

OFFICIAL STATEMENT DATED JANUARY 19, 2021

In the opinion of The Muller Law Group PLLC, Bond Counsel, based upon an analysis of existing laws, regulations, rulings and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986. In the further opinion of Bond Counsel, interest on the Bonds is not a specific preference item for purposes of the federal alternative minimum tax. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the amount, accrual, or receipt of interest on, the Bonds. See "TAX MATTERS" herein.

The Bonds have NOT been designated "qualified tax-exempt obligations" for financial institutions. See "TAX MATTERS – NOT Qualified Tax-Exempt Obligations."

\$5,920,000

MONTGOMERY COUNTY MUNICIPAL UTILITY DISTRICT NO. 121

(A political subdivision of the State of Texas, located within Montgomery County)

UNLIMITED TAX BONDS, SERIES 2021

Dated: February 1, 2021

Due: September 1, as shown on the inside cover

Interest on the \$5,920,000 Montgomery County Municipal Utility District No. 121 Unlimited Tax Bonds, Series 2021 (the "Bonds") will accrue from February 1, 2021, and is payable on September 1, 2021, and on each March 1 and September 1 (each an "Interest Payment Date") thereafter until the earlier of maturity or redemption, and will be calculated on the basis of a 360-day year composed of twelve 30-day months. Interest on the Bonds will be payable by check dated as of the Interest Payment Date, and mailed by the Paying Agent/Registrar (herein defined) to registered owners ("Registered Owners") as shown on the records of the Paying Agent/Registrar at the close of business on the 15th calendar day of the month next preceding each interest payment date (the "Record Date"). The Bonds will be issued in fully registered form only, without coupons, in principal denominations of \$5,000 or any integral multiple thereof, and when issued, will be registered in the name of Cede & Co., as registered owner and nominee for the Depository Trust Company, New York, New York ("DTC"), acting as securities depository for the Bonds until DTC resigns or is discharged. The Bonds initially will be available to purchasers in book-entry form only. So long as Cede & Co., as the nominee of DTC, is the registered owner of the Bonds, principal of and interest on the Bonds will be payable by the paying agent to DTC, which will be solely responsible for making such payment to the beneficial owners of the Bonds. The initial paying agent for the Bonds is Regions Bank, an Alabama banking corporation, Houston, Texas (the "Paying Agent/Registrar"). The Bonds are obligations solely of Montgomery County Municipal Utility District No. 121 (the "District") and are not obligations of the State of Texas; Montgomery County, Texas; the City of Conroe, Texas; or any entity other than the District.

See "PRINCIPAL AMOUNTS, MATURITIES, INTEREST RATES, INITIAL REOFFERING YIELDS AND CUSIPS" on the inside cover.

The scheduled payment of principal of and interest on the Bonds when due will be guaranteed under a municipal bond insurance policy to be issued concurrently with the delivery of the Bonds by **BUILD AMERICA MUTUAL ASSURANCE COMPANY**.

The Bonds constitute the first series of unlimited tax bonds issued by the District for the purpose of acquiring or constructing water, wastewater, and drainage facilities to serve the District (the "System"). Voters in the District have authorized a total of \$136,920,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing water, wastewater, and drainage facilities to serve the District and for the purpose of refunding such bonds. Additionally, the voters in the District have authorized a total of \$28,980,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing parks and recreational facilities to serve the District and for the purpose of refunding such bonds, and \$50,160,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing road improvements to serve the District and for the purpose of refunding such bonds. Following the issuance of the Bonds, \$131,000,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing the System and for the purpose of refunding such bonds, \$28,980,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing the parks and recreational facilities to serve the District and for the purpose of refunding such bonds, and \$50,160,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing road improvements to serve the District and for the purpose of refunding such bonds will remain authorized and unissued. The Bonds, when issued will constitute valid and binding obligations of the District, payable from the proceeds of a continuing, direct annual ad valorem tax, without legal limitation as to rate or amount, levied against all taxable property within the District. See "THE BONDS – Source of Payment."

The Bonds are offered by the winning bidder for the Bonds (the "Initial Purchaser") subject to prior sale, when, as and if issued by the District and accepted by the Initial Purchaser, subject, among other things to the approval of the initial bond by the Attorney General of Texas and the approval of certain legal matters by The Muller Law Group, PLLC, Sugar Land, Texas, Bond Counsel. Certain legal matters will be passed upon for the District by Orrick, Herrington & Sutcliffe LLP, Houston, Texas, Disclosure Counsel. Delivery of the Bonds is expected on or about February 18, 2021.

\$3,635,000 Term Bonds

\$575,000 Term Bond due September 1, 2028 (c)(d) Interest Rate: 4.500% (Price: \$117.181) (a) CUSIP No. 61373G AG0 (b)

\$530,000 Term Bond due September 1, 2037 (c)(d) Interest Rate: 2.000% (Price: \$99.301) (a) CUSIP No. 61373G AR6 (b)

\$570,000 Term Bond due September 1, 2039 (c)(d) Interest Rate: 2.000% (Price: \$98.470) (a) CUSIP No. 61373G AT2 (b)

\$1,260,000 Term Bond due September 1, 2043 (c)(d) Interest Rate: 2.000% (Price: \$97.331) (a) CUSIP No. 61373G AX3 (b)

\$700,000 Term Bond due September 1, 2045 (c)(d) Interest Rate: 2.000% (Price: \$96.223) (a) CUSIP No. 61373G AZ8 (b)

-
- (a) Information with respect to the initial reoffering yields of the Bonds is the responsibility of the Initial Purchaser. Initial reoffering yields represent the initial offering price, which may be changed for subsequent purchasers. The initial yield indicated above represents the lower of the yields resulting when priced to maturity or to the first call date.
- (b) CUSIP numbers will be assigned to this issue by the CUSIP Global Services, managed by S&P Global Market Intelligence LLC on behalf of the American Bankers Association, and are included solely for the convenience of the purchasers of the Bonds. None of the District, the Financial Advisor (herein defined) or the Initial Purchaser shall be responsible for the selection or the correctness of the CUSIP numbers shown herein.
- (c) Bonds maturing on September 1, 2026, and thereafter, shall be subject to redemption and payment at the option of the District, in whole or from time to time in part on September 1, 2025, or on any date thereafter, at the par value thereof plus accrued interest to the date fixed for redemption. See "THE BONDS – Redemption Provisions – *Optional Redemption*."
- (d) Subject to mandatory sinking fund redemption as provided under "THE BONDS – Redemption Provisions – *Mandatory Redemption*."

USE OF INFORMATION IN OFFICIAL STATEMENT

No dealer, broker, salesman or other person has been authorized to give any information, or to make any representations, other than those contained in this Official Statement, and, if given or made, such other information or representations must not be relied upon as having been authorized by the District or the Initial Purchaser.

This Official Statement does not alone constitute, and is not authorized by the District for use in connection with, an offer to sell or the solicitation of any offer to buy in any state in which such offer or solicitation is not authorized or in which the person making such offer or solicitation is not qualified to do so or to any person to whom it is unlawful to make such offer or solicitation.

Build America Mutual Assurance Company (“BAM”) makes no representation regarding the Bonds or the advisability of investing in the Bonds. In addition, BAM has not independently verified, makes no representation regarding, and does not accept any responsibility for the accuracy or completeness of this Official Statement or any information or disclosure contained herein, or omitted herefrom, other than with respect to the accuracy of the information regarding BAM, supplied by BAM and presented under the heading “MUNICIPAL BOND INSURANCE” and “APPENDIX B - SPECIMEN MUNICIPAL BOND INSURANCE POLICY.”

All of the summaries of the statutes, resolutions, orders, contracts, audits, engineering and other related reports set forth in this Official Statement are made subject to all of the provisions of such documents. These summaries do not purport to be complete statements of such provisions and reference is made to such documents, copies of which are available from Bond Counsel upon payment of duplication costs, for further information.

The Financial Advisor is not obligated to undertake, and has not undertaken to make, an independent verification or to assume responsibility for the accuracy, completeness, or fairness of the information in this Official Statement.

This Official Statement contains, in part, estimates, assumptions and matters of opinion which are not intended as statements of fact, and no representation is made as to the correctness of such estimates, assumptions or matters of opinion, or as to the likelihood that they will be realized. Any information and expressions of opinion herein contained are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the District or other matters described herein since the date hereof. The District has agreed to keep this Official Statement current by amendment or sticker to reflect material changes in the affairs of the District and to the extent such information actually comes to its attention, the other matters described in this Official Statement, until delivery of the Bonds to the Initial Purchaser and thereafter only as specified in "OFFICIAL STATEMENT - Updating of Official Statement" and "CONTINUING DISCLOSURE."

APPENDIX A - FINANCIAL STATEMENTS OF THE DISTRICT	
APPENDIX B - SPECIMEN MUNICIPAL BOND INSURANCE POLICY	

SALE AND DISTRIBUTION OF THE BONDS

Award of the Bonds

After requesting competitive bids for the Bonds, the District has accepted the bid of SAMCO Capital Markets, Inc. (the "Initial Purchaser") to purchase the Bonds at the interest rates shown on the inside cover of this Official Statement at a price of 97.220779% of par plus accrued interest to date of delivery, resulting in a net effective interest rate to the District 2.379504%, as calculated pursuant to Chapter 1204, Texas Government Code, as amended. No assurance can be given that any trading market will be developed for the Bonds after their sale by the District to the Initial Purchaser. The District has no control over the price at which the Bonds are subsequently sold, and the initial yields at which the Bonds are priced and reoffered are established by and are the sole responsibility of the Initial Purchaser.

Prices and Marketability

The delivery of the Bonds is conditioned upon the receipt by the District of a certificate executed and delivered by the Initial Purchaser on or before the date of delivery of the Bonds stating the prices at which a substantial amount of the Bonds of each maturity has been sold to the public. For this purpose, the term "public" shall not include any person who is a bond house, broker, dealer or similar person or organization acting in the capacity of underwriter or wholesaler. Otherwise, the District has no understanding with the Initial Purchaser regarding the reoffering yields or prices of the Bonds. Information concerning reoffering yields or prices is the responsibility of the Initial Purchaser.

Subject to certain restrictions described in the Official Notice of Sale, the prices and other terms with respect to the offering and sale of the Bonds may be changed from time-to-time by the Initial Purchaser after the Bonds are released for sale, and the Bonds may be offered and sold at prices other than the initial offering prices, including sales to dealers who may sell the Bonds into investment accounts. In connection with the offering of the Bonds, the Initial Purchaser may over-allot or effect transactions which stabilize or maintain the market prices of the Bonds at levels above those which might otherwise prevail in the open market. Such stabilizing, if commenced, may be discontinued at any time.

The District has no control over trading of the Bonds in the secondary market. Moreover, there is no assurance that a secondary market will be made in the Bonds. If there is a secondary market, the difference between the bid and asked prices of the Bonds may be greater than the difference between the bid and asked prices of bonds of comparable maturity and quality issued by more traditional municipal entities, as bonds of such entities are more generally bought, sold or traded in the secondary market.

Securities Laws

No registration statement relating to the Bonds has been filed with the SEC under the Securities Act of 1933, as amended, in reliance upon exemptions provided thereunder. The Bonds have not been registered or qualified under the Securities Act of Texas in reliance upon various exemptions contained therein; nor have the Bonds been registered or qualified under the securities acts of any other jurisdictions. The District assumes no responsibility for registration or qualification of the Bonds under the securities laws of any jurisdiction in which the Bonds may be offered, sold, or otherwise transferred. This disclaimer of responsibility for registration or qualification for sale or other disposition of the Bonds should not be construed as an interpretation of any kind with regard to the availability of any exemption from securities registration or qualification provisions in such other jurisdiction.

MUNICIPAL BOND INSURANCE

Bond Insurance Policy

Concurrently with the issuance of the Bonds, BAM will issue its Municipal Bond Insurance Policy for the Bonds (the "Policy"). The Policy guarantees the scheduled payment of principal of and interest on the Bonds when due as set forth in the form of the Policy included as "APPENDIX B – SPECIMEN MUNICIPAL BOND INSURANCE POLICY."

The Policy is not covered by any insurance security or guaranty fund established under New York, California, Connecticut or Florida insurance law.

Build America Mutual Assurance Company

BAM is a New York domiciled mutual insurance corporation and is licensed to conduct financial guaranty insurance business in all fifty states of the United States and the District of Columbia. BAM provides credit

enhancement products solely to issuers in the U.S. public finance markets. BAM will only insure obligations of states, political subdivisions, integral parts of states or political subdivisions or entities otherwise eligible for the exclusion of income under section 115 of the U.S. Internal Revenue Code of 1986, as amended. No member of BAM is liable for the obligations of BAM.

The address of the principal executive offices of BAM is: 200 Liberty Street, 27th Floor, New York, New York 10281, its telephone number is: 212-235-2500, and its website is located at: www.buildamerica.com.

BAM is licensed and subject to regulation as a financial guaranty insurance corporation under the laws of the State of New York and in particular Articles 41 and 69 of the New York Insurance Law.

BAM's financial strength is rated "AA/Stable" by S&P Global Ratings, a business unit of Standard & Poor's Financial Services LLC ("S&P"). An explanation of the significance of the rating and current reports may be obtained from S&P at www.standardandpoors.com. The rating of BAM should be evaluated independently. The rating reflects the S&P's current assessment of the creditworthiness of BAM and its ability to pay claims on its policies of insurance. The above rating is not a recommendation to buy, sell or hold the Bonds, and such rating is subject to revision or withdrawal at any time by S&P, including withdrawal initiated at the request of BAM in its sole discretion. Any downward revision or withdrawal of the above rating may have an adverse effect on the market price of the Bonds. BAM only guarantees scheduled principal and scheduled interest payments payable by the issuer of the Bonds on the date(s) when such amounts were initially scheduled to become due and payable (subject to and in accordance with the terms of the Policy), and BAM does not guarantee the market price or liquidity of the Bonds, nor does it guarantee that the rating on the Bonds will not be revised or withdrawn.

Capitalization of BAM

BAM's total admitted assets, total liabilities, and total capital and surplus, as of September 30, 2020, and as prepared in accordance with statutory accounting practices prescribed or permitted by the New York State Department of Financial Services were \$505.3 million, \$158.1 million and \$347.2 million, respectively.

BAM is party to a first loss reinsurance treaty that provides first loss protection up to a maximum of 15% of the par amount outstanding for each policy issued by BAM, subject to certain limitations and restrictions.

BAM's most recent Statutory Annual Statement, which has been filed with the New York State Insurance Department and posted on BAM's website at www.buildamerica.com, is incorporated herein by reference and may be obtained, without charge, upon request to BAM at its address provided above (Attention: Finance Department). Future financial statements will similarly be made available when published.

BAM makes no representation regarding the Bonds or the advisability of investing in the Bonds. In addition, BAM has not independently verified, makes no representation regarding, and does not accept any responsibility for the accuracy or completeness of this Official Statement or any information or disclosure contained herein, or omitted herefrom, other than with respect to the accuracy of the information regarding BAM, supplied by BAM and presented under "MUNICIPAL BOND INSURANCE."

Additional Information Available from BAM

Credit Insights Videos: For certain BAM-insured issues, BAM produces and posts a brief Credit Insights video that provides a discussion of the obligor and some of the key factors BAM's analysts and credit committee considered when approving the credit for insurance. The Credit Insights videos are easily accessible on BAM's website at buildamerica.com/creditsights/. (The preceding website address is provided for convenience of reference only. Information available at such address is not incorporated herein by reference.)

Credit Profiles: Prior to the pricing of bonds that BAM has been selected to insure, BAM may prepare a pre-sale Credit Profile for those bonds. These pre-sale Credit Profiles provide information about the sector designation (e.g. general obligation, sales tax); a preliminary summary of financial information and key ratios; and demographic and economic data relevant to the obligor, if available. Subsequent to closing, for any offering that includes bonds insured by BAM, any pre-sale Credit Profile will be updated and superseded by a final Credit Profile to include information about the gross par insured by CUSIP, maturity and coupon. BAM pre-sale and final Credit Profiles are easily accessible on BAM's website at buildamerica.com/obligor/. BAM will produce a Credit Profile for all bonds insured by BAM, whether or not a pre-sale Credit Profile has been prepared for such bonds. (The preceding website address is provided for convenience of reference only. Information available at such address is not incorporated herein by reference.)

Disclaimers: The Credit Profiles and the Credit Insights videos and the information contained therein are not recommendations to purchase, hold or sell securities or to make any investment decisions. Credit-related and other analyses and statements in the Credit Profiles and the Credit Insights videos are statements of opinion as of the date expressed, and BAM assumes no responsibility to update the content of such material. The Credit Profiles and Credit Insight videos are prepared by BAM; they have not been reviewed or approved by the issuer of or the underwriter for the Bonds, and the issuer and underwriter assume no responsibility for their content.

BAM receives compensation (an insurance premium) for the insurance that it is providing with respect to the Bonds. Neither BAM nor any affiliate of BAM has purchased, or committed to purchase, any of the Bonds, whether at the initial offering or otherwise.

RATINGS

The Bonds are expected to receive an insured rating of “AA” from S&P solely in reliance upon the issuance of the municipal bond insurance policy by BAM at the time of delivery of the Bonds. An explanation of the significance of a rating may be obtained from the company furnishing the rating. The rating reflects only the respective view of such company, and the District makes no representation as to the appropriateness of the rating. There is no assurance that such rating will continue for any given period of time or that it will not be revised downward or withdrawn entirely by such rating company, if, in the judgment of such company, circumstances so warrant. Any such downward revision or withdrawal of such rating may have an adverse effect of the market price of the Bonds.

The District is not aware of any ratings assigned the Bonds other than the rating of S&P.

[Remainder of Page Intentionally Left Blank]

OFFICIAL STATEMENT SUMMARY

The following material is qualified in its entirety by the more detailed information and financial statements appearing elsewhere in this Official Statement. The offering of the Bonds to potential investors is made only by means of this entire Official Statement. No person is authorized to detach this summary from this Official Statement or to otherwise use it without the entire Official Statement.

THE BONDS

- Description..... The \$5,920,000 Montgomery County Municipal Utility District No. 121 Unlimited Tax Bonds, Series 2021 (the "Bonds") are dated February 1, 2021, and mature on September 1 in the years and amounts set forth on the inside cover. Interest accrues from February 1, 2021, at the rates per annum set forth on the inside cover and is payable September 1, 2021, and each March 1 and September 1 thereafter until maturity or earlier redemption. The Bonds are offered in fully registered form in integral multiples of \$5,000 of principal amount for any one maturity. See "THE BONDS - General."

- Redemption Provisions Bonds maturing on and after September 1, 2026, are subject to redemption, in whole or from time to time in part, at the option of Montgomery County Municipal Utility District No. 121 (the "District") on September 1, 2025, and on any date thereafter at a price of par plus accrued interest from the most recent interest payment date to the date of redemption. See "THE BONDS - Redemption Provisions - *Optional Redemption*."

Bonds maturing on September 1 in the years 2028, 2037, 2039, 2043 and 2045 are term bonds and are also subject to the mandatory redemption provisions set forth herein. See "THE BONDS - Redemption Provisions - *Mandatory Redemption*."

- Source of Payment Principal of and interest on the Bonds are payable from the proceeds of a continuing direct annual ad valorem tax levied upon all taxable property within the District without legal limitation as to rate or amount. The Bonds are obligations solely of the District and are not obligations of the State of Texas ("Texas"); Montgomery County, Texas (the "County"); the City of Conroe, Texas (the "City"); or any other political subdivision or entity other than the District. See "THE BONDS - Source of Payment."

- Payment Record..... The Bonds constitute the first issuance of bonded indebtedness by the District.

- Authority for Issuance..... The Bonds constitute the first series of unlimited tax bonds issued by the District for the purpose of acquiring or constructing water, wastewater, and drainage facilities to serve the District (the "System"). Voters in the District have authorized a total of \$136,920,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing water, wastewater, and drainage facilities to serve the District and for the purpose of refunding such bonds. Additionally, the voters in the District have authorized a total of \$28,980,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing parks and recreational facilities to serve the District and for the purpose of refunding such bonds, and \$50,160,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing road improvements to serve the District and for the purpose of refunding such bonds. Following the issuance of the Bonds, \$131,000,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing the System and for the purpose of refunding such bonds, \$28,980,000 principal amount of unlimited

tax bonds for the purpose of acquiring or constructing the parks and recreational facilities to serve the District and for the purpose of refunding such bonds, and \$50,160,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing road improvements to serve the District and for the purpose of refunding such bonds will remain authorized and unissued. The Bonds, when issued will constitute valid and binding obligations of the District, payable from the proceeds of a continuing, direct annual ad valorem tax, without legal limitation as to rate or amount, levied against all taxable property within the District. See “THE BONDS – Source of Payment.”

The Bonds are issued pursuant to an order by the Texas Commission on Environmental Quality (the “TCEQ”); Article XVI, Section 59 of the Texas Constitution and general laws of Texas, including Chapters 49 and 54, Texas Water Code, as amended; Chapter 8211 of the Texas Special District Local Laws Code; a resolution authorizing issuance of the Bonds (the “Bond Resolution”) adopted by the Board of Directors of the District (the “Board”); and an election held within the boundaries of the District on November 7, 2017. See “THE BONDS – Authority for Issuance” and “THE BONDS – Issuance of Additional Debt.”

Short-Term Debt..... In connection with the Bonds, the District issued its \$3,518,000 Bond Anticipation Note, Series 2020 (the “BAN”), dated June 22, 2020. The BAN accrues interest at a rate of 3.000% per year (computed on the basis of a 365-day year and the actual days elapsed) and matures on June 21, 2021. See “THE BONDS – Short-Term Debt.”

Use of Proceeds Proceeds from the Bonds will be used to redeem the BAN, the proceeds of which were used to reimburse the Developer (herein defined) for a portion of the improvements and related costs shown under “USE AND DISTRIBUTION OF BOND PROCEEDS.” Additionally, proceeds from the Bonds will also be used to reimburse the Developer for the improvements and related costs that were not reimbursed by the BAN, to pay developer interest, to pay developer advances, to pay creation costs, to pay market study costs, to pay BAN interest, to pay 18 months of capitalized interest and to pay other certain costs associated with the issuance of the BAN and the Bonds. See "USE AND DISTRIBUTION OF BOND PROCEEDS."

