## THE NOTES

**DESCRIPTION OF CERTAIN TERMS OF THE NOTES:** The Notes will be dated August 1, 2026 (the "Dated Date") and interest on the Notes shall accrue from the Dated Date and will be payable initially on February 1, 2027, and semiannually on each August 1 and February 1 thereafter until maturity or prior redemption. The Notes will be issued as fully-registered obligations in book-entry form only and when issued will be registered in the name of Cede & Co., as nominee of The Depository Trust Company ("DTC"), New York, New York. DTC will act as securities depository (the "Securities Depository"). Book-entry interests in the Notes will be made available for purchase in the principal amount of \$5,000 or any integral multiple thereof within a stated maturity. Purchasers of the Notes ("Beneficial Owners") will not receive physical delivery of certificates representing their interest in the Notes purchased. So long as DTC or its nominee is the registered owner of the Notes, the principal of and interest on the Notes will be payable by the Paying Agent/Registrar, initially BOKF, NA, Dallas, Texas, to the Securities Depository, which will in turn remit such principal and interest to its Participants, which will in turn remit such principal and interest to the Beneficial Owners of the Notes. (See "BOOK-ENTRY-ONLY SYSTEM" in the Preliminary Official Statement.)

## MATURITY SCHEDULE

The Notes will be stated to mature on February 1 in each of the following years in the following amounts:

| <u>Stated<br/>Maturity</u> | <u>Principal<br/>Amount*</u> |
|----------------------------|------------------------------|

**ADJUSTMENT OF PRINCIPAL AMOUNT AND MATURITY SCHEDULE FOR THE NOTES:** The City reserves the right to increase or decrease the principal (maturity) amount of any maturity of the Notes, including the elimination of a maturity or maturities; provided, however, that the aggregate principal (denominational) amount of the Notes shall not exceed \$2,000,000. Notice of any such changes shall be given to the successful bidder as soon as practicable following the notification of award, as described below, and this Notice of Sale may be amended at the sole discretion of the City to reflect such increase or decrease. The City will attempt to maintain total per bond underwriter spread when adjusting maturities. No such adjustment will have the effect of altering the basis upon which the best bid is determined. The successful bidder may not withdraw its bids or change the rates bid or any initial reoffering prices as a result of any changes made to the principal (denominational) amounts.

**NO REDEMPTION:** The Notes are not subject to redemption prior to stated maturity.

**AUTHORITY FOR ISSUANCE AND SECURITY FOR PAYMENT:** The Notes are being issued pursuant to the Constitution and general laws of the State of Texas (the "State"), including particularly, Chapter 1431, Texas Government Code, as amended, an ordinance (the "Ordinance") to be adopted by the City Council on August 24, 2026, and the City's Home Rule Charter and are payable primarily from an annual ad valorem taxes levied against all taxable property therein, within the limits prescribed by law.

**PAYING AGENT/REGISTRAR:** The initial Paying Agent/Registrar for the Notes is BOKF, NA, Dallas, Texas. In the Ordinance, the City covenants to provide a Paying Agent/Registrar at all times while the Notes are outstanding, and any Paying Agent/Registrar selected by the City shall be a commercial bank, trust company, financial institution or other entity qualified and authorized to serve in such capacity and perform the duties and services of Paying Agent/Registrar. The Paying Agent/Registrar will maintain the Security Register containing the names and addresses of the registered owners of the Notes. In the Ordinance the City retains the right to replace the Paying Agent/Registrar. If the Paying Agent/Registrar is replaced by the Issuer, such Paying Agent/Registrar, promptly upon the appointment of a successor, is required to deliver the Security Register to the successor Paying Agent/Registrar.

In the event there is a change in the Paying Agent/Registrar, the City has agreed to notify each registered owner of the Notes then outstanding by United States mail, first-class postage prepaid, at the address in the Security Register, stating the effective date of the change and the mailing address of the successor Paying Agent/Registrar.

**BOOK-ENTRY-ONLY SYSTEM:** The City intends to utilize the Book-Entry-Only System of DTC, with respect to the issuance of the Notes. (See "BOOK-ENTRY-ONLY SYSTEM" in the Preliminary Official Statement.)

**PRELIMINARY OFFICIAL STATEMENT AND OTHER TERMS AND COVENANTS IN THE ORDINANCE:** Further details regarding the Notes and certain covenants of the City contained in the Ordinance are set forth in the Preliminary Official Statement to which reference is made for all purposes.

\*Preliminary, subject to change.

## CONDITIONS OF SALE

**TYPES OF BIDS AND INTEREST RATES:** The Notes will be sold in one block on an “All or None” basis, and at a price of not less than their par value, plus accrued interest on the Notes from the Dated Date of the Notes to the date of Initial Delivery (defined herein) of the Notes. **No bid producing a cash premium on the Notes that results in a dollar price of less than 104% will be considered; provided, however, that any bid is subject to adjustment as described under the caption “ADJUSTMENT OF INITIAL PRINCIPAL AMOUNTS”.** Bidders are invited to name the rate(s) of interest to be borne by the Notes, provided that each rate bid must be in a multiple of 1/8 of 1% or 1/20 of 1% and the net effective interest for the Notes (calculated in the manner required by Texas Government Code, Chapter 1204, as amended) must not exceed 15%. **The highest rate bid may not exceed the lowest rate bid by more than 200 basis points (or 2% in rate). No limitation is imposed upon bidders as to the number of rates or changes which may be used.** All Notes of one stated maturity must bear one and the same rate. No bids involving supplemental interest rates will be considered.

**BASIS OF AWARD:** The sale of the Notes will be awarded to the bidder making a bid that conforms to the specifications herein and which produces the lowest **True Interest Cost** rate to the Issuer (the “Purchaser” or the “Initial Purchaser”). The True Interest Cost rate is that rate which, when used to compute the total present value as of the Dated Date of all debt service payments on the Notes on the basis of semi-annual compounding, produces an amount equal to the sum of the par value of the Notes plus the premium any (but not interest accrued from the Dated Date to the date of their delivery). In the event of a bidder’s error in interest cost rate calculation, the interest rates, and premium, if any, set forth in the Official Bid Form will be considered as the intended bid.

In order to provide the City and its consultants with information required to be submitted to the Texas Bond Review Board pursuant to Section 1202.008, Texas Government Code, as amended, the Initial Purchaser will be required to provide the City (on or before the 10th business day prior to the delivery of the Notes) with a breakdown of its “underwriting spread” among the following categories: Takedown, Management Fee (if any), Legal Counsel Fee (if any) and Spread Expenses (if any).

**ESTABLISHING THE ISSUE PRICE FOR THE NOTES:** The City intends to rely on Treasury Regulation section 1.148-1(f)(3)(i) (defining “competitive sale” for purposes of establishing the issue price of municipal Notes), which require, among other things, that the City receives bids from at least three underwriters of municipal Notes who have established industry reputations for underwriting new issuances of municipal Notes (the “Competitive Sale Requirement”).

In the event that the bidding process does not satisfy the Competitive Sale Requirement, Bids will **not** be subject to cancellation and the winning bidder (i) agrees to promptly report to the City the first prices at which at least 10% of each maturity of the Notes (the “First Price Maturity”) have been sold to the Public on the Sale Date (the “10% Test”) (if different interest rates apply within a maturity, each separate CUSIP number within that maturity will be subject to the 10% Test) and (ii) agrees to hold-the- offering-price of each maturity of the Notes that does not satisfy the 10% Test (“Hold-the-Price Maturity”), as described below.

In order to provide the City with information that enables it to comply with the establishment of the issue price of the Notes under the Internal Revenue Code of 1986, as amended, the winning bidder agrees to complete, execute, and timely deliver to the City or to the City’s municipal advisor, SAMCO Capital Markets, Inc. (the “City’s Financial Advisor”) the appropriate certification as to the Notes’ “issue price” (the “Issue Price Certificate”) substantially in the form and to the effect attached hereto or accompanying this Notice of Sale and Bidding Instructions, at least 5 business days before the Closing Date if the Competitive Sale Requirement is satisfied or within 5 business days of the date on which the 10% Test is satisfied with respect to all of the First Price Maturities. In the event the winning bidder will not reoffer any maturity of the Notes for sale to the Public (as defined herein) by the Closing Date, the Issue Price Certificate may be modified in a manner approved by the City. It will be the responsibility of the winning bidder to institute such syndicate reporting requirements, to make such investigation, or otherwise to ascertain such facts necessary to enable it to make such certification with reasonable certainty. Any questions concerning such certification should be directed to Bond Counsel (identified in the Preliminary Official Statement).

For purposes of this section of this Notice of Sale and Bidding Instructions:

- (i) “Public” means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a Related Party,
- (ii) “Underwriter” means (A) any person that agrees pursuant to a written contract with the City (or with the lead Underwriter to form an underwriting syndicate) to participate in the initial sale of the Notes to the Public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Notes to the Public (including a member of a selling group or a party to a third-party distribution agreement participating in the initial sale of the Notes to the Public),
- (iii) “Related Party” means any two or more persons (including an individual, trust, estate, partnership, association, company, or corporation) that are subject, directly or indirectly, to (i) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (ii) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (iii) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and
- (iv) “Sale Date” means the date that the Notes are awarded by the City to the winning bidder.

