

OFFICIAL STATEMENT DATED JANUARY 31, 2023

IN THE OPINION OF BOND COUNSEL, UNDER EXISTING LAW, INTEREST ON THE BONDS IS EXCLUDABLE FROM GROSS INCOME FOR FEDERAL INCOME TAX PURPOSES AND INTEREST ON THE BONDS IS NOT SUBJECT TO THE ALTERNATIVE MINIMUM TAX ON INDIVIDUALS; HOWEVER, SUCH INTEREST IS TAKEN INTO ACCOUNT IN DETERMINING THE ANNUAL ADJUSTED FINANCIAL STATEMENT INCOME OF APPLICABLE CORPORATIONS FOR THE PURPOSE OF DETERMINING THE ALTERNATIVE MINIMUM TAX IMPOSED ON CORPORATIONS. SEE "TAX MATTERS" FOR A DISCUSSION OF BOND COUNSEL'S OPINION.

The Bonds are not "qualified tax-exempt obligations" for financial institutions.

EAST MONTGOMERY COUNTY MUNICIPAL UTILITY DISTRICT NO. 12
(A Political Subdivision of the State of Texas, located within Montgomery County)

\$20,635,000
UNLIMITED TAX BONDS
SERIES 2023

Dated: March 1, 2023

Interest Accrues From: Date of Delivery

Due: September 1, as shown below

The \$20,635,000 East Montgomery County Municipal Utility District No. 12 Unlimited Tax Bonds, Series 2023 (the "Bonds") are obligations of East Montgomery County Municipal Utility District No. 12 (the "District") and are not obligations of the State of Texas; the City of Conroe (the "City"), Texas; Montgomery County, Texas (the "County"); or any political subdivision or entity other than the District. Neither the faith and credit nor the taxing power of the State of Texas; the City of Conroe, Texas; Montgomery County, Texas; nor any entity other than the District is pledged to the payment of the principal of or interest on the Bonds.

Principal of the Bonds is payable upon presentation at the principal payment office of the paying agent/registrars, initially BOKF, NA, Dallas, Texas, as the initial paying agent/registrars (the "Paying Agent/Registrar") for the Bonds. Interest on the Bonds accrues from the initial date of delivery (on or about March 2, 2023) (the "Date of Delivery"), and is payable September 1, 2023, and on each March 1 and September 1 (each an "Interest Payment Date") thereafter until the earlier of maturity or redemption. Interest on the Bonds will be payable by check dated as of the Interest Payment Date, and mailed by the Paying Agent/Registrar to registered owners ("Registered Owners") as shown on the records of the Paying Agent/Registrar at the close of business on the 15th calendar day of the month next preceding each interest payment date (the "Record Date"). The Bonds are fully registered bonds in principal denominations of \$5,000 or any integral multiple thereof.

The Bonds will be registered in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"), which will act as securities depository for the Bonds. Beneficial owners of the Bonds will not receive physical certificates representing the Bonds, but will receive a credit balance on the books of the nominees of such beneficial owners. So long as Cede & Co. is the registered owner of the Bonds, the principal of and interest on the Bonds will be paid by the Paying Agent/Registrar directly to DTC, which will, in turn, remit such principal and interest to its participants for subsequent disbursement to the beneficial owners of the Bonds as described herein. See "THE BONDS - Book-Entry-Only System."

See "MATURITIES, PRINCIPAL AMOUNTS, INTEREST RATES, INITIAL REOFFERING YIELDS, AND CUSIPS" on inside cover.

The scheduled payment of principal of and interest on the Bonds when due will be guaranteed under an insurance policy to be issued concurrently with the delivery of the Bonds by **ASSURED GUARANTY MUNICIPAL CORP. ("AGM")**.

The Bonds, when issued, will constitute valid and binding obligations of the District and will be payable from the proceeds of an annual ad valorem tax, without legal limitation as to rate or amount, levied upon all taxable property within the District, as further described herein. Investment in the Bonds is subject to special risk factors as described herein. See "RISK FACTORS."

The Bonds are offered subject to prior sale, when, as and if issued by the District and accepted by the initial purchaser of the Bonds (the "Initial Purchaser") are subject to the approval of the Attorney General of Texas and of Allen Boone Humphries Robinson LLP, Houston, Texas, Bond Counsel. Delivery of the Bonds is expected on or about March 2, 2023.

- (a) Information with respect to the initial reoffering yields of the Bonds is the responsibility of the Initial Purchaser (herein defined). Initial reoffering yields represent the initial offering price, which may be changed for subsequent purchasers. The initial yield indicated above represents the lower of the yields resulting when priced to maturity or to the first call date.
- (b) CUSIP numbers have been assigned to the Bonds by CUSIP Global Services, managed by FactSet Research Systems Inc. on behalf of the American Bankers Association and are included solely for the convenience of the owners of the Bonds.
- (c) Bonds maturing on September 1, 2030, and thereafter, shall be subject to redemption and payment at the option of the District, in whole or from time to time in part on March 1, 2029, or on any date thereafter, at the par value thereof plus accrued interest to the date fixed for redemption. See "THE BONDS – Redemption of the Bonds."

USE OF INFORMATION IN OFFICIAL STATEMENT

No dealer, broker, salesman or other person has been authorized to give any information, or to make any representations, other than those contained in this Official Statement, and, if given or made, such other information or representations must not be relied upon as having been authorized by the District or the Initial Purchaser.

All of the summaries of the statutes, resolutions, orders, contracts, audits, engineering and other related reports set forth in this Official Statement are made subject to all of the provisions of such documents. These summaries do not purport to be complete statements of such provisions and reference is made to such documents, copies of which are available from Bond Counsel, for further information.

This Official Statement is not to be used in connection with an offer to sell or the solicitation of an offer to buy in any state in which such offer or solicitation is not authorized or in which the person making such offer or solicitation is not qualified to do so or to any person to whom it is unlawful to make such offer or solicitation.

The Financial Advisor (defined herein) has provided the following sentence for inclusion in this Official Statement. The Financial Advisor has reviewed the information in the Official Statement in accordance with, and as part of, its responsibility to the District and, as applicable, to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Financial Advisor does not guarantee the accuracy or completeness of such information.

This Official Statement contains, in part, estimates, assumptions and matters of opinion which are not intended as statements of fact, and no representation is made as to the correctness of such estimates, assumptions or matters of opinion, or as to the likelihood that they will be realized. Any information and expressions of opinion herein contained are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the District or other matters described herein since the date hereof. The District has agreed to keep this Official Statement current by amendment or sticker to reflect material changes in the affairs of the District and to the extent such information actually comes to its attention, the other matters described in this Official Statement, until delivery of the Bonds to the Initial Purchaser and thereafter only as specified in "OFFICIAL STATEMENT - Updating of Official Statement."

AGM makes no representation regarding the Bonds or the advisability of investing in the Bonds. In addition, AGM has not independently verified, makes no representation regarding, and does not accept any responsibility for the accuracy or completeness of this Official Statement or any information or disclosure contained herein, or omitted herefrom, other than with respect to the accuracy of the information regarding AGM supplied by AGM and presented under the headings "MUNICIPAL BOND INSURANCE" and "APPENDIX B."

**APPENDIX A - Financial Statements
Of The District**

**APPENDIX B - Specimen Municipal Bond
Insurance Policy**

SALE AND DISTRIBUTION OF THE BONDS

Award of the Bonds

After requesting competitive bids for the Bonds, the District has accepted the lowest bid, resulting in the lowest net effective interest rate which was tendered by SAMCO Capital Markets, Inc. (referred to herein as the "Initial Purchaser") to purchase the Bonds bearing the interest rates shown on the inside cover at a price of 97.000988% of the par value thereof, which resulted in a net effective interest rate of 4.192448%, as calculated pursuant to Chapter 1204 of the Texas Government Code, as amended.

Prices and Marketability

The District has no control over the reoffering yields or prices of the Bonds or over trading of the Bonds in the secondary market. Moreover, there is no assurance that a secondary market will be made in the Bonds. If there is a secondary market, the difference between the bid and asked prices of the Bonds may be greater than the difference between the bid and asked prices of bonds of comparable maturity and quality issued by more traditional municipal entities, as bonds of such entities are more generally bought, sold, or traded in the secondary market.

The delivery of the Bonds is conditioned upon the receipt by the District of a certificate executed and delivered by the Initial Purchaser on or before the date of delivery of the Bonds stating the prices at which a substantial amount of the Bonds of each maturity has been sold to the public. For this purpose, the term "public" shall not include any person who is a bondhouse, broker or similar person acting in the capacity of underwriter or wholesaler. Otherwise, the District has no understanding with the Initial Purchaser regarding the reoffering yields or prices of the Bonds. Information concerning reoffering yields or prices is the responsibility of the Initial Purchaser.

The prices and other terms with respect to the offering and sale of the Bonds may be changed from time-to-time by the Initial Purchaser after the Bonds are released for sale, and the Bonds may be offered and sold at prices other than the initial offering prices, including sales to dealers who may sell the Bonds into investment accounts.

IN CONNECTION WITH THIS OFFERING, THE INITIAL PURCHASER MAY OVER-ALLOT OR EFFECT TRANSACTIONS WHICH STABILIZE OR MAINTAIN THE MARKET PRICE OF THE BONDS AT A LEVEL ABOVE THAT WHICH MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME.

Securities Laws

No registration statement relating to the Bonds has been filed with the United States Securities and Exchange Commission under the Securities Act of 1933, as amended, in reliance upon exemptions provided thereunder. The Bonds have not been registered or qualified under the Securities Act of Texas in reliance upon various exemptions contained therein; nor have the Bonds been registered or qualified under the securities acts of any other jurisdictions. The District assumes no responsibility for registration or qualification of the Bonds under the securities laws of any jurisdiction in which the Bonds may be offered, sold, or otherwise transferred. This disclaimer of responsibility for registration or qualification for sale or other disposition of the Bonds should not be construed as an interpretation of any kind with regard to the availability of any exemption from securities registration or qualification provisions.

[Remainder of Page Intentionally Left Blank]

MUNICIPAL BOND INSURANCE

Bond Insurance Policy

Concurrently with the issuance of the Bonds, AGM will issue its Municipal Bond Insurance Policy for the Bonds (the "Policy"). The Policy guarantees the scheduled payment of principal of and interest on the Bonds when due as set forth in the form of the Policy included as "APPENDIX B."

The Policy is not covered by any insurance security or guaranty fund established under New York, California, Connecticut, or Florida insurance law.

Assured Guaranty Municipal Corp.

AGM is a New York domiciled financial guaranty insurance company and an indirect subsidiary of Assured Guaranty Ltd. ("AGL"), a Bermuda-based holding company whose shares are publicly traded and are listed on the New York Stock Exchange under the symbol "AGO". AGL, through its operating subsidiaries, provides credit enhancement products to the U.S. and international public finance (including infrastructure) and structured finance markets and asset management services. Neither AGL nor any of its shareholders or affiliates, other than AGM, is obligated to pay any debts of AGM or any claims under any insurance policy issued by AGM.

AGM's financial strength is rated "AA" (stable outlook) by S&P Global Ratings, a business unit of Standard & Poor's Financial Services LLC ("S&P"), "AA+" (stable outlook) by Kroll Bond Rating Agency, Inc. ("KBRA") and "A1" (stable outlook) by Moody's Investors Service, Inc. ("Moody's"). Each rating of AGM should be evaluated independently. An explanation of the significance of the above ratings may be obtained from the applicable rating agency. The above ratings are not recommendations to buy, sell or hold any security, and such ratings are subject to revision or withdrawal at any time by the rating agencies, including withdrawal initiated at the request of AGM in its sole discretion. In addition, the rating agencies may at any time change AGM's long-term rating outlooks or place such ratings on a watch list for possible downgrade in the near term. Any downward revision or withdrawal of any of the above ratings, the assignment of a negative outlook to such ratings or the placement of such ratings on a negative watch list may have an adverse effect on the market price of any security guaranteed by AGM. AGM only guarantees scheduled principal and scheduled interest payments payable by the issuer of bonds insured by AGM on the date(s) when such amounts were initially scheduled to become due and payable (subject to and in accordance with the terms of the relevant insurance policy), and does not guarantee the market price or liquidity of the securities it insures, nor does it guarantee that the ratings on such securities will not be revised or withdrawn.

Current Financial Strength Ratings

On October 21, 2022, KBRA announced it had affirmed AGM's insurance financial strength rating of "AA+" (stable outlook). AGM can give no assurance as to any further ratings action that KBRA may take.

On July 8, 2022, S&P announced it had affirmed AGM's financial strength rating of "AA" (stable outlook). AGM can give no assurance as to any further ratings action that S&P may take.

On March 18, 2022, Moody's announced it had upgraded AGM's insurance financial strength rating to "A1" (stable outlook) from "A2" (stable outlook). AGM can give no assurance as to any further ratings action that Moody's may take.

For more information regarding AGM's financial strength ratings and the risks relating thereto, see AGL's Annual Report on Form 10-K for the fiscal year ended December 31, 2021.

Capitalization of AGM

At September 30, 2022:

- The policyholders' surplus of AGM was approximately \$2,660 million.
- The contingency reserve of AGM was approximately \$915 million.
- The net unearned premium reserves and net deferred ceding commission income of AGM and its subsidiaries (as described below) were approximately \$2,102 million. Such amount includes (i) 100% of the net unearned premium reserve and deferred ceding commission income of AGM, and (ii) the net unearned premium reserves and net deferred ceding commissions of AGM's wholly owned subsidiaries Assured Guaranty UK Limited ("AGUK") and Assured Guaranty (Europe) SA ("AGE").

The policyholders' surplus of AGM and the contingency reserves, net unearned premium reserves and deferred ceding commission income of AGM were determined in accordance with statutory accounting principles. The net unearned premium reserves and net deferred ceding commissions of AGUK and AGE were determined in accordance with accounting principles generally accepted in the United States of America.

Incorporation of Certain Documents by Reference

Portions of the following documents filed by AGL with the Securities and Exchange Commission (the "SEC") that relate to AGM are incorporated by reference into this Official Statement and shall be deemed to be a part hereof:

- (i) the Annual Report on Form 10-K for the fiscal year ended December 31, 2021 (filed by AGL with the SEC on February 25, 2022);
- (ii) the Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2022 (filed by AGL with the SEC on May 6, 2022);
- (iii) the Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2022 (filed by AGL with the SEC on August 4, 2022); and
- (iv) the Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2022 (filed by AGL with the SEC on November 8, 2022).

All information relating to AGM included in, or as exhibits to, documents filed by AGL with the SEC pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended, excluding Current Reports or portions thereof "furnished" under Item 2.02 or Item 7.01 of Form 8-K, after the filing of the last document referred to above and before the termination of the offering of the Bonds shall be deemed incorporated by reference into this Official Statement and to be a part hereof from the respective dates of filing such documents. Copies of materials incorporated by reference are available over the internet at the SEC's website at <http://www.sec.gov>, at AGL's website at <http://www.assuredguaranty.com>, or will be provided upon request to Assured Guaranty Municipal Corp.: 1633 Broadway, New York, New York 10019, Attention: Communications Department (telephone (212) 974-0100). Except for the information referred to above, no information available on or through AGL's website shall be deemed to be part of or incorporated in this Official Statement.

Any information regarding AGM included herein under the caption "MUNICIPAL BOND INSURANCE – Assured Guaranty Municipal Corp." or included in a document incorporated by reference herein (collectively, the "AGM Information") shall be modified or superseded to the extent that any subsequently included AGM Information (either directly or through incorporation by reference) modifies or supersedes such previously included AGM Information. Any AGM Information so modified or superseded shall not constitute a part of this Official Statement, except as so modified or superseded.

Miscellaneous Matters

AGM makes no representation regarding the Bonds or the advisability of investing in the Bonds. In addition, AGM has not independently verified, makes no representation regarding, and does not accept any responsibility for the accuracy or completeness of this Official Statement or any information or disclosure contained herein, or omitted herefrom, other than with respect to the accuracy of the information regarding AGM supplied by AGM and presented under the heading "MUNICIPAL BOND INSURANCE."

RATING

The Bonds have received an insured rating of "AA" from S&P solely in reliance upon the issuance of the municipal bond insurance policy by AGM at the time of delivery of the Bonds. An explanation of the ratings of S&P may only be obtained from S&P. S&P is located at 55 Water Street, New York, New York 10041, telephone number (212) 208-8000 and has engaged in providing ratings for corporate bonds since 1923 and municipal bonds since 1940. Long-term debt ratings assigned by S&P reflect its analysis of the overall level of credit risk involved in financings. At present, S&P assigns long-term debt ratings with symbols "AAA" (the highest rating) through "D" (the lowest rating). The ratings express only the view of S&P at the time the ratings are given. Furthermore, a security rating is not a recommendation to buy, sell or hold securities. There is no assurance that such rating will continue for any given period of time or that it will not be revised downward or withdrawn entirely by S&P, if in its judgment, circumstances so warrant.

The District is not aware of any rating assigned to the Bonds other than the rating discussed above.

OFFICIAL STATEMENT SUMMARY

The following material is a summary of certain information contained herein and is qualified in its entirety by the more detailed information and financial statements appearing elsewhere in this Official Statement. The summary should not be detached and should be used in conjunction with the more complete information contained herein. A full review should be made of the entire Official Statement and of the documents summarized or described herein.

THE BONDS

| | |
|------------------------------|---|
| The Issuer | East Montgomery County Municipal Utility District No. 12 (the "District"), a political subdivision of the State of Texas, is located in Montgomery County, Texas. See "THE DISTRICT." |
| The Issue | The \$20,635,000 Unlimited Tax Bonds, Series 2023 (the "Bonds") are dated March 1, 2023 (the "Dated Date"), and interest accrues from the initial date of delivery (on or about March 2, 2023) (the "Date of Delivery"), at the rates set forth on the inside cover page hereof, and is payable September 1, 2023, and each March 1 and September 1 thereafter until the earlier of stated maturity or redemption. The Bonds mature serially on September 1, in each year 2024 through 2047, both inclusive, in the principal amounts set forth on the inside cover page. |
| Redemption of the Bonds..... | Bonds maturing on September 1, 2030, and thereafter, shall be subject to redemption and payment at the option of the District, in whole or from time to time in part on March 1, 2029, or on any date thereafter, at the par value thereof plus accrued interest to the date fixed for redemption. See "THE BONDS – Redemption of the Bonds." |
| Book-Entry-Only System..... | The Bonds will be initially registered and delivered only to Cede & Co., the nominee of The Depository Trust Company, New York, New York ("DTC"), pursuant to the Book-Entry-Only System described herein. Beneficial ownership of the Bonds may be acquired in principal denominations of \$5,000 or integral multiples thereof. No physical delivery of the Bonds will be made to the Beneficial Owners (hereinafter defined) thereof. Principal of and interest on the Bonds will be payable by BOKF, NA, Dallas, Texas, as the initial paying agent/registrant (the "Paying Agent/Registrar") to Cede & Co., which will make distribution of the amounts so paid to the participating members of DTC for subsequent payment to the Beneficial Owners of the Bonds. See "THE BONDS – Book-Entry-Only System." |
| Source of Payment..... | The Bonds are payable from a continuing direct annual ad valorem tax, unlimited as to rate or amount, levied against all taxable property within the District. The Bonds are obligations of the District and are not obligations of the City of Conroe, Texas, Montgomery County, Texas, the State of Texas, or any entity other than the District. See "THE BONDS - Source of Payment." |
| Short-Term Debt | The District issued its \$12,350,000 East Montgomery County Municipal Utility District No. 12 Bond Anticipation Note, Series 2022 (the "BAN"), dated June 7, 2022. The BAN accrues interest at a rate of 4.00% per year (computed on the basis of a 360-day year) and matures on June 6, 2023. A portion of the proceeds of the Bonds will be used to redeem the BAN. |
| Use of Proceeds..... | Proceeds of the Bonds will be used to redeem the BAN, the proceeds of which were used to pay a portion of the costs of the projects under "USE AND DISTRIBUTION OF BOND PROCEEDS." Proceeds from the Bonds will also be used to reimburse expenditures that were not paid for by the BAN for projects under "USE AND DISTRIBUTION OF BOND PROCEEDS", including (i) detention and mass grading Phase I; (ii) clearing and grubbing Phase 1 for Splendora Tract; (iii) water, wastewater and drainage facilities for Harrington Drive Phase 1 & 2; (iv) water, wastewater and drainage facilities for Harrington Trails 1,2,3,4A,4B, 5A, and 5B; (v) East Montgomery County MUD No. 12 Water Plant Phase I; (vi) Phase 1 Wastewater Treatment Plant ("WWTP") Site Work and Wet Well; (vii) East Montgomery County MUD No. 12 Wastewater Treatment Plant Phase II; (viii) to pay developer interest; (ix) to pay for costs related to the operation of the District; (x) to pay \$619,050 of capitalized interest; and (xi) to pay certain other costs |

associated with the issuance of the BAN and the Bonds. See "USE AND DISTRIBUTION OF BOND PROCEEDS."

Not Qualified Tax-Exempt Obligations..... The Bonds are not "qualified tax-exempt obligations" within the meaning of section 265(b) of the Internal Revenue Code of 1986, as amended.

Municipal Bond Insurance..... Assured Guaranty Municipal Corp. ("AGM"). See "MUNICIPAL BOND INSURANCE."

Rating..... S&P Global Ratings (AGM Insured): "AA." See "RATING."

Payment Record..... The Bonds are the first issuance of bonded indebtedness by the District.

Authority for Issuance..... The Bonds constitute the first series of unlimited tax bonds issued by the District from the \$107,501,000 principal amount of unlimited tax bonds authorized by District's voters for the purpose of purchasing, constructing, operating and maintaining a water, wastewater and a drainage system (the "Utility System") and for the further purpose of refunding such bonds; \$51,582,000 principal amount of unlimited tax bonds authorized by the District's voters for the purpose of constructing or acquiring a road system to serve the District (the "Road System") and for the further purpose of refunding such bonds; and \$5,000,000 principal amount of unlimited tax bonds authorized by the District's voters for the purpose of constructing parks and recreational facilities (the "Park System") and for the further purpose of refunding such bonds.

