

OFFICIAL STATEMENT

Dated: August 8, 2022

NEW ISSUE: BOOK-ENTRY-ONLY

In the opinion of McCall, Parkhurst & Horton L.L.P., Bond Counsel, interest on the Bonds will be excludable from gross income for federal income tax purposes under statutes, regulations, published rulings and court decisions existing on the date thereof, subject to the matters described under "TAX MATTERS" herein. The District has designated the Bonds as "Qualified Tax-Exempt Obligations" for financial institutions.

The Bonds have been designated by the District as "Qualified Tax-Exempt Obligations" for financial institutions.

\$9,570,000

EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT

(A political subdivision of the State of Texas located in Chambers County, Texas)

Unlimited Tax School Building Bonds, Series 2022

Dated Date: August 15, 2022

Due: February 15, as shown on the inside cover page

The East Chambers Independent School District Unlimited Tax School Building Bonds, Series 2022 (the "Bonds") are being issued pursuant to the Constitution and general laws of the State of Texas, particularly Sections 45.001 and 45.003(b)(1), Texas Education Code, as amended, an election held in the District on May 7, 2022 and an order (the "Order") authorizing the issuance of the Bonds adopted on August 8, 2022 by the Board of Trustees (the "Board") of the East Chambers Independent School District (the "District"). The Bonds are payable as to principal and interest from the proceeds of an ad valorem tax levied annually, without legal limit as to rate or amount, against all taxable property located within the District. The District has received conditional approval from the Texas Education Agency for the Bonds to be guaranteed under the State of Texas Permanent School Fund Guarantee Program (hereinafter defined), which guarantee will automatically become effective when the Attorney General of Texas approves the Bonds. (See "THE BONDS – Permanent School Fund Guarantee" and "THE PERMANENT SCHOOL FUND GUARANTEE PROGRAM").

Interest on the Bonds will accrue from the Dated Date specified above and will be payable on February 15 and August 15 of each year, commencing February 15, 2023, until stated maturity or prior redemption. The Bonds will be issued in fully registered form in principal denominations of \$5,000 or any integral multiple thereof. Principal of the Bonds will be payable by the Paying Agent/Registrar, which initially is BOKF, NA, Dallas, Texas (the "Paying Agent/Registrar"), upon presentation and surrender of the Bonds for payment. Interest on the Bonds is payable by check dated as of the interest payment date and mailed by the Paying Agent/Registrar to the registered owners as shown on the records of the Paying Agent/Registrar on the close of business as of the last business day of the month next preceding each interest payment date.

The District intends to utilize the Book-Entry-Only System of The Depository Trust Company New York, New York ("DTC"). Such Book-Entry-Only System will affect the method and timing of payment and the method of transfer of the Bonds. (See "BOOK-ENTRY-ONLY SYSTEM").

Proceeds from the sale of the Bonds will be used for the purpose of for the purposes of (i) designing, constructing, renovating, improving, upgrading, updating, acquiring, and equipping school facilities (and any necessary or related removal of existing facilities), (ii) designing, constructing, renovating, improving, upgrading, updating, acquiring, and equipping school facilities, including softball fields, baseball fields, and show barn, and (iii) to pay the costs of issuing the Bonds. (See "THE BONDS - Authorization and Purpose").

The Bonds maturing on or after February 15, 2033 are subject to redemption at the option of the District in whole or in part on February 15, 2032 or any date thereafter, at a price equal to the principal amount thereof, plus accrued interest to the date of redemption. (See "THE BONDS - Optional Redemption").

MATURITY SCHEDULE

(On Inside Cover)

The Bonds are offered for delivery when, as and if issued, and received by the initial purchaser at a competitive sale (the "Purchaser" or the "Initial Purchaser") subject to the approval of legality by the Attorney General of the State of Texas and the approval of certain legal matters by McCall, Parkhurst & Horton L.L.P., San Antonio, Texas, Bond Counsel. The Bonds are expected to be available for initial delivery through the facilities of DTC on or about September 6, 2022.

USE OF INFORMATION IN OFFICIAL STATEMENT

This Official Statement, which includes the cover page and the Appendices hereto, does not constitute an offer to sell or the solicitation of an offer to buy in any jurisdiction to any person to whom it is unlawful to make such offer, solicitation or sale.

No dealer, broker, salesperson or other person has been authorized to give information or to make any representation other than those contained in this Official Statement, and, if given or made, such other information or representations must not be relied upon.

The information set forth herein has been obtained from the District and other sources believed to be reliable, but such information is not guaranteed as to accuracy or completeness and is not to be construed as the promise or guarantee of the District or the Financial Advisor. This Official Statement contains, in part, estimates and matters of opinion which are not intended as statements of fact, and no representation is made as to the correctness of such estimates and opinions, or that they will be realized.

The information and expressions of opinion contained herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the District or other matters described herein. See "THE PERMANENT SCHOOL FUND GUARANTEE PROGRAM – PSF Continuing Disclosure Undertaking" and "CONTINUING DISCLOSURE OF INFORMATION" for a description of the undertakings of the Texas Education Agency and the District, respectively, to provide certain information on a continuing basis.

THE BONDS ARE EXEMPT FROM REGISTRATION WITH THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION AND CONSEQUENTLY HAVE NOT BEEN REGISTERED THEREWITH. THE REGISTRATION, QUALIFICATION, OR EXEMPTION OF THE BONDS IN ACCORDANCE WITH APPLICABLE SECURITIES LAW PROVISIONS OF THE JURISDICTIONS IN WHICH THE BONDS HAVE BEEN REGISTERED, QUALIFIED, OR EXEMPTED SHOULD NOT BE REGARDED AS A RECOMMENDATION THEREOF.

IN CONNECTION WITH THIS OFFERING, THE INITIAL PURCHASER MAY OVER-ALLOT OR EFFECT TRANSACTIONS WHICH STABILIZE THE MARKET PRICE OF THE BONDS AT A LEVEL ABOVE THAT WHICH MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME.

NONE OF THE DISTRICT, ITS FINANCIAL ADVISOR, OR THE PURCHASER MAKES ANY REPRESENTATION OR WARRANTY WITH RESPECT TO THE INFORMATION CONTAINED IN THIS OFFICIAL STATEMENT REGARDING THE DEPOSITORY TRUST COMPANY ("DTC") OR ITS BOOK-ENTRY-ONLY SYSTEM, OR THE AFFAIRS OF THE TEXAS EDUCATION AGENCY ("TEA") DESCRIBED UNDER "THE PERMANENT SCHOOL FUND GUARANTEE PROGRAM", AS SUCH INFORMATION WAS PROVIDED BY DTC AND TEA, RESPECTIVELY.

THIS OFFICIAL STATEMENT CONTAINS "FORWARD-LOOKING" STATEMENTS WITHIN THE MEANING OF SECTION 21E OF THE SECURITIES EXCHANGE ACT OF 1934, AS AMENDED. SUCH STATEMENTS MAY INVOLVE KNOWN AND UNKNOWN RISKS, UNCERTAINTIES AND OTHER FACTORS WHICH MAY CAUSE THE ACTUAL RESULTS, PERFORMANCE AND ACHIEVEMENTS TO BE DIFFERENT FROM THE FUTURE RESULTS, PERFORMANCE AND ACHIEVEMENTS EXPRESSED OR IMPLIED BY SUCH FORWARD-LOOKING STATEMENTS. INVESTORS ARE CAUTIONED THAT THE ACTUAL RESULTS COULD DIFFER MATERIALLY FROM THOSE SET FORTH IN THE FORWARD-LOOKING STATEMENTS.

The agreements of the District and others related to the Bonds are contained solely in the contracts described herein. Neither this Official Statement nor any other statement made in connection with the offer or sale of the Bonds is to be construed as constituting an agreement with the purchasers of the Bonds. INVESTORS SHOULD READ THIS ENTIRE OFFICIAL STATEMENT INCLUDING ALL APPENDICES ATTACHED HERETO, TO OBTAIN INFORMATION ESSENTIAL TO MAKING AN INFORMED INVESTMENT DECISION.

SELECTED DATA FROM THE OFFICIAL STATEMENT

The selected data is subject in all respects to the more complete information and definitions contained or incorporated in this Official Statement. The offering of the Bonds to potential investors is made only by means of this entire Official Statement. No person is authorized to detach this page from this Official Statement or to otherwise use it without this entire Official Statement.

The District	The East Chambers Independent School District (the "District") is a political subdivision of the State of Texas located in Chambers County, Texas. The District is governed by a seven-member Board of Trustees (the "Board"). Policy-making and supervisory functions are the responsibility of, and are vested in, the Board. The Board delegates administrative responsibilities to the Superintendent of Schools who is the chief administrative officer of the District. Support services are supplied by consultants and advisors.
The Bonds	The Bonds are being issued in the principal amount of \$9,570,000 pursuant to the Constitution and general laws of the State of Texas, particularly Sections 45.001 and 45.003(b)(1), Texas Education Code, as amended, an election held in the District on May 7, 2022, and an order (the "Order") authorizing the issuance of the Bonds adopted by the Board on August 8, 2022. Proceeds from the sale of the Bonds will be used for purposes of (i) designing, constructing, renovating, improving, upgrading, updating, acquiring, and equipping school facilities (and any necessary or related removal of existing facilities), (ii) designing, constructing, renovating, improving, upgrading, updating, acquiring, and equipping school facilities, including softball fields, baseball fields, and show barn, and (iii) to pay the costs of issuing the Bonds. (See "THE BONDS - Authorization and Purpose").
Paying Agent/Registrar	The initial Paying Agent/Registrar is BOKF, NA, Dallas, Texas. The District intends to use the Book-Entry-Only System of The Depository Trust Company. (See "BOOK-ENTRY-ONLY SYSTEM" herein).
Security	The Bonds will constitute direct and voted obligations of the District, payable as to principal and interest from ad valorem taxes levied annually against all taxable property located within the District, without legal limitation as to rate or amount. Payments of principal and interest on the Bonds will be further secured by the corpus of the Permanent School Fund of Texas. (See "THE BONDS – Security", "STATE AND LOCAL FUNDING OF SCHOOL DISTRICTS IN TEXAS", "CURRENT PUBLIC SCHOOL FINANCE SYSTEM" and "THE PERMANENT SCHOOL FUND GUARANTEE PROGRAM").
Redemption	The Bonds maturing on or after February 15, 2033 are subject to redemption at the option of the District in whole or in part on February 15, 2032 or any date thereafter, at a price equal to the principal amount thereof, plus accrued interest to the date of redemption. (See "THE BONDS - Optional Redemption").
Permanent School Fund Guarantee	The District has received conditional approval from the Texas Education Agency for the payment of the Bonds to be guaranteed under the Permanent School Fund Guarantee Program (defined herein), which guarantee will automatically become effective when the Attorney General of Texas approves the Bonds. (See "THE BONDS – Permanent School Fund Guarantee" and "THE PERMANENT SCHOOL FUND GUARANTEE PROGRAM.")
Rating	The Bonds are rated "AAA" by S&P Global Ratings ("S&P") based upon the guaranteed repayment thereof under the Permanent School Fund Guarantee Program (as defined herein) of the Texas Education Agency. The District's underlying, unenhanced rating, including the Bonds, is "A+" by S&P. (See "THE PERMANENT SCHOOL FUND GUARANTEE PROGRAM – Ratings of Bonds Guaranteed Under the Guarantee Program" and "RATING" herein.)
Tax Matters	In the opinion of Bond Counsel for the District, interest on the Bonds will be excludable from gross income for federal income tax purposes under statutes, regulations, published rulings and court decisions on the date thereof, subject to the matters described under "TAX MATTERS" herein. (See "TAX MATTERS" and Appendix C – "Form of Legal Opinion of Bond Counsel.")
Qualified Tax-Exempt Obligations	The District has designated the Bonds as "qualified tax-exempt obligations" for financial institutions. (See "TAX MATTERS – Qualified Tax-Exempt Obligations herein.)
Payment Record	The District has never defaulted on the payment of its bonded indebtedness.
Legal Opinion	Delivery of the Bonds is subject to the approval by the Attorney General of the State of Texas and the rendering of an opinion as to legality by McCall, Parkhurst & Horton L.L.P., San Antonio, Texas, Bond Counsel.
Delivery	When issued, anticipated to be on or about September 6, 2022.

INTRODUCTORY STATEMENT

This Official Statement (the "Official Statement"), which includes the cover page and the Appendices attached hereto, has been prepared by the East Chambers Independent School District (the "District"), a political subdivision of the State of Texas (the "State") located in Chambers County, Texas, in connection with the offering by the District of its Unlimited Tax School Building Bonds, Series 2022 (the "Bonds") identified on the inside cover page hereof.

All financial and other information presented in this Official Statement has been provided by the District from its records, except for information expressly attributed to other sources. The presentation of information, including tables of receipts from taxes and other sources, is intended to show recent historic information, and is not intended to indicate future or continuing trends in the financial position or other affairs of the District. No representation is made that past experience, as is shown by that financial and other information, will necessarily continue or be repeated in the future.

There follows in this Official Statement descriptions of the Bonds and the Order (as defined below) and certain other information about the District and its finances. All descriptions of documents contained herein are only summaries and are qualified in their entirety by reference to each such document. Copies of such documents may be obtained by writing the East Chambers Independent School District, 1955 State Highway 124, Winnie, TX 77665 and, during the offering period, from the Financial Advisor, SAMCO Capital Markets, Inc., 5800 Granite Parkway, Suite 210, Plano, Texas 75024, by electronic mail or upon payment of reasonable copying, mailing, and handling charges.

This Official Statement speaks only as of its date, and the information contained herein is subject to change. A copy of this Official Statement relating to the Bonds will be submitted by the purchaser of the Bonds (the "Purchaser" or "Initial Purchaser") to the Municipal Securities Rulemaking Board, and will be available through its Electronic Municipal Market Access (EMMA) system. See "CONTINUING DISCLOSURE OF INFORMATION" for a description of the District's undertaking to provide certain information on a continuing basis.

COVID-19

The outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus, has been characterized as a pandemic (the "Pandemic") by the World Health Organization and is currently affecting many parts of the world, including the United States and Texas. On January 31, 2020, the Secretary of the United States Health and Human Services Department declared a public health emergency for the United States and on March 13, 2020, the President of the United States declared the outbreak of COVID-19 in the United States a national emergency. Subsequently, the President's Coronavirus Guidelines for America and the United States Centers for Disease Control and Prevention called upon Americans to take actions to slow the spread of COVID-19 in the United States.

On March 13, 2020, the Governor of Texas (the "Governor") declared a state of disaster for all counties in Texas in response to the Pandemic. Pursuant to Chapter 418 of the Texas Government Code, the Governor has broad authority to respond to disasters, including suspending any regulatory statute prescribing the procedures for conducting state business or any order or rule of a state agency (including TEA) that would in any way prevent, hinder, or delay necessary action in coping with the disaster, and issuing executive orders that have the force and effect of law. The Governor has since issued a number of executive orders relating to COVID-19 preparedness, mitigation and reopening. However, on March 2, 2021, the Governor issued Executive Order GA-34 effective March 10, 2021, which supersedes most of the executive orders relating to COVID-19 and provides, generally, for the reopening of the State to 100%, ends the COVID-19 mask mandate, and supersedes any conflicting order issued by local officials in response to COVID-19, among other things and subject to certain limitations. Executive Order GA-34 remains in place until amended, rescinded, or superseded by the Governor. On May 18, 2021, Governor Abbott issued Executive Order GA-36, which supersedes Executive Order GA-34 in part. Executive Order GA-36 prohibits governmental entities in Texas, including counties, cities, school districts, public health authorities, and government officials from requiring or mandating any person to wear a face covering and subjects a governmental entity or official to a fine of up to \$1,000 for noncompliance, subject to certain exceptions. Notwithstanding the above, Executive Order GA-36 provides for public schools to continue to follow policies regarding the wearing of face coverings to the extent reflected in current guidance by TEA, until June 4, 2021. However, Executive Order GA-36 required TEA to revise its guidance such that, effective 11:59 p.m. on June 4, 2021, no student, teacher, parent, or other staff member or visitor may be required to wear a face covering. TEA has since updated its guidance in accordance with Executive Order GA-36. Executive Order GA-38, issued on July 29, 2021 and Executive Order GA-39, issued on August 25, 2021, further provide that governmental entities cannot require mask mandates, vaccine passports, or mandatory vaccinations. On October 11, 2021, the Governor issued Executive Order GA-40, prohibiting any entity from requiring COVID vaccinations. Various lawsuits have been filed throughout the State related to the foregoing and litigation is expected to continue. Executive orders remain in place until they are amended, rescinded, or superseded by the Governor. Additional information regarding executive orders issued by the Governor is accessible on the website of the Governor at <https://gov.texas.gov/>. Neither the information on (nor accessed through) such website of the Governor is incorporated by reference, either expressly or by implication, into this Official Statement.

The District continues to monitor the spread of COVID-19 and is working with local, state, and national agencies to address the potential impact of the Pandemic upon the District. While the potential impact of the Pandemic on the District cannot be fully quantified at this time, the continued outbreak of COVID-19 could have an adverse effect on the District's operations and financial condition.

The Pandemic has negatively affected travel, commerce, and financial markets globally, and may continue negatively affecting economic growth and financial markets worldwide. In addition, the federal government has taken, and continues to consider additional, action without precedent in effort to counteract or mitigate the Pandemic's economic impact. These conditions and related responses and reactions may reduce or negatively affect property values within the District. See "AD VALOREM TAX PROCEDURES". The Bonds are secured by an unlimited ad valorem tax, and a reduction in property values may require an increase in the ad valorem tax rate required to pay the Bonds.

Additionally, state funding of District operations and maintenance in future fiscal years could be adversely impacted by the negative effects on economic growth and financial markets resulting from the Pandemic as well as ongoing disruptions in the global oil markets (which markets provide significant revenues to the State, who in turn, use such revenues to satisfy its public school funding obligations). See "CURRENT PUBLIC SCHOOL FINANCE SYSTEM".

The value of the PSF guarantee could also be adversely impacted by ongoing volatility in the diversified global markets in which the PSF is invested. See "THE PERMANENT SCHOOL FUND GUARANTEE PROGRAM – Infectious Disease Outbreak."

The financial and operating data contained in this Official Statement are as of dates and for periods stated herein. Accordingly, they are not indicative of the future prospects of the District. It is unclear at this time what effect, if any, COVID-19 and resulting economic disruption may have on future assessed values or the collection of taxes, either because of delinquencies or collection and valuation relief resulting from the declared emergency.

THE BONDS

Authorization and Purpose

The Bonds are being issued in the principal amount of \$9,570,000 pursuant to the Constitution and general laws of the State, particularly Sections 45.001 and 45.003(b)(1), Texas Education Code, as amended, an election held in the District on May 7, 2022 (the "Election") and an order (the "Order") authorizing the issuance of the Bonds adopted by the Board of Trustees (the "Board") on August 8, 2022. Proceeds from the sale of the Bonds will be used for purposes of (i) designing, constructing, renovating, improving, upgrading, updating, acquiring, and equipping school facilities (and any necessary or related removal of existing facilities), (ii) designing, constructing, renovating, improving, upgrading, updating, acquiring, and equipping school facilities, including softball fields, baseball fields, and show barn, and (iii) to pay the costs of issuing the Bonds.

General Description

The Bonds are dated August 15, 2022 (the "Dated Date") and will bear interest from the Dated Date. The Bonds will mature on the dates and in the principal amounts set forth on the inside cover page of this Official Statement. Interest on the Bonds will be computed on the basis of a 360-day year of twelve 30-day months, and is payable on February 15, 2023 and on each February 15 and August 15 thereafter until stated maturity or prior redemption.

The Bonds will be issued only as fully registered bonds. The Bonds will be issued in the denominations of \$5,000 of principal amount or any integral multiple thereof within a maturity.

Interest on the Bonds is payable by check mailed on or before each interest payment date by the Paying Agent/Registrar, initially, BOKF, NA, Dallas, Texas, to the registered owner at the last known address as it appears on the Paying Agent/Registrar's registration books at the close of business on the Record Date (as defined herein) or by such other customary banking arrangement acceptable to the Paying Agent/Registrar and the registered owner to whom interest is to be paid, provided, however, that such person shall bear all risk and expense of such other arrangements. Principal of the Bonds will be payable only upon presentation of such Bonds at the corporate trust office of the Paying Agent/Registrar at stated maturity or prior redemption. So long as the Bonds are registered in the name of CEDE & CO. or other nominee for The Depository Trust Company New York, New York ("DTC"), payments of principal of and interest on the Bonds will be made as described in "BOOK-ENTRY-ONLY SYSTEM" herein.

If the date for the payment of the principal of or interest on the Bonds is a Saturday, Sunday, legal holiday or a day on which banking institutions in the city where the Paying Agent/Registrar is located are authorized by law or executive order to close, then the date for such payment shall be the next succeeding day which is not a Saturday, Sunday, legal holiday or a day on which banking institutions are authorized to close; and payment on such date shall have the same force and effect as if made on the original date payment was due.

Optional Redemption

The Bonds maturing on or after, February 15, 2033 are subject to redemption, at the option of the District, in whole or in part, in principal amounts of \$5,000 or integral multiples thereof, on February 15, 2032 or any date thereafter, at a price equal to the principal amount thereof, plus accrued interest to the date of redemption. If less than all of the Bonds are to be redeemed, the District shall determine the amounts and maturities thereof to be redeemed and shall direct the Paying Agent/Registrar to select by lot the Bonds, or portions thereof, to be redeemed. Not less than 30 days prior to a redemption date for the Bonds, the District shall cause a notice of redemption to be sent by United States mail, first class, postage prepaid, to each registered owner of a Bond to be redeemed, in whole or in part, at the address of the registered owner appearing on the registration books of the Paying Agent/Registrar at the close of business on the business day next preceding the date of mailing such notice.

Notice of Redemption and DTC Notices

The Paying Agent/Registrar and the District, so long as a Book-Entry-Only System is used for the Bonds, will send any notice of redemption, notice of proposed amendment to the Order or other notices with respect to the Bonds only to DTC. Any failure by DTC to advise any DTC participant, or of any DTC participant or indirect participant to notify the beneficial owner, shall not affect the validity of the redemption of the Bonds called for redemption or any other action premised on any such notice. Redemption of portions of the Bonds by the District will reduce the outstanding principal amount of such Bonds held by DTC. In such event, DTC may implement, through its Book-Entry-Only System, a redemption of such Bonds held for the account of DTC participants in accordance with its rules or other agreements with DTC participants and then DTC participants and indirect participants may implement a redemption of such Bonds from the beneficial owners. Any such selection of Bonds to be redeemed will not be governed by the Order and will not be conducted by the District or the Paying Agent/Registrar. Neither the District nor the Paying Agent/Registrar will have any responsibility to DTC participants, indirect participants or the persons for whom DTC participants act as nominees, with respect to the payments on the Bonds or the providing of notice to DTC participants, indirect participants, or beneficial owners of the selection of portions of the Bonds for redemption. See "BOOK-ENTRY-ONLY SYSTEM" herein.

Security

The Bonds are direct and voted obligations of the District and are payable as to both principal and interest from an ad valorem tax annually levied, without legal limit as to rate or amount, on all taxable property within the District. The District has received conditional approval from the Texas Education Agency for the payment of the Bonds to be guaranteed under the State of Texas Permanent School Fund Guarantee Program (hereinafter defined), which guarantee will automatically become effective when the Attorney General of Texas approves the Bonds. (See "STATE AND LOCAL FUNDING OF SCHOOL DISTRICTS IN TEXAS", "CURRENT PUBLIC SCHOOL FINANCE SYSTEM" and "THE PERMANENT SCHOOL FUND GUARANTEE PROGRAM").

Permanent School Fund Guarantee

In connection with the sale of the Bonds, the District has received conditional approval from the Commissioner of Education of the State for the guarantee of the Bonds under the Permanent School Fund Guarantee Program (Chapter 45, Subchapter C, of the Texas Education Code, as amended). Subject to meeting certain conditions discussed under the heading "THE PERMANENT SCHOOL FUND GUARANTEE PROGRAM" herein, the Bonds will be absolutely and unconditionally guaranteed by the corpus of the Permanent School Fund of the State of Texas. In the event of a payment default by the District, registered owners will receive all payments due from the corpus of the Permanent School Fund.

In the event the District defeases any of the Bonds, the payment of such defeased Bonds will cease to be guaranteed by the Permanent School Fund Guarantee. See "THE PERMANENT SCHOOL FUND GUARANTEE PROGRAM" and "REGISTERED OWNERS' REMEDIES" herein.

Legality

The Bonds are offered when, as and if issued, subject to the approval of legality by the Attorney General of the State and the approval of certain legal matters by McCall, Parkhurst & Horton L.L.P., San Antonio, Texas, Bond Counsel. (See "LEGAL MATTERS" and "Appendix C - Form of Legal Opinion of Bond Counsel").

Payment Record

The District has never defaulted on the payment of its bonded indebtedness.

Amendments

In the Order, the District has reserved the right to amend the Order without the consent of any holder for the purpose of amending or supplementing the Order to (i) cure any ambiguity, defect or omission therein that does not materially adversely affect the interests of the holders, (ii) grant additional rights or security for the benefit of the holders, (iii) add events of default as shall not be inconsistent with the provisions of the Order that do not materially adversely affect the interests of the holders, (iv) qualify the Order under the Trust Indenture Act of 1939, as amended, or corresponding provisions of federal laws from time to time in effect or (v) make such other provisions in regard to matters or questions arising under the Order that are not inconsistent with the provisions thereof and which, in the opinion of Bond Counsel for the District, do not materially adversely affect the interests of the holders.

The Order further provides that the majority of owners of the Bonds shall have the right from time to time to approve any amendment not described above to the Order if it is deemed necessary or desirable by the District; provided, however, that without the consent of 100% of the holders in principal amount of the then outstanding Bonds so affected, no amendment may be made for the purpose of: (i) making any change in the maturity of any of the outstanding Bonds; (ii) reducing the rate of interest borne by any of the outstanding Bonds; (iii) reducing the amount of the principal of or redemption premium, if any, payable on any outstanding Bonds; (iv) modifying the terms of payment of principal or interest on outstanding Bonds or imposing any condition with respect to such payment; or (v) changing the minimum percentage of the principal amount of the Bonds necessary for consent to such amendment. Reference is made to the Order for further provisions relating to the amendment thereof.

Defeasance

The Order provides for the defeasance of the Bonds when payment of the principal amount of the Bonds plus interest accrued on the Bonds to their due date (whether such due date be by reason of stated maturity, redemption or otherwise), is provided by irrevocably depositing with a paying agent, or other authorized escrow agent, in trust (1) money in an amount sufficient to make such payment and/or (2) Defeasance Securities, that will mature as to principal and interest in such amounts and at such times to insure the availability, without reinvestment, of sufficient money to make such payment, and all necessary and proper fees, compensation and expenses of the paying agent for the Bonds, and thereafter the District will have no further responsibility with respect to amounts available to such paying agent (or other financial institution permitted by applicable law) for the payment of such defeased Bonds, including any insufficiency therein caused by the failure of such paying agent (or other financial institution permitted by applicable law) to receive payment when due on the Defeasance Securities. The District has additionally reserved the right, subject to satisfying the requirements of (1) and (2) above, to substitute other Defeasance Securities originally deposited, to reinvest the uninvested moneys on deposit for such defeasance and to withdraw for the benefit of the District moneys in excess of the amount required for such defeasance. The Order provides that "Defeasance Securities" means any securities and obligations now or hereafter authorized by State law that are eligible to discharge obligations such as the Bonds. Current State law permits defeasance with the following types of securities: (a) direct, noncallable obligations of the United States of America, including obligations that are unconditionally guaranteed by the United States of America, (b) noncallable obligations of an agency or instrumentality of the United States of America, including obligations that are unconditionally guaranteed or insured by the agency or instrumentality and that, on the date the governing body of the District authorizes the defeasance, are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent, (c) noncallable obligations of a state or an agency or a county, municipality, or other political subdivision of a state that on the date the governing body of the District adopts or approves the proceedings authorizing the financial arrangements have been refunded and are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent, and (d) any additional securities and obligations hereafter authorized by Texas law as eligible for use to accomplish the discharge of obligations such as the Bonds. There is no assurance that the current law will not be changed in a manner which would permit investments other than those described above to be made with amounts deposited to defease the Bonds. Because the Order does not contractually limit such investments, registered owners will be deemed to have consented to defeasance with such other investments, notwithstanding the fact that such investments may not be of the same investment quality as those currently permitted under State law. There is no assurance that the ratings for U.S. Treasury securities used for defeasance purposes or that for any other Defeasance Security will be maintained at any particular rating category.

Upon such deposit as described above, such Bonds shall no longer be regarded to be outstanding or unpaid. After firm banking and financial arrangements for the discharge and final payment of the Bonds have been made as described above, all rights of the District to initiate proceedings to call the Bonds for redemption or take any other action amending the terms of the Bonds are extinguished, provided, however, the District has reserved the option, to be exercised at the time of the defeasance of the Bonds, to call for redemption at an earlier date those Bonds which have been defeased to their maturity date, if the District (i) in the proceedings providing for the firm banking and financial arrangements, expressly reserves the right to call the Bonds for redemption, (ii) gives notice of the reservation of that right to the owners of the Bonds immediately following the making of the firm banking and financial arrangements, and (iii) directs that notice of the reservation be included in any redemption notices that it authorizes.

Defeasance will automatically cancel the Permanent School Fund Guarantee with respect to those defeased Bonds.

Sources and Uses of Funds

The proceeds from the sale of the Bonds will be applied approximately as follows:

Sources

Par Amount of Bonds	\$	9,570,000.00
Accrued Interest		20,028.75
Reoffering Premium		427,758.65
Total Sources of Funds	\$	<u>10,017,787.40</u>

Uses	
Deposit to Construction Fund	\$ 9,800,000.00
Costs of Issuance	120,698.18
Purchaser's Discount	77,060.47
Deposit to Interest and Sinking Fund	20,028.75
Total Uses of Funds	\$ 10,017,787.40

REGISTERED OWNERS' REMEDIES

The Order establishes specific events of default with respect to the Bonds and provides that if the District defaults in the payment of principal or interest on the Bonds when due, or defaults in the observation or performance of any other covenants, conditions, or obligations set forth in the Order, and the continuation thereof for a period of 60 days after notice of default is given by the District by any registered owner, the registered owners may seek a writ of mandamus to compel District officials to carry out their legally imposed duties with respect to the Bonds, if there is no other available remedy at law to compel performance of the Bonds or the Order covenants and the District's obligations are not uncertain or disputed. The issuance of a writ of mandamus is controlled by equitable principles and rests with the discretion of the court, but may not be arbitrarily refused. There is no acceleration of maturity of the Bonds in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year. The Order does not provide for the appointment of a trustee to represent the interest of the bondholders upon any failure of the District to perform in accordance with the terms of the Order, or upon any other condition and accordingly all legal actions to enforce such remedies would have to be undertaken at the initiative of, and be financed by, the registered owners. The Texas Supreme Court ruled in *Tooke v. City of Mexia*, 197 S.W.3d 325 (Tex. 2006), that a waiver of sovereign immunity in a contractual dispute must be provided for by statute in "clear and unambiguous" language. Because it is unclear whether the Texas legislature has effectively waived the District's sovereign immunity from a suit for money damages, bondholders may not be able to bring such a suit against the District for breach of the Bonds or Order covenants. Even if a judgment against the District could be obtained, it could not be enforced by direct levy and execution against the District's property. Further, the registered owners cannot themselves foreclose on property within the District or sell property within the District to enforce the tax lien on taxable property to pay the principal of and interest on the Bonds. Furthermore, the District is eligible to seek relief from its creditors under Chapter 9 of the U.S. Bankruptcy Code ("Chapter 9"). Although Chapter 9 provides for the recognition of a security interest represented by a specifically pledged source of revenues, the pledge of ad valorem taxes in support of a general obligation of a bankrupt entity is not specifically recognized as a security interest under Chapter 9. Chapter 9 also includes an automatic stay provision that would prohibit, without Bankruptcy Court approval, the prosecution of any other legal action by creditors or bondholders of an entity which has sought protection under Chapter 9. Therefore, should the District avail itself of Chapter 9 protection from creditors, the ability to enforce would be subject to the approval of the Bankruptcy Court (which could require that the action be heard in Bankruptcy Court instead of other federal or state court); and the Bankruptcy Code provides for broad discretionary powers of a Bankruptcy Court in administering any proceeding brought before it. See "THE PERMANENT SCHOOL FUND GUARANTEE PROGRAM" herein for a description of the procedures to be followed for payment of the Bonds by the Permanent School Fund in the event the District fails to make a payment on the Bonds when due. The opinion of Bond Counsel will note that all opinions relative to the enforceability of the Order and the Bonds are qualified with respect to the customary rights of debtors relative to their creditors, by general principles of equity which permit the exercise of judicial discretion.

BOOK-ENTRY-ONLY SYSTEM

This section describes how ownership of the Bonds is to be transferred and how the principal of, premium, if any, and interest on the Bonds are to be paid to and credited by DTC while the Bonds are registered in its nominee name. The information in this section concerning DTC and the Book-Entry-Only System has been provided by DTC for use in disclosure documents such as this Official Statement. The District, the Financial Advisor and the Purchaser believe the source of such information to be reliable, but take no responsibility for the accuracy or completeness thereof.

The District cannot and does not give any assurance that (1) DTC will distribute payments of debt service on the Bonds, or redemption or other notices, to DTC Participants, (2) DTC Participants or others will distribute debt service payments paid to DTC or its nominee (as the registered owner of the Bonds) or redemption or other notices, to the Beneficial Owners, or that they will do so on a timely basis, or (3) DTC will serve and act in the manner described in this Official Statement. The current rules applicable to DTC are on file with the United States Securities and Exchange Commission, and the current procedures of DTC to be followed in dealing with DTC Participants are on file with DTC.

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited Securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a S&P Global Ratings rating of AA+. The DTC Rules applicable to its Participants are on file with the United States Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into

the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the Book-Entry-Only System for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as, redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an Omnibus Proxy to The District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

All payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or the Paying Agent/Registrar, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent/Registrar, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. All payments with respect to the Bonds to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) are the responsibility of the District or the Paying Agent/Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District or the Paying Agent/Registrar. Under such circumstances, in the event that a successor depository is not obtained, physical Bond certificates are required to be printed and delivered to bond holders.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, physical Bond certificates will be printed and delivered to bond holders.

The information in this section concerning DTC and DTC's Book-Entry-Only System has been obtained from sources that the District believes to be reliable, but none of the District, the Financial Advisor, nor the Purchaser take any responsibility for the accuracy thereof.

Use of Certain Terms in Other Sections of this Official Statement

In reading this Official Statement it should be understood that while the Bonds are in the Book-Entry-Only System, references in other sections of this Official Statement to registered owners should be read to include the person for which the Direct or Indirect Participant acquires an interest in the Bonds, but (i) all rights of ownership must be exercised through DTC and the Book-Entry-Only System, and (ii) except as described above, notices that are to be given to registered owners under the Order will be given only to DTC.

REGISTRATION, TRANSFER AND EXCHANGE

Paying Agent/Registrar

The initial Paying Agent/Registrar for the Bonds is BOKF, NA, Dallas, Texas. In the Order, the District covenants to maintain and provide a Paying Agent/Registrar until the Bonds are duly paid.