All actions to be taken by the City under this Notice of Sale and Bidding Instructions to establish the issue price of the Notes may be taken on behalf of the City by the City's Financial Advisor, and any notice or report to be provided to the City may be provided to the City's Financial Advisor.

The City will consider any bid submitted pursuant to this Notice of Sale and Bidding Instructions to be a firm offer for the purchase of the Notes, as specified in the bid and, if so stated, in the Official Bid Form.

By submitting a bid, each bidder confirms that: (i) any agreement among underwriters, any selling group agreement and each third-party distribution agreement (to which the bidder is a party) relating to the initial sale of the Notes to the Public, together with the related pricing wires, contains or will contain language obligating each Underwriter, each dealer who is a member of the selling group, and each broker-dealer that is a party to such third-party distribution agreement, as applicable, (A) to report the prices at which it sells to the Public the unsold Notes of each maturity allocated to it until either all such Notes have been sold or it is notified by the winning bidder that either the 10% Test has been satisfied as to the Notes of that maturity, (B) to promptly notify the winning bidder of any sales of Notes that, to its knowledge, are made to a purchaser who is a Related Party to an Underwriter, and (C) to acknowledge that, unless otherwise advised by the underwriter, dealer or broker-dealer, the winning bidder will assume that based on such agreement each order submitted by the underwriter, dealer or broker-dealer is a sale to the Public; and (ii) any agreement among underwriters or selling group agreement relating to the initial sale of the Notes to the Public, together with the related pricing wires, contains or will contain language obligating each Underwriter that is a party to a third-party distribution agreement to be employed in connection with the initial sale of the Notes to the Public to require each underwriter or dealer that is a party to such third-party distribution agreement to report the prices at which it sells to the Public the unsold Notes of each maturity allocated to it until either all such Notes have been sold or it is notified by the winning bidder or such Underwriter that either the 10% Test has been satisfied as to the Notes of that maturity. Sales of any Notes to any person that is a Related Party to an Underwriter shall not constitute sales to the public for purposes of this Notice of Sale and Bidding Instruction.

By submitting a bid, the winning bidder agrees, on behalf of each Underwriter participating in the purchase of the Notes, that each Underwriter will neither offer nor sell any Hold-the-Price Maturity to any person at a price that is higher than the initial offering price to the Public during the period starting on the Sale Date and ending on the earlier of (1) the close of the fifth (5th) business day after the Sale Date; or (2) the date on which the Underwriters have sold at least 10% of that Hold-the-Price Maturity to the Public at a price that is no higher than the initial offering price to the Public. The winning bidder shall promptly advise the City when the Underwriters have sold 10% of a Hold-the-Price Maturity to the Public at a price that is no higher than the initial offering price to the Public, if that occurs prior to the close of the fifth (5th) business day after the Sale Date.

**GOOD FAITH DEPOSIT:** A bank cashier's check payable to the order of "City of New Braunfels, Texas" in the amount of \$40,000 which is 2% of the par value of the Notes (the "Good Faith Deposit") is required. The Good Faith Deposit of the Initial Purchaser will be retained uncashed by the Issuer until the Notes are delivered, and at that time it will be returned to the Initial Purchaser of the Notes. The above-mentioned Good Faith Deposit may accompany the bid, or it may be submitted separately; however, if submitted separately, it shall be made available to the Issuer prior to the opening of the bids and shall be accompanied by instructions from the bank on which it is drawn which will authorize its use as a Good Faith Deposit by the Initial Purchaser who shall be named in such instructions. No interest will be paid or allowed on any Good Faith Deposit. The checks accompanying all other bids will be returned immediately after the bids are opened and the award of the sale of the Notes has been made. In the event the Initial Purchaser should fail or refuse to take up and pay for the Notes in accordance with its bid, **or if it is determined after the acceptance of its bid by the City that the Initial Purchaser was found not to satisfy the requirement described below under "FURTHER STATE LAW COMPLIANCE AND STANDING LETTER REQUIREMENT" and as a result the Texas Attorney General will not deliver its approving opinion of the Notes, then said check shall be cashed and accepted by the City as full and complete liquidated damages.**

#### **ADDITIONAL CONDITION OF AWARD — DISCLOSURE OF INTERESTED PARTY FORM:**

It is the obligation of the City to receive information from Winning Bidder if bidder is not a publicly traded business entity (a "Privately Held Bidder"). Pursuant to Texas Government Code Section 2252.908 (the "Interested Party Disclosure Act"), the City may not award the Notes to a Winning Bidder which is a Privately Held Bidder unless such party submits a Certificate of Interested Parties Form 1295 (the "Disclosure Form") to the City as prescribed by the Texas Ethics Commission ("TEC"). In the event that a Privately Held Bidder's bid for the Notes is the best bid received, the City, acting through its financial advisor, will promptly notify the winning Privately Held Bidder. That notification will serve as the City's conditional verbal acceptance of the bid, and will obligate the winning Privately Held Bidder to establish (unless such winning Privately Held Bidder has previously so established) an account with the TEC, and promptly file a completed Disclosure Form, as described below, in order to allow the City to complete the award.

Process for completing the Disclosure Form. For purposes of illustration, the Disclosure Form is attached hereto, and reference should be made to such form for the following information needed to complete it: (a) item 2 - name of the governmental entity (City of New Braunfels, Texas) and (b) item 3 - the identification number assigned to this contract by the City (New Braunfels TN2026) and description of the goods or services (Purchase of the City of New Braunfels, Texas Tax Notes, Series 2026). The Interested Party Disclosure Act and the rules adopted by the TEC with respect thereto (the "Disclosure Rules") require a non-publicly traded business entity contracting with the City to complete the Disclosure Form electronically at <https://www.ethics.state.tx.us/main/file.htm>, print, sign, and deliver, in physical form, the certified Disclosure Form that is generated by the TEC's "electronic portal" to the City. The executed Disclosure Form must be sent by email to the City's financial advisor at [mmcliney@samccapital.com](mailto:mmcliney@samccapital.com) and to the City's Bond Counsel at; [jbfowler@mphlegal.com](mailto:jbfowler@mphlegal.com), as soon as possible following the notification of conditional verbal acceptance and prior to the final written award.

Preparations for completion, and the significance of, the reported information. In accordance with the Interested Party Disclosure Act, the information reported by the winning Privately Held Bidder must be declared by an authorized agent of the Privately Held Winning Bidder. No exceptions may be made to that requirement. The Interested Party Disclosure Act and the Disclosure Form provides that such acknowledgment is made “under penalty of perjury.” Consequently, a winning Privately Held Bidder should take appropriate steps prior to completion of the Disclosure Form to familiarize itself with the Interested Party Disclosure Act, the Disclosure Rules and the Disclosure Form. Time will be of the essence in submitting the form to the City, and no final award will be made by the City regarding the sale of the Notes until a completed Disclosure Form is received. If applicable, the City reserves the right to reject any bid that does not satisfy the requirement of a completed Disclosure Form, as described herein. Neither the City nor its consultants have the ability to verify the information included in a Disclosure Form, and neither party has an obligation nor undertakes responsibility for advising any bidder with respect to (1) the bidder’s obligation to submit the Disclosure Form or (2) the proper completion of the Disclosure Form. Consequently, an entity intending to bid on the Notes should consult its own advisors to the extent it deems necessary and be prepared to submit the completed form, if required, promptly upon notification from the City that its bid is the conditional winning bid. Instructional videos on logging in and creating a certificate are provided on the TEC’s website at <https://www.ethics.state.tx.us/filinginfo/1295>.

#### **VERIFICATIONS OF STATUTORY REPRESENTATIONS AND COVENANTS:**

The City will not award the Notes to a bidder unless the following representations and covenants pursuant to Chapters 2252, 2271, 2274, and 2276, Texas Government Code, as amended (the “Covered Verifications”), are included in the bid. As used in such verifications, “affiliate” means an entity that controls, is controlled by, or is under common control with the bidder within the meaning of SEC Rule 405, 17 C.F.R. § 230.405, and exists to make a profit. Liability for breach of any such Covered Verifications during the terms of the Official Bid Form shall survive until barred by the applicable statute of limitations and shall not be liquidated or otherwise limited by any provision of the Official Bid Form or this Official Notice of Sale, notwithstanding anything in the Official Bid Form or this Official Notice of Sale to the contrary.

- (i) No Boycott of Israel (Chapter 2271, Texas Government Code, as amended): A bidder must verify that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott Israel and will not boycott Israel during the term of this Agreement. As used in the foregoing verification, “boycott Israel” has the meaning provided in Section 2271.001, Texas Government Code, as amended.
- (ii) Not a Sanctioned Company (Chapter 2252, Texas Government Code, as amended): A bidder must represent that neither it nor any of its parent company, wholly- or majority-owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Texas Government Code, as amended. The foregoing representation excludes a bidder and each of its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization.
- (iii) No Discrimination Against Firearm Entities or Firearm Trade Associations (Chapter 2274, Texas Government Code, as amended): A bidder must verify that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate against a firearm entity or firearm trade association during the term of this Agreement. As used in the foregoing verification, “discriminate against a firearm entity or firearm trade association” has the meaning provided in Section 2274.001(3), Texas Government Code, as amended.
- (iv) No Boycott of Energy Companies (Chapter 2276, Texas Government Code, as amended): A bidder must verify that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott energy companies and will not boycott energy companies during the term of this Agreement. As used in the foregoing verification, “boycott energy companies” has the meaning provided in Section 2276.001(1), Texas Government Code, as amended.

