. However, if the effective tax rate, excluding tax rates for bonds and other contractual obligations and adjusted for new improvements, exceeds the rate for the previous year by more than 8%, qualified voters of the City may petition for an election to determine whether to limit the tax rate to no more than 8% above the tax rate of the previous year.

### **Inventories and Prepaid Items**

All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

### **Capital Assets**

Capital assets, which include property, plant, equipment, and infrastructure are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The City defines capital assets as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Property, plant and equipment are depreciated using the straight-line method over the following useful lives:

Assets	Years
Buildings	20-50
Improvements	5-50
Equipment	5-10
Water and sewer system	40-50

General infrastructure assets acquired prior to October 1, 2004, are not reported in the basic statements. General infrastructure assets include all roads, bridges, and other infrastructure assets acquired subsequent to October 1, 2004.

### **Compensated Absences**

The City's employees earn vacation and sick leave which may either be taken or accumulated, up to certain amounts, until paid upon resignation or retirement. All vacation, comp time, personal leave, and sick leave pay are accrued when incurred in the government-wide and proprietary fund financial statements. Upon termination, an employee is paid for 100% of their accrued vacation, comp time, and personal leave pay and for 50% of accrued sick leave pay.

### **Long-term Obligations**

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method which approximates the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

### **Pensions**

For purposes of measuring the net pension liability, pension related deferred outflows and inflows of resources, and pension expense, City specific information about its Fiduciary Net Position in the Texas Municipal Retirement System (TMRS) and additions to/deductions from TMRS's Fiduciary Net Position have been determined on the same basis as they are reported by TMRS. For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

## **Other Post-Employment Benefits**

***TMRS Supplemental Death Benefits Fund.*** The City participates in the Texas Municipal Retirement System Supplemental Death Benefit Fund (TMRS SDBF), which is an optional single-employer defined benefit life insurance plan that is administered by TMRS. It provides death benefits to active and, if elected, retired employees of participating employers. Contribution rates are determined annually for each participating municipality as a percentage of that City's covered payroll. The death benefit for retirees is considered an other-postemployment benefit (OPEB). The OPEB program is an unfunded trust because the SDBF trust covers both actives and retirees and is not segregated. The Total OPEB Liability of the plan has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the Total OPEB Liability, deferred inflows and outflows of resources, and OPEB expense. Benefit payments are recognized when due and payable in accordance with the benefit terms.

## **Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position and/or balance sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has the following items that qualify for reporting in this category.

- Deferred charges on refunding – A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.
- Pension and Other Post-employment Benefit contributions after measurement date – These contributions are deferred and recognized in the following fiscal year.
- Difference in projected and actual earnings on pension and other post-employment benefit assets – This difference is deferred and amortized over a closed five year period.

In addition to liabilities, the statement of financial position and/or balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows or resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has two types of items classified as deferred inflows of resources. One of which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from two sources: property taxes and municipal court fines. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The other item is only recorded in the full accrual basis of accounting and results from the difference between expected and actual pension expense. This difference is deferred and recognized over the estimated average remaining lives of all members determined as of the measurement date.

### **Net Position**

Net position represents the difference between assets, deferred outflows/inflows of resources and liabilities. Net position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets, and adding back unspent proceeds. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislations adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

### **Estimates**

The preparation of financial statements, in conformity with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual amounts could differ from those estimates.

## **2. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS**

### **Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position**

The governmental fund balance sheet includes a reconciliation between *fund balance – total governmental funds* and *net position – governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains, “Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.” The details of this \$(38,612,953) difference are as follows:

General obligation bonds	\$ ( 27,022,840)
Sales tax revenue bonds	( 9,145,000)
Deferred loss on refunding debt issuance	451,662
Bond premiums	( 1,025,590)
TMRS net pension asset	558,322
OPEB - TMRS supplemental death benefit	( 271,267)
OPEB - Retiree health plan	( 355,991)
Capital lease	( 713,204)
Compensated absences	( 844,805)
Accrued interest payable	( 244,240)
Net adjustment to reduce <i>fund balance - total governmental funds</i> to arrive at <i>net assets - governmental activities</i>	\$ ( 38,612,953)

### **Explanation of Certain Differences Between the Governmental Fund Statement of Revenue, Expenditures and Changes in Fund Balances and the Government-wide Statement of Activities**

The governmental fund statement of revenue, expenditures and changes in fund balances includes a reconciliation between *net changes in fund balances – total governmental fund* and *changes in net position of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains, “Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.” The details of this \$(1,133,278) difference are as follows:

