

FOURTH SUPPLEMENT TO OFFICIAL STATEMENT DATED DECEMBER 6, 2019
Relating to

\$122,355,000
BEXAR COUNTY, TEXAS
COMBINATION TAX AND REVENUE
CERTIFICATES OF OBLIGATION,
SERIES 2019

This Fourth Supplement to the Official Statement originally dated December 6, 2019 (the "Official Statement") is being disseminated by Bexar County, Texas (the "County") with respect to its Combination Tax and Revenue Certificates of Obligation, Series 2019 (the "Certificates") for the purpose of notifying current and prospective owners of the Certificates of the correction of (i) the section entitled "SOURCES AND USES OF FUNDS OF THE CERTIFICATES" as provided on page 5 of the Official Statement, and (ii) the subsection entitled "OTHER PERTINENT INFORMATION – Underwriting" as provided on page 22 of the Official Statement.

The following information contains the corrected Sources and Uses of Funds:

SOURCES AND USES OF FUNDS OF THE CERTIFICATES

Sources of Funds:

Principal Amount of the Certificates	\$ 122,355,000.00
Original Issue Premium	19,550,681.00
Accrued Interest	318,015.83
County Contribution	<u>43,228.30</u>
Total Sources of Funds	\$142,266,925.13

Uses of Funds:

Deposit to Construction Fund	\$141,000,000.00
Underwriters' Discount	601,084.30
Costs of Issuance	347,825.00
Deposit to Certificate Fund	318,015.83
Contingency	<u>0.00</u>
Total Uses of Funds	\$142,266,925.13

The following information contains the corrected "Underwriting" subsection:

The Underwriters have agreed, subject to certain conditions, to purchase the Certificates at a price equal to the initial offering prices to the public, as shown on page -ii-, less an underwriting discount of \$601,084.30 plus a premium of \$19,550,681.00, plus accrued interest on the Certificates from the Dated Date through their date of initial delivery. The Underwriters' obligations are subject to certain conditions precedent. The Underwriters will be obligated to purchase all of the Certificates if any Certificates are purchased. The Certificates may be offered and sold to certain dealers and others at prices lower than such public offering price, and such public prices may be changed from time to time, by the Underwriters.

The Certificates are expected to be available for delivery through the services of DTC on or about January 6, 2020.

THIRD SUPPLEMENT TO OFFICIAL STATEMENT DATED DECEMBER 6, 2019
Relating to

\$122,355,000
BEXAR COUNTY, TEXAS
COMBINATION TAX AND REVENUE
CERTIFICATES OF OBLIGATION,
SERIES 2019

Non-delivery of Certificates of Obligation due to Pending Approval by the Texas Attorney General

Bexar County, Texas (the "County") was scheduled to deliver its \$122,355,000 Bexar County, Texas Combination Tax and Revenue Certificates of Obligation, Series 2019 (the "Certificates") on December 19, 2019. The Certificates were not delivered due to pending approval of legality by the Attorney General of the State of Texas (the "Texas Attorney General").

The County posted two previous supplements to the Official Statement on December 19, 2019 and December 24, 2019, respectively, which provided that the County was in the process of negotiations with the Texas Attorney General to address statutory procedural matters.

The County adopted an order approving, ratifying, and confirming the authorization and issuance of the Certificates on December 27, 2019 (the "Ratifying Order"). Based on the Ratifying Order, the Texas Attorney General will release its approving legal opinion on Monday, December 30, 2019.

The Certificates are expected to be available for delivery through the services of DTC on or about January 6, 2020.

SECOND SUPPLEMENT TO OFFICIAL STATEMENT DATED DECEMBER 6, 2019

Relating to

\$122,355,000

**BEXAR COUNTY, TEXAS
COMBINATION TAX AND REVENUE
CERTIFICATES OF OBLIGATION,
SERIES 2019**

Non-delivery of Certificates of Obligation due to Pending Approval by the Texas Attorney General

Bexar County, Texas (the "County") was scheduled to deliver its \$122,355,000 Bexar County, Texas Combination Tax and Revenue Certificates of Obligation, Series 2019 (the "Certificates") on December 19, 2019. The Certificates were not delivered due to pending approval of legality by the Attorney General of the State of Texas (the "Texas Attorney General").

The County posted a supplement to the Official Statement on December 19, 2019 which provided that the County was in the process of negotiations with the Texas Attorney General to address statutory procedural matters.

The County is continuing the process of negotiations with the Texas Attorney General. Furthermore, the County is in the process of implementing certain procedural steps which are intended to remedy the statutory procedural concerns of the Texas Attorney General including posting of a special meeting of the Commissioners Court of the County to consider the adoption of an order of approving, ratifying, and confirming the authorization and issuance of the Certificates on December 27, 2019. The County anticipates the delivery of the Certificates to occur on or before December 31, 2019.

The County will provide additional disclosure concerning this matter as it becomes available.

**SUPPLEMENT TO OFFICIAL STATEMENT DATED DECEMBER 6, 2019
Relating to**

**\$122,355,000
BEXAR COUNTY, TEXAS
COMBINATION TAX AND REVENUE
CERTIFICATES OF OBLIGATION,
SERIES 2019**

Non-delivery of Certificates of Obligation due to Pending Approval by the Texas Attorney General

Bexar County, Texas (the "County" or the "Issuer") was scheduled to deliver its \$122,355,000 Bexar County, Texas Combination Tax and Revenue Certificates of Obligation, Series 2019 (the "Certificates") on December 19, 2019. The Certificates were not delivered due to pending approval of legality by the Attorney General of the State of Texas (the "Texas Attorney General"). The County is in the process of negotiations with the Texas Attorney General to address statutory procedural matters. The County expects to know by Monday, December 23, 2019 whether the Texas Attorney General will agree to proposed additional procedures to address such statutory procedural concerns and thus permit the Certificates to be delivered on or before December 31, 2019. The County expects to provide additional disclosure concerning this matter on Monday, December 23, 2019.

OFFICIAL STATEMENT
DATED DECEMBER 6, 2019

NEW ISSUE - Book-Entry-Only

RATINGS: Fitch - "AAA"
Moody's - "Aaa"
S&P - "AAA"
(See "OTHER PERTINENT INFORMATION -
Certificate Ratings" herein.)

In the opinion of Bond Counsel, under existing law, interest on the Certificates is excludable from gross income for federal income tax purposes under section 103 of the Internal Revenue Code of 1986, as amended, and is not a specific preference item for purposes of the alternative minimum tax. See "TAX MATTERS" for a discussion of the opinion of Bond Counsel.

\$122,355,000
BEXAR COUNTY, TEXAS
COMBINATION TAX AND REVENUE
CERTIFICATES OF OBLIGATION,
SERIES 2019

Dated Date: December 15, 2019 (the "Dated Date")

Due: June 15, as shown on page -ii- hereof

The \$122,355,000 Bexar County, Texas Combination Tax and Revenue Certificates of Obligation, Series 2019 (the "Certificates") are being issued pursuant to the laws of the State of Texas (the "State"), including, specifically, Subchapter C of Chapter 271, as amended, Texas Local Government Code, Subchapter E of Chapter 1473, as amended, Texas Government Code, and Chapter 1371, as amended, Texas Government Code ("Chapter 1371") and an order (the "Order") adopted by the Commissioners Court (the "Commissioners Court") of Bexar County, Texas (the "County" or the "Issuer"), on December 3, 2019. In the Order, and as permitted by Chapter 1371, the Commissioners Court delegated to certain designated officials of the County the authority to establish the final terms of, as well as to effectuate the sale of the Certificates, and to execute an approval certificate relating to the Certificates evidencing such final terms of sale (the "Approval Certificate"). The Approval Certificate was executed by an authorized County official on December 6, 2019. See "THE CERTIFICATES - Authority for Issuance" herein.

The Certificates are issuable only as fully registered obligations in denominations of \$5,000 or any integral multiple thereof. Interest on the Certificates will accrue from the Dated Date, will be payable on June 15 and December 15 of each year, commencing June 15, 2020 until stated maturity or prior redemption, and will be calculated on the basis of a 360-day year of twelve 30-day months. The Certificates are initially registered solely in the name Cede & Co., as registered owner and nominee for The Depository Trust Company, New York, New York ("DTC") acting as securities depository for the Certificates, until DTC resigns or is discharged. The Certificates initially will be available to purchasers (the "Beneficial Owners") in book-entry form only. So long as Cede & Co. is the registered owner of the Certificates, as nominee for DTC, the Paying Agent/Registrar, initially, BOKF, N.A., Dallas, Texas, will pay the principal of and interest on the Certificates to Cede & Co., which will, in turn, remit such amounts to DTC participants for subsequent disbursement to the Beneficial Owners of the Certificates. (See "BOOK-ENTRY-ONLY SYSTEM" herein.)

Proceeds from the sale of the Certificates are being used by the County for the purposes of making permanent public improvements and for other public purposes, to-wit: (1) designing, acquiring, constructing, renovating, improving and equipping the Bexar County Courthouse, Bexar County Jail, the "old" Bexar County Jail, Bexar County Adult Detention Facilities (Annex and Detention Center), Bexar County Juvenile Detention Facilities, Justice of the Peace/Constable Facilities, Forensic Science Center, Technology Centers, Bexar County Crime Lab, Bexar County Sheriff's Department law enforcement facilities, Bexar County Justice Center, Bexar County District Court Facilities, Bexar County Data Center, Bexar County Public Works Facility, and other Bexar County-owned administrative facilities, recreational facilities, mental health services facilities, library facilities, and civil and criminal justice facilities; (2) acquiring computer hardware and software and other technology (including information technology system and network upgrades and improvements), communication, and audio/visual equipment and the payment of professional fees related thereto, including the County-wide Integrated Justice System and Financial Management System; (3) acquiring, constructing, renovating, improving, and equipping parks and recreational facilities and the purchase of park vehicles; (4) acquiring vehicles and equipment for various County offices and departments; (5) designing, constructing, repairing, and improving County roads (including utilities relocation and related bridge and drainage improvements); (6) constructing improvements for flood control purposes, including landscaping, sidewalk, road and bridge related improvements, acquisition of technology improvements, and purchase of equipment, machinery, land, rights-of-way, materials, and supplies for authorized needs and purposes; (7) designing, acquiring, constructing, renovating, improving, and equipping of a County facility for the purpose of manufacturing enterprise; (8) acquiring materials, supplies, equipment, machinery, land, easements, right-of-way and other interests in real property for authorized needs and purposes relating to any of the foregoing purposes; and (9) the payment of professional services related to the design, construction, project management, and financing of the aforementioned projects. (See "THE CERTIFICATES - Use of Proceeds" herein.)

The Certificates are payable primarily from an annual ad valorem tax levied against all taxable property located in the County, within the limitations prescribed by law, and additionally from a subordinate lien on and pledge of certain net revenues derived from the operation of the County's parking facilities (the "Pledged Revenues") on a parity with the currently outstanding Obligations Similarly Secured (as defined in the Order), such lien on and pledge of the Pledged Revenues being subordinate and inferior to the lien on and pledge of Net Revenues securing payment of any Prior Lien Bonds or Additional Revenue Obligations (each term as defined in the Order) hereafter issued by the County. In the Order, the County reserves and retains the right to issue Prior Lien Bonds, Additional Revenue Obligations, and Additional Parity Obligations while the Certificates are Outstanding, without limitation as to principal amount, but subject to any terms, conditions or restrictions as may be applicable thereto under law or otherwise. (See "THE CERTIFICATES - Authority for Issuance" and "THE CERTIFICATES - Security for Payment" herein.)

Concurrently with the issuance of the Certificates, the County is issuing its \$79,645,000 Limited Tax Refunding Bonds, Series 2019 and \$45,310,000 Flood Control Tax Refunding Bonds, Series 2019 (collectively, the "Refunding Bonds") for the purpose of refunding certain of its ad valorem tax-secured obligations (collectively, the "Refunded Obligations") to realize debt service savings. This Official Statement describes only the Certificates and not the Refunding Bonds and investors must review the County's disclosure documents relating to the Refunding Bonds in their entirety prior to making an investment decision with respect thereto. (See "INTRODUCTION - Additional Debt Issuances".)

SEE STATED MATURITY SCHEDULE, PRINCIPAL AMOUNTS, INTEREST RATES, INITIAL YIELDS,
CUSIP NUMBERS AND REDEMPTION PROVISIONS ON PAGE -ii- HEREOF

The Certificates are offered for delivery when, as and if issued and received by the initial purchasers thereof named below (collectively, the "Underwriters") subject to the approval of legality by the Attorney General of the State of Texas and the approval of certain legal matters by Bracewell LLP, San Antonio, Texas, Bond Counsel. Certain legal matters will be passed upon for the Underwriters by their co-counsel McCall, Parkhurst & Horton L.L.P., San Antonio, Texas, and Kassahn & Ortiz, P.C., San Antonio, Texas. The Certificates are expected to be available for initial delivery through the services of DTC on or about December 19, 2019.

USE OF INFORMATION IN OFFICIAL STATEMENT

No dealer, broker, salesman, or other person has been authorized by the County to give any information or to make any representation with respect to the Certificates, other than as contained in this Official Statement, and if given or made, such other information or representations must not be relied upon as having been authorized by either of the foregoing.

This Official Statement does not constitute an offer to sell or a solicitation of an offer to buy, nor shall there be any sale of the Certificates by any person, in any jurisdiction in which it is unlawful for such person to make such offer, solicitation, or sale. The information set forth herein has been obtained from sources which are believed to be reliable but is not guaranteed as to accuracy or completeness and is not to be construed as a representation by the Underwriters.

The information and expressions of opinion herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall under any circumstances create any implication that there has been no change in the information or opinions set forth herein after the date of this Official Statement. See "CONTINUING DISCLOSURE OF INFORMATION" for a description of the County's undertaking to provide certain information on a continuing basis.

The Underwriters have provided the following sentence for inclusion in this Official Statement. The Underwriters have reviewed the information in this Official Statement in accordance with, and as part of, their responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriters do not guarantee the accuracy or completeness of such information.

THE CERTIFICATES ARE EXEMPT FROM REGISTRATION WITH THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION AND CONSEQUENTLY HAVE NOT BEEN REGISTERED THEREWITH. THE REGISTRATION, QUALIFICATION, OR EXEMPTION OF THE CERTIFICATES IN ACCORDANCE WITH APPLICABLE SECURITIES LAW PROVISIONS OF THE JURISDICTIONS IN WHICH THESE CERTIFICATES HAVE BEEN REGISTERED, QUALIFIED, OR EXEMPTED SHOULD NOT BE REGARDED AS A RECOMMENDATION FOR THE PURCHASE THEREOF.

IN CONNECTION WITH THIS OFFERING, THE UNDERWRITERS MAY OVER-ALLOT OR EFFECT TRANSACTIONS WHICH STABILIZE THE MARKET PRICE OF THIS ISSUE AT A LEVEL ABOVE THAT WHICH MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME.

THIS OFFICIAL STATEMENT CONTAINS "FORWARD-LOOKING" STATEMENTS WITHIN THE MEANING OF SECTION 21E OF THE SECURITIES AND EXCHANGE ACT OF 1934, AS AMENDED. SUCH STATEMENTS MAY INVOLVE KNOWN AND UNKNOWN RISKS, UNCERTAINTIES AND OTHER FACTORS WHICH MAY CAUSE THE ACTUAL RESULTS, PERFORMANCE AND ACHIEVEMENTS TO BE DIFFERENT FROM THE FUTURE RESULTS, PERFORMANCE AND ACHIEVEMENTS EXPRESSED OR IMPLIED BY SUCH FORWARD-LOOKING STATEMENTS. INVESTORS ARE CAUTIONED THAT THE ACTUAL RESULTS COULD DIFFER MATERIALLY FROM THOSE SET FORTH IN THE FORWARD-LOOKING STATEMENTS.

None of the County, the Co-Financial Advisors, nor the Underwriters make any representation or warranty with respect to the information contained in this Official Statement regarding the DTC or its "BOOK-ENTRY-ONLY SYSTEM," as such information has been provided by DTC.

The agreements of the County and others related to the Certificates are contained solely in the contracts described herein. Neither this Official Statement, nor any other statement made in connection with the offer or sale of the Certificates, is to be construed as constituting an agreement with the purchasers of the Certificates. INVESTORS SHOULD READ THE ENTIRE OFFICIAL STATEMENT, INCLUDING ALL APPENDICES ATTACHED HERETO, TO OBTAIN INFORMATION ESSENTIAL TO MAKING AN INFORMED INVESTMENT DECISION WITH RESPECT TO THE CERTIFICATES.

OFFICIAL STATEMENT
RELATING TO
\$122,355,000
BEXAR COUNTY, TEXAS
COMBINATION TAX AND REVENUE
CERTIFICATES OF OBLIGATION, SERIES 2019

INTRODUCTION

This Official Statement has been prepared by Bexar County, Texas (the "Issuer" or the "County"), in connection with its offering of its Combination Tax and Revenue Certificates of Obligation, Series 2019 (the "Certificates"). Capitalized terms used, but not defined, herein shall have the respective meanings ascribed thereto in the Order (hereinafter defined).

There follows in this Official Statement descriptions of the Certificates and certain other information about the County and its finances. All descriptions of documents contained herein are only summaries and are qualified in their entirety by reference to each such document. Copies of such documents may be obtained from the County at 101 W. Nueva, Suite 901, San Antonio, Texas 78205 and, during the offering period, from the County's Co-Financial Advisors, SAMCO Capital Markets, Inc., 1020 N.E. Loop 410, Suite 640, San Antonio, Texas 78209, and RBC Capital Markets, LLC, 303 Pearl Parkway, Suite 220, San Antonio, Texas 78215, upon request by electronic mail or physical delivery upon payment of reasonable copying, mailing, and handling charges.

This Official Statement speaks only as to its date, and the information contained herein is subject to change. A copy of the final Official Statement, in final form, will be deposited with the Municipal Securities Rulemaking Board through its Electronic Municipal Market Access ("EMMA") system. See "CONTINUING DISCLOSURE OF INFORMATION" herein for a description of the County's undertaking to provide certain information on a continuing basis.

Additional Debt Issuances

Concurrently with the issuance of the Certificates, the County is issuing its \$79,645,000 Limited Tax Refunding Bonds, Series 2019 and \$45,310,000 Flood Control Tax Refunding Bonds, Series 2019 (collectively, the "Refunding Bonds") for the purpose of refunding certain of its ad valorem tax-secured obligations (collectively, the "Refunded Obligations") to realize debt service savings. This Official Statement describes only the Certificates and not the Refunding Bonds and investors must review the County's disclosure documents relating to the Refunding Bonds in their entirety prior to making an investment decision with respect thereto.

Additionally, the County anticipates the issuance of an additional series of pass-through revenue and limited tax bonds within the next 24 months in the approximate amount of \$24 million to complete the SH 211 Potranco Road Project. The actual date of issuance of this series of pass-through revenue and limited tax bonds has not been determined.

With the exception of the previously referenced Refunding Bonds and the pass-through revenue and limited tax bonds, the County does not have specific plans for the issuance of additional debt. For forecasting purposes, the County does assume that approximately \$60 million in combination tax and revenue certificates of obligation may be issued at some point in the next two fiscal years. The County may also consider the issuance of refunding bonds to achieve debt service savings.

THE CERTIFICATES

Authority for Issuance

The Certificates are being issued pursuant to the laws of the State of Texas (the "State"), Subchapter C of Chapter 271, as amended, Texas Local Government Code, Subchapter E of Chapter 1473, as amended, Texas Government Code, and Chapter 1371, as amended, Texas Government Code ("Chapter 1371") and an order (the "Order") adopted by the Commissioners Court of the County (the "Commissioners Court") on December 3, 2019. In the Order, and as permitted by Chapter 1371, the Court delegated to certain designated officials of the County the authority to establish the final terms of, as well as to effectuate the sale of the Certificates, and to execute an approval certificate relating to the Certificates evidencing such final terms of sale (the "Approval Certificate"). The Approval Certificate was executed by an authorized County official on December 6, 2019.

General Description

The Certificates will be dated December 15, 2019 (the "Dated Date"). The Certificates will be issued only in fully registered form and in principal denominations of \$5,000 or any integral multiple thereof. The Certificates will bear interest from the Dated Date at the stated interest rates indicated on page -ii- hereof. Interest on the Certificates will be calculated on the basis of a 360-day year of twelve 30-day months payable on June 15, 2020 and each December 15 and June 15 thereafter, until stated maturity or prior redemption.

Interest on the Certificates is payable to the registered owners appearing on the bond registration books of the Paying Agent/Registrar (identified herein) on the Record Date (identified below) and such interest shall be paid by the Paying Agent/Registrar (i) by check sent by United States mail, first class, postage prepaid, to the address of the registered owner recorded in the bond register or (ii) by such other method, acceptable to the Paying Agent/Registrar, requested by, and at the risk and expense of, the registered owner. The principal of the Certificates is payable at stated maturity or redemption, upon their presentation and surrender to the Paying Agent/Registrar.

Initially the Certificates will be registered and delivered only to Cede & Co., the nominee of The Depository Trust Company, New York, New York ("DTC") pursuant to the Book-Entry-Only System described herein. **No physical delivery of the Certificates will be made to the owners thereof (the "Beneficial Owners").** Notwithstanding the foregoing, as long as the Certificates are held in the Book-Entry-Only System, principal of, premium, if any, and interest on the Certificates will be payable by the Paying Agent/Registrar to Cede & Co., which will make distribution of the amounts so paid to the participating members of DTC for subsequent payment to the Beneficial Owners of the Certificates. (See "BOOK-ENTRY-ONLY SYSTEM" herein.)

Security for Payment

The Certificates will be payable primarily from the proceeds of an annual ad valorem tax levied, within the limitations prescribed by law, upon all taxable property within the County. Chapter 1208, Texas Government Code, applies to the issuance of the Certificates and the pledge of the taxes granted by the County under the Order and such pledge is, therefore, valid, effective, and perfected. The Certificates are payable from the County's \$0.80 tax rate authorized by Article VIII, Section 9 of the Texas Constitution and are additionally payable from and equally and ratably secured by a lien on and pledge of the Pledged Revenues (as defined below) derived from the operation of the County's parking facilities on a parity with the currently outstanding Obligations Similarly Secured (as defined in the Order), such lien on and pledge of the Pledged Revenues being subordinate and inferior to the lien on and pledge of Net Revenues securing payment of any Prior Lien Bonds or Additional Revenue Obligations (each as defined in the Order) hereafter issued by the County. In the Order, the County reserves and retains the right to issue Prior Lien Bonds, Additional Revenue Obligations, and Additional Parity Obligations (as defined herein), while the Certificates are outstanding, without limitation as to principal amount but subject to any terms, conditions or restrictions as may be applicable thereto under law or otherwise. (See "AD VALOREM PROPERTY TAXATION - Debt Tax Rate Limitations" and "APPENDIX A - SELECTED FINANCIAL INFORMATION OF BEXAR COUNTY, TEXAS - Obligations Outstanding" herein).

Solely to comply with Texas law allowing the Certificates to be sold for cash, the Certificates are payable additionally from a pledge of and subordinate lien on the Pledged Revenues.

The term "Pledged Revenues," as defined in the Order, means a portion of the Net Revenues of the County's parking facilities securing the payment of the currently outstanding Obligations Similarly Secured or any Additional Parity Obligations hereafter issued by the County. The amount of Pledged Revenues appropriated during any fiscal year and set aside in the annual budget for the payment of principal of or interest on each series of the currently outstanding Obligations Similarly Secured and the Certificates will be determined within the sole discretion of the Commissioners Court; provided, however, that in no event may the Commissioners Court in the exercise of its discretion appropriate less than \$1,000, or such lesser amount remaining and available after the payment of all Maintenance and Operation Expenses, of such Net Revenues for the payment of the principal of or interest on each issue of the currently outstanding Obligations Similarly Secured, the Certificates, or any Additional Parity Obligations hereafter issued by the County.

The County has transferred approximately \$450,000 of Pledged Revenues in each of the five prior fiscal years for the payment of debt service requirements on the Obligations Similarly Secured; however, the holders of the Certificates should not anticipate that the County will transfer an amount in excess of \$1,000 in each fiscal year for the payment of principal of and interest on the Certificates. Accordingly, the County intends that ad valorem taxes will be the primary source for the repayment of the debt service requirements on the Certificates.

Payment Record

The County has never defaulted on the payment of its bonded indebtedness.

Legality

The Certificates are offered for delivery when issued and received by the Underwriters subject to the approval of certain legal matters by Bracewell LLP, San Antonio, Texas, Bond Counsel, and the approving opinion of the Attorney General of the State of Texas. The form of the legal opinion of Bond Counsel appears in APPENDIX D hereto.

Delivery

The Certificates will be delivered when issued; anticipated on or about December 19, 2019.

Use of Proceeds

Proceeds from the sale of the Certificates are being used by the County for the purposes of making permanent public improvements and for other public purposes, to-wit: (1) designing, acquiring, constructing, renovating, improving and equipping the Bexar County Courthouse, Bexar County Jail, the "old" Bexar County Jail, Bexar County Adult Detention Facilities (Annex and Detention Center), Bexar County Juvenile Detention Facilities, Justice of the Peace/Constable Facilities, Forensic Science Center, Technology Centers, Bexar County Crime Lab, Bexar County Sheriff's Department law enforcement facilities, Bexar County Justice Center, Bexar County District Court Facilities, Bexar County Data Center, Bexar County Public Works Facility, and other Bexar County-owned administrative facilities, recreational facilities, mental health services facilities, library facilities, and civil and criminal justice facilities; (2) acquiring computer hardware and software and other technology (including information technology system and network upgrades and improvements), communication, and audio/visual equipment and the payment of professional fees related thereto, including the County-wide Integrated Justice System and Financial Management System; (3) acquiring, constructing, renovating, improving, and equipping parks and recreational facilities and the purchase of park vehicles; (4) acquiring vehicles and equipment for various County offices and departments; (5) designing, constructing, repairing, and improving County roads (including utilities relocation and related bridge and drainage improvements); (6) constructing improvements for flood control purposes, including landscaping, sidewalk, road and bridge related improvements, acquisition of technology improvements, and purchase of equipment, machinery, land, rights-of-way, materials, and supplies for authorized needs and purposes; (7) designing, acquiring, constructing, renovating, improving, and equipping of a County facility for the purpose of manufacturing enterprise; (8) acquiring materials, supplies, equipment, machinery, land, easements, right-of-way and other interests in real property for authorized needs and purposes relating to any of the foregoing purposes; and (9) the payment of professional services related to the design, construction, project management, and financing of the aforementioned projects.

Optional Redemption Provisions

The Certificates stated to mature on and after June 15, 2029 are subject to optional redemption, in whole or in part in principal amounts of \$5,000 or any integral multiple thereof (and if less than all within a stated maturity by lot, selected by the Paying Agent/Registrar), on June 15, 2028 or on any date thereafter, at a price of par plus accrued interest to the date fixed for redemption.

Mandatory Sinking Fund Redemption Provisions

The Certificates maturing on June 15, 2046 (the "Term Certificates") are also subject to mandatory sinking fund redemption in part prior to maturity at the price of par plus accrued interest to the mandatory sinking fund redemption date on the date and in the principal amount as follows:

Term Certificates Maturing June 15, 2046	
Redemption Date (6/15)	Principal Amount(\$)
2041	4,120,000
2042	5,360,000
2043	4,495,000
2044	4,680,000
2045	4,865,000
2046*	5,060,000

* Stated maturity.

The principal amount of a Term Certificate required to be redeemed pursuant to the operation of such mandatory redemption provisions will be reduced, at the option of the County, by the principal amount of any Term Certificates of such stated maturity which, at least 50 days prior to the mandatory redemption date (1) will have been defeased or acquired by the County and delivered to the Paying Agent/Registrar for cancellation, (2) will have been purchased and canceled by the Paying Agent/Registrar at the request of the County with money in the Bond Fund, or (3) will have been redeemed pursuant to the optional redemption provisions set forth in the Order (and described above) and not theretofore credited against a mandatory redemption requirement.

Notice of Redemption

Not less than thirty (30) days prior to a redemption date for the Certificates the County will cause a notice of redemption to be sent by United States mail, first class, postage prepaid, to the Owners of the Certificates to be redeemed at the address of the Owners appearing on the registration books of the Paying Agent/Registrar at the close of business on the business day next preceding the date of mailing such notice.

In the Order, the County reserves the right, in the case of an optional redemption, to give notice of its election or direction to redeem the Certificates conditioned upon the occurrence of subsequent events. Such notice may state (i) that the redemption is conditioned upon the deposit of moneys and/or authorized securities, in an amount equal to the amount necessary to effect the redemption, with the Paying Agent/Registrar, or such other entity as may be authorized by law, no later than the redemption date, or (ii) that the County retains the right to rescind such notice at any time on or prior to the scheduled redemption date if the County delivers a certificate of the County to the Paying Agent/Registrar instructing the Paying Agent/Registrar to rescind the redemption notice, and such redemption notice and redemption will be of no effect if such moneys and/or authorized securities are not so deposited or if the notice is rescinded. The Paying Agent/Registrar will give prompt notice of any such rescission of a conditional notice of redemption to the affected Owners. Any Certificate subject to conditional notice of redemption where such redemption has been rescinded will remain Outstanding, and the rescission of such redemption will not constitute an event of default. Further, in the case of a conditional notice of redemption, the failure of the County to make moneys and/or authorized securities available in part or in whole on or before the redemption date will not constitute an event of default.

ANY NOTICE SO MAILED WILL BE CONCLUSIVELY PRESUMED TO HAVE BEEN DULY GIVEN, WHETHER OR NOT THE REGISTERED OWNER RECEIVES SUCH NOTICE. NOTICE HAVING BEEN SO GIVEN AND SUBJECT, IN THE CASE OF AN OPTIONAL REDEMPTION, TO ANY RIGHTS OR CONDITIONS RESERVED BY THE COUNTY IN THE NOTICE, THE CERTIFICATES CALLED FOR REDEMPTION WILL BECOME DUE AND PAYABLE ON THE SPECIFIED REDEMPTION DATE, AND NOTWITHSTANDING THAT ANY CERTIFICATE OR PORTION THEREOF HAS NOT BEEN SURRENDERED FOR PAYMENT, INTEREST ON SUCH CERTIFICATE OR PORTION THEREOF WILL CEASE TO ACCRUE.

The Paying Agent/Registrar and the County, so long as the Book-Entry-Only System of the Depository Trust Company ("DTC"), New York, New York, is used for the Certificates, will send any notice of redemption, notice of proposed amendment to the Order or other notices with respect to the Certificates only to DTC. Any failure by DTC to advise any DTC participant, or of any DTC participant or indirect participant to notify the Beneficial Owner, will not affect the validity of the redemption of the Certificates called for redemption or any other action premised on any such notice. Redemption of portions of the Certificates by the County will reduce the outstanding principal amount of the Certificates held by DTC.

Discharge

The Order provides that the County may discharge its obligations to the registered owners of any or all of the Certificates to pay principal, interest and redemption price thereon in any manner permitted by law.

Under current State law, such discharge may be accomplished either (i) by depositing with the Comptroller of Public Accounts of the State of Texas a sum of money equal to the principal of, premium, if any, and all interest to accrue on the Certificates to maturity or redemption or (ii) by depositing with a trust company, commercial bank or any place of payment (paying agent) for obligations of the County payable from revenues or from ad valorem taxes or both, amounts sufficient to provide for the payment and/or redemption of the Certificates; provided, however, that such deposits may be invested and reinvested only in (a) direct non-callable obligations of the United States of America, including obligations that are unconditionally guaranteed by the United States of America; (b) non-callable obligations of an agency or instrumentality of the United States, including obligations that are unconditionally guaranteed or insured by the agency or instrumentality and that, on the date the governing body of the County adopts or approves the proceedings authorizing the defeasance and/or redemption of the Certificates, are rated as to investment quality by a nationally recognized investment rating firm not less than "AAA" or its equivalent; and (c) non-callable obligations of a state or an agency or a county, municipality, or other political subdivision of a state that have been refunded and that, on the date the governing body of the County adopts or approves the proceedings authorizing the defeasance and/or redemption of the Certificates, are rated as to investment quality by a nationally recognized investment rating firm not less than "AAA" or its equivalent. The foregoing obligations may be in book-entry form, and will mature and/or bear interest payable at such times and in such amounts as will be sufficient to provide for the scheduled payment and/or redemption of the Certificates. If any of the Certificates are to be redeemed prior to their respective dates of maturity, provision must have been made for giving notice of redemption as provided in the Order.

Under current State law, upon such deposit as described above, the Certificates will no longer be regarded to be outstanding for any purpose other than the payment thereof. After firm banking and financial arrangements for the discharge and final payment or redemption of the Certificates have been made as described above, all rights of the County to initiate proceedings to call the Certificates for redemption or take any other action amending the terms of the Certificates are extinguished; provided, however, that the right to call the Certificates for redemption is not extinguished if the County: (i) in the proceedings providing for the firm banking and financial arrangements, expressly reserves the right to call the Certificates for redemption; (ii) gives notice of the reservation of that right to the owners of the Certificates immediately following the making of the firm banking and financial arrangements; and (iii) directs that notice of the reservation be included in any redemption notices that it authorizes.

Amendments

The County may amend the Order without the consent of or notice to any registered owner in any manner not detrimental to the interests of the registered owners, including the curing of any ambiguity, inconsistency, or formal defect or omission therein. In addition, the County may, with the written consent of the owners of a majority in aggregate principal

amount of the Certificates then outstanding, amend, add to, or rescind any of the provisions of the Order; except that, without the consent of all of the registered owners of the Certificates then outstanding, no such amendment, addition, or rescission may (1) change the date specified as the date on which the principal of, or any installment of interest on, any Certificate is due and payable, reduce the principal amount thereof, the redemption price therefor, or the rate of interest thereon, or in any other way modify the terms of payment of the principal of, or interest on the Certificates, (2) give any preference to any Certificate over any other Certificate, or (3) reduce the percentage of the aggregate principal amount of Certificates required to be held for consent to any amendment, addition, or waiver.

Defaults and Remedies

If the County defaults in the payment of principal, interest, or redemption price on the Certificates when due, or if it fails to make payments into any fund or funds created in the Order, or defaults in the observation or performance of any other covenants, conditions, or obligations set forth in the Order, the registered owners may seek a writ of mandamus to compel County officials to carry out their legally imposed duties with respect to the Certificates, if there is no other available remedy at law to compel performance of the Certificates or Order and the County’s obligations are not uncertain or disputed. The issuance of a writ of mandamus is controlled by equitable principles, so rests with the discretion of the court, but may not be arbitrarily refused. There is no acceleration of maturity of the Certificates in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year. The Order does not provide for the appointment of a trustee to represent the interest of the bondholders upon any failure of the County to perform in accordance with the terms of the Order, or upon any other condition and accordingly all legal actions to enforce such remedies would have to be undertaken at the initiative of, and be financed by, the registered owners. Texas counties are generally immune from suits for money damages for breach of contracts under the doctrine of sovereign immunity. The Texas Supreme Court ruled in *Tooke v. City of Mexia*, 197 S.W.3d 325 (Tex. 2006) that a waiver of sovereign immunity in a contractual dispute must be provided for by statute in “clear and unambiguous” language. Because it is unclear whether the Texas legislature has effectively waived the County’s sovereign immunity from a suit for money damages, bondholders may not be able to bring such a suit against the County for breach of the Certificates or the Order covenants. Chapter 1371, which pertains to the issuance of public securities by issuers such as the County, permits the County to waive sovereign immunity in the proceedings authorizing the issuance of the Certificates. Notwithstanding its reliance upon the provisions of Chapter 1371 in connection with its issuance of the Certificates (as further described in “THE CERTIFICATES – Authority for Issuance” herein), the County has not waived the defense of sovereign immunity with respect thereto. Even if a judgment against the County could be obtained, it could not be enforced by direct levy and execution against the County’s property. Further, the registered owners cannot themselves foreclose on property within the County or sell property within the County to enforce the tax lien on taxable property to pay the principal of and interest on the Certificates. Furthermore, the County is eligible to seek relief from its creditors under Chapter 9 of the U.S. Bankruptcy Code (“Chapter 9”). Although Chapter 9 provides for the recognition of a security interest represented by a specifically pledged source of revenues, the pledge of ad valorem taxes in support of a general obligation of a bankrupt entity is not specifically recognized as a security interest under Chapter 9. Chapter 9 also includes an automatic stay provision that would prohibit, without Bankruptcy Court approval, the prosecution of any other legal action by creditors or bondholders of an entity which has sought protection under Chapter 9. Therefore, should the County avail itself of Chapter 9 protection from creditors, the ability to enforce would be subject to the approval of the Bankruptcy Court (which could require that the action be heard in Bankruptcy Court instead of other federal or state court); and the Bankruptcy Code provides for broad discretionary powers of a Bankruptcy Court in administering any proceeding brought before it. The opinion of Bond Counsel will note that all opinions relative to the enforceability of the Order and the Certificates are qualified with respect to the customary rights of debtors relative to their creditors and general principles of equity which permit the exercise of judicial discretion.

SOURCES AND USES OF FUNDS OF THE CERTIFICATES

Sources of Funds:	
Principal Amount of the Certificates	\$ 122,355,000.00
Original Issue Premium	19,674,119.35
Accrued Interest	<u>60,574.45</u>
Total Sources of Funds	\$142,089,693.80
 Uses of Funds:	
Deposit to Construction Fund	\$141,000,000.00
Underwriters’ Discount	601,084.30
Costs of Issuance	425,000.00
Deposit to Certificate Fund	60,574.45
Contingency	<u>3,035.05</u>
Total Uses of Funds	\$142,089,693.80

REGISTRATION, TRANSFER, AND EXCHANGE

Paying Agent/Registrar

The initial Paying Agent/Registrar is BOKF, N.A., Dallas, Texas. The Certificates will be issued in fully registered form in multiples of \$5,000 for any one stated maturity. Principal of and interest on the Certificates will be paid by the Paying Agent/Registrar. If the Certificates are not held in the Book-Entry-Only System, interest on the Certificates will be paid by check or draft mailed on each interest payment date by the Paying Agent/Registrar to the registered owner at the last known address as it appears on the Paying Agent/Registrar's books on the Record Date (see "REGISTRATION, TRANSFER, AND EXCHANGE - Record Date" herein) or by such other method, acceptable to the Paying Agent/Registrar, requested by and at the risk and expense of the registered owner, and principal of the Certificates will be paid to the registered owner at stated maturity or earlier redemption upon presentation to the Paying Agent/Registrar. If the date for the payment of the principal or interest on the Certificates shall be a Saturday, Sunday, a legal holiday or a day when banking institutions in the city where the corporate offices of the Paying Agent/ Registrar is located are authorized to close, then the date for such payment shall be the next succeeding day which is not such a day, and payment on such date shall have the same force and effect as if made on the date payment was due.

Successor Paying Agent/Registrar

The County covenants that until the Certificates are paid it will at all times maintain and provide a paying agent/registrar. In the Order, the County retains the right to replace the Paying Agent/Registrar. If the Paying Agent/Registrar is replaced by the County, the new Paying Agent/Registrar must accept the previous Paying Agent/Registrar's records and act in the same capacity as the previous Paying Agent/Registrar. Any successor Paying Agent/Registrar selected by the County must be a bank, trust company, financial institution or other entity duly qualified and legally authorized to serve and perform the duties of Paying Agent/Registrar for the Certificates. Upon any change in the Paying Agent/Registrar for the Certificates, the County will promptly cause a notice thereof to be sent to each registered owner of the Certificates by United States mail, first class, postage prepaid, which notice shall give the address of the new Paying Agent/Registrar.

Record Date

The date for determining the registered owner entitled to the receipt of payment of interest on a Certificate is the last business day of the month next preceding each interest payment date ("Record Date").

If the date for the payment of the principal of or interest on the Certificates is a Saturday, a Sunday, a legal holiday or a day on which banking institutions in the city where the corporate trust office of the Paying Agent/Registrar is located are authorized by law or executive order to close, then the date for such payment is the next succeeding day which is not such a day and payment on such date will have the same force and effect as if made on the original date payment was due.

Special Record Date for Interest Payment

In the event of a non-payment of interest on a scheduled payment date, and for 30 days thereafter, a new record date for such interest payment (a "Special Record Date") will be established by the Paying Agent/Registrar, if and when funds for the payment of such interest have been received. Notice of the Special Record Date and of the scheduled payment date of the past due interest (which shall be 15 days after the Special Record Date) shall be sent at least five (5) business days prior to the Special Record Date by United States mail, first class, postage prepaid, to the address of each registered owner of a Certificate appearing on the books of the Paying Agent/Registrar at the close of business on the last business day next preceding the date of mailing of such notice.

Registration, Transferability and Exchange

In the event the Book-Entry-Only System is discontinued, printed certificates will be issued to the registered owners of the Certificates and thereafter the Certificates may be transferred, registered, and assigned on the registration books of the Paying Agent/Registrar only upon presentation and surrender thereof to the Paying Agent/Registrar, and such registration and transfer will be without expense or service charge to the registered owner, except for any tax or other governmental charges required to be paid with respect to such registration and transfer. A Certificate may be assigned by the execution of an assignment form on the Certificate or by other instrument of transfer and assignment acceptable to the Paying Agent/Registrar. A new Certificate or Certificates will be delivered by the Paying Agent/Registrar in lieu of the Certificates being transferred or exchanged at the designated office of the Paying Agent/Registrar or sent by United States registered mail to the new registered owner at the registered owner's request, risk and expense. New Certificates issued in an exchange or transfer of Certificates will be delivered to the registered owner or assignee of the registered owner in not more than three business days after the receipt of the Certificates to be canceled in the exchange or transfer and the written instrument of transfer or request for exchange duly executed by the registered owner or his duly authorized agent, in form satisfactory to the Paying Agent/Registrar. New Certificates registered and delivered in an exchange or transfer will be in denominations of \$5,000 for any one stated maturity or any integral multiple thereof and for a like aggregate principal amount and at the same maturity or maturities as the Certificates surrendered for exchange or transfer. Neither the County nor the Paying Agent/Registrar will be required to transfer or exchange any Certificates (i) during a period beginning at the close of business on any Record Date and ending with the next interest payment date or (ii) with respect to any

Certificates or any portion thereof called for redemption prior to maturity, within 45 days prior to its redemption date. (See "BOOK-ENTRY-ONLY SYSTEM" herein for a description of the system to be utilized initially in regard to ownership and transferability of the Certificates.)

Limitation on Transferability of Certificates Called for Redemption

Neither the County nor the Paying Agent/Registrar will be required to issue, transfer or exchange any Certificate called for redemption, in whole or in part, within 45 days of the date fixed for redemption; provided, however, such limitation on transferability will not be applicable to an exchange by the registered owner of the unredeemed principal balance of a Certificate called for redemption in part.

BOOK-ENTRY-ONLY SYSTEM

The following describes how ownership of the Certificates is to be transferred and how the principal of and interest on the Certificates are to be paid to and credited by DTC while the Certificates are registered in its nominee name. The information in this section concerning DTC and the Book-Entry-Only System has been provided by DTC for use in disclosure documents such as this Official Statement. The County, the Co-Financial Advisors and the Underwriters believe the source of such information to be reliable but take no responsibility for the accuracy or completeness thereof.