#### **FURTHER STATE LAW COMPLIANCE AND STANDING LETTER REQUIREMENT:**

Each prospective bidder must have a standing letter on file with the Texas Attorney General’s Office in the form required by the All Bond Counsel Letter of the Texas Attorney General dated November 1, 2023 and any supplements thereto (collectively, the “All Bond Counsel Letter”). In submitting a bid, a bidder represents to the City that it has filed a standing letter in the form included in the All Bond Counsel Letter without qualification and including current statutory citations and it has no reason to believe that the City may not be entitled to rely on the standing letter on file with the Texas Attorney General’s Office. Bidder agrees that it will not rescind its standing letter at any time before the delivery of the Notes unless same is immediately replaced with a standing letter meeting the requirements of the All Bond Counsel Letter.

The City will not accept a bid from a bidder that does not have such standing letter on file as of the deadline for bids for the Notes. If requested by the City, the bidder agrees to provide such further representations, certifications or assurances in connection with the Covered Verifications, as of the Delivery Date or such other date requested by the City including, but not limited to, a bring down certification as provided by the All Bond Counsel Letter.

**THE CITY RESERVES THE RIGHT, IN ITS SOLE DISCRETION, TO REJECT THE BID OF ANY BIDDER FOR ANY REASON. BY SUBMITTING A BID, EACH BIDDER AGREES, SHOULD IT BE THE WINNING BIDDER, TO COOPERATE WITH THE CITY AND TAKE ANY ACTION NECESSARY TO FURTHER VERIFY AND CONFIRM COMPLIANCE WITH STATE LAW. Unless otherwise publicly available on the Municipal Advisory Council of Texas' website, the bidder shall submit a courtesy copy of its standing letter in connection with the submission of its bid.**

To the extent the bidder and each syndicate member listed on the Official Bid Form is unable to provide a Standing Letter in a form satisfactory to the Texas Office of the Attorney General, the City reserves the right to cash and accept the Good Faith Deposit (see "CONDITIONS OF THE SALE - Good Faith Deposit"). **THE LIABILITY OF THE BIDDER FOR BREACH OF ANY OF THE VERIFICATIONS MADE IN CONNECTION WITH THE COVERED VERIFICATIONS SHALL SURVIVE UNTIL BARRED BY THE STATUTE OF LIMITATIONS, AND SHALL NOT BE LIQUIDATED OR OTHERWISE LIMITED BY ANY PROVISION OF THIS OFFICIAL NOTICE OF SALE OR THE OFFICIAL BID FORM. ADDITIONALLY, THE CITY RESERVES AND RETAINS ALL RIGHTS AND REMEDIES AT LAW AND IN EQUITY FOR PURSUIT AND RECOVERY OF DAMAGES, IF ANY, RELATING TO THE COVERED VERIFICATIONS.**

**IMPACT OF BIDDING SYNDICATE ON AWARD:** For purposes of contracting for the sale of the Notes, the entity signing the bid form as Purchaser shall be solely responsible for the payment of the purchase price of the Notes. The Purchaser may serve as a syndicate manager and contract under a separate agreement with other syndicate members. However, the City is not a party to that agreement and any information provided regarding syndicate managers would be for informational purposes only.

#### **OFFICIAL STATEMENT**

To assist the Initial Purchaser in complying with Rule 15c2-12 of the Securities and Exchange Commission ("SEC"), the Issuer and the Initial Purchaser contract and agree, by the submission and acceptance of the winning bid, as follows:

**COMPLIANCE WITH RULE 15c2-12 OF THE SECURITIES AND EXCHANGE COMMISSION:** The Issuer has approved and authorized distribution of the accompanying Preliminary Official Statement for dissemination to potential purchasers of the Notes, but does not presently intend to prepare any other document or version thereof for such purpose, except as described below. Accordingly, the Issuer deems the accompanying Preliminary Official Statement to be final as of its date, within the meaning of Rule 15c2-12 of the SEC (the "Rule"), except for information relating to the offering prices, interest rates, final debt service schedule, selling compensation, identity of the Initial Purchaser and other similar information, terms and provisions to be specified in the competitive bidding process. The Initial Purchaser shall be responsible for promptly informing the Issuer of the initial offering yields of the Notes.

Thereafter, the Issuer will complete and authorize distribution of the Official Statement identifying the Initial Purchaser and containing such omitted information. The Issuer does not intend to amend or supplement the Preliminary Official Statement otherwise, except to take into account certain subsequent events, if any, as described below. By delivering the Official Statement or any amendment or supplement thereto in the requested quantity to the Initial Purchaser on or after the sale date, the Issuer intends the same to be final as of such date, within the meaning of the Rule. Notwithstanding the foregoing, the Issuer makes no representation concerning the absence of material misstatements or omissions from the Preliminary Official Statement, except only as and to the extent under "CERTIFICATION OF THE OFFICIAL STATEMENT" as described below. To the best knowledge and belief of the Issuer, the Preliminary Official Statement contains information, including financial information or operating data, concerning every entity, enterprise, fund, account, or person that is material to an evaluation of the offering of the Notes.

**CONTINUING DISCLOSURE AGREEMENT:** The City will agree in the Ordinance to provide certain periodic information and notices of material events in accordance with the Rule, as described in the Preliminary Official Statement under "CONTINUING DISCLOSURE OF INFORMATION." The Initial Purchaser's obligation to accept and pay for the Notes is conditioned upon delivery to the Initial Purchaser or its agent of a certified copy of the Ordinance containing the agreement described under such heading.

**COMPLIANCE WITH PRIOR UNDERTAKINGS:** During the last five years, the Issuer has complied in all material respects with its previous continuing disclosure agreements made pursuant to the Rule.

**OFFICIAL STATEMENT:** The Issuer will furnish to the Initial Purchaser, within seven (7) business days after the sale date, an aggregate maximum of fifty (50) copies of the Official Statement (and 50 copies of any addenda, supplement or amendment thereto), together with information regarding interest rates and other terms relating to the reoffering of the Notes, in accordance with the Rule. The Issuer agrees to provide, or cause to be provided, to the Initial Purchaser the Preliminary Official Statement and the Official Statement and any amendments or supplements thereto in such printed or electronic format may be required for the Initial Purchaser to comply with the Rule and the rules of the Municipal Securities Rulemaking Board (the "MSRB"). The Issuer consents to the distribution of such documents in electronic format. The Initial Purchaser may arrange at its own expense to have the Official Statement reproduced and printed if it requires more than 50 copies and may also arrange, at its own expense and responsibility, for completion and perfection of the first or cover page of the Official Statement so as to reflect interest rates and other terms and information related to the reoffering of the Notes. The Initial

Purchaser will be responsible for providing information concerning the Issuer and the Notes to subsequent purchasers of the Notes, and the Issuer will undertake no responsibility for providing such information other than to make the Official Statement available to the Initial Purchaser as provided herein. The Issuer's obligation to supplement the Official Statement to correct representations determined to be materially misleading, after the date of the Official Statement, shall terminate upon the earlier of (i) 90 days from the "end of the underwriting period" (as defined in the Rule) and (ii) the time when the Official Statement is available to any person from the MSRB, but in no case less than 25 days after the "end of the underwriting period" for the Notes. The Initial Purchaser by submitting a bid for the Notes agrees to promptly file the Official Statement with the MSRB. Unless otherwise notified in writing by the Initial Purchaser, the Issuer can assume that the "end of the underwriting period" for purposes of the Rule is the date of the initial delivery of the Notes to the Initial Purchaser.

**CHANGES TO OFFICIAL STATEMENT:** If, subsequent to the date of the Official Statement, the Issuer learns, through the ordinary course of business and without undertaking any investigation or examination for such purposes, or is notified by the Initial Purchaser of any adverse event which causes the Official Statement to be materially misleading, and unless the Initial Purchaser elects to terminate its obligation to purchase the Notes, as described below under "DELIVERY AND ACCOMPANYING DOCUMENTS – CONDITIONS TO DELIVERY," the Issuer will promptly prepare and supply to the Initial Purchaser an appropriate amendment or supplement to the Official Statement satisfactory to the Initial Purchaser; provided, however, that the obligation of the Issuer to do so will terminate on the date specified under "OFFICIAL STATEMENT" above.

**CERTIFICATION OF THE OFFICIAL STATEMENT:** At the time of payment for and delivery of the Initial Notes, the Initial Purchaser will be furnished a certificate, executed by proper officials of the Issuer, acting in their official capacity, in the form specified in the Official Statement under the heading "OTHER PERTINENT INFORMATION – Certification of the Official Statement." The Preliminary Official Statement and Official Notice of Sale will be approved as to form and content and the use thereof in the offering of the Notes will be authorized, ratified and approved by the City Council on the date of sale, and the Initial Purchaser will be furnished, upon request, at the time of payment for and the delivery of the Notes, a certified copy of such approval, duly executed by the proper officials of the Issuer.

