

OFFICIAL STATEMENT

Dated: July 7, 2026

NEW ISSUE: BOOK-ENTRY-ONLY

In the opinion of Holland & Knight LLP, assuming compliance with certain arbitrage rebate and other tax requirements referred to herein, under existing law, interest on the Notes is excludable from gross income for federal income tax purposes and will not be treated as an item of tax preference in computing the alternative minimum tax imposed on individuals; however, interest on the Notes is included in the "adjusted financial statement income" of certain corporations on which the federal alternative minimum tax is imposed. Holders of Notes could be subject to the consequences of other provisions of the Internal Revenue Code of 1986, as amended, as further described herein. See "TAX MATTERS" herein.

The District has not designated the Notes as "Qualified Tax-Exempt Obligations" for financial institutions.

\$6,905,000

GALENA PARK INDEPENDENT SCHOOL DISTRICT

(A political subdivision of the State of Texas located in Harris County, Texas)

Maintenance Tax Notes, Series 2026

Interest Accrual Date: Initial Delivery

Dated Date: August 1, 2026

Due: August 15 as shown on page ii

The Galena Park Independent School District Maintenance Tax Notes, Series 2026 (the "Notes") are being issued pursuant to the Constitution and general laws of the State of Texas, particularly Section 45.108 of the Texas Education Code, as amended, and Chapter 1371 Texas Government Code ("Chapter 1371"), as amended, and a resolution (the "Resolution") authorizing the issuance of the Notes adopted on August 11, 2025 by the Board of Trustees (the "Board") of the Galena Park Independent School District (the "District"). As permitted by Chapter 1371, the Board, in the Resolution, delegated the authority to certain District officials (the "Pricing Officer") to execute a pricing certificate (the "Pricing Certificate") establishing the pricing terms for the Notes (the Pricing Certificate, together with the Resolution, are collectively referred to herein as the "Resolution"). The Pricing Certificate was executed by the Pricing Officer of the District on July 7, 2026, which completed the sale of the Notes. The Notes constitute direct obligations of the District, secured by and payable from a continuing, direct annual ad valorem tax levied for maintenance purposes by the District against all taxable property located within the District, within the limit prescribed by law, as provided in the Resolution. (See "THE NOTES—Security" and "TAX RATE LIMITATIONS").

Interest on the Notes will accrue from the date of initial delivery (the "Initial Delivery") and will be payable on February 15 and August 15 of each year, commencing February 15, 2027, until maturity or prior redemption. The Notes will be issued in fully registered form in principal denominations of \$5,000 or any integral multiple thereof. Principal of the Notes will be payable by the Paying Agent/Registrar, which initially is BOKF, NA, Dallas, Texas (the "Paying Agent/Registrar"), upon presentation and surrender of the Notes for payment. Interest on the Notes is payable by check dated as of the interest payment date and mailed by the Paying Agent/Registrar to the registered owners as shown on the records of the Paying Agent/Registrar on the close of business as of the last business day of the month next preceding each interest payment date (the "Record Date").

The District intends to utilize the Book-Entry-Only System of The Depository Trust Company ("DTC"). Such Book-Entry-Only System will affect the method and timing of payment and the method of transfer of the Notes. (See "BOOK-ENTRY-ONLY SYSTEM").

Proceeds from the sale of the Notes will be used for the purpose of (i) construction, repair, and renovations to school buildings, (ii) purchasing schedule equipment and (iii) paying the costs of issuance of the Notes. (See "THE NOTES - Authorization and Purpose").

The Notes maturing on or after August 15, 2029 are subject to redemption at the option of the District in whole or in part on August 15, 2028 or any date thereafter, at a price equal to the principal amount thereof, plus accrued interest to the date of redemption. (See "THE NOTES - Optional Redemption").

MATURITY SCHEDULE

(On Page ii)

The Notes are offered for delivery when, as and if issued, and received by the initial purchaser thereof named below (the "Underwriter") subject to the approval of legality by the Attorney General of the State of Texas and the approval of certain legal matters by Holland & Knight LLP, Houston, Texas, Bond Counsel. Certain legal matters will be passed upon for the Underwriter by its counsel, Bracewell LLP, Houston, Texas. The Notes are expected to be available for initial delivery through the services of DTC on or about August 6, 2026.

USE OF INFORMATION IN OFFICIAL STATEMENT

This Official Statement, which includes the cover page and the Appendices hereto, does not constitute an offer to sell or the solicitation of an offer to buy in any jurisdiction to any person to whom it is unlawful to make such offer, solicitation or sale.

No dealer, broker, salesperson or other person has been authorized to give information or to make any representation other than those contained in this Official Statement, and, if given or made, such other information or representations must not be relied upon.

The Underwriter has provided the following sentence for inclusion in this Official Statement. The Underwriter has reviewed the information in this Official Statement pursuant to its responsibilities to investors under federal securities laws, but the Underwriter does not guarantee the accuracy or completeness of such information.

The information set forth herein has been obtained from the District and other sources believed to be reliable, but such information is not guaranteed as to accuracy or completeness and is not to be construed as the promise or guarantee of the District nor the Financial Advisor. This Official Statement contains, in part, estimates and matters of opinion which are not intended as statements of fact, and no representation is made as to the correctness of such estimates and opinions, or that they will be realized.

The information and expressions of opinion contained herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the District or other matters described herein. See "CONTINUING DISCLOSURE OF INFORMATION" for a description of the undertaking of the District to provide certain information on a continuing basis.

THE NOTES ARE EXEMPT FROM REGISTRATION WITH THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION AND CONSEQUENTLY HAVE NOT BEEN REGISTERED THEREWITH. THE REGISTRATION, QUALIFICATION, OR EXEMPTION OF THE NOTES IN ACCORDANCE WITH APPLICABLE SECURITIES LAW PROVISIONS OF THE JURISDICTIONS IN WHICH THE NOTES HAVE BEEN REGISTERED, QUALIFIED, OR EXEMPTED SHOULD NOT BE REGARDED AS A RECOMMENDATION THEREOF.

NONE OF THE DISTRICT, ITS FINANCIAL ADVISOR, NOR THE UNDERWRITER MAKE ANY REPRESENTATION OR WARRANTY WITH RESPECT TO THE INFORMATION CONTAINED IN THIS OFFICIAL STATEMENT REGARDING THE DEPOSITORY TRUST COMPANY ("DTC") OR ITS BOOK-ENTRY-ONLY SYSTEM, AS SUCH INFORMATION WAS PROVIDED BY DTC AND THE INSURER, RESPECTIVELY.

The agreements of the District and others related to the Notes are contained solely in the contracts described herein. Neither this Official Statement nor any other statement made in connection with the offer or sale of the Notes is to be construed as constituting an agreement with the Underwriter of the Notes. INVESTORS SHOULD READ THE ENTIRE OFFICIAL STATEMENT, INCLUDING ALL APPENDICES ATTACHED HERETO, TO OBTAIN INFORMATION ESSENTIAL TO MAKING AN INFORMED INVESTMENT DECISION.

SELECTED DATA FROM THE OFFICIAL STATEMENT

The selected data is subject in all respects to the more complete information and definitions contained or incorporated in this Official Statement. The offering of the Notes to potential investors is made only by means of this entire Official Statement. No person is authorized to detach this page from this Official Statement or to otherwise use it without the entire Official Statement.

The District	The Galena Park Independent School District (the "District") is a political subdivision of the State of Texas located in Harris County, Texas. The District is governed by a seven-member Board of Trustees (the "Board"). Policy-making and supervisory functions are the responsibility of, and are vested in, the Board. The Board delegates administrative responsibilities to the Superintendent of Schools who is the chief administrative officer of the District. Support services are supplied by consultants and advisors.
The Notes	The Notes are being issued in the principal amount of \$6,905,000 pursuant to the Constitution and general laws of the State of Texas, particularly Section 45.108 of the Texas Education Code, as amended, and Chapter 1371 Texas Government Code ("Chapter 1371"), as amended, and a resolution (the "Resolution") authorizing the issuance of the Notes adopted on August 11, 2025 by the Board of Trustees (the "Board") of the Galena Park Independent School District (the "District"). As permitted by Chapter 1371, the Board, in the Resolution, delegated the authority to certain District officials (the "Pricing Officer") to execute a pricing certificate (the "Pricing Certificate") establishing the pricing terms for the Notes (the Pricing Certificate, together with the Resolution, are collectively referred to herein as the "Resolution"). The Pricing Certificate was executed by the Pricing Officer of the District on July 7, 2026, which completed the sale of the Notes. Proceeds from the sale of the Notes will be used for the purpose of (i) construction, repair, and renovations to school buildings, (ii) purchasing schedule equipment and (iii) paying the costs of issuance of the Notes. (See "THE NOTES - Authorization and Purpose").
Paying Agent/Registrar	The initial Paying Agent/Registrar is BOKF, NA, Dallas, Texas. The District intends to use the Book-Entry-Only System of DTC. (See "BOOK-ENTRY-ONLY SYSTEM" herein).
Security	The Notes are direct obligations of the District payable as to principal and interest from and secured by the proceeds of a continuing, direct annual ad valorem tax levied for maintenance and operations purposes by the District, against all taxable property located within the District within the limits prescribed by law. (See "THE NOTES – Security" herein.) See "TAX RATE LIMITATIONS" herein for a discussion of applicable tax limitations pertaining to the District's limited maintenance and operations tax.
Redemption	The Notes maturing on or after August 15, 2029 are subject to redemption at the option of the District in whole or in part on August 15, 2028 or any date thereafter, at a price equal to the principal amount thereof, plus accrued interest to the date of redemption. (See "THE NOTES - Optional Redemption").
Rating	The District's unenhanced, underlying rating is "Aa1" from Moody's.
Tax Matters	In the opinion of Bond Counsel for the District, interest on the Notes is excludable from gross income for federal income tax purposes under existing statutes, regulations, published rulings, and court decisions existing on the date thereof, subject to the matters described under "TAX MATTERS" herein. (See "TAX MATTERS" and "Appendix C - Form of Legal Opinion of Bond Counsel" herein).
Payment Record	The District has never defaulted on the payment of its bonded indebtedness.
Legal Opinion	Delivery of the Notes is subject to the approval by the Attorney General of the State of Texas and the rendering of an opinion as to legality by Holland & Knight LLP, Houston, Texas, Bond Counsel.
Delivery	When issued, anticipated to be on or about August 6, 2026.

INTRODUCTORY STATEMENT

This Official Statement (the "Official Statement"), which includes the Appendices attached hereto, has been prepared by the Galena Park Independent School District, a political subdivision of the State of Texas located in Harris County, Texas (the "District"), in connection with the offering by the District of its Maintenance Tax Notes, Series 2026 (the "Notes") identified on page ii hereof.

All financial and other information presented in this Official Statement has been provided by the District from its records, except for information expressly attributed to other sources. The presentation of information, including tables of receipts from taxes and other sources, is intended to show recent historic information, and is not intended to indicate future or continuing trends in the financial position or other affairs of the District. No representation is made that past experience, as is shown by that financial and other information, will necessarily continue or be repeated in the future.

There follows in this Official Statement descriptions of the Notes and the resolution (the "Resolution") adopted by the Board of Trustees of the District authorizing the issuance of the Notes, and certain other information about the District and its finances. All descriptions of documents contained herein are only summaries and are qualified in their entirety by reference to each such document. Copies of such documents may be obtained by writing the Galena Park Independent School District, 14705 Woodforest Blvd., Houston, Texas 77015 and, during the offering period, from the Financial Advisor, SAMCO Capital Markets, Inc., 5800 Granite Parkway, Suite 210, Plano, Texas 75024, by electronic mail or upon payment of reasonable copying, mailing, and handling charges.

This Official Statement speaks only as to its date, and the information contained herein is subject to change. A copy of this Final Official Statement pertaining to the Notes will be submitted by the Underwriter of the Notes to the Municipal Securities Rulemaking Board, and will be available through its Electronic Municipal Market Access system. See "CONTINUING DISCLOSURE OF INFORMATION" for a description of the District's undertaking to provide certain information on a continuing basis.

THE NOTES

Authorization and Purpose

The Notes are being issued in the principal amount of \$6,905,000 pursuant to the Constitution and general laws of the State of Texas, particularly Section 45.108 of the Texas Education Code, as amended, and Chapter 1371 Texas Government Code ("Chapter 1371"), as amended, and a resolution (the "Resolution") authorizing the issuance of the Notes adopted on August 11, 2025 by the Board of Trustees (the "Board") of the Galena Park Independent School District (the "District"). As permitted by Chapter 1371, the Board, in the Resolution, delegated the authority to certain District officials (the "Pricing Officer") to execute a pricing certificate (the "Pricing Certificate") establishing the pricing terms for the Notes (the Pricing Certificate, together with the Resolution, are collectively referred to herein as the "Resolution"). The Pricing Certificate was executed by the Pricing Officer of the District on July 7, 2026, which completed the sale of the Notes.

General Description

The Notes are dated August 1, 2026 (the "Dated Date") but interest will accrue from the Initial Delivery. The Notes will mature on the dates and in the principal amounts set forth on page ii of this Official Statement. Interest on the Notes will be computed on the basis of a 360-day year of twelve 30-day months, and is payable on February 15, 2027 and on each August 15 and February 15 thereafter until stated maturity or prior redemption.

The Notes will be issued only as fully registered notes. The Notes will be issued in the denominations of \$5,000 of principal or any integral multiple thereof within a maturity.

Interest on the Notes is payable by check mailed on or before each interest payment date by the Paying Agent/Registrar, initially, BOKF, NA, Dallas, Texas, to the registered owner at the last known address as it appears on the Paying Agent/Registrar's books on the Record Date (as defined herein) or by such other customary banking arrangement acceptable to the Paying Agent/Registrar and the registered owner to whom interest is to be paid, provided, however, that such person shall bear all risk and expense of such other arrangements. The record date (the "Record Date") for determining the party to whom the interest on the Notes is payable on any interest payment date is the last business day of the month next preceding such interest payment date. Principal of the Notes will be payable only upon presentation of such Notes at the corporate trust office of the Paying Agent/Registrar at maturity or prior redemption. So long as the Notes are registered in the name of CEDE & CO. or other nominee for The Depository Trust Company, payments of principal and interest of the Notes will be made as described in "BOOK-ENTRY-ONLY SYSTEM" herein.

If the date for the payment of the principal of or interest on the Notes is a Saturday, Sunday, legal holiday or a day on which banking institutions in the city where the Paying Agent/Registrar is located are authorized by law or executive order to close, then the date for such payment shall be the next succeeding day which is not a Saturday, Sunday, legal holiday or a day on which banking institutions are authorized to close; and payment on such date shall have the same force and effect as if made on the original date payment was due.

Optional Redemption

The Notes maturing on or after August 15, 2029, are subject to redemption, at the option of the District, in whole or in part, on August 15, 2028, or any date thereafter, at a price equal to the principal amount thereof, plus accrued interest to the date of redemption. If less than all of the Notes are to be redeemed, the District shall determine the amounts and maturities thereof to be redeemed and shall direct the Paying Agent/Registrar to select by lot the Notes, or portions thereof, to be redeemed. Not less than 30 days prior to a redemption date for the Notes, the District shall cause a notice of redemption to be sent by United States mail, first class, postage prepaid, to each registered owner of a Note to be redeemed, in whole or in part, at the address of the registered owner appearing on the registration books of the Paying Agent/Registrar at the close of business on the business day next preceding the date of mailing such notice.

With respect to any optional redemption of the Notes, unless certain prerequisites to such redemption required by the Resolution have been met and money sufficient to pay the principal of and premium, if any, and interest on the Notes to be redeemed will have been received by the Paying Agent/Registrar prior to the giving of such notice of redemption, such notice will state that said redemption may, at the option of the District, be conditional upon the satisfaction of such prerequisites and receipt of such money by the Paying Agent/Registrar on or prior to the date fixed for such redemption or upon any prerequisite set forth in such notice of redemption. If a conditional notice of redemption is given and such prerequisites to the redemption are not fulfilled, such notice will be of no force and effect, the District will not redeem such Notes, and the Paying Agent/Registrar will give notice

in the manner in which the notice of redemption was given, to the effect that such Notes have not been redeemed. ANY NOTICE OF REDEMPTION SO MAILED SHALL BE CONCLUSIVELY PRESUMED TO HAVE BEEN DULY GIVEN IRRESPECTIVE OF WHETHER RECEIVED BY THE NOTEHOLDER, AND, SUBJECT TO PROVISION FOR PAYMENT OF THE REDEMPTION PRICE HAVING BEEN MADE, AND ANY PRECONDITIONS STATED IN THE NOTICE OF REDEMPTION HAVING BEEN SATISFIED INTEREST ON THE REDEEMED NOTES SHALL CEASE TO ACCRUE FROM AND AFTER SUCH REDEMPTION DATE NOTWITHSTANDING THAT A NOTE HAS NOT BEEN PRESENTED FOR PAYMENT.

Notice of Redemption and DTC Notices

The Paying Agent/Registrar and the District, so long as a Book-Entry-Only System is used for the Notes, will send any notice of redemption, notice of proposed amendment to the Resolution or other notices with respect to the Notes only to DTC. Any failure by DTC to advise any DTC participant, or of any DTC participant or indirect participant to notify the beneficial owner, shall not affect the validity of the redemption of the Notes called for redemption or any other action premised on any such notice. Redemption of portions of the Notes by the District will reduce the outstanding principal amount of such Notes held by DTC. In such event, DTC may implement, through its Book-Entry-Only System, a redemption of such Notes held for the account of DTC participants in accordance with its rules or other agreements with DTC participants and then DTC participants and indirect participants may implement a redemption of such Notes from the beneficial owners. Any such selection of Notes to be redeemed will not be governed by the Resolution and will not be conducted by the District or the Paying Agent Registrar. Neither the District nor the Paying Agent will have any responsibility to DTC participants, indirect participants or the persons for whom DTC participants act as nominees, with respect to the payments on the Notes or the providing of notice to DTC participants, indirect participants, or beneficial owners of the selection of portions of the Notes for redemption. See "BOOK-ENTRY-ONLY SYSTEM" herein.

Security

The Notes are direct obligations of the District and are payable as to both principal and interest from and secured by the proceeds of a continuing, direct annual ad valorem tax levied for maintenance and operations purposes by the District against all taxable property located within the District, within the limits prescribed by law, as provided in the Resolution. (See "TAX RATE LIMITATIONS" herein for a discussion of applicable tax limitations pertaining to the maintenance and operations tax. See also "AD VALOREM TAX PROCEDURES" and "STATE AND LOCAL FUNDING OF SCHOOL DISTRICTS IN TEXAS" herein).

Legality

The Notes are offered when, as and if issued, subject to the approval of legality by the Attorney General of the State of Texas and Holland & Knight LLP, Houston, Texas, Bond Counsel. (See "LEGAL MATTERS" and "Appendix C - Form of Legal Opinion of Bond Counsel").

Payment Record

The District has never defaulted on the payment of its bonded indebtedness.

Amendments

The District may amend the Resolution without the consent of or notice to any registered owner in any manner not detrimental to the interests of the registered owners, including the curing of any ambiguity, inconsistency, or formal defect or omission therein. In addition, the District may, with the written consent of the holders of a majority in aggregate principal amount of the Notes then outstanding and affected thereby, amend, add to, or rescind any of the provisions of the Resolution; except that, without the consent of the registered owners of all of the Notes affected, no such amendment, addition or rescission may (1) make any change in the maturity of any of the outstanding Notes; (2) reduce the rate of interest borne by any of the outstanding Notes; (3) reduce the amount of the principal of or redemption premium, if any, payable on any outstanding Notes; (4) modify the terms of payment of principal or interest on outstanding Notes or any of them or impose any condition with respect to such payment; or (5) change the minimum percentage of the principal amount of the Notes necessary for consent to such amendment.

Defeasance

The Resolution provides for the defeasance of the Notes when payment of the principal of and premium, if any, on the Notes, plus interest thereon to the due date thereof (whether such due date be by reason of maturity, redemption or otherwise), is provided by irrevocably depositing with a paying agent or escrow agent, in trust (1) money in an amount sufficient to make such payment and/or (2) Defeasance Securities, that will mature as to principal and interest in such amounts and at such times to insure the availability, without reinvestment, of sufficient money to make such payment, and all necessary and proper fees, compensation and expenses of the paying agent for the Notes. The District has additionally reserved the right, subject to satisfying the requirements of (1) and (2) above, to substitute other Defeasance Securities originally deposited, to reinvest the uninvested moneys on deposit for such defeasance and to withdraw for the benefit of the District moneys in excess of the amount required for such defeasance. The Resolution provides that "Defeasance Securities" means any securities and obligations now or hereafter authorized by State law that are eligible to discharge obligations such as the Notes. Current State law permits defeasance with the following types of securities: (a) direct, noncallable obligations of the United States of America, including obligations that are unconditionally guaranteed by the United States of America, (b) noncallable obligations of an agency or instrumentality of the United States of America, including obligations that are unconditionally guaranteed or insured by the agency or instrumentality and that, on the date the Board of Trustees authorizes the defeasance, are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent, and (c) noncallable obligations of a state or an agency or a county, municipality, or other political subdivision of a state that on the date the Board of Trustees authorizes the defeasance are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent. There is no assurance that the current law will not be changed in a manner which would permit investments other than those described above to be made to defease the Notes. Because the Resolution does not contractually limit such investments, registered owners will be deemed to have consented to defeasance with such other investments, notwithstanding the fact that such investments may not be of the same investment quality as those currently permitted under State law. There is no assurance that the ratings for U.S. Treasury securities used for defeasance purposes or that for any other Defeasance Security will be maintained at any particular rating category.

Upon such deposit as described above, such Notes shall no longer be regarded as outstanding or unpaid. After firm banking and financial arrangements for the discharge and final payment of the Notes have been made as described above, all rights of the District to initiate proceedings to call the Notes for redemption or take any other action amending the terms of the Notes are extinguished; provided however, the District has reserved the option, to be exercised at the time of the defeasance of the Notes, to call for redemption at an earlier date those Notes which have been defeased to their maturity date, if the District (i) in the

proceedings providing for the firm banking and financial arrangements, expressly reserves the right to call the Notes for redemption, (ii) gives notice of the reservation of that right to the owners of the Notes immediately following the making of the firm banking and financial arrangements, and (iii) directs that notice of the reservation be included in any redemption notices that it authorizes.

Sources and Uses of Funds

The proceeds from the sale of the Notes will be applied approximately as follows:

Sources	
Par Amount of Notes	\$ 6,905,000.00
Premium	274,102.05
Total Sources of Funds	\$ 7,179,102.05
Uses	
Construction Fund Deposit	\$ 7,000,000.00
Costs of Issuance	138,986.08
Underwriter's Discount	40,115.97
Total Uses of Funds	\$ 7,179,102.05

REGISTERED OWNERS' REMEDIES

The Resolution establishes specific events of default with respect to the Notes, and provides that if the District defaults in the payment of principal or interest on the Notes when due, or if it fails to make payments into any fund or funds created in the Resolution, or defaults in the observation or performance of any other covenants, conditions, or obligations set forth in the Resolution and the continuation thereof for a period of 60 days after notice of default is given to the District by any owner, the registered owners may seek a writ of mandamus to compel District officials to carry out their legally imposed duties with respect to the Notes, if there is no other available remedy at law to compel performance of the Notes or the Resolution covenants and the District's obligations are not uncertain or disputed. The issuance of a writ of mandamus is controlled by equitable principles and rests with the discretion of the court, but may not be arbitrarily refused. There is no acceleration of maturity of the Notes in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year. The Resolution does not provide for the appointment of a trustee to represent the interest of the noteholders upon any failure of the District to perform in accordance with the terms of the Resolution, or upon any other condition and accordingly all legal actions to enforce such remedies would have to be undertaken at the initiative of, and be financed by, the registered owners. The Texas Supreme Court has ruled in *Tooke v. City of Mexia*, 197 S.W.3d 325 (Tex. 2006), that a waiver of sovereign immunity in a contractual dispute must be provided for by statute in "clear and unambiguous" language. Because it is unclear whether the Texas legislature has effectively waived the District's sovereign immunity from a suit for money damages, holders of Notes may not be able to bring such a suit against the District for breach of the Notes or Resolution covenants in the absence of District action. Even if a judgment against the District could be obtained, it could not be enforced by direct levy and execution against the District's property. Further, the registered owners cannot themselves foreclose on property within the District or sell property within the District to enforce the tax lien on taxable property to pay the principal of and interest on the Notes. Furthermore, the District is eligible to seek relief from its creditors under Chapter 9 of the U.S. Bankruptcy Code ("Chapter 9"). Although Chapter 9 provides for the recognition of a security interest represented by a specifically pledged source of revenues, the pledge of ad valorem taxes in support of a general obligation of a bankrupt entity is not specifically recognized as a security interest under Chapter 9. Chapter 9 also includes an automatic stay provision that would prohibit, without Bankruptcy Court approval, the prosecution of any other legal action by creditors or bondholders of an entity which has sought protection under Chapter 9. Therefore, should the District avail itself of Chapter 9 protection from creditors, the ability to enforce would be subject to the approval of the Bankruptcy Court (which could require that the action be heard in Bankruptcy Court instead of other federal or state court); and the Bankruptcy Code provides for broad discretionary powers of a Bankruptcy Court in administering any proceeding brought before it. The opinion of Bond Counsel will note that all opinions relative to the enforceability of the Resolution and the Notes are qualified with respect to the customary rights of debtors relative to their creditors, by general principles of equity which permit the exercise of judicial discretion and by governmental immunity.

BOOK-ENTRY-ONLY SYSTEM

This section describes how ownership of the Notes is to be transferred and how the principal of and interest on the Notes are to be paid to and credited by The Depository Trust Company, New York, New York ("DTC") while the Notes are registered in its nominee name. The information in this section concerning DTC and the Book-Entry-Only System has been provided by DTC for use in disclosure documents such as this Official Statement. The District, the Financial Advisor and the Underwriter believe the source of such information to be reliable, but take no responsibility for the accuracy or completeness thereof.

The District cannot and does not give any assurance that (1) DTC will distribute payments of debt service on the Notes, or redemption or any other notices, to Direct Participants, (2) Direct Participants or others will distribute debt service payments paid to DTC or its nominee (as the registered owner of the Notes) or redemption or other notices, to the Beneficial Owners, or that they will do so on a timely basis, or (3) DTC will serve and act in the manner described in this Official Statement. The current rules applicable to DTC are on file with the United States Securities and Exchange Commission, and the current procedures of DTC to be followed in dealing with Direct Participants are on file with DTC.

DTC will act as securities depository for the Notes. The Notes will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Note certificate will be issued for each maturity of the Notes, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited Securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing

Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a S&P Global Ratings rating of AA+. The DTC Rules applicable to its Participants are on file with the United States Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Notes on DTC's records. The ownership interest of each actual purchaser of each Note ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Notes, except in the event that use of the Book-Entry-Only System for the Notes is discontinued.

To facilitate subsequent transfers, all Notes deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Notes may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Notes, such as, redemption, tenders, defaults, and proposed amendments to the Note documents. For example, Beneficial Owners of Notes may wish to ascertain that the nominee holding the Notes for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Notes within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Notes unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

All payments on the Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or the Paying Agent/Registrar, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent/Registrar, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. All payments with respect to the Notes to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) are the responsibility of the District or the Paying Agent/Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Notes at any time by giving reasonable notice to the District or the Paying Agent/Registrar. Under such circumstances, in the event that a successor depository is not obtained, physical Note certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, physical Note certificates will be printed and delivered.

The information in this section concerning DTC and DTC's Book-Entry-Only System has been obtained from sources that the District believes to be reliable, but none of the District, the Financial Advisor, nor the Underwriter take any responsibility for the accuracy thereof.

Use of Certain Terms in Other Sections of this Official Statement

In reading this Official Statement it should be understood that while the Notes are in the Book-Entry-Only System, references in other sections of this Official Statement to registered owners should be read to include the person for which the Direct or Indirect Participant acquires an interest in the Notes, but (i) all rights of ownership must be exercised through DTC and the Book-Entry-Only System, and (ii) except as described above, notices that are to be given to registered owners under the Resolution will be given only to DTC.

REGISTRATION, TRANSFER AND EXCHANGE

Paying Agent/Registrar

The initial Paying Agent/Registrar for the Notes is BOKF, NA, Dallas, Texas. In the Resolution, the District covenants to maintain and provide a Paying Agent/Registrar until the Notes are duly paid.

Successor Paying Agent/Registrar

Provision is made in the Resolution for replacing the Paying Agent/Registrar. If the District replaces the Paying Agent/Registrar, such Paying Agent/Registrar shall, promptly upon the appointment of a successor, deliver the Paying Agent/Registrar's records to the successor Paying Agent/Registrar, and the successor Paying Agent/Registrar shall act in the same capacity as the previous Paying Agent/Registrar. Any successor Paying Agent/Registrar selected by the District shall be a commercial bank or trust company organized under the laws of the United States or any state or other entity duly qualified and legally authorized to serve and perform the duties of the Paying Agent/Registrar for the Notes. Upon any change in the Paying Agent/Registrar for the Notes, the District has agreed to promptly cause a written notice thereof to be sent to each registered owner of the Notes by United States mail, first class, postage prepaid, which notice shall also give the address of the new Paying Agent/Registrar.

Initial Registration

Definitive Notes will be initially registered and delivered only to CEDE & CO., the nominee of DTC pursuant to the Book-Entry-Only System described herein.

Future Registration

In the event the Book-Entry-Only System is discontinued, the Notes may be transferred, registered and assigned on the registration books only upon presentation and surrender of the Notes to the Paying Agent/Registrar, and such registration and transfer shall be without expense or service charge to the registered owner, except for any tax or other governmental charges required to be paid with respect to such registration and transfer. A Note may be assigned by the execution of an assignment form on the Notes or by other instrument of transfer and assignment acceptable to the Paying Agent/Registrar. A new Note or Notes will be delivered by the Paying Agent/Registrar in lieu of the Note being transferred or exchanged at the corporate trust office of the Paying Agent/Registrar, or sent by United States registered mail to the new registered owner at the registered owner's request, risk and expense. To the extent possible, new Notes issued in an exchange or transfer of Notes will be delivered to the registered owner or assignee of the registered owner in not more than three (3) business days after the receipt of the Notes to be canceled in the exchange or transfer and the written instrument of transfer or request for exchange duly executed by the registered owner or his duly authorized agent, in form satisfactory to the Paying Agent/Registrar. New Notes registered and delivered in an exchange or transfer shall be in authorized denominations and for a like aggregate principal amount as the Notes surrendered for exchange or transfer.

Record Date For Interest Payment

The record date ("Record Date") for determining the person to whom the interest on the Notes is payable on any interest payment date means the close of business on the last business day of the next preceding month. In the event of a non-payment of interest on a scheduled payment date, and for 30 days thereafter, a new record date for such interest payment (a "Special Record Date") will be established by the Paying Agent/Registrar, if and when funds for the payment of such interest have been received from the District. Notice of the Special Record Date and of the scheduled payment date of the past due interest (the "Special Payment Date" which shall be 15 days after the Special Record Date) shall be sent at least five business days prior to the Special Record Date by United States mail, first class, postage prepaid, to the address of each registered owner of a Note appearing on the books of the Paying Agent/Registrar at the close of business on the last business day next preceding the date of mailing of such notice.

Limitation on Transfer of Notes

Neither the District nor the Paying Agent/Registrar shall be required to make any such, transfer, conversion or exchange during the period beginning at the close of business on any Record Date and ending with the next interest payment date or, with respect to any Note or portion thereof called for redemption prior to maturity, within 45 days prior to its redemption date; provided, however, such limitation of transfer shall not be applicable to an exchange by the registered owner of the uncalled balance of a Note called for redemption in part.

Replacement Notes

If any Note is mutilated, destroyed, stolen or lost, a new Note in the same principal amount as the Note so mutilated, destroyed, stolen or lost will be issued. In the case of a mutilated Note, such new Note will be delivered only upon surrender and cancellation of such mutilated Note. In the case of any Note issued in lieu of and substitution for a Note which has been destroyed, stolen or lost, such new Note will be delivered only (a) upon filing with the District and the Paying Agent/Registrar a certificate to the effect that such Note has been destroyed, stolen or lost and proof of the ownership thereof, and (b) upon furnishing the District and the Paying Agent/Registrar with indemnity satisfactory to them. The person requesting the authentication and delivery of a new Note must pay such expenses as the Paying Agent/Registrar may incur in connection therewith.

STATE AND LOCAL FUNDING OF SCHOOL DISTRICTS IN TEXAS

Litigation Relating to the Texas Public School Finance System

On seven occasions in the last thirty years, the Texas Supreme Court (the "Court") has issued decisions assessing the constitutionality of the Texas public school finance system (the "Finance System"). The litigation has primarily focused on whether the Finance System, as amended by the Texas Legislature (the "Legislature") from time to time (i) met the requirements of article VII, section 1 of the Texas Constitution, which requires the Legislature to "establish and make suitable provision for the support and maintenance of an efficient system of public free schools," or (ii) imposed a statewide ad valorem tax in violation of article VIII, section 1-e of the Texas Constitution because the statutory limit on property taxes levied by school districts for maintenance and operation purposes had allegedly denied school districts meaningful discretion in setting their tax rates. In response to the Court's previous decisions, the Legislature enacted multiple laws that made substantive changes in the way the Finance System is funded in efforts to address the prior decisions declaring the Finance System unconstitutional.

On May 13, 2016, the Court issued its opinion in the most recent school finance litigation, *Morath v. The Texas Taxpayer & Student Fairness Coal.*, 490 S.W.3d 826 (Tex. 2016) ("Morath"). The plaintiffs and intervenors in the case had alleged that the Finance System, as modified by the Legislature in part in response to prior decisions of the Court, violated article VII, section 1 and article VIII, section 1-e of the Texas Constitution. In its opinion, the Court held that "[d]espite the imperfections of the current school funding regime, it meets minimum constitutional requirements." The Court also noted that:

Lawmakers decide if laws pass, and judges decide if those laws pass muster. But our lenient standard of review in this policy-laden area counsels modesty. The judicial role is not to second-guess whether our system is optimal, but whether it is constitutional. Our Byzantine school funding "system" is undeniably imperfect, with immense room for improvement. But it satisfies minimum constitutional requirements.

Possible Effects of Litigation and Changes in Law on District Notes

The Court's decision in *Morath* upheld the constitutionality of the Finance System but noted that the Finance System was "undeniably imperfect". While not compelled by the *Morath* decision to reform the Finance System, the Legislature could enact future changes to the Finance System. Any such changes could benefit or be a detriment to the District. If the Legislature enacts future changes to, or fails adequately to fund the Finance System, or if changes in circumstances otherwise provide grounds for a challenge, the Finance System could be challenged again in the future. In its 1995 opinion in *Galena Park Independent School District v. Meno*, 917 S.W.2d 717 (Tex. 1995), the Court stated that any future determination of unconstitutionality "would not, however, affect the district's authority to levy the taxes necessary to retire previously issued bonds, but would instead require the Legislature to cure the system's unconstitutionality in a way that is consistent with the Contract Clauses of the U.S. and Texas Constitutions" (collectively, the "Contract Clauses"), which prohibit the enactment of laws that impair prior obligations of contracts.

Although, as a matter of law, the Notes, upon issuance and delivery, will be entitled to the protections afforded previously existing contractual obligations under the Contract Clauses, the District can make no representations or predictions concerning the effect of

future legislation, or any litigation that may be associated with such legislation, on the District's financial condition, revenues or operations. While the enactment of future legislation to address school funding in Texas could adversely affect the financial condition, revenues or operations of the District, the District does not anticipate that the security for payment of the Notes, specifically, the District's obligation to levy its limited maintenance and operations tax for payment of the Notes would be adversely affected by any such legislation. See "CURRENT PUBLIC SCHOOL FINANCE SYSTEM".

CURRENT PUBLIC SCHOOL FINANCE SYSTEM

Overview

The following language constitutes only a summary of the Finance System. The information contained under the captions "CURRENT PUBLIC SCHOOL FINANCE SYSTEM" and "TAX RATE LIMITATIONS" is subject to change, and only reflects the District's understanding based on information available to the District as of the date of this Official Statement. Voter approval of constitutional amendments submitted to the voters at an election held on November 4, 2025 are noted below. See "– 2025 Legislative Session," below. For a more complete description of school finance and fiscal management in the State, reference is made to Chapters 43 through 49 of the Texas Education Code, as amended. Additionally, prospective investors are encouraged to review the Property Tax Code (as defined herein) for definitive requirements for the levy and collection of ad valorem taxes and the calculation of the defined tax rates.

Local school district funding is derived from collections of ad valorem taxes levied on property located within each school district's boundaries. School districts are authorized to levy two types of property taxes: a maintenance and operations ("M&O") tax to pay current expenses and an interest and sinking fund ("I&S") tax to pay debt service on bonds. School districts are prohibited from levying an M&O tax rate for the purpose of creating a surplus in M&O tax revenues to pay the district's debt service. Current law also requires school districts to demonstrate their ability to pay debt service on outstanding bonded indebtedness through the levy of an I&S tax at a rate not to exceed \$0.50 per \$100 of taxable value at the time bonds are issued. Once bonds are issued, however, school districts generally may levy an I&S tax sufficient to pay debt service on such bonds unlimited as to rate or amount (see "TAX RATE LIMITATIONS – I&S Tax Rate Limitations" herein). Because property values vary widely among school districts, the amount of local funding generated by school districts with the same I&S tax rate and M&O tax rate is also subject to wide variation; however, the public school finance funding formulas are designed to generally equalize, on a per student basis, local funding generated by a school district's M&O tax rate.

2025 Legislative Sessions

The regular session of the 89th Texas Legislature (the "Legislature") commenced on January 14, 2025 and concluded on June 2, 2025 (the "89th Regular Session"). The Legislature meets in regular session in odd numbered years for 140 days. When the Legislature is not in session, the Governor of Texas (the "Governor") may call one or more special sessions, at the Governor's discretion, each lasting no more than 30 days, and for which the Governor sets the agenda (any such special sessions, together with the 89th Regular Session, are collectively referred to herein as the "2025 Legislative Sessions"). The Governor called a first special session, which began on July 21, 2025 and ended on August 15, 2025. The Governor called a second special session, which began on August 15, 2025 and ended on September 4, 2025.

During the 89th Regular Session, the Legislature considered a general appropriations act and legislation affecting the Finance System and ad valorem taxation procedures and exemptions, and investments, among other legislation affecting school districts and the administrative agencies that oversee school districts. Pursuant to a Statewide election held on November 4, 2025, and legislation passed by both houses of the Legislature there is an increase: (1) in the State mandated general homestead exemption from \$100,000 to \$140,000, (2) the additional exemption on the residence homesteads of those at least sixty-five (65) years of age or disabled from \$10,000 to \$60,000, and (3) the exemption for tangible personal property used in the "production of income" from \$2,500 to \$125,000. Additionally, both houses of the Legislature passed and the Governor signed legislation that authorizes roughly \$8.5 billion in funding for public schools and provides districts with a \$55 per-student increase to their base funding, as well as provide districts with additional funding for teacher and staff salaries, educator preparation, special education, safety requirements and early childhood learning. Finally, legislation passed by the Legislature and signed into law by the Governor will create an education savings account program (commonly referred to as vouchers) for students that attend private schools or home school. The legislation became effective September 1, 2025, though families will not receive ESA funds until the 2026-2027 school year. The amount spent for purposes of the program for the 2025-2027 biennium may not exceed \$1 billion. Beginning on September 1, 2027, the legislation requires the Legislature to re-appropriate funds for the program for each subsequent State fiscal biennium. Such program could impact attendance in the District by incentivizing students to homeschool or attend private schools, which could negatively affect the District's attendance based funding.