Municipal Bond Insurance Build America Mutual Assurance Company (“BAM”). See “MUNICIPAL BOND INSURANCE.”

Ratings..... S&P Global Ratings (BAM Insured): “AA.” See “RATINGS.”

Not Qualified Tax-Exempt Obligations The District has NOT designated the Bonds as "Qualified Tax-Exempt Obligations" for financial institutions. See "TAX MATTERS – NOT Qualified Tax-Exempt Obligations".

General & Bond Counsel..... The Muller Law Group, PLLC, Sugar Land, Texas.

Disclosure Counsel Orrick, Herrington & Sutcliffe LLP, Houston, Texas.

Financial Advisor Robert W. Baird & Co. Incorporated, Houston, Texas.

Engineer LJA Engineering, Inc., Houston, Texas.

THE DISTRICT

The Issuer The District was created under Section 59, Article XVI, and Section 52, Article III, Texas Constitution by Senate Bill 1965 of the Texas Legislature, 80th Regular Session, as codified in Chapter 8211 of the

Texas Special District Local Laws Code. The District is part of an approximate 3,150-acre master-planned community known as "Woodforest." At the time of creation, the District contained approximately 503.17 acres. The District has since approved an Order Excluding Land dated May 20, 2015, which excluded approximately 357.06 acres. The District has also approved an Order Adding Land dated February 15, 2017 and November 16, 2020. With these orders the District annexed approximately 334.26 acres. The District currently consists of approximately 480.37 acres. See "THE DISTRICT - General."

- Location The District is located in the Central part of Montgomery County, approximately 38 miles northwest of downtown Houston, Texas. The District is approximately 6.5 miles west of Interstate Highway 45 and approximately 4 miles north of FM 1488. The District is located within the master planned community of Woodforest, north of Lake Creek. The District is not located within any city's corporate limits but is within the extraterritorial jurisdiction of the City of Conroe. The District is generally bounded on the North by existing Ridge Lake Shores Development, on the East by undeveloped acreage, on the South by Lake Creek and on the West by Mound Creek. See "LOCATION MAP."

- Developer and Principal Landowner..... Woodforest Development, Inc. (the "Developer"), a Texas corporation, is the developer in the District. Its president is Larry D. Johnson of Johnson Development Corp. The Developer currently owns approximately 434.23 acres in the District.

- Development within the District..... To date, land within the District is being developed as the single-family subdivisions of Woodforest, Sections 67, 74, 75, 76, 77, 83, 84, 85, 89, 90, 92, and 101; Pine Island, Section 3; and Noble Greens, Section 1 (aggregating approximately 130.17 acres and 516 single-family lots). As of November 1, 2020, the District consisted of 149 complete and occupied homes, 33 complete and unoccupied homes, 9 model homes, 71 homes under construction, and 254 vacant developed lots. The District contains approximately 343 undeveloped but developable acres and approximately 122 undevelopable acres. See "DEVELOPMENT WITHIN THE DISTRICT."

- Homebuilders Active Within the District.. Homebuilders active within the District include Chesmar Homes, Highland Homes, Huntington Homes, Lennar, Perry Homes, Tipler Luxury Homes, and Westin Homes. The homes being marketed in the District range in price from approximately \$200,000 to over \$800,000.

- Woodforest..... All residential development within Woodforest has occurred within the District and Montgomery County Municipal Utility District No. 113. Within Woodforest, the Developer has facilitated the construction of 10 parks and open playgrounds; an approximately 14 mile trail system; 5 fountains; 4 lakes; a baseball field; 3 soccer fields; a dog park; a multi-sport sportsplex center; a driving range; 27-hole golf course, including a renovated clubhouse; and a nature park. The Developer has also constructed Forest Island, a 20-acre recreational facility that includes a 6,500 square foot resort-style pool; a 10,000 square foot pool deck; a 5 lane lap pool; 2 water slides; a basketball court; a 5,000 square foot splash pad; 6 tennis courts; restroom facilities; a playground area; and a food vending area. There is also a member-only 10,000 square foot clubhouse for the Bonterra at Woodforest Active-Adult Community. In addition, Conroe Independent School District has constructed an elementary

school within Woodforest. Fire protection service within Woodforest is provided by Montgomery County Emergency Services District No. 3, which has constructed a fire station within Woodforest. The Church at Woodforest, hosted financially by The Woodlands United Methodist Church, has occupied its Phase I - 19,000 square foot worship center. Other Retail/Commercial development includes 92,947 square feet of mixed-use development, with an additional 181,250 square feet of mixed-use retail in construction. See "WOODFOREST."

INFECTIOUS DISEASE OUTBREAK – COVID-19

Infectious Disease Outbreak – COVID-19.. The World Health Organization has declared a pandemic following the outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus (the "Pandemic"), which is currently affecting many parts of the world, including the United States and Texas. On January 31, 2020, the Secretary of the United States Health and Human Services Department declared a public health emergency for the United States in connection with COVID-19. On March 13, 2020, the President of the United States (the "President") declared the Pandemic a national emergency and the Governor of Texas (the "Governor") declared COVID-19 an imminent threat of disaster for all counties in Texas (collectively, the "Disaster Declarations"). On March 25, 2020, in response to a request from the Governor, the President issued a Major Disaster Declaration for Texas.

Since the Disaster Declarations were made, the Pandemic has negatively affected travel, commerce, and financial markets locally and globally, and is widely expected to continue negatively affecting economic growth and financial markets worldwide and within Texas. Stock values and crude oil prices, in the U.S. and globally, have seen significant declines attributed to COVID-19 concerns. Texas may be particularly at risk from any global slowdown, given the prevalence of international trade in the state and the risk of contraction in the oil and gas industry and spillover effects into other industries.

Such adverse economic conditions, if they continue, could result in declines in the demand for residential, commercial, and mixed-use property in the area in, and surrounding, the District and could reduce or negatively affect property values or development activity within the District. The Bonds are secured by an unlimited ad valorem tax, and a reduction in property values may require an increase in the ad valorem tax rate required to pay the Bonds as well as the District's share of operations and maintenance expenses payable from ad valorem taxes.

The District continues to monitor the spread of COVID-19 and the potential impact of COVID-19 on the District. While the potential impact of COVID-19 on the District cannot be quantified at this time, the continued outbreak of COVID-19 could have an adverse effect on the District's operations and financial condition. The financial and operating data contained herein are the latest available but may not be reflective of the full economic impact of the Pandemic and measures instituted to slow it. Accordingly, they are not indicative of the economic impact of the Pandemic on the District's financial condition. See "RISK FACTORS – Infectious Disease Outbreak – Covid-19."

RISK FACTORS

THE BONDS ARE SUBJECT TO CERTAIN RISK FACTORS. PROSPECTIVE PURCHASERS SHOULD CAREFULLY EXAMINE THE ENTIRE OFFICIAL STATEMENT BEFORE MAKING AN INVESTMENT DECISION, INCLUDING PARTICULARLY THE SECTION OF THE OFFICIAL STATEMENT ENTITLED "RISK FACTORS."

- (a) Represents the assessed valuation of all taxable property within the District as of January 1, 2020, provided by the Appraisal District (herein defined). See "TAX DATA" and "TAXING PROCEDURES."
- (b) Provided by the Appraisal District for informational purposes only, this amount is an estimate of the assessed valuation of all taxable property located within the District as of November 1, 2020, and includes an estimate of valuations resulting from the construction of taxable improvements from January 1, 2020, through November 1, 2020. No taxes will be levied against this amount. See "TAX DATA" and "TAXING PROCEDURES."
- (c) See "TAX DATA - Tax Rate Calculations."
- (d) See "DISTRICT DEBT - Debt Service Requirement Schedule."

OFFICIAL STATEMENT

\$5,920,000

MONTGOMERY COUNTY MUNICIPAL UTILITY DISTRICT NO. 121 (A Political Subdivision of the State of Texas, located within Montgomery County)

Unlimited Tax Bonds, Series 2021

INTRODUCTION

This Official Statement provides certain information in connection with the issuance by Montgomery County Municipal Utility District No. 121 (the "District") of its \$5,920,000 Unlimited Tax Bonds, Series 2021 (the "Bonds").

The Bonds are issued pursuant to an order by the Texas Commission on Environmental Quality (the "TCEQ"); Article XVI, Section 59 of the Texas Constitution and general laws of Texas, including Chapters 49 and 54, Texas Water Code, as amended; Chapter 8211 of the Texas Special District Local Laws Code; a resolution authorizing issuance of the Bonds (the "Bond Resolution") adopted by the Board of Directors of the District (the "Board"); and an election held within the boundaries of the District on November 7, 2017.

Unless otherwise indicated, capitalized terms used in this Official Statement have the same meaning assigned to such terms in the Bond Resolution.

Included in this Official Statement are descriptions of the Bonds and certain information about the District and its finances. ALL DESCRIPTIONS OF DOCUMENTS CONTAINED HEREIN ARE ONLY SUMMARIES AND ARE QUALIFIED IN THEIR ENTIRETY BY REFERENCE TO EACH SUCH DOCUMENT. Copies of such documents may be obtained from the District at The Muller Law Group, PLLC, 202 Century Square Boulevard, Sugar Land, Texas 77478 or during the offering period from the District's Financial Advisor, Robert W. Baird and Co. Incorporated, Attn: Jan Bartholomew, 1331 Lamar Street, Suite 1360, Houston, Texas 77010 upon payment of reasonable copying, mailing and handling charges.

RISK FACTORS

General

The Bonds, which are obligations of the District and are not obligations of Texas; Montgomery County, Texas (the "County"); the City of Conroe, Texas (the "City") or any political subdivision, will be secured by a continuing, direct, annual ad valorem tax, levied without legal limitation as to rate or amount, on all property located within the District. See "THE BONDS – Source of Payment." The ultimate security for payment of the principal of and interest on the Bonds depends on the ability of the District to collect from the property owners within the District all taxes levied against the property, or in the event of foreclosure, on the value of the taxable property with respect to taxes levied by the District and by other taxing authorities. The collection by the District of delinquent taxes owed to it and the enforcement by the registered owners of the District's obligations to collect sufficient taxes may be a costly and lengthy process. Furthermore, the District cannot and does not make any representations that continued development of property within the District will accumulate or maintain taxable values sufficient to justify continued payment by property owners or that there will be a market for the property. See "Bankruptcy Limitation to Registered Owners' Rights" below.

Economic Factors: The rate of development within the District is directly related to the vitality of the single-family housing industry in the City of Houston, Texas ("Houston") metropolitan area. New single-family housing construction can be significantly affected by factors such as interest rates, construction costs, and consumer demand. Decreased levels of such construction activity would restrict the growth of property values in the District. The District cannot predict the pace or magnitude of any future development in the District. See "DEVELOPMENT WITHIN THE DISTRICT."

Location and Access: The District is located in an outlying area of the Houston metropolitan area, approximately 38 miles northwest from the central business district of Houston. Many of the single-family developments with which the District competes are in a more developed state and have lower taxes. As a result, particularly during times of increased competition, the Developer within the District may be at a competitive disadvantage to the developer in other single-family projects located closer to major urban centers or in a more developed state. See "THE DISTRICT" and "DEVELOPMENT WITHIN THE DISTRICT."

Competition: The demand for and construction of taxable improvements in the District could be affected by competition from other developments near the District. In addition to competition for new single-family home sales from other developments, there are numerous previously-owned single-family homes in more established commercial centers and neighborhoods closer to Houston that are for sale. Such existing developments could represent additional competition for new development proposed to be constructed within the District.

The competitive position of the Developer in the sale of the land, and the sale or leasing of residents is affected by most of the factors discussed in this section. Such a competitive position is directly related to the growth and maintenance of taxable values in the District and tax revenues to be received by the District. The District can give no assurance that building and marketing programs in the District by the Developer will be implemented or, if implemented, will be successful.

Dependence on Principal Taxpayers: The ability of any principal landowner to make full and timely payments of taxes levied against its property by the District and similar taxing authorities will directly affect the District's ability to meet its debt service obligations. As illustrated in this Official Statement under "TAX DATA – Principal Taxpayers," the District's principal taxpayers in 2020 owned property located within the District which comprised approximately 33.648% of the District's total 2020 assessed valuation. The Developer owns approximately 4.443% of the District's 2020 assessed valuation. In the event that the Developer, any other taxpayer, or any combination of taxpayers, should default in the payment of taxes in an amount which exceeds the District's debt service fund surplus, the ability of the District to make timely payment of debt service on the Bonds will be dependent on its ability to enforce and liquidate its tax liens, which is a time-consuming process. Failure to recover or borrow funds in a timely fashion could result in an excessive District tax rate. The District is not required by law or the Bond Resolution to maintain any specified amount of surplus in its interest and sinking fund. See "THE DEVELOPER AND PRINCIPAL LANDOWNER," "TAX DATA – Principal Taxpayers," and "TAXING PROCEDURES – Levy and Collection of Taxes."

Developer Under No Obligation to the District: The Developer has informed the District of its current plans to continue to develop land in the District for residential purposes. However, the Developer is not obligated to implement such plan on any particular schedule or at all. Thus, the furnishing of information related to the proposed development by the Developer should not be interpreted as such a commitment. The District makes no representation about the probability of development continuing in a timely manner or about the ability of the Developer, or any other subsequent landowners to whom a party may sell all or a portion of their holdings within the District, to implement any plan of development. Furthermore, there is no restriction on the Developer's right to sell its land. The District can make no prediction as to the effects that current or future economic or governmental circumstances may have on any plans of the Developer. Failure to construct taxable improvements on developed lots and tracts and failure of the Developer to develop its land would restrict the rate of growth of taxable value in the District. The District is also dependent upon the Developer and its affiliate, WPLP (see "TAX DATA – Principal Taxpayers") for the timely payment of ad valorem taxes, and the District cannot predict what the future financial condition of the Developer and WPLP will be or what effect, if any, such conditions may have on their collective and respective ability to pay taxes. See "THE DEVELOPER AND PRINCIPAL LANDOWNER" and "DEVELOPMENT WITHIN THE DISTRICT."

Impact on District Tax Rates: Assuming no further development or construction of taxable improvements, the value of the land and improvements currently within the District will be the major determinant of the ability or willingness of property owners within the District to pay their taxes. The 2020 Assessed valuation of property located within the District is \$33,366,984 and the estimate of assessed valuation as of November 1, 2020, is \$78,305,780 (see "TAX DATA"). After issuance of the Bonds, the maximum annual debt service requirement for the Bonds will be \$362,100 (2045) and the average annual debt service requirement for the Bonds will be \$313,091 (2021 through 2045, inclusive). Based on the 2020 Assessed valuation and no use of funds on hand, a tax rate of \$1.15 per \$100 of assessed valuation, at a 95% collection rate, would be necessary to pay the maximum annual debt service requirement for the Bonds and a tax rate of \$0.99 per \$100 of assessed valuation, at a 95% tax collection rate, would be necessary to pay the average annual debt service requirement for the Bonds. Based on the estimate of assessed valuation as of November 1, 2020, and no use of funds on hand, a tax rate of \$0.49 per \$100 of assessed valuation, at a 95% collection rate, would be necessary to pay the maximum annual debt service requirement for the bonds and a tax rate of \$0.43 per \$100

of assessed valuation, at a 95% tax collection rate, would be necessary to pay the average annual debt service requirement for the Bonds.

Tax Collections and Foreclosure Remedies

The District has a right to seek judicial foreclosure on a tax lien, but such remedy may prove to be costly and time consuming and, since the future market or resale market, if any, of the taxable real property within the District is uncertain, there can be no assurance that such property could be sold and delinquent taxes paid. See "TAXING PROCEDURES."

Limitation to Registered Owners' Remedies

In the event of default in the payment of principal or interest on the Bonds, the Registered Owners have the right to seek a writ of mandamus, requiring the District to levy adequate taxes each year to make such payments. Except for mandamus, the Bond Resolution does not specifically provide for remedies to protect and enforce the interest of the Registered Owners. There is no acceleration of maturity of the Bonds in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year.

Bankruptcy Limitation to Registered Owners' Rights

The enforceability of the rights and remedies of registered owners of the Bonds may be limited by laws relating to bankruptcy, reorganization, or other similar laws of general application affecting the rights of creditors of political subdivisions such as the District. Subject to the requirements of Texas law discussed below, a political subdivision such as the District may voluntarily file a petition for relief from creditors under Chapter 9 of the U.S. Bankruptcy Code, 11 USC sections 901-946. The filing of such petition would automatically stay the enforcement of Registered Owners' remedies, including mandamus and the foreclosure of tax liens upon property within the District discussed above. The automatic stay would remain in effect until the federal bankruptcy judge hearing the case dismisses the petition, enters an order granting relief from the stay or otherwise allows creditors to proceed against the petitioning political subdivision. A political subdivision, such as the District, may qualify as a debtor eligible to proceed in a Chapter 9 case only if it (1) is generally authorized to file for federal bankruptcy protection by applicable state law, (2) is insolvent or unable to meet its debts as they mature, (3) desires to effect a plan to adjust such debts, and (4) has either obtained the agreement of or has negotiated in good faith with its creditors or is unable to negotiate with its creditors because negotiations are impracticable. Under Texas law, a municipal utility district, such as the District, must obtain the approval of the TCEQ as a condition to seeking relief under the U.S. Bankruptcy Code. The TCEQ is required to investigate the financial condition of a financially troubled district and authorize such district to proceed under federal bankruptcy law only if such district has fully exercised its right and powers under Texas law and remains unable to meet its debts and other obligations as they mature.

Notwithstanding noncompliance by a district with Texas law requirements, a district could file a voluntary bankruptcy petition under Chapter 9, thereby involving the protection of the automatic stay until the bankruptcy court, after a hearing, enters an order granting relief from the stay or dismisses the petition. A federal bankruptcy court is a court of equity and federal bankruptcy judges have considerable discretion in the conduct of bankruptcy proceedings and in determining the decision of whether to grant the petitioning district relief from its creditors. While such a decision might be applicable, the concomitant delay and loss of remedies to the Registered Owners could potentially and adversely impair the value of the Registered Owners' claims.

If a petitioning district were allowed to proceed voluntarily under Chapter 9 of the U.S. Bankruptcy Code, it could file a plan for an adjustment of its debts. If such a plan were confirmed by the bankruptcy court, it could, among other things, affect a Registered Owner by reducing or eliminating the amount of indebtedness, deferring or rearranging the debt service schedule, reducing or eliminating the interest rate, modifying or abrogating collateral or security arrangements, substituting (in whole or in part) other securities, and otherwise compromising and modifying the rights and remedies of the registered owner's claim against a district. A district cannot be placed into bankruptcy involuntarily.

Environmental Regulations

Wastewater treatment, water supply, storm sewer facilities and construction activities within the District are subject to complex environmental laws and regulations at the federal, state and local levels that may require or prohibit certain activities that affect the environment, such as:

- Requiring permits for construction and operation of water wells, wastewater treatment and other facilities;

- Restricting the manner in which wastes are treated and released into the air, water and soils;
- Restricting or regulating the use of wetlands or other properties; or
- Requiring remedial action to prevent or mitigate pollution.

Sanctions against a municipal utility district or other type of special purpose district for failure to comply with environmental laws and regulations may include a variety of civil and criminal enforcement measures, including assessment of monetary penalties, imposition of remedial requirements and issuance of injunctions to ensure future compliance. Environmental laws and compliance with environmental laws and regulations can increase the cost of planning, designing, constructing and operating water production and wastewater treatment facilities. Environmental laws can also inhibit growth and development within the District. Further, changes in regulations occur frequently, and any changes that result in more stringent and costly requirements could materially impact the District.

Air Quality Issues: Air quality control measures required by the United States Environmental Protection Agency (the “EPA”) and the TCEQ may impact new industrial, commercial and residential development in the Houston area. Under the Clean Air Act (“CAA”) Amendments of 1990, the eight-county Houston Galveston area (“HGB area”) – Harris, Galveston, Brazoria, Chambers, Fort Bend, Waller, Montgomery and Liberty counties – has been designated a nonattainment area under three separate federal ozone standards: the one-hour (124 parts per billion (“ppb”)) and eight-hour (84 ppb) standards promulgated by the EPA in 1997 (“the 1997 Ozone Standards”); the tighter, eight-hour ozone standard of 75 ppb promulgated by the EPA in 2008 (“the 2008 Ozone Standard”), and the EPA’s most-recent promulgation of an even lower, 70 ppb eight-hour ozone standard in 2015 (“the 2015 Ozone Standard”). While Texas has been able to demonstrate steady progress and improvements in air quality in the HGB area, the HGB area remains subject to CAA nonattainment requirements.

The HGB area is currently designated as a severe ozone nonattainment area under the the 1997 Ozone Standards. While the EPA has revoked the 1997 Ozone Standards, EPA historically has not formally redesignated nonattainment areas for a revoked standard. As a result, the HGB area remained subject to continuing severe nonattainment area “anti-backsliding” requirements, despite the fact that HGB area air quality has been attaining the 1997 Ozone Standards since 2014. In late 2015, EPA approved the TCEQ’s “redesignation substitute” for the HGB area under the revoked 1997 Ozone Standards, leaving the HGB area subject only to the nonattainment area requirements under the 2008 Ozone Standard (and later, the 2015 Ozone Standard).

In February 2018, the U.S. Court of Appeals for the District of Columbia Circuit issued an opinion in *South Coast Air Quality Management District v. EPA*, 882 F.3d 1138 (D.C. Cir. 2018) vacating the EPA redesignation substitute rule that provided the basis for EPA’s decision to eliminate the anti-backsliding requirements that had applied in the HGB area under the 1997 Ozone Standard. The court has not responded to EPA’s April 2018 request for rehearing of the case. To address the uncertainty created by the *South Coast* court’s ruling, the TCEQ has developed a formal request that the HGB area be redesignated to attainment under the 1997 Ozone Standards. The TCEQ Commissioners approved publication of a proposed HGB area redesignation request under the 1997 Ozone Standards on September 5, 2018.

In order to demonstrate progress toward attainment of the EPA’s ozone standards, the TCEQ established a State Implementation Plan (“SIP”) for the HGB Area setting emission control requirements, some of which regulate the inspection and use of automobiles. These types of measures could impact how people travel, what distances people are willing to travel, where people choose to live and work, and what jobs are available in the HGB Area. These SIP requirements can negatively impact business due to the additional permitting/regulatory constraints that accompany this designation and because of the community stigma associated with a nonattainment designation. It is possible that additional controls will be necessary to allow the HGB Area to reach attainment with the ozone standards by the EPA’s attainment deadlines. These additional controls could have a negative impact on the HGB Area’s economic growth and development.

