

OFFICIAL STATEMENT DATED FEBRUARY 17, 2021

IN THE OPINION OF BOND COUNSEL (HEREIN DEFINED), BASED UPON AN ANALYSIS OF EXISTING LAWS, REGULATIONS, RULINGS AND COURT DECISIONS, AND ASSUMING, AMONG OTHER MATTERS, THE ACCURACY OF CERTAIN REPRESENTATIONS AND COMPLIANCE WITH CERTAIN COVENANTS, INTEREST ON THE BONDS (HEREIN DEFINED) IS EXCLUDABLE FROM GROSS INCOME FOR FEDERAL INCOME TAX PURPOSES UNDER SECTION 103 OF THE INTERNAL REVENUE CODE OF 1986. IN THE FURTHER OPINION OF BOND COUNSEL, INTEREST ON THE BONDS IS NOT A SPECIFIC PREFERENCE ITEM FOR PURPOSES OF THE FEDERAL ALTERNATIVE MINIMUM TAX. BOND COUNSEL EXPRESSES NO OPINION REGARDING ANY OTHER TAX CONSEQUENCES RELATED TO THE OWNERSHIP OR DISPOSITION OF, OR THE AMOUNT, ACCRUAL OR RECEIPT OF INTEREST ON, THE BONDS. SEE "TAX MATTERS" FOR A DISCUSSION ON THE OPINION OF BOND COUNSEL.

The District has designated the Bonds as "qualified tax-exempt obligations." See "TAX MATTERS - Qualified Tax-Exempt Obligations."

NEW ISSUE - Book-Entry Only

**Rating: S&P Global Ratings (BAM Insured) . . . "AA" (stable outlook)
See "BOND INSURANCE" and "RATING" herein**

**\$2,185,000
HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 551
(A Political Subdivision of the State of Texas, located within Harris County, Texas)
UNLIMITED TAX BONDS, SERIES 2021**

Dated: March 1, 2021

Due: September 1, as shown below

Principal of the above bonds (the "Bonds") is payable by the paying agent/registrars, initially, The Bank of New York Mellon Trust Company, N. A., currently in Dallas, Texas, or any successor paying agent/registrars (the "Paying Agent," "Registrar" or "Paying Agent/Registrar"). Interest on the Bonds accrues from March 1, 2021, and is payable on September 1, 2021, and on each March 1 and September 1 thereafter until the earlier of maturity or redemption. The Bonds are issued in denominations of \$5,000 or any integral multiple thereof in fully registered form only.

The Bonds will be registered in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"), which will act as securities depository for the Bonds. Beneficial owners of the Bonds will not receive physical certificates representing the Bonds, but will receive a credit balance on the books of the nominees of such beneficial owners. So long as Cede & Co. is the registered owner of the Bonds, the principal of and interest on the Bonds will be paid by the Paying Agent directly to DTC, which will, in turn, remit such principal and interest to its participants for subsequent disbursement to the beneficial owners of the Bonds as described herein. See "THE BONDS – Book-Entry-Only System."

The scheduled payment of principal of and interest on the Bonds when due will be guaranteed under a municipal bond insurance policy to be issued concurrently with the delivery of the Bonds by Build America Mutual Assurance Company ("BAM" or the "Insurer").

- (a) CUSIP is a registered trademark of the American Bankers Association. CUSIP data is provided by CUSIP Global Services, managed by S&P Global Market Intelligence on behalf of the American Bankers Association. CUSIP numbers will be assigned to this issue by the CUSIP Service Bureau and are included solely for the convenience of the owners of the Bonds. This data is not intended to create a database and does not serve in any way as a substitute for the CUSIP services. Neither the District (hereinafter defined), the Financial Advisor (defined herein), nor the Underwriter (defined herein) take any responsibility for the accuracy of CUSIP numbers.
- (b) Information with respect to the initial reoffering yields of the Bonds is the responsibility of the Underwriter (as defined herein). Initial reoffering yields represent the initial offering price to the public which has been established by the Underwriter for public offerings, and which subsequently may be changed. Accrued interest from March 1, 2021, to the date of delivery is to be added to the price.
- (c) The Bonds, including the Term Bonds, maturing on and after September 1, 2029, are subject to redemption prior to maturity at the option of Harris County Municipal Utility District No. 551 (the "District"), as a whole or in part, on September 1, 2026, or any date thereafter, at a price equal to the principal amount thereof plus accrued interest from the most recent interest payment date to the date fixed for redemption.
- (d) Subject to mandatory redemption by lot or other customary method of random selection on September 1 in the years and in the amounts set forth herein under the caption "THE BONDS - Redemption Provisions."

If fewer than all of the Bonds are redeemed at any time, the particular maturities and amounts of the Bonds to be redeemed shall be selected by the District in integral multiples of \$5,000 within any one maturity. If fewer than all of the Bonds of any given maturity are to be redeemed at any time, the particular Bonds to be redeemed shall be selected by such method of random selection as determined by the Registrar (or by DTC in accordance with its procedures while the Bonds are in book-entry-only form). The Registered Owner of any Bond, all or a portion of which has been called for redemption, shall be required to present same to the Registrar for payment of the redemption price on the portion of the Bond so called for redemption and the issuance of a new Bond in the principal amount equal to the portion of such Bond not redeemed.

The Bonds constitute the second series of unlimited tax bonds issued by the District for the purpose of acquiring and constructing a waterworks, sanitary sewer and storm drainage system (the "System") to serve the District. THE BONDS ARE SUBJECT TO SPECIAL RISK FACTORS DESCRIBED HEREIN. SEE "RISK FACTORS." Voters in the District authorized a total of \$55,000,000 principal amount of unlimited tax bonds for the purpose of acquiring and constructing the System. Following the issuance of the Bonds, \$49,240,000 principal amount of unlimited tax bonds for the acquisition or construction of the System will remain authorized but unused. See "THE BONDS – Issuance of Additional Debt."

The Bonds, when issued, constitute valid and binding obligations of the District, and are payable from the proceeds of an annual ad valorem tax, without legal limitation as to rate or amount, levied against all taxable property located within the District. See "THE BONDS – Source of Payment." Neither the State of Texas, Harris County, Texas, the City of Houston, Texas, nor any political subdivision other than the District shall be obligated to pay the principal of and interest on the Bonds. Neither the faith and credit nor the taxing power of the State of Texas, Harris County, Texas, the City of Houston, Texas, nor any political subdivision other than the District is pledged to the payment of the principal of and interest on the Bonds.

The Bonds are offered when, as and if issued by the District, subject among other things to the approval of the Attorney General of Texas and of Sanford Kuhl Hagan Kugle Parker Kahn LLP, Houston, Texas, Bond Counsel. Certain legal matters will be passed upon for the District by McCall Parkhurst & Horton, L.L.P., Houston, Texas, Disclosure Counsel. Delivery of the Bonds in book-entry form is expected through DTC on or about March 18, 2021.

USE OF INFORMATION IN OFFICIAL STATEMENT

No dealer, broker, salesman or other person has been authorized to give any information or to make any representations other than those contained in this Official Statement and, if given or made, such other information or representations must not be relied upon as having been authorized by the District.

This Official Statement does not constitute, and is not authorized by the District for use in connection with, an offer to sell or the solicitation of any offer to buy in any state in which such offer or solicitation is not authorized or in which the person making such offer or solicitation is not qualified to do so or to any person to whom it is unlawful to make such offer or solicitation.

All of the summaries of the statutes, orders, resolutions, contracts, audits, and engineering and other related reports set forth in the Official Statement are made subject to all of the provisions of such documents. These summaries do not purport to be complete statements of such provisions, and reference is made to such documents, copies of which are available from the Financial Advisor.

This Official Statement contains, in part, estimates, assumptions and matters of opinion which are not intended as statements of fact, and no representation is made as to the accuracy of such estimates, assumptions, or matters of opinion, or that they will be realized. Any information and expressions of opinion herein contained are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the District or other matters described herein since the date hereof. However, the District has agreed to keep this Official Statement current by amendment or sticker to reflect material changes in the affairs of the District and, to the extent that information actually comes to its attention, the other matters described in the Official Statement until delivery of the Bonds to the Underwriter (as hereinafter defined) and thereafter only as described under "OFFICIAL STATEMENT - Updating of Official Statement."

Neither the District nor the Underwriter makes any representations as to the accuracy, completeness, or adequacy of the information supplied by The Depository Trust Company for use in this Official Statement.

This Official Statement contains "forward-looking" statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, which generally can be identified with words or phrases such as "anticipates," "believes," "could," "estimates," "expects," "foresees," "may," "predict," "should," "will" or other words or phrases of similar import. All statements included in this Official Statement that any person expects or anticipates will, should or may occur in the future are forward-looking statements. These statements are based on assumptions and analyses made in light of experience and perceptions of historical trends, current conditions, and expected future developments as well as other factors the District believes are appropriate in the circumstances. However, whether actual results and developments conform with expectations and predictions is subject to a number of risks and uncertainties, including, without limitation, the information discussed under "RISK FACTORS" in this Official Statement, as well as additional factors beyond the District's control. The important risk factors and assumptions described under that caption and elsewhere herein could cause actual results to differ materially from those expressed in any forward-looking statement. All of the forward-looking statements made in this Official Statement are qualified by these cautionary statements.

Build America Mutual Assurance Company ("BAM") makes no representation regarding the Bonds or the advisability of investing in the Bonds. In addition, BAM has not independently verified, makes no representation regarding, and does not accept any responsibility for the accuracy or completeness of this Official Statement or any information or disclosure contained herein, or omitted herefrom, other than with respect to the accuracy of the information regarding BAM, supplied by BAM and presented under the heading "BOND INSURANCE" and "APPENDIX C - SPECIMEN OF MUNICIPAL BOND INSURANCE POLICY."

SALE AND DISTRIBUTION OF THE BONDS

Award of the Bonds

After requesting competitive bids for the Bonds, the District has accepted the bid resulting in the lowest net interest cost to the District, which was tendered by SAMCO Capital Markets, Inc. (referred to herein as the “Underwriter” or the “Initial Purchaser”) to purchase the Bonds bearing the interest rates shown under “MATURITY SCHEDULE” at a price of 97.0% of the principal amount thereof plus accrued interest to the date of delivery, which resulted in a net effective interest rate of 2.285669%, as calculated pursuant to Chapter 1204, Texas Government Code, as amended.

Marketability

The District has no control over the reoffering yields or prices of the Bonds or over trading of the Bonds in the secondary market. Moreover, there is no assurance that a secondary market will be made in the Bonds. If there is a secondary market, the difference between the bid and asked prices of the Bonds may be greater than the difference between the bid and asked prices of bonds of comparable maturity and quality issued by more traditional municipal entities, as bonds of such entities are more generally bought, sold or traded in the secondary market.

The prices and other terms respecting the offering and sale of the Bonds may be changed from time to time by the Underwriter after the Bonds are released for sale, and the Bonds may be offered and sold at prices other than the initial offering price, including sales to dealers who may sell the Bonds into investment accounts.

IN CONNECTION WITH THE OFFERING OF THE BONDS, THE UNDERWRITER MAY OVER-ALLOT OR EFFECT TRANSACTIONS WHICH STABILIZE OR MAINTAIN THE MARKET PRICE OF THE BONDS AT A LEVEL ABOVE THAT WHICH MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME.

Securities Laws

No registration statement relating to the Bonds has been filed with the United States Securities and Exchange Commission under the Securities Act of 1933, as amended, in reliance upon exemptions provided thereunder. The Bonds have not been registered or qualified under the Securities Act of Texas in reliance upon various exemptions contained therein; nor have the Bonds been registered or qualified under the securities acts of any other jurisdictions. The District assumes no responsibility for registration or qualification of the Bonds under the securities laws of any jurisdiction in which the Bonds may be offered, sold, or otherwise transferred. This disclaimer of responsibility for registration or qualification for sale or other disposition of the Bonds should not be construed as an interpretation of any kind with regard to the availability of any exemption from securities registration or qualification provisions.

BOND INSURANCE

Bond Insurance Policy

Concurrently with the issuance of the Bonds, Build America Mutual Assurance Company (“BAM” or the “Insurer”) will issue its Municipal Bond Insurance Policy for the Bonds (the “Policy”). The Policy guarantees the scheduled payment of principal of and interest on the Bonds when due as set forth in the form of the Policy included as an exhibit to this Official Statement.

The Policy is not covered by any insurance security or guaranty fund established under New York, California, Connecticut or Florida insurance law.

Build America Mutual Assurance Company

BAM is a New York domiciled mutual insurance corporation and is licensed to conduct financial guaranty insurance business in all fifty states of the United States and the District of Columbia. BAM provides credit enhancement products solely to issuers in the U.S. public finance markets. BAM will only insure obligations of states, political subdivisions, integral parts of states or political subdivisions or entities otherwise eligible for the exclusion of income under section 115 of the U.S. Internal Revenue Code of 1986, as amended. No member of BAM is liable for the obligations of BAM.

The address of the principal executive offices of BAM is: 200 Liberty Street, 27th Floor, New York, New York 10281; its telephone number is: 212-235-2500, and its website is located at: www.buildamerica.com.

BAM is licensed and subject to regulation as a financial guaranty insurance corporation under the laws of the State of New York and in particular Articles 41 and 69 of the New York Insurance Law.

BAM's financial strength is rated "AA/Stable" by S&P Global Ratings, a business unit of Standard & Poor's Financial Services LLC ("S&P"). An explanation of the significance of the rating and current reports may be obtained from S&P at www.standardandpoors.com. The rating of BAM should be evaluated independently. The rating reflects the S&P's current assessment of the creditworthiness of BAM and its ability to pay claims on its policies of insurance. The above rating is not a recommendation to buy, sell or hold the Bonds, and such rating is subject to revision or withdrawal at any time by S&P, including withdrawal initiated at the request of BAM in its sole discretion. Any downward revision or withdrawal of the above rating may have an adverse effect on the market price of the Bonds. BAM only guarantees scheduled principal and scheduled interest payments payable by the issuer of the Bonds on the date(s) when such amounts were initially scheduled to become due and payable (subject to and in accordance with the terms of the Policy), and BAM does not guarantee the market price or liquidity of the Bonds, nor does it guarantee that the rating on the Bonds will not be revised or withdrawn.

Capitalization of BAM

BAM's total admitted assets, total liabilities, and total capital and surplus, as of December 31, 2020 and as prepared in accordance with statutory accounting practices prescribed or permitted by the New York State Department of Financial Services were \$485.4 million, \$160.7 million and \$324.7 million, respectively.

BAM is party to a first loss reinsurance treaty that provides first loss protection up to a maximum of 15% of the par amount outstanding for each policy issued by BAM, subject to certain limitations and restrictions.

BAM's most recent Statutory Annual Statement, which has been filed with the New York State Insurance Department and posted on BAM's website at www.buildamerica.com, is incorporated herein by reference and may be obtained, without charge, upon request to BAM at its address provided above (Attention: Finance Department). Future financial statements will similarly be made available when published.

BAM makes no representation regarding the Bonds or the advisability of investing in the Bonds. In addition, BAM has not independently verified, makes no representation regarding, and does not accept any responsibility for the accuracy or completeness of this Official Statement or any information or disclosure contained herein, or omitted herefrom, other than with respect to the accuracy of the information regarding BAM, supplied by BAM and presented under the heading "BOND INSURANCE."

Additional Information Available from BAM

Credit Insights Videos. For certain BAM-insured issues, BAM produces and posts a brief Credit Insights video that provides a discussion of the obligor and some of the key factors BAM's analysts and credit committee considered when approving the credit for insurance. The Credit Insights videos are easily accessible on BAM's website at buildamerica.com/creditinsights/. (The preceding website address is provided for convenience of reference only. Information available at such address is not incorporated herein by reference.)

Credit Profiles. Prior to the pricing of bonds that BAM has been selected to insure, BAM may prepare a pre-sale Credit Profile for those bonds. These pre-sale Credit Profiles provide information about the sector designation (e.g. general obligation, sales tax); a preliminary summary of financial information and key ratios; and demographic and economic data relevant to the obligor, if available. Subsequent to closing, for any offering that includes bonds insured by BAM, any pre-sale Credit Profile will be updated and superseded by a final Credit Profile to include information about the gross par insured by CUSIP, maturity and coupon. BAM pre-sale and final Credit Profiles are easily accessible on BAM's website at buildamerica.com/obligor/. BAM will produce a Credit Profile for all bonds insured by BAM, whether or not a pre-sale Credit Profile has been prepared for such bonds. (The preceding website address is provided for convenience of reference only. Information available at such address is not incorporated herein by reference.)

Disclaimers. The Credit Profiles and the Credit Insights videos and the information contained therein are not recommendations to purchase, hold or sell securities or to make any investment decisions. Credit-related and other analyses and statements in the Credit Profiles and the Credit Insights videos are statements of opinion as of the date expressed, and BAM assumes no responsibility to update the content of such material. The Credit Profiles and Credit Insights videos are prepared by BAM and have not been reviewed or approved by the issuer of or the underwriter for the Bonds, and they assume no responsibility for their content.

BAM receives compensation (an insurance premium) for the insurance that it is providing with respect to the Bonds. Neither BAM nor any affiliate of BAM has purchased, or committed to purchase, any of the Bonds, whether at the initial offering or otherwise.

BOND INSURANCE RISK FACTORS

In the event of default of the payment of principal or interest with respect to the Bonds when all or some becomes due, any owner of the Bonds shall have a claim under the Policy for such payments.

In the event the Insurer is unable to make payment of principal and interest as such payments become due under the Policy, the Bonds are payable solely from the moneys received pursuant to the applicable bond documents. In the event the Insurer becomes obligated to make payments with respect to the Bonds, no assurance is given that such event will not adversely affect the market price of the Bonds or the marketability (liquidity) for the Bonds.

The long-term ratings on the Bonds are dependent in part on the financial strength of the Insurer and its claim paying ability. The Insurer's financial strength and claims paying ability are predicated upon a number of factors which could change over time. No assurance is given that the long-term ratings of the Insurer and of the ratings on the Bonds insured by the Insurer will not be subject to downgrade and such event could adversely affect the market price of the Bonds or the marketability (liquidity) for the Bonds. See "BOND INSURANCE" and "RATING" herein. As is stated in this Official Statement under the caption "LEGAL MATTERS - No Material Adverse Change," the rating of the Insurer's creditworthiness by any rating agency does not in any manner affect the District's financial condition, and thus any change to such rating, including a downgrade thereof, at any time, does not constitute a change, material or otherwise, in the District's financial condition, and therefore cannot be a basis for termination by the Underwriter of its obligations to take up and pay for the Bonds.

The obligations of the Insurer are contractual obligations and in an event of default by the Insurer, the remedies available may be limited by applicable bankruptcy law or state law related to insolvency of insurance companies.

Neither the District nor the Underwriter have made independent investigation into the claims paying ability of the Insurer and no assurance or representation regarding the financial strength or projected financial strength of the Insurer is given. Thus, when making an investment decision, potential investors should carefully consider the ability of the District to pay principal and interest on the Bonds and the claims paying ability of the Insurer, particularly over the life of the investment. See "BOND INSURANCE" herein for further information provided by the Insurer and the Policy, which includes further instructions for obtaining current financial information concerning the Insurer.

RATING

S&P Global Ratings (“S&P”) is a business unit of Standard & Poor’s Financial Services LLC. S&P is located at 55 Water Street, New York, New York 10041, telephone number (212) 208-8000 and has engaged in providing ratings for corporate bonds since 1923 and municipal bonds since 1940. Long-term debt ratings assigned by S&P reflect its analysis of the overall level of credit risk involved in financings. At present S&P assigns long-term debt ratings with symbols “AAA” (the highest rating) through “D” (the lowest ratings).

The Bonds are expected to receive an insured rating of “AA” (stable outlook) from S&P based upon the issuance of the Policy by the Insurer at the time of delivery of the Bonds. The Bonds do not currently have an underlying rating.

An explanation of the significance of the foregoing rating may only be obtained from S&P. The foregoing rating expresses only the view of S&P at the time the rating is given. Furthermore, a security rating is not a recommendation to buy, sell or hold securities. There is no assurance that the rating will continue for any given period of time or that it will not be revised downward or withdrawn entirely by S&P, if, in its judgment, circumstances so warrant. Any such downward change in or withdrawal of such rating may have an adverse effect on the market price of the Bonds.

The District is not aware of any ratings assigned the Bonds other than the rating of S&P.

OFFICIAL STATEMENT SUMMARY

The following summary of certain information contained herein is qualified in its entirety by the detailed information and financial statements appearing elsewhere in this Official Statement. The reader should refer particularly to sections that are indicated for more complete information.

THE BONDS

The Issuer Harris County Municipal Utility District No. 551 (the “District”) is a political subdivision of the State of Texas located within Harris County, Texas. See “THE DISTRICT - General.”

Description \$2,185,000 Unlimited Tax Bonds, Series 2021, are dated March 1, 2021. Interest on the Bonds accrues from March 1, 2021, at the rates shown on the cover hereof, and is payable on September 1, 2021, and on each March 1 and September 1 thereafter until maturity or prior redemption. \$165,000 of the Bonds are issued as serial bonds maturing on September 1 in each of the years 2022 through 2025, both inclusive, in the respective principal amounts set forth on the cover page of this Official Statement. \$2,020,000 of the Bonds are issued as term bonds maturing on September 1 in each of the years 2029, 2033, 2036, 2039, 2042, 2045 and 2049, in the respective principal amounts set forth on the cover page of this Official Statement (collectively, the “Term Bonds”). The Bonds are issued in fully registered form and will be issued in denominations of \$5,000 of principal amount or integral multiples thereof. The Bonds, including the Term Bonds, scheduled to mature on and after September 1, 2029, are subject to redemption, in whole or in part, prior to their scheduled maturities, on September 1, 2026, or on any date thereafter at the option of the District. In addition to being subject to optional redemption, the Term Bonds are also subject to mandatory sinking fund redemption on September 1 in the years and in the amounts as is more completely described in this Official Statement under the caption “THE BONDS - Redemption Provisions.” Upon redemption, the Bonds will be payable at a price equal to the principal amount of the Bonds, or portions thereof, so called for redemption, plus accrued interest to the date of redemption. See “THE BONDS.”

Book-Entry-Only System The definitive Bonds will be initially registered and delivered only to Cede & Co., the nominee of DTC (as defined herein), pursuant to the Book-Entry-Only System described herein. Beneficial ownership of the Bonds may be acquired in denominations of \$5,000 or integral multiples thereof. No physical delivery of the Bonds will be made to the beneficial owners thereof. Principal of and interest on the Bonds will be payable by the Paying Agent/Registrar to Cede & Co., which will make distribution of the amounts so paid to the participating members of DTC for subsequent payment to the beneficial owners of the Bonds (see “THE BONDS - Book-Entry-Only System”).

Source of Payment	Principal of and interest on the Bonds are payable from the proceeds of an annual ad valorem tax, without legal limitation as to rate or amount, levied upon all taxable property within the District. See “THE BONDS - Source of Payment,” “RISK FACTORS - Maximum Impact on District Tax Rates,” and “TAX DATA - Tax Rate Calculations.”
Use of Proceeds	Proceeds from the sale of the Bonds will be used by the District to (i) reimburse the Developer (hereinafter defined) the construction costs, engineering costs, materials testing costs and Storm Water Pollution Prevention Plan costs for (a) the Retreat at Champions Landing Detention Facilities, Phase 2; and (b) the Retreat at Champions Landing Lift Station No. 1; (ii) pay the construction costs for the Retreat at Champions Landing, Section 1 water, wastewater, and drainage facilities; (iii) reimburse the Developer the District's pro rata share of the construction of (a) the Heatherloch Municipal Utility District ("Heatherloch MUD") Wastewater Improvements; and (b) Heatherloch MUD Water Well No. 1 Rework; (iv) pay Developer interest; and (v) pay for administrative and issuance costs, legal fees, fiscal agent's fees, a fee to the Texas Commission on Environmental Quality (the “TCEQ” or “Commission”), a fee to the Attorney General of Texas, certain operating costs of the District and certain financing costs related to the issuance of the Bonds. See “THE BONDS - Use and Distribution of Bond Proceeds.”
Authority for Issuance	At an election held within the District on November 7, 2017, voters of the District authorized a total of \$55,000,000 in bonds for the purpose of acquiring or constructing water, sanitary sewer, and drainage facilities (the “System”). The Bonds constitute the second issuance of bonds from such authorization. The Bonds are issued by the District pursuant to the terms and provisions of the Bond Order (defined herein); Article XVI, Section 59 of the Texas Constitution; Chapters 49 and 54 of the Texas Water Code, as amended; and an order of the TCEQ.
Payment Record	The Bonds constitute the second series of unlimited tax bonds to be issued by the District for the purpose of acquiring and constructing the System. The District has previously issued Unlimited Tax Bonds, Series 2020 (the “Series 2020 Bonds”) to finance the acquisition or construction of components of the System. Collective reference is made in this Official Statement to all of such bonds previously issued by the District as the “Prior Bonds.” The District has never defaulted in the timely payment of principal of and interest on the Prior Bonds. As of the date of issuance of the Bonds, the aggregate principal amount of the Prior Bonds, which will not have been defeased or otherwise paid by the District, will be \$3,575,000 (the “Outstanding Bonds”), and the aggregate principal amount of the District's total direct bonded indebtedness, including the Bonds, will be \$5,760,000. See “DISTRICT DEBT - Debt Service Requirement Schedule.” In addition to the components of the System that the District has financed

with the proceeds of the sale of the Prior Bonds and is financing with the proceeds of the sale of the Bonds, the District expects to finance additional components of the System with the proceeds of the sale of bonds, if any, that the District expects to issue in the future. See “THE BONDS - Issuance of Additional Debt,” “THE SYSTEM - Description,” and “RISK FACTORS - Future Debt.”