Following the issuance of the Bonds, \$86,866,000 principal amount of unlimited tax bonds for the Utility System; \$51,582,000 principal amount of unlimited tax bonds for the Road System; and \$5,000,000 principal amount of unlimited tax bonds for the Park System will remain authorized and unissued. The Bonds are issued pursuant to (i) a resolution approving the sale of the Bonds (the "Bond Resolution"), adopted by the Board of Directors of the District on the date of the sale of the Bonds; (ii) the Constitution and general laws of the State of Texas, particularly Chapters 49 and 54 of the Texas Water Code, as amended; (iii) an election held in the District, and passed by a majority of the participating voters; (iv) and an order of the Texas Commission on Environmental Quality ("TCEQ"). See "THE BONDS - Authority for Issuance."

Legal Opinion..... Allen Boone Humphries Robinson LLP, Houston, Texas. See "LEGAL MATTERS" and "TAX MATTERS."

Financial Advisor..... Robert W. Baird & Co. Incorporated, Houston, Texas.

Disclosure Counsel..... McCall, Parkhurst & Horton L.L.P., Houston, Texas.

THE DISTRICT

Description..... The District was created by Senate Bill No. 887 (and codified as Chapter 8116, Special District Local Laws Code), Act of the 79th Texas Legislature, Regular Session 2005. Additionally, pursuant to House Bill No. 4654, Act of the 86th Texas Legislature, Regular Session 2019, the District was granted certain road powers. At the time of the creation, the District encompassed approximately 567.7 acres. The District excluded approximately 169.6 acres on October 18, 2019. The District annexed approximately 11.75 acres on May 6, 2022. Currently, the District encompasses approximately 409.9 acres. The District is located in east Montgomery County, approximately 15 miles southeast of the Central Business District of the City of Conroe. It is generally bounded on the north by Kensington Oaks Drive, and on the south by State Highway 242, and is located just east of State Highway 242 and Kropik Road. The District is located entirely within the extraterritorial jurisdiction of the City of Conroe and Splendora Independent School District.

The District operates under Chapters 49 and 54 of the Texas Water Code, as amended. The District was created under the provisions of Article XVI, Section 59 of the Texas Constitution. The TCEQ has authority over issuance of bonds by the District pursuant to Section 49.181 of the Texas Water Code

and applicable rules of the TCEQ. See "THE DISTRICT – Authority" and "Description."

Development within the District..... Approximately 316.74 acres (1,467 lots) within the District have been developed into the single-family subdivisions of Harrington Trails, Sections 1, 2, 3, 4A, 4B, 5A, and 5B, 6A, 6B, 7, 8, and 9. Approximately, 78.10 acres of undevelopable land consists of drainage easements/reserves, collector rights-of-way, drill sites, and District plant sites. In addition, the Timber Lakes Elementary School has been constructed upon approximately 15.01 acres in the District.

As of December 1, 2022, the District was comprised of 775 completed homes, 146 homes under construction, and approximately 546 vacant developed lots. There is currently no remaining undeveloped but developable land within the District. See "DEVELOPMENT OF THE DISTRICT" and "THE DISTRICT."

Developer..... The principal developer of land within the District is Forestar (USA) Real Estate Group, Inc. ("Forestar"), which is a wholly-owned subsidiary of Forestar Group, Inc. ("Forestar Group"). Forestar Group is a publicly traded corporation and majority owned subsidiary of D.R. Horton, Inc, a publicly traded corporation. Forestar is referred to herein as the "Developer". See "DEVELOPER" and "DEVELOPMENT OF THE DISTRICT."

Homebuilders Within the District Homebuilders active within the District include Express Homes and CastleRock Communities, which are owned by D.R. Horton, History Maker Homes, and Starlight Homes, which is owned by Ashton Woods. Prices of new homes being constructed within the District range from \$230,000 to \$350,000 and range in size from 1,400 to 2,700 square feet. See "DEVELOPER—Homebuilders Within the District."

Infectious Disease Outlook – COVID-19

Infectious Disease Outlook – COVID-19..... The purchase and ownership of the Bonds is subject to certain risk factors including certain factors related to the current COVID-19 pandemic. See "RISK FACTORS – Infectious Disease Outlook COVID-19."

RISK FACTORS

THE DISTRICT'S TAXES ARE LEVIED ONLY ON THE PROPERTY LOCATED WITHIN THE DISTRICT. THEREFORE, THE INVESTMENT SECURITY AND QUALITY OF THE BONDS IS DEPENDENT UPON THE SUCCESSFUL DEVELOPMENT OF PROPERTY LOCATED WITHIN THE DISTRICT AND THE PAYMENT AND COLLECTION OF TAXES LEVIED THEREON.

THE BONDS ARE SUBJECT TO CERTAIN RISK FACTORS. PROSPECTIVE PURCHASERS SHOULD REVIEW THE ENTIRE OFFICIAL STATEMENT BEFORE MAKING AN INVESTMENT DECISION, INCLUDING PARTICULARLY THE SECTION OF THE OFFICIAL STATEMENT ENTITLED "RISK FACTORS."

(a) As certified by the Montgomery Central Appraisal District (the "Appraisal District") as of January 1, 2022. All property located in the District is valued on the tax rolls by the Appraisal District at 100% of estimated market value as of January 1 of each year. See "TAX DATA" and "TAXING PROCEDURES."

(b) Provided by the Appraisal District for informational purposes only. This amount is an estimate of the taxable value of all taxable property located within the District as of November 15, 2022 and includes an estimate of additional taxable value resulting from the construction of taxable improvements from January 1, 2022, through November 15, 2022. No taxes will be levied on this estimated value. See "TAX DATA" and "TAXING PROCEDURES."

(c) See "DISTRICT DEBT - Estimated Direct and Overlapping Debt Statement."

(d) At the time of closing on the Bonds, \$619,050 of capitalized interest on the Bonds will be deposited into the District's Utility System Debt Service Fund (defined herein). Neither Texas law nor the Bond Resolution requires that the District maintain any particular sum in the Utility System Debt Service Fund. Funds in the Utility System Debt Service Fund are pledged only to pay the debt service on bonds issued by the District for water, wastewater and drainage facilities and parks purposes (e.g., the Bonds) and are not available to pay debt service on bonds issued by the District for road purposes.

EAST MONTGOMERY COUNTY MUNICIPAL UTILITY DISTRICT NO. 12

\$20,635,000 UNLIMITED TAX BONDS SERIES 2023

INTRODUCTION

This Official Statement of East Montgomery County Municipal Utility District No. 12 (the "District") is provided to furnish information with respect to the issuance by the District of its \$20,635,000 Unlimited Tax Bonds, Series 2023 (the "Bonds"). The Bonds are issued pursuant to (i) Article XVI, Section 59 of the Texas Constitution, and the general laws of the State of Texas, including particularly Chapters 49 and 54 of the Texas Water Code, as amended; (ii) an election held within the District; (iii) a resolution adopted by the Board of Directors of the District (the "Board") authorizing the issuance of the Bonds (the "Bond Resolution"); and (iv) an order of the Texas Commission on Environmental Quality (the "TCEQ") for the Bonds.

There follows in this Official Statement descriptions of the Bonds, the Developer (hereinafter defined), the Bond Resolution and certain information about the District and its finances. All descriptions of documents contained herein are only summaries and are qualified in their entirety by reference to each such document. Copies of such documents may be obtained from Allen Boone Humphries Robinson LLP, 3200 Southwest Freeway, Suite 2600, Houston, Texas, 77027, upon payment of the costs of duplication therefor. Certain capitalized terms used in this Official Statement have the same meanings assigned to such terms in the Bond Resolution, except as otherwise indicated herein.

RISK FACTORS

General

The Bonds, which are obligations of the District and not of the State of Texas, Montgomery County (the "County"), the City, or any political subdivision other than the District, will be secured by a continuing direct, annual ad valorem tax, without legal limitation as to rate or amount, levied against all taxable property located within the District (see "THE BONDS – Source of Payment"). Therefore, the ultimate security for payment of the principal of and interest on the Bonds depends upon the ability of the District to collect from the property owners within the District taxes levied against all taxable property located within the District, or, in the event taxes are not collected and foreclosure proceedings are instituted by the District, upon the value of the taxable property with respect to taxes levied by the District and by other taxing authorities. The District makes no representations that over the life of the Bonds the property within the District will maintain a value sufficient to justify continued payment of taxes by the property owners. The potential increase in taxable valuation of District property is directly related to the economics of the residential housing industry, not only due to general economic conditions, but also due to the particular factors discussed below. See "DEVELOPMENT OF THE DISTRICT," "TAX DATA," and "TAXING PROCEDURES."

Factors Affecting Taxable Values and Tax Payments

Economic Factors: The rate of development of the District is directly related to the vitality of the residential housing industry. New residential housing construction can be significantly affected by factors such as interest rates, construction costs, credit availability, energy costs and consumer demand. Decreased levels of home construction activity would restrict the growth of property values in the District. The District cannot predict the pace or magnitude of any future development or home construction in the District.

Developer: There is no commitment by or legal requirement of the Developer or any other landowner to the District to proceed at any particular rate or according to any specified plan with the development of land in the District, or of any homebuilder to proceed at any particular pace with the construction of homes in the District. Moreover, there is no restriction on any land owner's right to sell its land. Therefore, the District can make no representation about the probability of future development, if any, or the rate of future home construction activity in the District. Failure to construct taxable improvements on developed lots would restrict the rate of growth of taxable values in the District and result in higher tax rates. There are approximately 546 vacant developed lots and 0 developable acres remaining within the District.

Dependence on Principal Taxpayers: The ability of any principal landowner to make full and timely payments of taxes levied against its property by the District and similar taxing authorities will directly affect the District's ability to meet its debt-service obligations. As illustrated in this Official Statement under the caption "TAX DATA – Principal Taxpayers," as of January 1, 2022, the District's principal taxpayers owned property located within the District the aggregate taxable assessed valuation of which comprised approximately 15.57% of the District's total assessed valuation.

Maximum Impact on District Tax Rates: Assuming no further development or home construction, the value of the land and improvements currently within the District will be the major determinant of the ability or willingness of property owners to pay their taxes. The 2022 Certified Taxable Assessed Valuation of property located within the District (see "TAX DATA") is \$121,165,670 and the Estimated Taxable Valuation as of November 15, 2022, is

\$234,768,255. After issuance of the Bonds, the maximum annual debt service requirement will be \$1,482,000 (2047) and the average annual debt service requirements will be \$1,329,582 (2023-2047). Assuming no increase to nor decrease from the 2022 Certified Taxable Assessed Valuation, tax rates of \$1.29 and \$1.16 per \$100 of assessed valuation at a 95% tax collection rate would be necessary to pay the maximum annual debt service requirement and the average annual debt service requirements, respectively. Assuming no increase to nor decrease from the Estimated Taxable Valuation as of November 15, 2022, tax rates of \$0.67 and \$0.60 per \$100 of assessed valuation at 95% tax collection rate would be necessary to pay the maximum annual debt service requirement and the average annual debt service requirements, respectively.

The District can make no representation that the taxable property values in the District will increase in the future or will maintain a value sufficient to support the proposed District tax rate or to justify continued payment of taxes by property owners. The District levied a maintenance tax of \$1.35 per \$100 of assessed valuation, a Utility System debt service tax rate of \$0.00, and a Road System debt service tax rate of \$0.00 per \$100 of assessed valuation for tax year 2022.

Infectious Disease Outlook – COVID-19

In March 2020, the World Health Organization and the President of the United States separately declared the outbreak of a respiratory disease caused by a novel coronavirus (“COVID-19”) to be a public health emergency. On March 13, 2020, the Governor of Texas (the “Governor”) declared a state of disaster for all counties in Texas because of the effects of COVID-19. Subsequently, in response to a rise in COVID-19 infections in Texas, and pursuant to Chapter 418 of the Texas Government Code, the Governor issued a number of executive orders intended to help limit the spread of COVID-19 and mitigate injury and the loss of life, including limitations imposed on business operations, social gatherings, and other activities.

There are currently no COVID-19 related operating limits imposed by executive order of the Governor for any business or other establishment in Texas. The Governor retains the right to impose additional restrictions on activities if needed to mitigate the effects of COVID-19. Additional information regarding executive orders issued by the Governor is accessible on the website of the Governor at <https://gov.texas.gov/>. Neither the information on, nor accessed through, such website of the Governor is incorporated by reference into this Official Statement.

The District has not experienced any decrease in property values, unusual tax delinquencies, or interruptions to service as a result of COVID-19; however, the District cannot predict the long-term economic effect of COVID-19, or a similar virus should there be a reversal of economic activity and re-imposition of restrictions.

Vacant Developed Lots

As of December 1, 2022, approximately 546 developed lots within the District remained available for construction. Failure of the Developer and/or builders to construct taxable improvements on developed lots could result in substantial increases in the rate of taxation by the District during the term of the Bonds to pay debt service on the Bonds and any other tax supported debt of the District issued in the future. Future increases in value will result primarily from the construction of homes by builders. The District makes no representation that the lot sales and building program will be successful.

Competitive Nature of Houston Residential Housing Market

The housing industry in the Houston metropolitan area is very competitive, but the District can give no assurance that the building programs which are planned by any home builder(s) will be continued or completed. The respective competitive position of the homebuilders listed herein in the construction and sale of single-family residential units, are affected by most of the factors discussed in this section, and such competitive positions are directly related to tax revenues received by the District and the growth and maintenance of taxable values in the District.

Tax Collection Limitations

The District’s ability to make debt service payments may be adversely affected by its inability to collect ad valorem taxes. Under Texas law, the levy of ad valorem taxes by the District constitutes a lien in favor of the District on a parity with the liens of all other state and local taxing authorities on the property against which taxes are levied, and such lien may be enforced by foreclosure. The District’s ability to collect ad valorem taxes through such foreclosure may be impaired by (a) cumbersome, time-consuming and expensive collection procedures, (b) a bankruptcy court’s stay of tax collection procedures against a taxpayer, (c) market conditions limiting the proceeds from a foreclosure sale of taxable property, or (d) the taxpayer’s right to redeem the property within two years of foreclosure for residential homestead and agricultural use property and within six (6) months of foreclosure for other property. While the District has a lien on taxable property within the District for taxes levied against such property, such lien can be foreclosed only in a judicial proceeding. Moreover, the value of property to be sold for delinquent taxes and thereby the potential sales proceeds available to pay debt service on the Bonds, may be limited by among other factors, the existence of other tax liens on the property, by the current aggregate tax rate being levied against the property, or by the taxpayers’ right to redeem residential or agricultural use property within two (2) years of foreclosure and all other property within six (6) months of foreclosure. Finally, a bankruptcy court with jurisdiction over bankruptcy proceedings initiated by or against a taxpayer within the District pursuant to Federal Bankruptcy Code could stay any attempt by the District to collect delinquent ad valorem taxes assessed against such taxpayer. See “TAXING PROCEDURES.”

Registered Owners' Remedies and Bankruptcy

In the event of default in the payment of principal of or interest on the Bonds, the Registered Owners of the Bonds have a right to seek a writ of mandamus requiring the District to levy sufficient taxes each year to make such payments. Except for mandamus, the Bond Resolution does not specifically provide for remedies to protect and enforce the interests of the Registered Owners. There is no acceleration of maturity of the Bonds in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year. Although the Registered Owners could obtain a judgment against the District, such a judgment could not be enforced by a direct levy and execution against the District's property. Further, the Registered Owners cannot themselves foreclose on property within the District or sell property within the District in order to pay the principal of and interest on the Bonds. Since there is no trust indenture or trustee, the Registered Owners would have to initiate and finance the legal process to enforce their remedies. The enforceability of the rights and remedies of the Registered Owners may be limited further by laws relating to bankruptcy, reorganization or other similar laws of general application affecting the rights of creditors of political subdivisions such as the District. In this regard, should the District file a petition for protection from creditors under federal bankruptcy laws, the remedy of mandamus or the right of the District to seek judicial foreclosure of its tax lien would be automatically stayed and could not be pursued unless authorized by a federal bankruptcy judge.

Marketability

The District has no understanding (other than the initial reoffering yields) with the Initial Purchaser regarding the reoffering yields or prices of the Bonds and has no control over the trading of the Bonds in the secondary market. Moreover, there is no assurance that a secondary market will be made for the Bonds. If there is a secondary market, the difference between the bid and asked price of the Bonds may be greater than the bid and asked spread of other bonds generally bought, sold or traded in the secondary market. See "SALE AND DISTRIBUTION OF THE BONDS."

Future Debt

The District has the right to issue the remaining \$86,866,000 authorized but unissued unlimited tax bonds for water, wastewater and drainage facilities and refunding of the same, the \$51,582,000 authorized but unissued unlimited tax road bonds and refunding of same, and \$5,000,000 authorized but unissued unlimited tax bonds for park and recreational improvements and refunding of the same, remaining after the issuance of the Bonds (see "THE BONDS - Issuance of Additional Debt"), and such additional bonds as may hereafter be approved by both the Board and voters of the District. The issuance of such unlimited tax bonds for water, wastewater and drainage facilities purposes and park and recreational improvements are also subject to approval by the TCEQ. There is no remaining authorized but unissued unlimited tax bonds for road improvements. The District also has the right to issue certain other additional bonds, revenue bonds, special project bonds, and other obligations described in the Bond Resolution.

After the issuance of the Bonds, the District will owe the Developer approximately \$24,800,000 for the existing facilities. If additional bonds are issued in the future and property values have not increased proportionately, such issuance may increase gross debt/property valuation ratios and thereby adversely affect the investment quality or security of the Bonds. See "THE BONDS - Issuance of Additional Debt."

The principal amount of bonds issued to finance parks and recreational facilities may not exceed 1% of the District's assessed value, however, effective June 14, 2021, if the District meets certain financial feasibility requirements under TCEQ rules, the outstanding principal amount of such bonds issued by the District may exceed an amount equal to 1% but not 3% of the value of taxable property in the District.

The District's Engineer estimates that the aforementioned \$86,866,000 authorized unlimited tax bonds which remain unissued will be adequate to finance the construction of all water, wastewater and drainage facilities to provide service to all of the currently undeveloped portions of the District.

Continuing Compliance with Certain Covenants

The Bond Resolution contain covenants by the District intended to preserve the exclusion from gross income of interest on the Bonds. Failure of the District to comply with such covenants on a continuous basis prior to maturity of the Bonds could result in interest on the Bonds becoming taxable retroactively to the date of original issuance. See "TAX MATTERS."

Approval of the Bonds

The Attorney General of Texas must approve the legality of the Bonds prior to their delivery. The Attorney General of Texas, however, does not pass upon or guarantee the safety of the Bonds as an investment or the adequacy or accuracy of the information contained in this Official Statement.

National Weather Service Atlas 14 Rainfall Study

In 2018, the National Weather Service completed a rainfall study known as NOAA Atlas 14, Volume 11 Precipitation-Frequency Atlas of the United States ("Atlas 14"). Floodplain boundaries within the District may be redrawn based on the Atlas 14 study based on a higher statistical rainfall amount, resulting in interim floodplain regulations applying to a larger number of properties and consequently leaving less developable property within the District. Such regulations could

additionally result in higher insurance rates, increased development fees, and stricter building codes for any property located within the expanded boundaries of the floodplain.

Specific Flood Type Risks

The District may be subject to the following flood risks:

Ponding (or Pluvial) Flood. Ponding, or pluvial, flooding occurs when heavy rainfall creates a flood event independent of an overflowing water body, typically in relatively flat areas. Intense rainfall can exceed the drainage capacity of a drainage system, which may result in water within the drainage system becoming trapped and diverted onto streets and nearby property until it is able to reach a natural outlet. Ponding can also occur in a flood pool upstream or behind a dam, levee or reservoir.

Riverine (or Fluvial) Flood. Riverine, or fluvial, flooding occurs when water levels rise over the top of river, bayou or channel banks due to excessive rain from tropical systems making landfall and/or persistent thunderstorms over the same area for extended periods of time. The damage from a riverine flood can be widespread. The overflow can affect smaller rivers and streams downstream, or may sheet-flow over land. Flash flooding is a type of riverine flood that is characterized by an intense, high velocity torrent of water that occurs in an existing river channel with little to no notice. Flash flooding can also occur even if no rain has fallen, for instance, after a levee, dam or reservoir has failed or experienced an uncontrolled release, or after a sudden release of water by a debris or ice jam. In addition, planned or unplanned controlled releases from a dam, levee or reservoir also may result in flooding in areas adjacent to rivers, bayous or drainage systems downstream.

Potential Effects of Oil Price Fluctuations on the Houston Area

The economy of the Houston area has, in the past, been particularly affected by adverse conditions in the oil and gas industry, and such conditions and their spillover effects into other industries could result in declines in the demand for residential and commercial property in the Houston area and could reduce or negatively affect property values within the District. The District cannot predict the impact that negative conditions in the oil industry will have on property values in the District.

Extreme Weather Events

The greater Houston area, including the District, is subject to occasional severe weather events, including tropical storms, hurricanes, tornadoes, flooding, and other natural disasters. If the District were to sustain damage to its facilities requiring substantial repair or replacement, or if substantial damage were to occur to taxable property within the District as a result of such a weather event, the investment security of the Bonds could be adversely affected.

On August 25, 2017, Hurricane Harvey made landfall on the Texas Gulf Coast. The Houston area, including Montgomery County, Texas, sustained widespread rain damage and flooding as a result of Hurricane Harvey's landfall, and historic levels of rainfall during the succeeding four days.

According to the Engineer, the District's water, wastewater sewer, and drainage facilities did not sustain damage as a result of Hurricane Harvey, and there was no interruption of water and sewer service. Furthermore, according to the Engineer, there were no structures in the District that experienced flooding or structural damage. The District cannot predict the effect that additional extreme weather events may have upon the District and the Gulf Coast. Additional extreme weather events have the potential to cause damage within the District and along the Gulf Coast generally that could have a negative effect on taxable assessed valuations in the District and the economy of the District and the region. See "TAXING PROCEDURES – Valuation of Property for Taxation."