The HGB area is currently designated as a “moderate” nonattainment area under the 2008 Ozone Standard. On November 14, 2018, the EPA published a proposed rule relating to the attainment date for 11 areas classified as “moderate” for the 2008 ozone NAAQS, including the HGB area (the “Proposed Rule”). In its proposed rule, the EPA identified HGB as one of seven areas that failed to attain the standards by the attainment date. The effect of failing to attain by the attainment date is such that the area will be reclassified by operation of law to “Serious” upon the effective date of the final reclassification notice. Consequently, the responsible state agency,

must submit SIP revisions required to satisfy the statutory and regulatory requirements for Serious areas for the 2008 ozone NAAQS.

In response to the Proposed Rule, the TCEQ submitted comments on December 11, 2018 and requested a hearing to provide testimony to the EPA regarding disagreement with the EPA's proposed deadlines for various SIP requirements including the proposed SIP submittal deadline for attainment demonstration and reasonable further progress SIP revisions and the proposed implementation deadline for reasonably available control technology ("RACT"). In the TCEQ's comments, the TCEQ recommended alternative SIP submittal and RACT implementation deadlines to account for the significant time, effort, and resources required for SIP development and to allow affected entities time to comply with the new rule requirements.

The EPA received multiple requests for a public hearing in response to the Proposed Rule and subsequently held a public hearing on February 15, 2019. In addition, the time allowed for public comment was reopened from February 8, 2019 until February 22, 2019.

The HGB area is currently designated as a "marginal" nonattainment area under the 2015 Ozone Standard. For purposes of the 2015 Ozone Standard, the HGB area consists of only six counties: Brazoria, Chambers, Fort Bend, Galveston, Harris, and Montgomery Counties. The attainment deadline is August 3, 2021 for the 2015 Ozone Standard.

If the EPA ultimately determines that the HGB Area has failed to meet the attainment deadline based on the relevant data, the area is subject to reclassification to a nonattainment classification that provides for more-stringent controls on emissions from the industrial sector. In addition, the EPA may impose a moratorium on the awarding of federal highway construction grants and other federal grants for certain public works construction projects if it finds that an area fails demonstrate progress in reducing ozone levels.

Water Supply & Discharge Issues: Water supply and discharge regulations that municipal utility districts, including the District, may be required to comply with involve: (1) groundwater well permitting and surface water appropriation; (2) public water supply systems; (3) wastewater discharges from treatment facilities; (4) storm water discharges; and (5) wetlands dredge and fill activities. Each of these is addressed below:

Pursuant to the federal Safe Drinking Water Act ("SDWA") and the EPA's National Primary Drinking Water Regulations ("NPDWRs"), which are implemented by the TCEQ's Water Supply Division, a municipal utility district's provision of water for human consumption is subject to extensive regulation as a public water system.

Municipal utility districts must generally provide treated water that meets the primary and secondary drinking water quality standards adopted by the TCEQ, the applicable disinfectant residual and inactivation standards, and the other regulatory action levels established under the agency's rules. The EPA has established NPDWRs for more than ninety (90) contaminants and has identified and listed other contaminants which may require national drinking water regulation in the future.

Texas Pollutant Discharge Elimination System ("TPDES") permits set limits on the type and quantity of discharge, in accordance with state and federal laws and regulations. The TCEQ reissued the TPDES Construction General Permit (TXR150000), with an effective date of March 5, 2018, which is a general permit authorizing the discharge of stormwater runoff associated with small and large construction sites and certain nonstormwater discharges into surface water in the state. It has a 5-year permit term, and is then subject to renewal. Moreover, the Clean Water Act ("CWA") and Texas Water Code require municipal wastewater treatment plants to meet secondary treatment effluent limitations and more stringent water quality-based limitations and requirements to comply with the Texas water quality standards. Any water quality-based limitations and requirements with which a municipal utility district must comply may have an impact on the municipal utility district's ability to obtain and maintain compliance with TPDES permits.

The TCEQ issued the General Permit for Phase II (Small) Municipal Separate Storm Sewer Systems (the "MS4 Permit") on January 24, 2019. The MS4 Permit authorizes the discharge of stormwater to surface water in the state from small municipal separate storm sewer systems. While the District is currently not subject to the MS4 Permit, if the District's inclusion were required at a future date, the District could incur substantial costs to develop, implement, and maintain the necessary plans as well as to install or implement best management practices to minimize or eliminate unauthorized pollutants that may otherwise be found in stormwater runoff in order to comply with the MS4 Permit.

In 2015, the EPA and the United States Army Corps of Engineers ("USACE") promulgated a rule known as the Clean Water Rule ("CWR") aimed at redefining "waters of the United States" over which the EPA and USACE have jurisdiction under the CWA. The CWR significantly expands the scope of the federal government's CWA

jurisdiction over intrastate water bodies and wetlands. The CWR could have an adverse impact on municipal utility districts, including the District, particularly with respect to jurisdictional wetland determinations, and could increase the size and scope of activities requiring USACE permits. The CWR has been challenged in various jurisdictions, including the Southern District of Texas, and the litigation challenging the CWR is still pending.

On September 12, 2019, the EPA and USACE finalized a rule repealing the CWR, thus reinstating the regulatory text that existed prior to the adoption of the CWR. This repeal officially became final on December 23, 2019, but the repeal has itself become the subject of litigation in multiple jurisdictions.

On January 23, 2020, the EPA and USACE released the Navigable Waters Protection Rule (“NWPR”), which contains a new definition of “waters of the United States.” The stated purpose of the NWPR is to restore and maintain the integrity of the nation’s waters by maintaining federal authority over the waters Congress has determined should be regulated by the federal government, while preserving the states’ primary authority over land and water resources. The new definition outlines four categories of waters that are considered “waters of the United States,” and thus federally regulated under the CWA: (i) territorial seas and traditional navigable waters; (ii) perennial and intermittent tributaries to territorial seas and traditional navigable waters; (iii) certain lakes, ponds, and impoundments of jurisdictional waters; and (iv) wetlands adjacent to jurisdictional waters. The new rule also identifies certain specific categories that are not “waters of the United States,” and therefore not federally regulated under the CWA: (a) groundwater; (b) ephemeral features that flow only in direct response to precipitation; (c) diffuse stormwater runoff and directional sheet flow over upland; (d) certain ditches; (e) prior converted cropland; (f) certain artificially irrigated areas; (g) certain artificial lakes and ponds; (h) certain water-filled depressions and certain pits; (i) certain stormwater control features; (j) certain groundwater recharge, water reuse, and wastewater recycling structures; and (k) waste treatment systems. The NWPR is effective June 22, 2020, and is currently the subject of ongoing litigation.

Due to possible litigation challenging the new rule, there still remains significant uncertainty regarding the ultimate scope of “waters of the United States” and the extent of EPA and USACE jurisdiction. Depending on the final outcome of such proceedings, operations of municipal utility districts, including the District, could potentially be subject to additional restrictions and requirements, including permitting requirements.

Potential Impact of Natural Disaster

The District is located approximately 95 miles from the Texas Gulf Coast and, as it has in the past, could be impacted by wide-spread fires, earthquakes, or weather events such as hurricanes, tornadoes, tropical storms, or other severe weather events that could produce high winds, heavy rains, hail, and flooding. In the event that a natural disaster should damage or destroy improvements and personal property in the District, the assessed value of such taxable properties could be substantially reduced, resulting in a decrease in the taxable assessed valuation of the District or an increase in the District’s tax rates.

There can be no assurance that a casualty will be covered by insurance (certain casualties, including flood, are usually excepted unless specific insurance is purchased), that any insurance company will fulfill its obligation to provide insurance proceeds, or that insurance proceeds will be used to rebuild, repair, or replace any taxable properties in the District that were damaged. Even if insurance proceeds are available and damaged properties are rebuilt, there could be a lengthy period in which assessed values in the District would be adversely affected. There can be no assurance the District will not sustain damage from such natural disasters.

Dependence on the Oil and Gas Industry

Recently, unprecedented volatility in the oil and gas industry due to the unused supply of oil as a result of COVID-19 stay-at-home orders and other mitigation efforts resulted in historic low prices in a key segment of the nation’s oil trading. Adverse developments in economic conditions, particularly in the oil and gas industry, could adversely impact the businesses of taxpayers and the property values in the District, resulting in less local tax revenue. See “RISK FACTORS – Infectious Disease Outbreak – COVID-19.” Texas may be particularly at risk from any global slowdown in the oil and gas industry, given the prevalence of international trade in Texas and the risk of contraction in the oil and gas industry and spillover effects into other industries. Should oil prices remain depressed over a long period of time or other adverse developments in economic conditions were to occur, particularly in the oil and gas industry, these businesses could be adversely impacted.

Infectious Disease Outbreak – COVID 19

The World Health Organization has declared a pandemic following the outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus (the “Pandemic”), which is currently affecting many parts of the

world, including the United States and Texas. On January 31, 2020, the Secretary of the United States Health and Human Services Department declared a public health emergency for the United States in connection with the Pandemic. On March 13, 2020, the President of the United States (the "President") declared the Pandemic a national emergency and the Texas Governor (the "Governor") declared the Pandemic an imminent threat of disaster for all counties in Texas (collectively, the "disaster declarations"). On March 25, 2020, in response to a request from the Governor, the President issued a Major Disaster Declaration for the State of Texas.

Pursuant to Chapter 418 of the Texas Government Code, the Governor has broad authority to respond to disasters, including suspending any regulatory statute prescribing the procedures for conducting state business or any order or rule of a state agency that would in any way prevent, hinder, or delay necessary action in coping with this disaster and issuing executive orders that have the force and effect of law. The Governor has issued a number of executive orders relating to the Pandemic preparedness and mitigation. Many of the federal, state and local actions and policies under the aforementioned disaster declarations are focused on limiting instances where the public can congregate or interact with each other, which affects economic growth within Texas.

Since the disaster declarations were made, the Pandemic has negatively affected travel, commerce, and financial markets locally and globally, and is widely expected to continue negatively affecting economic growth and financial markets worldwide and within Texas. Stock values and crude oil prices, in the U.S. and globally, have seen significant declines attributed to the Pandemic concerns. Texas may be particularly at risk from any global slowdown, given the prevalence of international trade in the state and the risk of contraction in the oil and gas industry and spillover effects into other industries.

Such adverse economic conditions, if they continue, could result in declines in the demand for residential and commercial property in the Houston area and could reduce or negatively affect property values or homebuilding activity within the District. The Bonds are secured by an unlimited ad valorem tax, and a reduction in property values may require an increase in the ad valorem tax rate required to pay the Bonds as well as the District's share of operations and maintenance expenses payable from ad valorem taxes.

While the potential impact of the Pandemic on the District cannot be quantified at this time, the continued outbreak of the Pandemic could have an adverse effect on the District's operations and financial condition. The financial and operating data contained herein may not be reflective of the full economic impact of the Pandemic and measures instituted to slow it. Accordingly, they are not indicative of the economic impact of the Pandemic on the District's financial condition.

Potential Effects of Oil Price Declines on the Houston Area

The recent declines in oil prices in the U.S. and globally, which at times have led to the lowest such prices in three decades, may lead to adverse conditions in the oil and gas industry, including but not limited to reduced revenues, declines in capital and operating expenditures, business failures, and layoffs of workers. The economy of the Houston area has, in the past, been particularly affected by adverse conditions in the oil and gas industry, and such conditions and their spillover effects into other industries could result in declines in the demand for residential and commercial property in the Houston area and could reduce or negatively affect property values or homebuilding activity within the District. As previously stated, the Bonds are secured by an unlimited ad valorem tax, and a reduction in property values may require an increase in the ad valorem tax rate required to pay the Bonds as well as the District's share of operations and maintenance expenses payable from ad valorem taxes.

Marketability

The District has no understanding with the winning bidder of the Bonds (the "Initial Purchaser") regarding the reoffering yields or prices of the Bonds and has no control over the trading of the Bonds in the secondary market. Moreover, there is no assurance that a secondary market will be made for the Bonds. If there is a secondary market, the difference between the bid and asked price of the Bonds may be greater than the difference between the bid and asked price of bonds of comparable maturity and quality issued by more traditional issuers as such bonds are more generally bought, sold or traded in the secondary market.

Continuing Compliance with Certain Covenants

Failure of the District to comply with such covenants contained in the Bond Resolution on a continuing basis prior to the maturity of the Bonds could result in interest on the Bonds becoming taxable retroactively to the date of original issue. See "TAX MATTERS."

Future Debt

After the issuance of the Bonds, the District will have \$131,000,000 principal amount of unlimited tax authorized but unissued bonds for the purpose of acquiring or constructing the System (defined herein) and for the purpose of refunding such bonds, \$50,160,000 principal amount of unlimited tax authorized but unissued bonds for the purpose of acquiring or constructing road improvements to serve the District and for the purpose of refunding such bonds, and \$28,980,000 principal amount of unlimited tax bonds authorized but unissued for the purpose of acquiring or constructing parks and recreational facilities to serve the District and for the purpose of refunding such bonds, (see "THE BONDS – Issuance of Additional Debt"), and such additional bonds as may hereafter be approved by both the Board and voters of the District. The District also has the right to issue certain other additional bonds, special project bonds, and other obligations described in the Bond Resolution. If additional bonds are issued in the future and property values have not increased proportionately, such issuance may increase gross debt/property valuation ratios and thereby adversely affect the investment quality or security of the Bonds.

The District intends to issue \$1,880,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing road improvements to serve the District in the first quarter of 2021.

Following the issuance of the Bonds and the unlimited tax road bonds to be issued in the first quarter of 2021, the District will owe the Developer approximately \$4,461,350 in reimbursable expenses for District projects, the funds for which were advanced by the Developer. See "THE SYSTEM" and "DEVELOPMENT WITHIN THE DISTRICT."

Annexation by and Strategic Partnership Agreement with the City

The District lies within the extraterritorial jurisdiction of the City and may be annexed by the City under certain circumstances. Under general law, with certain exceptions, annexation of land by the City is subject to three procedures that allow for annexation: (i) on request of a landowner; (ii) for areas with a population of less than 200, by petition of voters and, if voter petitioners do not own more than 50% of the land in the area, by petition of a majority of the property owners in the area; or (iii) for areas with a population of 200 or more, by election of voters and, if voters do not own more than 50% of the land in the area, by petition of a majority of the property owners in the area. However, the foregoing provisions do not apply to areas that are subject to a Strategic Partnership Agreement under Section 43.0751, Texas Local Government Code.

The District and the City entered into a Strategic Partnership Agreement (the "Agreement") to establish the conditions of annexation. Under the Agreement, the City has the right to annex the District for "limited purposes," specifically for the levy of the City's sales and use tax within the District's boundaries. The limited purpose annexation shall be converted to a full purpose annexation upon the earlier of the following dates: (i) the date on which all of the debt of the District that is payable from ad valorem taxes is fully paid and the District has fully reimbursed any developers within the District in accordance with any written reimbursement agreement or (ii) December 31, 2037. On the full purpose annexation date, the land included within the boundaries of the District shall be deemed to be within the full purpose boundary limits of the City without the need for any further action. Upon such date, all taxable property within the territory of the District shall become subject to ad valorem taxation by the City. If debt of the District remains outstanding on the full purpose annexation date or if the District has not fully reimbursed any developers within the District in accordance with any written reimbursement agreement, then the District shall become a "limited district." The "limited district" shall continue to be known as Montgomery County Municipal Utility District No. 121 and shall continue for a term not to exceed ten years or until all outstanding debt (including reimbursement obligations) of the limited district has been fully paid. The City may extend the existence of the limited district for successive ten year terms for so long as any debt of the limited district remains. The powers of the "limited district" are restricted to the levy and collection of ad valorem taxes sufficient to meet the outstanding debt service requirements. The "limited district" ceases to exist 60 days after all debt is paid at which time title to all assets and improvements formerly owned by the District vests in the City.

Annexation of property by the City is a policy-making matter within the discretion of the governing body of the City, and therefore, the District makes no representation that the City will ever annex the District and assume its debt. Moreover, no representation is made concerning the ability of the City to make debt service payments should annexation occur.

Consolidation

Under Texas law, the District may be consolidated with other municipal utility districts, with the assets and liabilities of the consolidated districts belonging to the consolidated district. No representation is made that the District will ever consolidate with one or more districts, although no consolidation is presently contemplated by the District.

Approval of the Bonds

The Attorney General of Texas must approve the legality of the Bonds prior to their delivery. The Attorney General of Texas does not pass upon or guarantee the security of the Bonds as an investment, nor does he pass upon the adequacy or accuracy of the information contained in this Official Statement.

Changes in Tax Legislation

Certain tax legislation, whether currently proposed or proposed in the future, may directly or indirectly reduce or eliminate the benefit of the exclusion of interest on the Bonds from gross income for federal income tax purposes. Any proposed legislation, whether or not enacted, may also affect the value and liquidity of the Bonds. Prospective purchasers of the Bonds should consult with their own tax advisors with respect to any proposed, pending or future legislation.

THE BONDS

General

The Bonds will bear interest from February 1, 2021, and will mature on September 1 of the years and in the principal amounts, and will bear interest at the rates per annum, set forth on the inside cover. Interest on the Bonds will be paid on September 1, 2021, and on each March 1 and September 1 (each an "Interest Payment Date") thereafter until maturity or earlier redemption and will be calculated on the basis of a 360-day year composed of twelve 30-day months. The Bonds will be issued in fully registered form only, without coupons, in denominations of \$5,000 of principal amount or any integral multiple thereof, and when issued, will be registered in the name of Cede & Co., as registered owner and nominee for The Depository Trust Company, New York, New York ("DTC"), acting as securities depository for the Bonds until DTC resigns or is discharged. The Bonds initially will be available to purchasers in book-entry form only. So long as Cede & Co., as the nominee of DTC, is the registered owner of the Bonds, principal of and interest on the Bonds will be payable by the paying agent to DTC, which will be solely responsible for making such payment to the beneficial owners of the Bonds. The initial paying agent and registrar for the Bonds is Regions Bank, an Alabama banking corporation, Houston, Texas (the "Paying Agent/Registrar").

Record Date for Interest Payment

Interest on the Bonds will be paid to the registered owner (the "Registered Owners") appearing on the registration and transfer books (the "Register") of the Paying Agent/Registrar at the close of business on the "Record Date" (the fifteenth calendar day of the month next preceding each interest payment date) and shall be paid by the Paying Agent/Registrar (i) by check sent United States mail, first class postage prepaid, to the address of the registered owner recorded in the registration and transfer books of the Paying Agent/Registrar or (ii) by such other method, acceptable to the Paying Agent/Registrar, requested by, and at the risk and expense of, the registered owner. If the date for the payment of the principal or interest on the Bonds shall be a Saturday, Sunday, a legal holiday, or a day when banking institutions in the city where the principal payment office of the Paying Agent/Registrar is located are authorized by law or executive order to close, then the date for such payment shall be the next succeeding day which is not such a Saturday, Sunday, legal holiday, or day when banking institutions are authorized to close; and payment on such date shall have the same force and effect as if made on the original date payment was due.

In the event of non-payment of interest on a scheduled payment date and for thirty (30) days thereafter, a new record date for such interest payment (the "Special Record Date") will be established by the Paying Agent/Registrar when funds for the payment of such interest have been received. Notice of the Special Record Date and of the scheduled payment date of the past due interest ("Special Payment Date" which shall be 15 days after the Special Record Date) shall be sent at least five business days prior to the Special Record Date by United States mail, first class postage prepaid, to the address of each registered owner of a Bond appearing in the registration and transfer books of the Paying Agent/Registrar at the close of business on the last business day next preceding the date of mailing such notice.

Redemption Provisions

Optional Redemption

The Bonds maturing on and after September 1, 2026, are subject to redemption prior to maturity at the option of the District, in whole or from time to time in part, on September 1, 2025, and on any date thereafter, at a redemption price equal to the principal amount thereof plus accrued interest from the most recent payment date to the date fixed for redemption. The Paying Agent/Registrar shall give written notice of redemption, by registered mail, overnight delivery, or other comparably secure means, not less than thirty (30) days prior to the redemption date, to each registered securities depository (and to each national information service that disseminates redemption notices) known to the Paying Agent/Registrar, but neither the failure to give such notice nor any defect therein shall affect the sufficiency of notice given to the Registered Owner as herein above stated. The Paying Agent/Registrar may provide written notice of redemption to DTC by facsimile.

The Bonds of a denomination larger than \$5,000 may be redeemed in part (\$5,000 or any multiple thereof). Any Bond to be partially redeemed must be surrendered in exchange for one or more new Bonds of the same maturity for the unredeemed portion of the principal of the Bonds so surrendered. In the event of redemption of less than all of the Bonds, the particular Bonds to be redeemed shall be selected by the District; if less than all of the Bonds of a particular maturity are to be redeemed; the Paying Agent/Registrar is required to select the Bonds of such maturity to be redeemed by lot.

Mandatory Redemption

Bonds maturing on September 1 in the years 2028, 2037, 2039, 2043 and 2045 are term bonds (the "Term Bonds") and shall be redeemed by lot or other customary method of random selection (or by DTC in accordance with its procedures while the Bonds are in book-entry-only form) prior to maturity, at a price equal to the principal amount thereof, plus accrued interest to the date fixed for redemption (the "Mandatory Redemption Date"), on September 1 in each of the years and in the principal amounts set forth in the following schedule:

\$575,000 Term Bonds Maturing on September 1, 2028

<u>Mandatory Redemption Date</u>	<u>Principal Amount</u>
September 1, 2026	\$ 185,000
September 1, 2027	190,000
September 1, 2028 (Maturity)	200,000

\$530,000 Term Bonds Maturing on September 1, 2037

<u>Mandatory Redemption Date</u>	<u>Principal Amount</u>
September 1, 2036	\$ 260,000
September 1, 2037 (Maturity)	270,000

\$570,000 Term Bonds Maturing on September 1, 2039

<u>Mandatory Redemption Date</u>	<u>Principal Amount</u>
September 1, 2038	\$ 280,000
September 1, 2039 (Maturity)	290,000

\$1,260,000 Term Bonds Maturing on September 1, 2043

<u>Mandatory Redemption Date</u>	<u>Principal Amount</u>
September 1, 2040	\$ 300,000
September 1, 2041	310,000
September 1, 2042	320,000
September 1, 2043 (Maturity)	330,000

\$700,000 Term Bonds Maturing on September 1, 2045

<u>Mandatory Redemption Date</u>	<u>Principal Amount</u>
September 1, 2044	\$ 345,000
September 1, 2045 (Maturity)	355,000

On or before thirty (30) days prior to each Mandatory Redemption Date set forth above, the Paying Agent/Registrar shall (i) determine the principal amount of such Term Bonds that must be mandatorily redeemed on such Mandatory Redemption Date, after taking into account deliveries for cancellation and

optional redemptions as more fully provided for below, (ii) select, by lot or other customary random method, the Term Bonds or portions of the Term Bonds of such maturity to be mandatorily redeemed on such Mandatory Redemption Date, and (iii) give notice of such redemption as provided in the Bond Resolution. The principal amount of the Term Bonds to be mandatorily redeemed on such Mandatory Redemption Date, either has been purchased in the open market and delivered or tendered for cancellation by or on behalf of the District to the Paying Agent/Registrar or optionally redeemed and which, in either case, has not previously been made the basis for a reduction under this section.