The District is still in the process of reviewing legislation passed during the 2025 Legislative Sessions. At this time, the District cannot make any representations as to the full impact of such legislation. Further, the District can make no representations or predictions regarding the scope of legislation that may be considered in any special session or the potential impact of such legislation at this time, but it intends to monitor applicable legislation related thereto.

Local Funding for School Districts

A school district's M&O tax rate is composed of two distinct parts: the "Tier One Tax Rate", which is the local M&O tax rate required for a school district to receive any part of the basic level of State funding (referred to herein as "Tier One") under the Foundation School Program, as further described below, and the "Enrichment Tax Rate", which is any local M&O tax effort in excess of its Tier One Tax Rate. Formulas for the State Compression Percentage and Maximum Compressed Tax Rate (each as described below) are designed to compress M&O tax rates in response to year-over-year increases in property values across the State and within a school district, respectively. The discussion in this subcaption "Local Funding For School Districts" is generally intended to describe funding provisions applicable to all school districts; however, there are distinctions in the funding formulas for school districts that generate local M&O tax revenues in excess of the school districts' funding entitlements, as further discussed under the subcaption "CURRENT PUBLIC SCHOOL FINANCE SYSTEM – Local Revenue Level In Excess of Entitlement" herein.

State Compression Percentage

The State Compression Percentage (the "SCP") is a statutorily-defined percentage of the rate of \$1.00 per \$100 that is used to determine a school district's Maximum Compressed Tax Rate (described below). The State Compression Percentage is the lesser of three alternative calculations: (1) 93% or a lower percentage set by appropriation for a school year; (2) a percentage determined by formula if the estimated total taxable property value of the State (as submitted annually to the State Legislature by the State Comptroller) has increased by at least 2.5% over the prior year; and (3) the prior year State Compression Percentage. For any year, the maximum State Compression Percentage is 93%. For the State fiscal year ending in 2026, the State Compression Percentage is set at 63.22%.

Maximum Compressed Tax Rate

The Maximum Compressed Tax Rate (the "MCR") is the tax rate per \$100 of valuation of taxable property at which a school district must levy its Tier One Tax Rate to receive the full amount of the Tier One funding to which the school district is entitled. The MCR is equal to the lesser of two alternative calculations: (1) the school district's year SCP multiplied by \$1.00; or (2) a percentage

determined by formula if the school district experienced a year-over-year increase in property value of at least 2.5% (if the increase in property value is less than 2.5%, then MCR is equal to the prior year MCR). However, each year the TEA shall evaluate the MCR for each school district in the State, and for any given year, if a school district's MCR is calculated to be less than 90% of any other school district's MCR for the current year, then the school district's MCR is instead equal to the school district's prior year MCR, until TEA determines that the difference between the school district's MCR and any other school district's MCR is not more than 10%. These compression formulas are intended to more closely equalize local generation of Tier One funding among districts with disparate tax bases and generally reduce the Tier One Tax Rates of school districts as property values increase. During the 2025 Legislative Sessions, the Legislature took action to reduce the MCR for the 2025-2026 school year. The MCR for the 2025-2026 school year is \$0.6322 and the floor is \$0.5689.

In calculating and making available school districts' MCRs for the 2025-2026 school year, the TEA shall calculate and make available the rates as if the increase in the residence homestead exemption under Section 1-b(c), Article VIII, Texas Constitution, as proposed by the 89th Legislature, Regular Session, 2025, took effect. Such calculation for the 2025-2026 school year expires September 1, 2026. Pursuant to voter approval at a Statewide election held on November 4, 2025, the residential homestead exemption under Section 1-b(c), Article VIII, Texas Constitution increases (1) the State mandated general homestead exemption from \$100,000 to \$140,000, and (2) the additional exemption on the residence homesteads of those at least sixty-five (65) years of age or disabled from \$10,000 to \$60,000. These changes take effect for the tax year beginning January 1, 2025.

If the increase in the residence homestead as proposed by the constitutional amendment does not take effect, beginning on September 1, 2025, and up until September 1, 2029, the Commissioner may adjust school districts' MCRs for the 2025-2026 school year accordingly. Before making an adjustment, the Commissioner shall notify and must receive approval from the Legislative Budget Board and the office of the Governor.

Tier One Tax Rate

A school district's Tier One Tax Rate is defined as a school district's M&O tax rate levied that does not exceed the school district's MCR.

Enrichment Tax Rate

The Enrichment Tax Rate is the number of cents a school district levies for M&O in excess of the Tier One Tax Rate, up to an additional \$0.17. The Enrichment Tax Rate is divided into two components: (i) "Golden Pennies" which are the first \$0.08 of tax effort in excess of a school district's Tier One Tax Rate; and (ii) "Copper Pennies" which are the next \$0.09 in excess of a school district's Tier One Tax Rate plus Golden Pennies.

School districts may levy an Enrichment Tax Rate at a level of their choice, subject to the limitations described under "TAX RATE LIMITATIONS – Public Hearing and Voter-Approval Tax Rate"; however to levy any of the Enrichment Tax Rate in a given year, a school district must levy a Tier One Tax Rate equal to the school district's MCR.

State Funding for School Districts

State funding for school districts is provided through the two-tiered Foundation School Program, which guarantees certain levels of funding for school districts in the State. School districts are entitled to a legislatively appropriated guaranteed yield on their Tier One Tax Rate and Enrichment Tax Rate. When a school district's Tier One Tax Rate and Enrichment Tax Rate generate tax revenues at a level below the respective entitlement, the State will provide "Tier One" funding or "Tier Two" funding, respectively, to fund the difference between the school district's entitlements and the actual M&O revenues generated by the school district's respective M&O tax rates.

The first level of funding, Tier One, is the basic level of funding guaranteed to all school districts based on a school district's Tier One Tax Rate. Tier One funding may then be "enriched" with Tier Two funding. Tier Two provides a guaranteed entitlement for each cent of a school district's Enrichment Tax Rate, allowing a school district increase or decrease its Enrichment Tax Rate to supplement Tier One funding at a level of the school district's own choice. While Tier One funding may be used for the payment of debt service (except for school districts subject to the recapture provisions of Chapter 49 of the Texas Education Code, as discussed herein), and in some instances is required to be used for that purpose (see "TAX RATE LIMITATIONS – I&S Tax Rate Limitations"), Tier Two funding may not be used for the payment of debt service or capital outlay.

The current public school finance system also provides an Existing Debt Allotment ("EDA") to subsidize debt service on eligible outstanding school district bonds, an Instructional Facilities Allotment ("IFA") to subsidize debt service on newly issued bonds, and a New Instructional Facilities Allotment ("NIFA") to subsidize operational expenses associated with the opening of a new instructional facility. IFA primarily addresses the debt service needs of property-poor school districts.

Tier One and Tier Two allotments represent the State's share of the cost of M&O expenses of school districts, with local M&O taxes representing the school district's local share. EDA and IFA allotments supplement a school district's local I&S taxes levied for debt service on eligible bonds issued to construct, acquire and improve facilities, provided that a school district qualifies for such funding and that the State Legislature makes sufficient appropriations to fund the allotments for a State fiscal biennium. Tier One and Tier Two allotments and existing EDA and IFA allotments are generally required to be funded each year by the State Legislature.

Tier One

Tier One funding is the basic level of funding guaranteed to a school district, consisting of a State-appropriated baseline level of funding (the "Basic Allotment") for each student in "Average Daily Attendance" (being generally calculated as the sum of student attendance, other than students in average daily attendance who do not for each State-mandated day of instruction divided by the number of State-mandated days of instruction, defined herein as "ADA"). The Basic Allotment is revised downward if a school district's Tier One Tax Rate is less than the State-determined threshold. The Basic Allotment is supplemented by additional State funds, allotted based upon the unique school district characteristics and demographics of students in ADA, to make up most of a school district's Tier One entitlement under the Foundation School Program.

The Basic Allotment for school districts with a Tier One Tax Rate equal to the school district's MCR, is \$6,160 plus the guaranteed yield increment adjustment (the "GYIA") for each student in ADA and is revised downward for school districts with a Tier One Tax Rate lower than the school district's MCR. The GYIA is established by October 1 of each even-numbered year for the subsequent biennium. For the 2026-27 biennium, the GYIA is set at \$55. The Basic Allotment is then supplemented for all school districts by various weights to account for differences among school districts and their student populations. Such additional allotments include, but are not limited to, increased funds for students in ADA who: (i) attend a qualified special education program, (ii) are diagnosed with dyslexia or a related disorder, (iii) are economically disadvantaged, or (iv) have limited English language proficiency. Additional allotments to mitigate differences among school districts include, but are not limited to: (i) a transportation allotment for mileage associated with transporting students who reside two miles or more from their home campus, (ii) a fast growth allotment (for school districts in the top 25% of enrollment growth relative to other school districts), (iii) a college, career and military readiness allotment to further Texas' goal of increasing the number of students who attain a post-secondary education or workforce credential, and (iv)

a teacher incentive allotment to increase teacher compensation and retention in disadvantaged or rural school districts. A school district's total Tier One funding, divided by the district's basic allotment, is a school district's measure of students in "Weighted Average Daily Attendance" ("WADA"), which serves to calculate Tier Two funding.

The fast growth allotment weights change to 0.48 for districts in the top 40% of school districts for growth, 0.33 for districts in the middle 30% of school districts for growth and 0.18 for districts in the bottom 30% of school districts for growth. The fast growth allotment is limited to \$320 million for each year of the 2026-2027 state fiscal biennium.

Tier Two

Tier Two supplements Tier One funding and provides two levels of enrichment with different guaranteed yields (i.e., Golden Pennies and Copper Pennies) depending on the school district's Enrichment Tax Rate. Golden Pennies generate a guaranteed yield equal to the Basic Allotment multiplied by 0.02084. For the 2026-2027 State fiscal biennium, school districts are guaranteed a yield on each Golden Penny levied of \$129.52 per student in WADA. Copper Pennies generate a guaranteed yield per student in WADA equal to the school district's Basic Allotment multiplied by 0.008. For the 2026-2027 State fiscal biennium, school districts are guaranteed a yield on each Copper Penny levied of \$49.72 per student in WADA.

Existing Debt Allotment, Instructional Facilities Allotment, and New Instructional Facilities Allotment

The Foundation School Program also includes facilities funding components consisting of the IFA and the EDA, subject to legislative appropriation each State fiscal biennium. To the extent funded for a biennium, these programs assist school districts in funding facilities by, generally, equalizing a school district's I&S tax effort. The IFA guarantees each awarded school district a specified amount per student (the "IFA Yield") in State and local funds for each cent of I&S tax levied to pay the principal of and interest on eligible bonds issued to construct, acquire, renovate or improve instructional facilities. The IFA Yield has been \$35 since this program first began in 1997. New awards of IFA are only available if appropriated funds are allocated for such purpose by the State Legislature. To receive an IFA award, in years where new IFA awards are available, a school district must apply to the Commissioner in accordance with rules adopted by the TEA before issuing the bonds to be paid with IFA State assistance. The total amount of debt service assistance over a biennium for which a school district may be awarded is limited to the lesser of (1) the actual debt service payments made by the school district in the biennium in which the bonds are issued; or (2) the greater of (a) \$100,000 or (b) \$250 multiplied by the number of students in ADA. The IFA is also available for lease-purchase agreements and refunding bonds meeting certain prescribed conditions. Once a school district receives an IFA award for bonds, it is entitled to continue receiving State assistance for such bonds without reapplying to the Commissioner. A school district may use additional state aid received from an IFA award only to pay the principal of and interest on the bonds for which the district received the aid. The guaranteed level of State and local funds per student percent of local tax effort applicable to the bonds may not be reduced below the level provided for the year in which the bonds were issued. For the 2026-2027 State fiscal biennium, the State Legislature did not appropriate any funds for new IFA awards; however, awards previously granted in years the State Legislature did appropriate funds for new IFA awards will continue to be funded.

State financial assistance is provided for certain existing eligible debt issued by school districts through the EDA program. The EDA guaranteed yield (the "EDA Yield") is the lesser of (i) \$40 per student in ADA or a greater amount for any year provided by appropriation; or (ii) the amount that would result in a total additional EDA of \$60 million more than the EDA to which school districts would have been entitled to if the EDA Yield were \$35. The portion of a school district's local debt service rate that qualifies for EDA assistance is limited to the first \$0.29 of its I&S tax rate (or a greater amount for any year provided by appropriation by the State Legislature). In general, a school district's bonds are eligible for EDA assistance if (i) the school district made payments on the bonds during the final fiscal year of the preceding State fiscal biennium, or (ii) the school district levied taxes to pay the principal of and interest on the bonds for that fiscal year. Each biennium, access to EDA funding is determined by the debt service taxes collected in the final year of the preceding biennium. A school district may not receive EDA funding for the principal and interest on a series of otherwise eligible bonds for which the school district receives IFA funding.

Since future-year IFA awards were not funded by the State Legislature for the 2026-2027 State fiscal biennium and debt service assistance on school district bonds that are not yet eligible for EDA is not available, debt service payments during the 2026-2027 State fiscal biennium on new bonds issued by school districts in the 2026-2027 State fiscal biennium to construct, acquire and improve facilities must be funded solely from local I&S taxes, except to the extent the bonds of a school district are eligible for hold harmless funding from the State for local tax revenue lost as a result of an increase in the mandatory homestead exemption. See "State Funding For School Districts – Tax Rate and Funding Equity" below.

A school district may also qualify for a NIFA allotment, which provides assistance to school districts for operational expenses associated with opening new instructional facilities or a renovated portion of an instructional facility to be used for the first time to provide high-cost and undersubscribed career and technology education programs, as determined by the Commissioner. In the 89th Regular Session, the Legislature appropriated funds in the amount of \$150,000,000 for each fiscal year of the 2026-2027 State fiscal biennium for NIFA allotments.

Tax Rate and Funding Equity

The Commissioner may proportionally reduce the amount of funding a school district receives under the Foundation School Program and the ADA calculation if the school district operates on a calendar that provides less than the State-mandated minimum instruction time in a school year. The Commissioner may also adjust a school district's ADA as it relates to State funding where disaster, flood, extreme weather or other calamity has a significant effect on a school district's attendance.

For the 2026-2027 school year, school districts will be held harmless and entitled to additional state aid to the extent that state and local revenue used to service eligible debt is less than the state and local revenue that would have been available to the district under state law providing for state aid to districts to account for increases in the general residence homestead exemption and the elderly or disabled tax ceiling, if any increase in a residence homestead exemption under the Texas Constitution, and any additional limitation on tax increases under the elderly or disabled tax ceiling had not occurred.

Local Revenue Level in Excess of Entitlement

A school district that has sufficient property wealth per student in ADA to generate local revenues on the school district's Tier One Tax Rate and Copper Pennies in excess of the school district's respective funding entitlements (a "Chapter 49 school district"), is subject to the local revenue reduction provisions contained in Chapter 49 of Texas Education Code, as amended ("Chapter 49"). Additionally, in years in which the amount of State funds appropriated specifically excludes the amount necessary to provide the guaranteed yield for Golden Pennies, local revenues generated on a school district's Golden Pennies in excess of the school district's respective funding entitlement are subject to the local revenue reduction provisions of Chapter 49. To reduce local revenue, Chapter 49 school districts are generally subject to a process known as "recapture", which requires a Chapter 49 school district to exercise certain options to remit local M&O tax revenues collected in excess of the Chapter 49 school district's funding entitlements to the State (for redistribution to other school districts) or otherwise expending the respective M&O tax revenues for the benefit of students in school districts that are not Chapter 49 school districts, as described in the subcaption "Options for Local Revenue Levels in Excess of Entitlement". Chapter 49 school districts receive their allocable share of funds distributed from the constitutionally-prescribed Available School Fund, but are generally not eligible to receive State aid under the Foundation School

Program, although they may continue to receive State funds for certain competitive grants and certain programs that remain outside the Foundation School Program.

Recapture is measured by the "local revenue level" (being the M&O tax revenues generated in a school district) in excess of the entitlements appropriated by the State Legislature each fiscal biennium. Therefore, school districts are now guaranteed that recapture will not reduce revenue below their statutory entitlement.

Options for Local Revenue Levels in Excess of Entitlement

Under Chapter 49, a school district has six options to reduce local revenues to a level that does not exceed the school district's respective entitlements: (1) a school district may consolidate by agreement with one or more school districts to form a consolidated school district; all property and debt of the consolidating school districts vest in the consolidated school district; (2) a school district may detach property from its territory for annexation by a property-poor school district; (3) a school district may purchase attendance credits from the State; (4) a school district may contract to educate nonresident students from a property-poor school district by sending money directly to one or more property-poor school districts; (5) a school district may execute an agreement to provide students of one or more other school districts with career and technology education through a program designated as an area program for career and technology education; or (6) a school district may consolidate by agreement with one or more school districts to form a consolidated taxing school district solely to levy and distribute either M&O taxes or both M&O taxes and I&S taxes. A Chapter 49 school district may also exercise any combination of these remedies. Options (3), (4) and (6) require prior approval by the Chapter 49 school district's voters. A district that enters into an agreement to exercise an option to reduce the district's local revenue level in excess of entitlement under options (3), (4), or (5) for the 2025-2026 school year and that has not previously held an election to exercise said options may request and may receive approval from the Commissioner to delay the date of the election otherwise required to be ordered before September 1. The Commissioner shall set a date by which each district that receives approval to delay an election must order the election and requires the Commissioner, not later than the 2026-2027 school year, to order detachment and annexation of district property or consolidation as necessary to reduce the district's excess local revenue to the level established by law for a district that receives approval to delay an election and subsequently fails to hold the election or does not receive voter approval at the election. A district that receives approval of a request to delay the date of an election shall pay for credit purchased in equal monthly payments as determined by the Commissioner beginning March 15, 2026, and ending August 15, 2026. Alternatively, the district may pay for credit purchased with one lump sum payment made not later than August 15, 2026, provided that the district notifies the Commissioner of the district's election to pay through a lump sum not later than March 15, 2026.

Furthermore, a school district may not adopt a tax rate until its effective local revenue level is at or below the level that would produce its guaranteed entitlement under the Foundation School Program. If a school district fails to exercise a permitted option, the Commissioner must reduce the school district's local revenue level to the level that would produce the school district's guaranteed entitlement, by detaching certain types of property from the school district and annexing the property to a property-poor school district or, if necessary, consolidate the school district with a property-poor school district. Provisions governing detachment and annexation of taxable property by the Commissioner do not provide for assumption of any of the transferring school district's existing debt.

CURRENT PUBLIC SCHOOL FINANCE SYSTEM AS APPLIED TO THE DISTRICT

For the 2025-26 fiscal year, the District's local yield per penny per student in weighted average daily attendance is less than state funding entitlement. Accordingly, the District has not been required to reduce its local revenue by one of the permitted wealth reduction options. As a district with local revenue less than maximum permitted level, the District may benefit in the future by agreeing to accept taxable property or funding assistance from or agreeing to consolidate with a district required to reduce its local revenue to the permitted level.

A district's "excess local revenues" must be tested for each future school year and, if it exceeds the equalized wealth value, the District must reduce its wealth per student by the exercise of one of the permitted wealth equalization options. Accordingly, if the District's wealth per student should exceed the maximum permitted value in future school years, it will be required to exercise one or more of the permitted wealth equalization options. If the District were to consolidate (or consolidate its tax base for all purposes) with a property-poor district, the outstanding debt of each district could become payable from the consolidated district's combined property tax base, and the District's ratio of taxable property to debt could become diluted. If the District were to detach property voluntarily, a portion of its outstanding debt (including the Notes) could be assumed by the district to which the property is annexed, in which case timely payment of the Notes could become dependent in part on the financial performance of an annexing district.

For a detailed discussion of State funding for school district see "CURRENT PUBLIC SCHOOL FINANCE SYSTEM – State Funding for School Districts."

AD VALOREM TAX PROCEDURES

The following is a summary of certain provisions of State law as it relates to ad valorem taxation and is not intended to be complete. Reference is made to Title I of the Texas Tax Code, as amended (the "Property Tax Code"), for identification of property subject to ad valorem taxation, property exempt or which may be exempted from ad valorem taxation if claimed, the appraisal of property for ad valorem tax purposes, and the procedures and limitations applicable to the levy and collection of ad valorem taxes.

Valuation of Taxable Property

The Property Tax Code provides for countywide appraisal and equalization of taxable property values and establishes in each county of the State an appraisal district and an appraisal review board (the "Appraisal Review Board") responsible for appraising property for all taxing units within the county. The appraisal of property within the District is the responsibility of the Harris Central Appraisal District (the "Appraisal District"). Except as generally described below, the Appraisal District is required to appraise all property within the Appraisal District on the basis of 100% of its market value and is prohibited from applying any assessment ratios. In determining market value of property, the Appraisal District is required to consider the cost method of appraisal, the income method of appraisal and the market data comparison method of appraisal, and use the method the chief appraiser of the Appraisal District considers most appropriate. The Property Tax Code requires appraisal districts to reappraise all property in its jurisdiction at least once every three (3) years. A taxing unit may require annual review at its own expense, and is entitled to challenge the determination of appraised value of property within the taxing unit by petition filed with the Appraisal Review Board.

State law requires the appraised value of an owner's principal residence ("homestead" or "homesteads") to be based solely on the property's value as a homestead, regardless of whether residential use is considered to be the highest and best use of the property. State law further limits the appraised value of a homestead to the lesser of (1) the market value of the property or (2) 110% of the appraised value of the property for the preceding tax year plus the market value of all new improvements to the property.

Unless extended by the Legislature, through December 31, 2026 an appraisal district is prohibited from increasing the appraised value of real property during the 2026 tax year on certain non-homestead properties (the "Subjected Property") whose appraised values are not more than \$5.32 million dollars (the "maximum property value") to an amount not to exceed the lesser of: (1) the market value of the Subjected Property for the most recent tax year that the market value was determined by the appraisal office or (2) the sum of: (a) 20 percent of the appraised value of the Subjected Property for the preceding tax year; (b) the appraised

value of the Subjected Property for the preceding tax year; and (c) the market value of all new improvements to the Subjected Property. The maximum property value may be increased or decreased by the product of the preceding state fiscal year's increase or decrease in the consumer price index, as applicable, to the maximum property value.

State law provides that eligible owners of both agricultural land and open-space land, including open-space land devoted to farm or ranch purposes or open-space land devoted to timber production, may elect to have such property appraised for property taxation on the basis of its productive capacity. The same land may not be qualified as both agricultural and open-space land.

The appraisal values set by the Appraisal District are subject to review and change by the Appraisal Review Board. The appraisal rolls, as approved by the Appraisal Review Board, are used by taxing units, such as the District, in establishing their tax rolls and tax rates (see "AD VALOREM TAX PROCEDURES – District and Taxpayer Remedies").

State Mandated Homestead Exemptions

State law grants, with respect to school district taxes imposed for general elementary and secondary public school purposes, (1) a \$140,000 exemption of the appraised value of all homesteads, (2) a \$60,000 exemption of the appraised value of the residence homesteads of persons sixty-five (65) years of age or older and the disabled, and (3) various exemptions for disabled veterans and their families, surviving spouses of members of the armed services killed in action and surviving spouses of first responders killed or fatally wounded in the line of duty.

Local Option Homestead Exemptions

The governing body of a taxing unit, including a city, county, school district, or special district, at its option may grant: (1) an exemption of up to 20% of the appraised value of all homesteads (but not less than \$5,000) and (2) an additional exemption of at least \$3,000 of the appraised value of the homesteads of persons sixty-five (65) years of age or older and the disabled. Each taxing unit decides if it will offer the local option homestead exemptions and at what percentage or dollar amount, as applicable. The exemption described in (2), above, may also be created, increased, decreased or repealed at an election called by the governing body of a taxing unit upon presentment of a petition for such creation, increase, decrease, or repeal of at least 20% of the number of qualified voters who voted in the preceding election of the taxing unit. Cities, counties, and school districts are prohibited from repealing or reducing an optional homestead exemption (described in (1) above) that was granted in tax year 2022 through December 31, 2027. See "Appendix A – Financial Information of the District – Assessed Valuation" for the reduction in taxable valuation, if any, attributable to local option homestead exemptions.

State Mandated Freeze on School District Taxes

Except for increases attributable to certain improvements, a school district is prohibited from increasing the total ad valorem tax on the homestead of persons sixty-five (65) years of age or older or of disabled persons above the amount of tax imposed in the year such homestead qualified for such exemption. This freeze is transferable to a different homestead if a qualifying taxpayer moves and, under certain circumstances, is also transferable to the surviving spouse of persons sixty-five (65) years of age or older, but not the disabled. See "Appendix A – Financial Information of the District – Assessed Valuation" for the reduction in taxable valuation attributable to the freeze on taxes for the elderly and disabled.

Personal Property

Tangible personal property (furniture, machinery, supplies, inventories, etc.) used in the "production of income" is taxed based on the property's market value. Taxable personal property includes income-producing equipment and inventory. Intangibles such as goodwill, accounts receivable, and proprietary processes are not taxable. Tangible personal property not held or used for production of income, such as household goods, automobiles or light trucks, and boats, is exempt from ad valorem taxation unless the governing body of a taxing unit elects to tax such property. At a Statewide election held on November 4, 2025, voters approved a constitutional amendment to provide a person with an exemption from taxation by a taxing unit of \$125,000 of the appraised value of tangible personal property the person owns that is held or used for the production of income and has taxable situs at the same location in the taxing unit. A person who leases tangible personal property is also entitled to a tax exemption of \$125,000, regardless of where the property is located in the taxing unit.

Freeport and Goods-In-Transit Exemptions

Certain goods that are acquired in or imported into the State to be forwarded outside the State, and are detained in the State for 175 days or less for the purpose of assembly, storage, manufacturing, processing or fabrication ("Freeport Property") are exempt from ad valorem taxation unless a taxing unit took official action to tax Freeport Property before April 1, 1990 and has not subsequently taken official action to exempt Freeport Property. Decisions to continue taxing Freeport Property may be reversed in the future; decisions to exempt Freeport Property are not subject to reversal.

Certain goods, that are acquired in or imported into the State to be forwarded to another location within or without the State, stored in a location that is not owned by the owner of the goods and are transported to another location within or without the State within 175 days ("Goods-in-Transit"), are generally exempt from ad valorem taxation; however, the Property Tax Code permits a taxing unit, on a local option basis, to tax Goods-in-Transit if the taxing unit takes official action, after conducting a public hearing, before January 1 of the first tax year in which the taxing unit proposes to tax Goods-in-Transit. Goods-in-Transit and Freeport Property do not include oil, natural gas or petroleum products, and Goods-in-Transit does not include aircraft or special inventories such as manufactured housing inventory, or a dealer's motor vehicle, boat, or heavy equipment inventory.

A taxpayer may receive only one of the Goods-in-Transit or Freeport Property exemptions for items of personal property. See "Appendix A – Financial Information of the District – Assessed Valuation" for the reduction in taxable valuation, if any, attributable to Goods-in-Transit or Freeport Property exemptions.

Other Exempt Property

Other major categories of exempt property include property owned by the State or its political subdivisions if used for public purposes, property exempt by federal law, property used for pollution control, farm products owned by producers, property of nonprofit corporations used for scientific research or educational activities benefitting a college or university, designated historic sites, solar and wind-powered energy devices, and certain classes of intangible personal property. Beginning with the 2026 tax year, all intangible personal property is exempt from State taxation.

Temporary Exemption for Qualified Property Damaged by a Disaster

The Property Tax Code entitles the owner of certain qualified (i) tangible personal property used for the production of income, (ii) improvements to real property, and (iii) manufactured homes located in an area declared by the Governor to be a disaster area following a disaster and is at least 15 percent damaged by the disaster, as determined by the chief appraiser, to an exemption from taxation of a portion of the appraised value of the property. The amount of the exemption ranges from 15 percent to 100 percent based upon the damage assessment rating assigned by the chief appraiser. For tax years beginning on or after January 1, 2022, the governing body of the taxing unit is not required to take any action in order for the taxpayer to be eligible for the exemption. If a taxpayer qualifies for the exemption after the beginning of the tax year, the amount of the exemption is prorated based on the

number of days left in the tax year following the day on which the Governor declares the area to be a disaster area. The Texas Legislature amended Section 11.35, Property Tax Code, to clarify that "damage" for purposes of such statute is limited to "physical damage." For more information on the exemption, reference is made to Section 11.35 of the Tax Code.

Tax Increment Reinvestment Zones

A city or county, by petition of the landowners or by action of its governing body, may create one or more tax increment reinvestment zones ("TIRZ") within its boundaries. At the time of the creation of the TIRZ, a "base value" for the real property in the TIRZ is established and the difference between any increase in the assessed valuation of taxable real property in the TIRZ in excess of the base value is known as the "tax increment". During the existence of the TIRZ, all or a portion of the taxes levied against the tax increment by a city or county, and all other overlapping taxing units that elected to participate, are restricted to paying only planned project and financing costs within the TIRZ and are not available for the payment of other obligations of such taxing units.

Until September 1, 1999, school districts were able to reduce the value of taxable property reported to the State to reflect any taxable value lost due to TIRZ participation by the school district. The ability of the school district to deduct the taxable value of the tax increment that it contributed prevented the school district from being negatively affected in terms of state school funding. However, due to a change in law, local M&O tax rate revenue contributed to a TIRZ created on or after May 31, 1999 will count toward a school district's Tier One entitlement (reducing Tier One State funds for eligible school districts) and will not be considered in calculating any school district's Tier Two entitlement (see "CURRENT PUBLIC SCHOOL FINANCE SYSTEM – State Funding for School Districts").

Tax Limitation Agreements

The Texas Economic Development Act (Chapter 313, Texas Tax Code, as amended) allowed school districts to grant limitations on appraised property values to certain corporations and limited liability companies to encourage economic development within the school district. Generally, during the last eight (8) years of the ten-year term of a tax limitation agreement, a school district could only levy and collect M&O taxes on the agreed-to limited appraised property value. For the purposes of calculating its Tier One and Tier Two entitlements, the portion of a school district's property that is not fully taxable is excluded from the school district's taxable property values. Therefore, a school district will not be subject to a reduction in Tier One or Tier Two State funds as a result of lost M&O tax revenues due to entering into a tax limitation agreement (see "CURRENT PUBLIC SCHOOL FINANCE SYSTEM – State Funding for School Districts"). The 87th Texas Legislature did not vote to extend this program, which expired by its terms effective December 31, 2022.

Tax Abatement Agreements

Taxing units may also enter into tax abatement agreements to encourage economic development. Under the agreements, a property owner agrees to construct certain improvements on its property. The taxing unit, in turn, agrees not to levy a tax on all or part of the increased value attributable to the improvements until the expiration of the agreement. The abatement agreement could last for a period of up to 10 years.

In the 88th Legislative Session, House Bill 5 ("HB 5" or "The Texas Jobs, Energy, Technology, and Innovation Act") was adopted to create an economic development program, subject to state oversight, which would attract jobs and investment to Texas through school district property tax abatement agreements with businesses. HB5 was codified as Chapter 403, Subchapter T, Texas Government Code ("Chapter 403") and had an effective date of January 1, 2024. Under Chapter 403, a school district may offer a 50% abatement on taxable value for maintenance and operations property taxes for certain eligible projects, except that projects in a federally designated economic opportunity zone receive a 75% abatement. Chapter 403 also provides a 100% abatement of maintenance and operations taxes for eligible property during a project's construction period. Taxable valuation for purposes of the debt service tax securing a series of bonds cannot be abated under Chapter 403. Eligible projects must involve manufacturing, dispatchable power generation facilities, technology research/development facilities, or critical infrastructure projects and projects must create and maintain jobs, as well as meet certain minimum investment requirements. The District is still in the process of reviewing Chapter 403 and cannot make any representations as to what impact, if any, Chapter 403 will have on its finances or operations.

For a discussion of how the various exemptions described above are applied by the District, see "THE PROPERTY TAX CODE AS APPLIED TO THE DISTRICT" herein.

District and Taxpayer Remedies

Under certain circumstances, taxpayers and taxing units, including the District, may appeal the determinations of the Appraisal District by timely initiating a protest with the Appraisal Review Board. Additionally, taxing units such as the District may bring suit against the Appraisal District to compel compliance with the Property Tax Code.

Owners of certain property (being (i) commercial real and personal property, (ii) real and personal property of utilities, (iii) industrial and manufacturing real and personal property, and (iv) multifamily residential real property) with a taxable value in excess of the current year "minimum eligibility amount", as determined by the State Comptroller, and situated in a county with a population of 1.2 million or more, may protest the determinations of an appraisal district directly to a three-member special panel of the appraisal review board, appointed by the chairman of the appraisal review board, consisting of highly qualified professionals in the field of property tax appraisal. The minimum eligibility amount is set at \$62,883,169 for the 2026 tax year and is adjusted annually by the State Comptroller to reflect the inflation rate.

The Property Tax Code sets forth notice and hearing procedures for certain tax rate increases by the District and provides for taxpayer referenda that could result in the repeal of certain tax increases (see "TAX RATE LIMITATIONS – Public Hearing and Voter-Approval Tax Rate"). The Property Tax Code also establishes a procedure for providing notice to property owners of reappraisals reflecting increased property value, appraisals which are higher than renditions, and appraisals of property not previously on an appraisal roll.

Levy and Collection of Taxes

The District is responsible for the collection of its taxes, unless it elects to transfer such functions to another governmental entity. Taxes are due October 1, or when billed, whichever comes later, and become delinquent after January 31 of the following year. A delinquent tax incurs a penalty of six percent (6%) of the amount of the tax for the first calendar month it is delinquent, plus one percent (1%) for each additional month or portion of a month the tax remains unpaid prior to July 1 of the year in which it becomes delinquent. If the tax is not paid by July 1 of the year in which it becomes delinquent, the tax incurs a total penalty of twelve percent (12%) regardless of the number of months the tax has been delinquent and incurs an additional penalty of up to twenty percent (20%) if imposed by the District. The delinquent tax also accrues interest at a rate of one percent (1%) for each month or portion of a month it remains unpaid. The Property Tax Code also makes provision for the split payment of taxes, discounts for early payment and the postponement of the delinquency date of taxes for certain taxpayers. Furthermore, the District may provide, on a local option basis, for the split payment, partial payment, and discounts for early payment of taxes under certain circumstances. The Property Tax Code permits taxpayers owning homes or certain businesses located in a disaster area and damaged as a direct

result of the declared disaster to pay taxes imposed in the year following the disaster in four equal installments without penalty or interest, commencing on February 1 and ending on August 1. See "AD VALOREM TAX PROCEDURES – Temporary Exemption for Qualified Property Damaged by a Disaster" for further information related to a discussion of the applicability of this section of the Property Tax Code.

District's Rights in the Event of Tax Delinquencies

Taxes levied by the District are a personal obligation of the owner of the property. On January 1 of each year, a tax lien attaches to property to secure the payment of all state and local taxes, penalties, and interest ultimately imposed for the year on the property. The lien exists in favor of each taxing unit, including the District, having power to tax the property. The District's tax lien is on a parity with tax liens of such other taxing units. A tax lien on real property takes priority over the claim of most creditors and other holders of liens on the property encumbered by the tax lien, whether or not the debt or lien existed before the attachment of the tax lien; however, whether a lien of the United States is on a parity with or takes priority over a tax lien of the District is determined by applicable federal law. Personal property, under certain circumstances, is subject to seizure and sale for the payment of delinquent taxes, penalty, and interest.

Except with respect to taxpayers who are 65 years of age or older, at any time after taxes on property become delinquent, the District may file suit to foreclose the lien securing payment of the tax, to enforce personal liability for the tax, or both. In filing a suit to foreclose a tax lien on real property, the District must join other taxing units that have claims for delinquent taxes against all or part of the same property.

Collection of delinquent taxes may be adversely affected by the amount of taxes owed to other taxing units, adverse market conditions, taxpayer redemption rights, or bankruptcy proceedings which restrain the collection of a taxpayer's debt.

Federal bankruptcy law provides that an automatic stay of actions by creditors and other entities, including governmental units, goes into effect with the filing of any petition in bankruptcy. The automatic stay prevents governmental units from foreclosing on property and prevents liens for post-petition taxes from attaching to property and obtaining secured creditor status unless, in either case, an order lifting the stay is obtained from the bankruptcy court. In many cases, post-petition taxes are paid as an administrative expense of the estate in bankruptcy or by order of the bankruptcy court.

TAX RATE LIMITATIONS

M&O Tax Rate Limitations

A school district is authorized to levy maintenance and operation ("M&O") taxes subject to approval of a proposition submitted to district voters under Section 45.003(d) of the Texas Education Code, as amended. The maximum M&O tax rate that may be levied by a district cannot exceed the voted maximum rate or the maximum rate described in the next succeeding paragraph. The maximum voted M&O tax rate for the District is \$1.50 per \$100 of assessed valuation as approved by the voters at an election held on December 5, 1964 pursuant to Article 2784e-1, Texas Revised Civil Statutes Annotated, as amended.

The maximum maintenance tax rate per \$100 of taxable value that may be adopted by an independent school district is the sum of \$0.17 (subject to compression of the nine available copper pennies in a year in which the State increases the guaranteed yield on those pennies) and the school district's Maximum Compression Rate ("MCR"). The District's MCR is, generally, inversely proportional to the change in taxable property values both within the District and the State, and is subject to recalculation annually. For any year, the highest possible MCR for an independent school district is \$0.93.

Furthermore, a school district cannot annually increase its tax rate in excess of the school district's Voter-Approval Tax Rate without submitting such tax rate to an election and a majority of the voters voting at such election approving the adopted rate. See "TAX RATE LIMITATIONS – Public Hearing and Voter-Approval Tax Rate" herein.

I&S Tax Rate Limitations

A school district is also authorized to issue bonds and levy taxes for payment of bonds subject to voter approval of one or more propositions submitted to the voters under Section 45.003(b)(1), Texas Education Code, as amended, which provides a tax unlimited as to rate or amount for the support of school district bonded indebtedness (see "THE NOTES – Security").

Section 45.0031 of the Texas Education Code, as amended, requires a school district to demonstrate to the Texas Attorney General that it has the prospective ability to pay its maximum annual debt service on a proposed issue of bonds and all previously issued bonds, other than bonds approved by voters of a school district at an election held on or before April 1, 1991 and issued before September 1, 1992 (or debt issued to refund such bonds, collectively, "exempt bonds"), from a tax levied at a rate of \$0.50 per \$100 of assessed valuation before bonds may be issued (the "50-cent Test"). In demonstrating the ability to pay debt service at a rate of \$0.50, a school district may take into account EDA and IFA allotments to the school district, which effectively reduces the school district's local share of debt service, and may also take into account Tier One funds allotted to the school district. If a school district exercises this option, it may not adopt an I&S tax until it has credited to the school district's I&S fund an amount equal to all State allotments provided solely for payment of debt service and any Tier One funds needed to demonstrate compliance with the threshold tax rate test and which is received or to be received in that year. Additionally, a school district may demonstrate its ability to comply with the 50-cent Test by applying the \$0.50 tax rate to an amount equal to 90% of projected future taxable value of property in the school district, as certified by a registered professional appraiser, anticipated for the earlier of the tax year five (5) years after the current tax year or the tax year in which the final payment for the bonds is due. However, if a school district uses projected future taxable values to meet the 50-cent Test and subsequently imposes a tax at a rate greater than \$0.50 per \$100 of valuation to pay for bonds subject to the test, then for subsequent bond issues, the Texas Attorney General must find that the school district has the projected ability to pay principal and interest on the proposed bonds and all previously issued bonds subject to the 50-cent Test from a tax rate of \$0.45 per \$100 of valuation. Once the prospective ability to pay such tax has been shown and the bonds are issued, a school district may levy an unlimited tax to pay debt service. The Notes are not subject to the \$0.50 threshold tax rate test.