The County cannot and does not give any assurance that (1) DTC will distribute payments of debt service on the Certificates, or redemption or other notices, to DTC Participants, (2) DTC Participants or others will distribute debt service payments paid to DTC or its nominee (as the registered owner of the Certificates), or redemption or other notices, to the Beneficial Owners, or that they will do so on a timely basis, or (3) DTC will serve and act in the manner described in this Official Statement. The current rules applicable to DTC are on file with the United States Securities and Exchange Commission, and the current procedures of DTC to be followed in dealing with DTC Participants are on file with DTC.

The Depository Trust Company ("DTC"), New York, New York, will act as securities depository for the Certificates. The Certificates will be issued as fully registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered security certificate will be issued for each maturity of the Certificates, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation, and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a S&P Global Ratings' rating of "AA+." The DTC Rules applicable to its Participants are on file with the United States Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Certificates under the DTC system must be made by or through Direct Participants, which will receive a credit for the Certificates on DTC's records. The ownership interest of each actual purchaser of each Certificate ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Certificates are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Certificates, except in the event that use of the book-entry-only system for the Certificates is discontinued.

To facilitate subsequent transfers, all Certificates deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Certificates with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Certificates; DTC's records reflect only the identity of the Direct Participants to whose accounts such Certificates are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Certificates may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Certificates, such as redemptions, defaults, and proposed amendments to the Certificate documents. For example, Beneficial Owners of Certificates may wish to ascertain that the nominee holding the Certificates for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Certificates within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Certificates unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the County as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Certificates are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds and principal and interest payments on the Certificates will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the County or the Paying Agent/Registrar, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC [nor its nominee], the Paying Agent/Registrar, or the County, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds and principal and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the County or the Paying Agent/Registrar. Disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Certificates at any time by giving reasonable notice to the County or the Paying Agent/Registrar. Under such circumstances, in the event that a successor depository is not obtained, physical Certificates are required to be printed and delivered.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the County believes to be reliable, but the County, the Co-Financial Advisors, or the Underwriters take no responsibility for the accuracy thereof.

Use of Certain Terms in Other Sections of This Official Statement

In reading this Official Statement it should be understood that while the Certificates are in the Book-Entry-Only System, references in other sections of this Official Statement to registered owners should be read to include the person for which the Participant acquires an interest in the Certificates, but (i) all rights of ownership must be exercised through DTC and the Book-Entry-Only System, and (ii) except as described above, notices that are to be given to registered owners under the Order will be given only to DTC.

Effect of Termination of Book-Entry-Only System

In the event that the Book-Entry-Only System is discontinued by DTC or the use of the Book-Entry-Only System is discontinued by the County, physical Certificates will be issued to the respective holders and the Certificates will be subject to transfer, exchange and registration provisions as set forth in the Order and summarized under the caption "REGISTRATION, TRANSFER AND EXCHANGE" above.

AD VALOREM PROPERTY TAXATION

The following is a summary of certain provisions of State law as it relates to ad valorem taxation and is not intended to be complete. Prospective investors are encouraged to review Title I of the Texas Tax Code, as amended (the "Property Tax Code"), for identification of property subject to ad valorem taxation, property exempt or which may be exempted from ad valorem taxation if claimed, the appraisal of property for ad valorem tax purposes, and the procedures and limitations applicable to the levy and collection of ad valorem taxes.

Valuation of Taxable Property

The Property Tax Code provides for countywide appraisal and equalization of taxable property values and establishes in each county of the State an appraisal district and an appraisal review board (the "Appraisal Review Board") responsible for appraising property for all taxing units within the county. The appraisal of property within the County is the

responsibility of the Bexar County Appraisal District (the "Appraisal District"). Except as generally described below, the Appraisal District is required to appraise all property within the Appraisal District on the basis of 100% of its market value and is prohibited from applying any assessment ratios. In determining market value of property, the Appraisal District is required to consider the cost method of appraisal, the income method of appraisal and the market data comparison method of appraisal, and use the method the chief appraiser of the Appraisal District considers most appropriate. The Property Tax Code requires appraisal districts to reappraise all property in its jurisdiction at least once every three (3) years. A taxing unit may require annual review at its own expense, and is entitled to challenge the determination of appraised value of property within the taxing unit by petition filed with the Appraisal Review Board.

State law requires the appraised value of an owner's principal residence ("homestead" or "homesteads") to be based solely on the property's value as a homestead, regardless of whether residential use is considered to be the highest and best use of the property. State law further limits the appraised value of a homestead to the lesser of (1) the market value of the property or (2) 110% of the appraised value of the property for the preceding tax year plus the market value of all new improvements to the property.

State law provides that eligible owners of both agricultural land and open-space land, including open-space land devoted to farm or ranch purposes or open-space land devoted to timber production, may elect to have such property appraised for property taxation on the basis of its productive capacity. The same land may not be qualified as both agricultural and open-space land.

The appraisal values set by the Appraisal District are subject to review and change by the Appraisal Review Board. The appraisal rolls, as approved by the Appraisal Review Board, are used by taxing units, such as the County, in establishing their tax rolls and tax rates (see "AD VALOREM PROPERTY TAXATION – County and Taxpayer Remedies").

State Mandated Homestead Exemptions

State law grants, with respect to each taxing unit in the State, various exemptions for disabled veterans and their families, surviving spouses of members of the armed services killed in action and surviving spouses of first responders killed or fatally wounded in the line of duty.

Local Option Homestead Exemptions

The governing body of a taxing unit, including a city, county, school district, or special district, at its option may grant: (1) an exemption of up to 20% of the appraised value of all homesteads (but not less than \$5,000) and (2) an additional exemption of at least \$3,000 of the appraised value of the homesteads of persons sixty-five (65) years of age or older and the disabled. Each taxing unit decides if it will offer the local option homestead exemptions and at what percentage or dollar amount, as applicable. The exemption described in (2), above, may be created, increased, decreased or repealed at an election called by the governing body of a taxing unit upon presentment of a petition for such creation, increase, decrease, or repeal of at least 20% of the number of qualified voters who voted in the preceding election of the taxing unit.

Local Option Freeze for the Elderly and Disabled

The governing body of a county, municipality or junior college district may, at its option, provide for a freeze on the total amount of ad valorem taxes levied on the homesteads of persons 65 years of age or older or of disabled persons above the amount of tax imposed in the year such residence qualified for such exemption. Also, upon voter initiative, an election may be held to determine by majority vote whether to establish such a freeze on ad valorem taxes. Once the freeze is established, the total amount of taxes imposed on such homesteads cannot be increased except for certain improvements, and such freeze cannot be repealed or rescinded.

By order adopted by the Commissioners Court on May 11, 2005, the Commissioners Court implemented this "tax freeze" with the benefits beginning for the 2006 tax year on January 1, 2006. The ad valorem tax limitation on the residence homestead of individuals who are under a disability for purposes of payment of disability insurance benefits under Federal Old-Age, Survivors, and Disability Insurance, or its successor, and individuals 65 years of age or older as permitted under the Texas Constitution, Article VIII, 1-b(h) and Property Tax Code, Section 11.261. Adoption of the tax limitation by the Commissioners Court set 2005 as the base year for those individuals who qualify for the stated ad valorem tax limitation and the qualified individuals realized tax freeze benefits beginning January 1, 2006 for tax year 2006. Once established, the County may not repeal or rescind the tax limitation. The County studied the effects of implementing such an ad valorem tax freeze for resident homeowners that qualify as disabled individuals and/or individuals 65 years of age or older and was unable to determine the exact extent to which such a tax freeze would negatively impact the County's future tax revenues. A number of other studies have been undertaken to measure the extent of the impact of a tax freeze and these studies have concluded that such a tax freeze would cause a decrease in the rate of growth of future ad valorem tax revenues to the County.

Personal Property

Tangible personal property (furniture, machinery, supplies, inventories, etc.) used in the “production of income” is taxed based on the property’s market value. Taxable personal property includes income-producing equipment and inventory. Intangibles such as goodwill, accounts receivable, and proprietary processes are not taxable. Tangible personal property not held or used for production of income, such as household goods, automobiles or light trucks, and boats, is exempt from ad valorem taxation unless the governing body of a taxing unit elects to tax such property.

Freeport and Goods-In-Transit Exemptions

Certain goods that are acquired in or imported into the State to be forwarded outside the State, and are detained in the State for 175 days or less for the purpose of assembly, storage, manufacturing, processing or fabrication (“Freeport Property”) are exempt from ad valorem taxation unless a taxing unit took official action to tax Freeport Property before April 1, 1990 and has not subsequently taken official action to exempt Freeport Property. Decisions to continue taxing Freeport Property may be reversed in the future; decisions to exempt Freeport Property are not subject to reversal.

Certain goods that are acquired in or imported into the State to be forwarded to another location within or without the State, stored in a location that is not owned by the owner of the goods and are transported to another location within or without the State within 175 days (“Goods-in-Transit”), are generally exempt from ad valorem taxation; however, the Property Tax Code permits a taxing unit, on a local option basis, to tax Goods-in-Transit if the taxing unit takes official action after conducting a public hearing, before January 1 of the first tax year in which the taxing unit proposes to tax Goods-in-Transit. Goods-in-Transit and Freeport Property do not include oil, natural gas or petroleum products, and Goods-in-Transit does not include aircraft or special inventories such as manufactured housing inventory, or a dealer’s motor vehicle, boat, or heavy equipment inventory.

A taxpayer may receive only one of the Goods-in-Transit or Freeport Property exemptions for items of personal property.

The County has elected to tax freeport goods and goods-in-transit. The County took official action on November 1, 2011 to continue its taxation of goods in transit. (See “AD VALOREM PROPERTY TAXATION - County Application of Property Tax Code.”)

Other Exempt Property

Other major categories of exempt property include property owned by the State or its political subdivisions if used for public purposes, property exempt by federal law, property used for pollution control, farm products owned by producers, property of nonprofit corporations used for scientific research or educational activities benefitting a college or university, designated historic sites, solar and wind-powered energy devices, and certain classes of intangible personal property.

Tax Increment Reinvestment Zones

A city or county, by petition of the landowners or by action of its governing body, may create one or more tax increment financing zones (“TIRZ”) within its boundaries, and other overlapping taxing units may agree to contribute taxes levied against the “Incremental Value” in the TIRZ to finance or pay for project costs, as defined in Chapter 311, Texas Government Code, generally located within the TIRZ. At the time of the creation of the TIRZ, a “base value” for the real property in the TIRZ is established and the difference between any increase in the assessed valuation of taxable real property in the TIRZ in excess of the base value is known as the “Incremental Value”, and during the existence of the TIRZ, all or a portion of the taxes levied by each participating taxing unit against the Incremental Value in the TIRZ are restricted to paying project and financing costs within the TIRZ and are not available for the payment of other obligations of such taxing units.

Tax Abatement Agreements

Taxing units may also enter into tax abatement agreements to encourage economic development. Under the agreements, a property owner agrees to construct certain improvements on its property. The taxing unit, in turn, agrees not to levy a tax on all or part of the increased value attributable to the improvements until the expiration of the agreement. The abatement agreement could last for a period of up to 10 years.

Since 1985, the County has executed a number of tax abatement agreements to grow and diversify the Regional economy, to attract new industry and commercial enterprises, and to encourage the retention and development of existing businesses. These abatement agreements have resulted in major economic stimulus. Examples of this can be seen in some of the companies utilizing abatements: Toyota Manufacturing Texas (Tacoma production lines), DG Distribution of Texas, Weatherford International, Nationwide Mutual Insurance Company, Navistar International, Ernest & Young, Credit Human, and Schlumberger Technology Corporation.

Under the County’s 2018-2020 Tax Abatement Guidelines, 10-year term abatements are focused on the revitalization of areas located within Loop 410 or South of U.S. Highway 90 or I-35 and projects within the South Texas Medical Center area, the boundaries of the San Antonio International Airport, or the Texas Research Park Foundation. Areas focused on

for 6-year terms are outside of Loop 410 and also North of U.S. Highway 90 or I-35. Areas not eligible for tax abatement are projects located in whole or in part over the Edwards Aquifer Recharge Zone or new or existing projects that may have a potentially negative impact on military missions. The County does not abate flood control taxes or taxes levied on behalf of the University Health System which is the hospital system established by the Bexar County Hospital District.

County and Taxpayer Remedies

Under certain circumstances, taxpayers and taxing units, including the County, may appeal the determinations of the Appraisal District by timely initiating a protest with the Appraisal Review Board. Additionally, taxing units such as the County may bring suit against the Appraisal District to compel compliance with the Property Tax Code.

Beginning in the 2020 tax year, owners of certain property with a taxable value in excess of the current year “minimum eligibility amount”, as determined by the State Comptroller, and situated in a county with a population of one million or more, may protest the determinations of an appraisal district directly to a three-member special panel of the appraisal review board, appointed by the chairman of the appraisal review board, consisting of highly qualified professionals in the field of property tax appraisal. The minimum eligibility amount is set at \$50 million for the 2020 tax year, and is adjusted annually by the State Comptroller to reflect the inflation rate.

The Property Tax Code sets forth notice and hearing procedures for certain tax rate increases by the County and provides for taxpayer referenda that could result in the repeal of certain tax increases (see “AD VALOREM PROPERTY TAXATION – Public Hearing and Maintenance and Operations Tax Rate Limitations”). The Property Tax Code also establishes a procedure for providing notice to property owners of reappraisals reflecting increased property value, reappraisals which are higher than renditions, and reappraisals of property not previously on an appraisal roll.

Levy and Collection of Taxes

The County is responsible for the collection of its taxes, unless it elects to transfer such functions to another governmental entity. Taxes are due October 1, or when billed, whichever comes later, and become delinquent after January 31 of the following year. A delinquent tax incurs a penalty of six percent (6%) of the amount of the tax for the first calendar month it is delinquent, plus one percent (1%) for each additional month or portion of a month the tax remains unpaid prior to July 1 of the year in which it becomes delinquent. If the tax is not paid by July 1 of the year in which it becomes delinquent, the tax incurs a total penalty of twelve percent (12%) regardless of the number of months the tax has been delinquent and incurs an additional penalty of up to twenty percent (20%) of the delinquent and tax penalty interest calculated, if imposed by the County. The delinquent tax also accrues interest at a rate of one percent (1%) for each month or portion of a month it remains unpaid. The Property Tax Code also makes provision for the split payment of taxes, discounts for early payment and the postponement of the delinquency date of taxes for certain taxpayers. Furthermore, the County may provide, on a local option basis, for the split payment, partial payment, and discounts for early payment of taxes under certain circumstances. The County has elected this option and presently uses outside legal counsel to collect delinquent taxes.

Public Hearing and Maintenance and Operations Tax Rate Limitations

The following terms as used in this section have the meanings provided below:

“adjusted” means lost values are not included in the calculation of the prior year’s taxes and new values are not included in the current year’s taxable values.

“de minimis rate” means the maintenance and operations tax rate that will produce the prior year’s total maintenance and operations tax levy (adjusted) from the current year’s values (adjusted), plus the rate that produces an additional \$500,000 in tax revenue when applied to the current year’s taxable value, plus the debt service tax rate.

“no-new-revenue tax rate” means the combined maintenance and operations tax rate and debt service tax rate that will produce the prior year’s total tax levy (adjusted) from the current year’s total taxable values (adjusted). Certain counties for which certain expenditures for indigent legal defense or certain hospital expenditures exceed the amount for such expenditures for the preceding tax year, may increase their no-new-revenue tax rate proportionately with such expenditures in the manner provided by the Property Tax Code.

“special taxing unit” means a county for which the maintenance and operations tax rate proposed for the current tax year is 2.5 cents or less per \$100 of taxable value.

“unused increment rate” means the cumulative difference between a county’s voter-approval tax rate and its actual tax rate for each of the tax years 2020 through 2022, which may be applied to a county’s tax rate in tax years 2021 through 2023 without impacting the voter-approval tax rate.

“voter-approval tax rate” means the maintenance and operations tax rate that will produce the prior year’s total maintenance and operations tax levy (adjusted) from the current year’s values (adjusted) multiplied by 1.035, plus the debt service tax rate, plus the unused increment rate.

The County's tax rate consists of two components: (1) a rate for funding of maintenance and operations expenditures in the current year, which may additionally include the Road and Bridge Maintenance Tax and the Farm-to-Market Road and Flood Control Tax, if levied (collectively, the "maintenance and operations tax rate"), and (2) a rate for funding debt service in the current year (the "debt service tax rate"). Under State law, the assessor for the County must submit an appraisal roll showing the total appraised, assessed, and taxable values of all property in the County to the Commissioners Court by August 1 or as soon as practicable thereafter.

A county must annually calculate its voter-approval tax rate and no-new-revenue tax rate (as such terms are defined above) in accordance with forms prescribed by the State Comptroller and provide notice of such rates to each owner of taxable property within the county and the county tax assessor collector. A county must adopt a tax rate before the later of September 30 or the 60th day after receipt of the certified appraisal roll, except that a tax rate that exceeds the voter-approval tax rate must be adopted not later than the 71st day before the next occurring November uniform election date. If a county fails to timely adopt a tax rate, the tax rate is statutorily set as the lower of the no-new-revenue tax rate for the current tax year or the tax rate adopted by the county for the preceding tax year.

As described below, the Property Tax Code provides that if a county adopts a tax rate that exceeds its voter-approval tax rate or, in certain cases, its de minimis rate, an election must be held to determine whether or not to reduce the adopted tax rate to the voter-approval tax rate.

A county may not adopt a tax rate that exceeds the lower of the voter-approval tax rate or the no-new-revenue tax rate until the county appraisal district has delivered notice to each taxpayer of the estimated total amount of property taxes owed and the county has held a public hearing on the proposed tax increase.

If a county's adopted tax rate for any tax year exceeds the greater of (i) the voter-approval tax rate or (ii) the de minimis rate, the county must conduct an election on the next occurring November uniform election date to determine whether or not to reduce the adopted tax rate to the voter-approval tax rate. However, for any tax year during which a county does not qualify as a special taxing unit, if a county's adopted tax rate is equal to or less than the de minimis rate but greater than both (a) the no-new-revenue tax rate, multiplied by 1.08, plus the debt service tax rate or (b) the county's voter-approval tax rate, then a valid petition signed by at least three percent of the registered voters in the county would require that an election be held to determine whether or not to reduce the adopted tax rate to the voter-approval tax rate.

Any county located at least partly within an area declared a disaster area by the Governor of the State or the President of the United States during the current year may calculate its voter-approval tax rate using a 1.08 multiplier, instead of 1.035, until the earlier of (i) the second tax year in which such county's total taxable appraised value exceeds the taxable appraised value on January 1 of the year the disaster occurred, or (ii) the third tax year after the tax year in which the disaster occurred.

State law provides cities and counties in the State the option of assessing a maximum one-half percent (1/2%) sales and use tax on retail sales of taxable items for the purpose of reducing its ad valorem taxes, if approved by a majority of the voters in a local option election. If the additional sales and use tax for ad valorem tax reduction is approved and levied, the no-new-revenue tax rate and voter-approval tax rate must be reduced by the amount of the estimated sales tax revenues to be generated in the current tax year.

The calculations of the no-new-revenue tax rate and voter-approval tax rate do not limit or impact the County's ability to set a debt service tax rate in each year sufficient to pay debt service on all of the County's tax-supported debt obligations, including the Certificates, the Limited Tax Refunding Bonds, and the Flood Control Tax Refunding Bonds.

Reference is made to the Property Tax Code for definitive requirements for the levy and collection of ad valorem taxes and the calculation of the various defined tax rates.

Debt Tax Rate Limitations

All taxable property within the County is subject to the assessment, levy and collection by the County of a continuing, direct annual ad valorem tax sufficient to provide for the payment of principal of and interest on all ad valorem tax supported debt, within the limits prescribed by law. Article VIII, Section 9 of the Texas Constitution imposes a limit of \$0.80 per \$100 assessed valuation for all purposes of a county's General Fund, Permanent Improvement Fund, Road and Bridge Fund and Jury Fund, including debt service on bonds or other debt issued against such funds. Administratively, the Attorney General of Texas will not approve limited tax obligations in an amount which produces debt service requirements exceeding that which can be paid from \$0.40 of the foregoing \$0.80 maximum tax rate, as calculated at the time of issuance. The Certificates and Limited Tax Refunding Bonds are limited tax-supported debt obligations payable from the \$0.80 constitutional tax. (See "OBLIGATIONS OUTSTANDING" in APPENDIX A.)

Article III, Section 52 of the Texas Constitution authorizes the County to levy a direct, continuing ad valorem tax on all taxable property within the County, without limit as to rate or amount to pay the principal of and interest on the County's road bonds if approved by the voters in the County. The principal amount of unlimited tax road bonds issued by the County and outstanding at any point in time, aggregated with outstanding unlimited tax debt of certain road districts located within the County cannot exceed 25% of the assessed valuation of all real property located in the County. The

County has previously issued bonds unlimited tax bonds that are payable from this unlimited tax. (See "OBLIGATIONS OUTSTANDING" and "AUTHORIZED BUT UNISSUED TAX BONDS" in APPENDIX A.)

Article VIII, Section 9 of the Texas Constitution and State statute authorize the County to levy a special Road and Bridge Fund Tax (the "Road and Bridge Maintenance Tax") in an amount not to exceed \$0.15 per \$100 assessed valuation, no part of which may be used for debt service, if approved by the voters.

Article VIII, Section 1-a of the Texas Constitution and State statute permit the County to levy a tax for Farm-to-Market Road and Flood Control purposes (the "Farm-to-Market Road and Flood Control Tax") in an amount not to exceed \$0.30 per \$100 assessed valuation after the mandatory \$3,000 homestead exemption, if approved by the voters. There is no allocation prescribed by statutes between debt service and maintenance. All or part may be used for either purpose. The County held an election on April 17, 1951 which approved the levy of a (i) \$0.15 tax per \$100 valuation for Farm-to-Market and Lateral Roads and (ii) \$0.15 tax per \$100 valuation for flood control purposes (the "Flood Control Tax"). Although the Flood Control Tax is not available to pay debt service on the Certificates or Limited Tax Refunding Bonds, the Flood Control Tax levy provides additional funds for road and flood control purposes that might otherwise be paid from taxes subject to the \$0.80 tax limitation. The Flood Control Tax Refunding Bonds are payable from this Flood Control Tax. (See "OBLIGATIONS OUTSTANDING" in APPENDIX A.)

Section 1301.003, Texas Government Code, as amended, limits the amount of limited tax obligations of counties issued pursuant to such authority for those certain purposes as follows:

Courthouse	2% of Taxable Assessed Valuation
Jail	1 1/2% of Taxable Assessed Valuation
Courthouse and Jail	3 1/2% of Taxable Assessed Valuation
Bridge	1 1/2% of Taxable Assessed Valuation

The County's Rights in the Event of Tax Delinquencies

Taxes levied by the County are a personal obligation of the owner of the property as of January 1 of the year for which the tax is imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all State and local taxes, penalties, and interest ultimately imposed for the year on the property. The lien exists in favor of the State and each local taxing unit, including the County, having power to tax the property. Personal property, under certain circumstances, is subject to seizure and sale for the payment of delinquent taxes. At any time after taxes on property become delinquent, the County may file suit to foreclose the lien securing payment of the tax, to enforce personal liability for the tax, or both. In filing a suit to foreclose a tax lien on real property, the County must join other taxing units that have claims for delinquent taxes against all or part of the same property. Collection of delinquent taxes may be adversely affected by the amount of taxes owed to other taxing units, by the effects of market conditions on the foreclosure sale price, by taxpayer redemption rights (a taxpayer may redeem property within two (2) years after the purchaser's deed issued at the foreclosure sale is filed in the county records) or by bankruptcy proceedings which restrict the collection of taxpayer debts. Federal bankruptcy law provides that an automatic stay of actions by creditors and other entities, including governmental units, goes into effect with the filing of any petition in bankruptcy. The automatic stay prevents governmental units from foreclosing on property and prevents liens for post-petition taxes from attaching to property and obtaining secured creditor status unless, in either case, an order lifting the stay is obtained from the bankruptcy court. In many cases, post-petition taxes are paid as an administrative expense of the estate in bankruptcy or by order of the bankruptcy court.

County Application of Property Tax Code

The County does not grant a local option exemption of the market value of all residence homesteads. See "AD VALOREM TAX PROPERTY TAXATION - Local Option Homestead Exemptions."

The County does grant a local option exemption of the market value of the residence homestead of persons 65 years of age or older. See "AD VALOREM TAX PROPERTY TAXATION - Local Option Homestead Exemptions."

The County does grant a local option freeze on taxes for persons 65 years of age or older or disabled persons. "AD VALOREM TAX PROPERTY TAXATION - Local Option Freeze for the Elderly and Disabled."

The County does permit split payments, and discounts are allowed. "AD VALOREM TAX PROPERTY TAXATION - Levy and Collection of Taxes."

The County does tax Freeport Property. "AD VALOREM TAX PROPERTY TAXATION - Freeport and Goods-In-Transit Exemptions."

The County has taken action to tax Goods-in-Transit. "AD VALOREM TAX PROPERTY TAXATION - Freeport and Goods-In-Transit Exemptions."

The County does participate in a TIRZ. See "AD VALOREM TAX PROPERTY TAXATION - Tax Increment Reinvestment Zones."

The County does offer tax abatements. See "AD VALOREM TAX PROPERTY TAXATION - Tax Abatement Agreements."

The County currently does not levy a Road and Bridge Maintenance Tax. See "AD VALOREM TAX PROPERTY TAXATION - Debt Tax Rate Limitations."

The County currently does levy a Farm-to-Market Road and Flood Control Tax. See "AD VALOREM TAX PROPERTY TAXATION - Debt Tax Rate Limitations."

INVESTMENT POLICIES

Investments

The County invests its funds in investments authorized by Texas law in accordance with investment policies approved by the Commissioners Court of the County. Both State law and the County's investment policies are subject to change.

Legal Investments

Under State law, the County is authorized to invest in (1) obligations, including letters of credit, of the United States or its agencies and instrumentalities, including the Federal Home Loan Banks; (2) direct obligations of the State of Texas or its agencies and instrumentalities; (3) collateralized mortgage obligations directly issued by a federal agency or instrumentality of the United States, the underlying security for which is guaranteed by an agency or instrumentality of the United States; (4) other obligations, the principal and interest of which is guaranteed or insured by or backed by the full faith and credit of, the State of Texas or the United States or their respective agencies and instrumentalities, including obligations that are fully guaranteed or insured by the Federal Deposit Insurance Corporation or by the explicit full faith and credit of the United States; (5) obligations of states, agencies, counties, cities, and other political subdivisions of any state rated as to investment quality by a nationally recognized investment rating firm not less than A or its equivalent; (6) bonds issued, assumed or guaranteed by the State of Israel; (7) interest-bearing banking deposits that are guaranteed or insured by the Federal Deposit Insurance Corporation or the National Credit Union Share Insurance Fund or their respective successors; (8) interest-bearing banking deposits, other than those described by clause (7), if (A) the funds invested in the banking deposits are invested through (i) a broker with a main office or branch office in this State that the County selects from a list the governing body or designated investment committee of the County adopts as required by Section 2256.025; or (ii) a depository institution with a main office or branch office in this state that the County selects; (B) the broker or depository institution as described in clause (8)(A), above, arranges for the deposit of the funds in the banking deposits in one or more federally insured depository institutions, regardless of where located, for the County's account; (C) the full amount of the principal and accrued interest of the banking deposits is insured by the United States or an instrumentality of the United States; and (D) the investing County appoints as the County's custodian of the banking deposits issued for the County's account: (i) the depository institution selected as described by Paragraph (A); (ii) an entity described by Section 2257.041(d) of the Texas Government Code; or (iii) a clearing broker dealer registered with the Securities and Exchange Commission and operating under Securities and Exchange Commission Rule 15c3-3 (17 C.F.R. Section 240.15c3-3), (9) certificates of deposit or share certificates (i) meeting the requirements of the Texas Public Funds Investment Act (Chapter 2256, Texas Government Code) that are issued by or through an institution that either has its main office or a branch in the State, and are guaranteed or insured by the Federal Deposit Insurance Corporation or the National Credit Union Share Insurance Fund (or their respective successors), or are secured as to principal by obligations described in clauses (1) through (8) or in any other manner and amount provided by law for County deposits or, (ii) where the funds are invested by the County through (I) a broker that has its main office or a branch office in the State and is selected from a list adopted by the County as required by law or (II) a depository institution that has its main office or a branch office in the State that is selected by the County; (iii) the broker or the depository institution selected by the County arranges for the deposit of the funds in certificates of deposit in one or more federally insured depository institutions, wherever located, for the account of the County; (iv) the full amount of the principal and accrued interest of each of the certificates of deposit is insured by the United States or an instrumentality of the United States, and (v) the County appoints the depository institution selected under (ii) above, an entity as described by Section 2257.041(d) of the Texas Government Code, or a clearing broker-dealer registered with the Securities and Exchange Commission and operating pursuant to Securities and Exchange Commission Rule 15c3-3 (17 C.F.R. Section 240.15c3-3) as custodian for the County with respect to the certificates of deposit issued for the account of the County; (10) fully collateralized repurchase agreements that have a defined termination date, are secured by a combination of cash and obligations described in clauses (1) or (13), and require the securities being purchased by the County or cash held by the County to be pledged to the County, held in the County's name, and deposited at the time the investment is made with the County or with a third party selected and approved by the County, and are placed through a primary government securities dealer, as defined by the Federal Reserve, or a financial institution doing business in the State; (11) securities lending programs if (i) the securities loaned under the program are 100% collateralized, a loan made under the program allows for termination at any time and a loan made under the program is either secured by (a) obligations that are described in clauses (1) through (8) above, (b) irrevocable letters of credit issued by a state or national bank that is continuously rated by a nationally recognized investment rating firm at not less than "A" or its equivalent or (c) cash invested in obligations described in clauses (1) through (8) above, clauses (13) through (15) below,

or an authorized investment pool; (ii) securities held as collateral under a loan are pledged to the County, held in the County's name and deposited at the time the investment is made with the County or a third party designated by the County; (iii) a loan made under the program is placed through either a primary government securities dealer (as defined by 5 C.F.R. Section 6801.102(f), as that regulation existed on September 1, 2003) or a financial institution doing business in the State; and (iv) the agreement to lend securities has a term of one year or less; (12) certain bankers' acceptances with the remaining term of 270 days or less, if the short-term obligations of the accepting bank or its parent are rated at least "A-1" or "P-1" or the equivalent by at least one nationally recognized credit rating agency; (13) commercial paper with a stated maturity of 365 days or less that is rated at least "A-1" or "P-1" or the equivalent by either (a) two nationally recognized credit rating agencies or (b) one nationally recognized credit rating agency if the paper is fully secured by an irrevocable letter of credit issued by a U.S. or state bank; (14) no-load money market mutual funds registered with and regulated by the SEC that provide the County with a prospectus and other information required by the Securities Exchange Act of 1934 or the Investment Company Act of 1940, and that complies with SEC Rule 2a-7; and (15) no-load mutual funds registered with the SEC that have an average weighted maturity of less than two years and either (i) have a duration of one year or more and are invested exclusively in obligations described in this paragraph or (ii) have a duration of less than one year and an investment portfolio limited to investment grade securities, excluding asset-backed securities. In addition, bond proceeds may be invested in guaranteed investment contracts that have a defined termination date and are secured by obligations, including letters of credit, of the United States or its agencies and instrumentalities in an amount at least equal to the amount of bond proceeds invested under such contract, other than the prohibited obligations described below.

The County may invest in such obligations directly or through government investment pools that invest solely in such obligations provided that the pools are rated no lower than AAA or AAAM or an equivalent by at least one nationally recognized rating service. The County may also contract with an investment management firm registered under the Investment Advisers Act of 1940 (15 U.S.C. Section 80b-1 et seq.) or with the State Securities Board to provide for the investment and management of its public funds or other funds under its control for a term up to two years, but the County retains ultimate responsibility as fiduciary of its assets. In order to renew or extend such a contract, the County must do so by order, ordinance, or resolution.

The County is specifically prohibited from investing in: (1) obligations whose payment represents the coupon payments on the outstanding principal balance of the underlying mortgage-backed security collateral and pays no principal; (2) obligations whose payment represents the principal stream of cash flow from the underlying mortgage-backed security and bears no interest; (3) collateralized mortgage obligations that have a stated final maturity of greater than 10 years; and (4) collateralized mortgage obligations the interest rate of which is determined by an index that adjusts opposite to the changes in a market index.

Investment Policies

State law requires that the County to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity; that address investment diversification, yield, maturity, and the quality and capability of investment management; and that include a list of authorized investments for County funds, the maximum allowable stated maturity of any individual investment and the maximum average dollar-weighted maturity allowed for pooled fund groups, methods to monitor the market price of investments acquired with public funds, a requirement for settlement of all transactions, except investment pool funds and mutual funds, on a delivery versus payment basis, and procedures to monitor rating changes in investments acquired with public funds and the liquidation of such investments consistent with the Public Funds Investment Act. All County funds must be invested consistent with a formally adopted "Investment Strategy Statement" that specifically addresses each fund's investment. Each Investment Strategy Statement will describe its objectives concerning: (1) suitability of investment type, (2) preservation and safety of principal, (3) liquidity, (4) marketability of each investment, (5) diversification of the portfolio, and (6) yield.

Under State law, the County's investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment considering the probable safety of capital and the probable income to be derived." At least quarterly the County's investment officers must submit an investment report detailing: (1) the investment position of the County, (2) that all investment officers jointly prepared and signed the report, (3) the beginning market value, the ending market value and the fully accrued interest for the reporting period of each pooled fund group, (4) the book value and market value of each separately listed asset at the end of the reporting period, (5) the maturity date of each separately invested asset, (6) the account or fund or pooled fund group for which each individual investment was acquired, and (7) the compliance of the investment portfolio as it relates to: (a) adopted investment strategies and (b) State law. No person may invest County funds without express written authority from the Commissioners Court.

Additional Provisions

Under State law, the County is additionally required to: (1) annually review its adopted policies and strategies; (2) adopt by written instrument a rule, order, ordinance or resolution stating that it has reviewed its investment policy and investment strategies and records any changes made to either its investment policy or investment strategy in the respective rule, order, ordinance or resolution; (3) require any investment officers with personal business relationships or relatives with firms seeking to sell securities to the entity to disclose the relationship and file a statement with the Texas

Ethics Commission and the Commissioners Court; (4) require the qualified representative of firms offering to engage in an investment transaction with the County to: (a) receive and review the County's investment policy, (b) acknowledge that reasonable controls and procedures have been implemented to preclude investment transactions conducted between the County and the business organization that are not authorized by the County's investment policy (except to the extent that this authorization (a) is dependent on an analysis of the makeup of the County's entire portfolio, (b) requires an interpretation of subjective investment standards, or (c) relates to investment transactions of the entity that are not made through accounts or other contractual arrangements over which the business organization has accepted discretionary investment authority), and (c) deliver a written statement in a form acceptable to the County and the business organization attesting to these requirements; (5) perform an annual audit of the management controls on investments and adherence to the County's investment policy; (6) provide specific investment training for the Treasurer, chief financial officer (if not the Treasurer) and investment officers; (7) restrict reverse repurchase agreements to not more than 90 days and restrict the investment of reverse repurchase agreement funds to no greater than the term of the reverse purchase agreement; (8) restrict the investment in no-load mutual funds in the aggregate to no more than 15% of the County's monthly average fund balance, excluding bond proceeds and reserves and other funds held for debt service; (9) require local government investment pools to conform to the new disclosure, rating, net asset value, yield calculation, and advisory board requirements; and (10) at least annually review, revise and adopt a list of qualified brokers that are authorized to engage in investment transactions with the County.

Current Investments⁽¹⁾

The investments of the County as of September 30, 2019 are as follows:

Type of Investment	Book Balance	Fair Market Value	Percent
Money Market (Sweep Account)	\$ 9,335,915	\$ 9,335,915	0.97%
Money Market (Community Venue Funds)	42,165,217	42,165,217	4.36%
Municipal Commercial Paper	96,781,830	96,782,748	10.01%
Municipal Bonds	14,507,937	14,601,348	1.50%
U.S. Government Securities	363,385,799	363,635,003	37.61%
Local Government Investment Pools	226,269,622	226,269,622	23.42%
Corporate Commercial Paper	213,811,129	213,875,602	22.13%
 Total	 <u>\$966,257,449</u>	 <u>\$966,665,455</u>	 <u>100.00%</u>

Source: Bexar County.

⁽¹⁾ Unaudited.

As of such date, the fair market value of such investments (as determined by the County by reference to published quotations, dealer bids, and comparable information) was approximately 100% of their book balance. No funds of the County are invested in derivative securities, i.e., securities whose rate of return is determined by reference to some other instrument, index, or commodity.

LEGAL MATTERS

The County will furnish the Underwriters with a complete transcript of proceedings incident to the authorization and issuance of the Certificates, including the unqualified approving legal opinion of the Attorney General of the State of Texas to the effect that the Initial Certificate is a valid and legally binding obligation of the County, and based upon examination of such transcript of proceedings, the approval of certain legal matters by Bond Counsel, to the effect that the Certificates, issued in compliance with the provisions of the Order, are valid and legally binding obligations of the County and, subject to the qualifications set forth herein under "TAX MATTERS," the interest on the Certificates will be excludable from gross income for federal income tax purposes under existing statutes, published rulings, regulations, and court decisions. Though it represents the Co-Financial Advisors and the Underwriters from time to time in matters unrelated to the Certificates, Bond Counsel has been engaged by and only represents the County in connection with the issuance of the Certificates. Bond Counsel was not requested to participate, and did not take part, in the preparation of the Official Statement, and such firm has not assumed any responsibility with respect thereto or undertaken independently to verify any of the information contained therein, except that, in its capacity as Bond Counsel, such firm has reviewed the information under the caption "THE CERTIFICATES" (other than the information under the subcaptions "Payment Record," "Delivery," and "Use of Proceeds," as to which no opinion is expressed), "REGISTRATION, TRANSFER AND EXCHANGE," "LEGAL MATTERS" (except for the last two sentences of the first paragraph thereof, as to which no opinion is expressed), "TAX MATTERS," "CONTINUING DISCLOSURE OF INFORMATION" (other than the information under the subcaption "Compliance with Prior Undertakings," as to which no opinion is expressed), and the subcaption "Legal Investments and Eligibility to Secure Public Funds in Texas" under the caption "OTHER PERTINENT INFORMATION" in the Official Statement and such firm is of the opinion that the information relating to the Certificates and the legal issues contained under such captions and subcaptions is an accurate and fair description of the laws and legal issues addressed therein and, with respect to the Certificates, such information conforms to the provisions of the Order. The customary

closing papers, including a certificate to the effect that no litigation of any nature has been filed or is then pending to restrain the issuance and delivery of the Certificates or which would affect the provision made for their payment or security, or in any manner questioning the validity of the Certificates will also be furnished. The legal fees to be paid Bond Counsel for services rendered in connection with the issuance of Certificates are contingent on the sale and delivery of the Certificates. The legal opinion of Bond Counsel will accompany the Certificates deposited with DTC. Certain matters will be passed upon for the Underwriters by McCall, Parkhurst & Horton L.L.P., San Antonio, Texas, and Kassahn & Ortiz, P.C., San Antonio, Texas as Underwriters' co-counsel. The fees of McCall, Parkhurst & Horton L.L.P. and Kassahn & Ortiz, P.C. are contingent upon the sale and delivery of the Certificates.

The various legal opinions to be delivered concurrently with the delivery of the Certificates express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. In rendering a legal opinion, the attorney does not become an insurer or guarantor of the expression of professional judgment, of the transaction opined upon, or of the future performance of the parties to the transaction. Nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

NO-LITIGATION

On the date of delivery of the Certificates to the Underwriters, the County will execute and deliver to the Underwriters a certificate to the effect that no litigation of any nature has been filed or is pending, as of that date, to restrain or enjoin the issuance or delivery of the Certificates or which would adversely affect the provisions made for their payment or security, or in any manner questioning the validity of the Certificates.

In the opinion of certain officials of the County, the County is not a party to any litigation or other proceedings pending or, to its knowledge, threatened, in any court, agency or other administrative body (either state or federal) which, if decided adversely to the County, would have a material adverse effect on the financial statements of the County.

TAX MATTERS

The following discussion of certain federal income tax considerations is for general information only and is not tax advice. Each prospective purchaser of the Certificates should consult its own tax advisor as to the tax consequences of the acquisition, ownership and disposition of the Certificates.

Tax Exemption

In the opinion of Bracewell LLP, Bond Counsel, under existing law, interest on the Certificates is excludable from gross income for federal income tax purposes under section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and is not a specific preference item for purposes of the alternative minimum tax.

The Code imposes a number of requirements that must be satisfied for interest on state or local obligations, such as the Certificates, to be excludable from gross income for federal income tax purposes. These requirements include limitations on the use of bond proceeds and the source of repayment of bonds, limitations on the investment of bond proceeds prior to expenditure, a requirement that excess arbitrage earned on the investment of bond proceeds be paid periodically to the United States and a requirement that the issuer file an information report with the Internal Revenue Service (the "Service"). The County has covenanted in the Order that it will comply with these requirements.

Bond Counsel's opinion will assume continuing compliance with the covenants of the Order pertaining to those sections of the Code that affect the excludability from gross income of interest on the Certificates for federal income tax purposes and, in addition, will rely on representations by the County, the County's Co-Financial Advisor and the Underwriters with respect to matters solely within the knowledge of the County, the County's Co-Financial Advisor and the Underwriters, respectively, which Bond Counsel has not independently verified. If the County fails to comply with the covenants in the Order or if the foregoing representations are determined to be inaccurate or incomplete, interest on the Certificates could become includable in gross income from the date of delivery of the Certificates, regardless of the date on which the event causing such inclusion occurs.

Except as stated above, Bond Counsel will express no opinion as to any federal, state, or local tax consequences resulting from the receipt of accrual of interest on, or acquisition, ownership or disposition of, the Certificates.

Certain actions may be taken or omitted subject to the terms and conditions set forth in the Order upon the advice or with the approving opinion of Bond Counsel. Bond Counsel will express no opinion with respect to Bond Counsel's ability to render an opinion that such actions, if taken or omitted, will not adversely affect the excludability of interest on the Certificates from gross income for federal income tax purposes.

Bond Counsel's opinions are based on existing law, which is subject to change. Such opinions are further based on Bond Counsel's knowledge of facts as of the date thereof. Bond Counsel assumes no duty to update or supplement its opinions to reflect any facts or circumstances that may thereafter come to Bond Counsel's attention or to reflect any changes in any law that may thereafter occur or become effective. Moreover, Bond Counsel's opinions are not a guarantee of result and are not binding on the Service; rather, such opinions represent Bond Counsel's legal judgment based upon its review of existing law and in reliance upon the representations and covenants referenced above that it deems relevant to such opinions. The Service has an ongoing audit program to determine compliance with rules that

relate to whether interest on state or local obligations is includable in gross income for federal income tax purposes. No assurance can be given as to whether or not the Service will commence an audit of the Certificates. If an audit is commenced, in accordance with its current published procedures the Service is likely to treat the County as the taxpayer and the Owners may not have a right to participate in such audit. Public awareness of any future audit of the Certificates could adversely affect the value and liquidity of the Certificates regardless of the ultimate outcome of the audit.