Successor Paying Agent/Registrar

Provision is made in the Order for replacing the Paying Agent/Registrar. If the District replaces the Paying Agent/Registrar, such Paying Agent/Registrar shall, promptly upon the appointment of a successor, deliver the Paying Agent/Registrar's records to the successor Paying Agent/Registrar, and the successor Paying Agent/Registrar shall act in the same capacity as the previous Paying Agent/Registrar. Any successor Paying Agent/Registrar selected by the District shall be a commercial bank or trust company organized under the laws of the United States or any state or other entity duly qualified and legally authorized to serve and perform the duties of the Paying Agent/Registrar for the Bonds. Upon any change in the Paying Agent/Registrar for the Bonds, the District has agreed to promptly cause a written notice thereof to be sent to each registered owner of the Bonds by United States mail, first-class, postage prepaid, which notice shall also give the address of the new Paying Agent/Registrar.

Initial Registration

Definitive Bonds will be initially registered and delivered only to CEDE & CO., the nominee of DTC pursuant to the Book-Entry-Only System described herein.

Future Registration

In the event the Book-Entry-Only System is discontinued, the Bonds may be transferred, registered and assigned on the registration books only upon presentation and surrender of the Bonds to the Paying Agent/Registrar, and such registration and transfer shall be without expense or service charge to the registered owner, except for any tax or other governmental charges required to be paid with respect to such registration and transfer. A Bond may be assigned by the execution of an assignment form on the Bonds or by other instrument of transfer and assignment acceptable to the Paying Agent/Registrar. A new Bond or Bonds

will be delivered by the Paying Agent/Registrar in lieu of the Bond or Bonds being transferred or exchanged at the corporate trust office of the Paying Agent/Registrar, or sent by United States registered mail to the new registered owner at the registered owner's request, risk and expense. To the extent possible, new Bonds issued in an exchange or transfer of Bonds will be delivered to the registered owner or assignee of the registered owner in not more than three (3) business days after the receipt of the Bonds to be canceled in the exchange or transfer and the written instrument of transfer or request for exchange duly executed by the registered owner or his duly authorized agent, in form satisfactory to the Paying Agent/Registrar. New Bonds registered and delivered in an exchange or transfer shall be in authorized denominations and for a like aggregate principal amount as the Bonds surrendered for exchange or transfer.

Record Date For Interest Payment

The record date ("Record Date") for determining the person to whom the interest on the Bonds is payable on any interest payment date means the close of business on the last business day of the next preceding month. In the event of a non-payment of interest on a scheduled payment date, and for 30 days thereafter, a new record date for such interest payment (a "Special Record Date") will be established by the Paying Agent/Registrar, if and when funds for the payment of such interest have been received from the District. Notice of the Special Record Date and of the scheduled payment date of the past due interest (the "Special Payment Date" which shall be 15 days after the Special Record Date) shall be sent at least five business days prior to the Special Record Date by United States mail, first class, postage prepaid, to the address of each registered owner of a Bond appearing on the books of the Paying Agent/Registrar at the close of business on the last business day next preceding the date of mailing of such notice.

Limitation on Transfer of Bonds

The Paying Agent/Registrar shall not be required to make any such transfer, conversion or exchange (i) during the period commencing with the close of business on any Record Date and ending with the opening of business on the next following principal or interest payment date or (ii) with respect to any Bond or any portion thereof called for redemption prior to maturity, within 45 days prior to its redemption date; provided, however, that such limitation shall not apply to uncalled portions of a Bond redeemed in part.

Replacement Bonds

If any Bond is mutilated, destroyed, stolen or lost, a new Bond in the same principal amount as the Bond so mutilated, destroyed, stolen or lost will be issued. In the case of a mutilated Bond, such new Bond will be delivered only upon surrender and cancellation of such mutilated Bond. In the case of any Bond issued in lieu of and substitution for a Bond which has been destroyed, stolen or lost, such new Bond will be delivered only (a) upon filing with the District and the Paying Agent/Registrar a certificate to the effect that such Bond has been destroyed, stolen or lost and proof of the ownership thereof, and (b) upon furnishing the District and the Paying Agent/Registrar with indemnity satisfactory to them. The person requesting the authentication and delivery of a new Bond must pay such expenses as the Paying Agent/Registrar may incur in connection therewith.

THE PERMANENT SCHOOL FUND GUARANTEE PROGRAM

The information below concerning the State Permanent School Fund and the Guarantee Program for school district bonds has been provided by the Texas Education Agency (the "TEA") and is not guaranteed as to accuracy or completeness by, and is not construed as a representation by the District, the Financial Advisor, or the Purchasers.

This disclosure statement provides information relating to the program (the "Guarantee Program") administered by the Texas Education Agency (the "TEA") with respect to the Texas Permanent School Fund guarantee of tax-supported bonds issued by Texas school districts and the guarantee of revenue bonds issued by or for the benefit of Texas charter districts. The Guarantee Program was authorized by an amendment to the Texas Constitution in 1983 and is governed by Subchapter C of Chapter 45 of the Texas Education Code, as amended (the "Act"). While the Guarantee Program applies to bonds issued by or for both school districts and charter districts, as described below, the Act and the program rules for the two types of districts have some distinctions.

For convenience of description and reference, those aspects of the Guarantee Program that are applicable to school district bonds and to charter district bonds are referred to herein as the "School District Bond Guarantee Program" and the "Charter District Bond Guarantee Program," respectively.

Some of the information contained in this Section may include projections or other forward-looking statements regarding future events or the future financial performance of the Texas Permanent School Fund (the "PSF" or the "Fund"). Actual results may differ materially from those contained in any such projections or forward-looking statements.

During the 87th Regular Session of the Texas Legislature (the "87th Regular Session"), which concluded on May 31, 2021, Senate Bill 1232 ("SB 1232" or "the bill") was enacted, and the bill became effective on September 1, 2021. SB 1232 provides for a variety of changes to the operations and management of the Fund, including the creation of the Permanent School Fund Corporation (the "PSF Corporation"), and the delegation of responsibility to manage the portion of the Fund previously under the management supervision of the State Board of Education (the "SBOE") to the PSF Corporation. SB 1232 also requires changes with respect to the management of certain investments previously made at the discretion of the Texas School Land Board ("the "SLB"), including limiting the types of investments that may be made by the SLB and mandating the transfer of cash and certain other investment properties from the SLB to the PSF Corporation once the PSF Corporation is created. Certain of the authorizations of SB 1232, including the creation of the PSF Corporation have occurred, but other authorized changes are expected to be implemented in phases, generally from the first quarter of calendar year 2022 through the end of calendar year 2023. See "Management Transition to the PSF Corporation" for a summary of SB 1232 and its expected impact on the management and operations of the Fund.

History and Purpose

The PSF supports the State's public school system in two major ways: distributions to the constitutionally established Available School Fund (the "ASF"), as described below, and the guarantee of school district and charter district issued bonds through the Guarantee Program. The PSF was created with a \$2,000,000 appropriation by the Texas Legislature (the "Legislature") in 1854 expressly for the benefit of the public schools of Texas, with the sole purpose of assisting in the funding of public education for present and future generations. The Constitution of 1876 described that the PSF would be "permanent," and stipulated that certain lands and all proceeds from the sale of these lands should also constitute the PSF. Additional acts later gave more public domain land and rights to the PSF. In 1953, the U.S. Congress passed the Submerged Lands Act that relinquished to coastal states all rights of the U.S. navigable waters within state boundaries. If the state, by law, had set a larger boundary prior to or at the time of admission to the Union, or if the boundary had been approved by Congress, then the larger boundary applied. After three years of litigation (1957-1960), the U. S. Supreme Court on May 31, 1960, affirmed Texas' historic three marine leagues (10.35 miles) seaward boundary. Texas proved its submerged lands property rights to three leagues into the Gulf of Mexico by citing historic laws and treaties dating back to 1836. All lands lying within that limit belong to the PSF. The proceeds from the sale and the mineral-related rental of these lands, including bonuses, delay rentals and royalty payments, become the corpus of the Fund. Prior to the approval by the voters of the State of an amendment to the constitutional provision under which the Fund is established and

administered, which occurred on September 13, 2003 (the "Total Return Constitutional Amendment"), and which is further described below, only the income produced by the PSF could be used to complement taxes in financing public education, which primarily consisted of income from securities, capital gains from securities transactions and royalties from the sale of oil and natural gas. The Total Return Constitutional Amendment provides that interest and dividends produced by Fund investments will be additional revenue to the PSF.

On November 8, 1983, the voters of the State approved a constitutional amendment that provides for the guarantee by the PSF of bonds issued by school districts. On approval by the State Commissioner of Education (the "Education Commissioner"), bonds properly issued by a school district are fully guaranteed by the PSF. See "The School District Bond Guarantee Program."

In 2011, legislation was enacted that established the Charter District Bond Guarantee Program as a new component of the Guarantee Program. That legislation authorized the use of the PSF to guarantee revenue bonds issued by or for the benefit of certain open-enrollment charter schools that are designated as "charter districts" by the Education Commissioner. On approval by the Education Commissioner, bonds properly issued by a charter district participating in the Guarantee Program are fully guaranteed by the PSF. The Charter District Bond Guarantee Program became effective on March 3, 2014. See "The Charter District Bond Guarantee Program."

State law also permits charter schools to be chartered and operated by school districts and other political subdivisions, but bond financing of facilities for school district-operated charter schools is subject to the School District Bond Guarantee Program, not the Charter District Bond Guarantee Program.

While the School District Bond Guarantee Program and the Charter District Bond Guarantee Program relate to different types of bonds issued for different types of Texas public schools, and have different program regulations and requirements, a bond guaranteed under either part of the Guarantee Program has the same effect with respect to the guarantee obligation of the Fund thereto, and all guaranteed bonds are aggregated for purposes of determining the capacity of the Guarantee Program (see "Capacity Limits for the Guarantee Program"). The Charter District Bond Guarantee Program as enacted by State law has not been reviewed by any court, nor has the Texas Attorney General (the "Attorney General") been requested to issue an opinion, with respect to its constitutional validity.

Audited financial information for the SBOE financial portfolios of the PSF is provided annually through the PSF Comprehensive Annual Financial Report (the "Annual Report"), which is filed with the Municipal Securities Rulemaking Board ("MSRB"). The SLB's land and real assets investment operations, which are part of the PSF as described below, are included in the annual financial report of the Texas General Land Office (the "GLO") that is included in the comprehensive annual report of the State of Texas. The Annual Report includes the Message of the Executive Administrator of the Fund (the "Message") and the Management's Discussion and Analysis ("MD&A"). The Annual Report for the year ended August 31, 2021, when filed with the MSRB in accordance with the PSF undertaking and agreement made in accordance with Rule 15c2-12 ("Rule 15c2-12") of the federal Securities and Exchange Commission (the "SEC"), as described below, is hereby incorporated by reference into this disclosure. Information included herein for the year ended August 31, 2021 is derived from the audited financial statements of the PSF, which are included in the Annual Report when and as it is filed and posted. Reference is made to the Annual Report for the complete Message and MD&A for the year ended August 31, 2021 and for a description of the financial results of the PSF for the year ended August 31, 2021, the most recent year for which audited financial information regarding the Fund is available. The 2021 Annual Report speaks only as of its date and the TEA has not obligated itself to update the 2021 Annual Report or any other Annual Report. The TEA posts (i) each Annual Report, which includes statistical data regarding the Fund as of the close of each fiscal year, (ii) the most recent disclosure for the Guarantee Program, (iii) the Statement of Investment Objectives, Policies and Guidelines of the Texas Permanent School Fund, which is codified at 19 Texas Administrative Code, Chapter 33 (the "Investment Policy"), and (iv) monthly updates with respect to the capacity of the Guarantee Program (collectively, the "Web Site Materials") on the TEA web site at http://tea.texas.gov/Finance_and_Grants/Permanent_School_Fund/ and with the MSRB at www.emma.msrb.org. Such monthly updates regarding the Guarantee Program are also incorporated herein and made a part hereof for all purposes. In addition to the Web Site Materials, the Fund is required to make quarterly filings with the SEC under Section 13(f) of the Securities Exchange Act of 1934. Such filings, which consist of a list of the Fund's holdings of securities specified in Section 13(f), including exchange-traded (e.g., NYSE) or NASDAQ-quoted stocks, equity options and warrants, shares of closed-end investment companies and certain convertible debt securities, is available from the SEC at www.sec.gov/edgar.shtml. A list of the Fund's equity and fixed income holdings as of August 31 of each year is posted to the TEA web site and filed with the MSRB. Such list excludes holdings in the Fund's securities lending program. Such list, as filed, is incorporated herein and made a part hereof for all purposes. See "Management Transition to the PSF Corporation" for ongoing changes in the management structure of the Fund that may result in changes to the annual audit prepared with respect to the Fund.

Management and Administration of the Fund Prior to the Implementation of SB 1232

The following discussion describes the legal and management structure of the Fund prior to full implementation of SB 1232, which has begun and is expected to continue in phases over an approximately two year period. See "Management Transition to the PSF Corporation" for summaries of certain laws applicable to the Fund pursuant to the Texas Constitution and SB 1232 and the ongoing changes in the management structure of the Fund.

The Texas Constitution and applicable statutes delegate to the SBOE the authority and responsibility for investment of the PSF's financial assets. The SBOE consists of 15 members who are elected by territorial districts in the State to four year terms of office.

The Texas Constitution provides that the Fund shall be managed through the exercise of the judgment and care under the circumstances then prevailing which persons of ordinary prudence, discretion and intelligence exercise in the management of their own affairs, not in regard to speculation, but in regard to the permanent disposition of their funds, considering the probable income therefrom as well as the probable safety of their capital (the "Prudent Person Standard"). The SBOE has adopted a "Statement of Investment Objectives, Policies, and Guidelines of the Texas Permanent School Fund," which is codified in the Texas Administrative Code beginning at 19 TAC section 33.1.

In accordance with the Texas Constitution, the SBOE views the PSF as a perpetual endowment, and the Fund is managed as an endowment fund with a long-term investment horizon. Under the total-return investment objective, the Investment Policy provides that the PSF shall be managed consistently with respect to the following: generating income for the benefit of the public free schools of Texas, the real growth of the corpus of the PSF, protecting capital, and balancing the needs of present and future generations of Texas school children. As described below, the Total Return Constitutional Amendment restricts the annual pay-out from the Fund to both (i) 6% of the average of the market value of the Fund, excluding real property, on the last day of each of the sixteen State fiscal quarters preceding the Regular Session of the Legislature that begins before that State fiscal biennium, and (ii) the total-return on all investment assets of the Fund over a rolling ten-year period.

By law, the Education Commissioner is appointed by the Governor, with Senate confirmation, and assists the SBOE, but the Education Commissioner can neither be hired nor dismissed by the SBOE. The Executive Administrator of the Fund is hired by and reports to the Education Commissioner. Moreover, although the Fund's Executive Administrator and the PSF staff at TEA implement the decisions of and provide information to the School Finance/PSF Committee of the SBOE (the "PSF Committee of the SBOE") and the full SBOE, the SBOE can neither select nor dismiss the Executive Administrator. TEA's General Counsel provides legal advice to the Executive Administrator and to the SBOE. The SBOE has also engaged outside counsel to advise it as to its

duties over the Fund, including specific actions regarding the investment of the PSF to ensure compliance with fiduciary standards, and to provide transactional advice in connection with the investment of Fund assets in non-traditional investments.

The Total Return Constitutional Amendment shifted administrative costs of the Fund from the ASF to the PSF, providing that expenses of managing the PSF are to be paid "by appropriation" from the PSF. In January 2005, the Attorney General issued a legal opinion, Op. Tex. Att'y Gen. No. GA-0293 (2005), stating that the Total Return Constitutional Amendment does not require the SBOE to pay from such appropriated PSF funds the indirect management costs deducted from the assets of a mutual fund or other investment company in which PSF funds have been invested.

The SBOE/PSF investment staff and the SBOE's investment consultant for the Fund are tasked with advising the SBOE with respect to the implementation of the Fund's asset allocation policy, including the timing and manner of the selection of any external managers and other consultants.

The SBOE contracts with a financial institution for custodial and securities lending services in addition to the performance measurement of the total return of the Fund's financial assets managed by the SBOE. A consultant is typically retained for the purpose of providing consultation with respect to strategic asset allocation decisions and to assist the SBOE in selecting external fund management advisors. Like other State agencies and instrumentalities that manage large investment portfolios, the PSF has an incentive compensation plan that may provide additional compensation for investment personnel, depending upon the criteria relating to the investment performance of the Fund.

The Act requires that the Education Commissioner prepare, and the SBOE approve, an annual status report on the Guarantee Program (which is included in the Annual Report). The State Auditor audits the financial statements of the PSF, which are separate from other financial statements of the State.

Texas law assigns to the SLB the ability to control of the Fund's land and mineral rights and make investments in real assets. Administrative duties related to the land and mineral rights reside with the GLO, which is under the guidance of the elected commissioner of the GLO (the "Land Commissioner). The SLB manages the proceeds of the land and mineral rights that are administered by the GLO on behalf of the Fund. The SLB is governed by a five member board, the membership of which consists of the Land Commissioner, who sits as the chairman of the board, and four citizen members appointed by the Governor. The SLB and is generally authorized to invest in the following asset classes:

- Discretionary real assets investments consisting of externally managed real estate, infrastructure, and energy/minerals investment funds, separate accounts, and co-investment vehicles; internally managed direct real estate investments, and associated cash;
- Sovereign and other lands, being the lands set aside for the Fund when it was created, and other various lands not considered discretionary real asset investments; and,
- Mineral interests associated with Fund lands.

At August 31, 2021, the SLB managed approximately 15% of the PSF, as reflected in the fund balance of the PSF at that date. See "Management Transition to the PSF Corporation" for a summary of SB 1232 and its expected impact on the management and operations of the Fund.

In 2019, the Texas Legislature enacted legislation that required an annual joint meeting of the SLB and the SBOE for the purpose of discussing the allocation of the assets of the PSF and the investment of money in the PSF. Other legislation enacted in 2019 included a bill that created a "permanent school fund liquid account" (the "Liquid Account") in the PSF for the purpose of receiving funds transferred from the SLB on a quarterly basis that are not then invested by the SLB or needed within the forthcoming quarter for investment by the SBOE. That legislation also provided for the SBOE to administer and invest the Liquid Account and required the TEA, in consultation with the GLO, to conduct a study regarding distributions to the ASF from the PSF. That study (the "PSF Distribution Study"), dated August 31, 2020, is available at <https://tea.texas.gov/sites/default/files/TEA-Distribution-Study.pdf>.

Management Transition to the PSF Corporation

In accordance with SB 1232, at its November 2021 board meeting, the SBOE approved the articles of formation of the PSF Corporation. The articles were filed on December 1, 2021, thus effecting the creation of the PSF Corporation. SB 1232 authorizes the SBOE to delegate investment authority over the PSF and the Charter District Reserve Fund to the PSF Corporation. The bill also provides that the PSF Corporation, the SBOE and TEA must coordinate to determine the PSF Corporation's role in the operation and management of the Guarantee Program to ensure the proper and efficient operation of the program.

The description of SB 1232 that follows summarizes some key provisions of the bill. The full text of the bill can be found at <https://capitol.texas.gov/BillLookup/Text.aspx?LegSess=87R&Bill=SB1232>. SB 1232 provides for various transition dates relating to implementation of the bill, with the latest dates generally occurring in calendar year 2023. As a result, the full implementation of SB 1232 will necessarily evolve over time with the timing of certain aspects of its implementation yet to be determined.

As allowed by SB 1232, the PSF Corporation has been created as a special-purpose governmental corporation and instrumentality of the State which is entitled to sovereign immunity. The PSF Corporation is to be governed by nine-member board of directors (the "Board"), consisting of five members of the SBOE, the Land Commissioner, and three appointed members who have substantial background and expertise in investments and asset management; with one of the appointees being appointed by the Land Commissioner and the other two appointed by the Governor with confirmation by the Senate.

At the inaugural meeting of the Board in January 2022, the Board appointed the Executive Administrator of the Fund as the interim chief executive officer of the PSF Corporation and in April 2022 the Executive Administrator of the Fund was confirmed as the chief executive officer of the PSF Corporation. The chief executive officer will report to the Board. Any amendments to the PSF Corporation's articles of formation and bylaws will be adopted by the Board but are subject to approval by the SBOE.

Notwithstanding the management transition for the Fund from the SBOE to the PSF Corporation, the provisions of the Texas Constitution that formerly applied to the SBOE's management will continue to provide a framework for the management of the Fund. In particular, the Prudent Person Standard is applicable to the PSF Corporation, and the Total Return Constitutional Amendment will govern distributions from the PSF to the ASF by the SBOE. A separate constitutional provision allowing distributions from the PSF to the ASF that is currently used by the SLB was also granted to the PSF Corporation. When determining any amount to distribute, the PSF Corporation may consider distributions made by the SBOE. In addition, the Fund will continue to be managed as a perpetual endowment for the benefit of citizens of the State.

The SLB's investments in real estate investment funds and real asset investment funds will transfer to the PSF Corporation. Beginning December 31, 2022, the SLB will no longer be authorized to make investments into funds; however, the SLB will still be able to invest in land, mineral and royalty interests, and direct real estate holdings; the SLB will also be required to send PSF

mineral revenue to the PSF Corporation for investment, subject to designation via the appropriations process to cover GLO expenses of managing the minerals. Tentatively, the transfer of SLB assets to the management of the PSF Corporation is expected to occur in late 2022 or early 2023, but exceptions could be made for specific investments.

In connection with the transfer of SLB's investment funds to the PSF Corporation, the PSF Corporation will also determine when the Liquid Account can be abolished, and any remaining balance transferred to the PSF managed by the PSF Corporation.

Not less than once each year, the Board must submit an audit report to the Legislative Budget Board ("LBB") regarding the operations of the PSF Corporation. The PSF Corporation may contract with a certified public accountant or the State Auditor to conduct an independent audit of the operations of the PSF Corporation, but such authorization does not affect the State Auditor's authority to conduct an audit of the PSF Corporation in accordance with other State laws.

As required by State law, during the 87th Regular Session the LBB issued a fiscal note on SB 1232. The fiscal note stated that uncertainty exists regarding the nature of future returns and the effect of the bill on distributions from all components of the PSF to the ASF, such that the financial impact of the bill could not be determined during the legislative session. However, the fiscal note stated that TEA and the GLO projected that the changes effected by the bill will have a positive fiscal impact in terms of growth of the Fund and future Fund distributions. No assurances can be given as to future investment results for the Fund.

The State general appropriations act for fiscal years 2022-23 required TEA (and GLO) to submit a plan to the LBB describing the steps required to implement SB 1232, and the plan was submitted on September 1, 2021. The plan included a description of appropriated funds and full time equivalent employees ("FTEs") to be transferred to PSF Corporation and identified costs to accrue to TEA as a result of such transfers. The plan identified a cost range of approximately \$8,000,000 to \$11,000,000 required in connection with the establishment of the PSF Corporation. During the Summer or Fall of 2022, an appropriation request is expected to be made by the chief executive officer of the PSF Corporation acting in cooperation with the Board to LBB in preparation for the 2024-2025 State biennium.

The Total Return Constitutional Amendment

The Total Return Constitutional Amendment approved a fundamental change in the way that distributions are made to the ASF from the PSF. Prior to the adoption of the Total Return Constitutional Amendment, all interest and dividend income produced by Fund investments flowed into the ASF, where they were distributed to local school districts and open-enrollment charter schools based on average daily attendance, any net gains from investments of the Fund were reflected in the value of the PSF, and costs of administering the PSF were allocated to the ASF. The Total Return Constitutional Amendment requires that PSF distributions to the ASF be determined using a 'total-return-based' formula instead of the 'current-income-based' formula, which was used from 1964 to the end of the 2003 fiscal year. The Total Return Constitutional Amendment provides that the total amount distributed from the Fund to the ASF: (1) in each year of a State fiscal biennium must be an amount that is not more than 6% of the average of the market value of the Fund, excluding real property (the "Distribution Rate"), on the last day of each of the sixteen State fiscal quarters preceding the Regular Session of the Legislature that begins before that State fiscal biennium, in accordance with the rate adopted by: (a) a vote of two-thirds of the total membership of the SBOE, taken before the Regular Session of the Legislature convenes or (b) the Legislature by general law or appropriation, if the SBOE does not adopt a rate as provided by clause (a); and (2) over the ten-year period consisting of the current State fiscal year and the nine preceding state fiscal years may not exceed the total return on all investment assets of the Fund over the same ten-year period (the "Ten Year Total Return"). In April 2009, the Attorney General issued a legal opinion, Op. Tex. Att'y Gen. No. GA-0707 (2009) ("GA-0707"), with regard to certain matters pertaining to the Distribution Rate and the determination of the Ten Year Total Return. In GA-0707 the Attorney General opined, among other advice, that (i) the Ten Year Total Return should be calculated on an annual basis, (ii) a contingency plan adopted by the SBOE, to permit monthly transfers equal in aggregate to the annual Distribution Rate to be halted and subsequently made up if such transfers temporarily exceed the Ten Year Total Return, is not prohibited by State law, provided that such contingency plan applies only within a fiscal year time basis, not on a biennium basis, and (iii) that the amount distributed from the Fund in a fiscal year may not exceed 6% of the average of the market value of the Fund or the Ten Year Total Return. In accordance with GA-0707, in the event that the Ten Year Total Return is exceeded during a fiscal year, transfers to the ASF will be halted. However, if the Ten Year Total Return subsequently increases during that biennium, transfers may be resumed, if the SBOE has provided for that contingency, and made in full during the remaining period of the biennium, subject to the limit of 6% in any one fiscal year. Any shortfall in the transfer that results from such events from one biennium may not be paid over to the ASF in a subsequent biennium as the SBOE would make a separate payout determination for that subsequent biennium.

In determining the Distribution Rate, the SBOE has adopted the goal of maximizing the amount distributed from the Fund in a manner designed to preserve "intergenerational equity." The definition of intergenerational equity that the SBOE has generally followed is the maintenance of purchasing power to ensure that endowment spending keeps pace with inflation, with the ultimate goal being to ensure that current and future generations are given equal levels of purchasing power in real terms. In making this determination, the SBOE takes into account various considerations, and relies upon its staff and external investment consultants, which undertake analysis for long-term projection periods that includes certain assumptions. Among the assumptions used in the analysis are a projected rate of growth of student enrollment State-wide, the projected contributions and expenses of the Fund, projected returns in the capital markets and a projected inflation rate.

On November 8, 2011, a referendum was held in the State at which voters of the State approved amendments that effected an increase to the base amount used in calculating the Distribution Rate from the Fund to the ASF and authorized the SLB to make direct transfers to the ASF, as described below.

The November 8, 2011 referendum included an increase to the base used to calculate the Distribution Rate by adding to the calculation base certain discretionary real assets and cash in the Fund that is managed by entities other than the SBOE (at present, by the SLB). The value of those assets was already included in the value of the Fund for purposes of the Guarantee Program, but prior to the amendment had not been included in the calculation base for purposes of making transfers from the Fund to the ASF. While the amendment provided for an increase in the base for the calculation of approximately \$2 billion, no new resources were provided for deposit to the Fund. As described under "The Total Return Constitutional Amendment" the SBOE is prevented from approving a Distribution Rate or making a pay out from the Fund if the amount distributed would exceed 6% of the average of the market value of the Fund, excluding real property in the Fund, but including discretionary real asset investments on the last day of each of the sixteen State fiscal quarters preceding the Regular Session of the Legislature that begins before that State fiscal biennium or if such pay out would exceed the Ten Year Total Return.

The constitutional amendments approved on November 8, 2011, also provided authority to the GLO or another entity (described in statute as the SLB) that has responsibility for the management of revenues derived from land or other properties of the PSF to determine whether to transfer an amount each year to the ASF from the revenue derived during the current year from such land or

properties. Prior to November 2019, the amount authorized to be transferred to the ASF from the GLO or SLB was limited to \$300 million per year. On November 5, 2019, a constitutional amendment was approved by State voters that increased the maximum transfer to the ASF to \$600 million each year from the revenue derived during that year from the PSF from the GLO, the SBOE or another entity to the extent such entity has the responsibility for the management of revenues derived from such land or other properties. Any amount transferred to the ASF pursuant to this constitutional provision is excluded from the 6% Distribution Rate limitation applicable to SBOE transfers.

The following table shows amounts distributed to the ASF from the portions of the Fund administered by the SBOE (the "PSF(SBOE)") and the SLB (the "PSF(SLB)").

Annual Distributions to the Available School Fund¹

<u>Fiscal Year Ending</u>	<u>2012</u>	<u>2013</u>	<u>2014</u>	<u>2015</u>	<u>2016</u>	<u>2017</u>	<u>2018</u>	<u>2019</u>	<u>2020</u>	<u>2021</u>
PSF(SBOE) Distribution	\$1,021	\$1,021	\$839	\$839	\$1,056	\$1,056	\$1,236	\$1,236	\$1,102	\$1,102
PSF(SLB) Distribution	\$0	\$300	\$0	\$0	\$0	\$0	\$0	\$300	\$600	\$600 ²
Per Student Distribution	\$221	\$281	\$175	\$173	\$215	\$212	\$247	\$306	\$347	\$341

¹ In millions of dollars. Source: PSF Annual Report for year ended August 31, 2021.

² In September 2020, the SBOE approved a special, one-time transfer of \$300 million from the portion of the PSF managed by the SBOE to the portion of the PSF managed by the SLB, which amount is to be transferred to the ASF by the SLB in fiscal year 2021. In approving the special transfer, the SBOE determined that the transfer was in the best interest of the PSF due to the historic nature of the public health and economic circumstances resulting from the COVID-19 pandemic and its impact on the school children of Texas.

In November 2020, the SBOE approved a projected \$3.4 billion distribution to the ASF for State fiscal biennium 2022-2023. In making its determination of the 2022-2023 Distribution Rate, the SBOE took into account the announced planned distribution to the ASF by the SLB of \$875 million for the biennium.

Efforts to achieve the intergenerational equity objective, as described above, result in changes in the Distribution Rate for each biennial period. The following table sets forth the Distribution Rates announced by the SBOE in the fall of each even numbered year to be applicable for the following biennium.

<u>State Fiscal Biennium</u>	<u>2008-09</u>	<u>2010-11</u>	<u>2012-13</u>	<u>2014-15</u>	<u>2016-17</u>	<u>2018-19</u>	<u>2020-21</u>	<u>2022-23</u>
<u>SBOE Distribution Rate¹</u>	3.5%	2.5%	4.2%	3.3%	3.5%	3.7%	2.974%	4.18%

¹ Includes only distributions made to the ASF by the SBOE; see the immediately preceding table for amounts of direct SLB distributions to the ASF.

See "Management Transition to the PSF Corporation" for a discussion of planned changes in the management of the Fund that may impact distributions to the ASF.

Asset Allocation of Fund Portfolios

With respect to the management of the Fund's financial assets portfolio, the single most significant change made to date as a result of the Total Return Constitutional Amendment has been new asset allocation policies adopted from time to time by the SBOE. The SBOE generally reviews the asset allocations during its summer meeting in even-numbered years. The first asset allocation policy adopted by the SBOE following the Total Return Constitutional Amendment was in February 2004, and the policy was reviewed and modified or reaffirmed in the summers of each even-numbered year, most recently in June 2022. The Fund's Investment Policy provides for minimum and maximum ranges among the components of each of the asset classifications: equities, fixed income and alternative asset investments. The alternative asset allocation category includes real estate, real return, absolute return and private equity components. Alternative asset classes diversify the SBOE-managed assets and are not as correlated to traditional asset classes, which is intended to increase investment returns over the long run while reducing risk and return volatility of the portfolio. Given the greater weighting in the overall portfolio of passively managed investments, it is expected that the Fund will reflect the general performance returns of the markets in which the Fund is invested.

The most recent asset allocation of the PSF(SBOE), approved by the SBOE in June 2022, is set forth below, along with the current asset allocations of the PSF(SLB) and the asset allocation of the Liquid Account (the Liquid Account asset allocation was most recently revised in June 2022).

The next scheduled review of the PSF(SBOE) asset allocation is June 2024. See "Management Transition to the PSF Corporation" for a discussion of planned changes in the management of the Fund that could affect the responsibility for review of the asset allocation and the timing of asset allocation review, as well as elimination of the Liquid Account.

PSF Strategic Asset Allocations

	<u>PSF(SBOE)</u>	<u>PSF(SLB)</u>	<u>Liquid Account</u>
Equity Total	55%	0%	77%
Public Equity Total	37%	0%	77%

Source: PSF Annual Report for year ended August 31, 2021.

¹ The investments shown in the table above at August 31, 2021 do not fully reflect the changes made to the PSF Strategic Asset Allocation in 2020, as those changes were still being phased in at the end of the fiscal year.

In accordance with legislation enacted during 2019, the PSF has established the Liquid Account for purposes of investing cash received from the SLB to be invested in liquid assets and managed by the SBOE in the same manner it manages the PSF. That

cash was previously included in the PSF valuation but was held and invested by the State Comptroller. See "Management Transition to the PSF Corporation" for a discussion of planned changes in the management of the Fund that could result in the dissolution of the Liquid Account and a blending of assets held in the Liquidity Account into the general investment portfolio of the Fund.

The table below sets forth the investments of the Liquid Account for the year ended August 31, 2021.

Liquid Account Fair Value at August 31, 2021¹

Cash at State Treasury ²	<u>699.2</u>	<u>333.8</u>	<u>365.4</u>	109.5%
Total PSF(SLB)				
Investments	\$8,687.2	\$6,902.4	\$1,784.8	25.9%

¹ The fair values of externally managed real assets investment funds, separate accounts, and co-investment vehicles are estimated using the most recent valuations available, adjusted for subsequent contributions and withdrawals.

² Cash at State Treasury represents amounts that have been deposited in the State Treasury and temporarily invested in short-term investments until called for investment by the external real assets investment funds, separate accounts, and co-investment vehicles to which PSF(SLB) has made capital commitments. Prior to September 1, 2019, PSF(SLB) was required by statute to deposit cash designated by the SLB for investment in real assets in the State Treasury until it is drawn for investment. After September 1, 2019, that cash was moved to the Liquid Account to be invested by the SBOE.

The asset allocation of the Fund's financial assets portfolio is subject to change by the SBOE from time to time based upon a number of factors, including recommendations to the SBOE made by internal investment staff and external consultants. Fund performance may also be affected by factors other than asset allocation, including, without limitation, the general performance of the securities markets and other capital markets in the United States and abroad, which may be affected by different levels of economic activity; decisions of political officeholders; significant adverse weather events and the market impact of domestic and international climate change; development of hostilities in and among nations; cybersecurity threats and events; changes in international trade policies or practices; application of the Prudent Person Standard, which may eliminate certain investment

opportunities for the Fund; management fees paid to external managers and embedded management fees for some fund investments; and, PSF operational limitations impacted by Texas law or legislative appropriation. See "Management Transition to the PSF Corporation" for a discussion of planned changes in the management of the Fund that may affect these factors. The Guarantee Program could also be impacted by changes in State or federal law or regulations or the implementation of new accounting standards.