Authorized But Unissued Bonds	\$49,240,000 for waterworks, wastewater, and drainage facilities (after issuance of the Bonds) and \$82,500,000 for refunding such bonds. See “THE BONDS - Issuance of Additional Debt.” In addition to the components of the System that the District has financed with the proceeds of the sale of the Prior Bonds and is financing with the proceeds of the sale of the Bonds, the District expects to finance additional components of the System with the proceeds of the sale of bonds, if any, that the District expects to issue in the future.
Municipal Bond Insurance	Build America Mutual Assurance Company (“BAM”). See “BOND INSURANCE.”
Municipal Bond Rating	S&P Global Ratings (BAM insured) “AA” (stable outlook). See “BOND INSURANCE” and “RATING.” The Bonds do not currently have an underlying rating.
Bond Counsel	Sanford Kuhl Hagan Kugle Parker Kahn LLP, Bond Counsel, Houston, Texas. See “LEGAL MATTERS” and “TAX MATTERS.”
Disclosure Counsel	McCall, Parkhurst & Horton L.L.P., Houston, Texas.
Qualified Tax-Exempt Obligations	In the Bond Order, the District has designated the Bonds as “qualified tax-exempt obligations” pursuant to Section 265(b) of the Internal Revenue Code of 1986, as amended. See “TAX MATTERS - Qualified Tax-Exempt Obligations.”

THE DISTRICT

Description	The District is a political subdivision of the State of Texas, created by Order of the TCEQ on August 9, 2017. At the time of creation, the District contained approximately 44.6 acres of land. The District annexed 1.00 acre and 33.44 acres of land by orders dated October 23, 2018. The District currently contains approximately 79.04 acres of land. The District is located entirely within Harris County, Texas, within the extraterritorial jurisdiction of the City of Houston, Texas (the “City”), and within the Klein Independent School District. The District is located in northeast Harris County, approximately 35 miles northwest of downtown Houston, north of FM 1960 and southwest of the Stuebner-Airline Road and Mittlestedt Road intersection. See THE DISTRICT - General” and - “Description,” and “APPENDIX A - LOCATION MAP.”
-------------------	--

Authority

The rights, powers, privileges, authority and functions of the District are established by Article XVI, Section 59 of the Constitution of the State of Texas and the general laws of the State of Texas pertaining to municipal utility districts, particularly Chapters 49 and 54 of the Texas Water Code, as amended. See "THE DISTRICT - General."

Development and Home Construction

As of January 1, 2021, the District contained 423 fully developed single-family residential lots on which 393 homes have been constructed, including 71 homes under construction. According to the District's Engineer, underground water distribution, wastewater collection, and storm drainage/detention facilities and street paving have been completed to serve the entirety of the developable land located within the District, consisting of 423 single-family residential lots located in Retreat at Champions Landing, Sections 1 through 4 (approximately 65.8 total acres) as is delineated in the chart that appears in this Official Statement under the caption "DEVELOPMENT AND HOME CONSTRUCTION."

The developer of the 423 fully developed single-family residential lots located within the District which have been subdivided as Retreat at Champions Landing, Sections 1 through 4, is Pulte Homes of Texas, L.P., a Texas limited partnership ("Pulte Homes" or the "Developer") as is further described under the caption "DEVELOPER." Pulte Homes owns no additional land located within the District.

The remaining approximately 13.2 acres of land located within the District is comprised of streets, drainage easements and open space, or lands that are otherwise not available for future development.

Developer

The developer of the 423 fully developed single-family residential lots located within the District which have been subdivided as Retreat at Champions Landing, Sections 1 through 4, is Pulte Homes of Texas, L.P., a Texas limited partnership ("Pulte Homes" or the "Developer"). Pulte Homes is wholly owned by PulteGroup, Inc., a Michigan corporation ("PulteGroup"). PulteGroup is a publicly traded corporation whose stock is listed on the New York Stock Exchange. PulteGroup is subject to the information requirements of the Securities Exchange Act of 1934, as amended, and in accordance therewith file reports and other information with the United States Securities and Exchange Commission ("SEC"). Reports, proxy statements and other information filed by PulteGroup can be inspected at the office of the SEC at Judiciary Plaza, Room 1024, 450 Fifth Street, N.W., Washington, D.C. 20549. Copies of such material can be obtained from the Public Reference Section of the SEC at 450 Fifth Street, N.W., Washington, D.C. 20549, at prescribed rates. Copies of the above reports, proxy statements and other information may also be inspected at the offices of the New York Stock Exchange, Inc., 20 Broad Street, New York, New

York 10005. The SEC maintains a website on the Internet at <http://www.sec.gov> that contains reports, proxy information statements and other information regarding registrants that file electronically with the SEC.

Builder

Pulte Homes (the “Builder”) is currently constructing homes in Retreat at Champions Landing under the trade name Centex Homes that range in size from approximately 1,206 to 2,606 square feet of living area and in sales price from approximately \$183,990 to \$230,990.

Pulte Homes may change the types, sizes and sales prices of the homes which it chooses to construct within the District entirely within its discretion, or may suspend home construction activity entirely.

RISK FACTORS

THE BONDS ARE SUBJECT TO SPECIAL RISK FACTORS AS SET FORTH IN THIS OFFICIAL STATEMENT. PROSPECTIVE PURCHASERS SHOULD CAREFULLY EXAMINE THE ENTIRE OFFICIAL STATEMENT BEFORE MAKING THEIR INVESTMENT DECISIONS, ESPECIALLY THE PORTION OF THE OFFICIAL STATEMENT ENTITLED “RISK FACTORS.”

Number of Single Family Residences (including 71 residences under construction)	393
as of January 1, 2021	

- (a) As of January 1, 2020. All property located in the District is valued on the tax rolls by the Harris County Appraisal District (the "Appraisal District") at 100% of assessed valuation as of January 1 of each year. The District's tax roll is certified by the Harris County Appraisal Review Board (the "Appraisal Review Board"). See "TAXING PROCEDURES" and "RISK FACTORS - Factors Affecting Taxable Values and Tax Payments." Such sum includes certain values which have not been certified by the Appraisal Review Board, including the value of certain properties which has been proposed by the Appraisal District but protested by the owners thereof to the Appraisal District and the value of certain properties not under protest but not yet certified. The Appraisal District's "Estimated Final Taxable Value with Hearing Loss" of such properties is \$169,328, which total is included in the amount of \$48,945,075. The Appraisal District has proposed the valuation of such protested properties to be \$188,172. The Appraisal District's estimate of the total taxable value of taxable property not under protest and not yet included on the certified appraisal roll is \$280,462, which total is also included in the amount of \$48,945,075. The District is unable to predict the amount of the District's final 2020 Assessed Valuation. Such final 2020 Assessed Valuation will not be determined until the valuation of all taxable property located within the District is certified by the Appraisal Review Board for 2020.
- (b) Provided by the Appraisal District for informational purposes only, this amount is an estimate of the value of all taxable property located within the District as of January 1, 2021, and includes an estimate of values resulting from the construction of taxable improvements from January 1, 2020, through December 31, 2020. The ultimate assessed valuation of such additions to the District's tax roll resulting from development and construction activity from January 1, 2020, through December 31, 2020, may vary significantly from this estimate when the Appraisal Review Board certifies the valuation of District property for the purpose of determining the District's 2021 tax roll.
- (c) See "DISTRICT DEBT." In addition to the components of the System that the District has financed with the proceeds of the sale of the Prior Bonds and is financing with the proceeds of the sale of the Bonds, the District expects to finance additional components of the System with the proceeds of the sale of bonds, if any, that the District expects to issue in the future. See "THE BONDS - Issuance of Additional Debt," and - "Use and Distribution of Bond Proceeds," "THE SYSTEM" and "RISK FACTORS - Future Debt."
- (d) Neither Texas law nor the Bond Order requires that the District maintain any particular sum in the Debt Service Fund. The District's initial debt service requirement on the Bonds is due September 1, 2021, and consists of a six-month interest payment.
- (e) The District levied a tax rate of \$1.50 per \$100 of Assessed Valuation for 2019, all of which is a maintenance tax. The District levied its initial debt service tax of \$0.42 per \$100 of Assessed Valuation and a maintenance tax of \$0.98 per \$100 of Assessed Valuation in 2020. Therefore, the District's combined total tax rate for 2020 is \$1.40 per \$100 of Assessed Valuation. As is enumerated in this Official Statement under the caption "TAX DATA - Estimated Overlapping Taxes," the aggregate of the 2020 tax levies of all overlapping taxing units which levy taxes upon property located in the District, plus the District's 2020 tax rate, is \$3.582627 per \$100 of Assessed Valuation. Such aggregate levies are higher than the aggregate tax levies of many municipal utility districts in the Houston metropolitan area, including the area of the District, but are within the range of the aggregate levies of many municipal utility districts in the Houston metropolitan area and the area of the District which are in stages of development comparable with the District. See "RISK FACTORS - Factors Affecting Taxable Values and Tax Payments" and "TAXING PROCEDURES."

**HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 551
UNLIMITED TAX BONDS
SERIES 2021**

INTRODUCTION

This Preliminary Official Statement provides certain information with respect to the issuance by Harris County Municipal Utility District No. 551 (the “District”) of its \$2,185,000 Unlimited Tax Bonds, Series 2021 (the “Bonds”).

There follow in this Preliminary Official Statement descriptions of the Bonds, and certain information about the District and its finances. All descriptions of documents contained herein are only summaries and are qualified in their entirety by reference to each such document. Copies of such documents may be obtained from the District upon request and payment of the costs of duplication thereof.

THE BONDS

General

The following is a description of some of the terms and conditions of the Bonds, which description is qualified in its entirety by reference to the order (the “Bond Order”) of the Board of Directors of the District (the “Board”) authorizing the issuance of the Bonds. A copy of the Bond Order may be obtained from the District upon written request made to the District's Financial Advisor, Rathmann & Associates, L.P., 8584 Katy Freeway, Suite 250, Houston, Texas 77024.

The Bonds are dated March 1, 2021. Interest accrues from March 1, 2021, at the rates shown on the cover hereof, and is payable on September 1, 2021, and on each March 1 and September 1 thereafter until the earlier of stated maturity or redemption. \$165,000 of the Bonds are issued as serial bonds maturing on September 1 in each of the years 2022 through 2025, both inclusive, in the respective principal amounts set forth on the cover page of this Official Statement. \$2,020,000 of the Bonds are issued as term bonds maturing on September 1 in each of the years 2029, 2033, 2036, 2039, 2042, 2045 and 2049, in the respective principal amounts set forth on the cover page of this Official Statement (collectively, the “Term Bonds”). The Bonds are issued in fully registered form and will be issued in denominations of \$5,000 of principal amount or integral multiples thereof. Principal of the Bonds will be payable by the paying agent/registrar, initially, The Bank of New York Mellon Trust Company, N.A., in Dallas, Texas, (the “Paying Agent,” “Registrar” or “Paying Agent/Registrar”).

The Bonds will be registered in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York (“DTC”), which will act as securities depository for the Bonds. Beneficial owners of the Bonds will not receive physical certificates representing the Bonds, but will receive a credit balance on the books of the nominees of such beneficial owners. So long as Cede & Co. is the registered owner of the Bonds, the principal of and interest on the Bonds will be paid by the Paying Agent directly to DTC, which will, in turn, remit such principal and interest to its participants for subsequent disbursement to the beneficial owners of the Bonds as described below under “Book-Entry-Only System.”

Book-Entry-Only System

This section describes how ownership of the Bonds is to be transferred and how the principal of and interest on the Bonds are to be paid to and credited by The Depository Trust Company, New York, New York, (“DTC”) while the Bonds are registered in its nominee name. The information in this section concerning DTC and the Book-Entry-Only System has been provided by DTC for use in disclosure documents such as this Official Statement. The District and the Financial Advisor believe the source of such information to be reliable, but neither of the District or the Financial Advisor takes any responsibility for the accuracy or completeness thereof.

The District cannot and does not give any assurance that (1) DTC will distribute payments of debt service on the Bonds, or redemption or other notices, to DTC Participants, (2) DTC Participants or others will distribute debt service payments paid to DTC or its nominee (as the registered owner of the Bonds), or redemption or other notices, to the

Beneficial Owners, or that they will do so on a timely basis, or (3) DTC will serve and act in the manner described in this Official Statement. The current rules applicable to DTC are on file with the Securities and Exchange Commission, and the current procedures of DTC to be followed in dealing with DTC Participants are on file with DTC.

The Depository Trust Company (“DTC”), New York, NY, will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has rating of “AA+” from S&P Global Ratings. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchaser of each Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or the Paying Agent/Registrar, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent/Registrar, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or the Paying Agent/Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District or Paying Agent. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the accuracy thereof.

Use of Certain Terms in Other Sections of this Official Statement

In reading this Preliminary Official Statement, it should be understood that while the Bonds are in the Book-Entry-Only System, references in other sections of this Preliminary Official Statement to registered owners should be read to include the person for which the Participant acquires an interest in the Bonds, but (i) all rights of ownership must be exercised through DTC and the Book-Entry-Only System, and, (ii) except as described above, notices that are to be given to registered owners under the Bond Order will be given only to DTC.

Assignments, Transfers and Exchanges

In the event the book-entry-only system is discontinued, the Bonds may be transferred, registered and assigned only on the registration books of the Registrar, and such registration and transfer shall be without expense or service charge to the Registered Owner, except for any tax or other governmental charges required to be paid with respect to such registration and transfer. A Bond may be assigned by the execution of an assignment form on the Bonds or by other instrument of transfer and assignment acceptable to the Registrar. At any time after the date of delivery of the Bonds to the Initial Purchaser, any Bond may be transferred or exchanged upon its presentment and surrender at the office of the Registrar, duly endorsed for transfer or accompanied by an assignment duly executed by the Registered Owner. To the extent possible, new Bonds issued in an exchange or transfer of Bonds will be delivered to the Registered Owner or assignee of the owner in not more than three business days after the receipt of the request in proper form to transfer or exchange the Bonds. New Bonds registered and delivered in an exchange or transfer shall be in denominations of \$5,000 or any integral multiple thereof for any one maturity and for a like aggregate principal amount as the Bond or Bonds surrendered for exchange or transfer. Neither the District nor the Registrar is required (1) to transfer or exchange any Bond during a period beginning at the opening of business on a Record Date (defined below) and ending at the close of business on the next succeeding interest payment date, or (2) to transfer or exchange any Bond selected for redemption in whole or in part within thirty (30) calendar days of the redemption date. The District has agreed to replace mutilated, destroyed, lost or stolen Bonds upon surrender of the mutilated Bonds, on receipt of satisfactory evidence of such destruction, loss or theft and receipt by the District and the Registrar of security or indemnity to keep them harmless. The District will require payment of taxes, governmental charges and other expenses in connection with any such replacement.

Record Date

The record date for payment of the interest on any regularly scheduled interest payment date is defined as the 15th day of the month (whether or not a business day) preceding such interest payment date.

Redemption Provisions

Optional Redemption

Bonds, including the Term Bonds, maturing on September 1, 2029, and thereafter shall be subject to redemption and payment at the option of the District, in whole or from time to time in part, on September 1, 2026, or on any date thereafter, at a price equal to the principal amount thereof plus accrued interest to the date fixed for redemption. Notice of the exercise of the reserved right of redemption will be given at least thirty (30) days prior to the redemption date by sending such notice by first class mail to the Registered Owner(s) of each Bond to be redeemed in whole or in part at the address shown on the bond register. If fewer than all of the Bonds are redeemed at any time, the particular maturity or maturities and amounts to be redeemed shall be selected by the District. If fewer than all of the Bonds of a certain maturity are to be redeemed, the particular Bonds or portions thereof to be redeemed will be selected by the Paying Agent/Registrar prior to the redemption date by such random method as the Paying Agent/Registrar deems fair and appropriate in integral multiples of \$5,000 within any one maturity. The Registered Owner of any Bond, all or a portion of which has been called for redemption, shall be required to present such Bond to the Paying Agent/Registrar for payment of the redemption price on the portion of the Bonds so called for redemption and issuance of a new Bond in the principal amount equal to the portion of such Bond not redeemed.

Mandatory Redemption

The Bonds that mature on September 1 in the years 2029, 2033, 2036, 2039, 2042, 2045 and 2049 (the “Term Bonds”) are also subject to mandatory sinking fund redemption by the District by lot or by other customary method of random selection prior to scheduled maturity on September 1 in the years (“Mandatory Redemption Dates”) and in the amounts set forth below at a redemption price of par plus accrued interest to the date of redemption.

\$195,000 Term Bonds Maturing on September 1, 2029

<u>Mandatory Redemption Dates</u>	<u>Principal Amount</u>
September 1, 2026	\$45,000
September 1, 2027	45,000
September 1, 2028	50,000
September 1, 2029 (maturity)	55,000

\$240,000 Term Bonds Maturing on September 1, 2033

<u>Mandatory Redemption Dates</u>	<u>Principal Amount</u>
September 1, 2030	\$55,000
September 1, 2031	60,000
September 1, 2032	60,000
September 1, 2033 (maturity)	65,000

\$210,000 Term Bonds Maturing on September 1, 2036

<u>Mandatory Redemption Dates</u>	<u>Principal Amount</u>
September 1, 2034	\$65,000
September 1, 2035	70,000
September 1, 2036 (maturity)	75,000

\$245,000 Term Bonds Maturing on September 1, 2039

<u>Mandatory Redemption Dates</u>	<u>Principal Amount</u>
-----------------------------------	-------------------------

September 1, 2037	\$80,000
September 1, 2038	80,000
September 1, 2039 (maturity)	85,000

\$285,000 Term Bonds Maturing on September 1, 2042

<u>Mandatory Redemption Dates</u>	<u>Principal Amount</u>
-----------------------------------	-------------------------

September 1, 2040	\$90,000
September 1, 2041	95,000
September 1, 2042 (maturity)	100,000

\$330,000 Term Bonds Maturing on September 1, 2045

<u>Mandatory Redemption Dates</u>	<u>Principal Amount</u>
-----------------------------------	-------------------------

September 1, 2043	\$105,000
September 1, 2044	110,000
September 1, 2045 (maturity)	115,000

\$515,000 Term Bonds Maturing on September 1, 2049

<u>Mandatory Redemption Dates</u>	<u>Principal Amount</u>
-----------------------------------	-------------------------

September 1, 2046	\$120,000
September 1, 2047	125,000
September 1, 2048	130,000
September 1, 2049 (maturity)	140,000

On or before 30 days prior to each Mandatory Redemption Date set forth above, the Paying Agent/Registrar shall (i) determine the principal amount of such Term Bonds that must be mandatorily redeemed on such Mandatory Redemption Date, after taking into account deliveries for cancellation and optional redemptions as more fully provided for below, (ii) select, by lot or other customary method of random selection, the Term Bonds or portions of the Term Bonds of such maturity to be mandatorily redeemed on such Mandatory Redemption Date, and (iii) give notice of such redemption as provided in the Bond Order. The principal amount of the Term Bonds to be mandatorily redeemed on such Mandatory Redemption Date, either has been purchased in the open market and delivered or tendered for cancellation by or on behalf of the District to the Paying Agent/Registrar or optionally redeemed and which, in either case, has not previously been made the basis for a reduction under this sentence.

Replacement of Registrar

Provision is made in the Bond Order for replacement of the Paying Agent/Registrar. If the Paying Agent/Registrar is replaced by the District, the new paying agent/registrar shall act in the same capacity as the previous Paying Agent/Registrar. In order to act as Paying Agent/Registrar for the Bonds, any paying agent/registrar selected by the District shall be a national or state banking institution, organized and doing business under the laws of the United States of America or of any State, authorized under such laws to exercise trust powers, and subject to supervision or examination by federal or state authority.

Authority for Issuance

At an election held within the District on November 7, 2017, voters of the District authorized a total of \$55,000,000 in bonds for the purpose of acquiring or constructing water, sanitary sewer and drainage facilities (the "System"). The Bonds constitute the second issuance of bonds from such authorization. The Bonds are issued by the District pursuant to the terms and provisions of the Bond Order; Article XVI, Section 59 of the Texas Constitution; Chapters 49 and 54 of the Texas Water Code, as amended; and an order of the Texas Commission on Environmental Quality (the "TCEQ" or "Commission").

Source of Payment

The Outstanding Bonds (hereinafter defined) and the Bonds are payable from the proceeds of an annual ad valorem tax, without legal limitation as to rate or amount, levied against all taxable property located within the District. In the Bond Order, the District covenants to levy a sufficient tax to pay principal of and interest on the Bonds, with full allowance being made for delinquencies, costs of collection, and Paying Agent/Registrar fees. Such proceeds, after deduction for collection costs, will be placed in the District's Debt Service Fund and used solely to pay principal of and interest on the Outstanding Bonds and the Bonds, and on additional bonds payable from taxes which may hereafter be issued, and Paying Agent/Registrar fees.

The Bonds are obligations of the District and are not the obligations of the State of Texas, Harris County, the City of Houston, or any entity other than the District.

Issuance of Additional Debt

The District may issue additional bonds with the approval of the TCEQ (other than refunding bonds), necessary to provide improvements and facilities consistent with the purposes for which the District was created. The District's voters have authorized the issuance of \$55,000,000 unlimited tax bonds for construction of the System, and could authorize additional amounts. Following the issuance of the Bonds, \$49,240,000 unlimited tax bonds will remain authorized but unissued for construction of the System, and \$82,500,000 will remain authorized but unissued for refunding such bonds. The Bond Order imposes no limitation on the amount of additional parity bonds which may be issued by the District (if authorized by the District's voters and approved by the Board and the TCEQ.) In addition to the components of the System that the District has financed with the proceeds of the sale of the Prior Bonds and is financing with the proceeds of the sale of the Bonds, the District expects to finance additional components of the System with the proceeds of the sale of bonds, if any, that the District expects to issue in the future. See "Use and Distribution of Bond Proceeds" below, "THE SYSTEM" and "RISK FACTORS - Future Debt."

Based on present engineering cost estimates and on development plans supplied by the Developer (defined herein), in the opinion of the District's consulting engineer, Jones & Carter, Inc. (the "Engineer"), the \$49,240,000 authorized but unissued bonds for water, wastewater and drainage facilities will be adequate to finance the extension of water, wastewater and storm drainage/detention facilities and services to serve all of the remaining undeveloped portions of the District. See "DEVELOPMENT OF THE DISTRICT" and "THE SYSTEM."

The District is authorized by statute to develop parks and recreational facilities, including the issuance of bonds payable from taxes for such purpose. Before the District could issue park bonds payable from taxes, the following actions would be required: (a) preparation of a detailed park plan; (b) authorization of park bonds by the qualified voters of the District; (c) approval of the park plan and bonds by the TCEQ; and (d) approval of the bonds by the Attorney General of Texas. The Board has not considered calling an election at this time for such purposes. If the District does issue park bonds, the outstanding principal amount of such bonds may not exceed an amount equal to one percent of the value of the taxable property in the District.

The District also is authorized by statute to engage in fire-fighting activities, including the issuing of bonds payable from taxes for such purposes. Before the District could issue such bonds, the following actions would be required: (a) authorization of a fire plan and bonds for such purpose by the qualified voters in the District; (b) approval of the fire plan and bonds by the TCEQ; and (c) approval of bonds by the Attorney General of Texas. The Board has not considered

calling an election at this time for such purposes. If additional debt obligations are issued in the future by the District, such issuance may increase gross debt/property ratios and might adversely affect the investment security of the Bonds. See “RISK FACTORS - Future Debt.”

No Arbitrage

The District certifies that based upon all facts and estimates now known or reasonably expected to be in existence on the date the Bonds are delivered and paid for, the District reasonably expects that the proceeds of the Bonds will not be used in a manner that would cause the Bonds, or any portion of the Bonds, to be “arbitrage bonds” under the Internal Revenue Code of 1986, as amended (the “Code”), and the regulations prescribed thereunder. Furthermore, all officers, employees and agents of the District have been authorized and directed to provide certifications of facts and estimates that are material to the reasonable expectations of the District as of the date the Bonds are delivered and paid for. In particular, all or any officers of the District are authorized to certify to the facts and circumstances and reasonable expectations of the District on the date the Bonds are delivered and paid for regarding the amount and use of the proceeds of the Bonds. Moreover, the District covenants that it shall make such use of the proceeds of the Bonds, regulate investment of proceeds of the Bonds and take such other and further actions and follow such procedures, including, without limitation, calculating the yield on the Bonds, as may be required so that the Bonds shall not become “arbitrage bonds” under the Code and the regulations prescribed from time to time thereunder.