#### **DELIVERY AND ACCOMPANYING DOCUMENTS**

**INITIAL DELIVERY OF INITIAL NOTE:** Initial Delivery will be accomplished by the issuance of one fully registered Note, in the aggregate principal amount of \$2,000,000\*, payable to the Initial Purchaser (the "Initial Note"), signed by the Mayor and City Secretary, by their manual or facsimile signatures, approved by the Attorney General, and registered and manually signed by the Comptroller of Public Accounts. Initial Delivery will be at the designated office of the Paying Agent/Registrar. Upon delivery of the Initial Note, it shall be immediately canceled and one definitive certificate for each maturity in the aggregate principal amount of \$2,000,000\* payable to Cede & Co. will be delivered to DTC in connection with DTC's Book-Entry-Only System. Payment for the Notes must be made in immediately available funds for unconditional credit to the City, or as otherwise directed by the City. The Initial Purchaser will be given six business days' notice of the time fixed for delivery of the Notes. It is anticipated that the delivery of the Initial Note can be made on or about September 9, 2026, but if for any reason the City is unable to make delivery by September 9, 2026, then the City shall immediately contact the Initial Purchaser and offer to allow the Initial Purchaser to extend his obligation to take up and pay for the Notes an additional 30 days. If the Initial Purchaser does not elect to extend its offer within six days thereafter, then its Good Faith Deposit will be returned, and both the City and the Initial Purchaser shall be relieved of any further obligation. In no event shall the City be liable for any damages by reason of its failure to deliver the Notes, provided that such failure is due to circumstances beyond the City's reasonable control.

**DTC DEFINITIVE NOTES:** The Notes will be issued in book-entry-only form. Cede & Co. is the nominee for DTC. All references herein and in the Official Statement to the holders or registered owners of the Notes shall mean Cede & Co. and not the beneficial owners of the Notes. Purchases of beneficial interests in the Notes will be made in book-entry form in the denomination of \$5,000 principal amounts or any integral multiple thereof. Under certain limited circumstances, there may be a cessation of the immobilization of the Notes at DTC, or another securities depository, in which case, such beneficial interests would become exchangeable for definitive printed obligations of like principal amount.

**CUSIP NUMBERS:** It is anticipated that CUSIP identification numbers will be printed on the Notes, but neither the failure to print such number on any Note nor any error with respect thereto shall constitute cause for a failure or refusal by the Initial Purchaser to accept delivery of and pay for the Notes in accordance with the terms of the Official Bid Form and this Official Notice of Sale. All expenses in relation to the printing of CUSIP numbers on the Notes shall be paid by the Issuer; however, **the CUSIP Service Bureau's charge for the assignment of the numbers shall be paid by the Initial Purchaser.**

**CONDITIONS TO DELIVERY:** The obligation to take up and pay for the Notes is subject to the following conditions: the issuance of an approving opinion of the Attorney General of Texas, the Initial Purchaser's receipt of the legal opinion of Bond Counsel and the no-litigation certificate, and the non-occurrence of the events described below under the caption "NO MATERIAL ADVERSE CHANGE," all as described below. In addition, if the Issuer fails to comply with its obligations described under "OFFICIAL STATEMENT" above, the Initial Purchaser may terminate its contract to purchase the Notes by delivering written notice to the Issuer within five (5) days thereafter.

---

\*Preliminary, subject to change.

**CONDITIONS TO DELIVERY:** The obligation to take up and pay for the Notes is subject to the following conditions: the issuance of an approving opinion of the Attorney General of Texas, the Initial Purchaser's receipt of the legal opinion of Bond Counsel and the no-litigation certificate, and the non-occurrence of the events described below under the caption "NO MATERIAL ADVERSE CHANGE," all as described below. In addition, if the Issuer fails to comply with its obligations described under "OFFICIAL STATEMENT" above, the Initial Purchaser may terminate its contract to purchase the Notes by delivering written notice to the Issuer within five (5) days thereafter.

**NO MATERIAL ADVERSE CHANGE:** The obligations of the Initial Purchaser to take up and pay for the Notes, and of the Issuer to deliver the Notes to the Initial Purchaser, are subject to the condition that, up to the time of delivery of and receipt of payment for the Notes, there shall have been no material adverse change in the affairs of the Issuer subsequent to the date of sale from that set forth in the Official Statement, as it may have been finalized, supplemented or amended through the date of delivery.

**LEGAL OPINIONS:** The Notes are offered when, as and if issued, subject to the approval of certain legal matters by the Attorney General of the State of Texas and Bond Counsel (see discussion "OTHER PERTINENT INFORMATION - Legal Opinions and No-Litigation Certificate" in the Official Statement).

**CHANGE IN TAX-EXEMPT STATUS:** At any time before the Notes are tendered for initial delivery to the Initial Purchaser, the Initial Purchaser may withdraw its bid if the interest on obligations such as the Notes shall be declared to be includable in the gross income, as defined in section 61 of the Code, of the owners thereof for federal income tax purposes, either by Treasury regulations, by ruling or administrative guidance of the Internal Revenue Service, by a decision of any federal court, or by the terms of any federal income tax legislation enacted subsequent to the date of this Official Notice of Sale.

#### GENERAL CONSIDERATIONS

**RATING:** A municipal bond rating application has been made to S&P Global Ratings ("S&P"). The outcome of the results will be made available to the Initial Purchaser as soon as possible. (See "OTHER PERTINENT INFORMATION – Rating" in the Preliminary Official Statement). An explanation of the significance of such rating, when received, may be obtained from S&P. A rating reflects only the view of such company at the time the rating is given, and the Issuer makes no representations as to the appropriateness of the rating. There is no assurance that such a rating will continue for any given period of time, or that it will not be revised downward or withdrawn entirely by the company assigning such rating if, in the judgment of such company, circumstances so warrant. Any such downward revision or withdrawal of the rating may have an adverse effect on the market price of the Notes.

**DEBT ISSUANCE:** The City anticipates issuing \$9,600,000\* Combination Tax and Revenue Certificates of Obligation, Series 2026 (the "Certificates"). The Certificates are expected to close on October 28, 2026.

**REGISTRATION AND QUALIFICATION OF NOTES FOR SALE:** No registration statement relating to the Notes has been filed with the SEC under the Securities Act of 1933, as amended, in reliance upon exemptions provided in such Act. The Notes have not been approved or disapproved by the SEC, nor has the SEC passed upon the accuracy or adequacy of the Official Statement. Any representation to the contrary is a criminal offense. The Notes have not been registered or qualified under the Securities Act of Texas in reliance upon exemptions contained therein, nor have the Notes been registered or qualified under the securities acts of any other jurisdiction. The Issuer assumes no responsibility for registration or qualification of the Notes under the securities laws of any jurisdiction in which the Notes may be sold, assigned, pledged, hypothecated or otherwise transferred. This disclaimer of responsibility for registration or qualification for sale or other disposition of the Notes shall not be construed as an interpretation of any kind with regard to the availability of any exemption from securities registration or qualification provisions.

It is the obligation of the Initial Purchaser to register or qualify sale of the Notes under the securities laws of any jurisdiction which so requires. The Issuer agrees to cooperate, at the Initial Purchaser's written request and expense and within reasonable limits, in registering or qualifying the Notes, or in obtaining an exemption from registration or qualification in any state where such action is necessary, but will in no instance execute a special or general consent to service of process in any state that the Notes are offered for sale.

**ADDITIONAL COPIES:** Subject to the limitations described under "OFFICIAL STATEMENT" herein, additional copies of this Official Notice of Sale, the Official Bid Form, and the Preliminary Official Statement may be obtained from SAMCO Capital Markets, Inc., 1020 NE Loop 410, Suite 640, San Antonio, Texas 78209, Attention: Veronica Alonzo (210-832-9760, [valonzo@samcocapital.com](mailto:valonzo@samcocapital.com)).

On the date of the sale, the City Council will, in the Ordinance awarding the sale of the Notes, approve the form and content of the Official Statement, and any addenda, supplement or amendment thereto, and authorize its further use in the reoffering of the Notes by the Initial Purchaser.

The successful bidder may not withdraw its bids or change the rates bid or any initial reoffering prices as a result of any changes made to the principal (denominational) amounts.

(See "CONDITIONS OF SALE – ESTABLISHMENT OF ISSUE PRICE" in the Official Notice of Sale.)

As used in the following verifications, "affiliate" means an entity that controls, is controlled by, or is under common control with the bidder within the meaning of SEC Rule 405, 17 C.F.R. § 230.405, and exists to make a profit. Liability for breach of any such verification during the term of this Official Bid Form shall survive until barred by the applicable statute of limitations and shall not be liquidated or otherwise limited by any provision of this Official Bid Form or Official Notice of Sale, notwithstanding anything in this Official Bid Form or Official Notice of Sale to the contrary.