Additional Federal Income Tax Considerations

Collateral Tax Consequences. Prospective purchasers of the Certificates should be aware that the ownership of tax-exempt obligations may result in collateral federal income tax consequences to financial institutions, life insurance and property and casualty insurance companies, certain S corporations with Subchapter C earnings and profits, individual recipients of Social Security or Railroad Retirement benefits, taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, low and middle income taxpayers otherwise qualifying for the health insurance premium assistance credit and individuals otherwise qualifying for the earned income tax credit. In addition, certain foreign corporations doing business in the United States may be subject to the "branch profits tax" on their effectively connected earnings and profits, including tax-exempt interest such as interest on the Certificates. These categories of prospective purchasers should consult their own tax advisors as to the applicability of these consequences. Prospective purchasers of the Certificates should also be aware that, under the Code, taxpayers are required to report on their returns the amount of tax-exempt interest, such as interest on the Certificates, received or accrued during the year.

Tax Accounting Treatment of Original Issue Premium. The issue price of the Certificates exceeds the stated redemption price payable at maturity of such Certificates. Such Certificates (the "Premium Certificates") are considered for federal income tax purposes to have "bond premium" equal to the amount of such excess. The basis of a Premium Certificate in the hands of an initial owner is reduced by the amount of such excess that is amortized during the period such initial owner holds such Premium Certificate in determining gain or loss for federal income tax purposes. This reduction in basis will increase the amount of any gain or decrease the amount of any loss recognized for federal income tax purposes on the sale or other taxable disposition of a Premium Certificate by the initial owner. No corresponding deduction is allowed for federal income tax purposes for the reduction in basis resulting from amortizable bond premium. The amount of bond premium on a Premium Certificate that is amortizable each year (or shorter period in the event of a sale or disposition of a Premium Certificate) is determined using the yield to maturity on the Premium Certificate based on the initial offering price of such Premium Certificate.

The federal income tax consequences of the purchase, ownership and redemption, sale or other disposition of Premium Certificates that are not purchased in the initial offering at the initial offering price may be determined according to rules that differ from those described above. All owners of Premium Certificates should consult their own tax advisors with respect to the determination for federal, state, and local income tax purposes of amortized bond premium upon the redemption, sale or other disposition of a Premium Certificate and with respect to the federal, state, local, and foreign tax consequences of the purchase, ownership, and sale, redemption or other disposition of such Premium Certificates.

Tax Legislative Changes. Current law may change so as to directly or indirectly reduce or eliminate the benefit of the excludability of interest on the Certificates from gross income for federal income tax purposes. Any proposed legislation, whether or not enacted, could also affect the value and liquidity of the Certificates. Prospective purchasers of the Certificates should consult with their own tax advisors with respect to any recently-enacted, proposed, pending or future legislation.

EFFECTS OF SEQUESTRATION ON CERTAIN OBLIGATIONS

Pursuant to the requirements of the Balanced Budget and Emergency Deficit Control Act of 1985, as amended, certain automatic reductions in federal spending took effect as of March 1, 2013. These required reductions in federal spending include a reduction to refundable credits under section 6431 of the Code applicable to certain qualified bonds, including "build America bonds" under section 54AA of the Code for which an issuer elected to receive a direct credit subsidy payment pursuant to section 6431 of the Code.

For such qualified bonds eligible for the direct credit subsidy payment, the Office of Management and Budget ("OMB") set a sequester percentage (i.e. reduction) of 5.1% (the annualized percentage was 8.7%) for fiscal year 2013, 7.2% for fiscal year 2014, 7.3% for fiscal year 2015, 6.8% for fiscal year 2016, 6.9% for fiscal year 2017, 6.6% for fiscal year 2018 and 6.2% for fiscal year 2019. For fiscal year 2020 the OMB set the sequester percentage at 5.9%, which applies to any payments processed on or after October 1, 2019 and on or before September 30, 2020, unless and until a law is enacted that cancels or otherwise impacts the sequester. Sequestration may continue past September 30, 2020 and the sequestration percentage may increase or decrease in any fiscal year.

The County has previously issued its Bexar County, Texas Combination Tax and Revenue Certificates of Obligation, Taxable Series 2009B (Direct Subsidy - Build America Bonds), Bexar County, Texas Combination Flood Control Tax and Revenue Certificates of Obligation, Taxable Series 2009B (Direct Subsidy - Build America Bonds), and Bexar County, Texas Combination Tax and Revenue Certificates of Obligation, Taxable Series 2010B (Direct Subsidy – Build America Bonds) (collectively, the "Affected Obligations"). It is anticipated that the federal payments to the County for such Affected Obligations will be reduced as described above. Pursuant to the orders authorizing the issuance of the Affected

Obligations, the County is required to make interest and principal payments on the Affected Obligations regardless of whether any federal funding is received. The reductions in the payments to be received by the County have not materially adversely affected the financial condition or operations of the County. However, the County can make no prediction as to the length or long-term effects of the sequestration. The County is anticipating refunding the Affected Obligations with the proceeds of the Refunding Bonds.

CONTINUING DISCLOSURE OF INFORMATION

General

In the Order, the County has made the following agreement for the benefit of the Beneficial Owners of the Certificates. The County is required to observe the agreement for so long as it remains obligated to advance funds to pay the Certificates. Under the agreement, the County will be obligated to provide certain updated financial information and operating data annually, and timely notice of specified material events, to the Municipal Securities Rulemaking Board (the "MSRB"). This information will be available to the general public at no charge from the MSRB as described below.

As used in this section, the term "Financial Obligation" means a (i) debt obligation, (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation, or (iii) guarantee of a debt obligation or any such derivative instrument; provided that "financial obligation" shall not include municipal securities as to which a final official statement (as defined in Securities and Exchange Commission Rule 15c2-12 ("Rule 15c2-12")) has been provided to the MSRB consistent with Rule 15c2-12.

Annual Reports

The County will provide certain updated financial information and operating data to the MSRB annually. The information to be updated includes all quantitative financial information and operating data with respect to the County of the general type included (i) in APPENDIX A, exclusive of the tables appearing under the headings "Consolidated Overlapping Gross Funded Debt Payable from Ad Valorem Taxes," "Tax Adequacy - Limited Tax Debt," "Tax Adequacy - Unlimited Tax Bonds," and "Tax-Adequacy - Flood Control Tax Obligations," and (ii) in APPENDIX C. The County will update and provide this information within six months after the end of each fiscal year ending in or after 2019.

The County may provide updated information in full text or may incorporate by reference certain other publicly available documents, as permitted by Rule 15c2-12. The updated information will include audited financial statements, if the County commissions an audit and it is completed by the required time. If audited financial statements are not available by the required time, the County will provide unaudited financial statements within the required time and will provide audited financial statements when and if they become available. Any such financial statements will be prepared in accordance with the accounting principles described in APPENDIX C or such other accounting principles as the County may be required to employ from time to time pursuant to State law or regulation.

The County's current fiscal year is October 1 to September 30. Accordingly, it must provide updated information by March 31 in each year, unless the County changes its fiscal year. If the County changes its fiscal year, it will notify the MSRB.

Material Event Notices

The County shall provide notice of any of the following events with respect to the Certificates to the MSRB in a timely manner and not more than 10 business days after the occurrence of the event: (i) principal and interest payment delinquencies; (ii) nonpayment related defaults, if material; (iii) unscheduled draws on debt service reserves reflecting financial difficulties; (iv) unscheduled draws on credit enhancements reflecting financial difficulties; (v) substitution of credit or liquidity providers, or their failure to perform; (vi) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Certificates, or other material events affecting the tax status of the Certificates; (vii) modifications to rights of Owners, if material; (viii) certificate calls, if material and tender offers; (ix) defeasance; (x) release, substitution, or sale of property securing repayment of the Certificates, if material; (xi) rating changes; (xii) bankruptcy, insolvency, receivership, or similar event of the County, which shall occur as described below; (xiii) the consummation of a merger, consolidation, or acquisition involving the County or the sale of all or substantially all of its assets, other than in the ordinary course of business, the entry into of a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; (xiv) appointment of a successor or additional trustee or the change of name of a trustee, if material; (xv) incurrence of a Financial Obligation of the County, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the County, any of which affect security holders, if material; and (xvi) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the County, any of which reflect financial difficulties.

For these purposes (A) any event described in the immediately preceding clause (xii) will be considered to occur when any of the following occur: the appointment of a receiver, fiscal agent, or similar officer for the County in a proceeding under the United States Bankruptcy Code or in any other proceeding under State or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the County, if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to

the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets of business of the County, and (B) the County intends the words used in the immediately preceding clauses (xv) and (xvi) above and the definition of Financial Obligation above to have the meanings ascribed to them in SEC Release No. 34-83885 dated August 20, 2018.

The County will notify the MSRB, in a timely manner, of any failure by the County to provide financial information or operating data in accordance with the foregoing provisions by the time required therein.

Availability of Information from MSRB

The County has agreed to provide the foregoing information only to the MSRB. The information will be available free of charge to the general public via the Electronic Municipal Market Access system ("EMMA") at www.emma.msrb.org.

Limitations and Amendments

The County has agreed to update information and to provide notices of material events only as described above. The County has not agreed to provide other information that may be relevant or material to a complete presentation of its financial results of operations, condition, or prospects or agreed to update any information that is provided, except as described above. The County makes no representation or warranty concerning such information or concerning its usefulness to a decision to invest in or sell Certificates at any future date. The County disclaims any contractual or tort liability for damages resulting in whole or in part from any breach of its continuing disclosure agreement or from any statement made pursuant to its agreement, although holders of Certificates may seek mandamus or specified performance to compel the County to comply with its agreement.

The County may amend its continuing disclosure agreement with respect to the Certificates to adapt to changed circumstances that arise from a change in legal requirements, a change in law, or a change in the identity, nature, status, or type of operations of the County, if (1) the agreement, as amended, would have permitted an underwriter to purchase or sell the Certificates in the offering described herein in compliance with Rule 15c2-12 and (2) either (a) the holders of a majority in aggregate principal amount of the outstanding Certificates consent to the amendment or (b) any person unaffiliated with the County (such as nationally recognized bond counsel) determines that the amendment will not materially impair the interests of the holders and beneficial owners of the Certificates. The County may also repeal or amend these provisions if the United States Securities and Exchange Commission amends or repeals the applicable provisions of Rule 15c2-12 or any court of final jurisdiction enters judgment that such provisions of Rule 15c2-12 are invalid, but in either case only if and to the extent that such repeal or amendment would not have prevented an underwriter from lawfully purchasing or selling Certificates in the primary offering of the Certificates giving effect to (a) such provisions as so amended and (b) any amendments or interpretations of Rule 15c2-12. If the County so amends its agreement with respect to the Certificates, it has agreed to include with the next financial information and operating data provided in accordance with its agreement described above under "Annual Reports" an explanation, in narrative form, of the reasons for the amendment and of the impact of any change in the type of information and data provided.

Compliance with Prior Undertakings

The County's filings of annual financial information and operating data for fiscal years ending September 30, 2009 through 2013 were all made on a timely basis. In a review of its prior continuing disclosure filings, however, the County discovered that it had inadvertently omitted certain tables relating to convention statistics, hotel occupancy, hotel occupancy tax collections and motor vehicle rental tax collections. On December 2, 2014, the County filed with EMMA a Notice of Filing Additional Annual Financial Information and Operating Data that included the omitted tables. For future continuing disclosure filings, the County will, to the extent required by its continuing disclosure undertakings, include these tables as part of its annual financial information and operating data to be filed with EMMA.

For Fiscal Years 2012 and 2013, the County inadvertently omitted a CUSIP prefix for certain outstanding debt obligations in its annual operating data and financial information filing which resulted in an improper linkage under the EMMA website. The Preliminary Official Statement only noted the CUSIP linkage issue related to Fiscal Year 2012 and the above disclosure has been revised to reflect the linkage issue for Fiscal Year 2013.

In January 2013, the municipal bond insurer for certain of the County's Venue Tax Bonds and Motor Vehicle Rental Tax Bonds was downgraded by Moody's and an event filing was not made with respect to such downgrade as this downgrade was generally available to the municipal bond market.

On April 19, 2018, the Texas Department of Transportation ("TxDOT") filed a material event filing for failure to file TxDOT's annual filings of financial information and operating data for fiscal years 2012 through 2015 as required by certain continuing disclosure agreements related to bonds or other obligations issued by other entities including the County's pass-through revenue and limited tax bonds (collectively, the "Pass-Through Bonds"). As a result, the TxDOT material event filing related to the Pass-Through Bonds is filed under the County's CUSIP number.

For additional information relating to the County's continuing disclosure filing history, see www.emma.msrb.org.

OTHER PERTINENT INFORMATION

Authenticity of Financial Data and Other Information

The financial data and other information contained herein have been obtained from the County's records, audited financial statements and other sources that are believed to be reliable. There is no guarantee that any of the assumptions or estimates contained herein will be realized. All of the summaries of the statutes, documents and resolutions contained in this Official Statement are made subject to all of the provisions of such statutes, documents and resolutions. These summaries do not purport to be complete statements of such provisions and reference is made to such documents for further information. Reference is made to original documents in all respects.

Registration and Qualification of Certificates for Sale

The sale of the Certificates has not been registered under the federal Securities Act of 1933, as amended, in reliance upon the exemption provided thereunder by Section 3(a)(2); and the Certificates have not been qualified under the Securities Act of Texas in reliance upon various exemptions contained therein; nor have the Certificates been qualified under the securities act of any other jurisdiction. The County assumes no responsibility for qualification of the Certificates under the securities laws of any jurisdiction in which the Certificates may be sold, assigned, pledged, hypothecated or otherwise transferred. This disclaimer of responsibility for qualification for sale or other disposition of the Certificates shall not be construed as an interpretation of any kind with regard to the availability of any exemption from securities registration provisions.

Legal Investments and Eligibility to Secure Public Funds in Texas

Section 1201.041 of the Public Securities Procedures Act (Chapter 1201, Texas Government Code, and Section 271.052, as amended, Texas Local Government Code) provides that the Certificates are negotiable instruments governed by Chapter 8, Texas Business and Commerce Code, and are legal and authorized investments for insurance companies, fiduciaries, and trustees, and for the sinking funds of municipalities or other political subdivisions or public agencies of the State of Texas. With respect to investment in the Certificates by municipalities or other political subdivisions or public agencies of the State of Texas, the Public Funds Investment Act, Chapter 2256, Texas Government Code, requires that the Certificates be assigned a rating of at least "A" or its equivalent as to investment quality by a national rating agency. (See "OTHER PERTINENT INFORMATION - Certificate Ratings" herein.) In addition, various provisions of the Texas Finance Code provide that, subject to a prudent investor standard, the Certificates are legal investments for state banks, savings banks, trust companies with at least \$1 million of capital, and savings and loan associations. The Certificates are eligible to secure deposits of any public funds of the State, its agencies, and its political subdivisions, and are legal security for those deposits to the extent of their market value.

Certificate Ratings

Fitch Ratings, Inc. ("Fitch"), Moody's Investors Service, Inc. ("Moody's") and S&P Global Ratings ("S&P") have assigned their municipal bond ratings of "AAA," "Aaa," and "AAA", respectively, to the Certificates.

The ratings reflect only the views of Fitch, Moody's and S&P at the time the ratings are given, and the County makes no representations as to the appropriateness thereof. There is no assurance that any rating will continue for any given period of time, or that a rating will not be revised downward or withdrawn entirely if, in the judgment of Fitch, Moody's or S&P, circumstances so warrant. Any such downward revision or withdrawal of a rating may have an adverse effect on the market price of the Certificates.

Co-Financial Advisors

SAMCO Capital Markets, Inc. and RBC Capital Markets, LLC (the "Co-Financial Advisors") are employed as the Co-Financial Advisors to the County in connection with the issuance of the Certificates. The Co-Financial Advisor's fee for services rendered with respect to the sale of the Certificates is contingent upon the issuance and delivery of the Certificates. The Co-Financial Advisors, in their capacity as Co-Financial Advisors, have relied on the opinion of Bond Counsel and have not verified and do not assume any responsibility for the information, covenants, and representations contained in any of the legal documentation with respect to the federal income tax status of the Certificates.

In the normal course of business, the Co-Financial Advisors may also from time to time sell investment securities to the County for the investment of bond proceeds or other funds of the County upon the request of the County.

The Co-Financial Advisors have provided the following sentence for inclusion in this Official Statement. The Co-Financial Advisors have reviewed the information in this Official Statement in accordance with, and as part of, their responsibilities to the County and, as applicable, to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Co-Financial Advisors do not guarantee the accuracy or completeness of such information.

Underwriting

The Underwriters have agreed, subject to certain conditions, to purchase the Certificates at a price equal to the initial offering prices to the public, as shown on page -ii-, less an underwriting discount of \$601,084.30 plus a premium of \$19,674,119.35, plus accrued interest on the Certificates from the Dated Date through their date of initial delivery. The Underwriters' obligations are subject to certain conditions precedent. The Underwriters will be obligated to purchase all of the Certificates if any Certificates are purchased. The Certificates may be offered and sold to certain dealers and others at prices lower than such public offering price, and such public prices may be changed from time to time, by the Underwriters.

Financial Statements

APPENDIX C to this Official Statement contains the County's annual financial report for the fiscal year ended September 30, 2018. These financial statements have been audited by Garza/Gonzalez & Associates, San Antonio, Texas, independent certified public accountants, as stated in their reports included with such financial statements in APPENDIX C.

Use of Information in the Official Statement

No person has been authorized to give any information or to make any representations other than those contained in this Official Statement, and if given or made, such other information or representations must not be relied upon as having been authorized by the County. This Official Statement does not constitute an offer to sell or solicitation of an offer to buy in any state in which such offer or solicitation is not authorized or in which the person making such offer or solicitation is not qualified to do so or to any person to whom it is unlawful to make such offer or solicitation.

Forward Looking Statements

The statements contained in this Official Statement, and in any other information provided by the County, that are not purely historical, are forward-looking statements, including statements regarding the County's expectations, hopes, intentions, or strategies regarding the future. Readers should not place undue reliance on forward-looking statements. All forward looking statements included in this Official Statement are based on information available to the County on the date hereof, and the County assumes no obligation to update any such forward-looking statements. It is important to note that the County's actual results could differ materially from those in such forward-looking statements.

The forward-looking statements herein are necessarily based on various assumptions and estimates and are inherently subject to various risks and uncertainties, including risks and uncertainties relating to the possible invalidity of the underlying assumptions and estimates and possible changes or developments in social, economic, business, industry, market, legal and regulatory circumstances and conditions and actions taken or omitted to be taken by third parties, including customers, suppliers, business partners and competitors, and legislative, judicial and other governmental authorities and officials. Assumptions related to the foregoing involve judgments with respect to, among other things, future economic, competitive, and market conditions and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond the control of the County. Any of such assumptions could be inaccurate and, therefore, there can be no assurance that the forward-looking statements included in this Official Statement would prove to be accurate.

Authorization of the Official Statement

This Official Statement has been approved by the Commissioners Court for distribution in accordance with provisions of ~~the~~ Rule 15c2-12.

The Order approved the form and content of this Official Statement and any addenda, supplement or amendment thereto and authorized its further use in the reoffering of the Certificates by the Underwriters.

^(c) Excludes the Limited Tax Refunded Obligations.

^(d) Excludes the Flood Control Tax Refunded Obligations.

OTHER DEBT

At an election held on May 10, 2008 (the "2008 Election"), the County's qualified voters authorized the County to continue its levy and collection of the Venue Taxes (hereafter defined), which the County began collecting on January 1, 2000 as authorized at an election of its qualified voters held on November 2, 1999, and to pledge the revenues from the collection of hotel occupancy taxes and short-term rental motor vehicle taxes (collectively, the "Venue Taxes") for the repayment of, and as security for, one or more series of bonds to finance various venue projects authorized by Chapter 334, Texas Local Government Code (the "Original Venue Bonds"). The Commissioners Court ordered the continuation of its collection of the Venue Taxes on May 27, 2008. On September 30, 2008, the County refunded the Original Venue Bonds, and issued two series of new money venue project bonds to provide construction proceeds for the completion of venue projects approved at the 2008 Election, all of which obligations are secured by and payable from (in whole or in part) the Venue Taxes. Since that time, the County issued nine additional series of bonds. The purpose of these bonds is for financing the costs of Motor Vehicle Rental Tax Venue Projects, to pay the costs of their issuance, and to fund the Tax-Exempt Combined Venue Tax Bonds Reserve. In June 2019 the County refunded its Tax Exempt Venue Project Revenue Refunding Bonds (Combined Venue Tax), Series 2008A, its Tax Exempt Venue Project Revenue Bonds (Combined Venue Tax), Series 2008C and Series 2009, and its Tax Exempt Venue Project Revenue Refunding Bonds, Series 2010 for debt service savings with the Tax Exempt Venue Project Revenue Refunding Bonds (Combined Venue Tax), Series 2019. In addition, the County refunded its Tax Exempt Venue Project Revenue Bonds (Motor Vehicle Rental Tax), Series 2008D, Series 2009, and Series 2010 for debt service savings with the Tax Exempt Venue Project Revenue Refunding Bonds, (Motor Vehicle Rental Tax), Series 2019. These series of bonds that have been issued represent the only outstanding County indebtedness secured by and payable from the Venue Taxes, all of which were issued to provide proceeds for the completion of the projects authorized at the 2008 election. As of December 1, 2019, the County had \$360,455,000 in combined venue project debt outstanding. The County is not legally authorized to issue additional bonds payable from the Venue Taxes without the approval of the voters at an election held for such purpose.

Source: The County's audited financial statements and information provided by the County.

ADDITIONAL DEBT

Concurrently with the issuance of the Certificates, the County is issuing its \$79,645,000 Limited Tax Refunding Bonds, Series 2019 and \$45,310,000 Flood Control Tax Refunding Bonds, Series 2019 (collectively, the "Refunding Bonds") for the purpose of refunding certain of its ad valorem tax-secured obligations (collectively, the "Refunded Obligations") to realize debt service savings. This Official Statement describes only the Certificates and not the Refunding Bonds and investors must review the County's disclosure documents relating to the Refunding Bonds in its entirety prior to making an investment decision with respect thereto.

Additionally, the County anticipates the issuance of an additional series of pass-through revenue and limited tax bonds within the next 24 months in the approximate amount of \$24 million to complete the Potranco Road Project. The actual date of issuance of this series of pass-through revenue and limited tax bonds has not been determined.

With the exception of the previously referenced Refunding Bonds and pass-through revenue and limited tax bonds, the County does not have specific plans for the issuance of additional debt. For forecasting purposes, the County does assume that approximately \$60 million in combination tax and revenue certificates of obligation may be issued at some point in the next two fiscal years. The County may also consider the issuance of refunding bonds to achieve debt service savings.

AD VALOREM TAX RATIOS

The following table sets forth the ratio of the County's indebtedness outstanding payable from ad valorem taxes to assessed value and indebtedness outstanding per capita.

Fiscal Year Ended 9/30	Assessed Value ^(a)	Net Indebtedness Outstanding	Net Indebtedness Outstanding To Assessed Value	Estimated Population	Net Indebtedness Outstanding Per Capita
2009	\$97,310,844,219	\$ 659,279,431	0.68%	1,645,301	\$400.70
2010	98,534,455,781	807,814,960	0.82%	1,714,773	471.09
2011	97,339,404,992	778,915,692	0.80%	1,756,153	443.54
2012	97,400,452,480	892,019,727	0.92%	1,785,704	499.53
2013	98,919,272,876	1,394,750,945	1.41%	1,817,610	767.35
2014	104,364,039,107	1,381,946,461	1.32%	1,855,866	744.64
2015	118,155,491,718	1,527,285,000	1.33%	1,897,753	804.79
2016	127,819,594,631	1,586,720,000	1.24%	1,928,680	822.70
2017	140,024,361,173	1,672,900,000	1.19%	1,928,680	867.38
2018	150,933,852,946	1,683,565,000	1.12%	1,958,578	859.59
2019	161,131,453,490	1,846,190,000 ^(b)	1.15% ^(b)	1,986,049	929.58 ^(b)

(a) Assessed values are net of exemptions. The basis of assessment is 100% of appraised value.

(b) Includes the Refunded Obligations, but does not include the Certificates or the Bonds.

AUTHORIZED BUT UNISSUED TAX BONDS

The County has the following authorized but unissued bonds payable from the \$0.80 Constitutional Tax Rate Limitation:

<u>Purpose</u>	<u>Date Authorized</u>	<u>Original Amount Authorized</u>	<u>Amount Previously Issued</u>	<u>Amount Being Issued</u>	<u>Unissued Balance</u>
Detention Facilities	11-2-93	\$79,000,000	\$66,999,113	\$0	\$12,000,887
Detention Facilities	11-4-03	47,990,000	8,112,500	0	39,877,500
Parks & Comm. Facilities	11-4-03	5,925,000	975,000	0	4,950,000
Public Safety	11-4-03	4,750,000	312,500	0	4,437,500

The County has not previously held a bond election to authorize debt payable from the Flood Control Tax (hereinafter defined).

The County has no authorized but unissued bonds payable from its unlimited tax for County road projects.

⁽¹⁾ Includes the Certificates and the Limited Tax Refunding Bonds and excludes the Refunded Obligations. See table "Obligations Outstanding" herein.

⁽²⁾ The Bexar County, Texas Combination Tax and Revenue Certificates of Obligation, Taxable Series 2009B (Direct Subsidy - Build America Bonds) (the "Taxable Non-Flood Obligations") were designated as "Build America Bonds" under and pursuant to the authority provided for in the federal American Recovery and Reinvestment Act of 2009 (effective February 17, 2009) and are permitted to receive directly from the United States Treasury a refundable tax credit equal to 35% of the taxable interest the County pays on the Taxable Non-Flood Obligations to the holders thereof (the "Subsidy Payment"). Failure on the part of the County to comply with the conditions imposed by the Internal Revenue Code, and future guidance to be provided by the United States Treasury and the Internal Revenue Service, may cause the County to fail to receive the Subsidy Payment for the Taxable Non-Flood Obligations. Moreover, Subsidy Payments are subject to automatic offsets against certain amounts that may, for unrelated reasons, be owed by the County to an agency of the United States of America. The Subsidy Payments to be received from the United States Treasury in relation to the aforementioned Build America Bonds may be reduced as a result of the automatic reductions in federal spending effective March 1, 2013 pursuant to Budget Control Act of 2011 (commonly referred to as "Sequestration"). The County has determined that the reduction in the amount of the Subsidy Payments will not have a material impact on the financial condition of the County or its ability to pay regularly scheduled debt service on its outstanding obligations when and in the amounts due and owing. See "EFFECTS OF SEQUESTRATION ON CERTAIN OBLIGATIONS" in the body of the Official Statement.

TAX ADEQUACY - LIMITED TAX DEBT

⁽¹⁾ Includes the Flood Control Tax Refunding Bonds and excludes the Flood Control Refunded Obligations.

⁽²⁾ The Bexar County, Texas Combination Flood Control Tax and Revenue Certificates of Obligation, Taxable Series 2009B (Direct Subsidy - Build America Bonds) (the "Taxable Flood Obligations") were designated as "Build America Bonds" under and pursuant to the authority provided for in the federal American Recovery and Reinvestment Act of 2009 (effective February 17, 2009) and are permitted to receive directly from the United States Treasury a refundable tax credit equal to 35% of the taxable interest the County pays on the Taxable Flood Obligations to the holders thereof (the "Subsidy Payment"). Failure on the part of the County to comply with the conditions imposed by the Internal Revenue Code, and future guidance to be provided by the United States Treasury and the Internal Revenue Service, may cause the County to fail to receive the Subsidy Payment for the Taxable Flood Obligations. Moreover, Subsidy Payments are subject to automatic offsets against certain amounts that may, for unrelated reasons, be owed by the County to an agency of the United States of America. The Subsidy Payments to be received from the United States Treasury in relation to the aforementioned Build America Bonds may be reduced as a result of the automatic reductions in federal spending effective March 1, 2013 pursuant to Budget Control Act of 2011 (commonly referred to as "Sequestration"). The County has determined that the reduction in the amount of the Subsidy Payments will not have a material impact on the financial condition of the County or its ability to pay regularly scheduled debt service on its outstanding obligations when and in the amounts due and owing. See "EFFECTS OF SEQUESTRATION ON CERTAIN OBLIGATIONS" in the body of the Preliminary Official Statement.

TAX ADEQUACY - FLOOD CONTROL TAX OBLIGATIONS

Estimated Proceeds from \$0.012 Flood Control Tax Using 2019 Taxable Assessed Valuation of \$172,332,699,081 at 97% Collected	\$20,059,526
Estimated Other Sources	<u>50,000</u>
Total Estimated Available Funds for Flood Control Tax Debt Service	\$20,109,526
2019/2020 Flood Control Tax Debt Service Requirement	\$17,483,300

AD VALOREM TAX RATES

The following table shows the County's ad valorem tax rates per \$100 of assessed value for each of the tax years 2015 through 2019:

Purpose	2019	2018	2017	2016	2015
General Fund	\$0.236250	\$0.236250	\$0.236250	\$0.23600	\$0.239991
Limited Tax Debt Service	0.041179	0.041179	0.054979	0.057250	0.057509
Equipment Obligations	0.000000	0.000000	0.000000	0.000000	0.000000
Total Limited Tax Rate	0.277429	0.277429	0.291229	0.293250	0.297500
Unlimited Tax Rate ⁽¹⁾	0.000000	0.000000	0.000000	0.000000	0.000000
Sub-Total	0.277429	0.277429	0.291229	0.293250	0.297500
Farm to Market Special Tax	0.010800	0.010800	0.000000	0.000000	0.000000
Flood Control Special Tax ⁽²⁾	0.012868	0.012868	0.012868	0.015700	0.017000
Total Tax Rate	\$0.301097	\$0.301097	\$0.304097	\$0.308950	\$0.314500

⁽¹⁾ The County has historically utilized other lawfully available funds, including the Farm-to-Market and Lateral Road Tax to pay the debt service requirements on the County's unlimited tax road bonds.

⁽²⁾ The County has previously entered into a contract, as amended, with the San Antonio River Authority ("SARA") pursuant to Section 411.003, as amended, Texas Local Government Code, for the accomplishment of plans and programs for flood control and soil conservation, pursuant to which the County agreed to annually assess and levy a portion of the Flood Control Tax at the rates and amounts set forth in the contract sufficient to meet the obligations of the County under the contract with SARA.

(a) The County currently offers an exemption of \$50,000 to property owners that qualify as disabled persons and/or persons 65 years of age or older. The County has studied the effects to the property tax base and tax revenues of raising that exemption to levels between \$60,000 and \$100,000. The exact extent to which such an increase in the current exemption would negatively impact the County's future tax revenues is unknown. A number of studies, however, have been undertaken to measure the extent of the impact of an increase in the current exemption, and these studies have concluded that such an increase in the current exemption would cause a decrease in the rate of growth of future tax revenues to the County.

CONSOLIDATED OVERLAPPING GROSS FUNDED DEBT PAYABLE FROM AD VALOREM TAXES

Expenditures of the various taxing bodies within the territory of the County are paid out of ad valorem taxes levied by these taxing bodies on properties within the County. These political taxing bodies are independent of the County and may incur borrowings to finance their expenditures. The following statement of direct and estimated overlapping ad valorem tax debt was developed from information contained in "Texas Municipal Reports" published by the Municipal Advisory Council of Texas. Except for the amounts relating to the County, the County has not independently verified the accuracy or completeness of such information, and no person should rely upon such information as being accurate or complete. Furthermore, certain of the entities listed below may have issued additional debt since the date stated in the table, and such entities may have programs requiring the issuance of substantial amounts of additional debt, the amount of which cannot be determined. The following table reflects the County's estimated share of overlapping gross debt of these various taxing bodies:

Taxing Body	Tax Debt	Estimated Overlapping	
	Outstanding As of 11/01/2019	Percent	Tax Debt
Alamo CCD	\$ 437,330,000	100.00%	\$ 437,330,000

Included above, the County, on behalf of the Bexar County Hospital District (a political subdivision of the State of Texas whose boundaries are coterminous with the County's and is referred to herein as the "District"). The District has four issues of debt obligations outstanding in the amount of \$840,300,000. Though this ad valorem tax is separate from the County's, belonging exclusively to the District pursuant to independent authority under the Texas constitution, these obligations will be primarily payable from ad valorem taxes levied and assessed, on behalf of the District, upon property located within both the County and the District (which is substantially the same as the property of the County upon which the ad valorem taxes securing the Certificates and the Non-Flood Certificates are levied, assessed, and collected).

^(a) *Certain bonds issued by Texas independent school districts are eligible for payment from the State of Texas "Instructional Facilities Allotments" and from "Existing Debt Allotments." These bonds, while obligations of the individual school district, are payable in whole or in part from school district allocations of state funds. Such funding may vary between school districts and from year to year depending upon the state's contributions.*

^(b) *Includes the Certificates and the Bonds.*

NOTE: All outstanding capital appreciation bonds are shown at the original issue amount.

THE COUNTY

Creation and Location

The County was created in 1836 and organized in 1837 as one of the original counties of the Republic of Texas and is now the third most populous of the 254 counties in the State. The County is located in south central Texas and is a component of the San Antonio Metropolitan Statistical Area, the nation's twenty-fourth largest Metropolitan Statistical Area and the third largest in the State in 2010. According to the U.S. Census, the 2018 population of the County was 1,986,049. See APPENDIX B for more information concerning the County.

The principal city within the County is San Antonio, Texas, the County seat. The local economy is based on manufacturing, agriculture, mineral production, medical facilities, military activities, and tourism.

Administration of the County

Those officials having responsibility for the financial administration of the County are the County Judge and four County Commissioners (the "Commissioners Court"), the County Tax Assessor Collector, and the County Clerk (all of whom are elected officials), the County Auditor (who is appointed by the District Judges), and the Budget Officer (who is an employee of the Commissioners Court). See page -iii- of the Official Statement for the names of the current office holders.

The Commissioners Court is the governing body of the County. It has certain powers expressly granted by the Texas Constitution and by the State Legislature and powers necessarily implied from such grants. Among other things, it approves the budget, determines the tax rates, approves contracts in the name of the County, determines whether indebtedness should be authorized and issued, and appoints certain County officials.

The County Judge is the presiding official of the Commissioners Court and is elected for a four-year term by the voters of the County. Each Commissioner represents one of the four precincts into which the County is divided. Each of the four Commissioners is elected by the voters of his or her precinct for a four-year term.

The Tax Assessor Collector is responsible for collecting ad valorem taxes, collecting certain State and County fees, and other taxes.

The County Clerk's duties include treasurer responsibilities as related to depositing money received by the County in the depository selected by the Commissioners Court and cosigning all of the County's checks. In addition, the County Clerk is the Clerk of the Commissioners Court and civil, criminal, and probate courts. The County Clerk is also the recorder of the County and issues and records, marriage licenses, assumed business names, and records military discharges, cattle brands, uniform commercial code filings and deeds.

The County Auditor is the chief financial officer of the County and is responsible for substantially all County finance and accounting control functions. The responsibilities include those of auditing, accounting system design, financial relations, payroll and is charged statutorily with strict enforcement of the law governing county finances. The County Auditor is appointed for a two-year term by, and is accountable to, the 27 State District Judges whose courts are located in the County.

The County Manager is appointed by the Commissioners Court and is responsible for preparing the County's annual budget. These responsibilities also include those of County Budget Officer and Chief Investment Officer, debt issuance planning and health insurance administration. In addition, the County Manager develops the long range financial forecast and completes special studies and cost/benefit analyses of various issues that have a fiscal impact on the County.

Employees

The following table shows the number and employment category of the County's employees on September 30, years 2012 through 2018.

	<u>2018</u>	<u>2017</u>	<u>2016</u>	<u>2015</u>	<u>2014</u>	<u>2013</u>	<u>2012</u>

Total	4,874	4,919	4,845	4,729	4,670	4,568	4,551

County Services

The County operates a jail and detention system and various parking facilities, constructs and maintains roads, and provides various levels of civil and criminal courts, a district attorney's office, a county sheriff's department, juvenile probation and detention, parks, and certain other public health and social welfare services.

The Bexar County Hospital District which uses the assumed name University Health System (the "System"), is a political subdivision of the State which owns and operates several health care facilities and is the major teaching facility for the University of Texas Health Science Center. The Commissioners Court appoints the governing body of the System and approves the System's annual budget. The financial information contained herein does not include information concerning the System.

The financial statements of the County include the Bexar County Housing Finance Corporation, the Bexar County Health Facilities Development Corporation, and the Bexar County Industrial Development Corporation as blended component units.

In March 2005, the Commissioners Court recognized the Deputy Sheriff's Association of Bexar County ("DSABC") as the exclusive bargaining agent for collective bargaining under Section 174.101 of the Texas Local Government Code. The DSABC represents all Sheriff's Office uniformed employees in the Detention and Law Enforcement careers and a majority of the senior management.

The purpose of bargaining is to come to an agreement pertaining to wages, hours and conditions of employment and enter into a contract between members of the DSABC and the County. In December 2016, a new CBA agreement was approved by the County and DSABC. The agreement has a four-year term effective December 23, 2016 through September 30, 2020. Pursuant to the agreement, Detention Officers and Corporals receive an 8% salary increase in FY 2016-17, a 2.5% increase in FY 2017-18, a 3% increase in FY 2018-19, and a 1.5% increase in FY 2019-20. Detention Sergeants, Lieutenants, Captains and all of Law Enforcement receive an 8% salary increase in FY 2016-17, a 2.5% increase in FY 2017-18, a 3% increase in FY 2018-19, and a 2.75% increase in FY 2019-20. The total cumulative cost over the four-year period is \$42.6 million.

RETIREMENT PROGRAM

Plan Description

The County provides retirement, disability, and death benefits for all of its eligible employees through a nontraditional defined benefit pension plan in the statewide Texas County and District Retirement System (TCDRS). The Board of Trustees of TCDRS is responsible for the administration of the statewide agent multiple-employer public employee retirement system which consists of 677 nontraditional defined benefit pension plans. TCDRS, in the aggregate, issues a Comprehensive Annual Financial Report (CAFR) on a calendar year basis. The CAFR is available upon written request from the TCDRS Board of Trustees at P.O. Box 2034, Austin, Texas 78768-2034.

The plan provisions are adopted and may be amended by the governing body of the County within the options available in Texas law governing TCDRS (TCDRS Act). Members can retire at ages 60 and above with eight or more years of service, with 20 years of service regardless of age, or when the sum of their age and years of service equals 75 or more. Members are vested after eight years of service but must leave their accumulated deposits in the plan to receive any employer-financed benefit. Members who withdraw their personal deposits in a lump sum and who are not eligible to retire are not entitled to any amounts contributed by their employer.

Benefit amounts are determined by the sum of the employees' deposits to the plan, with interest, and employer-financed monetary credits. The level of these monetary credits is adopted by the governing body of the employer within the actuarial constraints imposed by the TCDRS Act, so that the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. At retirement, death, or disability, the benefit is calculated by converting the sum of the employee's accumulated deposits and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

Funding Policy

The County has elected the Annually Determined Contribution Rate plan provisions of the TCDRS Act. The plan is funded by monthly contributions from both employee members and the County based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the County is actuarially determined annually. The County contributed using the actuarially determined rate of 13.61% of covered payroll for the months of the calendar year in 2018, and 13.61% of covered payroll for the months of the calendar year in 2019.

The deposit rate payable by all employee members for the calendar years 2018 and 2019 is 7.00% as adopted by the Commissioners Court. The employee deposit rate and the employer contribution rate may be changed by the governing body of the employer within the options available in the TCDRS Act.

Changes in the Net Pension Liability

	Increase/Decrease		
	Total Pension Liability (a)	Fiduciary Net Position (b)	Net Pension Liability / (Asset) (a) – (b)
Balances as of December 31, 2016	\$1,223,447,992	\$1,057,477,031	\$165,970,961

GASB 45 – Reporting Liabilities for Other Post-Employment Benefits (OPEB)

The Governmental Accounting Standards Board has issued Statement No. 45 (“GASB 45”), “Accounting and Financial Reporting by Employers for Post-Employment Benefits Other Than Pensions”. GASB 45 establishes financial reporting standards for other post-employment benefit plans. Currently the County has established a post-employment healthcare plan for full-time regular employees that retire after January 1, 2000. In order to comply with GASB 45, beginning with FY 2007-08, the County started reporting the accrued liability for Other Post-Employment Benefits (“OPEB”). Although this reporting is not required by law, it is part of Generally Accepted Accounting Principles (“GAAP”). Furthermore, bond rating agencies such as Moody’s, Fitch, and S&P have stated that GASB 45 compliance will be considered when assigning credit ratings for local governments.

In FY 2006-07, the County retained L&E Actuaries and Consultants to do an actuarial study on the County’s potential OPEB liabilities. This study showed that as of May 1, 2007, the County’s unfunded actuarial accrued liability (“UAAL”) was \$117,676,388 and the County’s annual contribution requirement (“ARC”) was \$10,336,862 (assuming a 4.5% investment rate of return) of which \$5,150,000, approximately 50%, was programmed by the County in the 2007-08 fiscal year budget to begin assessing this liability. A second actuarial study was performed for fiscal year ending September 30, 2009 to confirm these initial findings. This study showed that as of October 1, 2008, the County’s UAAL was \$128,591,423, and the County’s ARC was \$10,046,870 (assuming a 4% investment rate return). A third actuarial study was performed for fiscal year ending September 30, 2011. This study showed that as of October 1, 2010, the County’s UAAL was \$159,197,151 and the County’s ARC was \$11,554,482 (assuming a 3.75% investment rate return). A fourth actuarial study was performed for fiscal year ending September 30, 2013. This study showed that as of October 1, 2012, the County’s UAAL was \$166,600,965 and the County’s ARC was \$12,016,077 (assuming a 3.75% investment rate return). A fifth actuarial study was performed for fiscal year ending September 30, 2015. This study showed that as of October 1, 2014, the County’s UAAL was \$183,016,083 and the County’s ARC was \$14,643,909 (assuming a 3.75% investment rate return).

The County has continued to explore cost mitigation strategies and to develop a full funding plan to meet its OPEB liabilities. At this time the County has not and is not contemplating entering into any contracts that obligate the County to make future health care benefit payments and no such obligation exists under State law as the County, at its sole discretion, may reduce, modify, and/or terminate any post-employment healthcare benefit plans with any County employees. It is not the County’s intention to establish an irrevocable trust for its OPEB liabilities, but rather to report this liability as prescribed by GASB 45 and develop a structured funding mechanism with annual contributions maintained in a dedicated fund, thereby reducing the County’s OPEB liability over a period of time.

APPENDIX B
GENERAL INFORMATION REGARDING BEXAR COUNTY, TEXAS
AND THE CITY OF SAN ANTONIO, TEXAS

(this page intentionally left blank)

**General Information Regarding Bexar County, Texas
and The City of San Antonio, Texas**

This Appendix contains a brief discussion of certain economic and demographic characteristics of the area in which the County is located which the County has prepared in connection with the issuance of the Certificates. Information in this Appendix has been obtained from the sources noted and certain of the information may be dated. The sources are believed to be reliable, although no investigation has been made to verify the accuracy of such information, nor is any representation made that the information provided is the most current that is available. Information concerning the City of San Antonio, Texas (the "City") and its operations is included in this Appendix solely for general information; the City is not obligated in any way to support payment of the Certificates.