The School District Bond Guarantee Program

The School District Bond Guarantee Program requires an application be made by a school district to the Education Commissioner for a guarantee of its bonds. If the conditions for the School District Bond Guarantee Program are satisfied, the guarantee becomes effective upon approval of the bonds by the Attorney General and remains in effect until the guaranteed bonds are paid or defeased, by a refunding or otherwise.

In the event of default, holders of guaranteed school district bonds will receive all payments due from the corpus of the PSF. Following a determination that a school district will be or is unable to pay maturing or matured principal or interest on any guaranteed bond, the Act requires the school district to notify the Education Commissioner not later than the fifth day before the stated maturity date of such bond or interest payment. Immediately following receipt of such notice, the Education Commissioner must cause to be transferred from the appropriate account in the PSF to the Paying Agent/Registrar an amount necessary to pay the maturing or matured principal and interest. Upon receipt of funds for payment of such principal or interest, the Paying Agent/Registrar must pay the amount due and forward the canceled bond or evidence of payment of the interest to the State Comptroller of Public Accounts (the "Comptroller"). The Education Commissioner will instruct the Comptroller to withhold the amount paid, plus interest, from the first State money payable to the school district. The amount withheld pursuant to this funding "intercept" feature will be deposited to the credit of the PSF. The Comptroller must hold such canceled bond or evidence of payment of the interest on behalf of the PSF. Following full reimbursement of such payment by the school district to the PSF with interest, the Comptroller will cancel the bond or evidence of payment of the interest and forward it to the school district. The Act permits the Education Commissioner to order a school district to set a tax rate sufficient to reimburse the PSF for any payments made with respect to guaranteed bonds, and also sufficient to pay future payments on guaranteed bonds, and provides certain enforcement mechanisms to the Education Commissioner, including the appointment of a board of managers or annexation of a defaulting school district to another school district.

If a school district fails to pay principal or interest on a bond as it is stated to mature, other amounts not due and payable are not accelerated and do not become due and payable by virtue of the district's default. The School District Bond Guarantee Program does not apply to the payment of principal and interest upon redemption of bonds, except upon mandatory sinking fund redemption, and does not apply to the obligation, if any, of a school district to pay a redemption premium on its guaranteed bonds. The guarantee applies to all matured interest on guaranteed school district bonds, whether the bonds were issued with a fixed or variable interest rate and whether the interest rate changes as a result of an interest reset provision or other bond order provision requiring an interest rate change. The guarantee does not extend to any obligation of a school district under any agreement with a third party relating to guaranteed bonds that is defined or described in State law as a "bond enhancement agreement" or a "credit agreement," unless the right to payment of such third party is directly as a result of such third party being a bondholder.

In the event that two or more payments are made from the PSF on behalf of a district, the Education Commissioner shall request the Attorney General to institute legal action to compel the district and its officers, agents and employees to comply with the duties required of them by law in respect to the payment of guaranteed bonds.

Generally, the regulations that govern the School District Bond Guarantee Program (the "SDBGP Rules") limit guarantees to certain types of notes and bonds, including, with respect to refunding bonds issued by school districts, a requirement that the bonds produce debt service savings, and that bonds issued for capital facilities of school districts must have been voted as unlimited tax debt of the issuing district. The Guarantee Program Rules include certain accreditation criteria for districts applying for a guarantee of their bonds, and limit guarantees to districts that have less than the amount of annual debt service per average daily attendance that represents the 90th percentile of annual debt service per average daily attendance for all school districts, but such limitation will not apply to school districts that have enrollment growth of at least 25% over the previous five school years. The SDBGP Rules are codified in the Texas Administrative Code at 19 TAC section 33.65 and are available at <https://tea.texas.gov/sites/default/files/ch033a.pdf>.

The Charter District Bond Guarantee Program

The Charter District Bond Guarantee Program became effective March 3, 2014. The SBOE published final regulations in the Texas Register that provide for the administration of the Charter District Bond Guarantee Program (the "CDBGP Rules"). The CDBGP Rules are codified at 19 TAC section 33.67 and are available at <https://tea.texas.gov/sites/default/files/ch033a.pdf>.

The Charter District Bond Guarantee Program has been authorized through the enactment of amendments to the Act, which provide that a charter holder may make application to the Education Commissioner for designation as a "charter district" and for a guarantee by the PSF under the Act of bonds issued on behalf of a charter district by a non-profit corporation. If the conditions for the Charter District Bond Guarantee Program are satisfied, the guarantee becomes effective upon approval of the bonds by the Attorney General and remains in effect until the guaranteed bonds are paid or defeased, by a refunding or otherwise.

As of March 2022 (the most recent date for which data is available), the percentage of students enrolled in open-enrollment charter schools (excluding charter schools authorized by school districts) to the total State scholastic census was approximately 6.98%. At August 2, 2022, there were 192 active open-enrollment charter schools in the State and there were 910 charter school campuses active under such charters (though as of such date, 28 of such campuses are not currently serving students for various reasons). Section 12.101, Texas Education Code, as amended by the Legislature in 2013, limits the number of charters that the Education Commissioner may grant to 215 charters as of the end of fiscal year 2014, with the number increasing in each fiscal year thereafter through 2019 to a total number of 305 charters. While legislation limits the number of charters that may be granted, it does not limit the number of campuses that may operate under a particular charter. For information regarding the capacity of the Guarantee Program, see "Capacity Limits for the Guarantee Program." The Act provides that the Education Commissioner may not approve the guarantee of refunding or refinanced bonds under the Charter District Bond Guarantee Program in a total amount that exceeds one-half of the total amount available for the guarantee of charter district bonds under the Charter District Bond Guarantee Program.

In accordance with the Act, the Education Commissioner may not approve charter district bonds for guarantee if such guarantees will result in lower bond ratings for public school district bonds that are guaranteed under the School District Bond Guarantee Program. To be eligible for a guarantee, the Act provides that a charter district's bonds must be approved by the Attorney General, have an unenhanced investment grade rating from a nationally recognized investment rating firm, and satisfy a limited investigation conducted by the TEA.

The Charter District Bond Guarantee Program does not apply to the payment of principal and interest upon redemption of bonds, except upon mandatory sinking fund redemption, and does not apply to the obligation, if any, of a charter district to pay a

redemption premium on its guaranteed bonds. The guarantee applies to all matured interest on guaranteed charter district bonds, whether the bonds were issued with a fixed or variable interest rate and whether the interest rate changes as a result of an interest reset provision or other bond resolution provision requiring an interest rate change. The guarantee does not extend to any obligation of a charter district under any agreement with a third party relating to guaranteed bonds that is defined or described in State law as a "bond enhancement agreement" or a "credit agreement," unless the right to payment of such third party is directly as a result of such third party being a bondholder.

The Act provides that immediately following receipt of notice that a charter district will be or is unable to pay maturing or matured principal or interest on a guaranteed bond, the Education Commissioner is required to instruct the Comptroller to transfer from the Charter District Reserve Fund to the district's paying agent an amount necessary to pay the maturing or matured principal or interest. If money in the Charter District Reserve Fund is insufficient to pay the amount due on a bond for which a notice of default has been received, the Education Commissioner is required to instruct the Comptroller to transfer from the PSF to the district's paying agent the amount necessary to pay the balance of the unpaid maturing or matured principal or interest. If a total of two or more payments are made under the Charter District Bond Guarantee Program on charter district bonds and the Education Commissioner determines that the charter district is acting in bad faith under the program, the Education Commissioner may request the Attorney General to institute appropriate legal action to compel the charter district and its officers, agents, and employees to comply with the duties required of them by law in regard to the guaranteed bonds. As is the case with the School District Bond Guarantee Program, the Act provides a funding "intercept" feature that obligates the Education Commissioner to instruct the Comptroller to withhold the amount paid with respect to the Charter District Bond Guarantee Program, plus interest, from the first State money payable to a charter district that fails to make a guaranteed payment on its bonds. The amount withheld will be deposited, first, to the credit of the PSF, and then to restore any amount drawn from the Charter District Reserve Fund as a result of the non-payment.

The CDBGP Rules provide that the PSF may be used to guarantee bonds issued for the acquisition, construction, repair, or renovation of an educational facility for an open-enrollment charter holder and equipping real property of an open-enrollment charter school and/or to refinance promissory notes executed by an open-enrollment charter school, each in an amount in excess of \$500,000 the proceeds of which loans were used for a purpose described above (so-called new money bonds) or for refinancing bonds previously issued for the charter school that were approved by the attorney general (so-called refunding bonds). Refunding bonds may not be guaranteed under the Charter District Bond Guarantee Program if they do not result in a present value savings to the charter holder.

The CDBGP Rules provide that an open-enrollment charter holder applying for charter district designation and a guarantee of its bonds under the Charter District Bond Guarantee Program satisfy various provisions of the regulations, including the following: It must (i) have operated at least one open-enrollment charter school with enrolled students in the State for at least three years; (ii) agree that the bonded indebtedness for which the guarantee is sought will be undertaken as an obligation of all entities under common control of the open-enrollment charter holder, and that all such entities will be liable for the obligation if the open-enrollment charter holder defaults on the bonded indebtedness, provided, however, that an entity that does not operate a charter school in Texas is subject to this provision only to the extent it has received state funds from the open-enrollment charter holder; (iii) have had completed for the past three years an audit for each such year that included unqualified or unmodified audit opinions; and (iv) have received an investment grade credit rating within the last year. Upon receipt of an application for guarantee under the Charter District Bond Guarantee Program, the Education Commissioner is required to conduct an investigation into the financial status of the applicant charter district and of the accreditation status of all open-enrollment charter schools operated under the charter, within the scope set forth in the CDBGP Rules. Such financial investigation must establish that an applying charter district has a historical debt service coverage ratio, based on annual debt service, of at least 1.1 for the most recently completed fiscal year, and a projected debt service coverage ratio, based on projected revenues and expenses and maximum annual debt service, of at least 1.2. The failure of an open-enrollment charter holder to comply with the Act or the applicable regulations, including by making any material misrepresentations in the charter holder's application for charter district designation or guarantee under the Charter District Bond Guarantee Program, constitutes a material violation of the open-enrollment charter holder's charter.

From time to time, TEA has limited new guarantees under the Charter District Bond Guarantee Program to conform to capacity limits specified by the Act. Legislation enacted during the Legislature's 2017 regular session modified the manner of calculating the capacity of the Charter District Bond Guarantee Program (the "CDBGP Capacity"), which further increased the amount of the CDBGP Capacity, beginning with State fiscal year 2018, but that provision of the law does not increase overall Program capacity, it merely makes available to the Charter District Bond Guarantee Program a greater share of capacity in the Guarantee Program. The CDBGP Capacity is made available from the capacity of the Guarantee Program but is not reserved exclusively for the Charter District Bond Guarantee Program. See "Capacity Limits for the Guarantee Program" and "2017 Legislative Changes to the Charter District Bond Guarantee Program." Other factors that could increase the CDBGP Capacity include Fund investment performance, future increases in the Guarantee Program multiplier, changes in State law that govern the calculation of the CDBGP Capacity, as described below, changes in State or federal law or regulations related to the Guarantee Program limit, growth in the relative percentage of students enrolled in open-enrollment charter schools to the total State scholastic census, legislative and administrative changes in funding for charter districts, changes in level of school district or charter district participation in the Guarantee Program, or a combination of such circumstances.

Capacity Limits for the Guarantee Program

The capacity of the Fund to guarantee bonds under the Guarantee Program is limited to the lesser of that imposed by State law (the "State Capacity Limit") and that imposed by regulations and a notice issued by the IRS (the "IRS Limit", with the limit in effect at any given time being the "Capacity Limit"). From 2005 through 2009, the Guarantee Program twice reached capacity under the IRS Limit, and in each instance the Guarantee Program was closed to new bond guarantee applications until relief was obtained from the IRS. The most recent closure of the Guarantee Program commenced in March 2009 and the Guarantee Program reopened in February 2010 on the basis of receipt of the IRS Notice.

Prior to 2007, various legislation was enacted modifying the calculation of the State Capacity limit; however, in 2007, Senate Bill 389 ("SB 389") was enacted, providing for increases in the capacity of the Guarantee Program, and specifically providing that the SBOE may by rule increase the capacity of the Guarantee Program from two and one-half times the cost value of the PSF to an amount not to exceed five times the cost value of the PSF, provided that the increased limit does not violate federal law and regulations and does not prevent bonds guaranteed by the Guarantee Program from receiving the highest available credit rating, as determined by the SBOE. SB 389 further provided that the SBOE shall at least annually consider whether to change the capacity of the Guarantee Program. Additionally, on May 21, 2010, the SBOE modified the SDBGP Rules, and increased the State Capacity Limit to an amount equal to three times the cost value of the PSF. Such modified regulations, including the revised capacity rule, became effective on July 1, 2010. The SDBGP Rules provide that the Education Commissioner may reduce the multiplier to maintain the AAA credit rating of the Guarantee Program but also provide that any changes to the multiplier made by the Education Commissioner are to be ratified or rejected by the SBOE at the next meeting following the change. See "Valuation of the PSF and Guaranteed Bonds" below.

Since September 2015, the SBOE has periodically voted to change the capacity multiplier as shown in the following table.

<u>Changes in SBOE-determined multiplier for State Capacity Limit</u>	
<u>Date</u>	<u>Multiplier</u>
Prior to May 2010	2.50
May 2010	3.00
September 2015	3.25
February 2017	3.50
September 2017	3.75
February 2018 (current)	3.50

Prior to the issuance of the IRS Notice (defined below), the capacity of the program under the IRS Limit was limited to two and one-half times the lower of cost or fair market value of the Fund's assets adjusted by a factor that excluded additions to the Fund made since May 14, 1989. On December 16, 2009, the IRS published Notice 2010-5 (the "IRS Notice") stating that the IRS would issue proposed regulations amending the existing regulations to raise the IRS limit to 500% of the total cost of the assets held by the PSF as of December 16, 2009. In accordance with the IRS Notice, the amount of any new bonds to be guaranteed by the PSF, together with the then outstanding amount of bonds previously guaranteed by the PSF, must not exceed the IRS limit on the sale date of the new bonds to be guaranteed. The IRS Notice further provided that the IRS Notice may be relied upon for bonds sold on or after December 16, 2009, and before the effective date of future regulations or other public administrative guidance affecting funds like the PSF.

On September 16, 2013, the IRS published proposed regulations (the "Proposed IRS Regulations") that, among other things, would enact the IRS Notice. The preamble to the Proposed IRS Regulations provides that issuers may elect to apply the Proposed IRS Regulations, in whole or in part, to bonds sold on or after September 16, 2013, and before the date that final regulations became effective.

On July 18, 2016, the IRS issued final regulations enacting the IRS Notice (the "Final IRS Regulations"). The Final IRS Regulations are effective for bonds sold on or after October 17, 2016. The IRS Notice, the Proposed IRS Regulations and the Final IRS Regulations establish a static capacity for the Guarantee Program based upon the cost value of Fund assets on December 16, 2009, multiplied by five. On December 16, 2009, the cost value of the Guarantee Program was \$23,463,730,608 (estimated and unaudited), thereby producing an IRS Limit of approximately \$117.3 billion.

In September 2015, the SBOE also approved a new 5% capacity reserve for the Charter District Bond Guarantee Program. The State Capacity Limit increased from \$128,247,002,583 on August 31, 2020 to \$135,449,634,408 on August 31, 2021 (but at such date the IRS Limit (\$117,318,653,038) remained the lower of the two, so it is the current Capacity Limit for the Fund).

Since July 1991, when the SBOE amended the Guarantee Program Rules to broaden the range of bonds that are eligible for guarantee under the Guarantee Program to encompass most Texas school district bonds, the principal amount of bonds guaranteed under the Guarantee Program has increased sharply. In addition, in recent years a number of factors have caused an increase in the amount of bonds issued by school districts in the State. See the table "Permanent School Fund Guaranteed Bonds" below. Effective September 1, 2009, the Act provides that the SBOE may annually establish a percentage of the cost value of the Fund to be reserved from use in guaranteeing bonds (the "Capacity Reserve"). The SDBGP Rules provide for a minimum Capacity Reserve for the overall Guarantee Program of no less than 5% and provide that the amount of the Capacity Reserve may be increased by a majority vote of the SBOE. The CDBGP Rules provide for an additional 5% reserve of CDBGP Capacity. The Education Commissioner is authorized to change the Capacity Reserve, which decision must be ratified or rejected by the SBOE at its next meeting following any change made by the Education Commissioner. The current Capacity Reserve is noted in the monthly updates with respect to the capacity of the Guarantee Program on the TEA web site at http://tea.texas.gov/Finance_and_Grants/Permanent_School_Fund/, which are also filed with the MSRB.

Based upon historical performance of the Fund, the legal restrictions relating to the amount of bonds that may be guaranteed has generally resulted in a lower ratio of guaranteed bonds to available assets as compared to many other types of credit enhancements that may be available for Texas school district bonds and charter district bonds. However, the ratio of Fund assets to guaranteed bonds and the growth of the Fund in general could be adversely affected by a number of factors, including Fund investment performance, investment objectives of the Fund, an increase in bond issues by school districts in the State or legal restrictions on the Fund, changes in State laws that implement funding decisions for school districts and charter districts, which could adversely affect the credit quality of those districts, the implementation of the Charter District Bond Guarantee Program, or significant changes in distributions to the ASF. The issuance of the IRS Notice and the Final IRS Regulations resulted in a substantial increase in the amount of bonds guaranteed under the Guarantee Program. As the amount of guaranteed bonds approaches the IRS Limit, the SBOE is seeking changes to the existing federal tax law requirements regarding the Guarantee Program with the objective of obtaining an increase in the IRS Limit, but no assurances can be given that the SBOE will be successful in that undertaking. The implementation of the Charter School Bond Guarantee Program has also increased the total amount of guaranteed bonds.

2017 Legislative Changes to the Charter District Bond Guarantee Program

The CDBGP Capacity is established by the Act. During the 85th Texas Legislature, which concluded on May 29, 2017, Senate Bill 1480 ("SB 1480") was enacted. SB 1480 amended the Act to modify how the CDBGP Capacity is established effective as of September 1, 2017 and made other substantive changes to the Charter District Bond Guarantee Program. Prior to the enactment of SB 1480, the CDBGP Capacity was calculated as the Capacity Limit less the amount of outstanding bond guarantees under the Guarantee Program multiplied by the percentage of charter district scholastic population relative to the total public school scholastic population. SB 1480 amended the CDBGP Capacity calculation so that the Capacity Limit is multiplied by the percentage of charter district scholastic population relative to the total public school scholastic population prior to the subtraction of the outstanding bond guarantees, thereby increasing the CDBGP Capacity. SB 1480 provided for the implementation of the new method of calculating the CDBGP Capacity to begin with the State fiscal year that commences September 1, 2021 (the State's fiscal year 2022) but authorized the SBOE discretion to increase the CDBGP Capacity incrementally in the intervening four fiscal years, beginning with fiscal year 2018 by up to a cumulative 20% in each fiscal year (for a total maximum increase of 80% in fiscal year 2021) as compared to the capacity figure calculated under the Act as of January 1, 2017, which it has done.

The percentage of the charter district scholastic population to the overall public school scholastic population has grown from 3.53% in September 2012 to 6.83% in March 2021. TEA is unable to predict how the ratio of charter district students to the total State scholastic population will change over time.

In addition to modifying the manner of determining the CDBGP Capacity, SB 1480 provided that the Education Commissioner's investigation of a charter district application for guarantee may include an evaluation of whether the charter district bond security documents provide a security interest in real property pledged as collateral for the bond and the repayment obligation under the

proposed guarantee. The Education Commissioner may decline to approve the application if the Education Commissioner determines that sufficient security is not provided. The Act and the CDBGP Rules previously required the Education Commissioner to make an investigation of the accreditation status and certain financial criteria for a charter district applying for a bond guarantee, which remain in place.

Since the initial authorization of the Charter District Bond Guarantee Program, the Act has established a bond guarantee reserve fund in the State treasury (the "Charter District Reserve Fund"). Formerly, the Act provided that each charter district that has a bond guaranteed must annually remit to the Education Commissioner, for deposit in the Charter District Reserve Fund, an amount equal to 10% of the savings to the charter district that is a result of the lower interest rate on its bonds due to the guarantee by the PSF. SB 1480 modified the Act insofar as it pertains to the Charter District Reserve Fund. Effective September 1, 2017, the Act provides that a charter district that has a bond guaranteed must remit to the Education Commissioner, for deposit in the Charter District Reserve Fund, an amount equal to 20% of the savings to the charter district that is a result of the lower interest rate on the bond due to the guarantee by the PSF. The amount due shall be paid on receipt by the charter district of the bond proceeds. However, the deposit requirement will not apply if the balance of the Charter District Reserve Fund is at least equal to 3.00% of the total amount of outstanding guaranteed bonds issued by charter districts. At June 30, 2022, the Charter District Reserve Fund contained \$80,001,668, which represented approximately 2.13% of the guaranteed charter district bonds. The Reserve Fund is held and invested as a non-commingled fund under the administration of the PSF staff.

Charter District Risk Factors

Open-enrollment charter schools in the State may not charge tuition and, unlike school districts, charter districts have no taxing power. Funding for charter district operations is largely from amounts appropriated by the Legislature. Additionally, the amount of State payments a charter district receives is based on a variety of factors, including the enrollment at the schools operated by a charter district, and may be affected by the State's economic performance and other budgetary considerations and various political considerations.

Other than credit support for charter district bonds that is provided to qualifying charter districts by the Charter District Bond Guarantee Program, State funding for charter district facilities construction is limited to a program established by the Legislature in 2017, which provides \$60 million per year for eligible charter districts with an acceptable performance rating for a variety of funding purposes, including for lease or purchase payments for instructional facilities. Since State funding for charter facilities is limited, charter schools generally issue revenue bonds to fund facility construction and acquisition, or fund facilities from cash flows of the school. Some charter districts have issued non-guaranteed debt in addition to debt guaranteed under the Charter District Bond Guarantee Program, and such non-guaranteed debt is likely to be secured by a deed of trust covering all or part of the charter district's facilities. In March 2017, the TEA began requiring charter districts to provide the TEA with a lien against charter district property as a condition to receiving a guarantee under the Charter District Bond Guarantee Program. However, charter district bonds issued and guaranteed under the Charter District Bond Guarantee Program prior to the implementation of the new requirement did not have the benefit of a security interest in real property, although other existing debts of such charter districts that are not guaranteed under the Charter District Bond Guarantee Program may be secured by real property that could be foreclosed on in the event of a bond default.

As a general rule, the operation of a charter school involves fewer State requirements and regulations for charter holders as compared to other public schools, but the maintenance of a State-granted charter is dependent upon on-going compliance with State law and regulations, which are monitored by TEA. TEA has a broad range of enforcement and remedial actions that it can take as corrective measures, and such actions may include the loss of the State charter, the appointment of a new board of directors to govern a charter district, the assignment of operations to another charter operator, or, as a last resort, the dissolution of an open-enrollment charter school. Charter holders are governed by a private board of directors, as compared to the elected boards of trustees that govern school districts.

As described above, the Act includes a funding "intercept" function that applies to both the School District Bond Guarantee Program and the Charter District Bond Guarantee Program. However, school districts are viewed as the "educator of last resort" for students residing in the geographical territory of the district, which makes it unlikely that State funding for those school districts would be discontinued, although the TEA can require the dissolution and merger into another school district if necessary to ensure sound education and financial management of a school district. That is not the case with a charter district, however, and open-enrollment charter schools in the State have been dissolved by TEA from time to time. If a charter district that has bonds outstanding that are guaranteed by the Charter District Bond Guarantee Program should be dissolved, debt service on guaranteed bonds of the district would continue to be paid to bondholders in accordance with the Charter District Bond Guarantee Program, but there would be no funding available for reimbursement of the PSF by the Comptroller for such payments. As described under "The Charter District Bond Guarantee Program," the Act established the Charter District Reserve Fund, which could in the future be a significant reimbursement resource for the PSF.

Infectious Disease Outbreak

Since the onset of the COVID-19 pandemic in March 2020, TEA and TEA investment management for the PSF have continued to operate and function pursuant to the TEA continuity of operations plan developed as mandated in accordance with Texas Labor Code Section 412.054. That plan was designed to ensure performance of the Agency's essential missions and functions under such threats and conditions in the event of, among other emergencies, a pandemic event.

Results of the PSF operations through the fiscal year ended August 31, 2021 and at other periodic points in time are set forth herein or incorporated herein by reference. Fund management is of the view that since the onset of the pandemic the Fund has performed generally in accordance with its portfolio benchmarks and with returns generally seen in the national and international investment markets in which the Fund is invested (see "Discussion and Analysis Pertaining to Fiscal Year Ended August 31, 2021").

Circumstances regarding the COVID-19 pandemic continue to evolve; for additional information on these events in the State, reference is made to the website of the Governor, <https://gov.texas.gov/>, and, with respect to public school events, the website of TEA, <https://tea.texas.gov/texas-schools/safe-and-healthy-schools/coronavirus-covid-19-support-and-guidance>.

TEA cannot predict whether any school or charter district may experience short- or longer-term cash flow emergencies as a direct or indirect effect of COVID-19 that would require a payment from the PSF to be made to a paying agent for a guaranteed bond. However, through the end of December 2021, no school district or charter district had failed to perform with respect to making required payments on their guaranteed bonds. Information regarding the respective financial operations of the issuer of bonds

guaranteed, or to be guaranteed, by the PSF is provided by such issuers in their respective bond offering documents and the TEA takes no responsibility for the respective information, as it is provided by the respective issuers.

For information on the September 2020 special, one-time transfer of \$300 million from the portion of the PSF managed by the SBOE to the portion of the PSF managed by the SLB, that was made in light of the public health and economic circumstances resulting from the COVID-19 pandemic and its impact on the school children of Texas, see "The Total Return Constitutional Amendment."

Ratings of Bonds Guaranteed Under the Guarantee Program

Moody's Investors Service, Inc., S&P Global Ratings and Fitch Ratings, Inc. rate bonds guaranteed by the PSF "Aaa," "AAA" and "AAA," respectively. Not all districts apply for multiple ratings on their bonds, however. See "RATING" herein.

Valuation of the PSF and Guaranteed Bonds

Permanent School Fund Valuations

Fiscal Year Ended 8/31	Book Value ⁽¹⁾	Market Value ⁽¹⁾
2017	\$31,870,581,428	\$41,438,672,573
2018	33,860,358,647	44,074,197,940
2019	35,288,344,219	46,464,447,981
2020	36,642,000,738	46,764,059,745
2021 ⁽²⁾	38,699,045,012	55,581,401,632

⁽¹⁾ SLB managed assets are included in the market value and book value of the Fund. In determining the market value of the PSF from time to time during a fiscal year, the TEA uses current, unaudited values for TEA managed investment portfolios and cash held by the SLB. With respect to SLB managed assets shown in the table above, market values of land and mineral interests, internally managed real estate, investments in externally managed real estate funds and cash are based upon information reported to the PSF by the SLB. The SLB reports that information to the PSF on a quarterly basis. The valuation of such assets at any point in time is dependent upon a variety of factors, including economic conditions in the State and nation in general, and the values of these assets, and, in particular, the valuation of mineral holdings administered by the SLB, can be volatile and subject to material changes from period to period.

⁽²⁾ At August 31, 2021, mineral assets, sovereign and other lands and internally managed discretionary real estate, external discretionary real estate investments, domestic equities, and cash managed by the SLB had book values of approximately \$13.4 million, \$183.7 million, \$4,655.9 million, \$4.7 million, and \$699.2 million, respectively, and market values of approximately \$2,720.4 million, \$629.3 million, \$4,636.6 million, \$1.8 million, and \$699.2 million, respectively. At June 30, 2022, the PSF had a book value of \$42,172,303,083 and a market value of \$52,315,129,702. June 30, 2022 values are based on unaudited data, which is subject to adjustment.

Permanent School Fund Guaranteed Bonds

At 8/31	Principal Amount ⁽¹⁾
2017	\$74,266,090,023
2018	79,080,901,069
2019	84,397,900,203
2020	90,336,680,245
2021	92,259,161,922 ⁽²⁾

⁽¹⁾ Represents original principal amount; does not reflect any subsequent accretions in value for compound interest bonds (zero coupon securities). The amount shown excludes bonds that have been refunded and released from the Guarantee Program. The TEA does not maintain records of the accreted value of capital appreciation bonds that are guaranteed under the Guarantee Program.

⁽²⁾ At August 31, 2021 (the most recent date for which such data is available), the TEA expected that the principal and interest to be paid by school districts and charter districts over the remaining life of the bonds guaranteed by the Guarantee Program was \$144,196,223,433, of which \$48,937,061,511 represents interest to be paid. As shown in the table above, at August 31, 2021, there were \$95,259,161,922 in principal amount of bonds guaranteed under the Guarantee Program. Using the IRS Limit of \$117,318,653,038 (the IRS Limit is currently the Capacity Limit), net of the Capacity Reserve, as of June 30, 2022, 6.98% of the Guarantee Program's capacity was available to the Charter District Bond Guarantee Program. As of June 30, 2022, the amount of outstanding bond guarantees represented 85.37% of the Capacity Limit (which is currently the IRS Limit). June 30, 2022 values are based on unaudited data, which is subject to adjustment.

Permanent School Fund Guaranteed Bonds by Category⁽¹⁾

Fiscal Year Ended 8/31	School District Bonds		Charter District Bonds		Totals	
	No. of Issues	Principal Amount	No. of Issues	Principal Amount	No. of Issues	Principal Amount
2017	3,253	\$72,884,480,023	40	\$1,381,610,000	3,293	\$74,266,090,023
2018	3,249	77,647,966,069	44	1,432,935,000	3,293	79,080,901,069
2019	3,297	82,537,755,203	49	1,860,145,000	3,346	84,397,900,203
2020	3,296	87,800,478,245	64	2,536,202,000	3,360	90,336,680,245
2021 ⁽²⁾	3,346	91,951,175,922	83	3,307,986,000	3,429	95,259,161,922

⁽¹⁾ Represents original principal amount; does not reflect any subsequent accretions in value for compound interest bonds (zero coupon securities). The amount shown excludes bonds that have been refunded and released from the Guarantee Program.

⁽²⁾ At June 30, 2022 (based on unaudited data, which is subject to adjustment), there were \$100,155,117,640 of bonds guaranteed under the Guarantee Program, representing 3,366 school district issues, aggregating \$96,400,426,640 in principal amount and 96

charter district issues, aggregating \$3,754,691,000 in principal amount. At June 30, 2022, the CDBG Capacity was \$7,779,399,883 (based on unaudited data, which is subject to adjustment).

Discussion and Analysis Pertaining to Fiscal Year Ended August 31, 2021

The following discussion is derived from the Annual Report for the year ended August 31, 2021, including the Message of the Executive Administrator of the Fund and the Management's Discussion and Analysis contained therein. Reference is made to the Annual Report, as filed with the MSRB, for the complete Message and MD&A. Investment assets managed by the fifteen member SBOE are referred to throughout this MD&A as the PSF(SBOE) and, with respect to the Liquid Account, Liquid(SBOE) assets. As of August 31, 2021, the Fund's land, mineral rights and certain real assets are managed by the five-member SLB and these assets are referred to throughout as the PSF(SLB) assets. The current PSF(SBOE) asset allocation policy includes an allocation for real estate investments, and as such investments are made, and become a part of the PSF(SBOE) investment portfolio, those investments will be managed by the SBOE and not the SLB.

At the end of fiscal 2021, the Fund balance was \$55.6 billion, an increase of \$8.9 billion from the prior year. This increase is primarily due to overall net increases in value of the asset classes in which the Fund is invested. During the year, the SBOE continued implementing the long-term strategic asset allocation, diversifying the PSF(SBOE) to strengthen the Fund. The asset allocation is projected to increase returns over the long run while reducing risk and portfolio return volatility. The PSF(SBOE) annual rates of return for the one-year, five-year, and ten-year periods ending August 31, 2021, net of fees, were 22.97%, 10.49% and 9.05%, respectively, and the Liquid(SBOE) annual rate of return for the one-year period ending August 31, 2021, net of fees, was 4.90% (total return takes into consideration the change in the market value of the Fund during the year as well as the interest and dividend income generated by the Fund's investments). In addition, the SLB continued its shift into externally managed real asset investment funds, and the one-year, five-year, and ten-year annualized total returns for the PSF(SLB) externally managed real assets, net of fees and including cash, were 12.81%, 1.56%, and 4.18%, respectively.

The market value of the Fund's assets is directly impacted by the performance of the various financial markets in which the assets are invested. The most important factors affecting investment performance are the asset allocation decisions made by the SBOE and SLB. The current SBOE long term asset allocation policy allows for diversification of the PSF(SBOE) portfolio into alternative asset classes whose returns are not as positively correlated as traditional asset classes. The implementation of the long term asset allocation will occur over several fiscal years and is expected to provide incremental total return at reduced risk. See "Comparative Investment Schedule - PSF(SBOE)" for the PSF(SBOE) holdings as of August 31, 2021.

As of August 31, 2021, the SBOE has approved, and the Fund made capital commitments to, externally managed real estate investment funds in a total amount of \$5.7 billion and capital commitments to private equity limited partnerships for a total of \$7.5 billion. Unfunded commitments at August 31, 2021, totaled \$2.0 billion in real estate investments and \$2.4 billion in private equity investments.

PSF Returns Fiscal Year Ended 8-31-2021¹

Portfolio	Return	Benchmark Return ²
Total PSF(SBOE) Portfolio	22.97%	20.73%
Domestic Large Cap Equities(SBOE)	31.26	31.17
Domestic Small/Mid Cap Equities(SBOE)	47.88	47.40
International Equities(SBOE)	25.27	24.87

Liquid Combined(SBOE)	4.90	4.27
PSF(SLB)	12.81	N/A

¹ Time weighted rates of return adjusted for cash flows for the PSF(SBOE) investment assets. Does not include GLO managed real estate or real assets. Returns are net of fees. Source: PSF Annual Report for year ended August 31, 2021.

² Benchmarks are as set forth in the PSF Annual Report for year ended August 31, 2021.

The PSF(SLB) portfolio is generally characterized by three broad categories: (1) discretionary real assets investments, (2) sovereign and other lands, and (3) mineral interests. Discretionary real assets investments consist of externally managed real estate, infrastructure, and energy/minerals investment funds; internally managed direct real estate investments, and cash. Sovereign and other lands consist primarily of the lands set aside to the PSF when it was created. Mineral interests consist of all of the minerals that are associated with PSF lands. The investment focus of PSF(SLB) discretionary real assets investments has shifted from internally managed direct real estate investments to externally managed real assets investment funds. The PSF(SLB) makes investments in certain limited partnerships that legally commit it to possible future capital contributions. At August 31, 2021, the remaining commitments totaled approximately \$2.24 billion.

For fiscal year 2021, total revenues, inclusive of unrealized gains and losses and net of security lending rebates and fees, totaled \$10.8 billion, an increase of \$8.8 billion from fiscal year 2020 earnings of \$2.0 billion. This increase reflects the performance of the securities markets in which the Fund was invested in fiscal year 2021. In fiscal year 2021, revenues earned by the Fund included

lease payments, bonuses and royalty income received from oil, gas and mineral leases; lease payments from commercial real estate; surface lease and easement revenues; revenues from the resale of natural and liquid gas supplies; dividends, interest, and securities lending revenues; the net change in the fair value of the investment portfolio; and, other miscellaneous fees and income.