Annexation and Consolidation

Under existing Texas law, since the District lies wholly within the extraterritorial jurisdiction of the City of Houston (the “City”), the District must conform to a City consent ordinance. Generally, the District may be annexed by the City without the District's consent, and the City cannot annex territory within the District unless it annexes the entire District; however, the City may not annex the District unless (i) such annexation has been approved by a majority of those voting in an election held for that purpose within the area to be annexed, and (ii) if the registered voters in the area to be annexed do not own more than 50 percent of the land in the area, a petition has been signed by more than 50 percent of the landowners consenting to the annexation. Notwithstanding the preceding sentence, the described election and petition process does not apply during the term of a strategic partnership agreement between the City and the District specifying the procedures for full purpose annexation of all or a portion of the District. See “THE BONDS - Strategic Partnership Agreement.”

If the District is annexed, the City will assume the District's assets and obligations (including the Bonds) and dissolve the District. Annexation of territory by the City is a policy-making matter within the discretion of the Mayor and City Council of the City, and therefore, the District makes no representation that the City will ever annex the District and assume its debt. Moreover, no representation is made concerning the ability of the City to make debt service payments should annexation occur.

Strategic Partnership Agreement

The District is authorized to enter into a strategic partnership agreement with the City to provide the terms and conditions under which the service would be provided and funded by the parties and under which the District would continue to exist for an extended period if the land within the District were annexed for full or limited purposes by the City. The terms of any such agreement would be determined by the City and the District. Although the City has negotiated and entered into such an agreement with other districts in its extraterritorial jurisdiction, none is currently contemplated with respect to the District. No representation can be made regarding the future likelihood of an agreement or the terms thereof.

Registered Owners' Remedies

Pursuant to Texas law, the Bond Order provides that, in the event the District defaults in the payment of the principal of or interest on any of the Bonds when due, fails to make payments required by the Bond Order into the Debt Service Fund, or defaults in the observance or performance of any of the other covenants, conditions or obligations set forth in

the Bond Order, any Registered Owner shall be entitled to seek a writ of mandamus from a court of competent jurisdiction compelling and requiring the District to make such payments or to observe and perform such covenants, obligations, or conditions. Such right is in addition to other rights the Registered Owners may be provided by the laws of the State of Texas.

In the event of default in the payment of principal of or interest on the Bonds, the Registered Owners may seek a writ of mandamus requiring the District to levy adequate taxes to make such payments. Except for the remedy of mandamus, the Bond Order does not specifically provide for remedies to a Registered Owner in the event of a District default, nor does it provide for the appointment of a trustee to protect and enforce the interests of the Registered Owners. There is no acceleration of maturity of the Bonds in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year. Even if the Registered Owners could obtain a judgment against the District, such judgment cannot be enforced by direct levy and execution against the District's property. Further, the Registered Owners cannot themselves foreclose on the property of the District or sell property within the District in order to pay the principal of or interest on the Bonds. Statutory language authorizing local governments such as the District to sue and be sued does not waive the local government's sovereign immunity from suits for money damages so that in the absence of waivers of such immunity by the Texas Legislature, a default by the District in its covenant in the Bond Order may not be reduced to a judgment for money damages. The enforceability of the rights and remedies of the Registered Owners may be further limited by a State of Texas statute reasonably required to attain an important public purpose or by laws relating to bankruptcy, reorganization or other similar laws of general application affecting the rights of creditors of political subdivisions such as the District. For example, a Chapter 9 bankruptcy proceeding by the District could delay or eliminate payment of principal or interest to the Registered Owners. See "Bankruptcy Limitation to Registered Owners' Rights" below.

Bankruptcy Limitation to Registered Owners' Rights

The enforceability of the rights and remedies of the Registered Owners may be limited by laws relating to bankruptcy, reorganization or other similar laws of general application affecting the rights of creditors of political subdivisions such as the District. Subject to the requirements of Texas law, the District may voluntarily proceed under Chapter 9 of the Federal Bankruptcy Code, 11 U.S.C. 901-946, if the District: (1) is generally authorized to file for federal bankruptcy protection by State law; (2) is insolvent or unable to meet its debts as they mature; (3) desires to effect a plan to adjust such debts; and (4) has either obtained the agreement of or negotiated in good faith with its creditors or is unable to negotiate with its creditors because negotiation is impracticable. Under Texas law, a municipal utility district such as the District must obtain the approval of the TCEQ prior to filing for bankruptcy. The TCEQ must investigate the financial condition of the District and will authorize the District to proceed only if the TCEQ determines that the District has fully exercised its rights and powers under Texas law and remains unable to meet its debts and other obligations as they mature.

If the District decides in the future to proceed voluntarily under the Federal Bankruptcy Code, the District would develop and file a plan for the adjustment of its debts and the Bankruptcy Court would confirm the District's plan if: (1) the plan complies with the applicable provisions of the Federal Bankruptcy Code; (2) all payments to be made in connection with the plan are fully disclosed and reasonable; (3) the District is not prohibited by law from taking any action necessary to carry out the plan; (4) administrative expenses are paid in full; and (5) the plan is in the best interests of creditors and is feasible. If such a plan were confirmed by the bankruptcy court, it could affect a Registered Owner by reducing or eliminating the amount of indebtedness, deferring or rearranging the debt service schedule, reducing or eliminating the interest rate, modifying or abrogating collateral or security arrangements, substituting (in whole or in part) other securities, and otherwise compromising and modifying the rights and remedies of such Registered Owner's claim against the District.

The District may not be placed into bankruptcy involuntarily.

Legal Investment and Eligibility to Secure Public Funds in Texas

The following is quoted from Section 49.186 of the Texas Water Code, and is applicable to the District:

“(a) All bonds, notes, and other obligations issued by a district shall be legal and authorized investments for all banks, trust companies, building and loan associations, savings and loan associations, insurance companies of all kinds and types, fiduciaries, and trustees, and for all interest and sinking funds and other public funds of the state, and all agencies, subdivisions, and instrumentalities of the state, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic.

“(b) A district's bonds, notes, and other obligations are eligible and lawful security for all deposits of public funds of the state, and all agencies, subdivisions, and instrumentalities of the state, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic, to the extent of the market value of the bonds, notes, and other obligations when accompanied by any un-matured interest coupons attached to them.”

The Public Funds Collateral Act (Chapter 2257, Texas Government Code) also provides that bonds of the District (including the Bonds) are eligible as collateral for public funds.

No representation is made that the Bonds will be suitable for or acceptable to financial or public entities for investment or collateral purposes. No representation is made concerning other laws, rules, regulations or investment criteria which apply to or which might be utilized by any of such persons or entities to limit the acceptability or suitability of the Bonds for any of the foregoing purposes. Prospective purchasers are urged to carefully evaluate the investment quality of the Bonds as to the suitability or acceptability of the Bonds for investment or collateral purposes.

Defeasance

The Bond Order provides that the District may discharge its obligations to the Registered Owners of any or all of the Bonds to pay principal, interest and redemption price thereon in any manner permitted by law. Under current Texas law, such discharge may be accomplished either (i) by depositing with the Comptroller of Public Accounts of the State of Texas a sum of money equal to the principal of, premium, if any, and all interest to accrue on the Bonds to maturity or redemption or (ii) by depositing with any place of payment (paying agent) of the Bonds or other obligations of the District payable from revenues or from ad valorem taxes or both, or with a commercial bank or trust company designated in the proceedings authorizing such discharge, amounts sufficient to provide for the payment and/or redemption of the Bonds; provided that such deposits may be invested and reinvested only in (a) direct non-callable obligations of the United States of America, including obligations that are unconditionally guaranteed by the United States of America, (b) non-callable obligations of an agency or instrumentality of the United States, including obligations that are unconditionally guaranteed or insured by the agency or instrumentality and that, on the date the governing body of the District adopts or approves the proceedings authorizing the issuance of refunding bonds, are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent, and (c) non-callable obligations of a state or an agency or a county, municipality, or other political subdivision of a state that have been refunded and that, on the date the governing body of the District adopts or approves the proceedings authorizing the issuance of refunding bonds, are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent. The foregoing obligations may be in book entry form and shall mature and/or bear interest payable at such times and in such amounts as will be sufficient to provide for the scheduled payment and/or redemption of the Bonds. If any of such Bonds are to be redeemed prior to their respective dates of maturity, provision must have been made for giving notice of redemption as provided in the Bond Order.

Upon such deposit as described above, such Bonds shall no longer be regarded as outstanding or unpaid and thereafter the District will have no further responsibility with respect to amounts available to such paying agent (or other financial institution permitted by applicable law) for the payment of such defeased bonds, including any insufficiency therein caused by the failure of such paying agent (or other financial institution permitted by applicable law) to receive payment when due on the defeasance securities. After firm banking and financial arrangements for the discharge and final payment or redemption of the Bonds have been made as described above, all rights of the District to initiate proceedings to call the Bonds for redemption or take any other action amending the terms of the Bonds are extinguished; provided,

however, that the right to call the Bonds for redemption is not extinguished if the District: (i) in the proceedings providing for the firm banking and financial arrangements, expressly reserves the right to call the Bonds for redemption; (ii) gives notice of the reservation of that right to the owners of the Bonds immediately following the making of the firm banking and financial arrangements; and (iii) directs that notice of the reservation be included in any redemption notices that it authorizes.

There is no assurance that the current law will not be changed in the future in a manner which would permit investments other than those described above to be made with amounts deposited to defease the Bonds. Because the Bond Order does not contractually limit such investments, Registered Owners may be deemed to have consented to defeasance with such other investments, notwithstanding the fact that such investments may not be of the same investment quality of those currently permitted under Texas law.

Use and Distribution of Bond Proceeds

Proceeds from the sale of the Bonds will be used by the District to (i) reimburse the Developer (hereinafter defined) the construction costs, engineering costs, materials testing costs and Storm Water Pollution Prevention Plan costs for (a) the Retreat at Champions Landing Detention Facilities, Phase 2; and (b) the Retreat at Champions Landing Lift Station No. 1; (ii) pay the construction costs for the Retreat at Champions Landing, Section 1 water, wastewater, and drainage facilities; (iii) reimburse the Developer the District's pro rata share of the construction of (a) the Heatherloch Municipal Utility District ("Heatherloch MUD") Wastewater Improvements; and (b) Heatherloch MUD Water Well No. 1 Rework; (iv) pay Developer interest; and (v) pay for administrative and issuance costs, legal fees, fiscal agent's fees, a fee to the TCEQ, a fee to the Attorney General of Texas, certain operating costs of the District, and certain financing costs related to the issuance of the Bonds.

Construction Costs

District Share

A. Developer Contribution Items (a)	
1. Retreat at Champions Landing Detention Facilities, Phase 2	\$ 217,608
2. Retreat at Champions Landing Lift Station No. 1	445,270
3. Retreat at Champions Landing, Section 1 Water, Wastewater and Drainage	68,369
4. Engineering and Testing	158,613
5. Storm Water Pollution Prevention Plans	<u>13,476</u>
Total Developer Contribution Items	\$903,336
B. District Items	
1. Heatherloch Wastewater Improvements	\$ 638,225
2. Water Well No. 1 Rework	<u>24,448</u>
Total District Items	\$ 662,673
TOTAL CONSTRUCTION COSTS	\$1,566,009

Non-Construction Costs

1. Legal Fees	\$ 65,550
2. Fiscal Agent Fees	43,700
3. Developer Interest (b)	202,704
4. Bond Discount	65,550
5. Bond Application Report Costs	46,500
6. Bond Issuance Expenses	40,339
7. Operation Costs	147,000
8. Attorney General Fee	2,185
9. TCEQ Bond Issuance Fee	<u>5,463</u>
TOTAL NON-CONSTRUCTION COSTS	<u>\$ 618,991</u>
TOTAL BOND ISSUE REQUIREMENT	<u>\$2,185,000</u>

-
- (a) The rules of the TCEQ require in certain instances that developers within a district subject to the jurisdiction of the TCEQ contribute to the construction program of such district an amount of money equal to thirty percent (30%) of the construction costs of certain water, sewer and drainage facilities in that district. The District requested an exemption from such developer participation requirement with respect to certain facilities being financed with portions of the proceeds of the sale of the Bonds on the basis of one of the criteria under TCEQ rules for such exemption. The TCEQ granted the request for such exemption in its Order authorizing the District to issue the Bonds.
 - (b) Represents interest owed to the Developer (hereinafter defined) on advances it has made on the District's behalf. The actual amount of interest owed will be calculated at the lesser of (i) the net effective interest rate borne by the Bonds or (ii) the interest rate at which the Developer has borrowed funds.

In the instance that approved estimated amounts exceed actual costs, the difference comprises a surplus which may be expended for uses approved by the TCEQ. In the instance that actual costs exceed previously approved estimated amounts and contingencies, additional TCEQ approval and the issuance of additional bonds may be required. The Engineer has advised the District that the proceeds of the sale of the Bonds should be sufficient to reimburse the Developer for the costs of the above-described facilities. However, the District cannot and does not guarantee the sufficiency of such funds for such purposes.

RISK FACTORS

General

The Bonds, which are obligations solely of the District and not of the State of Texas, Harris County, the City of Houston (the "City") or any political subdivision or agency other than the District, are secured by the proceeds of an annual ad valorem tax, without legal limit as to rate or amount, levied upon all taxable property within the District. The ultimate security for payment of the principal of and interest on the Bonds depends upon the District's ability to collect from the property owners within the District taxes levied against all taxable property located within the District, or, in the event taxes are not collected and foreclosure proceedings are instituted by the District, upon the value of the taxable property with respect to taxes levied by the District and by other taxing authorities. The District makes no representation that over

the life of the Bonds the taxable property within the District will maintain a value sufficient to justify continued payment of taxes by property owners or that there will be a market for any property if the District forecloses on property to enforce its tax lien. The potential increase in taxable valuation of District property is directly related to the economics of the residential housing industry, not only due to general economic conditions, but also due to the particular factors discussed below. Further, the collection of delinquent taxes owed to the District, and the enforcement by a Registered Owner of the District's obligation to collect sufficient taxes may be costly and lengthy processes. See "THE BONDS - Source of Payment" and - "Registered Owners' Remedies," and "Tax Collection Limitations" and "Registered Owners' Remedies and Bankruptcy" below.

Factors Affecting Taxable Values and Tax Payments

Economic Factors: The rate of development of the District is directly related to the vitality of the residential housing industry. New construction can be significantly affected by factors such as interest rates, construction costs, credit availability, energy availability and cost, and consumer demand. Decreased levels of home construction activity would restrict the growth of property values in the District. Further declines in the price of oil could adversely affect job stability, wages and salaries, thereby negatively affecting the demand for housing and the values of existing homes (see "Potential Effects of Oil Price Declines on the Houston Area" below). Recent changes in federal tax law limiting deductions for ad valorem taxes may adversely affect the demand for housing and the prices thereof. Were the District to experience a significant number of residential foreclosures, the value of all homes within the District could be adversely affected. Although, as is described in this Official Statement under the captions "DEVELOPMENT AND HOME CONSTRUCTION," "DEVELOPER" and "BUILDER" (i) the development the entirety of the developable land located within the District is complete, consisting of 423 single-family residential lots, and (ii) as of January 1, 2021, the District contained 393 single-family homes (including 71 homes under construction), the District cannot predict the pace or magnitude of any future home construction in the District other than that which has occurred to date.

National Economy: There has been a downturn in new housing construction in the United States, resulting in a decline in national housing market values. Although, as is described in this Official Statement under the captions "DEVELOPMENT AND HOME CONSTRUCTION," "DEVELOPER" and "BUILDER" (i) the development the entirety of the developable land located within the District is complete, consisting of 423 single-family residential lots, and (ii) as of January 1, 2021, the District contained 393 single-family homes (including 71 homes under construction), the District cannot predict the pace or magnitude of any future home construction in the District other than that which has occurred to date. The District cannot predict what impact, if any, a downturn in the local housing and financial markets or a downturn in the national housing and financial markets may have on the Houston market generally and the District specifically, or the maintenance of assessed values in the District.

Credit Markets and Liquidity in the Financial Markets: Interest rates and the availability of mortgage and development funding have a direct impact on homebuilding activity, particularly short-term interest rates at which homebuilders are able to finance the construction of new homes for sale. Interest rate levels may affect the ability of homebuilders to initiate the construction of new homes for sale. Because of the numerous and changing factors affecting the availability of funds, particularly liquidity in the national credit markets, the District is unable to assess the future availability of such funds for continued home construction within the District. In addition, since the District is located approximately 35 miles northwest of the central downtown business district of the City, the growth of District taxable property values are, to a great extent, a function of the City's metropolitan and regional economies and national credit and financial markets. A downturn in the economic conditions of City and further decline in real estate and financial markets in the United States could adversely affect homebuilding plans in the District and restrain the growth of the District's property tax base.

Developer/Builder/Landowner Obligation to the District: The developer of Retreat at Champions Landing within the District is Pulte Homes of Texas, L.P. ("Pulte Homes" or the "Developer"). Pulte Homes is currently the District's largest taxpayer. Pulte Homes owns currently undeveloped acreage, developed lots and homes under construction, the 2020 Assessed Valuation of which is \$2,589,561, or approximately 5.29% of the District's 2020 tax roll. See "DEVELOPMENT AND HOME CONSTRUCTION," "DEVELOPER,"

“BUILDER” and “TAX DATA - Principal 2020 Taxpayers.” The ability of Pulte Homes or any other principal taxpayer within the District to make full and timely payments of taxes levied against its property by the District and similar taxing authorities will directly affect the District's ability to meet its debt service obligations. There is no commitment by or legal requirement of Pulte Homes or any other home building company to proceed at any particular pace with the construction of homes in the District, and there is no restriction on any landowner's right to sell its land. Therefore, the District can make no representation about the probability of the rate of home construction activity in the District.

Pulte Homes is wholly dependent on sales of lots within the District, and/or advances or capital contributions from related entities to satisfy its tax obligations on property owned by Pulte Homes in the District. Without these sources of funds, Pulte Homes would not be able to satisfy their respective tax obligations to the District and other taxing authorities. Only Pulte Homes and other owners of property located in the District are legally responsible for payment of ad valorem taxes to the District and other taxing authorities.

Pulte Homes is wholly owned by PulteGroup, Inc., a Michigan corporation ("PulteGroup"). PulteGroup is a publicly traded corporation whose stock is listed on the New York Stock Exchange. PulteGroup is subject to the information requirements of the Securities Exchange Act of 1934, as amended, and in accordance therewith file reports and other information with the United States Securities and Exchange Commission ("SEC"). Reports, proxy statements, and other information filed by PulteGroup can be inspected at the office of the SEC at Judiciary Plaza, Room 1024, 450 Fifth Street, N.W., Washington, D.C. 20549. Copies of such material can be obtained from the Public Reference Section of the SEC at 450 Fifth Street, N.W., Washington, D.C. 20549, at prescribed rates. Copies of the above reports, proxy statements and other information may also be inspected at the offices of the New York Stock Exchange, Inc., 20 Broad Street, New York, New York 10005. The SEC maintains a World Wide Web site on the Internet at <http://www.sec.gov> that contains reports, proxy information statements and other information regarding registrants that file electronically with the SEC.

Maximum Impact on District Tax Rates

The value of the land and improvements currently located within the District will be a major determinant of the ability of the District to collect, and the willingness of District property owners to pay, ad valorem taxes levied by the District. After issuance of the Bonds, the Maximum Annual Debt Service Requirement on the Bonds will be \$381,080 (2049) and the Average Annual Debt Service Requirements will be \$309,878 (2022 through 2049, inclusive). The 2020 Assessed Valuation of property located within the District supplied by the Harris County Appraisal District (the “Appraisal District”) is \$48,945,075. Assuming no increase to nor decrease from the 2020 Assessed Valuation, tax rates of \$0.82 and 0.67 per \$100 of Assessed Valuation at a 95% tax collection rate, no use of funds on hand, and the issuance of no additional bonds by the District, would be necessary to pay the Maximum Annual Debt Service Requirement and the Average Annual Debt Service Requirements, respectively, on the Outstanding Bonds and the Bonds. The Estimated Valuation at January 1, 2021, of property located within the District, supplied by the Appraisal District is \$76,373,844. Assuming no increase to or decrease from the Estimated Valuation at January 1, 2021, tax rates of \$0.53 and \$0.43 per \$100 of Assessed Valuation at a 95% tax collection rate, no use of funds on hand, and the issuance of no additional bonds by the District, would be necessary to pay the Maximum Annual Debt Service Requirement and the Average Annual Debt Service Requirements, respectively, on the Outstanding Bonds and the Bonds.

The District levied its initial debt service tax for 2020 of \$0.42 per \$100 of Assessed Valuation, plus a maintenance tax of \$0.98 per \$100 of Assessed Valuation. As the above calculations indicate, the 2020 debt service rate will not be sufficient to pay debt service on the Bonds and the Outstanding Bonds given taxable values in the District at the level of the Estimated Valuation at January 1, 2021, assuming a tax collection rate of 95%, no use of funds on hand, and the issuance of no additional bonds by the District. However, as is illustrated in this Official Statement under the caption “TAX DATA - Historical Values and Tax Collection History,” the District has, as of December 31, 2021, collected an average of 99.21% of its 2018 and 2019 tax levies, and its 2020 tax levy was 82.75% collected as of such date. In addition, the District's Debt Service Fund balance is \$229,726, as of January 20, 2021. Neither Texas law nor the Bond Order requires that any specific amount be retained in the Debt Service Fund at any time. See “TAXING PROCEDURES.” The District may apply earnings from the investment of monies held in the Debt Service Fund to meet the debt service requirements of the Bonds and the Outstanding Bonds. The District anticipates that, given these factors, and future increases in taxable values which are expected to occur as a consequence of the construction of homes on the

lots developed by the Developer, the District will be able to meet the debt service requirements on the Bonds and the Outstanding Bonds without increasing the debt service tax rate above the debt service tax rate which the District has levied for 2020 - \$0.42 per \$100 of Assessed Valuation. Increases in the District's tax rate to higher levels than the total \$1.40 per \$100 of Assessed Valuation rate which the District levied for 2020 may have an adverse impact upon future development of the District, the ability of the District to collect, and the willingness of owners of property located within the District to pay, ad valorem taxes levied by the District.

As is enumerated in this Official Statement under the caption "TAX DATA - Estimated Overlapping Taxes," the aggregate of the 2020 tax levies of all overlapping taxing units which levy taxes upon property located in the District, plus the District's 2020 rate, is \$3.582627 per \$100 of Assessed Valuation. Such aggregate rates are higher than the aggregate tax levies of many municipal utility districts in the Houston metropolitan area, including the area of the District, but are within the range of the aggregate levies of many municipal utility districts in the Houston metropolitan area and the area of the District which are in stages of development comparable with the District.

Tax Collection Limitations

The District's ability to make debt service payments may be adversely affected by its inability to collect ad valorem taxes. Under Texas law, the levy of ad valorem taxes by the District constitutes a lien in favor of the District on a parity with the liens of all other taxing authorities on the property against which taxes are levied, and such lien may be enforced by judicial foreclosure. The District's ability to collect ad valorem taxes through such foreclosure may be impaired by: (a) cumbersome, time consuming and expensive collection procedures; (b) a bankruptcy court's stay of tax collection procedures against a taxpayer; (c) market conditions affecting the marketability of taxable property within the District and limitation of the proceeds from a foreclosure sale of such property; (d) adverse effects on the proceeds of a foreclosure sale resulting from a taxpayer's limited right to redeem its foreclosed property as set forth below; or (e) insufficient foreclosure bids to satisfy the tax liens of all state and local taxing authorities which have parity liens on the property. While the District has a lien on taxable property within the District for taxes levied against such property, such lien can be foreclosed only in a judicial proceeding. Moreover, the value of the property to be sold for delinquent taxes and thereby the potential sales proceeds available to pay debt service on the Bonds, may be limited by among other factors, the existence of other tax liens on the property, by the current aggregate tax rate being levied against the property, or by the taxpayers' right to redeem residential or agricultural use property within two (2) years of foreclosure and all other property within six (6) months of foreclosure. See "TAXING PROCEDURES."

Registered Owners' Remedies and Bankruptcy

In the event of default in the payment of principal of or interest on the Bonds, the Registered Owners have a right to seek a writ of mandamus requiring the District to levy adequate taxes each year to make such payments. Except for mandamus, the Bond Order does not provide for remedies to protect and enforce the interests of the Registered Owners. There is no acceleration of maturity of the Bonds in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year. Statutory language authorizing local governments such as the District to sue and be sued does not waive the local government's sovereign immunity from suits for money damages so that in the absence of waivers of such immunity by the Texas Legislature, a default by the District in its covenants in the Bond Order may not be reduced to a judgment for money damages. Even if the Registered Owners could obtain a judgment against the District, such judgment could not be enforced by a direct levy and execution against the District's property. Further, the Registered Owners cannot themselves foreclose on property within the District or sell property within the District in order to pay the principal of and interest on the Bonds. Since there is no trust indenture or trustee, the Registered Owners would have to initiate and finance the legal process to enforce their remedies. The enforceability of the rights and remedies of the Registered Owners may be further limited by a State of Texas statute reasonably required to attain an important public purpose or by laws relating to bankruptcy, reorganization or other similar laws of general application affecting the rights of creditors of political subdivisions such as the District. In this regard, should the District file a petition for protection from creditors under federal bankruptcy laws, a suit seeking the remedy of mandamus would be automatically stayed and could not be pursued unless authorized by a federal bankruptcy judge. See "THE BONDS - Registered Owners' Remedies."