Creation and Location of Bexar County

The County was organized in 1836 as one of the original counties of the Republic of Texas and is now the third most populous of the 254 counties in the State of Texas with a 2018 estimated population of 1,986,049. The County has an area of approximately 1,248 square miles and contains 27 incorporated cities within its boundaries.

The County is located in south central Texas and is a component of the Metropolitan Statistical Area ("MSA") of San Antonio. The San Antonio MSA is one of the nation's largest MSAs and the third largest MSA in Texas. The principal city within the County is San Antonio, the county seat. The City was founded in the early eighteenth century and was incorporated by the Republic of Texas in 1837. The City covers approximately 467 square miles and is located in south central Texas approximately 80 miles south of Austin, the state capital. The City's 2010 census population of 1,327,407 makes it the second largest city in Texas and the seventh largest in the United States.

The following table provides, at the dates shown, the population of the City, the County, and the Area MSA, which includes Bexar, Comal, Wilson and Guadalupe Counties.

Calendar Year	City of San Antonio	Bexar County	Area MSA
1930	231,542	292,533	333,442
1940	253,854	338,176	376,093
1950	408,442	500,460	542,209
1960	587,718	687,151	736,066
1970	654,153	830,460	888,179
1980	786,023	988,870	1,088,881
1990	935,933	1,185,394	1,407,745
2000	1,144,646	1,392,931	1,711,703
2010	1,327,407	1,714,773	2,142,508
2018	1,532,233	1,986,049	2,518,036

Economic Factors

The County has a diversified economic base which is composed of financial services, healthcare, agriculture, manufacturing, construction, military, and tourism. Support for these economic activities is demonstrated by the County's ongoing commitment to economic development projects along with ongoing infrastructure improvements to support the County's growing population. As Bexar County has continued to add jobs it has also fared better than the nation in regard to current unemployment. Bexar County's unemployment rate in August 2019 was 3.2%, down from 3.5%¹ the same month in 2018, and still well below the national unemployment rate in August 2019 of 3.7%.² Another economic factor attracting companies and families to the San Antonio area is the low cost of living. For metropolitan areas San Antonio is ranked among the lowest in cost of living with a composite score of 86.9, 13.1% below the national average.³ With one of the lowest cost workforces of any major cities in the United States, Bexar County is continually positioned to increase employment across various industries.

³ San Antonio EDF - <http://www.sanantonioedf.com/why-san-antonio/data>

Financial Services

The finance industry is an important and stable component of the Bexar County economy. There are eight financial institutions headquartered in San Antonio and four regional headquarters located in the City. As of April 2019, the financial activities, alone, employed more than 93,300⁴ people within the San Antonio-New Braunfels SA Metropolitan Statistical Area.

San Antonio is a major insurance center in the southwest, serving as the headquarters for several insurance companies, including United Services Automobile Association (USAA). As of 2018, USAA was the nation's 5th largest automobile insurer and the 5th largest homeowner's insurer. Not just an insurance company, USAA is also the 11th largest credit card provider in the nation and the 20th largest commercial bank and saving institution (based on assets). USAA has also been ranked in the Fortune Magazine's List of 100 Best Companies to Work For a total of 13 times since Fortune published the list in 1998. With its main campus nearly full, the company has begun construction to open another campus. The company has also purchased 63,000 square feet of office space downtown at One Riverwalk Place, which will house 600 employees by the end of 2019. In 2018 the Bexar County based company reported nearly \$2.3 billion in net income on revenue of \$31.3 billion in 2018. USAA's net worth rose to \$31.1 billion in 2018, an increase from \$30.6 billion in 2017.

Additionally, GM Financial has recently opened a new facility within the County, celebrating with a ribbon cutting ceremony in October 2019. After the ribbon-cutting event and the kick-off of the company's latest move to support their captive financial division, the 100,000-square-foot, \$26 million⁵ architectural piece has become host to hundreds of jobs averaging annual figures of \$50,000 and up. This 14-acre development is estimated to bring \$300 million in economic benefits to San Antonio over the first 10 years after its doors open, meaning there's still plenty of development on the way for residents of the area. The service center will house up to 700 new jobs in the region, the company announced in a press release.

Banking also has a large presence in Bexar County with numerous banking headquarters and regional operation centers. Frost Bank, Broadway Bank, and previously mentioned USAA Bank have their banking headquarters in San Antonio. Companies with large regional operations centers in San Antonio include Bank of America, J.P. Morgan Chase, Wells Fargo, and Citigroup.

J.P. Morgan Chase currently employs 2,300 at its Chase Retail Operations Center and 1,700 people at its Chase Card Center. These operations centers handle inbound calls from retail customers and small-business owners, as well as outbound calls and collections.

Wells Fargo has more than 4,300 employees in the San Antonio area, with more than 3,500 employees at a 112-acre, 10 building campus, which was acquired from the acquisition of Wachovia Corp. Customer service representatives at this location process loan-applications and work with customers who are facing delinquent payments.

Cullen/Frost Bankers, the holding company of Frost Bank, employs nearly 2,300 people locally and has its corporate headquarters in downtown San Antonio. In June 2015, Frost Bank announced plans to build a new \$142 million, 460,000 square feet, 400 feet high office tower in downtown San Antonio after a public-private partnership agreement with the City of San Antonio and Weston Urban. For \$51 million, the City of San Antonio will purchase the current Frost Bank tower and consolidate 1,200 City employees into 12 floors of the building. The new Frost Tower took years of planning and 24 months of construction before opening its doors in the summer of 2019. The Frost Tower represents downtown's first tower built in over 30 years. Frost Bank occupies the first 16 floors of the building, representing 280,000 square feet, and the remaining floors hold tenants, such as, Norton Rose Fulbright, Ernst & Young, LLP, and Insight Global. The tower also includes 20,000 square feet of retail and restaurant space, as well as a fitness center.

Healthcare & Bioscience

The medical and bio-medical industry is now the number one economic generator in the County, having an economic impact of \$40 billion on the local economy in 2017, maintaining a \$9.8 billion payroll and employing 182,112 persons. One of every six City employees works in the health care and bio-medical industry.⁵ The key components of the health care industry are three major military medical centers, the South Texas Medical Center, the Southwest Research Institute, and the Texas Biomedical Research Institute.

The 900-acre South Texas Medical Center (STMC), located in the County, boasts the region's largest concentration of medical treatment, research, education, and related activity. The STMC is made up of 75 medically related institutions, more than 45 clinics, 12 major hospitals, one higher education institution, and a number of small practices, offices, and non-medical businesses. Of those institutions, practices, and offices, the STMC employs over 30,000 individuals in the San Antonio area. The core institutions located at STMC are Methodist

⁴ *Texas Workforce Commission - https://tracer2.com/admin/uploadedpublications/1729_sanantoniomsa.pdf*

⁵ *Greater San Antonio Chamber of Commerce, "San Antonio's Health Care and Bioscience Industry, Economic Impact 2017"*

Healthcare Hospitals, University Hospital, Mays Cancer Center, St. Luke's Baptist Hospital, and UT Health San Antonio. Two of the County's four major hospital institutions listed above, Methodist Healthcare System and University Health Systems, are based in the STMC, while the other two major systems have a STMC presence. In addition, the South Texas Veterans Health Care System (STVHCS) is also based at the Medical Center. STVHCS serves one of the largest primary service areas in the nation and provides health care services for 80,000 veterans.

As for future expansion, the STMC has approximately 280 undeveloped acres with several existing areas slated for reconfiguration.⁶ The majority of the land has been granted or leased exclusively for medical and healthcare service uses. However, the STMC plans to continue to expand into a community with multiple office buildings, hotels, apartments, restaurants, and other services.

The Southwest Research Institute (SwRI), headquartered in San Antonio, is one of the oldest and largest, independent, nonprofit, applied research and development (R&D) organizations in the United States and is internationally renowned. SwRI occupies more than 2 million square feet of office and laboratory space on a more than 1,200-acre site in San Antonio. Historically more than 4,000 projects are open at the SwRI at any one time with funding almost equally between the government and commercial sectors. In 2018, SwRI initiated 84 new projects and spent more than \$7 million on internal research. The SwRI total revenue for fiscal year 2018 was \$584 million and the staff numbered 2,602 including 271 professionals who hold doctorate-level degrees and 510 with master's degrees.⁷

Independent of the SwRI, but only one mile away, is the Texas Biomedical Research Institute (formerly known as the Southwest Foundation for Biomedical Research). The Texas Biomedical Research Institute operates on a 200-acre campus located in northwest San Antonio and employs more than 350 employees, over 65 of which are doctoral-level scientists that lead more than 200 major research projects. This research organization conducts biomedical research, specializing in genetics, virology and immunology. The Texas Biomedical Research Institute also houses the world's largest nonhuman primate colonies used to study human diseases, The Southwest National Primate Research Center, which maintains 3,000 nonhuman primates and provides specialized facilities and expertise in research with nonhuman primates internationally. For 2017, the Texas Biomedical Research Institute had total revenue of \$58.6 million.

The Texas Biomedical Research Institute is also home to the nation's only privately owned biosafety level 4 (BSL-4) laboratory. This maximum containment lab allows for safe research on lethal pathogens for which there are no treatments or vaccines, including potential bio-terror agents and emerging diseases. Another resource that puts the Foundation on the cutting edge of biomedical research is the AT&T Genomics Computing Center, which houses the world's largest computer cluster for human genetic and genomic research. This high-performance computing facility allows scientists to search for disease-influencing genes at record speed.

A number of highly successful private companies, such as Mission Pharmacal, DPT Laboratories, Ltd., and Genzyme Oncology, Inc., operate their own research and development groups and act as guideposts for numerous biotech startups, bringing new dollars into the area's economy. A notable example of the results of these firms' research and development is Genzyme Oncology, Inc., which has developed many recent cancer drugs approved for general use by the United States Food and Drug Administration.

Manufacturing

Manufacturing has been a major economic driver in San Antonio for more than two decades, growing from a \$13 billion industry in 2001 to \$24.7 billion in 2011 and \$31.1 billion in 2016.⁸ According to the San Antonio Manufacturers Association's 2016 Economic Impact Study, San Antonio's manufacturing industry employs a total of 51,904 people with a near \$3 billion annual payroll and an average salary of \$57,707.

The cornerstone of the manufacturing sector is the Toyota Tundra manufacturing facility which celebrated its 15th anniversary in San Antonio in October 2018. Toyota became a prominent piece of the County's economy in 2009 when Toyota merged all Tundra truck production to Toyota Motor Manufacturing Texas (TMMTX) in San Antonio. Toyota also announced that the production of its Tacoma pickup would move from California to TMMTX. This shift in production locations triggered a new direct investment of \$100 million and the addition of 1,000 jobs to the Bexar County economy. Moreover, 100 percent of Toyota's United States pickup truck production is now taking place at the TMMTX plant. The Toyota manufacturing plant produces approximately 200,000 trucks annually and has a payroll exceeding \$37 million for more than 3,000 employees. The facility covers 2,000 acres and represents an investment of \$850 billion. The 23 on-site suppliers employ more than 4,000 people. As the trucks roll off the line, the jobs also spin off, possibly adding 5,300 to 13,000 new jobs to Bexar County in associated industries (Source: Texas Workforce Commission).

In September 2019, Toyota also announced the first expansion in nine years with an investment of \$391 million to expand the South San Antonio Toyota plant. The company cited investments in advanced technology that would not replace workers at the plant, but serve as assistance in tasks that workers could not complete themselves, such as lifting heavy objects. The continued investments by Toyota confirms the business-friendly environment Texas and Bexar County exhibits along with the advantageous location of Bexar County. The Toyota plant employs 3,200 employees as of September 2019.

⁸ *Bloomberg BusinessWeek*

In addition, Navistar, an Illinois based commercial truck and bus manufacturer announced in September 2019 an investment exceeding \$250 million for a production facility in San Antonio. The facility will be able to manufacture Class 6-8 vehicles and, with the County's advantageous location along Interstate 35, will help facilitate improved logistics that, in turn, is expected to lower costs and boost profitability. The \$250 million investment will create 600 jobs, with plans to break ground on the facility in 2019 and anticipated production to start in 24 months.

Information Technology

Headquartered in the County, Rackspace Managed Hosting was founded in San Antonio in 1998 and manages more than 22,000 servers in seven data centers in Europe and the United States. Rackspace was awarded a \$22 million grant from the Texas Enterprise Fund as part of an incentive package to help Rackspace relocate within Bexar County and created up to 4,000 new jobs. The company has spent more than \$100 million to convert a 1.2 million square foot mall located on a 68 acre-tract. Rackspace has nearly 3,300 local employees. On August 26, 2016, Apollo Global Management, a private equity firm, purchased Rackspace for \$4.3 billion. The company has continued to maintain their operations in Bexar County.

In December 2015, Microsoft purchased 160 acres in San Antonio for the intention of building what will be one of the largest data centers in the United States. The construction of the 8-building data center is estimated to reach completion in the early 2020s and create approximately 900 jobs. In November 2017, Microsoft decided to expand its data center investment in San Antonio by purchasing an \$80 million data center that spans 34 acres and 202,000 square feet. This purchase marked the fourth data center in San Antonio that Microsoft owns or is building and represents a continuance of the company's 12-year effort of clustering data centers in the San Antonio area. In regard to the County's largest taxpayers, Microsoft Corporation ranks 2nd, trailing HEB Grocery Company L.P.

CyrusOne, a publicly traded real estate investment trust (REIT), also continues to expand its presence in Bexar County when it comes to data centers. In January 2019, CyrusOne purchased a 16-acre plot to construct a 206,000 square-foot data center that is estimated to cost up to \$64 million, the company's largest and most expensive in San Antonio. CyrusOne, with the inclusion of the mentioned data center proposal, would be the company's fifth data center, all of which are located on the City's west side. CyrusOne's clients include 15 of the top 100 global companies and 5 of the top 10 companies, including local companies such as Christus Health, Schlumberger, and Halliburton.

Founded in 1977 and headquartered in Redwood City, California, Oracle Corporation is a global provider of enterprise software and computer hardware products and services with over \$39.5 billion in revenue in 2019. A Fortune 500 company, it employs over 136,000 full-time employees, including approximately 39,000 in sales and marketing, 18,000 in the cloud services and license support operations, approximately 4,000 in hardware, approximately 24,000 in services, approximately 38,000 in research and development, and approximately 13,000 in general and administrative positions. In response to the continued growth due to the acquisition of new customers and the expansion of existing client relationships, Oracle evaluated a number of sites throughout the Southwest United States for the expansion of its information technology services and business process support operations and decided to expand in San Antonio. The City of San Antonio approved the expansion in March of 2014.⁹ Oracle Corporation, the second-largest software company in the world, committed to creating 200 new full-time jobs, paying a minimum annual wage of \$70,000 for at least 10 years.

Hospitality

San Antonio's hospitality industry continues to be a driving force in the local economy. The latest study using data from 2017 shows an economic impact of \$15.2 billion.⁹ The estimated annual payroll for the industry is \$3.23 billion, and the industry employs more than 140,188 people. The hospitality industry employs 1 out of every 7 workers in the San Antonio metropolitan area. The transportation and travel sector employs 8,810, the entertainment sector employs 14,547, the lodging sector employs 16,000, and the food and beverage sector employs 100,831.

The JW Marriott, which is currently the number one producing hotel for the County in terms of hotel occupancy tax collections, embarked on a \$16 million expansion project in 2015. The project, which was completed in the Spring of 2016, includes two water slides, a whirlpool, an artificial sand beach, and a 13,000 square foot pavilion. This is the first major expansion the resort has undertaken since it opened in January 2010.

Another development set to increase the hospitality industry in the downtown area is the construction of a Hilton Canopy Hotel, with an estimated cost of \$39 million, consisting of 20-stories and 197 rooms. The Canopy by Hilton San Antonio River Walk will also feature more than 3,000 square feet of meeting space and a restaurant with an outdoor terrace overlooking the River Walk.

⁽⁹⁾ San Antonio Chamber of Commerce

Tourism

The list of attractions in the San Antonio area include, among many others, the Alamo and the other four Spanish Missions that are part of the 2015 UNESCO World Heritage Site Designation (as well as other sites of historic significance), the River Walk, and three major theme parks (Six Flags Fiesta Texas, SeaWorld San Antonio, and Morgan's Wonderland). San Antonio attracted 39 million visitors in 2018. Of these, over 23 million were overnight leisure visitors, placing San Antonio as one of the top United States destinations in Texas.

The San Antonio River Improvement Project, an investment by the County, the City, and the United States Army Corps of Engineers with the San Antonio River Authority providing project and technical management, recently completed the two major portions of its flood control, amenities, ecosystem restoration and recreational improvements to the San Antonio River. The Museum Reach, as the northern portion is known, extends from the downtown area north to the San Antonio Museum of Art and the 125-year-old Pearl Brewery complex, where shopping, dining, and entertainment venues have been built and continue to be expanded. The southern portion, known as the Mission Reach, connects the downtown river area to the UNESCO world heritage Spanish Missions in the southern part of San Antonio. Additionally, the City of San Antonio and Bexar County will invest approximately \$236 million in revitalizing a 2 mile stretch of San Pedro Creek, a waterway on the west side of downtown.

Conventions

The City is considered one of the top convention cities in the country. To build upon that reputation, in 2016 the City of San Antonio completed a \$325 million expansion of the Henry B. Gonzalez Convention Center. The transformation included 800,000 feet of new construction and the addition of 78,000 square feet to the existing building to better accommodate larger, more varied events. The Henry B Gonzalez Convention Center holds events and conventions throughout the year, strengthening the City of San Antonio's tourism industry prominence. The convention center boasts an incredible 1.6 million square-foot footprint with 514,000 square-feet of contiguous exhibit space, 86,500 square feet of column-free multi-purpose space, 70 meeting spaces, and a 54,000 square-foot ballroom. With the previous expansion of the Grand Hyatt Hotel to 1,003-rooms and with the opening of the 1,002-room JW Marriott, the City will be able to host larger conventions and meetings, and more of them, in the years to come. The City continues to be proactive in attracting convention business through its management practices and marketing efforts.

The following table shows both overall City performance as well as convention activity booked and hosted by the San Antonio Convention & Visitors Bureau for the calendar years indicated:

Calendar Year	Hotel Occupancy ¹	Hotel (RevPAR) ¹	Room Nights Sold ¹	Convention Attendance ²	Convention Room Nights ²	Convention Delegate Expenditures (Millions) ²
2008	64.6%	\$70.82	7,669,475	563,164	691,525	\$607.5
2009	57.1%	\$55.94	7,167,603	399,408	660,736	\$474.5
2010	59.3%	\$57.02	7,768,002	535,400	736,325	\$636.1
2011	61.3%	\$58.08	8,236,019	499,171	637,593	\$593.0
2012	63.5%	\$60.79	8,651,826	449,202	635,829	\$533.7
2013	63.1%	\$63.44	8,610,676	712,577	734,190	\$846.6
2014	65.3%	\$67.03	8,874,090	652,443	725,333	\$775.1
2015	65.7%	\$69.55	8,913,575	699,662	773,569	\$831.2
2016	65.9%	\$72.12	9,116,363	637,658	676,501	N/A ³
2017	66.0%	\$73.45	9,268,201	823,561	816,582	N/A ³
2018	67.1%	\$77.88	9,568,119	672,288	882,650	N/A ³

¹ Data obtained from Smith Travel Research ("STR") based on hotels in the San Antonio selected zip code.

² Reflects only those conventions hosted by Visit San Antonio.

³ The Convention Delegate Expenditures for 2016-2019 are not currently available from Visit San Antonio. Visit San Antonio is in the process of reviewing and recalibrating the methodology for calculating the Convention Delegate Expenditures and the County can make no representation as to when, or if, such calibrations will again be made.

Source: Visit San Antonio.

Oil, Gas, & Renewables

San Antonio is the largest metropolitan area adjacent to the Eagle Ford Shale and will continue to receive economic benefits. Beyond the Eagle Ford Shale field Bexar County is home to Valero Energy, the largest refiner of petroleum in the U.S., and Andeavor (formerly Tesoro) the 5th largest refiner. The County benefits from refinery operations both here and in the Corpus Christi area. In 2022, it is projected that Bexar County will use 14,000 barrels of oil per day for refining.

Additionally, in 10 years, the gross county product will be an estimated \$3.92 billion and the total output will be an estimated \$6.65 billion. For the estimated 24,280 jobs supported, the total payroll will have increased to \$1.1 billion.

On the renewable energy front San Antonio ranked 7th per capita nationally, and 1st in Texas, for installed solar power capacity as of 2018. Solar capacity in the area increased 26% in 2018, when compared to 2017, with further capacity planned. CPS Energy expects to use renewable sources to provide 20% of its power by 2020, up from 15% in 2015. As it stands today, solar power represents 7.4% of CPS Energy's generating capacity.

Military Industry

The military represents a significant component of the County's economy with an annual economic impact over \$48.7 billion for the County and providing 77,659 direct and 205,336 indirect defense-related jobs. The active military installations in the County include Fort Sam Houston and Lackland and Randolph Air Force Bases, as well as the "privatized" installation of Brooks.

The BRAC 2005 established Joint Base San Antonio ("JBSA"), which consolidated installation management at the three military bases in San Antonio, thereby creating the largest base equalization in the Department of Defense ("DoD"). JBSA services more DoD students than any other installation, houses the DoD's largest hospital, and supports more than 250,000 personnel, including 425 retired general officers. Additionally, the 2005 BRAC established an internationally renowned teaching and research hospital in San Antonio, thus creating the largest school for training medical technicians in the world. Each year, San Antonio will graduate over 152,000 students across all three installations. BRAC 2005 also brought management and command centers for the Army North, Army South, Military Property Management, and Military Health Care. As a result, it provides jobs in six targeted industries: health care, health care education, communications, technology, intelligence, and security.

Fort Sam Houston

The recommendations significantly expanded Fort Sam Houston, and its component field training ground Camp Bullis, to become the nation's premier military medical training base and the home of Army Installation Management Command, and management of family support activities and community programs. The economic impact from Fort Sam Houston due to the BRAC 2005 expansion has been tremendous at nearly \$8.3 billion. The economic impact is mainly due to the enormous amount of construction that has been taking place on post to accommodate the new missions and accounts for approximately 80% of the impact at \$6.7 billion. The completion of BRAC 2005 brought 7,648 military personnel and 1,624 civilian personnel to Fort Sam Houston from other economic areas, for a total force of 161,971 as of 2015.

Currently, all U.S. Army combat medic training is conducted at Fort Sam Houston. As a result of BRAC 2005, all military combat medic training will be undertaken at the new Medical Education and Training Campus at Fort Sam Houston Army Base.

Brooke Army Medical Center (BAMC) conducts treatment and research in a 1.5 million square foot facility at Fort Sam Houston Army Base, providing health care to nearly 640,000 military personnel and their families annually. BAMC is a Level I trauma center (the only one in the Army medical care system) and contains the world-renowned Center for Battlefield and Health Trauma. BAMC also conducts bone marrow transplants in addition to more than 600 ongoing research studies.

Lackland Air Force Base

Lackland AFB is situated on 9,700 acres in southwest Bexar County. Lackland AFB is home to the 502nd Installation Support Group (Air Force wide installation management), the 24th Air Force (cyber), 25th Air Force (intelligence), and 737th Training Group (training) Lackland AFB supports a total force of 117,994 and as the sole installation for US Air Force enlisted basic training. Lackland AFB will graduate nearly 40,000 trainees per year.

Randolph Air Force Base

Randolph AFB is located in north west Bexar County and supports a total force of 15,942 people. Randolph AFB is headquarters to the Air Education and Training Command pilot training, the Air Force Personnel Center (Air Force HR), and several other smaller units.

Port San Antonio

In 2001, Kelly Air Force Base officially closed and the land and facilities were transferred to the Greater Kelly Development Authority, a local redevelopment authority responsible for overseeing the redevelopment of the base into a business and industrial park. The business park is now known as Port San Antonio (the "Port"). Port San Antonio is a tax-exempt, self-sustaining enterprise that uses no public tax dollars to run its operations. It was incorporated in 1997 by the City of San Antonio as a separate political jurisdiction of the State of Texas. Its 11-member Board of Directors is appointed by the Mayor and City Council. Port San Antonio has immediate access to rail and highway systems that connect Mexico and Canada, the east and west U.S. coasts, and which extend to Corpus Christi on the Gulf of Mexico.

Given its 11,000-foot runway at Kelly Field, dual rail access at its 350-acre East Kelly Railport, and Foreign-Trade Zone designation across both, Port San Antonio is considered to be an ideal manufacturing and distribution site.

In February 2009, the Port opened an on-site U.S. Customs and Homeland Security facility to enable international air cargo to develop at Kelly Field Industrial Airport. Mexpress International, Inc. now provides air cargo service between Mexico and San Antonio on a three-times-per-week basis. Air cargo service also complements the East Kelly Railport, which opened with a 360,000 square foot speculative building offered by a private developer that today is at full occupancy. With over 11 million square feet of industrial/commercial space, the Port is the largest commercial property-leasing firm in San Antonio. With a stable tenant base of over 70 companies and seven remaining Air Force agencies, the Port has over 12,000 workers.

BRAC 2005 has brought an additional 2,900 military and DoD civilian personnel to the Port. The Air Force maintains a significant presence at the former Kelly Air Force Base as it continues to lease over 70 facilities (over 2,000,000 square feet) and 213 acres of property. In addition, the Air Force and the Port jointly utilize the Kelly Field runway for military and commercial airfield operations.

The largest Air Force leaseback is at Building 171, a facility previously closed from the 1995 Base Realignment and Closure of Kelly AFB. Much of the new BRAC 2005 growth occurring on the Port's property will be at Building 171. The Air Force and the Port spent \$100 million to renovate the building, creating 450,000 square feet of office space.

Boeing still represents a strong presence at Port San Antonio. In December 2018, Boeing announced the preparation of doubling its labor force, amounting to approximately 1,000 additional jobs. With San Antonio estimated employing more than 10,000 aerospace jobs in the City, Boeing remains a prominent employer for Bexar County residents. In anticipation of increased growth within the aerospace industry, Boeing's main hangar at Port San Antonio is undergoing a \$40 million remodel that will increase the total space of the hangar to 600,000 square feet, representing the largest free standing hangar in the world.

In early 2016, the Port announced proposals that could expand facilities that complement the operations of existing tenants with the potential of 500,000 square feet of office space. Other major commercial employers at the Port include Affiliated Computer Services, Lockheed Martin, General Dynamics, Standard Aero, Pratt & Whitney, Chromalloy, Gore Design Completions, and EG&G. At the end of 2015, the tenant employee base had grown to over 12,000 as a result of these companies' presence and expansions.

In May 2018 the Port announced Project Tech, a 90,000 square feet facility was inaugurated, and will focus on attracting collaboration between cybersecurity and the thriving aerospace industry that is already present at the Port. The facility was a result of a \$20 million infrastructure investment and was announced to be ready for tenants to begin moving in. Furthermore, Lockheed Martin was officially the first tenant to reach an agreement at the Project Tech facility. The company occupies approximately 15,000 square feet with a staff of more than 100 employees such as systems engineers, software developers, and cyber architects. The firm currently has fifteen cybersecurity professionals within Bexar County with hopes to hire locally for the cybersecurity division and expects to be operational at the Project Tech facility by 2019.

In September 2019, Port San Antonio's board of directors approved construction of Project Tech Building 2. The building will be a new five-story, 174,000 square-foot office building and will cost an estimated \$50 million, all of which will be self-funded by Port of San Antonio. The new Project Tech building 2 will support high technology and cybersecurity jobs similar to the original Project Tech building. Port San Antonio anticipates the new building will break ground in October 2019 with expected completion by early 2021.

Port San Antonio continues to be an important contributor to the County's economy for the job market, business, and military activities. Port San Antonio has created more than 2,000 advanced industry jobs since spring 2018 and is home to more than 13,000 jobs in cybersecurity, aerospace, defense, applied technologies, manufacturing, and supply chains.

Brooks City-Base

The property of Brooks Air Force Base was transferred from the U.S. Air Force to Brooks Development Authority in 2002, as part of the Brooks City-Base Project. Even though the Air Force missions have relocated over the last decade, Brooks City-Base, now known as just Brooks, continues to draw private business investment. In addition, Brooks is continuing its goal of sustainability by creating a Tax Increment Reinvestment Zone ("TIRZ"), which will utilize the tax increments generated to assist in funding street infrastructure projects.

In May 2019, Brooks secured a 55-acre portion of land as the existing inventory of land at Brooks has continued to shrink due to Brooks' success. Brooks CEO Leo Gomez cites "Our mission all along has been to develop economic opportunity and prosperity. We realize what we are doing is bigger than us...bigger than our 1,300 acres." In its history, Brooks has attracted retailers, corporate headquarters, a hospital, a transit center, and a university. The 55-acre land acquisition represents Brooks leveraging its success in continuing to attract mixed-use development and its investment in the local economy.

Additionally, Brooks opened a new Center for Applied Science and Technology (CAST) High School in partnership with San Antonio Independent School District (SAISD) and H-E-B in August 2019 where CAST Med welcomed its first class of 150 9th grade students. The goal of CAST Med is to prepare students to enter the science and technology field and provide them with job shadowing and internship opportunities in the San Antonio area. Furthermore, CAST Med was created to add to the pipeline of much-needed doctors and researchers in the San Antonio area. CAST Med incorporates a three-way educational partnership between UT Health, the University of Texas at San Antonio, and San Antonio ISD. The students enrolled at CAST Med will follow one of three pathways, biomedical research, medical professionals, or public health professionals. The CAST Med high school campus includes a 215-seat auditorium and lab spaces for biology, biotech and engineering, virtual anatomy, and computer stations. Bexar County and the City of San Antonio have contributed to the creation of this facility as they believe in the importance of fostering a creative environment in which students can explore and thrive within the medical and medical research sector.

Other Military & Government

The County also is home to Camp Bullis which offers nearly 28,000 acres of unparalleled training infrastructure to ensure the readiness of military and government agencies. The demand for training at Camp Bullis is strong, particularly in light of the ongoing global war on terror and its capacity to support joint military operations and homeland security missions.

The National Trauma Institute (NTI), a collaborative military-civilian trauma institute involving SAMMC-North, SAMMC-South, University Hospital, the UT Health Science Center, and the USAISR, is also located in San Antonio. The NTI coordinates resources from the institutions to most effectively treat the trauma victims and their families. The NTI has raised/managed \$10 million in funds for 2018 that were added to the Department of Defense budget for a Trauma Clinical Trials Network.

Audie L. Murphy Memorial Veterans Hospital, located in the Medical Center, is an acute care facility and supports a nursing home, the Spinal Cord Injury Center, an ambulatory care program, the Audie L. Murphy Research Services (which is dedicated to medical investigations) and the Frank Tejeda Veterans Administration Outpatient Clinic (which serves veterans located throughout South Texas). The two military medical care facilities and the Veterans Hospital collaborate in a variety of ways, including clinical research and the provision of medical care to military veterans. These two facilities now serve over 80,000 Veterans in the South Texas area.

The National Security Agency (NSA) also has a formidable presence in South Texas employing over 2,000 people in San Antonio. The NSA established a new facility at an old Sony microchip plant that is now known as the Texas Cryptology Center. The 470,000-square-foot facility represents an investment of over \$100 million by the NSA to renovate the old plant which houses a data center geared toward cybersecurity.

Trade with Mexico

The County is approximately 150 miles from the United States/Mexico border cities of Del Rio, Eagle Pass, and Laredo. The County's proximity to Mexico provides favorable conditions for international business relations in the areas of agriculture, tourism, manufacturing, wholesale and retail markets. U.S. goods exports to Mexico in 2018 reached a record of \$265.4 billion, up 9 percent from the previous year. Corresponding U.S. imports from Mexico were \$346.1 billion, up 10.6 percent.¹⁰ Annually increasing trade between the U.S. and Mexico is largely attributed to the passage of the North American Free Trade Agreement (NAFTA) in 1993. Under this free trade agreement, NAFTA countries progressively eliminated tariffs and nontariff barriers to trade, improved access for services, established strong rules on investment, and strengthened protection of intellectual property rights. Pursuant to the terms of NAFTA, all remaining duties and quantitative restrictions were eliminated, as scheduled, on January 1, 2008.¹¹

San Antonio is also the headquarters for the North American Development Bank (NADB), a bi-national institution created by NAFTA. The intended purpose of NADB is to help finance environmental infrastructure projects within 60 to 100 miles of the U.S./Mexican border to further the goals of NAFTA. The Border Environment Cooperation Commission (BECC) and the NADB are working with almost 150 communities throughout the United States-Mexico border region to address their needs for environmental infrastructure. With a lending capacity of \$3 billion, NADB finances projects including water, wastewater and solid waste programs.

NADB is capitalized in equal parts by the governments of the United States and Mexico. Between the two countries, paid in capital totals \$415 million with callable capital totaling \$2,352 million. The NADB currently has 27 projects in the pre-construction and under construction phases.

Education

The County encompasses 19 independent school districts, which includes over 400 schools. Enrollment ranges anywhere from nearly 900 in Lackland ISD to over 106,000 in Northside ISD, the fourth largest independent school district in Texas. Students attend school districts in which they reside with no busing in effect. In addition, San Antonio has over 150 private and parochial schools at all education levels. San Antonio has 20 institutions of higher learning offering degrees in all major fields of study, many at the graduate level. Among universities, the University of Texas at San Antonio (UTSA) has over 32,000 students enrolled and has represented many first-time college students within their family. Texas A&M University San Antonio represents the newest four-year college in San Antonio with an enrollment of 6,460 students. Among junior colleges, Alamo Colleges includes five colleges, San Antonio, Palo Alto, St. Philips, Northeast Lakeview, and Northwest Vista, totaling over 98,000 students enrolled.

Year	School	University
	Enrollment ^(a)	Enrollment ^(b)

Electric & Gas Services

Electric and gas services to the Bexar County area are provided by CPS Energy (“CPS”), an electric and gas utility owned by the City of San Antonio (the “City”) that maintains and operates certain utilities infrastructure. This infrastructure includes a 17-generating unit electric system and the gas system that serves the Bexar County area. CPS also owns a 40% interest in the South Texas Project (“STP”) two existing nuclear generating Units 1 and 2 which generates 1,350 megawatts of power for CPS Energy customers. CPS operations and debt service requirements for capital improvements are paid from revenues received from charges to its customers.¹²

Water Supply

Historically and currently, the City obtains all of its water through wells drilled into a geologic formation known as the Edwards Limestone Formation. The portion of the formation supplying water in the City’s area has been the “Edwards Underground Water Reservoir” (the “Edwards Aquifer”) and since 1978 has been designated by the Environmental Protection Agency as a sole-source aquifer under the Safe Drinking Water Act. The Edwards Aquifer lies beneath an area approximately 3,600 square miles in size, and including its recharge zone, it underlies all or part of 13 counties, varying from 5 to 30 miles in width and stretching over 175 miles in length, beginning in Bracketville, Kinney County, Texas, in the west and stretching to Kyle, Hays County, Texas, in the east. The Edwards Aquifer receives most of its water from rainfall runoff, rivers, and streams flowing across the 4,400 square miles of drainage basins located above it. Much of the Edwards Aquifer region consists of agricultural land, but areas of population ranging from communities with only a few hundred residents to urban areas with well over one million citizens exist as well. The Edwards Aquifer supplies nearly all the water for the municipal, domestic, industrial, commercial, and agricultural needs in its region.

Naturally occurring artesian springs, such as the Comal Springs and the San Marcos Springs, are fed with Edwards Aquifer water and are utilized for commercial, municipal, agricultural, and recreational purposes, while at the same time supporting ecological systems containing rare and unique aquatic life.

The water level of the Edwards Aquifer has never fallen below the uppermost part of the Edwards Aquifer even during extreme and lengthy drought conditions lasting from 1947 to 1956. The maximum fluctuation of water levels at the City’s index well has been about 91 feet, with the recorded low of 612 feet above sea level in August 1956 and a recorded high of 703 feet above sea level in June 1992. San Antonio Water System (“SAWS”), the major water purveyor in the County as the water agency of the City, sets all pumps at 575 feet to insure continuous access to Edwards Aquifer water in any anticipated condition. The average level of the aquifer for 2019, thus far, is 677.5 feet above sea level.

The Edwards Aquifer is recharged from streams and by precipitation infiltrating directly into the cavernous, honeycombed, limestone outcroppings in its north and northwestern area. Practically continuous recharge is furnished by spring-fed streams, with storm water runoff adding additional recharge, as well. The historical annual recharge to the reservoir is approximately 679,000 acre-feet. The average annual recharge over the last four decades, however, including the aforementioned drought period, is approximately 791,300 acre-feet. The lowest recorded recharge was 43,000 acre-feet in 1956, while the highest was 2,485,000 acre-feet in 1992. Recharge has been increased by the construction of recharge dams over an area of the Edwards Aquifer exposed to the surface known as the “recharge zone.” The recharge dams, or flood-retarding structures, slows flood waters and allows much of the water that would have otherwise bypassed the recharge zone to infiltrate the Edwards Aquifer instead of being lost to the ground.

Enhancing the City’s Water Supply

The City has relied on the Edwards Aquifer as its sole source of water since the 1800’s. Beginning in the 1980’s and continuing today, however, the conservation and regulation of the water in the Edwards Aquifer has been the subject of intense scrutiny that has led to both extensive litigation and federal and state agency initiation of regulatory action.

Based upon population and water demand projections, along with various regulatory and environmental issues, the City recognizes that additional water sources supplementing its use of the Edwards Aquifer will be required to meet the City’s long-term water needs.

SAWS’ Resource Development department is charged with the responsibility of identifying additional water resources for the City and its surrounding areas. New water resource projects range from optimizing the City’s current source through conservation measures to identification and procurement of completely new and independent water sources. These efforts are guided by updates provided in SAWS Water Management Plan, a comprehensive, widely supported water resource plan for the City, which established programs for formulating and implementing both immediate and long-term water plans to enhance the City’s water supply. The management plan is updated every 3 years to ensure sufficient revenues are available to meet the water resource requirements. An updated Water Management Plan is currently being formulated.

The current management plan includes three projects, the Vista Ridge pipeline project, brackish groundwater desalination, and an expanded Carrizo Aquifer system. The Vista Ridge project is expected to deliver up to 50,000 acre-feet of groundwater from Burleson County through a multi-year contract anticipated to start in 2020. Additionally, the new management plan contains goals for long-term water conservation. Local water consumption per person has decreased from 225 gallons per capita per day in 1982 to 117 in 2016, resulting in 3.2 million acre-feet of cumulative savings, according to SAWS.

¹² CPS Energy

The per capita figures cover both commercial and residential SAWS customers. The utility expects continued conservation measures to further decrease the per capita use to 88 by 2070, even with an additional 1.5 million people expected to move to Bexar County in the next 50-plus years.

SAWS has determined that the City's water needs can be met through the implementation of an array of programs and projects, including a critical management plan, conservation, agricultural irrigation efficiencies, reuse, surface water, non-Edwards Aquifer groundwater, enhanced recharge capabilities, and aquifer storage and recovery. SAWS has already initiated and/or implemented many such programs like those mentioned previously in an effort to increase the supply of water available to the City.

2018 Ten Largest Employers

BEXAR COUNTY AUDITOR

Bexar County, Texas
Transmittal Letter
For Year Ending September 30, 2018

Three component units, Bexar County Housing Finance Corporation (BCHFC), Bexar County Health Facilities Development Corporation (BCHFDC) and Bexar County Industrial Development Corporation (BCIDC) are blended with the County. The Commissioners Court of the County sits as the governing board for all three entities. Accordingly, the Commissioners Court approves the issuance of single-family mortgage bonds for the BCHFC and authorizes the issuance of tax-exempt bonds for the BCHFDC as well as the BCIDC. None of the bond issuances constitute a debt or a pledge of faith or credit by the County.

The University Health System (the Bexar County Hospital District), The Alamo Regional Mobility Authority (RMA), and the Cibolo Canyons Special Improvement District are considered component units for reporting purposes and are discretely presented in the report. The Commissioners Court for the County appoints the seven member board and sets the tax rates for the County's Hospital District. Likewise, the Commissioners Court also appoints the seven member board of the Cibolo Canyons Special Improvement District and it has the statutory requirement to approve any issuance of debt by the Improvement District. The RMA has a seven member board, of which six are appointed by Commissioners Court. In addition, Commissioners Court has the authority to approve RMA transportation projects. For more information on these component units, refer to Note A of the Basic Financial Statements.

The independent audit of the County's financial statements was performed by the firm of Garza/Gonzalez & Associates, a firm licensed as certified public accountants. The goal of the independent audit is to provide reasonable assurance that the financial statements of Bexar County for the fiscal year ended September 30, 2018, are free of material misstatements. The independent auditor concluded, based on the examination of the underlying documentation on a test basis and related disclosures, that the County's financial statements are fairly presented in conformity with accounting principles generally accepted in the United States of America and therefore able to render an unmodified opinion.

The independent audit of the County's financial statements includes a "Compliance Section." The Compliance Section contains information related to the County's annual "Single Audit," which is a required provision of the Single Audit Act of 1984 as amended by the Act of 1996. The Act comes under the oversight of the Office of Management and Budget Circular A-133, *Audits of States and Local Governments, and Non-Profit Organizations and 2 CFR Part 200, Subpart F (the Uniform Guidance)*, and the *State of Texas Single Audit Circular*.

The standards governing the Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the County's internal control and compliance with legal requirements and special emphasis on internal controls involving the administration of federal and state awards. Information related to this Single Audit can be found within the "Compliance Section" of this report and includes:

- Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters.
- Independent Auditor's Report on Compliance for Each Major Program and on Internal Control Over Compliance.
- Schedule of Expenditures of Federal and State Awards.
- Schedule of Findings and Questioned Costs

Management's Discussion and Analysis (MD&A) immediately follows the Independent Auditor's Report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

BEXAR COUNTY GOVERNMENT PROFILE

Historical

Bexar County is located in south central Texas in the interior belt of the Coastal Plain of South Central Texas, and is crossed by the Balcones Escarpment. The area northwest of the escarpment, about one-eighth of the County, lies on the Edwards Plateau in high, hilly country - the source of numerous springs and artesian and underground wells. The San Antonio River and San Pedro Creek originate in such springs. The San Antonio River is the County's principal river, and into it, flow a number of smaller streams. One of these smaller streams, Cibolo Creek, forms the boundary between Bexar and Comal Counties on the north and Guadalupe County on the east.

Bexar County comprises 1,248 square miles. The altitude varies from 600 to 1,200 feet. In the far northwestern corner of the County are the Glenrose Hills, in which the highest elevations of the county are found. To the southeast lie the somewhat lower

March 29, 2019

Honorable District Judges of Bexar County and
Honorable Members of the Bexar County Commissioners Court

The County Auditor's Office is pleased to present the Comprehensive Annual Financial Report ("CAFR") of Bexar County, Texas for the fiscal year ended September 30, 2018. This report was prepared in accordance with generally accepted accounting principles as promulgated by the Governmental Accounting Standards Board and is in compliance with State law, V.T.C.A., Local Government Codes §114.025 and §115.045.

This report consists of management's representations concerning the finances of the County. Therefore, responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the County. We believe the data and information that are included are reported in a manner designed to present fairly the financial position and results of operations of the County in accordance with generally accepted accounting principles of the United States ("GAAP"). We believe the data is accurate in all material respects.