Registration, Transfer and Exchange

In the event the Book-Entry-Only System (herein defined) should be discontinued, the Bonds are transferred and exchanged on the registration books of the Paying Agent/Registrar only upon presentation and surrender thereof to the Paying Agent/Registrar or its corporate trust office and such transfer or exchange shall be without expenses or service charge to the Registered Owner, except for any tax or other governmental charges required to be paid with respect to such registration, exchange and transfer. A Bond may be assigned by the execution of an assignment form on the Bonds or by other instrument of transfer and assignment acceptable to the Paying Agent/Registrar. A new Bond or Bonds will be delivered by the Paying Agent/Registrar, in lieu of the Bonds being transferred or exchanged, at the principal payment office of the Paying Agent/Registrar, or sent by the United States mail, first class, postage prepaid, to the new Registered Owner or his designee. To the extent possible, new Bonds issued in an exchange or transfer of Bonds will be delivered to the Registered Owner or assignee of the Registered Owner in not more than three business days after the receipt of the Bonds to be cancelled, and the written instrument of transfer or request for exchange duly executed by the Registered Owner or his duly authorized agent, in form satisfactory to the Paying Agent/Registrar. New Bonds registered and delivered in an exchange or transfer shall be in any integral multiple of \$5,000 for any one maturity and for a like aggregate principal amount as the Bond or Bonds surrendered for exchange or transfer. See "BOOK-ENTRY-ONLY SYSTEM" for a description of the system to be utilized initially in regard to ownership and transferability of the Bonds.

Mutilated, Lost, Stolen or Destroyed Bonds

In the event the Book-Entry-Only system should be discontinued, the District has agreed to replace mutilated, destroyed, lost or stolen Bonds upon surrender of the mutilated Bonds, receipt of satisfactory evidence of such destruction, loss or theft, and receipt by the District and the Paying Agent/Registrar of security or indemnity to hold them harmless. Upon the issuance of a new bond the District may require payment of taxes, governmental charges and other expenses (including the fees and expenses of the Paying Agent/Registrar), bond printing and legal fees in connection with any such replacement.

Replacement of Paying Agent/Registrar

Provision is made in the Bond Resolution for replacement of the Paying Agent/Registrar by the District. If the Paying Agent/Registrar is replaced by the District, the new Paying Agent/Registrar shall act in the same capacity as the previous Paying Agent/Registrar. Any Paying Agent/Registrar selected by the District shall be a national or state banking institution, a corporation organized and doing business under the laws of the United States of America or of any state, authorized under such laws to exercise trust powers, and subject to supervision or examination by federal or state authority, to act as paying agent for the Bonds.

Source of Payment

While the Bonds or any part of the principal thereof or interest thereon remain outstanding and unpaid, the District covenants to levy and annually assess and collect in due time, form and manner, and at the same time as other District taxes are assessed, levied and collected, in each year, beginning with the current year, a continuing direct annual ad valorem tax, without legal limit as to rate or amount, upon all taxable property in the District sufficient to pay the interest on the Bonds as the same becomes due and to pay each installment of the principal of the Bonds as the same matures, with full allowance being made for delinquencies and cost of collection. In the Bond Resolution, the District covenants that said taxes are irrevocably pledged to the payment of the interest and principal of the Bonds and any unlimited tax bonds hereafter issued. The Bonds are obligations of the District and are not the obligations of Texas; Montgomery County, Texas (the "County"); the City of Conroe, Texas (the "City"); or any other political subdivision or any entity other than the District.

Payment Record

The Bonds constitute the first issuance of bonded indebtedness by the District. See "THE BONDS – Source of Payment."

Authority for Issuance

The Bonds constitute the first series of unlimited tax bonds issued by the District for the purpose of acquiring or constructing water, wastewater, and drainage facilities to serve the District (the "System"). Voters in the District have authorized a total of \$136,920,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing water, wastewater, and drainage facilities to serve the District and for the purpose of refunding such bonds. Additionally, the voters in the District have authorized a total of \$28,980,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing parks and recreational facilities to serve the District and for the purpose of refunding such bonds, and \$50,160,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing road improvements to serve the District and for the purpose of refunding such bonds.

The Bonds are issued pursuant to an order by the Texas Commission on Environmental Quality (the "TCEQ"); Article XVI, Section 59 of the Texas Constitution and general laws of Texas, including Chapters 49 and 54, Texas Water Code, as amended; Chapter 8211 of the Texas Special District Local Laws Code; a resolution authorizing issuance of the Bonds (the "Bond Resolution") adopted by the Board of Directors of the District (the "Board"); and an election held within the boundaries of the District on November 7, 2017.

Short-Term Debt

In connection with the Bonds, the District issued its \$3,518,000 Bond Anticipation Note, Series 2020 (the "BAN"), dated June 22, 2020. The BAN accrues interest at a rate of 3.000% per year (computed on the basis of a 365-day year and the actual days elapsed) and matures on June 21, 2021.

Issuance of Additional Debt

The District may issue additional bonds. Following the issuance of the Bonds, \$131,000,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing the System and for the purpose of refunding such bonds, \$50,160,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing road improvements to serve the District and for the purpose of refunding such bonds, and \$28,980,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing parks and recreational facilities to serve the District and for the purpose of refunding such bonds will remain authorized and unissued.

The District intends to issue \$1,880,000 principal amount of unlimited tax bonds for the purpose of acquiring or constructing road improvements to serve the District in the first quarter of 2021.

Following the issuance of the Bonds and the unlimited tax road bonds to be issued in the first quarter of 2021, the District will owe the Developer approximately \$4,461,350 in reimbursable expenses for District projects, the funds for which were advanced by the Developer. See "THE SYSTEM" and "DEVELOPMENT WITHIN THE DISTRICT."

Based on present engineering cost estimates and on development plans provided by the Developer, in the opinion of the District's consulting engineer, LJA Engineering, Inc. (the "Engineer"), following the issuance of the Bonds, the District will have adequate authorized but unissued bonds to repay the Developer the remaining amounts owed for the existing parks and recreational, and System, facilities, and to finance the extension of water, wastewater and storm drainage facilities and services to serve the remaining undeveloped land and road improvements within the District. See "DEVELOPMENT WITHIN THE DISTRICT," "THE SYSTEM," and "RISK FACTORS – Future Debt."

Registered Owners' Remedies

In the event of default in the payment of principal of or interest on the Bonds, the Registered Owners have the right to seek a writ of mandamus, requiring the District to levy adequate taxes each year to make such payments. Except for mandamus, the Bond Resolution does not specifically provide for remedies to protect and enforce the interests of the Registered Owners. There is no acceleration of maturity of the Bonds in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year. See "RISK FACTORS – Limitation to Registered Owners' Remedies."

Legal Investment and Eligibility to Secure Public Funds in Texas

The following is quoted from Section 49.186 of the Texas Water Code, and is applicable to the District:

"(a) All bonds, notes, and other obligations issued by a district shall be legal and authorized investments for all banks, trust companies, building and loan associations, savings and loan associations, insurance companies of all kinds and types, fiduciaries, and trustees, and for all interest

and sinking funds and other public funds of the state, and all agencies, subdivisions, and instrumentalities of the state, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic."

"(b) A district's bonds, notes, and other obligations are eligible and lawful security for all deposits of public funds of the state, and all agencies, subdivisions, and instrumentalities of the state, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic, to the extent of the market value of the bonds, notes, and other obligations when accompanied by any unmatured interest coupons attached to them."

The Public Funds Collateral Act (Chapter 2257, Texas Government Code) also provides that bonds of the District (including the Bonds) are eligible as collateral for public funds.

No representation is made that the Bonds will be suitable for or acceptable to financial or public entities for investment or collateral purposes. No representation is made concerning other laws, rules, regulations or investment criteria which apply to or which might be utilized by any of such persons or entities to limit the acceptability or suitability of the Bonds for any of the foregoing purposes. Prospective purchasers are urged to carefully evaluate the investment quality of the Bonds as to the suitability or acceptability of the Bonds for investment or collateral purposes.

Defeasance

The Bond Resolution provides that the District may discharge its obligations to the Registered Owners of any or all of the Bonds to pay principal, interest and redemption price thereon in any manner permitted by law. Under current Texas law, such discharge may be accomplished either (i) by depositing with the Comptroller of Public Accounts of the State of Texas a sum of money equal to the principal of, premium, if any, and all interest to accrue on the Bonds to maturity or redemption or (ii) by depositing with any place of payment (paying agent) of the Bonds or other obligations of the District payable from revenues or from ad valorem taxes or both, amounts sufficient to provide for the payment and/or redemption of the Bonds; provided that such deposits may be invested and reinvested only in (a) direct noncallable obligations of the United States of America, (b) noncallable obligations of an agency or instrumentality of the United States, including obligations that are unconditionally guaranteed or insured by the agency or instrumentality and that, on the date the governing body of the District adopts or approves the proceedings authorizing the issuance of refunding bonds, are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent, and (c) noncallable obligations of a state or an agency or a county, municipality, or other political subdivision of a state that have been refunded and that, on the date the governing body of the District adopts or approves the proceedings authorizing the issuance of refunding bonds, are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent, and which mature and/or bear interest payable at such times and in such amounts as will be sufficient to provide for the scheduled payment and/or redemption of the Bonds.

Upon such deposit as described above, such Bonds shall no longer be regarded as outstanding or unpaid. After firm banking and financial arrangements for the discharge and final payment or redemption of the Bonds have been made as described above, all rights of the District to initiate proceedings to call the Bonds for redemption or take any other action amending the terms of the Bonds are extinguished; provided, however, that the right to call the Bonds for redemption is not extinguished if the District: (i) in the proceedings providing for the firm banking and financial arrangements, expressly reserves the right to call the Bonds for redemption; (ii) gives notice of the reservation of that right to the owners of the Bonds immediately following the making of the firm banking and financial arrangements; and (iii) directs that notice of the reservation be included in any redemption notices that it authorizes.

There is no assurance that the current law will not be changed in the future in a manner which would permit investments other than those described above to be made with amounts deposited to defease the Bonds.

BOOK-ENTRY-ONLY SYSTEM

This section describes how ownership of the Bonds is to be transferred and how the principal of, premium, if any, and interest on the Bonds are to be paid to and credited by DTC while the Bonds are registered in its nominee's name. The information in this section concerning DTC and the Book-Entry-Only System has been provided by DTC for use in disclosure documents such as this Official Statement. The District believes the source of such information to be reliable, but takes no responsibility for the accuracy or completeness thereof.

The District cannot and does not give any assurance that (1) DTC will distribute payments of debt service on the Bonds, or redemption or other notices, to DTC Participant, (2) DTC Participants or others will distribute debt service payments paid to DTC or its nominee (as the registered owner of the Bonds), or redemption or other notices, to the Beneficial Owners, or that they will do so on a timely basis, or (3) DTC will serve and act in the manner described in this Official Statement. The current rules applicable to DTC are on file with the United States Securities and Exchange Commission (the "SEC"), and the current procedures of DTC to be followed in dealing with DTC Participants are on file with DTC.

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be required by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each of the Bonds, each in the aggregate principal amount of such issue, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC rules applicable to its Participants are on file with the SEC. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchase of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC

mails an Omnibus Proxy to Issue as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, principal, and interest payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from District or Paying Agent/Registrar, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, Paying Agent/Registrar or District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, principal, and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of District or Paying Agent/Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District or Paying Agent/Registrar. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

The information in the section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the accuracy thereof.

Use of Certain Terms in Other Sections of this Official Statement

In reading this Official Statement it should be understood that while the Bonds are in the book-entry form, references in other sections of this Official Statement to registered owners should be read to include the person for which the Participant acquires an interest in the Bonds, but (i) all rights of ownership must be exercised through DTC and the book-entry system, and (ii) except as described above, notices that are to be given to registered owners under the Bond Resolution will be given only to DTC.

[Remainder of Page Intentionally Left Blank]

USE AND DISTRIBUTION OF BOND PROCEEDS

Proceeds from the Bonds will be used to redeem the BAN, the proceeds of which were used to reimburse the Developer for a portion of the improvements and related costs shown below. Additionally, proceeds from the Bonds will also be used to reimburse the Developer for the improvements and related costs that were not reimbursed by the BAN, to pay developer interest, to pay developer advances, to pay creation costs, to pay market study costs, to pay BAN interest, to pay 18 months of capitalized interest and to pay other certain costs associated with the issuance of the BAN and the Bonds, as shown below.

<u>CONSTRUCTION COSTS</u>	<u>Total Costs</u>

M. Contingency (b)	<u>176,282</u>
TOTAL NON-CONSTRUCTION COSTS	<u>\$ 1,697,307</u>
TOTAL BOND ISSUE REQUIREMENT	<u>\$ 5,920,000</u>

(a) Abbreviation for Clearing, Grubbing, Wastewater & Drainage.

(b) Represents the difference between the estimated and actual amounts of capitalized interest, BAN interest, BAN issuance expenses and bond discount.

Non-construction costs are based upon either contract amounts, or estimates of various costs by the Engineer and the Financial Advisor. The actual amounts to be reimbursed by the District and the non-construction costs will be finalized after the sale of the Bonds and completion of agreed-upon procedures by the District's auditor.

In the instance that approved estimated amounts exceed the actual costs, the difference comprises a surplus which may be expended for uses authorized under the applicable rules of the TCEQ. In the instance that actual

costs exceed previously approved estimated amounts and contingencies, additional TCEQ approval and the issuance of additional bonds may be required. However, the District cannot and does not guarantee the sufficiency of such funds for such purposes.

LOCATION MAP

THE DISTRICT

General

The District is a political subdivision of Texas, operating as a municipal utility district pursuant to Article III, Section 52 and Article XVI, Section 59 of the Texas Constitution and Chapter 8211 of the Texas Special District Local Laws Code. The District is vested with all the rights, privileges, authority and functions conferred by the laws of Texas applicable to municipal utility districts, including without limitation to those conferred by Chapters 49 and 54, Texas Water Code, as amended. The District is empowered to purchase, construct, operate and maintain all works, improvements, facilities and plants necessary for the supply of water; the collection, transportation and treatment of wastewater; and the control and diversion of storm water, among other things. The District is also empowered to finance certain road improvements, as long as they meet the County or City criteria for a thoroughfare, arterial, or collector road. The District may also provide solid waste collection and disposal service and operate, maintain and construct recreational facilities.

The District may operate and maintain a fire department, independently or with one or more other conservation and reclamation districts, if approved by the voters and the TCEQ. The District does not operate and/or maintain a fire department. However, fire protection service in the District is provided by Montgomery County Emergency Services District No. 3 (“ESD No. 3”), which has constructed a fire station in the District. ESD No. 3 levies an ad valorem tax separate and apart from the District. See “TAX DATA – Estimated Overlapping Taxes.” The District is subject to the continuing supervision of the TCEQ.

Location

The District is located in the central region of Montgomery County, approximately 38 miles northwest of downtown Houston, and is located entirely within the extraterritorial jurisdiction of the City of Conroe. The District lies approximately 6.5 miles west of Interstate Highway 45 and approximately 4 miles north of FM 1488. The District is generally bordered on the north by existing Ridge Lake Shores Development, on the east by Fish Creek, on the south by Lake Creek and on the west by Mound Creek. See “LOCATION MAP.”

Management of the District

- Board of Directors -

The District is governed by the Board, consisting of five directors, which has control over and management and supervision of all affairs of the District. Directors serve staggered four year terms, with elections held within the District on the second Saturday in May in each even numbered year. All directors own property in the District.

<u>Name</u>	<u>Title</u>	<u>Term Expires May</u>
James Pell	President	2022
Vicki Fullerton	Vice President	2024
Sandi LaPlant	Secretary/Treasurer	2024
William Bleibdrey	Assistant Vice President	2022
Jeff Beard	Assistant Secretary	2022

[Remainder of Page Intentionally Left Blank]

- Consultants -

Tax Assessor/Collector – Land and improvements in the District are being appraised by the Montgomery Central Appraisal District (the “Appraisal District”). The Tax Assessor/Collector for the District is Assessments of the Southwest, Inc.

Bookkeeper – The District contracts with Myrtle Cruz, Inc. as Bookkeeper for the District.

Engineer – The District’s consulting engineer is LJA Engineering, Inc.

Auditor – As required by the Texas Water Code, the District retains an independent auditor to audit the District’s financial statements annually, which annual audit is filed with the TCEQ. A copy of the District’s audit prepared by McGrath & Co., PLLC for the fiscal year ending May 31, 2020, is included as “APPENDIX A” to this Official Statement.

Financial Advisor – Robert W. Baird & Co., Incorporated serves as the District’s financial advisor (“the “Financial Advisor”). The fee for services rendered in connection with the issuance of the Bonds is based on the percentage of the Bonds actually issued, sold and delivered and, therefore, such fee is contingent upon the sale and delivery of the Bonds. The Financial Advisor is not obligated to undertake and has not undertaken to make, an independent verification or to assume responsibility for the accuracy, completeness, or fairness of the information in this Official Statement.

Bond & General Counsel – The District has engaged The Muller Law Group, PLLC, Sugar Land, Texas, as bond counsel (“Bond Counsel”) in connection with the issuance of the District’s Bonds. The fees of Bond Counsel are based on the percentage of the Bonds actually issued, sold and delivered and, therefore, such fee is contingent upon the sale and delivery of the Bonds. The Muller Law Group, PLLC, Sugar Land, Texas, also serves as the District’s general counsel.

Disclosure Counsel – Orrick, Herrington & Sutcliffe LLP, Houston, Texas, has been designated as disclosure counsel (“Disclosure Counsel”). The fees of Disclosure Counsel in connection with the issuance of the Bonds are contingent upon the sale and delivery of the Bonds.

THE DEVELOPER AND PRINCIPAL LANDOWNER

The Role of a Developer

In general, the activities of a developer in a municipal utility district such as the District include purchasing the land within the District, designing the subdivision, designing the utilities and streets to be constructed in the subdivisions, designing any community facilities to be built, defining a marketing program and building schedule, securing necessary governmental approvals and permits for development, arranging for the construction of roads and the installation of utilities (including, in some cases, water, wastewater, and drainage facilities pursuant to the rules of the TCEQ, as well as gas, telephone, and electric service) and selling improved lots and commercial reserves to builders, developers, or other third parties. In certain instances, the developer will be required to pay up to thirty percent of the cost of constructing certain water, wastewater and drainage facilities in a municipal utility district pursuant to the rules of the TCEQ. The relative success or failure of a developer to perform such activities in development of property within a municipal utility district may have a profound effect on the security of the unlimited tax bonds issued by a district. A developer is generally under no obligation to a district to develop the property which it owns in the district. Furthermore, there is no restriction on a developer’s right to sell any or all of the land which it owns within a district. In addition, a developer is ordinarily the major taxpayer within a municipal utility district during the development phase of the property.

Description of the Developer and Principal Landowner

The District is part of an approximate 3,150-acre master-planned community known as “Woodforest.” The Developer is a principal taxpayer in the District. Its president is Larry D. Johnson of Johnson Development Corp. The Developer currently owns approximately 434.23 acres in the District.

Development Financing

In April 2007, the Developer and WPLP obtained a revolving credit development loan for the Woodforest project from Woodforest National Bank. The loan, which was modified in September 30, 2020, may have a maximum principal balance of \$14,000,000, bears interest at 1.00% over the Wall Street Journal Prime Rate, and matures on September 30, 2023. The loan is secured by a first lien deed of trust on approximately 2,800 acres within the Woodforest project, owned by the Developer and WPLP. The outstanding balance on the loan

as of November 1, 2020, was approximately \$1,541,324. According to the Developer, the borrowers are in compliance with all material conditions of the loan.

In August 2006, the Developer and WPLP obtained a \$41,340,400 mezzanine loan from Residential Funding Corporation ("RFC") to finance the acquisition of the property within the Woodforest project. This loan was sold by RFC to FC Houston Note, LLC and modified simultaneously with the modification of the Woodforest National Bank development loan to extend the term of the loan until the earlier of the sale of all property within the Woodforest project or December 31, 2026. This loan is fully funded and no additional borrowings are permitted. According to the Developer, the borrowers are in compliance with all material conditions of this loan. In August 2012, FC Houston Note, LLC sold the loan to JP Woodforest, LP.

In addition to the loans described above, simultaneously with the modification of the Woodforest National Bank development loan and the modification of the mezzanine loan now owned by JP Woodforest, LP, the Developer and WPLP obtained a \$9,800,000 loan from Woodforest Second Lien Holder, LP ("Woodforest Second Lien Holder"), the proceeds of which were used primarily to pay down the principal balance of the Woodforest National Bank loan. This loan is secured by a deed of trust lien on the property within the Woodforest project subordinate to the liens which secure the Woodforest National Bank loan, bears interest at the rate of 10% per annum and has a maturity date of the earlier of the sale of all property within the Woodforest project or December 31, 2026. This loan is fully funded and no additional borrowings are permitted. The principal balance of the loan was paid to \$0 in January 2015, but there are continuing participations to be paid based upon further cash flows. According to the Developer, the borrowers are in compliance with all material conditions of this loan. The partners of Woodforest Second Lien Holder are entities affiliated with Larry D. Johnson and PAR Real Estate Holdings, LLC, a Houston area investor group and an affiliate of Woodforest National Bank.