Future Debt

The District reserves in the Bond Order the right to issue the remaining \$49,240,000 in unlimited tax bonds authorized but unissued for the purpose of acquiring or constructing waterworks, wastewater and drainage facilities, and such additional bonds as may hereafter be approved by the voters of the District. All of the remaining bonds described above which have heretofore been authorized by the voters of the District may be issued by the District from time to time as needed. The issuance of such \$49,240,000 in bonds for waterworks, wastewater and drainage facilities is subject to TCEQ approval. In addition to the components of the System that the District has financed with the proceeds of the sale of the Prior Bonds and is financing with the proceeds of the sale of the Bonds, the District expects to finance additional components of the System with the proceeds of the sale of bonds, if any, that the District expects to issue in the future. See “THE BONDS - Issuance of Additional Debt,” and - “Use and Distribution of Bond Proceeds,” and “THE SYSTEM.”

The District's Engineer currently estimates that the aforementioned \$49,240,000 authorized bonds which remain unissued will be adequate to finance the construction of all waterworks, wastewater, and drainage facilities to provide service to all of the currently undeveloped portions of the District. See “Maximum Impact on District Tax Rates” above, “THE BONDS,” “DEVELOPMENT AND HOME CONSTRUCTION” and “THE SYSTEM.” If additional bonds are issued in the future and property values have not increased proportionately, such issuance might increase gross debt/property valuation ratios and thereby adversely affect the investment quality or security of the Bonds. See “THE BONDS - Issuance of Additional Debt.”

The Effect of the Financial Institutions Act of 1989 on Tax Collections of the District

The Financial Institutions Reform, Recovery and Enforcement Act of 1989 (“FIRREA”) contains certain provisions which affect the time for protesting property valuations, the fixing of tax liens, and the collection of penalties and interest on delinquent taxes on real property owned by the Federal Deposit Insurance Corporation (“FDIC”) when the FDIC is acting as the conservator or receiver of an insolvent financial institution.

Under FIRREA, real property held by the FDIC is still subject to ad valorem taxation, but such act states (i) that no real property of the FDIC shall be subject to foreclosure or sale without the consent of the FDIC and no involuntary liens shall attach to such property, (ii) the FDIC shall not be liable for any penalties, interest, or fines, including those arising from the failure to pay any real or personal property tax when due, and (iii) notwithstanding failure of a person to challenge an appraisal in accordance with state law, such value shall be determined as of the period for which such tax is imposed.

To the extent the FIRREA provisions are valid and applicable to any property in the District and to the extent that the FDIC attempts to enforce the same, these provisions may affect the timeliness of collection of taxes on property, if any, owned by the FDIC in the District and may prevent the collection of penalties and interest on such taxes.

Competitive Nature of Houston Residential Housing Market

The housing industry in the Houston area is very competitive, and the District can give no assurance that the building programs which are planned by the Builder (hereinafter defined) or, any future home builder(s) will be continued or completed. The competitive position of the Builder and any other home builder(s) which might attempt future home building projects in the District in the construction and sale of single-family residential units are affected by most of the factors discussed in this section. Such competitive position is directly related to tax revenues received by the District and the growth and maintenance of taxable values in the District.

Continuing Compliance with Certain Covenants

The Bond Order contains covenants by the District intended to preserve the exclusion from gross income of interest on the Bonds. Failure by the District to comply with such covenants on a continuous basis prior to maturity of the Bonds could result in interest on the Bonds becoming taxable retroactively to the date of original issuance. See “TAX MATTERS.”

Marketability

The District has no understanding (other than the initial reoffering yields) with the Underwriter regarding the reoffering yields or prices of the Bonds and has no control over the trading of the Bonds in the secondary market. There is no assurance that a secondary market will be made for the Bonds. If there is a secondary market, the difference between the bid and asked price of the Bonds may be greater than the bid and asked spread of other bonds generally bought, sold or traded in the secondary market. See "SALE AND DISTRIBUTION OF THE BONDS."

Environmental Regulations

Wastewater treatment, water supply, storm sewer facilities and construction activities within the District are subject to complex environmental laws and regulations at the federal, state and local levels that may require or prohibit certain activities that affect the environment, such as:

- Requiring permits for construction and operation of water wells, wastewater treatment and other facilities;
- Restricting the manner in which wastes are treated and released into the air, water and soils;
- Restricting or regulating the use of wetlands or other properties; or
- Requiring remedial action to prevent or mitigate pollution.

Sanctions against a municipal utility district or other type of special purpose district for failure to comply with environmental laws and regulations may include a variety of civil and criminal enforcement measures, including assessment of monetary penalties, imposition of remedial requirements and issuance of injunctions to ensure future compliance. Environmental laws and compliance with environmental laws and regulations can increase the cost of planning, designing, constructing and operating water production and wastewater treatment facilities. Environmental laws can also inhibit growth and development within the District. Further, changes in regulations occur frequently, and any changes that result in more stringent and costly requirements could materially impact the District.

Air Quality Issues

Air quality control measures required by the United States Environmental Protection Agency (the "EPA") and the Texas Commission on Environmental Quality (the "TCEQ") may impact new industrial, commercial and residential development in the Houston area. Under the Clean Air Act ("CAA") Amendments of 1990, the eight-county Houston-Galveston-Brazoria area ("HGB Area")-Harris, Galveston, Brazoria, Chambers, Fort Bend, Waller, Montgomery and Liberty Counties-has been designated a nonattainment area under three separate federal ozone standards: the one-hour (124 parts per billion ("ppb")) and eight-hour (84 ppb) standards promulgated by the EPA in 1997 (the "1997 Ozone Standards"); the tighter, eight-hour ozone standard of 75 ppb promulgated by the EPA in 2008 (the "2008 Ozone Standard"), and the EPA's most-recent promulgation of an even lower, 70 ppb eight-hour ozone standard in 2015 (the "2015 Ozone Standard"). While the State of Texas has been able to demonstrate steady progress and improvements in air quality in the HGB Area, the HGB Area remains subject to CAA nonattainment requirements.

In February 2018, the U.S. Court of Appeals for the District of Columbia Circuit issued an opinion in *South Coast Air Quality Management District v. EPA*, 882 F.3d 1138 (D.C. Cir. 2018) vacating the EPA redesignation substitute rule that provided the basis for the EPA's decision to eliminate the anti-backsliding requirements that had applied in the HGB Area under the 1997 Ozone Standard. The court has not responded to the EPA's April 2018 request for rehearing of the case. To address the uncertainty created by the South Coast court's ruling, the TCEQ has developed a formal request that the HGB Area be redesignated to attainment under the 1997 Ozone Standards. The TCEQ Commissioners approved publication of a proposed HGB Area redesignation request under the 1997 Ozone Standards on September 5, 2018.

On August 23, 2019, the EPA published final notice reclassifying the HGB Area from "moderate" to "serious" under the 2008 Ozone Standard, effective September 23, 2019. While the HGB Area is now designated as a "serious" nonattainment area, with an attainment deadline of July 20, 2021, implementation requirements of all reasonably available control technologies ("RACT") have been met and there are no new deadlines for RACT implementation for levels of nitrogen oxides and volatile organic compounds. If the EPA ultimately determines that the HGB Area continues

to fail to meet air quality standards based on the relevant data, the area is subject to reclassification to a nonattainment classification that provides for more stringent controls on emissions from the industrial sector. In addition, the EPA may impose a moratorium on the awarding of federal highway construction grants and other federal grants for certain public works construction projects if it finds that an area fails to demonstrate progress in reducing ozone levels.

The HGB Area is currently designated as a "moderate" nonattainment area under the 2008 Ozone Standard, with an attainment deadline of July 20, 2018. If the EPA ultimately determines that the HGB Area has failed to meet the attainment deadline based on the relevant data, the area is subject to reclassification to a nonattainment classification that provides for more stringent controls on emissions from the industrial sector. In addition, the EPA may impose a moratorium on the awarding of federal highway construction grants and other federal grants for certain public works construction projects if it finds that an area fails to demonstrate progress in reducing ozone levels.

The HGB Area is currently designated as a "marginal" nonattainment area under the 2015 Ozone Standard, with an attainment deadline of August 3, 2021. For purposes of the 2015 Ozone Standard, the HGB Area consists of only six counties: Brazoria, Chambers, Fort Bend, Galveston, Harris, and Montgomery Counties.

In order to demonstrate progress toward attainment of the EPA's ozone standards, the TCEQ has established a state implementation plan ("SIP") for the HGB Area setting emission control requirements, some of which regulate the inspection and use of automobiles. These types of measures could impact how people travel, what distances people are willing to travel, where people choose to live and work, and what jobs are available in the HGB Area. These SIP requirements can negatively impact business due to the additional permitting/regulatory constraints that accompany this designation and because of the community stigma associated with a nonattainment designation. It is possible that additional controls will be necessary to allow the HGB Area to reach attainment with the ozone standards by the EPA's attainment deadlines. These additional controls could have a negative impact on the HGB Area's economic growth and development.

Water Supply & Discharge Issues

Water supply and discharge regulations that municipal utility districts, including the District, may be required to comply with involve: (1) groundwater well permitting and surface water appropriation; (2) public water supply systems; (3) wastewater discharges from treatment facilities; (4) storm water discharges; and (5) wetlands dredge and fill activities. Each of these is addressed below:

Certain governmental entities regulate groundwater usage in the HGB Area. A municipal utility district or other type of special purpose district that (i) is located within the boundaries of such an entity that regulates groundwater usage, and (ii) relies on local groundwater as a source of water supply, may be subject to requirements and restrictions on the drilling of water wells and/or the production of groundwater that could affect both the engineering and economic feasibility of district water supply projects.

Pursuant to the federal Safe Drinking Water Act ("SDWA") and the EPA's National Primary Drinking Water Regulations ("NPDWRs"), which are implemented by the TCEQ's Water Supply Division, a municipal utility district's provision of water for human consumption is subject to extensive regulation as a public water system. Municipal utility districts must generally provide treated water that meets the primary and secondary drinking water quality standards adopted by the TCEQ, the applicable disinfectant residual and inactivation standards, and the other regulatory action levels established under the agency's rules. The EPA has established NPDWRs for more than ninety (90) contaminants and has identified and listed other contaminants which may require national drinking water regulation in the future.

Texas Pollutant Discharge Elimination System ("TPDES") permits set limits on the type and quantity of discharge, in accordance with state and federal laws and regulations. The TCEQ reissued the TPDES Construction General Permit (TXR150000), with an effective date of March 5, 2018, which is a general permit authorizing the discharge of stormwater runoff associated with small and large construction sites and certain nonstormwater discharges into surface water in the state. It has a 5-year permit term, and is then subject to renewal. Moreover, the Clean Water Act ("CWA") and Texas Water Code require municipal wastewater treatment plants to meet secondary treatment effluent limitations and more stringent water quality-based limitations and requirements to comply with the Texas water quality standards. Any water quality-based limitations and requirements with which a municipal utility district must comply may have an impact on the municipal utility district's ability to obtain and maintain compliance with TPDES permits.

The District's stormwater discharges currently maintain permit coverage through the Municipal Separate Storm System Permit (the "Current Permit") issued to the Storm Water Management Joint Task Force consisting of Harris County, Harris County Flood Control District, the City of Houston, and the Texas Department of Transportation. In the event that at any time in the future the District is not included in the Current Permit, it may be required to seek independent coverage under the TCEQ's General Permit for Phase II (Small) Municipal Separate Storm Sewer Systems (the "MS4 Permit"), which authorizes the discharge of stormwater to surface water in the state from small municipal separate storm sewer systems. If the District's inclusion in the MS4 Permit were required at a future date, the District could incur substantial costs to develop, implement, and maintain the necessary plans as well as to install or implement best management practices to minimize or eliminate unauthorized pollutants that may otherwise be found in stormwater runoff in order to comply with the MS4 Permit.

Operations of utility districts, including the District, are also potentially subject to requirements and restrictions under the CWA regarding the use and alteration of wetland areas that are within the "waters of the United States." The District must obtain a permit from the United States Army Corps of Engineers ("USACE") if operations of the District require that wetlands be filled, dredged, or otherwise altered.

In 2015, the EPA and USACE promulgated a rule known as the Clean Water Rule ("CWR") aimed at redefining "waters of the United States" over which the EPA and USACE have jurisdiction under the CWA. The CWR significantly expanded the scope of the federal government's CWA jurisdiction over intrastate water bodies and wetlands. The CWR was challenged in numerous jurisdictions, including the Southern District of Texas, causing significant uncertainty regarding the ultimate scope of "waters of the United States" and the extent of EPA and USACE jurisdiction.

On September 12, 2019, the EPA and USACE finalized a rule repealing the CWR, thus reinstating the regulatory text that existed prior to the adoption of the CWR. This repeal officially became final on December 23, 2019, but the repeal has itself become the subject of litigation in multiple jurisdictions.

On January 23, 2020, the EPA and USACE released the Navigable Waters Protection Rule ("NWPR"), which contains a new definition of "waters of the United States." The stated purpose of the NWPR is to restore and maintain the integrity of the nation's waters by maintaining federal authority over the waters Congress has determined should be regulated by the federal government, while preserving the states' primary authority over land and water resources. The new definition outlines four categories of waters that are considered "waters of the United States," and thus federally regulated under the CWA: (i) territorial seas and traditional navigable waters; (ii) perennial and intermittent tributaries to territorial seas and traditional navigable waters; (iii) certain lakes, ponds, and impoundments of jurisdictional waters; and (iv) wetlands adjacent to jurisdictional waters. The new rule also identifies certain specific categories that are not "waters of the United States," and therefore not federally regulated under the CWA: (a) groundwater; (b) ephemeral features that flow only in direct response to precipitation; (c) diffuse stormwater runoff and directional sheet flow over upland; (d) certain ditches; (e) prior converted cropland; (f) certain artificially irrigated areas; (g) certain artificial lakes and ponds; (h) certain water-filled depressions and certain pits; (i) certain stormwater control features; (j) certain groundwater recharge, water reuse, and wastewater recycling structures; and (k) waste treatment systems. The NWPR became effective on June 22, 2020, and is currently the subject of further litigation.

Due to ongoing rulemaking activity, as well as existing and possible future litigation, there remains uncertainty regarding the ultimate scope of "waters of the United States" and the extent of EPA and USACE jurisdiction. Depending on the final outcome of such proceedings, operations of municipal utility districts, including the District, could potentially be subject to additional restrictions and requirements, including additional permitting requirements.

Changes in Tax Legislation

Certain tax legislation, whether currently proposed or proposed in the future, may directly or indirectly reduce or eliminate the benefit of the exclusion of interest on the Bonds from gross income for federal income tax purposes. Any proposed legislation, whether or not enacted, may also affect the value and liquidity of the Bonds. Prospective purchasers of the Bonds should consult with their own tax advisors with respect to any proposed, pending or future legislation.

2021 Legislative Session

The 87th Regular Legislative Session convened on January 12, 2021, and will conclude on May 31, 2021. The Texas Legislature could enact laws that materially change current laws affecting ad valorem tax matters. The District can make no representation regarding any actions the Texas Legislature may take or the effect of any such actions.

Tropical Weather Events

The Houston area, including the District, is subject to occasional severe tropical weather events, including tropical storms and hurricanes. If the District were to sustain damage to its facilities requiring substantial repair or replacement or if substantial damage were to occur to taxable property within the District as a result of such a weather event, the investment security of the Bonds could be adversely affected.

The greater Houston area has experienced four storms exceeding a 0.2% probability (i.e. "500 year flood" events) since 2015, including Hurricane Harvey, which made landfall along the Texas Gulf Coast on August 26, 2017, and brought historic levels of rainfall during the successive four days. According to the District's Operator, the water supply and wastewater facilities provided to the District from Heatherloch MUD did not sustain any material damage and there was no interruption of water and sewer service to the District from Hurricane Harvey. Home construction had not yet commenced at this time.

If a future weather event significantly damaged all or part of the improvements within the District, the assessed value of property within the District could be substantially reduced, which could result in a decrease in tax revenues and/or necessitate an increase the District's tax rate. Further, there can be no assurance that a casualty loss to taxable property within the District will be covered by insurance (or that property owners will even carry flood or other casualty insurance), that any insurance company will fulfill its obligation to provide insurance proceeds, or that insurance proceeds will be used to rebuild or repair any damaged improvements within the District. Even if insurance proceeds are available and improvements are rebuilt, there could be a lengthy period in which assessed values within the District could be adversely affected.

Specific Flood Type Risks

The District may be subject to the following flood risks:

Ponding, or pluvial, flooding occurs when heavy rainfall creates a flood event independent of an overflowing water body, typically in relatively flat areas. Intense rainfall can exceed the drainage capacity of a drainage system, which may result in water within the drainage system becoming trapped and diverted onto streets and nearby property until it is able to reach a natural outlet. Ponding can also occur in a flood pool upstream or behind a dam, levee or reservoir.

Riverine, or fluvial, flooding occurs when water levels rise over the top of river, bayou or channel banks due to excessive rain from tropical systems making landfall and/or persistent thunderstorms over the same area for extended periods of time. The damage from a riverine flood can be widespread. The overflow can affect smaller rivers and streams downstream, or may sheet-flow over land. Flash flooding is a type of riverine flood that is characterized by an intense, high velocity torrent of water that occurs in an existing river channel with little to no notice. Flash flooding can also occur even if no rain has fallen, for instance, after a levee, dam or reservoir has failed or experienced an uncontrolled release, or after a sudden release of water by a debris or ice jam. In addition, planned or unplanned controlled releases from a dam, levee or reservoir also may result in flooding in areas adjacent to rivers, bayous or drainage systems downstream.

Infectious Disease Outbreak (COVID-19)

The World Health Organization has declared a pandemic following the outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus (the "Pandemic"), which is currently affecting many parts of the world, including the United States and Texas. On January 31, 2020, the Secretary of the United States Health and Human Services Department declared a public health emergency for the United States in connection with COVID-19. On March 13, 2020,

the President of the United States (the "President") declared the Pandemic a national emergency and the Texas Governor (the "Governor") declared COVID-19 an imminent threat of disaster for all counties in Texas (collectively, the "disaster declarations"). On March 25, 2020, in response to a request from the Governor, the President issued a Major Disaster Declaration for the State of Texas.

Pursuant to Chapter 418 of the Texas Government Code, the Governor has broad authority to respond to disasters, including suspending any regulatory statute prescribing the procedures for conducting state business or any order or rule of a state agency that would in any way prevent, hinder, or delay necessary action in coping with this disaster and issuing executive orders that have the force and effect of law. The Governor has issued a number of executive orders relating to COVID-19 preparedness and mitigation. Many of the federal, state and local actions and policies under the aforementioned disaster declarations are focused on slowing the spread of COVID-19 by limiting instances where the public can congregate or interact with each other, which affects economic conditions within Texas.

Since the disaster declarations were made, the Pandemic has negatively affected travel, commerce, and financial markets locally and globally, and is widely expected to continue negatively affecting economic conditions and financial markets worldwide and within Texas and the Houston area. Stock values and oil prices, in the U.S. and globally, have seen significant declines attributed in part to COVID-19 concerns. Texas may be particularly at risk from any global slowdown, given the prevalence of international trade in the state and the risk of contraction in the oil and gas industry and spillover effects into other industries.

Such adverse economic conditions, if they continue, could result in declines in the demand for residential and commercial property in the Houston area and could reduce or negatively affect property values or homebuilding activity within the District. The Bonds are secured by an unlimited ad valorem tax, and a reduction in property values may require an increase in the ad valorem tax rate required to pay the Bonds as well as the District's share of operations and maintenance expenses payable from ad valorem taxes.

While the potential impact of COVID-19 on the District cannot be quantified at this time, the continued outbreak of COVID-19 could have an adverse effect on the District's operations and financial condition. The financial and operating data contained herein are the latest available, but are as of dates and for periods prior to the economic impact of the Pandemic and measures instituted to slow it. Accordingly, they are not necessarily indicative of the economic impact of the Pandemic on the District's financial condition.

Potential Effects of Oil Price Declines on the Houston Area

The recent declines in oil prices in the U.S. and globally, which at times have led to the lowest such prices in three decades, may lead to adverse conditions in the oil and gas industry, including but not limited to reduced revenues, declines in capital and operating expenditures, business failures, and layoffs of workers. The economy of the Houston area has, in the past, been particularly affected by adverse conditions in the oil and gas industry, and such conditions and their spillover effects into other industries could result in declines in the demand for residential and commercial property in the Houston area and could reduce or negatively affect property values or homebuilding activity within the District. As previously stated, the Bonds are secured by an unlimited ad valorem tax, and a reduction in property values may require an increase in the ad valorem tax rate required to pay the Bonds as well as the District's share of operations and maintenance expenses payable from ad valorem taxes.

THE DISTRICT

General

The District is a political subdivision of the State of Texas, created by Order of the TCEQ on August 9, 2017. The District operates pursuant to Article XVI, Section 59 of the Constitution of the State of Texas and the general laws of the State of Texas pertaining to municipal utility districts, particularly Chapters 49 and 54 of the Texas Water Code, as amended.

The District is empowered, among other things, to finance, purchase, construct, operate and maintain all works, improvements, facilities and plants necessary for the supply and distribution of water; the collection, transportation and treatment of wastewater; the control and diversion of storm water and the provision of parks and recreational facilities.

The District is also empowered to construct, acquire, improve, maintain, or operate roads and improvements in aid thereof. The District may issue bonds and other forms of indebtedness to purchase or construct all of such facilities. The District may also provide solid waste disposal and collection services. The District is also empowered to establish, operate and maintain fire-fighting facilities, independently or with one or more conservation and reclamation districts, after approval by the TCEQ and the voters of the District.

The TCEQ exercises continuing supervisory jurisdiction over the District. In order to obtain the consent of the City for creation of the District, within whose extraterritorial jurisdiction the District lies, the District has agreed to observe certain City requirements. These requirements, among others, limit the purposes for which the District may sell bonds to the acquisition, construction, and improvement of waterworks, wastewater, and drainage facilities, recreational facilities and roads, and the refunding of outstanding debt obligations; limit the net effective interest rate on such bonds and other terms of such bonds; and require approval by the City of District construction plans.

Description

At the time of creation, the District contained approximately 44.6 acres of land. The District annexed 1.00 acre and 33.44 acres of land by orders dated October 23, 2018. The District currently contains approximately 79.04 acres of land. The District is located entirely within Harris County, Texas, within the extraterritorial jurisdiction of the City and within the Klein Independent School District. The District is located in northeast Harris County, approximately 35 miles northwest of downtown Houston, north of FM 1960 and southwest of the Stuebner-Airline Road and Mittlestedt Road intersection. See “APPENDIX A - LOCATION MAP.”

Management of the District

The District is governed by the Board of Directors, consisting of five directors. The Board of Directors has control over and management supervision of all affairs of the District. All of the Directors own property in the District. Directors serve four-year staggered terms, and elections are held within the District in May in even numbered years. The current members and officers of the Board, along with their respective terms of office, are listed below.

<u>Name</u>	<u>Position</u>	<u>Term Expires in May</u>
Brian Seiler	President	2022
Spence Bridges	Vice President	2022
Eric Djuvik	Secretary	2024
Tim Early	Assistant Secretary	2022
Matt McKenzie	Assistant Secretary	2024

The District does not have a general manager or any other employee, but has contracted for services, as follows:

Tax Assessor/Collector - The District has engaged Utility Tax Service, LLC, as the District's Tax Assessor/Collector. According to Utility Tax Service, LLC, it presently serves approximately 100 taxing units as tax assessor/collector. The Tax Assessor/Collector applies the District's tax levy to tax rolls prepared by the Harris County Appraisal District and bills and collects such levy.

Consulting Engineers - The District has engaged the firm of Jones & Carter, Inc., Houston, Texas, as consulting engineer to the District.

Bookkeeper - The District has engaged L&S District Services, LLC as the District's Bookkeeper. According to L&S District Services, LLC, it currently serves approximately 15 districts as bookkeeper.

Auditor - As required by the Texas Water Code, the District retains an independent auditor to audit the District's financial statements annually, which annual audit is filed with the TCEQ. The District's auditor for the 2019 fiscal year is McCall Gibson Swedlund Barfoot PLLC, Certified Public Accountants, Houston, Texas. A copy of the District's audit for the fiscal year ended August 31, 2020, is included as "APPENDIX B" to this Official Statement.

Bond Counsel and General Counsel - Sanford Kuhl Hagan Kugle Parker Kahn LLP, Houston, Texas ("Bond Counsel") serves as Bond Counsel to the District. The fee to be paid Bond Counsel for services rendered in connection with the issuance of the Bonds is based on a percentage of the Bonds actually issued, sold and delivered and, therefore, such fees are contingent upon the sale and delivery of the Bonds. In addition, Sanford Kuhl Hagan Kugle Parker Kahn LLP serves as general counsel to the District on matters other than the issuance of bonds.

Disclosure Counsel - McCall, Parkhurst & Horton L.L.P., Houston, Texas, serves as Disclosure Counsel to the District. The fee to be paid Disclosure Counsel for services rendered in connection with the issuance of the Bonds is contingent on the issuance, sale and delivery of the Bonds.