Public Hearing and Voter-Approval Tax Rate

A school district's total tax rate is the combination of the M&O tax rate and the I&S tax rate. Generally, the highest rate at which a school district may levy taxes for any given year without holding an election to approve the tax rate is the "Voter-Approval Tax Rate", as described below.

A school district is required to adopt its annual tax rate before the later of September 30 or the sixtieth (60th) day after the date the certified appraisal roll is received by the taxing unit, except that a tax rate that exceeds the Voter-Approval Tax Rate must be adopted not later than the seventy-first (71st) day before the next occurring November uniform election date. A school district's failure to adopt a tax rate equal to or less than the Voter-Approval Tax Rate by September 30 or the sixtieth (60th) day after receipt of the certified appraisal roll, will result in the tax rate for such school district for the tax year to be the lower of the "no-new-revenue tax rate" calculated for that tax year or the tax rate adopted by the school district for the preceding tax year. A school district's failure to adopt a tax rate in excess of the Voter-Approval Tax Rate on or prior to the seventy-first (71st) day before the next occurring November uniform election date, will result in the school district adopting a tax rate equal to or less

than its Voter-Approval Tax Rate by the later of September 30 or the sixtieth (60th) day after receipt of the certified appraisal roll. "No-new-revenue tax rate" means the rate that will produce the prior year's total tax levy from the current year's total taxable values, adjusted such that lost values are not included in the calculation of the prior year's taxable values and new values are not included in the current year's taxable values.

The Voter-Approval Tax Rate for a school district is the sum of (i) the school district's MCR; (ii) the greater of (a) the school district's Enrichment Tax Rate for the preceding year, less any amount by which the school district is required to reduce its current year Enrichment Tax Rate pursuant to Section 48.202(f), Education Code, as amended, or (b) the rate of \$0.05 per \$100 of taxable value; and (iii) the school district's current I&S tax rate. A school district's M&O tax rate may not exceed the rate equal to the sum of (i) \$0.17 (subject to compression of the nine available copper pennies in a year in which the State increases the guaranteed yield on those pennies) and (ii) the school district's MCR (see "CURRENT PUBLIC SCHOOL FINANCE SYSTEM" herein, for more information regarding the State Compression Percentage, MCR, and the Enrichment Tax Rate).

The governing body of a school district generally cannot adopt a tax rate exceeding the school district's Voter-Approval Tax Rate without approval by a majority of the voters approving the higher rate at an election to be held on the next uniform election date. Further, subject to certain exceptions for areas declared disaster areas, State law requires the board of trustees of a school district to conduct an efficiency audit before seeking voter approval to adopt a tax rate exceeding the Voter-Approval Tax Rate and sets certain parameters for conducting and disclosing the results of such efficiency audit. An election is not required for a tax increase to address increased expenditures resulting from certain natural disasters in the year following the year in which such disaster occurs; however, the amount by which the increased tax rate exceeds the school district's Voter-Approval Tax Rate for such year may not be considered by the school district in the calculation of its subsequent Voter-Approval Tax Rate.

The calculation of the Voter-Approval Tax Rate does not limit or impact the District's ability to set an I&S tax rate in each year sufficient to pay debt service on all of the District's tax-supported debt obligations, including the Notes.

Before adopting its annual tax rate, a public meeting must be held for the purpose of adopting a budget for the succeeding year. A notice of public meeting to discuss the school district's budget and proposed tax rate must be published in the time, format and manner prescribed in Section 44.004 of the Texas Education Code. Section 44.004(e) of the Texas Education Code provides that a person who owns taxable property in a school district is entitled to an injunction restraining the collection of taxes by the school district if the school district has not complied with such notice requirements or the language and format requirements of such notice as set forth in Section 44.004(b), (c), (c-1), (c-2), and (d), and, if applicable, subsection (i), and if such failure to comply was not in good faith. Section 44.004(e) further provides the action to enjoin the collection of taxes must be filed before the date the school district delivers substantially all of its tax bills. A school district that elects to adopt a tax rate before the adoption of a budget for the fiscal year that begins in the current tax year may adopt a tax rate for the current tax year before receipt of the certified appraisal roll, so long as the chief appraiser of the appraisal district in which the school district participates has certified to the assessor for the school district an estimate of the taxable value of property in the school district. If a school district adopts its tax rate prior to the adoption of its budget, both the no-new-revenue tax rate and the Voter-Approval Tax Rate of the school district shall be calculated based on the school district's certified estimate of taxable value. A school district that adopts a tax rate before adopting its budget must hold a public hearing on the proposed tax rate followed by another public hearing on the proposed budget rather than holding a single hearing on the two items.

A school district must annually calculate and prominently post on its internet website, and submit to the county tax assessor-collector for each county in which all or part of the school district is located its Voter-Approval Tax Rate in accordance with forms prescribed by the State Comptroller.

THE PROPERTY TAX CODE AS APPLIED TO THE DISTRICT

The Appraisal District has the responsibility for appraising property in the District as well as other taxing units in the County. The Appraisal District is governed by a board of directors appointed by members of the governing bodies of various political subdivisions within the County.

Property within the District is assessed as of January 1 of each year, taxes become due October 1 of the same year and become delinquent on February 1 of the following year.

The District does not tax personal property not used in the production of income, such as personal automobiles.

The District's taxes are collected by the Goose Creek CISD.

The District does collect an additional 20% penalty to defray attorney costs in the collection of delinquent taxes over and above the penalty automatically assessed under the Tax Code.

The District does not allow split payments and does not give discounts for early payment of taxes.

The District does not participate in a tax increment financing zone.

The District grants an optional 20% homestead exemption.

The District has not granted the freeport exemption. The District has not taken action to tax goods-in-transit.

EMPLOYEE BENEFIT PLANS AND OTHER POST-EMPLOYMENT BENEFITS

The District's employees participate in a retirement plan (the "Plan") with the State of Texas. The Plan is administered by the Teacher Retirement System of Texas ("TRS"). State contributions are made to cover costs of the TRS retirement plan up to certain statutory limits. The District is obligated for a portion of TRS costs relating to employee salaries that exceed the statutory limit. Aside from the District's contribution to TRS, the District has no pension fund expenditures or liabilities. For fiscal year ended August 31, 2024, the District made a contribution to TRS on a portion of their employee's salaries that exceeded the statutory minimum. The District generally does not offer any post-employment retirement benefits and has no liabilities for "Other Post Employment Retirement Benefits" as defined in GASB Statement No. 45. For a discussion of the TRS retirement plan, see "Note 8 – Defined Benefit Pension Plan" in the audited financial statements of the District that are attached hereto as Appendix D (the "Financial Statements").

In addition to its participation in TRS, the District contributes to the Texas Public School Retired Employees Group Insurance Program (the "TRS-Care Retired Plan"), a cost-sharing multiple-employer defined benefit post-employment health care plan. The TRS-Care Retired Plan provides health care coverage for certain persons (and their dependents) who retired under the Teacher Retirement System of Texas. Contribution requirements are not actuarially determined but are legally established each biennium by the Texas Legislature. For more detailed information concerning the District's funding policy and contributions in connection with the TRS-Care Retired Plan, see "Note 9 – Defined Other Post-Employment Benefit Plans" in the audited financial statements of the District that are attached hereto as Appendix D (the "Financial Statements").

As a result of its participation in the Plan and the TRS-Care Retired Plan and having no other post-retirement benefit plans, the District has no obligations for other post-employment benefits within the meaning of Governmental Accounting Standards Board Statement 45.

Formal collective bargaining agreements relating directly to wages and other conditions of employment are prohibited by State law, as are strikes by teachers. There are various local, state and national organized employee groups who engage in efforts to better terms and conditions of employment of school employees. Some districts have adopted a policy to consult with employer groups with respect to certain terms and conditions of employment. Some examples of these groups are the Texas State Teachers Association, the Texas Classroom Teachers Association, the Association of Texas Professional Educators and the National Education Association.

RATING

The District's unenhanced, underlying rating is "Aa1" from Moody's.

An explanation of the significance of such rating may be obtained from Moody's. The rating on the Notes by Moody's reflects only the view of said company at the time the ratings are given, and the District makes no representations as to the appropriateness of the rating. There is no assurance that the rating will continue for any given period of time, or that the rating will not be revised downward or withdrawn entirely by Moody's, if, in the judgment of Moody's, circumstances so warrant.

The above rating is not a recommendation to buy, sell or hold the Notes, and such rating may be subject to revision or withdrawal at any time by the rating agencies. Any downward revision or withdrawal of the rating may have an adverse effect on the market price or marketability of the Notes.

Periodically, rating agencies will evaluate and, on occasion as a result of these evaluations revise, their rating methodologies and criteria for municipal issuers such as the District. A revision in a rating agency's rating methodology could result in a positive or negative change in a rating assigned by that agency, even if the rated entity has experienced no material change in financial condition or operation. Any of the rating agencies at any time while the Notes remain outstanding could undertake such an evaluation process.

LEGAL MATTERS

The District will furnish the Underwriter a complete transcript of proceedings incident to the authorization and issuance of the Notes, including the unqualified approving legal opinion of the Attorney General of Texas as to the Notes to the effect that the Notes are valid and legally binding obligations of the District payable from the proceeds of an annual ad valorem maintenance and operations tax levied, within the limit prescribed by law, upon all taxable property in the District, and based upon examination of such transcript of proceedings, the approving legal opinion of Holland & Knight LLP, Bond Counsel to the District ("Bond Counsel"), to like effect and to the effect that the interest on the Notes will be excludable from gross income for federal income tax purposes under section 103(a) of the Internal Revenue Code, subject to the matters described under "TAX MATTERS" herein. The form of Bond Counsel's opinion is attached hereto as Appendix C. Certain legal matters will be passed upon for the Underwriter by its counsel, Bracewell LLP, Houston, Texas. The legal fee to be paid to the Underwriters' counsel for services rendered in connection with the issuance of the Note is contingent upon the sale and delivery of the Notes.

Though it represents the Financial Advisor and the Underwriter from time to time in matters unrelated to the issuance of the Notes, Bond Counsel has been engaged by and only represents the District in connection with the issuance of the Notes. Except as noted below, Bond Counsel was not requested to participate, and did not take part in the preparation of the Official Statement, and such firm has not assumed any responsibility with respect thereto or undertaken independently to verify any of the information contained herein except that in its capacity as Bond Counsel, such firm has reviewed the information appearing under the captions or subcaptions "THE NOTES" (except under the subcaptions "Payment Record", and "Sources and Uses of Funds," as to which no opinion will be expressed), "REGISTRATION, TRANSFER AND EXCHANGE", "STATE AND LOCAL FUNDING OF SCHOOL DISTRICTS IN TEXAS", "CURRENT PUBLIC SCHOOL FINANCE SYSTEM", (except under the subcaption "Possible Effects of Wealth Transfer Provisions on the District's Financial Condition," as to which no opinion will be expressed) "TAX RATE LIMITATIONS" (except for the last sentence of the second paragraph under the subcaption "I&S Tax Rate Limitations"), "LEGAL MATTERS" (except for the last two sentences of the first paragraph thereunder), "TAX MATTERS", "LEGAL INVESTMENTS AND ELIGIBILITY TO SECURE PUBLIC FUNDS IN TEXAS", "REGISTRATION AND QUALIFICATION OF NOTES FOR SALE" and "CONTINUING DISCLOSURE OF INFORMATION" (except under the subcaption "Compliance with Prior Undertakings," as to which no opinion will be expressed) and such firm is of the opinion that the information relating to the Notes and the Resolution contained under such captions is a fair and accurate summary of the information purported to be shown and that the information and descriptions contained under such captions relating to the provisions of applicable state and federal laws are correct as to matters of law.

The various legal opinions to be delivered concurrently with the delivery of the Notes express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. In rendering a legal opinion, the attorney does not become an insurer or guarantor of the expression of professional judgment, of the transaction opined upon, or of the future performance of the parties to the transaction. Nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

TAX MATTERS

Opinion of Bond Counsel

In the opinion of Bond Counsel, as more fully described below, under existing law and assuming continuing compliance by the District with certain tax covenants, the interest on the Notes is excludable from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the "Code") and is not treated as an item of tax preference for purposes of computing the federal alternative minimum tax imposed on individuals under the Code; however, the interest on the Notes is included in the "adjusted financial statement income" of certain corporations on which the federal alternative minimum tax is imposed under the Code.

The foregoing opinions of Bond Counsel are subject to the condition that the District complies with all requirements of the Code that must be satisfied subsequent to the issuance of the Notes in order for interest on the Notes to be excludable from gross income for federal income tax purposes. The District has covenanted to comply with such requirements.

The scope of the foregoing opinions of Bond Counsel is limited to matters addressed above and no opinion is expressed by Bond Counsel regarding other federal income tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the Notes. In rendering such opinions, Bond Counsel further assumes and relies upon (i) without undertaking to verify the same by independent investigation, the accuracy of the representations, statements of intention and reasonable expectation, and certifications of fact of the District with respect to matters affecting the excludability of interest on the Notes from gross income for federal income tax purposes under the Code; and (ii) continuing compliance by the District with the applicable requirements of the Code as to such tax matters and certain procedures, agreements and covenants that must be met subsequent to the issuance of the Notes in order that interest on the Notes be and remain excludable from gross income for federal income tax purposes.

Bond Counsel has not been engaged or retained to monitor post-issuance compliance. Failure of the District to comply with such requirements may cause the interest on the Notes to not be excludable from gross income for federal income tax purposes retroactively to the date of issuance of the Notes irrespective of the date on which such noncompliance occurs or is ascertained.

Bond Counsel's opinions set forth above are based upon current facts and circumstances, and upon existing law and interpretations thereof, as of the date such opinions are delivered and Bond Counsel assumes no affirmative obligation to update, revise or supplement such opinions to reflect any action thereafter taken or not taken or if such facts or circumstances, or laws or interpretations thereof, change after the date of such opinions, including, without limitation, changes that adversely affect the excludability of interest on the Notes, even if such actions, inactions or changes come to Bond Counsel's attention. Further, such opinions are limited solely to the matters stated therein, and no opinion is to be implied or is intended beyond the opinions expressly stated therein. Moreover, the opinion of Bond Counsel is only an opinion and not a warranty or guaranty of the matters discussed or of a particular result, and is not binding on the Internal Revenue Service (the "IRS") or the courts. See also "LEGAL MATTERS" herein.

Prospective purchasers of the Notes should also be aware that ownership of the Notes may result in adverse tax consequences under the laws of various states and local jurisdictions. Bond Counsel expresses no opinion regarding any state or local tax consequences of acquiring, carrying, owning or disposing of the Notes. Prospective purchasers of the Notes should consult their tax advisors as to any state and local tax consequences to them of owning the Notes.

Reference is made to the proposed form of the opinion of Bond Counsel attached hereto as "Appendix C – Form of Bond Counsel Opinion" for the complete text thereof.

Certain Collateral Federal Income Tax Consequences

The following is a brief discussion of certain collateral federal income tax matters with respect to the Notes. It does not purport to address all aspects of federal taxation that may be relevant to a particular owner of any Notes. Bond Counsel has not expressed an opinion regarding the collateral federal income tax consequences that may arise with respect to the Notes.

Prospective purchasers of the Notes should be aware that ownership of, receipt or accrual of interest on, or disposition of, tax-exempt obligations may result in collateral federal income tax consequences to certain taxpayers, including, without limitation, financial institutions, property and casualty insurance companies, individual recipients of Social Security or Railroad Retirement benefits, certain S Corporations with "excess net passive income" and foreign corporations subject to the branch profits tax, individuals eligible to receive the earned income tax credit, and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry the Notes.

Information Reporting and Backup Withholding

Interest paid on tax-exempt obligations is subject to information reporting to the IRS in a manner similar to interest paid on taxable obligations. This reporting requirement does not affect the excludability of interest on the Notes from gross income for federal income tax purposes. However, in conjunction with that information reporting requirement, the Code subjects certain non-corporate owners of Notes, under certain circumstances, will be subject to "backup withholding" with respect to payments on the Notes and proceeds from the sale of the Notes. Any amounts so withheld would be refunded or allowed as a credit against the federal income tax of such owner of the Notes. This withholding generally applies if the owner of the Notes (i) fails to furnish the paying agent (or other person who would otherwise be required to withhold tax from such payments) such owner's social security number or other taxpayer identification number ("TIN"), (ii) furnishes the paying agent an incorrect TIN, (iii) fails to properly report interest, dividends, or other "reportable payments" as defined in the Code, or (iv) under certain circumstances, fails to provide the paying agent or such owner's securities broker with a certified statement, signed under penalty of perjury, that the TIN provided is correct and that such owner is not subject to backup withholding.

Prospective purchasers of the Notes may also wish to consult with their tax advisors with respect to the need to furnish certain taxpayer information in order to avoid backup withholding and the procedures for obtaining exemptions.

Original Issue Premium

The Notes maturing on August 15 in the years 2027 through 2031 (collectively, the "Premium Notes") were offered and sold to the public at a price in excess of their stated redemption price (the principal amount) at maturity. That excess constitutes bond premium. For federal income tax purposes, bond premium is amortized over the period to maturity of a Premium Note, based on the yield to maturity of that Premium Note (or, in the case of a Premium Note callable prior to its stated maturity, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the lowest yield on that Premium Note), compounded semiannually. No portion of that bond premium is deductible by the owner of a Premium Note. For purposes of determining the owner's gain or loss on the sale, redemption (including redemption at maturity) or other disposition of a Premium Note, the owner's tax basis in the Premium Note is reduced by the amount of bond premium that accrues during the period of ownership. As a result, an owner may realize taxable gain for federal income tax purposes from the sale or other disposition of a Premium Note for an amount equal to or less than the amount paid by the owner for that Premium Note. A purchaser of a Premium Note in the initial public offering at the price for that Premium Note who holds that Premium Note to maturity (or, in the case of a callable Premium Note, to its earlier call date that results in the lowest yield on that Premium Note) will realize no gain or loss upon the retirement of that Premium Note.

The federal income tax treatment of original issue premium under the Code, including the determination of the amount of amortizable bond premium that is allocable to each year, is complicated. Purchasers of Premium Notes should consult their own tax advisors regarding the treatment of bond premium for federal income tax purposes, including various special rules relating thereto, and the state and local tax consequences, in connection with the acquisition, ownership, amortization of bond premium on, sale, exchange or other disposition of, Premium Notes.

The federal income tax consequences of the purchase, ownership and redemption, sale or other disposition of Premium Notes which are not purchased in the initial offering may be determined according to rules which differ from those described above.

Miscellaneous

Bond Counsel gives no assurance that any future legislation or clarifications or amendments to the Code, if enacted into law or that otherwise become effective, will not cause the interest on the Notes to be subject, directly or indirectly, to federal income taxation or otherwise prevent the Noteholders from realizing the full current benefit of the tax status of the interest on the Notes.

During recent years, legislative proposals have been introduced in Congress, and in some cases have been enacted, that have altered or could alter certain federal tax consequences of owning obligations similar to the Notes. In some cases, these proposals have contained provisions that were to be applied on a retroactive basis. It is possible that legislation could be introduced that, if enacted, could change the federal tax consequences of owning the Notes and, whether or not enacted, could

adversely affect their market value. Prospective purchasers of the Notes are encouraged to consult their own tax advisors regarding any pending or proposed federal legislation, as to which Bond Counsel expresses no view.

The federal income tax consequences from the purchase, ownership and redemption, sale or other disposition of Notes which are not purchased in the initial offering at the initial offering price may be determined according to rules which differ from those described above. Purchasers of the Notes at other than their original issuance at the respective prices indicated on the inside cover of this Official Statement should consult their own tax advisors regarding other tax considerations.

State, Local and Foreign Taxes

Investors should consult their own tax advisors concerning the tax implications of the purchase, ownership or disposition of the Notes under applicable state or local laws. Foreign investors should also consult their own tax advisors regarding the tax consequences unique to investors who are not United States persons.

PURCHASE, OWNERSHIP, SALE OR DISPOSITION OF THE NOTES AND THE RECEIPT OR ACCRUAL OF THE INTEREST THEREON MAY HAVE ADVERSE FEDERAL TAX CONSEQUENCES FOR CERTAIN INDIVIDUAL AND CORPORATE NOTEHOLDERS, INCLUDING, BUT NOT LIMITED TO, THE CONSEQUENCES DESCRIBED ABOVE. PROSPECTIVE NOTEHOLDERS SHOULD CONSULT WITH THEIR TAX SPECIALISTS FOR INFORMATION IN THAT REGARD.

Reference is made to the proposed form of the opinion of Bond Counsel attached hereto as "Appendix C – Form of Bond Counsel Opinion" for the complete text thereof. See also "LEGAL MATTERS" herein.

INVESTMENT POLICIES

Investments

The District invests its funds in investments authorized by Texas law in accordance with investment policies approved by the Board of the District. Both State law and the District's investment policies are subject to change.

Legal Investments

Under State law, the District is authorized to invest in: (1) obligations, including letters of credit, of the United States or its agencies and instrumentalities, including the Federal Home Loan Banks; (2) direct obligations of the State or its agencies and instrumentalities; (3) collateralized mortgage obligations issued by a federal agency or instrumentality of the United States, the underlying security for which is guaranteed by an agency or instrumentality of the United States; (4) other obligations, the principal and interest of which are unconditionally guaranteed or insured by, or backed by the full faith and credit of, the State or the United States or their respective agencies and instrumentalities, including obligations that are fully guaranteed or insured by the Federal Deposit Insurance Corporation (the "FDIC") or by the explicit full faith and credit of the United States; (5) obligations of states, agencies, counties, cities, and other political subdivisions of any state rated as to investment quality by a nationally recognized investment rating firm not less than A or its equivalent; (6) bonds issued, assumed, or guaranteed by the State of Israel; (7) interest-bearing banking deposits that are guaranteed or insured by the FDIC or the National Credit Union Share Insurance Fund (the "NCUSIF") or their respective successors; (8) interest-bearing banking deposits, other than those described in clause (7), that (i) are invested through a broker or institution with a main office or branch office in this state and selected by the District in compliance with the PFIA, (ii) the broker or institution arranges for the deposit of the funds in one or more federally insured depository institutions, wherever located, for the District's account, (iii) the full amount of the principal and accrued interest of the banking deposits is insured by the United States or an instrumentality of the United States, and (iv) the District appoints as its custodian of the banking deposits, in compliance with the PFIA, the institution in clause (8)(i) above, a bank, or a broker-dealer; (9) certificates of deposit and share certificates meeting the requirements of the PFIA (i) that are issued by an institution that has its main office or a branch office in the State and are guaranteed or insured by the FDIC or the NCUSIF, or their respective successors, or are secured as to principal by obligations described in clauses (1) through (8), above, or secured in accordance with Chapter 2257, Texas Government Code, or in any other manner and amount provided by law for District deposits, or (ii) where (a) the funds are invested by the District through a broker or institution that has a main office or branch office in the State and selected by the District in compliance with the PFIA, (b) the broker or institution arranges for the deposit of the funds in one or more federally insured depository institutions, wherever located, for the account of the District, (c) the full amount of the principal and accrued interest of each of the certificates of deposit is insured by the United States or an instrumentality of the United States; and (d) the District appoints, in compliance with the PFIA, the institution in clause (9)(ii)(a) above, a bank, or broker-dealer as custodian for the District with respect to the certificates of deposit; (10) fully collateralized repurchase agreements that have a defined termination date, are secured by a combination of cash and obligations described by clauses (1) or (12), which are pledged to the District, held in the District's name, and deposited at the time the investment is made with the District or with a third party selected and approved by the District, and are placed through a primary government securities dealer, as defined by the Federal Reserve, or a financial institution doing business in the State; (11) certain bankers' acceptances with a stated maturity of 270 days or less, if the short-term obligations of the accepting bank, or of the holding company of which the bank is the largest subsidiary, are rated not less than A-1 or P-1 or the equivalent by at least one nationally recognized credit rating agency; (12) commercial paper with a stated maturity of 365 days or less that is rated at least A-1 or P-1 or an equivalent by either (i) two nationally recognized credit rating agencies, or (ii) one nationally recognized credit rating agency if the commercial paper is fully secured by an irrevocable letter of credit issued by a United States or state bank; (13) no-load money market mutual funds registered with and regulated by the Securities and Exchange Commission and complies with Securities and Exchange Commission Rule 2a-7; (14) no-load mutual funds that are registered and regulated by the Securities and Exchange Commission that have a weighted maturity of less than two years and either (i) have a duration of one year or more and are invested exclusively in obligations approved in this paragraph, or (ii) have a duration of less than one year and the investment portfolio is limited to investment grade securities, excluding asset backed securities; (15) guaranteed investment contracts that have a defined termination date and are secured by obligations described in clause (1), excluding obligations which the District is explicitly prohibited from investing in, and in an amount at least equal to the amount of bond proceeds invested under such contract; and (16) securities lending programs if (i) the securities loaned under the program are 100% collateralized, including accrued income, (ii) a loan made under the program allows for termination at any time, (iii) a loan made under the program is either secured by (a) obligations described in clauses (1) through (8) above, (b) irrevocable letters of credit issued by a state or national bank that is continuously rated by a nationally recognized investment rating firm at not less than A or its equivalent, or (c) cash invested in obligations described in clauses (1) through (8) above, clauses (12) through (14) above, or an authorized investment pool, (iv) the terms of a loan made under the program require that the securities being held as collateral be pledged to the District, held in the District's name, and deposited at the time the investment is made with the District or with a third party designated by the District, (v) a loan made under the program is placed through either a primary government securities dealer or a financial institution doing business in the State, and (vi) the agreement to lend securities has a term of one year or less.

As a school district that qualifies as an "issuer" under Chapter 1371, the District is also authorized to purchase, sell, and invest its funds in corporate bonds, but only if the District has formally amended its investment policy to authorize such investments. Texas law defines "corporate bonds" as senior secured debt obligations issued by a domestic business entity and rated not

lower than "AA-" or the equivalent by a nationally recognized investment rating firm. The term does not include a bond that is convertible into stocks or shares in the entity issuing the bond (or an affiliate or subsidiary thereof) or any unsecured debt. Corporate bonds must finally mature not later than 3 years from their date of purchase by the school district. A school district may not (1) invest more than 15% of its monthly average fund balance (excluding bond proceeds, reserves, and other funds held for the payment of debt service) in corporate bonds; or (2) invest more than 25% of the funds invested in corporate bonds in any one domestic business entity (including subsidiaries and affiliates thereof).

The District may invest in such obligations directly or through government investment pools that invest solely in such obligations provided that the pools are rated no lower than "AAA" or "AAAm" or an equivalent by at least one nationally recognized rating service.

The District is specifically prohibited from investing in: (1) obligations whose payment represents the coupon payments on the outstanding principal balance of the underlying mortgage-backed security collateral and pays no principal; (2) obligations whose payment represents the principal stream of cash flow from the underlying mortgage-backed security and bears no interest; (3) collateralized mortgage obligations that have a stated final maturity of greater than 10 years; and (4) collateralized mortgage obligations the interest rate of which is determined by an index that adjusts opposite to the changes in a market index.

Under State law, the District may contract with an investment management firm registered under the Investment Advisers Act of 1940 (15 U.S.C. Section 80b-1 et seq.) or with the State Securities Board to provide for the investment and management of its public funds or other funds under its control for a term of up to two years, but the District retains ultimate responsibility as fiduciary of its assets. In order to renew or extend such a contract, the District must do so by order, ordinance or resolution. The District has not contracted with, and has no present intention of contracting with, any such investment management firm or the Texas Securities Board to provide such services.

Investment Policies

Under State law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity; that address investment diversification, yield, maturity, and the quality and capability of investment management; and that includes a list of authorized investments for District funds, maximum allowable stated maturity of any individual investment owned by the District and the maximum average dollar-weighted maturity allowed for pooled fund groups. All District funds must be invested consistent with a formally adopted "Investment Strategy Statement" that specifically addresses each fund's investment. Each Investment Strategy Statement will describe its objectives concerning: (1) suitability of investment type, (2) preservation and safety of principal, (3) liquidity, (4) marketability of each investment, (5) diversification of the portfolio, and (6) yield.

Effective September 1, 2019, the investment officer of a local government is allowed to invest bond proceeds or pledged revenue only to the extent permitted by the PFIA and in accordance with (i) statutory provisions governing the debt issuance (or lease, installment sale, or other agreement) and (ii) the local government's investment policy regarding the debt issuance or the agreement.

State law also requires that District investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived". At least quarterly the investment officers of the District shall submit an investment report detailing: (1) the investment position of the District, (2) that all investment officers jointly prepared and signed the report, (3) the beginning market value, any additions and changes to market value and the ending value of each pooled fund group, (4) the book value and market value of each separately listed asset at the beginning and end of the reporting period, (5) the maturity date of each separately invested asset, (6) the account or fund or pooled fund group for which each individual investment was acquired, and (7) the compliance of the investment portfolio as it relates to: (a) adopted investment strategy statements and (b) State law. No person may invest District funds without express written authority from the Board.

Additional Provisions

Under State law, the District is additionally required to: (1) annually review its adopted policies and strategies, (2) adopt a rule, order, ordinance or resolution stating that it has reviewed its investment policy and investment strategies and records any changes made to either its investment policy or investment strategy in the respective rule, order, ordinance or resolution, (3) require any investment officers with personal business relationships or relatives with firms seeking to sell securities to the entity to disclose the relationship and file a statement with the Texas Ethics Commission and the Board; (4) require the qualified representative of firms offering to engage in an investment transaction with the District to: (a) receive and review the District's investment policy, (b) acknowledge that reasonable controls and procedures have been implemented to preclude investment transactions conducted between the District and the business organization that are not authorized by the District's investment policy (except to the extent that this authorization is dependent on an analysis of the makeup of the District's entire portfolio or requires an interpretation of subjective investment standards), and (c) deliver a written statement in a form acceptable to the District and the business organization attesting to these requirements; (5) perform an annual audit of the management controls on investments and adherence to the District's investment policy; (6) provide specific investment training for the Treasurer, Chief Financial Officer and investment officers; (7) restrict reverse repurchase agreements to not more than 90 days and restrict the investment of reverse repurchase agreement funds to no greater than the term of the reverse purchase agreement; (8) restrict the investment in no-load mutual funds in the aggregate to no more than 15% of the District's monthly average fund balance, excluding bond proceeds and reserves and other funds held for debt service; (9) require local government investment pools to conform to the new disclosure, rating, net asset value, yield calculation, and advisory board requirements, and (10) at least annually review, revise, and adopt a list of qualified brokers that are authorized to engage in investment transactions with the District.

Current Investments

As of February 28, 2026, the District had approximately \$314,457,703 (unaudited) invested in public investment pools (an investment pool that generally has the characteristics of a money-market fund), \$2,233,635 (unaudited) invested in a money market fund, \$31,049,097 (unaudited) in commercial paper, \$139,771,714 (unaudited) in U.S. Treasuries and \$37,951,483 (unaudited) in U.S. Agencies. The market value of such investments (as determined by the District by reference to published quotations, dealer bids, and comparable information) is approximately 100% of the book value. No funds of the District are invested in derivative securities; i.e., securities whose rate of return is determined by reference to some other instrument, index, or commodity.

REGISTRATION AND QUALIFICATION OF NOTES FOR SALE

No registration statement relating to the Notes has been filed with the United States Securities and Exchange Commission under the United States Securities Act of 1933, as amended, in reliance upon the exemption provided thereunder by Section 3(a)(2). The Notes have not been approved or disapproved by the United States Securities and Exchange Commission, nor has the United States Securities and Exchange Commission passed upon the accuracy or adequacy of the Official Statement. The Notes have not been registered or qualified under the Securities Act of Texas in reliance upon various exemptions contained therein; nor have

the Notes been registered or qualified under the securities acts of any other jurisdiction. The District assumes no responsibility for registration or qualification of the Notes under the securities laws of any jurisdiction in which the Notes may be sold, assigned, pledged, hypothecated or otherwise transferred. This disclaimer of responsibility for registration or qualification for sale or other disposition of the Notes shall not be construed as an interpretation of any kind with regard to the availability of any exemption from securities registration or qualification provisions.

CYBERSECURITY RISK MANAGEMENT

The District's operations are increasingly dependent on information technologies and services, which are exposed to cybersecurity risks and cyber incidents or attacks. While the District continually assesses and monitors its cybersecurity risks, the District may be subject to cyber-attacks from time to time. In response to such assessments and monitoring, the District takes actions it deems appropriate in response to cybersecurity risks, including, but not limited to, implementing cybersecurity training programs, obtaining technology improvements to mitigate cybersecurity risks, and taking other similar measures. To date, the District has not been the victim of any cyber-attack that has had a material adverse effect on its operations or financial condition. However, no assurance can be given that the District will fully prevent or successfully remediate the operational and/or financial impact of any cybersecurity incursions or incidents arising from events wholly or partially beyond the District's control, including electrical telecommunications outages, natural disasters or cyber-attacks initiated by criminal activities of individuals or organizations. Any such occurrence could materially and adversely affect the District's operations and/or financial condition.

WEATHER EVENTS

The District is located near the Texas Gulf Coast. Land located in this area is susceptible to, and land in the District has experienced high winds, heavy rain and flooding caused by hurricanes, tropical storms, and other tropical disturbances. If a future weather event significantly damaged all or part of the properties comprising the tax base within the District, the assessed value of property within the District could be substantially reduced, which could result in a decrease in tax revenues and/or necessitate an increase the District's tax rate. Texas law allows school districts to increase property tax rates without voter approval upon the occurrence of certain disasters such as floods and upon a gubernatorial or presidential declaration of disaster. See "TAX RATE LIMITATIONS - Public Hearing and Voter- Approval Tax Rate." There can be no assurance that a casualty loss to taxable property within the District will be covered by insurance (or that property owners will even carry flood or other casualty insurance), that any insurance company will fulfill its obligation to provide insurance proceeds, or that insurance proceeds will be used to rebuild or repair any damaged improvements within the District or be sufficient for such purposes. Even if insurance proceeds are available and improvements are rebuilt, there could be a lengthy period in which assessed values within the District could be adversely affected.

EXPOSURE TO OIL AND GAS INDUSTRY

In the past, the greater Houston area has been particularly affected by adverse conditions in the oil and gas industry, and adverse conditions in the oil and gas industry and spillover effects into other industries could adversely impact the businesses of ad valorem property taxpayers and the property values in the District, resulting in a reduction in property tax revenue. "See Appendix A – FINANCIAL INFORMATION OF THE DISTRICT - PRINCIPAL TAXPAYERS." The Notes are secured by an ad valorem tax, and a reduction in property values may require an increase in the ad valorem tax rate required to pay the Notes. Reductions in oil and gas revenues may also have an adverse effect on State revenues available during the next biennium, which may impact how the State funds education.

FINANCIAL ADVISOR

SAMCO Capital Markets, Inc. (the "Financial Advisor") is employed as Financial Advisor to the District to assist in the issuance of the Notes. In this capacity, the Financial Advisor has compiled certain data relating to the Notes that is contained in this Official Statement. The Financial Advisor has not independently verified any of the data contained herein or conducted a detailed investigation of the affairs of the District to determine the accuracy or completeness of this Official Statement. Because of their limited participation, the Financial Advisor assumes no responsibility for the accuracy or completeness of any of the information contained herein. The fee of the Financial Advisor for services with respect to the Notes is contingent upon the issuance and sale of the Notes. In the normal course of business, the Financial Advisor may from time to time sell investment securities to the District for the investment of bond proceeds or other funds of the District upon the request of the District.

The Financial Advisor has provided the following sentence for inclusion in this Official Statement. The Financial Advisor has reviewed the information in this Official Statement in accordance with, and as part of, its responsibilities to the District and, as applicable, to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Financial Advisor does not guarantee the accuracy or completeness of such information.

LEGAL INVESTMENTS AND ELIGIBILITY TO SECURE PUBLIC FUNDS IN TEXAS

Section 1201.041 of the Public Securities Procedures Act (Chapter 1201, Texas Government Code) provides that the Notes are negotiable instruments governed by Chapter 8, Texas Business and Commerce Code, and are legal and authorized investments for insurance companies, fiduciaries, and trustees, and for the sinking funds of municipalities or other political subdivisions or public agencies of the State of Texas. With respect to investment in the Notes by municipalities or other political subdivisions or public agencies of the State of Texas, the Public Funds Investment Act, Chapter 2256, Texas Government Code, requires that the Notes be assigned a rating of not less than "A" or its equivalent as to investment quality by a national rating agency. See "RATING" herein. In addition, various provisions of the Texas Finance Code provide that, subject to a prudent investor standard, the Notes are legal investments for state banks, savings banks, trust companies with at least \$1 million of capital, and savings and loan associations. The Notes are eligible to secure deposits of any public funds of the State, its agencies, and its political subdivisions, and are legal security for those deposits to the extent of their market value.

The District has made no investigation of other laws, rules, regulations or investment criteria which might apply to such institutions or entities or which might limit the suitability of the Notes for any of the foregoing purposes or limit the authority of such institutions or entities to purchase or invest in the Notes for such purposes. The District has made no review of laws in other states to determine whether the Notes are legal investments for various institutions in those states.

CONTINUING DISCLOSURE OF INFORMATION

In the Resolution, the District has made the following agreement for the benefit of the holders and beneficial owners of the Notes. The District is required to observe the agreement for so long as it remains obligated to advance funds to pay the Notes. Under the agreement, the District will be obligated to provide certain updated financial information and operating data annually, and timely notice of specified events, to the Municipal Securities Rulemaking Board ("MSRB"). For a description of the continuing disclosure obligations of the TEA, see "APPENDIX E - THE PERMANENT SCHOOL FUND GUARANTEE PROGRAM." The information provided to the MSRB will be available to the public free of charge via the MSRB's Electronic Municipal Market Access System at www.emma.msrb.org.

Annual Reports

The District will provide certain updated financial information and operating data annually to the MSRB. The information to be updated includes financial information and operating data with respect to the District of the general type included in this Official Statement in Appendix A (such information being the "Annual Operating Report"). The District will additionally provide financial statements of the District (the "Financial Statements"), that will be (i) prepared in accordance with the accounting principles described in Appendix D or such other accounting principles as the District may be required to employ from time to time pursuant to State law or regulation and shall be in substantially the form included in Appendix D and (ii) audited, if the District commissions an audit of such Financial Statements and the audit is completed within the period during which they must be provided. The District will update and provide the Annual Operating Report within six months after the end of each fiscal year and the Financial Statements within 12 months of the end of each fiscal year, in each case beginning with the fiscal year ending in and after 2026. The District may provide the Financial Statements earlier, including at the time it provides its Annual Operating Report, but if the audit of such Financial Statements is not complete within 12 months after any such fiscal year end, then the District shall file unaudited Financial Statements within such 12-month period and audited Financial Statements for the applicable fiscal year, when and if the audit report on such Financial Statements becomes available.