- (i) No Boycott of Israel Verification (Chapter 2271, Texas Government Code, as amended). The Purchaser hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott Israel and will not boycott Israel during the term of this Agreement. As used in the foregoing verification, "boycott Israel" has the meaning provided in Section 2271.001, Texas Government Code, as amended.
- (ii) Not a Sanctioned Company (Chapter 2252, Texas Government Code, as amended). The Purchaser represents that neither it nor any of its parent company, wholly- or majority-owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Texas Government Code, as amended. The foregoing representation excludes a bidder and each of its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization.
- (iii) No Boycott of Energy Companies (Chapter 2276, Texas Government Code, as amended). The Purchaser hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott energy companies and will not boycott energy companies during the term of this Agreement. As used in the foregoing verification, "boycott energy companies" has the meaning provided in Section 2276.001(1), Texas Government Code, as amended.
- (iv) No Discrimination Against Firearm Entities or Firearm Trade Associations (Chapter 2274, Texas Government Code, as amended). The Purchaser hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate against a firearm entity or firearm trade association during the term of this Agreement. As used in the foregoing verification, "discriminate against a firearm entity or firearm trade association" has the meaning provided in Section 2274.001(3), Texas Government Code, as amended.

By submitting this bid, the Purchaser understands and agrees that if Purchaser should fail or refuse to take up and pay for the Notes in accordance with this bid, or it is determined that after the acceptance of this bid by the City that the Purchaser was found not to satisfy the requirements described in the Official Notice of Sale and Bidding Instructions under the heading "CONDITIONS OF THE SALE" and as a result the Texas Attorney General will not deliver its approving opinion of the Notes, then the check submitted herewith as the Purchaser's Good Faith Deposit shall be cashed and accepted by the City. IF THE CITY CASHES THE PURCHASER'S GOOD FAITH DEPOSIT AS DESCRIBED ABOVE, SUCH ACTION DOES NOT CONSTITUTE COMPLETE OR LIQUIDATED DAMAGES RELATED TO THE PURCHASER'S BREACH OF ANY OF THE COVERED VERIFICATIONS.

By submitting this bid, the Purchaser understands and agrees that the liability of the Purchaser for breach of any of the Covered Verifications shall survive until barred by the statute of limitations, and shall not be liquidated or otherwise limited by any provision of this Official Bid Form or the Official Notice of Sale. Additionally, the Purchaser acknowledges and agrees that the City reserves and retains all rights and remedies at law and in equity for pursuit and recovery of damages, if any, relating to the Covered Verifications.

By submitting this bid, the Purchaser understands and agrees that it must have a standing letter on file with the Texas Attorney General's Office in the form included to the All Bond Counsel Letter of the Texas Attorney General dated November 1, 2023 and any supplements thereto (collectively, the "All Bond Counsel Letter"). In submitting this bid, the Purchaser represents to the City that it has filed a standing letter in the form included in the All Bond Counsel Letter without qualification and including current

statutory citations and it has no reason to believe that the City may not be entitled to rely on the standing letter on file with the Texas Attorney General's Office. The Purchaser hereby further agrees that it will not rescind its standing letter at any time before the delivery of the Notes unless same is immediately replaced with a standing letter meeting the requirements of the All Bond Counsel Letter.

The Purchaser agrees to provide such further representations, certifications or assurances in connection with the Covered Verifications, as of the Delivery Date or such other date requested by the City including, but not limited to, a bring down certification as provided by the All Bond Counsel Letter. Unless otherwise publicly available on the Municipal Advisory Council of Texas' website, the Purchaser is submitting a courtesy copy of its standing letter in connection with the submission of its bid.

The Purchaser acknowledges that the City, in its sole discretion, has reserved the right to reject the bid of any bidder.

The Purchaser understands and agrees that to the extent the Purchaser and each syndicate member listed on this Official Bid Form is unable to provide a Standing Letter in a form satisfactory to the Texas Office of the Attorney General, the City reserves the right to cash and accept the Good Faith Deposit (see "CONDITIONS OF THE SALE - Good Faith Deposit" in the Official Notice of Sale).

NOTWITHSTANDING ANYTHING CONTAINED HEREIN, THE REPRESENTATIONS AND COVENANTS CONTAINED IN THIS OFFICIAL BID FORM SHALL SURVIVE TERMINATION OF THE AGREEMENT OF THE PURCHASER TO PURCHASE THE NOTES UNTIL THE STATUTE OF LIMITATIONS HAS RUN.

For purposes of contracting for the sale of the Notes, the entity signing the bid form as Purchaser shall be solely responsible for the payment of the purchase price of the Notes. The Purchaser may serve as a syndicate manager and contract under a separate agreement with other syndicate members. However, the City is not a party to that agreement and any information provided regarding syndicate managers would be for informational purposes only.

Upon notification of conditional verbal acceptance, the undersigned will, if required by applicable Texas law as described in the Official Notice of Sale under the heading "ADDITIONAL CONDITION OF AWARD – Disclosure of Interested Party Form", complete an electronic form of the Certificate of Interested Parties Form 1295 (the "Disclosure Form") through the Texas Ethics Commission's (the "TEC") electronic portal and the resulting certified Disclosure Form that is generated by the TEC's electronic portal will be printed, signed, and sent by email to the City's financial advisor at mmcliney@samcocapital.com and Bond Counsel at jbfowler@mphlegal.com. The undersigned understands that the failure to provide the certified Disclosure Form will prohibit the City from providing final written award of the enclosed bid.

(Sales where at least 3 bids are received from underwriters)

The undersigned, as the underwriter or the manager of the syndicate of underwriters ("Purchaser"), with respect to the purchase at competitive sale of the Tax Notes, Series 2026 issued by the City of New Braunfels, Texas ("Issuer") in the principal amount of \$\_\_\_\_\_ ("Notes"), hereby certifies and represents, based on its records and information, as follows:

(a) On the first day on which there was a binding contract in writing for the purchase of the Notes by the Purchaser, the Purchaser's reasonably expected initial offering prices of each maturity of the Notes with the same credit and payment terms (the "Expected Offering Prices") to a person (including an individual, trust, estate, partnership, association, company, or corporation) other than an underwriter are as set forth in the pricing wire or equivalent communication for the Notes, as attached to this Certificate as Schedule A. The Expected Offering Prices are the prices for the Notes used by the Purchaser in formulating its bid to purchase the Notes.

(b) The Purchaser had an equal opportunity to bid to purchase the Notes and it was not given the opportunity to review other bids that was not equally given to all other bidders (i.e., no last look).

(c) The bid submitted by the Purchaser constituted a firm bid to purchase the Notes.

(d) The Purchaser has ☐/has not ☐ purchased bond insurance for the Notes. The bond insurance has been purchased from \_\_\_\_\_ (the "Insurer") for a fee of \$\_\_\_\_\_ (net any nonguarantee cost, e.g., rating agency fees). The amount of such fee is set forth in the Insurer's commitment and does not include any payment for any direct or indirect services other than the transfer of credit risk, unless the compensation for those other services is separately stated, reasonable, and excluded from such fee. Such fee does not exceed a reasonable, arm's-length charge for the transfer of credit risk and it has been paid to a person who is not exempt from federal income taxation and who is not a user or related to the user of any proceeds of the Notes. The present value of the debt service savings expected to be realized as a result of such insurance exceeds the amount of the fee set forth above. For this purpose, present value is computed using the yield on the Notes, determined by taking into account the amount of the fee set forth above, as the discount rate. No portion of the fee payable to the Insurer is refundable upon redemption of any of the Notes in an amount which would exceed the portion of such fee that has not been earned.

For purposes of this Issue Price Certificate, the term "underwriter" means (1) (i) a person that agrees pursuant to a written contract with the Issuer (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Notes to the Public, or (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (1)(i) of this paragraph (including a member of a selling group or a party to a third-party distribution agreement participating in the initial sale of the Notes to the Public) to participate in the initial sale of the Notes to the Public, and (2) any person who has more than 50% common ownership, directly or indirectly, with a person described in clause (1) of this paragraph.

The undersigned understands that the foregoing information will be relied upon by the Issuer with respect to certain of the representations set forth in the Federal Tax Certificate and with respect to compliance with the federal income tax rules affecting the Notes, and by McCall, Parkhurst & Horton L.L.P. in connection with rendering its opinion that the interest on the Notes is excluded from gross income for federal income tax purposes, the preparation of the Internal Revenue Service Form 8038-G, and other federal income tax advice that it may give to the Issuer from time to time relating to the Notes. Notwithstanding anything set forth herein, the Purchaser is not engaged in the practice of law and makes no representation as to the legal sufficiency of the factual matters set forth herein.

The undersigned, as the underwriter or the manager of the syndicate of underwriters ("Purchaser"), with respect to the purchase at competitive sale of the Tax Notes, Series 2026 issued by the City of New Braunfels, Texas ("Issuer") in the principal amount of \$\_\_\_\_\_ ("Notes"), hereby certifies and represents, based on its records and information, as follows:

(a) Other than the Notes maturing in \_\_\_\_\_ ("Hold-the-Price Maturities"), if any, the first prices at which at least ten percent ("Substantial Amount") of the principal amount of each maturity of the Notes having the same credit and payment terms ("Maturity") was sold on the Sale Date to a person (including an individual, trust, estate, partnership, association, company, or corporation) other than an underwriter ("Public") are their respective initial offering prices (the "Initial Offering Prices"), as listed in the pricing wire or equivalent communication for the Notes that is attached to this Certificate as Schedule A.