If a future weather event or natural disaster significantly damaged taxable property within the District, the assessed value of property within the District could be substantially reduced, which could result in a decrease in tax revenues and/or necessitate an increase in the District's tax rate. Further, there can be no assurance that a casualty loss to taxable property within the District will be covered by insurance (or that property owners will even carry flood or other casualty insurance), that any insurance company will fulfill its obligation to provide insurance proceeds, or that insurance proceeds will be used to rebuild or repair any damaged improvements within the District. Even if insurance proceeds are available and improvements are rebuilt, there could be a lengthy period in which assessed values within the District could be adversely affected.

Environmental Regulations

Wastewater treatment, water supply, storm sewer facilities and construction activities within the District are subject to complex environmental laws and regulations at the federal, state and local levels that may require or prohibit certain activities that affect the environment, such as:

- Requiring permits for construction and operation of water wells, wastewater treatment and other facilities;
- Restricting the manner in which wastes are treated and released into the air, water and soils;
- Restricting or regulating the use of wetlands or other properties; or
- Requiring remedial action to prevent or mitigate pollution.

Sanctions against a municipal utility district or other type of special purpose district for failure to comply with environmental laws and regulations may include a variety of civil and criminal enforcement measures, including assessment of monetary penalties, imposition of remedial requirements and issuance of injunctions to ensure future compliance. Environmental laws and compliance with environmental laws and regulations can increase the cost of planning, designing, constructing and operating water production and wastewater treatment facilities. Environmental laws can also inhibit growth and development within the District. Further, changes in regulations occur frequently, and any changes that result in more stringent and costly requirements could materially impact the District.

Air Quality Issues. Air quality control measures required by the United States Environmental Protection Agency (the “EPA”) and the TCEQ may impact new industrial, commercial and residential development in the Houston area. Under the Clean Air Act (“CAA”) Amendments of 1990, the eight-county Houston-Galveston-Brazoria area (“HGB Area”)—Harris, Galveston, Brazoria, Chambers, Fort Bend, Waller, Montgomery and Liberty Counties—has been designated a nonattainment area under three separate federal ozone standards: the one-hour (124 parts per billion (“ppb”)) and eight-hour (84 ppb) standards promulgated by the EPA in 1997 (the “1997 Ozone Standards”); the tighter, eight-hour ozone standard of 75 ppb promulgated by the EPA in 2008 (the “2008 Ozone Standard”), and the EPA’s most-recent promulgation of an even lower, 70 ppb eight-hour ozone standard in 2015 (the “2015 Ozone Standard”). While the State of Texas has been able to demonstrate steady progress and improvements in air quality in the HGB Area, the HGB Area remains subject to CAA nonattainment requirements.

While the EPA has revoked the 1997 Ozone Standards, the EPA historically has not formally redesignated nonattainment areas for a revoked standard. As a result, the HGB Area remained subject to continuing severe nonattainment area “anti-backsliding” requirements, despite the fact that HGB Area air quality has been attaining the 1997 Ozone Standards since 2014. In late 2015, the EPA approved the TCEQ’s “redesignation substitute” for the HGB Area under the revoked 1997 Ozone Standards, leaving the HGB Area subject only to the nonattainment area requirements under the 2008 Ozone Standard (and later, the 2015 Ozone Standard).

In February 2018, the U.S. Court of Appeals for the District of Columbia Circuit issued an opinion in *South Coast Air Quality Management District v. EPA*, 882 F.3d 1138 (D.C. Cir. 2018) vacating the EPA redesignation substitute rule that provided the basis for the EPA’s decision to eliminate the anti-backsliding requirements that had applied in the HGB Area under the 1997 Ozone Standard. The court has not responded to the EPA’s April 2018 request for rehearing of the case. To address the uncertainty created by the South Coast court’s ruling, the TCEQ developed a formal request that the HGB Area be redesignated to attainment under the 1997 Ozone Standards. The TCEQ Commissioners adopted the request and maintenance plan for the 1997 one-hour and eight-hour standards on December 12, 2018. On May 16, 2019, the EPA proposed a determination that the HGB Area has met the redesignation criteria and continues to attain the 1997 one-hour and eight-hour standards, the termination of the anti-backsliding obligations, and approval of the proposed maintenance plan.

The HGB Area is currently designated as a “serious” nonattainment area under the 2008 Ozone Standard, with an attainment deadline of July 20, 2021. If the EPA ultimately determines that the HGB Area has failed to meet the attainment deadline based on the relevant data, the area is subject to reclassification to a nonattainment classification that provides for more stringent controls on emissions from the industrial sector. In addition, the EPA may impose a moratorium on the awarding of federal highway construction grants and other federal grants for certain public works construction projects if it finds that an area fails to demonstrate progress in reducing ozone levels.

The HGB Area is currently designated as a “marginal” nonattainment area under the 2015 Ozone Standard, with an attainment deadline of August 3, 2021. For purposes of the 2015 Ozone Standard, the HGB Area consists of only six counties: Brazoria, Chambers, Fort Bend, Galveston, Harris, and Montgomery Counties.

In order to demonstrate progress toward attainment of the EPA’s ozone standards, the TCEQ has established a state implementation plan (“SIP”) for the HGB Area setting emission control requirements, some of which regulate the inspection and use of automobiles. These types of measures could impact how people travel, what distances people are willing to travel, where people choose to live and work, and what jobs are available in the HGB Area. These SIP requirements can negatively impact business due to the additional permitting/regulatory constraints that accompany this designation and because of the community stigma associated with a nonattainment designation. It is possible that additional controls will be necessary to allow the HGB Area to reach attainment with the ozone standards by the EPA’s attainment deadlines. These additional controls could have a negative impact on the HGB Area’s economic growth and development.

Water Supply & Discharge Issues. Water supply and discharge regulations that municipal utility districts, including the District, may be required to comply with involve: (1) groundwater well permitting and surface water appropriation; (2) public water supply systems; (3) wastewater discharges from treatment facilities; (4) storm water discharges; and (5) wetlands dredge and fill activities. Each of these is addressed below:

Certain governmental entities regulate groundwater usage in the HGB Area. A municipal utility district or other type of special purpose district that (i) is located within the boundaries of such an entity that regulates groundwater usage, and (ii) relies on local groundwater as a source of water supply, may be subject to requirements and restrictions on the drilling of water wells and/or the production of groundwater that could affect both the engineering and economic feasibility of district water supply projects.

Pursuant to the federal Safe Drinking Water Act (“SDWA”) and the EPA’s National Primary Drinking Water Regulations (“NPDWRs”), which are implemented by the TCEQ’s Water Supply Division, a municipal utility district’s provision of water for human consumption is subject to extensive regulation as a public water system. Municipal utility districts must generally provide treated water that meets the primary and secondary drinking water quality standards adopted by the TCEQ, the applicable disinfectant residual and inactivation standards, and the other regulatory action levels established under the agency’s rules. The EPA has established NPDWRs for more than ninety (90) contaminants and has identified and listed other contaminants which may require national drinking water regulation in the future.

Texas Pollutant Discharge Elimination System (“TPDES”) permits set limits on the type and quantity of discharge, in accordance with state and federal laws and regulations. The TCEQ reissued the TPDES Construction General Permit (TXR150000), with an effective date of March 5, 2018, which is a general permit authorizing the discharge of stormwater runoff associated with small and large construction sites and certain non-stormwater discharges into surface water in the state. It has a 5-year permit term, and is then subject to renewal. Moreover, the Clean Water Act (“CWA”) and Texas Water Code require municipal wastewater treatment plants to meet secondary treatment effluent limitations and more stringent water quality-based limitations and requirements to comply with the Texas water quality standards. Any water quality-based limitations and requirements with which a municipal utility district must comply may have an impact on the municipal utility district’s ability to obtain and maintain compliance with TPDES permits.

The District is subject to the TCEQ’s General Permit for Phase II (Small) Municipal Separate Storm Sewer Systems (the “MS4 Permit”), which was issued by the TCEQ on January 24, 2019. The MS4 Permit authorizes the discharge of stormwater to surface water in the state from small municipal separate storm sewer systems. The District has applied for coverage under the MS4 Permit and is awaiting final approval from the TCEQ. In order to maintain compliance with the MS4 Permit, the District continues to develop, implement, and maintain the required plans, as well as to install or implement best management practices to minimize or eliminate unauthorized pollutants that may otherwise be found in stormwater runoff. Costs associated with these compliance activities could be substantial in the future.

Operations of utility districts, including the District, are also potentially subject to requirements and restrictions under the CWA regarding the use and alteration of wetland areas that are within the “waters of the United States.” The District must obtain a permit from the United States Army Corps of Engineers (“USACE”) if operations of the District require that wetlands be filled, dredged, or otherwise altered.

In 2015, the EPA and USACE promulgated a rule known as the Clean Water Rule (“CWR”) aimed at redefining “waters of the United States” over which the EPA and USACE have jurisdiction under the CWA. The CWR significantly expanded the scope of the federal government’s CWA jurisdiction over intrastate water bodies and wetlands. On September 12, 2019, the EPA and USACE finalized a rule repealing the CWR, thus reinstating the regulatory text that existed prior to the adoption of the CWR. This repeal officially became final on December 23, 2019, but the repeal itself became the subject of litigation in multiple jurisdictions.

On January 23, 2020, the EPA and USACE released the Navigable Waters Protection Rule (“NWPR”), which contained a new definition of “waters of the United States.” The NWPR became effective June 22, 2020, and is the subject of ongoing litigation.

On June 9, 2021, the EPA and USACE announced plans to further revise the definition of “waters of the United States.” On August 30, 2021, the United States District Court for the District of Arizona issued an order vacating the NWPR while the EPA and USACE made plans to replace it. On November 18, 2021, the EPA and USACE issued a Notice of Proposed Rulemaking to put back into place the pre-2015 definition of “waters of the United States,” and on December 7, 2021, the proposed rule was published in the Federal Register, with the public comment period closing on February 7, 2022. On December 30, 2022, the EPA and USACE finalized the proposed rule, effective as of March 20, 2023, which vacates and remands the NWPR released in 2020 and interprets “waters of the United States” consistent with the pre-2015 regulatory regime. The adoption of the new rule is the subject of litigation, including a suit filed in the United States District Court for the Southern District of Texas. Due to this existing and possible future litigation and regulatory action, there remains uncertainty regarding the ultimate scope of “waters of the United States” and the extent of EPA and USACE jurisdiction. Depending on the final outcome of such proceedings, operations of municipal utility districts, including the District, could potentially be subject to additional restrictions and requirements, including additional permitting requirements.

Bond Insurance Risk Factors

In the event of default of the payment of principal or interest with respect to the Bonds when all or some becomes due, any owner of the Bonds shall have a claim under the applicable Bond Insurance Policy (the “Policy”) for such payments. However, in the event of any acceleration of the due date of such principal by reason of mandatory or optional redemption or acceleration resulting from default or otherwise, other than any advancement of maturity pursuant to a mandatory sinking fund payment, the payments are to be made in such amounts and at such times as such payments would have been due had there not been any such acceleration. The Policy does not insure against redemption premium, if any. The payment of principal and interest in connection with mandatory or optional prepayment of the Bonds by the District which is recovered by the District from the bond owner as a voidable preference under applicable bankruptcy law is covered by the insurance policy, however, such payments will be made by the bond insurer at such time and in such amounts as would have been due absence such prepayment by the District unless the bond insurer chooses to pay such amounts at an earlier date.

Under most circumstances, default of payment of principal and interest does not obligate acceleration of the obligations of the bond insurer without appropriate consent. The bond insurer may direct and must consent to any remedies and the bond insurer's consent may be required in connection with amendments to any applicable bond documents.

In the event the bond insurer is unable to make payment of principal and interest as such payments become due under the Policy, the Bonds are payable solely from the moneys received pursuant to the applicable bond documents. In the event the bond insurer becomes obligated to make payments with respect to the Bonds, no assurance is given that such event will not adversely affect the market price of the Bonds or the marketability (liquidity) for the Bonds.

The long-term ratings on the Bonds are dependent in part on the financial strength of the bond insurer and its claim paying ability. The bond insurer's financial strength and claims paying ability are predicated upon a number of factors which could change over time. No assurance is given that the long-term ratings of the bond insurer and of the ratings on the Bonds insured by the bond insurer will not be subject to downgrade and such event could adversely affect the market price of the Bonds or the marketability (liquidity) for the Bonds. See "MUNICIPAL BOND INSURANCE" and "RATING."

The obligations of the bond insurer are contractual obligations and in an event of default by the bond insurer, the remedies available may be limited by applicable bankruptcy law or state law related to insolvency of insurance companies.

Neither the District nor Initial Purchaser has made independent investigation into the claims paying ability of the bond insurer and no assurance or representation regarding the financial strength or projected financial strength of the bond insurer is given. Thus, when making an investment decision, potential investors should carefully consider the ability of the District to pay principal and interest on the Bonds and the claims paying ability of the bond insurer, particularly over the life of the investment. See "MUNICIPAL BOND INSURANCE" herein for further information provided by the bond insurer and the Policy, which includes further instructions for obtaining current financial information concerning the bond insurer.

Changes in Tax Legislation

Certain tax legislation, whether currently proposed or proposed in the future, may directly or indirectly reduce or eliminate the benefit of the exclusion of interest on the Bonds from gross income for federal income tax purposes. Any proposed legislation, whether or not enacted, may also affect the value and liquidity of the Bonds. Prospective purchasers of the Bonds should consult with their own tax advisors with respect to any proposed, pending or future legislation.

2023 Legislative Session

The 88th Regular Legislative Session convened on January 10, 2023 and will conclude on May 29, 2023. The Texas Legislature could enact laws that materially change current laws affecting ad valorem tax matters, election measures, and other matters which could adversely affect the marketability or market value of the Bonds. The District can make no representation regarding any actions the Texas Legislature may take or the effect of any such actions. While the enactment of future legislation in Texas could adversely affect the financial condition or operations of the District, the District does not anticipate that the security for payment of the Bonds, specifically, the District's obligation to levy an unlimited annual ad valorem tax, would be adversely affected by any such legislation.

THE BONDS

General

The Bonds are dated March 1, 2023 (the "Dated Date"). The Bonds will accrue interest from the initial date of delivery (on or about March 2, 2023) (the "Date of Delivery"), with interest payable September 1, 2023, and each March 1 and September 1 thereafter (each an "Interest Payment Date") until the earlier of maturity or redemption. The Bonds are fully-registered serial bonds maturing on September 1 of the years shown under "PRINCIPAL AMOUNTS, MATURITIES, INTEREST RATES, INITIAL REOFFERING YIELDS, AND CUSIPS" on the inside cover page of this Official Statement. Principal of the Bonds will be payable to the registered owners (the "Registered Owners") at maturity or redemption upon presentation at the principal payment office of the paying agent/registrar, initially, BOKF, NA, Dallas, Texas (the "Paying Agent/Registrar"). Interest on the Bonds will be payable by check, dated as of the Interest Payment Date, and mailed by the Paying Agent/Registrar to Registered Owners as shown on the records of the Paying Agent/Registrar at the close of business on the 15th calendar day of the month next preceding the Interest Payment Date (the "Record Date") or by such other customary banking arrangements as may be agreed upon by the Paying Agent/Registrar and a Registered Owner at the risk and expense of such Registered Owner.

Book-Entry-Only System

This section describes how ownership of the Bonds are to be transferred and how the principal of, premium, if any, and interest on the Bonds are to be paid to and credited by The Depository Trust Company, New York, New York ("DTC") while the Bonds are registered in its nominee name. The information in this section concerning DTC and the Book-Entry Only System has been provided by DTC for use in disclosure documents such as this Official Statement. The District believes the source of such information to be reliable, but takes no responsibility for the accuracy or completeness thereof.

The District cannot and does not give any assurance that (1) DTC will distribute payments of debt service on the Bonds, or redemption or other notices, to DTC Participants, (2) DTC Participants or others will distribute debt service payments paid to DTC or its nominee (as the registered owner of the Bonds), or redemption or other notices, to the Beneficial Owners, or that

they will do so on a timely basis, or (3) DTC will serve and act in the manner described in this Official Statement. The current rules applicable to DTC are on file with the Securities and Exchange Commission, and the current procedures of DTC to be followed in dealing with DTC Participants are on file with DTC.

The DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be required by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each of the Bonds, each in the aggregate principal amount of such issue, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC.

DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a rating of AA+ from S&P Global Ratings. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchase of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to Issue as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, principal and interest payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or the Paying Agent/Registrar, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the District or the Paying Agent/Registrar, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, principal and interest payments to Cede & Co. (or such other nominee as

may be requested by an authorized representative of DTC) is the responsibility of the District or the Paying Agent/Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District or Paying Agent/Registrar. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, the Bond certificates will be printed and delivered to DTC.

The information in the section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the accuracy thereof.

Use of Certain Terms in Other Sections of this Official Statement

In reading this Official Statement it should be understood that while the Bonds are in the book-entry form, references in other sections of this Official Statement to registered owners should be read to include the person for which the Participant acquires an interest in the Bonds, but (i) all rights of ownership must be exercised through DTC and the book-entry system, and (ii) except as described above, notices that are to be given to registered owners under the Bond Order will be given only to DTC.

Successor Paying Agent/Registrar

Provision is made in the Bond Resolution for replacing the Paying Agent/Registrar. If the District replaces the Paying Agent/Registrar, such Paying Agent/Registrar shall, promptly upon the appointment of a successor, deliver the Paying Agent/Registrar's records to the successor paying agent/registrar, and the successor paying agent/registrar shall act in the same capacity as the previous Paying Agent/Registrar. Any successor paying agent/registrar selected by the District shall be a commercial bank; a trust company organized under the laws of the State of Texas; or other entity duly qualified and legally authorized to serve and perform the duties of the paying agent/registrar for the Bonds.

Registration, Transfer and Exchange

In the event the Book-Entry-Only system is discontinued, the Bonds are transferable only on the bond register kept by the Paying Agent/Registrar upon surrender at the corporate trust office of the Paying Agent/Registrar in Houston, Texas. A Bond may be assigned by the execution of an assignment form on the Bonds or by other instrument of transfer and assignment acceptable to the Paying Agent/Registrar. At any time after the date of initial delivery, any Bond may be transferred upon its presentation and surrender at the designated offices of the Paying Agent/Registrar, duly endorsed for transfer or accompanied by an assignment duly executed by the Registered Owner. The Bonds are exchangeable upon presentation at the designated office(s) of the Paying Agent/Registrar, for an equal principal amount of Bonds of the same maturity in authorized denominations. To the extent possible, new Bonds issued in exchange or transfer of Bonds will be delivered to the Registered Owner or assignee of the Registered Owner within not more than three (3) business days after the receipt by the Paying Agent/Registrar of the request in proper form to transfer or exchange the Bonds. New Bonds registered and delivered in an exchange or transfer shall be in the denomination of \$5,000 in principal amount for a Bond, or any integral multiple thereof for any one maturity and shall bear interest at the same rate and be for a like aggregate principal or maturity amount as the Bond or Bonds surrendered for exchange or transfer. Neither the Paying Agent/Registrar nor the District is required to issue, transfer, or exchange any Bond during a period beginning at the opening of business on a Record Date and ending at the close of business on the next succeeding Interest Payment Date or to transfer or exchange any Bond selected for redemption, in whole or in part, beginning fifteen (15) calendar days prior to, and ending on the date of the mailing of notice of redemption, or where such redemption is scheduled to occur within thirty (30) calendar days. No service charge will be made for any transfer or exchange, but the District or Registrar may require payment of a sum sufficient to cover any tax or governmental charge payable in connection therewith.

Redemption of the Bonds

Bonds maturing on September 1, 2030, and thereafter shall be subject to redemption and payment at the option of the District, in whole or from time to time in part, on March 1, 2029, or on any date thereafter, at the par value thereof plus accrued interest to the date fixed for redemption. Notice of the exercise of the reserved right of redemption will be given at least thirty (30) days prior to the redemption date by sending such notice by first class mail to the Registered Owner of each Bond to be redeemed in whole or in part at the address shown on the bond register. If less than all of the Bonds are redeemed at any time, the maturities of the Bonds to be redeemed shall be selected by the District. If less than all of the Bonds of a certain maturity are to be redeemed, the particular Bonds or portions thereof to be redeemed will be selected by the Paying Agent/Registrar prior to the redemption date by such random method as the Paying Agent/Registrar deems fair and appropriate in integral multiples of \$5,000 within any one maturity. The Registered Owner of any Bond, all or a portion of which has been called for redemption, shall be required to present such Bond to the Paying Agent/Registrar for payment of the redemption price on the portion of the Bonds so called for redemption and issuance of a new Bond in the principal amount equal to the portion of such Bond not redeemed.

Mutilated, Lost, Stolen or Destroyed Bonds

In the event the book-entry-only system is discontinued, the District has agreed to replace mutilated, destroyed, lost or stolen Bonds upon surrender of the mutilated Bonds to the Paying Agent/Registrar, or receipt of satisfactory evidence of such destruction, loss or theft, and receipt by the District and Registrar of security or indemnity as may be required by either of them to hold them harmless. The District may require payment of taxes, governmental charges and other expenses in connection with any such replacement.

Authority for Issuance

The Bonds constitute the first series of unlimited tax bonds issued by the District from the \$107,501,000 principal amount of unlimited tax bonds authorized by the District's voters for the purpose of purchasing, constructing, operating and maintaining a water, wastewater and drainage system (the "Utility System") and for the further purpose of refunding such bonds; \$51,582,000 principal amount of unlimited tax bonds authorized by the District's voters for the purpose of constructing or acquiring a road system to serve the District (the "Road System") and for the further purpose of refunding such bonds; and \$5,000,000 principal amount of unlimited tax bonds authorized by the District's voters for the purpose of constructing parks and recreational facilities (the "Park System") and for the further purpose of refunding such bonds.

Following the issuance of the Bonds, \$86,866,000 principal amount of unlimited tax bonds for the Utility System; \$51,582,000 principal amount of unlimited tax bonds for the Road System; and \$5,000,000 principal amount of unlimited tax bonds for the Park System will remain authorized and unissued. The Bonds are issued pursuant to (i) the Bond Resolution; (ii) the Constitution and general laws of the State of Texas, particularly Chapters 49 and 54 of the Texas Water Code, as amended; (iii) an election held in the District, and passed by a majority of the participating voters; (iv) and an order of the TCEQ.