The District may provide updated information in full text or may incorporate by reference certain other publicly available documents, as permitted by Rule 15c2-12.

The District's current fiscal year end is August 31. Accordingly, the Annual Operating Report must be provided by the last day of February in each year, and the Financial Statements must be provided by August 31 of each year, unless the District changes its fiscal year. If the District changes its fiscal year, it will notify the MSRB of the change.

Notice of Certain Events

The District will also provide notice of any of the following events with respect to the Notes to the MSRB in a timely manner (but not in excess of ten business days after the occurrence of the event): (1) principal and interest payment delinquencies; (2) non-payment related defaults, if material; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB), or other material notices or determinations with respect to the tax status of the Notes, or other material events affecting the tax status of the Notes; (7) modifications to rights of holders of the Notes, if material; (8) Note calls, if material, and tender offers; (9) defeasances; (10) release, substitution, or sale of property securing repayment of the Notes, if material; (11) rating changes; (12) bankruptcy, insolvency, receivership, or similar event of the District, which shall occur as described below; (13) the consummation of a merger, consolidation, or acquisition involving the District or the sale of all or substantially all of its assets, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; (14) appointment of a successor or additional trustee or the change of name of a trustee, if material; (15) incurrence of a financial obligation of the District, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the District, any of which affect security holders, if material; and (16) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the District, any of which reflect financial difficulties. In addition, the District will provide timely notice of any failure by the District to provide annual financial information in accordance with their agreement described above under "Annual Reports". The District will provide each notice described in this paragraph to the MSRB. Neither the Notes nor the Resolution make any provision for a bond trustee, debt service reserves, credit enhancement, or liquidity enhancement.

For these purposes, any event described in clause (12) of the immediately preceding paragraph is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent, or similar officer for the District in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the District, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the District. For the purposes of the above described event notices (15) and (16), the term "financial obligation" means a (i) debt obligation, (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation, or (iii) a guarantee of (i) or (ii); provided however, that a "financial obligation" shall not include municipal securities as to which a final official statement (as defined in Rule 15c2-12) has been provided to the MSRB consistent with Rule 15c2-12.

Limitations and Amendments

The District has agreed to update information and to provide notices of events only as described above. The District has not agreed to provide other information that may be relevant or material to a complete presentation of its financial results of operations, condition, or prospects or agreed to update any information that has been provided except as described above. The District makes no representation or warranty concerning such information or concerning its usefulness to a decision to invest in or sell Notes at any future date. The District disclaims any contractual or tort liability for damages resulting in whole or in part from any breach of its continuing disclosure agreement or from any statement made pursuant to its agreement, although holders of Notes may seek a writ of mandamus to compel the District to comply with its agreement.

The District may amend its continuing disclosure agreement to adapt to changed circumstances that arise from a change in legal requirements, a change in law, or a change in the identity, nature, status, or type of operations of the District, if, but only if, (1) the agreement, as so amended, would have permitted an underwriter to purchase or sell Notes in the initial primary offering in compliance with Rule 15c2-12, taking into account any amendments or interpretations of Rule 15c2-12 to the date of such amendment, as well as such changed circumstances, and (2) either (a) the holders of a majority in aggregate principal amount of the outstanding Notes consent to the amendment or (b) any qualified person unaffiliated with the District (such as nationally recognized bond counsel) determines that the amendment will not materially impair the interests of the holders and beneficial owners of the Notes. If the District amends its agreement, it has agreed to include with the financial information and operating data next provided, in accordance with its agreement described above under "Annual Reports" an explanation, in narrative form, of the reasons for the amendment and of the impact of any change in the type of information and operating data so provided.

Compliance with Prior Undertakings

During the past five years the District has complied in all material respects with all continuing disclosure agreements made by it in accordance with the Rule 15c2-12.

LITIGATION

In the opinion of District officials, except as may be described in this Official Statement, the District is not a party to any litigation or other proceeding pending or to their knowledge threatened, in any court, agency or other administrative body (either state or federal) which, if decided adversely to the District, would have a material adverse effect on the financial condition of the District.

At the time of the initial delivery of the Notes, the District will provide the Underwriter with a certificate to the effect that no litigation of any nature has been filed or is then pending challenging the issuance of the Notes or that affects the payment and security of the Notes or in any other manner questioning the issuance, sale or delivery of the Notes.

FORWARD LOOKING STATEMENTS

The statements contained in this Official Statement, and in any other information provided by the District, that are not purely historical, are forward-looking statements, including statements regarding the District's expectations, hopes, intentions, or strategies regarding the future. Readers should not place undue reliance on forward-looking statements. All forward looking statements included in this Official Statement are based on information available to the District on the date hereof, and the District assumes no obligation to update any such forward-looking statements. It is important to note that the District's actual results could differ materially from those in such forward-looking statements.

The forward-looking statements herein are necessarily based on various assumptions and estimates and are inherently subject to various risks and uncertainties, including risks and uncertainties relating to the possible invalidity of the underlying assumptions and estimates and possible changes or developments in social, economic, business, industry, market, legal and regulatory circumstances and conditions and actions taken or omitted to be taken by third parties, including customers, suppliers, business partners and competitors, and legislative, judicial and other governmental authorities and officials. Assumptions related to the foregoing involve judgments with respect to, among other things, future economic, competitive, and market conditions and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond the control of the District. Any of such assumptions could be inaccurate and, therefore, there can be no assurance that the forward-looking statements included in this Official Statement would prove to be accurate.

UNDERWRITING

The Underwriter has agreed, subject to certain customary conditions, to purchase the Notes at a price equal to the initial offering prices to the public, as shown on page ii hereof, less an Underwriter's discount of \$40,115.97.

The Underwriter's obligations are subject to certain conditions precedent, and it will be obligated to purchase all of the Notes, if any Notes are purchased. The Notes may be offered and sold to certain dealers and others at prices lower than such public offering prices, and such public prices may be changed, from time to time, by the Underwriter.

The Underwriter has provided the following sentence for inclusion in this Official Statement. The Underwriter has reviewed the information in this Official Statement in accordance with, and as a part of, its responsibility to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriter does not guarantee the accuracy or completeness of such information.

In the ordinary course of its various business activities, the Underwriter and its affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (which may include bank loans and/or credit default swaps) for its own account and for the accounts of its customers and may at any time hold long and short positions in such securities and instruments. Such investment and securities activities may involve securities and instruments of the District.

CONCLUDING STATEMENT

No person has been authorized to give any information or to make any representations other than those contained in this Official Statement, and if given or made, such other information or representations must not be relied upon as having been authorized by the District. This Official Statement does not constitute an offer to sell or solicitation of an offer to buy in any state in which such offer or solicitation is not authorized or in which the person making such offer or solicitation is not qualified to do so or to any person to whom it is unlawful to make such offer of solicitation.

The information set forth herein has been obtained from the District's records, audited financial statements and other sources which the District considers to be reliable. There is no guarantee that any of the assumptions or estimates contained herein will ever be realized. All of the summaries of the statutes, documents and the Resolution contained in this Official Statement are made subject to all of the provisions of such statutes, documents, and the Resolution. These summaries do not purport to be complete statements of such provisions and reference is made to such summarized documents for further information. Reference is made to official documents in all respects.

References to web site addresses presented herein are for informational purposes only and may be in the form of a hyperlink solely for the reader's convenience. Unless specified otherwise, such web sites and the information or links contained therein are not incorporated into, and are not part of, this Official Statement for purposes of, and as that term is defined in Rule 15c2-12.

In the Resolution, the Board authorized (i) the Designated Financial Officer to approve, for and on behalf of the District, the form and content of this Official Statement, and any addenda, supplement, or amendment thereto, and (ii) the Underwriter's use of this Official Statement.

 2026/27 Preliminary Net Taxable Valuation ⁽³⁾	 \$ 11,152,538,460

(1) Includes the accreted value of outstanding capital appreciation bonds.

(2) The amount of state financial assistance for debt service, if any, may differ substantially each year depending on a variety of factors, including the amount, if any, appropriated for that purpose by the state legislature and a school district's wealth per student. The District will not receive any Instructional Facilities Allotment nor Existing Debt Allotment state aid in 2025/26, but will receive additional state aid for the increase in the homestead exemption which took effect in 2015/16, 2022/23, 2023/24 and 2025/26.

(3) Source: Preliminary Values from the Harris Central Appraisal District as of April 30, 2026.

AUTHORIZED BUT UNISSUED BONDS

The District has \$340,010,000 authorized but unissued ad valorem tax bonds from the May 4, 2024 election. The District may incur other financial obligations payable from its collection of taxes and other sources of revenue, including public property finance contractual obligations, delinquent tax notes, and leases for various purposes payable from State appropriations and surplus maintenance taxes.

(1) The foregoing information represents government-wide financial information provided in accordance with GASB 34, which the District adopted for the 2002 fiscal year.

(2) The 2023 prior period adjustment was the result of the District implementing GASB Statement No. 96 for Subscription-Based Information Technology Arrangements.

(3) The 2025 prior period adjustment was the result of the District implementing GASB Statement No. 101 for Compensated Absences, and a restatement of GASB No. 96 for SBITAs.

APPENDIX B

GENERAL INFORMATION REGARDING THE DISTRICT AND ITS ECONOMY

(this page intentionally left blank)

**GENERAL INFORMATION REGARDING
GALENA PARK INDEPENDENT SCHOOL DISTRICT, CITY OF GALENA PARK, TEXAS, AND
HARRIS COUNTY, TEXAS**

GENERAL AND ECONOMIC INFORMATION

The Galena Park Independent School District (the "District") is located in southeastern Harris County, Texas and includes the City of Galena Park, Texas and a portion of the City of Jacinto City, Texas. The unincorporated communities of Greens Bayou, Woodland Acres, Cloverleaf Addition, and a small portion of the City of Houston, Texas are also within the boundaries of the District. The District is located in the heart of the Houston Ship Channel industrial area, and the majority of the labor force is employed at nearby chemical plants and oil refineries.

SCHOLASTIC INFORMATION

The District offers a fully accredited and comprehensive educational program. The District is accredited by the Accreditation Division of the Texas Education Agency on a K-12 basis. Presently two high schools, one freshman center, one sophomore center, one senior high, four middle schools, one 6th grade campus and fifteen elementary schools serve the District. The District's current personnel total 3,147 of which 1,395 are certified.

In addition to the core curriculum courses, the District offers a diversity of enrichment programs including:

Four foreign languages - Spanish, French, German and Latin

Honors courses at both middle and high schools and Advanced Placement courses at both high schools

Gifted/Talented programs

Career and Technology Education

Air Force Junior Reserve Officer Training Corp. and LOTC

English as a Second Language (ESL)

Special Education for eligible students

Media – Print and Television

Fine Arts – Art, Band, Choir, Dance and Theater

University Interscholastic League Academics and Sports

Research and Development

Science Courses

Sports Medicine

Robotics

GENERAL INFORMATION REGARDING THE CITY OF GALENA PARK AND HARRIS COUNTY, TEXAS

The City of Galena Park, Texas (the “City”) is located in eastern Harris County, Texas (“Harris County”) and is completely surrounded by the City of Houston, Texas (the “City of Houston”). The Houston Ship Channel is located just south of the City limits, and many residents are employed in the industrial area surrounding the Channel. The Port of Houston is the world’s sixth largest and routinely ranks first in the nation in volume of foreign tonnage and second in the nation in total tonnage. The City has become a storage, shipping and fabrication center for the area’s oil and petrochemical industry. Overall, more than 785,000 jobs throughout Texas are directly and indirectly related to the diverse global trade and commerce activities at the Port. In addition, the port generates \$118 billion of economic activity in Texas every year.

Harris County is located in southeast Texas and is the state’s most populous county. The City of Houston, the state’s largest city and the fourth largest city in the United States, is the county seat. The County’s economy is based on petrochemicals, tourism, shipping, refining, chemicals, aerospace, alternative energy, biotechnology, energy, health care, information technology, nanotechnology, telecommunications, manufacturing, and education. The City of Houston is home to many businesses including corporate headquarters for 24 of the Fortune 500 companies.

APPENDIX C

FORM OF LEGAL OPINION OF BOND COUNSEL

(this page intentionally left blank)

Holland & Knight

811 Main Street, Suite 2500 | Houston TX 77002 | T 713-821-7000 | F 713-821-7001
Holland & Knight LLP | www.hklaw.com

July 15, 2026

Ladies and Gentlemen:

WE HAVE ACTED as bond counsel for the Galena Park Independent School District (the “District”), in connection with an issue of Obligations described as follows:

Galena Park Independent School District Maintenance Tax Notes, Series 2026 (together, the “Obligations”), in the aggregate original principal amounts of \$9,905,000 issuable in fully registered form only, in denominations, dated the date, bearing interest, maturing in the years and amounts, and transferable and exchangeable as set out in the Obligations and in the Orders (“Order”) adopted on August 11, 2025 by the by the Board of Trustees of the District authorizing their issuance.

WE HAVE ACTED as bond counsel for the sole purpose of rendering an opinion with respect to the legality and validity of the Obligations under the Constitution and laws of the State of Texas and with respect to the status of the interest on the Obligations under federal income tax law. In such capacity we have examined relevant provisions of the Constitution and laws of the State of Texas; a transcript of certain certified proceedings pertaining to the issuance of the Obligations; certain certifications and representations concerning the use of proceeds of the Obligations, the use of other funds of the District, and other material facts within the knowledge and control of the District, upon which we rely; and certain other customary documents and instruments authorizing and relating to the issuance of the Obligations, including executed Obligations. We have also examined such applicable provisions of the Internal Revenue Code of 1986, as amended (the “Code”), court decisions, Treasury Regulations, and published rulings of the Internal Revenue Service (the “Service”) as we have deemed relevant. We have not been requested to examine, and have not investigated or verified, any original proceedings, records, data, or other material, but have relied upon the transcript of certified proceedings. We have not assumed any responsibility with respect to the financial condition or capabilities of the District or the disclosure thereof in connection with the sale of the Obligations. Capitalized terms used herein, unless otherwise defined, have the meaning set forth in the Order.

BASED ON SUCH EXAMINATION, it is our opinion that:

- (1) the transcript of certified proceedings evidences complete legal authority for the issuance of the Obligations in full compliance with the Constitution and laws of the State of Texas presently in effect; the Obligations are valid and legally binding Obligations of the District in accordance with the terms and conditions thereof, except to the extent that the enforcement of the rights and remedies of the owners thereof may be limited by laws relating to bankruptcy, insolvency, reorganization, or moratorium or other similar laws affecting the rights of creditors, or the exercise of judicial discretion in accordance with general principles of equity; the Obligations have been authorized in accordance with law; the Obligations and any additional Obligations hereafter issued on a parity therewith are payable from and are secured solely by a pledge of the proceeds of an annual ad valorem tax levied, within the limits prescribed by law, against all taxable property within the boundaries of the District.

IT IS FURTHER OUR OPINION that, under existing law:

(i) The interest on the Obligations (which is defined to include any original issue discount properly allocable to the holder thereof) is excludable from gross income for federal income tax purposes. Moreover, such interest will not be treated as an item of tax preference in computing the federal alternative minimum tax imposed on individuals; however, interest on the Obligations is included in the “adjusted financial statement income” of certain corporations on which the federal alternative minimum tax is imposed under the Code.

The opinions expressed in the preceding paragraph are conditioned upon compliance by the District with its covenants relating to certain arbitrage rebate and other tax requirements contained in Section 103 and Part IV of Subchapter B of Chapter 1 of Subtitle A of the Code (including, without limitation, its covenants not to use any proceeds of the Obligations in a manner that would cause the Obligations to be classified as private activity Obligations under Sections 141(a) and 141(d) of the Code and to comply with the requirements contained in Section 148 of the Code), to the extent necessary to preserve the exclusion of interest on the Obligations from gross income for federal income tax purposes. Failure of the District to comply with such requirements could cause the interest on the Obligations to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Obligations. Other provisions of the Code may give rise to adverse federal income tax consequences to particular bondholders. The scope of this opinion is limited to matters addressed above and no opinion is expressed hereby regarding other federal income tax consequences that may arise due to ownership of the Obligations. We express no opinion regarding any state tax consequences of acquiring, carrying, owning or disposing of the Obligations. Owners of the Obligations should consult their tax advisors regarding any state tax consequences of owning the Obligations.

In providing such opinions, we have relied on representations of the District, the District’s Financial Advisor and the Underwriter with respect to matters solely within the knowledge of the District, the District’s Financial Advisor, and the Underwriter, respectively, which we have not independently verified. In addition, we have assumed for purposes of this opinion continuing compliance with the covenants in the Order pertaining to those sections of the Code that affect the exclusion from gross income of interest on the Obligations for federal income tax purposes.

The opinions set forth above are based on existing law, which is subject to change. Such opinions are further based on our knowledge of facts as of the date hereof. We assume no duty to update or supplement these opinions to reflect any facts or circumstances that may hereafter come to our attention or to reflect any changes in any law that may hereafter occur or become effective. Moreover, our opinions are not a guarantee of result and are not binding on the Service; rather, such opinions represent our legal judgment based upon our review of existing law and in reliance upon the representations and covenants referenced above that we deem relevant to such opinions.

Yours very truly,

GALENA PARK INDEPENDENT SCHOOL DISTRICT

GALENA PARK INDEPENDENT SCHOOL DISTRICT

A Texas Recognized School District

14705 Woodforest Blvd.

Houston, TX 77015

832-386-1204

January 12, 2026

To the Board of Trustees and Taxpayers of the Galena Park Independent School District:

The Texas Education Code requires that all school districts file a complete set of financial statements with the Texas Education Agency (TEA) within 150 days of the close of each fiscal year. The financial statements must be presented in conformity with generally accepted accounting principles (GAAP) and audited by a firm of licensed certified public accountants in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, issued by the Comptroller General of the United States. Pursuant to that requirement, we hereby issue the Annual Comprehensive Financial Report of the Galena Park Independent School District (the "District") for the fiscal year ended August 31, 2025.

This report consists of management's representations concerning the finances of the District. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of the District has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse, and to compile sufficient reliable information for the preparation of the District's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the District's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects. The District's financial statements have been audited by Whitley Penn, LLP, CPAs, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the District for the fiscal year ended August 31, 2025 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and, evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion and that the District's financial statements for the period ended August 31, 2025, are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the District was part of a broader, federally-mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the District's separately issued Single Audit Report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of a Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the report of the independent auditors.

GALENA PARK INDEPENDENT SCHOOL DISTRICT

Profile of the District

The Galena Park Independent School District encompasses 34 square miles and is located in southeastern Harris County, Texas. Interstate Highway 10 bisects the District. While a small portion of the District is located inside the city limits of Houston, it also includes portions of the incorporated cities of Galena Park, Jacinto City, and the unincorporated communities of Greens Bayou, Woodland Acres, and the Cloverleaf Addition. The District is one of the largest employers in East Harris County with more than 3,000 employees. The District is not included in any other governmental “reporting entity” since the Board of Trustees is elected by the public and has decision-making authority. Residents of the District elect a seven-member Board of Trustees. The respective Trustees serve overlapping three-year terms. There are no component units included in the reporting entity.

The purpose and responsibility of the District is to provide a thorough and efficient educational system for children, pre-kindergarten through grade 12, enrolled in public schools within its boundaries, whereby each child has access to programs and services that are appropriate to his or her educational needs. In addition to its regular educational program, the District offers comprehensive programs in the areas of career and technology education, special education, bilingual education, compensatory education and gifted and talented education. The District is accredited by the Texas Education Agency.

The District’s 15 elementary schools, 5 middle schools, 2 high schools, 1 early college high school, and 1 alternative high school campuses are well-known for innovative programs and academic accomplishments. At present there are no charter schools in the District. Current enrollment is 20,682 and the District projects this enrollment to remain steady or decline slightly in the future. The District educates children from diverse backgrounds. The student body reflects the cultural diversity of Texas. Of the approximately 20,000 students enrolled, 83% are Hispanic, 14% are African American, 2% are White, and 1% identify themselves as Asian/Pacific Islander, American Indian or of more than one ethnicity.

The prior seven years marks the completion of replacement campuses at Jacinto City Elementary, Cloverleaf Elementary, Galena Park Elementary, North Shore Elementary, Woodland Acres Elementary, and Pyburn Elementary Phase 1, as well as a Galena Park High School Phase 1 (14 classroom addition), North Shore Senior High Welding addition, and North Shore Senior High 10th Grade Center building. Galena Park High School Phase 2 Infrastructure (roadway and sewer lines) was also completed. As of August 2025, Pyburn Elementary Phase 2 building replacement and Galena Park High School Phase 2 consisting of a new dining commons, kitchen, and Career and Technology classroom building, were substantially completed. There are two active construction projects currently underway, North Shore 9th Grade chiller replacement which is in Construction and North Shore 9th Grade Campus Renovations which includes fenestration of existing building. Note 4 in the Notes to the Financial Statements discusses these projects and the value of construction in progress. When these projects are completed, six of the oldest campuses will have been completely replaced, and significant additions made to two high schools. The age of school buildings ranges from newly constructed to 82 years old. Table 19 in the Statistical Section lists the opening date of each building, in addition to the square footage, enrollment, and capacity.

The annual budget serves as the foundation for the District’s financial planning and control. The budget development process begins in January with the Superintendent and administrative leadership team determining the budget parameters that will be used as a guide for the resource allocation process. All of the District’s budget managers are required to submit requests for appropriations based on these parameters. Budget requests are forwarded to the Business Services Department for compilation and summarization. The Business Services Department personnel develop the draft budget and prioritize budget requests and potential budget reductions based on the principles established in the Superintendent’s budget parameters. The preliminary budget is then presented and discussed with the Board of Trustees. The proposed budget must be prepared by August 20th for the September 1st fiscal year start date. The Board President must call a Board meeting for the purpose of discussing and adopting the budget and tax rate. A public notice of this meeting is required to be published at least 10 days, but not more than 30 days, prior to the public meeting.

The District maintains budgetary controls throughout its financial systems. The objective of the budgetary controls is to ensure compliance with legal provisions embodied in the official budget adopted by the Board. The Board adopts an official appropriations budget at the functional expenditure level for the general fund, debt service fund and the food service program included in the special revenue fund. Budgetary control is maintained at the organizational level by the

GALENA PARK INDEPENDENT SCHOOL DISTRICT

encumbrance of estimated purchase amounts prior to the release of purchase orders to vendors. Outstanding encumbrances at the end of the fiscal year are treated as assigned fund balance and are recorded as expenditures in the subsequent year upon receipt of the goods and services.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the District operates.

Local Economy. The District is located in the heart of the Houston Ship Channel industrial area, and the majority of the labor force is employed at nearby chemical plants and oil refineries. The Houston Ship Channel is located just south of the District boundary, and many residents are employed in the industrial area surrounding the Channel. Port Houston is one of the largest ports in the world in terms of foreign waterborne tonnage and total tonnage. Each year, more than 9,000 deep vessels and 200,000 barges ship goods through the port, and more than 100 steamship lines offer service, linking Houston with 1,053 ports around the world. Port Houston is home to the world's second largest petrochemical complex. A vital element in the infrastructure of Houston and the region, the port maintains a high level of commercial prominence that solidifies its status as a major gateway to global commerce.

A cornerstone of the area economy, Port Houston centered along the 52 mile-long Houston Ship Channel, consists of diversified public and private facilities designed for handling general cargo, containers, grain and other dry bulk materials, project and heavy-lift cargo, and other types of cargo. Overall, more than 1.54 million jobs throughout Texas are directly and indirectly related to the diverse global trade and commerce activities at the port. In addition, the port generates nearly \$439 billion of economic activity in Texas each year and more than \$906 billion in economic impact across the nation. In 2022 Port Houston began a billion-dollar expansion, deepening, and widening project of the Houston Ship Channel called Project 11. The project is set for an October 2025 completion and widens the Galveston Bay reach of the channel from 530 feet to 700 feet to enhance safety, efficiency and competitiveness along the waterway. Houston's leading exports are crude petroleum, refined petroleum, petroleum gas, ethylene polymers, and acyclic hydrocarbons. Port Houston's economic activity has allowed Texas to remain the leading exporting state for the past twenty-three consecutive years.

Economic Outlook. Houston's economy is forecasted to grow by 2.2% in 2025, surpassing the national average of 1.9%. The economy is considered resilient and performing well relative to other large cities. From 2015 to 2024, Houston's population increased by 1.14 million, the fastest growth rate among the ten largest US metropolitan areas. Houston remains the energy capital of the nation, leading all other metros with almost 200,000 people employed in producing fuels, power generation, transmission, distribution, and storage. One in twelve jobs are in the renewable energy market. Retail trade, professional services, health care & social assistance and local government dominate the local employment. Texas Medical Center opened Helix Park, the first phase of a new 27-acre campus which is aimed at connecting academia, industry, and healthcare. Other major healthcare systems are expanding campuses in Fort Bend, Katy, and Sugar Land. This combined growth is expected to add 12,800 jobs by the end of 2025. The 89th Texas Legislature met in 2025, where key topics related to the state's two-year budget, education, school safety, school choice, teacher pay increases, student success assessment, and property taxes were discussed.

Access. The District is connected to Downtown Houston via Interstate 10 and is also linked to the entire Houston metropolitan area via the Sam Houston Toll Road. Both of these thoroughfares pass through the center of the District. The District's proximity to Houston provides the area with access to one of the nation's leading centers for medical education and research, many colleges and universities, a dynamic cultural arts community, excellent recreational opportunities, and a national center of commerce, world trade and corporate management.

Relevant Financial Policies

Budget. Budget planning is an integral part of the District's overall program and strategic planning process, ensuring that financial resources effectively support educational goals and operational priorities. The 2024–25 Adopted Budget was developed amid ongoing enrollment declines and the impending expiration of federal Elementary and Secondary School Emergency Relief (ESSER) funds that had previously supported General Fund expenditures. To address projected revenue

GALENA PARK INDEPENDENT SCHOOL DISTRICT

shortfalls and ensure continued fiscal stability, the District implemented a 5% reduction across all departmental budgets, excluding campus budgets, Special Education, State Compensatory Education, Fine Arts, Athletics, and Career and Technical Education (CTE), generating approximately \$1.5 million in savings. Despite these reductions, the District remains focused on maintaining high standards for safety and security, supporting student learning, and retaining and recruiting quality staff. Budget planning and evaluation are continuous processes that occur throughout the year, ensuring that financial decisions remain aligned with the District's mission, goals, and available resources.

Fund Balance. In order to preserve financial stability, the District must be prepared to respond to cash flow shortages, large or unexpected one-time expenditures, changes in the economy, and changes in state funding. In March 2014, the Board of Trustees approved the local annual operating budget policy that targeted a yearly, unassigned general fund balance between ten percent and fifteen percent of the total operating expenditures. Additionally, the policy requires the District to target a yearly minimum, restricted debt service fund balance of fifteen percent of annual debt service requirements on all outstanding debt issuance. In the current fiscal year, the general fund unassigned fund balance was \$64 million, or 26% of the operating budget. As a result of the District's strong operational performance and solid expenditure flexibility, Fitch Ratings, Inc. has issued a bond rating of AA+ and Moody's Investors Services, Inc. continued to rate the District's bond rating at Aa1, one of the highest among Texas school districts. A strong fund balance allows the District to respond to unanticipated situations that may arise.

Financial Planning. The District continues to actively navigate financial challenges shaped by state legislative developments, economic conditions, and enrollment trends. Legislative measures enacted during the 88th Texas Legislative Session, including House Bill 3 (HB 3) and Senate Bill 3 (SB 3), together with the lack of an increase to the basic allotment, have influenced state funding levels and long-term fiscal outlooks. Federal stimulus funds and state aid hold-harmless provisions have helped to mitigate reductions in Foundation School Program revenue caused by the pandemic-related decline in enrollment and attendance. With the expiration of ESSER funding on September 30, 2024, approximately \$12.2 million in recurring expenditures shifted back to the General Fund. To manage this transition responsibly, the District has taken proactive steps to control costs, monitor attendance and property value data, and adjust projections as economic conditions evolve. The District also continues to strengthen its security measures and maintain multi-year plans for replacements and upgrades in Technology, Fleet, Fine Arts, and Facilities, ensuring that long-range financial planning supports both operational efficiency and educational excellence.

Awards and Acknowledgements

Our District as a whole received many recognitions and achievements during the 2024-2025 school year across multiple disciplines organizationally. Galena Park Independent School District's athletic programs continue to shine with one athletic team advancing to UIL State Semi Finals Competition. Four athletic teams won the District Championship Competitions including one team with an undefeated District season. In total, 446 students advanced in their individual sports. Twenty-six athletes signed scholarship letters. Forty-nine students participated in state level career and technology competitions, two of which advanced to and competed at the national competition. One student made the steer auction at the Houston Livestock Show and Rodeo. Career and Technology Industry based certifications were earned by 1,518 students. The District's Career and Technology program earned the Career and Technology Association of Texas's CTE District of Distinction for 2025. This esteemed recognition celebrates districts across Texas that demonstrate exemplary leadership, innovation, and commitment to student success through high-quality Career and Technical Education programs. The fine arts program excelled this year as both high school marching bands advanced to the UIL Area marching contest and one continued on to the State marching contest. More than 240 secondary band, orchestra, and choir students earned places at the Texas Music Educators Association All-Region competitions, while 5 students advanced to All-State competitions. Twenty-nine secondary band and choir students earned Sweepstakes and First Division ratings at both UIL Concert and Sight-reading evaluations. North Shore Senior High School and Galena Park High School had 7 art students advance to the Texas Art Educators Association's State Visual Art Scholastic Event. Our middle schools had 62 entries in the junior high Visual Art Scholastic Event. Galena Park ISD was recognized by the Texas Art Education Association as a *District of Distinction* for the third consecutive year.

GALENA PARK INDEPENDENT SCHOOL DISTRICT

The Texas Education Agency has awarded the District an “A=Superior” rating for the fiscal year ended August 31, 2024. This is the 23rd year of the State’s Financial Integrity Rating System of Texas (School FIRST), originally developed in response to Senate Bill 875 of the 76th Texas Legislature. The rating is based upon an analysis of staff and student data reported for the 2023-2024 school year and budgetary and actual financial data for the fiscal year ended August 31, 2024. The primary goal of School FIRST is to ensure quality performance in the management of school districts’ financial resources, a goal made more significant due to the complexity of accounting associated with the Texas school finance system.

In February 2025, the District’s Purchasing Department was recognized with the Award of Merit for Purchasing Operations by the Texas Association of School Business Officials for the eleventh time. This award recognizes a district’s achievement in implementing best practices in the area of purchasing.

The District has been recognized by the Association of School Business Officials International (ASBO) as an eight-year recipient of the ASBO International Meritorious Budget Award (MBA) for the 2024-2025 Budget document. The award recognizes excellence in school budget presentation.

The Association of School Business Officials International (ASBO) awarded a Certificate of Excellence in Financial Reporting and the Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the District for its Annual Comprehensive Financial Report (ACFR) for the fiscal year ended August 31, 2024.

In order to be awarded the certificates, a governmental unit must publish an efficiently organized Annual Comprehensive Financial Report, the contents of which must conform to program standards. The report must satisfy both generally accepted accounting principles and applicable legal requirements. The District has received the ASBO award for fifteen consecutive years and the GFOA award for fourteen years. The certificates are valid for a period of one year only. We believe that our current ACFR continues to meet the requirements of both certificate programs, and it will be submitted accordingly to ASBO and GFOA to determine its eligibility for a 2025 certificate.

The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the Business Services Department. We would like to express our appreciation to all members of the department who assisted and contributed to the preparation of this report. Credit also must be given to the Board of Trustees for their unfailing support for maintaining the highest standards of professionalism in the management of the District’s finances. Finally, we would like to thank the residents of the District for their support of and belief in our public-school system, and the teachers and campus teams who provide the quality education for which our District is known.

Respectfully submitted,

John Moore

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Galena Park Independent School District

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Galena Park Independent School District (the "District"), as of and for the year ended August 31, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of August 31, 2025, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis, budgetary comparison information, pension information, and other-post employment benefit information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining nonmajor fund financial statements, required Texas Education Agency (TEA) schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements.

To the Board of Trustees
Galena Park Independent School District

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor fund financial statements, required TEA schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section, statistical section, and Schedule L-1 but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 12, 2026 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Whitley Penn LLP". The signature is written in a cursive, flowing style.

GALENA PARK INDEPENDENT SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the District, we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the year ended August 31, 2025. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found at the front of this report, and the District's financial statements which follow this section.

Financial Highlights

The assets and deferred outflows of resources of the District exceeded liabilities and deferred inflows of resources at August 31, 2025 by \$161,116,396 (net position). Of this amount, \$13,609,029 (unrestricted net position) may be used to meet the District's ongoing obligations to students and creditors.

- The District's total net position increased by \$16,123,587, excluding restatements, due to increased state aid revenues.
- As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$436,967,771, an increase of \$185,824,067 in comparison with the prior year. The overall increase in governmental fund balances was primarily due to an increase in the capital projects fund balance of \$181,509,641. The general fund experienced an increase in fund balance of \$204,104 and the debt service fund experienced an increase in fund balance of \$5,277,707. The unassigned fund balance in the general fund represents 26 percent of the total general fund expenditures.
- The District's total bonded debt increased by \$172,713,252 or 54 percent during the current fiscal year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains required supplementary information and other supplementary information in addition to the basic financial statements.

Government-wide Financial Statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The *Statement of Net Position* presents information on all of the District's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *Statement of Activities* presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused compensated absences).

GALENA PARK INDEPENDENT SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

The government-wide financial statements of the District are principally supported by taxes and intergovernmental revenues (*governmental activities*). The governmental activities of the District include Instruction, Instructional Resources And Media Services, Curriculum And Instructional Staff Development, Instructional Leadership, School Leadership, Guidance, Counseling, And Evaluation Services, Social Work Services, Health Services, Student Transportation, Food Services, Extracurricular Activities, General Administration, Facilities Maintenance And Operations, Security And Monitoring Services, Data Processing Services, Community Services, Interest On Long-term Debt, Other Facility Costs, Payments To Fiscal Agent/Member Districts Of Shared Services Arrangements, and Payments To Appraisal District.

The government-wide financial statements are referenced as Exhibit A-1 and B-1 in this report.

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The District maintains twenty-five individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, debt service fund and capital projects fund, all of which are considered to be major funds. Data from the other twenty-two governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in the financial statements. The District adopts an annual appropriated budget for its general fund, debt service fund, and child nutrition special revenue fund. A budgetary comparison schedule has been provided to demonstrate compliance with these budgets.

The basic governmental fund financial statements are referenced as Exhibits C-1 through C-2R in this report.

GALENA PARK INDEPENDENT SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

Proprietary Fund

The District maintains an internal service fund, one type of proprietary fund. The *internal service fund* is an accounting device used to accumulate and allocate costs internally among the District's various funds and functions. The District uses an internal service fund to account for its print shop copier services and the employee cafeteria and catering program. Because this service predominantly benefits governmental functions, it has been included within *governmental activities* in the government-wide financial statements.

Proprietary fund statements provide the same type of information as the government-wide financial statements, only in more detail. The internal service fund financial statements provide separate information for the print shop and employee cafeteria and catering program.

The basic proprietary fund financial statements are referenced as Exhibits D-1 through D-3 in this report.

Fiduciary Funds

The fiduciary funds are used to account for resources held for the benefit of students. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the District's own programs. The District is the trustee, or fiduciary, for these funds and is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

All of the District's fiduciary activities are reported in a separate statement of fiduciary net position and statement of changes in fiduciary net position as referenced as Exhibits E-1 and E-2, respectively, in this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements immediately follow the basic financial statements in this report.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information that further explains and supports the information in the financial statements. The required supplementary information is referenced as Exhibits G-1 through G-5 in this report.

Other Information

The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the required supplementary information. The combining and individual fund statements and schedules are referenced as Exhibits H-1 through H-2 in this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a District's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$161,116,396 at the close of the most recent fiscal year.

GALENA PARK INDEPENDENT SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

The District's investment in capital assets (e.g., land, buildings and improvements, furniture and equipment, construction in progress, right-to-use lease equipment, and right-to-use subscription assets); less any outstanding related debt used to acquire those assets totaled \$130,754,693. The District uses these capital assets to provide services to students; consequently, these assets are *not* available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Galena Park Independent School District's Net Position

	2025	2024
Current and other assets	\$ 477,221,377	\$ 292,868,181
Capital assets, net	436,887,188	437,154,629
Total Assets	914,108,565	730,022,810
Deferred loss on refunding	459,278	514,528
Deferred outflows - pension	23,307,194	44,906,736
Deferred outflows - OPEB	25,715,073	16,304,206
Total Deferred Outflows of Resources	49,481,545	61,725,470
Current liabilities	24,986,642	25,832,587
Long term liabilities	720,366,351	540,393,593
Total Liabilities	745,352,993	566,226,180
Deferred inflows - leases	320,423	337,465
Deferred inflows - pension	4,270,126	5,241,450
Deferred inflows - OPEB	52,530,172	65,812,576
Total Deferred Inflows of Resources	57,120,721	71,391,491
Net Position:		
Net investment in capital assets	130,754,693	124,045,637
Restricted	16,752,674	12,958,469
Unrestricted	13,609,029	17,126,503
Total Net Position	\$ 161,116,396	\$ 154,130,609

Net position is restricted for various purposes as follows:

	Governmental Activities	
	2025	2024
Federal and state programs	\$ 5,788,524	\$ 6,967,026
Debt service	10,964,150	5,991,443
	\$ 16,752,674	\$ 12,958,469

The balance of unrestricted net position may be used to meet the District's ongoing obligations to students and creditors. At the end of the current fiscal year, the District reports positive balances in all three categories of net position.

GALENA PARK INDEPENDENT SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

Government-wide Financial Analysis

The District's capital assets decreased by \$0.3 million in the current year. Total assets increased by \$184.0 million due to the issuance of Unlimited Tax School Building Bonds in the current year. Deferred outflows decreased by \$12.2 million with the significant decrease from deferred outflows related to pension in the amount of \$21.6 million offset by increases from deferred loss on refunding and deferred outflows related to OPEB. Total liabilities also increased \$179.1 million due primarily to the issuance of the Unlimited Tax School Building Bonds. Net position was also impacted by the decrease in deferred inflows for pension by \$0.9 million and decrease in deferred outflows for OPEB in the amounts of \$13.3 million.

Galena Park Independent School District's Changes in Net Position

	2025	2024

GALENA PARK INDEPENDENT SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

Governmental Activities

Governmental activities increased the District's net position by \$16,123,587. Revenues are generated primarily from three sources. Property taxes, state-aid formula grants, and operating grants and contributions represent 94 percent of total revenues. In the current year, the district experienced a decrease in property tax revenues due to a decrease in appraised values and lower collection rates. However, this decline was offset by an increase in state aid revenues due the funding formulas and the decrease to property values. Additionally, operating grants and contributions decreased as the pandemic related grants came to completion. The remaining six percent of revenues is generated from charges for services, investment earnings and miscellaneous revenues.