Financial Advisor - The District has engaged Rathmann & Associates, L.P. as financial advisor (the "Financial Advisor") to the District. The fee paid the Financial Advisor for services rendered in connection with the issuance of the Bonds is based on a percentage of the Bonds actually issued and sold. Therefore, the payment of such fee is contingent upon the sale and delivery of the Bonds. Rathmann & Associates, L.P. is an independent municipal advisor registered with the United States Securities and Exchange Commission (the "SEC") and the Municipal Securities Rulemaking Board (the "MSRB"). Rathmann & Associates, L.P.'s SEC registration number is 867-00217 and its MSRB registration number is K0161. Rathmann & Associates, L.P.'s SEC registration Forms MA and MA-1's, which constitute Rathmann & Associates, L.P.'s registration filings, may be accessed through <http://www.sec.gov/edgar/searchedgar/companysearch.html>.

DEVELOPMENT AND HOME CONSTRUCTION

As of January 1, 2021, the District contained 423 fully developed single-family residential lots on which 393 homes have been constructed, including 71 homes under construction. According to the District's Engineer, underground water distribution, wastewater collection, and storm drainage/detention facilities and street paving have been completed to serve the entirety of the developable land located within the District, consisting of 423 single-family residential lots located in Retreat at Champions Landing, Sections 1 through 4 (approximately 65.8 total acres) as is delineated in the chart that appears below.

The developer of the 423 fully developed single-family residential lots located within the District which have been subdivided as Retreat at Champions Landing, Sections 1 through 4, is Pulte Homes of Texas, L.P., a Texas limited partnership ("Pulte Homes" or the "Developer") as is further described under the caption "DEVELOPER." Pulte Homes owns no additional land located within the District.

The remaining approximately 13.2 acres of land located within the District is comprised of streets, drainage easements and open space, or are otherwise not available for future development.

As of January 1, 2021, the status of lot development and home construction in the District was as follows:

Subdivision	Lots				Homes					Totals
	Developed	Acres	Under Development	Acres	Under Construction		Completed			
					Sold*	Unsold	Sold*	Unsold	Models	
Retreat at Champions Landing										
Section 1	118	18.81			0	0	118	0	0	118
Section 2	128	18.56			0	0	128	0	0	128
Section 3	87	15.63			6	5	76	0	0	87
Section 4	<u>90</u>	<u>12.80</u>	<u>—</u>	<u>—</u>	<u>55</u>	<u>5</u>	<u>0</u>	<u>0</u>	<u>0</u>	<u>60</u>

* Includes homes sold and contracted for sale. Homes under contract for sale are, in some instances, subject to conditions of appraisal, loan application, approval and inspection. See "BUILDER."

DEVELOPER

General

In general, the activities of a developer in a municipal utility district such as the District include purchasing the land within the District, designing the subdivision, designing the utilities and streets to be constructed in the subdivision, designing any community facilities to be built, defining a marketing program and building schedule, securing necessary governmental approvals and permits for development, arranging for the construction of roads and the installation of utilities (including, in some cases, water, sewer, and drainage facilities pursuant to the rules of the TCEQ, as well as gas, telephone, and electric service) and selling improved lots and commercial reserves to builders, developers, or other third parties. In most instances, the developer will be required to pay up to thirty percent (30%) of the cost of emplacing certain of the water, wastewater and drainage facilities in the municipal utility district pursuant to the rules of the TCEQ. The District requested an exemption from such developer participation requirement with respect to the Prior Bonds and the Bonds on the basis of one of the criteria under TCEQ rules for such exemption. The TCEQ granted the request for such exemption in its Orders authorizing the District to issue the Prior Bonds and the Bonds. The relative success or failure of a developer to perform such activities in development of the property within a municipal utility district may have a profound effect on the security of the unlimited tax bonds issued by a district. A developer is generally under no obligation to a district to develop the property which it owns in a district. Furthermore, there is no restriction on the developer's right to sell any or all of the land which the developer owns within a district.

Description of the Developer

The developer of the 423 fully developed single-family residential lots located within the District which have been subdivided as Retreat at Champions Landing, Sections 1 through 4, is Pulte Homes of Texas, L.P., a Texas limited partnership ("Pulte Homes" or the "Developer"). Pulte Homes is wholly owned by PulteGroup, Inc., a Michigan corporation ("PulteGroup"). PulteGroup is a publicly traded corporation whose stock is listed on the New York Stock Exchange. PulteGroup is subject to the information requirements of the Securities Exchange Act of 1934, as amended, and in accordance therewith file reports and other information with the United States Securities and Exchange Commission ("SEC"). Reports, proxy statements and other information filed by PulteGroup can be inspected at the office of the SEC at Judiciary Plaza, Room 1024, 450 Fifth Street, N.W., Washington, D.C. 20549. Copies of such material can be obtained from the Public Reference Section of the SEC at 450 Fifth Street, N.W., Washington, D.C. 20549, at prescribed rates. Copies of the above reports, proxy statements and other information may also be inspected at the offices of the New York Stock Exchange, Inc., 20 Broad Street, New York, New York 10005. The SEC maintains a World Wide Web site on the Internet at <http://www.sec.gov> that contains reports, proxy information statements and other information regarding registrants that file electronically with the SEC.

BUILDER

Pulte Homes (the “Builder”) is currently constructing homes in Retreat at Champions Landing under the trade name Centex Homes that range in size from approximately 1,206 to 2,606 square feet of living area and in sales price from approximately \$183,990 to \$230,990.

Pulte Homes may change the types, sizes and sales prices of the homes which it chooses to construct within the District entirely within its discretion, or may suspend home construction activity entirely.

Maintenance Tax	<u>0.98</u>	
Total		\$1.40(d)

- (a) As of January 1, 2020. All property located in the District is valued on the tax rolls by the Harris County Appraisal District (the "Appraisal District") at 100% of assessed valuation as of January 1 of each year. The District's tax roll is certified by the Harris County Appraisal Review Board (the "Appraisal Review Board"). See "TAXING PROCEDURES" and "RISK FACTORS - Factors Affecting Taxable Values and Tax Payments." Such sum includes certain values which have not been certified by the Appraisal Review Board, including the value of certain properties which has been proposed by the Appraisal District but protested by the owners thereof to the Appraisal District and the value of certain properties not under protest but not yet certified. The Appraisal District's "Estimated Final Taxable Value with Hearing Loss" of such properties is \$169,328, which total is included in the amount of \$48,945,075. The Appraisal District has proposed the valuation of such protested properties to be \$188,172. The Appraisal District's estimate of the total taxable value of taxable property not under protest and not yet included on the certified appraisal roll is \$280,462, which total is also included in the amount of \$48,945,075. The District is unable to predict the amount of the District's final 2020 Assessed Valuation. Such final 2020 Assessed Valuation will not be determined until the valuation of all taxable property located within the District is certified by the Appraisal Review Board for 2020.
- (b) Provided by the Appraisal District for informational purposes only, this amount is an estimate of the value of all taxable property located within the District as of January 1, 2021, and includes an estimate of values resulting from the construction of taxable improvements from January 1, 2020, through December 31, 2020. The ultimate assessed valuation of such additions to the District's tax roll resulting from development and construction activity from January 1, 2020, through December 31, 2020, may vary significantly from this estimate when the Appraisal Review Board certifies the valuation of District property for the purpose of determining the District's 2021 tax roll.

- (c) In addition to the components of the System that the District has financed with the proceeds of the sale of the Prior Bonds and is financing with the proceeds of the sale of the Bonds, the District expects to finance additional components of the System with the proceeds of the sale of bonds, if any, that the District expects to issue in the future. See “THE BONDS - Issuance of Additional Debt,” and - “Use and Distribution of Bond Proceeds,” “THE SYSTEM” and “RISK FACTORS - Future Debt.”
- (d) Neither Texas law nor the Bond Order requires that the District maintain any particular sum in the Debt Service Fund. The District’s initial debt service requirement on the Bonds is due September 1, 2021, and consists of a six-month interest payment.
- (e) The District levied a tax rate of \$1.50 per \$100 of Assessed Valuation for 2019, all of which is a maintenance tax. The District levied its initial debt service tax of \$0.42 per \$100 of Assessed Valuation and a maintenance tax of \$0.98 per \$100 of Assessed Valuation in 2020. Therefore, the District's combined total tax rate for 2020 is \$1.40 per \$100 of Assessed Valuation. As is enumerated in this Official Statement under the caption “TAX DATA - Estimated Overlapping Taxes,” the aggregate of the 2020 tax levies of all overlapping taxing units which levy taxes upon property located in the District, plus the District’s 2020 tax rate, is \$3.582627 per \$100 of Assessed Valuation. Such aggregate levies are higher than the aggregate tax levies of many municipal utility districts in the Houston metropolitan area, including the area of the District, but are within the range of the aggregate levies of many municipal utility districts in the Houston metropolitan area and the area of the District which are in stages of development comparable with the District. See “RISK FACTORS - Factors Affecting Taxable Values and Tax Payments” and “TAXING PROCEDURES.”

Estimated Direct and Overlapping Debt Statement

Other governmental entities whose boundaries overlap the District have outstanding bonds payable from ad valorem taxes. The following statement of direct and estimated overlapping ad valorem tax debt was developed from information contained in “Texas Municipal Reports,” published by the Municipal Advisory Council of Texas, or other available information. Except for the amount relating to the District, the District has not independently verified the accuracy or completeness of such information, and no person is entitled to rely upon such information as being accurate or complete. Furthermore, certain of the entities listed below may have issued additional bonds since the dates stated in this table, and such entities may have programs requiring the issuance of substantial amounts of additional bonds, the amount of which cannot presently be determined. Political subdivisions overlapping the District are authorized by Texas law to levy and collect ad valorem taxes for operation, maintenance and/or general revenue purposes in addition to taxes for payment of their debt, and some are presently levying and collecting such taxes.

<u>Taxing Jurisdiction</u>	<u>Debt as of December 1, 2020</u>	<u>Estimated Overlapping Percent</u>	<u>Amount</u>
Harris County (i)	1,743,427,125	0.00969%	\$ 168,856

Direct Debt	11.77%	7.54%
Direct and Estimated Overlapping Debt	17.06%	10.93%

TAX DATA

Debt Service Tax

All taxable property within the District is subject to the assessment, levy and collection by the District of an annual ad valorem tax without legal limitation as to rate or amount, sufficient to pay principal of and interest on the Bonds and any future tax-supported bonds that may be issued by the District from time to time. The Board of Directors of the District has in its Bond Order covenanted to assess and levy for each year that all or any part of the Bonds remain outstanding and unpaid a tax ample and sufficient to produce funds to pay the principal of and interest on the Bonds (see “THE BONDS” and “RISK FACTORS”). The actual rate of such tax is determined annually as a function of the District's tax base, its debt service requirements, and available funds. The District levied its initial debt service tax in 2020 of \$0.42 per \$100 of Assessed Valuation.

Maintenance Tax

The Board of Directors of the District has the statutory authority to levy and collect an annual ad valorem tax for maintenance of the District's improvements, if such maintenance tax is authorized by a vote of the District's electorate. On November 7, 2017, the District voters authorized the levy of such a maintenance tax in an amount not to exceed \$1.50 per \$100 of Assessed Valuation. Such tax is levied in addition to taxes which the District is authorized to levy for paying principal of and interest on the Bonds and any parity bonds which may be issued in the future. The District levied a maintenance tax of \$1.50 per \$100 of Assessed Valuation for 2019. The District levied a maintenance tax of \$0.98 per \$100 of Assessed Valuation for 2020.

Historical Values and Tax Collection History

The following statement of tax collections sets forth in condensed form the historical Assessed Valuation and tax collections of the District. Such summary has been prepared for inclusion herein based upon information obtained from District records. Reference is made to such records, including the District's annual audited financial statements, for more complete information.

<u>Tax Year</u>	<u>Assessed Valuation</u>	<u>Tax Rate(a)</u>	<u>Adjusted Levy</u>	<u>% Collections</u>	
				<u>Current & Prior Years (b)</u>	<u>Year Ending 9/30</u>
2018	\$ 6,238,362	\$1.50	\$ 93,575	99.43%	2019
2019	27,625,109	1.50	414,377	98.99	2020
2020	48,945,075(c)	1.40(d)	685,231(d)	82.75(d)	2021

(a) Per \$100 of Assessed Valuation.

(b) Such percentage reflects cumulative total collections for said year from the time the annual tax was levied through December 31, 2020. The amount of tax collected for each levy on a current basis (by September 30 of the year following each respective annual levy) is not reflected in this statement.

(c) Such sum includes certain values which have not been certified by the Appraisal Review Board, including the value of certain properties which has been proposed by the Appraisal District but protested by the owners thereof to the Appraisal District and the value of certain properties not under protest but not yet certified. The Appraisal District's "Estimated Final Taxable Value with Hearing Loss" of such properties is \$169,328, which total is included in the amount of \$48,945,075. The Appraisal District has proposed the valuation of such protested properties to be \$188,172. The Appraisal District's estimate of the total taxable value of taxable property not under protest and not yet included on the certified appraisal roll is \$280,462, which total is also included in the amount of \$48,945,075. The District is unable to predict the amount of the District's final 2020 Assessed Valuation. Such final 2020 Assessed Valuation will not be determined until the valuation of all taxable property located within the District is certified by the Appraisal Review Board for 2020.

(d) As of December 31, 2020. In the process of collection.

Analysis of Tax Base

The following table illustrates the composition of property located within the District for the last three years.

<u>Type of Property</u>	2020		2019		2018	
	<u>Assessed Valuation</u>	<u>%</u>	<u>Assessed Valuation</u>	<u>%</u>	<u>Assessed Valuation</u>	<u>%</u>
Land	\$11,248,546	22.98%	\$8,667,174	31.37%	\$5,282,196	84.67%
Improvements	37,014,566	75.62	18,471,000	66.86	864,050	13.85
Personal Property	691,885	1.41	506,847	1.83	92,116	1.48
Uncertified	449,790	0.92	0	0.00	0	0.00
Exemptions	<u>(459,712)</u>	<u>(0.94)</u>	<u>(19,912)</u>	<u>(0.06)</u>	<u>(0)</u>	<u>(0)</u>
Total	\$48,945,075*	100.00%	\$27,625,109	100.00%	\$6,238,362	100.00%

* Such sum includes certain values which have not been certified by the Appraisal Review Board, including the value of certain properties which has been proposed by the Appraisal District but protested by the owners thereof to the Appraisal District and the value of certain properties not under protest but not yet certified. The Appraisal District’s “Estimated Final Taxable Value with Hearing Loss” of such properties is \$169,328, which total is included in the amount of \$48,945,075. The Appraisal District has proposed the valuation of such protested properties to be \$188,172. The Appraisal District’s estimate of the total taxable value of taxable property not under protest and not yet included on the certified appraisal roll is \$280,462, which total is also included in the amount of \$48,945,075. The District is unable to predict the amount of the District’s final 2020 Assessed Valuation. Such final 2020 Assessed Valuation will not be determined until the valuation of all taxable property located within the District is certified by the Appraisal Review Board for 2020.

Principal 2020 Taxpayers

Based upon information supplied by the District’s Tax Assessor/Collector, the following table lists principal District taxpayers, type of property owned by such taxpayers, and the assessed valuation of such property as of January 1, 2020. The information reflects the composition of property ownership reflected on the District’s 2020 tax roll. See “DEVELOPER.”

<u>Taxpayer*</u>	<u>Type of Property</u>	<u>Assessed Valuation 2020 Tax Roll</u>	<u>% of 2020 Tax Roll</u>
Pulte Homes of Texas, L.P.	Lots and Houses	\$2,589,561	5.29%
Property Owner	Houses	546,373	1.12
Property Owner	Houses	416,520	0.85
Property Owner	House	360,490	0.74
Property Owner	House	348,814	0.71
Property Owner	House	262,872	0.54
Property Owner	House	262,846	0.54
Property Owner	House	256,758	0.52
Property Owner	House	253,638	0.52
Property Owner	House	<u>252,259</u>	<u>0.52</u>
		\$5,550,131	11.34%

Tax Exemption

Certain property in the District may be exempt from taxation. See “TAXING PROCEDURES.” The District does not exempt any percentage of the market value of any residential homesteads from taxation.

Additional Penalties

The District has contracted with a delinquent tax attorney to collect certain delinquent taxes. In connection with that contract, the District can establish an additional penalty of twenty percent (20%) of the tax to defray the costs of collection. This 20% penalty applies to taxes that either: (1) become delinquent on or after February 1 of a year, but not later than May 1 of that year, and that remain delinquent on April 1 (for personal property) and July 1 (for real property) of the year in which they become delinquent or (2) become delinquent on or after June 1, pursuant to the Texas Property Tax Code.

Tax Rate Calculations

The tax rate calculations set forth below are presented to indicate the tax rates per \$100 of Assessed Valuation which would be required to meet certain debt service requirements if no growth in the District occurs beyond the 2020 Assessed Valuation or the Estimated Valuation at January 1, 2021. The calculations also assume collection of 95% of taxes levied, no use of District funds on hand, and the sale of no additional bonds by the District.

Average Annual Debt Service Requirements (2022-2049)	\$309,878
Tax Rate of \$0.67 on the 2020 Assessed Valuation (\$48,945,075) produces	\$311,535
Tax Rate of \$0.43 on the Estimated Valuation at January 1, 2021 (\$76,373,844) produces	\$311,987
Maximum Annual Debt Service Requirement (2049)	\$381,080
Tax Rate of \$0.82 on the 2020 Assessed Valuation (\$48,945,075) produces	\$381,282
Tax Rate of \$0.53 on the Estimated Valuation at January 1, 2021 (\$76,373,844) produces	\$384,542

The District levied its first debt service tax in 2020 of \$0.42 per \$100 of Assessed Valuation and a maintenance tax of \$0.98 per \$100 of Assessed Valuation. Therefore, the District's combined total tax for 2020 is \$1.40 per \$100 of Assessed Valuation. As the above table indicates, the 2020 debt service rate will not be sufficient to pay debt service on the Bonds and the Outstanding Bonds given taxable values in the District at the level of the Estimated Valuation at January 1, 2021, assuming a tax collection rate of 95%, no use of funds on hand, and the issuance of no additional bonds by the District. However, as is illustrated in the table above, the District has, as of December 31, 2021, collected an average of 99.21% of its 2018 and 2019 tax levies, and its 2020 tax levy was 82.75% collected as of such date. In addition, the District's Debt Service Fund balance is \$229,726, as of January 20, 2021. Neither Texas law nor the Bond Order requires that any specific amount be retained in the Debt Service Fund at any time. See "TAXING PROCEDURES." The District may apply earnings from the investment of monies held in the Debt Service Fund to meet the debt service requirements of the Bonds and the Outstanding Bonds. The District anticipates that, given these factors, and future increases in taxable values which are expected to occur as a consequence of the construction of homes on the lots developed by the Developer, the District will be able to meet the debt service requirements on the Bonds and the Outstanding Bonds without increasing the debt service tax rate above the debt service tax rate which the District has levied for 2020 - \$0.42 per \$100 of Assessed Valuation. In addition to the components of the System that the District has financed with the proceeds of the sale of the Prior Bonds and is financing with the proceeds of the sale of the Bonds, the District expects to finance additional components of the System with the proceeds of the sale of bonds, if any, that the District expects to issue in the future. See "THE BONDS - Issuance of Additional Debt," and - "Use and Distribution of Bond Proceeds," "THE SYSTEM" and "RISK FACTORS - Future Debt," - "Factors Affecting Taxable Values and Tax Payments," and "TAXING PROCEDURES."

Estimated Overlapping Taxes

Property located within the District is subject to taxation by several taxing authorities in addition to the District. Set forth below is a compilation of all 2020 taxes levied upon property located within the District, including the District's 2020 tax rate. Under Texas law, ad valorem taxes levied by each taxing authority other than the District entitled to levy taxes against property located within the District create a lien which is on a parity with the tax lien of the District. In addition to the ad valorem taxes required to make the debt service payments on bonded indebtedness of the District and of such

other jurisdictions (see “DISTRICT DEBT - Estimated Direct and Overlapping Debt Statement”), certain taxing jurisdictions are authorized by Texas law to assess, levy and collect ad valorem taxes for operation, maintenance, administrative and/or general revenue purposes.

HARRIS COUNTY OVERLAPPING TAX RATES

<u>Taxing Jurisdiction</u>	<u>2020 Tax Rate/\$100</u>
Harris County	\$0.391160
Harris County Department of Education	0.004993
Harris County Flood Control District	0.031420
Harris County Hospital District	0.166710
Port of Houston Authority	0.009910
Klein Independent School District	1.337300
Lone Star College System	0.107800
Harris County Emergency Services District 11	0.033334
Harris County Emergency Services District 29	0.100000
The District*	<u>1.400000</u>
	<u>\$3.582627</u>

* The District levied a total tax of \$1.40 per \$100 of Assessed Valuation for 2020, consisting of a debt service tax of \$0.42 per \$100 of Assessed Valuation and a maintenance tax of \$0.98 per \$100 of Assessed Valuation.

TAXING PROCEDURES

Authority to Levy Taxes

The Board is authorized to levy an annual ad valorem tax, without legal limitation as to rate or amount, on all taxable property within the District in sufficient amount to pay the principal of and interest on the Bonds and any additional bonds payable from taxes which the District may hereafter issue, see “RISK FACTORS - Future Debt,” and to pay the expenses of assessing and collecting such taxes. The District agrees in the Bond Order to levy such a tax from year to year as described more fully above under “THE BONDS - Source of Payment.” Under Texas law, the Board is also authorized to levy and collect annual ad valorem taxes for the operation and maintenance of the District for the payment of certain contractual obligations. See “TAX DATA - Maintenance Tax.”

Property Tax Code and County-Wide Appraisal District

Title I of the Texas Tax Code (the “Property Tax Code”), specifies the taxing procedures of all political subdivisions of the State of Texas, including the District. Provisions of the Property Tax Code are complex and are not fully summarized here. The Property Tax Code requires, among other matters, county-wide appraisal and equalization of taxable property values and establishes in each county of the State an appraisal district with the responsibility for recording and appraising property for all taxing units within a county and an appraisal review board with responsibility for reviewing and equalizing values established by the appraisal district. The Harris County Appraisal District (the “Appraisal District”) has the responsibility of appraising property for all taxing units within Harris County, including the District. Such appraisal values will be subject to review and change by the Harris County Appraisal Review Board (the “Appraisal Review Board”). The appraisal roll, as approved by the Appraisal Review Board, will be used by the District in establishing its tax rolls and tax rate.

Property Subject to Taxation by the District

Except for certain exemptions provided by Texas law, all real property, tangible personal property held or used for the production of income, mobile homes and certain categories of intangible personal property with a tax situs in the District are subject to taxation by the District. Principal categories of exempt property include, but are not limited to: property

owned by the State of Texas or its political subdivisions, if the property is used for public purposes; property exempt from ad valorem taxation by federal law; certain household goods, family supplies and personal effects; certain goods, wares, and merchandise in transit; certain farm products owned by the producer; certain property of charitable organizations, youth development associations, religious organizations, and qualified schools; designated historical sites; and most individually-owned automobiles. In addition, the District may by its own action exempt residential homesteads of persons 65 years or older and certain disabled persons, to the extent deemed advisable by the Board of Directors of the District. The District may be required to offer such exemptions if a majority of voters approve same at an election. The District would be required to call an election upon petition by twenty percent (20%) of the number of qualified voters who voted in the preceding election. The District is authorized by statute to disregard exemptions for the disabled and elderly if granting the exemption would impair the District's obligation to pay tax supported debt incurred prior to adoption of the exemption by the District. Furthermore, the District must grant exemptions to disabled veterans, or certain surviving dependents of disabled veterans if requested, but only to the maximum extent of \$5,000 to \$12,000 of assessed valuation depending upon the disability rating of the veteran, if such rating is less than 100%. A veteran who receives a disability rating of 100% is entitled to the exemption for the full amount of the residential homestead. Additionally, subject to certain conditions, the surviving spouse of a disabled veteran is entitled to an exemption for the full value of the veteran's residence homestead to which the disabled veterans' exemption applied. A partially disabled veteran or certain surviving spouses of partially disabled veterans are entitled to an exemption from taxation of a percentage of the appraised value of their residence homestead in an amount equal to the partially disabled veteran's disability rating if the residence homestead was donated by a charitable organization. Also, the surviving spouse of a member of the armed forces who was killed in action is, subject to certain conditions, entitled to an exemption of the total appraised value of the surviving spouse's residence homestead, and subject to certain conditions, an exemption up to the same amount may be transferred to a subsequent residence homestead of the surviving spouse. The surviving spouse of a first responder who was killed or fatally injured in the line of duty is, subject to certain conditions, also entitled to an exemption of the total appraised value of the surviving spouse's residence homestead, and, subject to certain conditions, an exemption up to the same amount may be transferred to a subsequent residence homestead of the surviving spouse.

Residential Homestead Exemptions: The Property Tax Code authorizes the governing body of each political subdivision in the State to exempt up to twenty percent (20%) of the appraised market value of residential homesteads from ad valorem taxation. Where ad valorem taxes have previously been pledged for the payment of debt, the governing body of a political subdivision may continue to levy and collect taxes against the exempt value of the homesteads until the debt is discharged, if the cessation of the levy would impair the obligations of the contract by which the debt was created. The adoption of a homestead exemption may be considered each year, but must be adopted before July 1.