Lot Sales Contracts

The Developer has entered into current lot sales contracts with the following homebuilders: Chesmar Homes, Highland Homes, Huntington Homes, Lennar Homes, Perry Homes and Westin Homes. The homebuilders have contracted to purchase 553 lots within the District since its inception. As of November 1, 2020, the homebuilders had purchased 338 of such lots. According to the Developer, all of the homebuilders are in compliance with their respective lot sales contracts. The Developer has also entered into lot sales contracts with the following custom homebuilders: Tipler Luxury Custom Homes. The Developer has a program of selling lots to individuals, under which the individual must begin construction of a home within two years. The custom homebuilders and various individuals have contracted to purchase 16 lots within the District since its inception. As of November 1, 2020, the custom homebuilders and various individuals has purchased 0 of such lots. According to the Developer, all of the custom homebuilders and various individuals are in compliance with their respective lot sales contracts.

DEVELOPMENT WITHIN THE DISTRICT

To date, land within the District is being developed as the single-family subdivisions of Woodforest, Sections 67, 74, 75, 76, 77, 83, 84, 85, 89, 90, 92, and 101; Pine Island, Section 3; and Noble Greens, Section 1 (aggregating approximately 130.17 acres and 516 single-family lots). As of November 1, 2020, the District consisted of 149 complete and occupied homes, 33 complete and unoccupied homes, 9 model homes, 71 homes under construction, and 254 vacant developed lots. The District contains approximately 343 undeveloped but developable acres and approximately 122 undevelopable acres.

WOODFOREST

Currently, all residential development within Woodforest has occurred within the District and Montgomery County Municipal Utility District No. 113. Within Woodforest, the Developer has constructed 10 parks and open playgrounds; an approximately 14 mile trail system; 5 fountains; 4 lakes; a baseball field; 3 soccer fields; a dog park; a multi-sport sportsplex center; a driving range; 27-hole golf course, including a renovated clubhouse; and a nature park. The Developer has also constructed Forest Island, a 20-acre recreational facility that includes a 6,500 square foot resort-style pool; a 10,000 square foot pool deck; a 5 lane lap pool; 2 water slides; a basketball court; a 5,000 square foot splash pad; 6 tennis courts; restroom facilities; a playground area; and a food vending area. There is also a member-only 10,000 square foot clubhouse for the Bonterra at Woodforest Active-Adult Community. In addition, Conroe Independent School District has constructed an elementary school within Woodforest. Fire protection service within Woodforest is provided by Montgomery County Emergency Services District No. 3, which has constructed a fire station within Woodforest.

DISTRICT DEBT

Debt Service Requirement Schedule

The following schedule sets forth the principal and interest requirements for the Bonds. Totals may not sum due to rounding.

Year Ending 12/31	The Bonds		Total Debt Service Requirements
	Principal	Interest	
2021	\$ -	\$ 88,565	\$ 88,565
2022	160,000	151,825	311,825
2023	165,000	144,625	309,625
2024	175,000	137,200	312,200
2025	180,000	129,325	309,325
2026	185,000	121,225	306,225
2027	190,000	112,900	302,900
2028	200,000	104,350	304,350
2029	205,000	95,350	300,350
2030	215,000	89,200	304,200
2031	220,000	84,900	304,900
2032	230,000	80,500	310,500

(a) Includes the Bonds.

Investment Authority and Investment Practices of the District

The District has adopted an Investment Policy (the "Policy") as required by the Public Funds Investment Act, Chapter 2256, Texas Government Code (the "Act"). The District's goal is to preserve principal and maintain liquidity in a diversified portfolio while securing a competitive yield on its portfolio. Funds of the District are to be invested only in accordance with the Policy. The Policy states that the funds of the District may be invested in short term obligations of the U.S. or its agencies or instrumentalities, in certificates of deposits insured by the Federal Deposit Insurance Corporation and secured by collateral authorized by the Act, and in TexPool and Texas Class, which are public fund investment pools rated in the highest rating category by a nationally recognized rating service.

Estimated Direct and Overlapping Debt Statement

Other governmental entities whose boundaries overlap the District have outstanding bonds payable from ad valorem taxes. The following statement of direct and estimated overlapping ad valorem tax debt was developed from several sources, including information contained in the "Texas Municipal Report," published by the Municipal Advisory Council of Texas. Except for the amount relating to the District, the District has not independently verified the accuracy or completeness of such information, and no person is entitled to rely upon such information as being accurate or complete. Furthermore, certain of the entities listed below may have issued additional bonds since the dates stated in this table, and such entities may have programs requiring the issuance of substantial amounts of additional bonds, the amount of which cannot presently be determined. Political subdivisions overlapping the District are authorized by Texas law to levy and collect ad valorem taxes for operation, maintenance and/or general revenue purposes in addition to taxes of debt service, and the tax burden for operation, maintenance and/or general purposes is not included in these figures.

Taxing Jurisdiction	Outstanding Debt as of October 31, 2020	Estimated Overlapping	
		Percent	Amount

TAX DATA

General

All taxable property within the District is subject to the assessment, levy and collection by the District of a continuing, direct, annual ad valorem tax, without legal limitation as to rate or amount, sufficient to pay principal of and interest on the Bonds (and any future tax-supported bonds which may be issued from time to time as authorized). Taxes are levied by the District each year against the District's assessed valuation as of January 1 of that year. Taxes become due October 1 of such year, or when billed, and generally become delinquent after January 31 of the following year. The Board covenants in the Bond Resolution to assess and levy for each year that all or any part of the Bonds remain outstanding and unpaid a tax ample and sufficient to produce funds to pay the principal of and interest on the Bonds. The actual rate of such tax will be determined from year to year as a function of the District's tax base, its debt service requirements and available funds. In addition, the District has the power and authority to assess, levy and collect ad valorem taxes, in an amount not to exceed \$1.25 per \$100 of assessed valuation for operation and maintenance purposes and \$0.25 for road facilities maintenance. The District levied a 2020 tax rate of \$0.99 per \$100 of assessed valuation for operation and maintenance purposes.

Tax Rate Limitation

System Debt Service:	Unlimited (no legal limit as to rate or amount).
Road Debt Service:	Unlimited (no legal limit as to rate or amount).
Maintenance:	\$1.25 per \$100 of assessed valuation.
Road Facilities Maintenance:	\$0.25 per \$100 of assessed valuation.

Debt Service Tax

The Board covenants in the Bond Order to levy and assess, for each year that all or any part of the Bonds remain outstanding and unpaid, a tax adequate to provide funds to pay the principal of and interest on the Bonds. For the 2020 tax year, the District did not levy a debt service tax.

Maintenance and Operations Tax

The Board has the statutory authority to levy and collect an annual ad valorem tax for maintenance of the District's improvements if such maintenance tax is authorized by vote of the District's electors. On November 7, 2017, the Board was authorized to levy such maintenance and operations tax in an amount not to exceed \$1.25 per \$100 of assessed valuation and a road facilities maintenance tax not to exceed \$0.25 per \$100 of assessed valuation. The District levied a maintenance and operations tax for the 2020 tax year at the rate of \$0.99 per \$100 assessed valuation. Such tax is in addition to taxes which the District is authorized to levy for paying principal of and interest on the Bonds and any parity bonds which may be issued in the future.

Tax Exemption

To date, the District has not adopted an exemption from ad valorem taxation of approved value of residence homestead of individuals who are disabled or are 65 years of age or older, or a general residential homestead exemption. See "TAXING PROCEDURES."

Additional Penalties

The District has contracted with a delinquent tax attorney to collect certain delinquent taxes. In connection with that contract, the District established an additional penalty of twenty percent (20%) of the tax to defray the costs of collection. This 20% penalty applies to taxes that either; (1) become delinquent on or after February 1 of a year, but not later than May 1 of that year, and that remain delinquent on April 1 (for personal property)

and July 1 (for real property) of the year in which they become delinquent or (2) become delinquent on or after June 1, pursuant to the Property Tax Code.

Historical Collections

The following table illustrates the collection history of the District for the 2018–2020 tax years:

Tax Year	Assessed Valuation	Tax Rate Per \$100	Adjusted Levy	% Collections Current Year	Fiscal Year Ending 5/31	% Collections as of 10/31/2020
2018	\$ 77,220	\$ 0.99	\$ 695	100.00%	2019	100.00%
2019	2,452,480	0.99	21,827	97.50%	2020	99.29%
2020	33,366,984	0.99	293,629	(a)	2021	(a)

(a) In process of collections.

Tax Rate Distribution

	2020	2019	2018
System Debt Service	\$0.000	\$0.000	\$0.000
Road Debt Service	0.000	0.000	0.000
Maintenance	<u>0.990</u>	<u>0.990</u>	<u>0.990</u>
	<u>\$0.990</u>	<u>\$0.990</u>	<u>\$0.990</u>

Analysis of Tax Base

The following table illustrates the District’s total taxable assessed valuation for the 2018–2020 tax years by type of property.

Type of Property	2020 Assessed Valuation	2019 Assessed Valuation	2018 Assessed Valuation
Land	\$ 16,313,080	\$ 4,615,290	\$ 2,401,970
Improvements	18,720,180	-	-
Personal Property	313,198	-	-
Exemptions	<u>(1,979,474)</u>	<u>(2,162,810)</u>	<u>(2,324,750)</u>
Total	<u>\$ 33,366,984</u>	<u>\$ 2,452,480</u>	<u>\$ 77,220</u>

[Remainder of Page Intentionally Left Blank]

Principal Taxpayers

The following represents the principal taxpayers, type of property, and their assessed values as of January 1, 2020:

Taxpayer	Type of Property	Assessed Valuation 2020 Tax Roll
Perry Homes LLC	Land & Improvements	\$ 3,019,861
Woodforest Development Inc. (a)	Land & Improvements	1,482,340
Westin Homes & Properties LP	Land & Improvements	1,394,000
Highland Homes Houston LLC	Land & Improvements	1,337,385
Lennar Homes of Texas Land & Construction	Land & Improvements	1,183,350
Chesmar Homes LLC	Land & Improvements	841,440
Homeowner	Land & Improvements	513,000
Homeowner	Land & Improvements	495,690
Homeowner	Land & Improvements	488,130
Homeowner	Land & Improvements	<u>472,240</u>
Total		<u>\$11,227,436</u>
% of Respective Tax Roll		<u>33.648%</u>

(a) See "THE DEVELOPER AND PRINCIPAL LANDOWNER."

Tax Rate Calculations

The tax rate calculations set forth below are presented to indicate the tax rates per \$100 of Taxable assessed valuation that would be required to meet certain debt service requirements if no growth in the District occurs beyond the 2020 assessed valuation of \$33,366,984, or the estimate of assessed valuation as of November 1, 2020, of \$78,305,780. The foregoing further assumes collection of 95% of taxes levied and the sale of no additional bonds by the District:

Average Annual Debt Service Requirement on the Bonds (2021-2045)	\$ 313,091
Tax Rate of \$0.99 on the 2020 Assessed Valuation Produces	\$ 313,816
Tax Rate of \$0.43 on the Estimate of Assessed Valuation Produces	\$ 319,879
Maximum Annual Debt Service Requirement on the Bonds (2045)	\$ 362,100
Tax Rate of \$1.15 on the 2020 Assessed Valuation Produces	\$ 364,534
Tax Rate of \$0.49 on the Estimate of Assessed Valuation Produces	\$ 364,513

[Remainder of Page Intentionally Left Blank]

Estimated Overlapping Taxes

Property within the District is subject to taxation by several taxing authorities in addition to the District. Under Texas law, if ad valorem taxes levied by a taxing authority become delinquent, a lien is created upon the property which has been taxed. A tax lien on property in favor of the District is on a parity with tax liens of other taxing jurisdictions. In addition to ad valorem taxes required to make debt service payments on bonded debt of the District and of such other jurisdictions (see "DISTRICT FINANCIAL DATA - Estimated Direct and Overlapping Debt Statement"), certain taxing jurisdictions are authorized by Texas law to assess, levy and collect ad valorem taxes for operation, maintenance, administrative and/or general revenue purposes.

Set forth below is an estimation of all 2020 taxes levied by such jurisdictions per \$100 of assessed valuation. Such levies do not include local assessments for community associations, fire department contributions, charges for solid waste disposal, or any other charges made by entities other than political subdivisions.

Taxing Jurisdiction	2020 Tax Rate Per \$100 of A.V.	
	Conroe ISD	Montgomery ISD
The District	\$0.99000	\$0.99000
Montgomery County	0.43120	0.43120
Montgomery County Hospital District	0.05880	0.05880
Montgomery ISD	---	1.27980
Conroe ISD	1.21250	---
Lone Star College District	0.10780	0.10780
Montgomery County ESD No. 3	<u>0.10000</u>	<u>0.10000</u>
Total Tax Rate	<u>\$2.90030</u>	<u>\$2.96760</u>

TAXING PROCEDURES

Authority to Levy Taxes

The Board is authorized to levy an annual ad valorem tax on all taxable property within the District in an amount sufficient to pay the principal of and interest on the Bonds, the Outstanding Bonds, and any additional bonds payable from taxes which the District may hereafter issue (see "RISK FACTORS – Future Debt"), and to pay the expenses of assessing and collecting such taxes. The District agrees in the Bond Resolution to levy such a tax from year to year as described more fully above under "THE BONDS – Source of Payment." Under Texas law, the Board is also authorized to levy and collect an annual ad valorem tax for the operation and maintenance of the District's water and wastewater system and road system and for the payment of certain contractual obligations if authorized by its voters. See "TAX DATA – Tax Rate Limitation."

Property Tax Code and County-wide Appraisal District

The Texas Property Tax Code (the "Property Tax Code") specifies the taxing procedures of all political subdivisions of Texas, including the District. Provisions of the Property Tax Code are complex and are not fully summarized herein.

The Property Tax Code requires, among other matters, county-wide appraisal and equalization of taxable property values and establishes in each county of Texas an appraisal district with the responsibility for recording and appraising property for all taxing units within a county and an appraisal review board with responsibility for reviewing and equalizing the values established by the appraisal district. The Appraisal District has the responsibility of appraising property for all taxing units within the County, including the District. Such appraisal values are subject to review and change by the Montgomery Central Appraisal Review Board (the "Appraisal Review Board"). The appraisal roll, as approved by the Appraisal Review Board, must be used by the District in establishing its tax rolls and tax rate.

Property Subject to Taxation by the District

General: Except for certain exemptions provided by Texas law, all real property, tangible personal property held or used for the production of income, mobile homes, and certain categories of intangible personal property with a tax situs in the District are subject to taxation by the District. Principal categories of exempt property include, but are not limited to: property owned by Texas or its political subdivisions, if the property is used for public purposes; property exempt from ad valorem taxation by federal law; certain household goods, family supplies and personal effects; certain goods, wares, and merchandise in transit; certain farm products owned by the producer; certain property of charitable organizations, youth development associations, religious organizations, and qualified schools; designated historical sites; travel trailers; and most individually owned

automobiles. In addition, the District may by its own action exempt residential homesteads of persons 65 years of age or older and certain disabled persons, to the extent deemed advisable by the Board. The District may be required to offer such exemptions if a majority of voters approve the same at an election. The District would be required to call an election upon petition by twenty percent (20%) of the number of qualified voters who voted in the preceding election. The District is authorized by statute to disregard exemptions for the disabled and elderly if granting the exemption would impair the District's obligation to pay tax-supported debt incurred prior to adoption of the exemption by the District. Furthermore, the District must grant exemptions to disabled veterans or certain surviving dependents of disabled veterans, if requested, but only to the maximum extent of between \$5,000 and \$12,000 depending upon the disability rating of the veteran claiming the exemption. A veteran who receives a disability rating of 100% is entitled to an exemption of full value of the veteran's residential homestead. Furthermore, qualifying surviving spouses of persons 65 years of age and older are entitled to receive a resident homestead exemption equal to the exemption received by the deceased spouse, and surviving spouses of a deceased veteran who had received a disability rating of 100% are entitled to receive a residential homestead exemption equal to the exemption received by the deceased spouse until such surviving spouse remarries.

A partially disabled veteran or certain surviving spouses of partially disabled veterans are entitled to an exemption from taxation of a percentage of the appraised value of their residence homestead in an amount equal to the partially disabled veteran's disability rating if the residence homestead was donated by a charitable organization. This exemption also applies to a residence homestead that was donated by a charitable organization at some cost to such veterans. Also, the surviving spouse of a member of the armed forces who was killed in action is, subject to certain conditions, entitled to an exemption of the total appraised value of the surviving spouse's residence homestead, and subject to certain conditions, an exemption up to the same amount may be transferred to a subsequent residence homestead of the surviving spouse.

The surviving spouse of a first responder who is killed or fatally injured in the line of duty is entitled to an exemption of the total appraised value of the surviving spouse's residence homestead if the surviving spouse has not remarried since the first responder's death, and said property was the first responder's residence homestead at the time of death. Such exemption would be transferred to a subsequent residence homestead of the surviving spouse, if the surviving spouse has not remarried, in an amount equal to the exemption received on the prior residence in the last year in which such exemption was received.

The District has not granted an exemption for residents who are disabled or 65 and older for the 2020 tax year.

Residential Homestead Exemptions: The Property Tax Code authorizes the governing body of each political subdivision in the State to exempt up to twenty percent (20%) of the appraised market value of residential homesteads from ad valorem taxation. Where ad valorem taxes have previously been pledged for the payment of debt, the governing body of a political subdivision may continue to levy and collect taxes against the exempt value of the homesteads until the debt is discharged if the cessation of the levy would impair the obligations of the contract by which the debt was created. The adoption of a homestead exemption may be considered each year, but must be adopted by April 30. The District does not grant a residential homestead exemption at this time.

Freeport Goods Exemption: A "Freeport Exemption" applies to goods, wares, ores, and merchandise other than oil, gas, and petroleum products (defined as liquid and gaseous materials immediately derived from refining petroleum or natural gas), and to aircraft or repair parts used by a certified air carrier acquired in or imported into Texas which are destined to be forwarded outside of Texas and which are detained in Texas for assembling, storing, manufacturing, processing or fabricating for less than 175 days. Although certain taxing units may take official action to tax such property in transit and negate such exemption, the District does not have such an option. A "Goods-in-Transit" Exemption is applicable to the same categories of tangible personal property which are covered by the Freeport Exemption, if such property is acquired in or imported into Texas for assembling, storing, manufacturing, processing, or fabricating purposes and is subsequently forwarded to another location inside or outside of Texas not later than 175 days after acquisition or importation, and the location where said property is detained during that period is not directly or indirectly owned or under the control of the property owner. For tax year 2012 and subsequent years, such Goods-in-Transit Exemption includes tangible personal property acquired in or imported into Texas for storage purposes only if such property is stored under a contract of bailment by a public warehouse operator at one or more public warehouse facilities in Texas that are not in any way owned or controlled by the owner of such property for the account of the person who acquired or imported such property. A property owner who receives the Goods-in-Transit Exemption is not eligible to receive the Freeport Exemption for the same property. Local taxing units

such as the District may, by official action and after public hearing, tax goods-in-transit property. A taxing unit must exercise its option to tax goods-in-transit property before January 1 of the first tax year in which it proposes to tax the property at the time and in the manner prescribed by applicable law. The District has taken official action to allow taxation of all such goods-in-transit personal property for all prior and subsequent years.

Valuation of Property for Taxation

Generally, property in the District must be appraised by the Appraisal District at market value as of January 1 of each year. Once an appraisal roll is prepared and formally approved by the Appraisal Review Board, it is used by the District in establishing its tax rolls and tax rate. Assessments under the Property Tax Code are to be based on one hundred percent (100%) of market value, as such is defined in the Property Tax Code. Nevertheless, certain land may be appraised at less than market value, as such is defined in the Property Tax Code. The Texas Constitution limits increases in the appraised value of residence homesteads to 10 percent annually regardless of the market value of the property.

The Property Tax Code permits land designated for agricultural use, open space or timberland to be appraised at its value based on the land's capacity to produce agricultural or timber products rather than at its fair market value. The Property Tax Code permits, under certain circumstances, that residential real property inventory held by a person in the trade or business be valued at the price all of such property would bring if sold as a unit to a purchaser who would continue the business. Provisions of the Property Tax Code are complex and are not fully summarized here. Landowners wishing to avail themselves of the agricultural use, open space or timberland designation or residential real property inventory designation must apply for the designation and the appraiser is required by the Property Tax Code to act on each claimant's right to the designation individually. A claimant may waive the special valuation as to taxation by one political subdivision while claiming it for another. If a claimant receives the agricultural use designation and later loses it by changing the use of the property or selling it to an unqualified owner, the District can collect taxes based on the new use, including taxes for the previous three years for agricultural use and taxes for the previous five years for open space land and timberland.

The Property Tax Code requires the Appraisal District to implement a plan for periodic reappraisal of property to update appraisal values. The plan must provide for appraisal of all property in the Appraisal District at least once every three years. It is not known what frequency of reappraisals will be utilized by the Appraisal District or whether reappraisals will be conducted on a zone or county-wide basis. The District, however, at its expense, has the right to obtain from the Appraisal District a current estimate of appraised values within the District or an estimate of any new property or improvements within the District. While such current estimate of appraised values may serve to indicate the rate and extent of growth of taxable values within the District, it cannot be used for establishing a tax rate within the District until such time as the Appraisal District chooses to formally include such values on its appraisal roll.

Effective January 1, 2020, Section 11.35 of the Property Tax Code, authorizes a temporary tax exemption for certain damaged property in governor-declared disaster areas. In order to qualify for the exemption, the property must be at least 15% damaged, as determined by the chief appraiser of the appraisal district. Upon a property owner's application for an exemption, the chief appraiser must assign a damage rating of Level I – 15% (minimal damage), Level II – 30% (nonstructural damage), Level III – 60% (significant structural damage), or Level IV – 100% (total loss).

Property owners are entitled to the exemption if the Governor declares the disaster area prior to a taxing unit adopting a tax rate for the year in which the disaster occurs. However, if the disaster declaration occurs on or after the date a taxing unit adopts a tax rate, property owners are only entitled to receive the exemption if the governing body of the taxing unit adopts the exemption within 60 days of the disaster declaration.

The amount of the exemption for qualifying property is determined by multiplying the appraisal value by the level rating percentage, which is then prorated by the number of days from the disaster declaration to December 31 of the tax year in which the disaster is declared as a percentage of total days in the year. The exemption expires on January 1 of the first tax year in which the property is reappraised.