(b) On or before the first day on which there is a binding contract in writing for the sale of the Notes ("Sale Date"), the Purchaser offered to the Public each Hold-the-Price Maturity at their respective Initial Offering Prices, as set forth in Schedule A hereto.

(c) As set forth in the Notice of Sale, the Purchaser agreed in writing to neither offer nor sell any of the Hold-the-Price Maturities to any person at any higher price than the Initial Offering Price for such Maturity until the earlier of the close of the fifth business day after the Sale Date or the date on which the Purchaser sells a Substantial Amount of a Maturity of the Notes to the Public at no higher price than the Initial Offering Price for such Maturity.

(d) The Purchaser has [ ]/has not [ ] purchased bond insurance for the Notes. The bond insurance has been purchased from \_\_\_\_\_ (the "Insurer") for a fee of \$\_\_\_\_\_ (net any nonguarantee cost, e.g., rating agency fees). The amount of such fee is set forth in the Insurer's commitment and does not include any payment for any direct or indirect services other than the transfer of credit risk, unless the compensation for those other services is separately stated, reasonable, and excluded from such fee. Such fee does not exceed a reasonable, arm's-length charge for the transfer of credit risk and it has been paid to a person who is not exempt from federal income taxation and who is not a user or related to the user of any proceeds of the Notes. The present value of the debt service savings expected to be realized as a result of such insurance exceeds the amount of the fee set forth above. For this purpose, present value is computed using the yield on the Notes, determined by taking into account the amount of the fee set forth above, as the discount rate. No portion of the fee payable to the Insurer is refundable upon redemption of any of the Notes in an amount which would exceed the portion of such fee that has not been earned.

For purposes of this Issue Price Certificate, the term "underwriter" means (1) (i) a person that agrees pursuant to a written contract with the Issuer (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Notes to the Public, or (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (1)(i) of this paragraph (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Notes to the Public) to participate in the initial sale of the Notes to the Public, and (2) any person who has more than 50% common ownership, directly or indirectly, with a person described in clause (1) of this paragraph.

The undersigned understands that the foregoing information will be relied upon by the Issuer with respect to certain of the representations set forth in the Federal Tax Certificate and with respect to compliance with the federal income tax rules affecting the Notes, and by McCall, Parkhurst & Horton L.L.P. in connection with rendering its opinion that the interest on the Notes is excluded from gross income for federal income tax purposes, the preparation of the Internal Revenue Service Form 8038-G, and other federal income tax advice that it may give to the Issuer from time to time relating to the Notes. Notwithstanding anything set forth herein, the Purchaser is not engaged in the practice of law and makes no representation as to the legal sufficiency of the factual matters set forth herein.

**THE NOTES**

**Purpose of Notes**

Proceeds from the sale of the Notes will be used for the purpose of paying contractual obligations of the City to be incurred for (i) acquisition and installation of vehicles and equipment for (1) the City's Public Works and Planning and Development Services and Parks and Recreation departments and (2) public safety, including the police and fire departments, and (ii) paying the professional services associated with the issuance of the Notes.

**General Description of the Notes**

The Notes will be dated August 1, 2026 (the "Dated Date"). The Notes are stated to mature on February 1 in the years and in the principal amounts and will bear interest at per annum rates as set forth on page 2 hereof. The Notes will be issued only in fully registered form and in denominations of \$5,000 or any integral multiple thereof within a stated maturity. The Notes shall bear interest from the Dated Date on the unpaid principal amounts, and the amount of interest to be paid each payment period shall be computed on the basis of a 360-day year of twelve 30-day months. Interest on the Notes will be payable on August 1 and February 1 of each year commencing February 1, 2027 until stated maturity or prior redemption. Principal is payable at the designated office of the Paying Agent/Registrar, initially BOKF, NA, Dallas, Texas.

Initially, the Notes will be registered and delivered only to Cede & Co., the nominee of The Depository Trust Company ("DTC") pursuant to the Book-Entry-Only System described below. No physical delivery of the Notes will be made to the Beneficial Owners. Principal of, premium, if any, and interest on the Notes will be payable by the Paying Agent/Registrar to Cede & Co. which will distribute the amounts received to the Beneficial Owners of the Notes. Such Book-Entry-Only System may change the method and timing of payment for the Notes and the method of transfer. (See "BOOK-ENTRY-ONLY SYSTEM" herein.)

#### **Authority for Issuance**

The Notes are being issued pursuant to the Constitution and general laws of the State, particularly Chapters 1431, Texas Government Code, as amended, the Ordinance, and the City's Home Rule Charter.

#### **Security for Payment**

The Notes are payable from the levy and collection of a direct and continuing ad valorem tax levied on all taxable property within the City, within the limits prescribed by law, as provided in the Ordinance.

#### **No Redemption**

The Notes are not subject to redemption prior to stated maturity.

#### **Payment Record**

The City has never defaulted on the payment of its ad valorem tax backed indebtedness.

#### **Legality**

The Notes are offered when, as and if issued, subject to the approvals of legality by the Attorney General of the State of Texas and McCall, Parkhurst & Horton L.L.P., Austin, Texas, Bond Counsel. A form of the legal opinion of Bond Counsel appears in Appendix C attached hereto.

#### **Defeasance**

The Ordinance provides for the defeasance of the Notes when the payment of the principal of and premium, if any, on the Notes, plus interest thereon to the due date thereof (whether such due date be by reason of maturity or otherwise) is provided by irrevocably depositing with the Paying Agent/Registrar or authorized escrow agent, in trust (1) money sufficient to make such payment and/or (2) Defeasance Securities (defined below) that mature as to principal and interest in such amounts and at such times to insure the availability, without reinvestment, of sufficient money to make such payment, and all necessary and proper fees, compensation and expenses of the paying agent for the Notes, and thereafter the City will have no further responsibility with respect to amounts available to such paying agent (or other financial institution permitted by applicable law) for the payment of such defeased Notes, including any insufficiency therein caused by the failure of such paying agent (or other financial institution permitted by applicable law) to receive payment when due on the Defeasance Securities. The City has additionally reserved the right, subject to satisfying the requirements of (1) and (2) above, to substitute other Defeasance Securities originally deposited, to reinvest the uninvested moneys on deposit for such defeasance and to withdraw for the benefit of the City moneys in excess of the amount required for such defeasance. The Ordinance provides that "Defeasance Securities" means any securities and obligations now or hereafter authorized by State law that are eligible to discharge obligations such as the Notes. Current State law permits defeasance with the following types of securities: (a) direct, noncallable obligations of the United States of America, including obligations that are unconditionally guaranteed by the United States of America, (b) noncallable obligations of an agency or instrumentality of the United States of America, including obligations that are unconditionally guaranteed or insured by the agency or instrumentality and that, on the date the City authorizes the defeasance of the Notes, are rated as to investment quality by a nationally recognized investment rating firm not less than "AAA" or its equivalent, (c) noncallable obligations of a state or an agency or a county, municipality, or other political subdivision of a state that, on the date the City authorizes the defeasance of the Notes, have been refunded and are rated as to investment quality by a nationally recognized investment rating firm not less than "AAA" or its equivalent, and (d) any obligations hereafter authorized by law to be eligible to effect the defeasance of the Notes. There is no assurance that the current law will not be changed in a manner which would permit investments other than those described above to be made with amounts deposited to defease the Notes. Because the Ordinance does not contractually limit such investments, registered owners will be deemed to have consented to defeasance with such other investments, notwithstanding the fact that such investments may not be of the same investment quality as those currently permitted under State law. There is no assurance that the ratings for U.S. Treasury securities used for defeasance purposes or that for any other Defeasance Security will be maintained at any particular rating category.

Upon such deposit as described above, such Notes shall no longer be regarded to be outstanding or unpaid. After firm banking and financial arrangements for the discharge and final payment or redemption of Notes have been made as described above, all rights of the City to initiate proceedings to call such Notes for redemption or take any other action amending the terms of such Notes are extinguished;

provided, however, that the right to call such Notes for redemption is not extinguished if the City: (i) in the proceedings providing for the firm banking and financial arrangements, expressly reserves the right to call such Notes for redemption; (ii) gives notice of the reservation of that right to the owners of such Notes immediately following the making of the firm banking and financial arrangements; and (iii) directs that notice of the reservation be included in any redemption notices that it authorizes.

#### **Default and Remedies**

The Ordinance establishes specific events of default with respect to the Notes. If the City defaults in the payment of the principal of or interest on the Notes when due, or the City defaults in the observance or performance of any of the covenants, conditions, or obligations of the City, the failure to perform which materially, adversely affects the rights of the owners, including but not limited to, their prospect or ability to be repaid in accordance with the Ordinance, and the continuation thereof for a period of 60 days after notice of such default is given by any owner to the City, the Ordinance provides that any registered owner is entitled to seek a writ of mandamus from a court of proper jurisdiction requiring the City to make such payment or observe and perform such covenants, obligations, or conditions.

The issuance of a writ of mandamus may be sought if there is no other available remedy at law to compel performance of the Notes or the Ordinance and the City's obligations are not uncertain or disputed. The remedy of mandamus is controlled by equitable principles, so rests with the discretion of the court, but may not be arbitrarily refused. There is no acceleration of maturity of the Notes in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year.