Expenditures are paid from the Fund before distributions are made under the total return formula. Such expenditures include the costs incurred by the SLB to manage the land endowment, as well as operational costs of the Fund, including external management fees paid from appropriated funds. Total operating expenditures, net of security lending rebates and fees, increased 42.5% for the fiscal year ending August 31, 2021. This increase is primarily attributable to an increase in PSF(SLB) quantities of purchased gas for resale in the State Energy Management Program, which is administered by the SLB as part of the Fund.

The Fund directly supports the public school system in the State by distributing a predetermined percentage of its asset value to the ASF. For fiscal years 2020 and 2021, the distribution from the SBOE to the ASF totaled \$1.1 billion and \$1.1 billion, respectively. Distributions from the SLB to the ASF for fiscal years 2020 and 2021 totaled \$600 and \$600 million, respectively.

At the end of the 2021 fiscal year, PSF assets guaranteed \$95.3 billion in bonds issued by 880 local school districts and charter districts, the latter of which entered into the Guarantee Program during the 2014 fiscal year. Since its inception in 1983, the Fund has guaranteed 8,203 school district and charter district bond issues totaling \$220.2 billion in principal amount. During the 2021 fiscal year, the number of outstanding issues guaranteed under the Guarantee Program totaled 3,429. The dollar amount of guaranteed school and charter bond issues outstanding increased by \$4.9 billion or 5.4%. The State Capacity Limit increased by \$7.2 billion, or 5.6%, during fiscal year 2021 due to continued growth in the cost basis of the Fund used to calculate that Program capacity limit. The effective capacity of the Guarantee Program did not increase during fiscal year 2021 as the IRS Limit was reached in a prior fiscal year, and it is the lower of the two State and federal capacity limits for the Guarantee Program.

Other Events and Disclosures

The State Investment Ethics Code governs the ethics and disclosure requirements for financial advisors and other service providers who advise certain State governmental entities, including the PSF. In accordance with the provisions of the State Investment Ethics Code, the SBOE periodically modifies its code of ethics, which occurred most recently in April 2018. The SBOE code of ethics includes prohibitions on sharing confidential information, avoiding conflict of interests and requiring disclosure filings with respect to contributions made or received in connection with the operation or management of the Fund. The code of ethics applies to members of the SBOE as well as to persons who are responsible by contract or by virtue of being a TEA PSF staff member for managing, investing, executing brokerage transactions, providing consultant services, or acting as a custodian of the PSF, and persons who provide investment and management advice to a member of the SBOE, with or without compensation under certain circumstances. The code of ethics is codified in the Texas Administrative Code at 19 TAC sections 33.5 et seq. and is available on the TEA web site at <https://tea.texas.gov/sites/default/files/ch033a.pdf>.

In addition, the GLO has established processes and controls over its administration of real estate transactions and is subject to provisions of the Texas Natural Resources Code and its own internal procedures in administering real estate transactions for assets it manages for the Fund.

The TEA received an appropriation of \$30.4 million for each of the fiscal years 2020, and 2021.

As of August 31, 2021, certain lawsuits were pending against the State and/or the GLO, which challenge the Fund's title to certain real property and/or past or future mineral income from that property, and other litigation arising in the normal course of the investment activities of the PSF. Reference is made to the Annual Report, when filed, for a description of such lawsuits that are pending, which may represent contingent liabilities of the Fund.

PSF Continuing Disclosure Undertaking

The SBOE has adopted an investment policy rule (the "TEA Rule") pertaining to the PSF and the Guarantee Program. The TEA Rule is codified in Section I of the TEA Investment Procedure Manual, which relates to the Guarantee Program and is posted to the TEA web site at http://tea.texas.gov/Finance_and_Grants/Texas_Permanent_School_Fund/Texas_Permanent_School_Fund_Disclosure_Statement_-_Bond_Guarantee_Program/. The most recent amendment to the TEA Rule was adopted by the SBOE on February 1, 2019 and is summarized below. Through the adoption of the TEA Rule and its commitment to guarantee bonds, the SBOE has made the following agreement for the benefit of the issuers, holders and beneficial owners of guaranteed bonds. The TEA (or its successor with respect to the management of the Guarantee Program) is required to observe the agreement for so long as it remains an "obligated person," within the meaning of Rule 15c2-12, with respect to guaranteed bonds. Nothing in the TEA Rule obligates the TEA to make any filings or disclosures with respect to guaranteed bonds, as the obligations of the TEA under the TEA Rule pertain solely to the Guarantee Program. The issuer or an "obligated person" of the guaranteed bonds has assumed the applicable obligation under Rule 15c2-12 to make all disclosures and filings relating directly to guaranteed bonds, and the TEA takes no responsibility with respect to such undertakings. Under the TEA agreement, the TEA will be obligated to provide annually certain updated financial information and operating data, and timely notice of specified material events, to the MSRB.

The MSRB has established the Electronic Municipal Market Access ("EMMA") system, and the TEA is required to file its continuing disclosure information using the EMMA system. Investors may access continuing disclosure information filed with the MSRB at www.emma.msrb.org, and the continuing disclosure filings of the TEA with respect to the PSF can be found at <https://emma.msrb.org/IssueView/Details/ER355077> or by searching for "Texas Permanent School Fund Bond Guarantee Program" on EMMA.

Annual Reports

The TEA will annually provide certain updated financial information and operating data to the MSRB. The information to be updated includes all quantitative financial information and operating data with respect to the Guarantee Program and the PSF of the general type included in this Official Statement under the heading "THE PERMANENT SCHOOL FUND GUARANTEE PROGRAM." The information also includes the Annual Report. The TEA will update and provide this information within six months after the end of each fiscal year.

The TEA may provide updated information in full text or may incorporate by reference certain other publicly-available documents, as permitted by Rule 15c2-12. The updated information includes audited financial statements of, or relating to, the State or the PSF, when and if such audits are commissioned and available. Financial statements of the State will be prepared in accordance with generally accepted accounting principles as applied to state governments, as such principles may be changed from time to time, or such other accounting principles as the State Auditor is required to employ from time to time pursuant to State law or regulation. The financial statements of the Fund were prepared to conform to U.S. Generally Accepted Accounting Principles as established by the Governmental Accounting Standards Board.

The Fund is reported by the State of Texas as a permanent fund and accounted for on a current financial resources measurement focus and the modified accrual basis of accounting. Measurement focus refers to the definition of the resource flows measured. Under the modified accrual basis of accounting, all revenues reported are recognized based on the criteria of availability and measurability. Assets are defined as available if they are in the form of cash or can be converted into cash within 60 days to be usable for payment of current liabilities. Amounts are defined as measurable if they can be estimated or otherwise determined. Expenditures are recognized when the related fund liability is incurred.

The State's current fiscal year end is August 31. Accordingly, the TEA must provide updated information by the last day of February in each year, unless the State changes its fiscal year. If the State changes its fiscal year, the TEA will notify the MSRB of the change.

Event Notices

The TEA will also provide timely notices of certain events to the MSRB. Such notices will be provided not more than ten business days after the occurrence of the event. The TEA will provide notice of any of the following events with respect to the Guarantee Program: (1) principal and interest payment delinquencies; (2) non-payment related defaults, if such event is material within the meaning of the federal securities laws; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions, the issuance by the IRS of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB), or other material notices or determinations with respect to the tax status of the Guarantee Program, or other material events affecting the tax status of the Guarantee Program; (7) modifications to rights of holders of bonds guaranteed by the Guarantee Program, if such event is material within the meaning of the federal securities laws; (8) bond calls, if such event is material within the meaning of the federal securities laws, and tender offers; (9) defeasances; (10) release, substitution, or sale of property securing repayment of bonds guaranteed by the Guarantee Program, if such event is material within the meaning of the federal securities laws; (11) rating changes of the Guarantee Program; (12) bankruptcy, insolvency, receivership, or similar event of the Guarantee Program (which is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent, or similar officer for the Guarantee Program in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the Guarantee Program, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the Guarantee Program); (13) the consummation of a merger, consolidation, or acquisition involving the Guarantee Program or the sale of all or substantially all of its assets, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if such event is material within the meaning of the federal securities laws; (14) the appointment of a successor or additional trustee with respect to the Guarantee Program or the change of name of a trustee, if such event is material within the meaning of the federal securities laws; (15) the incurrence of a financial obligation of the Guarantee Program, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the Guarantee Program, any of which affect security holders, if material; and (16) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the Guarantee Program, any of which reflect financial difficulties. (Neither the Act nor any other law, regulation or instrument pertaining to the Guarantee Program make any provision with respect to the Guarantee Program for bond calls, debt service reserves, credit enhancement, liquidity enhancement, early redemption or the appointment of a trustee with respect to the Guarantee Program.) In addition, the TEA will provide timely notice of any failure by the TEA to provide information, data, or financial statements in accordance with its agreement described above under "Annual Reports."

Availability of Information

The TEA has agreed to provide the foregoing information only to the MSRB and to transmit such information electronically to the MSRB in such format and accompanied by such identifying information as prescribed by the MSRB. The information is available from the MSRB to the public without charge at www.emma.msrb.org.

Limitations and Amendments

The TEA has agreed to update information and to provide notices of material events only as described above. The TEA has not agreed to provide other information that may be relevant or material to a complete presentation of its financial results of operations, condition, or prospects or agreed to update any information that is provided, except as described above. The TEA makes no representation or warranty concerning such information or concerning its usefulness to a decision to invest in or sell Bonds at any future date. The TEA disclaims any contractual or tort liability for damages resulting in whole or in part from any breach of its continuing disclosure agreement or from any statement made pursuant to its agreement, although holders of Bonds may seek a writ of mandamus to compel the TEA to comply with its agreement.

The continuing disclosure agreement of the TEA is made only with respect to the PSF and the Guarantee Program. The issuer of guaranteed bonds or an obligated person with respect to guaranteed bonds may make a continuing disclosure undertaking in accordance with Rule 15c2-12 with respect to its obligations arising under Rule 15c2-12 pertaining to financial information and operating data concerning such entity and events notices relating to such guaranteed bonds. A description of such undertaking, if any, is included elsewhere in the Official Statement.

This continuing disclosure agreement may be amended by the TEA from time to time to adapt to changed circumstances that arise from a change in legal requirements, a change in law, or a change in the identity, nature, status, or type of operations of the TEA, but only if (1) the provisions, as so amended, would have permitted an underwriter to purchase or sell guaranteed bonds in the primary offering of such bonds in compliance with Rule 15c2-12, taking into account any amendments or interpretations of Rule 15c2-12 since such offering as well as such changed circumstances and (2) either (a) the holders of a majority in aggregate principal amount of the outstanding bonds guaranteed by the Guarantee Program consent to such amendment or (b) a person that is unaffiliated with the TEA (such as nationally recognized bond counsel) determines that such amendment will not materially impair the interest of the holders and beneficial owners of the bonds guaranteed by the Guarantee Program. The TEA may also amend or repeal the provisions of its continuing disclosure agreement if the SEC amends or repeals the applicable provision of Rule 15c2-12 or a court of final jurisdiction enters judgment that such provisions of Rule 15c2-12 are invalid, but only if and to the extent that the provisions of this sentence would not prevent an underwriter from lawfully purchasing or selling bonds guaranteed by the Guarantee Program in the primary offering of such bonds.

Compliance with Prior Undertakings

Except as stated below, during the last five years, the TEA has not failed to substantially comply with its previous continuing disclosure agreements in accordance with Rule 15c2-12. On April 28, 2022 TEA became aware that it had not timely filed its 2021

Annual Report with EMMA due to an administrative oversight. TEA took corrective action and filed the 2021 Annual Report with EMMA on April 28, 2022, followed by a notice of late filing made with EMMA on April 29, 2022. TEA notes that the 2021 Annual Report was timely filed on the TEA website by the required filing date and that website posting has been incorporated by reference into TEA's Bond Guarantee Program disclosures that are included in school district and charter district offering documents.

SEC Exemptive Relief

On February 9, 1996, the TEA received a letter from the Chief Counsel of the SEC that pertains to the availability of the "small issuer exemption" set forth in paragraph (d)(2) of Rule 15c2-12. The letter provides that Texas school districts which offer municipal securities that are guaranteed under the Guarantee Program may undertake to comply with the provisions of paragraph (d)(2) of Rule 15c2-12 if their offerings otherwise qualify for such exemption, notwithstanding the guarantee of the school district securities under the Guarantee Program. Among other requirements established by Rule 15c2-12, a school district offering may qualify for the small issuer exemption if, upon issuance of the proposed series of securities, the school district will have no more than \$10 million of outstanding municipal securities.

STATE AND LOCAL FUNDING OF SCHOOL DISTRICTS IN TEXAS

Litigation Relating to the Texas Public School Finance System

On seven occasions in the last thirty years, the Texas Supreme Court (the "Court") has issued decisions assessing the constitutionality of the Texas public school finance system (the "Finance System"). The litigation has primarily focused on whether the Finance System, as amended by the Texas Legislature (the "Legislature") from time to time (i) met the requirements of article VII, section 1 of the Texas Constitution, which requires the Legislature to "establish and make suitable provision for the support and maintenance of an efficient system of public free schools," or (ii) imposed a statewide ad valorem tax in violation of article VIII, section 1-e of the Texas Constitution because the statutory limit on property taxes levied by school districts for maintenance and operation purposes had allegedly denied school districts meaningful discretion in setting their tax rates. In response to the Court's previous decisions, the Legislature enacted multiple laws that made substantive changes in the way the Finance System is funded in efforts to address the prior decisions declaring the Finance System unconstitutional.

On May 13, 2016, the Court issued its opinion in the most recent school finance litigation, *Morath v. The Texas Taxpayer & Student Fairness Coal.*, 490 S.W.3d 826 (Tex. 2016) ("*Morath*"). The plaintiffs and intervenors in the case had alleged that the Finance System, as modified by the Legislature in part in response to prior decisions of the Court, violated article VII, section 1 and article VIII, section 1-e of the Texas Constitution. In its opinion, the Court held that "[d]espite the imperfections of the current school funding regime, it meets minimum constitutional requirements." The Court also noted that:

Lawmakers decide if laws pass, and judges decide if those laws pass muster. But our lenient standard of review in this policy-laden area counsels modesty. The judicial role is not to second-guess whether our system is optimal, but whether it is constitutional. Our Byzantine school funding "system" is undeniably imperfect, with immense room for improvement. But it satisfies minimum constitutional requirements.

Possible Effects of Changes in Law on District Bonds

The Court's decision in *Morath* upheld the constitutionality of the Finance System but noted that the Finance System was "undeniably imperfect". While not compelled by the *Morath* decision to reform the Finance System, the Legislature could enact future changes to the Finance System. Any such changes could benefit or be a detriment to the District. If the Legislature enacts future changes to, or fails adequately to fund the Finance System, or if changes in circumstances otherwise provide grounds for a challenge, the Finance System could be challenged again in the future. In its 1995 opinion in *Edgewood Independent School District v. Meno*, 917 S.W.2d 717 (Tex. 1995), the Court stated that any future determination of unconstitutionality "would not, however, affect the district's authority to levy the taxes necessary to retire previously issued bonds, but would instead require the Legislature to cure the system's unconstitutionality in a way that is consistent with the Contract Clauses of the U.S. and Texas Constitutions" (collectively, the "Contract Clauses"), which prohibit the enactment of laws that impair prior obligations of contracts.

Although, as a matter of law, the Bonds, upon issuance and delivery, will be entitled to the protections afforded previously existing contractual obligations under the Contract Clauses, the District can make no representations or predictions concerning the effect of future legislation, or any litigation that may be associated with such legislation, on the District's financial condition, revenues or operations. While the enactment of future legislation to address school funding in Texas could adversely affect the financial condition, revenues or operations of the District, the District does not anticipate that the security for payment of the Bonds, specifically, the District's obligation to levy an unlimited debt service tax and any Permanent School Fund guarantee of the Bonds would be adversely affected by any such legislation. See "CURRENT PUBLIC SCHOOL FINANCE SYSTEM".

CURRENT PUBLIC SCHOOL FINANCE SYSTEM

Overview

The following language constitutes only a summary of the public school finance system as it is currently structured. For a more complete description of school finance and fiscal management in the State, reference is made to Chapters 43 through 49 of the Texas Education Code, as amended.

Local funding is derived from collections of ad valorem taxes levied on property located within each school district's boundaries. School districts are authorized to levy two types of property taxes: a maintenance and operations ("M&O") tax to pay current expenses and an interest and sinking fund ("I&S") tax to pay debt service on bonds. School districts may not increase their M&O tax rate for the purpose of creating a surplus to pay debt service on bonds. Prior to 2006, school districts were authorized to levy their M&O tax at a voter-approved rate, generally up to \$1.50 per \$100 of taxable value. Since 2006, the State Legislature has enacted various legislation that has compressed the voter-approved M&O tax rate, as described below. Current law also requires school districts to demonstrate their ability to pay debt service on outstanding bonded indebtedness through the levy of an I&S tax at a rate not to exceed \$0.50 per \$100 of taxable value at the time bonds are issued. Once bonds are issued, however, school districts generally may levy an I&S tax sufficient to pay debt service on such bonds unlimited as to rate or amount (see "TAX RATE LIMITATIONS – I&S Tax Rate Limitations" herein). Because property values vary widely among school districts, the amount of local funding generated by school districts with the same I&S tax rate and M&O tax rate is also subject to wide variation; however, the public school finance funding formulas are designed to generally equalize local funding generated by a school district's M&O tax rate.

Prior to the 2019 Legislative Session, a school district's maximum M&O tax rate for a given tax year was determined by multiplying that school district's 2005 M&O tax rate levy by an amount equal a compression percentage set by legislative appropriation or, in

the absence of legislative appropriation, by the Commissioner of Education (the “Commissioner”). This compression percentage was historically set at 66.67%, effectively setting the maximum compressed M&O tax rate for most school districts at \$1.00 per \$100 of taxable value, since most school districts in the State had a voted maximum M&O tax rate of \$1.50 per \$100 of taxable value (though certain school districts located in Harris County had special M&O tax rate authorizations allowing a higher M&O tax rate). School districts were permitted, however, to generate additional local funds by raising their M&O tax rate up to \$0.04 above the compressed tax rate or, with voter-approval at a valid election in the school district, up to \$0.17 above the compressed tax rate (for most school districts, this equated to an M&O tax rate between \$1.04 and \$1.17 per \$100 of taxable value). School districts received additional State funds in proportion to such taxing effort.

2021 Regular and Special Legislative Sessions

The Texas Legislature meets in regular session in odd-numbered years, for 140 days. The 87th Texas Legislature convened on January 12, 2021 and concluded on May 31, 2021 (“87th Regular Session”). During the 87th Regular Session, the Legislature did not make significant changes to the school finance system, State funding of school districts, nor ad valorem taxation procedures affecting school districts.

When the regular Legislature is not in session, the Governor of Texas may call one or more special sessions, at the Governor’s direction, each lasting no more than 30 days, and for which the Governor sets the agenda. Following the conclusion of the 87th Regular Session, the Texas Governor has called three special sessions of the Legislature. No significant changes were made to the Texas school finance system or property tax systems during the First and Second Special Sessions. Senate Joint Resolution 2, passed during the Third Special Session, proposed a constitutional amendment increasing the mandatory homestead exemption for school districts from \$25,000 to \$40,000, which was approved by voters at an election held May 7, 2022. The amendment to the Constitution is effective beginning January 1, 2022. As a result of the increased exemption, additional changes to the education finance system will be implemented, including “hold harmless” allotments, to provide funding to school districts who have less revenue (including revenues specifically for debt service and maintenance and operations) due to the implementation of the increased homestead exemption. At this time, the District cannot ascertain the financial impact, if any, the change in homestead exemption will have on the District’s finances.

The District can make no representations or predictions regarding any actions the Legislature may take during future legislative sessions concerning the substance or the effect of any legislation that previously passed, or may be passed.

Local Funding for School Districts

A school district’s M&O tax rate is composed of two distinct parts: the “Tier One Tax Rate”, which is the local M&O tax rate required for a school district to receive any part of the basic level of State funding (referred to herein as “Tier One”) under the Foundation School Program, as further described below, and the “Enrichment Tax Rate”, which is any local M&O tax effort in excess of its Tier One Tax Rate. Formulas for the State Compression Percentage and Maximum Compressed Tax Rate (each as described below) are designed to compress M&O tax rates in response to year-over-year increases in property values across the State and within a school district, respectively. The discussion in this subcaption “Local Funding For School Districts” is generally intended to describe funding provisions applicable to all school districts; however, there are distinctions in the funding formulas for school districts that generate local M&O tax revenues in excess of the school districts’ funding entitlements, as further discussed under the subcaption “CURRENT PUBLIC SCHOOL FINANCE SYSTEM – Local Revenue Level In Excess of Entitlement” herein.

State Compression Percentage

The State Compression Percentage is a statutorily-defined percentage of the rate of \$1.00 per \$100 that is used to determine a school district’s Maximum Compressed Tax Rate (described below). The State Compression Percentage is the lesser of three alternative calculations: (1) 93% or a lower percentage set by appropriation for a school year; (2) a percentage determined by formula if the estimated total taxable property value of the State (as submitted annually to the State Legislature by the State Comptroller) has increased by at least 2.5% over the prior year; and (3) the prior year State Compression Percentage. For any year, the maximum State Compression Percentage is 93%. For the State fiscal year ending in 2022, the State Compression Percentage is set at 91.34%.

Maximum Compressed Tax Rate

The Maximum Compressed Tax Rate (the “MCR”) is the tax rate per \$100 of valuation of taxable property at which a school district must levy its Tier One Tax Rate to receive the full amount of the Tier One funding to which the school district is entitled. The MCR is equal to the lesser of three alternative calculations: (1) the school district’s prior year MCR; (2) a percentage determined by formula if the school district experienced a year-over-year increase in property value of at least 2.5%; or (3) the product of the State Compression Percentage for the current year multiplied by \$1.00. However, each year the TEA shall evaluate the MCR for each school district in the State, and for any given year, if a school district’s MCR is calculated to be less than 90% of any other school district’s MCR for the current year, then the school district’s MCR is instead equal to the school district’s prior year MCR, until TEA determines that the difference between the school district’s MCR and any other school district’s MCR is not more than 10%. These compression formulas are intended to more closely equalize local generation of Tier One funding among districts with disparate tax bases and generally reduce the Tier One Tax Rates of school districts as property values increase. During the 2021 Legislative Session, a provision of the general appropriations act reduced the maximum MCR for the 2021-2022 school year. It established \$0.9134 as the maximum rate and \$0.8220 as the floor.

Tier One Tax Rate

A school district’s Tier One Tax Rate is defined as a school district’s M&O tax rate levied that does not exceed the school district’s MCR.

Enrichment Tax Rate

The Enrichment Tax Rate is the number of cents a school district levies for M&O in excess of the Tier One Tax Rate, up to an additional \$0.17. The Enrichment Tax Rate is divided into two components: (i) “Golden Pennies” which are the first \$0.08 of tax effort in excess of a school district’s Tier One Tax Rate; and (ii) “Copper Pennies” which are the next \$0.09 in excess of a school district’s Tier One Tax Rate plus Golden Pennies.

School districts may levy an Enrichment Tax Rate at a level of their choice, subject to the limitations described under “TAX RATE LIMITATIONS – Public Hearing and Voter-Approval Tax Rate”; however to levy any of the Enrichment Tax Rate in a given year, a school district must levy a Tier One Tax Rate equal to the school district’s MCR. Additionally, a school district’s levy of Copper Pennies is subject to compression if the guaranteed yield (i.e., the guaranteed level of local tax revenue and State aid generated for

each cent of tax effort) of Copper Pennies is increased from one year to the next (see “CURRENT PUBLIC SCHOOL FINANCE SYSTEM – State Funding for School Districts – Tier Two”).

State Funding for School Districts

State funding for school districts is provided through the two-tiered Foundation School Program, which guarantees certain levels of funding for school districts in the State. School districts are entitled to a legislatively appropriated guaranteed yield on their Tier One Tax Rate and Enrichment Tax Rate. When a school district’s Tier One Tax Rate and Enrichment Tax Rate generate tax revenues at a level below the respective entitlement, the State will provide “Tier One” funding or “Tier Two” funding, respectively, to fund the difference between the school district’s entitlements and the calculated M&O revenues generated by the school district’s respective M&O tax rates.

The first level of funding, Tier One, is the basic level of funding guaranteed to all school districts based on a school district’s Tier One Tax Rate. Tier One funding may then be “enriched” with Tier Two funding. Tier Two provides a guaranteed entitlement for each cent of a school district’s Enrichment Tax Rate, allowing a school district increase or decrease its Enrichment Tax Rate to supplement Tier One funding at a level of the school district’s own choice. While Tier One funding may be used for the payment of debt service (except for school districts subject to the recapture provisions of Chapter 49 of the Texas Education Code, as discussed herein), and in some instances is required to be used for that purpose (see “TAX RATE LIMITATIONS – I&S Tax Rate Limitations”), Tier Two funding may not be used for the payment of debt service or capital outlay.

The current public school finance system also provides an Existing Debt Allotment (“EDA”) to subsidize debt service on eligible outstanding school district bonds, an Instructional Facilities Allotment (“IFA”) to subsidize debt service on newly issued bonds, and a New Instructional Facilities Allotment (“NIFA”) to subsidize operational expenses associated with the opening of a new instructional facility. IFA primarily addresses the debt service needs of property-poor school districts. For the 2022-2023 State fiscal biennium, the State Legislature appropriated funds in the amount of \$1,007,300,000 for the EDA, IFA, and NIFA.

Tier One and Tier Two allotments represent the State’s share of the cost of M&O expenses of school districts, with local M&O taxes representing the school district’s local share. EDA and IFA allotments supplement a school district’s local I&S taxes levied for debt service on eligible bonds issued to construct, acquire and improve facilities, provided that a school district qualifies for such funding and that the State Legislature makes sufficient appropriations to fund the allotments for a State fiscal biennium. Tier One and Tier Two allotments and existing EDA and IFA allotments are generally required to be funded each year by the State Legislature.

Tier One

Tier One funding is the basic level of funding guaranteed to a school district, consisting of a State-appropriated baseline level of funding (the “Basic Allotment”) for each student in “Average Daily Attendance” (being generally calculated as the sum of student attendance for each State-mandated day of instruction divided by the number of State-mandated days of instruction, defined herein as “ADA”). The Basic Allotment is revised downward if a school district’s Tier One Tax Rate is less than the State-determined threshold. The Basic Allotment is supplemented by additional State funds, allotted based upon the unique school district characteristics and demographics of students in ADA, to make up most of a school district’s Tier One entitlement under the Foundation School Program.

The Basic Allotment for a school district with a Tier One Tax Rate equal to the school district’s MCR, is \$6,160 (or a greater amount as may be provided by appropriation) for each student in ADA and is revised downward for a school district with a Tier One Tax Rate lower than the school district’s MCR. The Basic Allotment is then supplemented for all school districts by various weights to account for differences among school districts and their student populations. Such additional allotments include, but are not limited to, increased funds for students in ADA who: (i) attend a qualified special education program, (ii) are diagnosed with dyslexia or a related disorder, (iii) are economically disadvantaged, or (iv) have limited English language proficiency. Additional allotments to mitigate differences among school districts include, but are not limited to: (i) a transportation allotment for mileage associated with transporting students who reside two miles or more from their home campus, (ii) a fast growth allotment (for school districts in the top 25% of enrollment growth relative to other school districts), (iii) a college, career and military readiness allotment to further Texas’ goal of increasing the number of students who attain a post-secondary education or workforce credential, and (iv) a teacher incentive allotment to increase teacher compensation retention in disadvantaged or rural school districts. A school district’s total Tier One funding, divided by \$6,160, is a school district’s measure of students in “Weighted Average Daily Attendance” (“WADA”), which serves to calculate Tier Two funding.

For the 2022-2023 school year, the fast growth allotment weights change to 0.48 for districts in the top 40% of school districts for growth, 0.33 for districts in the middle 30% of school districts for growth and 0.18 for districts in the bottom 30% of school districts for growth. The fast growth allotment is limited to \$310 million for the 2022-2023 school year and \$315 million for the 2023-2024 school year.

Tier Two

Tier Two supplements Tier One funding and provides two levels of enrichment with different guaranteed yields (i.e., Golden Pennies and Copper Pennies) depending on the school district’s Enrichment Tax Rate. Golden Pennies generate a guaranteed yield equal to the greater of (i) the local revenue per student in WADA per cent of tax effort available to a school district at the ninety-sixth (96th) percentile of wealth per student in WADA, or (ii) the Basic Allotment (or a greater amount as may be provided by appropriation) multiplied by 0.016. For the 2022-2023 State fiscal biennium, school districts are guaranteed a yield of \$98.56 per student in WADA for each Golden Penny levied. Copper Pennies generate a guaranteed yield per student in WADA equal to the school district’s Basic Allotment (or a greater amount as may be provided by appropriation) multiplied by 0.008. For the 2022-2023 State fiscal biennium, school districts are guaranteed a yield of \$49.28 per student in WADA for each Copper Penny levied. For any school year in which the guaranteed yield of Copper Pennies per student in WADA exceeds the guaranteed yield of Copper Pennies per student in WADA for the preceding school year, a school district is required to reduce its Copper Pennies levied so as to generate no more revenue per student in WADA than was available to the school district for the preceding year.

Existing Debt Allotment, Instruction Facilities Allotment, and New Instructional Facilities Allotment

The Foundation School Program also includes facilities funding components consisting of the IFA and the EDA, subject to legislative appropriation each State fiscal biennium. To the extent funded for a biennium, these programs assist school districts in funding facilities by, generally, equalizing a school district’s I&S tax effort. The IFA guarantees each awarded school district a specified amount per student (the “IFA Yield”) in State and local funds for each cent of I&S tax levied to pay the principal of and interest on eligible bonds issued to construct, acquire, renovate or improve instructional facilities. The IFA Yield has been \$35 since this program first began in 1997. New awards of IFA are only available if appropriated funds are allocated for such purpose by the State Legislature. To receive an IFA award, in years where new IFA awards are available, a school district must apply to the Commissioner in accordance with rules adopted by the TEA before issuing the bonds to be paid with IFA State assistance. The

total amount of debt service assistance over a biennium for which a school district may be awarded is limited to the lesser of (1) the actual debt service payments made by the school district in the biennium in which the bonds are issued; or (2) the greater of (a) \$100,000 or (b) \$250 multiplied by the number of students in ADA. The IFA is also available for lease-purchase agreements and refunding bonds meeting certain prescribed conditions. Once a school district receives an IFA award for bonds, it is entitled to continue receiving State assistance for such bonds without reapplying to the Commissioner. The guaranteed level of State and local funds per student per cent of local tax effort applicable to the bonds may not be reduced below the level provided for the year in which the bonds were issued. For the 2022-2023 State fiscal biennium, the State Legislature did not appropriate any funds for new IFA awards; however, awards previously granted in years the State Legislature did appropriate funds for new IFA awards will continue to be funded.

State financial assistance is provided for certain existing eligible debt issued by school districts through the EDA program. The EDA guaranteed yield (the "EDA Yield") is the lesser of (i) \$40 per student in ADA or a greater amount for any year provided by appropriation; or (ii) the amount that would result in a total additional EDA of \$60 million more than the EDA to which school districts would have been entitled to if the EDA Yield were \$35. The portion of a school district's local debt service rate that qualifies for EDA assistance is limited to the first \$0.29 of its I&S tax rate (or a greater amount for any year provided by appropriation by the State Legislature). In general, a school district's bonds are eligible for EDA assistance if (i) the school district made payments on the bonds during the final fiscal year of the preceding State fiscal biennium, or (ii) the school district levied taxes to pay the principal of and interest on the bonds for that fiscal year. Each biennium, access to EDA funding is determined by the debt service taxes collected in the final year of the preceding biennium. A school district may not receive EDA funding for the principal and interest on a series of otherwise eligible bonds for which the school district receives IFA funding.

Since future-year IFA awards were not funded by the State Legislature for the 2022-2023 State fiscal biennium and debt service assistance on school district bonds that are not yet eligible for EDA is not available, debt service payments during the 2022-2023 State fiscal biennium on new bonds issued by school districts in the 2022-2023 State fiscal biennium to construct, acquire and improve facilities must be funded solely from local I&S taxes.

A school district may also qualify for a NIFA allotment, which provides assistance to school districts for operational expenses associated with opening new instructional facilities. In the 2021 Legislative Session, the State Legislature appropriated funds in the amount of \$70,000,000 for each fiscal year of the 2022-2023 State fiscal biennium for NIFA allotments.

Tax Rate and Funding Equity

The Commissioner may proportionally reduce the amount of funding a school district receives under the Foundation School Program and the ADA calculation if the school district operates on a calendar that provides less than the State-mandated minimum instruction time in a school year. The Commissioner may also adjust a school district's ADA as it relates to State funding where disaster, flood, extreme weather or other calamity has a significant effect on a school district's attendance.

Furthermore, "property-wealthy" school districts that received additional State funds under the public school finance system prior to the enactment of the 2019 Legislation are entitled to an equalized wealth transition grant on an annual basis through the 2023-2024 school year in an amount equal to the amount of additional revenue such school district would have received under former Texas Education Code Sections 41.002(e) through (g), as those sections existed on January 1, 2019. This grant is phased out through the 2023-2024 school year as follows: (1) 20% reduction for the 2020-2021 school year, (2) 40% reduction for the 2021-2022 school year, (3) 60% reduction for the 2022-2023 school year, and (4) 80% reduction for the 2023-2024 school year. Additionally, school districts (through the fiscal year ending in 2025) and open-enrollment charter schools (through the fiscal year ending in 2024) are entitled to receive an allotment in the form of a formula transition grant meant to ensure a smooth transition into the funding formulas enacted by the 86th State Legislature. Beginning with the 2021-2022 school year, if the total amount of allotments to which school districts and open enrollment charter schools are entitled for a school year exceeds \$400 million, the Commissioner shall proportionately reduce each district's or school's allotment. The reduction in the amount to which a district or school is entitled may not result in an amount that is less than zero.

Local Revenue Level in Excess of Entitlement

A school district that has sufficient property wealth per student in ADA to generate local revenues on the school district's Tier One Tax Rate and Copper Pennies in excess of the school district's respective funding entitlements (a "Chapter 49 school district"), is subject to the local revenue reduction provisions contained in Chapter 49 of Texas Education Code, as amended ("Chapter 49"). Additionally, in years in which the amount of State funds appropriated specifically excludes the amount necessary to provide the guaranteed yield for Golden Pennies, local revenues generated on a school district's Golden Pennies in excess of the school district's respective funding entitlement are subject to the local revenue reduction provisions of Chapter 49. To reduce local revenue, Chapter 49 school districts are generally subject to a process known as "recapture", which requires a Chapter 49 school district to exercise certain options to remit local M&O tax revenues collected in excess of the Chapter 49 school district's funding entitlements to the State (for redistribution to other school districts) or otherwise expending the respective M&O tax revenues for the benefit of students in school districts that are not Chapter 49 school districts, as described in the subcaption "Options for Local Revenue Levels in Excess of Entitlement". Chapter 49 school districts receive their allocable share of funds distributed from the constitutionally-prescribed Available School Fund, but are generally not eligible to receive State aid under the Foundation School Program, although they may continue to receive State funds for certain competitive grants and certain programs that remain outside the Foundation School Program.