Short Term Debt

The District issued its \$12,350,000 East Montgomery County Municipal Utility District No. 12 Bond Anticipation Note, Series 2022 (the "BAN"), dated June 7, 2022. The BAN accrues interest at a rate of 4.00% per year (computed on the basis of a 360-day year) and matures on June 6, 2023. A portion of the proceeds of the Bonds will be used to redeem the BAN.

Source of Payment

The Bonds are payable from the proceeds of a continuing direct ad valorem tax, without legal limitation as to rate or amount, levied against all taxable property located within the District. In the Bond Resolution, the District covenants to levy sufficient taxes to pay principal of and interest on the Bonds, with full allowance being made for delinquencies, costs of collections, Paying Agent/Registrar fees, and fees of the Appraisal District (defined herein). Tax proceeds, after deduction for collection costs, will be placed in the Utility System Debt Service Fund, as applicable, and used solely to pay principal of and interest on the applicable Bonds, any additional bonds payable from taxes which may be issued for the Utility System or Park System, and fees of the Paying Agent/Registrar. Bonds for water, wastewater and drainage purposes are supported by the proceeds of an unlimited tax levied annually by the District. Amounts on deposit in the Utility System Debt Service Fund may not be used to pay debt service on the bonds issued for the purpose of constructing the Road System (the "Road Bonds") or any other bonds that the District may hereafter issue for the Road System. Amounts on deposit in the Road System Debt Service Fund may not be used to pay debt service on the bonds issued for the Park System (the "Park Bonds"), or the Bonds, or that the District may hereafter issue for the Park System or the Utility System.

The Bonds are obligations solely of the District and are not the obligations of the State of Texas, Montgomery County, Texas, the City of Conroe, Texas, or any entity other than the District.

Issuance of Additional Debt

The District may issue additional bonds, with the approval of the TCEQ, necessary to provide improvements and facilities consistent with the purposes for which the District was created. On November 5, 2019, the District's voters authorized the issuance of \$107,501,000 unlimited tax bonds for the Utility System. On November 5, 2019, the District's voters also authorized \$51,582,000 unlimited tax bonds for the Road System, and \$5,000,000 unlimited tax park and recreational bonds for the Park System. The Bonds constitute the first series of unlimited tax bonds issued by the District from the \$107,501,000 principal amount of unlimited tax bonds authorized by District's voters for the purpose of the Utility System.

Following the issuance of the Bonds, \$86,866,000 principal amount of unlimited tax bonds for the utility, \$5,000,000 principal amount of unlimited tax bonds for park facilities, and \$51,582,000 principal amount of unlimited tax road bonds for the Road System will remain authorized and unissued. The Bond Resolution imposes no limitation on the amount of additional parity bonds which may be issued by the District (if authorized by the District's voters and approved by the TCEQ). Following the issuance of the Bonds, the District will owe the Developer approximately \$24,800,000 for existing water, wastewater and drainage facilities, park facilities and road facilities located within the District.

The District is authorized by statute to develop parks and recreational facilities, including the issuing of bonds payable from taxes for such purposes. The District has developed a park plan, and both the park plan and park bonds have been approved by District voters. Before the District could issue park bonds payable from taxes, the following actions would be required: (a) approval of the park project and bonds by the TCEQ; and (b) approval of the bonds by the Attorney General of Texas.

The principal amount of park bonds sold by the District may not exceed one percent of the District's certified taxable assessed valuation, unless the District meets certain financial feasibility requirements under the TCEQ rules, in which case the outstanding principal amount of such bonds issued by the District may exceed an amount equal to one percent but not three percent of the value of the taxable property in the District.

The District is also authorized by statute to engage in fire-fighting activities, including the issuing of bonds payable from taxes for such purposes. Before the District could issue such bonds, the following actions would be required: (a) authorization of a detailed fire plan and bonds for such purposes by the qualified voters in the District; (b) approval of the fire plan and bonds by the TCEQ; and (c) approval of bonds by the Attorney General of Texas. The Board has not considered calling an election at this time for such purposes.

If additional debt obligations are issued in the future by the District, such issuance may increase gross debt/ property ratios and might adversely affect the investment security of the Bonds.

The principal amount of bonds issued to finance parks and recreational facilities may not exceed 1% of the District's assessed value, however, effective June 14, 2021, if the District meets certain financial feasibility requirements under TCEQ rules, the outstanding principal amount of such bonds issued by the District may exceed an amount equal to 1% but not 3% of the value of taxable property in the District.

Annexation by the City of Conroe

Under existing Texas law, since the District lies wholly within the extraterritorial jurisdiction of the City, the District must conform to a City ordinance consenting to the creation of the District. In addition, except as set forth below under "Strategic Partnership Agreement," the District may be annexed by the City without the District's consent. If the District is annexed, the City would assume the District's assets and obligations (including the Bonds) and may dissolve the District. Annexation of territory by the City is a policy-making matter within the discretion of the Mayor and City Council of the City, and therefore, the District makes no representation that the City will ever annex the District and assume its debt, nor does the District make any representation concerning the ability of the City to pay debt service on the District's bonds if annexation were to occur. See "Strategic Partnership Agreement" below.

Strategic Partnership Agreement

The District lies entirely within the extraterritorial jurisdiction of the City. The District and the City entered into a Strategic Partnership Agreement (the "SPA") to establish the conditions of annexation on July 28, 2022. Under the SPA, the City has the right to annex the District for "limited purposes," specifically for the levy of the City's sales and use tax within the District's boundaries. The limited purpose annexation may not be converted to a full purpose annexation until the earlier of the following dates: (1) December 31 of the 16th year following the District's first ad valorem bond issuance; or (2) December 31, 2042. On the full purpose annexation date, the land included within the boundaries of the District shall be deemed to be within the full purpose boundary limits of the City without the need for any further action. Upon such date, all taxable property within the territory of the District shall become subject to ad valorem taxation by the City. If debt of the District remains outstanding on the full purpose annexation date or if the District has not fully reimbursed any developers within the District in accordance with any written reimbursement agreement, then the City may continue the District as a "limited district." The "limited district" shall continue to be known as East Montgomery County Municipal Utility District No. 12 and shall continue until the City dissolves the District pursuant to the terms of the SPA. The powers of the "limited district" are the same as prior District powers, except that none of the District's facilities may be transferred to another party without the consent of the City. The "limited district" is expressly authorized and required to levy and collect taxes sufficient to meet its outstanding debt service requirements for debt previously issued by the District and to pay necessary operating expenses associated therewith. The City may dissolve the limited district by ordinance at any time after 90% buildout. Upon dissolution, the City shall take over all the property and other assets of the limited district, assume all of the debts, liabilities, and obligations of the limited district, and perform all of the functions of the limited district, including the provision of services.

Consolidation

The District has the legal authority to consolidate with other districts and, in connection therewith, to provide for the consolidation of its assets (such as cash and the Utility System) and liabilities (such as the Bonds) with the assets and liabilities of districts with which it is consolidating. Consolidation is presently contemplated by the District, no representation is made concerning the likelihood of consolidation in the future.

No Arbitrage

The District will certify, on the date of delivery of the Bonds, that based upon all facts and estimates now known or reasonably expected to be in existence on the date the Bonds are delivered and paid for, the District reasonably expects that the proceeds of the Bonds will not be used in a manner that would cause the Bonds, or any portion of the Bonds, to be "arbitrage bonds" under the Internal Revenue Code of 1986, as amended (the "Code"), and the regulations prescribed thereunder. Furthermore, all officers, employees and agents of the District have been authorized and directed to provide certifications of facts and estimates that are material to the reasonable expectations of the District as of the date the Bonds are delivered and paid for. In particular, all or any officers of the District are authorized to certify to the facts and

circumstances and reasonable expectations of the District on the date the Bonds are delivered and paid for regarding the amount and use of the proceeds of the Bonds. Moreover, the District covenants that it shall make such use of the proceeds of the Bonds, regulate investment of proceeds of the Bonds and take such other and further actions and follow such procedures, including, without limitation, calculating the yield on the Bonds, as may be required so that the Bonds shall not become "arbitrage bonds" under the Code and the regulations prescribed from time to time thereunder.

Defeasance

The Bond Resolution provides that the District may discharge its obligations to the Registered Owners of any or all of the Bonds to pay principal, interest and redemption price thereon in any manner permitted by law. Under current Texas law, such discharge may be accomplished either (i) by depositing with the Comptroller of Public Accounts of the State of Texas a sum of money equal to the principal of, premium, if any, and all interest to accrue on the Bonds to maturity or redemption or (ii) by depositing with any place of payment (paying agent) of the Bonds or other obligations of the District payable from revenues or from ad valorem taxes or both, amounts sufficient to provide for the payment and/or redemption of the Bonds; provided that such deposits may be invested and reinvested only in (a) direct noncallable obligations of the United States of America, (b) noncallable obligations of an agency or instrumentality of the United States, including obligations that are unconditionally guaranteed or insured by the agency or instrumentality and that, on the date the governing body of the District adopts or approves the proceedings authorizing the issuance of refunding bonds, are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent, and (c) noncallable obligations of a state or an agency or a county, municipality, or other political subdivision of a state that have been refunded and that, on the date the governing body of the District adopts or approves the proceedings authorizing the issuance of refunding bonds, are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent, and which mature and/or bear interest payable at such times and in such amounts as will be sufficient to provide for the scheduled payment and/or redemption of the Bonds.

Upon such deposit as described above, such Bonds shall no longer be regarded as outstanding or unpaid. After firm banking and financial arrangements for the discharge and final payment or redemption of the Bonds have been made as described above, all rights of the District to initiate proceedings to call the Bonds for redemption or take any other action amending the terms of the Bonds are extinguished; provided, however, that the right to call the Bonds for redemption is not extinguished if the District: (i) in the proceedings providing for the firm banking and financial arrangements, expressly reserves the right to call the Bonds for redemption; (ii) gives notice of the reservation of that right to the owners of the Bonds immediately following the making of the firm banking and financial arrangements; and (iii) directs that notice of the reservation be included in any redemption notices that it authorizes.

There is no assurance that the current law will not be changed in the future in a manner which would permit investments other than those described above to be made with amounts deposited to defease the Bonds.

Legal Investment and Eligibility to Secure Public Funds in Texas

The following is an excerpt from Section 49.186 of the Texas Water Code, and is applicable to the District:

"(a) All bonds, notes, and other obligations issued by a district shall be legal and authorized investments for all banks, trust companies, building and loan associations, savings and loan associations, insurance companies of all kinds and types, fiduciaries, and trustees, and for all interest and sinking funds and other public funds of the state, and all agencies, subdivisions, and instrumentalities of the state, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic."

"(b) A district's bonds, notes, and other obligations are eligible and lawful security for all deposits of public funds of the state, and all agencies, subdivisions, and instrumentalities of the state, including all counties, cities, towns, villages, school districts, and all other kinds and types of districts, public agencies, and bodies politic, to the extent of the market value of the bonds, notes, and other obligations when accompanied by any unmatured interest coupons attached to them."

The Public Funds Collateral Act (Chapter 2257, Texas Government Code) also provides that bonds of the District (including the Bonds) are eligible as collateral for public funds.

No representation is made that the Bonds will be suitable for or acceptable to financial or public entities for investment or collateral purposes. No representation is made concerning other laws, rules, regulations, or investment criteria which apply to or which might be utilized by any of such persons or entities to limit the acceptability or suitability of the Bonds for any of the foregoing purposes. Prospective purchasers are urged to carefully evaluate the investment quality of the Bonds as to the suitability or acceptability of the Bonds for investment or collateral purposes.

Registered Owners' Remedies

Pursuant to Texas law, the Bond Resolution provides that, in the event the District defaults in the payments of the principal of or interest on any of the Bonds when due, fails to make payments required by the Bond Resolution into the Debt Service Fund, or defaults in the observance or performance of any of the other covenants, conditions or obligations set forth in the Bond Resolution, any Registered Owner shall be entitled to seek a writ of mandamus from a court of competent jurisdiction compelling and requiring the District to make such payments or to observe and perform such covenants, obligations or conditions. Such right is in addition to other rights the Registered Owners may be provided by the laws of the State of Texas.

In the event of default in the payment of principal of or interest on the Bonds, the Registered Owners may seek a writ of mandamus requiring the District to levy adequate taxes to make such payments. Except for the remedy of mandamus, the Bond Resolution does not specifically provide for remedies to a Registered Owner in the event of a District default, nor does it provide for the appointment of a trustee to protect and enforce the interests of the Registered Owners. There is no acceleration of maturity of the Bonds in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year. Although the Registered Owners could obtain a judgment against the District, such a judgment could not be enforced by direct levy and execution against the District's property. Further, the Registered Owners cannot themselves foreclose on the property of the District or sell property within the District in order to pay the principal of or interest on the Bonds. The enforceability of the rights and remedies of the Registered Owners may be further limited by laws relating to bankruptcy, reorganization or other similar laws of general application affecting the rights of creditors of political subdivisions such as the District. For example, a Chapter 9 bankruptcy proceeding by the District could delay or eliminate payment of principal or interest to the Registered Owners.

USE AND DISTRIBUTION OF BOND PROCEEDS

Use and Distribution of Bond Proceeds

Proceeds of the Bonds will be used to redeem the BAN, the proceeds of which were used to pay a portion of the costs of the projects under "USE AND DISTRIBUTION OF BOND PROCEEDS." Proceeds from the Bonds will also be used to reimburse expenditures that were not paid for by the BAN for projects under "USE AND DISTRIBUTION OF BOND PROCEEDS", including (i) detention and mass grading Phase I; (ii) clearing and grubbing Phase 1 for Splendora Tract; (iii) water, wastewater and drainage facilities for Harrington Drive Phase 1 & 2; (iv) water, wastewater and drainage facilities for Harrington Trails 1,2,3,4A,4B, 5A, and 5B; (v) East Montgomery County MUD No. 12 Water Plant Phase I; (vi) Phase 1 Wastewater Treatment Plant ("WWTP") Site Work and Wet Well; (vii) East Montgomery County MUD No. 12 Wastewater Treatment Plant Phase II; (viii) to pay developer interest; (ix) to pay for costs related to the operation of the District; (x) to pay \$619,050 of capitalized interest; and (xi) to pay certain other costs associated with the issuance of the BAN and the Bonds.

| H. Bond Engineering Report | 60,000 |
| I. Attorney General Fee (0.1% or \$9,500 maximum) | 9,500 |
| J. TCEQ Bond Issuance Fee (0.25%) | 51,588 |
| K. Contingency (a) | <u>2,948</u> |
| TOTAL NONCONSTRUCTION COSTS | \$ 4,578,101 |
| TOTAL BOND ISSUE REQUIREMENT | <u>\$ 20,635,000</u> |

(a) Represents the difference between the estimated and actual amounts of the BAN Interest and Bond Discount.

In the instance that approved estimated amounts exceed the actual costs, the difference comprises a surplus which may be expended for uses approved by the TCEQ. In the instance that actual costs exceed previously approved estimated amounts and contingencies, additional TCEQ approval and the issuance of additional bonds may be required. However, the District cannot and does not guarantee the sufficiency of such funds for such purposes.

THE DISTRICT

Authority

East Montgomery County Municipal Utility District No. 12 (the “District”) was created by Senate Bill No. 887 (and codified as Chapter 8116, Special District Local Laws Code), Act of the 79th Texas Legislature, Regular Session 2005. Additionally, pursuant to House Bill No. 4654, Act of the 86th Texas Legislature, Regular Session 2019, the District was granted certain road powers. The District operates under Chapters 49 and 54 of the Texas Water Code, as amended, and other general laws of the State of Texas applicable to municipal utility districts.

The District is empowered, among other things, to purchase, construct, operate, and maintain all works, improvements, facilities, and plants necessary for the supply of water; the collection, transportation, and treatment of wastewater; and the control and diversion of storm water.

The District also is authorized to construct, develop, and maintain park and recreational facilities using operating revenues or by issuing bonds payable from taxes, and to construct roads.

Description

The District was created by Senate Bill No. 887 (and codified as Chapter 8116, Special District Local Laws Code), Act of the 79th Texas Legislature, Regular Session 2005. Additionally, pursuant to House Bill No. 4654, Act of the 86th Texas Legislature, Regular Session 2019, the District was granted certain road powers. At the time of the creation, the District encompassed approximately 567.7 acres. The District excluded approximately 169.6 acres on October 18, 2019. The District annexed approximately 11.75 acres on May 6, 2022. Currently, the District encompasses approximately 409.9 acres. The District is located in east Montgomery County, approximately 15 miles southeast of the Central Business District of the City of Conroe. It is generally bounded on the north by Kensington Oaks Drive, and on the south by State Highway 242, and is located just east of State Highway 242 and Kropik Road. The District is located entirely within the extraterritorial jurisdiction of the City of Conroe and within the Splendora Independent School District.

The District operates under Chapters 49 and 54 of the Texas Water Code, as amended and other general laws of the state of Texas applicable to municipal utility districts. The District was created under the provisions of Article XVI, Section 59 of the Texas Constitution. The TCEQ has authority over issuance of bonds by the District pursuant to Section 49.181 of the Texas Water Code and applicable rules of the TCEQ.

Management of the District

The District is governed by the Board consisting of five directors, who have control over and management supervision of all affairs of the District. All of the Directors own property in the District. The directors serve four-year staggered terms. Elections are held in even numbered years in May. The current members and officers of the Board are listed below:

| <u>Name</u> | <u>Title</u> | <u>Term Expires May</u> |
|-----------------|--------------------------|-------------------------|
| Rachel Stringer | President | 2026 |
| Virginia French | Vice President | 2026 |
| Michael Others | Secretary | 2024 |
| Valerie Mullan | Assistant Secretary | 2024 |
| Erin Patterson | Assistant Vice President | 2026 |

Investment Policy

The District has adopted an Investment Policy (the “Policy”) as required by the Public Funds Investment Act, Chapter 2256, Texas Government Code (the “Act”). The District’s goal is to preserve principal and maintain liquidity in a diversified portfolio while securing a competitive yield on its portfolio. Funds of the District are to be invested only in accordance with the Policy. The Policy states that the funds of the District may be invested in short term obligations of the U.S. or its agencies or instrumentalities, in certificates of deposits insured by the Federal Deposit Insurance Corporation (“FDIC”) and secured by collateral authorized by the Act, and in TexPool and TexStar, which are public funds investment pools rated in the highest rating category by a nationally recognized rating service. The District does not currently own, nor does it anticipate, the inclusion of long-term securities or derivative products in the portfolio.

Consultants

Although the District does not have a general manager or any other full-time employees, it has contracted for Utility System operating, bookkeeping, tax assessing and collecting, auditing, engineering, and legal services as follows:

Tax Assessor/Collector

The tax assessor/collector for the District is Utility Tax Service, LLC.

Bookkeeper

The District's bookkeeper is Myrtle Cruz, Inc.

Operator

The District's operator is Municipal District Services, LLC.

Auditor

As required by the Texas Water Code, the District retains an independent auditor to audit the District's financial statements annually, which audited financial statements are filed with the TCEQ. The District's financial statements for the fiscal year ended November 30, 2021, were audited by McGrath & Co., PLLC. See "APPENDIX A." The District has engaged McGrath & Co., PLLC to audit its financial statements for the fiscal year ended November 30, 2022.

Engineer

The District's Engineer is Elevation Land Solutions (the "Engineer").

Bond Counsel

The District has engaged Allen Boone Humphries Robinson LLP, Houston, Texas, as general counsel to the District and as bond counsel ("Bond Counsel") in connection with the issuance of the Bonds. The fees to be paid to Bond Counsel in connection with the issuance of the Bonds are contingent upon the sale and delivery of the Bonds. See "LEGAL MATTERS."

Financial Advisor

Robert W. Baird & Co. Incorporated is employed as Financial Advisor to the District in connection with the issuance of the Bonds. The Financial Advisor's fee for services rendered with respect to the sale of the Bonds is contingent upon the issuance and delivery of the Bonds. The Financial Advisor is not obligated to undertake, and has not undertaken to make, an independent verification or to assume responsibility for the accuracy, completeness, or fairness of the information in this Official Statement.

Disclosure Counsel

Certain legal matters will be passed upon for the District by McCall, Parkhurst & Horton LLP, Houston, Texas, as Disclosure Counsel. The fees to be paid to Disclosure Counsel in connection with the issuance of the Bonds are contingent upon the sale and delivery of the Bonds.

[Remainder of Page Intentionally Left Blank]

DEVELOPMENT OF THE DISTRICT

Approximately 316.74 acres (1,467 lots) within the District have been developed into the single-family subdivisions of Harrington Trails, Sections 1, 2, 3, 4A, 4B, 5A, and 5B, 6A, 6B, 7, 8, and 9. Approximately, 78.10 acres of undevelopable land consists of drainage easements/reserves, collector rights-of-way, drill sites, and District plant sites. In addition, the Timber Lakes Elementary School has been constructed upon approximately 15.01 acres in the District.

As of December 1, 2022, the District was comprised of 775 completed homes, 146 homes under construction, and approximately 546 vacant developed lots. There is currently no remaining undeveloped but developable land within the District.