District and Taxpayer Remedies

Under certain circumstances, taxpayers and taxing units (such as the District) may appeal the orders of the Appraisal Review Board by filing a timely petition for review in State district court. In such event, the property value in question may be determined by the court, or by a jury, if requested by any party. Additionally, taxing units may bring suit against the Appraisal District to compel compliance with the Property Tax Code.

The Property Tax Code sets forth notice and hearing procedures for certain tax rate increases by the District and provides for taxpayer referenda which could result in the repeal of certain tax increases. The Property Tax Code also establishes a procedure for notice to property owners of reappraisals reflecting increased property values, appraisals that are higher than renditions and appraisals of property not previously on an appraisal roll.

Levy and Collection of Taxes

The District is responsible for the levy and collection of its taxes unless it elects to transfer such functions to another governmental entity. The rate of taxation is set by the Board of Directors, after the legally required notice has been given to owners of property within the District, based upon: a) the valuation of property within the District as of the preceding January 1, and b) the amount required to be raised for debt service, maintenance purposes, and authorized contractual obligations. Taxes are due October 1, or when billed, whichever comes later, and become delinquent if not paid before February 1 of the year following the year in which imposed, except set forth herein with respect to residential homesteads. A delinquent tax incurs a penalty of six percent (6%) of the amount of the tax for the first calendar month it is delinquent, plus one percent (1%) for each additional month or portion of a month the tax remains unpaid prior to July 1 of the year in which it becomes delinquent. If the tax is not paid by July 1 of the year in which it becomes delinquent, the tax incurs a total penalty of twelve percent (12%) regardless of the number of months the tax has been delinquent and incurs an additional penalty for collection costs of an amount established by the District and a delinquent tax attorney. A delinquent tax on personal property incurs an additional penalty, in an amount established by the District and a delinquent tax attorney, 60 days after the date the taxes become delinquent. For those taxes billed at a later date and that become delinquent on or after June 1, they will also incur an additional penalty for collection costs of an amount established by the District and a delinquent tax attorney. The delinquent tax accrues interest at a rate of one percent (1%) for each month or portion of a month it remains unpaid. The Property Tax Code makes provisions for the split payment of taxes, discounts for early payment and the postponement of the delinquency date of taxes under certain circumstances which, at the option of the District, which may be rejected by taxing units. The District's tax collector is required to enter into an installment payment agreement with any person who is delinquent on the payment of tax on a residence homestead for payment of tax, penalties and interest, if the person requests an installment agreement and has not entered into an installment agreement with the collector in the preceding 24 months. The installment agreement must provide for payments to be made in monthly installments and must extend for a period of at least 12 months and no more than 36 months. Additionally, the owner of a residential homestead property who is (i) 65 years of age or older, (ii) disabled, or (iii) a disabled veteran, is entitled by law to pay current taxes on a residential homestead in installments without penalty or to defer the payment of taxes during the time of ownership. In the instance of tax deferral, a tax lien remains on the property and interest continue to accrue during the period of deferral.

Effective September 1, 2019, a property owner serving on active duty for any branch of the United States armed forces who is transferred out of the state may defer payment on property taxes without incurring any penalty or interest. Deferred tax payments are due no later than 60 days after the earliest of the following to occur: (1) the person is discharged from active military service, (2) the person returns to the state for more than 10 days, or (3) the person returns to non-active duty status in the reserves. After the deferral period expires, any unpaid delinquent taxes will accrue interest but will not incur any penalty.

Rollback of Operation and Maintenance Tax Rate

During the 86th Regular Legislative Session, Senate Bill 2 ("SB 2") was passed and signed by the Governor of Texas (the "Governor"), with an effective date of January 1, 2020, and the provisions described herein became effective beginning with the 2020 tax year. See "SELECTED FINANCIAL INFORMATION" for a description of the District's current total tax rate. SB 2 grants qualified voters of the District certain rights related to a rollback of the District's operation and maintenance tax rate, depending on a classification system applicable to water districts, as set forth in SB 2. Debt service and contract tax rates cannot be reduced by a rollback election held within any of the districts described below.

SB 2 classifies districts differently based on the current operation and maintenance tax rate or on the percentage of build-out that the District has completed. Districts that have adopted an operation and maintenance tax rate for the current year that is 2.5 cents or less per \$100 of taxable value are classified as "Low Tax Rate Districts." Districts that have financed, completed, and issued bonds to pay for all improvements and facilities necessary to serve at least 95% of the projected build-out of the district are classified as "Developed Districts." Districts that do not meet either of the classifications previously discussed can be

classified herein as "Other Districts." The impact each classification has on the ability of a district to increase its maintenance and operations tax rate pursuant to SB 2 is described for each classification below.

Low Tax Rate Districts

Low Tax Rate Districts that adopt a total tax rate that would impose more than 1.08 times the amount of the total tax imposed by such district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead, subject to certain homestead exemptions, are required to hold an election within the district to determine whether to approve the adopted total tax rate. If the adopted total tax rate is not approved at the election, the total tax rate for a Low Tax Rate District is the current year's debt service and contract tax rate plus 1.08 times the previous year's operation and maintenance tax rate.

Developed Districts

Developed Districts that adopt a total tax rate that would impose more than 1.035 times the amount of the total tax imposed by the district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead, subject to certain homestead exemptions for the preceding tax year, plus any unused increment rates from the previous three tax years, as calculated and described in Section 26.013 of the Tax Code, are required to hold an election within the district to determine whether to approve the adopted total tax rate. If the adopted total tax rate is not approved at the election, the total tax rate for a Developed District is the current year's debt service and contract tax rate plus 1.035 times the previous year's operation and maintenance tax rate plus any unused increment rates from the previous three tax years. In addition, if any part of a Developed District lies within an area declared for disaster by the Governor or President of the United States, alternative procedures and rate limitations may apply for a temporary period. If a district qualifies as both a Low Tax Rate District and a Developed District, the district will be subject to the operation and maintenance tax threshold applicable to Low Tax Rate Districts.

Other Districts

Districts that do not meet the classification of a Low Tax Rate District or a Developed District can be classified as Other Districts. The qualified voters of these districts, upon the Other District's adoption of a total tax rate that would impose more than 1.08 times the amount of the total tax imposed by such district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead, subject to certain homestead exemptions, are authorized to petition for an election to reduce the operation and maintenance tax rate. If an election is called and passes, the total tax rate for Other Districts is the current year's debt service and contract tax rate plus 1.08 times the previous year's operation and maintenance tax rate.

The District

The District has made a determination of its status as a Developing District for the 2020 tax year. The District cannot give any assurances as to what its classification will be at any point in time or whether the District's future tax rates will result in a total tax rate that will reclassify the District into a new classification and new election calculation.

District's Rights in the Event of Tax Delinquencies

Taxes levied by the District are a personal obligation of the owner of the property as of January 1 of the year in which the tax is imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties and interest ultimately imposed for the year on the property. The lien exists in favor of the State and each taxing unit, including the District, having the power to tax the property. The District's tax lien is on a parity with the tax liens of other such taxing units. A tax lien on real property takes priority over the claims of most creditors and other holders of liens on the property encumbered by the tax lien, whether or not the debt or lien existed before the attachment of the tax lien; however, whether a lien of the United States is on a parity with or takes priority over a tax lien of the District is determined by federal law. Personal property, under certain circumstances, is subject to seizure and sale for the payment of delinquent taxes, penalty and interest.

At any time after taxes on property become delinquent, the District may file suit to foreclose the lien securing payment of the tax, to enforce personal liability for the tax, or both. However, the District is required to enter into a payment plan agreement upon the request of a taxpayer on residential homestead. Such agreement must be in writing, provide for monthly payments of the taxes due over a period of time from 12 – 36 months. A taxpayer may only request a payment plan if they have not previously entered into such an agreement in the preceding 24 months. In filing a suit to foreclose a tax lien on real property, the District must join other taxing units that have claims for delinquent taxes against all or part of the same property. Collection of delinquent

taxes may be adversely affected by the amount of taxes owed to other taxing units, by the effects of market conditions on the foreclosure sale price, by taxpayer redemption rights or by bankruptcy proceedings which restrict the collection of taxpayer debts. A taxpayer may redeem property within six (6) months for commercial property and two (2) years for residential and other types of property after the purchaser's deed at the foreclosure sale is filed in the county records.

THE SYSTEM

General

The wastewater treatment and conveyance system, the purchase, acquisition and construction of which has been financed by the District with the proceeds of the Bonds, has been designed in accordance with accepted engineering practices and the recommendation of certain governmental agencies having regulatory or supervisory jurisdiction over construction and operation of such facilities. According to the Engineer, the design of the wastewater treatment and conveyance system has been approved by all governmental agencies, which have jurisdiction over the District.

Description of the System

- Water Supply and Distribution -

All of the District's water is provided by MSEC Enterprises, Inc. ("MSEC") which holds the Certificate of Convenience and Necessity ("CCN") for the area of the District. Water supply and distribution serving the District is split with Montgomery County Municipal Utility District No. 113 ("MC MUD 113"). MSEC receives approximately 1.3 million gallons per day ("MGD") of surface water from the San Jacinto River Authority ("SJRA"). In addition to the surface water, MSEC owns and operates four water plants with a total of eight wells that serve the District, with a total capacity of 4.82 MGD, bringing the total capacity of the system to 6.12 MGD. The District has purchased sufficient water capacity to serve 3,725 equivalent single-family connections ("ESFCs") from MSEC.

- Wastewater Treatment and Conveyance System -

Pursuant to the Amended and Restated Agreement for the Joint Construction and Operation of Regional Wastewater Collection and Treatment Facilities and Shared Drainage and Detention Facilities between MC MUD 113 and the District, MC MUD 113 provides wastewater treatment facilities to the District. MC MUD 113 operates the wastewater treatment plant ("WWTP"). MC MUD 113 recently completed construction of a 945,000 gallon per day permanent wastewater treatment plant. According to the design engineer, Brown & Gay Engineers, the plant has a current capacity of 0.945 MGD and can serve approximately 5,588 ESFCs, based on rated capacity (170 gpd/ESFC).

- Drainage -

Stormwater runoff from the District discharges directly into Fish Creek, Lake Creek or natural channels that tie into Mound Creek. Both Fish Creek and Mound Creek ultimately outfall into Lake Creek at the southern portion of the District which drains to the West Fork of the San Jacinto River.

- Roads -

The roads within the District vary in width in accordance with standards adopted by the City and the County, but are sized to accommodate the anticipated traffic demands of full build-out of the property within the District.

Lone Star Groundwater Conservation District

On October 10, 2017 the Lone Star Groundwater Conservation District board of directors approved new recommendations for future increases in groundwater pumping in Montgomery County based upon the results of a three-year scientific study. Lone Star commissioned its "Strategic Water Resources Planning Study" in October 2014 to evaluate the impacts to local aquifers of its 2016 groundwater pumping reductions, to evaluate whether and how additional groundwater supplies could be safely developed in the county, and to develop other related information and recommendations for use in the next five-year cycle of joint planning for establishing goals for future aquifer conditions in a multi-county region of the Gulf Coast known as Groundwater Management Area 14 ("GMA 14"). As part of the study, Lone Star surveyed all of the large water well permit holders in the county to determine how much additional declines in the water levels of the aquifers that they could tolerate in their water wells. The new recommended planning goal for the aquifers in Montgomery County would allow groundwater pumping to increase from the current goal of 64,000 acre-feet per year to 100,000 acre-feet per year. The study found that increased pumping would result in greater declines in water levels in the aquifers over the 50-year planning period than under the current goal, but that the survey results supported the board making such a policy decision because of the limited number of well owners who may have to lower their wells to accommodate the water-level declines.

The board of directors' decision was unanimous to approve the increased groundwater pumping levels and resulting aquifer conditions included in what is referred to as groundwater availability model "Run D" in the Final Report for Task 3 of the study as the Board's recommended model scenario. The board of directors also approved a recommendation that Lone Star's general manager and technical consultants present the results of the study, including the board's new recommendation for Run D, to the other groundwater conservation district representatives of GMA 14, with a request that Run D be considered in the new round of joint planning for the aquifers as either an amendment to the current desired future conditions for the aquifers or as a new proposal. By law, GMA 14 must adopt desired future conditions for the aquifers at least once every five years, with the current five-year cycle ending no later than January 5, 2022. However, GMA 14 can adopt new or amended desired future conditions for the aquifers earlier than those deadlines. In order to be finally approved, any new proposal or amendment must go through a lengthy technical evaluation and public hearings process prescribed by law and must receive an affirmative vote of at least four out of the five member groundwater conservation districts in GMA 14.

In 2015, dissatisfied with the production limits Lone Star created through the rulemaking authority delegated to it by the Texas Legislature, a group of large water producers filed suit claiming that the rules Lone Star created imposing per-producer yearly production limits on their production of groundwater were invalid because they purported to regulate the production of groundwater in ways the Texas Legislature never authorized. On October 2, 2018, the 284th District Court of Montgomery County, ruled that, as a matter of law, the core groundwater regulation, which Lone Star imposed on large groundwater producers, is outside of Lone Star's authority under the Texas Water Code and is not valid. Under the ruling, Lone Star could appeal directly to the Beaumont Court of Appeals for review of the decision. However, at the Lone Star board meeting held on January 23, 2019, the board announced that they unanimously agreed on a settlement offer with the large water producers, but the specifics of the settlement will not be made public until all parties have reviewed and signed it. As a result of the District Court's ruling on October 2, 2018, the District adopted new groundwater regulations on September 8, 2020 that repeal, supersede and replace all previously adopted rules and regulatory plans of the District.

LEGAL MATTERS

Legal Opinions

Delivery of the Bonds will be accompanied by the approving legal opinion of the Attorney General of Texas to the effect that the Bonds are valid and legally binding obligations of the District under the Constitution and laws of Texas payable from the proceeds of an annual ad valorem tax levied, without limit as to rate or amount, upon all taxable property within the District and based upon their examination of a transcript of certified proceedings relating to the issuance and sale of the Bonds; the approving legal opinion of Bond Counsel, to a like effect and to the effect that (i) interest on the Bonds is excludable from gross income for federal tax purposes under existing law, and (ii) interest on the Bonds will not be subject to the alternative minimum tax on individuals.

Bond Counsel has reviewed the information appearing in this Official Statement under "THE BONDS (except for information under the subheading "Book-Entry-Only-System" and "Use and Distribution of Bond Proceeds"), "THE DISTRICT – General," "TAXING PROCEDURES," "LEGAL MATTERS – Legal Opinions," "TAX MATTERS," and "CONTINUING DISCLOSURE," solely to determine whether such information fairly summarizes matters of law and the provisions of the documents referred to therein. Bond Counsel has not, however, independently verified any of the factual information contained in this Official Statement nor has it conducted an investigation of the affairs of the District or the Developer for the purpose of passing upon the accuracy or completeness of this Official Statement. No person is entitled to rely upon Bond Counsel's limited participation as an assumption of responsibility for or an expression of opinion of any kind with regard to the accuracy or completeness of any information contained herein.

The legal fees paid to Bond Counsel for services rendered in connection with the issuance of the Bonds are based on a percentage of the bonds actually issued, sold and delivered and, therefore, such fees are contingent upon the sale and delivery of the Bonds.

No Material Adverse Change

The obligations of the Initial Purchaser to take and pay for the Bonds, and of the District to deliver the Bonds, are subject to the condition that, up to the time of delivery of and receipt of payment for the Bonds, there shall have been no material adverse change in the condition (financial or otherwise) of the District subsequent to the date of sale from that set forth or contemplated in the Preliminary Official Statement, as it may have been supplemented or amended through the date of sale.

No-Litigation Certificate

The District will furnish the Initial Purchaser a certificate, dated as of the date of delivery of the Bonds, executed by both the President or Vice President and Secretary or Assistant Secretary of the Board, to the effect that no litigation of any nature has been filed or is to their knowledge then pending or threatened, either in state or federal courts, contesting or attaching the Bonds; restraining or enjoining the issuance, execution or delivery of the Bonds; affecting the provisions made for the payment of or security for the Bonds; in any manner questioning the authority or proceedings for the issuance, execution or delivery of the Bonds; or affecting the validity of the Bonds.

TAX MATTERS

In the opinion of Bond Counsel, based upon an analysis of existing laws, regulations, rulings and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 (the "Code"). Bond Counsel is of the further opinion that interest on the Bonds is not a specific preference item for purposes of the federal alternative minimum tax.

To the extent the issue price of any maturity of the Bonds is less than the amount to be paid at maturity of such Bonds (excluding amounts stated to be interest and payable at least annually over the term of such Bonds), the difference constitutes "original issue discount," the accrual of which, to the extent properly allocable to each Beneficial Owner thereof, is treated as interest on the Bonds which is excluded from gross income for federal income tax purposes. For this purpose, the issue price of a particular maturity of the Bonds is the first price at which a substantial amount of such maturity of the Bonds is sold to the public (excluding bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). The original issue discount with respect to any maturity of the Bonds accrues daily over the term to maturity of such Bonds on the basis of a constant interest rate compounded semiannually (with straight-line

interpolations between compounding dates). The accruing original issue discount is added to the adjusted basis of such Bonds to determine taxable gain or loss upon disposition (including sale, redemption, or payment on maturity) of such Bonds. Beneficial Owners of the Bonds should consult their own tax advisors with respect to the tax consequences of ownership of Bonds with original issue discount, including the treatment of Owners who do not purchase such Bonds in the original offering to the public at the first price at which a substantial amount of such Bonds is sold to the public.

Bonds purchased, whether at original issuance or otherwise, for an amount higher than their principal amount payable at maturity (or, in some cases, at their earlier call date) ("Premium Bonds") will be treated as having amortizable bond premium. No deduction is allowable for the amortizable bond premium in the case of obligations, like the Premium Bonds, the interest on which is excluded from gross income for federal income tax purposes. However, the amount of tax-exempt interest received, and a Beneficial Owner's basis in a Premium Bond, will be reduced by the amount of amortizable bond premium properly allocable to such Beneficial Owner. Beneficial Owners of Premium Bonds should consult their own tax advisors with respect to the proper treatment of amortizable bond premium in their particular circumstances.

The Code imposes various restrictions, conditions and requirements relating to the exclusion from gross income for federal income tax purposes of interest on obligations such as the Bonds. The District has made certain representations and covenanted to comply with certain restrictions, conditions and requirements designed to ensure that interest on the Bonds will not be included in federal gross income. Inaccuracy of these representations or failure to comply with these covenants may result in interest on the Bonds being included in gross income for federal income tax purposes, possibly from the date of original issuance of the Bonds. The opinion of Bond Counsel assumes the accuracy of these representations and compliance with these covenants. Bond Counsel has not undertaken to determine (or to inform any person) whether any actions taken (or not taken), or events occurring (or not occurring), or any other matters coming to Bond Counsel's attention after the date of issuance of the Bonds may adversely affect the value of, or the tax status of interest on, the Bonds. Accordingly, the opinion of Bond Counsel is not intended to, and may not, be relied upon in connection with any such actions, events or matters.

Although Bond Counsel is of the opinion that interest on the Bonds is excluded from gross income for federal income tax purposes, the ownership or disposition of, or the accrual or receipt of amounts treated as interest on, the Bonds may otherwise affect a Beneficial Owner's federal, state or local tax liability. The nature and extent of these other tax consequences depends upon the particular tax status of the Beneficial Owner or the Beneficial Owner's other items of income or deduction. Bond Counsel expresses no opinion regarding any such other tax consequences.

Current and future legislative proposals, if enacted into law, clarification of the Code or court decisions may cause interest on the Bonds to be subject, directly or indirectly, in whole or in part, to federal income taxation or otherwise prevent Beneficial Owners from realizing the full current benefit of the tax status of such interest. The introduction or enactment of any such legislature proposals or clarification of the Code or court decisions may also affect, perhaps significantly, the market price for, or marketability of, the Bonds. Prospective purchasers of the Bonds should consult their own tax advisors regarding the potential impact of any pending or proposed federal or state tax legislation, regulations or litigation, as to which Bond Counsel is expected to express no opinion.

The opinion of Bond Counsel is based on current legal authority, covers certain matters not directly addressed by such authorities, and represents Bond Counsel's judgment as to the proper treatment of the Bonds for federal income tax purposes. It is not binding on the Internal Revenue Service ("IRS") or the courts. Furthermore, Bond Counsel cannot give and has not given any opinion or assurance about the future activities of the District or about the effect of future changes in the Code, the applicable regulations, the interpretation thereof or the enforcement thereof by the IRS. The District has covenanted, however, to comply with the requirements of the Code.

Bond Counsel's engagement with respect to the Bonds ends with the issuance of the Bonds, and, unless separately engaged, Bond Counsel is not obligated to defend the District or the Beneficial Owners regarding the tax-exempt status of the Bonds in the event of an audit examination by the IRS. Under current procedures, parties other than the District and its appointed counsel, including the Beneficial Owners, would have little, if any, right to participate in the audit examination process. Moreover, because achieving judicial review in connection with an audit examination of tax-exempt bonds is difficult, obtaining an independent review of IRS positions with which the District legitimately disagrees, may not be practicable. Any action of the IRS, including but not limited to selection of the Bonds for audit, or the course or result of such audit, or an audit of bonds

presenting similar tax issues may affect the market price for, or the marketability of, the Bonds, and may cause the District or the Beneficial Owners to incur significant expense.

NOT Qualified Tax-Exempt Obligations

The Bonds have NOT been designated “qualified tax-exempt obligations” for financial institutions within the meaning of Section 265(b) of the Code.

CONTINUING DISCLOSURE

In the Bond Resolution, the District has the following agreement for the benefit of the holders and beneficial owners of the Bonds. The District is required to observe the agreement for so long as it remains obligated to advance funds to pay the Bonds. Under the agreement, the District will be obligated to provide certain updated financial information and operating data annually, audited financial statements and timely notice of specified material events, in an electronic format as prescribed by the Municipal Securities Rulemaking Board (“MSRB”). The MSRB has established the Electronic Municipal Market Access (“EMMA”) system.

Annual Reports

The information to be updated with respect to the District includes all quantitative financial information and operating data of the general type included in this Official Statement under the headings "DISTRICT FINANCIAL DATA" (except under the subheading "Estimated Direct and Overlapping Debt Statement"), "TAX DATA," and "APPENDIX A" (Financial Statements of the District). The District will update and provide this information within six months after the end of each of its fiscal years ending in or after 2021. The District will provide the updated information to EMMA.