Management of the County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse, and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with GAAP. The County relies on this framework to measure the financial activity of its various funds and to ensure that all disclosures, necessary to enable the reader to gain the maximum understanding of the County's financial affairs, have been included. The internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding:

1. The reliability of financial reporting.
2. The effectiveness and efficiency of operations, and
3. Compliance with existing laws and regulations.

The concept of reasonable assurance recognizes that:

1. The cost of a control should not exceed the benefits likely to be derived, and
2. The evaluation of costs and benefits requires estimates and judgments by management.

Bexar County currently is reporting financial information as promulgated by the Government Accounting Standards Board. Accordingly, the reporting entity consists of the following entities:

- The primary government, Bexar County;
- Component units which are legally separate organizations for which the County is financially accountable (blended); and
- Component units where the nature and significance of the relationship with the County is such that exclusion from the County's financial statements would be misleading or incomplete (discretely presented).

Bexar County, Texas
Transmittal Letter
For Year Ending September 30, 2018

The northern third of the County has undulating to hilly, terrain and limy earths with shallow to deep loamy soils. The northern quarter of the County has Edwards Plateau vegetation of tall and medium-height grasses, live oak, juniper, and mesquite. A central strip is Blackland Prairie with vegetation consisting of tall grasses. The remainder of the County has South Texas Plain's vegetation including grasses, live oak, mesquite, thorny bushes, and cacti.¹

The first Europeans to explore the region came with an expedition in 1691 led by Domingo Terán de los Ríos and Fray Damián Massané, who eventually reached the San Antonio River near where the San Juan Capistrano Mission was later founded. Prior to the exploration, the land had been inhabited for thousands of years by various tribes of people, collectively referred to as, the Coahuiltecan People. The Indians, as Massané recorded in his diary, called the place Yanaguana; however, he renamed the site San Antonio de Padua to celebrate the memorial day of St. Anthony (June 13). By 1724, the San Antonio de Valero mission compound, which had originally been located south of San Pedro Springs, was moved to what is referred today as the Alamo Plaza.²

In 1772, the government offices of Spanish Texas were moved to Bexar. The mission lands were distributed to the increasing number of Spanish settlers. Most of the better land nearest the settled areas was controlled by the town's elite, which was made up of the descendants of the original Canary Islanders and the presidential soldiers. The missions developed as self-supporting communities, each ringed with farmland irrigated by a comprehensive system of acequias, or irrigation ditches.

During the late colonial period, Bexar continued to serve as the capital of the province of Tejas, as well, as the main shipping point for supplies headed for Nacogdoches (to the east) and Santa Fe (to the west). Soon after the first Anglo-American colonists came to Texas, in 1821, San Antonio became the western outpost of settlement. In 1824, Tejas and Coahuila were united by the Mexican government into one state with the capital at Saltillo. The Department of Bexar was created with a political representative appointed to have authority over the Tejas portion of the state. During the late 1820s and early 1830s, increasing numbers of American settlers began moving to San Antonio, though the city remained predominantly Mexican at the beginning of the Texas Revolution. In late October 1835, Texas volunteers laid siege to the city, which was garrisoned by the Mexican army. After fierce hand-to-hand fighting, it was occupied by Texian forces. San Antonio was retaken by government forces commanded by Antonio López de Santa Anna during the battle for the Alamo on March 6, 1836. After the subsequent defeat of Santa Anna's army at the battle of San Jacinto, the city was reoccupied by Texian forces, but the area, claimed by both sides, continued to be fought over for the next six years.³

The County is best known for being the home of Mission San Antonio de Valero, better known as the Alamo, the Cradle of Texas Liberty. In 1718, a formal military and civilian population settled in the land, and then in 1731, the Canary Islanders established the first civil government. The County is rich in heritage and history. Organized on December 20, 1836, Bexar County was established, with San Antonio as county seat. Bexar County is one of the original counties of the Republic of Texas. In the latest population estimate, the United States Census Bureau estimates the 2017 population of Bexar County at 1.96 million (a 14.2% increase from the 2010 Census), which makes it the fourth largest county in the State. The County contains 29 incorporated cities. The Census Bureau also estimates the population for the greater San Antonio Metropolitan Area to be 2.47 million.⁴

The origin of the Texas county is found in the "municipality", the unit of local government under Spanish and Mexican rule. These municipalities were rather large districts embracing one or more settlements and the surrounding rural territory. The government of the municipality was vested in a council composed of at least one alcalde (judge), varying number of aldermen, an attorney, a sheriff (alguacil), and supported by a secretary.¹

Under the Republic (1836), the municipalities became counties, but the Spanish-Mexican influence on their government was recognizable. The new local governments were based on the county form of governments as found in the southern part of the United States. The chief governing body of the county during the Republic was a county board, composed of the Chief Justice (appointed) and elective Justices of the Peace. By 1845, four elective Commissioners were substituted for the Justices of the Peace.

The County Commissioners Court, or County Board, was established by the Constitution of 1876 and was composed of a county judge as presiding officer, and four commissioners elected from precincts for four-year terms. During the Republic of

Bexar County, Texas
Transmittal Letter
For Year Ending September 30, 2018

Texas, the County Board was composed of the chief justice and the justices of the peace of the County; under the Constitutions of 1845, 1861, and 1866, it was composed of the chief justice and four elected Commissioners. During the Reconstruction period, the Constitution of 1869 was issued, and the Board was made of any three of the five justices of the peace of the County.

The Bexar County Commissioners Court has executive as well as judicial functions. It is responsible for establishing a courthouse and jail, making appointments, filling vacancies in the county offices, signing contracts in the name of the county, building and maintaining roads and bridges, administering the county's public welfare services, performing numerous duties in regard to elections, setting the county tax rate, issuing bonds, and adopting the county budget.

Economic

San Antonio is the county seat for Bexar County. San Antonio is currently the second largest city in Texas and the seventh largest city in the United States. In Bexar County, the unemployment rate, as of September 30, 2018, is at 3.3%, which is above the unemployment rate of 3.2%, at September 30, 2017. The County's rate is below the State's rate of 3.7%, for the same period.⁵ The County's diverse economic base ranges from agribusiness, advanced manufacturing, technology and cyber security, finance, tourism, to medicine, and the military. San Antonio is ranked among the lowest in cost of living indicators at an 86.7% composite index, which is 13.3% below the national average.⁶

The County continues to provide diversified industries with one of the lowest cost workforces of any major U.S. city. According to the most recent data, the health care and bioscience, advanced manufacturing, tourism and hospitality, and information technology and cyber security and new energy industries generate a combined economic impact of an estimated \$107.4 billion on the local economy.⁷ According to the latest economic impact study, (2018) the health care and bioscience industry continues to be one of San Antonio's largest industries, with more than one of every six employees working in the industry, either directly or indirectly. Direct healthcare services includes hospital care, doctor office care, nursing home care, and ambulatory and outpatient care. There are also indirect, but related healthcare industries, such as health insurance providers, pharmaceutical companies, medical equipment producers and manufacturers, civilian and military medical education, biomedical research organizations, residential care and social service providers, and a variety of related endeavors. The 2018 comprehensive estimate of the bioscience and healthcare economic impact is \$40.2 billion.⁷ Government is a significant industry in the County with the military being the predominate employer. Joint Base San Antonio (JBSA) has a substantial impact on the San Antonio and the Texas economies. According to the Texas Comptroller of Public Accounts, JBSA contributed an overall economic impact of \$30.37 billion in 2017, and nearly one out of eight people in Bexar County is associated with JBSA.⁸ According to a 2016 economic impact study, the manufacturing industry contributes \$40.5 billion to the local economy, a 28% increase from the 2011 impact study.⁸ The manufacturing industry includes transportation (motor vehicle and aerospace), equipment and metal products (machinery, computers, electronic components and products, electric appliances, the repair and maintenance of machinery and electronic equipment, and both primary and fabricated metal products), diversified products (printing, food and beverages, textiles, apparel and leather products, furniture, and miscellaneous products such as medical equipment), and materials and electricity (production of wood, paper and nonmetallic mineral products, petroleum products, plastic and rubber products, chemicals, and electricity). The transportation sector of the manufacturing industry has shown the biggest gain, growing almost 50% since 2011. The 2017 economic impact study of San Antonio's hospitality industry indicates that tourism provides an estimated \$15.2 billion to the economy from approximately 37 million visitors annually.⁹ Because the hospitality industry is a major financial contributor of taxes and other revenues to local governments through Hotel Occupancy tax, property taxes, utility fees, and sales tax, taxes paid by residents of the San Antonio Metropolitan area are reduced. The study only takes into consideration the impact from out of town visitors, therefore the full economic impact of the hospitality industry not fully realized. In 2015, five Spanish colonial missions in San Antonio were designated a World Heritage Site by the United Nations Educational, Scientific and Cultural Organization (UNESCO). With the World Heritage Site Designation for the San Antonio Missions, there will be even more opportunity for growth in the Hospitality industry. According to the study, *Potential Economic Impact of World Heritage Site Designation for the San Antonio Missions*, over the next ten years, the economic impact is expected to generate up to \$105 million in economic activity.⁷ The financial service industry employs over 91 thousand people and is considered a stable and significant business sector in the San Antonio Metropolitan area.⁵ Another major industry leader in Bexar County is the Information Technology and Cyber Security industry, with an economic impact of \$10 billion. In fact, San Antonio has been recognized as a national leader in the

Technology and Cyber Security industry with the U.S. Air Force's Intelligence Agency, the National Security Agency, and the Center for Infrastructure Assurance and Security, among many other diverse technology companies are all located within Bexar County. San Antonio has the second largest cyber ecosystem in the United States.¹⁰ The Information and Technology and Cybersecurity industries continue to grow as leaders support education and startups. Looking to the future, local leaders are joining together to offer business incentives to encourage growth in the green industry. Leaders have invested in the New Energy Economy (NEE), and as a result, the NEE has led to more than \$1.5 billion in annual economic impact. The idea is to have a pro-business government that is also pro-environment. San Antonio has become a national leader in renewable energy, such as wind power and solar power, and by doing so, has reduced power plant emissions by more than 3.6 million tons per year.¹⁰

The County's proximity to Mexico provides favorable conditions for international business relations in the areas of agriculture, tourism, manufacturing, and wholesale and retail markets. At the end of calendar year 2018, trade between the United States and Mexico was over \$265 million in exports. This significant trade amount is largely attributed to the passage of the North American Free Trade Agreement (NAFTA) in 1993.¹¹ San Antonio is also the headquarters for the North American Development Bank (NADBANK). This bi-national institution created by NAFTA is intended to help finance environmental infrastructure within 62 miles of the US/Mexican border. With a lending capacity of \$3 billion, NADBANK finances projects including water, waste management, cleaner and renewable energy, air quality, industrial and hazardous waste, and energy efficiency. The Mexican consulate has been expanded in San Antonio to assist the transition and to facilitate the development of the NAFTA agreement.¹²

FINANCIAL POLICIES AND LONG-TERM FINANCIAL PLANNING

The population growth in the incorporated, as well as the unincorporated areas, is considered by the Commissioners Court annually in appropriating funds to support the delivery of services. The County has developed working arrangements with the majority of the incorporated cities within the County to allow the Court to anticipate needs and to establish a cost effective manner to apply available resources.

Commissioners Court is responsible for establishing the tax rates for the County (operations and debt service) as well as to service the flood control projects in the County (operations and debt service). In addition, the County includes in its debt service tax rate, the debt service requirements for certain San Antonio River Authority ("SARA") Channel Improvement Revenue Bonds used for flood control and soil conservation projects in Bexar County. The tax rate, for the year ended September 30, 2017 was \$0.30895 per \$100 of valuation, and for the year ended September 30, 2018, the rate is set at \$0.304097. The tax rate of \$0.301097, for fiscal year ending September 30, 2019, was approved in Commissioners Court on September 11, 2018.

Current financial policies include:

- Reimbursement resolutions are used on an interim basis to finance projects rather than initially issuing long-term bonds;
- Balanced financial operations will be maintained;
- Expenditures are to be budgeted and controlled to ensure that at the end of the fiscal year the unassigned fund balance in the general fund is at a minimum 1% of the fiscal year's expenditures;
- All elected officials and department heads are required to keep expenditures within allocated budgets;
- The County is to maintain an open line of communication with rating agencies and seeks to obtain a high debt rating with a stable outlook. The County currently uses the bond rating services of Fitch IBCA, Inc., Standard & Poor's Rating Service, and Moody's Investment Services. At September 30, 2018, the County had been assigned bond ratings of AAA, AAA, and Aaa, respectively.

Current long-term financial policies of the County are listed below:

- Use technological solutions to improve operations;
- Provide an equitable justice system that is responsive to the needs of the County;
- Delivery of services to the constituents;

Bexar County, Texas
Transmittal Letter
For Year Ending September 30, 2018

- Encourage flexibility and accountability in all offices and departments;
- Promote diversity in the workforce;
- Maintain full disclosure and open lines of communications with the rating agencies;
- Develop a highly efficient and effective cash management program to maximize the County's ability to earn an equitable return on its assets, while at the same time maintaining asset protection.

MAJOR INITIATIVES FOR THE YEAR

Flood Control

In 2007, Commissioners Court approved a ten-year, \$500 million Flood Control and Capital Improvement program which identified and prioritized multiple Flood Control projects to be completed over a ten-year period. While 2017 was the intended final year of the program, some Flood Control projects remain in progress. Of the 83 projects to be completed, a total of seven projects are in the design phase, four are in the construction phase, 56 have been completed, and 16 were not recommended for construction. The total project costs of \$444 million were funded through the capital improvements program. Moving forward, the County is planning to undertake flood control projects as needed and has proposed funding in the amount of \$2.5 million for enhancements and maintenance of the County's High-Water Alert Life-Saving Technology (HALT) system.

New Capital Projects

The County has budgeted \$582 million for its capital improvements program for both horizontal (Roads) and vertical (Buildings) construction. This includes funding in the amount of \$44 million for new capital improvement projects that include, but are not limited to: the University Oaks Property Purchase (Sheriff's Office North Substation), the Archives Building (FRB) Parking Garage Information and Technology and Wellness Center, Buildout, Juvenile Probation Facility Improvements, Justice Center Improvements, County Park Deteriorating Recreational Trails, as well as technology projects, which are discussed below.

Technology

Major technology projects at various stages from planning to implementation include:

- **Fire Marshal Alerting System:** This project will provide funding to implement an alerting system to fully automate the dispatching process which will assist emergency personnel to react as efficiently as possible to each call. Because other local entities use this system, the cost of interfacing with these existing systems will be reduced.
- **Mainframe Database and Programming Language Upgrade:** This project will provide funding to update the County's mainframe database and coding language. The current coding language is not covered by supported software in the event of an outage. The upgrade will bring the County to a level that is supported.
- **Bexar County Integrated Justice System (CJIS):** This project will fund a new justice information system that will replace an outdated legacy system. Additional components include an E-Discovery System, a District Attorney Case Management System, a Jail Management System, a Jury Management System, a Juvenile Case Management System, CJIS Storage and CJIS Peripherals.
- **Info System Enhancements:** This project provides for software enhancements including, Human Capital Management, Enterprise Asset Management, Dynamic Enterprise Performance Management, and Supply Chain Management Enhancements.

EMPLOYMENT GROWTH

According to the Texas Workforce Commission, the County's unemployment rate increased from 3.2% (September 2017) to 3.3% (September 2018). The total jobs created were 10,471. The State's unemployment rate decreased to 3.7% (September 2018) from 4% (September 2017), and 305,100 nonagricultural jobs were created during the same period.

The County experienced some external corporate employment growth (4,460 positions) from various companies. On the following page is a list of companies that each brought 50 or more positions to the area (4,107 positions in total) in 2018.

FINANCIAL INFORMATION

Budgetary Control

Budgets are adopted for the General, Special Revenue, and Debt Service Funds on a budgetary basis. Although this basis departs from generally accepted accounting principles, it provides meaningful feedback and control to management.

The revenue budget for the General, Debt Service, and Special Revenue Funds are established by the County Auditor's Office. The expenditure budget is set by Commissioners Court and controlled by the County Auditor at the appropriation level by a review of estimated purchase amounts prior to the release of purchase orders to vendors. A purchase order, which would result in an overrun of an appropriation unit, is not released until additional appropriations are made available.

Under State law, the budget cannot be exceeded in any expenditure category. Grants from the Criminal Justice Division (CJD) may overrun a category allowance by 5%, but the total of the grant may not overrun. In Community Development Block Grant

Funds (CDBG), the budget cannot be exceeded in any one project. In the Grants-In-Aid Fund, budget totals are changed during the year as funds are increased and/or decreased due to changes in availability of funds from State or Federal sources.

Debt Administration

Commissioners Court has established policy to provide guidelines to control tax rates levied. Currently limited tax bonds, general obligation bonds, and certificates of obligation are part of the maximum rate of \$0.80 per \$100 valuation that can be set by Texas counties. In FY 17, the General Fund maintenance and operation tax rate was set at \$0.236 and the debt service rate was set at \$0.05725. The maintenance and operation tax rate for Flood Control was set at \$0.0 and at \$0.0157 for debt service. The overall rate was set at \$0.30895 per \$100 dollars of taxable appraised value.

For the fiscal year ending September 30, 2018, Commissioners Court set the General Fund maintenance and operation tax rate at \$0.23625, and the debt service rate at \$0.054979. The maintenance and operation tax rate set for Flood Control was set at \$0.001 and at \$0.011868 for debt service. The overall rate for FY 18 is at \$0.304097 per \$100 dollars of taxable appraised value. An analysis of the changes in outstanding bonds and obligations is shown in Note H to the financial statements.

Commissioners Court approved the overall rate of \$0.301097 per \$100 dollars of taxable appraised value, on September 11, 2018, for FY 19. The General Fund maintenance and operation tax rate is set at \$0.23625, and the debt service rate is set at \$0.041179. The tax rate for Road and Flood Control maintenance and operation is set at \$0.001, and for debt service, the tax rate is set at \$0.011868. The Road and Bridge tax rate is set at .0108.

ACKNOWLEDGEMENTS AND AWARDS

We wish to express our thanks to Commissioners Court and the District Judges for their interest and support in planning and conducting the financial affairs of the County in a responsible and professional manner. The Court, other elected officials, and department heads need to be recognized for their continual support that has been provided as the County continues to refine and implement improved financial changes. The timely completion of this report could not have been achieved without the dedicated efforts of the County Auditor's staff and the professional services provided by our independent auditors, Garza/Gonzalez & Associates.

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Bexar County for its comprehensive annual financial report for the fiscal year ended September 30, 2017. This was the thirty-second consecutive year that Bexar County has achieved this prestigious recognition.

In order to be awarded a Certificate of Achievement, the government must publish an easily readable and efficiently organized comprehensive annual financial report. This report satisfied both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and are submitting it to the GFOA to determine its eligibility for another certificate.

REQUEST FOR INFORMATION

The financial report is designed to provide an overview of the County's finances for individuals who are interested in this information. Questions concerning any of the data provided in this report or requests for additional information should be addressed to the Bexar County Auditor's Office, 101 W. Nueva St., Suite 800, San Antonio, Texas, 78205, or call (210) 335-2441.

CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT

The Honorable County Judge and Commissioners
Bexar County, Texas

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Bexar County, Texas (the County), as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents. We did not audit the financial statements of the University Health System (the System), the Cibola Canyons Special Improvement District (the District), and the Alamo Regional Mobility Authority (the Authority), which represent 100 percent of assets, net position, and revenues of the discretely presented component units. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the System, the District, and the Authority is based solely on the report of the other auditors.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. We did not audit the financial statements of the System, the District, and the Authority which were audited by other auditors. The financial statements of the District, audited by other auditors, were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County, as of September 30, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in the notes to the financial statements, in fiscal year 2018, the County adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions amending GASB Statement No. 45*, GASB Statement No. 75 requires state and local government employers to display the actuarially determined Net OPEB Liability in its financial statements. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information – general fund, the schedule of changes in total OPEB liability and related ratios, and the Texas County and District Retirement System pension information, as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

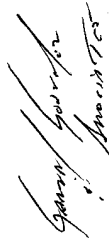

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining nonmajor fund financial statements, individual nonmajor fund - schedules of revenues, expenditures and changes in fund balance – budget and actual, and statistical sections, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal and state awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and the State of Texas Single Audit Circular, and is also not a required part of the basic financial statements.

The combining nonmajor fund financial statements, individual nonmajor fund - schedules of revenues, expenditures and changes in fund balance - budget and actual, and the schedule of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audit, the procedures performed as described above, and the report of the other auditors, the combining nonmajor fund financial statements, individual nonmajor fund - schedules of revenues, expenditures and changes in fund balance - budget and actual, and the schedule of expenditures of federal and state awards are fairly stated in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 29, 2019, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

**Bexar County, Texas
Management Discussion & Analysis
For Year Ended September 30, 2018**

This section of the Bexar County comprehensive annual financial report presents management's discussion and analysis ("MD&A") of the financial performance of the primary government during the fiscal year ended September 30, 2018. The MD&A should be read in conjunction with the transmittal letter at the front of this report and the County's basic financial statements and related notes following this section. The MD&A is a narrative overview and analysis of the financial activities of Bexar County for the fiscal year ended September 30, 2018 offered by management of Bexar County (the County).

For information specific to the University Health System (the System), a significant discretely presented component unit of the County, please refer to the MD&A included in the separately issued financial statements of the System. A copy of those financial statements may be obtained by contacting the University Health System's Financial Offices: 4502 Medical Drive, San Antonio, Texas 78229.

For information specific to Cibolo Canyons Special Improvement District (the District), a discretely presented component unit of the County, please refer to the MD&A included in the separately issued financial statements of the District. A copy of those financial statements may be obtained by contacting the District's General Counsel: 7550 W-IH 10, San Antonio, Texas 78229.

For information specific to the Alamo Regional Mobility Authority (the Authority), a discretely presented component unit of the County, please refer to the MD&A included in the separately issued financial statements of the Authority. A copy of those financial statements may be obtained by contacting the Alamo Regional Mobility Authority c/o Bexar County Public Works: 233 N. Pecos La Trinidad, Suite 420, San Antonio Texas 78207.

FINANCIAL HIGHLIGHTS

GOVERNMENT-WIDE FINANCIAL STATEMENTS

- The total government-wide assets and deferred outflows of resources of the County exceeded the liabilities and deferred inflows of resources at September 30, 2018 by \$284,387,005 and are reported as total net position of the primary government. This is comparable to the previous year when assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$297,242,561 (restated – see Note S). The total net position is comprised of unrestricted net position (funds that may be used to meet ongoing obligations to citizens and creditors), restricted net position (funds to be used for a specified purpose), and net investment in capital assets.
- The government-wide total net position decreased by \$12,855,556 during the fiscal year ending September 30, 2018. The change can be attributed to a decrease in governmental activities of \$17,643,503 and an increase in business-type activities of \$4,787,947. Comparative changes can be examined as follows:

- Total net position of the primary government is comprised of:

1) Net investment in capital assets, which includes land, buildings, improvements, roads, bridges, equipment, furniture and fixtures as well as construction in progress, net of accumulated depreciation:	
September 30, 2018	\$1,074,163,147
September 30, 2017	\$1,031,365,933
2) Net position restricted by constraints imposed from outside the County such as debt obligations, regulations and/or federal and state laws:	
September 30, 2018	\$299,778,768
September 30, 2017	\$326,139,364
3) Unrestricted net position represents the portion available to meet current requirements and obligations to the County's creditors and citizens:	
September 30, 2018	(\$1,089,554,910)
September 30, 2017 (Restated)	(\$1,060,262,736)

**Bexar County, Texas
Management Discussion & Analysis
For Year Ended September 30, 2018**

FINANCIAL HIGHLIGHTS (Continued)

FUND FINANCIAL STATEMENTS

- As of September 30, 2018, the County's governmental funds reported combined fund balances of \$676,861,699 as compared with \$779,874,225 at September 30, 2017. The decrease of \$103,012,526 is primarily due to the deficiency of revenues and other financing sources over expenditures and other financing uses of \$132,262,293 in the Capital Projects Fund. Approximately 13%, or \$87,977,792, of the combined fund balances are unassigned at September 30, 2018 and are available to meet the County's current and future needs. The total fund balance for the Nonmajor Governmental Funds is \$64,289,379 at September 30, 2018 and \$58,997,301 at September 30, 2017. The fund balance for the Governmental Nonmajor Funds is dedicated to service specific County functions.
- As of September 30, 2018, fund balance for the General Fund was \$93,155,543 or 21% of total General Fund expenditures for the year ended September 30, 2018. The County's General Fund experienced a \$2.5 million increase in fund balance from the prior fiscal period. The increase is due to the excess of revenues over expenditures of \$14,055,442 reduced by net transfers out to other funds of \$11,550,838.
- At September 30, 2018, the County's Internal Service Funds had a deficit net position of \$187,833,093, an increase in the deficit of \$8.8 million from the prior year. The increase in the deficit is primarily attributed to the net deficiency of operating revenues and transfers in from other funds over operating expenses of \$8,801,421. The Internal Service Funds include the effect of the net other post-employment benefit (OPEB) obligation of \$119,131,960 due to the implementation of GASB Statement No. 75 in the OPEB Fund. See Note O and S to the financial statements for the effect of GASB Statement No. 75.

LONG-TERM DEBT

During the year, the County issued \$384,715,000 in Limited Tax Refunding Bonds and \$28,140,000 in Flood Control Tax Refunding Bonds. The refundings were undertaken to reduce debt service payments over the next several years and resulted in an economic gain of \$16,542,822. The County also issued \$40,840,000 in Pass-Through Revenue and Limited Tax Bonds for the purposes of making permanent public improvements. Note H to the financial statements provides details of long-term debt and information regarding Fiscal Year 2017-18 debt obligation activity.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to introduce the reader to the County's basic financial statements. These statements are comprised of three basic components:

- 1) Government-wide financial statements,
- 2) Fund financial statements, and
- 3) Notes to the basic financial statements.

Required Supplementary Information is included in addition to the basic financial statements. The County includes its Single Audit report in the Compliance Section.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements are designed to provide readers with a broad overview of the financial position of the County in a manner similar to a private-sector business. The statements include a Statement of Net Position and a Statement of Activities. Both of these statements are presented using the accrual basis of accounting; therefore, revenues are recorded when earned and expenses are recorded when a liability is incurred.

Bexar County, Texas
Management Discussion & Analysis
For Year Ended September 30, 2018

OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)

GOVERNMENT-WIDE FINANCIAL STATEMENTS (Continued)

The Statement of Net Position presents information on all County assets, deferred outflows of resources, liabilities and deferred inflow of resources, with the difference between the four reported as net position. Over time, increases or decreases in net position will serve the reader as a useful indicator of whether the financial position of the County is improving or deteriorating (Table 1 – Statistical Section). There are other non-financial factors, such as changes in the County's property tax base (Tables 5 to 8 – Statistical Section) and the condition of the County's roads, which should be considered to assess the overall health of the County. Another important factor to be taken into consideration is the County expenditures for assets owned by other entities. Table 19 in the Statistical Section lists those expenditures beginning with fiscal year 2007.

The Statement of Activities presents information showing how net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Due to a full accrual presentation, revenues and expenses are reported in this statement for some items that will affect cash flows in future fiscal periods (Table 2 – Statistical Section). Allocated within the governmental activities functions in the Statement of Activities are expenses for services provided by the Internal Service Funds.

Both government-wide financial statements distinguish functions of the County that are governmental activities principally supported by taxes, operating and capital grants, and charges for services that are intended to recover all or in part a portion of their costs through user fees, and investment earnings.

The governmental activities of the County include general government, judicial, public safety, education and recreation, public works, and health and public welfare. The business-type activities of the County include various community venue activities and the AT&T Center, which is the home court of the San Antonio Spurs and the Stock Show and Rodeo, the Commissary operated by the Sheriff's office for inmates, two County owned parking facilities and the operation of a firing range.

Component units are included in the County's basic financial statements and consist of legally separate entities for which the County is financially accountable. Three component units - Bexar County Housing Finance Corporation, Bexar County Health Facilities Development Corporation and Bexar County Industrial Development Corporation - are blended with the County. The three discretely presented component units are the University Health System (the System), Cibolo Canyons Special Improvement District (the District) and Alamo Regional Mobility Authority (the Authority). The System is reported as a discretely presented component unit because Commissioners Court appoints members of the System's Board and approves the System's tax rate, annual budget and issuance of bonded debt. The District is reported as a discretely presented component unit because Commissioners Court appoints and reappoints the seven member board of directors and is statutorily required to approve the issuance of any debt by the District. The Authority is reported as a discretely presented component unit because Commissioners Court appoints and reappoints six of its seven members of its board of directors. The seventh member, the Chairman, is appointed by the Governor of the State of Texas. Additionally, the Commissioners Court, by statute, approves the projects that the Authority funds with its primary revenue source, the vehicle registration fee. For more detailed information on these component units, refer to Note A of the basic financial statements.

FUND FINANCIAL STATEMENTS

The fund financial statements are groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate finance-related legal compliance. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Bexar County, Texas
Management Discussion & Analysis
For Year Ended September 30, 2018

OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)

FUND FINANCIAL STATEMENTS (Continued)

Governmental Funds (Continued)

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. This will allow the reader to better understand the long-term impact of the government's near-term financing decisions. The governmental funds' Balance Sheet and the governmental funds' Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities and can be found on pages 35 and 37. Information is presented separately in the governmental funds' Balance Sheet and in the governmental funds' Statement of Revenues, Expenditures and Changes in Fund Balances for the major funds: General Fund, Debt Service Fund, and Capital Projects Fund.

Data from the Nonmajor Governmental Funds, which include 29 special revenue funds and three blended component units, are combined into a single, aggregated presentation. Individual fund data for each of these Nonmajor Governmental Funds is provided in the combining statements which can be found on pages 127-141.

The County maintains various special revenue funds - virtually all are created by statute and are required to annually submit a budget to the Commissioners Court for review and adoption. Most of these funds receive financial resources from fees specifically designated by the State's legislature to be used for a specified purpose.

In addition, the County is awarded grants by the State and the Federal governments. These grants cover periods as short as six months to multiple years. All grant programs have formal budgets which are reviewed annually.

Various law enforcement agencies, including the District Attorney's Office, are awarded forfeited funds either by the State of Texas or the Federal government. These funds are to be used to support the law enforcement activity of the office. While there is no requirement for the federal funds to be budgeted, State law requires all public funds to be appropriated and presented to Commissioners Court. Therefore, every year the departments appropriate funds on hand that will be used in the following year.

Proprietary Funds

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The County's proprietary funds are maintained in two formats:

- An enterprise fund is used to report the same functions presented as business-type activities in the government-wide financial statements.

The Community Venue Fund is considered to be a major enterprise fund of the County. The fund is used to account for proceeds derived by the County from its sale of venue project revenue bonds for the primary purpose of financing a portion of the costs of certain projects authorized at the 2008 Venue election.

The Sheriff's Commissary Fund is used to account for commissary sales to inmates housed in the Bexar County jail. The Parking Facilities Fund is used to account for the operation and maintenance of parking facilities. The facilities are intended to be financed primarily through user charges.

Bexar County, Texas
Management Discussion & Analysis
For Year Ended September 30, 2018

OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)

FUND FINANCIAL STATEMENTS (Continued)

Proprietary Funds (Continued)

The Firing Range Fund is used to account for the operation and maintenance of a firing range. The facility is intended to be financed primarily through user charges.

- An Internal Service Fund is used to account for goods or services provided to one department by another on a cost reimbursement basis. The fund is profit and loss oriented and hence follows accrual accounting.

The County uses internal service funds to account for: the maintenance of County vehicles; other post-employment benefits; the administration of the County's self-insurance programs for health, workers compensation and property liability claims; and the records management facility. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. Individual fund data for the internal service funds is provided in the form of combining statements on pages 181-185. The County's four internal service funds are combined into a single, aggregated presentation in the proprietary funds' financial statements.

Fiduciary Funds

A Fiduciary fund (Trust or Agency) is used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources are not available to support programs and services provided by the County. The County's fiduciary funds are agency funds which are purely custodial and thus do not involve measurement of results of operations. The County's fiduciary financial information is reported in a separate Statement of Fiduciary Net Position on page 43. Individual fund data for the agency funds is provided with the combining statements on pages 187-193.

NOTES TO THE BASIC FINANCIAL STATEMENTS

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in both the government-wide and fund financial statements. Notes to the financial statements begin on page 47.

REQUIRED SUPPLEMENTARY INFORMATION

Required supplementary information is presented to reflect budgetary compliance for the County's General Fund. The County adopts an annual budget for this fund. A budgetary comparison schedule, which includes the original and final amended budget and actual figures, has been provided to demonstrate compliance with this budget. This section also includes the Schedule of Changes in Net Pension Liability and Related Ratios, the Schedule of Employer Pension Contributions and the Schedule of Changes in Total OPEB Liability and Related Ratios. Required supplementary information begins on page 107.

COMPLIANCE SECTION

The compliance section contains the report on compliance with the U.S. Office of Management and Budget (OMB) Circular Compliance Supplement and the State of Texas Single Audit Circular that are applicable to each major federal and state program for the fiscal year ended September 30, 2018, along with the schedule of expenditures of federal and state awards, and schedule of federal and state award findings and questioned costs.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The current financial reporting model focuses on net position and serves as a useful indicator of a government's financial position. For the primary government, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$284,387,005 at the close of the most recent fiscal year as compared to \$297,242,561 (restated) at the close of the last fiscal year. This represents a \$12,855,556, or 4%, decrease.

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

The following are condensed statements of net position for fiscal years 2018 and 2017.

	Condensed Statement of Net Position		
	September 30, 2018		
	Governmental Activities	Business-type Activities	Total
Current and other assets	\$ 771,172,746	\$ 91,143,430	\$ 862,316,176
Noncurrent assets	9,700,000	30,620,271	40,320,271
Capital assets	1,800,625,648	208,692,662	2,009,318,310

**Bexar County, Texas
Management Discussion & Analysis
For Year Ended September 30, 2018**

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

For governmental activities, total net position of \$343,434,304 reflects a 5%, or \$17,643,503, decrease from the prior fiscal year.

For business-type activities, total net position deficit of \$59,047,299 reflects a 8%, or \$4,787,947, deficit decrease from the prior fiscal year.

Net pension liability decreased by \$63,118,128 in the prior fiscal year to \$102,852,832 in the current fiscal year. Deferred outflows of resources related to the net pension liability and the net OPEB liability decreased by \$52,752,696 from \$93,707,192 in the prior fiscal year to \$40,954,496 in the current fiscal year. Deferred inflows of resources related to net pension liability increased by \$11,550,459 from \$7,991,352 in the prior fiscal year to \$19,541,811. See Note N and Note O for more details.

The County's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by \$284,387,005 at September 30, 2018 which is a 4%, or \$12,855,556, decrease over the prior fiscal year. The following is a further analysis of the decrease.

Net investment in capital assets of \$1,074,163,147 represents the County's investment in capital assets such as buildings, infrastructure, land, construction and equipment in progress, net of accumulated depreciation and related debt. Although the County's investment in its capital assets is reported net of related debt, it should be noted that resources needed to repay this debt must be externally provided from other sources. Liquidation of capital assets is not an alternative to providing funds to service debt and other related liabilities.

Restricted net position of \$299,778,768 represents resources that are subject to external restrictions as to the use of the funds. For governmental activities, net position is restricted as follows:

- 1) The largest portion of restricted net position is \$129,236,402 for capital projects.
- 2) The County has net position in various grant programs totaling to \$12,552,709; however, this net position is to be used to fund continual budgets related to specific federal and state programs. Excess funding is returned at the end of the grant programs.
- 3) Legislative net position of \$50,815,806 is comprised of a majority of the special revenue funds that were created through the establishment of fees by the State Legislature or through federal funding to serve specific purposes. Accordingly, those revenues generated may only be used as directed by legislation.
- 4) Net position restricted for debt service is \$107,173,851.

The deficit balance in unrestricted net position of \$1,089,554,910 is comprised of a deficit balance of \$943,175,051 in governmental activities and \$146,379,859 in business-type activities. The deficit balances are primarily attributed to County expenses for assets owned by other entities. The County issues bonds to finance these projects that do not get capitalized on the County's financial statements. The net effect of these transactions leaves a liability balance on the County's financial statements for the bonds the County is still obligated to pay. The total balance for expenses on assets owned by other entities is \$1,080,600,187 at September 30, 2018. See Table 19 in the Statistical Section for detailed balances.

**Bexar County, Texas
Management Discussion & Analysis
For Year Ended September 30, 2018**

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

The difference between total fund balance in the governmental fund Balance Sheet (fund financial statements) and total net position for governmental activities in the Statement of Net Position (government-wide) is a decrease of \$333,427,395. This variance exists because of items that are presented in the government-wide financial statements that are not presented in the fund financial statements, such as:

- Capital assets used in governmental activities of \$1,800,147,429
- Investments in joint ventures of \$9,700,000
- Adjustments to recognize unavailable revenues of \$26,162,369
- Long-term liabilities of (\$1,981,604,100)
- Net position of the Internal Service Funds (\$187,833,093)

A detailed reconciliation can be found in the Basic Financial Statements, page 35.

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

REVENUE ANALYSIS (Continued)

For the year ended September 30, 2018, total revenues for the primary government were \$829,482,077 compared to \$777,175,620 for the year ending September 30, 2017, a net increase of \$52,306,457. Governmental activities provided revenues of \$790,059,342 and \$738,445,513 in 2018 and 2017, respectively, while business-type activities provided revenues of \$39,422,735 and \$38,730,107 in 2018 and 2017, respectively.

Property taxes represented the largest revenue source for the governmental activities for the two periods. The tax rate for fiscal year 2018 was \$0.304097 and in 2017 it was \$0.308950 per hundred (\$100) dollars of valuation as authorized by Commissioners Court.

A comparative overview of ad valorem tax revenue, appraised values, and taxable values for the current and prior fiscal periods is as follows:

	Year Ended		Percentage
	September 30, 2018	September 30, 2017	Change From Prior Year
Ad Valorem Tax Revenue	\$ 435,014,178	\$ 416,975,864	4.33%
Appraised Value	\$ 161,417,662,975	\$ 149,992,953,069	7.62%
Taxable Value	\$ 150,253,090,360	\$ 139,279,867,321	7.88%

Program revenues for the primary government are principally derived from the program that the revenues service and thereby reduce the cost of the function to the County. For the fiscal years ended September 30, 2018 and 2017 program revenues for the County were \$297,442,571 and \$275,827,264, respectively. Program revenue is made up of charges for services and operating and capital grants and contributions. Comparative overviews of these revenues are as follows:

	Year Ended		Percentage
	September 30, 2018	September 30, 2017	Change From Prior Year
Charges for Services	\$ 117,465,285	\$ 113,569,519	3.43%
Operating and Capital Grants and Contributions	\$ 179,977,286	\$ 162,257,745	10.92%

General revenues are revenues that are not assigned to support a specific function, but are available to provide financial resources as necessary. Included in general revenues are ad valorem taxes (discussed previously), other tax related financial interest earned from investments, and miscellaneous income. Overall, general revenues for the primary government increased by \$30,691,150 compared to the prior fiscal period. The largest increases to general revenues were to ad valorem taxes of \$19,316,404. The increase to ad valorem taxes was due to the increase in appraised and taxable values as noted above.

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

REVENUE ANALYSIS (Continued)

**Government-Wide Revenues by Resource
For the Years Ended September 30,**

EXPENSE ANALYSIS

For the year ended September 30, 2018, the function and program costs for the governmental activities were \$807,994,235 and \$34,343,399 for the business-type activity. Comparative figures for the prior fiscal year are \$827,102,843 and \$35,323,491, respectively.

Operating expenses for the governmental activities during the fiscal year decreased by \$19,108,608 over the previous fiscal year due primarily to the following:

**Bexar County, Texas
Management Discussion & Analysis
For Year Ended September 30, 2018**

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

EXPENSE ANALYSIS (Continued)

- Public works expenses decreased by \$36,692,904. The decrease was attributable to a onetime payment made in fiscal year 2017 of \$39,080,033 to the Texas Department of Transportation for a road project. Such payment did not occur again in fiscal year 2018.

Expenses for the business-type activities during the fiscal year decreased by \$980,093 compared to the previous fiscal year. The decrease is primarily attributed to a onetime contribution to the Witte Museum of \$2,250,000 recorded in fiscal year 2017. Such contribution did not occur again in fiscal year 2018.

The difference between the governmental funds net change in fund balance in the Statement of Revenues, Expenditures and Changes in Fund Balances (fund financial statements) and the change in net position in the Statement of Activities (government-wide) is an increase of \$85,369,023. The variance exists because of items that are presented in the government-wide financial statements that are not presented in the fund financial statements and items reported in the fund financial statements that are not reported in the government-wide financial statements, such as:

- Expenditures of \$104,268,694 at the fund level for capital outlays that are capitalized at the government-wide level.
- Capital donations of \$116,109,591 recorded at the government-wide level only.
- Depreciation expense of \$98,425,406 recorded at the government-wide level only.
- Recording of transactions associated with long-term debt and liabilities differ at the fund and government-wide levels for a net decrease to net position of \$30,618,969.
- Other adjustments due to the change in the basis of revenue recognition that increases net position and a decrease in net position of the Internal Service Funds reported as governmental activities at the government-wide level of \$2,836,534 and \$8,801,421 respectively.

A detailed reconciliation can be found in the Basic Financial Statements, page 37.

FINANCIAL ANALYSIS OF FUNDS (Continued)

FINANCIAL ANALYSIS OF FUNDS

MAJOR GOVERNMENTAL FUNDS (Continued)

MAJOR GOVERNMENTAL FUNDS

The Capital Projects Fund

The Capital Projects Fund, a major governmental fund, is used to account for receipts and disbursements relating to the acquisition or construction of major capital projects, including assets to be owned by other entities (see Statistical Section, Table 19). At the end of fiscal year 2018, the fund balance was \$437,480,992 compared with the 2017 fund balance of \$569,743,285, a decrease of \$132,362,293. This decrease is primarily attributable to a decrease in the issuance of long term debt and bond premiums of \$84,041,396. More detailed information concerning capital improvement activity can be found in the Notes to the Financial Statements, Notes A, G, and Q.

The County's governmental functions are contained in the General, Debt Service, Capital Projects, and Nonmajor Governmental Funds. The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's annual financing and budgeting requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At September 30, 2018, the County's governmental funds reported a combined fund balance of \$676,861,699 and at September 30, 2017, reported \$79,874,225, a decrease of \$103,012,526 or 13%. Of the total fund balance, \$87,977,792 or 13% constitutes unassigned fund balance, which is available to meet the County's current and future needs of its citizens. Restricted fund balance of \$52,785,292 or 86% of total fund balance is restricted for debt service in the amount of \$81,935,785, capital expenditures in the amount of \$437,480,992 and special revenue funds in the amount of \$63,368,515. Committed fund balance of \$920,864 is attributed to a special revenue fund. The remainder of fund balance is in nonspendable form of \$5,177,751.

The following schedule compares the revenues by source of the County's governmental funds for fiscal years ending September 30, 2018 and 2017.