	Total Revenues	% of Total Revenues
Property taxes	\$ 134,956,334	41%
State Aid - Formula Grants	126,170,942	38%
Operating grants and contributions	49,473,059	15%
Other revenue	22,050,637	6%
Total Revenues	\$ 332,650,972	100%

The primary functional expenses of the District are instruction, facilities maintenance and operations, school leadership, interest on long-term debt, and food services, which represent 76 percent of total expenses. The decrease in expenses took place primarily in function 11 due to decreased staffing. The remaining individual functional categories of expense are each less than 5 percent of total expenses.

	Total Expenses	% of Total Expenses
Instruction	\$ 151,944,974	48%
Facilities maintenance and operations	34,880,057	11%
School leadership	17,937,397	6%
Interest on long-term debt	18,747,839	6%
Food services	17,205,859	5%
Other functional expenses	75,811,259	24%
Total Expenses	\$ 316,527,385	100%

Financial Analysis of the Government's Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the District's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the District's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a District's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$436,967,771, an increase of \$185,824,067. The increase in ending governmental fund balances was primarily due to the issuance of the Unlimited Tax School Building Bonds Series 2024 and Series 2025, an increase in Debt Service revenues due to increased property values, and was offset by a decrease due to expiration of the Instructional Material Allotments biennium and changes to the minimum fund balance allowed in student nutrition funds.

GALENA PARK INDEPENDENT SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

The *general fund* is the chief operating fund of the District. At the end of the current fiscal year, unassigned fund balance of the general fund was \$64,836,048, while total fund balance reached \$222,157,139. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 26 percent of total general fund expenditures, while total fund balance represents 89 percent of that same amount. Operations in the general fund remained consistent with the prior year as fund balance increased \$204,104.

The *debt service fund* has a total fund balance of \$8,142,322 all of which is restricted for the payment of debt service. The net increase in the debt service fund balance during the current year of \$5,277,707 was due to increased property tax revenue as well as premiums on the issuance of the Unlimited Tax School Building Bonds.

The *capital projects fund* has a total fund balance of \$199,557,939, all of which is restricted for the capital acquisitions. The net increase in the capital projects fund balance during the current year of \$181,509,641 was primarily due to the issuance of the Unlimited Tax School Building Bonds Series 2024 and Series 2025.

Additional information on the fund balance of Governmental Funds may be found in Note 14 of this report.

Proprietary Fund

The District's proprietary fund financial statement, internal service printing and employee cafeteria services, provide detail information about the profitability of the print shop fund and the employee cafeteria and catering services fund. At the end of the year, net position was \$211,317, an increase of \$45,062 compared to the prior year. The net change in the fund's position is eliminated and allocated to the governmental expenses in the government-wide financial statements.

General Fund Budgetary Highlights

Differences between the original budget and final amended budget of the general fund can be briefly summarized as follows:

	Budget	
	Original	Final Amended
Total Revenues	\$ 248,351,932	\$ 251,334,000
Total Expenditures	257,792,296	261,833,016
Net Change in Fund Balance	\$ (9,440,364)	\$ (10,499,016)

The amended revenues budget increased by \$3.0 million over the original budget primarily due to higher State Aid, driven by lower-than-anticipated local property tax collections, as the adopted budget assumed higher property values. In addition, projected interest earnings improved throughout the year, further contributing to the revenue increase.

The amended expenditure budget increased by \$4.0 million to appropriate fund balance for commitments related to expenditures ordered during the fiscal year but not received prior to year-end.

GALENA PARK INDEPENDENT SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

Capital Assets

The District's investment in capital assets for its governmental type activities as of August 31, 2025, amounts to \$436,887,188 (net of accumulated depreciation and amortization). This investment in capital assets includes land, buildings and improvements, furniture and equipment, vehicles, the intangible right-to-use assets, and construction in progress. Changes in capital assets are shown below:

	2025	2024
Land	\$ 27,972,115	\$ 27,709,141
Building and improvements	366,925,042	381,581,635
Furniture and equipment	25,802,361	23,927,822
Right-to-use assets	3,839,521	3,763,311
Construction in progress	12,348,149	172,720
Total	\$ 436,887,188	\$ 437,154,629

Additional information on the District's capital assets can be found in Note 4 of this report.

Long-term Liabilities

At the end of the current fiscal year, the District had \$491,156,169 in bonded debt outstanding, an increase of \$172,713,252 from the previous year due to the issuances of the Unlimited Tax School Building Bonds Series 2024 and Series 2025 offset by scheduled principal payments on bonds. The District's bonds are sold with an "AAA" rating and are guaranteed through the Texas Permanent School Fund Guarantee Program. The underlying rating of the bonds from Standard and Poor's is "Aaa" and from Moody's Investors Service is "Aa1" for general obligation debt.

Changes to bonds payable, for the year ended August 31, 2025 are as follows:

	Outstanding 9/1/24	Issued	Retired	Outstanding 8/31/25
Bonds Payable	\$ 318,442,917	\$ 193,769,600	\$ (21,056,348)	\$ 491,156,169

Changes to accretion on compound interest bonds, for the year ended August 31, 2025 are as follows:

	Outstanding 9/1/24	Issued	Retired	Outstanding 8/31/25
Accretion on Compound Interest Bonds	\$ 61,064,848	\$ 4,762,854	\$ (5,906,233)	\$ 59,921,469

Additional information on the District's long-term debt can be found in Note 6 of this report.

GALENA PARK INDEPENDENT SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS (continued)

Economic Factors and Next Year's Budgets and Tax Rates

The District's Board of Trustees and Administrators considered a variety of factors when adopting the budget for the 2025-26 fiscal year. Those factors include property values, enrollment trends, state funding, the economy, and legislative mandates. The following assumptions were taken into account when adopting the general operating budget for 2025-26:

- The tax rate for 2025-26 is \$1.24990 per \$100 of assessed value, with \$0.87559 applicable to maintenance and operations and \$0.37431 for debt service.
- Taxable values used for the 2025-26 adopted budget are expected to decrease by approximately 3.89 percent below the 2024-25 levels. The budgeted property tax revenues were based on the certified taxable value of \$11.55 billion with a 97.0 percent collection rate.
- The District's 2025-26 average daily attendance decreased from 2024-25 to 18,739.

With voter approval from a tax ratification election held in December 2007 the maintenance and operations tax rate increased from \$1.1134 to \$1.1834 per \$100 valuation. A second successful tax ratification election in September 2012 increased the maintenance and operations tax rate an additional .05999 cents for a total rate of \$1.2433. This District's maintenance and operations rate has decreased since the tax ratification to 0.87559 for 2025-26 as a result of the rate compression directed by the 89th Texas Legislature.

Galena Park ISD is one of the few districts that continues to provide a 20 percent Homestead Exemption to our residents in the manner provided by the Texas Tax Code S. 11.13(n).

Residential property taxes provide 20 percent of the assessed value, while commercial property taxes make up 80 percent.

The amount available for appropriation in the general fund is \$260.1 million, an increase of \$11.7 million from the previous year.

Expenditures are budgeted to increase 2.59 percent to \$264.5 million. The budgeted expenditures fund an increase to the starting teacher pay schedule, a 3.0 percent general pay increase for staff members who were paid on the teacher salary schedule in 2024-2025, but were not included in the H.B. 2 definition of classroom teachers, a 2.0 percent general pay increase for all other staff, and continued updates for technology, facilities, and fleet vehicles. A deficit budget was adopted for 2025-26. If these budgetary estimates are realized the District's General Fund balance will decrease \$4.3 million by August 31, 2026.

Request for Information

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. Questions concerning any of the information provided in this report, or requests for additional information, should be addressed to the Office of the Executive Director for Finance and Treasury, Galena Park Independent School District, 14705 Woodforest Blvd, Houston, TX 77015.

GALENA PARK INDEPENDENT SCHOOL DISTRICT
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND
CHANGES IN FUND BALANCE OF GOVERNMENTAL FUNDS TO THE
STATEMENT OF ACTIVITIES
For the Year Ended August 31, 2025

Exhibit C-2R

**Data
Control
Codes**

Amounts reported for governmental activities in the statement of activities (B-1) are different because:

Net Change in Fund Balances - Total Governmental Funds (from C-2) \$ 185,824,067

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation/amortization expense. This is the amount by which capital outlays exceeded depreciation/amortization in the current period.

1	Capitalized expenditures reclassified to assets.	21,851,697
2	Depreciation/amortization expense taken to Statement of Activities.	(21,258,131)
3	The net effect of various miscellaneous transactions involving capital assets (i.e., retirements, transfers, and capital contributions) is to increase/(decrease) net position.	(764,574)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

4	Property taxes	(323,210)
----------	----------------	-----------

Bond and other debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of bond and other debt principal is an expenditure in the governmental funds, but repayment reduces long-term liabilities in the Statement of Net Position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.

5	Principal paid on bonds, leases, and SBITAs	20,253,751
6	Proceeds from issuance of capital-related bonds	(183,335,000)
7	Premium issued on regular bonds	(10,434,600)
8	Issuance of SBITAs	(724,935)

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds:

9	Accrued interest on long-term debt	(343,929)
10	Amortization of deferred amounts on refunding	(55,250)
11	Amortization of premiums and discounts on issuance of bonds	2,122,581
12	Compensated absences	(796,051)
13	Accreted interest on capital appreciation bonds	1,143,379
14	Changes in pension liabilities and related deferred outflows and inflows of resources	(5,143,610)
15	Changes in OPEB liabilities and related deferred outflows and inflows of resources	8,062,340
16	Internal service funds are used by management to charge the costs of certain activities, such as print shop copier services, to individual funds. The net revenue (expense) of the internal service funds is reported with governmental activities (see D-2).	45,062

Note 1 - Summary of Significant Accounting Policies

The Galena Park Independent School District (the “District”) is public educational agency operating under the applicable laws and regulations of the State of Texas. It is governed by a seven-member Board of Trustees that is elected by registered voters of the District.

The District prepares its basic financial statements in conformity with generally accepted accounting principles (GAAP) promulgated by the Governmental Accounting Standards Board (GASB) and other authoritative sources as identified by the American Institute of Certified Public Accountants. Additionally, the District complies with the requirements of the appropriate version of the Texas Education Agency (TEA) Financial Accountability System Resource Guide (FASRG) and the requirements of contracts and grants of agencies from which it receives funds.

The District receives funding from local, state and federal government sources and must comply with the requirements of these funding source entities.

Reporting Entity

The District is considered an independent entity for financial reporting purposes and is considered a primary government. As required by GAAP, these basic financial statements have been prepared based on considerations regarding the potential for inclusion of other entities, organizations or functions as part of the District’s financial reporting entity. Based on these considerations, the District’s basic financial statements do not include any other entities. Additionally, as the District is considered a primary government for financial reporting purposes, its activities are not considered a part of any other governmental or other type of reporting entity.

Considerations regarding the potential for inclusion of other entities, organizations or functions in the District’s financial reporting entity are based on criteria prescribed by GAAP. These same criteria are evaluated in considering whether the District is a part of any other governmental or other type of reporting entity. The overriding elements associated with prescribed criteria considered in determining that the District’s financial reporting entity status is that of a primary government are that it has a separately elected governing body; it is legally separate; and it is fiscally independent of other state and local governments. Additionally, prescribed criteria under generally accepted accounting principles include considerations pertaining to organizations for which the primary government is financially accountable and considerations pertaining to other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity’s financial statements to be misleading or incomplete.

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities* normally are supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment, are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to students or users who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Note 1 - Summary of Significant Accounting Policies (continued)

Government-wide and Fund Financial Statements (continued)

Interfund activities between governmental funds and proprietary funds appear as due to/due from on the governmental fund balance sheet and proprietary fund statement of net position and as other resources and other uses on the governmental fund statement of revenues, expenditures and changes in fund balances and on the proprietary fund statement of revenues, expenses and changes in fund net position. All interfund activities between governmental funds and internal service funds are eliminated on the government-wide statements. The District has no interfund services provided and used between functions that would be program revenue which would not be eliminated in the process of consolidation. Interfund activities between governmental funds and fiduciary funds remain as due to/due from on the government-wide statement of net position.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of recognition in the financial statements of various kinds of transactions or events.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they have been earned and they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service principal and interest expenditures on general long-term debt, including lease and subscription-based technology arrangements (SBITA) liabilities, as well as expenditures related to compensated absences, and claims and judgments, postemployment benefits and environmental obligations are recognized later based on specific accounting rules applicable to each, generally when payment is due. General capital asset acquisitions, including entering into contracts giving the District the right-to-use lease assets and SBITA assets, are reported as expenditures in governmental funds. Issuance of long-term debt and financing through leases and SBITAs are reported as other financing sources.

The government-wide, proprietary fund, and fiduciary fund financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Revenues from local sources consist primarily of property taxes. Property tax revenues are available for spending when collected, while revenues received from the State of Texas are recognized under the susceptible-to-accrual concept. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned since they are both measurable and available.

Grant funds are considered earned to the extent of the expenditures made under the provisions of the grant. Most grant funds are received on a reimbursement basis. When grant funds are received in advance, they are recorded as unearned revenues until the related and authorized expenditures have been made. If balances have not been expended by the end of the project period, grantors sometimes require the District to refund all or part of the unused amount.

Note 1 - Summary of Significant Accounting Policies (continued)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation (continued)

The District reports the following major governmental funds:

- The *general fund* is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The *debt service fund* accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.
- The *capital projects fund* is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

The District reports the following nonmajor governmental funds:

- The *special revenue funds* are used to account for resources restricted to, or committed for, specific purposes by a grantor. Federal and state financial assistance generally is accounted for in a special revenue fund. Generally, unused balances are returned to the grantor at the close of the specified project periods. With respect to the campus activity funds, funds are rolled over from year to year for use in the program.

Additionally, the District reports the following fund types:

- The *internal service fund* is used to account for the operations of the District's print shop and employee cafeteria and catering services.
- The *private-purpose trust fund* is used to account for scholarship funds for post-secondary education purposes held on behalf of current and former students.
- The *custodial fund* is used to account for monies held on behalf of students for student organizations.

During the course of operations, the government has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (governmental and the internal service fund) are eliminated so that only the net amount is included as internal balances in the governmental activities' column.

Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities' column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements.

Amounts reported as program revenues include 1) charges to students or users for goods, services, or privileges provided and 2) operating grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes and investment income.

Note 1 - Summary of Significant Accounting Policies (continued)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation (continued)

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's internal service fund are charges to the funds and/or employees for self-funded health services. Operating expenses for the internal service fund include the cost of services and administrative expenses. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

Implementation of New Accounting Standards

GASB issued Statement No. 101, *Compensated Absences*, was issued in June 2022. The primary objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The requirements of this Statement are effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter. The requirements of this statement were implemented in 2025 and the impact is reflected in the financial statements. See Note 6 and Note 14 for more information.

GASB issued Statement No. 102, *Certain Risk Disclosures*, in December 2023. The primary objective of this Statement is to provide users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. The requirements of this Statement are effective for fiscal years beginning after June 15, 2024, and all reporting periods thereafter. The requirements of this statement were implemented in fiscal year 2025 and did not have a material impact on the financial statements.

Deposits and Investments

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, certificates of deposit, external investment pools (LOGIC, Lone Star, Texas CLASS and TexPool) and other investment securities.

The funds of the District must be deposited and invested under the terms of a depository contract, the contents of which are set out in the Depository Contract Law. The depository bank may either place approved pledged securities for safekeeping and trust with the District's agent bank or file a corporate surety bond in an amount sufficient to protect District funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of FDIC insurance. The depository cash balances were covered by FDIC insurance and by collateral held by the District's agent in the District's name.

The District categorizes fair value measurements of its investments based on the hierarchy established by GAAP. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The District's local government investment pools are valued and recorded at amortized costs as permitted by GASB Statement No. 79, *Certain Investment Pools and Pool Participants*.

Note 1 - Summary of Significant Accounting Policies (continued)

Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

Property tax receivables include unpaid property taxes at year-end along with penalties and interest assessed on these unpaid taxes and are shown net of an allowance for uncollectible taxes. Revenues from property taxes are recognized when levied to the extent they are available. The District considers property taxes as available when collected. However, not all outstanding property taxes are expected to be collected within one year of the date of the financial statements. Property values are determined by the Harris County Appraisal District as of January 1 of each year. Prior to September 1 of each year, the District must adopt its annual budget and as soon thereafter as practicable, shall adopt a tax rate thus creating the tax levy. Property taxes for the current calendar year are levied on approximately October 1 of each year and are payable by January 31 of the following year. Property tax receivables are recorded as of the date levied. Unpaid taxes become delinquent on February 1 and a tax lien on real property is created as of July 1 of each year.

The tax rates applicable to the maintenance and operation and debt service for fiscal year 2025 were \$0.83760 and \$0.33431, respectively, based on a taxable value of \$11,574,806,096. Uncollected taxes are recorded as unavailable revenue in the fund financial statements net of the related allowance for uncollectible taxes.

Inventories and Prepaid Items

Inventories consisting of supplies and materials are valued at weighted average cost and they include maintenance, transportation, office and instructional supplies, and food service commodities. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased. Food service commodity inventory is recorded at fair market value on the date received. Commodities are recognized as revenues in the period received when all the eligibility requirements are met.

Commodity inventory items are recorded as expenditures when distributed to user locations. A portion of fund balance is considered restricted to reflect minimum inventory quantities considered necessary for the District's continuing operations.

If there is a constraint on how the eventual proceeds can be spent, the fund balance is classified to reflect that constraint (restricted, committed, or assigned), rather than included as part of nonspendable fund balance.

Capital Assets

Capital assets are tangible and intangible assets, which include property, plant, equipment, the right-to-use lease assets, the right-to-use SBITA assets, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental column in the government-wide financial statements. Capital assets, except for infrastructure assets, are defined by the District as assets with an initial, individual cost of more than \$10,000 and an estimated useful life in excess of two years. The District has established a lease and SBITA recognition threshold of \$100,000. As the District constructs or acquires capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost (except for intangible right-to-use lease assets and SBITA assets, the measurement of which is discussed in note above. The reported value excludes normal maintenance and repairs, which are amounts spent in relation to capital assets that do not increase the asset's capacity or efficiency or increase its estimated useful life. Donated capital assets are recorded at acquisition value at the date of donation. Acquisition value is the price that would be paid to acquire an asset with equivalent service potential on the date of the donation. Intangible assets follow the same capitalization policies as tangible capital assets and are reported with tangible assets in the appropriate capital asset class.

Note 1 - Summary of Significant Accounting Policies (continued)

Capital Assets (continued)

Land and construction in progress are not depreciated. The other tangible and intangible property, plant, equipment, the right-to-use lease assets and right-to-use SBITA assets, primary government are depreciated/amortized using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings and Improvements	40 years
Furniture, fixtures and equipment	10 years
Vehicles	10 years
Right-to-use lease equipment	Shorter of lease term or 10 years
SBITA	Shorter of SBITA term or 10 years

Subscription-Based Information Technology Arrangements

The District is under contracts for SBITA for various financial and educational software. The agreements/contracts are noncancellable and the District recognizes a SBITA liability and an intangible right-to-use SBITA asset in the government-wide financial statements. The District recognizes SBITA liabilities with an initial, individual value of \$100,000 or more.

At the commencement of the SBITA, the District initially measures the SBITA liability at the present value of payments expected to be made during the SBITA term. Subsequently, the SBITA liability is reduced by the principal portion of SBITA payments made. The SBITA asset is initially measured as the initial amount of the SBITA liability, adjusted for payments made at or before the SBITA commencement date, plus certain initial direct costs. Subsequently, the SBITA asset is amortized on a straight-line basis over its useful life. Key estimates and judgments related to SBITA include how the District determines (1) the discount rate it uses to discount the expected SBITA payments to present value, (2) SBITA term, and (3) SBITA payments

- The District uses the interest rate charged by the SBITA vendor as the discount rate. When the interest rate charged by the SBITA vendor is not provided, the District generally uses its estimated incremental borrowing rate as the discount rate for SBITAs.
- The SBITA term includes the noncancellable period of the SBITA and payments included in the measurement of the SBITA liability are composed of fixed payments and purchase option price that the District is reasonably certain to exercise.

The District monitors changes in circumstances that would require a remeasurement of its SBITA and will remeasure the SBITA asset and liability if certain changes occur that are expected to significantly affect the amount of the SBITA liability.

SBITA assets are reported with other capital assets and SBITA liabilities are reported with long-term debt on the statement of net position.

Compensated Absences

A liability is recognized for compensated absences for leave time that (1) has been earned for services previously rendered by employees, (2) accumulates and is allowed to be carried over to subsequent years, and (3) is more likely than not to be used as time off or settled during or upon separation from employment. Based on the criteria listed, the following types of leave qualify for liability recognition for compensated absences – vacation, sick leave, and local sick leave. The liability for compensated absences is reported as incurred in the government-wide and proprietary fund financial statements. A liability for compensated absences is recorded in the governmental funds only if the liability has matured because of employee resignations or retirements. The liability for compensated absences includes salary-related benefits, where applicable.

Note 1 - Summary of Significant Accounting Policies (continued)

Compensated Absences (continued)

Vacation

The District has a vacation pay policy for non-contractual employees (administration and other full-time employees) whereby eligible employees shall receive vacation pay from one to fifteen days, dependent upon the number of years of service, after the completion of a year's service in the District. All vacation days must be used during the year and unused vacation pay cannot be carried over to future periods.

Sick Leave

The District's sick leave policy is coordinated with a state mandated sick leave policy whereby substantially all full-time teaching and paraprofessional employees receive up to twelve days sick leave per year. State sick leave days accrue at the rate of five per year without limit to accumulation. The unused balance may be transferred to another District within the Texas public school system. All state sick leave days must be used prior to retirement from the Texas public school system to receive the benefit. The District pays for all state sick leave days used.

Local Sick Leave

Additional local sick leave of up to seven days per year accrues to employees eligible to receive state mandated sick days. All employees not eligible for state mandated sick days may receive up to twelve days of local sick leave. Local sick leave may be accrued without limitation; however, the District does not pay accumulated local sick leave upon termination with the District. Employees are eligible to receive local sick leave upon qualified retirement from the District, dependent upon the number of years of service with the District.

Upon retirement, under an eligible retirement plan, an employee is eligible for reimbursement of accrued local sick leave based on the following schedule:

Years of Service	Salary Service Reimbursed	Maximum Reimbursement
Less than 20	\$100/day for up to 50 local days	\$5,000
20 – 30	\$100/day for up to 75 local days	\$7,500
31 – 35	\$100/day for up to 100 local days	\$10,000
Over 35	\$100/day for up to 175 local days	\$17,500

Compensated absences are liquidated from the General Fund when due and payable.

Long-term Liabilities

In the government-wide financial statements and in proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

The current requirements for general obligation bonds principal and interest expenditures are accounted for in the debt service fund. The current requirements for compensated absences are liquidated in the general fund.

Note 1 - Summary of Significant Accounting Policies (continued)

Leases

Lessee: The District is a lessee for the noncancellable lease of equipment. The District recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the government-wide financial statements. The District recognizes lease liabilities with an initial, individual value of \$100,000 or more.

At the commencement of a lease, the District initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the District determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The District uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the District generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the District is reasonably certain to exercise.

The District monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

Lessor: The District is a lessor for a noncancellable leases agreement. The District recognizes a lease receivable and a deferred inflow of resources in the government-wide and governmental fund financial statements

At the commencement of a lease, the District initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments include how the District determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The District uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

The District monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

Note 1 - Summary of Significant Accounting Policies (continued)

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position includes a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to a future period(s) and therefore will not be recognized as an outflow of resources (expense/expenditure) until then. The District has three items that qualify for reporting in this category. It is the deferred charge on refunding reported in the government-wide statement of net position, deferred amounts related to pension, and deferred amounts related to OPEB. The deferred charge on refunding resulted from the difference between the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The deferred amounts related to pension and OPEB relate differences between estimated and actual investment earnings, changes in actuarial assumptions, and other pension and OPEB related changes.

In addition to liabilities, the statement of financial position includes a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to a future period(s) and therefore will not be recognized as an inflow of resources (revenue) until that time. The District has two items that qualify for reporting in this category on the governmental funds balance sheet. The governmental funds report unavailable revenues from two sources: property taxes and leases. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. In the government-wide financial statements the District reports three items in this category: deferred amounts related to leases, deferred amounts related to pension, and deferred amounts related to OPEB.

Pensions

The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities, and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Post-Employment Benefits (OPEB)

The fiduciary net position of the Teacher Retirement System of Texas (TRS) TRS Care Plan has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to other post-employment benefits, OPEB expense, and information about assets, liabilities, and additions to/deductions from TRS Care's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay-as you-go plan and all cash is held in a cash account.

Fund Balance Classifications

In the fund financial statements, governmental funds report classifications of fund balance based on controls placed upon the funds. In accordance with the Governmental Accounting Standards Board (GASB) Statement No. 54, effective June 30, 2011, fund balance classifications are recorded as follows:

- *Nonspendable fund balance* - amounts that are not in spendable form or are required to be maintained intact. As such, inventory and prepaid items have been properly classified in the Governmental Funds Balance Sheet (Exhibit C-1). If there is a constraint on how the eventual proceeds can be spent, the fund balance is classified to reflect that constraint (restricted, committed, or assigned), rather than included as part of nonspendable fund balance.

Note 1 - Summary of Significant Accounting Policies (continued)

Fund Balance Classifications (continued)

- *Restricted fund balance* - amounts that can be spent only for specific purposes because of local, state or federal laws, or externally imposed conditions by grantors or creditors.
- *Committed fund balance* - amounts constrained to specific purposes by the District itself, using its highest level of decision-making authority (i.e. the Board of Trustees). To be reported as committed, amounts cannot be used for any other purposes unless the District takes the same highest level of action to remove or change the constraint. The District establishes (and modifies or rescinds) fund balance commitments by passage of a resolution. The District has committed 100 percent of Fund 461 Campus Activity Funds' fund balance.
- *Assigned fund balance* - amounts the District intends to use for a specific purpose. Intent can be expressed by the District or by an official or body to which the Board of Trustees delegates the authority. Per Board Policy, CE Local, the Board has delegated authority to the Superintendent or Chief Financial Officer to establish fund balance assignments.
- *Unassigned fund balance* - amounts that are available for any purpose. Positive amounts are reported only in the general fund. The District strives for a minimum unassigned General Fund Balance of ten to fifteen percent of operating expenditures. In the Debt Service Fund, the District's goal is to have a fund balance of fifteen percent of debt service expenditures.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds.

Data Control Codes

The Data Control Codes refer to the account code structure prescribed by the Texas Education Agency (TEA) in the Financial Accountability System Resource Guide (FASRG). TEA requires school districts to display these codes in the financial statements filed with the Agency in order to ensure accuracy in building a statewide database for policy development and funding plans.

Use of Estimates

The presentation of financial statements, in conformity with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Note 2 - Deposits and Investments

Cash Deposits

The District's deposit and investment transactions are regulated by local, state, and federal statutes. In accordance with the Texas Education Code, the District has a depository contract with an area bank which may be selected through competitive bidding or requests for proposals. Each school district's depository contract must be renewed every two years and may be extended for three additional two-year periods. The contract and any extension of the contract must coincide with the District's fiscal year. Regulations require that all funds in the depository institution be fully secured by federal depository insurance or a combination of FDIC insurance and acceptable collateral securities and/or surety bonds.

Note 2 - Deposits and Investments (continued)

Cash Deposits (continued)

The District's policy requires the collateralization level to be 102 percent of fair value of principal and accrued interest (or 110 percent margin for mortgage-backed securities) and must be placed in custody with a trustee with a current District custodial agreement. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation (FDIC) insurance.

At August 31, 2025, the District's cash in bank totaled \$2,786,516 while the carrying value was \$1,003,127. Pledged collateral and FDIC insurance for these deposits totaled \$10,788,856.

Investments

The District's investment policy is in accordance with the Public Funds Investment Act, the Public Funds Collateral Act, and federal and state laws. The District further limits its investments to obligations of the U.S. Treasury or the State of Texas, certain U.S. Agencies, certificates of deposit, collateralized mortgage obligations, no-load money market mutual funds, certain municipal securities, repurchase agreements, or investment pools.

For the year ended August 31, 2025, the District invested in the Local Government Investment Cooperative (LOGIC), Lone Star Investment Pool (LSIP), Texas CLASS, and TexPool.

The Local Government Investment Cooperative (Logic) is a "Constant Dollar" net asset value poll and is administered by First Southwest and JP Morgan Chase. Logic maintains three primary goals for investing public funds: safety, liquidity and yield. The District's amortized cost in Logic is the same as the value of the pool shares.

Lone Star Investment Pool (LSIP) is a Texas public investment pool sponsored by the Texas Association of School Boards (TASB) for investment of funds by state and local government entities, primarily local school districts. The Board has entered into an agreement with First Public, LLC (First Public), a Texas limited liability company and a member of the National Association of Securities Dealers, Securities Investor Protection Corporation, and Municipal Securities Rulemaking Board, pursuant to which First Public serves as administrator of LSIP's operations. American Beacon Advisors, Fort Worth, Texas, and Standish Mellon Asset Management Company, LLC, Pittsburgh, Pennsylvania, provide investment management services to LSIP regarding the investment and reinvestment of the pool's assets. The fund's credit quality is excellent as its portfolio is composed of U. S. government and U. S. agency securities. Investments in LSIP provide for investment in securities with maturities and returns generally greater than money market instruments. LSIP is marked-to-market daily to maintain an accurate net asset value. This rating indicates excellent safety and a superior capacity to maintain principal value and limit exposure to loss. The District's amortized cost in LSIP is the same as the value of the pool shares.

The District participates in the Texas Cooperative Liquid Assets Securities System ("Texas CLASS"), an external investment pool. Texas CLASS is a local government investment pool emphasizing safety, liquidity, convenience and competitive yield. Since 1996, Texas CLASS has provided Texas public entities a safe and competitive investment alternative. Texas CLASS invests only in securities allowed by the Texas Public Funds Investment Act. The pool is governed by a board of trustees, elected annually by its participants.

Texas Connect is a local government investment pool available only to qualified institutional investors. This pool has the guiding characteristics of Stable, Rated, and Compliant and operates under the philosophy that a successful investment program manages in three types of liquidity: day to day operations, short term investments and long term investments.

Note 2 - Deposits and Investments (continued)

Investments (continued)

TexPool is a public funds investment pool created by the Texas Treasury Safekeeping Trust Company (Trust Company) to provide a safe environment for the placement of local government funds in authorized short-term, fully-collateralized investments, including direct obligations of, or obligations guaranteed by, the United States or State of Texas or their agencies; federally insured certificates of deposit issued by Texas banks or savings and loans; and fully collateralized direct repurchase agreements secured by United States Government agency securities and placed through a primary government securities dealer.

The Trust Company was incorporated by the State Treasurer by authority of the Texas Legislature as a special purpose trust company with direct access to the services of the Federal Reserve Bank to manage, disburse, transfer, safe keep, and invest public funds and securities more efficiently and economically. The State Comptroller of Public Accounts exercises oversight responsibility over TexPool. Oversight includes the ability to significantly influence operations, designation of management, and accountability for fiscal matters. TexPool operates in a manner consistent with the Security and Exchange Commission's Rule 2a7 of the Investment Company Act of 1940. TexPool uses amortized cost to report net position to compute share prices. The fair value of the position in TexPool is the same as the value of TexPool shares. Accordingly, the District's investments in TexPool are stated at cost, which approximates fair value. TexPool is currently rated AAAM by Standard and Poor's. This rating indicates excellent safety and a superior capacity to maintain principal value and limit exposure to loss.

In accordance with GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, the Local Government Investment Pools do not have any limitations and restrictions on withdrawals such as notice periods or maximum transaction amounts. These pools do not impose any liquidity fees or redemption gates.

At August 31, 2025, the District's cash and investment balances and the weighted average maturity of these investments were as follows:

	Carrying Value	% of Portfolio	Weighted Average Maturity (Days)
Governmental Activities:			
Bank deposits	\$ 957,579		1
Local Government Investment Pools:			
LOGIC	11,877,135	2%	51
Lone Star - Corporate Overnight			
Plus Fund	58,009,462	13%	52
Texas CLASS	28,713,303	7%	44
Texas Connect	100,548,053	23%	39
TexPool Prime	15,813,155	4%	45
Total Local Government Investment Pools	<u>214,961,108</u>		
Total Cash and Cash Equivalents	<u>215,918,687</u>		
Investment Securities:			
FHLB	20,456,729	5%	539

Investment Earnings	\$ 16,846,341		

Note 2 - Deposits and Investments (continued)

Investments (continued)

Investments' fair value measurement are as follows at August 31, 2025:

	Fair Value	Fair Value Measurements Using		
		Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Investments:				
FHLB	\$ 20,456,729	\$ 20,456,729	\$ -	\$ -
FFCB	20,036,652	20,036,652	-	-
Commercial Paper	23,644,870	-	23,644,870	-
US Treasuries	156,710,934	-	156,710,934	-
Total Investments	\$ 220,849,185	\$ 40,493,381	\$ 180,355,804	\$ -

Due to the immediate availability of the funds, the District's temporary investments at August 31, 2025 are included in cash and cash equivalents. Investment securities classified as Level 1 are valued using prices quoted in active markets for those securities. Investments securities classified in Level 2 are valued based on price data obtained from observed transactions and market price quotations from broker dealers and/or pricing vendors.

Interest Rate Risk:

In order to limit interest and market rate risk from changes in interest rates, the District's adopted Investment Policy sets a maximum maturity of three (3) years unless specifically approved by the Board within legal limits and a maximum weighted average maturity (WAM) of 365 days on the total portfolio.

As of August 31, 2025 the portfolio contained:

- No investments which matured longer than 740 days.
- The dollar weighted average maturity of the total portfolio was 213 days.

As of August 31, 2025, the portfolio contained fourteen (8) structured (callable) notes with a fair market value of \$40,493,381 as shown below:

Callable Notes	Maturity Date	Days to Maturity	Fair Value
Federal Home Loan Bank	09/04/26	368	\$ 4,975,828
Federal Home Loan Bank	12/29/26	484	4,848,000
Federal Home Loan Bank	03/12/27	557	4,887,073
Federal Home Loan Bank	09/10/27	739	5,745,828
Federal Farm Credit Banks	11/19/25	79	2,499,500
Federal Farm Credit Banks	03/05/26	185	10,025,000
Federal Farm Credit Banks	08/05/26	338	2,494,294
Federal Farm Credit Banks	08/16/27	714	5,017,858
			<u>\$ 40,493,381</u>

Note 2 - Deposits and Investments (continued)

Credit Risk

Texas state law and the Galena Park Independent School District's Board adopted Investment Policy place high credit quality as a priority in its investment process. Credit minimums are set for appropriate investment types and a procedure is included in the policy for monitoring, disclosing and acting on credit downgrades. The maximum maturity of any investment is set by policy at three (3) years and the maximum allowable dollar weighted average maturity by policy is one year.

All time and demand deposits are required to be FDIC insured or collateralized to 102% (or 110% if mortgage-backed securities). They must be in eligible depositories doing business in Texas and be under the terms of a written collateral agreement. The maximum maturity on depository CD as stated in the Policy is three (3) years. The bank is contractually liable for monitoring and maintaining the collateral margins.

Obligations of the US Government, its agencies and instrumentalities are authorized to a maximum maturity of three years.

Brokered CD securities must be FDIC insured and delivered versus payment to the District's depository. Maximum maturity of one year and FDIC insurance must be verified before purchase.

Banker's acceptances must be eligible as collateral by the Federal Reserve.

Commercial paper must be rated A1/P1 or equivalent by two nationally recognized rating agencies and not exceed 270 days to stated maturity.

State law and the adopted Investment Policy limit repurchase agreements to Texas banks and primary dealers. State law and the policy require a defined termination date, an industry standard, written master repurchase agreement, independent safekeeping of collateral, and a 102% margin on collateral. The term of any reverse security repurchase agreement cannot exceed the maturity of the reverse.

Obligations of the State of Texas or its agencies and instrumentalities or obligations of other states, agencies, counties, cities and other political subdivisions rated as to investment quality by a nationally recognized rating firm (NRSRO) not less than A or its equivalent are authorized. Debt obligations have a maximum maturity of three years.

AAA-rated, local government investment pools striving to maintain a \$1 net asset value as defined by state law (2256.016) and approved by the District's adopted policy are authorized. By State law all local government pools are rated AAA or equivalent by at least one NRSRO.

Money market mutual funds must comply with SEC Rule 2a-7 and strive to maintain a \$1 net asset value.

All demand and time deposits must be fully FDIC insured or collateralized in accordance with the District policy.

As of August 31, 2025:

- Insured or collateralized demand deposits represented 1% of the total portfolio.
- A1/P1 commercial paper represented 5% of the total portfolio.
- US Treasuries represented 36% of the total portfolio.
- Holdings in local government investment pools that are rated AAA represented 49% of the total portfolio.
- US Government agency securities represented 10% of the total portfolio.

Note 2 - Deposits and Investments (continued)

Concentration of Credit Risk:

The District's ISD's adopted Investment Policy requires diversification on all authorized investment types which are monitored on at least a monthly basis. The segmented time distribution of securities as of August 31, 2025 is shown below:

	Fair Value	Investment Maturity in Years		
		Less than 1 Year	1-2 Years	2-3 Years
Investment Securities				
FHLB	\$ 20,456,729	\$ -	\$ 14,704,985	\$ 5,751,744
FFCB	20,036,652	14,928,813	5,107,839	-
Commercial Paper	23,644,870	23,644,870	-	-
US Treasuries	156,710,934	91,517,607	34,943,712	30,249,615
	<u>\$ 220,849,185</u>	<u>\$ 130,091,290</u>	<u>\$ 54,756,536</u>	<u>\$ 36,001,359</u>

Custodial Credit Risk

To control custody risk State law and the District's ISD's adopted Investment Policy requires collateral for all time and demand deposits and repurchase agreements with securities transferred only on a delivery versus payment basis and held by an independent party approved by the District and held in the District's name. The custodian is required to provide original safekeeping receipts and monthly reporting of positions and position descriptions including market value. Repurchase agreements and deposits must be collateralized to 102% (with 110% on mortgaged-backed securities) and transactions are required to be executed under a written agreement. The counter-party of each type transaction is held contractually liable for monitoring and maintaining the required collateral margins on a daily basis.

Portfolio disclosure as of August 31, 2025:

- all demand and time deposits were fully insured or collateralized,
- the portfolio contained no repurchase agreements, and
- all pledged bank collateral for demand deposits was held by an independent institution outside the bank's holding company.