Capital outlay	\$ 2,241,579
Depreciation expense	( 3,374,857)
Net adjustment to decrease <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net assets of governmental activities</i>	\$ ( 1,133,278)

Another element of that reconciliation states, “Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.” The details of this \$10,284 difference are as follows:

Property taxes	\$ 5,196
Municipal court	<u>5,088</u>
 Net adjustment to increase <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net assets of governmental activities</i>	
	\$ <u>10,284</u>

Another element of that reconciliation states, “The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.” The details of this \$2,767,118 difference are as follows:

General obligation debt payments	\$ 3,165,000
Capital lease	157,964
Issuance of capital leases	( 479,387)
OPEB obligation - TMRS supplemental death benefit	( 22,152)
OPEB obligation - Retiree health plan	<u>( 54,307)</u>
 Net adjustment to decrease <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net assets of governmental activities</i>	
	\$ <u>2,767,118</u>

### 3. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

#### Deficit Fund Balances

As of September 30, 2018, the following funds had deficit fund balances:

Debt Service	\$ ( 80,737)
Parks Improvement	( 187,390)

#### **4. DETAILED NOTES ON ALL FUNDS**

##### **Deposits and Investments**

As of September 30, 2018, the City had the following investments:

Investment Type	Fair Value	Weighted Average Maturity (Days)
Logic	\$ 1,724,349	31
Texas Class	7,042,832	22

The Public Funds Investment Act (government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports and establishment of appropriate policies. Among other things, it requires the City to adopt, implement and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, and (9) bid solicitation preferences for certificates of deposit. Statutes authorize the City to invest in (1) obligations of the U. S. Treasury, certain U. S. agencies, and the State of Texas; (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptances, (7) mutual funds, (8) investment pools, (9) guaranteed investment contracts, and (10) common trust funds. The Act also requires the City to have independent auditors perform test procedures related to investment practices as provided by the Act. The City is in substantial compliance with the requirements of the Act and with local policies.

##### **Public Funds Investment Pools**

Public funds investment pools in Texas (“Pools”) are established under the authority of the Interlocal Cooperation Act Chapter 79 of the Texas Government Code and are subject to the provisions of the Public Funds Investment Act (the “Act”), Chapter 2256 of the Texas Government Code. In addition to other provisions of the Act designed to promote liquidity and safety of principal, the Act requires Pools to: 1) have an advisory board composed of participants in the pool and other persons who do not have a business relationship with the pool and are qualified to advise the pool; 2) maintain a continuous rating of no lower than AAA or AAAM or an equivalent rating by at least one nationally recognized rating service; and 3) maintain the market value of its underlying investment portfolio within one-half of one percent of the value of its shares.

The City’s investments in Pools are reported at an amount determined by the fair value per share of the Pool’s underlying portfolio, unless the Pool is 2a7-like, in which case they are reported at share value. A 2a7-like pool is one which is not registered with the Securities and Exchange Commission (“SEC”) as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC’s Rule 2a7 of the Investment Company Act of 1940.

*Custodial Credit Risk.* In the case of deposits, this is the risk that in the event of a bank failure, the City's deposits may not be returned to it. State and City statutes require that all deposits in financial institutions be fully collateralized by U. S. Government Obligations or its agencies and instrumentalities or direct obligations of Texas or its agencies and instrumentalities that have a fair value of not less than the principal amount of deposits. As of September 30, 2018, \$560,482 of the City's \$847,936 deposit balance was collateralized with securities held by the pledging financial institution. The remaining balance, \$287,454, was covered by FDIC insurance.

*Credit Risk.* It is the City's policy to limit its investments to investment types with an investment quality rating not less than A or its equivalent by a nationally recognized statistical rating organization. The City's investment pool is rated AAAm by Standard & Poor's Investors Service.

*Interest Rate Risk.* In accordance with its investment policy, the City manages its exposure to declines in fair market values by limiting the average dollar-weighted maturity of its portfolio to a maximum of 365 days.

The following schedule briefly summarizes the City's transfer activity at the fund level:

## **Long-term Debt**

The City issues a variety of long-term debt instruments in order to acquire and/or construct major capital facilities and equipment for governmental and business-type activities. These instruments include general obligation and revenue bonds, tax notes and notes payable. These debt obligations are secured by either future tax revenue, water and utility system revenue, or liens on property and equipment. Debt obligations that are intended to be repaid from water and utility system revenue have been recorded as business-type activities. All other long-term obligations of the City are considered to be governmental-type activities.