	Revenues Classified by Source		Increase (Decrease)
	2018	2017	
Revenues by source:			
Ad valorem taxes	\$435,014,178	\$ 416,185,808	\$ 18,828,370
Other taxes, licenses, and permits	45,927,299	44,771,993	1,155,306
Intergovernmental revenue	52,164,833	73,512,073	(21,347,240)
Court costs and fines	19,847,313	20,942,708	(1,095,395)
Fees on motor vehicles	22,315,190	21,843,855	471,335
Other fees	40,357,549	38,236,799	2,120,750
Commissions from governmental units	5,041,751	4,850,594	191,157
Revenues from use of assets	28,740,544	24,555,514	4,185,030
Sales, refunds and miscellaneous	22,604,614	19,176,269	3,428,345
Total revenues	<u>\$672,013,271</u>	<u>\$ 664,075,613</u>	<u>\$ 7,937,658</u>

The General Fund

The General Fund is the chief operating fund of the County and a major governmental fund. At September 30, 2018, the total fund balance was \$93,155,543, of which \$87,977,792 was unassigned and \$5,177,751 was in nonspendable form. As a measure of the General Fund's liquidity, it is useful to compare unassigned fund balance to total expenditures and other financing uses. Unassigned fund balance is 20% of the combined total of General Fund expenditures and other financing uses. This is in compliance with the County's policy that the unassigned fund balance in the General Fund is to be maintained at a minimum 15% of the expenditures of the fiscal year.

The Debt Service Fund

The Debt Service Fund, a major governmental fund, accounts for receipts and disbursements of funds related to the County's long-term debt obligations for governmental activities. Expenditures include principal and interest payments on County debt, San Antonio River Authority bonds (see Note K to the financial statements), and bond issuance costs. Restricted fund balance increased by \$21,453,085, or 35%, from prior year. The increase is primarily due to the excess of other financing sources from the transfers in for debt service over the excess of revenues over expenditures. For more information on the County's long-term debt, see Note H in the Notes to the Financial Statements.

FINANCIAL ANALYSIS OF FUNDS (Continued)

PROPRIETARY FUNDS

The County accounts for five proprietary funds – four business-type activities (the Community Venue Fund, the Sheriff's Commissary Fund, the Parking Facilities Fund and the Firing Range Fund), and one governmental activity (Internal Service Funds). The County's proprietary fund statements provide the same type of information found in the government-wide financial statements but in more detail.

Community Venue Fund (Venue Fund)

The Community Venue Fund currently is the County's only major business-type proprietary fund. This fund is used to account for proceeds derived by the County from its sale of venue project revenue bonds and receipts from visitor taxes - hotel occupancy tax and short-term motor vehicle tax - for the construction, improvements and financing of the various community projects approved by voters in the May 2008 election. The May 2008 bond election authorized the County to issue \$415 million in venue bonds to fund 24 projects within the County to include: San Antonio River improvements, construction of youth and amateur athletic facilities, community arena enhancements and renovations to the performing and cultural arts center. As of September 30, 2018, the County had issued \$397,950,000 of the \$415,000,000. The debt is secured by and payable, in whole or in part, from the revenues derived by the County by imposing and collecting visitor taxes.

As of September 30, 2018, the Venue Fund's net position of (\$61,864,777) is made up of \$61,345,172 in net investment in capital assets, \$25,820,995 of restricted net position for debt service and grant payments, and (\$149,030,944) of unrestricted net position. The change in net position was an increase of \$4,283,207 from the previous fiscal year which is primarily attributed to an increase in net non-operating revenues and expenses of \$2,985,575. Net non-operating revenues and expenses in 2018 are \$11,427,849 compared to \$8,442,274 in 2017. The major difference between both years is an increase of hotel occupancy tax of \$1,113,949, motor vehicle tax of \$250,519 and investment income of \$910,009.

The Sheriff's Commissary Fund (Commissary Fund)

The Commissary Fund supports the inmates that are in the County Jail. All goods and services of the Commissary Fund are priced out at market value and are available for the inmates to purchase if they have funds available in their Inmate Trust account. The profits made from the sales of goods and services are to be used to support services for the inmates as well as to support the personal needs of indigent inmates.

At September 30, 2018, the Commissary Fund had total net position of \$1,363,920 compared with \$968,500 at September 30, 2017. The increase in net position from 2017 is primarily attributed to an operating gain in 2018 of \$368,763.

The Parking Facilities Fund

The Parking Facilities Fund is used to account for the operation and maintenance of parking facilities. The facilities are intended to be financed primarily through user charges.

At September 30, 2018, the Parking Facilities Fund had total net position of \$1,449,044 compared with \$1,300,970 at September 30, 2017. The increase in net position from 2017 is primarily attributed to operating income of \$577,434 reduced by transfers to other funds of \$450,000.

The Firing Range Fund

The Firing Range Fund is used to account for the operation and maintenance of a firing range. The facility is intended to be financed primarily through user charges. The decrease in net position from 2017 of \$38,754 is primarily attributed to the deficit of a \$199,546 operating loss over a transfer of \$158,610 from the General Fund.

**Bexar County, Texas
Management Discussion & Analysis
For Year Ended September 30, 2018**

FINANCIAL ANALYSIS OF FUNDS (Continued)

PROPRIETARY FUNDS (Continued)

Internal Service Funds

The County uses Internal Service Funds to support activities of the General Fund as well as activities of the Special Revenue Funds and Capital Projects Fund. For the year ended September 30, 2018, the funds reflected a total deficit in net position of \$187,833,093 as compared to \$179,031,672 (Restated) at September 30, 2017. Revenues were provided through \$57,511,681 in premiums, fees, charges for services, sales and other income. Operating expenses for the current fiscal year were \$73,843,462. The largest expenses were claims paid through self-insurance funds of \$55,847,926 and \$11,513,434 accrued for the net increase in the other post employment benefits liability. The decrease in net position is primarily due to an increase in healthcare expenses and the accrual of the net increase in the other post-employment benefits obligation. For more information, see the combining statements on pages 181-185.

GENERAL FUND BUDGETARY HIGHLIGHTS

The General Fund's original and final revenue budget was \$445,336,149 with actual revenues of \$448,177,525. The difference of \$2,841,376 is primarily due to the County receiving \$1,412,758 more than estimated for intergovernmental revenue and \$1,128,303 in other fees.

The final amended expenditure budget was \$449,877,242 and actual expenditures were \$434,122,083, a difference of \$15,755,159. This variance was primarily due to savings in payroll, computer supplies, postage, personnel training and a carry forward to fiscal year 2019 of equipment purchases. There was no significant variance between the original expenditure budget and the final budget.

The following table summarizes the General Fund's budgeted and actual amounts for fiscal year 2018.

	General Fund Budget vs. Actual		
	Original Budget	Final Budget	Actual
Revenues			
Ad valorem taxes	\$ 336,255,070	\$ 336,255,070	\$ 336,475,868

Bexar County, Texas
Management Discussion & Analysis
For Year Ended September 30, 2018

CAPITAL ASSETS AND DEBT ADMINISTRATION (Continued)

LONG-TERM DEBT

At September 30, 2018, the County had total long-term debt and other liabilities outstanding of \$2,305,503,149 as compared to \$2,262,596,891 in the prior year:

	2018	2017
Governmental Activities:		
Bonds Payable	\$ 977,615,000	\$ 585,140,000
Certificates of Obligations	705,950,000	1,087,760,000
Unamortized Premium and Discount	187,787,701	153,772,980
Compensated Absences	45,686,841	40,928,803
Total Governmental Activities	\$ 1,917,039,542	\$ 1,867,601,783

Business-Type Activities:

Tax Exempt Bonds	\$ 343,915,000	\$ 348,610,000
Taxable Bonds	37,490,000	39,100,000
Unamortized Premium and Discount	7,058,607	7,285,108
Total Business-Type Activities	\$ 388,463,607	\$ 394,995,108

During the current fiscal period for governmental activities, the County issued \$384,715,000 in Limited Tax Refunding Bonds, \$28,140,000 Flood Control Tax Refunding Bonds, and \$40,840,000 Pass-Through Revenue and Limited Tax Bonds. In fiscal year 2019 the County issued \$198,035,000 in Combination Tax and Revenue Certificates of Obligation. See Note H and Note R for more information.

For business-type activities, the County retired \$6,305,000 in venue debt. See Note H of the financial statements for further information about the County's long-term debt.

County officials, citizens and investors will find the ratio of net bonded debt to assessed valuation and the amount of bonded debt per capita as useful indicators of the County's debt position in Tables 9 and 10 of the statistical section of this report.

The County is currently in compliance with all required bond covenants. The County continues to enjoy a favorable debt rating. The bond rating services have assigned Bexar County the following long-term bond ratings:

- Standard & Poor's Rating Services AAA
- Fitch IBCA, Inc. AAA
- Moody's Investor Service, Inc. Aaa

ECONOMIC FACTORS

For the fiscal year ending September 30, 2018, the current tax rate is \$0.304097 per \$100 valuation. It is anticipated that ad valorem revenues for fiscal year 2019 will be approximately \$438,098,000 with actual ad valorem revenues totaling \$435,014,178 for fiscal year 2018. For the General Fund in fiscal year 2019, both total available funds and the adopted expenditure budget, including appropriated fund balance, were estimated to be approximately \$546,655,453.

For Year Ended September 30, 2018

CAPITAL ASSETS AND DEBT ADMINISTRATION

CAPITAL ASSETS

The capital assets of the County are those assets (land, right-of-way, buildings, improvements, roads, bridges, machinery, and equipment) which are used by the County in performance of the County's functions. At September 30, 2018, capital assets (net of depreciation) for the governmental activities of the County were \$1,800,625,648 and at September 30, 2017 were \$1,678,769,436. Retirements for the County were \$2,570,214 and \$2,424,843, for 2018 and 2017, respectively.

Depreciation on capital assets is recognized in the government-wide financial statements. Depreciation provided for the current fiscal year for the governmental activities was \$98,537,020 as compared to \$94,735,655 for the year ended September 30, 2017. At September 30, 2018, the County's governmental activities had \$347,506,116 invested in ongoing construction in progress compared to \$275,899,514 at the end of the prior fiscal year.

The balance in capital assets in the County's business-type activity at September 30, 2018 was \$208,692,663, as compared to \$215,818,195 at September 30, 2017. The depreciation provided for the current fiscal year was \$7,125,532 and \$5,812,998 for the prior fiscal period.

Major capital activity during the current fiscal year included additions of approximately \$116,109,591 in donated roads and \$104,268,694 in expenditures for construction costs associated with roads, buildings and major renovations to existing buildings for governmental activities. For additional information related to capital asset activity, see Note G to the Notes of the Financial Statements.

A condensed analysis of the County's capital assets is as follows:

	Capital Assets (net of accumulated depreciation)		Increase (Decrease)
	2018	2017

The accompanying notes are an integral part of this statement.

Total Fund Balances - Governmental Funds

Amounts reported for governmental activities in the statement of net position are different because:

- Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds. 1,800,147,429
- Investments in joint ventures are not financial resources and therefore are not reported as assets on governmental funds. 9,700,000
- Certain receivables are not available and, therefore, are reported as deferred inflows of resources in governmental funds. 141,361,145
- Certain receivables will be collected this year, but are not available soon enough to pay for the current period's expenditures, and therefore are reported as deferred inflows of resources in governmental funds. 12,026,224

Internal service funds are used by the County's management to charge the cost of self-insurance, fleet maintenance, records management, and other post-employment benefits to individual funds. The assets and liabilities of the internal service funds are included with governmental activities in the Statement of Net Position but are not included at the fund level. (187,833,093)

Long-term liabilities, including notes and bonds payable, are not due and payable in the current period and therefore are not reported as liabilities in the funds.

- Bonds (1,683,565,000)
- Deferred charge on refunding (to be amortized as interest expense) 43,217,630
- Issuance premium (to be amortized as interest expense) (187,787,702)
- Accrued interest (22,693,171)
- Compensated absences (45,686,841)
- Deferred outflows of resources - pension 35,900,122
- Deferred inflows of resources - pension (19,317,535)
- Net pension liability (101,671,603)

Total Net Position - Governmental Activities

\$ 343,434,304

FUND BALANCE - ENDING

\$ 93,155,543 \$ 81,935,785 \$ 437,480,992 \$ 64,289,379 \$ 676,861,699

The accompanying notes are an integral part of this statement.

For the Fiscal Year Ended September 30, 2018

Net Change in Fund Balances - Total Governmental Funds

\$ (103,012,526)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of these assets is allocated over their estimated useful lives and reported as depreciation expense.

104,268,694

Depreciation expense for capital assets that is allocated over their estimated useful lives.

(98,425,406)

Capital asset donations

116,109,591

The issuance of long-term debt (e.g., bonds, notes) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Debt issued:

General obligation bonds (453,695,000)
Deferred charges 33,506,595
Premiums (41,758,190)

Repayments to paying agent for bond principal

443,030,000

Some expenses in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Accrued interest on debt 111,793
Amortization of debt premium 7,743,469
Amortization of deferred charges (9,031,546)
Compensated absences (4,758,038)
Net pension liability (5,768,052)

(11,702,374)

Because some revenues will not be collected for several months after the County's fiscal year end, they are not considered "available" revenues and are deferred in the governmental funds. Deferred inflows of resources decreased by this amount in the current period.

283,654

Internal service funds are used by management to charge the costs of certain activities, such as self insurance, OPEB and fleet maintenance, to individual funds. The net revenue (expense) of certain activities of internal service funds is reported with governmental activities.

(8,801,421)

Change in Net Position - Governmental Activities

\$ (17,643,503)

Bexar County, Texas
NOTES TO BASIC FINANCIAL STATEMENTS
September 30, 2018

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Bexar County (the County) have been prepared in conformance with generally accepted accounting principles (GAAP) as applicable to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted body for establishing governmental accounting and financial reporting standards. The following is a summary of the more significant policies of the County.

I. The Reporting Entity

The County (the primary government in these financial statements) is governed by Commissioners Court. The Court is comprised of five elected officials consisting of the County Judge (elected County-wide) and four commissioners (elected by precinct).

In evaluating how to define the County for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GASB Statement No. 14, *The Financial Reporting Entity*, GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, and GASB Statement No. 61, *The Financial Reporting Entity-Omnibus*. In accordance with these standards, a financial reporting entity consists of the primary government and its component units. Component units are legally separate entities for which the elected officials of the County are financially accountable, or the relationship to the County is such that exclusion would cause the County's financial statements to be misleading or incomplete. Although blended component units are legally separate entities, they function as an integral part of the primary government and have their data blended with the primary government. All discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements.

The criteria used to determine whether an organization is a component unit of the County and whether it is a discretely presented or a blended component unit includes: whether the County appoints a voting majority of the component's board and has the ability to impose its will on the component unit or a financial benefit or burden relationship exists between the County and component unit; whether the component unit is fiscally dependent on the County and a financial benefit or burden relationship exists; whether the component unit has substantively the same governing body as the primary government and a financial benefit or burden relationship exists or management (below the level of elected officials) of the primary government has operational responsibility for the activities of the component unit; whether services are provided entirely or almost entirely to the primary government; and whether the total debt of the component unit is repayable (almost) entirely from resources of the primary government.

Blended with the Primary Government The relationship between the following component units and the County meet the criteria, for inclusion as part of the reporting entity as blended component units.

Bexar County Housing Finance Corporation

The Bexar County Housing Finance Corporation (BCHFC) is a Texas public, non-profit corporation created in accordance with the Texas Housing Finance Corporations Act. Pursuant to the Act, the BCHFC is authorized to finance residential housing by issuing its tax-exempt revenue bonds to acquire mortgage loans made to low or moderate income persons, and to pledge such mortgage loans as security for the payment of the principal and interest of such revenue bonds. The tax-exempt bonds issued by the BCHFC do not constitute a debt or a pledge of faith or credit of the BCHFC or the County, but are payable by the user pursuant to terms defined in the loan agreement underlying each issue. Interest received on the bonds is generally exempt from federal income tax under Section 103 of the Internal Revenue Code. The BCHFC is governed by a five-member Board of Directors which is comprised of the Bexar County Commissioners Court. In addition, management (below the level of the elected officials) of the primary government has operational responsibility for the activities of the component unit.

Bexar County Health Facilities Development Corporation

The Bexar County Health Facilities Development Corporation (BCHFDC) is a Texas public, non-profit corporation created on April 21, 1983 in accordance with the Texas Health Facilities Development Act of 1981. The BCHFDC's purpose is to acquire, construct, provide, improve, finance and refinance health facilities to assist the maintenance of the public health. The tax-exempt bonds issued by the BCHFDC do not constitute a debt or a pledge of faith or credit of the BCHFDC or the County, but are payable by the user pursuant to terms defined in the loan agreement underlying each issue. Interest received on the bonds is generally exempt from federal income tax under Section 103 of the Internal Revenue Code. The BCHFDC is governed by a five-member Board of Directors which is comprised of the Bexar County Commissioners Court. In addition, management

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

1. The Reporting Entity (Continued)

Bexar County Health Facilities Development Corporation (Continued)
(below the level of the elected officials) of the primary government has operational responsibility for the activities of the component unit.

Bexar County Industrial Development Corporation

The Bexar County Industrial Development Corporation (BCIDC) is a Texas public, non-profit corporation created on July 29, 1981, in accordance with the Texas Development Corporation Act of 1979. The BCIDC's purpose is to issue bonds on behalf of the County, to finance projects as defined in the Act in order to promote and develop industrial and manufacturing enterprises thus encouraging employment and improving the public welfare. The tax-exempt bonds issued by the BCIDC do not constitute a debt or pledge of faith or credit of the BCIDC or the County, but are payable by the user pursuant to terms defined in the loan agreement underlying each issue. Interest received on the bonds is generally exempt from federal income tax under Section 103 of the Internal Revenue Code. The BCIDC is governed by a five-member Board of Directors which is comprised of the Bexar County Commissioners Court. In addition, management (below the level of the elected officials) of the primary government has operational responsibility for the activities of the component unit.

Separate, audited financial statements for these corporations are available from the County Auditor's Office, 101 W. Nueva Street, Suite 800, San Antonio, Texas 78205.

Discretely Presented Component Units The relationship between the following component units and the County is such that they meet the criteria, as set forth in GASB Statement No. 14, for inclusion as discretely presented component units in the reporting entity:

University Health System (The System)

The Bexar County Hospital District, d/b/a University Health System, Bexar County, Texas (the System), is a political subdivision of the State of Texas, and is comprised of University Hospital, University Health System – Robert E. Green Campus, University Family Health Centers, University Center for Community Health, University Dialysis Centers, Correctional Health Care Services. The System receives support from its supporting organization, the University Health System Foundation (the Foundation), a non-profit corporation established in 1984 to provide charitable, scientific and educational activities, and to raise funds on behalf of the System. The System serves as the major teaching facility for The University of Texas Health Science Center (UTHSC). The System is exempt from federal income taxes under section 115(o) of the Internal Revenue Code. The System formed Community First Health Plans, Inc. (CFHP), a non-profit corporation which operates as an HMO. CFHP is exempt from federal income tax under Section 501(c)(4) of the Internal Revenue Code. CFHP has agreements with plan sponsors, including the System, to arrange health service benefits for subscribing participants. Under these agreements, CFHP receives monthly capitation payments based on the number of each plan sponsor's participants, regardless of services performed. In addition, CFHP receives supplementary delivery payments under the Medicaid program. The System is presented as an enterprise fund type.

The criteria used to determine inclusion as a significant discretely presented component unit are: Commissioners Court appoints members of the System's Board of Managers; Commissioners Court approves the System's tax rate and annual budget; and, the System cannot issue bonded debt without Commissioners Court approval. Furthermore, the System's total net position in relation to the total primary government's net position is such that to exclude essential disclosures from the County's financial statements as they pertain to the System would be misleading. Therefore, relevant disclosures have been included in the County's financial statements. The System's financial information presented in the government-wide financial statements is as of, and for the year ended, December 31, 2017, which is the latest audited System financial information available. Complete financial statements of the System may be obtained from the component unit's administrative office:

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

1. The Reporting Entity (Continued)

Discretely Presented Component Units (Continued)

Cibolo Canyons Special Improvement District (The District)

The Cibolo Canyons Special Improvement District (the District) is a public improvement district created by an order of the Commissioners Court of Bexar County on September 1, 2005, pursuant to Chapter 372 of the Texas Local Government Code. The purpose of the District was to induce the developer to construct a major hotel and two golf courses as well as supporting infrastructure and to provide land and construct facilities for conservation, parks, recreation and open space within the District. The criteria used to determine inclusion as a discretely presented component unit are: The Board of Directors is comprised of seven members, as appointed by Commissioners Court, and the District cannot issue bonded debt without Commissioners Court approval. The District's financial information presented in the government-wide financial statements is as of, and for the year ended, September 30, 2017, which is the latest audited District financial information available. Complete financial statements of the District may be obtained from the component unit's administrative office:

The District's General Counsel
7550 W-4H IO
San Antonio, Texas 78229

Alamo Regional Mobility Authority (The Authority)

The Bexar County Regional Mobility Authority was approved by the Texas Department of Transportation ("TxDOT") on December 18, 2003 as a political subdivision of the State of Texas under the Texas Transportation Code, Chapter 370. The County formally approved the conditions of TxDOT on January 14, 2004. The Bexar County Regional Mobility Authority held its first meeting on April 13, 2004. On October 14, 2004, the Bexar County Regional Mobility Authority formally changed its name to Alamo Regional Mobility Authority (The Authority).

The Authority's powers and duties are enumerated under Texas Transportation Code, Chapter 370, and include authority to borrow monies and issue bonds to finance transportation projects. The Authority is governed by a seven-member Board of Directors. Six are appointed by Bexar County Commissioners Court, and the Chairman is appointed by the Governor of the State of Texas. In fiscal year 2013, the County took over the day-to-day business activity of the Authority. The Authority is currently being managed by the Office of the County Manager and Public Works Department. David Smith, the Bexar County Manager, was named Executive Director of the Authority.

The Authority was established by the Bexar County Commissioners Court with the intent to partner with the Texas Department of Transportation (TxDOT); the San Antonio-Bexar County Metropolitan Planning Organization (MPO); and the County to leverage funding and bring needed relief to the congestion impacting the Bexar County Area.

In 2018 the authority was informed by TxDOT that the last remaining toll road project, 1604 Managed Lane Project, was being reconfigured to be toll-free, i.e., fully funded by State and Federal governments with the need of toll revenues as a funding source. With no identifiable source of toll revenues in the immediate future, the Authority's management and board of directors made the decision to change the reporting entity from a business-type activities to governmental activities, since the Authority's primary source of revenue is now vehicle registration fees. As there was no change in the operations of the Authority, only a change in reporting structure, this change had no effect on beginning net position.

The criteria used to determine inclusion as a discretely presented component unit are: The Authority is governed by a seven-member Board of Directors. Six are appointed by Bexar County Commissioners Court, and the Chairman is appointed by the Governor of the State of Texas. The Authority's financial information presented in the government-wide financial statements is as of, and for the year ended, September 30, 2018. Complete financial statements of the Authority may be obtained from the component unit's administrative office:

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Government-wide Financial Statements

Government-wide financial statements consist of the Statement of Net Position and the Statement of Activities. These statements report information on all of the non-fiduciary activities of the primary government and its component units. Governmental activities are supported by taxes and intergovernmental revenues. They are reported separately from business-type activities, which rely, to a significant extent, on fees and charges for support.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned, and expenses are recorded at the time liabilities and deferred inflows are incurred, regardless of the timing of cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The Statement of Activities demonstrates the degree to which the direct expenses of the County's programs are offset by those programs' revenues. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by the function or program and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program or function. Program revenues for governmental activities include those generated from general government, judicial, public safety, education and recreation, public works, and health and public welfare. Taxes and other items not properly included among program revenues are reported instead as general revenues.

For proprietary funds, all revenues and expenses are classified as operating revenues and expenses except for taxes, investment income, interest expense, grant payments which are classified as nonoperating revenues and expenses.

The effects of interfund direct activity for changes based on actual use are not eliminated whereas indirect expense allocations are reversed and have been eliminated for the government-wide financial statements.

3. Fund Level Financial Statements

All governmental funds use the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period, or soon enough thereafter, to be used to pay liabilities of the current period. The County considers revenues as available if they are collected within 60 days after year end. Expenditures are recorded when the related fund liability is incurred. Debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property tax revenues, the County's primary revenue source, is susceptible to accrual and is considered available to the extent of delinquent taxes collected within 60 days of the fiscal year end. Grant and entitlement revenues are also susceptible to accrual. Encumbrances are used during the year, and any unliquidated items are reported at year end as a reservation of fund balance.

Governmental funds are accounted for on a spending "financial flow" measurement focus. This means that only current assets and deferred outflows, and current liabilities and deferred inflows are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources." Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

All proprietary funds, including the enterprise funds and internal service funds are accounted for using the economic resources measurement focus and accrual basis of accounting. Revenues are recognized when earned and expenses when they are incurred. Claims incurred but not reported are included in payables and expenses. This means that all assets and deferred outflows and liabilities and deferred inflows (whether current or non-current) associated with their activity are included in the funds' statement of net position. The agency funds are also reported using the accrual basis of accounting. The agency funds are custodial in nature and involve no measurement of results of operations.

The County's accounts are organized based on funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts, which are comprised of each fund's assets and deferred outflows, liabilities and deferred inflows, net position/fund balance, revenues and expenditures or expenses. Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds. The County reports various Agency Funds which are

Bexar County, Texas
NOTES TO BASIC FINANCIAL STATEMENTS
September 30, 2018

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3. Fund Level Financial Statements (Continued)

fiduciary in nature, accordingly the fiduciary funds are excluded from the government-wide financial statements. The County reports the following major funds:

GOVERNMENTAL FUNDS

General Fund

The General Fund accounts for the resources used to finance the fundamental operations of the County. It is the basic fund of the County and covers all activities for which a special revenue fund has not been established.

Debt Service Fund

This fund is used to account for the accumulation of resources for and the payment of principal and interest on long-term debt of governmental funds.

Capital Projects Fund

This fund is used to account for financial resources to be used for the acquisition and construction of major capital facilities and is principally financed by the sale of bonds or certificates of obligation, certain vehicle registration fees, and capital grants.

PROPRIETARY FUNDS

Community Venue Fund

The Community Venue Fund is used to account for the development, financing, construction, leasing, management, operations and marketing of a multi-purpose arena and its related infrastructure. Additionally, the taxpayers of Bexar County approved an expanded use of the Venue tax in May 2008. As a result, numerous sports and tourist related facilities have been constructed and/or improved throughout the County. See Note F for County expenses on assets owned by other entities. The tax revenues and construction costs are recorded in the Community Venue Fund.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses are the result of providing services in connection with a proprietary fund's principal ongoing operations. The principal operating expenses for the enterprise funds include administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenue and expenses.

Nonmajor enterprise funds consist of the Sheriff's Commissary Fund, the Parking Facilities Fund, and the Firing Range Fund. The Sheriff's Commissary Fund is used to account for commissary sales to inmates housed in the Bexar County Jail. The Parking Facilities Fund is used to account for the operation and maintenance of the parking facilities. The Firing Range Fund is used to account for the operation and maintenance of the firing range. The parking facilities and firing range are intended to be financed primarily through user charges.

Additionally, the County uses internal service funds to account for County vehicle maintenance, self-insurance (medical benefits, workers' compensation, and property and liability insurance coverage), other post-employment benefits, and the expenses of a records management center facility. The principal operating revenue of the County's internal service funds are: from user fees assessed to participants or service fees charged to other funds.

The principal operating expenses for the internal service funds include administrative, claims, insurance, and personnel expenses. A complete description of the County's internal service funds can be found on page 181.

The County also uses various revenue funds to account for the proceeds of specific revenue sources for specified purposes.

AGENCY FUNDS

Agency funds are used to account for assets held by the County as an agent for individuals, private organizations, other governments and other funds. A complete description of the County's agency funds can be found on page 187.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. Budget

Primary Government

Annual budgets are legally approved and adopted for the general fund, special revenue funds, and debt service fund. Annual budgets are adopted for the special revenue and grant funds at the aggregate level by function. Budgets for grants are employed as a management control device in order to comply with grant provisions. All appropriations expire at the end of the fiscal year except for grant and capital project funds, many of which are funded for periods longer than one year.

Formal budgetary integration is employed for the general fund, special revenue funds, and the debt service fund. Capital project programs with the capital project fund are project oriented rather than by period. Therefore, project-length budgets are adopted based on resource allocation, and appropriations at year-end are carried forward to subsequent periods until the project is completed. Formal budget integration is employed by the County with regards to the internal service funds. All budgets are prepared on the modified accrual basis.

Commissioners Court historically adopts an annual budget and appropriates a portion of the available unassigned fund balance to provide resources for those issues that arise during the fiscal year that could not be anticipated at the time the budget was adopted. An expenditure line item is created to serve as a contingency to draw from as needed. At year end, the County closes the unused portion of the revenue and expenditure line items to budgetary fund balance.

The Bexar County Housing Finance Corporation, the Bexar County Health Facilities Development Corporation, and the Bexar County Industrial Development Corporation funds do not have legally adopted budgets.

5. Proprietary Fund Accounting

Primary Government

The County has implemented GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*.

The remainder of this page intentionally left blank

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6. Recent Accounting Pronouncements

Primary Government

The GASB has issued Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions." This Statement was issued to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. This Statement is effective for fiscal years beginning after June 15, 2017. The implementation of GASB 75 is reflected in the financial statements.

The GASB has issued Statement No. 83, "Certain Asset Retirement Obligations." This statement was issued to address accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. GASB 83 will be implemented by the County in fiscal year 2019 and the impact has not yet been determined.

The GASB has issued Statement No. 84, "Fiduciary Activities." The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. GASB 84 will be implemented by the County in fiscal year 2020 and the impact has not yet been determined.

The GASB has issued Statement No. 85, "Omnibus 2017". The objective of this Statement is to address practice issues that have been identified during implementation and application of certain GASB Statements. This Statement address a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, and postemployment benefits. The requirements of this Statement are effective for reporting periods beginning after June 15, 2017. The implementation of GASB 85 is reflected in the financial statements.

The GASB has issued Statement No. 86, "Certain Debt Extinguishment Issues." The objective of this Statement is to improve consistency in accounting and financial reporting for in-substance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing resources are placed in an irrevocable trust for the sole purpose of extinguishing debt. The requirements of this Statement are effective for reporting periods beginning after June 15, 2017. The implementation of GASB 86 is reflected in the financial statements.

The GASB has issued Statement No. 87, "Leases." The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provision of the contract. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. GASB 87 will be implemented by the County in fiscal year 2021 and the impact has not yet been determined.

The GASB has issued Statement No. 88, "Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements." The objective of this Statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. GASB 89 will be implemented by the County in fiscal year 2019 and the impact has not yet been determined.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6. Recent Accounting Pronouncements (Continued)

Primary Government (Continued)

The GASB has issued Statement No. 89, "Accounting for Interest Cost Incurred before the End of a Construction Period." The objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period. This Statement also reiterates that in financial statements prepared using the current financial resources measurement focus, interest cost incurred before the end of a construction period should be recognized as an expenditure on a basis consistent with governmental fund accounting principles. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. GASB 89 will be implemented by the County in fiscal year 2021, and the impact has not yet been determined.

The GASB has issued Statement No. 90, "Majority Equity Interests." The objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. GASB 90 will be implemented by the County in fiscal year 2020 and the impact has not yet been determined.

7. Cash, Cash Equivalents and Temporary Investments

Primary Government

For purposes of the Statement of Cash Flows, cash and cash equivalents include amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the County. Temporary investments consist of a money market fund and funds invested in local government investment pools, which is permitted under the Public Funds Investment Act. Investments in local government investment pools are stated at net asset value or amortized cost which approximates fair value, as permitted under GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, or are stated at Net Asset Value (NAV), in accordance with the Fair Value Measurement guidelines established by GASB Statements No. 72 and 79.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

8. Inventories and Prepaid Items

Primary Government

The County accounts for inventories using the consumption method. The cost of inventories for internal service funds are determined by the average cost method.

Any payments to vendors applicable to future accounting periods would be recorded as prepaid items in both government-wide and fund financial statements.

9. Restricted Assets and Liabilities

Primary Government

Certain proceeds of the revenue bonds issued for the County's Community Venue Fund, as well as certain resources set aside for their repayment, are classified as restricted assets on the Statement of Net Position because they are maintained in separate bank accounts and their use is restricted by applicable bond covenants. The "tax-exempt debt service" and the "taxable debt service" accounts are used to segregate resources for the respective principal and interest amounts currently outstanding. The "tax-exempt reserve" account and the "taxable reserve" accounts are used to set aside resources to subsidize potential deficiencies in the debt service accounts. The construction accounts are used to report those proceeds of revenue bonds that are restricted for the four voter-approved propositions. The County's policy is to apply restricted resources first if both restricted and unrestricted resources are available for the same activity.

10. Capital Assets

Primary Government

Capital assets include land, land improvements, right-of-way land, infrastructure, buildings, building improvements, site improvements, leasehold improvements, vehicles, machinery, furniture, equipment, other systems, animals, works of art and historical treasures that are used in operations and benefit more than a single fiscal period. Infrastructure assets, such as roads, bridges, and drainage systems, are long-lived assets that normally are stationary in nature and typically can be preserved for a significantly greater number of years than most capital assets. Capital assets are defined by the County as equipment with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Building improvements and infrastructure projects with an estimated cost to exceed \$100,000 are capitalized.

When capital assets are purchased, they are capitalized and depreciated in the government-wide financial statements and the proprietary fund statements. Capital assets are recorded as expenditures of the current period in the governmental fund financial statements. When historical records are available, capital assets are valued at cost. When no historical records are available, the County estimates the cost by applying back-trended inflation rates to a similar asset. Donated capital assets; donated works of art, historical treasures, and similar assets; and capital assets received in a service concession arrangements, if any; are valued at acquisition value as defined by GASB 72.

Improvements to capital assets that materially extend the life of the asset or add to the value are capitalized. Other repairs and normal maintenance are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during construction is not capitalized in the governmental activities on the government-wide financial statements; however, capitalization of interest is required for business-type activities.

Capital assets are depreciated over the useful lives of the assets or classes of assets on a straight-line basis as follows:

Building and improvements	20 - 40 years
Machinery and equipment	3 - 10 years
Infrastructure	20 - 35 years

Bexar County, Texas
NOTES TO BASIC FINANCIAL STATEMENTS
September 30, 2018

Bexar County, Texas
NOTES TO BASIC FINANCIAL STATEMENTS
September 30, 2018

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The System

The System's capital assets are recorded at cost at the date of acquisition, or fair value at the date of donation if acquired by gift. Depreciation is computed using the straight-line method over the estimated useful life of each asset. Assets under capital lease obligations and leasehold improvements are depreciated over the shorter of the lease term or their respective estimated useful lives. The following estimated useful lives are being used by the System:

Land Improvements	5 - 15 years
Building and improvements	10 -30 years
Equipment	5 - 15 years

The District

Capital assets, which include construction in progress and public improvements, are reported in the governmental activities column in the District's government-wide financial statements. All costs associated with public improvement projects are capitalized. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. The costs of normal maintenance and repairs that do not add value to the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Public improvements are depreciated using the straight-line method over an estimated useful life of 29 years.

The Authority

The Authority's capital assets are stated at historical cost. Donated capital assets are valued at their estimated fair market value on the date received. For equipment, the Authority's capitalization policy includes all items with a unit cost of \$20,000 or more and an estimated useful life in excess of one year. Development in progress includes personnel cost that are directly attributable to a specific project in development. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. Currently, the Authority has no assets other than the cost associated with projects in development.

Expenditures for Assets Owned by Other Entities – The Authority has entered into or intends to enter into several inter-local agreements with various entities for the construction of infrastructure projects. The Authority will expend vehicle registration fee revenues and debt resources to complete the projects; however, once projects are substantially complete, ownership and maintenance requirements will be the responsibility of the other entities. These arrangements over time, will result in lowered total net position on the statement of net position because the Authority will not own the capital assets related to the debt the Authority incurred to purchase and/or fund the assets.

Thus, the accumulated development in progress costs, which relate to assets that are ultimately going to be conveyed to other entities in accordance with the interlocal agreements, as well as the related debt (Series 2016 Revenue Bonds), are not part of the calculation of the amount reported as net investment in capital assets in the statement of net position.

11. Compensated Absences

Primary Government

The County allows employees to accumulate compensatory time, vacation, and sick leave with certain limitations. At September 30, 2018, the accumulated compensated absences amount to \$45,686,841. For governmental funds, accrued compensated absences are recorded as expenditures in the respective funds to the extent it has matured. The majority of these have typically been liquidated from the general fund in previous years. A liability for these amounts is reported in governmental funds in the event of termination. Accumulated leave is reported in the government-wide Statement of Net Position as both a current and noncurrent liability.

12. Property Taxes

Primary Government

Property taxes for the County and Flood Control are levied each October 1 on the taxable value as of the preceding January 1, the date a lien attaches, for all taxable real and personal property located in the County. Taxes are due by January 31 following the October 1 assessment date and become delinquent on February 1, at which time they begin accruing penalty and interest. The enforceable legal claim date for property taxes is the assessment date; therefore, the County did not record a receivable for accrual of future taxes at year end. Accordingly, no current taxes receivable are reported. On July 1, unpaid taxes are subject to additional penalties for collection expenses. Appraised values are determined by the Bexar County Appraisal District and are equal to 100% of the appraised market value as required by the State Property Tax Code.

Taxes have been reported in the financial statements net of the allowance for uncollectible taxes. Tax revenues are recognized as they become available. Accordingly, an amount equal to taxes not yet available (not collectible within 60 days after year end) has been reported as deferred inflows of resources – unavailable revenue at the governmental fund level.

The System

The Commissioners Court of Bexar County levies for the System a tax as provided under state law on properties within the County. These taxes are collected by the Bexar County Tax Assessor-Collector and are remitted to the System when received. The System's tax rate is levied and becomes collectible in October of each year based on the certified assessed value as of the previous January 1. Taxes levied on October 1 are designated to support the System's operations for the following calendar year. The System records the levy, net of an assessment fee and allowance for uncollectible amounts, as a current receivable and deferred tax revenue in the year levied.

The District

Property taxes are levied by October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the District in conformity with Subtitle E, Texas Property Code. Taxes are due upon receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On January 31 of each year, a tax lien attaches to property to secure payment of all taxes, penalties, and interest ultimately imposed. Property tax revenues are considered a valuable when they become due or past due and receivable within the current period. The adjusted assessed value of the property tax roll upon which the levy for the 2017 fiscal year was based was \$838,156,488.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

13. Deferred Outflows/Inflows of Resources

The deferred outflows of resources related to pension expense include: differences between expected and actual experience with regard to economic or demographic factors (differences between expected and actual experience) in the measurement of total pension liability; differences between projected and actual earnings on pension plan investments; and contributions to the pension plan from the employer subsequent to the measurement date of the net pension liability and before the end of the reporting period.

The differences between expected and actual experience are recognized in pension expense, beginning in the current reporting period, using a systematic and rational method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plan (active and inactive employees) determined as of the beginning of the measurement period. The portion not recognized in pension expense is reported as deferred outflows of resources.

The differences between projected and actual earnings on pension plan investments are recognized in pension expense using a systematic and rational method over a closed five-year period, beginning in the current reporting period. The amount not recognized in pension expense is reported as deferred outflows of resources.

The deferred outflows of resources related to OPEB expense are contributions to the OPEB plan from the employer subsequent to the measurement date of the net OPEB liability and before the end of the reporting period.

NOTE B - CASH, CASH EQUIVALENTS, AND INVESTMENTS

Primary Government

As of September 30, 2018, the carrying amount of the County's cash and cash equivalents is:

Cash in Bank	\$ 18,325,063
Money Market	41,708,111
TexPool	31,523,455
TexStar	30,026,853
Total	<u>\$ 121,583,472</u>

Custodial Credit Risk-Deposits: Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned. It is the County's policy to collateralize deposits at 110% of the deposit amount. As of September 30, 2018, the County's bank balances of \$21,058,532 were fully collateralized by federal depository insurance and/or collateral held by the County or its agent in the name of the County.

The County's cash balances in the bank that are above certain limits are invested overnight in money market fund sweep accounts. These money market funds meet the requirements of the Public Funds Investment Act since they only invest in U.S. Treasury bills, notes and other obligations issued or guaranteed as to the principal and interest by the U.S. Government, its agencies or instrumentalities, and repurchase agreements secured by such obligations or cash.

The County has deposits in two different local government investment pools, TexPool and TexStar. TexPool is a public funds investment pool created by the Treasurer of the State of Texas acting by and through the Texas Treasury Safekeeping Trust Company. It is empowered to invest funds and act as a custodian of investments purchased with local investment funds.

TexStar has the same authority as TexPool. It was organized and established pursuant to an Interlocal Agreement between participating government entities. The County has an undivided beneficial interest in the pool of assets held by TexStar. These assets include obligations guaranteed or insured by the United States Government or its agencies, collateralized repurchase agreements and reverse repurchase agreements and no-load money market funds which meet the requirements of the Public Funds Investment Act.

NOTE C - INVESTMENTS

Primary Government

The County's investment policy provides that funds may be invested in:

- Obligations of the United States, its agencies and instrumentalities.
- Direct obligations of the State of Texas or its agencies.
- Other obligations insured by the State of Texas or the United States or their respective agencies and instrumentalities.

- Obligations of other governmental units with at least an "A" rating.
- Bank certificates of deposits that are guaranteed or insured.
- Guaranteed investment contracts as authorized by the Public Funds Investment Act.
- Commercial paper as authorized by the Public Funds Investment Act.
- Securities lending program as authorized by the Public Funds Investment Act.
- Fully collateralized repurchase agreements as authorized by the Public Funds Investment Act.
- SEC registered, no-load money market mutual funds as authorized by the Public Funds Investment Act.
- Public funds investment pools as authorized by the Public Funds Investment Act.

Fair Value of Investments: The County measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. GASB Statement 79 created an election option for external investment pools and pool participants to continue to utilize amortized cost accounting, rather than fair value, for certain investment pools and eliminated the reference to SEC 2A-7 guidance. Participants in qualifying pools would be permitted to continue measuring investments at amortized cost if they met certain criteria. The County's investment pools (TexPool and TexStar) are both in compliance with GASB Statement 79. The County's investment pool TexStar has elected to continue to measure its investments at fair value even though TexStar meets all criteria under GASB Statement 79 to report at amortized cost. The County's investment pool TexPool has elected to continue reporting assets at amortized cost. The County has mirrored these valuations.

The County is required to disclose the fair value level of its investments within the fair value hierarchy established by GASB Statement 72. In the fair value hierarchy there are three levels:

- Level 1: Quoted prices for identical investments in active markets;
- Level 2: Observable inputs other than quoted market prices; and,
- Level 3: Unobservable inputs.