Recapture is measured by the "local revenue level" (being the M&O tax revenues generated in a school district) in excess of the entitlements appropriated by the State Legislature each fiscal biennium. Therefore, school districts are now guaranteed that recapture will not reduce revenue below their statutory entitlement.

Options for Local Revenue Levels in Excess of Entitlement

Under Chapter 49, a school district has six options to reduce local revenues to a level that does not exceed the school district's respective entitlements: (1) a school district may consolidate by agreement with one or more school districts to form a consolidated school district; all property and debt of the consolidating school districts vest in the consolidated school district; (2) a school district may detach property from its territory for annexation by a property-poor school district; (3) a school district may purchase attendance credits from the State; (4) a school district may contract to educate nonresident students from a property-poor school district by sending money directly to one or more property-poor school districts; (5) a school district may execute an agreement to provide students of one or more other school districts with career and technology education through a program designated as an area program for career and technology education; or (6) a school district may consolidate by agreement with one or more school districts to form a consolidated taxing school district solely to levy and distribute either M&O taxes or both M&O taxes and I&S taxes. A Chapter 49 school district may also exercise any combination of these remedies. Options (3), (4) and (6) require prior approval by the Chapter 49 school district's voters.

Furthermore, a school district may not adopt a tax rate until its effective local revenue level is at or below the level that would produce its guaranteed entitlement under the Foundation School Program. If a school district fails to exercise a permitted option, the Commissioner must reduce the school district's local revenue level to the level that would produce the school district's guaranteed entitlement, by detaching certain types of property from the school district and annexing the property to a property-poor school district or, if necessary, consolidate the school district with a property-poor school district. Provisions governing detachment and annexation of taxable property by the Commissioner do not provide for assumption of any of the transferring school district's existing debt.

CURRENT PUBLIC SCHOOL FINANCE SYSTEM AS APPLIED TO THE DISTRICT

For the 2022-2023 school year, the District was not designated as an "excess local revenue" Chapter 49 school district by TEA. Accordingly, the District has not been required to exercise one of the wealth equalization options permitted under applicable State law. As a district with local revenue less than the maximum permitted level, the District may benefit in the future by agreeing to accept taxable property or funding assistance from or agreeing to consolidate with, a property-rich district to enable such district to reduce its wealth per student to the permitted level.

A district's "excess local revenues" must be tested for each future school year and, if it exceeds the maximum permitted level, the District must reduce its wealth per student by the exercise of one of the permitted wealth equalization options. Accordingly, if the District's wealth per student should exceed the maximum permitted value in future school years, it will be required to exercise one or more of the permitted wealth equalization options. If the District were to consolidate (or consolidate its tax base for all purposes) with a property-poor district, the outstanding debt of each district could become payable from the consolidated district's combined property tax base, and the District's ration of taxable property to debt could become diluted. If the District were to detach property voluntarily, a portion of its outstanding debt (including the Bonds) could be assumed by the district to which the property is annexed, in which case timely payment of the Bonds could become dependent in part on the financial performance of an annexing district.

For a detailed discussion of State funding for school district see "CURRENT PUBLIC SCHOOL FINANCE SYSTEM – State Funding for School Districts."

AD VALOREM TAX PROCEDURES

The following is a summary of certain provisions of State law as it relates to ad valorem taxation and is not intended to be complete. Reference is made to Title I of the Texas Tax Code, as amended (the "Property Tax Code"), for identification of property subject to ad valorem taxation, property exempt or which may be exempted from ad valorem taxation if claimed, the appraisal of property for ad valorem tax purposes, and the procedures and limitations applicable to the levy and collection of ad valorem taxes.

Valuation of Taxable Property

The Property Tax Code provides for countywide appraisal and equalization of taxable property values and establishes in each county of the State an appraisal district and an appraisal review board (the "Appraisal Review Board") responsible for appraising property for all taxing units within the county. The appraisal of property within the District is the responsibility of the Chambers County Appraisal District (the "Appraisal District"). Except as generally described below, the Appraisal District is required to appraise all property within the Appraisal District on the basis of 100% of its market value and is prohibited from applying any assessment ratios. In determining market value of property, the Appraisal District is required to consider the cost method of appraisal, the income method of appraisal and the market data comparison method of appraisal, and use the method the chief appraiser of the Appraisal District considers most appropriate. The Property Tax Code requires appraisal districts to reappraise all property in its jurisdiction at least once every three (3) years. A taxing unit may require annual review at its own expense, and is entitled to challenge the determination of appraised value of property within the taxing unit by petition filed with the Appraisal Review Board.

State law requires the appraised value of an owner's principal residence ("homestead" or "homesteads") to be based solely on the property's value as a homestead, regardless of whether residential use is considered to be the highest and best use of the property. State law further limits the appraised value of a homestead to the lesser of (1) the market value of the property or (2) 110% of the appraised value of the property for the preceding tax year plus the market value of all new improvements to the property.

State law provides that eligible owners of both agricultural land and open-space land, including open-space land devoted to farm or ranch purposes or open-space land devoted to timber production, may elect to have such property appraised for property taxation on the basis of its productive capacity. The same land may not be qualified as both agricultural and open-space land.

The appraisal values set by the Appraisal District are subject to review and change by the Appraisal Review Board. The appraisal rolls, as approved by the Appraisal Review Board, are used by taxing units, such as the District, in establishing their tax rolls and tax rates (see "AD VALOREM TAX PROCEDURES – District and Taxpayer Remedies").

State Mandated Homestead Exemptions

State law grants, with respect to each school district in the State, (1) a \$40,000 exemption (as described below) of the appraised value of all homesteads, (2) a \$10,000 exemption of the appraised value of the homesteads of persons sixty-five (65) years of age or older and the disabled, and (3) various exemptions for disabled veterans and their families, surviving spouses of members of the armed services killed in action and surviving spouses of first responders killed or fatally wounded in the line of duty. On November 2, 2021, the Texas Constitution was amended to provide that the surviving spouse of an individual who received a limitation on the school district property taxes on the person's residence homestead on the basis of disability continued to receive that limitation while the property remained the spouse's residence homestead if the spouse was at least 55 years old. See "Appendix A – Financial Information of the District – Assessed Valuation" for the reduction in taxable valuation attributable to state-mandated homestead exemptions. Senate Joint Resolution 2, passed during the Third Special Session of the 87th Texas Legislature and approved by voters on May 7, 2022 authorized a constitutional amendment increasing the mandatory homestead exemption for school districts from \$25,000 to \$40,000 beginning January 1, 2022. Senate Bill 1, which was also passed during the Third Special Session of the 87th Texas Legislature makes provisions for additional state aid to hold school districts harmless for tax revenue losses resulting from the increased homestead exemption.

State Mandated Freeze on School District Taxes

Except for increases attributable to certain improvements, a school district is prohibited from increasing the total ad valorem tax on the homestead of persons sixty-five (65) years of age or older or of disabled persons above the amount of tax imposed in the year such homestead qualified for such exemption. This freeze is transferable to a different homestead if a qualifying taxpayer moves and, under certain circumstances, is also transferable to the surviving spouse of persons sixty-five (65) years of age or older, but not the disabled. See "Appendix A – Financial Information of the District – Assessed Valuation" for the reduction in taxable valuation attributable to the freeze on taxes for the elderly and disabled.

Personal Property

Tangible personal property (furniture, machinery, supplies, inventories, etc.) used in the “production of income” is taxed based on the property’s market value. Taxable personal property includes income-producing equipment and inventory. Intangibles such as goodwill, accounts receivable, and proprietary processes are not taxable. Tangible personal property not held or used for production of income, such as household goods, automobiles or light trucks, and boats, is exempt from ad valorem taxation unless the governing body of a taxing unit elects to tax such property.

Freeport and Goods-In-Transit Exemptions

Certain goods that are acquired in or imported into the State to be forwarded outside the State, and are detained in the State for 175 days or less for the purpose of assembly, storage, manufacturing, processing or fabrication (“Freeport Property”) are exempt from ad valorem taxation unless a taxing unit took official action to tax Freeport Property before April 1, 1990 and has not subsequently taken official action to exempt Freeport Property. Decisions to continue taxing Freeport Property may be reversed in the future; decisions to exempt Freeport Property are not subject to reversal.

Certain goods, that are acquired in or imported into the State to be forwarded to another location within or without the State, stored in a location that is not owned by the owner of the goods and are transported to another location within or without the State within 175 days (“Goods-in-Transit”), are generally exempt from ad valorem taxation; however, the Property Tax Code permits a taxing unit, on a local option basis, to tax Goods-in-Transit if the taxing unit takes official action, after conducting a public hearing, before January 1 of the first tax year in which the taxing unit proposes to tax Goods-in-Transit. Goods-in-Transit and Freeport Property do not include oil, natural gas or petroleum products, and Goods-in-Transit does not include aircraft or special inventories such as manufactured housing inventory, or a dealer’s motor vehicle, boat, or heavy equipment inventory.

A taxpayer may receive only one of the Goods-in-Transit or Freeport Property exemptions for items of personal property. See “Appendix A – Financial Information of the District – Assessed Valuation” for the reduction in taxable valuation, if any, attributable to Goods-in-Transit or Freeport Property exemptions.

Other Exempt Property

Other major categories of exempt property include property owned by the State or its political subdivisions if used for public purposes, property exempt by federal law, property used for pollution control, farm products owned by producers, property of nonprofit corporations used for scientific research or educational activities benefitting a college or university, designated historic sites, solar and wind-powered energy devices, and certain classes of intangible personal property.

Temporary Exemption for Qualified Property Damaged by a Disaster

The Property Tax Code entitles the owner of certain qualified (i) tangible personal property used for the production of income, (ii) improvements to real property, and (iii) manufactured homes located in an area declared by the governor to be a disaster area following a disaster and is at least 15 percent damaged by the disaster, as determined by the chief appraiser, to an exemption from taxation of a portion of the appraised value of the property. The amount of the exemption ranges from 15 percent to 100 percent based upon the damage assessment rating assigned by the chief appraiser. For tax years beginning on or after January 1, 2022, the governing body of the taxing unit is not required to take any action in order for the taxpayer to be eligible for the exemption. If a taxpayer qualifies for the exemption after the beginning of the tax year, the amount of the exemption is prorated based on the number of days left in the tax year following the day on which the governor declares the area to be a disaster area. For more information on the exemption, reference is made to Section 11.35 of the Tax Code, as amended.

Tax Increment Reinvestment Zones

A city or county, by petition of the landowners or by action of its governing body, may create one or more tax increment reinvestment zones (“TIRZ”) within its boundaries. At the time of the creation of the TIRZ, a “base value” for the real property in the TIRZ is established and the difference between any increase in the assessed valuation of taxable real property in the TIRZ in excess of the base value is known as the “tax increment”. During the existence of the TIRZ, all or a portion of the taxes levied against the tax increment by a city or county, and all other overlapping taxing units that elected to participate, are restricted to paying only planned project and financing costs within the TIRZ and are not available for the payment of other obligations of such taxing units.

Until September 1, 1999, school districts were able to reduce the value of taxable property reported to the State to reflect any taxable value lost due to TIRZ participation by the school district. The ability of the school district to deduct the taxable value of the tax increment that it contributed prevented the school district from being negatively affected in terms of state school funding. However, due to a change in law, local M&O tax rate revenue contributed to a TIRZ created on or after May 31, 1999 will count toward a school district’s Tier One entitlement (reducing Tier One State funds for eligible school districts) and will not be considered in calculating any school district’s Tier Two entitlement (see “CURRENT PUBLIC SCHOOL FINANCE SYSTEM – State Funding for School Districts”).

Tax Limitation Agreements

The Texas Economic Development Act (Chapter 313, Texas Tax Code, as amended), allows school districts to grant limitations on appraised property values to certain corporations and limited liability companies to encourage economic development within the school district. Generally, during the last eight (8) years of the ten-year term of a tax limitation agreement, a school district may only levy and collect M&O taxes on the agreed-to limited appraised property value. For the purposes of calculating its Tier One and Tier Two entitlements, the portion of a school district’s property that is not fully taxable is excluded from the school district’s taxable property values. Therefore, a school district will not be subject to a reduction in Tier One or Tier Two State funds as a result of lost M&O tax revenues due to entering into a tax limitation agreement (see “CURRENT PUBLIC SCHOOL FINANCE SYSTEM – State Funding for School Districts”). The 87th Texas Legislature did not vote to extend this program, which now is scheduled to expire by its terms, effective December 31, 2022.

For a discussion of how the various exemptions described above are applied by the District, see “AD VALOREM TAX PROCEDURES – The Property Tax Code as Applied to the District” herein.

District and Taxpayer Remedies

Under certain circumstances, taxpayers and taxing units, including the District, may appeal the determinations of the Appraisal District by timely initiating a protest with the Appraisal Review Board. Additionally, taxing units such as the District may bring suit against the Appraisal District to compel compliance with the Property Tax Code.

Owners of certain property with a taxable value in excess of the current year “minimum eligibility amount”, as determined by the State Comptroller, and situated in a county with a population of one million or more, may protest the determinations of an appraisal district directly to a three-member special panel of the appraisal review board, appointed by the chairman of the appraisal review board, consisting of highly qualified professionals in the field of property tax appraisal. The minimum eligibility amount is set at \$50

million for the 2020 tax year, \$50.6 million for the 2021 tax year, \$52,978,200 for the 2022 tax year and is adjusted annually by the State Comptroller to reflect the inflation rate.

The Property Tax Code sets forth notice and hearing procedures for certain tax rate increases by the District and provides for taxpayer referenda that could result in the repeal of certain tax increases (see "TAX RATE LIMITATIONS – Public Hearing and Voter-Approval Tax Rate"). The Property Tax Code also establishes a procedure for providing notice to property owners of reappraisals reflecting increased property value, appraisals which are higher than renditions, and appraisals of property not previously on an appraisal roll.

Levy and Collection of Taxes

The District is responsible for the collection of its taxes, unless it elects to transfer such functions to another governmental entity. Taxes are due October 1, or when billed, whichever comes later, and become delinquent after January 31 of the following year. A delinquent tax incurs a penalty of six percent (6%) of the amount of the tax for the first calendar month it is delinquent, plus one percent (1%) for each additional month or portion of a month the tax remains unpaid prior to July 1 of the year in which it becomes delinquent. If the tax is not paid by July 1 of the year in which it becomes delinquent, the tax incurs a total penalty of twelve percent (12%) regardless of the number of months the tax has been delinquent and incurs an additional penalty of up to twenty percent (20%) if imposed by the District. The delinquent tax also accrues interest at a rate of one percent (1%) for each month or portion of a month it remains unpaid. The Property Tax Code also makes provision for the split payment of taxes, discounts for early payment and the postponement of the delinquency date of taxes for certain taxpayers. Furthermore, the District may provide, on a local option basis, for the split payment, partial payment, and discounts for early payment of taxes under certain circumstances. The Property Tax Code permits taxpayers owning homes or certain businesses located in a disaster area and damaged as a direct result of the declared disaster to pay taxes imposed in the year following the disaster in four equal installments without penalty or interest, commencing on February 1 and ending on August 1. See "AD VALOREM TAX PROCEDURES – Temporary Exemption for Qualified Property Damaged by a Disaster" for further information related to a discussion of the applicability of this section of the Property Tax Code.

District's Rights in the Event of Tax Delinquencies

Taxes levied by the District are a personal obligation of the owner of the property. On January 1 of each year, a tax lien attaches to property to secure the payment of all state and local taxes, penalties, and interest ultimately imposed for the year on the property. The lien exists in favor of each taxing unit, including the District, having power to tax the property. The District's tax lien is on a parity with tax liens of such other taxing units. A tax lien on real property takes priority over the claim of most creditors and other holders of liens on the property encumbered by the tax lien, whether or not the debt or lien existed before the attachment of the tax lien; however, whether a lien of the United States is on a parity with or takes priority over a tax lien of the District is determined by applicable federal law. Personal property, under certain circumstances, is subject to seizure and sale for the payment of delinquent taxes, penalty, and interest.

At any time after taxes on property become delinquent, the District may file suit to foreclose the lien securing payment of the tax, to enforce personal liability for the tax, or both. In filing a suit to foreclose a tax lien on real property, the District must join other taxing units that have claims for delinquent taxes against all or part of the same property.

Collection of delinquent taxes may be adversely affected by the amount of taxes owed to other taxing units, adverse market conditions, taxpayer redemption rights, or bankruptcy proceedings which restrain the collection of a taxpayer's debt.

Federal bankruptcy law provides that an automatic stay of actions by creditors and other entities, including governmental units, goes into effect with the filing of any petition in bankruptcy. The automatic stay prevents governmental units from foreclosing on property and prevents liens for post-petition taxes from attaching to property and obtaining secured creditor status unless, in either case, an order lifting the stay is obtained from the bankruptcy court. In many cases, post-petition taxes are paid as an administrative expense of the estate in bankruptcy or by order of the bankruptcy court.

TAX RATE LIMITATIONS

M&O Tax Rate Limitations

The District is authorized to levy an M&O tax rate pursuant to the approval of the voters of the District at an election held on May 18, 1957 pursuant to Article 2784e-1, Texas Revised Civil Statutes Annotated, as amended.

The maximum maintenance tax rate per \$100 of taxable value that may be adopted by an independent school district is the sum of \$0.17 and the school district's MCR. The District's MCR is, generally, inversely proportional to the change in taxable property values both within the District and the State, and is subject to recalculation annually. For any year, highest possible MCR for an independent school district is \$0.93.

Furthermore, a school district cannot annually increase its tax rate in excess of the school district's Voter-Approval Tax Rate without submitting such tax rate to an election and a majority of the voters voting at such election approving the adopted rate. See "TAX RATE LIMITATIONS – Public Hearing and Voter-Approval Tax Rate" herein.

I&S Tax Rate Limitations

A school district is also authorized to issue bonds and levy taxes for payment of bonds subject to voter approval of one or more propositions submitted to the voters under Section 45.003(b)(1), Texas Education Code, as amended, which provides a tax unlimited as to rate or amount for the support of school district bonded indebtedness (see "THE BONDS – Security").

Section 45.0031 of the Texas Education Code, as amended, requires a school district to demonstrate to the Texas Attorney General that it has the prospective ability to pay its maximum annual debt service on a proposed issue of bonds and all previously issued bonds, other than bonds approved by voters of a school district at an election held on or before April 1, 1991 and issued before September 1, 1992 (or debt issued to refund such bonds, collectively, "exempt bonds"), from a tax levied at a rate of \$0.50 per \$100 of assessed valuation before bonds may be issued (the "50-cent Test"). In demonstrating the ability to pay debt service at a rate of \$0.50, a school district may take into account EDA and IFA allotments to the school district, which effectively reduces the school district's local share of debt service, and may also take into account Tier One funds allotted to the school district. If a school district exercises this option, it may not adopt an I&S tax until it has credited to the school district's I&S fund an amount equal to all State allotments provided solely for payment of debt service and any Tier One funds needed to demonstrate compliance with the threshold tax rate test and which is received or to be received in that year. Additionally, a school district may demonstrate its ability to comply with the 50-cent Test by applying the \$0.50 tax rate to an amount equal to 90% of projected future taxable value of property in the school district, as certified by a registered professional appraiser,

anticipated for the earlier of the tax year five (5) years after the current tax year or the tax year in which the final payment for the bonds is due. However, if a school district uses projected future taxable values to meet the 50-cent Test and subsequently imposes a tax at a rate greater than \$0.50 per \$100 of valuation to pay for bonds subject to the test, then for subsequent bond issues, the Texas Attorney General must find that the school district has the projected ability to pay principal and interest on the proposed bonds and all previously issued bonds subject to the 50-cent Test from a tax rate of \$0.45 per \$100 of valuation. Once the prospective ability to pay such tax has been shown and the bonds are issued, a school district may levy an unlimited tax to pay debt service. The Bonds are issued as "new money bonds" and are subject to the \$0.50 threshold tax rate test. The District has not utilized projected property values or State assistance to satisfy the \$0.50 test.

Public Hearing and Voter-Approval Tax Rate

A school district's total tax rate is the combination of the M&O tax rate and the I&S tax rate. Generally, the highest rate at which a school district may levy taxes for any given year without holding an election to approve the tax rate is the "Voter-Approval Tax."

A school district is required to adopt its annual tax rate before the later of September 30 or the sixtieth (60th) day after the date the certified appraisal roll is received by the taxing unit, except that a tax rate that exceeds the Voter-Approval Tax Rate must be adopted not later than the seventy-first (71st) day before the next occurring November uniform election date. A school district's failure to adopt a tax rate equal to or less than the Voter-Approval Tax Rate by September 30 or the sixtieth (60th) day after receipt of the certified appraisal roll, will result in the tax rate for such school district for the tax year to be the lower of the "no-new-revenue tax rate" calculated for that tax year or the tax rate adopted by the school district for the preceding tax year. A school district's failure to adopt a tax rate in excess of the Voter-Approval Tax Rate on or prior to the seventy-first (71st) day before the next occurring November uniform election date, will result in the school district adopting a tax rate equal to or less than its Voter-Approval Tax Rate by the later of September 30 or the sixtieth (60th) day after receipt of the certified appraisal roll. "No-new-revenue tax rate" means the rate that will produce the prior year's total tax levy from the current year's total taxable values, adjusted such that lost values are not included in the calculation of the prior year's taxable values and new values are not included in the current year's taxable values.

The Voter-Approval Tax Rate for a school district is the sum of (i) the school district's MCR; (ii) the greater of (a) the school district's Enrichment Tax Rate for the preceding year, less any amount by which the school district is required to reduce its current year Enrichment Tax Rate pursuant to Section 48.202(f), Education Code, as amended, or (b) the rate of \$0.05 per \$100 of taxable value; and (iii) the school district's current I&S tax rate. However, for only the 2020 tax year, if the governing body of the school district does not adopt by unanimous vote an M&O tax rate at least equal to the sum of the school district's MCR plus \$0.05, then \$0.04 is substituted for \$0.05 in the calculation for such school district's Voter-Approval Tax Rate for the 2020 tax year. For the 2020 tax year, and subsequent years, a school district's M&O tax rate may not exceed the rate equal to the sum of (i) \$0.17 and (ii) the school district's MCR (see "CURRENT PUBLIC SCHOOL FINANCE SYSTEM" herein, for more information regarding the State Compression Percentage, MCR, and the Enrichment Tax Rate).

The governing body of a school district generally cannot adopt a tax rate exceeding the school district's Voter-Approval Tax Rate without approval by a majority of the voters approving the higher rate at an election to be held on the next uniform election date.

Further, subject to certain exceptions for areas declared disaster areas, State law requires the board of trustees of a school district to conduct an efficiency audit before seeking voter approval to adopt a tax rate exceeding the Voter-Approval Tax Rate and sets certain parameters for conducting and disclosing the results of such efficiency audit. An election is not required for a tax increase to address increased expenditures resulting from certain natural disasters in the year following the year in which such disaster occurs; however, the amount by which the increased tax rate exceeds the school district's Voter-Approval Tax Rate for such year may not be considered by the school district in the calculation of its subsequent Voter-Approval Tax Rate.

The calculation of the Voter-Approval Tax Rate does not limit or impact the District's ability to set an I&S tax rate in each year sufficient to pay debt service on all of the District's tax-supported debt obligations, including the Bonds.

Before adopting its annual tax rate, a public meeting must be held for the purpose of adopting a budget for the succeeding year. A notice of public meeting to discuss the school district's budget and proposed tax rate must be published in the time, format and manner prescribed in Section 44.004 of the Texas Education Code. Section 44.004(e) of the Texas Education Code provides that a person who owns taxable property in a school district is entitled to an injunction restraining the collection of taxes by the school district if the school district has not complied with such notice requirements or the language and format requirements of such notice as set forth in Section 44.004(b), (c), (c-1), (c-2), and (d), and, if applicable, subsection (i), and if such failure to comply was not in good faith. Section 44.004(e) further provides the action to enjoin the collection of taxes must be filed before the date the school district delivers substantially all of its tax bills. A school district that elects to adopt a tax rate before the adoption of a budget for the fiscal year that begins in the current tax year may adopt a tax rate for the current tax year before receipt of the certified appraisal roll, so long as the chief appraiser of the appraisal district in which the school district participates has certified to the assessor for the school district an estimate of the taxable value of property in the school district. If a school district adopts its tax rate prior to the adoption of its budget, both the no-new-revenue tax rate and the Voter-Approval Tax Rate of the school district shall be calculated based on the school district's certified estimate of taxable value. A school district that adopts a tax rate before adopting its budget must hold a public hearing on the proposed tax rate followed by another public hearing on the proposed budget rather than holding a single hearing on the two items.

A school district must annually calculate and prominently post on its internet website, and submit to the county tax assessor-collector for each county in which all or part of the school district is located, its Voter-Approval Tax Rate in accordance with forms prescribed by the State Comptroller.

Before adopting its annual tax rate, a public meeting must be held for the purpose of adopting a budget for the succeeding year. A notice of public meeting to discuss the school district's budget and proposed tax rate must be published in the time, format and manner prescribed in Section 44.004 of the Texas Education Code. Section 44.004(e) of the Texas Education Code provides that a person who owns taxable property in a school district is entitled to an injunction restraining the collection of taxes by the school district if the school district has not complied with such notice requirements or the language and format requirements of such notice as set forth in Section 44.004(b), (c), (c-1), (c-2), and (d), and, if applicable, subsection (i), and if such failure to comply was not in good faith. Section 44.004(e) further provides the action to enjoin the collection of taxes must be filed before the date the school district delivers substantially all of its tax bills. A school district that elects to adopt a tax rate before the adoption of a budget for the fiscal year that begins in the current tax year may adopt a tax rate for the current tax year before receipt of the certified appraisal roll, so long as the chief appraiser of the appraisal district in which the school district participates has certified to the assessor for the school district an estimate of the taxable value of property in the school district. If a school district adopts its tax rate prior to the adoption of its budget, both the no-new-revenue tax rate and the Voter-Approval Tax Rate of the school district shall be calculated based on the school district's certified estimate of taxable value. A school district that

adopts a tax rate before adopting its budget must hold a public hearing on the proposed tax rate followed by another public hearing on the proposed budget rather than holding a single hearing on the two items.

A school district must annually calculate and prominently post on its internet website, and submit to the county tax assessor-collector for each county in which all or part of the school district is located its Voter-Approval Tax Rate in accordance with forms prescribed by the State Comptroller.

THE PROPERTY TAX CODE AS APPLIED TO THE DISTRICT

The Appraisal District has the responsibility for appraising property in the District as well as other taxing units in Chambers County. The Appraisal District is governed by a board of directors appointed by members of the governing bodies of various political subdivisions within Chambers County.

Property within the District is assessed as of January 1 of each year, taxes become due October 1 of the same year and become delinquent on February 1 of the following year.

The District does not tax personal property not used in the production of income, such as personal automobiles.

The District does collect an additional 20% penalty to defray attorney costs in the collection of delinquent taxes over and above the penalty automatically assessed under the Tax Code.

The District's taxes are collected by the Chambers County Tax Office.

The District does not allow split payments and does not give discounts for early payment of taxes.

The District does not participate in a tax increment financing zone. The District has not granted any tax abatements.

The District does not grant a portion of the additional local option exemption of up to 20% of the market value of residence homesteads.

The District has not granted the freeport exemption. The District has not taken action to tax goods-in-transit.

WEATHER EVENTS

The District is located near the Texas Gulf Coast. Land located in this area is susceptible to high winds, heavy rain and flooding caused by hurricanes, tropical storms, and other tropical disturbances. The District's area previously experienced multiple storms and future adverse weather events could result in damages to District facilities or damages to residential and commercial properties in the District that comprise the District's ad valorem tax base. If a weather event significantly damaged all or part of the properties comprising the tax base within the District, the assessed value of property within the District could be substantially reduced, which could result in a decrease in tax revenues and/or necessitate an increase the District's tax rate. There can be no assurance that a casualty loss to taxable property within the District will be covered by insurance (or that property owners will even carry flood or other casualty insurance), that any insurance company will fulfill its obligation to provide insurance proceeds, or that insurance proceeds will be used to rebuild or repair any damaged improvements within the District's boundaries or be sufficient for such purposes. Even if insurance proceeds are available and improvements are rebuilt, there could be a lengthy period in which assessed values within the District could be adversely affected.

EMPLOYEES' RETIREMENT PLAN AND OTHER POST-EMPLOYMENT BENEFITS

The District's employees participate in a retirement plan (the "Plan") with the State of Texas. The Plan is administered by the Teacher Retirement System of Texas ("TRS"). State contributions are made to cover costs of the TRS retirement plan up to certain statutory limits. The District is obligated for a portion of TRS costs relating to employee salaries that exceed the statutory limit. Aside from the District's contribution to TRS, the District has no pension fund expenditures or liabilities. For fiscal year ended August 31, 2021, the District made a contribution to TRS on a portion of their employee's salaries that exceeded the statutory minimum. For a discussion of the TRS retirement plan, see "Note 8. Retirement Benefits" and "Note 9. Defined Other Post-Employment Benefit Plans" to the audited financial statements of the District that are attached hereto as Appendix D (the "Financial Statements").

Formal collective bargaining agreements relating directly to wages and other conditions of employment are prohibited by State law, as are strikes by teachers. There are various local, state and national organized employee groups who engage in efforts to better terms and conditions of employment of school employees. Some districts have adopted a policy to consult with employer groups with respect to certain terms and conditions of employment. Some examples of these groups are the Texas State Teachers Association, the Texas Classroom Teachers Association, the Association of Texas Professional Educators and the National Education Association.

RATING

The Bonds are rated "AAA" by S&P Global Ratings ("S&P") based upon the Texas Permanent School Fund Guarantee Program. (See "THE PERMANENT SCHOOL FUND GUARANTEE PROGRAM" herein). The District's underlying, unenhanced rating, including the Bonds, is "A+" from S&P. A securities rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time.

An explanation of the significance of such ratings may be obtained from the company furnishing the ratings. The ratings reflect only the view of such organization and the District makes no representation as to the appropriateness of any rating. There is no assurance that any rating will continue for any given period of time one or both of such ratings will not be revised downward or withdrawn entirely by the rating company, if in the judgment of such company the circumstances so warrant. Any such downward revision or withdrawal of one or more ratings, may have an adverse effect on the market price or marketability of the Bonds.

LEGAL MATTERS

The delivery of the Bonds is subject to the approval of the Attorney General of Texas, who will deliver its opinion, to the effect that the Bonds are valid and legally binding obligations of the District payable from the proceeds of an annual ad valorem tax levied, without legal limit as to rate or amount, upon all taxable property in the District, and based upon examination of such transcript of proceedings, the approving legal opinion of McCall, Parkhurst & Horton L.L.P., Bond Counsel to the District ("Bond Counsel"), to like effect and to the effect that the interest on the Bonds will be excludable from gross income for federal income tax purposes

under section 103(a) of the Internal Revenue Code, subject to the matters described under "TAX MATTERS" herein. The form of Bond Counsel's opinion is attached hereto as Appendix C.

Bond Counsel represents the Financial Advisor and purchasers of school district bonds from time to time in matters unrelated to the issuance of the Bonds, but Bond Counsel has been engaged by and only represents the District in the issuance of the Bonds. McCall, Parkhurst & Horton L.L.P. also advises the TEA in connection with its disclosure obligations under the federal securities laws, but such firm has not passed upon any TEA disclosures contained in this Official Statement. Bond Counsel was not requested to participate, and did not take part, in the preparation of the Official Statement, and such firm has not assumed any responsibility with respect thereto or undertaken independently to verify any of the information contained herein, except that, in its capacity as Bond Counsel, such firm has reviewed the information describing the Bonds in the Official Statement to verify that such description conforms to the provisions of the Order. The District intends to pay the legal fee of Bond Counsel for services rendered in connection with the issuance of the Bonds from the proceeds of the Bonds.

The various legal opinions to be delivered concurrently with the delivery of the Bonds express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. In rendering a legal opinion, the attorney does not become an insurer or guarantor of the expression of professional judgment, of the transaction opined upon, or of the future performance of the parties to the transaction. Nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

TAX MATTERS

Opinion

On the date of initial delivery of the Bonds, McCall, Parkhurst & Horton L.L.P., San Antonio, Texas, Bond Counsel to the District, will render its opinion that, in accordance with statutes, regulations, published rulings and court decisions existing on the date thereof ("Existing Law"), (1) interest on the Bonds for federal income tax purposes will be excludable from the "gross income" of the holders thereof and (2) the Bonds will not be treated as "specified private activity bonds" the interest on which would be included as an alternative minimum tax preference item under section 57(a)(5) of the Internal Revenue Code of 1986 (the "Code"). Except as stated above, Bond Counsel will express no opinion as to any other federal, state or local tax consequences of the purchase, ownership or disposition of the Bonds. See Appendix C – Form of Legal Opinion of Bond Counsel.

In rendering its opinion, Bond Counsel will rely upon (a) certain information and representations of the District, including information and representations contained in the District's federal tax certificate, (b) covenants of the District contained in the Bond documents relating to certain matters, including arbitrage and the use of the proceeds of the Bonds and the property financed therewith, and (c) the certificate with respect to arbitrage by the Commissioner of Education regarding the allocation and investment of certain investments in the Permanent School Fund. Failure by the District to observe the aforementioned representations or covenants could cause the interest on the Bonds to become includable in gross income retroactively to the date of issuance.

The Code and the regulations promulgated thereunder contain a number of requirements that must be satisfied subsequent to the issuance of the Bonds in order for interest on the Bonds to be, and to remain, excludable from gross income for federal income tax purposes. Failure to comply with such requirements may cause interest on the Bonds to be included in gross income retroactively to the date of issuance of the Bonds. The opinion of Bond Counsel is conditioned on compliance by the District with such requirements, and Bond Counsel has not been retained to monitor compliance with these requirements subsequent to the issuance of the Bonds.

Bond Counsel's opinion represents its legal judgment based upon its review of Existing Law and the reliance on the aforementioned information, representations and covenants. Bond Counsel's opinion is not a guarantee of a result. Existing Law is subject to change by the Congress and to subsequent judicial and administrative interpretation by the courts and the Department of the Treasury. There can be no assurance that Existing Law or the interpretation thereof will not be changed in a manner which would adversely affect the tax treatment of the purchase, ownership or disposition of the Bonds.

A ruling was not sought from the Internal Revenue Service by the District with respect to the Bonds or the property financed with proceeds of the Bonds. Bond Counsel's opinion represents its legal judgment based upon its review of Existing Law and the representations of the Issuer that it deems relevant to render such opinion and is not a guarantee of a result. No assurances can be given as to whether the Internal Revenue Service will commence an audit of the Bonds, or as to whether the Internal Revenue Service would agree with the opinion of Bond Counsel. If an Internal Revenue Service audit is commenced, under current procedures the Internal Revenue Service is likely to treat the District as the taxpayer and the Bondholders may have no right to participate in such procedure. No additional interest will be paid upon any determination of taxability.