This debt will be paid for with a one-half and one percent sales and use tax levied on the receipts at retail of taxable items within the City. It is anticipated that the pledged revenues will fully pay for future principal and interest payments. This debt issue is due to be retired in August 2027.

## **Defined Benefit Pension Policies**

**Plan Descriptions.** The City of Marble Falls participates as one of 883 plans in the nontraditional, joint contributory, hybrid defined benefit pension plan administered by the Texas Municipal Retirement System (TMRS). TMRS is an agency created by the State of Texas and administered in accordance with the TMRS Act, Subtitle G, Title 8, Texas Government Code (the TMRS Act) as an agency multiple-employer retirement system for municipal employees in the State of Texas. The TMRS Act places the general administration and management of the System with a six-member Board of Trustees. Although the Governor, with the advice and consent of the Senate, appoints the Board, TMRS is not fiscally dependent on the State of Texas. TMRS's defined benefit pension plan is a tax-qualified plan under Sections 401(a) of the Internal Revenue Code. TMRS issues a publicly available comprehensive annual financial report (CAFR) that can be obtained at [www.tmrs.org](http://www.tmrs.org).

All eligible employees of the City are required to participate in TMRS.

**Benefits Provided.** TMRS provides retirement, disability, and death benefits. Benefit provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS.

At retirement, the benefit is calculated as if the sum of the employee's contributions, with interest, and the City-financed monetary credits with interest were used to purchase an annuity. Members may choose to receive their retirement benefit in one of seven payment options. Members may also choose to receive a portion of their benefit as a Partial Lump Sum Distribution in an amount equal to 12, 24, or 36 monthly payments, which cannot exceed 75% of the member's deposits and interest.

The City has approved an annually repeating (automatic) basis a monetary credit referred to as an updated service credit (USC) which is a theoretical amount which takes into account salary increases or plan improvements. If at any time during their career an employee earns a USC, this amount remains in their account earning interest at 5% until retirement. At retirement, the benefit is calculated as if the sum of the employee's accumulated contributions with interest and the employer match plus employer financed monetary credits, such as USC, with interest were used to purchase an annuity. Additionally, City provides on an annually repeating (automatic) basis cost of living adjustments (COLA) for retirees equal to a percentage of the change in the consumer price index (CPI).

A summary of plan provisions for the City are as follows:

Employee deposit rate	7.0%
Matching ratio (City to employee)	2 to 1
Years required for vesting	5
Service retirement eligibility	20 years to any age, 5 years at age 60 and above
Updated service credit	100% Repeating

### ***Employees covered by benefit terms***

At the December 31, 2017 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	76
Inactive employees entitled to but not yet receiving benefits	65
Active employees	<u>106</u>
	<u><u>247</u></u>

**Contributions.** The contribution rates for employees in TMRS are either 5%, 6%, or 7% of employee gross earnings, and the City matching percentages are with 100%, 150%, or 200%, both as adopted by the governing body of the city. Under the state law governing TMRS, the contributions rate for each city is determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Employees for the City were required to contribute 7.0% of their annual gross earnings during the fiscal year. The contribution rates for the City were 5.83% and 5.92% in calendar years 2017 and 2018, respectively. The city's contributions to TMRS for the year ended September 30, 2018, were \$386,566, and were equal to the required contributions.

**Net Pension Liability.** The City's Net Pension Liability (NPL) was measured as of December 31, 2017, and the Total Pension Liability (TPL) used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date.

### ***Actuarial assumptions***

The Total Pension Liability in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions:

Inflation	2.5% per year
Overall payroll growth	3.0% per year
Investment Rate of Return	6.75%, net of pension plan investment expense, including inflation

Salary increases were based on a service-related table. Mortality rates for active members, retirees, and beneficiaries were based on the gender-distinct RP2000 Combined Healthy Mortality Tables with Blue Collar Adjustment, with male rates multiplied by 109% and female rates multiplied by 103%. The rates are projected on a fully generational basis by scale BB to account for future mortality improvements. For disabled annuitants, the gender-distinct RP2000 Combined Healthy Mortality Tables with Blue Collar Adjustment are used with male rates multiplied by 109% and female rates multiplied by 103% with a 3-year set-forward for both males and females. In addition, a 3% minimum mortality rate is applied to reflect the impairment for younger members who become disabled. The rates are projected on a fully generational basis by scale BB to account for future mortality improvements subject to the 3% floor.