Municipal Bonds	124,195,547	-	124,195,547	-
Total investments	<u>701,439,937</u>	<u>-</u>	<u>701,439,937</u>	<u>-</u>
Investment pools				
TexStar (net asset value)	30,026,883	N/A	N/A	N/A
TexPool (valued at amortized cost)	31,523,455	N/A	N/A	N/A
Total investment pools by fair value	<u>61,550,338</u>			
Money Markets				
Money Market Funds (valued at amortized cost)	41,708,111	N/A	N/A	N/A
Total Money Market Funds by fair value	<u>41,708,111</u>			
Total investments, pools and money markets	<u>\$ 804,698,356</u>			<u>\$ 701,439,937</u>

All of the County's investments, other than investments in the local government investment pools and money market funds, are classified in Level 2 and are valued using proprietary valuation models which may consider market transactions in comparable securities and the various relationships between securities in determining value and/or market characteristics such as benchmark yield curves, option adjusted spreads, credit spreads, estimated default rates, coupon-rates, anticipated timing of principal repayments, underlying collateral, and other unique security features in order to estimate the relevant cash flows, which are then discounted to calculate the fair values.

The County invests in the TexStar investment pool which maintains a stable net asset value (NAV) of \$1 per share using the fair value method. The County has no unfunded commitments to this pool and may redeem investments at any time.

As of September 30, 2018, the County's investments all were classified as Level 2 according to GASB Statement 72, except for the pools which are exempt from the level of fair value disclosure because they are valued either at NAV or amortized cost.

Bexar County, Texas
NOTES TO BASIC FINANCIAL STATEMENTS
September 30, 2018

NOTE C – INVESTMENTS (Continued)

Primary Government (Continued)

As of September 30, 2018, the County's investments had the following maturities:

Investment Type	Fair Value	Weighted Average Maturity (Years)	Percentage of Total Fair Value
Federal Home Loan Bank Note (FHLB)	\$ 97,119,702	0.4613	12.07%
Freddie Mac (FHLMC)	112,140,983	1.0417	13.94%
Federal National Mortgage Association Note (FNMA)	31,306,939	0.9830	3.89%
Federal Farm Credit Bank (FFCB)	19,428,552	0.9486	2.41%
Corporate Commercial Paper	169,012,719	0.2415	21.00%
US Treasury	144,712,856	0.3609	17.98%
Money Market Fund	41,708,111	N/A	5.18%
Municipal Bonds	124,195,547	0.5181	15.43%
Local Government Commercial Paper	3,522,639	0.0005	0.44%
Investment Pools	61,550,308	N/A	7.65%
Total fair value	<u>\$ 804,698,356</u>		
Portfolio weighted average maturity		0.4576	100.00%

The weighted average maturity (WAM) expresses investment time horizons - the time when investments become due and payable, weighted to reflect the dollar size of individual investments within an investment type. WAMs are computed for each investment type. The portfolio's WAM is derived by dollar-weighting the WAM for each investment type.

Interest Rate Risk: In accordance with its investment policy, the County manages its exposure to declines in fair value by limiting the weighted average maturity of its investments to 365 days with a maximum investment length for any investment to not exceed more than 3 years. In addition, the timing of maturities is monitored to match anticipated cash flow requirements, thereby avoiding the need to sell securities on the open market prior to maturity at a lowered rate of return.

Credit Risk: In accordance with its investment policies, the County limits its investments to the most conservative forms of investments. Investments in agency securities are limited to investments rated not less than A or its equivalent, and investments in investment pools are limited to AAA or AAA-m by a nationally recognized investment rating firm. All investments that are obligations explicitly guaranteed by the U.S. government are not considered to have credit risk. TexPool and TexStar are rated AA+; the Amegy Bank of Texas Money Market Fund is rated AAA-m; and Bank of America Money Market Fund is rated AAA.

Bexar County, Texas
NOTES TO BASIC FINANCIAL STATEMENTS
September 30, 2018

Bexar County, Texas
NOTES TO BASIC FINANCIAL STATEMENTS
September 30, 2018

NOTE C – INVESTMENTS (Continued)

Primary Government (Continued)

As of September 30, 2018, the County's investments had the following Investment Ratings:

Investment	Standard & Poor's Rating	Moody's Rating
Federal Home Loan Bank Note (FHLMC)	AA+	Aaa
Freddie Mac (FHLMC)	AA+	Aaa
Federal National Mortgage Association Note (FNMA)	AA+	Aaa
Federal Farm Credit Bank (FFCB)	AA+	Aaa
Corporate Commercial Paper (TOYOTA MOTOR CORP)	A-1+	P-1
Corporate Commercial Paper (JP MORGAN)	A-1	P-1
Local Government Commercial Paper (ST OF TX REV ANTIC NOTES)	AAA	Aaa
USTreasury	AA+	Aaa
Municipal Bonds:		
City of Austin	A-1	P-1
Harvard University	A-1+	P-1
Northwestern University	A-1+	P-1
Texas A&M University	AAA	Aaa
University of Texas Permanent Fund	A-1+	P-1
University of Texas System	A-1+	P-1
Yale University	A-1+	P-1

Concentration of Credit Risk: Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The County mitigates these risks by emphasizing the importance of a diversified portfolio. All funds must be sufficiently diversified to eliminate the risk of loss resulting from over-concentration of assets in a specific maturity, a specific issuer, or a specific class of securities. The following investments comprise more than 5% of the fair value of the County's total portfolio that includes County and Community Venue investment types: Investment Pools (7.65%), Municipal Bonds (15.44%), Money Market Fund (5.18%), FHLMC (12.07%), FHLMC (13.94%), Corporate Commercial Paper (21.00%) and US Treasury (17.99%).

Custodial Credit Risk – Investment: The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the County will not be able to recover the value of its investments or collateral securities that are in the possession of another party. The County mitigates these risks since all investments owned by the County are held in the County's name.

NOTE D – TAXES AND OTHER RECEIVABLES

The following is a summary of the gross current and delinquent taxes receivable and the allowance for uncollectible taxes:

	Taxes	Allowance for Uncollectible Taxes	Net Taxes
Primary Government			
Delinquent taxes			
General Fund	\$ 12,559,213	\$ 2,729,000	\$ 9,830,213
Debt Service Fund	2,735,333	594,000	2,141,333
Capital Project Fund	546,236	118,000	428,236
Total Primary Government	\$ 15,840,782	\$ 3,441,000	\$ 12,399,782

Other receivables as of year-end for the County's General Fund, Capital Project Funds, and Nonmajor Funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

	General	Debt Service	Capital Project Funds	Nonmajor Governmental Funds	Total
Court Fines and Fees	\$ 86,917,218	-	-	-	\$ 86,917,218
Accounts Receivable	4,427,660	-	1,737,752	58,790	6,224,202
Gross Receivables	91,344,878	-	1,737,752	58,790	93,141,420
Less: Allowance	(74,486,029)	-	-	-	(74,486,029)
Net total receivables	16,858,854	-	1,737,752	58,790	18,655,396
Due from Other Governmental Unit	5,780,070	1,704,951	10,547,584	7,882,134	25,914,739
Total Accounts and Other	\$ 22,638,924	\$ 1,704,951	\$ 12,285,336	\$ 7,940,924	\$ 44,570,135

	Taxes	Allowance for Uncollectible Taxes	Net Taxes
The System			
Current taxes	\$ 208,047,124	\$ 4,334,985	\$ 203,712,139
Delinquent taxes	15,084,583	6,020,697	9,063,886
Penalties and interest	8,959,335	5,958,185	3,001,150
Total System	\$ 232,091,042	\$ 16,313,867	\$ 215,777,175

Bexar County, Texas
NOTES TO BASIC FINANCIAL STATEMENTS
 September 30, 2018

NOTE E – INTERFUND BALANCES AND TRANSFERS

In the fund financial statements, interfund balances are the result of normal transactions between funds and will be liquidated in the subsequent fiscal year. The following is a summary of amounts due from and due to other funds:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General	Nonmajor governmental fund	\$ 19,166
		<u>\$ 19,166</u>
	Total	\$ 19,166

The outstanding balances between funds result mainly from the time lag between the dates (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting systems, and (3) payments between funds are made. Balances between governmental funds and internal service funds, if any, are eliminated in the government-wide financial statements. Balances between governmental funds and enterprise funds, if any, are not eliminated in the government-wide financial statements.

<u>Advances From / To Other Fund</u>	
<u>Receivable Fund</u>	<u>Payable Fund</u>
General	Capital Project
	Nonmajor Governmental Fund
	Fleet Maintenance *
	Total
	\$ 4,840,184

* Internal Service Funds

The amounts payable to the General Fund relate to working capital loans made to other funds that incur expenses before related revenues are received. They are not scheduled to be collected in the subsequent year.

Bexar County, Texas
NOTES TO BASIC FINANCIAL STATEMENTS
 September 30, 2018

NOTE E – INTERFUND BALANCES AND TRANSFERS (Continued)

The following is a summary of the County's transfers for the year ended September 30, 2018:

	General	Debt Service	Capital Projects	Nonmajor Governmental	Enterprise	Internal Service	Total
TRANSFERS OUT							
General	\$ -	\$ 1,324,765	\$ -	\$ 3,001,909	\$ 158,610	\$ 7,370,597	\$ 11,855,881
Capital Projects	180,000	15,130,400	-	-	-	-	15,310,400
Nonmajor Governmental	125,043	231,666	260,380	6,895	-	100,000	723,984
Enterprise	-	450,000	-	-	-	-	450,000
Total Transfers	\$ 305,043	\$ 17,136,831	\$ 260,380	\$ 3,008,804	\$ 158,610	\$ 7,470,597	\$ 28,340,265

The transfer of \$180,000 from the Capital Projects Fund to the General Fund is to fund the budget shortfall of the San Antonio Symphony. The transfer of \$125,043 from the Nonmajor Governmental Fund to the General Fund is for the build out costs associated with the new office space for the Family Justice Center in the Federal Reserve Building. The transfer of \$1,324,765 from the General Fund to the Debt Service Fund is to pay debt service on bonds issued for roads. The transfer out of the Capital Projects Funds of \$15,130,400 is for payment of County debt service related to pass-through financing funded by Advanced Transportation District revenues. The transfer of \$231,666 from the Nonmajor Governmental Fund to the Debt Service Fund is to pay debt service on bonds issued to pay for a new Fire Marshal's office building. The transfer of \$450,000 from the Enterprise Fund to the Debt Service Fund is to pay a portion of the principal and interest due semi-annually on the outstanding bonds issued for the construction of the Bexar County parking garages. The transfer of \$260,380 from the Nonmajor Governmental Fund to the Capital Project Fund is for the FY2017-18 replacements of County-owned vehicles. The transfer of \$3,001,909 from the General Fund to Nonmajor Governmental Funds include \$334,036 to the Courthouse Security Fund for salary expenses related to the Sheriff's deputies stationed in the courthouse, \$330,745 to the Law Library Fund to offset costs due to declining revenues within the fund, the transfer of \$2,019,472 for the replacement of computers and laptops used by County employees, the transfer of \$158,445 is a grant cash match for the Texas Indigent Defense Commission grant, and the remaining transfer of \$159,211 is to sustain the expenses between funds. The transfer of \$6,895 between the Nonmajor Governmental Funds is the result of normal transactions between funds. The transfer of \$158,610 from the General Fund to the Enterprise Fund is to sustain the expenses of the Firing Range Fund, since fees have not been approved for the use of this facility to date. The transfer of \$7,370,597 from the General Fund to Internal Services Funds was to offset an estimated shortfall for the year-ended September 30, 2018. The transfer of \$100,000 between Nonmajor Governmental Fund and Internal Services Fund is to provide space to County Offices and Departments for the storage of records in accordance with the Local Government Records Act of 1989.

NOTE F – COUNTY EXPENDITURES FOR ASSETS OWNED BY OTHER ENTITIES

Bexar County has entered into or intends to enter into several inter-local agreements with various entities for the construction of infrastructure and facilities. The County will expend tax revenues and debt resources to complete the projects; however, once projects are substantially complete, ownership and maintenance requirements will be the responsibility of the other entities. These arrangements over time, will result in lowered total net position on the Statement of Net Position because the County will not own the capital assets related to the debt the County incurred to purchase and/or fund the assets. See Table 19 in the Statistical section for a detailed listing of the entities involved and the amount of County expenditures to date.

Bexar County, Texas
NOTES TO BASIC FINANCIAL STATEMENTS
 September 30, 2018

NOTE G – CAPITAL ASSETS

Primary Government

Capital asset activity for governmental activities for the year ended September 30, 2018 was as follows:

Capital assets, not being depreciated:					
Land (row, bldg, parks)	\$ 83,192,193	\$ 3,829,948	\$ -	\$ -	\$ 87,022,141
Equipment in progress	52,726,955	5,899,108	(822,067)	-	57,803,996
Construction in progress	275,899,513	94,100,481	(22,493,878)	-	347,506,116
Total capital assets, not being depreciated	<u>411,818,661</u>	<u>103,829,537</u>	<u>(23,315,945)</u>		<u>492,332,253</u>

2021	41,915,000	73,751,617	115,666,617	18,293,465	141,170,082
2022	39,530,000	71,706,917	111,236,917	17,952,479	136,724,396
2023	42,335,000	69,821,567	112,156,567	17,578,725	137,640,292
2024-2028	274,755,000	313,854,333	588,609,333	81,392,864	716,037,197
2029-2033	362,840,000	243,727,868	606,567,868	67,995,153	732,168,021
2034-2038	432,455,000	159,652,597	592,107,597	52,351,325	713,043,922
2039-2043	383,975,000	58,906,995	442,881,995	35,419,813	546,736,808
2044-2048	30,670,000	1,881,500	32,551,500	17,604,925	130,421,425
2049-2051	-	-	24,370,000	1,599,225	25,969,225
	\$1,683,565,000	\$1,146,320,940	\$2,829,885,940	\$347,736,653	\$3,559,027,593

In the government-wide financial statements, governmental activities, deferred charges on refundings of bonds (losses) are amortized over the life of the new debt or old debt, whichever is shorter; bond premiums, bond discounts, and prepaid insurance costs are amortized over the life of the debt. Bonds payable are reported net of the applicable bond premiums and bond discounts.

Governmental Activities

Capital assets, net of related debt, include land, equipment and construction in progress, buildings, depreciable land assets, machinery and equipment, and infrastructure, net of accumulated depreciation. The amount is reduced by outstanding bonds, certificates of obligation, net of unspent proceeds, related to improving, purchasing, or constructing capital assets and expenditures for assets owned by the entities.

In prior years, the General Fund has been used to liquidate the liability for compensated absences and net pension obligation whereas the Internal Service Fund has been used to liquidate the net other post-employment benefit obligation.

Primary Government (Continued)

Fiscal Year 2017-2018 Debt Obligation Activity

Governmental Activities

In November 2017, the County issued \$40,480,000 in Pass-Through Revenue and Limited Tax Bonds, Series 2017 at a premium of \$6,289,621 with the payments of the related principal and interest to be made from an annual ad valorem tax levied against all taxable property within the County. Proceeds from the sale of the Bonds will be used for paying the County's obligations arising under the Pass-Through Agreement with respect to constructing the Potranco Road Project to be made in partnership with TxDOT and to pay for the costs of issuing the Bonds. The annual interest rate on the bonds range from 4.00% - 5.00%. Interest accrues semiannually and the bonds mature in fiscal year 2043.

In December 2017, the County issued \$384,715,000 in Limited Tax Refunding Bonds, Series 2017 at a premium of \$56,768,870 to pay for the costs of issuing the Refunding Bonds and refund \$15,980,000 in Combination Tax and Revenue Certificates of Obligation, Series 2011A; \$29,675,000 in Combination Tax and Revenue Certificates of Obligation, Series 2013; \$28,650,000 in Combination Tax and Revenue Certificates of Obligation, Series 2013A; \$310,440,000 in Combination Tax and Revenue Certificates of Obligation, Series 2013B. The bond proceeds were placed in an irrevocable trust to provide for all debt service payments on the old bonds. The reacquisition price exceeded the net carrying amount of the old debt by \$32,861,595. The current refunding was undertaken to reduce debt service payments over the next 26 years by \$22,617,569 and resulted in an economic gain of \$15,043,840. For the Series 2017 bonds, the payment of the principal and interest are to be made from an annual ad valorem tax levied against all taxable property within the County. The annual interest rates on the bonds range from 3.00% - 5.00%. Interest accrues semiannually and the bonds mature in fiscal year 2043.

In December 2017, the County issued \$28,140,000 in Flood Control Tax Refunding Bonds, Series 2017 at a premium of \$1,976,997 to pay for the costs of issuing the Refunding Bonds and to refund \$28,385,000 in Combination Flood Control Tax and Revenue Certificates of Obligation, Series 2011. The bond proceeds were placed in an irrevocable trust to provide for all debt service on the old bonds. The reacquisition price exceeded the net carrying amount of the old debt by \$645,000. The current refunding was undertaken to reduce debt service payments over the next 20 years by \$1,955,538 and resulted in an economic gain of \$1,498,982. For the Series 2017 bonds, the payment of the principal and interest are to be made from an annual ad valorem tax levied against all taxable property within the County. The annual interest rates on the bonds range from 2.00% - 4.00%. Interest accrues semiannually and interest accrues semiannually and the bonds mature in fiscal year 2037.

NOTE H – LONG-TERM DEBT (Continued)

Primary Government (Continued)

Defeasance of Debt

The County has defeased certain general obligation bonds and certificates of obligation by placing the proceeds of the refunding bonds in an irrevocable trust to provide for all future debt service on the refunded bonds. The trust account assets and the liability for the defeased bonds are not included in the County's financial statements.

At September 30, 2018, the outstanding principal balance of these defeased bonds was as follows:

Governmental Activities:	
General Obligation Bonds:	
Limited Tax General Obligations Bonds, Series 2010	19,290,000
Total General Obligation Bonds	\$ 19,290,000

Certificates of Obligation:

Combination Flood Control Tax & Revenue, Series 2009A	100,525,000
Combination Tax & Revenue, Series 2009A	95,975,000
Combination Tax & Revenue, Series 2010A	74,855,000
Combination Tax & Revenue, Series 2011	56,010,000
Combination Tax & Revenue, Series 2011	28,385,000
Combination Tax & Revenue, Series 2011A	15,980,000
Combination Tax & Revenue, Series 2013	29,675,000
Combination Tax & Revenue, Series 2013A	28,650,000
Combination Tax & Revenue, Series 2013B	310,440,000
Total Certificates of Obligation	740,495,000
Total Defeased Debt	<u>\$ 759,785,000</u>

Arbitrage Rebate

The Tax Recovery Act of 1986 established regulations for the rebate to the federal government on arbitrage earnings on certain local government bonds issued after December 31, 1985, and all local governmental bonds issued after August 31, 1986. Issuing governments must calculate any rebate due on an annual basis and remit the amount due at least every five years. The County has no cumulative rebate amount due or payable as of September 30, 2018.

Compensated Absences

Changes in long-term compensated absences for the year ended September 30, 2018 were as follow:

Governmental Activities:

Balance	Balance	Due in One
October 1, 2017	September 30, 2018	Year
\$ 40,928,803	\$ 10,232,201	\$ 11,421,711
\$ 14,990,239	\$ 45,686,841	\$ 45,686,841
	<u>\$ 10,232,201</u>	<u>\$ 11,421,711</u>

Bexar County, Texas
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE H – LONG-TERM DEBT (Continued)

The System

The schedule of changes in the System's long-term debt for 2017 follows:

	Balance at January 1, 2017	Additions	Reductions	Balance at December 31, 2017	Amounts Due Within One Year
Bonds payable:					
Certificate of obligations, series 2008, net	30,720	-	(6,015)	24,705	6,720
Certificate of obligations, series 2009A, net	6,745	-	(6,745)	-	-
Certificate of obligations, series 2009B, net	246,395	-	-	246,395	7,005
Certificate of obligations, series 2010B, net	181,275	-	(3,675)	177,600	4,250
Certificate of obligations, series 2015, net	9,850	-	(9,850)	-	-
Limited Tax Refunding Bonds, series 2016, net	199,240	-	(3,980)	195,260	-
	<u>674,225</u>	<u>-</u>	<u>(30,265)</u>	<u>643,960</u>	<u>17,975</u>

The combination tax and revenue Certificates of Obligation, series 2008 (the 2008 Certificates) were issued in 2008, and mature in various amounts annually on February 15, from 2009 through 2038. The 2008 Certificates have stated coupon rates ranging from 3.25% to 5.00%, and are collateralized by a levy of ad valorem tax revenue and lien on and pledge of surplus revenues. The tax Certificates of Obligation, series 2009A (the 2009A Certificates) were issued in 2009, and mature in various amounts annually on February 15, from 2010 through 2017, with stated coupon rates ranging from 1.00% to 5.00%. The Series 2009A Certificates were paid in full during 2017. The tax Certificates of Obligation, series 2009B (the 2009B Certificates) were issued in 2009, and mature in various amounts annually on February 15, from 2018 through 2039, with stated coupon rates ranging from 5.269% to 6.904%. The tax Certificates of Obligation, series 2010B (the 2010B Certificates) were issued in 2010, and mature in various amounts annually on February 15, from 2011 through 2040, with stated coupon rates ranging from 0.300% to 5.413% and are collateralized by a levy of ad valorem tax revenue. The 2009B Certificates and 2010B Certificates are designated under the American Recovery and Reinvestment Act of 2009 as "Qualified Build America Bonds" debt. The combination tax and revenue Certificates of Obligation, Series 2015 (the 2015 Certificates) were issued in 2015. Prior to being paid in full in 2017, the 2015 Certificates matured in various amounts annually through February 15, 2017, with a stated coupon rate of 0.750%. The 2015 Certificates are collateralized by a levy of ad valorem tax revenue and lien on and pledge of surplus revenues. In August 2016, the System advance refunded \$215,485 of the Series 2008 Certificates with the issuance of the Limited Tax Refunding Bonds (the 2016 Bonds). As a result of the refunding, the System decreased its total debt service requirements by \$69,350 and incurred an accounting loss of approximately \$15,155. The accounting loss on the refunding is being amortized into interest expense using a straight-line method over the term of the 2016 Bonds, which mature in 2037. The balance of the deferred loss on the refunding is \$14,374, and \$15,144 at December 31, 2017 and 2016, respectively, and is included as a deferred outflow of resources in the accompanying balance sheets. The 2016 Bonds were issued in 2016, and mature in various amounts annually on February 15, from 2017 through 2037, with stated coupon rates ranging from 1.5% to 5.0% and are collateralized by a levy of ad valorem tax revenue and lien on and pledge of surplus revenues.

Bexar County, Texas
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE H – LONG-TERM DEBT (Continued)

The District

In September 2009, the District issued \$22,520,000 in Limited Ad Valorem Tax Utility System Bonds, Series 2009 for the purpose of reimbursing the Developer for authorized and approved construction costs incurred within the District. The bonds will be paid over a twenty-five year period with a maturity date of August 15, 2034, and interest rates of ranging from 3.00% - 6.25%. The Limited Ad Valorem Tax Utility System Bonds, Series 2009 matures on August 15, 2034.

In October 2014, the District issued \$48,900,000 Hotel Tax and Sales and Use Tax Revenue Bonds Taxable, Series 2014 to reduce the Economic Development Grant from the Developer. The bonds will be paid over a twenty year period with a maturity date of August 15, 2034 and an interest rate of 7.00%.

In December 2014, the District issued \$8,965,000 Limited Ad Valorem Tax Road Bonds, Series 2014 to reimburse the Developer for public improvements. The bonds will be paid over a twenty year period with a maturity date of August 15, 2034 and an interest rate ranging from 3.00% - 4.10%.

Total	<u>\$ 71,880,000</u>	<u>\$ 9,575,000</u>	<u>\$ 3,300,000</u>	<u>\$ 78,155,000</u>	<u>\$ (246,334)</u>	<u>\$ 2,865,000</u>

On January 26, 2006, the District entered into an agreement, with the Developer, for the construction of public improvements and for certain public improvements that had already been undertaken by the Developer prior to the date of the agreement. Interest accumulates on unreimbursed costs at a rate of 9.75% per annum, compounded monthly, from the time the Developer requests reimbursement. As of September 30, 2017, the amount due to the Developer is \$45,829,914, which includes \$21,404,648 of accrued interest.

A summary of changes in amounts due to developer for the year ended September 30, 2017 follows:

Balance - October 1, 2016	\$ 43,069,338
Interest Accrued in the Current Year	4,195,576
Current Year Payments	(1,435,000)
Balance - September 30, 2017	<u>\$ 45,829,914</u>
Amount Due Within One Year	\$ -

NOTE H – LONG-TERM DEBT (Continued)

The Authority

Long-term debt activity for the year ended September 30, 2018 is as follows:

	Balance October 1, 2017	Additions	Reductions	Balance September 30, 2018	Due in One Year
TxDOT - FAA 1	\$ 913,890.00	\$ -	\$ -	\$ 913,890.00	\$ -
TxDOT - FAA 2	4,542,185	-	-	4,542,185	-
TxDOT - FAA 3	128,714	-	-	128,714	-
TxDOT - FAA 5	12,390,000	-	-	12,390,000	-
VRF Jr Lien	52,320,000	-	-	52,320,000	-
VRF Sr Lien	60,350,000	-	1,845,000	58,505,000	1,915,000
Premium	19,871,823	-	1,531,833	18,339,990	-
Total long-term liabilities	<u>\$ 150,516,612</u>	<u>\$ -</u>	<u>\$ 3,376,833</u>	<u>\$ 147,139,779</u>	<u>\$ 1,915,000</u>

On December 16, 2005, the Authority entered into a financial assistance agreement (FAA 1) with TxDOT to provide funding for the Authority's participation in the procurement process for a proposed comprehensive development agreement. This agreement is not to exceed \$1,000,000 and is noninterest-bearing. Funds were drawn down as authorized expenses were incurred. The amount outstanding at September 30, 2018 totaled \$913,890. On January 23, 2006, the Authority entered into a financial assistance agreement (FAA 2) with TxDOT to provide funding for the development costs of certain toll projects. This agreement is not to exceed \$7,500,000 and is noninterest-bearing. Funds were drawn down as authorized expenses were incurred. The amount outstanding at September 30, 2018 totaled \$4,542,185. On September 11, 2007, the Authority entered into a financial assistance agreement (FAA 3) with TxDOT to provide funding for the development costs of certain toll projects. FAA 3 is being funded with remaining unused funds on the previous FAAs. Funds were drawn down as authorized expenses were incurred. This agreement is not to exceed \$3,043,925 (the amount of unused funds from the previous FAAs) and is noninterest-bearing. \$2,915,211 of FAA 3 was reduced by TxDOT during the fiscal year 2011 for accepted work product on W urzbach Parkway and Bandera Road. The amount outstanding at September 30, 2016 totaled \$128,714. On February 3, 2009, the Authority entered into a financial assistance agreement (FAA 5) with TxDOT to provide funding for the environmental impact statement and Loop 1604 redevelopment costs. TxDOT awarded \$12,390,000 in the form of a loan to conduct feasibility studies, environmental studies, public involvement, schematics, and preliminary financial plans associated with the addition of toll lanes on identified projects. The amount outstanding at September 30, 2018 totaled \$12,390,000. Any revenue used to repay the financial assistance agreements shall not exceed 10 percent of the revenue received in any calendar year.

On June 15, 2016, the Authority issued \$114,425,000 (\$62,105,000 in Senior Lien and \$52,320,000 in Junior Lien bonds) in Alamo Regional Mobility Authority Vehicle Registration Fee Revenue Bonds, Series 2016 (maturing in 2046) at a premium of \$21,950,110 with the payment of the related principal and interest to be made from a pledge of net revenues from a \$10 vehicle registration fee assessed on all vehicles registered in Bexar County. Interest on the debt varies between 4-5 percent. The proceeds from the debt will be used to (i) initiate construction on 14 local transportation projects spread-out across Bexar County (ii) funding for two debt service reserve insurance policies and (iii) pay for cost of issuance. The Authority purchased a surety policy in the amount of \$239,356 at the time of closing which is recorded as a prepaid asset. The prepaid asset is amortized over the life of the bond and has a balance of \$221,056 at September 30, 2018.

Vehicle registration fees are projected to produce 255 percent of the debt service requirements over the life of the bonds. The total principal and interest remaining to be paid on the bonds is \$208,255,600. Principal and interest paid in fiscal year 2018 and total vehicle registration fee revenue in fiscal year 2018 was \$7,440,900 and \$16,267,220, respectively.

NOTE I – RESTRICTED ASSETS AND LIABILITIES

Primary Government

The government-wide and business-type activities financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted or unrestricted. In the fund financial statements, nonspendable, restricted, and committed segregate portions of fund balance that are either not available or have been earmarked for specific purposes from unassigned balances. These designations and restrictions can be found on pages 31 and 34.

The System

Certain noncurrent Cash and Investments have been internally restricted by the Board of Managers, which may, at its discretion, later use the funds for other purposes. The composition of internally restricted cash is set forth in the following table:

	2017 (In Thousands)
Capital acquisitions and improvements	\$ 180,631
Professional self-insurance held in trust	5,103
Contingency fund	255,216
Total assets limited as to use	<u><u>\$ 440,950</u></u>

NOTE J – SELF INSURANCE

Primary Government

The County is self-insured for the majority of health, workers' compensation, and third-party general and property liability claims. The self-insurance programs are administered by external third-party administrators whose primary function is to administer and pay claims. Self-insurance activities are accounted for as an internal service fund.

The County relies upon a combination of self-insurance and commercial coverage for workers' compensation and third-party liability claims. Claims administration is managed by an external agency pursuant to contractual terms for the receipt, investigation, and resolution of claims either by injured employees or third-parties alleging damage to persons or property. From October 1, 2017 through March 31, 2018, the internal service funds provide coverage for up to \$100,000 for most liability claims and up to \$150,000 for claims arising out of law enforcement activities, and \$150,000 for automobile liability claims. From April 1, 2018 through present, the internal service funds provide coverage for up to \$100,000 for most liability claims, \$200,000 for claims arising out of law enforcement related activities, and \$100,000 for automobile liability claims. Claims which exceed this self-insured retention (SIR) are covered by a combination of primary and excess coverage up to \$5,000,000. For workers' compensation claims, for injuries from October 1, 2017 through present, the SIR would be \$750,000 for most employees and \$1,000,000 for most uniformed law enforcement personnel. Excess coverage that exceeds the SIR is afforded up to statutory limits by an excess commercial workers' compensation policy.

Excess loss insurance is carried on the health program, which limits losses on claims within a calendar year. For calendar year 2017, this limit for losses on claims was \$400,000 per occurrence and an annual aggregate of approximately \$72.9 million. For calendar year 2018, this limit was \$400,000 per occurrence and an annual aggregate of approximately \$69.4 million. The provision for unpaid self-insurance health losses at year end is included in claims payable in the internal services fund. It is based upon actual prior claim cost experience and average time lags in settling such claims and actual claims paid after year end. There has been no significant reduction in insurance coverage from coverage in the prior year by major category of risk.

All funds of the County participate in the health program and make payments to the Self-Insurance Fund based on estimates computed by the County of the amounts needed to pay prior and current year claims. The claims liability of \$9,591,839 reported at September 30, 2018 is based on the requirements of GASB Statement No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*. This Statement requires a liability for claims be reported if information prior to the issuance of the financial statements indicates it is probable a liability has been incurred at the date of the financial statements and the amount of loss can be reasonably estimated

Bexar County, Texas
NOTES TO BASIC FINANCIAL STATEMENTS
September 30, 2018

NOTE J – SELF INSURANCE (Continued)

Primary Government (Continued)

Changes in the fund's claims liability for fiscal years ended September 30, 2017 and 2018 were:

Fiscal Year	Beginning Liability	Current Claims and Changes in Estimates	Claims Payment	Ending Balance	Due in One Year
2017	\$ 8,776,119	\$ 44,600,018	\$ 44,480,634	\$ 8,895,503	\$ 7,299,633
2018	\$ 8,895,503	\$ 48,667,322	\$ 47,970,986	\$ 9,591,839	\$ 8,349,649

NOTE K – CONTRACT BETWEEN BEXAR COUNTY AND THE SAN ANTONIO RIVER AUTHORITY

In 1951, Bexar County voters authorized an ad valorem levy for flood control of fifteen cents per one hundred dollars of valuation of taxable property. A 1955 contract with the San Antonio River Authority (SARA) and subsequent amendments, have provided to SARA a portion of the proceeds with the remaining flood control tax collections being retained by the County. The last amendment to the contract, referred to as *The 1999 Amended Contract*, maintains that the County will set a tax rate, which at 90% current collections, will provide revenues sufficient to pay the annual principal and interest of SARA bonds which are payable from the proceeds of the County's flood control tax. For the fiscal year ended September 30, 2018, the County transferred \$3,102,341 to SARA as part of this agreement.

NOTE L – LEASES

Operating Leases

The County has entered into several cancelable facilities and equipment leases which are accounted for as operating leases. Total operating lease expenditures for the year ended September 30, 2018 by fund type are as follows:

General	Capital Projects	Nonmajor		Total
		Governmental Funds	Business Type Activities	
\$ 4,699,991	\$ 17,440	\$ 501,660	\$ 6,699	\$ 5,229,446

NOTE M – CHARITY CARE

The System (in thousands)

The System provides charity care to residents of Bexar County who qualify on a financial basis for the *CareLink* Program and to all others who qualify based on the System's charity care policy. The System does not pursue collection of amounts in excess of the established guidelines for those patients who meet the charity criteria. Such excess is considered charity care and is not reported as revenue.

The System's *CareLink* Program is used to discount gross charges for medical services received in the System's facilities. Under this program, residents of Bexar County have an established maximum family liability rather than a discount of total gross charges. Key factors in establishing a family's maximum liability levels are: number of dependents, income, and the relationship of these factors to the current Poverty Index. The System does not pursue collection of amounts in excess of the maximum family liability. Such excess amounts are considered charity care and are not reported as revenue.

Bexar County, Texas
NOTES TO BASIC FINANCIAL STATEMENTS
September 30, 2018

NOTE M – CHARITY CARE (Continued)

The System (Continued)

Arrangements are made with residents of Bexar County to pay their reduced medical costs in installments. Any amounts designated as not being due prior to December 31 of the subsequent year are classified as long-term patient receivables and are presented net of applicable allowances.

Non-CareLink patients meeting the financial and medical indigency criteria established in the charity policy receive a discount from gross charges for emergency and catastrophic medical services received in the System's facilities. Charges for financial indigency are discounted based on family income compared to the Poverty Index. Charges for medical indigency are discounted when charges exceed a certain income and asset level.

The System maintains records to identify and monitor the level of charity care it provides. These records include the amount of charges forgone for services and supplies furnished under its charity care policy. The charges forgone, based on established rates, were approximately \$568,930 and \$520,139 for the years ended December 31, 2017 and 2016, respectively. The costs of charity care provided under the System's charity care policy were approximately \$174,048 and \$162,750 for 2017 and 2016, respectively. The cost of charity care is estimated by applying the ratio of cost to gross charges to the gross charity care charges.

NOTE N – RETIREMENT PLAN

Primary Government

Plan Description

The County provides retirement, disability, and death benefits for all of its eligible employees through a nontraditional defined benefit pension plan (the plan) in the statewide Texas County and District Retirement System (TCDRS). The Board of Trustees of TCDRS is responsible for the administration of the statewide agent multiple-employer public employee retirement system which consists of 738 nontraditional defined benefit pension plans. TCDRS, in the aggregate, issues a Comprehensive Annual Financial Report (CAFR) on a calendar year basis. The CAFR is available upon written request from the TCDRS Board of Trustees at P.O. Box 2034, Austin, Texas 78768-2034.

The plan provisions are adopted and may be amended by the governing body of the County within the options available in the Texas State statutes governing TCDRS (TCDRS Act). Members can retire at ages 60 and above with eight or more years of service, with 20 years of service regardless of age, or when the sum of their age and years of service equals 75 or more. Members are vested after eight years of service but must leave their accumulated deposits in the plan to receive any employer-financed benefit. Members who withdraw their personal deposits in a lump sum and who are not eligible to retire are not entitled to any amounts contributed by their employer.

Benefit amounts are determined by the sum of the employees' deposits to the plan, with interest, and employer-financed monetary credits. The level of these monetary credits is adopted by the governing body of the County within the actuarial constraints imposed by the TCDRS Act, so that the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. At retirement, death, or disability, the benefit is calculated by converting the sum of the employee's accumulated deposits and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

At December 31, 2017, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	2,553
Inactive employees entitled to but not yet receiving benefits	3,282
Active employees	5,362
	<u>11,197</u>

Bexar County, Texas
NOTES TO BASIC FINANCIAL STATEMENTS
September 30, 2018

NOTE N – RETIREMENT PLAN (Continued)

Funding Policy

The County has elected the Annually Determined Contribution Rate plan provisions of the TCDRS Act. The plan is funded by monthly contributions from both employee members and the employer based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the employer is actuarially determined annually. The County contributed using the actuarially determined rate of 13.21% of covered payroll for the months of the calendar year in 2017, and 13.61% of covered payroll for the months of the calendar year in 2018.

The deposit rate payable by all employee members for the calendar years 2017 and 2018 is 7% as adopted by the governing body of the County. The employee deposit rate and the employer contribution rate may be changed by the governing body of the employer within the options available in the TCDRS Act.

The TCDRS board hires independent outside consulting actuaries to conduct an annual valuation to measure the funding status and to determine the required employer contribution rate for each employer plan. In order to calculate the employer contribution rate, the actuary does the following:

1. Studies each employer's adopted plan of benefits and the profile of its plan participants, and uses assumptions established by the board to estimate future benefit payments.
2. Discounts the estimate of future benefit payments to the present based on the long-term rate of investment return to determine the present value of future benefits.
3. Compares the present value of future benefits with the plan's assets to determine the difference that needs to be funded based on the funding policy.

Net Pension Liability

The County's net pension liability was measured as of December 31, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75%
Salary Increases	3.25%
Investment Rate of Return	8.10%

Mortality rates for service retirees, as well as the beneficiaries of both service and disability retirees were based on the RP-2014 Healthy Annuity Mortality Table with an age set forward of one year and Projection Scale AA for Males, and the RP-2014 Combined Female Table with no age adjustment and Projection Scale AA for Females. For disabled retirees, the RP-2014 Disabled Male Table with no age adjustment and Projection Scale AA for Males, and the RP-2014 Disabled Female Table with an age set forward of two years and Projection Scale AA for Females are used.

The actuarial assumptions that determined the total pension liability as of December 31, 2017 were based on the results of an actuarial experience study for the period January 1, 2013 - December 31, 2016, except where required to be different by GASB Statement No. 68.

The long-term expected rate of return on TCDRS assets is determined by adding expected inflation to expected long-term real returns, and reflecting expected volatility and correlation. The capital market assumptions and information shown below are provided by TCDRS' investment consultant, Cliffwater LLC. The numbers shown are based on January 2018 information for a 10 year time horizon.

Bexar County, Texas
NOTES TO BASIC FINANCIAL STATEMENTS
September 30, 2018

NOTE N – RETIREMENT PLAN (Continued)

Net Pension Liability (Continued)

Note that the valuation assumption for long-term expected return is re-assessed at a minimum of every four years, and is set based on a 30-year time horizon; the most recent analysis was performed in 2017.

Asset Class	Target Allocation	Geometric Real Rate of Return
US Equities	11.50%	4.55%
Private Equity	16.00%	7.55%
Global Equities	1.50%	4.85%
International Equities - Developed	11.00%	4.55%
International Equities - Emerging	8.00%	5.55%
Investment-Grade Bonds	3.00%	0.75%
Strategic Credit	8.00%	4.12%
Direct Lending	10.00%	8.06%
Distressed Debt	2.00%	6.30%
REIT Equities	2.00%	4.05%
Master Limited Partnerships (MLPs)	3.00%	6.00%
Private Real Estate Partnerships	6.00%	6.25%
Hedge Funds	18.00%	4.10%

Discount Rate/Depletion of Plan Assets

The discount rate is the single rate of return that, when applied to all projected benefit payments results in an actuarial present value of projected benefit payments equal to the total of the following:

1. The actuarial present value of benefit payments projected to be made in future periods in which (a) the amount of the pension plan's fiduciary net position is projected to be greater than the benefit payments that are projected to be made in that period and (b) pension plan assets up to that point are expected to be invested using a strategy to achieve the long-term rate of return, calculated using the long-term expected rate of return on pension plan investments.
2. The actuarial present value of projected benefit payments not included in (1), calculated using the municipal bond rate.

Therefore, if plan investments in a given future year are greater than projected benefit payments in that year and are invested such that they are expected to earn the long-term rate of return, the discount rate applied to projected benefit payments in that year should be the long-term expected rate of return on plan investments. If future years exist where this is not the case, then an index rate reflecting the yield on a 20-year, tax-exempt municipal bond should be used to discount the projected benefit payments for those years.

The determination of a future date when plan investments are not sufficient to pay projected benefit payments is often referred to as a depletion date projection. A depletion date projection compares projections of the pension plan's fiduciary net position to projected benefit payments and aims to determine a future date, if one exists, when the fiduciary net position is projected to be less than projected benefit payments. If an evaluation of the sufficiency of the projected fiduciary net position compared to projected benefit payments can be made with sufficient reliability without performing a depletion date projection, alternative methods to determine sufficiency may be applied.

Bexar County, Texas
NOTES TO BASIC FINANCIAL STATEMENTS
September 30, 2018

Bexar County, Texas
NOTES TO BASIC FINANCIAL STATEMENTS
September 30, 2018

NOTE N – RETIREMENT PLAN (Continued)

Discount Rate/Depletion of Plan Assets (Continued)

In order to determine the discount rate to be used by the employer, TCDRS used an alternative method to determine the sufficiency of the fiduciary net position in all future years. The alternative method reflects the funding requirements under the County's funding policy and the legal requirements under the TCDRS Act.

1. TCDRS has a funding policy where the Unfunded Actuarial Accrued Liability (UAAL) shall be amortized as a level percent of pay over 20-year closed layered periods.
2. Under the TCDRS Act, the employer is legally required to make the contribution specified in the funding policy.
3. The employer's assets are projected to exceed its accrued liabilities in 20 years or less. When this point is reached, the employer is still required to contribute at least the normal cost.
4. Any increased cost due to the adoption of a COLA is required to be funded over a period of 15 years, if applicable.

Based on the above, the projected fiduciary net position is determined to be sufficient compared to projected benefit payments. Based on the expected level of cash flows and investment returns to the system, the fiduciary net position as a percentage of total pension liability is projected to increase from its current level in future years.

Since the projected fiduciary net position is projected to be sufficient to pay projected benefit payments in all future years, the discount rate for purposes of calculating the total pension liability and net pension liability of the employer is equal to the long-term assumed rate of return on investments. This long-term assumed rate of return should be net of investment expenses, but gross of administrative expenses for GASB Statement No. 68 purposes. Therefore, a discount rate of 8.10% was used. This rate reflects the long-term assumed rate of return on assets for funding purposes of 8.00%, net of all expenses, increased by 0.10% to be gross of administrative expenses.

NOTE O – OTHER POST EMPLOYMENT BENEFITS (OPEB)

Primary Government

Plan Description

The County is self-insured for employee and retiree healthcare and maintains two plans: Bexar County Premium PPO Plan and Bexar County Base PPO Plan. Participation in the Plan is elective by each retiree. Healthcare benefits include, but are not limited to, prescription drugs, hospitalization, and preventative care. To be eligible, the retiree must meet the requirements from TCDRS (see note N) and have been enrolled in the County's Healthcare Plan for the year in which they retire. The OPEB Plan provides medical, dental, vision, and basic life insurance benefits to plan members. The benefits provided are not guaranteed. Additionally, the benefit provisions are subject to change at any time and to annual appropriation of funds by the Commissioners Court. Currently, the County is accounting for OPEB using an internal service fund. A separate financial report for the healthcare plan is not issued.