Federal Income Tax Accounting Treatment of Original Issue Discount

The initial public offering price to be paid for one or more maturities of the Bonds may be less than the maturity amount thereof or one or more periods for the payment of interest on the Bonds may not be equal to the accrual period or be in excess of one year (the "Original Issue Discount Bonds"). In such event, the difference between (i) the "stated redemption price at maturity" of each Original Issue Discount Bond, and (ii) the initial offering price to the public of such Original Issue Discount Bond would constitute original issue discount. The "stated redemption price at maturity" means the sum of all payments to be made on the Bonds less the amount of all periodic interest payments. Periodic interest payments are payments which are made during equal accrual periods (or during any unequal period if it is the initial or final period) and which are made during accrual periods which do not exceed one year.

Under Existing Law, any owner who has purchased such Original Issue Discount Bond in the initial public offering is entitled to exclude from gross income (as defined in section 61 of the Code) an amount of income with respect to such Original Issue Discount Bond equal to that portion of the amount of such original issue discount allocable to the accrual period. For a discussion of certain collateral federal tax consequences, see the discussion set forth below.

In the event of the redemption, sale or other taxable disposition of such Original Issue Discount Bond prior to stated maturity, however, the amount realized by such owner in excess of the basis of such Original Issue Discount Bond in the hands of such owner (adjusted upward by the portion of the original issue discount allocable to the period for which such Original Issue Discount Bond was held by such initial owner) is includable in gross income.

Under Existing Law, the original issue discount on each Original Issue Discount Bond is accrued daily to the stated maturity thereof (in amounts calculated as described below for each six-month period ending on the date before the semiannual anniversary dates of the date of the Bonds and ratably within each such six-month period) and the accrued amount is added to an initial owner's basis for such Original Issue Discount Bond for purposes of determining the amount of gain or loss recognized by such owner upon the redemption, sale or other disposition thereof. The amount to be added to basis for each accrual period

is equal to (a) the sum of the issue price and the amount of original issue discount accrued in prior periods multiplied by the yield to stated maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) less (b) the amounts payable as current interest during such accrual period on such Original Issue Discount Bond.

The federal income tax consequences of the purchase, ownership, redemption, sale or other disposition of Original Issue Discount Bonds which are not purchased in the initial offering at the initial offering price may be determined according to rules which differ from those described above. All owners of Original Issue Discount Bonds should consult their own tax advisors with respect to the determination for federal, state and local income tax purposes of the treatment of interest accrued upon redemption, sale or other disposition of such Original Issue Discount Bonds and with respect to the federal, state, local and foreign tax consequences of the purchase, ownership, redemption, sale or other disposition of such Original Issue Discount Bonds.

Collateral Federal Income Tax Consequences

The following discussion is a summary of certain collateral federal income tax consequences resulting from the purchase, ownership or disposition of the Bonds. This discussion is based on Existing Law, which is subject to change or modification, retroactively.

The following discussion is applicable to investors, other than those who are subject to special provisions of the Code, such as financial institutions, property and casualty insurance companies, life insurance companies, individual recipients of Social Security or Railroad Retirement benefits, individuals allowed an earned income credit, certain S corporations with Subchapter C earnings and profits, foreign corporations subject to the branch profits tax, taxpayers qualifying for the health insurance premium assistance credit and taxpayers who may be deemed to have incurred or continued indebtedness to purchase tax-exempt obligations.

THE DISCUSSION CONTAINED HEREIN MAY NOT BE EXHAUSTIVE. INVESTORS, INCLUDING THOSE WHO ARE SUBJECT TO SPECIAL PROVISIONS OF THE CODE, SHOULD CONSULT THEIR OWN TAX ADVISORS AS TO THE TAX TREATMENT WHICH MAY BE ANTICIPATED TO RESULT FROM THE PURCHASE, OWNERSHIP AND DISPOSITION OF TAX-EXEMPT OBLIGATIONS BEFORE DETERMINING WHETHER TO PURCHASE THE BONDS.

Under section 6012 of the Code, holders of tax-exempt obligations, such as the Bonds, may be required to disclose interest received or accrued during each taxable year on their returns of federal income taxation.

Section 1276 of the Code provides for ordinary income tax treatment of gain recognized upon the disposition of a tax-exempt obligation, such as the Bonds, if such obligation was acquired at a "market discount" and if the fixed maturity of such obligation is equal to, or exceeds, one year from the date of issue. Such treatment applies to "market discount bonds" to the extent such gain does not exceed the accrued market discount of such bonds; although for this purpose, a de minimis amount of market discount is ignored. A "market discount bond" is one which is acquired by the holder at a purchase price which is less than the stated redemption price at maturity or, in the case of a bond issued at an original issue discount, the "revised issue price" (i.e., the issue price plus accrued original issue discount). The "accrued market discount" is the amount which bears the same ratio to the market discount as the number of days during which the holder holds the obligation bears to the number of days between the acquisition date and the final maturity date.

Future and Proposed Legislation

Tax legislation, administrative actions taken by tax authorities, or court decisions, whether at the Federal or state level, may adversely affect the tax-exempt status of interest on the Bonds under Federal or state law and could affect the market price or marketability of the Bonds. Any such proposal could limit the value of certain deductions and exclusions, including the exclusion for tax-exempt interest. The likelihood of any such proposal being enacted cannot be predicted. Prospective purchasers of the Bonds should consult their own tax advisors regarding the foregoing matters.

Information Reporting and Backup Withholding

Subject to certain exceptions, information reports describing interest income, including original issue discount, with respect to the Bonds will be sent to each registered holder and to the IRS. Payments of interest and principal may be subject to backup withholding under section 3406 of the Code if a recipient of the payments fails to furnish to the payor such owner's social security number or other taxpayer identification number ("TIN"), furnishes an incorrect TIN, or otherwise fails to establish an exemption from the backup withholding tax. Any amounts so withheld would be allowed as a credit against the recipient's federal income tax. Special rules apply to partnerships, estates and trusts, and in certain circumstances, and in respect of foreign investors, certifications as to foreign status and other matters may be required to be provided by partners and beneficiaries thereof.

State, Local and Foreign Taxes

Investors should consult their own tax advisors concerning the tax implications of the purchase, ownership or disposition of the Bonds under applicable state or local laws. Foreign investors should also consult their own tax advisors regarding the tax consequences unique to investors who are not United States persons.

Qualified Tax-Exempt Obligations for Financial Institutions

Section 265(a) of the Code provides, in pertinent part, that interest paid or incurred by a taxpayer, including a "financial institution", on indebtedness incurred or continued to purchase or carry tax-exempt obligations is not deductible in determining the taxpayer's taxable income. Section 265(b) of the Code provides an exception to the disallowance of such deduction for any interest expense paid or incurred on indebtedness of a taxpayer that is a "financial institution" allocable to tax-exempt obligations, other than "private activity bonds", that are designated by a "qualified small issuer" as "qualified tax-exempt obligations". A "qualified small issuer" is any governmental issuer (together with any "on-behalf of" and "subordinate" issuers) who issues no more than \$10,000,000 of tax-exempt obligations during the calendar year. Section 265(b)(5) of the Code defines the term "financial institution" as any "bank" described in section 585(a)(2) of the Code, or any person accepting deposits from the public in the ordinary course of such person's trade or business that is subject to federal or state supervision as a financial institution. Notwithstanding the exception to the disallowance of the deduction of interest on indebtedness related to "qualified tax-exempt obligations" provided by section 265(b) of the Code, section 291 of the Code provides that the allowable deduction to a "bank", as defined in section 585(a)(2) of the Code, for interest on indebtedness incurred or continued to purchase "qualified tax-exempt obligations" shall be reduced by twenty-percent (20%) as a "financial institution preference item".

The District has designated the Bonds as "qualified tax-exempt obligations" within the meaning of section 265(b) of the Code. In furtherance of that designation, the District has covenanted to take such action that would assure, or to refrain from such action

that would adversely affect, the treatment of the Bonds as “qualified tax-exempt obligations”. Potential purchasers should be aware that if the issue price to the public exceeds \$10,000,000, there is a reasonable basis to conclude that the payment of a de minimis amount of premium in excess of \$10,000,000 is disregarded; however the Internal Revenue Service could take a contrary view. If the Internal Revenue Service takes the position that the amount of such premium is not disregarded, then such obligations might fail to satisfy the \$10,000,000 limitation and the Bonds would not be “qualified tax-exempt obligations”.

INVESTMENT POLICIES

Investments

The District invests its funds in investments authorized by Texas law in accordance with investment policies approved by the Board of the District. Both State law and the District’s investment policies are subject to change.

Legal Investments

Under State law, the District is authorized to invest in: (1) obligations, including letters of credit, of the United States or its agencies and instrumentalities, including the Federal Home Loan Banks; (2) direct obligations of the State or its agencies and instrumentalities; (3) collateralized mortgage obligations issued by a federal agency or instrumentality of the United States, the underlying security for which is guaranteed by an agency or instrumentality of the United States; (4) other obligations, the principal and interest of which are unconditionally guaranteed or insured by, or backed by the full faith and credit of, the State or the United States or their respective agencies and instrumentalities, including obligations that are fully guaranteed or insured by the Federal Deposit Insurance Corporation (the “FDIC”) or by the explicit full faith and credit of the United States; (5) obligations of states, agencies, counties, cities, and other political subdivisions of any state rated as to investment quality by a nationally recognized investment rating firm not less than A or its equivalent; (6) bonds issued, assumed, or guaranteed by the State of Israel; (7) interest-bearing banking deposits that are guaranteed or insured by the FDIC or the National Credit Union Share Insurance Fund (the “NCUSIF”) or their respective successors; (8) interest-bearing banking deposits, other than those described in clause (7), that (i) are invested through a broker or institution with a main office or branch office in this state and selected by the District in compliance with the PFIA, (ii) the broker or institution arranges for the deposit of the funds in one or more federally insured depository institutions, wherever located, for the District’s account, (iii) the full amount of the principal and accrued interest of the banking deposits is insured by the United States or an instrumentality of the United States, and (iv) the District appoints as its custodian of the banking deposits, in compliance with the PFIA, the institution in clause (8)(i) above, a bank, or a broker-dealer; (9) certificates of deposit and share certificates meeting the requirements of the PFIA (i) that are issued by an institution that has its main office or a branch office in the State and are guaranteed or insured by the FDIC or the NCUSIF, or their respective successors, or are secured as to principal by obligations described in clauses (1) through (8), above, or secured in accordance with Chapter 2257, Texas Government Code, or in any other manner and amount provided by law for District deposits, or (ii) where (a) the funds are invested by the District through a broker or institution that has a main office or branch office in the State and selected by the District in compliance with the PFIA, (b) the broker or institution arranges for the deposit of the funds in one or more federally insured depository institutions, wherever located, for the account of the District, (c) the full amount of the principal and accrued interest of each of the certificates of deposit is insured by the United States or an instrumentality of the United States; and (d) the District appoints, in compliance with the PFIA, the institution in clause (9)(ii)(a) above, a bank, or broker-dealer as custodian for the District with respect to the certificates of deposit; (10) fully collateralized repurchase agreements that have a defined termination date, are secured by a combination of cash and obligations described by clauses (1) or (12), which are pledged to the District, held in the District’s name, and deposited at the time the investment is made with the District or with a third party selected and approved by the District, and are placed through a primary government securities dealer, as defined by the Federal Reserve, or a financial institution doing business in the State; (11) certain bankers’ acceptances with a stated maturity of 270 days or less, if the short-term obligations of the accepting bank, or of the holding company of which the bank is the largest subsidiary, are rated not less than A-1 or P-1 or the equivalent by at least one nationally recognized credit rating agency; (12) commercial paper with a stated maturity of 365 days or less that is rated at least A-1 or P-1 or an equivalent by either (i) two nationally recognized credit rating agencies, or (ii) one nationally recognized credit rating agency if the commercial paper is fully secured by an irrevocable letter of credit issued by a United States or state bank; (13) no-load money market mutual funds registered with and regulated by the Securities and Exchange Commission and complies with Securities and Exchange Commission Rule 2a-7; (14) no-load mutual funds that are registered and regulated by the Securities and Exchange Commission that have a weighted maturity of less than two years and either (i) have a duration of one year or more and are invested exclusively in obligations approved in this paragraph, or (ii) have a duration of less than one year and the investment portfolio is limited to investment grade securities, excluding asset backed securities; (15) guaranteed investment contracts that have a defined termination date and are secured by obligations described in clause (1), excluding obligations which the District is explicitly prohibited from investing in, and in an amount at least equal to the amount of bond proceeds invested under such contract; and (16) securities lending programs if (i) the securities loaned under the program are 100% collateralized, including accrued income, (ii) a loan made under the program allows for termination at any time, (iii) a loan made under the program is either secured by (a) obligations described in clauses (1) through (8) above, (b) irrevocable letters of credit issued by a state or national bank that is continuously rated by a nationally recognized investment rating firm at not less than A or its equivalent, or (c) cash invested in obligations described in clauses (1) through (8) above, clauses (12) through (14) above, or an authorized investment pool, (iv) the terms of a loan made under the program require that the securities being held as collateral be pledged to the District, held in the District’s name, and deposited at the time the investment is made with the District or with a third party designated by the District, (v) a loan made under the program is placed through either a primary government securities dealer or a financial institution doing business in the State, and (vi) the agreement to lend securities has a term of one year or less.

The District may invest in such obligations directly or through government investment pools that invest solely in such obligations provided that the pools are rated no lower than “AAA” or “AAAm” or an equivalent by at least one nationally recognized rating service.

The District is specifically prohibited from investing in: (1) obligations whose payment represents the coupon payments on the outstanding principal balance of the underlying mortgage-backed security collateral and pays no principal; (2) obligations whose payment represents the principal stream of cash flow from the underlying mortgage-backed security and bears no interest; (3) collateralized mortgage obligations that have a stated final maturity of greater than 10 years; and (4) collateralized mortgage obligations the interest rate of which is determined by an index that adjusts opposite to the changes in a market index.

Under State law, the District may contract with an investment management firm registered under the Investment Advisers Act of 1940 (15 U.S.C. Section 80b-1 et seq.) or with the State Securities Board to provide for the investment and management of its public funds or other funds under its control for a term of up to two years, but the District retains ultimate responsibility as fiduciary of its assets. In order to renew or extend such a contract, the District must do so by order, ordinance or resolution. The

District has not contracted with, and has no present intention of contracting with, any such investment management firm or the Texas Securities Board to provide such services.

Investment Policies

Under State law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity; that address investment diversification, yield, maturity, and the quality and capability of investment management; and that includes a list of authorized investments for District funds, maximum allowable stated maturity of any individual investment owned by the District and the maximum average dollar-weighted maturity allowed for pooled fund groups. All District funds must be invested consistent with a formally adopted "Investment Strategy Statement" that specifically addresses each fund's investment. Each Investment Strategy Statement will describe its objectives concerning: (1) suitability of investment type, (2) preservation and safety of principal, (3) liquidity, (4) marketability of each investment, (5) diversification of the portfolio, and (6) yield.

State law also requires that District investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived". At least quarterly the investment officers of the District shall submit an investment report detailing: (1) the investment position of the District, (2) that all investment officers jointly prepared and signed the report, (3) the beginning market value, any additions and changes to market value and the ending value of each pooled fund group, (4) the book value and market value of each separately listed asset at the beginning and end of the reporting period, (5) the maturity date of each separately invested asset, (6) the account or fund or pooled fund group for which each individual investment was acquired, and (7) the compliance of the investment portfolio as it relates to: (a) adopted investment strategy statements and (b) State law. No person may invest District funds without express written authority from the Board.

Additional Provisions

Under State law, the District is additionally required to: (1) annually review its adopted policies and strategies, (2) adopt a rule, order, ordinance or resolution stating that it has reviewed its investment policy and investment strategies and records any changes made to either its investment policy or investment strategy in the respective rule, order, ordinance or resolution, (3) require any investment officers with personal business relationships or relatives with firms seeking to sell securities to the entity to disclose the relationship and file a statement with the Texas Ethics Commission and the Board; (4) require the qualified representative of firms offering to engage in an investment transaction with the District to: (a) receive and review the District's investment policy, (b) acknowledge that reasonable controls and procedures have been implemented to preclude investment transactions conducted between the District and the business organization that are not authorized by the District's investment policy (except to the extent that this authorization is dependent on an analysis of the makeup of the District's entire portfolio or requires an interpretation of subjective investment standards), and (c) deliver a written statement in a form acceptable to the District and the business organization attesting to these requirements; (5) perform an annual audit of the management controls on investments and adherence to the District's investment policy; (6) provide specific investment training for the Treasurer, Chief Financial Officer and investment officers; (7) restrict reverse repurchase agreements to not more than 90 days and restrict the investment of reverse repurchase agreement funds to no greater than the term of the reverse purchase agreement; (8) restrict the investment in no-load mutual funds in the aggregate to no more than 15% of the District's monthly average fund balance, excluding bond proceeds and reserves and other funds held for debt service; (9) require local government investment pools to conform to the new disclosure, rating, net asset value, yield calculation, and advisory board requirements, and (10) at least annually review, revise, and adopt a list of qualified brokers that are authorized to engage in investment transactions with the District.

Current Investments

As of May 31, 2022, the District had approximately \$1,915,432 (unaudited) invested in TexPool, \$10,662,939 (unaudited) invested in Lone Star (both of which generally have the characteristics of a money-market mutual fund) and \$186,470 (unaudited) invested at a local bank. The market value of such investments (as determined by the District by reference to published quotations, dealer bids, and comparable information) is approximately 100% of the book value. No funds of the District are invested in derivative securities, i.e., securities whose rate of return is determined by reference to some other instrument, index, or commodity.

REGISTRATION AND QUALIFICATION OF BONDS FOR SALE

No registration statement relating to the Bonds has been filed with the SEC under the United States Securities Act of 1933, as amended, in reliance upon the exemption provided thereunder by Section 3(a)(2). The Bonds have not been approved or disapproved by the SEC, nor has the SEC passed upon the accuracy or adequacy of the Official Statement. The Bonds have not been registered or qualified under the Securities Act of Texas in reliance upon various exemptions contained therein; nor have the Bonds been registered or qualified under the securities acts of any other jurisdiction. The District assumes no responsibility for registration or qualification of the Bonds under the securities laws of any jurisdiction in which the Bonds may be sold, assigned, pledged, hypothecated or otherwise transferred. This disclaimer of responsibility for registration or qualification for sale or other disposition of the Bonds shall not be construed as an interpretation of any kind with regard to the availability of any exemption from securities registration or qualification provisions.

It is the obligation of the Purchaser to register or qualify the sale of the Bonds under the securities laws of any jurisdiction which so requires. The District has agreed to cooperate, at the Purchaser's written request and sole expense, in registering or qualifying the Bonds or in obtaining an exemption from registration or qualification in any state where such action is necessary; provided, however, that the District shall not be required to qualify as a foreign corporation or to execute a general or special consent to service of process in any jurisdiction.

CYBERSECURITY RISK MANAGEMENT

The District's operations are increasingly dependent on information technologies and services, which are exposed to cybersecurity risks and cyber incidents or attacks. While the District continually assesses and monitors its cybersecurity risks, the District has been (and may be in the future) subject to cyber-attacks from time to time. In response to such assessments and monitoring, the District takes actions it deems appropriate in response to cybersecurity risks, including, but not limited to, implementing cybersecurity training programs, obtaining technology improvements to mitigate cybersecurity risks, and taking other similar measures. To date, the District has not been the victim of any cyber-attack that has had a material adverse effect on its operations or financial condition. However, no assurance can be given that the District will fully prevent or successfully remediate the operational and/or financial impact of any cybersecurity incursions or incidents arising from events wholly or partially beyond the District's control, including electrical telecommunications outages, natural disasters or cyber-attacks initiated by criminal activities of individuals or organizations. Any such occurrence could materially and adversely affect the District's operations and/or financial condition.

FINANCIAL ADVISOR

SAMCO Capital Markets, Inc. (the "Financial Advisor") is employed as Financial Advisor to the District to assist in the issuance of the Bonds. In this capacity, the Financial Advisor has compiled certain data relating to the Bonds that is contained in this Official Statement. The Financial Advisor has not independently verified any of the data contained herein or conducted a detailed investigation of the affairs of the District to determine the accuracy or completeness of this Official Statement. Because of their limited participation, the Financial Advisor assumes no responsibility for the accuracy or completeness of any of the information contained herein. The fee of the Financial Advisor for services with respect to the Bonds is contingent upon the issuance and sale of the Bonds. In the normal course of business, the Financial Advisor may from time to time sell investment securities to the District for the investment of bond proceeds or other funds of the District upon the request of the District.

The Financial Advisor has provided the following sentence for inclusion in this Official Statement. The Financial Advisor has reviewed the information in this Official Statement in accordance with, and as part of, its responsibilities to the District and, as applicable, to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Financial Advisor does not guarantee the accuracy or completeness of such information.

LEGAL INVESTMENTS AND ELIGIBILITY TO SECURE PUBLIC FUNDS IN TEXAS

Section 1201.041 of the Public Securities Procedures Act (Chapter 1201, Texas Government Code) provides that the Bonds are negotiable instruments governed by Chapter 8, Texas Business and Commerce Code, and are legal and authorized investments for insurance companies, fiduciaries, and trustees, and for the sinking funds of municipalities or other political subdivisions or public agencies of the State. With respect to investment in the Bonds by municipalities or other political subdivisions or public agencies of the State, the Public Funds Investment Act, Chapter 2256, Texas Government Code, requires that the Bonds be assigned a rating of not less than "A" or its equivalent as to investment quality by a national rating agency. See "RATING" herein. In addition, various provisions of the Texas Finance Code provide that, subject to a prudent investor standard, the Bonds are legal investments for state banks, savings banks, trust companies with at least \$1 million of capital, and savings and loan associations. The Bonds are eligible to secure deposits of any public funds of the State, its agencies, and its political subdivisions, and are legal security for those deposits to the extent of their market value.

The District has made no investigation of other laws, rules, regulations or investment criteria which might apply to such institutions or entities or which might limit the suitability of the Bonds for any of the foregoing purposes or limit the authority of such institutions or entities to purchase or invest in the Bonds for such purposes. The District has made no review of laws in other states to determine whether the Bonds are legal investments for various institutions in those states.

CONTINUING DISCLOSURE OF INFORMATION

In the Order, the District has made the following agreement for the benefit of the holders and beneficial owners of the Bonds. The District is required to observe the agreement for so long as it remains obligated to advance funds to pay the Bonds. Under the agreement, the District will be obligated to provide certain updated financial information and operating data annually, and timely notice of specified events, to the Municipal Securities Rulemaking Board ("MSRB"). For a description of the continuing disclosure obligations of the TEA, see "THE PERMANENT SCHOOL FUND GUARANTEE PROGRAM." The information provided to the MSRB will be available to the public free of charge via the Electronic Municipal Markets Access ("EMMA") system at www.emma.msrb.org.

Annual Reports

The District will provide certain updated financial information and operating data annually to the MSRB. The information to be updated includes financial information and operating data with respect to the District of the general type included in this Official Statement in Appendix A (such information being the "Annual Operating Report"). The District will additionally provide financial statements of the District (the "Financial Statements"), that will be (i) prepared in accordance with the accounting principles described in Appendix D or such other accounting principles as the District may be required to employ from time to time pursuant to State law or regulation and shall be in substantially the form included in Appendix D and (ii) audited, if the District commissions an audit of such Financial Statements and the audit is completed within the period during which they must be provided. The District will update and provide the Annual Operating Report within six months after the end of each fiscal year and the Financial Statements within 12 months of the end of each fiscal year, in each case beginning with the fiscal year ending in and after 2022. The District may provide the Financial Statements earlier, including at the time it provides its Annual Operating Report, but if the audit of such Financial Statements is not complete within 12 months after any such fiscal year end, then the District shall file unaudited Financial Statements within such 12-month period and audited Financial Statements for the applicable fiscal year, when and if the audit report on such Financial Statements becomes available.

The District may provide updated information in full text or may incorporate by reference certain other publicly available documents, as permitted by SEC Rule 15c2-12.

The District's current fiscal year end is August 31. Accordingly, the Annual Operating Report must be provided by the last day of February in each year, and the Financial Statements must be provided by August 31 of each year, unless the District changes its fiscal year. If the District changes its fiscal year, it will notify the MSRB of the change.

Notice of Certain Events

The District will also provide timely notices of certain events to the MSRB. The District will provide notice of any of the following events with respect to the Bonds to the MSRB in a timely manner (but not in excess of ten business days after the occurrence of the event): (1) principal and interest payment delinquencies; (2) non-payment related defaults, if material; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB), or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds; (7) modifications to rights of holders of the Bonds, if material; (8) Bond calls, if material, and tender offers; (9) defeasances; (10) release, substitution, or sale of property securing repayment of the Bonds, if material; (11) rating changes; (12) bankruptcy, insolvency, receivership, or similar event of the District, which shall occur as described below; (13) the consummation of a merger, consolidation, or acquisition involving the District or the sale of all or substantially all of its assets, other than in the ordinary course of business, the entry into of a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; (14) appointment of a successor or additional paying agent/registrars or the change of name of a paying agent/registrars, if material; and (15) incurrence of a financial obligation of the District, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the District, any of which affect security holders, if material; and (16) default, event of acceleration, termination event,

modification of terms, or others similar events under the terms of a financial obligation of the District, any of which reflect financial difficulties. In addition, the District will provide timely notice of any failure by the District to provide annual financial information in accordance with their agreement described above under "Annual Reports". The District will provide each notice described in this paragraph to the MSRB. Neither the Bonds nor the Order make any provision for a bond trustee, debt service reserves, credit enhancement (except for the Permanent School Fund guarantee), or liquidity enhancement. In the Order, the District adopted policies and procedures to ensure timely compliance of its continuing disclosure undertakings.

For these purposes, (a) an event described in clause (12) of in the immediately preceding paragraph is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent, or similar officer for the District in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the District, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the District. For the purposes of the above describe event notices (15) and (16), the term "financial obligation" means a (i) debt obligation, (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation, or (iii) a guarantee of (i) or (ii); provided however, that a "financial obligation" shall not include municipal securities as to which a final official statement (as defined in the Rule) has been provided to the MSRB consistent with the Rule.

Availability of Information

All information and documentation filing required to be made by the District in accordance with its undertaking made for the Bonds will be made with the MSRB in electronic format in accordance with MSRB guidelines. Access to such filings will be provided, without charge to the general public, by the MSRB through EMMA at www.emma.msrb.org.

Limitations and Amendments

The District has agreed to update information and to provide notices of events only as described above. The District has not agreed to provide other information that may be relevant or material to a complete presentation of its financial results of operations, condition, or prospects or agreed to update any information that has been provided except as described above. The District makes no representation or warranty concerning such information or concerning its usefulness to a decision to invest in or sell Bonds at any future date. The District disclaims any contractual or tort liability for damages resulting in whole or in part from any breach of its continuing disclosure agreement or from any statement made pursuant to its agreement, although holders of Bonds may seek a writ of mandamus to compel the District to comply with its agreement. Nothing in this paragraph is intended or shall act to disclaim, waive or limit the District's duties under federal or state securities laws.

The District may amend its continuing disclosure agreement to adapt to changed circumstances that arise from a change in legal requirements, a change in law, or a change in the identity, nature, status, or type of operations of the District, if, but only if, (1) the agreement, as so amended, would have permitted underwriters to purchase or sell Bonds in the initial primary offering in compliance with the Rule, taking into account any amendments or interpretations of the Rule to the date of such amendment, as well as such changed circumstances, and (2) either (a) the holders of a majority in aggregate principal amount of the outstanding Bonds consent or (b) any qualified person unaffiliated with the District (such as nationally recognized bond counsel) determines that the amendment will not materially impair the interests of the holders and beneficial owners of the Bonds. The District may also amend or repeal the provisions of this continuing disclosure agreement if the SEC amends or repeals the applicable provision of the Rule or a court of final jurisdiction enters judgment that such provisions of the Rule are invalid, but only if and to the extent that the provisions of this sentence would not prevent an underwriter from lawfully purchasing or selling Bonds in the primary offering of the Bonds. If the District amends its agreement, it has agreed to include with the financial information and operating data next provided, in accordance with its agreement described above under "Annual Reports" an explanation, in narrative form, of the reasons for the amendment and of the impact of any change in the type of information and operating data so provided.

Compliance with Prior Undertakings

During the past five years, the District has complied in all material respects with all disclosure agreements made in accordance with the Rule.

LITIGATION

In the opinion of District officials, the District is not a party to any litigation or other proceeding pending or to their knowledge threatened, in any court, agency or other administrative body (either state or federal) which, if decided adversely to the District, would have a material adverse effect on the financial condition of the District.

FORWARD-LOOKING STATEMENTS

The statements contained in this Official Statement, and in any other information provided by the District, that are not purely historical, are forward-looking statements, including statements regarding the District's expectations, hopes, intentions, or strategies regarding the future. Readers should not place undue reliance on forward-looking statements. All forward-looking statements included in this Official Statement are based on information available to the District on the date hereof, and the District assumes no obligation to update any such forward-looking statements. It is important to note that the District's actual results could differ materially from those in such forward-looking statements.

The forward-looking statements herein are necessarily based on various assumptions and estimates and are inherently subject to various risks and uncertainties, including risks and uncertainties relating to the possible invalidity of the underlying assumptions and estimates and possible changes or developments in social, economic, business, industry, market, legal and regulatory circumstances and conditions and actions taken or omitted to be taken by third parties, including customers, suppliers, business partners and competitors, and legislative, judicial and other governmental authorities and officials. Assumptions related to the foregoing involve judgments with respect to, among other things, future economic, competitive, and market conditions and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond the control of the District. Any of such assumptions could be inaccurate and, therefore, there can be no assurance that the forward-looking statements included in this Official Statement would prove to be accurate.

WINNING BIDDER

After requesting competitive bids for the Bonds, the District accepted the bid of BOK Financial Securities, Inc. (the "Purchaser" or the "Initial Purchaser") to purchase the Bonds at the interest rates shown on the page 2 of this Official Statement at a price of par, plus a reoffering premium of \$427,758.65, plus accrued interest on the Bonds from their Dated Date to their date of initial delivery. The initial reoffering yields shown on page 2 hereof will produce compensation to the Purchaser in the amount of \$77,060.47. The

District can give no assurance that any trading market will be developed for the District after their sale by the District to the Purchaser. The District has no control over the price at which the Bonds are subsequently sold and the initial yield at which the Bonds will be priced and reoffered will be established by and will be the responsibility of the Purchaser.

CERTIFICATION OF THE OFFICIAL STATEMENT AND NO LITIGATION

At the time of payment for and delivery of the Initial Bond, the Purchaser will be furnished a certificate, executed by proper officials of the District, acting in their official capacities, to the effect that to the best of their knowledge and belief: (a) the descriptions and statements of or pertaining to the District contained in its Official Statement, and any addenda, supplement or amendment thereto, for the Bonds, on the date of such Official Statement, on the date of sale of said Bonds and the acceptance of the best bid therefor, and on the date of the delivery, were and are true and correct in all material respects; (b) insofar as the District and its affairs, including its financial affairs, are concerned, such Official Statement did not and does not contain an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; (c) insofar as the descriptions and statements including financial data, of or pertaining to entities, other than the District, and their activities contained in such Official Statement are concerned, such statements and data have been obtained from sources which the District believes to be reliable and the District has no reason to believe that they are untrue in any material respect; (d) except as may be otherwise described in the Official Statement, there has been no material adverse change in the financial condition of the District, since August 31, 2021, the date of the last financial statements of the District appearing in the Official Statement; and (e) no litigation of any nature has been filed or is pending, as of the date hereof, to restrain or enjoin the issuance or delivery of the Bonds or which would affect the provisions made for their payment or security or in any manner question the validity of the Bonds.

CONCLUDING STATEMENT

No person has been authorized to give any information or to make any representations other than those contained in this Official Statement, and if given or made, such other information or representations must not be relied upon as having been authorized by the District. This Official Statement does not constitute an offer to sell or solicitation of an offer to buy in any state in which such offer or solicitation is not authorized or in which the person making such offer or solicitation is not qualified to do so or to any person to whom it is unlawful to make such offer or solicitation.

The information set forth herein has been obtained from the District's records, audited financial statements and other sources which the District considers to be reliable. There is no guarantee that any of the assumptions or estimates contained herein will ever be realized. All of the summaries of the statutes, documents and the Order contained in this Official Statement are made subject to all of the provisions of such statutes, documents, and the Order. These summaries do not purport to be complete statements of such provisions and reference is made to such summarized documents for further information. Reference is made to official documents in all respects.

The Order authorized the issuance of the Bonds and approved the form and content of this Official Statement and any addenda, supplement or amendment thereto and authorized its further use in the re-offering of the Bonds by the Purchaser. The Board has approved the Official Statement for distribution in accordance with the provisions of the SEC Rule 15c2-12.

(1) Source: Comptroller of Public Accounts - Property Tax Division.

(2) As shown in the table above, the total combined top ten taxpayers in the District currently account for over 12% of the District's tax base, thereby creating a small concentration risk for the District. The valuation of power utilities within the State, as determined by respective appraisal districts, have been subject to litigation related to the taxable value of such property; private power generation facilities are also subject to transfer and sole ownership by another entity, including to local governments whose property is exempt from ad valorem taxation.

(1) Includes accrued interest in the amount of \$20,028.75.

(2) Based on its wealth per student, the District expects to receive approximately \$350,000 state financial assistance for the payment of debt service for the fiscal year 2022/23. The amount of state financial assistance for debt service, if any, may differ substantially each year depending on a variety of factors, including the amount, if any, appropriated for that purpose by the state legislature and a school district's wealth per student. See "CURRENT PUBLIC SCHOOL FINANCE SYSTEM" in the Official Statement.

TAX ADEQUACY WITH RESPECT TO THE DISTRICT'S BONDS

Projected Maximum Debt Service Requirement ⁽¹⁾	\$ 1,631,487.50
Projected State Financial Assistance for Debt Service in 2022/23 ⁽²⁾	350,000.00
Projected Net Debt Service Requirement	\$ 1,281,487.50
\$0.32949 Tax Rate @ 98% Collections Produces	\$ 1,281,487.50
2022/23 Certified Net Taxable Valuation ⁽³⁾	\$ 396,866,077

(1) Includes the Bonds.

(2) The amount of state financial assistance for debt service, if any, may differ substantially each year depending on a variety of factors, including the amount, if any, appropriated for that purpose by the state legislature and a school district's wealth per student. See "CURRENT PUBLIC SCHOOL FINANCE SYSTEM" in the Official Statement.

(3) Source: Certified Value from the Chambers County Appraisal District as of July 2022. The passage of a Texas Constitutional Amendment on May 7, 2022 increased the homestead exemption from \$25,000 to \$40,000, which is taken into account.

AUTHORIZED BUT UNISSUED BONDS

Following the issuance of the Bonds, the District will have no authorized but unissued unlimited ad valorem tax bonds from the May 7, 2022 election. The District may incur other financial obligations payable from its collection of taxes and other sources of revenue, including maintenance tax notes payable from its collection of maintenance taxes, public property finance contractual obligations, delinquent tax notes, and leases for various purposes payable from State appropriations and surplus maintenance taxes.

(2) The prior period adjustment is from the District implementing GASB Statement No. 75 for Other Post-Employment Benefits, which required the District to assume their proportionate share of the net OPEB liability of the Texas Public School Retired Employees Group Insurance Program administered by the Texas Retirement System of Texas.