Note 3 - Receivables, Unavailable Revenues and Unearned Revenues

Receivables as of August 31, 2025, for the District's individual major and non-major funds and internal service and fiduciary funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

	General Fund	Debt Service Fund	Nonmajor Governmental Funds	Internal Service Fund	Total
Property Taxes	\$ 13,629,367	\$ 4,089,710	\$ -	\$ -	\$ 17,719,077
Due from other governments	15,589,748	-	4,432,613	-	20,022,361
Accrued interest	1,982,796	-	-	-	2,834,567
Other receivables	892,800	-	41,581	1,987	936,368
Gross Receivables	32,094,711	4,089,710	4,474,194	1,987	41,512,373
Less allowance for doubtful accounts	(1,675,692)	(472,766)	-	-	(2,148,458)
Net Total Receivables	<u>\$ 30,419,019</u>	<u>\$ 3,616,944</u>	<u>\$ 4,474,194</u>	<u>\$ 1,987</u>	<u>\$ 39,363,915</u>

Note 3 - Receivables, Unavailable Revenues and Unearned Revenues (continued)

Governmental funds do not recognize revenue in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of *unearned* reported in the governmental funds were as follows:

	Unearned Revenue
Advanced collection of miscellaneous student fees	\$ 10,850
Advanced collection of preseason athletic sales	7,408
Grant funds received prior to meeting eligibility requirements	101,565
Total Unearned Revenue for Governmental Funds	\$ 119,823

Lessor Agreement

The District has an agreement in place to lease a tract of land to operate a cell tower. The District is reasonably certain to exercise renewal options through June 2039. The lessee is required to pay monthly payments between \$1,384 and \$2,357 over the life of the agreement. The District recognized \$16,421 in lease revenue and \$1,642 in interest revenue during the current fiscal year related to this lease. As of August 31, 2025, the District's receivable for lease payments was \$320,423. Also, the District has a deferred inflow of resources associated with this lease that will be recognized as revenue over the lease term. As of August 31, 2025, the balance of the deferred inflow of resources was \$320,423.

Fiscal Year	Principal	Interest	Total
2026	\$ 17,682	\$ 1,481	\$ 19,163
2027	18,343	1,395	19,738
2028	19,023	1,307	20,330
2029	19,725	1,215	20,940
2030	20,448	1,120	21,568
2031 - 2035	113,894	4,050	117,944
2036 - 2040	111,308	1,147	112,455
Total	\$ 320,423	\$ 11,715	\$ 332,138

Note 4 - Capital Assets

Capital asset activity for the year ended August 31, 2025, was as follows:

	Balance August 31, 2024	Additions	(Retirements)	Transfers	Balance August 31, 2025
Capital Assets, Not Being Depreciated/Amortized					
Land	\$ 27,709,141	\$ 262,974	\$ -	\$ -	\$ 27,972,115
Construction in progress	172,720	13,660,707	-	(1,485,278)	12,348,149

Right-to-use SBITA assets	(1,242,386)	(1,399,954)	972,150	-	(1,670,190)
Total Accumulated Depreciation/Amortization	(254,724,359)	(21,354,564)	4,006,000	-	(272,072,923)
Governmental Capital Assets	\$ 437,154,629	\$ 497,133	\$ (764,574)	\$ -	\$ 436,887,188

Note 4 - Capital Assets (continued)

Net investment in capital assets consisted of the following amounts as of August 31, 2025:

Capital Assets, Net of Depreciation/Amortization	\$	436,887,188
Less:		
General obligation bonds		(456,166,171)
Premiums		(34,989,998)
Leases		(561,333)
Subscriptions		(1,443,691)
Capital-related payables		(5,495,401)
Plus:		
Deferred charge on refunding		459,278
Unspent bond proceeds		192,064,821
Net Investment in Capital Assets Per Exhibit A-1	\$	130,754,693

Depreciation/amortization expense was charged to functions/programs of the District as follows:

Function	Depreciation / Amortization Expense
11 Instruction	\$ 9,295,888
12 Instructional resources and media services	263,510
13 Curriculum and staff development	200,499
21 Instructional leadership	353,226
23 School leadership	799,154
31 Guidance, counseling and evaluation services	307,617
32 Social work services	73,877
33 Health services	136,443
34 Student transportation	1,288,395
35 Food Services	1,482,895
36 Extracurricular activities	612,351
41 General administration	541,366
51 Facilities maintenance and operations	4,804,778
52 Security and monitoring services	180,034
53 Data processing services	975,009
61 Community services	39,522
	<u>\$ 21,354,564</u>

Note 4 - Capital Assets (continued)

The District has active construction projects as of August 31, 2025. The District's commitments with contractors as of August 31, 2025 are as follows:

Project	Approved Construction Budget	Construction in Progress	Remaining Commitment
Cimarron	\$ 3,177,932	\$ 1,456,850	\$ 1,721,082
GPHS Phase 3-5	20,373,590	8,948,095	11,425,495
GPISD Stadium	829,610	538,166	291,444
Normandy Crossing	1,220,448	1,047,732	172,716
North Shore 9th Grade	3,478,000	284,716	3,193,284
NSSH Multipurpose Facility	36,800	36,800	-
NSSH Gym	71,581	35,790	35,791
	<u>\$ 29,187,961</u>	<u>\$ 12,348,149</u>	<u>\$ 16,839,812</u>

Note 5 - Interfund Receivables, Payables, and Transfers

Interfund balances consist of short-term lending/borrowing arrangements that result primarily from payroll, warehouse ordering and other regularly occurring charges that are paid by the general fund and then charged back to the appropriate other fund. Additionally, some lending/borrowing may occur between two or more nonmajor governmental funds. The composition of interfund balances as of August 31, 2025, is as follows:

	Payable Fund				Totals
	General Fund	Capital Projects Fund	Nonmajor Governmental Funds	Internal Service Fund	
Receivable Fund					
Governmental Activities					
General fund	\$ -	\$ 64,856	\$ 3,525,841	\$ 2,497	\$ 3,593,194
Nonmajor governmental funds	11,501	-	-	-	11,501
Internal Service Funds	-	-	2,571	-	2,571
Total Governmental Activities	<u>\$ 11,501</u>	<u>\$ 64,856</u>	<u>\$ 3,528,412</u>	<u>\$ 2,497</u>	<u>\$ 3,607,266</u>

During the current fiscal year, the District transferred \$33,000 from the General Fund to the Internal Service Fund to cover the deficit net position and \$4,090,000 from the General Fund to the Capital Projects Funds for future construction projects within the District.

	Transfers in:		Totals
	Capital Projects Fund	Internal Service Fund	
Transfers Out:			
Governmental Activities			
General fund	\$ 4,090,000	\$ 33,000	\$ 4,123,000
Total Transfers Out	<u>\$ 4,090,000</u>	<u>\$ 33,000</u>	<u>\$ 4,123,000</u>

Note 6 - Long-term Liabilities

Changes in Long-term Liabilities

Long-term liability activity for the governmental activities for the year ended August 31, 2025 was as follows:

	Balance Restated at August 31, 2024	Additions	Retirements	Balance at August 31, 2025	Due Within One Year
General Obligation Bonds Payable	\$ 291,764,938	\$ 183,335,000	\$ (18,933,767)	\$ 456,166,171	\$ 19,160,023
Premiums on bonds	26,677,979	10,434,600	(2,122,581)	34,989,998	-
Total Bonds Payable	318,442,917	193,769,600	(21,056,348)	491,156,169	19,160,023
Leases	1,105,223	-	(543,890)	561,333	561,333
SBITAs ¹	1,577,090	724,935	(858,334)	1,443,691	728,597
Accretion on Compound Interest Bonds	61,064,848	4,762,854	(5,906,233)	59,921,469	5,994,977
Compensated Absences ²	10,878,663	796,051	-	11,674,714	1,167,473
	<u>\$ 393,068,741</u>	<u>\$ 200,053,440</u>	<u>\$ (28,364,805)</u>	<u>\$ 564,757,376</u>	<u>\$ 27,612,403</u>

¹SBITAs - original balance \$1,680,111 - error correction (\$103,021) = restated beginning balance \$1,577,090

²Compensated Absences - original balance \$1,637,842 + GASB 101 implementation \$9,240,821 = restated beginning balance \$10,878,663.

The change in compensated absences above is a net change for the year.

General Obligation Bonds

The District issues general obligation bonds for governmental activities to provide resources for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the District.

General obligation bonds payable at August 31, 2025, are summarized as follows:

Bond Series	Issue Amount	Interest Rate (%)	Matures	Amount Outstanding
1996 Unlimited Tax School Bldg. & Refunding Bonds	\$ 40,054,475	4.400 - 6.425	2031	\$ 2,985,045
2002 Unlimited Tax School Bldg. & Refunding Bonds	29,496,438	3.000 - 5.000	2032	13,511,126
2015 Unlimited Tax Refunding Bonds	9,505,000	2.000 - 4.000	2026	865,000
2016 Unlimited Tax School Bldg. & Refunding Bonds	98,595,000	2.000 - 5.000	2041	67,620,000
2017 Unlimited Tax Refunding Bonds	29,720,000	2.000 - 5.000	2033	10,005,000
2018 Unlimited Tax School Bldg. & Refunding Bonds	100,230,000	3.000 - 5.000	2041	81,730,000
2019 Unlimited Tax School Building Bonds	92,760,000	3.000 - 5.000	2041	84,490,000
2020 Unlimited Tax School Building & Refunding Bonds	14,850,000	3.000 - 5.000	2034	13,830,000
2024 Unlimited Tax School Building Bonds	95,345,000	3.000 - 5.000	2049	93,140,000
2025 Unlimited Tax School Building Bonds	87,990,000	5.000 - 5.250	2050	87,990,000
				<u>\$ 456,166,171</u>

Note 6 - Long-term Liabilities (continued)

General Obligation Bonds (continued)

Annual debt service requirements to maturity are as follows:

<u>August 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2026	\$ 19,160,023	\$ 18,287,688	\$ 37,447,711
2027	15,128,400	17,400,838	32,529,238
2028	15,451,443	16,896,250	32,347,693
2029	15,815,938	16,360,074	32,176,012
2030	16,160,710	15,851,938	32,012,648
2031 - 2035	115,999,657	69,772,066	185,771,723
2036 - 2040	124,180,000	45,811,898	169,991,898
2041 - 2045	70,050,000	22,681,149	92,731,149
2046 - 2050	64,220,000	9,197,126	73,417,126
	<u>\$ 456,166,171</u>	<u>\$ 232,259,027</u>	<u>\$ 688,425,198</u>

In prior years, the District defeased certain outstanding bonds by placing proceeds of new bonds in irrevocable escrow accounts to provide for all future debt service payments on the old bonds. Accordingly, the escrow accounts to provide for all future bonds are not included in the District's financial statements. At August 31, 2025, none of the defeased refunded bonds remain outstanding.

In October 2024, the District issued \$95,345,000 Unlimited Tax School Building Bonds, Series 2024 with a premium of \$5,518,617. The proceeds are to be used (1) constructing, acquiring, renovating and equipping school buildings in the District, acquiring property and sites for school buildings, purchasing school buses, and (2) paying the costs of issuing the bonds.

In July 2025, the District issued \$87,990,000 Unlimited Tax School Building Bonds, Series 2025 with a premium of \$4,915,983. The proceeds are to be used (1) constructing, acquiring, renovating and equipping school buildings in the District, acquiring property and sites for school buildings, purchasing school buses, and (2) paying the costs of issuing the bonds.

Accreted Interest on Premium Compound Interest Bonds

A portion of the bonds sold in the Series 1996 and 2002 refunding bond issues were capital appreciation bonds commonly referred to as "premium compound interest bonds." The District annually records the appreciation of bond principal for the accreted value of the bonds through maturity of the issue. The interest of these bond series will be paid upon maturity. The following table summarizes the significant features of the individual bonds, by issue:

<u>Capital</u>		<u>Original</u>				
<u>Appreciation Bonds</u>	<u>Maturity</u>	<u>Maturity Value</u>	<u>Original Bond</u>	<u>Accreted Interest</u>	<u>Accreted Value of</u>	<u>Due Within</u>
		<u>of Bonds</u>	<u>Principal Amount</u>	<u>on Bonds</u>	<u>Bonds at Year End</u>	<u>One Year</u>
1996	2018-2031	\$ 80,840,000	\$ 13,279,475	\$ 19,854,558	\$ 33,134,033	\$ 4,132,360
2002	2022-2032	79,000,000	16,626,438	40,066,911	56,693,349	1,862,617
		<u>\$ 159,840,000</u>	<u>\$ 29,905,913</u>	<u>\$ 59,921,469</u>	<u>\$ 89,827,382</u>	<u>\$ 5,994,977</u>

Note 6 - Long-term Liabilities (continued)

Leases

The District has the following lease agreements in place for the right-to-use equipment as of August 31, 2025:

Description	Term		Interest Rate	Lease Liability		Lease Asset	
	Start Date	End Date		Original Amount Amount	Outstanding Balance	Value of Lease Asset	Accumulated Amortization
Leases - Equipment	09/01/22	09/30/26	0.1185% - 3.631%	\$ 1,668,293	\$ 561,333	\$ 1,668,293	\$ (1,104,428)
				<u>\$ 1,668,293</u>	<u>\$ 561,333</u>	<u>\$ 1,668,293</u>	<u>\$ (1,104,428)</u>

The future principal and interest payments as of August 31, 2025 were as follows:

Fiscal Year	Principal	Interest	Total
2026	\$ 561,333	\$ 20,174	\$ 581,507
	<u>\$ 561,333</u>	<u>\$ 20,174</u>	<u>\$ 581,507</u>

All amounts paid were previously included in the measurement of the lease liability and there were no other related outflows of resources for the period such as variable payments or termination penalties. In addition, there were no commitments incurred prior to commencement of any lease term and there were no impairment losses related to right-to-use lease equipment.

Subscription-Based Information Technology Arrangements (SBITAs)

The District is under contract for noncancellable SBITAs that convey control of the right to use software. The SBITA liabilities outstanding as of August 31, 2025, are as follows:

Description	Term		Interest Rate	SBITA Liability		SBITA Asset	
	Start Date	End Date		Original Amount Amount	Outstanding Balance	Value of SBITA Asset	Accumulated Amortization
Professional Software	05/25/22	05/14/29	2.321% - 3.631%	\$ 2,651,476	\$ 1,405,297	\$ 2,708,675	\$ (1,224,316)
Educational Software	07/01/24	06/30/27	2.865%	110,886	38,394	2,237,171	(445,874)
				<u>\$ 2,762,362</u>	<u>\$ 1,443,691</u>	<u>\$ 4,945,846</u>	<u>\$ (1,670,190)</u>

All amounts paid were previously included in the measurement of the subscription liability and there were no other related outflows of resources for the period such as variable payments or termination penalties. In addition, there were no commitments incurred prior to commencement of any SBITA term and there were no impairment losses related to SBITA assets.

The future principal and interest payments as of August 31, 2025, were as follows:

Fiscal Year	Principal	Interest	Total
2026	\$ 728,597	\$ 37,480	\$ 766,077
2027	584,541	18,095	602,636
2028	130,553	3,551	134,104
	<u>\$ 1,443,691</u>	<u>\$ 59,126</u>	<u>\$ 1,502,817</u>

Note 7 - Revenues from Local, Intermediate, and Out-of-State Sources

During the current year, revenues from local and intermediate sources consisted of the following:

	General Fund	Debt Service Fund	Capital Projects Fund	Nonmajor Governmental Funds	Total Governmental Funds
Property Taxes	\$ 96,848,513	\$ 38,431,031	\$ -	\$ -	\$ 135,279,544
Investment Income (Loss)	10,707,851	1,038,690	4,777,443	322,357	16,846,341
Co-curricular Student Activities	385,737	-	-	1,995,728	2,381,465
Food Sales	-	-	-	810,151	810,151
Other	1,762,347	-	-	92,612	1,854,959
	<u>\$ 109,704,448</u>	<u>\$ 39,469,721</u>	<u>\$ 4,777,443</u>	<u>\$ 3,220,848</u>	<u>\$ 157,172,460</u>

Note 8 - Defined Benefit Pension Plan

Plan Description

The District participates in a multiple-employer, cost-sharing, defined benefit pension plan that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). It is a defined benefit pension plan established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard workload and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension Plan Fiduciary Net Position

Detail information about the Teacher Retirement System's fiduciary net position is available in a separately issued Annual Comprehensive Financial Report that includes financial statements and required supplementary information. That report may be obtained on the internet at <https://www.trs.texas.gov/learning-resources/publications>, or by writing to TRS at attention Finance Division, PO BOX 149676, Austin, TX, 78714-0185, or by calling 1-800-223-8778.

Benefits Provided

TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes, including automatic COLAs. Ad hoc post-employment benefit changes, including ad hoc COLAs, can be granted by the Texas Legislature as noted in the Plan description above. Accordingly, the 2023 Texas Legislature passed Senate Bill (SB) 10 and House Joint Resolution (HJR) 2 to provide eligible retirees with a one-time stipend and an ad hoc cost-of-living-adjustment (COLA).

Note 8 - Defined Benefit Pension Plan (continued)

Benefits Provided (continued)

One-Time Stipends

Stipends, regardless of annuity amount, were paid in September 2023 to annuitants who met the qualifying age requirement on or before August 31, 2023:

- A one-time \$7,500 stipend to eligible annuitants who are 75 years of age and older.
- A one-time \$2,400 stipend to eligible annuitants age 70 to 74.

Cost-of-Living Adjustment

A cost-of-living adjustment (COLA) was dependent on Texas voters approving a constitutional amendment (Proposition 9) to authorize the COLA. Voters approved the amendment in the November 2023 election and the following COLA was applied to eligible annuitants' payments beginning with their January 2024 payment:

- 2% COLA for eligible retirees who retired between September 1, 2013 through August 31, 2020.
- 4% COLA for eligible retirees who retired between September 1, 2001 through August 31, 2013.
- 6% COLA for eligible retirees who retired on or before August 31, 2001.

Texas Government Code section 821.006 prohibits benefit improvements, if, as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. Actuarial implications of the funding provided in this manner are determined by the TRS actuary.

Contributions

Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year.

Employee contribution rates are set in state statute, Texas Government Code 825.402. The TRS Pension Reform Bill (Senate Bill 12) of the 86th Texas Legislature amended Texas Government Code 825.402 for member contributions and increased employee and employer contribution rates for fiscal years 2019 through 2025.

	<u>Contribution Rates</u>	
	<u>September 1, 2024</u>	<u>Contribution</u>
	<u>to August 31, 2025</u>	<u>Amounts</u>
Active Employee	8.25%	\$ 16,118,461
Non-Employer Contributing Entity (State)	8.25%	10,047,251
District	8.25%	8,809,842

Contributors to the plan include active members, employers and the State of Texas as the only non-employer contributing entity. The State is also the employer for senior colleges and universities, medical schools, and other entities including TRS. In each respective role, the State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA).

Note 8 - Defined Benefit Pension Plan (continued)

Contributions (continued)

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year, reduced by the amounts described below which are paid by the employers.

Employers (public schools, junior colleges, other entities, or the State of Texas as the employer for senior colleges, universities and medical schools) are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50% of the state contribution rate for certain instructional or administrative employees; and 100% of the state contribution rate for all other employees.

In addition to the employer contributions listed above, there is an additional surcharge an employer is subject to.

- All public schools, charter schools, and regional education service centers must contribute 1.9% of the member's salary beginning in fiscal year 2024, gradually increasing to 2% in fiscal year 2025.
- When employing a retiree of the Teacher Retirement System, the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.

Actuarial Assumptions

The total pension liability in the August 31, 2023 actuarial valuation was determined using the following actuarial assumptions:

Component	Result
Valuation Date	August 31, 2023, rolled forward to August 31, 2024
Actuarial Cost Method	Individual Entry Age Normal
Asset Valuation Method	Fair Value
Single Discount Rate	7.00%
Long-term Expected Rate	7.00%
Municipal Bond Rate as of August 2024	3.87% - The source for the rate is the Bond Buyers 20 Index which represents the estimated yield of a portfolio of 20 general obligation bonds maturing in 20 years based on a survey of municipal bond traders.
Last year ending August 31 in Projection Period (100 years)	2123
Inflation	2.30%
Salary Increases	2.95% to 8.95% including inflation
Benefit changes during the year	None
Ad hoc post-employment benefit changes	None

The actuarial methods and assumptions are used in the determination of the total pension liability are the same assumptions used in the actuarial valuation as of August 31, 2023. For a full description of these assumptions please see the actuarial valuation report dated November 21, 2023.

Note 8 - Defined Benefit Pension Plan (continued)

Discount Rate

A single discount rate of 7.00% was used to measure the total pension liability. The single discount rate was based on the expected rate of return on plan investments of 7.00%. The projection of cash flows used to determine this single discount rate assumed that contributions from active members, employers and the non-employer contributing entity will be made at the rates set by the legislature during the 2019 session. It is assumed that future employer and state contributions will be 9.54% of payroll in fiscal year 2025 and thereafter. This includes all employer and state contributions for active and rehired retirees.

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term rate of return on pension plan investments is 7.00%. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the System's target asset allocation as of August 31, 2024 are summarized below:

Asset Class	Target Allocation²	Long-Term Expected Geometric Real Rate of Return³	Expected Contribution to Long-Term Portfolio Returns
Global Equity			
USA	18.00%	4.40%	1.00%
Non-U.S. Developed	13.00%	4.20%	0.80%
Emerging Markets	9.00%	5.20%	0.70%
Private Equity ¹	14.00%	6.70%	1.20%
Stable Value			
Government Bonds	16.00%	1.90%	0.40%
Absolute Return ¹	0.00%	4.00%	0.00%
Stable Value Hedge Funds	5.00%	3.00%	0.20%
Real Return			
Real Estate	15.00%	6.60%	1.20%
Energy, Natural Resources & Infrastructure	6.00%	5.60%	0.40%
Commodities	0.00%	2.50%	0.00%
Risk Parity	8.00%	4.00%	0.40%
Asset Allocation Leverage			
Cash	2.00%	1.00%	0.00%
Asset Allocation Leverage	-6.00%	1.30%	-0.10%
Inflation Expectation			2.40%
Volatility Drag ⁴			-0.70%
Expected Return	100.00%		7.90%

¹ Absolute Return includes Credit Sensitive Investments.

² Target allocations are based on the fiscal year 2024 policy model.

³ Capital Market Assumptions (CMA) come from 2024 AAA Study CMA Survey (as of 12/31/2023)

⁴ The volatility drag results from the conversion between arithmetic and geometric mean returns.

Note 8 - Defined Benefit Pension Plan (continued)

Discount Rate Sensitivity Analysis

The following schedule shows the impact of the net pension liability if the discount rate used was 1 percentage point lower than and 1 percentage point higher than the discount rate that was used (7.00%) in measuring the Net pension liability:

	Discount Rate		
	1% Decrease (6.00%)	Current Rate (7.00%)	1% Increase (8.00%)
District's proportional share of the net pension liability	\$ 155,075,407	\$ 97,088,795	\$ 49,042,765

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At August 31, 2025, the District reported a liability of \$97,088,795 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the collective net pension liability	\$ 97,088,795
State's proportionate share that is associated with the District	<u>101,050,306</u>
Total	<u><u>\$ 198,139,101</u></u>

The net pension liability was measured as of August 31, 2023 and rolled forward to August 31, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2023 through August 31, 2024.

At August 31, 2024, the employer's proportion of the collective net pension liability was 0.1589% which was a decrease of 0.0050% from its proportion measured as of August 31, 2023.

Changes in Assumptions and Benefits Since the Prior Actuarial Valuation

The actuarial assumptions and methods are the same as used in the determination of the prior year's net pension liability.

The 2023 Texas Legislature passed Senate Bill 10 (SB 10), which provided a stipend payment to certain retirees and variable ad hoc cost-of-living adjustments (COLA) to certain retirees in early fiscal year 2024. Due to its timing, the legislation and payments were not reflected in the August 31, 2023 actuarial valuation. Under the roll forward method, an adjustment was made to reflect the legislation in the rolled forward liabilities for the current measurement year, August 31, 2024. SB 10 and House Joint Resolution 2 (HJR 2) of the 88th Regular Legislative Session appropriated payments of \$1.645 billion for one-time stipends and \$3.355 billion for COLAs. This appropriation is treated as a supplemental contribution and included in other additions. Since the Legislature appropriated funds for this one-time stipend and COLA, there was no impact on the Net Pension Liability of TRS.

Changes since the Prior Actuarial Valuation

There were no changes in assumptions since the prior measurement date.

Note 8 - Defined Benefit Pension Plan (continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

For the year ended August 31, 2025, the District recognized pension expense of \$13,953,272. The District also recognized on-behalf pension expense and revenue of \$12,077,201 for support provided by the State.

At August 31, 2025, the District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 5,351,402	\$ (758,022)
Changes of assumption	5,012,902	(672,059)
Net difference between projected and actual earnings on pension plan investments	590,169	-
Changes in proportion and differences between District contributions and proportionate share of contributions	3,542,879	(2,840,045)
District contributions subsequent to the measurement date of the net pension liability	8,809,842	-
Total	<u>\$ 23,307,194</u>	<u>\$ (4,270,126)</u>

The District recognized \$8,809,842 as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date, which will be recognized as a reduction of the net pension liability in the fiscal year ended August 31, 2026. The other amounts of the District's balances of deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year	Pension Expense Amount	Balance of Deferred Outflows (Inflows)
2026	\$ 589,487	\$ 9,637,739
2027	10,855,529	(1,217,790)
2028	1,439,206	(2,656,996)
2029	(2,689,359)	32,363
2030	32,363	-
	<u>\$ 10,227,226</u>	

Note 9 - Defined Other Post-Employment Benefit Plans

Plan Description

The District participates in the Texas Public School Retired Employees Group Insurance Program (TRS-Care). It is a multiple-employer, cost-sharing, defined benefit OPEB plan with a special funding situation. The TRS-Care program was established in 1986 by the Texas Legislature.

The TRS Board of Trustees administers the TRS-Care program and the related fund in accordance with Texas Insurance Code Chapter 1575. The Board of Trustees is granted the authority to establish basic and optional group insurance coverage for participants as well as to amend benefit terms as needed under Chapter 1575.052. The Board may adopt rules, plans, procedures, and orders reasonably necessary to administer the program, including minimum benefits and financing standards.

OPEB Plan Fiduciary Net Position

Detail information about the Teacher Retirement System's fiduciary net position is available in a separately issued Annual Comprehensive Financial Report (ACFR) that includes financial statements and required supplementary information. That report may be obtained on the internet at <https://www.trs.texas.gov/learning-resources/publications>, or by writing to TRS at attention Finance Division, PO BOX 149676, Austin, TX, 78714-0185, or by calling 1-800-223-8778.

Benefits Provided

TRS-Care provides a basic health insurance coverage (TRS-Care 1), at no cost to all retirees from public schools, charter schools, regional education service centers and other educational districts who are members of the TRS pension plan. Optional dependent coverage is available for an additional fee.

Eligible retirees and their dependents not enrolled in Medicare may pay premiums to participate in one of two optional insurance plans with more comprehensive benefits (TRS-Care 2 and TRS-Care 3). Eligible retirees and dependents enrolled in Medicare may elect to participate in one of the two Medicare health plans for an additional fee. To qualify for TRS-Care coverage, a retiree must have at least 10 years of service credit in the TRS pension system. There are no automatic post-employment benefit changes, including automatic COLAs.

The premium rates for retirees are reflected in the following table.

TRS-Care Monthly Premium Rates		
	Medicare	Non-Medicare
Retiree or Surviving Spouse	\$ 135	\$ 200
Retiree and Spouse	529	689
Retiree or Surviving Spouse and Children	468	408
Retiree and Family	1,020	999

Contributions

Contribution rates for the TRS-Care plan are established in state statute by the Texas Legislature, and there is no continuing obligation to provide benefits beyond each fiscal year. The TRS-Care plan is currently funded on a pay-as-you-go basis and is subject to change based on available funding. Funding for TRS-Care is provided by retiree premium contributions, and contributions from the state, active employees, and participating employers are based on active employee compensation. The TRS Board of trustees does not have the authority to set or amend contribution rates.

Note 9 - Defined Other Post-Employment Benefit Plans (continued)

Contributions (continued)

Texas Insurance Code, section 1575.202 establishes the state's contribution rate which is 1.25% of the employee's salary. Section 1575.203 establishes the active employee's rate which is 0.65% of salary. Section 1575.204 establishes an employer contribution rate of not less than 0.25% or not more than 0.75% of the salary of each active employee of the employer. The actual employer contribution rate is prescribed by the Legislature in the General Appropriations Act which is 0.75% of each active employee's pay for fiscal year 2025. The following table shows contributions to the TRS-Care plan by type of contributor.

	<u>Contribution Rates</u>	
	<u>September 1, 2024</u>	<u>Contribution</u>
	<u>to August 31, 2025</u>	<u>Amounts</u>
Active Employee	0.65%	\$ 1,286,826
Non-Employer Contributing Entity (State)	1.25%	3,505,791
District:		
District, Excluding Federal/Private Fundin	0.75%	1,465,303
Federal/Private Funding	1.25%	205,528
Total District		<u>1,670,831</u>
Total		<u><u>\$ 6,463,448</u></u>

In addition to the employer contributions listed above, there is an additional surcharge all TRS employers are subject to (*regardless of whether or not they participate in the TRS-Care OPEB program*). When hiring a TRS retiree, employers are required to pay TRS-Care, a monthly surcharge of \$535 per retiree.

Actuarial Assumptions

The actuarial valuation was performed as of August 31, 2023. Update procedures were used to roll forward the Total OPEB Liability to August 31, 2024. The actuarial valuation was determined using the following actuarial assumptions:

<u>Component</u>	<u>Result</u>
Valuation Date	August 31, 2023, rolled forward to August 31, 2024
Actuarial Cost Method	Individual Entry Age Normal
Inflation	2.30%
Single Discount Rate	3.87% as of August 31, 2024
Aging Factors	Based on the Society of Actuaries' 2013 Study "Health Care Costs - From Birth to Death"
Expenses	Third-party administrative expenses related to the delivery of health care benefits are included in the age-adjusted claim costs.
Projected Salary Increases	2.95% to 8.95% including inflation
Healthcare Trend Rates	The initial medical trend rates were 6.75% for non-Medicare retirees. For Medicare retirees, trend rates are higher in the first two years due to anticipated growth but thereafter match those of non-Medicare retirees. The initial prescription drug trend was 7.25% for all retirees. The initial trend rates decrease to an ultimate trend rate of 4.25% over a period of 11 years.
Election Rates	Normal Retirement: 62% participation rate prior to age 65 and 25% participation rate after age 65. Pre-65 retirees: 30% of pre-65 retirees are assumed to discontinue coverage at age 65.
Ad hoc post-employment benefit changes	None

Note 9 - Defined Other Post-Employment Benefit Plans (continued)

Actuarial Assumptions (continued)

The actuarial valuation of the OPEB plan offered through TRS-Care is similar to the actuarial valuation performed for the pension plan, except that the OPEB valuation is more complex. The demographic assumptions were updated based on the experience study performed for TRS for the period ending August 31, 2021. The following assumptions and other inputs used for members of TRS-Care are based on an established pattern of practice and are identical to the assumptions used in the August 31, 2023 TRS pension actuarial valuation that was rolled forward to August 31, 2024: (a) Rates of Mortality, (b) Rates of Retirement, (c) Rates of Termination, (d) Rates of Disability, (e) General Inflation, and (f) Wage Inflation.

The active mortality rates were based on PUB(2010), Amount-Weighted, Below-Median Income, Teacher male and female tables (with a two-year set forward for males). The post-retirement mortality rates for healthy lives were based on the 2021 TRS of Texas Healthy Pensioner Mortality Tables. The rates were projected on a fully generational basis using the ultimate improvement rates from mortality projection scale MP-2021.

Discount Rate

A single discount rate of 3.87% was used to measure the total OPEB liability. There was a decrease of 0.26% in the discount rate since the previous year.

Because the investments are held in cash and there is no intentional objective to advance fund the benefits, the Single Discount Rate is equal to the prevailing municipal bond rate.

The source of the municipal bond rate is the Fidelity Bond Buyer's "20-Bond GO Index" as of August 31, 2024 using the Fixed Income Market Data/Yield Curve/ Data Municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds.

Discount Rate Sensitivity Analysis

Discount Rate - The following schedule shows the impact of the Net OPEB Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (3.87%) in measuring the net OPEB Liability.

	Discount Rate		
	1% Decrease (2.87%)	Current Rate (3.87%)	1% Increase (4.87%)
District's Proportional Share of the Net OPEB Liability	\$ 69,524,709	\$ 58,520,180	\$ 49,628,356

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs

At August 31, 2025, the District reported a liability of \$58,520,180 for its proportionate share of the TRS's Net OPEB Liability. This liability reflects a reduction for State OPEB support provided to the District. The amount recognized by the District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the District were as follows:

District's proportionate share of the collective net OPEB liability	\$ 58,520,180
State's proportionate share that is associated with the District	<u>73,324,992</u>
Total	<u><u>\$ 131,845,172</u></u>

Note 9 - Defined Other Post-Employment Benefit Plans (continued)

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs (continued)

The Net OPEB Liability was measured as of August 31, 2023 and rolled forward to August 31, 2024 and the Total OPEB Liability used to calculate the Net OPEB Liability was determined by an actuarial valuation as of that date. The District's proportion of the Net OPEB Liability was based on the District's contributions to OPEB relative to the contributions of all employers to the plan for the period September 1, 2023 through August 31, 2024.

At August 31, 2024 the District's proportion of the collective Net OPEB Liability was 0.1928% which was a decrease of 0.0055% from its proportion measured as of August 31, 2023.

Healthcare Trend Rate Sensitivity Analysis

The following schedule shows the impact of the Net OPEB Liability if a healthcare trend rate that is 1% less than and 1% greater than the assumed healthcare cost trend rate:

	Healthcare Cost Trend Rate		
	1% Decrease	Current Rate	1% Increase
District's Proportional Share of the Net OPEB Liability	\$ 47,655,999	\$ 58,520,180	\$ 72,677,292

Changes Since the Prior Actuarial Valuation

The following were changes to the actuarial assumptions or other inputs that affected measurement of the Total OPEB liability (TOL) since the prior measurement period:

- The single discount rate changed from 4.13% as of August 31, 2023 to 3.87% as of August 31, 2024, accompanied by revised demographic and economic assumptions based on the TRS experience study.
- The tables used to model the impact of aging on the underlying claims were revised.

Changes of Benefit Terms Since the Prior Measurement Date

There were no changes in benefit terms since the prior measurement date.

For the year ended August 31, 2025, the District recognized negative OPEB expense of \$6,391,488. The District also recognized negative on-behalf OPEB expense and revenue of \$9,530,896 for support provided by the State.

At August 31, 2025, the District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to other post-employment benefits from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 11,216,354	\$ (29,204,743)
Changes of assumption	7,489,892	(19,094,458)
Net difference between projected and actual earnings on OPEB plan investments	-	(163,876)
Changes in proportion and differences between District contributions and proportionate share of contributions	5,337,996	(4,067,095)
District contributions subsequent to the measurement date of the net pension liability	1,670,831	-
Total	\$ 25,715,073	\$ (52,530,172)

Note 9 - Defined Other Post-Employment Benefit Plans (continued)

Changes of Benefit Terms Since the Prior Measurement Date (continued)

The District recognized \$1,670,831 as deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date, which will be recognized as a reduction of the net OPEB liability in the fiscal year ended August 31, 2026. The other amounts of the employer's balances of deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Fiscal Year	OPEB Expense Amount	Balance of Deferred Outflows (Inflows)
2026	\$ (7,914,706)	\$ (20,571,224)
2027	(5,264,266)	(15,306,958)
2028	(6,517,334)	(8,789,624)
2029	(5,532,303)	(3,257,321)
2030	(2,853,369)	(403,952)
Thereafter	(403,952)	-
	<u>\$ (28,485,930)</u>	

Medicare Part D

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003, effective January 1, 2006, established prescription drug coverage for Medicare beneficiaries known as Medicare Part D. One of the provisions of Medicare Part D allows for the Texas Public School Retired Employee Group Insurance Program (TRS-Care) to receive retiree drug subsidy payments from the federal government to offset certain prescription drug expenditures for eligible TRS-Care participants. For the fiscal years ended August 31, 2025, 2024, and 2023, the subsidy payments received by TRS-Care on-behalf of the District were \$1,389,920, \$1,041,639, and \$1,042,980, respectively. The information for the year ended August 31, 2025 is an estimate provided by the Teacher Retirement System. These payments are recorded as equal revenues and expenditures in the governmental funds' financial statements of the District.

Note 10 - Risk Management

Property/Liability

The District is exposed to various risks of loss related to property/liability losses for which the District carries commercial insurance. In addition, the District is a member of the Texas Political Subdivisions Joint Self-Insurance Fund (Fund). The Fund was created to formulate, develop and administer a program of modified self-funding for the property and/or liability coverage for its membership, provide claims administration, and develop a comprehensive loss control program.

The District pays contributions to the Fund for its General Liability, Law Enforcement Liability, Automobile Liability & Physical Damage, Crisis Management, Cyber, Educators Legal Liability, Crime, and Worker's Compensation Insurance. The District's agreement with the Fund will be self-sustaining through member premiums and will provide, through commercial companies, reinsurance contracts.

Employees of the District are covered by a fully insured medical plan through TRS Active Care, and by dental PPO and HMO insurance through Guardian. The District and employee contributions are paid directly to the carrier and the carrier assumes all liability to the plan.

Settled claims have not exceeded insurance coverage in any of the previous three years. There has not been any significant reduction of insurance coverage from that of the previous year.

NOTES TO THE FINANCIAL STATEMENTS (continued)

Note 11 - Contingent Liabilities

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the District expects such amounts, if any, to be immaterial.

From time to time, the District is a defendant in legal proceedings relating to its operations as a school district. In the best judgment of the District's management, the outcome of any present legal proceedings will not have any adverse material effect on the accompanying financial statements.

Note 12 - Shared Service Arrangements

The District participates in the Tri County East-Regional Day School for the Deaf Shared Service Arrangement (SSA), which provides educational and related services to eligible students with auditory impairments. Galena Park ISD participates in the SSA along with Anahuac ISD, Barbers Hill ISD, Channelview ISD, Cleveland ISD, Devers ISD, Goose Creek CISD, Hardin ISD, Hull-Daisetta ISD, La Porte ISD, Liberty ISD, and Tarkington ISD. The fiscal agent for this SSA is Goose Creek CISD. The District neither has a joint ownership interest in fixed assets purchased by the fiscal agent nor does the District have a net equity interest in the fiscal agent. The fiscal agent is neither accumulating significant financial resources nor fiscal exigencies that would rise to a future additional benefit or burden to Galena Park ISD. The fiscal agent is responsible for all financial activities of the SSA. Revenues attributable to the District's participation were \$343,770 for the 2025 fiscal year. Expenditures in the same amount were attributable to payroll costs.

Revenues	
5700 Local revenue from member districts	\$ 343,770
	<u>\$ 343,770</u>
Expenditures	
6400 Miscellaneous operating costs	\$ 343,770
	<u>\$ 343,770</u>

Note 13 - Fund Balance

As of August 31, 2025, assigned fund balance is as follows:

<u>Assigned Description</u>	<u>General Fund</u>
Insurance Deductibles	\$ 10,567,721
Average Daily Attendance Adjustment	35,000
Uncollectible Property Taxes	4,000,000
Mid Year Hires	658,700
Fine Arts Enhancements	500,000
Land, Building Renovations & Facility Needs	36,673,800
Outstanding Encumbrances	1,130,358
Fleet Replacement	1,300,000
Health and Wellness Initiatives	299,400
Technology Initiatives	3,000,000
Employee Retention Initiatives	2,000,000
Budget Stabilization	45,000,000
Contingency - Unanticipated Deficits or Revenue	
Reductions for Adverse Economic Conditions,	
Deficit Budgets/Current and Future Legislative Impacts	49,500,000
One time Funding for Expenditures	2,000,000
Total Assigned Fund Balance - General Fund	\$ 156,664,979

<u>Assigned Description</u>	<u>Capital Projects Fund</u>
Construction	\$ 12,988,519
Total Assigned Fund Balance - Capital Projects Fund	\$ 12,988,519

Note 14 – Restatement of Net Position

During the current fiscal year, management determined that previously reported amounts for the Subscription-Based Information Technology Arrangement (SBITA) liability required remeasurement. The effect of this adjustment is summarized below in the “Restatement – GASB 96 SBITAs” column. Additionally, the District implemented GASB Statement No. 101, Compensated Absences. The effect of change in accounting principle is summarized below in the “Restatement – GASB 101 Implementation” column.