Summary of Significant Accounting Policies

The Plan's transactions are recorded using the accrual basis of accounting. Plan members' and employer's contributions are recognized in the period in which the contributions are due. Benefits and refunds are recognized when due and payable. Investments, if any, are reported at fair value which is the amount the Plan could reasonably expect to receive for it in a current sale between a willing buyer and a willing seller. Fair value, for financial reporting purposes, is measured by the market price unless such prices are not available, in which case, fair value is estimated. The assets of the OPEB plan are not accumulated in a trust, for the sole purpose of the OPEB plan.

NOTE O – OTHER POST EMPLOYMENT BENEFITS (Continued)

Primary Government (Continued)

Summary of Significant Accounting Policies (Continued)

The County is required by GASB Statement No. 75 to disclose additional information with regard to funding policy, the employer's annual OPEB cost and contributions made, the funded status and funding progress of the employer's individual plan, and actuarial methods and assumptions used. This Statement establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures.

Employees covered by benefit terms. At October 1, 2016, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	764
Inactive employees entitled to but not yet receiving benefits	0
Active employees	<u>3,755</u>
Total	<u><u>4,519</u></u>

Total OPEB Liability

The County's total OPEB liability of \$190,671,163 is reported herein as of September 30, 2018 for the fiscal year and reporting period of October 1, 2017 to September 30, 2018. The values shown for this fiscal year and reporting period are based on a measurement date of October 1, 2017 and the corresponding measurement period of October 1, 2016 to September, 2017. The measurement of the total OPEB liability is based on a valuation date of October 1, 2016.

Funding Policy

Commissioner Court has the authority to establish and amend contribution requirements of the plan members and the participation employer. The plan is funded on a pay-as-you-go basis and incurred \$4,637,050 in total claims for the fiscal year ended September 30, 2018. The funds to pay these claims are derived from the employer contributions and retiree premiums.

The following table presents the monthly premium amounts paid by retirees based on their classification and plan.

	Retiree Without Medicare		Retiree With Medicare		Contribution per Retiree
	Premium PPO Plan	Base PPO Plan	Premium PPO Plan	Base PPO Plan	
Retiree	302.54	302.54	N/A	N/A	N/A
Retiree + 1 Dependent	494.46	442.25	Retiree + 1 Dependent	Retiree + 1 Dependent	333.54
Retiree + 2 or More	614.41	529.43	Retiree + 2 or More	Retiree + 2 or More	453.49

Actuarial Assumptions and Actuarial Methods

The total OPEB liability in the October 1, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Discount Rate:	3.50%
Salary Scale:	3.00%
Healthcare Cost Trend Rates:	5.87% for fiscal year end 2017 (to reflect actual experience), 8.00% for fiscal year end 2018, decreasing 0.333% per year until a rate of 5.00% is reached and then an ultimate rate of 4.50% thereafter
Mortality:	RP-2014 Mortality Table, fully generational with base year 2006, projected using two-dimensional mortality improvement scale MP-2017
Actuarial Cost Method:	Entry Age Actuarial Cost Method

Expected Return on Assets

The discount rate has been set equal to 3.50% and represents the Municipal GO AA 20-year yield curve rate as of September 29, 2017.

Changes in the Total OPEB Liability

	Total OPEB Liability (a)	Increase (Decrease) Plan Fiduciary Net Position (b)	Net OPEB Liability/ (Asset) (a) - (b)
Balances at October 1, 2017	\$ 181,219,260	\$ -	\$ 181,219,260

Primary Government (Continued)

Additional Disclosures

Texas Local Government Code, Chapter 175 allows counties to make available continued health benefits coverage under certain circumstances to retirees and their dependents beyond the end of an individual's employment with the County ("Continuation Coverage") by permitting covered employees to purchase continued health benefits coverage in retirement. Texas Law does not require counties to fund all or any portion of such coverage.

Because the County is given the authority to pay OPEB for its retired employees, it may incur a debt obligation to pay for OPEB so long as the County follows the constitutional requirement that it have sufficient taxing authority available at the time such debt is incurred to provide for the payment of the debt and has in fact levied a tax for such purpose concurrently with the incurrence of the debt. Any debt incurred in contravention of this constitutional requirement is considered void and payment will not be due.

The County has not incurred a legal debt obligation for OPEB and has not levied a tax for the same. The County funds the cost associated with OPEB on a current "pay as you go" basis for a single fiscal year through an annual appropriation authorized by Commissioners Court during the County's annual budget adoption process. GASB Statement No. 75 requires governmental organizations to recognize an actuarially calculated accrued liability for OPEB, even though it may not have a legally enforceable obligation to pay OPEB benefits. Accordingly, information and amounts presented in the County's Comprehensive Annual Financial Report relative to OPEB expense/expenditures, related liabilities (assets), note disclosures, and supplementary information are only intended to achieve compliance with the requirements of generally accepted accounting principles and does not constitute or imply that the County has made a commitment or is legally obligated to provide the OPEB benefit.

NOTE P – CONDUIT DEBT

Primary Government

The component unit, Bexar County Housing Finance Corporation (BCHFC), is authorized to finance residential housing by issuing its tax-exempt revenue bonds to acquire mortgage loans made to low or moderate income persons, and to pledge such mortgage loans as security for the payment of the principal and interest of such revenue bonds. The tax-exempt bonds issued by the BCHFC do not constitute a debt or a pledge of faith or credit of the BCHFC or the County, but are payable by the user pursuant to terms defined in the loan agreement underlying each issue. At September 30, 2018, the aggregate amount of conduit debt outstanding was \$181,545,680.

The component unit, Bexar County Health Facilities Development Corporation (BCHFDC), is authorized to acquire, construct, provide, improve, finance, and refinance health facilities to assist the maintenance of the public health by issuing its tax-exempt revenue bonds. The bonds are secured by the property financed. The tax-exempt bonds issued by the BCHFDC do not constitute a debt or a pledge of faith or credit of the BCHFDC or the County, but are payable by the user pursuant to terms defined in the loan agreement underlying each issue. At September 30, 2018, the aggregate amount of conduit debt outstanding was \$41,400,000.

Bexar County, Texas
NOTES TO BASIC FINANCIAL STATEMENTS
September 30, 2018

NOTE Q – COMMITMENTS AND CONTINGENCIES

Primary Government

The County is committed under various contracts in connection with the renovation of the detention facilities and certain other County buildings, road and bridge improvements, flood control projects, and parks and recreational improvements. These commitments are \$98,035,738.

The Bexar County Housing Finance Corporation is committed to grant awards made to various agencies to aid in various housing development activities. Amounts committed at September 30, 2018 by the Corporation are \$268,487 for grant commitments. In addition, the Corporation has designated \$150,000 for administrative reserve.

The Bexar County Health Facilities Development Corporation's purpose is to acquire, construct, provide, improve, finance, and refinance health facilities to assist the maintenance of the public health. At September 30, 2018, the Corporation has designated \$100,000 for administrative reserve.

There are various lawsuits outstanding against the County at September 30, 2018 involving claims relating to jail, civil rights, and various other matters. A provision has been recorded for these contingencies in the Internal Services Fund for which the range of loss is estimated between \$300,000 and \$1,915,702.

The County participates in several state and federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the County has not complied with the rules and regulations governing the grants, refunds of any money received may be required, and the collectability of any related, receivable may be impaired. In the opinion of management, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies.

During the fiscal year ended September 30, 2016, the County and the Deputy Sheriff's Association of Bexar County executed a collective bargaining agreement effective from May 12, 2016 through September 30, 2020. The total estimated cumulative cost of the agreement over the three-year contact period is \$42.6 million.

The System

The System is, from time to time, subject to allegations that may or do result in litigation. Some of these allegations are in areas not covered by the System's self-insurance program or by commercial insurance; for example, allegations regarding employment practices or performance of contracts. The System evaluates such allegations by conducting investigations to determine the validity of each potential claim. Based upon the advice of legal counsel, management records an estimate of the amount of ultimate expected loss, if any, for each. Events could occur that would cause the estimate of ultimate loss to differ materially in the near term.

The District

As inducement for the development of the resort hotel, spa, and golf courses (the Project), the District agreed to grant to the Developer a development grant to be used as partial payment of the costs borne by the Developer in completing the Project. Under this amended agreement, the Project owner assigned its right to the Developer to receive, on a subordinate basis, available hotel and resort sales and use tax collections (development grant), after ten consecutive annual payments (senior HOT and sales tax grants) are made to the Project owner in an amount equal to the annual ad valorem tax it paid to the District.

Monthly payments are required if hotel and resort sales and use tax collections are available. Bonds secured by sales and use tax revenues may be issued to pay the Developer in lieu of the monthly payments. The monthly payments under this agreement are dependent on several factors, such as, the amount of hotel and resort sales and use tax generated, and the ad valorem taxes imposed on the Project

Bexar County, Texas
NOTES TO BASIC FINANCIAL STATEMENTS
September 30, 2018

NOTE Q – COMMITMENTS AND CONTINGENCIES (Continued)

The District (Continued)

owners. During the year, the District paid \$465,000 in economic development expenses to the Developer, where \$234,200 was applied to principal and \$230,800 to interest.

NOTE R – SUBSEQUENT EVENTS

Governmental Activities

In December 2018, the County issued \$198,035,000 in Combination Tax and Revenue Certificates of Obligation, Series 2018 at a premium of \$18,640,750 with the payments of the related principal and interest to be made from an annual ad valorem tax levied against all taxable property within the County. Proceeds from the sale of the Series 2018 Certificates will be used for making permanent public improvements and for other public purposes, to-wit: designing, acquiring, constructing, renovating, improving and equipping the Bexar County Courthouse, Bexar County Jail, the "old" Bexar County Jail, Bexar County Adult Detention Facilities (Annex and Detention Center), Bexar County Juvenile Detention Facilities, Justice of the Peace/Constable Facilities, Forensic Science Center, Technology Centers, Bexar County Crime Lab, Bexar County Sheriff's Department law enforcement facilities, Bexar County Justice Center, Bexar County District Court Facilities, Bexar County Data Center, Bexar County Public Works Facility, and other Bexar County-owned administrative facilities, recreational facilities, mental health services facilities, library facilities, and civil and criminal justice facilities; acquiring computer hardware and software and other technology (including information technology system and network upgrades and improvements), communication, and audio/visual equipment and the payment of professional fees related thereto, including the County-wide Integrated Justice System and Financial Management System; acquiring, constructing, renovating, improving, and equipping parks and recreational facilities; and the purchase of park vehicles; acquiring vehicles and equipment for various County offices and departments; designing, constructing, repairing, and improving County roads (including utilities relocation and related bridge and drainage improvements); designing, acquiring, and constructing and equipping parking facilities; acquiring materials, supplies, equipment, machinery, land, easements, right-of-way and other interests in real property for authorized needs and purposes relating to any of the foregoing purposes; and the payment of professional services related to the design, construction, project management, and financing of the aforementioned projects. The annual interest rate on the bonds ranges from 4.00% - 5.00%. Interest accrues semiannually and the bonds mature in fiscal year 2045.

NOTE S – FUND AND NET POSITION

Net Position Classifications

Net position in the proprietary fund financial statements and the government-wide financial statements are classified in three categories:
1) Net investment in capital assets, 2) Restricted net position, and 3) Unrestricted net position.

Fund Balance Classifications

Under GAAP, fund balance is divided into five classifications based upon the extent to which the County is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable - The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or they are legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of interfund loans.

Restricted - Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors, grantors, constitutional provisions or enabling legislation. Enabling legislation authorizes the County to assess, levy, charge, or otherwise mandate payment of resources and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means that the County can be compelled by an external party such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation only for the purposes specified by the legislation.

Bexar County, Texas
NOTES TO BASIC FINANCIAL STATEMENTS
September 30, 2018

NOTE S – FUND AND NET POSITION (Continued)

Committed - The committed fund balance classification includes amounts that can be used only for specific purposes imposed by formal action such as a resolution of Commissioners Court. Those committed amounts cannot be used for any other purpose unless Commissioners Court removes or changes the specified use by taking the same type of action it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, committed fund balance classification may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by Commissioners Court, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints is not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned - Amounts in the assigned fund balance classification are intended to be used by the County for specific purposes but do not meet the criteria to be classified as restricted or committed. Such intent should be expressed by Commissioners Court or its designated officials to assign amounts to be used. The County Manager, by virtue of appointment to that office and as a normal function of that office, has the authority to assign fund balance to particular purposes. Assignments made by the County Manager can occur during the budget process or throughout the year in the normal course of business. Commissioners Court, at their discretion, may make assignments of fund balance or direct other County officials to do so. Constraints imposed on the use of the assigned amounts can be removed with no formal action.

Unassigned - The unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The remainder of this page intentionally left blank

Bexar County, Texas
NOTES TO BASIC FINANCIAL STATEMENTS
September 30, 2018

NOTE 5 – FUND AND NET POSITION BALANCES (Continued)

The County applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

The County maintains a minimum fund balance reserve policy to maintain strong financial reserves and stability and to protect the County's bond ratings. Key components of the reserve policy are as follows:

- Commissioners Court has set a policy to maintain a General Fund operating reserve of 15% of budgeted, annual, operating expenditures. The policy establishes sufficient working capital and margin of financial safety to address unforeseen, one-time emergency expenditures.
- Use of this reserve would occur after all other current budgetary resources of funding have been exhausted, and no other category of fund balance is available to satisfy the funding needed. Commissioners Court authorization is required for fund balance to be appropriated from the Unassigned General Fund Reserve.

At September 30, 2018, the OPEB Fund (an internal service fund), the Self-Insurance Fund (an internal service fund), the Fleet Maintenance Fund (an internal service fund), and the Community Venue Fund (an enterprise fund) had deficit net positions of \$184,278,339, \$3,972,120, \$41,995 and \$61,864,777, respectively.

Pursuant to GASB 75, a liability for other postemployment benefits obligations, known as the net OPEB liability, is to be recognized on the balance sheets of participating employers. Changes in the net OPEB liability from year-to-year will be recognized as OPEB expense on the Statement of Activities and Statement of Revenues, Expenses, and Changes in Net Position or reported as deferred outflows/inflows of the resources depending on the type of change. Deferred inflows/outflows of resources are amounts that are not entirely recognized when they occur. They are recognized over a period of time. Therefore, the beginning net position on the following statements has been restated to reflect the deferred outflows of resources and the net OPEB liability that were incurred in prior years:

Statement of Activities	
Governmental	
Net position - beginning	\$ 464,059,283
Deferred outflows of resources	6,698,581
Net OPEB liability	(109,680,057)
Net position - restated	<u>\$ 361,077,807</u>
Statement of Revenues, Expenses and Changes in Net Position	
Internal Service	
Net position - beginning	\$ (71,931,312)
Deferred outflows of resources	6,698,581
Net OPEB liability	(109,680,057)
Net position - restated	<u>\$ (174,912,788)</u>

The OPEB Fund deficit is due to the accrual of the OPEB obligation. See Note O for more information. The County anticipates that a portion of the deficit in the OPEB Fund will be offset by revenue enhancements and expenditure reductions through changes to the County's health plans and adjustments to health insurance premiums. In addition, the County will continue to transfer funds from the General Fund.

The deficit balance in the Self-Insurance Fund is due to an increase in healthcare costs which correspond to a nationwide projected increase for the year ended September 30, 2018. For fiscal year 2018 County Commissioners increased the premiums for the Premium Preferred Provider Organization Plan and Base Preferred Provider Organization Plan to offset the increase in healthcare costs. The deficit balance in the Fleet Maintenance Fund is due to an increase in personnel costs.

The deficit balance in the Community Venue Fund is primarily attributed to expenses for assets owned by other entities. The County issues bonds to finance these projects that do not get capitalized on the fund's financial statements. The net effect of these transactions leaves a liability balance on the fund's financial statements for the bonds the County is still obligated to pay. The total balance for

NOTE S – FUND AND NET POSITION BALANCES (Continued)

expenses on assets owned by other entities is \$215,367,813 at September 30, 2018. See Table 19 in the Statistical Section for detailed balances.

NOTE T – JOINT VENTURES

San Antonio Bexar County Soccer Public Facility Corporation (SABC PFC) was created in fiscal year 2016 as a joint venture between the County and the City of San Antonio to own Toyota Field, a professional soccer stadium. The SABC PFC is governed by a four member board comprised of two appointees from the County and two from the City. The County contributed \$9,700,000 and whereas the City contributed \$9,500,000 to SABC PFC, both the County and the City have an ongoing financial interest in SABC PFC. SABC PFC has entered into a lease with San Antonio Football Club Management (SA FC) for the use of Toyota Field for a term of 20 years at an annual lease rental of \$1,000,000. As part of this agreement, there is a provision requiring reimbursement to the County and City of a combined \$5,000,000 should no MLS franchise be awarded to SA FC. In future years, the financial statements can be obtained at the SABC PFC office at: 100 Military Plaza, San Antonio, TX 78205.

NOTE U – TAX ABATEMENT PROGRAM

The County enters into property tax abatement agreements with businesses under the Property Redevelopment and Tax Abatement Act. Under this Act, the County may grant property tax abatements on ad valorem taxes for personal and/or real property as an economic development incentive for attracting and/or retaining businesses in order to create jobs and increase the tax base. Commitments under the tax abatement agreements include certain employment and capital investment levels. If the employment and/or capital investment level commitments are not met, taxes previously abated are subject to recapture by the County.

For the fiscal year ended September 30, 2018, the County abated property taxes totaling \$2,054,563 under this program, including the following tax abatement agreements that each exceeded \$100,000 of the total amount abated:

- A 60 percent real property tax abatement to a residential apartment complex for capital investment in central Bexar County. The personal and property taxes abated for the fiscal year ended September 30, 2018 were \$124,468.
- A 75 percent personal and real property tax abatement to a retail store chain for the construction of a distribution center in east Bexar County. The personal and property taxes abated for the fiscal year ended September 30, 2018 were \$251,514.
- A 100 percent personal and real property tax abatement to a financial services company for the construction of a regional corporate campus in west Bexar County. The personal and property taxes abated for the fiscal year ended September 30, 2018 were \$154,051.
- A 100 percent personal property tax abatement to a manufacturer of vehicles for the production of a specific type of vehicle. The personal property taxes abated for the fiscal year ended September 30, 2018 were \$392,041.

NOTE V – INNER CITY CLINIC

The County has entered into an agreement with The Center for Health Care Services to build a multi-facility campus named the Inner City Center. The Inner City Center shall be owned by the County but shall be operated by the Center. The County has agreed to provide to the Center funding of up to approximately \$23,000,000 to support the development and construction of the Inner City Center. This amount is a portion of the funding necessary to construct the Inner City Center and represents the proceeds received by the County through the issuance and sale of Combination Tax and Revenue Certificates of Obligation, Series 2016A.

As of September 30, 2018, the County has provided \$16,675,660 as its share of the funding for the construction of the Inner City Center. As of August 31, 2018, the Center has invested \$15,098,563 toward the overall project development. Construction is anticipated to be substantially complete by the calendar year end in 2018. These costs have been capitalized and recorded as assets in each party's respective financial statements.

In consideration of the County's agreement to finance the Inner City Center with the Obligations, the Center shall be obligated to pay the County for debt service on the Obligations. Since the County will benefit from the operation of the mental health services at the Inner City Center for the County's Substance Use/Jail Diversion Program and Youth Services Program, the County may, at its sole discretion, choose annually to offset all or any portion of the scheduled annual rental payments with in-kind services provided at the Inner City Clinic. Through fiscal year 2018, the Center was required to make a \$2,590,400 rental payment in accordance with the Schedule of Annual Rental Payments; however, since \$885,449 was provided in such in-kind services through September 30, 2018, a receivable for the difference, in the amount of \$1,704,951 was recorded in the County's financial statements.

Bexar County, Texas
SCHEDULE OF FUNDING PROGRESS FOR RETIRED EMPLOYEE HEALTHCARE PLAN
 September 30, 2018

Bexar County, Texas
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
 September 30, 2018

General Fund Budget

The original expenditure category (appropriation only) budgets for the General Fund is adopted by the Commissioners Court and filed with the Bexar County Clerk by September 30. The total budget for the General Fund cannot be increased once the budget is adopted unless the County Auditor certifies a new revenue source not considered during the setting of the original budget. Amendments over \$100,000 between expenditure categories are made during the year on approval by the Commissioners Court. The County Manager/Budget Officer shall approve all amendments in amounts up to \$100,000.

State law requires the budget not be exceeded in any expenditure category. For the General Fund, an expenditure category is considered to be an activity (e.g., personnel, remuneration for services, etc.).

¹ This schedule is presented to illustrate the requirement to show information for ten years. However, recalculations of prior years are not required; we accordingly are reporting only years for which GASB statements 68 and 71 have been implemented.

The above table includes information for four participating employers to the agent multiple-employer defined benefit pension plan administered by TCDRS. Three of the employers: Community Arenas Board (CAB), Metropolitan Planning Organization (MPO) and Community Supervision, are not considered departments or component units of the County; the net pension liabilities for these entities are \$313,003, \$490,776 and \$8,824,260, respectively.

¹ This schedule is presented to illustrate the requirement to show information for ten years. However, recalculations of prior years are not required; we accordingly are reporting only years for which GASB statement 75 has been implemented.

Note to schedule: Since this is the initial year of GASB 75 implementation trends regarding changes in benefit terms, the size of composition or the population covered by the benefit terms or assumptions have not been established.

Bexar County, Texas
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
September 30, 2018

Notes to Schedules:

Schedule of Changes in Net Pension Liability and Related Ratios and Schedule of Employer Pension Contributions

Valuation Date: Actuarially determined contribution rates are calculated as of December 31, two years prior to the end of the fiscal year in which the contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method	Entry Age
Amortization Method	Level percentage of payroll, closed
Amortization Period in Years	12.7 years (based on contribution rate calculated in 12/31/2017 valuation)
Asset Valuation Method	5-year smoothed market
Inflation	2.75%
Salary Increases	Varies by age and service. 4.9% average over career including inflation.
Investment Rate of Return	8.00%, net of pension plan investment expenses, including inflation
Cost-of-Living Adjustments	No assumption for future cost-of-living adjustments is included in the funding valuation.
Retirement Age	Members eligible for service retirement are assumed to commence receiving benefit payments based on age. The average age at service retirement for recent retirees is 61.
Mortality	130% of the RP-2014 Healthy Annuitant Mortality Table for males and 110% of the RP-2014 Healthy Annuitant Mortality Table for females, both projected with 110% of the MP-2014 Ultimate scale after 2014.
Changes in Plan Provisions Reflected in the Schedule	New Annuity Purchase Rates were reflected for benefits earned.

NON MAJOR GOVERNMENTAL FUNDS

NONMAJOR GOVERNMENTAL FUNDS are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

COUNTY CLERK RECORDS MANAGEMENT FUND – to account for fee revenue and expenditures related to records management in the County Clerk's Office.

COUNTY RECORDS MANAGEMENT FUND – to account for fee revenue and expenditures related to records management on a county wide basis.

COURTHOUSE SECURITY FUND – to account for fee revenue and expenditures related to security devices and services for the courthouse and other buildings housing courts.

JUSTICES OF PEACE TECHNOLOGY FUND – to account for fee revenue and expenditures related to technological improvements in the Justice of the Peace offices.

FIRE CODE FUND – to account for fee revenue and expenditures related to fire prevention.

DISTRICT CLERK RECORDS MANAGEMENT FUND – to account for fee revenue and expenditures related to records management in the District Clerk's Office.

LAW LIBRARY FUND – to account for fee revenue and expenditures related to the operations of the law library.

COUNTY WIDE COURT TECHNOLOGY FUND – to account for fee revenue and expenditures related to the purchase, maintenance, continuing education, and training for technological enhancements of the courts.

DISPUTE RESOLUTION FUND – to account for fee revenue and expenditures related to the operations of the dispute mediation center.

JUSTICES OF PEACE SECURITY FUND – to account for revenue and expenditures related to security devices and services for buildings housing Justice of the Peace courts.

DOMESTIC RELATIONS FUND – to account for fee revenue and expenditures related to the operation of the domestic relations office.

PROBATE CONTRIBUTION FUND – to account for State revenue provided for Probate Court support and related expenditures.

LAW ENFORCEMENT OFFICERS SPECIAL EDUCATION FUND (LEOSE) – to account for State revenues provided for education of law enforcement officers and related expenditures.

CHILD ABUSE PREVENTION FUND – to account for fee revenue from court costs imposed on certain criminal convictions and expenditures for programs aimed at preventing child abuse.

DRUG COURT PROGRAM FUND – to account for fee revenue and expenditures related to operations of mandated programs for monitoring and rehabilitating violators of State drug laws.

COMBINING BALANCE SHEET
NONMAJOR GOVERNMENTAL FUNDS
September 30, 2018**

NONMAJOR GOVERNMENTAL FUNDS are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

FAMILY PROTECTION FEE FUND – to account for fee revenue imposed by the State on petitions for divorce to fund services to prevent family violence or child abuse.

DISTRICT COURT RECORDS TECHNOLOGY FUND – to account for fee revenue and expenditures related to the preservation and restoration of the District Court's records.

JUVENILE CASE MANAGER FUND – to account for fee revenues and expenditures related to juvenile social workers in the Justices of the Peace offices.

PROBATE GUARDIANSHIP FUND – to account for fee revenues and expenditures related to the appointment of guardians for minors in Probate cases.

PROBATE EDUCATION FUND – to account for fee revenue and expenditures related to continuing education of the Probate Courts' staff.

JUVENILE DELINQUENCY PREVENTION FUND – to account for fee revenue and expenditures related to graffiti eradication.

GRANTS FUND – to account for expenditures of funds received as grants-in-aid from various non-governmental sources and from Federal and State agencies for specific programs.

TECHNOLOGY IMPROVEMENT FUND – to account for costs associated with technology improvements.

STORMWATER MITIGATION FUND – to account for revenues and expenditures associated with preventing and repairing damages due to storm water runoff and for educating the public about flood hazards.

CHAPTER 19 VOTER REGISTRATION FUND – to account for revenues received from the State and expenditures associated with disseminating voting information to the public and registering new voters.

ELECTION CONTRACTING SERVICES FUND – to account for the receipt and disbursement of funds related to election contract service agreements.

TAX COLLECTOR'S SPECIAL INVENTORY FUND – to account for the receipt and disbursement of funds administered by the Tax Collector.

DISTRICT ATTORNEY PROGRAMS FUND – to account for the receipt and disbursement of discretionary funds maintained by the Criminal District Attorney.

ASSET FORFEITURES FUND – to account for receipt and disbursement of funds relating to forfeitures of certain property related to felony offenses.

BEXAR COUNTY HOUSING FINANCE CORPORATION – to account for revenue and expenditures related to the Bexar County Housing Finance Corporation.

BEXAR COUNTY HEALTH FACILITIES DEVELOPMENT CORPORATION – to account for revenue and expenditures related to the Bexar County Health Facilities Development Corporation.

BEXAR COUNTY INDUSTRIAL DEVELOPMENT CORPORATION – to account for revenue and expenditures related to the Bexar County Industrial Development Corporation.

N O N M A J O R E N T E R P R I S E F U N D S

PROPRIETARY FUND TYPE

ENTERPRISE FUNDS – are established to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing the goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

SHERIFF'S COMMISSARY FUND – This fund is used to account for the operation of a commissary for jail inmates. The Commissary is funded primarily through profits on sales of commissary items to inmates.

PARKING FACILITIES FUND – This fund is used to account for the operation and maintenance of parking facilities. The facilities are intended to be financed primarily through user charges.

FIRING RANGE FUND – This fund is used to account for the operation and maintenance of the firing range. The facilities are intended to be financed primarily through user charges.

AGENCY FUNDS

FIDUCIARY FUND TYPE

AGENCY FUNDS – are used to account for assets held by the County as an agent for individuals, private organizations, other governments and other funds. They are custodial in nature (assets equal liabilities) and do not involve measurements of results of operations.

SECONDARY RECIPIENT GRANTS FUND – to account for the receipt and disbursement of grant funds for which the County serves only as a conduit.

OFFICERS' SPECIAL FUNDS – to account for the receipt and disbursement of funds held by various County officers pending disposition.

CLERKS' TRUST FUNDS – to account for funds held in the registry of the courts by the County Clerk and District Clerk pending a court order directing payment.

FLEXIBLE SPENDING ACCOUNTS FUND – to account for deposits and disbursements related to the County's employees flexible spending accounts.

BAIL BOND SECURITY FUND – to account for deposits that attorneys place with the County in order to post bond for defendants.

TAX COLLECTOR'S ACCOUNTS FUNDS – to account for the receipt of tax collections and the distribution to County funds and other taxing jurisdictions.

COMMUNITY CORRECTIONS FUNDS – to account for the receipt and disbursement of funds administered by the Community Supervision and Corrections Department.

INMATE BANKING FUND – to account for the receipt and disbursement of the personal funds of inmates confined in the County jail.

UNCLAIMED MONEY FUND – to account for funds the County holds that rightfully belong to another party.

DISTRICT ATTORNEY SEIZED ASSETS – to account for assets seized pursuant to the state and federal forfeiture laws (Chapter 59, Code of Criminal Procedure) but still awaiting judicial determination.

Bexar County, Texas
STATISTICAL SECTION OVERVIEW
September 30, 2018

The statistical section is organized in six sections:

- Financial Trends – Compiles information reported in the Comprehensive Annual Financial Report over the past ten years. These schedules report how the County’s financial position and well-being have changed over time.

- Table 1 – Net Position by Component
- Table 2 – Changes in Net Position
- Table 3 – Net Changes in Fund Balance, Governmental Funds
- Table 4 – Fund Balances, Governmental Funds

- Revenue Capacity Information – Provides information regarding the County’s major own-source revenue (property taxes) and the stability/growth of that revenue.

- Table 5 – Assessed Value and Estimated Actual Value of Taxable Property
- Table 6 – Direct and Overlapping Property Tax Rates by Tax Year
- Table 7 – Principal Property Taxpayers
- Table 8 – Property Tax Levies and Collections

- Debt Capacity information – Provides information on the County’s outstanding debt, the ability to repay the debt, and the ability to issue additional debt.

- Table 9 – Ratio of Outstanding Debt by Type
- Table 10 – Ratio of Outstanding General Bonded County Debt
- Table 11 – Ratio of Annual Debt Service for General Bonded Debt to Total Expenditures All Governmental Fund Types

- Table 12 – Direct and Overlapping Governmental Activities Debt
- Table 13 – Pledged-Revenue Coverage
- Table 14 – Motor Vehicle Rental Tax Collections
- Table 15 – Hotel Occupancy Tax Net Collections
- Table 16 – Hotel Occupancy Tax Collections – Top Ten Hotels
- Table 17 – Convention Statistics
- Table 18 – San Antonio Hotel Occupancies and Average Daily Rates/History
- Table 19 – County Expenditures for Assets Owned by Other Entities

- Demographic and Economic Information – Provides information regarding the County’s socioeconomic environment; specifically, its taxpayers, employers, and the changes to those groups over the past ten years.

- Table 20 – Demographic and Economic Statistics
- Table 21 – Principal Employers

- Operating Information – Provides information on its employees, operation, and facilities

- Table 22 – Operating Indicators by Function/Program
- Table 23 – Capital Asset Statistics by Function/Program
- Table 24 – Full-Time Equivalent County Government Employees by Function/Program

- Miscellaneous Information – Provides detailed information on the County’s Rates

- Table 25 – Analysis of Funding Progress and Contribution Rates
- Table 26 – Legal Debt Margin Information
- Table 27 – Miscellaneous Information

Over the past ten years Bexar County has experienced an increase in the population of taxpayers. This growth has led to increased development, and accordingly, the tax base has increased. The County has also increased its operating, debt, and capital expenditures to meet the demand of the growing population and provide adequate services.

Source: Municipal Advisory Council of Texas, as of September 30, 2018
Overlapping percentages are derived from the 2018 market values provided by the appraisal districts.

Note: Overlapping governments are those that coincide, at least in part, with geographic boundaries of the County. This table estimates the portion of the outstanding debt of those overlapping governments that is borne by the property taxpayers of Bexar County. This process recognizes that, when considering the County's ability to issue and repay long-term debt, the entire burden borne by the taxpayers should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for the debt, of each overlapping government.

Note: ¹ JW Marriott opened in 2010.

² Information presented in the 2016 filing of "TOP TEN TAXPAYERS" for the fiscal year 2016 collections has been revised based on additional information received from the City of San Antonio. While the new information has resulted in the reordering of the top ten taxpayers, the companies making up the top ten taxpayers did not change, the overall change in the collections for all top ten taxpayers reflects more collections than originally presented and the changes in collections does not materially impact the operations of the County.

* These hotels are within walking distance of the Henry B. Gonzalez Convention Center.

** This hotel is near Sea World San Antonio Adventure Park.

*** This hotel is near Six Flags Fiesta Texas Amusement Park. The hotel was closed for renovations for a significant portion of FY 2015.

The Texas Department of Family and Protective Services Children in Foster Care figures were updated in 2016 for 2008 - 2016.

^{4 (continued)} Texas Department of Family and Protective Services (DFPS) works with the Bexar County Child Welfare Board to facilitate implementation and administration of the Children's Protective Services Program. Children in foster care are placed in foster homes or institutions; children in substitute care are placed in treatment facilities, hospitals, adoptive homes, or independent living arrangements. Children in the legal responsibility of DFPS are those whom the courts have awarded legal responsibility by temporary or permanent managing conservatorship or other court ordered legal basis. Children may reside in an out of home placement or were returned to their home of origin.

^A Bonds Issued Under Article 3, Section 52 of the Texas Constitution

The County is authorized under Article 3, Section 52 of the State Constitution to issue bonds payable from ad valorem taxes for the construction and maintenance of roads. There is no constitutional or statutory limit as to rate on bonds issued pursuant to such constitutional provision. However, the amount of bonds which may be issued is limited to 25% of the assessed valuation of real property in the County.

¹ Amount estimated based on the subsequent year debt requirement assumed to be available from the Debt Service Fund balance of \$81,935,785.

Bonds Issued Under Article 8, Section 9 and Article 11, Section 2 of the Texas Constitution

In addition to unlimited tax bonds the County may issue bonds payable from the proceeds of a limited ad valorem tax provided for in Article 8, Section 9 of the State Constitution. Such constitutional provision provides that a county is limited to an ad valorem tax rate of \$0.80 per \$100 of assessed valuation for General Fund purposes.

Certain of the County's bonds payable from such limited tax may be issued under the provisions of Article 722, Vernon's Texas Civil Statutes. The principal amount of all bonds which may be issued under the provisions of such Statute is limited in the aggregate to 5% of all taxable property. The debt limit under Article 722 is approximately \$7,512,654,518 compared to applicable bonds outstanding at September 30, 2018 of \$1,683,565,000.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable County Judge and Commissioners
Bexar County, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Bexar County, Texas (the County), as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated March 29, 2019. We did not audit the financial statements of the University Health System (the System), the Cibolo Canyons Special Improvement District (the District), and the Alamo Regional Mobility Authority (the Authority), discretely presented component units. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the System, the District, and the Authority, is based solely on the report of the other auditors.

Our report includes a reference to other auditors who audited the financial statements of the System, the District, and the Authority, as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The financial statements of the District audited by other auditors were not audited in accordance with *Government Auditing Standards*.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

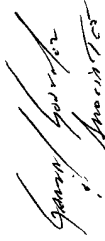

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the County in a separate letter dated March 29, 2019.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

March 29, 2019

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND
ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND
THE STATE OF TEXAS SINGLE AUDIT CIRCULAR

The Honorable County Judge and Commissioners
Bexar County, Texas

Report on Compliance for Each Major Federal and State Program

We have audited Bexar County, Texas (the County)'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement and the State of Texas Single Audit Circular* that could have a direct and material effect on each of the County's major federal and state programs for the year ended September 30, 2018. The County's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal and state awards applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the State of Texas Single Audit Circular. Those standards, the Uniform Guidance, and the State of Texas Single Audit Circular require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal and State Program

In our opinion, the County, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended September 30, 2018.

Report on Internal Control over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and the State of Texas Single Audit Circular, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

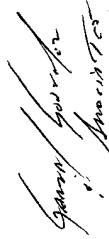

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

We noted certain matters that we reported to management of the County in a separate letter dated March 29, 2019.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the State of Texas Single Audit Circular. Accordingly, this report is not suitable for any other purpose.

Bexar County, Texas
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS
Year Ended September 30, 2018

1. GENERAL

The accompanying schedule presents the activity of the federal and state award programs of Bexar County, Texas (the "County"), except for the federal and state award programs for the System and the Authority, the discretely presented component units of the County, which have been excluded. The System and the Authority are audited by other auditors and are separately reported for compliance with federal and/or state compliance. The County's reporting entity is defined in Note A.1. to the County's basic financial statements.

2. BASIS OF ACCOUNTING

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The governmental funds are accounted for using a current financial resources measurement focus. All federal and state grant funds were accounted for in the General Fund, Capital Projects Fund or various special revenue funds, which comprise the "Nonmajor Governmental Funds" column in the governmental funds financial statements. With this measurement focus, only current assets, deferred outflows of resources, current liabilities, and deferred inflows of resources generally are included on the balance sheet. Statements of Revenues and Expenditures and Changes in Fund Balances of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses).

The modified accrual basis of accounting is used in the governmental funds financial statements. This basis of accounting recognizes revenues in the accounting period in which they become susceptible to accrual (i.e., both measurable and available) and expenditures in the accounting period in which the fund liability is incurred, if measurable, except for un-matured interest on long-term debt, which is recognized when due, and certain compensated absences and claims and judgments, which are recognized when the obligations are expected to be liquidated with expendable available financial resources. Federal and state grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant, and accordingly, when such funds are received in advance, they are recorded as unearned revenues until earned. Expenditures for some programs are not specifically attributable to the federal revenue source and are shown on the schedule in amount equal to the federal and/or state revenue.

3. INDIRECT COST

Indirect costs are those that have been incurred for common or joint purposes. These costs benefit more than one cost objective and cannot be readily identified with a particular final cost objective without effort disproportionate to the results achieved. After direct costs have been determined and assigned directly to Federal awards and other activities as appropriate, indirect costs are those remaining to be allocated to benefited cost objectives. The County has elected to charge only direct costs to state and federal programs.

4. CONTINGENT LIABILITIES RELATED TO COMPLIANCE

The County participates in numerous state and federal grant programs that are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the County has not complied with the rules and regulations governing the grants, if any, refunds of any money received may be required, and the collectibility of any related receivable at September 30, 2018 may be impaired.

BEXAR COUNTY, TEXAS
 SCHEDULE OF FINDINGS AND QUESTIONED COSTS
 Year Ended September 30, 2018

SECTION I -- SUMMARY OF AUDITORS' RESULTS (Continued)

Dollar Threshold used to distinguish between Type A and Type B programs: Federal -- \$750,000 State -- \$300,000

APPENDIX D
FORM OF BOND COUNSEL'S OPINION

(this page intentionally left blank)

BRACEWELL

December 19, 2019

\$122,355,000
BEXAR COUNTY, TEXAS
COMBINATION TAX AND REVENUE CERTIFICATES OF OBLIGATION,
SERIES 2019

We have acted as bond counsel for Bexar County, Texas (the “Issuer”), in connection with an issue of certificates of obligation described as follows:

BEXAR COUNTY, TEXAS COMBINATION TAX AND REVENUE CERTIFICATES OF OBLIGATION, SERIES 2019, dated December 15, 2019 (the “Certificates”).

The Certificates mature, bear interest and may be transferred and exchanged as set out in the Certificates and in the order adopted by the Issuer’s Commissioners Court authorizing their issuance and an approval certificate executed pursuant to the authority delegated in such order (together, the “Order”).

We have acted as bond counsel for the sole purpose of rendering an opinion with respect to the legality and validity of the Certificates under the Constitution and laws of the State of Texas, and with respect to the excludability of interest on the Certificates from gross income for federal income tax purposes. We have not investigated or verified original proceedings, records, data or other material, but have relied solely upon the transcript of certified proceedings described in the following paragraph. We have not assumed any responsibility with respect to the financial condition or capabilities of the Issuer or the disclosure thereof in connection with the sale of the Certificates.

In our capacity as bond counsel, we have participated in the preparation of and have examined a transcript of certified proceedings pertaining to the Certificates which contains certified copies of certain proceedings of the Issuer, customary certificates of officers, agents and representatives of the Issuer and other public officials and other certified showings relating to the authorization and issuance of the Certificates. We also have analyzed such laws, regulations, guidance, documents and other materials as we have deemed necessary to render the opinions herein. Moreover, we have examined executed Certificate No. T-1 of this issue.

In providing the opinions set forth herein, we have relied on representations and certifications of the Issuer and other parties involved with the issuance of the Certificates with respect to matters solely within the knowledge of the Issuer and such parties, which we have not independently verified. In addition, we have assumed for purposes of this opinion continuing compliance with the covenants in the Order, including, but not limited to, covenants relating to the tax-exempt status of the Certificates.

Page 2

Based on such examination, it is our opinion that:

- A. The transcript of certified proceedings evidences complete legal authority for the issuance of the Certificates in full compliance with the Constitution and laws of the State of Texas presently effective, and that therefore the Certificates constitute valid and legally binding obligations of the Issuer;
- B. A continuing ad valorem tax, within the limits prescribed by law, has been levied on all taxable property in the Issuer and pledged irrevocably to the payment of the principal of and interest on the Certificates; and
- C. Interest on the Certificates is excludable from gross income for federal income tax purposes under section 103 of the Internal Revenue Code of 1986, as amended. In addition, interest on the Certificates is not a specific preference item for purposes of the alternative minimum tax.

It is further our opinion that the Certificates are additionally payable from and equally and ratably secured by a lien on and pledge of the Pledged Revenues (as defined in the Order), such lien on and pledge of the Pledged Revenues will be subordinate and inferior to the lien on and pledge of Net Revenues (as defined in the Order) securing payment of any Prior Lien Bonds or Additional Revenue Obligations hereafter issued by the Issuer.

The Issuer has reserved the right to issue Prior Lien Bonds, Additional Revenue Obligations, and Additional Parity Obligations (all as defined in the Order) without limitation as to principal amount but subject to any terms, conditions, or restrictions as may be applicable thereto under law or otherwise.

The rights of the owners of the Certificates are subject to the applicable provisions of the federal bankruptcy laws and any other similar laws affecting the rights of creditors of political subdivisions generally, and may be limited by general principles of equity which permit the exercise of judicial discretion.

Except as stated above, we express no opinion as to the amount of interest on the Certificates or any federal, state or local tax consequences resulting from the receipt or accrual of interest on, or the acquisition, ownership or disposition of, the Certificates. Further, in the event that the representations of the Issuer and other parties are determined to be inaccurate or incomplete or the Issuer fails to comply with the covenants of the Order, interest on the Certificates could become includable in gross income for federal income tax purposes from the date of the original delivery of the Certificates, regardless of the date on which the event causing such inclusion occurs.

Our opinions are based on existing law and our knowledge of facts as of the date hereof and may be affected by certain actions that may be taken or omitted on a later date. We assume no duty to update or supplement our opinions, and this opinion letter may not be relied upon in connection with any changes to the law or facts, or actions taken or omitted, after the date hereof.