The Ordinance does not provide for the appointment of a trustee to represent the interest of the Noteholders upon any failure of the City to perform in accordance with the terms of the Ordinance, or upon any other condition and accordingly all legal actions to enforce such remedies would have to be undertaken at the initiative of, and be financed by, the registered owners.

On June 30, 2006, the Texas Supreme Court ruled in *Tooke v. City of Mexia*, 49 Tex. Sup. Ct. J. 819 (Tex. 2006) ("Tooke"), that a waiver of governmental immunity in a contractual dispute must be provided for by statute in "clear and unambiguous" language. Because it is unclear whether the Texas legislature has effectively waived the City's governmental immunity from a suit for money damages, Noteholders may not be able to bring such a suit against the City for breach of the Notes or covenants in the Ordinance. Even if a judgment against the City could be obtained, it could not be enforced by direct levy and execution against the City's property. Further, the registered owners cannot themselves foreclose on property within the City or sell property within the City to enforce the tax lien on taxable property to pay the principal of and interest on the Notes.

On April 1, 2016, the Texas Supreme Court ruled in *Wasson Interests, Ltd. v. City of Jacksonville*, 59 Tex. Sup. Ct. J. 524 (Tex. 2016) that governmental immunity does not imbue a city with derivative immunity when it performs proprietary, as opposed to governmental, functions in respect to contracts executed by a city. Texas jurisprudence has generally held that proprietary functions are those conducted by a city in its private capacity, for the benefit only of those within its corporate limits, and not as an arm of the government or under the authority or for the benefit of the state. In its decision, the Court held that since the Local Government Immunity Waiver Act waives governmental immunity in certain breach of contract claims without addressing whether the waiver applies to a governmental function or a proprietary function of a city, the Court could not reasonably read the Local Government Immunity Waiver Act to evidence legislative intent to waive immunity when a city performs a proprietary function.

As noted above, the Ordinance provides that Noteholders may exercise the remedy of mandamus to enforce the obligations of the City under the Ordinance. Neither the remedy of mandamus nor any other type of injunctive relief was at issue in *Tooke*, and it is unclear whether *Tooke* will be construed to have any effect with respect to the exercise of mandamus, as such remedy has been interpreted by Texas courts. In general, Texas courts have held that a writ of mandamus may be issued to require public officials to perform ministerial acts that clearly pertain to their duties. Texas courts have held that a ministerial act is defined as a legal duty that is prescribed and defined with a precision and certainty that leaves nothing to the exercise of discretion or judgment, though mandamus is not available to enforce purely contractual duties. However, mandamus may be used to require a public officer to perform legally imposed ministerial duties necessary for the performance of a valid contract to which the State or a political subdivision of the State is a party (including the payment of monies due under a contract).

Furthermore, the City is eligible to seek relief from its creditors under Chapter 9 of the U.S. Bankruptcy Code ("Chapter 9"). Although Chapter 9 provides for the recognition of a security interest represented by a specifically pledged source of revenues, the pledge of ad valorem taxes in support of a general obligation of a bankrupt entity is not specifically recognized as a security interest under Chapter 9. Chapter 9 also includes an automatic stay provision that would prohibit, without Bankruptcy Court approval, the prosecution of any other legal action by creditors or Noteholders of an entity which has sought protection under Chapter 9. Therefore, should the City avail itself of Chapter 9 protection from creditors, the ability to enforce would be subject to the approval of the Bankruptcy Court (which could require that the action be heard in Bankruptcy Court instead of other federal or state court); and the Bankruptcy Code provides for broad discretionary powers of a Bankruptcy Court in administering any proceeding brought before it. The opinion of Bond Counsel will note that all opinions relative to the enforceability of the Notes are qualified with respect to the customary rights of debtors relative to their creditors.

Initially, the only registered owner of the Notes will be Cede & Co., as nominee of DTC. See "BOOK-ENTRY-ONLY SYSTEM" herein for a description of the duties of DTC with regard to ownership of the Notes.

## **REGISTRATION, TRANSFER AND EXCHANGE**

### **Paying Agent/Registrar**

The initial Paying Agent/Registrar for the Notes is BOKF, NA, Dallas, Texas. In the Ordinance, the Issuer retains the right to replace the Paying Agent/Registrar. If the Paying Agent/Registrar is replaced by the Issuer, the new Paying Agent/Registrar shall accept the previous Paying Agent/Registrar's records and act in the same capacity as the previous Paying Agent/Registrar. Any successor Paying Agent/Registrar, selected at the sole discretion of the Issuer, shall be a bank, trust company, financial institution or other entity qualified and authorized to serve in such capacity and perform the duties and services of Paying Agent/Registrar. Upon a change in the Paying Agent/Registrar for the Notes, the Issuer agrees to promptly cause written notice thereof to be sent to each registered owner of the Notes by United States mail, first-class, postage prepaid.

The Notes will be issued in fully registered form in multiples of \$5,000 for any one stated maturity, and principal and semiannual interest will be paid by the Paying Agent/Registrar. Interest will be paid by check or draft mailed on each interest payment date by the Paying Agent/Registrar to the registered owner at the last known address as it appears on the Paying Agent/Registrar's books or by such other method, acceptable to the Paying Agent/Registrar, requested by and at the risk and expense of the registered owner. Principal will be paid to the registered owner at stated maturity or prior redemption upon presentation to the Paying Agent/Registrar; provided however, that so long as DTC's Book-Entry-Only System is used, all payments will be made as described under "BOOK-ENTRY-ONLY SYSTEM" herein. If the date for the payment of the principal or interest on the Notes shall be a Saturday, Sunday, a legal holiday or a day when banking institutions in the city where the Paying Agent/Registrar is located are authorized to close, then the date for such payment shall be the next succeeding day which is not such a day, and payment on such date shall have the same force and effect as if made on the date payment was due.

### **Record Date**

The record date ("Record Date") for interest payable to the registered owner of a Note on any Interest Payment Date means the fifteenth (15th) day of the month next preceding such Interest Payment Date.

In the event of a non-payment of interest on an Interest Payment Date, and for 30 days thereafter, a new record date for such interest payment (a "Special Record Date") will be established by the Paying Agent/Registrar, if and when funds for the payment of such interest have been received from the Issuer. Notice of the Special Record Date and of the scheduled payment date of the past due interest (the "Special Payment Date", which shall be 15 days after the Special Record Date) shall be sent at least five business days prior to the Special Record Date by United States mail, first class postage prepaid, to the address of each registered owner appearing on the registration books of the Paying Agent/Registrar at the close of business on the last business day next preceding the date of mailing of such notice.

### **Future Registration**

The Notes are initially to be issued utilizing the Book-Entry-Only System of DTC. In the event such Book-Entry-Only System should be discontinued, printed certificates will be issued to the owners of the Notes and thereafter, the Notes may be transferred, registered, and assigned on the registration books of the Paying Agent/Registrar only upon presentation and surrender of such printed certificates to the Paying Agent/Registrar, and such registration and transfer shall be without expense or service charge to the registered owner, except for any tax or other governmental charges required to be paid with respect to such registration and transfer. A Note may be assigned by the execution of an assignment form on the Note or by other instrument of transfer and assignment acceptable to the Paying Agent/Registrar. A new Note or Notes will be delivered by the Paying Agent/Registrar in lieu of the Notes being transferred or exchanged at the designated office of the Paying Agent/Registrar, or sent by United States registered mail to the new registered owner at the registered owner's request, risk and expense. New Notes issued in an exchange or transfer of Notes will be delivered to the registered owner or assignee of the registered owner in not more than three (3) business days after the receipt of the Notes to be canceled in the exchange or transfer and the written instrument of transfer or request for exchange duly executed by the registered owner or his duly authorized agent, in form satisfactory to the Paying Agent/Registrar. New Notes registered and delivered in an exchange or transfer shall be in denominations of \$5,000 for any one stated maturity or any integral multiple thereof and for a like aggregate principal amount and rate of interest as the Note or Notes surrendered for exchange or transfer. (See "BOOK-ENTRY-ONLY SYSTEM" herein for a description of the system to be initially utilized in regard to ownership and transferability of the Notes.)

### **Limitation on Transfer or Exchange of Notes**

The Paying Agent/Registrar shall not be required to transfer or exchange any Notes or any portion thereof during the period commencing with the close of business on any Record Date and ending with the opening of business on the next following principal or interest payment date.

## Replacement Notes

In the Ordinance, provision is made for the replacement of mutilated, destroyed, lost, or stolen Notes upon surrender of the mutilated Notes to the Paying Agent/Registrar, or the receipt of satisfactory evidence of destruction, loss, or theft, and the receipt by the Issuer and the Paying Agent/Registrar of security or indemnity as may be required by either of them to hold them harmless. The Issuer may require payment of taxes, governmental charges, and other expenses in connection with any such replacement.

## BOOK-ENTRY-ONLY SYSTEM

The following describes how ownership of the Notes is to be transferred and how the principal of, premium, if any, and interest on the Notes are to be paid to and credited by DTC (defined below) while the Notes are registered in its nominee name. The information in this section concerning DTC and the Book-Entry-Only System has been provided by DTC for use in disclosure documents such as this Official Statement. The City and the Financial Advisor believe the source of such information to be reliable but take no responsibility for the accuracy or completeness thereof.