Status of Development within the District

The following is a status of construction of single-family housing within the District as of December 1, 2022:

| | Acreage | Lots | Completed Homes | Homes Under Construction | Remaining Vacant Developed Lots |
|-------------------------------------|---------------|--------------|-----------------|--------------------------|---------------------------------|
| Harrington Trails | | | | | |
| Section 1 | 37.19 | 174 | 166 | 0 | 8 |
| Section 2 | 12.13 | 52 | 52 | 0 | 0 |
| Section 3 | 31.38 | 146 | 146 | 0 | 0 |
| Section 4A | 14.38 | 80 | 80 | 0 | 0 |
| Section 4B | 19.08 | 73 | 71 | 0 | 2 |
| Section 5A | 29.28 | 164 | 164 | 0 | 0 |
| Section 5B | 17.89 | 96 | 96 | 0 | 0 |
| Section 6A | 25.76 | 100 | 0 | 0 | 100 |
| Section 6B | 26.09 | 134 | 0 | 7 | 127 |
| Section 7 | 31.87 | 122 | 0 | 17 | 105 |
| Section 8 | 38.21 | 163 | 0 | 122 | 41 |
| Section 9 | 33.48 | 163 | 0 | 0 | 163 |
| Total | 316.74 | 1,467 | 775 | 146 | 546 |
| | | | | | |
| Timber Lakes Elementary School | 15.01 | | | | |
| Undeveloped but Developable Acreage | 0 | | | | |
| Undevelopable Acreage | 78.10 | | | | |
| Total | 409.9 | | | | |

[Remainder of Page Intentionally Left Blank]

DEVELOPER

Role of the Developer

In general, the activities of a developer in a municipal utility district such as the District include purchasing the land within the District, designing the subdivision, designing the utilities and streets to be constructed in the subdivision, designing any community facilities to be built, defining a marketing program and building schedule, securing necessary governmental approvals and permits for development, arranging for the construction of roads and the installation of utilities (including, in some cases, water, wastewater, and drainage facilities pursuant to the rules of the TCEQ, as well as gas, telephone, and electric service) and selling improved lots and commercial reserves to builders, developers, or other third parties. In instances, the developer will be required to pay up to thirty percent of the cost of constructing certain of the water, wastewater and drainage facilities in a utility district pursuant to the rules of the TCEQ. The relative success or failure of a developer to perform such activities in development of the property within a utility district may have a profound effect on the security of the unlimited tax bonds issued by a district. A developer is generally under no obligation to a district to develop the property which it owns in a district. Furthermore, there is no restriction on a developer's right to sell any or all of the land which it owns within a district. In addition, a developer is ordinarily a major taxpayer within a municipal utility district during the development phase of the property. The entities described below are defined collectively as the "Developer."

Neither the Developer, nor any affiliate entity, is obligated to pay principal of or interest on the Bonds. Furthermore, none of the Developer or its affiliate entities has a binding commitment to the District to carry out any plan of development, and the furnishing of information relating to the proposed development by the Developer or its affiliate entities should not be interpreted as such a commitment. Prospective purchasers are encouraged to inspect the District in order to acquaint themselves with the nature of development that has occurred or is occurring within the District's boundaries.

Developer

The principal developer of land within the District is Forestar (USA) Real Estate Group, Inc., a Delaware corporation ("Forestar"), which is a wholly-owned subsidiary of Forestar Group, Inc., a Delaware corporation ("Forestar Group") and a publicly traded corporation whose stock is listed on the New York Stock Exchange ("NYSE") under the ticker of "FOR." Forestar Group is a majority owned subsidiary of D.R. Horton Inc., a Delaware corporation ("D.R. Horton") and a publicly traded corporation whose stock is listed on the NYSE under the ticker of "DHI". Forestar is referred to herein as the "Developer". Audited financial statements for Forestar Group can be found online at <http://forestar.com/investor-home/financialinformation>. Both Forestar Group and D.R. Horton are subject to the information requirements of the Securities Exchange Act of 1934, as amended, and in accordance therewith files reports and other information with the United States Securities and Exchange Commission ("SEC"). Reports, proxy statements and other information filed by Forestar Group and D.R. Horton can be inspected at the office of the SEC at Judiciary Plaza, Room 1024, 450 Fifth Street, N.W., Washington, D.C. 20549. Copies of such material can be obtained from the Public Reference Section of the SEC at 450 Fifth Street, N.W., Washington, D.C. 20549, at prescribed rates. Copies of the above reports, proxy statements and other information may also be inspected at the offices of the New York Stock Exchange, Inc., 20 Broad Street, New York, New York 10005. The SEC maintains a website at <http://www.sec.gov> that contains reports, proxy information statements and other information regarding registrants that file electronically with the SEC.

Homebuilders within the District

Homebuilders active within the District include Express Homes and CastleRock Communities, which are both owned by D.R. Horton, History Maker Homes, and Starlight Homes, which is owned by Ashton Woods. Prices of new homes being constructed within the District range from \$230,000 to \$350,000 and range in size from 1,400 to 2,700 square feet.

- (a) As certified by the Montgomery Central Appraisal District (the "Appraisal District") as of January 1, 2022. All property located in the District is valued on the tax rolls by the Appraisal District at 100% of estimated market value as of January 1 of each year. See "TAX DATA" and "TAXING PROCEDURES."
- (b) Provided by the Appraisal District for informational purposes only. This amount is an estimate of the taxable value of all taxable property located within the District as of November 15, 2022 and includes an estimate of additional taxable value resulting from the construction of taxable improvements from January 1, 2022, through November 15, 2022. No taxes will be levied on this estimated value. See "TAX DATA" and "TAXING PROCEDURES."
- (c) See "DISTRICT DEBT - Estimated Direct and Overlapping Debt Statement."
- (d) At the time of closing on the Bonds, \$619,050 of capitalized interest on the Bonds will be deposited into the District's Utility System Debt Service Fund (defined herein). Neither Texas law nor the Bond Resolution requires that the District maintain any particular sum in the Utility System Debt Service Fund. Funds in the Utility System Debt Service Fund are pledged only to pay the debt service on bonds issued by the District for water, wastewater and drainage facilities and parks purposes (e.g., the Bonds) and are not available to pay debt service on bonds issued by the District for road purposes.

Estimated Direct and Overlapping Debt Statement

Other governmental entities whose boundaries overlap the District have outstanding bonds payable from ad valorem taxes. The following statement of direct and estimated overlapping ad valorem tax debt was developed from information contained in "Texas Municipal Reports," published by the Municipal Advisory Council of Texas, or other available information. Except for the amount relating to the District, the District has not independently verified the accuracy or completeness of such information, and no person is entitled to rely upon such information as being accurate or complete. Furthermore, certain of the entities listed below may have issued additional bonds since the dates stated in this table, and such entities may have programs requiring the issuance of substantial amounts of additional bonds, the amount of which cannot presently be determined. Political subdivisions overlapping the District are authorized by Texas law to levy and collect ad valorem taxes for operation, maintenance and/or general revenue purposes in addition to taxes for payment of their debt, and some are presently levying and collecting such taxes.

| Taxing Jurisdiction | Outstanding Debt as of November 30, 2022 | Estimated Overlapping | |

TAXING PROCEDURES

Authority to Levy Taxes

The Board is authorized to levy an annual ad valorem tax, without legal limitation as to rate or amount, on all taxable property within the District in sufficient amount to pay the principal of and interest on the Bonds and any additional bonds payable from taxes that the District may hereafter issue for the purpose of acquiring or constructing the Utility System or Park System, and to pay the expenses of assessing and collecting such taxes (see "RISK FACTORS - Future Debt"). In the Bond Resolution, the District agrees to levy such a tax from year to year as described more fully above under "THE BONDS - Source of Payment." See "TAX DATA - Maintenance Tax."

Property Tax Code and County-Wide Appraisal District

Title 1 of the Texas Tax Code (the "Property Tax Code") specifies the taxing procedures of all political subdivisions of the State of Texas, including the District. Provisions of the Property Code are complex and are not fully summarized herein. The Property Code requires, among other matters, county-wide appraisal and equalization of taxable property values and establishes in each county of the State of Texas an appraisal district with the responsibility for recording and appraising property for all taxing units within a county and an appraisal review board with responsibility for reviewing and equalizing the values established by the Appraisal District. The Appraisal District has the responsibility of appraising property for all taxing units within Montgomery County, including the District. Such appraisal values will be subject to review and change by the Appraisal Review Board. The appraisal roll, as approved by the Appraisal Review Board, will be used by the District in establishing its tax rolls and tax rate.

Property Subject to Taxation by the District

Except for certain exemptions provided by Texas law, all real property, tangible personal property held or used for the production of income, mobile homes and certain categories of intangible personal property with a tax situs in the District are subject to taxation by the District. Principal categories of exempt property include, but are not limited to: property

owned by the State of Texas or its political subdivisions, if the property is used for public purposes; property exempt from ad valorem taxation by federal law; certain household goods, family supplies and personal effects; certain goods, wares, and merchandise in transit; certain farm products owned by the producer; certain property of charitable organizations, youth development associations, religious organizations, and qualified schools; designated historical sites; travel trailers; and most individually owned automobiles. In addition, the District may by its own action exempt residential homesteads of persons 65 years of age or older and certain disabled persons, to the extent deemed advisable by the Board of Directors of the District. The District may be required to offer such exemptions if a majority of voters approve the same at an election. The District would be required to call an election upon petition by twenty percent (20%) of the number of qualified voters who voted in the preceding election. The District is authorized by statute to disregard exemptions for the disabled and elderly if granting the exemption would impair the District's obligation to pay tax-supported debt incurred prior to adoption of the exemption by the District. Furthermore, the District must grant exemptions to disabled veterans or certain surviving dependents of disabled veterans, if requested, but only to the maximum extent of between \$5,000 and \$12,000 depending upon the disability rating of the veteran claiming the exemption. A veteran who receives a disability rating of 100% is entitled to an exemption of full value of the veteran's residential homestead. Furthermore, qualifying surviving spouses of persons 65 years of age and older are entitled to receive a resident homestead exemption equal to the exemption received by the deceased spouse, and surviving spouses of a deceased veteran who had received a disability rating of 100% are entitled to receive a residential homestead exemption equal to the exemption received by the deceased spouse until such surviving spouse remarries.

A partially disabled veteran or certain surviving spouses of partially disabled veterans are entitled to an exemption from taxation of a percentage of the appraised value of their residence homestead in an amount equal to the partially disabled veteran's disability rating if the residence homestead was donated by a charitable organization. This exemption also applies to a residence homestead that was donated by a charitable organization at some cost to such veterans. Also, the surviving spouse of a member of the armed forces who was killed in action is, subject to certain conditions, entitled to an exemption of the total appraised value of the surviving spouse's residence homestead, and subject to certain conditions, an exemption up to the same amount may be transferred to a subsequent residence homestead of the surviving spouse.

The surviving spouse of a first responder who is killed or fatally injured in the line of duty is entitled to an exemption of the total appraised value of the surviving spouse's residence homestead if the surviving spouse has not remarried since the first responder's death, and said property was the first responder's residence homestead at the time of death. Such exemption would be transferred to a subsequent residence homestead of the surviving spouse, if the surviving spouse has not remarried, in an amount equal to the exemption received on the prior residence in the last year in which such exemption was received.

Residential Homestead Exemptions: The Property Tax Code authorizes the governing body of each political subdivision in the State to exempt up to twenty percent (20%) of the appraised market value of residential homesteads from ad valorem taxation. Where ad valorem taxes have previously been pledged for the payment of debt, the governing body of a political subdivision may continue to levy and collect taxes against the exempt value of the homesteads until the debt is discharged, if the cessation of the levy would impair the obligations of the contract by which the debt was created. The adoption of a homestead exemption may be considered each year, but must be adopted before July 1. The District has never adopted a homestead exemption.

Freeport Goods and Goods-in-Transit Exemption: A "Freeport Exemption" applies to goods, wares, ores, and merchandise other than oil, gas, and petroleum products (defined as liquid and gaseous materials immediately derived from refining petroleum or natural gas), and to aircraft or repair parts used by a certified air carrier acquired in or imported into Texas which are destined to be forwarded outside of Texas and which are detained in Texas for assembling, storing, manufacturing, processing or fabricating for less than 175 days. Although certain taxing units may take official action to tax such property in transit and negate such exemption, the District does not have such an option. A "Goods-in-Transit" Exemption is applicable to the same categories of tangible personal property which are covered by the Freeport Exemption, if, for tax year 2013 and prior applicable years, such property is acquired in or imported into Texas for assembling, storing, manufacturing, processing, or fabricating purposes and is subsequently forwarded to another location inside or outside of Texas not later than 175 days after acquisition or importation, and the location where said property is detained during that period is not directly or indirectly owned or under the control of the property owner. For tax year 2012 and subsequent years, such Goods-in-Transit Exemption includes tangible personal property acquired in or imported into Texas for storage purposes only if such property is stored under a contract of bailment by a public warehouse operator at one or more public warehouse facilities in Texas that are not in any way owned or controlled by the owner of such property for the account of the person who acquired or imported such property. A property owner who receives the Goods-in-Transit Exemption is not eligible to receive the Freeport Exemption for the same property. Local taxing units such as the District may, by official action and after public hearing, tax goods-in-transit property. A taxing unit must exercise its option to tax goods-in-transit property before January 1 of the first tax year in which it proposes to tax the property at the time and in the manner prescribed by applicable law. The District has taken official action to allow taxation of all such goods-in-transit personal property for all prior and subsequent years.

Tax Abatement

Montgomery County, Texas (the "County") may designate all or part of the area within the District as a reinvestment zone. Thereafter, the County and the District, at the option and discretion of each entity, may enter into tax abatement agreements with owners of property within the zone. Prior to entering into a tax abatement agreement, each entity must adopt guidelines and criteria for establishing tax abatement which each entity will follow in granting tax abatement to owners of property. The tax abatement agreements may exempt from ad valorem taxation by each of the applicable taxing jurisdictions, including the District, for a period of up to ten (10) years, all or any part of any increase in the assessed valuation of property covered by the agreement over its assessed valuation in the year in which the agreement is executed on the condition that the property owner make specified improvements or repairs to the property in conformity with the terms of the tax abatement. Each taxing jurisdiction has discretion to determine terms for its tax abatement agreements without regard to the terms approved by the other taxing jurisdictions. At this time, Montgomery County has not designated any of the area within the District as a reinvestment zone.

Valuation of Property for Taxation

Generally, property in the District must be appraised by the Appraisal District at market value as of January 1 of each year. Once an appraisal roll is prepared and finally approved by the Appraisal Review Board, it is used by the District in establishing its tax rolls and tax rate. Assessments under the Property Tax Code are to be based on one hundred percent (100%) of market value, as such is defined in the Property Tax Code. Nevertheless, certain land may be appraised at less than market value under the Property Tax Code. In November 1997, Texas voters approved a constitutional amendment to limit increases in the appraised value of residence homesteads to ten percent (10%) annually regardless of the market value of the property. The Property Tax Code permits land designated for agricultural use, open space or timberland to be appraised at its value based on the land's capacity to produce agricultural or timber products rather than at its fair market value. The Property Tax Code permits under certain circumstances that residential real property inventory held by a person in the trade or business be valued at the price all such property would bring if sold as a unit to a purchaser who would continue the business. Provisions of the Property Tax Code are complex and are not fully summarized here. Landowners wishing to avail themselves of the agricultural use, open space or timberland designation or residential real property inventory designation must apply for the designation and the appraiser is required by the Property Tax Code to act on each claimant's right to the designation individually. A claimant may waive the special valuation as to taxation by some political subdivisions while claiming it as to another. If a claimant receives the agricultural use designation and later loses it by changing the use of the property or selling it to an unqualified owner, the District can collect taxes based on the new use, including taxes for the previous three (3) years for agricultural use and taxes for the previous five (5) years for open space land and timberland.

The Property Tax Code requires the Appraisal District to implement a plan for periodic reappraisal of property to update appraisal values. The plan must provide for appraisal of all real property in the Appraisal District at least once every three (3) years. It is not known what frequency of reappraisal will be utilized by the Appraisal District or whether reappraisals will be conducted on a zone or county-wide basis. The District, however, at its expense has the right to obtain from the Appraisal District a current estimate of appraised values within the District or an estimate of any new property or improvements within the District. While such current estimate of appraised values may serve to indicate the rate and extent of growth of taxable values within the District, it cannot be used for establishing a tax rate within the District until such time as the Appraisal District chooses formally to include such values on its appraisal roll.

The Property Tax Code requires the Appraisal District to implement a plan for periodic reappraisal of property to update appraisal values. The plan must provide for appraisal of all real property in the Appraisal District at least once every three (3) years. It is not known what frequency of reappraisal will be utilized by the Appraisal District or whether reappraisals will be conducted on a zone or county-wide basis. The District, however, at its expense has the right to obtain from the Appraisal District a current estimate of appraised values within the District or an estimate of any new property or improvements within the District. While such current estimate of appraised values may serve to indicate the rate and extent of growth of taxable values within the District, it cannot be used for establishing a tax rate within the District until such time as the Appraisal District chooses formally to include such values on its appraisal roll.

The Property Tax Code provides for a temporary exemption from ad valorem taxation of a portion of the appraised value of certain property that is at least 15% damaged by a disaster and located within an area declared to be a disaster area by the governor of the State of Texas. This temporary exemption is automatic if the disaster is declared prior to a taxing unit, such as the District, adopting its tax rate for the tax year. A taxing unit, such as the District, may authorize the exemption at its discretion if the disaster is declared after the taxing unit has adopted its tax rate for the tax year. The amount of the exemption is based on the percentage of damage and is prorated based on the date of the disaster. Upon receipt of an application submitted within the eligible timeframe by a person who qualifies for a temporary exemption under the Property Tax Code, the Appraisal District is required to complete a damage assessment and assign a damage assessment rating to determine the amount of the exemption. The temporary exemption amounts established in the Property Tax Code range from 15% for property less than 30% damaged to 100% for property that is a total loss. Any such temporary exemption granted for disaster-damaged property expires on January 1 of the first year in which the property is reappraised.

District and Taxpayer Remedies

Under certain circumstances, taxpayers and taxing units, including the District, may appeal orders of the Appraisal Review Board by filing a timely petition for review in district court. In such event, the property value in question may be determined by the court, or by a jury, if requested by any party. Additionally, taxing units may bring suit against the Appraisal District to compel compliance with the Property Tax Code.

The Property Tax Code sets forth notice and hearing procedures for certain tax rate increases by the District and provides for taxpayer referenda which could result in the repeal of certain tax increases. The Property Code also establishes a procedure for notice to property owners of reappraisals reflecting increased property values, appraisals that are higher than renditions and appraisals of property not previously on an appraisal roll.

Levy and Collection of Taxes

The District is responsible for the levy and collection of its taxes unless it elects to transfer such functions to another governmental entity. The rate of taxation is set by the Board of Directors, after the legally required notice has been given to owners of property within the District, based upon: a) the valuation of property within the District as of the preceding January 1, and b) the amount required to be raised for debt service, maintenance purposes, and authorized contractual obligations. Taxes are due October 1, or when billed, whichever comes later, and become delinquent if not paid before February 1 of the year following the year in which imposed. A delinquent tax incurs a penalty of six percent (6%) of the amount of the tax for the first calendar month it is delinquent, plus one percent (1%) for each additional month or portion of a month the tax remains unpaid prior to July 1 of the year in which it becomes delinquent. If the tax is not paid by July 1 of the year in which it becomes delinquent, the tax incurs a total penalty of twelve percent (12%) regardless of the number of months the tax has been delinquent and incurs an additional penalty for collection costs of an amount established by the District and a delinquent tax attorney. A delinquent tax on personal property incurs an additional penalty, in an amount established by the District and a delinquent tax attorney, 60 days after the date the taxes become delinquent. The delinquent tax accrues interest at a rate of one percent (1%) for each month or portion of a month it remains unpaid. The Property Tax Code makes provisions for the split payment of taxes, discounts for early payment and the postponement of the delinquency date of taxes under certain circumstances which, at the option of the District, which may be rejected by taxing units. The District's tax collector is required to enter into an installment payment agreement with any person who is delinquent on the payment of tax on a residence homestead for payment of tax, penalties and interest, if the person requests an installment agreement in writing and has not entered into an installment agreement with the collector in the preceding 24 months. The installment agreement must provide for payments to be made in equal monthly installments and must extend for a period of at least 12 months and no more than 36 months. Additionally, the owner of a residential homestead property who is (i) sixty-five (65) years of age or older, (ii) disabled, or (iii) a disabled veteran, is entitled by law to pay current taxes on a residential homestead in installments without penalty or to defer the payment of taxes during the time of ownership. In the instance of tax deferral, a tax lien remains on the property and interest continue to accrue during the period of deferral.

Rollback of Operation and Maintenance Tax Rate

Chapter 49 of the Texas Water Code, as amended, classifies districts differently based on the current operation and maintenance tax rate or on the percentage of build-out that the District has completed. Districts that have adopted an operation and maintenance tax rate for the current year that is 2.5 cents or less per \$100 of taxable value are classified as "Special Taxing Units." Districts that have financed, completed, and issued bonds to pay for all improvements and facilities necessary to serve at least 95% of the projected build-out of the district are classified as "Developed Districts." Districts that do not meet either of the classifications previously discussed can be classified herein as "Developing Districts." The impact each classification has on the ability of a district to increase its maintenance and operations tax rate is described for each classification below. Debt service and contract tax rates cannot be reduced by a rollback election held within any of the districts described below.

Special Taxing Units

Special Taxing Units that adopt a total tax rate that would impose more than 1.08 times the amount of the total tax imposed by such district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead, subject to certain homestead exemptions, are required to hold an election within the district to determine whether to approve the adopted total tax rate. If the adopted total tax rate is not approved at the election, the total tax rate for a Special Taxing Unit is the current year's debt service and contract tax rate plus 1.08 times the previous year's operation and maintenance tax rate.

Developed Districts

Developed Districts that adopt a total tax rate that would impose more than 1.035 times the amount of the total tax imposed by the district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead, subject to certain homestead exemptions for the preceding tax year, plus any unused increment rates, as calculated and described in Section 26.013 of the Property Tax Code, are required to hold an election within the district to determine whether to approve the adopted total tax rate. If the adopted total tax rate is not approved at the election, the total tax rate for a Developed District is the current year's debt service and contract tax rate plus 1.035 times the previous year's operation and maintenance tax rate plus any unused increment rates. In addition, if any part of a Developed District

lies within an area declared for disaster by the Governor of Texas or President of the United States, alternative procedures and rate limitations may apply for a temporary period. If a district qualifies as both a Special Taxing Unit and a Developed District, the district will be subject to the operation and maintenance tax threshold applicable to Special Taxing Units.

Developing Districts

Districts that do not meet the classification of a Special Taxing Unit or a Developed District can be classified as Developing Districts. The qualified voters of these districts, upon the Developing District's adoption of a total tax rate that would impose more than 1.08 times the amount of the total tax rate imposed by such district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead, subject to certain homestead exemptions, are authorized to petition for an election to reduce the operation and maintenance tax rate. If an election is called and passes, the total tax rate for Developing Districts is the current year's debt service and contract tax rate plus 1.08 times the previous year's operation and maintenance tax rate.