	<u>Net Position 8/31/2024 as Previously Reported</u>	<u>Restatement - GASB 96 SBITAs</u>	<u>Restatement - GASB 101 Implementation</u>	<u>Net position 8/31/2025 as Restated</u>
Government-Wide				
Governmental activities	\$ 154,130,609	\$ 103,021	\$ (9,240,821)	\$ 144,992,809
Total Government-Wide	\$ 154,130,609	\$ 103,021	\$ (9,240,821)	\$ 144,992,809

GALENA PARK INDEPENDENT SCHOOL DISTRICT

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

The District adopts annual appropriations type budgets for the General Fund, Child Nutrition Special Revenue Fund, and the Debt Service Fund using the same method of accounting as for financial reporting, as required by law. The remaining Special Revenue Funds (primarily federal grant programs) utilize a managerial type budget approved at the fund level by the Board of Trustees upon acceptance of the grants. These grants are subject to Federal, State and locally imposed project length budgets and monitoring through submission of reimbursement reports.

Expenditures may not legally exceed budgeted appropriations at the function or activity level. Expenditure requests which would require an increase in total budgeted appropriations must be approved by the Trustees through formal budget amendment. State law prohibits trustees from making budget appropriations in excess of funds available and estimated revenues. State law also prohibits amendment of the budget after fiscal year end. Supplemental appropriations were made to the General Fund during the fiscal year ended August 31, 2025.

The administrative level at which responsibility for control of budgeted appropriations begins is at the organizational level within each function of operations. The business services department reviews closely the expenditure requests submitted by the various organizational heads (principal and department heads) throughout the year to ensure proper spending compliance. No public funds of the District shall be expended in any manner other than as provided for in the budget adopted by the Board of Trustees.

The official school budget was prepared for adoption for budgeted governmental fund types by August 31, 2024. The budget was formally adopted by the Board of Trustees at a duly advertised public meeting prior to the expenditure of funds. The final amended budget is filed with the Texas Education Agency (TEA) through inclusion in the annual financial and compliance report.

Encumbrance accounting is utilized in all government fund types. Encumbrances for goods or purchased services are documented by purchase orders or contracts. Under Texas law, appropriations lapse at year-end and encumbrances outstanding at that time are appropriately provided for in the subsequent year's budget.

GALENA PARK INDEPENDENT SCHOOL DISTRICT
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION - PENSIONS

Changes of Assumptions

Measurement Year 2018: The discount rate changed from 8.0% as of August 31, 2017 to a blended rate of 6.907% as of August 31, 2018. The long-term assumed rate of return changed from 8.0% as of August 31, 2017 to 7.25% as of August 31, 2018. Demographic and economic assumptions were updated based on the experience study performed for TRS for the period ending August 31, 2017. The total pension liability as of August 31, 2018 was developed using a roll-forward method from the August 31, 2017 valuation.

Measurement Year 2020: The state and employer contribution rate changed from 6.8% to 7.5%. The 1.5% public education employer contribution applied to just employers whose employees were not covered by OASDI in 2019 and it changed in 2020 to apply to all public schools, charter schools and regional education centers irrespective of participation in OASDI.

Measurement Year 2021: The public education employer contribution rate changed from 1.5% in 2020 to 1.6% in 2021.

Measurement Year 2022: The discount rate changed from 7.25% to 7.00%.

Measurement Year 2023: None.

Measurement Year 2024: None.

Changes of Assumptions

Measurement Year 2018: The discount rate changed from 3.42% as of August 31, 2017 to 3.69% as of August 31, 2018, updated the health care trend rate assumption, and revised demographic and economic assumptions based on the TRS experience study.

Measurement Year 2019: The discount rate changed from 3.69% as of August 31, 2018 to 2.63% as of August 31, 2019, lowered the participation rates and updated the health care trend rate assumption.

Measurement Year 2020: The discount rate changed from 2.63% as of August 31, 2019 to 2.33% as of August 31, 2020, lowered the participation rate assumption for employees who retire after the age of 65, and lowered the ultimate health care trend rate assumption to reflect the repeal of the excise (Cadillac) tax on high-cost employer health plans.

Measurement Year 2021: The discount rate changed from 2.33% as of August 31, 2020 to 1.95% as of August 31, 2021.

Measurement Year 2022: The discount rate changed from 1.95% as of August 31, 2021 to 3.91% as of August 31, 2022, lowered the participation rates, and updated the healthcare trend rate assumption.

Measurement Year 2023: The discount rate changed from 3.91% as of August 31, 2022 to 4.13% as of August 31, 2023, revised demographic and economic assumptions based on the TRS experience study.

Measurement Year 2024: The discount rate changed from 4.13% as of August 31, 2023 to 3.87% as of August 31, 2024, the tables used to model the impact of aging on the underlying claims were revised.

Independent School District

OTHER SUPPLEMENTARY INFORMATION

Nonmajor Governmental Funds Special Revenue Funds

The Special Revenue Funds are used to account for all federal, state and locally funded grants. These grants are awarded to the District with the purpose of accomplishing specific educational goals. Grants included in the Special Revenue Funds are described below.

Fund Number	Fund Name & Description
205	Early Head Start Program - funds used to promote the school readiness of low-income preschool children (ages 3-5), including children of migratory seasonal and farm workers, and infants and toddlers (birth through age 3) by enhancing their cognitive social and emotional development in learning environments that support their growth in language, literacy, mathematics, science, social and emotional functioning, creative art, physical skills and approaches to learning.
206	McKinney - Vento Support for Homeless Education - to ensure the enrollment, attendance and success of homeless children and youth in school.
211	ESEA, Title I, Part A - Improving Basic Programs - supplemental service designed to accelerate the academic achievement of economically disadvantaged students, especially in the tested areas, to ensure that state standards are met on identified campuses.
224	IDEA, Part B - Formula - salaries and supplies to aid children with disabilities with low reading achievement.
225	IDEA, Part B - Preschool - aids preschool students with disabilities.
226	IDEA - Part B, Discretionary (High Cost Fund) - assists with high need students with disabilities whose direct special education and related services costs exceed \$25,000 per school year
240	National School Breakfast and Lunch Program – federal reimbursement revenues originating from the United States Department of Agriculture and fees from child and adult meals.
244	Vocational Education - Basic - funds are for the use of various vocationally-inclined students in regular, disadvantaged and disability classes.
255	ESEA, Title II, Part A - supplements the professional development, retention and recruitment programs district-wide, specifically on high needs campuses.
263	ESEA, Title III, Part A - provides additional educational opportunities to supplement programs for students of limited English proficiency and immigrant children by assisting the children to learn English and meet challenging State academic content and student academic achievement standards.
265	ESEA, Title IV Part B - provides after-school activities for students in elementary through high school.

Nonmajor Governmental Funds (continued)
Special Revenue Funds (continued)

Fund Number	Fund Name & Description
278	American Rescue Plan Elementary and Secondary Emergency Relief Fund - Homeless Children and Youth (ARP-HYC) - accounts for federal stimulus ESSER funds granted to the district to identify homeless children and youth, to provide homeless children and youth with wrap-around services to address the challenges of COVID-19, and to enable homeless children and youth to attend school and fully participate in school activities.
280	American Rescue Plan Act - Homeless II - accounts for federal stimulus funds granted to the District to identify and provide homeless children and youth with services in light of the challenges of COVID-19, and to enable homeless children and youth to attend school and participate fully in school activities.
282	American Rescue Plan (ARP) Act of 2021 - Elementary & Secondary School Emergency Relief Fund (ESSER III) – accounts for federal stimulus ESSER III funds granted to Districts through the American Rescue Plan Act to address learning loss and the disproportionate impact of the coronavirus on certain student subgroups, identify and provide homeless children and youth with services in light of challenges of COVID-19, and to enable homeless children and youth to attend school and participate fully in school activities.
288	Summer School LEP - provides funds for summer school programs for LEP students.
289	Various Federal Funds - supports and encourages the development of new, self-supporting, community anti-drug coalitions; early childhood summer programs, library grants and wetlands and water education, and for various education related costs due to disruptions of the learning environment due to Hurricane Harvey.
397	Advanced Placement Incentives - enhancement of Advanced Placement programs on specific campuses based on student scores on Advanced Placement examinations.
410	Instructional Materials Allotment - provides funds to purchase instructional materials, technological equipment and technology-related services.
427	Read to Succeed Award – License plates purchased through TXDMV; Grants to TX Reads program for educational library materials.
429	Other State Funded Special Revenue Funds - provides funds to help schools fund various programs including mentors and campus awards.
461	Campus Activity Funds - proceeds from fundraising activities, vending sales, corporate and private donations to school-sponsored activities benefiting students and staff of the campus.
481	Other Local Grants - grants from local businesses or organizations to be used for educational activities.

(UNAUDITED)

Galena Park
Independent School District

GALENA PARK INDEPENDENT SCHOOL DISTRICT
STATISTICAL SECTION

The statistical section of the Galena Park Independent School District’s Annual Comprehensive Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District’s economic condition and overall financial health. To assist financial statement users, the information contained within this section is categorized as follows:

	<u>Page</u>
Financial Trends	96
These schedules contain trend information to show how the District’s financial performance and position have changed over time	
Revenue Capacity	104
These schedules contain information to help assess the factors affecting the District’s most significant local revenue source, the property tax.	
Debt Capacity	112
These schedules present information to help assess the affordability of the District’s current debt burden and its ability to issue additional debt in the future.	
Demographic and Economic Information	118
These schedules provide demographic and economic indicators to help in understanding the environment in which the District operates and to facilitate in comparisons over time.	
Operating Information	122
These schedules provide information about the District’s operations and resources to assist in using the financial statement information to better understand and assess the District’s economic condition.	

Sources: Unless otherwise noted, the information in these schedules is derived from the Annual Comprehensive Financial Reports for the relevant year.

Total Federal Program Revenues	36,637,544	37,855,892	34,007,875	27,173,751	26,322,625
Total Revenues for Governmental Funds	\$ 310,071,614	\$ 293,150,576	\$ 279,105,084	\$ 267,546,463	\$ 266,763,320

Note: This schedule is prepared in lieu of a Schedule of Tax Revenues by Source and includes all governmental fund types.

* Individual local, state and federal programs in excess of \$300,000 are reported separately in this schedule. All others are combined as Other Local, State or Federal Program Revenues. Additionally, prior year information is not restated for programs or grants that exceed \$300,000 in a subsequent year, the amounts remain in Other Local, State or Federal Program Revenues.

** Disaster assistance grants received are the result of damage from Hurricane Ike, Hurricane Harvey, and the COVID-19 pandemic.

Sources: Texas Municipal Report issued by the Municipal Advisory Council of Texas

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments

that is borne by the residents and businesses of the Galena Park Independent School District. This process

recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for paying the debt, of each overlapping government.

Total Net Debt Applicable to the Limit					
As a Percentage of Debt Limit	37.23%	33.98%	35.63%	23.27%	15.63%

Note: Although there is no legal debt limit in the State of Texas, most school business officials in the State hold the opinion that the Attorney General would not approve bonded indebtedness in excess of 10 percent of assessed value.

GALENA PARK INDEPENDENT SCHOOL DISTRICT
REQUIRED RESPONSES TO SELECTED SCHOOL FIRST INDICATORS
For the Year Ended August 31, 2025

Schedule L-1

SF1	Was there an unmodified opinion in the Annual Financial Report on the financial statements as a whole?	Yes
SF2	Were there any disclosures in the Annual Financial Report and/or other sources of information concerning nonpayment of any terms of any debt agreement at fiscal year end?	No
SF3	Did the school district make timely payments to the Teacher Retirement System (TRS), Texas Workforce Commission (TWC), Internal Revenue Service (IRS), and other government agencies?	
	(If the school district was issued a warrant hold and the warrant hold was not cleared within 30 days from the date the warrant hold was issued, the school district is considered to not have made timely payments.) Payments to the TRS and TWC are considered timely if a warrant hold that was issued in connection to the untimely payment was cleared within 30 days from the date the warrant hold was issued.	
	Payments to the IRS are considered timely if a penalty or delinquent payment notice was cleared within 30 days from the date the notice was issued.	Yes
SF4	Was the school district issued a warrant hold? Even if the issue surrounding the initial warrant hold was resolved and cleared within 30 days, the school district is considered to have been issued a warrant hold.	No
SF5	Did the Annual Financial Report disclose any instances of material weaknesses in internal controls over financial reporting and compliance for local, state, or federal	No
SF6	Was there any disclosure in the Annual Financial Report of material noncompliance for grants, contracts, and laws related to local, state, or federal funds?	No
SF7	Did the school district post the required financial information on its website in accordance with Government Code, Local Government Code, Texas Education Code, Texas Administrative Code and other statutes, laws and rules that were in effect at the school district's fiscal year end?	Yes
SF8	Did the school board members discuss the school district's property values at a board meeting within 120 days before the school district adopted its budget?	Yes
SF9	Total accumulated accretion on CABs included in government-wide financial statements at fiscal year-end.	\$59,921,469

NOTE: This schedule is to be included as part of the annual financial audit report (AFR) submission on the required due date and published as a part of the school district's AFR. This schedule should be submitted in the data feed file and submitted as an Adobe Acrobat portable document file (pdf).

APPENDIX E

THE PERMANENT SCHOOL FUND GUARANTEE PROGRAM

(this page intentionally left blank)

THE PERMANENT SCHOOL FUND GUARANTEE PROGRAM

This disclosure statement provides information relating to the program (the "Guarantee Program") administered by the Texas Education Agency (the "TEA") with respect to the Texas Permanent School Fund guarantee of tax-supported bonds issued by Texas school districts and the guarantee of revenue bonds issued by or for the benefit of Texas charter districts. The Guarantee Program was authorized by an amendment to the Texas Constitution in 1983 and is governed by Subchapter C of Chapter 45 of the Texas Education Code, as amended (the "Act"). While the Guarantee Program applies to bonds issued by or for both school districts and charter districts, as described below, the Act and the program rules for the two types of districts have some distinctions. For convenience of description and reference, those aspects of the Guarantee Program that are applicable to school district bonds and to charter district bonds are referred to herein as the "School District Bond Guarantee Program" and the "Charter District Bond Guarantee Program," respectively.

Some of the information contained in this Section may include projections or other forward-looking statements regarding future events or the future financial performance of the Texas Permanent School Fund (the "PSF" or the "Fund"). Actual results may differ materially from those contained in any such projections or forward-looking statements.

The regular session of the 89th Texas Legislature (the "Legislature") convened on January 14, 2025, and concluded on June 2, 2025. The Legislature meets in regular session in odd numbered years for 140 days. When the Legislature is not in session, the Governor may call one or more special sessions, at the Governor's discretion, each lasting no more than 30 days, and for which the Governor sets the agenda. The Governor called a first special session, which began on July 21, 2025, and ended on August 15, 2025. The Governor called a second special session, which began on August 15, 2025, and ended on September 4, 2025 (the regular session together with the special sessions may hereinafter be referred to as the "89th Legislative Session"). The TEA, the State Board of Education (the "SBOE"), and the Texas Permanent School Fund Corporation (the "PSF Corporation") are in the process of monitoring the implementation of legislation signed by the Governor and make no representation regarding any actions taken by the Legislature in the 89th Legislative Session that may materially impact themselves, the Guarantee Program, the Act, and Texas school finance in general.

History and Purpose

The PSF supports the State's public school system in two major ways: distributions to the constitutionally established Available School Fund (the "ASF"), as described below, and the guarantee of school district and charter district issued bonds through the Guarantee Program. The PSF was created in 1845 and received its first significant funding with a \$2,000,000 appropriation by the Legislature in 1854 expressly for the benefit of the public schools of Texas, with the sole purpose of assisting in the funding of public education for present and future generations. The Constitution of 1876 described that the PSF would be "permanent," and stipulated that certain lands and all proceeds from the sale of these lands should also constitute the PSF. Additional acts later gave more public domain land and rights to the PSF. In 1953, the U.S. Congress passed the Submerged Lands Act that relinquished to coastal states all rights of the U.S. navigable waters within state boundaries. If the State, by law, had set a larger boundary prior to or at the time of admission to the Union, or if the boundary had been approved by Congress, then the larger boundary applied. After three years of litigation (1957-1960), the U.S. Supreme Court on May 31, 1960, affirmed Texas' historic three marine leagues (10.35 miles) seaward boundary. Texas proved its submerged lands property rights to three leagues into the Gulf of Mexico by citing historic laws and treaties dating back to 1836. All lands lying within that limit belong to the PSF. The proceeds from the sale and the mineral-related rental of these lands, including bonuses, delay rentals and royalty payments, become the corpus of the Fund. Prior to the approval by the voters of the State of an amendment to the constitutional provision under which the Fund was established and administered, which occurred on September 13, 2003 (the "Total Return Constitutional Amendment"), and which is further described below, only the income produced by the PSF could be used to complement taxes in financing public education, which primarily consisted of income from securities, capital gains from securities transactions, and royalties from the sale of oil and natural gas. The Total Return Constitutional Amendment provides that interest and dividends produced by Fund investments will be additional revenue to the PSF.

On November 8, 1983, the voters of the State approved a constitutional amendment that provides for the guarantee by the PSF of bonds issued by school districts. On approval by the State Commissioner of Education (the "Education Commissioner"), bonds properly issued by a school district are fully guaranteed by the PSF. See "The School District Bond Guarantee Program."

In 2011, legislation was enacted that established the Charter District Bond Guarantee Program as a new component of the Guarantee Program. That legislation authorized the use of the PSF to guarantee revenue bonds issued by or for the benefit of certain open-enrollment charter schools that are designated as "charter districts" by the Education Commissioner. On approval by the Education Commissioner, bonds properly issued by a charter district participating in the Guarantee Program are fully guaranteed by the PSF. The Charter District Bond Guarantee Program became effective on March 3, 2014. See "The Charter District Bond Guarantee Program."

State law also permits charter schools to be chartered and operated by school districts and other political subdivisions, but bond financing of facilities for school district-operated charter schools is subject to the School District Bond Guarantee Program, not the Charter District Bond Guarantee Program.

While the School District Bond Guarantee Program and the Charter District Bond Guarantee Program relate to different types of bonds issued for different types of Texas public schools, and have different program regulations and requirements, a bond guaranteed under either part of the Guarantee Program has the same effect with respect to the guarantee obligation of the Fund thereto, and all guaranteed bonds are aggregated for purposes of determining the capacity of the Guarantee Program (see "Capacity Limits for the Guarantee Program"). The Charter District Bond Guarantee Program as enacted by State law has not been reviewed by any court, nor has the Texas Attorney General (the "Attorney General") been requested to issue an opinion, with respect to its constitutional validity.

Audited financial information for the PSF is provided annually through the PSF Corporation's Annual Comprehensive Financial Report (the "Annual Report"), which is filed with the Municipal Securities Rulemaking Board ("MSRB"). The Texas School Land Board's (the "SLB") land and real assets investment operations, which are part of the PSF as described below, are also included in the annual financial report of the Texas General Land Office (the "GLO") that is included in the annual comprehensive report of the State of Texas. The Annual Report includes the Message From the Chief Executive Officer of the PSF Corporation (the "Message") and the Management's Discussion and Analysis ("MD&A"). The Annual Report for the year ended August 31, 2025, as filed with the MSRB in accordance with the PSF undertaking and agreement made in accordance with Rule 15c2-12 ("Rule 15c2-12") of the United States Securities and Exchange Commission (the "SEC"), as described below, is hereby incorporated by reference into this disclosure. Information included herein for the year ended August 31, 2025, is derived from the audited financial statements of the PSF, which are included in the Annual Report as it is filed and posted. Reference is made to the Annual Report for the complete Message and MD&A for the year ended August 31, 2025, and for a description of the financial results of the PSF for the year ended August 31, 2025, the most recent year for which audited financial information regarding the Fund is available. The 2025 Annual Report speaks only as of its date and the PSF Corporation has not obligated itself to update the 2025 Annual Report or any other Annual Report. The PSF Corporation posts (i) each Annual Report,

which includes statistical data regarding the Fund as of the close of each fiscal year, (ii) the most recent disclosure for the Guarantee Program, (iii) the PSF Corporation's Investment Policy Statement (the "IPS"), and (iv) monthly updates with respect to the capacity of the Guarantee Program (collectively, the "Web Site Materials") on the PSF Corporation's web site at <https://texaspsf.org> and with the MSRB at www.emma.msrb.org. Such monthly updates regarding the Guarantee Program are also incorporated herein and made a part hereof for all purposes. In addition to the Web Site Materials, the Fund is required to make quarterly filings with the SEC under Section 13(f) of the Securities Exchange Act of 1934. Such filings, which consist of a list of the Fund's holdings of securities as required by Section 13(f), are available from the SEC at www.sec.gov/edgar. A list of the Fund's equity and fixed income holdings as of August 31 of each year is posted to the PSF Corporation's web site and filed with the MSRB. Such list excludes holdings in the Fund's securities lending program. Such list, as filed, is incorporated herein and made a part hereof for all purposes.

Management and Administration of the Fund

The Texas Constitution and applicable statutes delegate to the SBOE and the PSF Corporation the authority and responsibility for investment of the PSF's financial assets. The SBOE consists of 15 members who are elected by territorial districts in the State, generally, to four-year terms of office. The PSF Corporation is a special-purpose governmental corporation and instrumentality of the State entitled to sovereign immunity, and is governed by a nine-member board of directors (the "PSFC Board"), which consists of five members of the SBOE, the Land Commissioner, and three appointed members who have substantial background and expertise in investments and asset management, with one member being appointed by the Land Commissioner and the other two appointed by the Governor with confirmation by the Senate.

The PSF's non-financial real assets, including land, mineral and royalty interests, and individual real estate holdings, are held by the GLO and managed by the SLB. The SLB is required to send PSF mineral and royalty revenues to the PSF Corporation for investment, less amounts specified by appropriation to be retained by the SLB.

The Texas Constitution provides that the Fund shall be managed through the exercise of the judgment and care under the circumstances then prevailing which persons of ordinary prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation, but in regard to the permanent disposition of their funds, considering the probable income therefrom as well as the probable safety of their capital (the "Prudent Person Standard"). In accordance with the Texas Constitution, the SBOE views the PSF as a perpetual endowment, and the Fund is managed as an endowment fund with a long-term investment horizon. For a detailed description of the PSFC Board's investment objectives, as well as a description of the PSFC Board's roles and responsibilities in managing and administering the Fund, see the IPS and Board meeting materials (available on the PSF Corporation's website).

As described below, the Total Return Constitutional Amendment restricts the annual pay-out from the Fund to both (i) 6% of the average of the market value of the Fund, excluding real property, on the last day of each of the sixteen State fiscal quarters preceding the Regular Session of the Legislature that begins before that State fiscal biennium, and (ii) the total-return on all investment assets of the Fund over a rolling ten-year period.

By law, the Education Commissioner is appointed by the Governor, with Senate confirmation, and assists the SBOE, but the Education Commissioner can neither be hired nor dismissed by the SBOE. The PSF Corporation has internal and external legal counsel to advise it as to its duties with respect to the Fund, including specific actions regarding the investment of the PSF to ensure compliance with fiduciary standards, and to provide transactional advice in connection with the investment of Fund assets in non-traditional investments. TEA's General Counsel provides legal advice to the SBOE but will not provide legal advice directly to the PSF Corporation.

The Total Return Constitutional Amendment shifted administrative costs of the Fund from the ASF to the PSF, providing that expenses of managing the PSF are to be paid "by appropriation" from the PSF. In January 2005, the Attorney General issued a legal opinion, Op. Tex. Att'y Gen. No. GA-0293 (2005), stating that the Total Return Constitutional Amendment does not require the SBOE to pay from such appropriated PSF funds the indirect management costs deducted from the assets of a mutual fund or other investment company in which PSF funds have been invested.

The Act requires that the Education Commissioner prepare, and the SBOE approve, an annual status report on the Guarantee Program (which is included in the Annual Report). The State Auditor or a certified public accountant audits the financial statements of the PSF, which are separate from other financial statements of the State. Additionally, not less than once each year, the PSFC Board must submit an audit report to the Legislative Budget Board ("LBB") regarding the operations of the PSF Corporation. The PSF Corporation may contract with a certified public accountant or the State Auditor to conduct an independent audit of the operations of the PSF Corporation, but such authorization does not affect the State Auditor's authority to conduct an audit of the PSF Corporation in accordance with State laws.

For each biennium, beginning with the 2024-2025 State biennium, the PSF Corporation is required to submit a legislative appropriations request ("LAR") to the LBB and the Office of the Governor that details a request for appropriation of funds to enable the PSF Corporation to carry out its responsibilities for the investment management of the Fund. The appropriated funding, budget structure, and riders are sufficient to fully support all operations of the PSF Corporation in state fiscal years 2026 and 2027. As described therein, the LAR is designed to provide the PSF Corporation with the ability to operate as a stand-alone state entity in the State budget while retaining the flexibility to fulfill its fiduciary duty and provide oversight and transparency to the Legislature and Governor.

The Total Return Constitutional Amendment

The Total Return Constitutional Amendment requires that PSF distributions to the ASF be determined using a "total-return-based" approach that provides that the total amount distributed from the Fund to the ASF: (1) in each year of a State fiscal biennium must be an amount that is not more than 6% of the average of the market value of the Fund, excluding real property (the "Distribution Rate"), on the last day of each of the sixteen State fiscal quarters preceding the Regular Session of the Legislature that begins before that State fiscal biennium, in accordance with the rate adopted by: (a) a vote of two-thirds of the total membership of the SBOE, taken before the Regular Session of the Legislature convenes or (b) the Legislature by general law or appropriation, if the SBOE does not adopt a rate as provided by clause (a); and (2) over the ten-year period consisting of the current State fiscal year and the nine preceding State fiscal years may not exceed the total return on all investment assets of the Fund over the same ten-year period (the "Ten Year Total Return"). In April 2009, the Attorney General issued a legal opinion, Op. Tex. Att'y Gen. No. GA-0707 (2009) ("GA-0707"), with regard to certain matters pertaining to the Distribution Rate and the determination of the Ten Year Total Return. In GA-0707 the Attorney General opined, among other advice, that (i) the Ten Year Total Return should be calculated on an annual basis, (ii) a contingency plan adopted by the SBOE, to permit monthly transfers equal in aggregate to the annual Distribution Rate to be halted and subsequently made up if such transfers temporarily exceed the Ten Year Total Return, is not prohibited by State law, provided that such contingency plan applies only within a fiscal year time basis, not on a biennium basis, and (iii) the amount distributed from the Fund in a fiscal year may not exceed 6% of the

average of the market value of the Fund or the Ten Year Total Return. In accordance with GA-0707, in the event that the Ten Year Total Return is exceeded during a fiscal year, transfers to the ASF will be halted. However, if the Ten Year Total Return subsequently increases during that biennium, transfers may be resumed, if the SBOE has provided for that contingency, and made in full during the remaining period of the biennium, subject to the limit of 6% in any one fiscal year. Any shortfall in the transfer that results from such events from one biennium may not be paid over to the ASF in a subsequent biennium as the SBOE would make a separate payout determination for that subsequent biennium.

In determining the Distribution Rate, the SBOE has adopted the goal of maximizing the amount distributed from the Fund in a manner designed to preserve "intergenerational equity." The definition of intergenerational equity that the SBOE has generally followed is the maintenance of purchasing power to ensure that endowment spending keeps pace with inflation, with the ultimate goal being to ensure that current and future generations are given equal levels of purchasing power in real terms. In making this determination, the SBOE takes into account various considerations, and relies upon PSF Corporation and TEA staff and external investment consultants, which undertake analysis for long-term projection periods that includes certain assumptions. Among the assumptions used in the analysis are a projected rate of growth of student enrollment State-wide, the projected contributions and expenses of the Fund, projected returns in the capital markets and a projected inflation rate.

The Texas Constitution also provides authority to the GLO or another entity (described in statute as the SLB or the PSF Corporation) that has responsibility for the management of revenues derived from land or other properties of the PSF to determine whether to transfer an amount each year to the ASF from the revenue derived during the current year from such land or properties. The Texas Constitution limits the maximum transfer to the ASF to \$600 million in each year from the revenue derived during that year from the PSF from the GLO, the SBOE or another entity to the extent such entity has the responsibility for the management of revenues derived from such land or other properties. Any amount transferred to the ASF pursuant to this constitutional provision is excluded from the 6% Distribution Rate limitation applicable to SBOE transfers.

The following table shows amounts distributed to the ASF from the portions of the Fund administered by the SBOE (the "PSF(SBOE)"), the PSF Corporation (the "PSF(CORP)"), and the SLB (the "PSF(SLB)").

Annual Distributions to the Available School Fund¹

<u>Fiscal Year Ending</u>	<u>2016</u>	<u>2017</u>	<u>2018</u>	<u>2019</u>	<u>2020</u>	<u>2021</u>	<u>2022</u>	<u>2023²</u>	<u>2024</u>	<u>2025</u>
PSF(CORP) Distribution	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$2,076	\$2,156	\$2,156
PSF(SBOE) Distribution	1,056	1,056	1,236	1,236	1,102	1,102	1,731	-	-	-

Per Student Distribution	215	212	247	306	347	341	432	440	430	428

¹ In millions of dollars. Source: Annual Report for year ended August 31, 2025.

² Reflects the first fiscal year in which distributions were made by the PSF Corporation.

³ In September 2020, the SBOE approved a special, one-time transfer of \$300 million from the portion of the PSF managed by the SBOE to the portion of the PSF managed by the SLB, which amount is to be transferred to the ASF by the SLB in fiscal year 2021. In approving the special transfer, the SBOE determined that the transfer was in the best interest of the PSF due to the historic nature of the public health and economic circumstances resulting from the COVID-19 pandemic and its impact on the school children of Texas.

In November 2024, the SBOE approved a \$3.6 billion distribution to the ASF for State fiscal biennium 2026-2027. In making its determination of the 2026-2027 Distribution Rate, the SBOE took into account the planned distribution to the ASF by the PSF Corporation of \$1.2 billion for the biennium.

Efforts to achieve the intergenerational equity objective, as described above, result in changes in the Distribution Rate for each biennial period. The following table sets forth the Distribution Rates announced by the SBOE in the fall of each even-numbered year to be applicable for the following biennium.

<u>State Fiscal Biennium</u>	<u>2010-11</u>	<u>2012-13</u>	<u>2014-15</u>	<u>2016-17</u>	<u>2018-19</u>	<u>2020-21</u>	<u>2022-23</u>	<u>2024-25</u>	<u>2026-27</u>
<u>SBOE Distribution Rate¹</u>	2.5%	4.2%	3.3%	3.5%	3.7%	2.974%	4.18%	3.32%	3.45%

¹ Includes only distributions made to the ASF by the SBOE; see the immediately preceding table for amounts of direct SLB distributions to the ASF. In addition, the PSF Corp approved transfers of \$600 million per year directly to the ASF for fiscal biennium 2026-27.

PSF Corporation Strategic Asset Allocation

The PSFC Board sets the asset allocation policy for the Fund, including determining the available asset classes for investment and approving target percentages and ranges for allocation to each asset class, with the goal of delivering a long-term risk adjusted return through all economic and market environments. The IPS includes a combined asset allocation for all Fund assets and allows for the use of derivatives and other leverage. The IPS provides that the Fund's investment objectives are as follows:

- Generate continuous distributions for the benefit of public schools in Texas;
- Maintain purchasing power, after spending, inflation, and student population growth, in order to maintain intergenerational equity with respect to distributions;
- Provide a maximum level of return consistent with prudent risk levels, while maintaining sufficient liquidity needed to support distributions and BGP obligations; and
- Strive to maintain a AAA credit rating, as assigned by a Nationally Recognized Securities Rating Organization.

The table below sets forth the current strategic asset allocation of the Fund that was adopted, effective January 1, 2026 (which is subject to change from time to time):

Asset Class	Target Allocation	Range ¹
Cash Equivalent	3.0%	n/a
Core Bonds	9.0%	+/- 5.0%
Non-Core Bonds (High Yield)	3.0%	+/- 5.0%
Non-Core Bonds (Bank Loans)	3.0%	+/- 5.0%
Large Cap U.S. Equity	15.0%	+/- 5.0%
Small/Mid-Cap U.S. Equity	3.0%	+/- 5.0%
Non-U.S. Developed Equity	8.0%	+/- 5.0%
Absolute Return	6.0%	+/- 5.0%
Private Debt (Liquid Substitute)	9.5%	+/- 5.0%
Private Equity (Liquid Substitute)	20.0%	+/- 10.0%
Real Estate	10.5%	+/- 5.0%
Natural Resources	4.0%	+/- 5.0%
Infrastructure	6.0%	+/- 5.0%

The table below sets forth the comparative investments of the PSF for the fiscal years ending August 31, 2024 and 2025, as set forth in the Annual Report for the 2025 fiscal year. As of January 1, 2023, the assets of the PSF(SBOE) and the PSF(SLB) were generally combined (referred to herein as the PSF(CORP)) for investment management and accounting purposes.

Comparative Investment Schedule – PSF(CORP)

Fair Value (in millions) August 31, 2025 and 2024				
ASSET CLASS	August 31, 2025	August 31, 2024	Amount of Increase (Decrease)	Percent Change

Source: Annual Report for year ended August 31, 2025.

The table below sets forth the investments of the PSF(SLB) for the year ended August 31, 2025.

Investment Schedule - PSF(SLB)¹

Fair Value (in millions) August 31, 2025

	As of <u>8-31-25</u>
Investment Type	
Investments in Real Assets	
Sovereign Lands	\$ 279.84
Discretionary Internal Investments	989.22
Other Lands	153.17
Minerals ^{(2), (3)}	<u>4,872.77</u> ⁽⁶⁾
Total Investments ⁽⁴⁾	\$6,294.99
Cash in State Treasury ⁽⁵⁾	575.70
Total Investments & Cash in State Treasury	\$ 6,870.70

¹ Unaudited figures from Table 5 in the FY 2025 Unaudited Annual Financial Report of the Texas General Land Office and Veterans Land Board.

² Historical Cost of investments at August 31, 2025 was: Sovereign Lands \$838,676.44; Discretionary Internal Investments \$830,739,719.64; Other Lands \$37,306,005.32; and Minerals \$13,437,552.03.

³ Includes an estimated 1,000,000.00 acres in freshwater rivers.

⁴ Includes an estimated 1,747,600.00 in excess acreage.

⁵ Cash in State Treasury is managed by the Treasury Operations Division of the Comptroller of Public Accounts of the State of Texas.

⁶ Future Net Revenues discounted at 10% and then adjusted for risk factors. A mineral reserve report is prepared annually by external third-party petroleum engineers.

The asset allocation of the Fund's financial assets portfolio is subject to change by the PSF Corporation from time to time based upon a number of factors, including recommendations to the PSF Corporation made by internal investment staff and external consultants. Fund performance may also be affected by factors other than asset allocation, including, without limitation, the general performance of the securities markets and other capital markets in the United States and abroad, which may be affected by different levels of economic activity; decisions of political officeholders; significant adverse weather events; development of hostilities in and among nations; cybersecurity threats and events; changes in international trade policies or practices; application of the Prudent Person Standard, which may eliminate certain investment opportunities for the Fund; management fees paid to external managers and embedded management fees for some fund investments; and PSF investment or operational limitations impacted by Texas law or legislative appropriation. The Guarantee Program could also be impacted by changes in State or federal law or regulations or the implementation of new accounting standards.

The School District Bond Guarantee Program

The School District Bond Guarantee Program requires an application be made by a school district to the Education Commissioner for a guarantee of its bonds. If the conditions for the School District Bond Guarantee Program are satisfied, the guarantee becomes effective upon approval of the bonds by the Attorney General and remains in effect until the guaranteed bonds are paid or defeased, by a refunding or otherwise.

In the event of default, holders of guaranteed school district bonds will receive all payments as and when may become due from the corpus of the PSF. Following a determination that a school district will be or is unable to pay maturing or matured principal or interest on any guaranteed bond, the Act requires the school district to notify the Education Commissioner not later than the fifth day before the stated maturity date of such bond or interest payment. Immediately following receipt of such notice, the Education Commissioner must cause to be transferred from the appropriate account in the PSF to the Paying Agent/Registrar an amount necessary to pay the maturing or matured principal and interest, as applicable. Upon receipt of funds for payment of such principal or interest, the Paying Agent/Registrar must pay the amount due and forward the canceled bond or evidence of payment of the interest to the State Comptroller of Public Accounts (the "Comptroller"). The Education Commissioner will instruct the Comptroller to withhold the amount paid, plus interest, from the first State money payable to the school district. The amount withheld pursuant to this funding "intercept" feature will be deposited to the credit of the PSF. The Comptroller must hold such canceled bond or evidence of payment of the interest on behalf of the PSF. Following full reimbursement of such payment by the school district to the PSF with interest, the Comptroller will cancel the bond or evidence of payment of the interest and forward it to the school district. The Act permits the Education Commissioner to order a school district to set a tax rate sufficient to reimburse the PSF for any payments made with respect to guaranteed bonds, and also sufficient to pay future payments on guaranteed bonds, and provides certain enforcement mechanisms to the Education Commissioner, including the appointment of a board of managers or annexation of a defaulting school district to another school district.

If a school district fails to pay principal or interest on a bond as it is stated to mature, other amounts not due and payable are not accelerated and do not become due and payable by virtue of the district's default. The School District Bond Guarantee Program does not apply to the payment of principal and interest upon redemption of bonds, except upon mandatory sinking fund redemption, and does not apply to the obligation, if any, of a school district to pay a redemption premium on its guaranteed bonds. The guarantee applies to all matured interest on guaranteed school district bonds, whether the bonds were issued with a fixed or variable interest rate and whether the interest rate changes as a result of an interest reset provision or other bond order provision requiring an interest rate change. The guarantee does not extend to any obligation of a school district under any agreement with a third party relating to guaranteed bonds that is defined or described in State law as a "bond enhancement agreement" or a "credit agreement," unless the right to payment of such third party is directly as a result of such third party being a bondholder.

In the event that two or more payments are made from the PSF on behalf of a district, the Education Commissioner shall request the Attorney General to institute legal action to compel the district and its officers, agents and employees to comply with the duties required of them by law in respect to the payment of guaranteed bonds.

Generally, the regulations that govern the School District Bond Guarantee Program (the "SDBGP Rules") limit guarantees to certain types of notes and bonds, including, with respect to refunding bonds issued by school districts, a requirement that the bonds produce debt service savings. The SDBGP Rules include certain accreditation criteria for districts applying for a guarantee of their bonds, and limit guarantees to districts that have less than the amount of annual debt service per average daily attendance that represents the 90th percentile of annual debt service per average daily attendance for all school districts, but such limitation will not apply to school districts that have enrollment growth of at least 25% over the previous five school years. The SDBGP Rules are codified in the Texas Administrative Code at 19 TAC section 33.6 and are available at <https://tea.texas.gov/finance-and-grants/state-funding/facilities-funding-and-standards/bond-guarantee-program>.