Any information so provided shall be prepared in accordance with generally accepted auditing standards or other such principles as the District may be required to employ from time to time pursuant to state law or regulation, and audited if the audit report is completed within a six month period. If the audit report is not complete within such period, then the District shall provide unaudited financial statements for the applicable fiscal year to EMMA within such six month period, and audited financial statements when the audit report becomes available.

The District’s current fiscal year end is May 31. Accordingly, it must provide updated information by November 30 in each year, unless the District changes its fiscal year. If the District changes its fiscal year, it will notify EMMA of the change.

Material Event Notices

The District will provide timely notices of certain events to the MSRB, but in no event will such notices be provided to the MSRB in excess of ten business days after the occurrence of an event. The District will provide notice of any of the following events with respect to the Bonds: (1) principal and interest payment delinquencies; (2) non-payment related defaults, if material; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax-exempt status of the Bonds, or other material events affecting the tax-exempt status of the Bonds; (7) modifications to rights of beneficial owners of the Bonds, if material; (8) bond calls, if material, and tender offers; (9) defeasances; (10) release, substitution, or sale of property securing repayment of the Bonds, if material; (11) rating changes; (12) bankruptcy, insolvency, receivership or similar event of the District or other obligated person within the meaning of SEC Rule 15c2-12 (the "Rule"); (13) consummation of a merger, consolidation, or acquisition involving the District or other obligated person within the meaning of the Rule or the sale of all or substantially all of the assets of the District or other obligated person within the meaning of the Rule, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; (14) appointment of a successor or additional trustee or the change of name of a trustee, if material; (15) incurrence of a financial obligation of the District or obligated person, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the District or obligated person, any of which affect security holders, if material; and (16) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of the financial obligation of the District or obligated person, any of which reflect financial difficulties. The term "material" when used in this paragraph shall have the meaning ascribed to it under federal securities laws. The term “financial

obligation” when used in this paragraph shall have the meaning ascribed to it under federal securities laws. The term “financial obligation” does not include municipal securities for which a final official statement has been provided to the Municipal Securities Rulemaking Board consistent with the Rule. Neither the Bonds nor the Bond Resolution makes any provision for debt service reserves or liquidity enhancement. In addition, the District will provide timely notice of any failure by the District to provide information, data, or financial statements in accordance with its agreement described above under "Annual Reports."

Availability of Information from EMMA

The District has agreed to provide the information only to the MSRB. The MSRB has prescribed that such information must be filed via EMMA. The MSRB makes the information available to the public without charge and investors will be able to access continuing disclosure information filed with the MSRB at www.emma.msrb.org.

Limitations and Amendments

The District has agreed to update information and to provide notices of material events only as described above. The District has not agreed to provide other information that may be relevant or material to a complete presentation of its financial results of operations, condition, or prospects or agreed to update any information that is provided, except as described above. The District makes no representation or warranty concerning such information or concerning its usefulness to a decision to invest in or sell Bonds at any future date. The District disclaims any contractual or tort liability for damages resulting in whole or in part from any breach of its continuing disclosure agreement or from any statement made pursuant to its agreement, although holders or beneficial owners of Bonds may seek a writ of mandamus to compel the District to comply with its agreement.

The District may amend its continuing disclosure agreement from time to time to adapt the changed circumstances that arise from a change in legal requirements, a change in law, or a change in the identity, nature, status, or type of operations of the District, if but only if the agreement, as amended, would have permitted an underwriter to purchase or sell Bonds in the offering made hereby in compliance with the Rule, taking into account any amendments or interpretations of the Rule to the date of such amendment, as well as such changed circumstances, and either the holders of a majority in aggregate principal amount of the outstanding Bonds consent to the amendment or any person unaffiliated with the District (such as nationally recognized bond counsel) determines that the amendment will not materially impair the interests of the holders and beneficial owners of the Bonds. The District may amend or repeal the agreement in the Bond Resolution if the SEC amends or repeals the applicable provisions of the Rule or a court of final jurisdiction determines that such provisions are invalid or unenforceable, but only to the extent that its right to do so would not prevent the Initial Purchaser from lawfully purchasing the Bonds in the initial offering. If the District so amends the agreement, it has agreed to include with any financial information or operating data next provided in accordance with its agreement described above under “Annual Reports” an explanation, in narrative form, of the reasons for the amendment and of the impact of any change in the type of financial information and operating data so provided.

Compliance With Prior Undertakings

This is the first issuance of Bonds by the District. The District has not entered into a prior continuing disclosure agreement in accordance with the Rule.

OFFICIAL STATEMENT

Preparation

The information in this Official Statement has been obtained from sources as set forth herein under the following captions:

“THE DISTRICT” and “THE SYSTEM,” – LJA Engineering, Inc. (“Engineer”); “THE DEVELOPER AND PRINCIPAL LANDOWNER,” and “DEVELOPMENT WITHIN THE DISTRICT” – the Developer; “TAX DATA – Estimated Overlapping Debt Statement” – Municipal Advisory Council of Texas; “TAX DATA” – Assessments of the Southwest, Inc.” and “RISK FACTORS – Annexation by and Strategic Partnership Agreement with the City of Conroe, Texas,” “THE BONDS”, “CONTINUING DISCLOSURE”, “TAXING PROCEDURES”, “LEGAL MATTERS” and “TAX MATTERS” – The Muller Law Group PLLC.

Experts

In approving this Official Statement, the District has relied upon the following experts in addition to the Financial Advisor:

The Engineer: The information contained in the Official Statement relating to engineering matters and to the description of the System and, in particular, that information included in the sections entitled "THE DISTRICT," and "THE SYSTEM," has been provided by LJA Engineering, Inc., and has been included in reliance upon the authority of said firm as experts in the field of civil engineering.

Tax Assessor/Collector and Appraisal District: The information in the Official Statement relating to principal taxpayers and tax collection rates and the certified assessed valuation of property in the District and, in particular such information contained in the sections captioned "TAX DATA" has been provided by the Assessments of the Southwest, Inc. and Montgomery Central Appraisal District, in reliance upon their authority as experts in appraising and tax assessing.

Updating of Official Statement

If, subsequent to the date of the Official Statement, the District learns, through the ordinary course of business and without undertaking any investigation or examination for such purposes, or is notified by the Initial Purchaser, of any adverse event which causes the Official Statement to be materially misleading, and unless the Initial Purchaser elects to terminate its obligation to purchase the Bonds, the District will promptly prepare and supply to the Initial Purchaser an appropriate amendment or supplement to the Official Statement satisfactory to the Initial Purchaser; provided, however, that the obligation of the District to so amend or supplement the Official Statement will terminate when the District delivers the Bonds to the Initial Purchaser, unless the Initial Purchaser notifies the District in writing on or before such date that less than all of the Bonds have been sold to ultimate customers, in which case the District's obligations hereunder will extend for an additional period of time (but not more than 90 days after the date the District delivers the Bonds) until all of the Bonds have been sold to ultimate customers.

Certification as to Official Statement

The District, acting by and through its Board in its official capacity, in reliance upon the experts listed above, hereby certifies, as of the date hereof, that to the best of its knowledge and belief, the information, statements and descriptions pertaining to the District and its affairs herein contain no untrue statements of a material fact and do not omit to state any material fact necessary to make the statements herein, in light of the circumstances under which they were made, not misleading. The information, description and statements concerning entities other than the District, including particularly other governmental entities, have been obtained from sources believed to be reliable, but the District has made no independent investigation or verification of such matters and makes no representation as to the accuracy or completeness thereof.

CONCLUDING STATEMENT

The information set forth herein has been obtained from the District's records, audited financial statements and other sources which are considered to be reliable. There is no guarantee that any of the assumptions or estimates contained herein will ever be realized. All of the summaries of the statutes, documents and resolutions contained in this Official Statement are made subject to all of the provisions of such statutes, documents and resolutions. These summaries do not purport to be complete statements of such provisions and reference is made to such summarized documents for further information. Reference is made to official documents in all respects.

This Official Statement was approved by the Board of Directors of Montgomery County Municipal Utility District No. 121 as of the date shown on the cover of this Official Statement.

Independent Auditors' Report

Board of Directors
Montgomery County Municipal Utility District No. 121
Montgomery County, Texas

We have audited the accompanying financial statements of the governmental activities and General Fund of Montgomery County Municipal Utility District No. 121, as of and for the year ended May 31, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these basic financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient to provide a basis for our audit opinions.

***Board of Directors
Montgomery County Municipal Utility District No. 121
Montgomery County, Texas***

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and General Fund of Montgomery County Municipal Utility District No. 121, as of May 31, 2020, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Texas Supplementary Information is presented for purposes of additional analysis and is not a required part of the basic financial statements. The Texas Supplementary Information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied to the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

Management's Discussion and Analysis

(This page intentionally left blank)

Montgomery County Municipal Utility District No. 121
Management's Discussion and Analysis
May 31, 2020

Using this Annual Report

Within this section of the financial report of Montgomery County Municipal Utility District No. 121 (the "District"), the District's Board of Directors provides a narrative discussion and analysis of the financial activities of the District for the fiscal year ended May 31, 2020. This analysis should be read in conjunction with the independent auditors' report and the basic financial statements that follow this section.

In addition to this discussion and analysis, this annual report consists of:

- The District's basic financial statements;
- Notes to the basic financial statements, which provide additional information essential to a full understanding of the data provided in the financial statements;
- Supplementary information required by the Governmental Accounting Standards Board (GASB) concerning the District's budget; and
- Other Texas supplementary information required by the District's state oversight agency, the Texas Commission on Environmental Quality (TCEQ).

Overview of the Financial Statements

The District prepares its basic financial statements using a format that combines fund financial statements and government-wide statements onto one financial statement. The combined statements are the *Statement of Net Position and Governmental Fund Balance Sheet* and the *Statement of Activities and Governmental Fund Revenues, Expenditures and Changes in Fund Balance*. Each statement contains an adjustments column which quantifies the differences between the government-wide and fund level statements. Additional details of the adjustments are provided in Note 2 to the basic financial statements.

Government-Wide Financial Statements

The focus of government-wide financial statements is on the overall financial position and activities of the District, both long-term and short-term. The District's government-wide financial statements consist of the *Statement of Net Position* and the *Statement of Activities*, which are prepared using the accrual basis of accounting. The *Statement of Net Position* includes all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the residual reported as net position. Over time, changes in net position may provide a useful indicator of whether the financial position of the District as a whole is improving or deteriorating.

Accounting standards establish three components of net position. The net investment in capital assets component represents the District's investments in capital assets, less any outstanding debt or other borrowings used to acquire those assets. Resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The restricted component of net position consists of financial resources that are restricted for a specific purpose by enabling legislation or external parties. The unrestricted component of net position represents resources not included in the other components.

Montgomery County Municipal Utility District No. 121
Management's Discussion and Analysis
May 31, 2020

The *Statement of Activities* reports how the District's net position has changed during the fiscal year. All revenues and expenses are included on this statement, regardless of whether cash has been received or paid.

Fund Financial Statements

The fund financial statements include the *Governmental Fund Balance Sheet* and the *Governmental Fund Revenues, Expenditures and Changes in Fund Balance*. The focus of fund financial statements is on specific activities of the District rather than the District as a whole, reported using modified accrual accounting. These statements report on the District's use of available financial resources and the balances of available financial resources at the end of the year. Except for the General Fund, a specific fund is established to satisfy managerial control over resources or to satisfy finance-related legal requirements established by external parties, governmental statutes or regulations.

For further discussion on the government-wide and fund financial statements, please refer to Note 1 in the financial statements.

Financial Analysis of the District as a Whole

The District's net position at May 31, 2020, was negative \$3,538,702. This amount is negative because the District incurs debt to construct public roads which it conveys to Montgomery County and relies on advances from its developer to fund operating costs. A comparative summary of the District's overall financial position, as of May 31, 2020 and 2019, is as follows:

	2020	2019
Current and other assets	\$ 28,217	\$ 10,595
Capital assets	4,239,999	773,775
Total assets	<u>4,268,216</u>	<u>784,370</u>
Current liabilities	63,660	13,039
Long-term liabilities	7,743,258	1,591,910
Total liabilities	<u>7,806,918</u>	<u>1,604,949</u>
Net position		
Net investment in capital assets	(114,349)	(17,585)
Unrestricted	<u>(3,424,353)</u>	<u>(802,994)</u>
Total net position	<u>\$ (3,538,702)</u>	<u>\$ (820,579)</u>

Montgomery County Municipal Utility District No. 121
Management's Discussion and Analysis
May 31, 2020

The total net position of the District decreased during the current fiscal year by \$2,718,123. A comparative summary of the District's *Statement of Activities* for the past two years is as follows:

	2020	2019
Revenues		
Property taxes, penalties and interest	\$ 24,571	\$ 764
Sewer service	32,743	959
Other	30,651	6,837
Total revenues	<u>87,965</u>	<u>8,560</u>
Expenses		
Current service operations	250,964	176,574
Depreciation	96,764	17,585
Total expenses	<u>347,728</u>	<u>194,159</u>
Change in net position before other items	(259,763)	(185,599)
Other items		
Transfers to other governments	<u>(2,458,360)</u>	<u>(488,932)</u>
Change in net position	(2,718,123)	(674,531)
Net position, beginning of year	(820,579)	(146,048)
Net position, end of year	<u>\$ (3,538,702)</u>	<u>\$ (820,579)</u>

Financial Analysis of the District's General Fund

The District's fund balance in the General Fund, as of May 31, 2020, was negative \$36,049. A comparative summary of the General Fund's financial position as of May 31, 2020 and 2019 is as follows:

	2020	2019
Total assets	<u>\$ 28,217</u>	<u>\$ 10,595</u>
Total liabilities	\$ 63,660	\$ 13,039
Total deferred inflows	606	
Total fund balance	<u>(36,049)</u>	<u>(2,444)</u>
Total liabilities, deferred inflows and fund balance	<u>\$ 28,217</u>	<u>\$ 10,595</u>

Montgomery County Municipal Utility District No. 121
Management's Discussion and Analysis
May 31, 2020

A comparative summary of the General Fund's activities for the current and prior fiscal year is as follows:

	2020	2019
Total revenues	\$ 87,359	\$ 8,560
Total expenditures	(250,964)	(176,574)
Revenues under expenditures	(163,605)	(168,014)
Other changes in fund balance	130,000	166,000
Net change in fund balance	\$ (33,605)	\$ (2,014)

The District manages its activities with the objectives of ensuring that expenditures will be adequately covered by revenues each year and that an adequate fund balance is maintained. The District's primary financial resources in the General Fund are from a property tax levy, the provision of sewer services to customers within the District, sewer connection and inspection fees charged to homebuilders in the District and developer advances. Financial resources are influenced by a variety of factors each year:

- Property tax revenues are dependent upon assessed values in the District and the maintenance tax rate set by the District. Property tax revenues increased from prior year because assessed values in the District increased.
- Sewer service revenues are based on the number of connections in the District.
- Sewer connection and inspection fees fluctuate with homebuilding activity within the District.
- The District's developer advances funds to the District as needed to pay operating costs.

General Fund Budgetary Highlights

The Board of Directors adopts an annual unappropriated budget for the General Fund prior to the beginning of each fiscal year. The Board amended the budget during the year to reflect changes in anticipated revenues and expenditures.

Since the District's budget is primarily a planning tool, actual results varied from the budgeted amounts. Actual net change in fund balance was \$54,935 less than budgeted. The *Budgetary Comparison Schedule* on page 28 of this report provides variance information per financial statement line item.

Capital Assets

The District has entered into financing agreements with its developers for the financing of the construction of capital assets within the District. Developers will be reimbursed from proceeds of future bond issues or other lawfully available funds. These developer funded capital assets are recorded on the District's financial statements upon completion of construction.

Montgomery County Municipal Utility District No. 121
Management's Discussion and Analysis
May 31, 2020

Capital assets held by the District at May 31, 2020 and 2019 are summarized as follows:

	2020	2019
Capital assets being depreciated		
Infrastructure	\$ 4,354,348	791,360
Less accumulated depreciation	(114,349)	(17,585)
Capital assets, net	\$ 4,239,999	\$ 773,775

Capital asset additions during the current year include the following:

- Central Pine Street Extension. (Ditch 4P to Woodforest Forest 77) - utilities
- Noble Greens Section 1 – utilities
- Pine Island at Woodforest Section 3 - utilities
- Woodforest Section 74 - utilities
- Woodforest Section 76 - utilities
- Woodforest Section 77 - utilities
- Woodforest Section 88 - fill improvements
- Woodforest Section 90 - utilities
- Woodforest Section 101 - utilities

Additionally, Montgomery County assumes responsibility (after a one-year maintenance period) for public road facilities constructed within the boundaries of the County. Accordingly, these facilities are not considered assets of the District. The estimated value of these assets is recorded as transfers to other governments upon completion of construction. This estimated cost is trued-up when the developer is reimbursed. For the year ended May 31, 2020, capital assets in the amount of \$2,458,360 have been recorded as transfers to other governments in the government-wide statements. Additional information is presented in Note 8.

Long-Term Debt and Related Liabilities

As of May 31, 2020, the District owes approximately \$7,743,258 to its developer for completed projects and operating advances. The initial cost of the completed project and related liability is estimated based on actual construction costs plus 10-15% for engineering and other fees and is recorded on the District's financial statements upon completion of construction. As discussed in Note 5, the District has an additional commitment in the amount of approximately \$3,332,411 for projects under construction by the developer. As noted, the District will owe its developer for these projects upon completion of construction. The District intends to reimburse the developer from proceeds of future bond issues or other lawfully available funds. The estimated cost of amounts owed to the developer is trued up when the developer is reimbursed.

As of May 31, 2020, the District had \$136,920,000 unlimited tax bonds authorized, but unissued for the purposes of acquiring, constructing and improving the water, sanitary sewer and drainage systems and the refunding of such bonds; \$28,980,000 for parks and recreational facilities and the refunding of such bonds; and \$50,160,000 for road improvements and the refunding of such bonds.

Montgomery County Municipal Utility District No. 121
Management's Discussion and Analysis
May 31, 2020

Next Year's Budget

In establishing the budget for the next fiscal year, the Board considered various economic factors that may affect the District, most notably projected revenues from property taxes, sewer services and developer advances, and the projected cost of operating the District and providing services to customers. A comparison of next year's budget to current year actual amounts for the General Fund is as follows:

	<u>2020 Actual</u>	<u>2021 Budget</u>
Total revenues	\$ 87,359	\$ 400,000
Total expenditures	<u>(250,964)</u>	<u>(377,145)</u>
Revenues over/(under) expenditures	(163,605)	22,855
Other changes in fund balance	<u>130,000</u>	<u>75,000</u>
Net change in fund balance	(33,605)	97,855
Beginning fund balance	<u>(2,444)</u>	<u>(36,049)</u>
Ending fund balance	<u><u>\$ (36,049)</u></u>	<u><u>\$ 61,806</u></u>

Property Taxes

The District's property tax base increased approximately \$29,974,000 for the 2020 tax year from \$2,452,480 to \$32,426,347. This increase was primarily due to new construction in the District and increased property values.

Infectious Disease Outlook (COVID-19)

As further discussed in Note 14, the World Health Organization has declared a pandemic following the outbreak of COVID-19, a respiratory virus currently affecting many parts of the world, including the United States and Texas. The pandemic has negatively affected the economic growth and financial markets worldwide and within Texas. While the potential impact of COVID-19 on the District cannot be quantified at this time, the continued outbreak could have an adverse effect on the District's operations and financial condition by negatively affecting property taxes and ad valorem tax revenues within the District.

Montgomery County Municipal Utility District No. 121
Notes to Basic Financial Statements
May 31, 2020

Note 1 – Summary of Significant Accounting Policies

The accounting policies of Montgomery County Municipal Utility District No. 121 (the “District”) conform with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board (“GASB”). The following is a summary of the most significant policies:

Creation

The District was organized, created and established pursuant to Senate Bill No. 1965 in the 80th Regular Session of the Texas Legislature, codified as Chapter 8211, Special District Local Laws Code (the “Act”) dated June 15, 2007, in accordance with Article III, Section 52 and Article XVI, Section 59 of the Texas Constitution and the Act. The Board of Directors held its first meeting on April 22, 2015.

The District’s primary activities include construction, maintenance and operation of wastewater, drainage, roads, and parks and recreational facilities. The District has contracted with various consultants to provide services to operate and administer the affairs of the District. The District has no employees, no related payroll or pension costs.

Reporting Entity

The District is a political subdivision of the State of Texas governed by an elected five-member board. The GASB has established the criteria for determining the reporting entity for financial statement reporting purposes. To qualify as a primary government, a government must have a separately elected governing body, be legally separate, and be fiscally independent of other state and local governments, while a component unit is a legally separate government for which the elected officials of a primary government are financially accountable. Fiscal independence implies that the government has the authority to adopt a budget, levy taxes, set rates, and/or issue bonds without approval from other governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District’s financial statements as component units.

Government-Wide and Fund Financial Statements

Government-wide financial statements display information about the District as a whole. These statements focus on the sustainability of the District as an entity and the change in aggregate financial position resulting from the activities of the fiscal period. These aggregated statements consist of the *Statement of Net Position* and the *Statement of Activities*.

Fund financial statements display information at the individual fund level. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for a specific purpose. Each fund is considered to be a separate accounting entity. The District uses only a General Fund to account for its operations. The District’s principal financial resources are property taxes, sewer service and related inspection fees, and developer advances. Expenditures include costs associated with the daily operations of the District.

Note 1 – Summary of Significant Accounting Policies (continued)

Government-Wide and Fund Financial Statements (continued)

As a special-purpose government engaged in a single governmental program, the District has opted to combine its government-wide and fund financial statements in a columnar format showing an adjustments column for reconciling items between the two.

Measurement Focus and Basis of Accounting

The government-wide financial statements use the economic resources measurement focus and the full accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenue in the year for which they are levied.

The fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized in the accounting period in which it becomes both available and measurable to finance expenditures of the current period. For this purpose, the government considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Revenues susceptible to accrual include property taxes, interest earned on deposits and income from District operations. Property taxes receivable at the end of the fiscal year are treated as deferred inflows because they are not considered available to pay liabilities of the current period. Expenditures are recognized in the accounting period in which the liability is incurred, if measurable, except for unmatured interest on long-term debt, which is recognized when due.