(3) The prior period adjustment for 2019 relates to a bond refunding transaction occurring in 2018.

APPENDIX B

**GENERAL INFORMATION REGARDING THE DISTRICT
AND ITS ECONOMY**

(this page intentionally left blank)

EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT

General and Economic Information

East Chambers Independent School District (the "District") is a petroleum producing and agricultural area that includes the unincorporated communities of Winnie and Stowell. The District's current population estimate is approximately 7,447.

Chambers County (the "County"), located in southeast Texas, was created in 1858 from Liberty and Jefferson Counties. The county is bordered by Galveston Bay and traversed by Interstate Highway 10, as well as State Highways 61, 65, and 146. The county was the sixth largest producing county of rice in Texas in 2016. The county seat is Anahuac.

APPENDIX C

FORM OF LEGAL OPINION OF BOND COUNSEL

(this page intentionally left blank)

September 6, 2022

**EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT
UNLIMITED TAX SCHOOL BUILDING BONDS, SERIES 2022
DATED AS OF AUGUST 15, 2022
IN THE AGGREGATE PRINCIPAL AMOUNT OF \$9,570,000**

AS BOND COUNSEL FOR THE EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT (the *District*) in connection with the issuance of the bonds described above (the *Bonds*), we have examined into the legality and validity of the Bonds, which bear interest from the dates specified in the text of the Bonds until maturity or prior redemption at the rates and are payable on the dates as stated in the text of the Bonds, all in accordance with the terms and conditions stated in the text of the Bonds.

WE HAVE EXAMINED the applicable and pertinent provisions of the Constitution and general laws of the State of Texas and a transcript of certified proceedings of the District, and other pertinent instruments authorizing and relating to the issuance of the Bonds including (i) the order authorizing the issuance of the Bonds (the *Order*), (ii) one of the executed Bonds (*Bond No. T-1*), and (iii) the District's Federal Tax Certificate of even date herewith.

BASED ON SAID EXAMINATION, IT IS OUR OPINION that the Bonds have been authorized, issued and delivered in accordance with law; that the Bonds constitute valid and legally binding general obligations of the District in accordance with their terms except as the enforceability thereof may be limited by bankruptcy, insolvency, reorganization, moratorium, liquidation and other similar laws now or hereafter enacted relating to creditors' rights generally; that the District has the legal authority to issue the Bonds and to repay the Bonds; and that ad valorem taxes sufficient to provide for the payment of the interest on and principal of the Bonds, as such interest comes due, and as such principal matures, have been levied and ordered to be levied against all taxable property in the District, and have been pledged for such payment, without limit as to rate or amount.

IT IS FURTHER OUR OPINION, except as discussed below, that the interest on the Bonds is excludable from the gross income of the owners for federal income tax purposes under the statutes, regulations, published rulings and court decisions existing on the date of this opinion. We are further of the opinion that the Bonds are not "specified private activity bonds" and that, accordingly, interest on the Bonds will not be included as an individual alternative minimum tax preference item under section 57(a)(5) of the Internal Revenue Code of 1986 (the *Code*). In expressing the aforementioned opinions, we have relied on and assume continuing compliance with, certain representations contained in the Federal Tax Certificate of the District and covenants set forth in the order adopted by the District to authorize the issuance of the Bonds, relating to, among other matters, the use of the project and the investment and expenditure of the proceeds and certain other amounts used to pay or to secure the payment of debt service on the Bonds, and the certificate with respect to arbitrage by the Commissioner of Education regarding

the allocation and investment of certain investments in the Permanent School Fund, the accuracy of which we have not independently verified. We call your attention to the fact that if such representations are determined to be inaccurate or if the District fails to comply with such covenants, interest on the Bonds may become includable in gross income retroactively to the date of issuance of the Bonds.

EXCEPT AS STATED ABOVE, we express no opinion as to any other federal, state or local tax consequences of acquiring, carrying, owning or disposing of the Bonds, including the amount, accrual or receipt of interest on, the Bonds. Owners of the Bonds should consult their tax advisors regarding the applicability of any collateral tax consequences of owning the Bonds.

OUR OPINIONS ARE BASED ON EXISTING LAW, which is subject to change. Such opinions are further based on our knowledge of facts as of the date hereof. We assume no duty to update or supplement our opinions to reflect any facts or circumstances that may thereafter come to our attention or to reflect any changes in any law that may thereafter occur or become effective. Moreover, our opinions are not a guarantee of result and are not binding on the Internal Revenue Service (the *Service*); rather, such opinions represent our legal judgment based upon our review of existing law and in reliance upon the representations and covenants referenced above that we deem relevant to such opinions. The Service has an ongoing audit program to determine compliance with rules that relate to whether interest on state or local obligations is includable in gross income for federal income tax purposes. No assurance can be given whether or not the Service will commence an audit of the Bonds. If an audit is commenced, in accordance with its current published procedures the Service is likely to treat the District as the taxpayer. We observe that the District has covenanted not to take any action, or omit to take any action within its control, that if taken or omitted, respectively, may result in the treatment of interest on the Bonds as includable in gross income for federal income tax purposes.

OUR SOLE ENGAGEMENT in connection with the issuance of the Bonds is as Bond Counsel for the District, and, in that capacity, we have been engaged by the District for the sole purpose of rendering an opinion with respect to the legality and validity of the Bonds under the Constitution and general laws of the State of Texas, and with respect to the exclusion from gross income of the interest on the Bonds for federal income tax purposes, and for no other reason or purpose. The foregoing opinions represent our legal judgment based upon a review of existing legal authorities that we deem relevant to render such opinions and are not a guarantee of a result. We have not been requested to investigate or verify, and have not independently investigated or verified any records, data, or other material relating to the financial condition or capabilities of the District, or the disclosure thereof in connection with the sale of the Bonds, and have not assumed any responsibility with respect thereto. We express no opinion and make no comment with respect to the marketability of the Bonds and have relied solely on certificates executed by officials of the District as to the current outstanding indebtedness of, and assessed valuation of taxable property within, the District. Our role in connection with the District's Official Statement prepared for use in connection with the sale of the Bonds has been limited as described therein.

Respectfully,

INDEPENDENT AUDITOR'S REPORT

Board of Trustees
East Chambers Independent School District
1955 State Hwy. 124
Winnie, TX 77665

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of East Chambers Independent School District (the "District") as of and for the year ended August 31, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of East Chambers Independent School District, as of August 31, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Board of Trustees
East Chambers Independent School District
December 6, 2021

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information and The TRS pension schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The introductory section and other supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code *Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and other supplementary information sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Governmental Auditing Standards*, we have also issued our report dated December 6, 2021, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering District's internal control over financial reporting and compliance

EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

AUGUST 31, 2021

In this section of the Annual Financial Report, we, the managers of the East Chambers Independent School District (the District), discuss and analyze the District's financial performance for the fiscal year ended August 31, 2021. We encourage readers to consider the information presented here in conjunction with the independent auditors' report on page 2, and the District's Basic Financial Statements that begin on page 12.

FINANCIAL HIGHLIGHTS

- The District's total combined net position was \$21,713,611 at August 31, 2021.
- During the year, the District's revenues were \$81,466 less than expenses.
- The general fund reported a fund balance this year of \$7,959,796, all of which is for unrestricted use by the District.
- The District received the highest rating (Superior Achievement) in the State's Financial Integrity Rating System of Texas once again.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements include three components: (1) management's discussion and analysis (this section), (2) the basic financial statements, and (3) required supplementary information.

Government-Wide Financial Statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business. They include the Statement of Net Position and the Statement of Activities that provide information about the activities of the District as a whole and present a longer-term view of the District's property and debt obligations and other financial matters. They reflect the flow of total economic resources in a manner similar to the financial reports of a business enterprise.

The Statement of Net Position presents information in a format that displays assets, plus deferred outflows of resources, less liabilities, less deferred inflows of resources to equal net position. Net position is displayed in three components – net investment in capital assets, restricted, and unrestricted. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. To assess the overall health of the District, one needs to consider additional nonfinancial factors such as changes in the District's tax base.

The *Statement of Activities* presents information showing how the government's net position changed during the current fiscal year. All changes in net position are reported for all of the current year's revenues and expenses regardless of when cash is received or paid. Thus, revenue and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of the District's government-wide financial statements distinguish the functions of the District as being principally supported by taxes and intergovernmental revenues (governmental activities) as opposed to business-type activities that are intended to recover all or a significant portion of their costs through user fees and charges.

EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

AUGUST 31, 2021

OVERVIEW OF THE FINANCIAL STATEMENTS, CONTINUED

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objects. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related requirements. The fund financial statements provide detailed information about the District's most significant funds, *not* the District as a whole.

- Some funds are required by State law and by bond covenants.
- The Board of Trustees establishes other funds to control and manage money for particular purposes or to show that it is properly using certain taxes and grants.

The District has the following kinds of funds:

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains several individual governmental funds organized according to their type. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances for the District's most significant funds. The District's major governmental fund is the General Fund. Data for the remaining governmental funds are combined into a single, aggregated presentation.

The District adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget. The Texas Education Agency also requires the District to present a budgetary comparison statement for one of its special revenue funds (food service) and the debt service fund.

Fiduciary Funds. The District is the trustee, or fiduciary, for money raised by student activities. All of the District's fiduciary activities are reported in separate Statements of Fiduciary Net position and Changes in Fiduciary Net position. These resources are excluded from the District's other financial statements because the District cannot use these assets to finance its operations. The District is only responsible for ensuring that the assets reported in these funds are used for their intended purposes.

Notes to the Financial Statements. The notes provide additional information that is essential to a complete understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 19-45 of this report.

Required Supplementary Information. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* that further explains and supports the information in the financial statements. Required supplementary information can be found on page 46 of this report.

EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT
 MANAGEMENT'S DISCUSSION AND ANALYSIS
 AUGUST 31, 2021

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Our analysis focuses on the net position (Table I) and Changes in Net Position (Table II) of the District's governmental activities.

The District's combined net position was \$21,713,611 at August 31, 2021 (See Table I)

Table I
East Chambers Independent School District
Net Position

	August 31, 2021	August 31, 2020
Current and Other Assets	\$ 10,563,846	\$ 9,019,928
Capital Assets	\$ 37,950,148	\$ 37,396,880
Deferred Outflows	3,706,881	4,708,459
Total Assets and Deferred Outflows	<u>52,220,875</u>	<u>51,125,267</u>
Long-term Liabilities	24,624,175	24,843,794
Other Liabilities	1,769,260	1,290,359
Deferred Inflows	4,113,829	3,196,037
Total Liabilities and Deferred Inflows	<u>30,507,264</u>	<u>29,330,190</u>
Net Assets:		
Net Investment in Capital Assets	22,760,032	22,808,071
Restricted	541,136	357,280
Unrestricted	<u>(1,587,557)</u>	<u>(1,370,274)</u>
Total Net Position	<u>\$ 21,713,611</u>	<u>\$ 21,795,077</u>

Approximately \$22.76 million of the District's net position represent investments in capital assets net of related debt. Restricted net position includes assets restricted for debt service, construction and federal and state programs.

Changes in net position. The District's total revenues were \$21.8 million. A significant portion, 76 percent, of the District's revenue comes from federal and state aid, 17 percent comes from property taxes, while only 2 percent relates to charges for services and 5 percent to investment and other miscellaneous revenue.

Total Cost of all programs and services was \$21.9 million; of this amount \$11.8 million of these costs relate to functions for instruction.

Net position of the District's governmental activities for the current year decreased \$84,466 from operations (see Table II on page 7 of this report).

Net Position - August 31 (Ending)	<u>\$ 21,713,611</u>	<u>\$ 21,795,077</u>

GOVERNMENT-WIDE FINANCIAL ANALYSIS, CONTINUED

GOVERNMENTAL ACTIVITIES

- Property tax rates were set at \$1.05475 per \$100 valuation for maintenance and operations and \$0.1636 for debt service in 2020. The rate for 2021 is set at \$.975150 for maintenance and operations and \$.2432 for principal and interest on debts.
- The District continues to pay down the general obligation bonds.

Table III presents the cost of each of the District's largest functions as well as each function's net cost (total cost less fees generated by the activities and intergovernmental aid). The net cost reflects what was funded by state revenues as well as local tax dollars.

- The cost of all governmental activities this year was \$21.9 million.
- However, the amount that our taxpayers paid for these activities through property taxes was only \$3.7 million.
- Some of the cost was paid by those who directly benefited from the programs \$459,344, or by grants and contributions \$2.4 million.

Table III
 Net cost of Selected District Functions

	Total Cost of Services		Net Cost of Services	
	2021	2020	2021	2020
Instruction	11,820,472	\$ 11,544,295	10,590,948	\$ 10,449,190

Food Service	1,249,638	1,169,911	293,932	328,723

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

East Chambers ISD has a long-standing commitment to fiscal conservatism and maintaining a balanced budget each year. Exceptions for capital projects have been approved sparingly. The District's financial strength has been in slow steady student population growth along with slow steady increases in local property wealth; however, the pandemic has temporarily disrupted growth and attendance. Normally this creates stability and predictability. The District budget was not designed for any significant changes in enrollment or property values, and property values and enrollment were negatively impacted by the pandemic which was offset by significant increases in state aid due to HB3 and pandemic relief aid.

EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

AUGUST 31, 2021

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS, CONTINUED

The District continues to invest resources in hardening our facilities for security reasons. Funds for these upgrades are from fund balance, Chambers County Permanent School Funds, and general revenue. The District utilizes a comprehensive facilities study for long-range planning including completed and short term facility needs. The District completed renovations at the high school front entrance for security enhancement, renovation of restrooms at the high school, and paving the parking lot at the high school. The District is considering calling a bond election in May of 2022 to replace aging buildings at the junior high, continued renovations at the high school and expansion of the elementary school.

The District received 6 new school buses through a TCEQ grant of approximately \$400,000. The remaining approximately \$200,000 costs will be refunded to the general fund from proceeds from the tax notes.

The District has been able to utilize a broad range of revenue sources that continue to add to the stability of the district.

General Fund Budgetary Highlights:

There were few budget amendments for the 2020-2021 school year, and those were mostly related to capital project costs. Revenue and expenditure projections were realized as relatively expected. Revenue exceeded budgeted amounts due primarily to student growth, and expenditures were within budgeted targets.

CAPITAL ASSET AND LONG-TERM DEBT ACTIVITY

Capital Assets. At August 31, 2021 the District had \$37.9 million (net of depreciation) invested in a broad range of capital assets, including land, buildings, furniture and equipment used for instruction, transportation, athletics, administration, and maintenance. This amount represents a net increase (including additions and deductions) of \$553,268 over last year.

East Chambers Independent School District Capital Assets Governmental Activities

	August 31, 2021	August 31, 2020
Land	\$ 1,273,120	\$ 1,273,120
Construction in Progress	1,130,406	-
Buildings and Improvements	50,501,715	50,465,999

Equipment	(2,613,050)	(2,444,210)
Vehicles	(2,175,871)	(1,989,094)
Total Accumulated Depreciation	<u>(21,171,798)</u>	<u>(19,720,124)</u>
Net Capital Assets	<u>\$ 37,950,148</u>	<u>\$ 37,396,881</u>

EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT
 MANAGEMENT'S DISCUSSION AND ANALYSIS
 AUGUST 31, 2021

CAPITAL ASSET AND LONG-TERM DEBT ACTIVITY, CONTINUED

Long-Term Debt. At year-end, the District had \$15.2 million in bonds and notes outstanding. More detailed information about the District's long-term liabilities is presented in the notes to the financial statements.

	August 31, 2021	August 31, 2020
Governmental activities:		
General Obligation Bonds	\$ 12,530,000	\$ 13,296,000
Add: Premium on Bonds	610,116	668,809
Maintenance Tax Note	2,050,000	624,000
Capital Leases Payable	-	-
Total	<u>\$ 15,190,116</u>	<u>\$ 14,588,809</u>

ECONOMIC FACTORS AND NEW YEAR'S BUDGETS AND RATES

Overall appraised values of all property within the East Chambers ISD increased slightly in 2021. This will have a neutral impact on total revenues offset by state revenue.

ECISD remains within guidelines established by the Texas Education Agency for student/teacher ratios and student/staff ratios. The District continues to study comparisons between it, and districts within our geographic market area, and similar districts in enrollment and wealth from across the state. ECISD maintains levels of staffing well within the averages of these categories. The District also continues to complete market studies for pay schedules and successfully balances the higher paying Houston market with the considerably lower paying Beaumont market as it straddles, geographically, these two markets. EC pays roughly \$8,000 more on average teacher salaries than in districts to its east and roughly \$8,000 less than those to its west. Administrative costs are within ratios set by TEA.

ECONOMIC FACTORS AND NEW YEAR'S BUDGETS AND RATES, CONTINUED

Enrollment continues to edge up over the past two decades, averaging 2% per year with fewer than five years varying by more than 1% in either direction with the exception of 2020-2021 which was due to the pandemic decreasing enrollment by 2.5%. That decrease has been recovered in the start of 2021-2022 school year. This slow, steady growth has contributed to the District being able to successfully predict income levels based on ADA year over year.

The District continues to see increases in its basic allotment over time.

The adopted 2021-2022 budget shows a typical increase in spending across the board. The board adopted a salary schedule that also increased wages by its historical 2-3% range depending on category.

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED AUGUST 31, 2021

Total Net Change in Fund Balances - Governmental Funds		\$ 1,142,752
Capital outlays are not reported as expenses in the statement of activities.		2,004,942
Disposal of assets and the related accumulated depreciation are not recognized in the funds but are included in the government-wide statements.		-
Depreciation is not recognized as an expense in governmental funds since it does not require the use of current financial resources. The net effect of the current year's depreciation is to decrease net position.		(1,451,674)
Certain property tax revenues are deferred in the funds. This is the change in these amounts this year.		(77,735)
Proceeds from the issuance of tax notes is recognized as a financing source in the funds but are excluded from the statement of activities.		(1,525,000)
Repayment of loan principal is an expenditure in the funds but is not an expense in the statement of activities.		865,000
Bond issuance costs and premiums are amortized in the statement of activities but not in the funds.		58,693
The net change in net pension liability, deferred outflows, and deferred inflows is reported in the statement of activities but does not require the use of current financial resources and, therefore, is not reported as expenditures in the governmental funds. The net change consists of the following:		
Deferred outflows increased (decreased)	(1,143,916)	
Deferred inflows increased (decreased)	115,405	
Net pension liability increased (decreased)	(74,928)	(1,103,439)
The net change in net OPEB liability, deferred outflows, and deferred inflows is reported in the statement of activities but does not require the use of current financial resources and, therefore, is not reported as expenditures in the governmental funds. The net change consists of the following:		
Deferred outflows increased (decreased)	142,338	
Deferred inflows increased (decreased)	(1,033,197)	
Net OPEB liability increased (decreased)	895,854	<u>4,995</u>
Change in Net Position of Governmental Activities		<u>\$ (81,466)</u>

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

East Chambers Independent School District ("District") is a public educational agency operating under the applicable laws and regulations of the State of Texas. The District prepares its basic financial statements in conformity with Generally Accepted Accounting Principles (GAAP) promulgated by the Governmental Accounting Standards Board (GASB) and other authoritative sources identified in *Statement of Auditing Standards No. 69* of the American Institute of Certified Public Accountants. Additionally, the District complies with the requirements of the appropriate version of the Texas Education Agency (TEA) *Financial Accountability System Resource Guide* (FASRG) and the requirements of contracts and grants of agencies from which it receives funds.

A. Reporting Entity

The Board of School Trustees ("Board"), a seven-member group, has governance responsibilities over all activities related to public elementary and secondary education within the jurisdiction of the District. The Board is elected by the public and has the exclusive power and duty to govern and oversee the management of the public schools of the District. All powers and duties not specifically delegated by statute to the Texas Education Agency ("TEA") or to the State Board of Education are reserved for the Board, and the TEA may not substitute its judgment for the lawful exercise of those powers and duties by the Board. The District receives funding from local, state and federal government sources and must comply with the requirements of those funding entities. However, the District is not included in any other governmental "reporting entity" as defined by the GASB in its Statement No. 14, "The Financial Reporting Entity" and there are no component units included within the reporting entity.

B. Government-wide and Fund Financial Statements

The government-wide financial statements consist of the statement of net position and the statement of activities. These statements report information on all non-fiduciary activities of the District. The effect of the interfund activity in the government-wide statements eliminates services provided and used in the process of consolidation. Governmental activities are mainly supported by tax revenues and intergovernmental revenues.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function. All capital asset depreciation is reported as a direct expense of the functional program that benefits from the use of the capital assets. *Program revenues* include charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function. They also include grants and contributions that are restricted to meeting operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported as *general revenues*. Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation, Continued

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual, i.e., both measurable and available to finance expenditures of the fiscal period. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, claims and judgments, are recorded only when the payment is due.

Revenues from local sources consist primarily of property taxes. Property tax revenues and revenues received from the State of Texas are recognized under the susceptible-to-accrual concept and so have been recognized as revenues of the current fiscal period. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are both measurable and available.

Grant funds are considered earned to the extent of the expenditures made under the provisions of the grant. Accordingly, when such funds are received, they are recorded as deferred revenues until the related and authorized expenditures have been made. If balances have not been expended by the end of the project period, grantors sometimes require the District to refund all or part of the unused amount.

The District reports the following major governmental funds:

General Fund: This is the District's primary operating fund. It accounts for all financial resources of the District except those required to be accounted for in another fund.

Debt Service Fund: This fund is the District's primary fund to account for the accumulation of resources for, and the retirement of, long-term debt principal, interest and related costs.

In addition, the District reports the following fund types:

Capital Projects Fund: This fund is the District's primary fund to account for construction activities

Special Revenue Funds: These are governmental funds that are restricted, committed or assigned for specific purposes by a grantor or the Board. Federal programs where unused balances are returned to the grantor at the close of the specified project periods are accounted for in these funds.

Custodial Funds: The District accounts for resources held for others in a custodial capacity in custodial funds. The District's custodial fund is the Student Activity Fund.

D. Assets, Liabilities, and Net Position or Equity

1. Cash, Cash Equivalents and Investments

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, money market bank sweep accounts, and short-term investments with original maturities of three months or less from the date of acquisition. Investments for the District are reported at fair value.

For cash management purposes, the District's funds must be deposited and invested under the terms of a depository contract, contents of which are set out in the Depository Contract Law. The depository bank

EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

AUGUST 31, 2021

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

D. Assets, Liabilities, and Net Position or Equity, Continued

deposits for safekeeping and trust with the District's agent bank approved pledged securities in an amount sufficient to protect District funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance.

2. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds".

Property taxes are levied by October 1, on the assessed value listed as of the prior January 1, for all real and business personal property located in the District in conformity with Subtitle E, Texas Property Code. Taxes are due upon receipt of the tax bill and are delinquent if not paid before February 1 of the following year following the year in which imposed. On January 31 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed. Property tax revenues are considered available (1) when they become due or past due and receivable within the current period and (2) when they are expected to be collected during a 60-day period after the close of the fiscal year.

Allowances for uncollectible tax receivables within the General Fund are based upon historical experience in collecting property taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the District is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature.

3. Inventories and Deferred Expenditures

The District records purchases of supplies as expenditures, utilizing the purchase method of accounting for inventory in accordance with the Resource Guide.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as deferred expenditures.

4. Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of funds are recorded in the accounting system in order to assign the portion of the applicable appropriation, is employed in the governmental fund financial statements. Encumbrances, which have not been liquidated, are reported as an assigned portion of fund balance in the governmental funds.

5. Capital Assets

Capital assets which include land, buildings, furniture, and equipment, are reported in the applicable governmental activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of two years.

Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

AUGUST 31, 2021

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

D. Assets, Liabilities, and Net Position or Equity, Continued

5. Capital Assets, Continued

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. When assets are retired or otherwise disposed of, the related costs or other recorded amounts are removed. Buildings, furniture and equipment and vehicles of the District are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Infrastructure	30
Buildings	50
Building Improvements	20
Vehicles	2-15
Office Equipment	3-15
Computer Equipment	3-15

6. Deferred Outflows/Inflows of Resources

Deferred outflows of resources represents a consumption of net position that applies to a future period and will not be recognized as an expense/expenditure until that future period. Deferred inflows of resources represents an acquisition of net position that applies to a future period and will not be recognized as revenue until that future period.

Deferred outflows/inflows of resources are amortized as follows:

Pension and OPEB activities are amortized over the weighted average remaining service life of all participants in the respective qualified pension plan and OPEB, except for projected and actual earnings differences on investments which are amortized on a closed basis over a 5-year period.

District contributions to the pension and OPEB plans after the measurement date of each plan are recognized in the subsequent fiscal year.

Property taxes are recognized in the period the amount becomes available.

7. Compensated Absences

Upon retirement, employees having served the District for at least 25 years prior to the beginning of the 1998-99 school year shall be reimbursed for some portion of unused state leave, at a rate based on each individual employee's daily rate of pay during the 1997-98 school year. Such reimbursement shall be for a number of state leave days, not exceeding the number accumulated by the end of the 1997-98 school year; however, any such accumulated state leave used prior to retirement shall be deducted from that number. No interest shall accumulate nor shall any interest be paid on the funds paid to an employee under this reimbursement program.

An eligible employee having completed at least 30 years of service with the District prior to the beginning of the 1998-99 school year shall be reimbursed for 100 percent of the state leave days he or she had accumulated, in accordance with provisions outlined above.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

An eligible employee having completed at least 25, but fewer than 30, years of service with the District prior to the beginning of the 1998-99 school year shall be reimbursed for 50 percent of the state leave days he or she had accumulated in accordance with provisions outlined above.

Except for employees grandfathered under the policies above, no other compensated absences are allowed under the District's personnel policies.

8. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities.

9. Arbitrage Payable

The Federal Tax Reform Act of 1986 requires issuers of tax-exempt debt to make payments to the United States Treasury for investment income received at yields that exceed the issuer's tax exempt borrowing rates. The Treasury requires payment for each issue every five years. The estimated liability is updated annually for all tax-exempt issuances or changes in yields until such time payment of the calculated liability is due. The District had no arbitrage liability as of August 31, 2021.

D. Assets, Liabilities, and Net Position or Equity, Continued

10. Data Control Codes

The data control codes refer to the account code structure prescribed by TEA in the FASRG. The TEA requires school districts to display these codes in the financial statements filed with the Agency in order to ensure accuracy in building a statewide data base for policy development and funding plans.

11. Government-Wide Net Position

Net investment in capital assets – the component of net position that represents capital assets less capital debt plus unspent bond proceeds. As of August 31, 2021 this amount was \$22,760,032.

Restricted for Federal and State Programs – the component of net position that reports the difference between assets and liabilities of the Federal and State special revenue programs that consists of assets with constraints placed on their use by the Department of Education, Agriculture or Texas Education Agency ("TEA") of \$174,581.

Restricted for debt service – the component of net position that reports the difference between assets and liabilities of the Debt Service Fund net of accrued interest at August 31, 2021 that consist of assets with constraints placed on their use by the bond covenants of \$366,095.

Restricted for capital projects– the component of net position that reports amounts restricted for capital expenditures. This amount was \$460.

Unrestricted – the difference between the assets and liabilities that are not restricted for any purposes in the amount of (\$1,587,557).

12. Fund Equity

In the fund financial statements, governmental funds report classifications of fund balance based on controls placed upon the funds. In accordance with GASB Statement No. 54, fund balance classifications are recorded as follows:

EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

AUGUST 31, 2021

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Non-spendable Fund Balance – amounts that are not in spendable form or amounts that are legally and contractually required to be maintained intact.

Restricted Fund Balance – amounts constrained to a specific purpose by external parties through constitutional provisions or by enabling legislation.

Committed Fund Balance – amounts constrained to a specific purpose by the Board of Trustees (the highest level of authority within the District); amount cannot be used for any other purpose unless the Board of Trustees takes the same action to remove or change the constraint.

Assigned Fund Balance- general fund amounts constrained to a specific purpose by the Superintendent.

Unassigned Fund balance – residual classification applicable to the general fund only.

The District's unassigned general fund balance will be maintained to provide the District with sufficient working capital and a margin of safety to address local and regional emergencies without borrowing. The unassigned general fund balance may only be appropriated by resolution of the Board of Trustees.

When it is appropriate for fund balance to be assigned, the Board delegates authority to the Superintendent. In circumstances where an expenditure is to be made for a purpose for which amounts are available in multiple fund balance classifications, the order in which resources will be expended is from the least restrictive to the most restrictive, unless otherwise approved by the Board of Trustees.

13. Pensions

The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

14. Other Post-Employment Benefits

The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to other post-employment benefits, OPEB expense, and information about assets, liabilities and additions to/deductions from TRS-Care's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay-as-you-go plan and all cash is held in a cash account.

15. Management's review of subsequent events

Management has evaluated subsequent events through December 6, 2021, the date the financial statements were available to be issued.

Note 2: COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Information

The Board of Trustees adopts an “appropriated budget” on a basis consistent with GAAP for the General Fund, Debt Service Fund, and Food Service Fund, which is included in the Special Revenue Funds. At a minimum, the District is required to present the original and the final amended budgets for revenues and expenditures compared to actual revenues and expenditures for these three funds.

The following procedures are followed in establishing the budgetary data reflected in the financial statements:

- Prior to August 20th, the District prepares a budget for the next fiscal year beginning September 1. The operating budget includes proposed expenditures and the means of financing them.
- After one or more budget workshops with the Board of Trustees, a meeting is called for the purpose of adopting the proposed budget. At least ten (10) days but no more than thirty (30) days public notice for the meeting is required.
- Prior to August 31st, the Board of Trustees legally adopts the budget for the General Fund, Debt Service Fund and Food Service Fund through passage of a resolution.

After the budget is approved, it can only be amended at the function and fund level by approval of a majority of the Board. Amendments are presented to the Board at its regular meetings for their approval.

As required by law, such amendments are made before the fact, are reflected in the official minutes of the Board, and are not made after fiscal year end. Total expenditures may not exceed total appropriations, as amended, by fund at function level. Because the District has a policy of careful budgetary control, budget amendments are necessary throughout the year.

B. Finance-Related Legal and Contractual Provisions

1. In accordance with GASB Statement No. 38, “Certain Financial Statement Note Disclosures,” violations of finance-related legal and contractual provisions, if any, are reported below, along with actions taken to address such violations:

<u>Violation</u>	<u>Action Taken</u>
None reported	Not applicable

2. Deficit Fund Balance or Fund Net Assets of Individual Funds

The District did not have any deficit fund balances or negative fund Net Position for the fiscal year ended August 31, 2021.

Note 3: DEPOSITS AND INVESTMENTS

At August 31, 2021, the carrying amount of the District’s demand deposits and cash on hand was \$580,597. The \$167,415 bank balance was covered by federal deposit insurance through the FDIC and was collateralized by securities held by the District or by the District’s agent in name of the District.

All cash balances and investments are held separately in each of its funds. Funds held at the depository bank were properly secured at all times, and the following was disclosed:

- a. Name of depository bank: East Chambers County Bank

EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

AUGUST 31, 2021

Note 3: DEPOSITS AND INVESTMENTS, CONTINUED

- b. Amount of bond or securities pledged as of the date of the highest combined balance on deposit was \$1,752,360.
- c. Highest cash balance amounted to \$1,714,816 and occurred during the month of February 2021.
- d. Total amount of Federal Deposit Insurance Corporation ("FDIC") coverage at the time of the highest combined balance was \$250,000.

Investments

The State Public Funds Investment Act (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports, and establishment of appropriate policies. It requires

the District to adopt, implement and publicize an investment policy. The investment policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, and (9) bid solicitation preferences for certificates of deposit.

Statutes authorize the District to invest in (1) obligations of the United States Treasury, certain United States agencies, and obligations of the State of Texas, (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptances, (7) mutual funds, (8) investment pools, (9) guaranteed investment contracts, and (10) common trust funds. Management of the District believes it is in compliance with the requirements of the Act and with local

policies. The District's investments in public funds investment pools and money market mutual funds include those with the Lone Star Investment Pool (LSIP) and TexPool.

LSIP is a public funds investment pool administered by First Public (formerly known as the Texas Association of School Board Financial Service). LSIP is a public funds investment pool created under the authorization of the Interlocal Cooperation Act of the State of Texas, Article 4413 (32c), Vernon's Texas Civil Statutes, as amended. It is designed to provide participating local governments with investment vehicles for (1) local funds that are not required to be spent immediately and are available for investment in securities with maturities and returns generally greater than those for money market instruments and (2) local funds which provide daily liquidity. The objective of the LSIP is to provide participating local governments with the highest possible rate of return for such funds, while maintaining safety of principal.

To achieve its objective, the LSIP invests primarily in obligations issued or secured by the U.S. Government, its agencies and instrumentalities, and in commercial paper. Standish Mellon Asset Management and AMR Investments provide investment advisory services. Each fund within the Pool has received the highest rating, AAA, from Standard & Poor's as required by the Public Funds Investment Act

TexPool is a public funds investment pool created by the Texas Treasury Safekeeping Trust Company to provide a safe environment for the placement of local government funds. The State Comptroller of Texas administers TexPool. Lehman Brothers and Federated Investors manage the daily operations of the pool under a contract with the Comptroller. TexPool operated in a manner consistent with the Security and Exchange Commission's Rule 2a7 of the Investment Company Act of 1940. TexPool uses amortized cost rather than market value to report net assets to compute share prices. The fair value of the position in TexPool is the same as the value of TexPool shares. TexPool is rated as AAAm money market fund by

EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2021

Note 3: DEPOSITS AND INVESTMENTS, CONTINUED

Standard & Poor's. This rating indicates excellent safety and a superior capacity to maintain principal value and limit exposure to loss.

The District's general policy is to report money market investments and short-term participating interest-earning investment contracts at amortized cost and to report nonparticipating interest-earning investment contracts using a cost-based measure. However, if the fair value of an investment is significantly affected by the impairment of the credit standing of the issuer or by other factors, it is reported at fair value. The term "short-term" refers to investments which have a remaining term of one year or less at time of purchase. The term "nonparticipating" means that the investment's value does not vary with market interest rate changes. Nonnegotiable certificates of deposit are examples of nonparticipating interest-earning investment contracts.

The overall objective of the District's investment policy is to ensure that District financial assets are properly safeguarded, provide sufficient liquidity, and produce a reasonable rate of return while enabling the District to react to changes in economic conditions.

The District's investments at August 31, 2021 are shown below:

<u>Type</u>	<u>Carrying Amount</u>	<u>Fair Value</u>	<u>Maturity</u>
Investments not subject to categorization			
TexPool	\$ 1,913,315	\$ 1,913,315	Weighted average < 60 days
LoneStar	6,799,400	6,799,400	Weighted average < 120 days
Total Investments	<u>\$ 8,712,715</u>	<u>\$ 8,712,715</u>	

Analysis of Specific Deposit and Investment Risks

GASB Statement No. 40 requires a determination as to whether the District was exposed to the following specific investment risks at year end and if so, the reporting of certain related disclosures:

Credit Risk: Credit Ratings

District investments conform to the District's banking and investment policies and are in accordance with laws and regulations of the State of Texas and TEA. Statutes of the State of Texas and policies mandated by the District's Board authorize the District to invest in obligations of the U.S. Government or its agencies, repurchase agreements, commercial paper, public funds, investment pools, mutual funds and money market accounts. As stated above, Lonestar has received the highest rating, AAA, from Standard & Poor's, and Texpool is rated as AAA money market fund by Standard & Poor's. At year end, the District was not significantly exposed to credit risk.