The actuarial assumptions were developed primarily from the actuarial investigation of the experience of TMRS over the four-year period from December 31, 2010 to December 31, 2014. They were adopted in 2015 and first used in the December 31, 2015 actuarial valuation. The post-retirement mortality assumption for healthy annuitants and Annuity Purchase Rate (APRs) are based on the Mortality Experience Investigation Study covering 2009 through 2011 and dated December 31, 2013. In conjunction with these changes first used in the December 31, 2013 valuation, the System adopted the Entry Age Normal actuarial cost method and a one-time change to the amortization policy. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income, in order to satisfy the short-term and long-term funding needs of TMRS.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. In determining their best estimate of a recommended investment return assumption under the various alternative asset allocation portfolios, the actuary focused on the area between (1) arithmetic mean (aggressive) without an adjustment for time (conservative) and (2) the geometric mean (conservative) with an adjustment for time (aggressive). The target allocation and best estimates of arithmetic real rates return for each major assets class in fiscal year 2018 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return (Arithmetic)
Domestic Equity	17.5%	4.55%
International Equity	17.5%	6.35%
Core Fixed Income	10.0%	1.00%
Non-Core Fixed Income	20.0%	3.90%
Real Return	10.0%	3.80%
Real Estate	10.0%	4.50%
Absolute Return	10.0%	3.75%
Private Equity	5.0%	7.50%
Total	100.0%	

## ***Discount Rate***

The discount rate used to measure the Total Pension Liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the Total Pension Liability.

**Actuarial Assumptions.** The Total OPEB Liability in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions:

Measurement year ended December 31,	2017
Actuarial cost method	Individual Entry-Age
Inflation rate	2.50% per annum
Discount rate	3.31%
Salary Increases	3.50% to 10.5% including inflation
Demographic Assumptions	Based on the experience study covering the four year period ending December 31, 2014 as conducted for the Texas Municipal Retirement System (TMRS)
Mortality	For healthy retirees, the gender-distinct RP2000 Combined Healthy Mortality Tables with Blue Collar Adjustment are used with male rates multiplied by 109% and female rates multiplied by 103%. **Discount Rate.** The municipal bond rate is 3.31% (based on the daily rate closest to but not later than the measurement date of the Fidelity “20-Year Municipal GO AA Index”). The discount rate was 3.81% as of the prior measurement date.

**Sensitivity of Total OPEB Liability to the Discount Rate Assumption.** Regarding the sensitivity of the total OPEB liability to changes in the discount rate, the following presents the plan's total OPEB liability, calculated using a discount rate of 3.31%, as well as what the plan's total OPEB liability would be if it were calculated using a discount rate that is one percent lower or one percent higher:

Total OPEB Liability	\$ 483,480	\$ 438,374	\$ 397,616

**Sensitivity of Total OPEB Liability to the Healthcare Cost Trend Rate Assumption.** Regarding the sensitivity of the total OPEB liability to changes in the healthcare cost trend rates, the following presents the plan's total OPEB liability, calculated using the assumed trend rates as well as what the plan's total OPEB liability would be if it were calculated using a trend rate that is one percent lower or one percent higher:

### **TMRS Supplemental Death Benefits Fund**

**Plan Description.** The City voluntarily participates in the Texas Municipal Retirement System Supplemental Death Benefits Fund (TMRS SDBF). The SDBF is a single-employer defined benefit Other Postemployment Benefit (OPEB) plan as defined by GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75. It is established and administered in accordance with the TMRS Act identically to the City's pension plan.

**Benefits Provided.** The SDBF provides group-term life insurance to City employees who are active members in TMRS, including or not including retirees. The City Council opted into this program via an ordinance, and may terminate coverage under, and discontinue participation in, the SDBF by adopting an ordinance before November 1 of any year to be effective the following January 1.

Payments from this fund are similar to group-term life insurance benefits and are paid to the designated beneficiaries upon the receipt of an approved application for payment. The death benefit for active employees provides a lump-sum payment approximately equal to the employee's annual salary (calculated based on the employee's actual earnings for the 12-month period preceding the month of death). The death benefit for retirees is considered an other employment benefit and is a fixed amount of \$7,500.

The number of employees currently covered by the benefit terms is as follows:

Inactive employees or beneficiaries currently receiving benefits	54
Inactive employees entitled to but not yet receiving benefits	20
Active employees	<u>106</u>
Total	<u><u>180</u></u>

**Contributions.** The City contributes to the SDBF at a contractually required rate as determined by an annual actuarial valuation, which was 0.19% for 2018 and 0.19% for 2017, of which 0.04% and 0.04%, respectively, represented the retiree-only portion for each year, as a percentage of annual covered payroll. The rate is equal to the cost of providing one-year term life insurance. The funding policy for the SDBF program is to assure that adequate resources are available to meet all death benefit payments for the upcoming year; the intent is not to prefund retiree term life insurance during employees' entire careers. The City's contributions to the SDBF for the years ended September 30, 2018 and 2017 were \$2,622 and \$2,511, respectively, representing contributions for both active and retiree coverage, which equaled the required contributions each year.