Freeport Goods Exemption: A "Freeport Exemption" applies to goods, wares, ores, and merchandise other than oil, gas, and petroleum products (defined as liquid and gaseous materials immediately derived from refining petroleum or natural gas), and to aircraft or repair parts used by a certified air carrier acquired in or imported into Texas which are destined to be forwarded outside of Texas and which are detained in Texas for assembling, storing, manufacturing, processing or fabricating for less than 175 days. Although certain taxing units may take official action to tax such property in transit and negate such exemption, the District does not have such an option. A "Goods-in-Transit" Exemption is applicable to the same categories of tangible personal property which are covered by the Freeport Exemption, if, for tax year 2011 and prior applicable years, such property is acquired in or imported into Texas for assembling, storing, manufacturing, processing, or fabricating purposes and is subsequently forwarded to another location inside or outside of Texas not later than 175 days after acquisition or importation, and the location where said property is detained during that period is not directly or indirectly owned or under the control of the property owner. For tax year 2012 and subsequent years, such Goods-in-Transit Exemption includes tangible personal property acquired in or imported into Texas for storage purposes only if such property is stored under a contract of bailment by a public warehouse operator at one or more public warehouse facilities in Texas that are not in any way owned or controlled by the owner of such property for the account of the person who acquired or imported such property. A property owner who receives the Goods-in-Transit Exemption is not eligible to receive the Freeport Exemption for the same property. Local taxing units such as the District may, by official action and after public hearing, tax goods-in-transit personal property. A taxing unit must exercise its option to tax goods-in-transit property before January 1 of the first tax year in which it proposes to tax the property at the time and in the manner prescribed by applicable law. The District has taken official action to allow taxation of all such goods-in-transit personal property for all prior and subsequent years.

Tax Abatement

Harris County or the City on may designate all or part of the area within the District as a reinvestment zone. Thereafter, the City (after annexation of the District), Harris County, or the District, at the option and discretion of each entity, may enter into tax abatement agreements with owners of property within the zone. Prior to entering into a tax abatement agreement, each entity must adopt guidelines and criteria for establishing tax abatement, which each entity will follow in granting tax abatement to owners of property. The District has adopted guidelines and criteria for establishing a tax abatement. The tax abatement agreements may exempt from ad valorem taxation by each of the applicable taxing jurisdictions, including the District, for a period of up to ten (10) years, all or any part of any increase in the assessed valuation of property covered by the agreement over its assessed valuation in the year in which the agreement is executed, on the condition that the property owner make specified improvements or repairs to the property in conformity with the terms of the tax abatement agreement. Each taxing jurisdiction has discretion to determine terms for its tax abatement agreements without regard to the terms approved by the other taxing jurisdictions.

Valuation of Property for Taxation

Generally, property in the District must be appraised by the Appraisal District at market value as of January 1 of each year. An appraisal roll is prepared, taxpayer protests are heard by the Appraisal Review Board, and the appraisal roll is certified by the Chief Appraiser. Then it is used by the District in establishing its tax rolls and tax rate. Assessments under the Property Tax Code are to be based on one hundred percent (100%) of market value, as such is defined in the Property Tax Code.

The Property Tax Code permits land designated for agricultural use, open space or timberland to be appraised at its value based on the land's capacity to produce agricultural or timber products rather than at its market value. The Property Tax Code permits under certain circumstances that residential real property inventory held by a person in the trade or business be valued at the price all of such property would bring if sold as a unit to a purchaser who would continue the business. Provisions of the Property Tax Code are complex and are not fully summarized here. Landowners wishing to avail themselves of the agricultural use, open space or timberland designation or residential real property inventory designation must apply for the designation and the appraiser is required by the Property Tax Code to act on each claimant's right to the designation individually. If a landowner of qualified open-space land is a member of the U.S. armed forces, subject to certain conditions, the appraisal of the land as qualified open-space land does not change while the landowner is deployed or stationed outside Texas. A claimant may waive the special valuation as to taxation by some political subdivisions while claiming it as to another. If a claimant receives the agricultural use designation and later loses it by changing the use of the property or selling it to an unqualified owner, the District can collect taxes based on the new use, including taxes for the previous three years for agricultural use, open space land, and timberland.

The Property Tax Code requires the Appraisal District to implement a plan for periodic reappraisal of property to update appraisal values. The plan must provide for appraisal of all real property in the Appraisal District at least once every three (3) years. It is not known what frequency of reappraisals will be utilized by the Appraisal District or whether reappraisals will be conducted on a zone-, or county-wide basis. The District, however, at its expense, has the right to obtain from the Appraisal District a current estimate of appraised values within the District or an estimate of any new property or improvements within the District. While such current estimate of appraised values may serve to indicate the rate and extent of growth of taxable values within the District, it cannot be used for establishing a tax rate within the District until such time as the Appraisal District chooses to formally include such values on its appraisal roll.

The Property Tax Code provides for a temporary exemption from ad valorem taxation of a portion of the appraised value of certain property that is at least 15% damaged by a disaster and located within an area declared to be a disaster area by the governor of the State of Texas. This temporary exemption is automatic if the disaster is declared prior to a taxing unit, such as the District, adopting its tax rate for the tax year. A taxing unit, such as the District, may authorize the exemption at its discretion if the disaster is declared after the taxing unit has adopted its tax rate for the tax year. The amount of the exemption is based on the percentage of damage and is prorated based on the date of the disaster. Upon receipt of an application submitted within the eligible timeframe by a person who qualifies for a temporary exemption under the Property Tax Code, the Appraisal District is required to complete a damage assessment and assign a damage assessment

rating to determine the amount of the exemption. The temporary exemption amounts established in the Property Tax Code range from 15% for property less than 30% damaged to 100% for property that is a total loss. Any such temporary exemption granted for disaster-damaged property expires on January 1 of the first year in which the property is reappraised.

District and Taxpayer Remedies

Under certain circumstances, taxpayers and taxing units (such as the District) may appeal the orders of the Appraisal Review Board by filing a timely petition for review in State district court. In such event, the value of the property in question will be determined by the court, or by a jury, if requested by any party. Additionally, taxing units may bring suit against the Appraisal District to compel compliance with the Property Tax Code.

The Property Tax Code establishes a procedure for notice to property owners of reappraisals reflecting increased property values, appraisals that are higher than renditions and appraisals of property not previously on an appraisal roll.

Levy and Collection of Taxes

The District is responsible for the levy and collection of its taxes unless it elects to transfer such functions to another governmental entity. The rate of taxation is set by the Board of Directors, after the legally required notice has been given to owners of property within the District, based upon: a) the valuation of property within the District as of the preceding January 1, and b) the amount required to be raised for debt service, maintenance purposes, and authorized contractual obligations. Taxes are due October 1, or when billed, whichever comes later, and become delinquent if not paid before February 1 of the year following the year in which imposed. A delinquent tax incurs a penalty of six percent (6%) of the amount of the tax for the first calendar month it is delinquent, plus one percent (1%) for each additional month or portion of a month the tax remains unpaid prior to July 1 of the year in which it becomes delinquent. If the tax is not paid by July 1 of the year in which it becomes delinquent, the tax incurs a total penalty of twelve percent (12%) regardless of the number of months the tax has been delinquent and incurs an additional penalty for collection costs of an amount established by the District and a delinquent tax attorney. A delinquent tax on personal property incurs an additional penalty, in an amount established by the District and a delinquent tax attorney, 60 days after the date the taxes become delinquent. The delinquent tax accrues interest at a rate of one percent (1%) for each month or portion of a month it remains unpaid. The Property Tax Code makes provisions for the split payment of taxes, discounts for early payment and the postponement of the delinquency date of taxes under certain circumstances which, at the option of the District, which may be rejected by taxing units. The District's tax collector is required to enter into an installment payment agreement with any person who is delinquent on the payment of tax on a residence homestead for payment of tax, penalties and interest, if the person requests an installment agreement and has not entered into an installment agreement with the collector in the preceding 24 months. The installment agreement must provide for payments to be made in monthly installments and must extend for a period of at least 12 months and no more than 36 months. Additionally, the owner of a residential homestead property who is (i) sixty-five (65) years of age or older, (ii) disabled, or (iii) a disabled veteran, is entitled by law to pay current taxes on a residential homestead in installments without penalty or to defer the payment of taxes during the time of ownership. In the instance of tax deferral, a tax lien remains on the property and interest continue to accrue during the period of deferral.

Rollback of Operation and Maintenance Tax Rate

During the 86th Regular Legislative Session, Senate Bill 2 ("SB 2") was passed and signed by the Governor, with an effective date of January 1, 2020, and the provisions described herein are effective beginning with the 2020 tax year. See "SELECTED FINANCIAL INFORMATION" for a description of the District's current total tax rate. Debt service and contract tax rates cannot be reduced by a rollback election held within any of the districts described below.

SB 2 classifies districts differently based on the current operation and maintenance tax rate or on the percentage of build-out that the District has completed. Districts that have adopted an operation and maintenance tax rate for the current year that is 2.5 cents or less per \$100 of taxable value are classified as "Special Taxing Units." Districts that have financed, completed, and issued bonds to pay for all improvements and facilities necessary to serve at least 95% of the

projected build-out of the district are classified as "Developed Districts." Districts that do not meet either of the classifications previously discussed can be classified herein as "Developing Districts." The impact each classification has on the ability of a district to increase its maintenance and operations tax rate pursuant to SB 2 is described for each classification below.

Special Taxing Units

Special Taxing Units that adopt a total tax rate that would impose more than 1.08 times the amount of the total tax imposed by such district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead, subject to certain homestead exemptions, are required to hold an election within the district to determine whether to approve the adopted total tax rate. If the adopted total tax rate is not approved at the election, the total tax rate for a Special Taxing Unit is the current year's debt service and contract tax rate plus 1.08 times the previous year's operation and maintenance tax rate.

Developed Districts

Developed Districts that adopt a total tax rate that would impose more than 1.035 times the amount of the total tax imposed by the district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead, subject to certain homestead exemptions for the preceding tax year, plus any unused increment rates, as calculated and described in Section 26.013 of the Tax Code, are required to hold an election within the district to determine whether to approve the adopted total tax rate. If the adopted total tax rate is not approved at the election, the total tax rate for a Developed District is the current year's debt service and contract tax rate plus 1.035 times the previous year's operation and maintenance tax rate plus any unused increment rates. In addition, if any part of a Developed District lies within an area declared for disaster by the Governor of Texas or President of the United States, alternative procedures and rate limitations may apply for a temporary period. If a district qualifies as both a Special Taxing Unit and a Developed District, the district will be subject to the operation and maintenance tax threshold applicable to Special Taxing Units.

Developing Districts

Districts that do not meet the classification of a Special Taxing Unit or a Developed District can be classified as Developing Districts. The qualified voters of these districts, upon the Developing District's adoption of a total tax rate that would impose more than 1.08 times the amount of the total tax rate imposed by such district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead, subject to certain homestead exemptions, are authorized to petition for an election to reduce the operation and maintenance tax rate. If an election is called and passes, the total tax rate for Developing Districts is the current year's debt service and contract tax rate plus 1.08 times the previous year's operation and maintenance tax rate.

The District

The District has made a determination of its status as a Developing District for the 2020 tax year. The District cannot give any assurances as to what its classification will be at any point in time or whether the District's future tax rates will result in a total tax rate that will reclassify the District into a new classification and new election calculation.

Additional Penalties

The District has contracted with a delinquent tax attorney to collect certain delinquent taxes. In connection with that contract, the District can establish an additional penalty of twenty percent (20%) of the tax to defray the costs of collection. This 20% penalty applies to taxes that either: (1) become delinquent on or after February 1 of a year, but not later than May 1 of that year, and that remain delinquent on April 1 (for personal property) and July 1 (for real property) of the year in which they become delinquent or (2) become delinquent on or after June 1, pursuant to the Tax Code.

District's Rights in the Event of Tax Delinquencies

Taxes levied by the District are a personal obligation of the owner of the property as of January 1 of the year for which the tax is imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all state and local taxes, penalties and interest ultimately imposed for the year on the property. The lien exists in favor of each taxing unit, including the District, having the power to tax the property. The District's tax lien is on a parity with the tax liens of other such taxing units (see "TAX DATA - Estimated Overlapping Taxes"). A tax lien on real property takes priority over the claims of most creditors and other holders of liens on the property encumbered by the tax lien, whether or not the debt or lien existed before the attachment of the tax lien; however, whether a lien of the United States is on a parity with or takes priority over a tax lien of the District is determined by applicable federal law. Personal property, under certain circumstances, is subject to seizure and sale for the payment of delinquent taxes, penalty, and interest.

At any time after taxes on property become delinquent, the District may file suit to foreclose the lien securing payment of the tax, to enforce personal liability for the tax, or both. In filing a suit to foreclose a tax lien on real property, the District must join other taxing units that have claims for delinquent taxes against all or part of the same property. Collection of delinquent taxes may be adversely affected by the amount of taxes owed to other taxing units, by the effects of market conditions on the foreclosure sale price, by taxpayer redemption rights (a taxpayer may redeem property within six (6) months for commercial property and two (2) years for residential and all other types of property after the purchaser's deed issued at the foreclosure sale is filed in the county records) or by bankruptcy proceedings which restrict the collection of taxpayer debts. See "RISK FACTORS - Tax Collection Limitations."

Tax Payment Installments after Disaster

Certain qualified taxpayers, including owners of residential homesteads, located within a natural disaster area and whose property has been damaged as a direct result of the disaster, are entitled to enter into a tax payment installment agreement with a taxing jurisdiction such as the District if the tax payer pays at least one-fourth of the tax bill imposed on the property by the delinquency date. The remaining taxes may be paid without penalty or interest in three equal installments within six months of the delinquency date.

THE SYSTEM

Regulation

According to the Engineer, the District's water distribution, wastewater collection, and storm drainage facilities (collectively, the "System") have been designed in accordance with accepted engineering practices and the requirements of various agencies having regulatory or supervisory jurisdiction over the construction and operation of such facilities. The construction and operation of the System must be accomplished in accordance with the standards and specifications of such entities and are subject to inspection by each such entity. The TCEQ exercises continuing supervisory authority over the District. Construction of drainage facilities is subject to the regulatory authority of the Harris County Flood Control District, and, in some instances, the TCEQ and the U.S. Army Corps of Engineers. Harris County and the City also exercise regulatory jurisdiction over the District's System. The total number of equivalent single-family connections ("ESFCs") estimated at this time for the District upon the full development of its approximately 79.04 acres is 423 with a total estimated population of 1,058 people. The following descriptions are based upon information supplied by the District's Engineer.

Description

The District will finance certain costs of the construction or acquisition of components of the water supply and distribution, wastewater collection and treatment, and storm drainage/detention facilities, and other facilities that have been constructed to serve the land within the District with portions of the proceeds of the sale of the Bonds as is enumerated in this Official Statement under the caption "THE BONDS - Use and Distribution of Bond Proceeds." In addition to the components of the System that the District has financed with the proceeds of the sale of the Prior Bonds and is financing with the proceeds of the sale of the Bonds, the District expects to finance additional components of the

System with the proceeds of the sale of bonds, if any, that the District expects to issue in the future. See “THE BONDS - Issuance of Additional Debt,” and - “Use and Distribution of Bond Proceeds,” “THE SYSTEM” and “RISK FACTORS - Future Debt.”

Water Supply

The District has entered into an agreement with Heatherloch Municipal Utility District (“Heatherloch MUD”) (the “Amended and Restated Agreement Regarding Water and Wastewater Facilities” or the “Agreement”) relating to the financing, construction and operation of the water supply facilities that serve, or will serve, land within the District and Heatherloch MUD. Heatherloch MUD’s water supply facilities include an 1,000 gallons per minute (“g.p.m.”) well, 50,000 gallon pressure tank, 1,027,000 gallons of ground storage and booster pumps totaling 4,200 g.p.m. Pursuant to the Agreement, the District’s share in such facilities is 423 ESFCs.

Subsidence and Conversion to Surface Water Supply

The District is within the boundaries of the Harris-Galveston Subsidence District (the “Subsidence District”), which regulates groundwater withdrawal. The District’s authority to pump groundwater is subject to an annual permit issued by the Subsidence District. The Subsidence District has adopted regulations requiring reduction of groundwater withdrawals through conversion to alternate source water (e.g., surface water) in certain areas within the Subsidence District’s jurisdiction, including the area within the District. The Texas legislature created the North Harris County Regional Water Authority (the “Authority”) to, among other things, reduce groundwater usage in, and to provide surface water Harris County. The Authority has entered into a Water Supply Contract with the City to obtain treated surface water from the City. The Authority has developed a groundwater reduction plan (“GRP”) and obtained Subsidence District approval of its GRP. The Authority’s GRP sets forth the Authority’s plan to comply with Subsidence District regulations, construct surface water facilities, and convert users from groundwater to alternate source water (e.g., surface water). The District is included within the Authority’s GRP.

The Authority, among other powers, has the power to: (i) issue debt supported by the revenues pledged for the payment of its obligations; (ii) establish fees (including fees imposed on the District for groundwater pumped by the District), user fees, rates, charges and special assessments as necessary to accomplish its purposes; and (iii) mandate water users, including the District, to convert from groundwater to surface water. The Authority currently charges the District, and other major groundwater users, \$4.25 per 1,000 gallons based on the amount of groundwater pumped. The Authority has to date issued revenue bonds to fund, among other things, Authority surface water project costs. It is expected that the Authority will issue substantially more bonds by the year 2030 to finance the Authority’s project costs. The District has the option to pay its pro rata portion of any Authority financing to the Authority in cash and receive a credit from the Authority on its pumpage fee attributable to such payment, or to not make such capital contribution and pay the pumpage fee and receive no such credit.

Under the Subsidence District regulations and the GRP, the Authority was required to limit groundwater withdrawals to no more than 70% of the total water demand within the Authority’s GRP by January 2010. Additionally, the Subsidence District requires that the Authority limit groundwater withdrawals to no more than 40% of the total water demand within the Authority’s GRP beginning in 2025; and limit groundwater withdrawals to no more than 20% of the total water demand within the Authority’s GRP beginning in 2035. If the Authority fails to comply with the above Subsidence District regulations or its GRP, the Authority is subject to a \$9.24 per 1,000 gallons disincentive fee penalty (“Disincentive Fees”) imposed by the Subsidence District for any groundwater withdrawn in excess of 20% of the total water demand within the Authority’s GRP. In the event of such Authority failure to comply, the Subsidence District may also seek to collect Disincentive Fees from the District. If the District failed to comply with surface water conversion requirements mandated by the Authority, the Authority would likely seek monetary or other penalties against the District.

The District cannot predict the amount or level of fees and charges, which may be due the Authority in the future, but anticipates the need to pass such fees through to its customers: (i) through higher water rates and/or (ii) with portions of maintenance tax proceeds, if any. In addition, conversion to surface water could necessitate improvements to the System which could require the issuance of additional bonds by the District. No representation is made that the Authority: (i) will build the necessary facilities to meet the requirements of the Subsidence District for conversion to surface water, (ii) will comply with the Subsidence District’s surface water conversion requirements, or (iii) will comply with its GRP.

Wastewater Treatment

Wastewater treatment for the District is provided by Heatherloch MUD per the Agreement. Heatherloch MUD owns 700,000 gallons per day (“gpd”) of capacity in a 1.3 million gpd plant within Harris County Water Control and Improvement District No. 116. Pursuant to the Agreement, the District has reserved capacity of 423 ESFCs.

Storm Drainage

According to the District’s Engineer, underground storm drainage in the District is collected through an underground storm system and conveyed to the detention basin within the District boundary.

100-Year Flood Plain

"Flood Insurance Rate Map" or "FIRM" means an official map of a community on which the Federal Emergency Management Agency (FEMA) has delineated the appropriate areas of flood hazards. The 1% chance of probable inundation, also known as the 100-year flood plain, is depicted on these maps. The "100-year flood plain" (or 1% chance of probable inundation) as shown on the FIRM is the estimated geographical area that would be flooded by a rain storm of such intensity to statistically have a one percent chance of occurring in any given year. Generally speaking, homes must be built above the 100-year flood plain in order to meet local regulatory requirements and to be eligible for federal flood insurance. An engineering or regulatory determination that an area is above the 100-year flood plain is not an assurance that homes built in such area will not be flooded, and a number of neighborhoods in the greater Houston area that are above the 100-year flood plain have flooded multiple times in the last several years.

According to the District’s Engineer, based on FIRM map No. 48201C0435M, none of the developable land located within the District is within the 100-year floodplain.

The National Weather Service recently completed a rainfall study known as NOAA Atlas 14, Volume 11 Precipitation-Frequency Atlas of the United States ("Atlas 14"). Floodplain boundaries within the District may be redrawn based on the Atlas 14 study based on a higher statistical rainfall amount, resulting in the application of more stringent floodplain regulations applying to a larger area and potentially leaving less developable property within the District. The application of such regulations could additionally result in higher insurance rates, increased development fees, and stricter building codes for any property located within the expanded boundaries of the floodplain.

LEGAL MATTERS

Legal Proceedings

Delivery of the Bonds will be accompanied by the approving legal opinion of the Attorney General of Texas to the effect that the Bonds are valid and legally binding obligations of the District under the Constitution and laws of the State of Texas payable from the proceeds of an annual ad valorem property tax levied, without legal limit as to rate or amount, upon all taxable property within the District and based upon their examination of a transcript of certified proceedings relating to the issuance and sale of the Bonds; the approving legal opinion of Bond Counsel, to a like effect, and to the effect that interest on the Bonds is excludable from gross income of the holders for federal tax purposes under existing law, statutes, regulations, published rulings, and court decisions and interest on the Bonds will not be subject to the alternative minimum tax on individuals.

Bond Counsel has reviewed the information appearing in this Official Statement under “THE BONDS,” “THE DISTRICT - General,” and “Management of the District - Bond Counsel and General Counsel,”“TAXING PROCEDURES,” “LEGAL MATTERS - Legal Proceedings,” “TAX MATTERS” and “CONTINUING DISCLOSURE OF INFORMATION” solely to determine whether such information fairly summarizes matters of law and the provisions of the documents referred to therein. Bond Counsel has not, however, independently verified any of the factual information contained in this Official Statement nor has it conducted an investigation of the affairs of the District or the Developer for the purpose of passing upon the accuracy or completeness of this Official Statement. No person is entitled to rely upon Bond Counsel's limited participation as an assumption of responsibility for or an expression of opinion of any kind with regard to the accuracy or completeness of any information contained herein.

The legal fees paid to Bond Counsel for services rendered in connection with the issuance of the Bonds are based on a percentage of the bonds actually issued, sold and delivered and, therefore, such fees are contingent upon the sale and delivery of the Bonds.

No-Litigation Certificate

The District will furnish to the initial purchaser of the Bonds (the "Initial Purchaser") a certificate, dated as of the date of delivery of the Bonds, executed by both the President or Vice President and Secretary or Assistant Secretary of the Board, to the effect that no litigation of any nature has been filed or is to their actual knowledge then pending or threatened, either in state or federal courts, contesting or attacking the Bonds; restraining or enjoining the issuance, execution or delivery of the Bonds; affecting the provisions made for the payment of or security for the Bonds; in any manner questioning the authority or proceedings for the issuance, execution, or delivery of the Bonds; or affecting the validity of the Bonds.

No Material Adverse Change

The obligations of the Initial Purchaser to take and pay for the Bonds, and of the District to deliver the Bonds, are subject to the condition that, up to the time of delivery of and receipt of payment for the Bonds, there shall have been no material adverse change in the condition (financial or otherwise) of the District subsequent to the date of sale from that set forth or contemplated in the Preliminary Official Statement, as it may have been supplemented or amended, through the date of sale. The rating of the Insurer's creditworthiness by any rating agency does not and will not in any manner affect the District's financial condition, and thus any change to such rating, including a downgrade thereof, at any time, does not and will not constitute a change, material or otherwise, in the District's financial condition, and therefore cannot be a basis for termination by the Underwriter of its obligations to take up and pay for the Bonds.

TAX MATTERS

In the opinion of Sanford Kuhl Hagan Kugle Parker Kahn LLP, Bond Counsel ("Bond Counsel"), based upon an analysis of existing laws, regulations, rulings and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Bonds is excludable from gross income for federal income tax purposes under Section 103 of the Code. Bond Counsel is of the further opinion that interest on the Bonds is not a specific preference item for purposes of the federal alternative minimum tax.

The Code imposes various restrictions, conditions and requirements relating to the exclusion from gross income for federal income tax purposes of interest on obligations such as the Bonds. The District has made certain representations and covenanted to comply with certain restrictions, conditions and requirements designed to ensure that interest on the Bonds will not be included in federal gross income. Inaccuracy of these representations or failure to comply with these covenants may result in interest on the Bonds being included in gross income for federal income tax purposes, possibly from the date of original issuance of the Bonds. The opinion of Bond Counsel assumes the accuracy of these representations and compliance with these covenants. Bond Counsel has not undertaken to determine (or to inform any person) whether any actions taken (or not taken), or events occurring (or not occurring), or any other matters coming to Bond Counsel's attention after the date of issuance of the Bonds may adversely affect the value of, or the tax status of interest on, the Bonds. Accordingly, the opinion of Bond Counsel is not intended to, and may not, be relied upon in connection with any such actions, events or matters.