Note 2 further details the adjustments from the governmental fund presentation to the government-wide presentation.

Use of Restricted Resources

When both restricted and unrestricted resources are available for use, the District uses restricted resources first, then unrestricted resources as they are needed.

Prepaid Items

Certain payments made by the District reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

Receivables

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. Receivables from and payables to external parties are reported separately and are not offset, unless a legal right of offset exists. At May 31, 2020, an allowance for uncollectible accounts was not considered necessary.

Note 1 – Summary of Significant Accounting Policies (continued)

Capital Assets

Capital assets do not provide financial resources at the fund level, and, therefore, are reported only in the government-wide statements. The District defines capital assets as assets with an initial cost of \$5,000 or more and an estimated useful life in excess of one year. Capital assets are recorded at historical cost or estimated historical cost. Donated capital assets are recorded at acquisition value, which is the price that would be paid to acquire the asset on the acquisition date. The District has not capitalized interest incurred during the construction of its capital assets. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend asset lives are not capitalized.

Depreciable capital assets, which primarily consist of wastewater and drainage facilities, are depreciated using the straight-line method over an estimated useful life of 45 years.

Deferred Inflows of Financial Resources

A deferred inflow of financial resources is the acquisition of resources in one period that is applicable to a future period, while a deferred outflow of financial resources is the consumption of financial resources in one period that is applicable to a future period. A deferred inflow results from the acquisition of an asset without a corresponding revenue or assumption of a liability. A deferred outflow results from the use of an asset without a corresponding expenditure or reduction of a liability.

At the fund level, property taxes receivable not collected within 60 days of fiscal year end do not meet the availability criteria required for revenue recognition and are recorded as deferred inflows of financial resources.

Net Position – Governmental Activities

Governmental accounting standards establish the following three components of net position:

Net investment in capital assets – represents the District’s investments in capital assets, less any outstanding debt or other borrowings used to acquire those assets.

Restricted – consists of financial resources that are restricted for a specific purpose by enabling legislation or external parties.

Unrestricted – resources not included in the other components.

Note 1 – Summary of Significant Accounting Policies (continued)

Fund Balances – Governmental Fund

Governmental accounting standards establish the following fund balance classifications:

Nonspendable - amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact. The District's nonspendable fund balance consists of prepaid items.

Restricted - amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments. The District does not have a restricted fund balance.

Committed - amounts that can be used only for specific purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements. The District does not have a committed fund balance.

Assigned - amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balance and does not have any assigned fund balance.

Unassigned - deficit fund balance in the General Fund.

When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and revenues and expenses/expenditures during the period reported. These estimates include, among others, the collectability of receivables; the useful lives and impairment of capital assets; the value of amounts due to developer; the value of capital assets transferred to Montgomery County and the value of capital assets for which the developer has not been fully reimbursed. Estimates and assumptions are reviewed periodically, and the effects of revisions are reflected in the financial statements in the period they are determined to be necessary. Actual results could differ from the estimates.

Note 2 – Adjustment from Governmental to Government-wide Basis (continued)

Reconciliation of the *Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances* to the *Statement of Activities*

Net change in fund balances - total governmental funds	\$ (33,605)
Governmental funds do not report revenues that are not available to pay current obligations. In contrast, such revenues are reported in the <i>Statement of Activities</i> when earned. The difference is for property taxes.	606
In the <i>Statement of Activities</i> , the cost of capital assets is charged to depreciation expense over the estimated useful life of the asset.	(96,764)
Amounts received from the District's developer for operating advances provide financial resources at the fund level, but are recorded as a liability in the <i>Statement of Net Position</i> .	(130,000)
The District conveys public roads to Montgomery County upon completion of construction. Since these improvements are funded by the developer, financial resources are not expended in the fund financial statements; however, in the <i>Statement of Activities</i> , these amounts are reported as transfers to other governments.	(2,458,360)
Change in net position of governmental activities	<u><u>\$ (2,718,123)</u></u>

Note 3 – Deposits and Investments

Deposit Custodial Credit Risk

Custodial credit risk as it applies to deposits (i.e. cash) is the risk that, in the event of the failure of the depository institution, a government will not be able to recover its deposits or will not be able to recover collateral securities. The *Public Funds Collateral Act* (Chapter 2257, Texas Government Code) requires that all of the District's deposits with financial institutions be covered by federal depository insurance and, if necessary, pledged collateral held by a third-party custodian. The act further specifies the types of securities that can be used as collateral. The District's written investment policy establishes additional requirements for collateralization of deposits.

Montgomery County Municipal Utility District No. 121
Notes to Basic Financial Statements
May 31, 2020

Note 3 – Deposits and Investments (continued)

Investments

The District is authorized by the *Public Funds Investment Act* (Chapter 2256, Texas Government Code) to invest in the following: (1) obligations, including letters of credit, of the United States or its agencies and instrumentalities, including Federal Home Loan Banks, (2) direct obligations of the State of Texas or its agencies and instrumentalities, (3) certain collateralized mortgage obligations, (4) other obligations, which are unconditionally guaranteed or insured by the State of Texas or the United States or its agencies or instrumentalities, including obligations that are fully guaranteed or insured by the Federal Deposit Insurance Corporation or by the explicit full faith and credit of the United States, (5) certain A rated or higher obligations of states and political subdivisions of any state, (6) bonds issued, assumed or guaranteed by the State of Israel, (7) certain insured or collateralized certificates of deposit and share certificates, (8) certain fully collateralized repurchase agreements, (9) bankers' acceptances with limitations, (10) commercial paper rated A-1 or P-1 or higher and a maturity of 270 days or less, (11) no-load money market mutual funds and no-load mutual funds, with limitations, (12) certain guaranteed investment contracts, (13) certain qualified governmental investment pools and (14) a qualified securities lending program.

The District has adopted a written investment policy to establish the principles by which the District's investment program should be managed. This policy further restricts the types of investments in which the District may invest.

Note 4 – Capital Assets

A summary of changes in capital assets, for the year ended May 31, 2020, is as follows:

	Beginning Balances	Additions	Ending Balances
Capital assets being depreciated			
Infrastructure	\$ 791,360	\$ 3,562,988	\$ 4,354,348
Less accumulated depreciation	(17,585)	(96,764)	(114,349)
Capital assets, net	<u>\$ 773,775</u>	<u>\$ 3,466,224</u>	<u>\$ 4,239,999</u>

Depreciation expense for the current year was \$96,764.

Montgomery County Municipal Utility District No. 121
Notes to Basic Financial Statements
May 31, 2020

Note 5 – Due to Developer

The District has entered into financing agreements with its developer for the financing of the construction of sewer, drainage, and park and recreational facilities, and road improvements. Under the agreements, the developer will advance funds for the construction of facilities to serve the District. The developer will be reimbursed from proceeds of future bond issues or other lawfully available funds, subject to approval by TCEQ, as applicable. The District does not record the capital asset and related liability on the government-wide statements until construction of the facilities is complete. The initial cost is estimated based on construction costs plus 10-15% for engineering and other fees. Estimates are trued up when the developer is reimbursed.

The District’s developer has also advanced funds to the District for operating expenses.

Changes in amounts due to developers during the year are as follows:

Due to developer, beginning of year	\$ 1,591,910
Developer funded construction and adjustments	6,021,348
Operating advances from developer	130,000
Due to developer, end of year	<u>\$ 7,743,258</u>

In addition, the District will owe the developers approximately \$3,332,411, which is included in the following schedule of contractual commitments. The exact amount is not known until approved by the TCEQ and verified by the District’s auditor. As previously noted, these projects will be reported in the government-wide financial statements upon completion of construction.

	Contract Amount	Amounts Paid	Remaining Commitment
Central Pine Street Extension (Roundabout to WF 102)			
Utilities	\$ 1,300,893	\$ 1,053,741	\$ 247,152

Note 6 – Long-Term Debt

At May 31, 2020, the District had authorized but unissued bonds in the amount of \$136,920,000 for water, sewer and drainage facilities and the refunding of such bonds; \$28,980,000 for park and recreational facilities and the refunding of such bonds; and \$50,160,000 for road improvements and the refunding of such bonds.

Montgomery County Municipal Utility District No. 121
Notes to Basic Financial Statements
May 31, 2020

Note 7 – Property Taxes

On November 16, 2017, the voters of the District authorized the District’s Board of Directors to levy taxes annually for use in financing general operations limited to \$1.25 per \$100 of assessed value. The voters also authorized the District’s Board of Directors to levy a road maintenance tax limited to \$0.25 per \$100 of assessed value. The District has not levied a road maintenance tax.

All property values and exempt status, if any, are determined by the Montgomery Central Appraisal District. Assessed values are determined as of January 1 of each year, at which time a tax lien attaches to the related property. Taxes are levied around October/November, are due upon receipt and are delinquent the following February 1. Penalty and interest attach thereafter.

Property taxes are collected based on rates adopted in the year of the levy. The District’s 2020 fiscal year was financed through the 2019 tax levy, pursuant to which the District levied property taxes of \$0.99 per \$100 of assessed value, all of which was allocated to maintenance and operations. The resulting tax levy was \$24,280 on the adjusted taxable value of \$2,452,480.

Note 8 – Transfers to Other Governments

Montgomery County assumes responsibility for the maintenance of public roads constructed within the county limits. Accordingly, road facilities are considered to be capital assets of Montgomery County, not the District. The estimated cost of each road project is recorded as a transfer to other government upon completion of construction. This cost is trued-up when the developer is subsequently reimbursed. For the year ended May 31, 2020, the District recorded transfers to other governments in the amount of \$2,458,360 for road facilities constructed by a developer within the District.

Note 9 – Strategic Partnership Agreement

On October 25, 2018, the District and the City of Conroe (the “City”) entered into a Strategic Partnership Agreement under which the City may annex the District for limited purposes. The District continues (1) to exercise all powers and functions of a municipal utility district and (2) to provide certain services described in the agreement, and the City agrees to remit one half of all retail sales tax collected from retailers located within the District’s boundaries. The City has not yet annexed the District for limited purposes. Accordingly, the City has not yet imposed a sales tax in the District and therefore, no rebate was due or paid.

The City agrees that it will not annex all or part of the District during the initial ten-year term of this agreement. The District will be converted to full purpose annexation upon the earlier of the following dates: (1) the date on which all debt of the District that is payable from ad valorem taxes is fully paid and the District has fully reimbursed the developer within the District in accordance with any written reimbursement agreement or (2) December 31, 2037. On the full purpose annexation date, the land included within the boundaries of the District shall be deemed to be within the full purpose boundary limits of the City without the need for any further action. Upon such date, all taxable property within the territory of the District shall become subject to ad valorem taxation by the City.

Note 9 – Strategic Partnership Agreement (continued)

If debt of the District remains outstanding on the full purpose annexation conversion date or if the District has not fully reimbursed any developer within the District in accordance with any written reimbursement agreement, then the District shall become a “limited district”. The “limited district” shall be known as Montgomery Utility District No. 113 and shall continue for a term through the earlier of ten additional years or all outstanding debt has been fully paid. The powers of the “limited district” are restricted to the levy and collection of ad valorem taxes sufficient to meet the outstanding debt service requirements.

The City may extend the existence of the “limited district” for successive ten-year terms for so long as any debt of the “limited district” remains. The “limited district” ceases to exist 60 days after all debt is paid and title to all assets and improvements vests in the City.

Note 10 – Water Supply Agreement

MSEC Enterprises (“MSEC”) supplies water to District residents pursuant to an agreement with the District’s developer. MSEC owns, constructs, operates and maintains the water supply and water distribution systems that serve residents within the District. The District’s developer has committed to pay all capital connection fees.

Note 11 – Agreement for the Joint Construction and Operation of Regional Facilities

On August 20, 2018, The District entered into a fifty-year agreement with Montgomery County Municipal Utility District No. 113 (“MUD 113”). This was amended and restated on May 20, 2019. The purpose of the agreement is to establish a regional wastewater, drainage, and parks system to serve residents in the District and MUD 113. Each of these projects are referred to as an Element and is planned to be designed, constructed and funded in Segments. The District will reimburse MUD 113 for its proportionate share of the construction costs, plus interest, of certain completed and funded Elements of the project that were originally paid by MUD 113. Each District agrees to fund its portion of future project costs on or before the due date by depositing its proportionate share in a separate account dedicated to payment of construction costs. MUD 113 was appointed to be the Lead District for all projects which consist of completed designs and construction of all projects in accordance with the agreed project budget. MUD 113 will hold legal title to the facilities for the benefit of both districts and is designated as the operator of the facilities. However, each District will have an equitable interest in their share of purchased capacity. During the prior year, MUD 113 established a separate fund to account for the operation, maintenance and construction costs of the joint facilities.

Pursuant to the amended and restated agreement, MUD 113 established an initial deposit balance in the Joint Wastewater Treatment Plant Fund of \$20,000 to pay operating expenses as they become due. The District contributed 17% of the initial balance, and MUD 113 contributed 83% of the initial balance. During the course of three (3) years, the initial balance will increase in the following manner: 1) to \$30,000 after the first year the balance was established, 2) to \$35,000 after the second year, and 3) to \$40,000 or an amount equal to three month’s operating expenses, based on the annual budget prepared and adopted, after the third year, whichever amount is higher.

Montgomery County Municipal Utility District No. 121
Notes to Basic Financial Statements
May 31, 2020

**Note 11 – Agreement for the Joint Construction and Operation of Regional Facilities
(continued)**

The participating districts are billed the cost of operating expenses based upon a ratio of each District's active connections to the total active connections. During the current year, the District paid \$44,744 for its share of operating expenses.

Note 12 – Risk Management

The District is exposed to various risks of loss related to torts: theft of, damage to and destruction of assets; errors and omissions; and personal injuries. The risk of loss is covered by commercial insurance. There have been no significant reductions in insurance coverage from the prior year. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

Note 13 – Economic Dependency

The District is dependent upon its developers for operating advances. The developers continue to own a substantial portion of the taxable property within the District. The developers' willingness to make future operating advances and/or to pay property taxes will directly affect the District's ability to meet its future obligations.

Note 14 – Infectious Disease Outlook (COVID-19)

The World Health Organization has declared a pandemic following the outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus (the "Pandemic"), which is currently affecting many parts of the world, including the United States and Texas. Federal, state and local governments have all taken actions to respond to the Pandemic, including disaster declarations by both the President of the United States and the Governor of Texas. On March 31, 2020, the Governor issued an executive order closing all non-essential businesses in the State. This order expired on April 30, 2020. Additionally, all the counties in the greater Houston area adopted various "Work Safe – Stay Home" orders. Such actions are focused on limiting instances where the public can congregate or interact with each other. These precautions resulted in the temporary closure of all non-essential businesses in the State.

Since the disaster declarations were made, the Pandemic has negatively affected travel, commerce, and financial markets locally and globally, and is widely expected to continue negatively affecting the economic growth and financial markets worldwide and within Texas. These negative impacts may reduce or negatively affect property taxes and ad valorem tax revenues within the District.

While the potential impact of COVID-19 on the District cannot be quantified at this time, the continued outbreak of COVID-19 could have an adverse effect on the District's operations and financial condition.

Montgomery County Municipal Utility District No. 121
Notes to Basic Financial Statements
May 31, 2020

Note 15 – Subsequent Event

On June 22, 2020, the District issued a \$3,518,000 BAN with an interest rate of 3%, which is due on June 21, 2021. Proceeds were used to reimburse the District's developers for operating advances and infrastructure improvements in the District.

APPENDIX B
SPECIMEN MUNICIPAL BOND INSURANCE POLICY

BAM

**MUNICIPAL BOND
INSURANCE POLICY**

ISSUER: [NAME OF ISSUER]

Policy No: _____

MEMBER: [NAME OF MEMBER]

BONDS: \$ _____ in aggregate principal
amount of [NAME OF TRANSACTION]
[and maturing on]

Effective Date: _____

Risk Premium: \$ _____
Member Surplus Contribution: \$ _____
Total Insurance Payment: \$ _____

BUILD AMERICA MUTUAL ASSURANCE COMPANY (“BAM”), for consideration received, hereby UNCONDITIONALLY AND IRREVOCABLY agrees to pay to the trustee (the “Trustee”) or paying agent (the “Paying Agent”) for the Bonds named above (as set forth in the documentation providing for the issuance and securing of the Bonds), for the benefit of the Owners or, at the election of BAM, directly to each Owner, subject only to the terms of this Policy (which includes each endorsement hereto), that portion of the principal of and interest on the Bonds that shall become Due for Payment but shall be unpaid by reason of Nonpayment by the Issuer.

On the later of the day on which such principal and interest becomes Due for Payment or the first Business Day following the Business Day on which BAM shall have received Notice of Nonpayment, BAM will disburse (but without duplication in the case of duplicate claims for the same Nonpayment) to or for the benefit of each Owner of the Bonds, the face amount of principal of and interest on the Bonds that is then Due for Payment but is then unpaid by reason of Nonpayment by the Issuer, but only upon receipt by BAM, in a form reasonably satisfactory to it, of (a) evidence of the Owner’s right to receive payment of such principal or interest then Due for Payment and (b) evidence, including any appropriate instruments of assignment, that all of the Owner’s rights with respect to payment of such principal or interest that is Due for Payment shall thereupon vest in BAM. A Notice of Nonpayment will be deemed received on a given Business Day if it is received prior to 1:00 p.m. (New York time) on such Business Day; otherwise, it will be deemed received on the next Business Day. If any Notice of Nonpayment received by BAM is incomplete, it shall be deemed not to have been received by BAM for purposes of the preceding sentence, and BAM shall promptly so advise the Trustee, Paying Agent or Owner, as appropriate, any of whom may submit an amended Notice of Nonpayment. Upon disbursement under this Policy in respect of a Bond and to the extent of such payment, BAM shall become the owner of such Bond, any appurtenant coupon to such Bond and right to receipt of payment of principal of or interest on such Bond and shall be fully subrogated to the rights of the Owner, including the Owner’s right to receive payments under such Bond. Payment by BAM either to the Trustee or Paying Agent for the benefit of the Owners, or directly to the Owners, on account of any Nonpayment shall discharge the obligation of BAM under this Policy with respect to said Nonpayment.

Except to the extent expressly modified by an endorsement hereto, the following terms shall have the meanings specified for all purposes of this Policy. “Business Day” means any day other than (a) a Saturday or Sunday or (b) a day on which banking institutions in the State of New York or the Insurer’s Fiscal Agent (as defined herein) are authorized or required by law or executive order to remain closed. “Due for Payment” means (a) when referring to the principal of a Bond, payable on the stated maturity date thereof or the date on which the same shall have been duly called for mandatory sinking fund redemption and does not refer to any earlier date on which payment is due by reason of call for redemption (other than by mandatory sinking fund redemption), acceleration or other advancement of maturity (unless BAM shall elect, in its sole discretion, to pay such principal due upon such acceleration together with any accrued interest to the date of acceleration) and (b) when referring to interest on a Bond, payable on the stated date for payment of interest. “Nonpayment” means, in respect of a Bond, the failure of the Issuer to have provided sufficient funds to the Trustee or, if there is no Trustee, to the Paying Agent for payment in full of all principal and interest that is Due for Payment on such Bond. “Nonpayment” shall also include, in respect of a Bond, any payment made to an Owner by or on behalf of the Issuer of principal or interest that is Due for Payment, which payment has been recovered from such Owner pursuant to the United States Bankruptcy Code in accordance with a final, nonappealable order of a court having competent jurisdiction. “Notice” means delivery to BAM of a notice of claim and certificate, by certified mail, email or telecopy as set forth on the attached Schedule or other acceptable electronic delivery, in a form satisfactory to BAM, from and signed by an Owner, the Trustee or the Paying Agent, which notice shall specify (a) the person or entity making the claim, (b) the Policy Number, (c) the claimed amount, (d) payment instructions and (e) the date such claimed amount becomes or became Due for Payment. “Owner” means, in respect of a Bond, the person or entity who, at the time of Nonpayment, is entitled under the terms of such Bond to payment thereof, except that “Owner” shall not include the Issuer, the Member or any other person or entity whose direct or indirect obligation constitutes the underlying security for the Bonds.

BAM may appoint a fiscal agent (the "Insurer's Fiscal Agent") for purposes of this Policy by giving written notice to the Trustee, the Paying Agent, the Member and the Issuer specifying the name and notice address of the Insurer's Fiscal Agent. From and after the date of receipt of such notice by the Trustee, the Paying Agent, the Member or the Issuer (a) copies of all notices required to be delivered to BAM pursuant to this Policy shall be simultaneously delivered to the Insurer's Fiscal Agent and to BAM and shall not be deemed received until received by both and (b) all payments required to be made by BAM under this Policy may be made directly by BAM or by the Insurer's Fiscal Agent on behalf of BAM. The Insurer's Fiscal Agent is the agent of BAM only, and the Insurer's Fiscal Agent shall in no event be liable to the Trustee, Paying Agent or any Owner for any act of the Insurer's Fiscal Agent or any failure of BAM to deposit or cause to be deposited sufficient funds to make payments due under this Policy.

To the fullest extent permitted by applicable law, BAM agrees not to assert, and hereby waives, only for the benefit of each Owner, all rights (whether by counterclaim, setoff or otherwise) and defenses (including, without limitation, the defense of fraud), whether acquired by subrogation, assignment or otherwise, to the extent that such rights and defenses may be available to BAM to avoid payment of its obligations under this Policy in accordance with the express provisions of this Policy. This Policy may not be canceled or revoked.

This Policy sets forth in full the undertaking of BAM and shall not be modified, altered or affected by any other agreement or instrument, including any modification or amendment thereto. Except to the extent expressly modified by an endorsement hereto, any premium paid in respect of this Policy is nonrefundable for any reason whatsoever, including payment, or provision being made for payment, of the Bonds prior to maturity. THIS POLICY IS NOT COVERED BY THE PROPERTY/CASUALTY INSURANCE SECURITY FUND SPECIFIED IN ARTICLE 76 OF THE NEW YORK INSURANCE LAW. THIS POLICY IS ISSUED WITHOUT CONTINGENT MUTUAL LIABILITY FOR ASSESSMENT.

In witness whereof, BUILD AMERICA MUTUAL ASSURANCE COMPANY has caused this Policy to be executed on its behalf by its Authorized Officer.