**Actuarial Assumptions.** The Total OPEB Liability in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions:

Measurement year ended December 31,	2017
Inflation rate	2.50% per annum
Discount rate	3.31%
Actuarial cost method	Entry Age Normal Method
Projected salary increases	3.50% to 10.5% including inflation

Salary increases were based on a service-related table. Mortality rates for active members, retirees, and beneficiaries were based on the following:

Mortality rates for active members, retirees, and beneficiaries were based on the gender-distinct RP2000 Combined Healthy Mortality Tables with Blue Collar Adjustment, with male rates multiplied by 109% and female rates multiplied by 103%. The rates are projected on a fully generational basis by scale BB to account for future mortality improvements. For disabled annuitants, the gender-distinct RP2000 Combined Healthy Mortality Tables with Blue Collar Adjustment are used with male rates multiplied by 109% and female rates multiplied by 103% with a 3-year set-forward for both males and females. In addition, a 3% minimum mortality rate is applied to reflect the impairment for younger members who became disabled. The rates are projected on a fully generational basis by scale BB to account for future mortality improvements subject to the 3% floor. Administrative expenses for the SDBF are paid through the TMRS Pension Trust Fund and are wholly accounted for under the provisions of GASB Statement No. 68.

Changes in assumptions reflect the annual change in the municipal bond rate. The actuarial assumptions used in the December 31, 2017 valuation were based on the results of an actuarial experience study for the period December 31, 2010 to December 31, 2014.

**Discount Rate.** The SDBF program is treated as an unfunded OPEB plan because the SDBF trust covers both actives and retirees and the assets are not segregated for these groups. As such, a single discount rate of 3.31% was used to measure the Total OPEB Liability. Because the plan is essentially a “pay-as-you-go” plan, the single discount rate is equal to the prevailing municipal bond rate. The source of the municipal bond rate was fixed-income municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index’s “20-year Municipal GO AA Index” as of December 31, 2017.

**Discount Rate Sensitivity Analysis.** The following schedule shows the impact of the Total OPEB Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (3.31%) in measuring the Total OPEB Liability.

	1% Decrease in Discount Rate (2.31%)	Discount Rate (3.31%)	1% Increase in Discount Rate (4.31%)
Total OPEB Liability	\$ 428,229	\$ 352,907	\$ 294,961

**OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources Related to OPEBs.** At September 30, 2018, the City reported a liability of \$352,907 for its Total OPEB Liability. The Total OPEB Liability was determined by an actuarial valuation as of December 31, 2017. For the year ended September 30, 2018, the City recognized OPEB expense of \$29,368. There were no changes of benefit terms that affected measurement of the Total OPEB Liability during the measurement period.

\$1,980 reported as deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date will be recognized as a reduction of the Total OPEB Liability for the year ending September 30, 2019. Other amounts of the reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

For the Year  
Ended September 30,

2020	\$	5,665
2021	\$	5,665
2022	\$	5,665

## **Risk Management**

A public entity risk pool is a cooperative group of governmental entities joining together to finance an exposure, liability or risk. The City participates in the Texas Municipal League Risk Pool, a risk-sharing pool, for property, liability, and workers' compensation, wherein member cities pool risks and funds and share in the costs of losses. Claims against the City are expected to be paid by that public entity risk pool. Should the City become insolvent, or otherwise unable to pay claims, the City may have to pay the claims. There were no significant reductions in insurance coverage or insurance settlements exceeding insurance coverage during each of the past three years.

## **Prior Period Adjustment – Change in Accounting Principles**

During fiscal year 2018, the City adopted GASB Statement No. 75, *Accounting and Reporting for Post-Employment Benefits Other Than Pensions*. With GASB 75, the City must assume its Total OPEB Liability in connection with the TMRS SDBF and retiree health care plan. Adoption of GASB 75 required a prior period adjustment to report the effect of the standard retroactively. As such, beginning net position was restated by \$318,139 for governmental activities and \$67,178 for business-type activities.

## **Subsequent Event**

On October 9, 2018, the City issued \$6,265,000 of Combination Tax and Limited Pledge Revenue Certificates of Obligation, Series 2018. The debt will be used for city park improvements, acquisition and installation of water meter replacements, LED lighting for City facilities, downtown beautification, and payment of cost of issuance and professional services.