Although Bond Counsel is of the opinion that interest on the Bonds is excludable from gross income for federal income tax purposes, the ownership or disposition of, or the accrual or receipt of amounts treated as interest on, the Bonds may otherwise affect a Beneficial Owner's federal, state or local tax liability. The nature and extent of these other tax consequences depends upon the particular tax status of the Beneficial Owner or the Beneficial Owner's other items of income or deduction. Bond Counsel expresses no opinion regarding any such other tax consequences.

Current and future legislative proposals, if enacted into law, clarification of the Code or court decisions may cause interest on the Bonds to be subject, directly or indirectly, in whole or in part, to federal income taxation or otherwise prevent Beneficial Owners from realizing the full current benefit of the tax status of such interest. The introduction or enactment of any such legislative proposals or clarification of the Code or court decisions may also affect, perhaps significantly, the market price for, or marketability of, the Bonds.

Prospective purchasers of the Bonds should consult their own tax advisors regarding the potential impact of any pending or proposed federal or state tax legislation, regulations or litigation, as to which Bond Counsel is expected to express no opinion.

The opinion of Bond Counsel is based on current legal authority, covers certain matters not directly addressed by such authorities, and represents Bond Counsel's judgment as to the proper treatment of the Bonds for federal income tax purposes. It is not binding on the Internal Revenue Service ("IRS") or the courts. Furthermore, Bond Counsel cannot give and has not given any opinion or assurance about the future activities of the District or about the effect of future changes in the Code, the applicable regulations, the interpretation thereof or the enforcement thereof by the IRS. The District has covenanted, however, to comply with the requirements of the Code.

Bond Counsel's engagement with respect to the Bonds ends with the issuance of the Bonds, and, unless separately engaged, Bond Counsel is not obligated to defend the District or the Beneficial Owners regarding the tax-exempt status of the Bonds in the event of an audit examination by the IRS. Under current procedures, parties other than the District and its appointed counsel, including the Beneficial Owners, would have little, if any, right to participate in the audit examination process. Moreover, because achieving judicial review in connection with an audit examination of tax-exempt bonds is difficult, obtaining an independent review of IRS positions with which the District legitimately disagrees may not be practicable. Any action of the IRS, including but not limited to selection of the Bonds for audit, or the course or result of such audit, or an audit of bonds presenting similar tax issues may affect the market price for, or the marketability of, the Bonds, and may cause the District or the Beneficial Owners to incur significant expense.

Proposed Tax Legislation

Tax legislation, administrative actions taken by tax authorities, and court decisions may cause interest on the Bonds to be subject, directly or indirectly, to federal income taxation or state income taxation, or otherwise prevent the beneficial owners of the Bonds from realizing the full current benefit of the tax status of such interest. For example, future legislation to resolve certain federal budgetary issues may significantly reduce the benefit of, or otherwise affect, the exclusion from gross income for federal income tax purposes of interest on all state and local obligations, including the Bonds. In addition, such legislation or actions (whether currently proposed, proposed in the future or enacted) could affect the market price or marketability of the Bonds. Prospective purchasers of the Bonds should consult their own tax advisors regarding any pending or proposed federal or state tax legislation, regulations or litigation, and its impact on their individual situations, as to which Bond Counsel expresses no opinion.

Tax Accounting Treatment of Original Issue Discount

To the extent the issue price of any maturity of the Bonds is less than the amount to be paid at maturity of such Bonds (excluding amounts stated to be interest and payable at least annually over the term of such Bonds), the difference constitutes "original issue discount," the accrual of which, to the extent properly allocable to each Beneficial Owner thereof, is treated as interest on the Bonds which is entitled to be excluded from gross income for federal income tax purposes. For this purpose, the issue price of a particular maturity of the Bonds is the first price at which a substantial amount of such maturity of the Bonds is sold to the public (excluding bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). The original issue discount with respect to any maturity of the Bonds accrues daily over the term to maturity of such Bonds on the basis of a constant interest rate compounded semiannually (with straight-line interpolations between compounding dates). The accruing original issue discount is added to the adjusted basis of such Bonds to determine taxable gain or loss upon disposition (including sale, redemption, or payment on maturity) of such Bonds. Beneficial Owners of the Bonds should consult their own tax advisors with respect to the tax consequences of ownership of Bonds with original issue discount, including the treatment of Beneficial Owners who do not purchase such Bonds in the original offering to the public at the first price at which a substantial amount of such Bonds is sold to the public. Bonds purchased, whether at original issuance or

otherwise, for an amount higher than their principal amount payable at maturity (or, in some cases, at their earlier call date) ("Premium Bonds") will be treated as having amortizable bond premium. No deduction is allowable for the amortizable bond premium in the case of obligations, like the Premium Bonds, the interest on which is excluded from gross income for federal income tax purposes. However, the amount of tax-exempt interest received, and a Beneficial Owner's basis in a Premium Bond, will be reduced by the amount of amortizable bond premium properly allocable to such Beneficial Owner. Beneficial Owners of Premium Bonds should consult their own tax advisors with respect to the proper treatment of amortizable bond premium in their particular circumstances.

Qualified Tax-Exempt Obligations

The Code requires a pro rata reduction in the interest expense deduction of a financial institution to reflect such financial institution's investment in tax-exempt obligations acquired after August 7, 1986. An exception to the foregoing provision is provided in the Code for "qualified tax-exempt obligations," which include tax-exempt obligations such as the Bonds, (a) designated by the issuer as "qualified tax-exempt obligations" and (b) issued by or on behalf of a political subdivision for which the aggregate amount of tax-exempt obligations (not including private activity bonds other than qualified 501(c)(3) bonds) to be issued during the calendar year is not expected to exceed \$10,000,000 for tax-exempt obligations.

The District has designated the Bonds as "qualified tax-exempt obligations" and will represent that the aggregate amount of tax-exempt bonds (including the Bonds) issued by the Issuer and entities aggregated with the Issuer under the Code during calendar year 2021 is not expected to exceed \$10,000,000 and that the Issuer and entities aggregated with the Issuer under the Code have not designated more than \$10,000,000 in "qualified tax-exempt obligations" (including the Bonds) during calendar year 2021.

Notwithstanding these exceptions, financial institutions acquiring the Bonds will be subject to a 20% disallowance of allocable interest expense.

OFFICIAL STATEMENT

General

The information contained in this Official Statement has been obtained primarily from the District's records, the Engineer, the Developer, the Tax Assessor/Collector and other sources believed to be reliable; however, no representation is made by the District as to the accuracy or completeness of the information contained herein, except as described below under "Certification as to Official Statement." The summaries of the statutes, resolutions and engineering and other related reports set forth herein are included subject to all of the provisions of such documents. These summaries do not purport to be complete statements of such provisions and reference is made to such documents for further information.

The District's financial statements for the fiscal year which ended August 31, 2020, were audited by McCall Gibson Swedlund Barfoot PLLC, and have been included herein as "APPENDIX B."

Experts

The information contained in the Official Statement relating to engineering and to the description of the System, and, in particular, that engineering information included in the sections entitled "THE BONDS - Use and Distribution of Bond Proceeds," "THE DISTRICT" and "THE SYSTEM" has been provided by Jones & Carter, Inc. and has been included herein in reliance upon the authority of said firm as experts in the field of civil engineering.

The information contained in the Official Statement relating to assessed valuations of property generally and, in particular, that information concerning collection rates and valuations contained in the sections captioned "TAX DATA" and "DISTRICT DEBT" was provided by Utility Tax Service, LLC and the Appraisal District. Such information has been included herein in reliance upon Utility Tax Service, LLC's authority as an expert in the field of tax collection and the Appraisal District's authority as an expert in the field of tax assessing.

Certification as to Official Statement

The District, acting by and through its Board of Directors in its official capacity and in reliance upon the experts listed above, hereby certifies, as of the date hereof, that to the best of its knowledge and belief, the information, statements and descriptions pertaining to the District and its affairs herein contain no untrue statements of a material fact and do not omit to state any material fact necessary to make the statements herein, in light of the circumstances under which they were made, not misleading. The information, descriptions and statements concerning entities other than the District, including particularly other governmental entities, have been obtained from sources believed to be reliable, but the District has made no independent investigation or verification of such matters and makes no representation as to the accuracy or completeness thereof.

Updating of Official Statement

If, subsequent to the date of the Official Statement, to and including the date the Underwriter is no longer required to provide an Official Statement to customers who request same pursuant to Rule 15c2-12 of the United States Securities and Exchange Commission (the “SEC”), the District learns, or is notified by the Underwriter, of any adverse event which causes the Official Statement to be materially misleading, and unless the Underwriter elects to terminate its obligation to purchase the Bonds, the District will promptly prepare and supply to the Underwriter an appropriate amendment or supplement to the Official Statement satisfactory to the Underwriter; provided, however, that the obligation of the District to so amend or supplement the Official Statement will terminate upon the earlier of (i) 90 days after the “end of the underwriting period” as defined in SEC Rule 15c2-12 or (ii) the date the Official Statement is filed with the MSRB (hereinafter defined), but in no case less than 25 days after the “end of the underwriting period.”

CONTINUING DISCLOSURE OF INFORMATION

The offering of the Bonds qualifies for the Rule 15c2-12(d)(2) exemption from Rule 15c2-12(b)(5) of the United States Securities and Exchange Commission (the “SEC”) regarding the District's continuing disclosure obligations because the District does not have more than \$10,000,000 in aggregate amount of outstanding bonds and no person is committed by contract or other arrangement with respect to payment of the Bonds. As required by the exemption, in the Bond Order, the District has made the following agreement for the benefit of the holders and beneficial owners of the Bonds. The District is required to observe the agreement for so long as it remains obligated to advance funds to pay the Bonds. Under the agreement, the District will be obligated to provide certain updated financial information and operating data annually, and timely notice of specified events, to the Municipal Securities Rulemaking Board (the “MSRB”) or any successor to its functions as a repository through its Electronic Municipal Market Access (“EMMA”) system.

Annual Reports

The District will provide certain updated financial information and operating data, which is customarily prepared by the District and publicly available, annually to the MSRB. The financial information and operating data which will be provided with respect to the District is found in “APPENDIX B” (the District's Audited Financial Statements). The District will update and provide this information to EMMA within six months after the end of each of its fiscal years ending in or after 2021. Any information so provided shall be prepared in accordance with generally accepted auditing standards or other such principles as the District may be required to employ from time to time pursuant to state law or regulation, and audited if the audit report is completed within the period during which it must be provided. If the audit report is not complete within such period, then the District shall provide unaudited financial statements for the applicable fiscal year to EMMA within such six month period, and audited financial statements when the audit report becomes available.

The District may provide updated information in full text or may incorporate by reference certain other publicly available documents, as permitted by SEC Rule 15c2-12 (the “Rule”).

The District's current fiscal year end is August 31. Accordingly, it must provide updated information by February 28 in each year, unless the District changes its fiscal year. If the District changes its fiscal year, it will notify the MSRB of the change.

Event Notices

The District will provide timely notices of certain specified events to the MSRB, but in no event will such notices be provided to the MSRB in excess of ten business days after the occurrence of an event. The District will provide notice of any of the following events with respect to the Bonds: (1) principal and interest payment delinquencies; (2) non-payment related defaults, if material; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determination of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other events affecting the tax status of the Bonds; (7) modifications to rights of Beneficial Owners of the Bonds, if material; (8) bond calls, if material, and tender offers; (9) defeasances; (10) release, substitution, or sale of property securing repayment of the Bonds, if material; (11) rating changes; (12) bankruptcy, insolvency, receivership or similar event of the District or other obligated person; (13) consummation of a merger, consolidation, or acquisition involving the District or other obligated person or the sale of all or substantially all of the assets of the District or other obligated person other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; (14) appointment of a successor or additional trustee or the change of name of a trustee, if material; (15) incurrence of a financial obligation of the District, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the District, any of which affect Beneficial Owners of the Bonds, if material; and (16) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the District, any of which reflect financial difficulties. The term "financial obligation" when used in this paragraph shall have the meanings ascribed to them under SEC Rule 15c2-12 (the "Rule"). The term "financial obligation" does not include municipal securities for which a final official statement has been provided to the MSRB consistent with the Rule. The term "material" when used in this paragraph shall have the meaning ascribed to it under federal securities laws. Neither the Bonds nor the Bond Order makes any provision for debt service reserves or liquidity enhancement. In addition, the District will provide timely notice of any failure by the District to provide financial information, operating data, or financial statements in accordance with its agreement described above under "Annual Reports."

Availability of Information

The District has agreed to provide the foregoing information only to the MSRB. Investors will be able to access, without charge from the MSRB, continuing disclosure information filed with the MSRB through its EMMA system at www.emma.msrb.org.

Limitations and Amendments

The District has agreed to update information and to provide notices of certain specified events only as described above. The District has not agreed to provide other information that may be relevant or material to a complete presentation of its financial results of operations, condition, or prospects or agreed to update any information that is provided, except as described above. The District makes no representation or warranty concerning such information or concerning its usefulness to a decision to invest in or sell Bonds at any future date. The District disclaims any contractual or tort liability for damages resulting in whole or in part from any breach of its continuing disclosure agreement or from any statement made pursuant to its agreement, although holders or beneficial owners of Bonds may seek a writ of mandamus to compel the District to comply with its agreement.

The District may amend its continuing disclosure agreement from time to time to adapt to changed circumstances that arise from a change in legal requirements, a change in law, or a change in the identity, nature, status, or type of operations of the District, if but only if the agreement, as amended, would have permitted an underwriter to purchase or sell Bonds in the offering made hereby in compliance with SEC Rule 15c2-12, taking into account any amendments or interpretations of SEC Rule 15c2-12 to the date of such amendment, as well as such changed circumstances, and either the holders of a majority in aggregate principal amount of the outstanding Bonds consent to the amendment or any person unaffiliated with the District (such as nationally recognized bond counsel) determines that the amendment will not materially impair the interests of the holders and beneficial owners of the Bonds. The District may amend or repeal the agreement in the Bond Order if the SEC amends or repeals the applicable provisions of SEC Rule 15c2-12 or a court of final jurisdiction

determines that such provisions are invalid or unenforceable, but only to the extent that its right to do so would not prevent the Underwriter from lawfully purchasing the Bonds in the initial offering. If the District so amends the agreement, it has agreed to include with any financial information or operating data next provided in accordance with its agreement described above under “Annual Reports” an explanation, in narrative form, of the reasons for the amendment and of the impact of any change in the type of financial information and operating data so provided.

Compliance With Prior Undertakings

The District is in compliance with its continuing disclosure agreement made in connection with the Series 2020 Bonds.

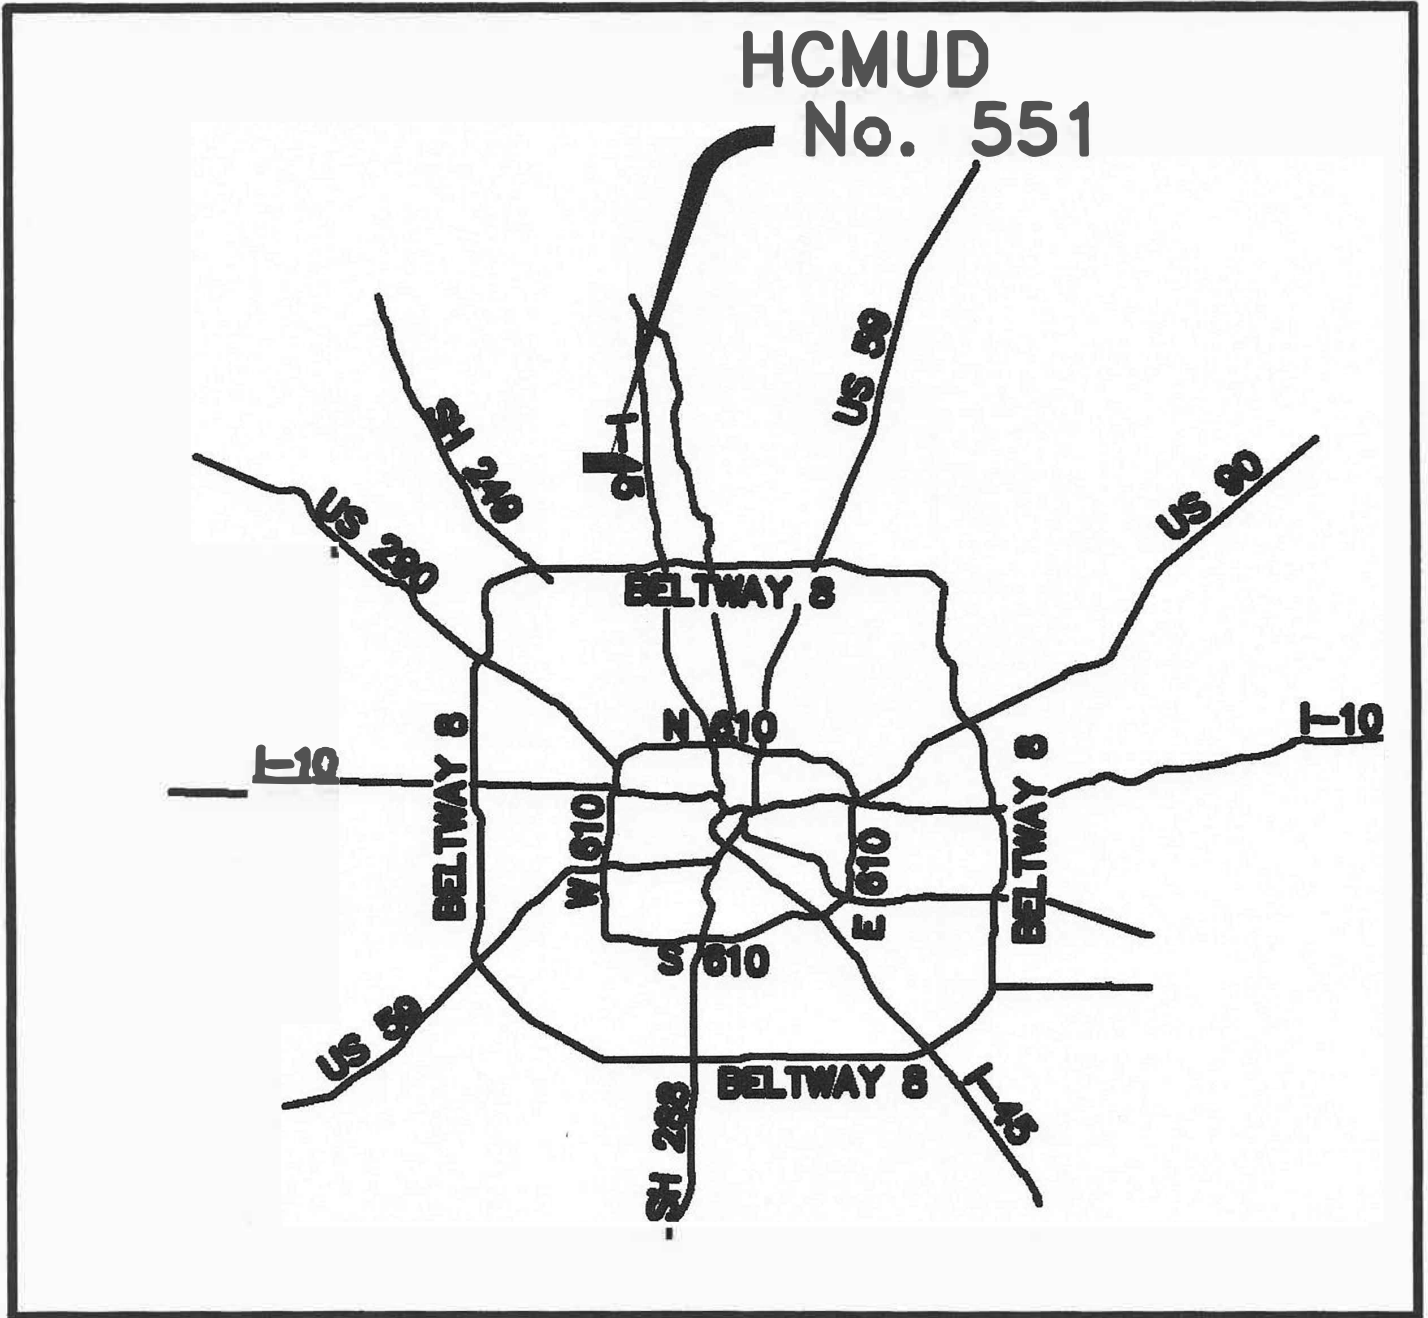

This Official Statement was approved by the Board of Directors of Harris County Municipal Utility District No. 551 as of the date shown on the first page hereof.

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Harris County Municipal Utility District No. 551
Harris County, Texas

We have audited the accompanying financial statements of the governmental activities and each major fund of Harris County Municipal Utility District No. 551 (the "District"), as of and for the year ended August 31, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of August 31, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management’s Discussion and Analysis and the Schedule of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual – General Fund be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District’s basic financial statements. The supplementary information required by the Texas Commission on Environmental Quality as published in the *Water District Financial Management Guide* is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information, excluding that portion marked “Unaudited” on which we express no opinion or provide any assurance, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 551
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED AUGUST 31, 2020**

Management’s discussion and analysis of Harris County Municipal Utility District No. 551’s (the “District”) financial performance provides an overview of the District’s financial activities for the fiscal year ended August 31, 2020. Please read it in conjunction with the District’s financial statements.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The financial statements include: (1) combined fund financial statements and government-wide financial statements and (2) notes to the financial statements. The combined fund financial statements and government-wide financial statements combine both: (1) the Statement of Net Position and Governmental Funds Balance Sheet and (2) the Statement of Activities and Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances. This report also includes required and other supplementary information in addition to the financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The District’s annual report includes two financial statements combining the government-wide financial statements and the fund financial statements. The government-wide financial statements provide both long-term and short-term information about the District’s overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The Statement of Net Position includes the District’s assets, liabilities, and, if applicable, deferred inflows and outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. Evaluation of the overall health of the District would extend to other non-financial factors.

The Statement of Activities reports how the District’s net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid.

FUND FINANCIAL STATEMENTS

The combined statements also include fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District has three governmental fund types. The General Fund accounts for customer service revenues, property tax revenues, operating costs and general expenditures. The Debt Service Fund accounts for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes. The Capital Projects Fund accounts for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

**HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 551
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED AUGUST 31, 2020**

FUND FINANCIAL STATEMENTS (Continued)

Governmental funds are reported in each of the financial statements. The focus in the fund statements provides a distinctive view of the District’s governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of the District and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. The adjustments columns, the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position and the Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities explain the differences between the two presentations and assist in understanding the differences between these two perspectives.

NOTES TO THE FINANCIAL STATEMENTS

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements.

OTHER INFORMATION

In addition to the financial statements and accompanying notes, this report also presents certain required supplementary information (“RSI”). A budgetary comparison schedule is included as RSI for the General Fund.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of the District’s financial position. In the case of the District, liabilities exceeded assets by \$4,046,074 as of August 31, 2020.

A portion the District’s net position reflects its net investment in capital assets (land, water, wastewater and drainage systems as well as water and wastewater capacity fees paid to Heatherloch Municipal Utility District, less any debt used to acquire those assets that is still outstanding). The following is a comparative analysis of the Statement of Net Position as of August 31, 2020, and August 31, 2019:

HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 551
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED AUGUST 31, 2020

**HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 551
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED AUGUST 31, 2020**

FINANCIAL ANALYSIS OF THE DISTRICT’S GOVERNMENTAL FUNDS

The District’s combined fund balances as of August 31, 2020, were \$605,111, which was an increase of \$549,841 from the prior year.

The General Fund fund balance increased by \$125,376, primarily due to property tax revenues and service revenues exceeding general, operating and administrative costs during the year.

The Debt Service Fund fund balance increased by \$224,410 due to capitalized interest received from the sale of the District’s Series 2020 Bonds.

The Capital Projects Fund fund balance increased by \$200,055. The District issued its Series 2019 BAN and Series 2020 Bonds in the current fiscal year as further discussed in Note 12.

GENERAL FUND BUDGETARY HIGHLIGHTS

The District adopted an unappropriated budget for the General Fund. Actual revenues were \$231,175 higher than budgeted revenues primarily due to higher than anticipated property tax revenues and service revenues. Actual expenditures were \$351,649 higher than budgeted expenditures, primarily due to higher than anticipated purchased and contracted services.

CAPITAL ASSETS

Capital assets as of August 31, 2020, total \$4,836,910 (net of accumulated depreciation) and include land, water, wastewater and drainage systems as well as water and wastewater capacity fees paid to Heatherloch Municipal Utility District. Paving and storm drainage has been conveyed to Harris County.