Custodial Credit Risk

Deposits are exposed to custodial risk if they are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the District's name.

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by either the counterparty or the counterparty's trust department or agent but not in the District's name.

The District was not exposed to custodial credit risk during the course of the fiscal year.

EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2021

Note 3: DEPOSITS AND INVESTMENTS, CONTINUED

Concentration of Credit Risk

It is the policy of the District to reduce risk associated with investments by diversification of the portfolio. The District was not exposed to concentration of credit risk during the course of the fiscal year

Interest Rate Risk

This is the risk that changes in interest rates will adversely affect the fair value of an investment. The District concentrates its investment portfolio in short and intermediate term securities to limit market risk caused by changes in interest rates. At year end, the District was not exposed to interest rate risk.

Foreign Currency Risk

This is the risk that exchange rates will adversely affect the fair value of an investment. At year end, the District was not exposed to foreign currency risk.

Note 4: CAPITAL ASSETS

Prior to GASB Statement No. 34, the District was not required to calculate depreciation expense for reporting capital assets. In accordance with the implementation of GASB Statement No. 34, capital assets have been adjusted to reflect historical cost for the purpose of calculating depreciation.

Capital asset activity for the governmental activities for the year ended August 31, 2021 was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Capital Assets, Not Being Depreciated:				
Land	\$ 1,273,121	\$ -	\$ -	\$ 1,273,121
Construction in Progress	-	1,130,406	-	1,130,406
Total Capital Assets, Not Being Depreciated	<u>1,273,121</u>	<u>1,130,406</u>	<u>-</u>	<u>2,403,527</u>
Capital Assets, Being Depreciated:				
Buildings & Improvements	50,465,998	35,717	-	50,501,715
Furniture & Equipment	2,994,929	103,512	-	3,098,441
Vehicles	2,382,957	735,307	-	3,118,264
Total Capital Assets, Being Depreciated:	<u>55,843,884</u>	<u>874,536</u>	<u>-</u>	<u>56,718,420</u>
Less Accumulated Depreciation:				
Buildings & Improvements	(15,286,820)	(1,096,057)	-	(16,382,877)
Furniture & Equipment	(2,444,211)	(168,839)	-	(2,613,050)
Vehicles	(1,989,093)	(186,778)	-	(2,175,871)
Total Accumulated Depreciation	<u>(19,720,124)</u>	<u>(1,451,674)</u>	<u>-</u>	<u>(21,171,798)</u>
Total Capital Assets, Being Depreciated, Net	<u>36,123,760</u>	<u>(577,138)</u>	<u>-</u>	<u>35,546,622</u>
Governmental Activities Capital Assets, Net	<u>\$ 37,396,881</u>	<u>\$ 553,268</u>	<u>\$ -</u>	<u>\$ 37,950,149</u>

The District has several construction projects in process as of August 31, 2021.

EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2021

Note 4: CAPITAL ASSETS, CONTINUED

At September 1, 2001, the District also implemented a capitalization policy for assets, defined as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of two years. The District will continue to maintain a controllable asset inventory for items not capitalized in order to safeguard district assets.

Depreciation expense of the governmental activities was charged to functions/programs as follows:

Instruction	\$ 794,770
Instructional Resources & Media Services	16,725
Current Development and Staff Development	23,918
Instructional leadership	34,471
School Leadership	65,707
Guidance, Counseling & Evaluation Services	40,118
Health Services	11,974
Student (Pupil) Transportation	33,214
Food Services	84,434
Cocurricular Activities	73,594
General Administration	60,879
Plant Maintenance & Operations	193,245
Security and Monitoring Services	2,795
Data Processing Services	10,340
Community Services	5,490
Total Depreciation Expense	<u>\$ 1,451,674</u>

Note 5: INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

Interfund receivables and payables are short-term transactions between funds that are accounted for in the appropriate interfund receivable and payable accounts. Interfund balances at August 31, 2021 consisted of the following individual fund receivables and payables:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General	Special Revenue	\$ 50,327
General	Debt Service	120,182
Special Revenue	General	48,166
		<u>\$ 218,675</u>

The receivables in the general fund totaling \$50,327 and \$120,182 represents amounts due from the special revenue funds and Debt Service Fund for reimbursement of expenditures paid by the General Fund. The receivable in the Special Revenue Funds from the General Fund in the amount of \$48,166 represents amounts initially deposited into Lone Star for other funds.

The Capital Projects Funds transferred \$6,098 to the General Fund. The General Fund transferred \$250,000 to the Debt Service Fund and 290,000 to the Child Nutrition Fund.

EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

AUGUST 31, 2021

Note 6: CAPITAL LEASES

The Public Property Finance Act gives the District authority to enter into capital leases for the acquisition of personal property. The District has entered into lease agreements as lessee for financing the acquisition of a phone system in accordance with provisions of the Texas Education Code Section 45.109. This lease agreement qualifies as capital leases for accounting purposes and, therefore, have been recorded at the present value of their future minimum lease payments as of the inception date. Capital leases at August 31, 2020 are summarized as follows:

Date of Issue / Maturity	Interest Rate Payable	Amounts Original Issue	Current Interest	Outstanding 8/31/19	Issued	Retired	Outstanding 8/31/20
04/2015 - 07/2020	5.50%	\$ 266,786	\$ 7,350	\$ 50,026	\$ -	\$ 50,026	\$ -

Note 7: LONG-TERM DEBT

The District issued general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for only governmental activities. General obligation bonds are direct obligations and pledge the full faith and credit of the District. Current principal and interest requirements are payable solely from future revenues of the debt service fund which consists principally of property taxes collected by the District and interest earnings. Certain outstanding bonds may be redeemed at their par value prior to their normal maturity dates in accordance with the terms of the related bond indentures. The District has never defaulted on any principal or interest payment.

General obligation bonds payable at August 31, 2021 are summarized as follows:

Date of Issue	Original Issue	Final Maturity	Annual Installments	% Rate	Outstanding Balance
2015	\$ 500,000	2021	\$91,000 to \$106,000	2.00%	\$ -
2016	\$ 9,385,000	2041	\$60,000 to \$630,001	3.0-4.0%	8,850,000
2018	\$ 5,240,000	2027	\$505,000-\$605,000	3.0-4.0%	3,680,000
					<u>\$ 12,530,000</u>

The District issued maintenance tax notes. Maintenance tax notes outstanding at year end are as follows:

Date of Issue	Original Issue	Final Maturity	Annual Installments	% Rate	Outstanding Balance
2015	\$ 1,000,000	2026	\$85,000-\$109,000	.75% - 2.2%	\$ 525,000
2031	\$ 1,525,000	2031	\$143,000-\$162,000	1.42%	\$ 1,525,000
					<u>\$ 2,050,000</u>

EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2021

Note 7: LONG-TERM DEBT, CONTINUED

Annual debt service requirements to maturity for the bonds, maintenance tax notes, and notes payable are as follows:

Year Ending August 31	Principal	Interest	Total
2021	865,000	435,034	1,300,034
2022	896,000	405,848	1,301,848
2023	928,000	371,561	1,299,561
2024	965,000	335,833	1,300,833
2025	1,002,000	301,709	1,303,709
2026-2030	3,289,000	1,123,636	4,412,636
2031-2035	2,475,000	745,063	3,220,063
2036-2040	2,870,000	337,738	3,207,738
2041	630,000	10,238	640,238
Total	\$ 13,920,000	\$ 4,066,660	\$ 17,986,660

Changes in long-term liabilities

Long-term liability activity for the year ended August 31, 2021, was as follows:

	Beginning Balance	Additions	Retirements/ Payments	Ending Balance	Due Within One Year
Governmental activities:					
General Obligation Bonds	\$ 13,296,000	\$ -	\$ 766,000	\$ 12,530,000	\$ 795,000
Premium on Bonds	668,809	-	58,693	610,116	-
Maintenance tax notes	624,000	1,525,000	99,000	2,050,000	244,000
Capital Leases	-	-	-	-	-
Total	\$ 14,588,809	\$ 1,525,000	\$ 923,693	\$ 15,190,116	\$ 1,039,000

All compensated absences, claims and judgments are normally liquidated by the general fund.

Note 8: RETIREMENT BENEFITS

Plan Description

The District participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). TRS's defined benefit pension plan is established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution

EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

AUGUST 31, 2021

Note 8: RETIREMENT BENEFITS, Continued

rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension Plan Fiduciary Net Position

Detailed information about the Teacher Retirement System's fiduciary net position is available in a separately-issued Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at <http://www.trs.texas.gov> ; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592

Benefits Provided

TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension benefits are established or amended under the authority of the Texas Constitution, Article XVI, Section 67 and by the Legislature in the Texas Government Code, Title 8 Subtitle C. The Board of Trustees does not have the authority to establish or amend benefits. State law requires the plan to be actuarially sound in order for the Legislature to consider a benefit enhancement, such as supplemental payment to the retirees. In May 2019, the 86th Texas Legislature approved the TRS Pension Reform Bill (SB12) that provides for gradual contribution increase from the state, participating employers and active employees to make the pension fund actuarially sound. These increases immediately made the pension fund actuarially sound and the legislature approved funding for a 13th check. All eligible members retired as of December 31, 2018, received an extra annuity check in September 2019 in either the matching amount of their monthly annuity payment of \$2,000, whichever was less.

Contributions

Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year. Texas Government Code section 821.006 prohibits benefit improvements, if as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action.

Employee contribution rates are set in state statute, Texas Government Code 825.402. SB12 in the 86th Legislature set contribution rates for fiscal year 2020 and fiscal year 2021. Beginning September 1, 2019, all employers are required to pay the Public Education Employer contribution of 1.5%. Contribution Rates can be found in the TRS 2020 CAFR, Note 11, on page 82.

EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT
 NOTES TO FINANCIAL STATEMENTS
 AUGUST 31, 2021

Note 8: RETIREMENT BENEFITS, Continued

Contribution Rates

	<u>2020</u>	<u>2021</u>
Member	7.7%	7.7%
Non-Employer Contributing Entity (State)	7.5%	7.5%
Employers	7.5%	7.5%
East Chambers ISD 2021 Employer Contributions		\$ 375,997
East Chambers ISD 2021 Member Contributions		\$ 865,969
EastChambers ISD 2020 NECE On-Behalf Contributions		\$ 939,502

Contributors to the plan include members, employers and the State of Texas as the only non-employer contributing entity. The State is the employer for senior colleges, medical schools and state agencies

including TRS. In each respective role, the State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA).

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers (public school, junior college, other entities or the State of Texas as the employer for senior universities and medical schools) are required to pay the employer contribution rate in the following instances:

1. On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
2. During a new member's first 90 days of employment.
3. When any part or all of an employee's salary is paid by federal funding sources or a privately sponsored source.

In addition to the employer contributions listed above, there are two additional surcharges an employer is subject to.

1. When employing a retiree of the Teacher Retirement System, the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.
2. Employers must contribute 1.5% of the member's salary ("Public Education Employer Surcharge).

Actuarial Assumptions

Roll Forward –The actuarial valuation was performed as of August 31, 2019. Update procedures were used to roll forward the total pension liability to August 31, 2020.

The total pension liability is determined by an annual actuarial valuation. The actuarial methods and assumptions were selected by the Board of Trustees based upon analysis and recommendations by the System's actuary. The Board of Trustees has sole authority to determine the actuarial assumptions used for the Plan. The actuarial methods and assumptions were primarily based on a study of actual experience for the three-year period ending August 31, 2017 and were adopted in July 2018.

EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

AUGUST 31, 2021

Note 8: RETIREMENT BENEFITS, Continued

The active mortality rates were based on 90 percent of the RP 2014 Employee Mortality Tables for males and females. The post-retirement mortality rates were based on the 2018 TRS of Texas Healthy Pensioner Mortality Tables.

The following table discloses the assumptions that were applied to this measurement period.:

Valuation Date	August 31, 2019 rolled forward to August 31, 2020
Actuarial Cost Method	Individual Entry Age Normal
Asset Valuation Method	Market Value
Single Discount Rate	7.25%
Long-term expected Investment Rate of Return*	7.25%
Municipal Bond Rate as of August 2018	2.33% - Source for the rate is the Fixed Income Market Data/Yield Curve/Data Municipal Bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity index's "20 Year Municipal GO AA index"
Last year ending August 31 in Projection Period	2119
Salary Increases*	3.05% to 9.05% including inflation
Inflation	2.30%
Ad hoc post-employment benefit changes	None

**Includes Inflation of 2.5%*

The actuarial methods and assumptions used in the determination of the total pension liability are the same assumptions used in the actuarial valuation as of August 31, 2019. For a full description of these assumptions please see the TRS actuarial valuation report dated November 14, 2019.

Discount Rate

The single discount rate used to measure the total pension liability was 7.25%. The single discount rate was based on the expected rate of return on pension plan investments of 7.25%. The projection of cash flows used to determine the discount rate assumed that contributions from active members, employers and the non-employer contributing entity will be made at the statutorily required rates set by the Legislature during the 2019 legislative session. It is assumed that future employer and state contributions will be 8.50% of payroll in fiscal year 2020 gradually increasing to 9.66% of payroll over the next several years. This includes all employer and state contributions for active and rehired retirees.

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payment of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Best estimates of geometric real rates of return for each major asset class included in the System's target asset allocation as of August 31, 2020, are presented in the Asset Allocations the following table from the TRS Comprehensive Annual Financial Report for 2020, page 53.

Discount Rate Sensitivity Analysis

The following schedule shows the impact of the Net Pension Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (7.25%) in measuring the Net Pension Liability. The discount rate can be found in the 2020 TRS CAFR, Note 11, page 84.

	1% Decrease in Discount Rate (6.25%)	Discount Rate (7.25%)	1% Increase in Discount Rate (8.25%)
District's proportionate share of the net pension liability:	\$ 7,235,804	\$ 4,692,534	\$ 2,626,183

EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2021

Note 8: RETIREMENT BENEFITS, Continued

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension

At August 31, 2021, the District reported a liability of \$4,692,534 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's Proportionate share of the collective net pension liability	\$ 4,692,534
State's proportionate share that is associated with District	<u>\$ 7,811,100</u>
Total	<u>\$ 12,503,634</u>

The net pension liability was measured as of August 31, 2020 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of August 31, 2019 rolled forward to August 31, 2020. The employer's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2019 thru August 31, 2020.

At August 31, 2020 the employer's proportion of the collective net pension liability was 0.0087615998 % which was a decrease of 0.0001212943% from its proportion measured as of August 31, 2019.

Changes Since the Prior Actuarial Valuation – There were no changes in assumptions since the prior measurement date.

Changes in Benefit Terms - In May 2019, the 86th Texas Legislature approved the TRS Pension Reform Bill (SB12) that provides for gradual contribution increases from the state, participating employers and active employees to make the pension fund actuarially sound. The increases immediately made the pension fund actuarially sound and the Legislature approved funding for a 13th check. All eligible members retired as December 31, 2018, received an extra annuity check in September 2019 in either the matching amount of their monthly annuity payment of \$2,000, whichever was less.

For the year ended August 31, 2021, the District recognized pension expense of \$939,502 and revenue of \$939,502 for support provided by the State in the Government Wide Statement of Activities.

At August 31, 2021, the District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources: (The amounts shown below will be the cumulative layers from the current and prior years combined.)

	<u>Deferred Outflows</u>	<u>Deferred Inflows</u>
Difference Between Expected and Actual Actuarial Experience	\$ 8,568	\$ 130,956
Changes in Assumptions	1,088,835	462,965
Difference Between Projected and Actual Investment Earnings	94,996	-
Changes in Proportion and Difference in Proportionate Share	467,319	47,897
Contributions paid to TRS subsequent to the Measurement Date:	<u>248,115</u>	<u>-</u>
	<u>\$ 1,907,833</u>	<u>\$ 641,818</u>

Note 8: RETIREMENT BENEFITS, Continued

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension - Continued

The net amounts of the employer's balances of deferred outflows and inflows (not including the deferred contribution paid subsequent to the measurement date) of resources related to pensions will be recognized in pension expense as follows:

Year ended August 31:	Pension Expense Amount
2021	\$ 305,536
2022	320,725
2023	297,313
2024	133,382
2025	(35,491)
Thereafter	(3,565)

Note 9: DEFINED OTHER POST-EMPLOYMENT BENEFIT PLANS

Plan Description

The District participates in the Texas Public School Retired Employees Group Insurance Program ("TRS-Care"). It is a multiple-employer, cost-sharing OPEB plan that has a special funding situation. The plan is administered through a trust by the TRS Board of Trustees. It is established and administered in accordance with the Texas Insurance Code, Chapter 1575.

OPEB Plan Fiduciary Net Position

Detailed information about TRS-Care's fiduciary net position is available in a separately-issued Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at <http://www.trs.texas.gov>; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

Components of the net OPEB liability of the TRS-Care plan as of August 31, 2020 are as follows:

<u>Net OPEB Liability</u>	<u>Total</u>
Total OPEB Liability	\$40,010,833,815
Less: plan fiduciary net position	(1,996,317,932)
Net OPEB liability	<u>\$38,014,515,883</u>
Net position as a % of total OPEB liab.	4.99%

Benefits Provided

TRS-Care provides a basic health insurance coverage (TRS-Care 1), at no cost to all retirees from public schools, charter schools, regional education service centers and other educational districts who are members of the TRS pension plan. Eligible non-Medicare retirees and their dependents may pay premiums to participate in the high-deductible health plans. Eligible Non-Medicare retirees and their dependents may enroll in the TRS-Care Medicare Advantage medical plan and the TRS-Care Medicare Rx prescription drug plan. To qualify for TRS-Care coverage, a retiree must have at least 10 years of service credit in the TRS pension system.

EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

AUGUST 31, 2021

Note 9: DEFINED OTHER POST-EMPLOYMENT BENEFIT PLANS, Continued

The General Appropriations Act passed by the 86th Legislature included funding to maintain TRS Care premiums at their current level through 2021. The 86th legislature also passed SB 1682 which requires TRS to establish a contingency reserve in the TRS-Care fund equal to 60 days of expenditures. This amount is estimated at \$277,490,586 as of August 31, 2020.

The premium rates for retirees are presented in the following table:

TRS-Care Monthly Premium Rates

	Medicare	Non-Medicare
Retiree or Surviving Spouse	\$ 135	\$ 200
Retiree and Spouse	529	689
Retiree or Surviving Spouse and Children	468	408
Retiree and Family	1,020	999

Contributions

Contribution rates for the TRS-Care plan are established in state statute by the Texas Legislature, and there is no continuing obligation to provide benefits beyond each fiscal year. The TRS-Care plan is currently funded on a pay-as-you-go basis and is subject to change based on available funding. Funding for TRS-Care is provided by retiree premium contributions and contributions from the state, active employees, and school districts based upon public school district payroll. The TRS Board of Trustees does not have the authority to set or amend contribution rates.

Texas Insurance Code, section 1575.202 establishes the state's contribution rate which is 1.25% of the employee's salary. Section 1575.203 establishes the active employee's rate which is 0.65% of pay. Section 1575.204 establishes an employer contribution rate of not less than 0.25 percent or not more than 0.75 percent of the salary of each active employee of the employer. The actual public school contribution rate is prescribed by the Legislature in the General Appropriations Act which is 0.75% of each active employee's pay for fiscal year 2020. The following table shows contributions to the TRS-Care plan by type of contributor.

	2020	2021
Contribution Rates:		
Active Employee	0.65%	0.65%
Non-Employer Contributing Entity (State)	1.25%	1.25%
Employers	0.75%	0.75%
Federal/private Funding remitted by Employers	1.25%	1.25%
FY 2021 District Contributions		\$ 94,803
FY 2021 Member Contributions		127,391
Measurement Year NECE On-behalf Contributions		(44,241)

In addition to the employer contributions listed above, there is an additional surcharge all TRS employers are subject to (regardless of whether or not they participate in the TRS Care OPEB program). When employers hire a TRS retiree, they are required to pay to TRS Care a monthly surcharge of \$535 per retiree.

EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2021

Note 9: DEFINED OTHER POST-EMPLOYMENT BENEFIT PLANS, Continued

A supplemental appropriation was authorized by Senate Bill 1264 of the 86th Texas Legislature to provide \$2,208,137 for fiscal year 2020 and \$3,312,206 for fiscal year 2021, for consumer protections against medical and health care billing by certain out-of-network providers. Funding will be in fiscal year 2021.

Actuarial Assumptions

The Total OPEB liability in the August 31, 2019 actuarial valuation was rolled forward to August 31, 2020. The actuarial valuation was determined using the following actuarial assumptions:

The following assumptions and other inputs used for members of TRS-Care are identical to the assumptions used in the August 31, 2020 TRS pension actuarial valuation:

Rates of Mortality	General Inflation
Rates of Retirement	Wage Inflation
Rates of Termination	Salary Increases
Rates of Disability	

The active mortality rates were based on 90% of the RP-2014 Employee Mortality tables for males and females, with full generational mortality using Scale BB. The post-retirement mortality rates for healthy lives were based on the 2018 TRS of Texas Healthy Pensioner Mortality Tables, with full generational projection using the ultimate improvement rates from the most recently published scale (U-MP).

Additional Actuarial Methods and Assumptions:

Valuation Date	August 31, 2019 Rolled forward to August 31, 2020
Actuarial Cost Method	Individual Entry Age Normal
Inflation	2.30%
Single Discount Rate	2.33% as of August 31, 2020
Aging Factors	Based on plan specific experience
Expenses	Third-party administrative expenses related to the delivery of health care benefits are included in the age-adjusted claims costs
Projected Salary Increases	3.05% - 9.05% including inflation
Election Rates	Normal retirement: 65% participation prior to age 65 and 40% participation after age 65 25% pre-65 retirees are assumed to discontinue coverage at age 65.
Ad hoc post-employment benefit changes	None

The initial medical trend rates were 9.00% for Medicare retirees and 7.30% for non-Medicare retirees. There was an initial prescription drug trend rate of 9.00% for all retirees. The initial trend rates decrease to an ultimate trend rate of 4.25% over a period of 13 years.

EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2021

Note 9: DEFINED OTHER POST-EMPLOYMENT BENEFIT PLANS, Continued

Discount Rate

A discount rate of 2.33% was used to measure the total OPEB liability. There was a decrease of .30% in the discount rate since the previous year. The Discount Rate can be found in the 2020 TRS CAFR on page 76. Because the plan is essentially a "pay-as-you-go" plan, the single discount rate is equal to the prevailing municipal bond rate.

Sensitivity Analysis

Discount Rate – The following schedule shows the impact of the Net OPEB Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (2.33%) in measuring the Net OPEB Liability.

	<u>1% Decrease in Discount Rate (1.33%)</u>	<u>Current Single Discount Rate (2.33%)</u>	<u>1% Increase in Discount Rate (3.33%)</u>
District's proportionate share of the NET OPEB Liability:	\$ 5,689,819	\$ 4,741,525	\$ 3,992,509

Healthcare Cost Trend Rates – The following presents the net OPEB liability of the plan using the assumed healthcare cost trend rate, as well as what the net OPEB liability would be if it were calculated using a trend rate that is one-percentage point lower or on-percentage point higher than the assumed healthcare cost trend rate..

	<u>1% Decrease in Healthcare Cost Trend Rates</u>	<u>Current Healthcare Cost Trend Rates</u>	<u>1% Increase in Healthcare Cost Trend Rates</u>
District's proportionate share of the net OPEB liability	\$ 3,873,218	\$ 4,741,525	\$ 5,897,986

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At August 31, 2021, the District reported a liability of \$4,741,525 for its proportionate share of the TRS's net OPEB liability. This liability reflects a reduction for State OPEB support provided to the District. The amount recognized by the District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the District were as follows:

District's proportionate share of the net OPEB liability	\$ 4,741,525
State's proportionate share that is associated with the District	<u>6,371,473</u>
Total	<u>\$ 11,112,998</u>

EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

AUGUST 31, 2021

Note 9: DEFINED OTHER POST-EMPLOYMENT BENEFIT PLANS, Continued

The net OPEB liability was measured as of August 31, 2020 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The employer's proportion of the net OPEB liability was based on the employer's contributions to the OPEB plan relative to the contributions of all employers to the plan for the period September 1, 2019 through August 31, 2020.

At August 31, 2020 the employer's proportion of the collective net OPEB liability was 0.000124729323 which was 0.0005523693% higher than the proportion measured as of August 31, 2019.

Changes Since the Prior Actuarial Valuation

The following were changes to the actuarial assumptions or other inputs that affected measurement of the Total OPEB liability since the prior measurement period:

- The discount rate changed from 2.63% as of August 31, 2019 to 2.33% as of August 31, 2020. This change increased the Total OPEB liability (TOL)
- The participation rate for post-65 retirees was lowered from 50 percent to 40 percent. This changes lowered the Total OPEB Liability.
- The ultimate health care trend assumption was lowered from 4.50% to 4.25% as a result of Congress' repeal of the excise (Cadillac) tax on high-cost employer health plans in December 2019. This change lowered the Total OPEB liability.

Changes in Benefit Terms

There were no changes in benefit terms since the prior measurement date.

For the year ended August 31, 2021, the District recognized OPEB expense of \$44,241 and revenue of \$44,241 for support provided by the State.

At August 31, 2021, the District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 248,264	\$ 2,169,964
Changes in actuarial assumptions	292,453	1,302,047
Difference between projected and actual investment earnings	1,541	-
Changes in proportion and difference between the employer's contributions and the proportionate share of contributions	1,161,987	-
Contributions paid to TRS subsequent to the measurement date	94,803	-
Total	<u>\$ 1,799,048</u>	<u>\$ 3,472,011</u>

EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2021

Note 9: DEFINED OTHER POST-EMPLOYMENT BENEFIT PLANS, Continued

The net amounts of the employer's balances of deferred outflows and inflows (not including the deferred contribution paid subsequent to the measurement date) of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30:	OPEB Expense Amount
2021	\$ (321,617)
2022	(321,823)
2023	(321,941)
2024	(321,910)
2025	(195,262)
Thereafter	(285,214)

Note 10: HEALTH CARE COVERAGE

The District contributes to the Texas Public School Retired Employees Group Insurance Program (TRS–Care), a cost-sharing multiple-employer defined benefit postemployment health care plan administered by the Teacher Retirement System of Texas. TRS–Care provides health care coverage for certain persons (and their dependents) who retired under the Teacher Retirement System of Texas. The statutory authority for the program is Texas Insurance Code, Chapter 1575. Section 1575.052 grants the TRS Board of Trustees the authority to establish and amend basic and optional group insurance coverage for participants. The Teacher Retirement System of Texas issues a publicly available financial report that includes financial statements and required supplementary information for TRS–Care. That report may be obtained by visiting the TRS Website at www.trs.state.tx.us under the TRS Publications heading, by calling the TRS Communications Department at 1–800–223–8778, or by writing to the Communications Department of the Teacher Retirement System of Texas at 1000 Red River Street, Austin, Texas 78701.

Funding Policy

Contribution requirements are not actuarially determined but are legally established each biennium by the Texas Legislature. Texas Insurance Code, Sections 1575.202, 203 and 204 establish state, active employee and public school contributions, respectively. Funding for free basic coverage is provided by the program based upon public school district payroll. Per Texas Insurance Code, Chapter 1575, the public school contribution may not be less than 0.25% or greater than 0.75% of the salary of each active employee of the public school. Funding for optional coverage is provided by those participants selecting the optional coverage. Contribution rates and amounts are shown in the table below for fiscal years 2020–2017.

Year	Member		State		School District	
	Rate	Amount	Rate	Amount	Rate	Amount
2021	0.65%	\$ 73,101	1.25%	\$ 140,579	0.75%	\$ 84,348
2020	0.65%	\$ 54,121	1.25%	\$ 104,078	0.75%	\$ 62,447
2019	0.65%	\$ 48,003	1.25%	\$ 92,314	0.75%	\$ 55,389
2018	0.65%	\$ 46,504	1.25%	\$ 89,431	0.75%	\$ 53,659
2017	0.65%	\$ 47,713	1.0%	\$ 72,574	0.55%	\$ 39,915

Note 10: HEALTH CARE COVERAGE, Continued

Medicare Part D

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003, effective January 1, 2006, established prescription drug coverage for Medicare beneficiaries known as Medicare Part D. One of the provisions of Medicare Part D allows for the Texas Public School Retired Employee Group Insurance Program (TRS-Care) to receive retiree drug subsidy payments from the federal government to offset certain prescription drug expenditures for eligible TRS-Care participants. For the fiscal years ended August 31, 2021, 2020, and 2019, the subsidy payments received by TRS-Care on-behalf of the District were \$49,757, \$52,419, and \$34,276, respectively. The information for the year ended August 31, 2021 is an estimate provided by the Teacher Retirement System. These payments are recorded as equal revenues and expenditures in the governmental funds financial statements of the District.

Note 11: RISK MANAGEMENT

Property, Casualty and Liability Insurance

The District is exposed to various risks of loss related to torts, theft of, damage to and destruction of property; errors and omissions; and natural disasters for which the District carries commercial insurance. Settled claims have not exceeded insurance coverage in any of the previous three years. There has not been any significant reduction in insurance coverage from that of the previous year. The District retains the risk of the first \$10,000 in property insurance after which insurance is purchased.

Note 12: COMMITMENTS AND CONTINGENCIES

During the year, the District received financial assistance from federal and state governmental agencies in the form of grants. The disbursements of funds received under these programs generally require compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies and the TEA. Any disallowed claims resulting from such audits could become a liability of the General Fund. However, in the opinion of management, such disallowed claims, if any, will not have a material effect on any of the financial statements of the individual fund types included herein or on the overall financial position of the District at August 31, 2021.

As of August 31, 2021, there was no pending litigation against the District.

In March 2020, the World Health Organization declared the outbreak of COVID-19 as a pandemic, which continues to spread throughout the United States. At the present time, there is uncertainty around the severity and duration. The longer term operational and financial performance will depend on future developments, many of which are outside the District's control, including the effectiveness of the mitigation strategies related to COVID-19, the duration and spread of COVID-19, and future governmental actions, all of which are highly uncertain and cannot be predicted.

EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2021

Note 13: SHARED SERVICE ARRANGEMENTS

The District is the fiscal agent for a Shared Service Arrangement (“SSA”) which provides services to the member districts listed below. All services are provided by the fiscal agent.

The member districts provide the funds to the fiscal agents. According to guidance provided in TEA’s Resource guide, The District has accounted for the fiscal agent’s activities for the SSA in a special revenue fund and will be accounted for using Model 2 in the SSA section of the Resource Guide.

Expenditures of the SSA are summarized below:

	<u>Expenditures</u>
Anahuac	\$ 15,414
East Chambers	10,029
Hardin	22,512
Hull-Daisetta	5,299
Total	<u>\$ 53,254</u>

Note 14: PRIOR PERIOD ADJUSTMENT

The District adopted GASB Statement No. 84, Fiduciary Activities, during the current year. Prior to the implementation of GASB 84, the District’s student activity funds were reported only in a statement of fiduciary assets and liabilities. After the implementation of GASB 84, the District’s student activity funds are reported as custodial funds in statements of fiduciary net position and changes in fiduciary net position. The effect of this change is to increase beginning net position \$111,280 in the student activity custodial funds.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENTAL AUDITING STANDARDS

Board of Trustees
East Chambers Independent School District
1955 State Hwy 124
Winnie, Texas 77665

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of East Chambers Independent School District (the "District"), as of and for the year ended August 31, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 6, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Board of Trustees
East Chambers Independent School District
December 6, 2021

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

***INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE***

Board of Trustees
East Chambers Independent School District
1955 State Hwy 124
Winnie, Texas 77665

Report on Compliance for Each Major Federal Program

We have audited East Chambers Independent School District's (the "District") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended August 31, 2021. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2021.

Report on Internal Control over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

EAST CHAMBERS INDEPENDENT SCHOOL DISTRICT

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

AUGUST 31, 2021

Basis of Presentation

1. The District accounts for all awards under federal programs in the General and Certain Special Revenue Funds in accordance with the Texas Education Agency's *Financial Accountability System Resource Guide*.

Special Revenue Funds are used to account for resources restricted to, or designated for, specific purposes by a grantor. Federal and state awards generally are accounted for in a special revenue fund. Generally, unused balances are returned to the grantor at the close of specified grant periods.

2. These programs are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e. revenues and other financing resources) and decreases (i.e. expenditures and other financing uses) in net current assets.

The modified accrual basis of accounting is used for these funds. This basis of accounting recognizes revenues in the accounting period in which they become susceptible to accrual, i.e., both measurable and available, and expenditures in the accounting period in which the liability is incurred, if measurable, except for certain compensated absences and claims and judgments, which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Federal grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant, and accordingly, when such funds are received, they are recorded as deferred revenues until earned. The accompanying schedule of expenditures of federal awards is presented on the modified accrual basis of accounting.

3. The period of availability for federal grant funds for the purpose of liquidation of outstanding obligations made on or before the ending date of the federal project period extends 30 days beyond the federal project period ending date, in accordance with provisions in *OMB Compliance Supplement*, or the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirement, Cost Principles, and Audit Requirements for Federal Awards*.
4. The District participates in numerous state and federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustments by the grantor agencies; therefore, to the extent that the District has not complied with rules and regulations governing the grants, refund of any money received may be required and the collectability of any related receivable at August 31, 2021, may be impaired.
5. Entities that receive federal awards for which indirect cost rate has never been negotiated may elect to charge a de minimis indirect cost rate of ten percent of modified total direct costs. The District did not elect to charge the de minimis rate to any of its federal awards during the year ended August 31, 2021.

SCHEDULE OF REQUIRED RESPONSES TO SELECTED SCHOOL FIRST INDICATORS
FOR THE FISCAL YEAR ENDED AUGUST 31, 2021

Data Control Codes		
SF1	Was there an unmodified opinion in the Annual Financial Report on the financial statements as a whole?	Yes
SF2	Were there any disclosures in the Annual Financial Report and/or other sources of information concerning nonpayment of any terms of any debt agreement?	No
SF3	Did the school district make timely payments to the Teacher's Retirement System (TRS), Texas Workforce Commission (TWC), Internal Revenue Service (IRS), and other government agencies?	Yes
SF4	Was the school district issued a warrant hold? (Yes even if cleared within 30 days)	No
SF5	Did the Annual Financial Report disclose any instances of material weaknesses in internal controls over financial reporting and compliance for local, state, or federal funds?	No
SF6	Was there any disclosure in the Annual Financial Report of material noncompliance for grants, contracts, and laws related to local, state, or federal funds?	No
SF7	Did the school district post the required financial information on its website in accordance with Government Code, Local Government Code, Texas Education Code, Texas Administrative Code and other statutes, laws and rules in effect at the fiscal year end?	Yes
SF8	Did the school board members discuss the school district's property values at a board meeting within 120 days before the school district adopted its budget?	Yes
SF9	Total accumulated accretion on CABs included in government-wide financial statements at fiscal year end.	\$ -