The District

For the 2022 tax year, the Board made the determination of the District's status as a Developing District. The District cannot give any assurances as to what its classification will be at any point in time or whether the District's future tax rates will result in a total tax rate that will reclassify the District into a new classification and new election calculation.

District's Rights in the Event of Tax Delinquencies

Taxes levied by the District are a personal obligation of the owner of the property as of January 1 of the year in which the tax is imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties and interest ultimately imposed for the year on the property. The lien exists in favor of the State and each taxing unit, including the District, having the power to tax the property. The District's tax lien is on a parity with the tax liens of other such taxing units. A tax lien on real property takes priority over the claims of most creditors and other holders of liens on the property encumbered by the tax lien, whether or not the debt or lien existed before the attachment of the tax lien; however, whether a lien of the United States is on a parity with or takes priority over a tax lien of the District is determined by federal law. Personal property, under certain circumstances, is subject to seizure and sale for the payment of delinquent taxes, penalty and interest.

At any time after taxes on property become delinquent, the District may file suit to foreclose the lien securing payment of the tax, to enforce personal liability for the tax, or both. In filing a suit to foreclose a tax lien on real property, the District must join other taxing units that have claims for delinquent taxes against all or part of the same property. Collection of delinquent taxes may be adversely affected by the amount of taxes owed to other taxing units, by the effects of market conditions on the foreclosure sale price, by taxpayer redemption rights or by bankruptcy proceedings which restrict the collection of taxpayer debts. A taxpayer may redeem property within two years for residential and agricultural property and six months for commercial property and all other types of property after the purchaser's deed at the foreclosure sale is filed in the county records.

TAX DATA

General

All taxable property within the District is subject to the assessment, levy and collection by the District of two separate continuing, direct annual ad valorem taxes without legal limitation as to rate or amount, sufficient to pay principal of and interest on the Bonds (see "TAXING PROCEDURES"). The Board has in its Bond Resolution covenanted to assess and levy for each year that all or any part of the Bonds remain outstanding and unpaid a tax ample and sufficient to produce funds to pay the principal of and interest on the Bonds (see "THE BONDS" and "RISK FACTORS"). The District levied a maintenance tax of \$1.35 per \$100 of assessed valuation, a debt service tax of \$0.00 per \$100 of assessed valuation for the Utility System and a debt service tax of \$0.00 per \$100 assessed valuation for the Road System for the 2022 tax year.

Tax Rate Limitation

| | |
|------------------------|--|
| Debt Service: | Unlimited (no legal limit as to rate or amount). |
| Maintenance (general): | \$1.50 per \$100 Assessed Taxable Valuation. |
| Maintenance (roads): | \$0.25 per \$100 Assessed Taxable Valuation. |

Maintenance Tax

The Board has the statutory authority to levy and collect an annual ad valorem tax for maintenance of the District's improvements if such maintenance tax is authorized by vote of the District's electors. The Board is authorized by the District's voters to levy such maintenance tax in an amount not to exceed \$1.50 per \$100 of assessed valuation. Such tax, when levied, is in addition to taxes which the District is authorized to levy for paying principal of and interest on the Bonds and any parity bonds which may be issued in the future. The District has levied a maintenance tax every year since the 2019 tax year. See "– Tax Rate Distribution" below.

The District also has the authority to levy and collect an annual ad valorem tax for the maintenance of roads within the District, if such a maintenance tax is authorized by the District's voters. At the maintenance tax election conducted on

November 5, 2013, voters of the District authorized the Board to levy a maintenance tax for roads at a rate not to exceed \$0.25 per \$100 of assessed valuation. To date, the District has not levied a maintenance tax for roads.

Additional Penalties

The District has contracted with a delinquent tax attorney to collect certain delinquent taxes. In connection with that contract, the District can establish an additional penalty of twenty percent (20%) of the tax to defray the costs of collection. This 20% penalty applies to taxes that either: (1) become delinquent on or after February 1 of a year, but not later than June 1 of that year, and that remain delinquent on April 1 (for personal property) and July 1 (for real property) of the year in which they become delinquent or (2) become delinquent on or after June 1, pursuant to the Tax Code.

Tax Rate Calculations

The tax rate calculations set forth below are presented to indicate the tax rates per \$100 of Assessed Taxable Valuation which would be required to meet certain debt service requirements if no growth in the District’s tax base occurs beyond the 2022 Certified Taxable Assessed Valuation (\$121,165,670) or the Estimated Taxable Valuation as of November 15, 2022 (\$234,768,255). The calculations assume collection of 95% of taxes levied, the sale of the Bonds but not the sale of any additional bonds by the District.

| Maximum Annual Debt Service Requirement (2047)..... | \$1,482,000 |
| Debt Service Tax Rate of \$1.29 on 2022 Certified Taxable Assessed Valuation produces..... | \$1,484,885 |
| Debt Service Tax Rate of \$0.67 on Estimated Valuation as of November 15, 2022, produces..... | \$1,494,300 |

Estimated Overlapping Taxes

Property within the District is subject to taxation by several taxing authorities in addition to the District. Under Texas law, if ad valorem taxes levied by a taxing authority become delinquent, a lien is created upon the property which has been taxed. A tax lien on property in favor of the District is on a parity with tax liens of other taxing jurisdictions. In addition to ad valorem taxes required to make debt service payments on bonded debt of the District and of such other jurisdictions (see "DISTRICT DEBT - Estimated Direct and Overlapping Debt Statement"), certain taxing jurisdictions are authorized by Texas law to assess, levy and collect ad valorem taxes for operation, maintenance, administrative and/or general revenue purposes.

Set forth below is an estimation of all taxes per \$100 of assessed valuation levied by such jurisdictions. No recognition is given to local assessments for civic association dues, emergency medical service contributions, fire department contributions or any other charges made by entities other than political subdivisions. The following chart includes the 2022 taxes per \$100 of assessed valuation levied by all such taxing jurisdictions.

| <u>Taxing Jurisdictions</u> | <u>2022 Tax Rate Per \$100 of Assessed Taxable Valuation</u> |
|------------------------------|--|
| The District | \$1.350000 |
| Emergency Service District 7 | 0.100000 |
| Montgomery County | 0.408300 |
| Montgomery Hospital | 0.056700 |
| Lone Star College | 0.107800 |
| Splendora ISD | <u>1.405520</u> |
| Total Tax Rate | <u>\$3.428320</u> |

No prediction can be made of the tax rates that will be levied in future years by the respective taxing jurisdictions.

Historical Tax Collections

| Tax Year | Assessed Valuation | Tax Rate/ \$100 (a) | Adjusted Levy | % of Collections Current Year | For the Year Ended September 30 | % of Collections as of 10/31/2022 |

THE UTILITY SYSTEM

Regulation

According to the Engineer, the Utility System has been designed in accordance with accepted engineering practices and the requirements of all governmental agencies having regulatory or supervisory jurisdiction over the construction and operation of such facilities including, among others, the TCEQ, the City and the Montgomery County Drainage District. According to the District's Engineer, the design of all such facilities has been approved by all required governmental agencies, and the construction has been inspected by the TCEQ.

Operation of the District's waterworks and sewer treatment facilities is subject to regulation by, among others, the Environmental Protection Agency and the TCEQ. In many cases, regulations promulgated by these agencies have become effective only recently and are subject to further development and revisions.

Water Supply

The District obtains water from one (1) water plant, which is owned, operated and maintained by the District. Water Plant No. 1 consists of two (2) 500 gpm water wells; one (1) 15,578 gallon hydro-pneumatic tank; one (1) 247,217 gallon ground storage tank; and four (4) 900 gpm booster pumps. The District's water supply is currently capable of serving 750 ESFCs.

Wastewater Treatment

The District is leasing one (1) 135,000 GPD wastewater treatment plant from AUC Group, Inc. ("AUC"). The District has awarded a contract for the second phase of the wastewater treatment plant to AUC, including a lease agreement for one (1) 270,000 GPD plant. The project is scheduled to be complete in March 2023. The completion of this expansion will increase the District's wastewater treatment plant capacity to 0.405 MGD, capable of serving 1,620 ESFCs.

The TCEQ issued a wastewater discharge permit to the District, dated March 17, 2020, authorizing the treatment and disposal from the plant with a permitted maximum daily effluent flow not to exceed 0.495 MGD ultimately. A minor amendment to the wastewater discharge permit is in process to permit for a maximum daily effluent flow not to exceed .405 MGD in the Interim II condition. The District is currently operating in the Interim I Phase of the permit which limits effluent to 0.135 MGD.

The District's wastewater capacity is currently capable of serving 540 ESFCs and will be able to serve 1,620 ESFCs after the completion of the Interim II expansion.

Storm-Water Drainage Facilities

Land within the District naturally drains north to south to a tributary of Spring Branch, then to Spring Branch and Caney Creek. Streets with curb and gutter and underground storm sewers are being constructed for each section as they are developed. The storm water is conveyed through the storm sewers and then through a detention pond which outfalls to State Highway 242 to offset increased rainfall run off associated with development. The detention facilities serve as the primary runoff conveyance system, generally draining south.

Permanent storm water quality facilities are not required by regulatory agencies at this time.

100-Year Flood Plain

Approximately 0 acres within the District are located in the 100-year flood plain. No currently developed land lies within the 100-year flood plain.

General Fund Operating Statement

The following statement sets forth in condensed form the historical results of operation of the District's Utility System. Such summary has been prepared by the Financial Advisor for inclusion herein, based upon information obtained from the District's audited financial statements. Reference is made to such statements for further and more complete information. See "APPENDIX A."

LEGAL MATTERS

Legal Opinions

Delivery of the Bonds will be accompanied by the approving legal opinion of the Attorney General of Texas to the effect that the Bonds are valid and legally binding obligations of the District under the Constitution and laws of the State of Texas, payable from the proceeds of an annual ad valorem tax levied, without limit as to rate or amount, upon all taxable property within the District, and, based upon their examination of a transcript of certified proceedings relating to the issuance and sale of the Bonds, the approving legal opinion of Bond Counsel, to a like effect and to the effect that, under existing law, interest on the Bonds is excludable from gross income for federal tax purposes and interest on the Bonds is not subject to the alternative minimum tax on individuals, however, such interest is taken into account in determining the annual adjusted financial statement income of applicable corporations for the purpose of determining the alternative minimum tax imposed on corporations.

Bond Counsel has reviewed the information appearing in this Official Statement under "THE BONDS (except for information under the subheading "- Book-Entry-Only System"), "THE DISTRICT - Authority," "TAXING PROCEDURES," "LEGAL MATTERS" and "CONTINUING DISCLOSURE OF INFORMATION" solely to determine whether such information, insofar as it relates to matters of law, is true and correct and whether such information fairly summarizes matters of law and the provisions of the documents referred to therein. Bond Counsel has not, however, independently verified any of the factual information contained in this Official Statement nor has it conducted an investigation of the affairs of the District for the purpose of passing upon the accuracy or completeness of this Official Statement. No person is entitled to rely upon Bond Counsel's limited participation as an assumption of responsibility for or an expression of opinion of any kind with regard to the accuracy or completeness of any information contained herein.

Allen Boone Humphries Robinson LLP also serves as general counsel to the District on matters other than the issuance of bonds. The legal fees paid to Bond Counsel for services rendered in connection with the issuance of the Bonds are based on a percentage of the bonds actually issued, sold and delivered and, therefore, such fees are contingent upon the sale and delivery of the Bonds.

The various legal opinions to be delivered concurrently with the delivery of the Bonds express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. In rendering a legal opinion, the attorney does not become an insurer or guarantor of the expression of professional judgment, of the transaction opined upon, or of the future performance of the parties to the transaction, nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

No-Litigation Certificate

The District will furnish the Initial Purchaser a certificate, executed by the President and Secretary of the Board, and dated as of the date of delivery of the Bonds, that to their knowledge, no litigation is pending or threatened affecting the validity of the Bonds, or the levy and/or collection of taxes for the payment thereof, or the organization or boundaries of the District, or the title of the officers thereof to their respective offices.

No Material Adverse Change

The obligations of the Initial Purchaser to take and pay for the Bonds, and of the District to deliver the Bonds, are subject to the condition that, up to the time of delivery of and receipt of payment for the Bonds, there shall have been no material adverse change in the condition (financial or otherwise) of the District subsequent to the date of sale from that set forth or contemplated in the Preliminary Official Statement, as it may have been supplemented or amended through the date of sale.

TAX MATTERS

In the opinion of Allen Boone Humphries Robinson LLP, Bond Counsel, under existing law, interest on the Bonds is excludable from gross income for federal income tax purposes and interest on the Bonds is not subject to the alternative minimum tax on individuals; however, such interest is taken into account in determining the annual adjusted financial statement income of applicable corporations (as defined in section 59(k) of the Internal Revenue Code of 1986, as amended (the "Code")) for the purpose of determining the alternative minimum tax imposed on corporations.

The Code imposes a number of requirements that must be satisfied for interest on state or local obligations, such as the Bonds, to be excludable from gross income for federal income tax purposes. These requirements include limitations on the use of proceeds and the source of repayment, limitations on the investment of proceeds prior to expenditure, a requirement that excess arbitrage earned on the investment of proceeds be paid periodically to the United States and a requirement that the issuer file an information report with the Internal Revenue Service. The District has covenanted in the Bond Order that they will comply with these requirements.

Bond Counsel's opinion will assume continuing compliance with the covenants of the Bond Order pertaining to those sections of the Code which affect the exclusion from gross income of interest on the Bonds for federal income tax purposes and, in addition, will rely on representations by the District, the District's Financial Advisor and the Underwriter with respect to matters solely within the knowledge of the District, the and the Underwriter, respectively, which Bond Counsel has not independently verified. If the District should fail to comply with the covenants in the Bond Order or if the foregoing

representations should be determined to be inaccurate or incomplete, interest on the Bonds could become taxable from the date of delivery of the Bonds, regardless of the date on which the event causing such taxability occurs.

Under the Code, taxpayers are required to report on their returns the amount of tax exempt interest, such as interest on the Bonds, received or accrued during the year. Payments of interest on tax-exempt obligations such as the Bonds are in many cases required to be reported to the IRS. Additionally, backup withholding may apply to any such payments to any owner who is not an "exempt recipient" and who fails to provide certain identifying information. Individuals generally are not exempt recipients, whereas corporations and certain other entities generally are exempt recipients.

Except as stated above, Bond Counsel will express no opinion as to any federal, state or local tax consequences resulting from the ownership of, receipt of interest on, or disposition of, the Bonds.

Prospective purchasers of the Bonds should be aware that the ownership of tax exempt obligations may result in collateral federal income tax consequences to financial institutions, life insurance and property and casualty insurance companies, certain S corporations with Subchapter C earnings and profits, individual recipients of Social Security or Railroad Retirement benefits, taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax exempt obligations, taxpayers owning an interest in a FASIT that holds tax-exempt obligations, and individuals otherwise qualifying for the earned income credit. In addition, certain foreign corporations doing business in the United States may be subject to the "branch profits tax" on their effectively-connected earnings and profits, including tax exempt interest such as interest on the Bonds. These categories of prospective purchasers should consult their own tax advisors as to the applicability of these consequences.

Bond Counsel's opinions are based on existing law, which is subject to change. Such opinions are further based on Bond Counsel's knowledge of facts as of the date hereof. Bond Counsel assumes no duty to update or supplement its opinions to reflect any facts or circumstances that may thereafter come to Bond Counsel's attention or to reflect any changes in any law that may thereafter occur or become effective. Moreover, Bond Counsel's opinions are not a guarantee of result and are not binding on the Internal Revenue Service (the "Service"); rather, such opinions represent Bond Counsel's legal judgment based upon its review of existing law and in reliance upon the representations and covenants referenced above that it deems relevant to such opinions. The Service has an ongoing audit program to determine compliance with rules that relate to whether interest on state or local obligations is includable in gross income for federal income tax purposes. No assurance can be given whether or not the Service will commence an audit of the Bonds. If an audit is commenced, in accordance with its current published procedures the Service is likely to treat the District as the taxpayer and the owners of the Bonds may not have a right to participate in such audit. Public awareness of any future audit of the Bonds could adversely affect the value and liquidity of the Bonds during the pendency of the audit regardless of the ultimate outcome of the audit.

Tax Accounting Treatment of Original Issue Discount Bonds

The issue price of certain of the Bonds (the "Original Issue Discount Bonds") is less than the stated redemption price at maturity. In such case, under existing law, and based upon the assumptions hereinafter stated (a) the difference between (i) the stated amount payable at the maturity of each Original Issue Discount Bond and (ii) the issue price of such Original Issue Discount Bond constitutes original issue discount with respect to such Original Issue Discount Bond in the hands of any owner who has purchased such Original Issue Discount Bond at the initial public offering price in the initial public offering of the Bonds; and (b) such initial owner is entitled to exclude from gross income (as defined in Section 61 of the Code) an amount of income with respect to such Original Issue Discount Bond equal to that portion of the amount of such original issue discount allocable to the period that such Original Issue Discount Bond continues to be owned by such owner.

In the event of the redemption, sale or other taxable disposition of such Original Issue Discount Bond prior to stated maturity, however, the amount realized by such owner in excess of the basis of such Original Issue Discount Bond in the hands of such owner (adjusted upward by the portion of the original issue discount allocable to the period for which such Bond was held by such initial owner) is includable in gross income. (Because original issue discount is treated as interest for federal income tax purposes, the discussion regarding interest on the Bonds under the caption "TAX MATTERS" generally applies, except as otherwise provided below, to original issue discount on a Original Issue Discount Bond held by an owner who purchased such Bond at the initial offering price in the initial public offering of the Bonds, and should be considered in connection with the discussion in this portion of the Official Statement.)

The foregoing is based on the assumptions that (a) the Initial Purchaser has purchased the Bonds for contemporaneous sale to the general public and not for investment purposes, and (b) all of the Original Issue Discount Bonds have been offered, and a substantial amount of each maturity thereof has been sold, to the general public in arm's-length transactions for a cash price (and with no other consideration being included) equal to the initial offering prices thereof stated on the cover page of this Official Statement, and (c) the respective initial offering prices of the Original Issue Discount Bonds to the general public are equal to the fair market value thereof. Neither the District nor Bond Counsel warrants that the Original Issue Discount Bonds will be offered and sold in accordance with such assumptions.

Under existing law, the original issue discount on each Original Issue Discount Bond is accrued daily to the stated maturity thereof (in amounts calculated as described below for each six-month period ending on the date before the semiannual anniversary dates of the Bonds and ratably within each such six-month period) and the accrued amount is added to an initial owner's basis for such Bond for purposes of determining the amount of gain or loss recognized by such owner upon redemption, sale or other disposition thereof. The amount to be added to basis for each accrual period is equal to (a) the

sum of the issue price plus the amount of original issue discount accrued in prior periods multiplied by the yield to stated maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) less (b) the amounts payable as current interest during such accrual period on such Bond.

The federal income tax consequences of the purchase, ownership, and redemption, sale or other disposition of Original Issue Discount Bonds which are not purchased in the initial offering at the initial offering price may be determined according to rules which differ from those described above. All owners of Original Issue Discount Bonds should consult their own tax advisors with respect to the determination for federal, state and local income tax purposes of interest accrued upon redemption, sale or other disposition of such Bonds and with respect to the federal, state, local and foreign tax consequences of the purchase, ownership and redemption, sale or other disposition of such Bonds.

Not Qualified Tax-Exempt Obligations

The Bonds are not "qualified tax-exempt obligations" within the meaning of section 265(b) of the Internal Revenue Code of 1986, as amended.

CONTINUING DISCLOSURE OF INFORMATION

In the Bond Resolution, the District has made the following agreement for the benefit of the holders and beneficial owners of the Bonds. The District is required to observe these agreements so long as it remains obligated to advance funds to pay the Bonds. Under the agreement, the District will be obligated to provide certain updated financial information and operating data annually, as well as timely notice of specified events, to the Municipal Securities Rulemaking Board or any successor to its function as a repository (the "MSRB"), through its Electronic Municipal Market Access ("EMMA") system.

Annual Reports

The District will provide certain updated financial information and operating data to EMMA annually.

The information to be updated with respect to the District includes all quantitative financial information and operating data of the general type included under "DISTRICT DEBT" (except under the subheadings "Estimated Direct and Overlapping Debt Statement"), "TAX DATA," and "APPENDIX A." The District will update and provide this information within six (6) months after the end of each of its fiscal years. The District will provide the updated information to EMMA.

Any information so provided shall be prepared in accordance with generally accepted auditing standards or other such principles as the District may be required to employ from time to time pursuant to Texas law or regulation, and audited if the audit report is completed within the period during which it must be provided. If the audit report is not complete within such period, then the District shall provide unaudited financial statements for the applicable fiscal year to EMMA within such six (6) month period, and audited financial statements when the audit report becomes available.

Event Notices

The District will provide timely notices of certain events to the MSRB, but in no event will such notices be provided to the MSRB in excess of ten business days after the occurrence of an event. The District will provide notice of any of the following events with respect to the Bonds: (1) principal and interest payment delinquencies; (2) non-payment related defaults, if material; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax-exempt status of the Bonds, or other material events affecting the tax-exempt status of the Bonds; (7) modifications to rights of beneficial owners of the Bonds, if material; (8) bond calls, if material, and tender offers; (9) defeasances; (10) release, substitution, or sale of property securing repayment of the Bonds, if material; (11) rating changes; (12) bankruptcy, insolvency, receivership or similar event of the District or other obligated person; (13) consummation of a merger, consolidation, or acquisition involving the District or other obligated person or the sale of all or substantially all of the assets of the District or other obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; (14) appointment of a successor or additional trustee or the change of name of a trustee, if material; (15) incurrence of a financial obligation of the District or other obligated person, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the District or other obligated person, any of which affect Beneficial Owners of the Bonds, if material; and (16) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the District or other obligated person, any of which reflect financial difficulties. The terms "obligated person" and "financial obligations" when used in this paragraph shall have the meanings ascribed to them under SEC Rule 15c2-12 of the Securities Exchange Act (the "Rule"). The term "material" when used in this paragraph shall have the meaning ascribed to it under federal securities laws. Neither the Bonds nor the Bond Resolution makes any provision for debt service reserves or liquidity enhancement. In addition, the District will provide timely notice of any failure by the District to provide information, data, or financial statements in accordance with its agreement described above under "Annual Reports."