Capital Assets At Year-End, Net of Accumulated Depreciation			
	2020	2019	Change Positive (Negative)
Capital Assets Not Being Depreciated:			
Land and Land Improvements	\$ 702,021	\$ 702,021	\$
Capital Assets, Net of Accumulated Depreciation:			
Water System	891,182	522,263	368,919
Wastewater System	1,641,543	1,173,287	468,256
Drainage System	950,371	901,835	48,536
Water Capacity Fees	478,064	275,082	202,982
Wastewater Capacity Fees	173,729	178,577	(4,848)
Total Net Capital Assets	\$ 4,836,910	\$ 3,753,065	\$ 1,083,845

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF
REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED AUGUST 31, 2020**

Net Change in Fund Balances - Governmental Funds	\$	549,841
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report tax revenue when collected. However, in the Statement of Activities, revenue is recorded in the accounting period for which the taxes are levied.		5,053
Governmental funds do not account for depreciation. However, in the Statement of Net Position, capital assets are depreciated and depreciation expense is recorded in the Statement of Activities.		(114,876)
Bond discounts are reported as an other financing use. In the Statement of Net Position, the bond discount is amortized over the life of the bonds and the amortized portion is recorded in the Statement of Activities.		101,888
Governmental funds report bond proceeds as other financing sources. In the government-wide statements, the issuance of long-term debt increases liabilities in the Statement of Net Position and does not affect the Statement of Activities.		(3,575,000)
Conveyance of assets to other entities for ownership and maintenance is recorded as an expense.		(831,382)
Governmental funds report capital expenditures as expenditures in the period purchased. However, in the Statement of Net Position, capital assets are increased by new purchases or the related developer liability is reduced.		2,381,620
Governmental funds report interest expenditures on long-term debt as expenditures in the year paid. However, in the Statement of Net Position, interest is accrued on the long-term debt through fiscal year-end.		<u>5,191</u>
Change in Net Position - Governmental Activities	\$	<u>(1,477,665)</u>

The accompanying notes to the financial statements are an integral part of this report.

HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 551
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2020

NOTE 1. CREATION OF DISTRICT

Harris County Municipal Utility District No. 551, of Harris County, Texas, was created under and essential to accomplish the purposes of Article III, Section 52 and Article XVI, Section 59 of the Texas Constitution on August 9, 2017, by an Order of the Texas Commission on Environmental Quality (the “Commission”). Pursuant to the provisions of Chapters 49 and 54 of the Texas Water Code, as amended, the District is empowered to purchase, operate and maintain all facilities, plants and improvements necessary to provide water, sanitary sewer service, storm sewer drainage, irrigation, solid waste collection and disposal, including recycling, for the residents of the District. The Board of Directors held its first meeting on August 16, 2017.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board (“GASB”). In addition, the accounting records of the District are maintained generally in accordance with the *Water District Financial Management Guide* published by the Commission.

The District is a political subdivision of the State of Texas governed by an elected board. GASB has established the criteria for determining whether an entity is a primary government or a component unit of a primary government. The primary criteria are that it has a separately elected governing body, it is legally separate, and it is fiscally independent of other state and local governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District’s financial statement as component units.

Financial Statement Presentation

These financial statements have been prepared in accordance with GASB Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting (“GASB Codification”).

The GASB Codification sets forth standards for external financial reporting for all state and local government entities, which include a requirement for a Statement of Net Position and a Statement of Activities. It requires the classification of net position into three components: Net Investment in Capital Assets; Restricted; and Unrestricted. These classifications are defined as follows:

- Net Investment in Capital Assets – This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.

HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 551
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2020

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Statement Presentation (Continued)

- Restricted Net Position – This component of net position consists of external constraints placed on the use of assets imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position – This component of net position consists of assets that do not meet the definition of Restricted or Net Investment in Capital Assets.

When both restricted and unrestricted resources are available for use, generally it is the District's policy to use restricted resources first.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. The District's Statement of Net Position and Statement of Activities are combined with the governmental funds financial statements. The District is viewed as a special-purpose government and has the option of combining these financial statements.

The Statement of Net Position is reported by adjusting the governmental fund types to report on the full accrual basis, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Any amounts recorded due to and due from other funds are eliminated in the Statement of Net Position.

The Statement of Activities is reported by adjusting the governmental fund types to report only items related to current year revenues and expenditures. Items such as capital outlay are allocated over their estimated useful lives as depreciation expense. Internal activities between governmental funds, if any, are eliminated by adjustment to obtain net total revenue and expense of the government-wide Statement of Activities.

Fund Financial Statements

As discussed above, the District's fund financial statements are combined with the government-wide financial statements. The fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances.

Governmental Funds

The District has three governmental funds and considers each to be a major fund.

HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 551
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2020

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Financial Statements (Continued)

General Fund - To account for customer service revenues, property tax collections, operating costs and general expenditures.

Debt Service Fund - To account for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes.

Capital Projects Fund - To account for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

Basis of Accounting

The District uses the modified accrual basis of accounting for governmental fund types. The modified accrual basis of accounting recognizes revenues when both “measurable and available.” Measurable means the amount can be determined. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The District considers revenue reported in governmental funds to be available if they are collectible within 60 days after year-end. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, which are recognized as expenditures when payment is due.

Amounts transferred from one fund to another fund are reported as other financing sources or uses. Loans by one fund to another fund and amounts paid by one fund for another fund are reported as interfund receivables and payables in the Governmental Funds Balance Sheet if there is intent to repay the amount and if the debtor fund has the ability to repay the advance on a timely basis. As of August 31, 2020, the Capital Projects Fund owed the General Fund \$67,037 for bond and BAN issuance costs.

Capital Assets

Capital assets are reported in the government-wide Statement of Net Position. Capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value on the date donated. Repairs and maintenance are recorded as expenditures in the governmental fund incurred and as an expense in the government-wide Statement of Activities. Capital asset additions, improvements and preservation costs that extend the life of an asset are capitalized and depreciated over the estimated useful life of the asset. Engineering fees and certain other costs are capitalized as part of the asset. Assets are capitalized, including infrastructure assets, if they have an original cost greater than \$5,000 and a useful life over two years. Depreciation is calculated using the straight-line method of depreciation over a period of 10 to 45 years for water, wastewater and drainage facilities. Capacity interest in the Heatherloch MUD joint facilities is depreciated using the straight-line method over the contract term of 40 years.

HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 551
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2020

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Budgeting

An annual unappropriated budget is adopted for the General Fund by the District's Board of Directors. The budget is prepared using the same method of accounting as for financial reporting. The original General Fund budget for the current year was not amended. The Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – General Fund presents the original budget amounts compared to the actual amounts of revenues and expenditures for the current year.

Pensions

A pension plan has not been established. The District does not have employees, except that the Internal Revenue Service has determined that the directors are considered "employees" for federal payroll tax purposes only.

Measurement Focus

Measurement focus is a term used to describe which transactions are recognized within the various financial statements. In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets and liabilities associated with the activities are reported. Fund equity is classified as net position.

Governmental fund types are accounted for on a spending or financial flow measurement focus. Accordingly, only current assets and current liabilities are included on the Balance Sheet, and the reported fund balances provide an indication of available spendable or appropriable resources. Operating statements of governmental fund types report increases and decreases in available spendable resources. Fund balances in governmental funds are classified using the following hierarchy:

Nonspendable: amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted: amounts that can be spent only for specific purposes because of constitutional provisions, or enabling legislation, or because of constraints that are imposed externally.

Committed: amounts that can be spent only for purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. This action must be made no later than the end of the fiscal year. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. The District does not have any committed fund balances.

HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 551
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2020

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus (Continued)

Assigned: amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balances and does not have any assigned fund balances.

Unassigned: all other spendable amounts in the General Fund.

When expenditures are incurred for which restricted, committed, assigned or unassigned fund balances are available, the District considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 3. LONG-TERM DEBT

	<u>Series 2020</u>
Amount Outstanding - August 31, 2020	\$ 3,575,000
Interest Rates	1.75% - 3.60%
Maturity Dates-Beginning/Ending	September 1, 2022/2049
Interest Payment Dates	March 1/ September 1
Callable Dates	September 1, 2025*

* Or on any date thereafter, in whole or in part, at the option of the District, at par plus accrued interest to the date of redemption. The Bonds that mature on September 1 in the years 2043, 2046 and 2049 are subject to mandatory redemption beginning September 1, 2041, 2044 and 2047, respectively.

HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 551
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2020

NOTE 3. LONG-TERM DEBT (Continued)

The following is a summary of transactions regarding bonds payable for the year ended August 31, 2020:

	September 1, 2019	Additions	Retirements	August 31, 2020
Bonds Payable	\$	\$ 3,575,000	\$	\$ 3,575,000
Unamortized Discounts		(101,888)	(125)	(101,763)
Bonds Payable, Net	\$ -0-	\$ 3,473,112	\$ (125)	\$ 3,473,237
		Amount Due Within One Year		\$ -0-
		Amount Due After One Year		3,473,237
		Bonds Payable, Net		\$ 3,473,237

As of August 31, 2020, the debt service requirements on the bonds outstanding were as follows:

Fiscal Year	Principal	Interest	Total
2021	\$	\$ 116,646	\$ 116,646
2022	60,000	112,580	172,580
2023	65,000	111,530	176,530
2024	70,000	110,230	180,230
2025	70,000	108,760	178,760
2026-2030	410,000	517,230	927,230
2031-2035	525,000	455,735	980,735
2036-2040	665,000	367,422	1,032,422
2041-2045	1,260,000	299,000	1,559,000
2046-2049	450,000	24,480	474,480
	\$ 3,575,000	\$ 2,223,613	\$ 5,798,613

As of August 31, 2020, the District had authorized but unissued bonds in the amount of \$51,425,000 for utility facilities and \$82,500,000 for refunding bonds. The bonds are payable from the proceeds of an ad valorem tax levied upon all property subject to taxation within the District, without limitation as to rate or amount.

The bond order requires the District to levy and collect an ad valorem debt service tax sufficient to pay interest and principal on bonds when due and the cost of assessing and collecting taxes. During the current fiscal year, the District did not levy and ad valorem debt service tax. See Note 7 for the maintenance tax levy.

All property values and exempt status, if any, are determined by the appraisal district. Assessed values are determined as of January 1 of each year, at which time a tax lien attaches to the related property. Taxes levied around October/November, are due upon receipt and are delinquent the following February 1. Penalty and interest attach thereafter.

HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 551
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2020

NOTE 4. SIGNIFICANT BOND ORDER AND LEGAL REQUIREMENTS

The bond order states that the District is required to provide continuing disclosure of certain general financial information and operating data to certain information repositories. This information is of the general type included in the audited annual financial statements, is to be provided within six months after the end of each fiscal year and shall continue to be provided through the life of the bonds. The bond order states that the District should take all necessary steps to comply with the requirement that rebatable arbitrage earnings on the investment of the gross proceeds of the bonds, within the meaning of Section 148(f) of the Internal Revenue Code, be rebated to the federal government.

NOTE 5. DEPOSITS AND INVESTMENTS

Deposits

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District's deposit policy for custodial credit risk requires compliance with the provisions of Texas statutes. Texas statutes require that any cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a valid pledge to the District of securities eligible under the laws of Texas to secure the funds of the District, having an aggregate market value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such securities are pledged. At fiscal year end, the carrying amount of the District's deposits was \$716,598 and the bank balance was \$842,298. The District was not exposed to custodial credit risk at year-end. The carrying values of the deposits are included in the Governmental Funds Balance Sheet and the Statement of Net Position at August 31, 2020, as listed below:

	Cash
GENERAL FUND	\$ 219,780
DEBT SERVICE FUND	229,726
CAPITAL PROJECTS FUND	267,092
TOTAL DEPOSITS	\$ 716,598

Investments

Under Texas law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity and that address investment diversification, yield, maturity, and the quality and capability of investment management, and all District funds must be invested in accordance with the following investment objectives: understanding the suitability of the investment to the District's financial requirements, first; preservation and safety of principal, second; liquidity, third; marketability of the investments if the need arises to liquidate the investment before maturity, fourth; diversification of the investment portfolio, fifth; and yield, sixth.

HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 551
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2020

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

The District's investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." No person may invest District funds without express written authority from the Board of Directors. Texas statutes include specifications for and limitations applicable to the District and its authority to purchase investments as defined in the Public Funds Investment Act. The District has adopted a written investment policy to establish the guidelines by which it may invest. This policy is reviewed annually. The District's investment policy may be more restrictive than the Public Funds Investment Act.

Restrictions - All cash and investments of the Debt Service Fund are restricted for the payment of debt service and the cost of assessing and collecting taxes. All cash and investments of the Capital Projects Fund are restricted for the purchase of capital assets.

NOTE 6. CAPITAL ASSETS

Capital asset activity for the year ended August 31, 2020 is as follows:

	September 1, 2019	Increases	Decreases	August 31, 2020

HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 551
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2020

NOTE 7. MAINTENANCE TAX

On November 7, 2017, the voters of the District approved the levy and collection of a maintenance tax not to exceed \$1.50 per \$100 of assessed valuation of taxable property within the District. During the year ended August 31, 2020, the District levied an ad valorem maintenance tax rate of \$1.50 per \$100 assessed valuation, which resulted in an adjusted tax levy of \$414,377 on the adjusted taxable valuation of \$27,625,109 for the 2019 tax year. This maintenance tax is to be used by the General Fund to pay expenditures of operating the District.

NOTE 8. UNREIMBURSED COSTS

The District has entered into financing and reimbursement agreements with a Developer within the District which provide for the Developer to make payments on behalf of the District for various projects and operating advances. The District has an obligation to reimburse the Developer for these costs from future bond issues to the extent approved by the Commission. The District's prior year Developer liability balance of \$6,381,485 was increased by capital asset acquisitions of \$1,797,877 and reduced by Developer reimbursements of \$2,149,394 resulting in an August 31, 2020 balance of \$6,029,968 related to completed projects and operating advances.

NOTE 9. JOINT FACILITIES

The District has entered into an agreement with Heatherloch Municipal Utility District ("Heatherloch MUD") (the "Amended and Restated Agreement Regarding Water and Wastewater Facilities" or the "Agreement") related to the financing, construction and operation of the water supply facilities that serve, or will serve, land within the District and Heatherloch MUD. Heatherloch MUD's water supply facilities include an 1,000 gallons per minute ("g.p.m.") well, 50,000 gallon pressure tank, 1,027,000 gallons of ground storage and booster pumps totaling 4,200 g.p.m. Pursuant to the Agreement, the District's share in such facilities is 423 ESFCs.

Wastewater treatment for the District is provided by Heatherloch MUD per the Agreement. Heatherloch MUD owns 700,000 gallons per day ("gpd") of capacity in a 1.3 million gpd plant within Harris County Water Control and Improvement District No. 116. Pursuant to the Agreement, the District has reserved capacity of 423 ESFCs.

The Agreement requires that each district keep on deposit its proportionate share of an operation and maintenance reserve. Heatherloch has advanced \$119,291 in accordance with the Amended Agreement and the District has advanced \$13,254, for a total reserve of \$132,545. The District's share of joint facilities costs was \$336,175.

HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 551
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2020

NOTE 9. JOINT FACILITIES (Continued)

The following summary financial data of the joint facilities is presented for the fiscal year ended September 30, 2019 (the most recently available audited financial statements). The financial statements of Heatherloch may be obtained by contacting its attorney, Coats Rose, P.C.

	<u>Joint Facilities</u>
Total Assets	\$ 645,383
Total Liabilities	<u>512,838</u>
Total Fund Balance	<u>\$ 132,545</u>
Total Revenues	\$ 1,784,716
Total Expenditures	<u>1,784,716</u>
Net Change in Fund Balance	\$ -0-
Fund Balance – October 1, 2018	<u>132,545</u>
Fund Balance – September 30, 2019	<u>\$ 132,545</u>

NOTE 10. NORTH HARRIS COUNTY REGIONAL WATER AUTHORITY

The District is located within the boundaries of the North Harris County Regional Water Authority (the “Authority”). The Authority was created under Article 16, Section 59 of the Texas Constitution by House Bill 2965 (the “Act”), as passed by the 75th Texas Legislature, in 1999. The Act empowers the Authority to provide for the conservation, preservation, protection, recharge and prevention of waste of groundwater, and for the reduction of groundwater withdrawals. The Authority charges a fee, based on the amount of water pumped from a well, to the owner of wells located within the boundaries of the Authority, unless exempted. Purchased water costs paid to Heatherloch include the District’s share of Authority fees.

NOTE 11. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and construction of assets, errors and omissions and natural disasters for which the District carries, commercial insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 551
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2020

NOTE 12. SALE OF BOND ANTICIPATION NOTE AND BONDS

On September 18, 2019, the District sold its Series 2019 Bond Anticipation Note (“BAN”) in the amount of \$1,930,000. Proceeds of the BAN were used to reimburse the Developer for a portion of clearing, grubbing and grading, detention excavation and mass grading, detention facilities, phase 1, land costs, Heatherloch water plant improvements and Heatherloch water and wastewater capital recovery fees. The BAN accrues interest at a rate of 2.35% and was repaid during the current fiscal year using proceeds from the sale of the District’s Series 2020 Unlimited Tax Bonds.

On August 18, 2020, the District closed on the sale of its \$3,575,000 Series 2020 Unlimited Tax Bonds. Proceeds of the bonds were used to (1) retire the Series 2019 BAN; (2) finance the District’s pro rata share of (a) the construction and engineering costs of the Retreat at Champions Landing clearing and grubbing, (b) construction and engineering costs of the Retreat at Champions Landing detention excavation and mass grading, (c) construction and engineering costs of Retreat at Champions Landing Detention Facilities Phase I, (d) construction costs of the Retreat at Champions Landing Detention Facilities, Phase 2, and (e) costs related to the Storm Water Pollution Prevention Plan for Retreat at Champions Landing Detention Facilities Phase 1; (3) finance certain land acquisition costs; (4) finance Heatherloch MUD water plant improvements and engineering costs; (5) finance Heatherloch MUD water capital recovery fees and Heatherloch MUD wastewater capital recovery fees; (6) reimburse the Developer for costs related to the creation and operation of the District; (7) pay developer interest; (8) 24 months of capitalized interest; and (9) pay issuance costs of the BAN and bonds.

NOTE 13. PENDING BOND APPLICATION

The District expects to finance the acquisition or construction of additional components of their system in the future with the anticipated sale of \$2,185,000 Unlimited Tax Bonds, which the District anticipates issuing sometime in 2021. As of the date of this report, the Commission has not approved the District’s application to sell bonds.

NOTE 14. ECONOMIC UNCERTAINTIES

On March 11, 2020, the World Health Organization declared the COVID-19 virus a global pandemic. As a result, economic uncertainties have arisen which could have an impact on the operations of the District. The District is carefully monitoring the situation and evaluating its options during this time. No adjustments have been made to these financial statements as a result of this uncertainty, as the potential financial impact of this pandemic is unknown at this time.

APPENDIX C

SPECIMEN OF MUNICIPAL BOND INSURANCE POLICY

BAM

**MUNICIPAL BOND
INSURANCE POLICY**

ISSUER: [NAME OF ISSUER]

Policy No: _____

MEMBER: [NAME OF MEMBER]

BONDS: \$ _____ in aggregate principal
amount of [NAME OF TRANSACTION]
[and maturing on]

Effective Date: _____

Risk Premium: \$ _____
Member Surplus Contribution: \$ _____
Total Insurance Payment: \$ _____

BUILD AMERICA MUTUAL ASSURANCE COMPANY ("BAM"), for consideration received, hereby UNCONDITIONALLY AND IRREVOCABLY agrees to pay to the trustee (the "Trustee") or paying agent (the "Paying Agent") for the Bonds named above (as set forth in the documentation providing for the issuance and securing of the Bonds), for the benefit of the Owners or, at the election of BAM, directly to each Owner, subject only to the terms of this Policy (which includes each endorsement hereto), that portion of the principal of and interest on the Bonds that shall become Due for Payment but shall be unpaid by reason of Nonpayment by the Issuer.

On the later of the day on which such principal and interest becomes Due for Payment or the first Business Day following the Business Day on which BAM shall have received Notice of Nonpayment, BAM will disburse (but without duplication in the case of duplicate claims for the same Nonpayment) to or for the benefit of each Owner of the Bonds, the face amount of principal of and interest on the Bonds that is then Due for Payment but is then unpaid by reason of Nonpayment by the Issuer, but only upon receipt by BAM, in a form reasonably satisfactory to it, of (a) evidence of the Owner's right to receive payment of such principal or interest then Due for Payment and (b) evidence, including any appropriate instruments of assignment, that all of the Owner's rights with respect to payment of such principal or interest that is Due for Payment shall thereupon vest in BAM. A Notice of Nonpayment will be deemed received on a given Business Day if it is received prior to 1:00 p.m. (New York time) on such Business Day; otherwise, it will be deemed received on the next Business Day. If any Notice of Nonpayment received by BAM is incomplete, it shall be deemed not to have been received by BAM for purposes of the preceding sentence, and BAM shall promptly so advise the Trustee, Paying Agent or Owner, as appropriate, any of whom may submit an amended Notice of Nonpayment. Upon disbursement under this Policy in respect of a Bond and to the extent of such payment, BAM shall become the owner of such Bond, any appurtenant coupon to such Bond and right to receipt of payment of principal of or interest on such Bond and shall be fully subrogated to the rights of the Owner, including the Owner's right to receive payments under such Bond. Payment by BAM either to the Trustee or Paying Agent for the benefit of the Owners, or directly to the Owners, on account of any Nonpayment shall discharge the obligation of BAM under this Policy with respect to said Nonpayment.

Except to the extent expressly modified by an endorsement hereto, the following terms shall have the meanings specified for all purposes of this Policy. "Business Day" means any day other than (a) a Saturday or Sunday or (b) a day on which banking institutions in the State of New York or the Insurer's Fiscal Agent (as defined herein) are authorized or required by law or executive order to remain closed. "Due for Payment" means (a) when referring to the principal of a Bond, payable on the stated maturity date thereof or the date on which the same shall have been duly called for mandatory sinking fund redemption and does not refer to any earlier date on which payment is due by reason of call for redemption (other than by mandatory sinking fund redemption), acceleration or other advancement of maturity (unless BAM shall elect, in its sole discretion, to pay such principal due upon such acceleration together with any accrued interest to the date of acceleration) and (b) when referring to interest on a Bond, payable on the stated date for payment of interest. "Nonpayment" means, in respect of a Bond, the failure of the Issuer to have provided sufficient funds to the Trustee or, if there is no Trustee, to the Paying Agent for payment in full of all principal and interest that is Due for Payment on such Bond. "Nonpayment" shall also include, in respect of a Bond, any payment made to an Owner by or on behalf of the Issuer of principal or interest that is Due for Payment, which payment has been recovered from such Owner pursuant to the United States Bankruptcy Code in accordance with a final, nonappealable order of a court having competent jurisdiction. "Notice" means delivery to BAM of a notice of claim and certificate, by certified mail, email or telecopy as set forth on the attached Schedule or other acceptable electronic delivery, in a form satisfactory to BAM, from and signed by an Owner, the Trustee or the Paying Agent, which notice shall specify (a) the person or entity making the claim, (b) the Policy Number, (c) the claimed amount, (d) payment instructions and (e) the date such claimed amount becomes or became Due for Payment. "Owner" means, in respect of a Bond, the person or entity who, at the time of Nonpayment, is entitled under the terms of such Bond to payment thereof, except that "Owner" shall not include the Issuer, the Member or any other person or entity whose direct or indirect obligation constitutes the underlying security for the Bonds.

BAM may appoint a fiscal agent (the "Insurer's Fiscal Agent") for purposes of this Policy by giving written notice to the Trustee, the Paying Agent, the Member and the Issuer specifying the name and notice address of the Insurer's Fiscal Agent. From and after the date of receipt of such notice by the Trustee, the Paying Agent, the Member or the Issuer (a) copies of all notices required to be delivered to BAM pursuant to this Policy shall be simultaneously delivered to the Insurer's Fiscal Agent and to BAM and shall not be deemed received until received by both and (b) all payments required to be made by BAM under this Policy may be made directly by BAM or by the Insurer's Fiscal Agent on behalf of BAM. The Insurer's Fiscal Agent is the agent of BAM only, and the Insurer's Fiscal Agent shall in no event be liable to the Trustee, Paying Agent or any Owner for any act of the Insurer's Fiscal Agent or any failure of BAM to deposit or cause to be deposited sufficient funds to make payments due under this Policy.

To the fullest extent permitted by applicable law, BAM agrees not to assert, and hereby waives, only for the benefit of each Owner, all rights (whether by counterclaim, setoff or otherwise) and defenses (including, without limitation, the defense of fraud), whether acquired by subrogation, assignment or otherwise, to the extent that such rights and defenses may be available to BAM to avoid payment of its obligations under this Policy in accordance with the express provisions of this Policy. This Policy may not be canceled or revoked.

This Policy sets forth in full the undertaking of BAM and shall not be modified, altered or affected by any other agreement or instrument, including any modification or amendment thereto. Except to the extent expressly modified by an endorsement hereto, any premium paid in respect of this Policy is nonrefundable for any reason whatsoever, including payment, or provision being made for payment, of the Bonds prior to maturity. THIS POLICY IS NOT COVERED BY THE PROPERTY/CASUALTY INSURANCE SECURITY FUND SPECIFIED IN ARTICLE 76 OF THE NEW YORK INSURANCE LAW. THIS POLICY IS ISSUED WITHOUT CONTINGENT MUTUAL LIABILITY FOR ASSESSMENT.

In witness whereof, BUILD AMERICA MUTUAL ASSURANCE COMPANY has caused this Policy to be executed on its behalf by its Authorized Officer.