The Charter District Bond Guarantee Program

The Charter District Bond Guarantee Program became effective March 3, 2014. The SBOE published final regulations in the Texas Register that provide for the administration of the Charter District Bond Guarantee Program (the "CDBGP Rules"). The CDBGP Rules are codified at 19 TAC section 33.7 and are available at <https://tea.texas.gov/finance-and-grants/state-funding/facilities-funding-and-standards/bond-guarantee-program>.

The Charter District Bond Guarantee Program has been authorized through the enactment of amendments to the Act, which provide that a charter holder may make application to the Education Commissioner for designation as a "charter district" and for a guarantee by the PSF under the Act of bonds issued on behalf of a charter district by a non-profit corporation. If the conditions for the Charter District Bond Guarantee Program are satisfied, the guarantee becomes effective upon approval of the bonds by the Attorney General and remains in effect until the guaranteed bonds are paid or defeased, by a refunding or otherwise.

Pursuant to the CDBGP Rules, the Education Commissioner annually determines the ratio of charter district students to total public school students, for the 2026 fiscal year, the ratio is 8.17%. At February 23, 2026, there were 182 active open-enrollment charter schools in the State and there were 1,027 charter school campuses authorized under such charters, though as of such date, 41 of such campuses are not currently serving students for various reasons; therefore, there are 986 charter school campuses actively serving students in Texas. Section 12.101, Texas Education Code, limits the number of charters that the Education Commissioner may grant to a total number of 305 charters. While legislation limits the number of charters that may be granted, it does not limit the number of campuses that may operate under a particular charter. For information regarding the capacity of the Guarantee Program, see "Capacity Limits for the Guarantee Program." The Act provides that the Education Commissioner may not approve the guarantee of refunding or refinanced bonds under the Charter District Bond Guarantee Program in a total amount that exceeds one-half of the total amount available for the guarantee of charter district bonds under the Charter District Bond Guarantee Program.

In accordance with the Act, the Education Commissioner may not approve charter district bonds for guarantee if such guarantees will result in lower bond ratings for public school district bonds that are guaranteed under the School District Bond Guarantee Program. To be eligible for a guarantee, the Act provides that a charter district's bonds must be approved by the Attorney General, have an unenhanced investment grade rating from a nationally recognized investment rating firm, and satisfy a limited investigation conducted by the TEA.

The Charter District Bond Guarantee Program does not apply to the payment of principal and interest upon redemption of bonds, except upon mandatory sinking fund redemption, and does not apply to the obligation, if any, of a charter district to pay a redemption premium on its guaranteed bonds. The guarantee applies to all matured interest on guaranteed charter district bonds, whether the bonds were issued with a fixed or variable interest rate and whether the interest rate changes as a result of an interest reset provision or other bond resolution provision requiring an interest rate change. The guarantee does not extend to any obligation of a charter district under any agreement with a third party relating to guaranteed bonds that is defined or described in State law as a "bond enhancement agreement" or a "credit agreement," unless the right to payment of such third party is directly as a result of such third party being a bondholder.

In the event of default, holders of guaranteed charter district bonds will receive all payments as and when they become due from the corpus of the PSF. Following a determination that a charter district will be or is unable to pay maturing or matured principal or interest on any guaranteed bond, the Act requires a charter district to notify the Education Commissioner not later than the fifth day before the stated maturity date of such bond or interest payment and provides that immediately following receipt of notice that a charter district will be or is unable to pay maturing or matured principal or interest on a guaranteed bond, the Education Commissioner is required to instruct the Comptroller to transfer from the Charter District Reserve Fund to the district's paying agent an amount necessary to pay the maturing or matured principal or interest, as applicable. If money in the Charter District Reserve Fund is insufficient to pay the amount due on a bond for which a notice of default has been received, the Education Commissioner is required to instruct the Comptroller to transfer from the PSF to the district's paying agent the amount necessary to pay the balance of the unpaid maturing or matured principal or interest, as applicable. If a total of two or more payments are made under the Charter District Bond Guarantee Program on charter district bonds and the Education Commissioner determines that the charter district is acting in bad faith under the program, the Education Commissioner may request the Attorney General to institute appropriate legal action to compel the charter district and its officers, agents, and employees to comply with the duties required of them by law in regard to the guaranteed bonds. As is the case with the School District Bond Guarantee Program, the Act provides a funding "intercept" feature that obligates the Education Commissioner to instruct the Comptroller to withhold the amount paid with respect to the Charter District Bond Guarantee Program, plus interest, from the first State money payable to a charter district that fails to make a guaranteed payment on its bonds. The amount withheld will be deposited, first, to the credit of the PSF, and then to restore any amount drawn from the Charter District Reserve Fund as a result of the non-payment.

The CDBGP Rules provide that the PSF may be used to guarantee bonds issued for the acquisition, construction, repair, or renovation of an educational facility for an open-enrollment charter holder and equipping real property of an open-enrollment charter school and/or to refinance promissory notes executed by an open-enrollment charter school, each in an amount in excess of \$500,000 the proceeds of which loans were used for a purpose described above (so-called new money bonds) or for refinancing bonds previously issued for the charter school that were approved by the Attorney General (so-called refunding bonds). Refunding bonds may not be guaranteed under the Charter District Bond Guarantee Program if they do not result in a present value savings to the charter holder.

The CDBGP Rules provide that an open-enrollment charter holder applying for charter district designation and a guarantee of its bonds under the Charter District Bond Guarantee Program satisfy various provisions of the regulations, including the following: It must (i) have operated at least one open-enrollment charter school with enrolled students in the State for at least three years; (ii) agree that the bonded indebtedness for which the guarantee is sought will be undertaken as an obligation of all entities under common control of the open-enrollment charter holder, and that all such entities will be liable for the obligation if the open-enrollment charter holder defaults on the bonded indebtedness, provided, however, that an entity that does not operate a charter school in Texas is subject to this provision only to the extent it has received state funds from the open-enrollment charter holder; (iii) have had completed for the past three years an audit for each such year that included unqualified or unmodified audit opinions; and (iv) have received an investment grade credit rating within the last year. Upon receipt of an application for guarantee under the Charter District Bond Guarantee Program, the Education Commissioner is required to conduct an investigation into the financial status of the applicant charter district and of the accreditation status of all open-enrollment charter schools operated under the charter, within the scope set forth in the CDBGP Rules. Such financial investigation must establish that an applying charter district has a historical debt service coverage ratio, based on annual debt service, of at least 1.1 for the most recently completed fiscal year, and a projected debt service coverage ratio, based on projected revenues and expenses and maximum annual debt service, of at least 1.2. The failure of an open-enrollment charter holder to comply with the Act or the applicable regulations, including by making any material misrepresentations in the charter holder's application for charter district designation or guarantee under the Charter District Bond Guarantee Program, constitutes a material violation of the open-enrollment charter holder's charter.

From time to time, TEA has limited new guarantees under the Charter District Bond Guarantee Program to conform to capacity limits specified by the Act. The Charter District Bond Guarantee Program Capacity (the "CDBGP Capacity") is made available from the capacity of the Guarantee Program but is not reserved exclusively for the Charter District Bond Guarantee Program. See "Capacity Limits for the Guarantee Program." Other factors that could increase the CDBGP Capacity include Fund investment performance, future increases in the Guarantee Program multiplier, changes in State law that govern the calculation of the CDBGP Capacity, as described below, changes in State or federal law or regulations related to the Guarantee Program limit, growth in the relative percentage of students enrolled in open-enrollment charter schools to the total State scholastic census, legislative and administrative changes in funding for charter districts, changes in level of school district or charter district participation in the Guarantee Program, or a combination of such circumstances.

Capacity Limits for the Guarantee Program

The capacity of the Fund to guarantee bonds under the Guarantee Program is limited to the lesser of that imposed by State law (the "State Capacity Limit") and that imposed by regulations and a notice issued by the IRS (the "IRS Limit", with the limit in effect at any given time being the "Capacity Limit"). From 2005 through 2009, the Guarantee Program twice reached capacity under the IRS Limit, and in each instance the Guarantee Program was closed to new bond guarantee applications until relief was obtained from the IRS. The most recent closure of the Guarantee Program commenced in March 2009 and the Guarantee Program reopened in February 2010 after the IRS updated regulations relating to the PSF and similar funds.

Prior to 2007, various legislation was enacted modifying the calculation of the State Capacity limit; however, in 2007, Senate Bill 389 ("SB 389") was enacted, providing for increases in the capacity of the Guarantee Program, and specifically providing that the SBOE may by rule increase the capacity of the Guarantee Program from two and one-half times the cost value of the PSF to an amount not to exceed five times the cost value of the PSF, provided that the increased limit does not violate federal law and regulations and does not prevent bonds guaranteed by the Guarantee Program from receiving the highest available credit rating, as determined by the SBOE. SB 389 further provided that the SBOE shall at least annually consider whether to change the capacity of the Guarantee Program. Additionally, on May 21, 2010, the SBOE modified the SDBGP Rules, and increased the State Capacity Limit to an amount equal to three times the cost value of the PSF. Such modified regulations, including the revised capacity rule, became effective on July 1, 2010. The SDBGP Rules provide that the Education Commissioner will estimate the available capacity of the PSF each month and may increase or reduce the State Capacity Limit multiplier to prudently manage fund capacity and maintain the AAA credit rating of the Guarantee Program but also provide that any changes to the multiplier made by the Education Commissioner are to be ratified or rejected by the SBOE at the next meeting following the change. See "Valuation of the PSF and Guaranteed Bonds" below.

Since September 2015, the SBOE has periodically voted to change the capacity multiplier as shown in the following table.

<u>Changes in SBOE-determined multiplier for State Capacity Limit</u>	
<u>Date</u>	<u>Multiplier</u>
Prior to May 2010	2.50
May 2010	3.00
September 2015	3.25
February 2017	3.50
September 2017	3.75
February 2018 (current)	3.50

Since December 16, 2009, the IRS Limit was a static limit set at 500% of the total cost value of the assets held by the PSF as of December 16, 2009; however, on May 10, 2023, the IRS released Notice 2023-39 (the "IRS Notice"), stating that the IRS would issue regulations amending the existing regulations to amend the calculation of the IRS limit to 500% of the total cost value of assets held by the PSF as of the date of sale of new bonds, effective as of May 10, 2023.

The IRS Notice changed the IRS Limit from a static limit to a dynamic limit for the Guarantee Program based upon the cost value of Fund assets, multiplied by five. As of December 31, 2025 the cost value of the Guarantee Program was \$51,913,224,643 (unaudited), thereby producing an IRS Limit of \$259,566,123,215 in principal amount of guaranteed bonds outstanding.

As of December 31, 2025, the estimated State Capacity Limit is \$181,696,286,251, which is lower than the IRS Limit, making the State Capacity Limit the current Capacity Limit for the Fund.

Since July 1991, when the SBOE amended the Guarantee Program Rules to broaden the range of bonds that are eligible for guarantee under the Guarantee Program to encompass most Texas school district bonds, the principal amount of bonds guaranteed under the Guarantee Program has increased sharply. In addition, in recent years a number of factors have caused an increase in the amount of bonds issued by school districts in the State. See the table "Permanent School Fund Guaranteed Bonds" below. Effective March 1, 2023, the Act provides that the SBOE may establish a percentage of the Capacity Limit to be reserved from use in guaranteeing bonds (the "Capacity Reserve"). The CDBGP Rules provide for a maximum Capacity Reserve for the overall Guarantee Program of 5% and provide that the amount of the Capacity Reserve may be increased or decreased by a majority vote of the SBOE based on changes in the cost value, asset allocation, and risk in the portfolio, or may be increased or decreased by the Education Commissioner as necessary to prudently manage fund capacity and preserve the AAA credit rating of the Guarantee Program (subject to ratification or rejection by the SBOE at the next meeting for which an item can be posted). The CDBGP Rules provide for an additional reserve of CDBGP Capacity determined by calculating an equal percentage as established by the SBOE for the Capacity Reserve, applied to the CDBGP Capacity. Effective March 1, 2023, the Capacity Reserve is 0.25%. The Capacity Reserve is noted in the monthly updates with respect to the capacity of the Guarantee Program on the PSF Corporation's web site at <https://texaspsf.org/monthly-disclosures/>, which are also filed with the MSRB.

Based upon historical performance of the Fund, the legal restrictions relating to the amount of bonds that may be guaranteed has generally resulted in a lower ratio of guaranteed bonds to available assets as compared to many other types of credit enhancements that may be available for Texas school district bonds and charter district bonds. However, the ratio of Fund assets to guaranteed bonds and the growth of the Fund in general could be adversely affected by a number of factors, including Fund investment performance, investment objectives of the Fund, an increase in bond issues by school districts in the State or legal restrictions on the Fund, changes in State laws that implement funding decisions for school districts and charter districts, which could adversely affect the credit quality of those districts, the implementation of the Charter District Bond Guarantee Program, or significant changes in distributions to the ASF. The issuance of the IRS Notice and the Final IRS Regulations resulted in a substantial increase in the amount of bonds guaranteed under the Guarantee Program.

No representation is made as to how the capacity will remain available, and the capacity of the Guarantee Program is subject to change due to a number of factors, including changes in bond issuance volume throughout the State and some bonds receiving guarantee approvals may not close. If the amount of guaranteed bonds approaches the State Capacity Limit, the SBOE or Education Commissioner may increase the State Capacity Limit multiplier as discussed above.

2017 Legislative Changes to the Charter District Bond Guarantee Program

The CDBGP Capacity is established by the Act. During the 85th Texas Legislature, which concluded on May 29, 2017, Senate Bill 1480 ("SB 1480") was enacted. SB 1480 amended the Act to modify how the CDBGP Capacity is established effective as of September 1, 2017, and made other substantive changes to the Charter District Bond Guarantee Program. Prior to the enactment of SB 1480, the CDBGP Capacity was calculated as the Capacity Limit less the amount of outstanding bond guarantees under the Guarantee Program multiplied by the percentage of charter district scholastic population relative to the total public school scholastic population. SB 1480 amended the CDBGP Capacity calculation so that the Capacity Limit is multiplied by the percentage of charter district scholastic population relative to the total public school scholastic population prior to the subtraction of the outstanding bond guarantees, thereby increasing the CDBGP Capacity.

The percentage of the charter district scholastic population to the overall public school scholastic population has grown from 3.53% in September 2012 to 7.86% in December 2025. TEA is unable to predict how the ratio of charter district students to the total State scholastic population will change over time.

In addition to modifying the manner of determining the CDBGP Capacity, SB 1480 provided that the Education Commissioner's investigation of a charter district application for guarantee may include an evaluation of whether the charter district bond security documents provide a security interest in real property pledged as collateral for the bond and the repayment obligation under the proposed guarantee. The Education Commissioner may decline to approve the application if the Education Commissioner determines that sufficient security is not provided. The Act and the CDBGP Rules also require the Education Commissioner to make an investigation of the accreditation status and financial status for a charter district applying for a bond guarantee.

Since the initial authorization of the Charter District Bond Guarantee Program, the Act has established a bond guarantee reserve fund in the State treasury (the "Charter District Reserve Fund"). Formerly, the Act provided that each charter district that has a bond guaranteed must annually remit to the Education Commissioner, for deposit in the Charter District Reserve Fund, an amount equal to 10% of the savings to the charter district that is a result of the lower interest rate on its bonds due to the guarantee by the PSF. SB 1480 modified the Act insofar as it pertains to the Charter District Reserve Fund. Effective September 1, 2017, the Act provides that a charter district that has a bond guaranteed must remit to the Education Commissioner, for deposit in the Charter District Reserve Fund, an amount equal to 20% of the savings to the charter district that is a result of the lower interest rate on the bond due to the guarantee by the PSF. The amount due shall be paid on receipt by the charter district of the bond proceeds. However, the deposit requirement will not apply if the balance of the Charter District Reserve Fund is at least equal to 3.00% of the total amount of outstanding guaranteed bonds issued by charter districts. At December 31, 2025, the Charter District Reserve Fund contained \$153,914,605, which represented approximately 2.61% of the guaranteed charter district bonds. The Reserve Fund is held and invested as a non-commingled fund under the administration of the PSF Corporation staff.

Charter District Risk Factors

Open-enrollment charter schools in the State may not charge tuition and, unlike school districts, charter districts have no taxing power. Funding for charter district operations is largely from amounts appropriated by the Legislature. Additionally, the amount of State payments a charter district receives is based on a variety of factors, including the enrollment at the schools operated by a charter district, and may be affected by the State's economic performance and other budgetary considerations and various political considerations.

Other than credit support for charter district bonds that is provided to qualifying charter districts by the Charter District Bond Guarantee Program, State funding for charter district facilities construction is limited to a program established by the Legislature in 2017, which provides \$60 million per year for eligible charter districts with an acceptable performance rating for a variety of funding purposes, including for lease or purchase payments for instructional facilities. Since State funding for charter facilities is limited, charter schools generally

issue revenue bonds to fund facility construction and acquisition, or fund facilities from cash flows of the school. Some charter districts have issued non-guaranteed debt in addition to debt guaranteed under the Charter District Bond Guarantee Program, and such non-guaranteed debt is likely to be secured by a deed of trust covering all or part of the charter district's facilities. In March 2017, the TEA began requiring charter districts to provide the TEA with a lien against charter district property as a condition to receiving a guarantee under the Charter District Bond Guarantee Program. However, charter district bonds issued and guaranteed under the Charter District Bond Guarantee Program prior to the implementation of the new requirement did not have the benefit of a security interest in real property, although other existing debts of such charter districts that are not guaranteed under the Charter District Bond Guarantee Program may be secured by real property that could be foreclosed on in the event of a bond default.

As a general rule, the operation of a charter school involves fewer State requirements and regulations for charter holders as compared to other public schools, but the maintenance of a State-granted charter is dependent upon on-going compliance with State law and regulations, which are monitored by TEA. TEA has a broad range of enforcement and remedial actions that it can take as corrective measures, and such actions may include the loss of the State charter, the appointment of a new board of directors to govern a charter district, the assignment of operations to another charter operator, or, as a last resort, the dissolution of an open-enrollment charter school. Charter holders are governed by a private board of directors, as compared to the elected boards of trustees that govern school districts.

As described above, the Act includes a funding "intercept" function that applies to both the School District Bond Guarantee Program and the Charter District Bond Guarantee Program. However, school districts are viewed as the "educator of last resort" for students residing in the geographical territory of the district, which makes it unlikely that State funding for those school districts would be discontinued, although the TEA can require the dissolution and merger into another school district if necessary to ensure sound education and financial management of a school district. That is not the case with a charter district, however, and open-enrollment charter schools in the State have been dissolved by TEA from time to time. If a charter district that has bonds outstanding that are guaranteed by the Charter District Bond Guarantee Program should be dissolved, debt service on guaranteed bonds of the district would continue to be paid to bondholders in accordance with the Charter District Bond Guarantee Program, but there would be no funding available for reimbursement of the PSF by the Comptroller for such payments. As described under "The Charter District Bond Guarantee Program," the Act established the Charter District Reserve Fund, to serve as a reimbursement resource for the PSFSF.

Ratings of Bonds Guaranteed Under the Guarantee Program

Moody's Ratings, S&P Global Ratings, and Fitch Ratings, Inc. rate bonds guaranteed by the PSF "Aaa," "AAA" and "AAA," respectively. Not all districts apply for multiple ratings on their bonds, however. See the applicable rating section within the offering document to which this is attached for information regarding a district's underlying rating and the enhanced rating applied to a given series of bonds.

Valuation of the PSF and Guaranteed Bonds

Permanent School Fund Valuations

Fiscal Year Ended 8/31	Book Value⁽¹⁾	Market Value⁽¹⁾
2021	\$38,699,895,545	\$55,582,252,097
2022	42,511,350,050	56,754,515,757
2023	43,915,792,841	59,020,536,667
2024	47,047,688,784	62,766,382,537
2025 ⁽²⁾	50,832,583,937	66,549,781,438

⁽¹⁾ SLB managed assets are included in the market value and book value of the Fund. In determining the market value of the PSF from time to time during a fiscal year, the current, unaudited values for PSF investment portfolios and cash held by the SLB are used. With respect to SLB managed assets shown in the table above, market values of land and mineral interests, internally managed real estate, investments in externally managed real estate funds and cash are based upon information reported to the PSF Corporation by the SLB. The SLB reports that information to the PSF Corporation on a quarterly basis. The valuation of such assets at any point in time is dependent upon a variety of factors, including economic conditions in the State and nation in general, and the values of these assets, and, in particular, the valuation of mineral holdings administered by the SLB, can be volatile and subject to material changes from period to period.

⁽²⁾ At August 31, 2025, mineral assets, sovereign lands, other lands, and discretionary internal investments, had book values of approximately \$13.4 million, \$0.8 million, \$37.3 million, and \$830.7 million, respectively, and market values of approximately \$4,872.7 million, \$279.8 million, \$153.1 million, and \$989.2 million, respectively.

Permanent School Fund Guaranteed Bonds	
<u>At 8/31</u>	<u>Principal Amount⁽¹⁾</u>
2021	\$95,259,161,922
2022	103,239,495,929
2023	115,730,826,682
2024	125,815,981,603
2025	143,940,955,098 ⁽²⁾

⁽¹⁾ Represents original principal amount; does not reflect any subsequent accretions in value for compound interest bonds (zero coupon securities). The amount shown excludes bonds that have been refunded and released from the Guarantee Program. The TEA does not maintain records of the accreted value of capital appreciation bonds that are guaranteed under the Guarantee Program.

⁽²⁾ At August 31, 2025 (the most recent date for which such data is available), the TEA expected that the principal and interest to be paid by school districts and charter districts over the remaining life of the bonds guaranteed by the Guarantee Program was \$230,761,751,555, of which \$86,820,796,457 represents interest to be paid. As shown in the table above, at August 31, 2025, there were \$143,940,955,098 in principal amount of bonds guaranteed under the Guarantee Program. Using the State Capacity Limit of \$181,696,286,251 (the State Capacity Limit is currently the Capacity Limit), net of the Capacity Reserve, as of December 31, 2025, 7.86% of the Guarantee Program's capacity was available to the Charter District Bond Guarantee Program. As of December 31, 2025, the amount of outstanding bond guarantees represented 79.16% of the Capacity Limit (which is currently the State Capacity Limit). December 31, 2025 values are based on unaudited data, which is subject to adjustment.

Permanent School Fund Guaranteed Bonds by Category⁽¹⁾

<u>Fiscal Year Ended 8/31</u>	<u>School District Bonds</u>		<u>Charter District Bonds</u>		<u>Totals</u>	
	<u>No. of Issues</u>	<u>Principal Amount (\$)</u>	<u>No. of Issues</u>	<u>Principal Amount (\$)</u>	<u>No. of Issues</u>	<u>Principal Amount (\$)</u>
2021	3,346	\$91,951,175,922	83	\$3,307,986,000	3,429	\$95,259,161,922
2022	3,348	99,528,099,929	94	3,711,396,000	3,442	103,239,495,929
2023	3,339	111,647,914,682	102	4,082,912,000	3,441	115,730,826,682
2024	3,330	121,046,871,603	103	4,769,110,000	3,433	125,815,981,603
2025 ⁽²⁾	3,444	138,140,381,098	113	5,800,574,000	3,557	143,940,955,098

⁽¹⁾ Represents original principal amount; does not reflect any subsequent accretions in value for compound interest bonds (zero coupon securities). The amount shown excludes bonds that have been refunded and released from the Guarantee Program.

⁽²⁾ At December 31, 2025 (based on unaudited data, which is subject to adjustment), there were \$143,822,038,077 in principal amount of bonds guaranteed under the Guarantee Program, representing 3,456 school district issues, aggregating \$137,938,824,077 in principal amount and 114 charter district issues, aggregating \$5,883,214,000 in principal amount. At December 31, 2025 the projected guarantee capacity available was \$32,174,623,697 (based on unaudited data, which is subject to adjustment).

Discussion and Analysis Pertaining to Fiscal Year Ended August 31, 2025

The following discussion is derived from the Annual Report for the year ended August 31, 2025, including the Message from the Chief Executive Officer of the Fund, the Management's Discussion and Analysis, and other schedules contained therein. Reference is made to the Annual Report, as filed with the MSRB, for the complete Message and MD&A. Investment assets managed by the PSF Corporation are referred to throughout this MD&A as the PSF(CORP). The Fund's non-financial real assets are managed by the SLB and these assets are referred to throughout as the PSF(SLB) assets.

At the end of fiscal year 2025, the PSF(CORP) net position was \$60.6 billion. During the year, the PSF(CORP) continued updating and implementing the long-term strategic asset allocation, diversifying the investment mix to strengthen the Fund. The asset allocation aims to pursue the objectives of the Fund at an acceptable risk level. The PSF(CORP) is invested in global markets and liquid and illiquid assets experience volatility commensurate with the related indices. The PSF(CORP) is broadly diversified and benefits from the cost structure of its investment program. Changes continue to be researched, crafted, and implemented to make the cost structure more effective and efficient. The PSF(CORP) annual rates of return for the one-year, five-year, and ten-year periods ending August 31, 2025, net of fees, were 8.20%, 7.95%, and 7.40%, respectively (total return takes into consideration the change in the market value of the Fund during the year as well as the interest and dividend income generated by the Fund's investments). See "Comparative Investment Schedule - PSF(CORP)" for the PSF(CORP) holdings as of August 31, 2025.

Effective February 1, 2024, Texas PSF transitioned into a new strategic asset allocation. The new allocation of the PSF Corporation updated the strategic asset allocation among public equities, fixed income, and alternative assets, as discussed herein. Alternative assets now include private credit, absolute return, private equity, real estate, natural resources, and infrastructure. For a description of the accrual basis of accounting and more information about performance, including comparisons to established benchmarks for certain periods, please see the 2025 Annual Report which is included by reference herein.

PSF Returns Fiscal Year Ended 8-31-2025¹

<u>Portfolio</u>	<u>Return</u>	<u>Benchmark Return²</u>
Total PSF(CORP) Portfolio	8.20	7.78
Domestic Large Cap Equities	14.50	15.88
Domestic Small/Mid Cap Equities	7.64	5.80
International Equities	16.16	14.89
Private Credit	6.87	9.26
Core Bonds	4.02	3.14
Absolute Return	14.98	6.90
Real Estate	0.14	0.97
Private Equity	8.17	8.61
High Yield	8.18	8.26
Natural Resources	2.31	0.39
Infrastructure	15.06	8.79
Bank Loans	7.76	7.36
Short Term Investment Portfolio	6.06	4.51

¹ Time weighted rates of return adjusted for cash flows for the PSF(CORP) investment assets. Does not include SLB managed real estate or real assets. Returns are net of fees. Source: Annual Report for year ended August 31, 2025.

² Benchmarks are as set forth in the Annual Report for year ended August 31, 2025.

The SLB is responsible for the investment of money in the Real Estate Special Fund Account (RESFA) of the PSF (also referred to herein as the PSF(SLB)). Pursuant to applicable law, money in the PSF(SLB) may be invested in land, mineral and royalty interest, and real property holdings. For more information regarding the investments of the PSF(SLB), please see the 2025 Unaudited Annual Financial Report of the Texas General Land Office and Veterans Land Board.

The Fund directly supports the public school system in the State by distributing a predetermined percentage of its asset value to the ASF. In fiscal year 2025, \$2.2 billion was distributed to the ASF, \$600 million of which was distributed by the PSF(CORP) on behalf of the SLB.

Other Events and Disclosures

State ethics laws govern the ethics and disclosure requirements for financial advisors and other service providers who advise certain State governmental entities, including the PSF. The SBOE code of ethics provides ethical standards for SBOE members, the Education Commissioner, TEA staff, and persons who provide services to the SBOE relating to the Fund. The PSF Corporation developed its own ethics policy that provides basic ethical principles, guidelines, and standards of conduct relating to the management and investment of the Fund in accordance with the requirements of §43.058 of the Texas Education Code, as amended. The SBOE code of ethics is codified in the Texas Administrative Code at 19 TAC sections 33.4 et seq. and is available on the TEA web site at <https://tea.texas.gov/sites/default/files/ch033a.pdf>. The PSF Corporation's ethics policy is posted to the PSF Corporation's website at texaspsf.org.

In addition, the SLB and GLO have established processes and controls over the administration of real estate transactions and are subject to provisions of the Texas Natural Resources Code and internal procedures in administering real estate transactions for Fund assets it manages.

As of August 31, 2025, certain lawsuits were pending against the State and/or the GLO, which challenge the Fund's title to certain real property and/or past or future mineral income from that property, and other litigation arising in the normal course of the investment activities of the PSF. Reference is made to the Annual Report, when filed, for a description of such lawsuits that are pending, which may represent contingent liabilities of the Fund.

PSF Continuing Disclosure Undertaking

As of March 1, 2023, the TEA's undertaking pursuant to Rule 15c2-12 (the "TEA Undertaking") pertaining to the PSF and the Guarantee Program, is codified at 19 TAC 33.8, which relates to the Guarantee Program and is available at [available at](https://tea.texas.gov/sites/default/files/ch033a.pdf) <https://tea.texas.gov/sites/default/files/ch033a.pdf>.

Through the codification of the TEA Undertaking and its commitment to guarantee bonds, the TEA has made the following agreement for the benefit of the issuers, holders, and beneficial owners of guaranteed bonds. The TEA (or its successor with respect to the management of the Guarantee Program) is required to observe the agreement for so long as it remains an "obligated person," within the meaning of Rule 15c2-12, with respect to guaranteed bonds. Nothing in the TEA Undertaking obligates the TEA to make any filings or disclosures with respect to guaranteed bonds, as the obligations of the TEA under the TEA Undertaking pertain solely to the Guarantee Program. The issuer or an "obligated person" of the guaranteed bonds has assumed the applicable obligation under Rule 15c2-12 to make all disclosures and filings relating directly to guaranteed bonds, and the TEA takes no responsibility with respect to such undertakings. Under the TEA Undertaking, the TEA is obligated to provide annually certain updated financial information and operating data, and timely notice of specified material events, to the MSRB.

The MSRB has established the Electronic Municipal Market Access (“EMMA”) system, and the TEA is required to file its continuing disclosure information using the EMMA system. Investors may access continuing disclosure information filed with the MSRB at www.emma.msrb.org, and the continuing disclosure filings of the TEA with respect to the PSF can be found at <https://emma.msrb.org/IssueView/Details/ER355077> or by searching for “Texas Permanent School Fund Bond Guarantee Program” on EMMA.

Annual Reports

The PSF Corporation, on behalf of the TEA, and the TEA will annually provide certain updated financial information and operating data to the MSRB. The information to be updated includes all quantitative financial information and operating data with respect to the Guarantee Program and the PSF of the general type included in this offering document under the heading “THE PERMANENT SCHOOL FUND GUARANTEE PROGRAM.” The information also includes the Annual Report. The PSF Corporation will update and provide this information within six months after the end of each fiscal year.

The TEA and the PSF Corporation may provide updated information in full text or may incorporate by reference certain other publicly-available documents, as permitted by Rule 15c2-12. The updated information includes audited financial statements of, or relating to, the State or the PSF, when and if such audits are commissioned and available. In the event audits are not available by the filing deadline, unaudited financial statements will be provided by such deadline, and audited financial statements will be provided when available. Financial statements of the State will be prepared in accordance with generally accepted accounting principles as applied to state governments, as such principles may be changed from time to time, or such other accounting principles as the State Auditor is required to employ from time to time pursuant to State law or regulation. The financial statements of the Fund are required to be prepared to conform to U.S. Generally Accepted Accounting Principles as established by the Governmental Accounting Standards Board.

The Fund is composed of two primary segments: the financial assets (PSF(CORP)) managed by PSF Corporation, and the non-financial assets (PSF(SLB)) managed by the SLB. Each of these segments is reported separately und different bases of accounting.

The PSF Corporation reports as a special-purpose government engaged in business-type activities and reports to the State of Texas as a discretely presented component unit accounted for on an economic resources measurement focus and the accrual basis of accounting. Measurement focus refers to the definition of the resource flows measured. Under the accrual basis of accounting, all revenues reported are recognized in the period they are earned or when the PSF Corporation has a right to receive them. Expenses are recognized in the period they are incurred, and the subsequent amortization of any deferred outflows. Additionally, costs related to capital assets are capitalized and subsequently depreciated over the useful life of the assets. Both current and long-term assets and liabilities are presented in the statement of net position.

The SLB manages the Fund’s non-financial assets (PSF(SLB)), is classified as a governmental permanent fund and accounted for using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, amounts are recognized as revenues in the period in which they are available to finance expenditures of the current period and are measurable. Amounts are considered measurable if they can be estimated or otherwise determined. Expenditures are recognized in the period in which the related liability is incurred, if measurable.

The State’s current fiscal year end is August 31. Accordingly, the TEA and the PSF Corporation must provide updated information by the last day of February in each year, unless the State changes its fiscal year. If the State changes its fiscal year, the TEA and PSF Corporation will notify the MSRB of the change.

Event Notices

The TEA and the PSF Corporation will also provide timely notices of certain events to the MSRB. Such notices will be provided not more than ten business days after the occurrence of the event. The TEA or the PSF Corporation will provide notice of any of the following events with respect to the Guarantee Program: (1) principal and interest payment delinquencies; (2) non-payment related defaults, if such event is material within the meaning of the federal securities laws; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions, the issuance by the IRS of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB), or other material notices or determinations with respect to the tax status of the Guarantee Program, or other material events affecting the tax status of the Guarantee Program; (7) modifications to rights of holders of bonds guaranteed by the Guarantee Program, if such event is material within the meaning of the federal securities laws; (8) bond calls, if such event is material within the meaning of the federal securities laws, and tender offers; (9) defeasances; (10) release, substitution, or sale of property securing repayment of bonds guaranteed by the Guarantee Program, if such event is material within the meaning of the federal securities laws; (11) rating changes of the Guarantee Program; (12) bankruptcy, insolvency, receivership, or similar event of the Guarantee Program (which is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent, or similar officer for the Guarantee Program in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the Guarantee Program, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the Guarantee Program); (13) the consummation of a merger, consolidation, or acquisition involving the Guarantee Program or the sale of all or substantially all of its assets, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if such event is material within the meaning of the federal securities laws; (14) the appointment of a successor or additional trustee with respect to the Guarantee Program or the change of name of a trustee, if such event is material within the meaning of the federal securities laws; (15) the incurrence of a financial obligation of the Guarantee Program, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the Guarantee Program, any of which affect security holders, if material; and (16) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the Guarantee Program, any of which reflect financial difficulties. (Neither the Act nor any other law, regulation or instrument pertaining to the Guarantee Program make any provision with respect to the Guarantee Program for bond calls, debt service reserves, credit enhancement, liquidity enhancement, early redemption, or the appointment of a trustee with respect to the Guarantee Program.)

In addition, the TEA or the PSF Corporation will provide timely notice of any failure by the TEA or the PSF Corporation to provide information, data, or financial statements in accordance with its agreement described above under “Annual Reports.”

Availability of Information

The TEA and the PSF Corporation have agreed to provide the foregoing information only to the MSRB and to transmit such information electronically to the MSRB in such format and accompanied by such identifying information as prescribed by the MSRB. The information is available from the MSRB to the public without charge at www.emma.msrb.org.

Limitations and Amendments

The TEA and the PSF Corporation have agreed to update information and to provide notices of material events only as described above. The TEA and the PSF Corporation have not agreed to provide other information that may be relevant or material to a complete presentation of its financial results of operations, condition, or prospects or agreed to update any information that is provided, except as described above. The TEA and the PSF Corporation make no representation or warranty concerning such information or concerning its usefulness to a decision to invest in or sell bonds at any future date. The TEA and the PSF Corporation disclaim any contractual or tort liability for damages resulting in whole or in part from any breach of its continuing disclosure agreement or from any statement made pursuant to its agreement, although holders of Bonds may seek a writ of mandamus to compel the TEA and the PSF Corporation to comply with its agreement.

The continuing disclosure agreement is made only with respect to the PSF and the Guarantee Program. The issuer of guaranteed bonds or an obligated person with respect to guaranteed bonds may make a continuing disclosure undertaking in accordance with Rule 15c2-12 with respect to its obligations arising under Rule 15c2-12 pertaining to financial information and operating data concerning such entity and events notices relating to such guaranteed bonds. A description of such undertaking, if any, is included elsewhere in this offering document.

This continuing disclosure agreement may be amended by the TEA or the PSF Corporation from time to time to adapt to changed circumstances that arise from a change in legal requirements, a change in law, or a change in the identity, nature, status, or type of operations of the TEA or the PSF Corporation, but only if (1) the provisions, as so amended, would have permitted an underwriter to purchase or sell guaranteed bonds in the primary offering of such bonds in compliance with Rule 15c2-12, taking into account any amendments or interpretations of Rule 15c2-12 since such offering as well as such changed circumstances and (2) either (a) the holders of a majority in aggregate principal amount of the outstanding bonds guaranteed by the Guarantee Program consent to such amendment or (b) a person that is unaffiliated with the TEA or the PSF Corporation (such as nationally recognized bond counsel) determines that such amendment will not materially impair the interest of the holders and beneficial owners of the bonds guaranteed by the Guarantee Program. The TEA or the PSF Corporation may also amend or repeal the provisions of its continuing disclosure agreement if the SEC amends or repeals the applicable provision of Rule 15c2-12 or a court of final jurisdiction enters judgment that such provisions of Rule 15c2-12 are invalid, but only if and to the extent that the provisions of this sentence would not prevent an underwriter from lawfully purchasing or selling bonds guaranteed by the Guarantee Program in the primary offering of such bonds.

Compliance with Prior Undertakings

Except as stated below, during the last five years, the TEA and the PSF Corporation have not failed to substantially comply with their previous continuing disclosure agreements in accordance with Rule 15c2-12. On April 28, 2022, TEA became aware that it had not timely filed its 2021 Annual Report with EMMA due to an administrative oversight. TEA took corrective action and filed the 2021 Annual Report with EMMA on April 28, 2022, followed by a notice of late filing made with EMMA on April 29, 2022. TEA notes that the 2021 Annual Report was timely filed on the TEA website by the required filing date and that website posting has been incorporated by reference into TEA's Bond Guarantee Program disclosures that are included in school district and charter district offering documents. On March 31, 2025, the TEA and the PSF Corporation became aware that the 2022 operating data was not timely filed with EMMA due to an administrative oversight. TEA and PSF Corporation took corrective action and filed a notice of late filing with EMMA on April 4, 2025. The annual operating data was previously posted to EMMA on March 31, 2023.

SEC Exemptive Relief

On February 9, 1996, the TEA received a letter from the Chief Counsel of the SEC that pertains to the availability of the “small issuer exemption” set forth in paragraph (d)(2) of Rule 15c2-12. The letter provides that Texas school districts which offer municipal securities that are guaranteed under the Guarantee Program may undertake to comply with the provisions of paragraph (d)(2) of Rule 15c2-12 if their offerings otherwise qualify for such exemption, notwithstanding the guarantee of the school district securities under the Guarantee Program. Among other requirements established by Rule 15c2-12, a school district offering may qualify for the small issuer exemption if, upon issuance of the proposed series of securities, the school district will have no more than \$10 million of outstanding municipal securities.