Availability of Information from EMMA

The District has agreed to provide the information only to the MSRB. The MSRB has prescribed that such information must be filed via EMMA. The MSRB makes the information available to the public without charge and investors will be able to access continuing disclosure information filed with the MSRB at www.emma.msrb.org.

Limitations and Amendments

The District has agreed to update information and to provide notices of material events only as described above. The District has not agreed to provide other information that may be relevant or material to a complete presentation of its financial results of operations, condition, or prospects or agreed to update any information that is provided, except as described above. The District makes no representation or warranty concerning such information or concerning its usefulness to a decision to invest in or sell bonds at any future date. The District disclaims any contractual or tort liability for damages resulting in whole or in part from any breach of its continuing disclosure agreement, or from any statement made pursuant to its agreement, although holders and beneficial owners of Bonds may seek a writ of mandamus to compel the District to comply with its agreement.

The District may amend its continuing disclosure agreement to adapt to changed circumstances that arise from a change in legal requirements, a change in law, or a change in the identity, nature, status, or operations of the District but only if the agreement, as amended, would have permitted an underwriter to purchase or sell Bonds in the offering described herein in compliance with the Rule, taking into account any amendments and interpretations of the Rule to the date of such amendment, as well as changed circumstances, and either the holders of a majority in aggregate principal amount of the outstanding Bonds consent or any person unaffiliated with the District (such as nationally recognized bond counsel) determines that the amendment will not materially impair the interests of the beneficial owners of the Bonds. The District may also amend or repeal the agreement if the SEC amends or repeals the applicable provisions of such rule or a court of final jurisdiction determines that such provisions are invalid, but in either case only to the extent that its right to do so would not prevent the Initial Purchaser from lawfully purchasing the Bonds in the offering described herein. If the District so amends the agreement, it has agreed to include with any financial information or operating data next provided in accordance with its agreement described above under "Annual Reports" an explanation, in narrative form, of the reasons for the amendment and of the impact of any change in the type of financial information and operating data so provided.

Compliance with Prior Undertakings

The Bonds are the first issuance of bonded indebtedness by the District, and, as such, the District has not previously entered into a continuing disclosure agreement pursuant to SEC Rule 15c2-12.

OFFICIAL STATEMENT

General

The information contained in this Official Statement has been obtained primarily from the Developer, the District's records, the Engineer, the Tax Assessor/Collector and other sources believed to be reliable; however, no representation is made as to the accuracy or completeness of the information contained herein, except as described below. The summaries of the statutes, resolutions and engineering and other related reports set forth herein are included subject to all of the provisions of such documents. These summaries do not purport to be complete statements of such provisions and reference is made to such documents for further information.

The financial statements of the District as of November 30, 2021, and for the year then ended, included in this offering document, have been audited by McGrath & CO., PLLC, independent auditors, as stated in their report appearing herein. See "APPENDIX A" for a copy of the District's November 30, 2021, audited financial statements.

Experts

The information contained in the Official Statement relating to engineering and to the description of the Utility System, and, in particular, that engineering information included in the sections entitled "THE DISTRICT - Description" and "THE UTILITY SYSTEM" has been provided by Elevation Land Solutions and has been included herein in reliance upon the authority of said firm as experts in the field of civil engineering.

The information contained in the Official Statement relating to assessed valuations of property generally and, in particular, that information concerning collection rates and valuations contained in the sections captioned "TAX DATA" and "DISTRICT DEBT" was provided by Utility Tax Service, LLC. and the Appraisal District. Such information has been included herein in reliance upon such firm's authority as an expert in the field of tax collection and the Appraisal District's authority as an expert in the field of tax assessing.

Certification as to Official Statement

The District, acting by and through its Board in its official capacity and in reliance upon the experts listed above, hereby certifies, as of the date hereof, that to the best of its knowledge and belief, the information, statements and descriptions pertaining to the District and its affairs herein contain no untrue statements of a material fact and do not omit to state any material fact necessary to make the statements herein, in light of the circumstances under which they were made, not misleading. The information, descriptions and statements concerning entities other than the District, including particularly other governmental entities, have been obtained from sources believed to be reliable, but the District has made no independent investigation or verification of such matters and makes no representation as to the accuracy or completeness thereof.

Updating of Official Statement

If, subsequent to the date of the Official Statement, the District learns, through the ordinary course of business and without undertaking any investigation or examination for such purposes, or is notified by the Initial Purchaser, of any adverse event which causes the Official Statement to be materially misleading, and unless the Initial Purchaser elects to terminate its obligation to purchase the Bonds, the District will promptly prepare and supply to the Initial Purchaser an appropriate amendment or supplement to the Official Statement satisfactory to the Initial Purchaser; provided, however, that the obligation of the District to so amend or supplement the Official Statement will terminate when the District delivers the Bonds to the Initial Purchaser, unless the Initial Purchaser notifies the District in writing on or before such date that less than all of the Bonds have been sold to ultimate customers, in which case the District's obligations hereunder will extend for an additional period of time (but not more than 90 days after the date the District delivers the Bonds) until all of the Bonds have been sold to ultimate customers.

CONCLUDING STATEMENT

The information set forth herein has been obtained from the District's records, audited financial statements and other sources which are considered to be reliable. There is no guarantee that any of the assumptions or estimates contained herein will ever be realized. All of the summaries of the statutes, documents and resolutions contained in this Official Statement are made subject to all of the provisions of the provisions of such statutes, documents and resolutions. These summaries do not purport to be complete statements of such provisions and reference is made to such summarized documents for further information. Reference is made to official documents in all respects.

This Official Statement was approved by the Board of Directors of East Montgomery County Municipal Utility District No. 12 as of the date shown on the first page hereof.

Independent Auditor's Report

Board of Directors

East Montgomery County Municipal Utility District No. 12

Montgomery County, Texas

We have audited the accompanying financial statements of the governmental activities and General Fund of East Montgomery County Municipal Utility District No. 12 (the "District"), as of and for the year ended November 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these basic financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient to provide a basis for our audit opinions.

***Board of Directors
East Montgomery County Municipal Utility District No. 12
Montgomery County, Texas***

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and General Fund of East Montgomery County Municipal Utility District No. 12, as of November 30, 2021, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Texas Supplementary Information is presented for purposes of additional analysis and is not a required part of the basic financial statements. The Texas Supplementary Information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied to the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

Management's Discussion and Analysis

(This page intentionally left blank)

***East Montgomery County Municipal Utility District No. 12
Management's Discussion and Analysis
November 30, 2021***

Using this Annual Report

Within this section of the financial report of East Montgomery County Municipal Utility District No. 12 (the "District"), the District's Board of Directors provides a narrative discussion and analysis of the financial activities of the District for the fiscal year ended November 30, 2021. This analysis should be read in conjunction with the independent auditor's report and the basic financial statements that follow this section.

In addition to this discussion and analysis, this annual report consists of:

- The District's basic financial statements;
- Notes to the basic financial statements, which provide additional information essential to a full understanding of the data provided in the financial statements;
- Supplementary information required by the Governmental Accounting Standards Board (GASB) concerning the District's budget; and
- Other Texas supplementary information required by the District's state oversight agency, the Texas Commission on Environmental Quality (TCEQ).

Overview of the Financial Statements

The District prepares its basic financial statements using a format that combines fund financial statements and government-wide statements onto one financial statement. The combined statements are the *Statement of Net Position and Governmental Funds Balance Sheet* and the *Statement of Activities and Governmental Funds Revenues, Expenditures and Changes in Fund Balances*. Each statement contains an adjustments column which quantifies the differences between the government-wide and fund level statements. Additional details of the adjustments are provided in Note 2 to the basic financial statements.

Government-Wide Financial Statements

The focus of government-wide financial statements is on the overall financial position and activities of the District, both long-term and short-term. The District's government-wide financial statements consist of the *Statement of Net Position* and the *Statement of Activities*, which are prepared using the accrual basis of accounting. The *Statement of Net Position* includes all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the residual reported as net position. Over time, changes in net position may provide a useful indicator of whether the financial position of the District as a whole is improving or deteriorating.

Accounting standards establish three components of net position. The net investment in capital assets component represents the District's investments in capital assets, less any outstanding debt or other borrowings used to acquire those assets. Resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The restricted component of net position consists of financial resources that are restricted for a specific purpose by enabling legislation or external parties. The unrestricted component of net position represents resources not included in the other components.

***East Montgomery County Municipal Utility District No. 12
Management's Discussion and Analysis
November 30, 2021***

The *Statement of Activities* reports how the District's net position has changed during the fiscal year. All revenues and expenses are included on this statement, regardless of whether cash has been received or paid.

Fund Financial Statements

The fund financial statements include the *Governmental Funds Balance Sheet* and the *Governmental Funds Revenues, Expenditures and Changes in Fund Balances*. The focus of fund financial statements is on specific activities of the District rather than the District as a whole, reported using modified accrual accounting. These statements report on the District's use of available financial resources and the balances of available financial resources at the end of the year. Except for the General Fund, a specific fund is established to satisfy managerial control over resources or to satisfy finance-related legal requirements established by external parties, governmental statutes or regulations.

For further discussion on the government-wide and fund financial statements, please refer to Note 1 in the financial statements.

Financial Analysis of the District as a Whole

The District's net position at November 30, 2021, was negative \$6,121,995. This amount is negative because the District incurs debt to construct road facilities which it conveys to Montgomery County and relies on advances from its developer to fund operating costs. A comparative summary of the District's overall financial position, as of November 30, 2021 and 2020, is as follows:

| | | |
|-------------------------------------|-----------------------|-----------------------|
| | <u>2021</u> | <u>2020</u> |
| Current and other assets | \$ 616,565 | \$ 174,909 |
| Capital assets | 12,463,798 | 9,556,931 |
| Total assets | <u>13,080,363</u> | <u>9,731,840</u> |
| Current liabilities | 566,890 | 236,437 |
| Long-term liabilities | 18,280,883 | 13,388,575 |
| Total liabilities | <u>18,847,773</u> | <u>13,625,012</u> |
| Total deferred inflows of resources | <u>354,585</u> | <u>18,409</u> |
| Net position | | |
| Net investment in capital assets | (748,572) | (488,645) |
| Unrestricted | <u>(5,373,423)</u> | <u>(3,422,936)</u> |
| Total net position | <u>\$ (6,121,995)</u> | <u>\$ (3,911,581)</u> |

***East Montgomery County Municipal Utility District No. 12
Management's Discussion and Analysis
November 30, 2021***

The total net position of the District decreased during the current fiscal year by \$2,210,414. A comparative summary of the District's *Statement of Activities* for the past two years is as follows:

| | <u>2021</u> | <u>2020</u> |
|--|-----------------------|-----------------------|
| Revenues | | |
| Property taxes, penalties and interest | \$ 36,212 | \$ 10,169 |
| Water and sewer service | 289,660 | 34,656 |
| Other | 542,797 | 167,040 |
| Total revenues | <u>868,669</u> | <u>211,865</u> |
| Expenses | | |
| Current service operations | 1,065,588 | 542,137 |
| Interest | 13,987 | |
| Depreciation/amortization | 319,689 | 165,851 |
| Total expenses | <u>1,399,264</u> | <u>707,988</u> |
| Change in net position before other item | (530,595) | (496,123) |
| Other item | | |
| Transfers to other governments | <u>(1,679,819)</u> | <u>(3,323,095)</u> |
| Change in net position | (2,210,414) | (3,819,218) |
| Net position, beginning of year | <u>(3,911,581)</u> | <u>(92,363)</u> |
| Net position, end of year | <u>\$ (6,121,995)</u> | <u>\$ (3,911,581)</u> |

Financial Analysis of the District's General Fund

Fund balance in the District's General Fund, as of November 30, 2021, was negative \$176,080. A comparative summary of the General Fund's financial position as of November 30, 2021 and 2020 is as follows:

| | <u>2021</u> | <u>2020</u> |
|--|-------------------|-------------------|
| Total assets | <u>\$ 616,565</u> | <u>\$ 174,909</u> |
| Total liabilities | \$ 438,060 | \$ 157,161 |
| Total deferred inflows | 354,585 | 18,409 |
| Total fund balance | <u>(176,080)</u> | <u>(661)</u> |
| Total liabilities, deferred inflows and fund balance | <u>\$ 616,565</u> | <u>\$ 174,909</u> |

***East Montgomery County Municipal Utility District No. 12
Management’s Discussion and Analysis
November 30, 2021***

A comparative summary of the General Fund’s activities for the current and prior fiscal year is as follows:

| | 2021 | 2020 |
|-------------------------------|--------------|------------|
| Total revenues | \$ 868,669 | \$ 211,865 |
| Total expenditures | (1,169,088) | (542,137) |
| Revenues under expenditures | (300,419) | (330,272) |
| Other changes in fund balance | 125,000 | 390,000 |
| Net change in fund balance | \$ (175,419) | \$ 59,728 |

The District manages its activities with the objectives of ensuring that expenditures will be adequately covered by revenues each year and that an adequate fund balance is maintained. The District’s primary financial resources in the General Fund are from a property tax levy, the provision of water and sewer services to customers within the District, tap connection fees charged to homebuilders in the District and developer advances. Financial resources are influenced by a variety of factors each year:

- Property tax revenues are dependent upon assessed values in the District and the maintenance tax rate set by the District. The 2020 levy was recognized as revenues in the 2021 fiscal year, while the 2019 levy was recognized in the 2020 fiscal year (to the extent that these amounts were collected). Property tax revenues increased from prior year because assessed values increased from prior year.
- Water, sewer, and groundwater pumpage fee revenues are dependent upon customer usage, which fluctuates from year to year as a result of factors beyond the District’s control.
- Tap connection fees fluctuate with homebuilding activity within the District.
- The District’s developer advances funds to the District as needed to pay operating costs.

General Fund Budgetary Highlights

The Board of Directors adopts an annual unappropriated budget for the General Fund prior to the beginning of each fiscal year. The Board did not amend the budget during the fiscal year.

Since the District’s budget is primarily a planning tool, actual results varied from the budgeted amounts. Actual net change in fund balance was \$255,719 less than budgeted. The *Budgetary Comparison Schedule* on page 28 of this report provides variance information per financial statement line item.

Capital Assets

The District has entered into financing agreements with its developer for the financing of the construction of capital assets within the District. The developer will be reimbursed from proceeds of future bond issues or other lawfully available funds. These developer funded capital assets are recorded on the District’s financial statements upon completion of construction.

***East Montgomery County Municipal Utility District No. 12
Management's Discussion and Analysis
November 30, 2021***

Capital assets held by the District at November 30, 2021 and 2020 are summarized as follows:

| | <u>2021</u> | <u>2020</u> |
|--|----------------------|---------------------|
| Capital assets not being depreciated/amortized | | |
| Land and improvements | <u>\$ 1,621,207</u> | <u>\$ 1,130,580</u> |
| Capital assets being depreciated/amortized | | |
| Infrastructure | 10,094,589 | 7,358,660 |
| Right-to-use leased asset - wastewater treatment plant | <u>1,240,516</u> | <u>1,240,516</u> |
| | <u>11,335,105</u> | <u>8,599,176</u> |
| Less accumulated depreciation/amortization | | |
| Infrastructure | (399,475) | (172,825) |
| Right-to-use leased asset - wastewater treatment plant | <u>(93,039)</u> | <u></u> |
| | <u>(492,514)</u> | <u>(172,825)</u> |
| Depreciable capital assets, net | <u>10,842,591</u> | <u>8,426,351</u> |
| Capital assets, net | <u>\$ 12,463,798</u> | <u>\$ 9,556,931</u> |

Capital asset additions during the current year include the following:

- Utilities and paving to serve Harrington Drive Phase 2 and Harrington Trails Section 4A and 4B
- Clearing and grubbing to serve Harrington Trails, Phases 2, 3 and 4
- Site work and wet well construction at water plant site

Additionally, Montgomery County assumes responsibility (after a one-year maintenance period) for road facilities constructed within the boundaries of the County. Accordingly, these facilities are not considered assets of the District. The estimated value of these assets is recorded as transfers to other governments upon completion of construction. This estimated cost is trued-up when the developer is reimbursed. For the year ended November 30, 2021, capital assets in the amount of \$1,679,819 have been recorded as transfers to other governments in the government-wide statements. Additional information is presented in Note 8.

Lease Obligations

On April 21, 2020, the District entered into a 120-month lease for a wastewater treatment plant (the "WWTP"). The District paid \$103,500 pursuant to the lease during the year. Additionally, the District has prepaid \$25,850 for the December 2021 and final month's lease payments. The balance due under the lease as of November 30, 2021, was \$1,151,003. Additional information is presented in Note 9.

*East Montgomery County Municipal Utility District No. 12
 Management’s Discussion and Analysis
 November 30, 2021*

Long-Term Debt and Related Liabilities

As of November 30, 2021, the District owes approximately \$17,258,710 to the developer for completed projects and operating advances. The initial cost of the completed project and related liability is estimated based on actual construction costs plus 10-15% for engineering and other fees and is recorded on the District’s financial statements upon completion of construction. As discussed in Note 5, the District has an additional commitment in the amount of \$19,561,897 for projects under construction by the developer. As noted, the District will owe its developer for these projects upon completion of construction. The District intends to reimburse the developer from proceeds of future bond issues or other lawfully available funds. The estimated cost of amounts owed to the developer is trued up when the developer is reimbursed.

At November 30, 2021, the District had \$107,501,000 unlimited tax bonds authorized, but unissued for the purposes of acquiring, constructing and improving the water, sanitary sewer and drainage systems within the District and the refunding of such bonds; \$5,000,000 for parks and recreational facilities and the refunding of such bonds; and \$51,582,000 for road improvements and the refunding of such bonds.

Next Year’s Budget

In establishing the budget for the next fiscal year, the Board considered various economic factors that may affect the District, most notably projected revenues from property taxes and water/sewer services and the projected cost of operating the District and providing services to customers. A comparison of next year’s budget to current year actual amounts for the General Fund is as follows:

| | <u>2021 Actual</u> | <u>2022 Budget</u> |
|------------------------------------|----------------------------|----------------------------|
| Total revenues | \$ 868,669 | \$ 836,750 |
| Total expenditures | <u>(1,169,088)</u> | <u>(1,143,900)</u> |
| Revenues over/(under) expenditures | (300,419) | (307,150) |
| Other changes in fund balance | <u>125,000</u> | <u>307,150</u> |
| Net change in fund balance | (175,419) | |
| Beginning fund balance | <u>(661)</u> | <u>(176,080)</u> |
| Ending fund balance | <u><u>\$ (176,080)</u></u> | <u><u>\$ (176,080)</u></u> |

Property Taxes

The District’s property tax base increased approximately \$24,294,000 for the 2021 tax year from \$1,971,660 to \$26,265,660. This increase was primarily due to new construction in the District and increased property values. For the 2021 tax year, the District has levied a maintenance tax rate of \$1.35 per \$100 of assessed value. This is the same rate levied for the 2020 tax year.

East Montgomery County Municipal Utility District No. 12
Notes to Financial Statements
November 30, 2021

Note 1 – Summary of Significant Accounting Policies

The accounting policies of East Montgomery County Municipal Utility District No. 12 (the “District”) conform with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board (“GASB”). The following is a summary of the most significant policies:

Creation

The District was organized, created and established pursuant to Acts 2005 by the 79th Legislature, R.S. Chapter 843 and Senate Bill 887, dated September 1, 2005, and operates in accordance with the Texas Water Code, Chapters 49 and 54. Acts 2005 was amended by Acts 2019, 86th Legislature, R.S. Chapter 149 and House Bill 4654, dated May 24, 2019, granting the District road powers. The District also operates under Section 52, Article III and Section 59, Article XVI of the Texas Constitution. The Board of Directors held its first meeting on July 22, 2019.

The District’s primary activities include construction, maintenance and operation of water, sewer, drainage and park and recreational facilities. As discussed in Note 8, the District also constructs public road improvements which are accepted by Montgomery County for operation and maintenance upon completion of construction. The District has contracted with various consultants to provide services to operate and administer the affairs of the District. The District has no employees, related payroll or pension costs.

Reporting Entity

The District is a political subdivision of the State of Texas governed by an elected five-member board. The GASB has established the criteria for determining the reporting entity for financial statement reporting purposes. To qualify as a primary government, a government must have a separately elected governing body, be legally separate, and be fiscally independent of other state and local governments, while a component unit is a legally separate government for which the elected officials of a primary government are financially accountable. Fiscal independence implies that the government has the authority to adopt a budget, levy taxes, set rates, and/or issue bonds without approval from other governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District’s financial statements as component units.

Government-Wide and Fund Financial Statements

Government-wide financial statements display information about the District as a whole. These statements focus on the sustainability of the District as an entity and the change in aggregate financial position resulting from the activities of the fiscal period. Interfund activity, if any, has been removed from these statements. These aggregated statements consist of the *Statement of Net Position* and the *Statement of Activities*.

Note 1 – Summary of Significant Accounting Policies (continued)

Government-Wide and Fund Financial Statements (continued)

Fund financial statements display information at the individual fund level. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for a specific purpose. Each fund is considered to be a separate accounting entity. The District uses only a General Fund to account for its operations. The District's principal financial resources are property taxes, water and sewer service fees, tap connection and inspection fees, and developer advances. Expenditures include costs associated with the daily operations of the District.

As a special-purpose government engaged in a single governmental program, the District has opted to combine its government-wide and fund financial statements in a columnar format showing an adjustments column for reconciling items between the two.

Measurement Focus and Basis of Accounting

The government-wide financial statements use the economic resources measurement focus and the full accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenue in the year for which they are levied.

The fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized in the accounting period in which it becomes both available and measurable to finance expenditures of the current period. For this purpose, the government considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Revenues susceptible to accrual include property taxes, interest earned on investments and income from District operations. Property taxes receivable at the end of the fiscal year are treated as deferred inflows because they are not considered available to pay liabilities of the current period. Expenditures are recognized in the accounting period in which the liability is incurred, if measurable, except for unmatured interest on long-term debt, which is recognized when due.

Note 2 further details the adjustments from the governmental fund presentation to the government-wide presentation.

Use of Restricted Resources

When both restricted and unrestricted resources are available for use, the District uses restricted resources first, then unrestricted resources as they are needed.

Prepaid Items

Certain payments made by the District reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

Note 1 – Summary of Significant Accounting Policies (continued)

Receivables

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. Receivables from and payables to external parties are reported separately and are not offset, unless a legal right of offset exists. At November 30, 2021, an allowance for uncollectible accounts was not considered necessary.

Unbilled Service Revenues

Utility revenue is recorded when earned. Customers are billed monthly. The estimated value of services provided but unbilled at year-end has been included in the accompanying financial statements.

Capital Assets

Capital assets do not provide financial resources at the fund level, and, therefore, are reported only in the government-wide statements. The District defines capital assets as assets with an initial cost of \$50,000 or more and an estimated useful life in excess of one year. Capital assets are recorded at historical cost or estimated historical cost. Donated capital assets are recorded at acquisition value, which is the price that would be paid to acquire the asset on the acquisition date. The District has not capitalized interest incurred during the construction of its capital assets. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend asset lives are not capitalized.

Capital assets are depreciated/amortized using the straight-line method as follows:

| Assets | Useful Life |
|---------------------------|-------------|
| Infrastructure | 30-45 years |
| Right-to-use leased asset | 10 years |

The District’s detention facilities and drainage channels are considered improvements to land and are non-depreciable.

Deferred Inflows and Outflows of Financial Resources

A deferred inflow of financial resources is the acquisition of resources in one period that is applicable to a future period, while a deferred outflow of financial resources is the consumption of financial resources in one period that is applicable to a future period. A deferred inflow results from the acquisition of an asset without a corresponding revenue or assumption of a liability. A deferred outflow results from the use of an asset without a corresponding expenditure or reduction of a liability.

Note 1 – Summary of Significant Accounting Policies (continued)

Deferred Inflows and Outflows of Financial Resources (continued)

At the fund level, property taxes receivable not collected within 60 days of fiscal year end do not meet the availability criteria required for revenue recognition and are recorded as deferred inflows of financial resources. Additionally, collections of the 2021 property tax levy are not considered current year revenues and, consequently, are also reported as deferred property taxes.

Deferred inflows of financial resources at the government-wide level consist of the 2021 property tax levy, which was levied to finance the 2022 fiscal year.

Net Position – Governmental Activities

Governmental accounting standards establish the following three components of net position:

Net investment in capital assets – represents the District’s investments in capital assets, less any outstanding debt or other borrowings used to acquire those assets.

Restricted – consists of financial resources that are restricted for a specific purpose by enabling legislation or external parties.

Unrestricted – resources not included in the other components.

Fund Balances – Governmental Funds

Governmental accounting standards establish the following fund balance classifications:

Nonspendable - amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact. The District’s nonspendable fund balance consists of prepaid items.

Restricted - amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments. The District does not have any restricted fund balances.

Committed - amounts that can be used only for specific purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements. The District does not have any committed fund balances.

East Montgomery County Municipal Utility District No. 12
Notes to Financial Statements
November 30, 2021

Note 1 – Summary of Significant Accounting Policies (continued)

Fund Balances – Governmental Funds (continued)

Assigned - amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balances and does not have any assigned fund balances.

Unassigned - deficit balances in the General Fund.

When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and revenues and expenses/expenditures during the period reported. These estimates include, among others, the collectability of receivables; the value of unbilled utility revenues and receivables; the useful lives and impairment of capital assets; the value of amounts due to developer; the value of capital assets transferred to Montgomery County and the value of capital assets for which the developer has not been fully reimbursed. Estimates and assumptions are reviewed periodically, and the effects of revisions are reflected in the financial statements in the period they are determined to be necessary. Actual results could differ from the estimates.

East Montgomery County Municipal Utility District No. 12
Notes to Financial Statements

Note 2 – Adjustment from Governmental to Government-wide Basis

Reconciliation of the *Governmental Fund Balance Sheet* to the *Statement of Net Position*

| | |
|---|------------------------------|
| Total fund balance, governmental funds | \$ (176,080) |
| Capital assets used in governmental activities are not financial resources and, therefore, are not reported as assets in governmental funds. | |
| Historical cost | \$ 12,956,312 |
| Less accumulated depreciation/amortization | <u>(492,514)</u> |
| Change due to capital assets | 12,463,798 |
| Obligations under leases are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds. | |
| | (1,151,003) |
| Amounts due to the District's developer for prefunded construction and operating advances are recorded as a liability in the <i>Statement of Net Position</i> . | |
| | (17,258,710) |
| Total net position - governmental activities | <u><u>\$ (6,121,995)</u></u> |

East Montgomery County Municipal Utility District No. 12
Notes to Financial Statements
November 30, 2021

Note 2 – Adjustment from Governmental to Government-wide Basis (continued)

Reconciliation of the *Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balance* to the *Statement of Activities*

Net change in fund balances - total governmental funds \$ (175,419)

Governmental funds report the principal portion of lease payments as expenditures in the funds; however, in the *Statement of Net Position*, these principal payments are recorded as a reduction to the long-term lease liability. 89,513

In the *Statement of Activities*, the cost of capital assets is charged to depreciation expense over the estimated useful life of the asset. (319,689)

Amounts received from the District's developer for operating advances provide financial resources at the fund level, but are recorded as a liability in the *Statement of Net Position*. (125,000)

The District conveys public roads to Montgomery County upon completion of construction. Since these improvements are funded by the developer, financial resources are not expended in the fund financial statements; however, in the *Statement of Activities*, these amounts are reported as transfers to other governments. (1,679,819)

Change in net position of governmental activities \$ (2,210,414)

Note 3 – Deposits and Investments

Deposit Custodial Credit Risk

Custodial credit risk as it applies to deposits (i.e. cash) is the risk that, in the event of the failure of the depository institution, a government will not be able to recover its deposits or will not be able to recover collateral securities. The *Public Funds Collateral Act* (Chapter 2257, Texas Government Code) requires that all of the District's deposits with financial institutions be covered by federal depository insurance and, if necessary, pledged collateral held by a third-party custodian. The act further specifies the types of securities that can be used as collateral. The District's written investment policy establishes additional requirements for collateralization of deposits.

Note 3 – Deposits and Investments (continued)

Investments

The District is authorized by the *Public Funds Investment Act* (Chapter 2256, Texas Government Code) to invest in the following: (1) obligations, including letters of credit, of the United States or its agencies and instrumentalities, including Federal Home Loan Banks, (2) direct obligations of the State of Texas or its agencies and instrumentalities, (3) certain collateralized mortgage obligations, (4) other obligations, which are unconditionally guaranteed or insured by the State of Texas or the United States or its agencies or instrumentalities, including obligations that are fully guaranteed or insured by the Federal Deposit Insurance Corporation or by the explicit full faith and credit of the United States, (5) certain A rated or higher obligations of states and political subdivisions of any state, (6) bonds issued, assumed or guaranteed by the State of Israel, (7) certain insured or collateralized certificates of deposit and share certificates, (8) certain fully collateralized repurchase agreements, (9) bankers' acceptances with limitations, (10) commercial paper rated A-1 or P-1 or higher and a maturity of 270 days or less, (11) no-load money market mutual funds and no-load mutual funds, with limitations, (12) certain guaranteed investment contracts, (13) certain qualified governmental investment pools and (14) a qualified securities lending program.

The District has adopted a written investment policy to establish the principles by which the District's investment program should be managed. This policy further restricts the types of investments in which the District may invest.

East Montgomery County Municipal Utility District No. 12
Notes to Financial Statements
November 30, 2021

Note 4 – Capital Assets

A summary of changes in capital assets, for the year ended November 30, 2021, is as follows:

| | Beginning Balances | Additions | Ending Balances |
|--|-----------------------|---------------------|----------------------|
| Capital assets not being depreciated | | | |
| Land and improvements | \$ 1,130,580 | \$ 490,627 | \$ 1,621,207 |
| Capital assets being depreciated/amortized | | | |
| Infrastructure | 7,358,660 | 2,735,929 | 10,094,589 |
| Right-to-use leased asset - wastewater treatment plant | 1,240,516 | | 1,240,516 |
| | <u>8,599,176</u> | <u>2,735,929</u> | <u>11,335,105</u> |
| Less accumulated depreciation/amortization | | | |
| Infrastructure | (172,825) | (226,650) | (399,475) |
| Right-to-use leased asset - wastewater treatment plant | | (93,039) | (93,039) |
| | <u>(172,825)</u> | <u>(319,689)</u> | <u>(492,514)</u> |
| Subtotal depreciable capital assets, net | <u>8,426,351</u> | <u>2,416,240</u> | <u>10,842,591</u> |
| Capital assets, net | <u>\$ 9,556,931</u> | <u>\$ 2,906,867</u> | <u>\$ 12,463,798</u> |

Depreciation/amortization expense for the current year was \$319,689.

Note 5 – Due to Developer

The District has entered into financing agreements with its developer for the financing of the construction of water, sewer, drainage, park and recreational facilities and road improvements. Under the agreements, the developer will advance funds for the construction of facilities to serve the District. The developer will be reimbursed from proceeds of future bond issues or other lawfully available funds, subject to approval by TCEQ, as applicable. The District does not record the capital asset and related liability on the government-wide statements until construction of the facilities is complete. The initial cost is estimated based on construction costs plus 10-15% for engineering and other fees. Estimates are trued up when the developer is reimbursed.

The District's developer has also advanced funds to the District for operating expenses.

East Montgomery County Municipal Utility District No. 12
Notes to Financial Statements
November 30, 2021

Note 5 – Due to Developer (continued)

Changes in the estimated amounts due to developer during the year are as follows:

| | |
|---|----------------------|
| Due to developer, beginning of year | \$ 12,227,335 |
| Developer funded construction and adjustments | 5,031,375 |
| Due to developer, end of year | <u>\$ 17,258,710</u> |

In addition, the District will owe the developer approximately \$19,561,897, which is included in the following schedule of contractual commitments. The exact amount is not known until approved by the TCEQ and verified by the District’s auditor. As previously noted, these projects will be reported in the government-wide financial statements upon completion of construction.

| | <u>Contract Amount</u> | <u>Amounts Paid</u> | <u>Remaining Commitment</u> |
|---|----------------------------|-------------------------|---------------------------------|
| Harrington Trails: | | | |
| Section 5A and 5B - utilities and paving | \$ 4,417,099 | \$ 3,037,852 | \$ 1,379,247 |
| Section 6A - utilities and paving | 3,702,644 | 2,265,705 | 1,436,939 |
| Section 6B - utilities and paving | 1,897,660 | | 1,897,660 |
| Section 7 - utilities and paving | 2,607,525 | | 2,607,525 |
| Section 8, Phase 2 - detention and mass grading | 4,467,760 | 2,119,509 | 2,348,251 |
| Section 9 - utilities | 1,435,000 | | 1,435,000 |
| Section 9 - paving | 1,034,209 | | 1,034,209 |
| | <u>\$ 19,561,897</u> | <u>\$ 7,423,066</u> | <u>\$ 12,138,831</u> |

Note 6 – Long-Term Debt

At November 30, 2021, the District had \$107,501,000 unlimited tax bonds authorized, but unissued for the purposes of acquiring, constructing and improving the water, sanitary sewer and drainage systems within the District and the refunding of such bonds; \$5,000,000 for park and recreational facilities and the refunding of such bonds; and \$51,582,000 for road improvements and the refunding of such bonds.

Note 7 – Property Taxes

On November 5, 2019, the voters of the District authorized the District’s Board of Directors to levy taxes annually for use in financing general operations limited to \$1.50 per \$100 of assessed value. In addition, the voters authorized the District’s Board of Directors to levy taxes annually for road maintenance limited to \$0.25 per \$100 of assessed value.

All property values and exempt status, if any, are determined by the Montgomery Central Appraisal District. Assessed values are determined as of January 1 of each year, at which time a tax lien attaches to the related property. Taxes are levied around October/November, are due upon receipt and are delinquent the following February 1. Penalty and interest attach thereafter.

East Montgomery County Municipal Utility District No. 12
Notes to Financial Statements
November 30, 2021

Note 7 – Property Taxes (continued)

Property taxes are collected based on rates adopted in the year of the levy. The District's 2021 fiscal year was financed through the 2020 tax levy, pursuant to which the District levied property taxes of \$1.35 per \$100 of assessed value, all of which was allocated to maintenance and operations. The resulting tax levy was \$26,617 on the adjusted taxable value of \$1,971,660.

Property taxes levied each October are intended to finance the next fiscal year and are, therefore, not considered available for the District's use during the current fiscal year. Consequently, 2021 levy collections in the amount of \$46,845 have been included with deferred property taxes and are recorded as deferred inflows of resources on the *Governmental Funds Balance Sheet*. On the government-wide *Statement of Net Position*, the full 2021 tax levy of \$354,586 is reported as deferred inflows. These amounts will be recognized as revenue in 2022.

Note 8 – Transfers to Other Governments

Montgomery County assumes responsibility for the maintenance of public roads constructed within the county limits. Accordingly, road facilities are considered to be capital assets of Montgomery County, not the District. The estimated cost of each road project is recorded as a transfer to other government upon completion of construction. This cost is trued-up when the developer is subsequently reimbursed. For the year ended November 30, 2021, the District recorded transfers to other governments in the amount of \$1,679,819 for road facilities constructed by a developer within the District.

Note 9 – Lease Agreement

On April 21, 2020, the District entered into a lease agreement for a wastewater treatment plant (the "WWTP"). This lease is for a 120-month term, unless otherwise terminated. The lease agreement shall automatically be extended and shall continue under the same terms and conditions for successive 90-day periods after the initial term until the District submits a 90-day written notice of intent to cancel and terminate the lease agreement. The District has the option to purchase the leased property at certain intervals during the term and following the expiration of the term. The District is responsible for all ordinary expenses related to repairing and maintaining the equipment.

Monthly payments for the lease are \$11,500 for the first 24 months and then \$14,350 for all months after.

As required by GASB 87, the District recognized an intangible asset for the right-to-use the underlying leased asset in the amount of \$1,240,516, which is based on the measurement of the associated lease liability. The initial lease liability at the present value of future lease payments using the implicit rate of 8.7%. This long-term liability is reduced as the lease is paid. During the current year, the District paid \$103,500 of lease payments, which included \$13,987 of interest.

East Montgomery County Municipal Utility District No. 12
Notes to Financial Statements
November 30, 2021

Note 9 – Lease Agreement (continued)

Future minimum lease payments, as of November 30, 2021, for term leases are as follows:

| Year | Principal | Interest | Total |
|---------------------|--------------|------------|--------------|
| 2022 | \$ 128,830 | \$ 9,170 | \$ 138,000 |
| 2023 | 100,202 | 63,448 | 163,650 |
| 2024 | 95,277 | 76,923 | 172,200 |
| 2025 | 103,957 | 68,243 | 172,200 |
| 2026 | 113,428 | 58,772 | 172,200 |
| 2027 | 123,762 | 48,438 | 172,200 |
| 2028 | 135,037 | 37,163 | 172,200 |
| 2029 | 147,336 | 24,864 | 172,200 |
| 2030 | 160,750 | 11,450 | 172,200 |
| 2031 | 42,424 | 626 | 43,050 |
| | \$ 1,151,003 | \$ 399,097 | \$ 1,550,100 |
| Due within one year | \$ 128,830 | \$ 9,170 | \$ 138,000 |

Standard lease terms require the District to prepay the first and last month’s lease payment upon inception of the lease. The District’s last month’s lease payment is recorded a prepaid item on the *Statement of Activities*.

Note 10 – Risk Management

The District is exposed to various risks of loss related to torts: theft of, damage to and destruction of assets; errors and omissions; and personal injuries. The risk of loss is covered by commercial insurance. There have been no significant reductions in insurance coverage from the prior year. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

Note 11 – Economic Dependency

The District is dependent upon its developer for operating advances. The developer continues to own a substantial portion of the taxable property within the District. The developer’s willingness to make future operating advances and/or to pay property taxes will directly affect the District’s ability to meet its future obligations.

APPENDIX B

Specimen Municipal Bond Insurance Policy

MUNICIPAL BOND INSURANCE POLICY

ISSUER:

Policy No: -N

BONDS: \$ in aggregate principal amount of

Effective Date:

Premium: \$

ASSURED GUARANTY MUNICIPAL CORP. ("AGM"), for consideration received, hereby UNCONDITIONALLY AND IRREVOCABLY agrees to pay to the trustee (the "Trustee") or paying agent (the "Paying Agent") (as set forth in the documentation providing for the issuance of and securing the Bonds) for the Bonds, for the benefit of the Owners or, at the election of AGM, directly to each Owner, subject only to the terms of this Policy (which includes each endorsement hereto), that portion of the principal of and interest on the Bonds that shall become Due for Payment but shall be unpaid by reason of Nonpayment by the Issuer.

On the later of the day on which such principal and interest becomes Due for Payment or the Business Day next following the Business Day on which AGM shall have received Notice of Nonpayment, AGM will disburse to or for the benefit of each Owner of a Bond the face amount of principal of and interest on the Bond that is then Due for Payment but is then unpaid by reason of Nonpayment by the Issuer, but only upon receipt by AGM, in a form reasonably satisfactory to it, of (a) evidence of the Owner's right to receive payment of the principal or interest then Due for Payment and (b) evidence, including any appropriate instruments of assignment, that all of the Owner's rights with respect to payment of such principal or interest that is Due for Payment shall thereupon vest in AGM. A Notice of Nonpayment will be deemed received on a given Business Day if it is received prior to 1:00 p.m. (New York time) on such Business Day; otherwise, it will be deemed received on the next Business Day. If any Notice of Nonpayment received by AGM is incomplete, it shall be deemed not to have been received by AGM for purposes of the preceding sentence and AGM shall promptly so advise the Trustee, Paying Agent or Owner, as appropriate, who may submit an amended Notice of Nonpayment. Upon disbursement in respect of a Bond, AGM shall become the owner of the Bond, any appurtenant coupon to the Bond or right to receipt of payment of principal of or interest on the Bond and shall be fully subrogated to the rights of the Owner, including the Owner's right to receive payments under the Bond, to the extent of any payment by AGM hereunder. Payment by AGM to the Trustee or Paying Agent for the benefit of the Owners shall, to the extent thereof, discharge the obligation of AGM under this Policy.

Except to the extent expressly modified by an endorsement hereto, the following terms shall have the meanings specified for all purposes of this Policy. "Business Day" means any day other than (a) a Saturday or Sunday or (b) a day on which banking institutions in the State of New York or the Insurer's Fiscal Agent are authorized or required by law or executive order to remain closed. "Due for Payment" means (a) when referring to the principal of a Bond, payable on the stated maturity date thereof or the date on which the same shall have been duly called for mandatory sinking fund redemption and does not refer to any earlier date on which payment is due by reason of call for redemption (other than by mandatory sinking fund redemption), acceleration or other advancement of maturity unless AGM shall elect, in its sole discretion, to pay such principal due upon such acceleration together with any accrued interest to the date of acceleration and (b) when referring to interest on a Bond, payable on the stated date for payment of interest. "Nonpayment" means, in respect of a Bond, the failure of the Issuer to have provided sufficient funds to the Trustee or, if there is no Trustee, to the Paying Agent for payment in full of all principal and interest that is Due for Payment on such Bond. "Nonpayment" shall also include, in respect of a Bond, any payment of principal or interest that is Due for Payment made to an Owner by or on behalf of the Issuer which has been recovered from such Owner pursuant to the

United States Bankruptcy Code by a trustee in bankruptcy in accordance with a final, nonappealable order of a court having competent jurisdiction. "Notice" means telephonic or telecopied notice, subsequently confirmed in a signed writing, or written notice by registered or certified mail, from an Owner, the Trustee or the Paying Agent to AGM which notice shall specify (a) the person or entity making the claim, (b) the Policy Number, (c) the claimed amount and (d) the date such claimed amount became Due for Payment. "Owner" means, in respect of a Bond, the person or entity who, at the time of Nonpayment, is entitled under the terms of such Bond to payment thereof, except that "Owner" shall not include the Issuer or any person or entity whose direct or indirect obligation constitutes the underlying security for the Bonds.

AGM may appoint a fiscal agent (the "Insurer's Fiscal Agent") for purposes of this Policy by giving written notice to the Trustee and the Paying Agent specifying the name and notice address of the Insurer's Fiscal Agent. From and after the date of receipt of such notice by the Trustee and the Paying Agent, (a) copies of all notices required to be delivered to AGM pursuant to this Policy shall be simultaneously delivered to the Insurer's Fiscal Agent and to AGM and shall not be deemed received until received by both and (b) all payments required to be made by AGM under this Policy may be made directly by AGM or by the Insurer's Fiscal Agent on behalf of AGM. The Insurer's Fiscal Agent is the agent of AGM only and the Insurer's Fiscal Agent shall in no event be liable to any Owner for any act of the Insurer's Fiscal Agent or any failure of AGM to deposit or cause to be deposited sufficient funds to make payments due under this Policy.

To the fullest extent permitted by applicable law, AGM agrees not to assert, and hereby waives, only for the benefit of each Owner, all rights (whether by counterclaim, setoff or otherwise) and defenses (including, without limitation, the defense of fraud), whether acquired by subrogation, assignment or otherwise, to the extent that such rights and defenses may be available to AGM to avoid payment of its obligations under this Policy in accordance with the express provisions of this Policy.

This Policy sets forth in full the undertaking of AGM, and shall not be modified, altered or affected by any other agreement or instrument, including any modification or amendment thereto. Except to the extent expressly modified by an endorsement hereto, (a) any premium paid in respect of this Policy is nonrefundable for any reason whatsoever, including payment, or provision being made for payment, of the Bonds prior to maturity and (b) this Policy may not be canceled or revoked. THIS POLICY IS NOT COVERED BY THE PROPERTY/CASUALTY INSURANCE SECURITY FUND SPECIFIED IN ARTICLE 76 OF THE NEW YORK INSURANCE LAW.

In witness whereof, ASSURED GUARANTY MUNICIPAL CORP. has caused this Policy to be executed on its behalf by its Authorized Officer.