The City cannot and does not give any assurance that (1) DTC will distribute payments of debt service on the Notes, or redemption, or other notices, to DTC Participants, (2) DTC Participants or others will distribute debt service payments paid to DTC or its nominee (as the registered owner of the Notes), or redemption, or other notices, to the Beneficial Owners, or that they will do so on a timely basis, or (3) DTC will serve and act in the manner described in this Official Statement. The current rules applicable to DTC are on file with the United States Securities and Exchange Commission, and the current procedures of DTC to be followed in dealing with DTC Participants are on file with DTC.

The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the securities (the "Securities"). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Security certificate will be issued for the Securities, in the aggregate principal amount of such issue, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com).

Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC's records. The ownership interest of each actual purchaser of each Security ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Securities, except in the event that use of the book-entry system for the Securities is discontinued.

To facilitate subsequent transfers, all Securities deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC's records reflect only the identity of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Securities may wish to take certain steps to augment

the transmission to them of notices of significant events with respect to the Securities, such as redemptions, tenders, defaults, and proposed amendments to the Security documents. For example, Beneficial Owners of Securities may wish to ascertain that the nominee holding the Securities for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Paying Agent/Registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Securities unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the City as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the City or Paying Agent/Registrar, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, Paying Agent/Registrar, or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the City or Paying Agent/Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

A Beneficial Owner shall give notice to elect to have its Securities purchased or tendered, through its Participant, to Paying Agent/Registrar, and shall effect delivery of such Securities by causing the Direct Participant to transfer the Participant's interest in the Securities, on DTC's records, to Paying Agent/Registrar. The requirement for physical delivery of Securities in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Securities are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Securities to Paying Agent/Registrar's DTC account.

DTC may discontinue providing its services as depository with respect to the Securities at any time by giving reasonable notice to the City or Paying Agent/Registrar. Under such circumstances, in the event that a successor depository is not obtained, Security certificates are required to be printed and delivered.

The City may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Security certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the City believes to be reliable, but the City and the Purchaser take no responsibility for the accuracy thereof.

#### **Use of Certain Terms in Other Sections of This Official Statement**

In reading this Official Statement it should be understood that while the Notes are in the Book-Entry-Only System, references in other sections of this Official Statement to registered owners should be read to include the person for which the Participant acquires an interest in the Notes, but (i) all rights of ownership must be exercised through DTC and the Book-Entry-Only System, and (ii) except as described above, notices that are to be given to registered owners under the Ordinance will be given only to DTC.

#### **Effect of Termination of Book-Entry-Only System**

In the event that the Book-Entry-Only System is discontinued by DTC or the use of the Book-Entry-Only System is discontinued by the City, printed physical Bond certificates will be issued to the respective holders and the Notes will be subject to transfer, exchange and registration provisions as set forth in the Ordinance and summarized under the caption "REGISTRATION, TRANSFER AND EXCHANGE" above.

### **INVESTMENT AUTHORITY AND INVESTMENT PRACTICES OF THE ISSUER**

The Issuer invests its investable funds in investments authorized by Texas law in accordance with investment policies approved by the City Council of the Issuer. Both State law and the Issuer's investment policies are subject to change.

federal agency or instrumentality of the United States, the underlying security for which is guaranteed by an agency or instrumentality of the United States; (4) other obligations, the principal and interest of which is guaranteed or insured by or backed by the full faith and credit of, the State of Texas or the United States or their respective agencies and instrumentalities, including obligations that are fully guaranteed or insured by the Federal Deposit Insurance Corporation or by the explicit full faith and credit of the United States; (5) obligations of states, agencies, counties, cities, and other political subdivisions of any state rated as to investment quality by a nationally recognized investment rating firm not less than A or its equivalent; (6) bonds issued, assumed or guaranteed by the State of Israel; (7) interest-bearing banking deposits that are guaranteed or insured by the Federal Deposit Insurance Corporation or the National Credit Union Share Insurance Fund or their respective successors; (8) certificates of deposit (i) meeting the requirements of the Texas Public Funds Investment Act (Chapter 2256, Texas Government Code) that are issued by or through an institution that either has its main office or a branch in Texas, and are guaranteed or insured by the Federal Deposit Insurance Corporation or the National Credit Union Share Insurance Fund, or are secured as to principal by obligations described in clauses (1) through (7) or in any other manner and amount provided by law for City deposits or, (ii) where (a) the funds are invested by the City through (I) a broker that has its main office or a branch office in the State of Texas and is selected from a list adopted by the City as required by law or (II) a depository institution that has its main office or a branch office in the State of Texas that is selected by the City; (iii) the broker or the depository institution selected by the City arranges for the deposit of the funds in certificates of deposit in one or more federally insured depository institutions, wherever located, for the account of the City; (iv) the full amount of the principal and accrued interest of each of the certificates of deposit is insured by the United States or an instrumentality of the United States, and (v) the City appoints the depository institution selected under (ii) above, an entity as described by Section 2257.041(d) of the Texas Government Code, or a clearing broker-dealer registered with the Securities and Exchange Commission and operating pursuant to Securities and Exchange Commission Rule 15c3-3 (17 C.F.R. Section 240.15c3-3) as custodian for the City with respect to the certificates of deposit issued for the account of the City; (9) fully collateralized repurchase agreements that have a defined termination date, are secured by a combination of cash and obligations described in clause (1) require the securities being purchased by the City or cash held by the City to be pledged to the City, held in the City's name, and deposited at the time the investment is made with the City or with a third party selected and approved by the City, and are placed through a primary government securities dealer, as defined by the Federal Reserve, or a financial institution doing business in the State; (10) securities lending programs if (i) the securities loaned under the program are 100% collateralized, a loan made under the program allows for termination at any time and a loan made under the program is either secured by (a) obligations that are described in clauses (1) through (7) above, (b) irrevocable letters of credit issued by a state or national bank that is continuously rated by a nationally recognized investment rating firm at not less than "A" or its equivalent or (c) cash invested in obligations described in clauses (1) through (7) above, clauses (12) through (14) below, or an authorized investment pool; (ii) securities held as collateral under a loan are pledged to the City, held in the City's name and deposited at the time the investment is made with the City or a third party designated by the City; (iii) a loan made under the program is placed through either a primary government securities dealer or a financial institution doing business in the State of Texas; and (iv) the agreement to lend securities has a term of one year or less; (11) certain bankers' acceptances with the remaining term of 270 days or less, if the short-term obligations of the accepting bank or its parent are rated at least "A-1" or "P-1" or the equivalent by at least one nationally recognized credit rating agency; (12) commercial paper with a stated maturity of 365 days or less that is rated at least "A-1" or "P-1" or the equivalent by either (a) two nationally recognized credit rating agencies or (b) one nationally recognized credit rating agency if the paper is fully secured by an irrevocable letter of credit issued by a U.S. or state bank; (13) no-load money market funds registered with and regulated by the SEC that provide the City with a prospectus and other information required by SEC Rule 2a-7; and (14) no-load mutual funds registered with the SEC that have an average weighted maturity of less than two years and either (i) have a duration of one year or more and are invested exclusively in obligations described in this paragraph or (ii) have a duration of less than one year and an investment portfolio limited to investment grade securities, excluding asset-backed securities. In addition, Note proceeds may be invested in guaranteed investment contracts that have a defined termination date and are secured by obligations, including letters of credit, of the United States or its agencies and instrumentalities in an amount at least equal to the amount of bond proceeds invested under such contract, other than the prohibited obligations described in the next succeeding paragraph.

The City may invest in such obligations directly or through government investment pools that invest solely in such obligations provided that the pools are rated no lower than "AAA" or "AAAm" or an equivalent by at least one nationally recognized rating service. The City may also contract with an investment management firm registered under the Investment Advisers Act of 1940 (15 U.S.C. Section 80b-1 et seq.) or with the State Securities Board to provide for the investment and management of its public funds or other funds under its control for a term up to two years, but the City retains ultimate responsibility as fiduciary of its assets. In order to renew or extend such a contract, the City must do so by order, ordinance, or resolution.

The City is specifically prohibited from investing in: (1) obligations whose payment represents the coupon payments on the outstanding principal balance of the underlying mortgage-backed security collateral and pays no principal; (2) obligations whose payment represents the principal stream of cash flow from the underlying mortgage-backed security and bears no interest; (3) collateralized mortgage obligations that have a stated final maturity of greater than 10 years; and (4) collateralized mortgage obligations the interest rate of which is determined by an index that adjusts opposite to the changes in a market index.

### **Investment Policies**

Under Texas law, the Issuer is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity; that address investment diversification, yield, maturity, and the quality and capability of investment management; and that includes a list of authorized investments for Issuer funds, maximum allowable stated maturity of any individual investment, the maximum average dollar-weighted maturity allowed for pooled fund groups, and the methods to monitor the market price of investments acquired with public funds and the

requirement for settlement of all transactions, except investment pool funds and mutual funds, on a delivery versus payment basis and procedures to monitor rating changes in investments acquired with public funds and the liquidation of such investments. All Issuer funds must be invested consistent with a formally adopted "Investment Strategy Statement" that specifically addresses each funds' investment. Each Investment Strategy Statement will describe its objectives concerning (1) suitability of investment type, (2) preservation and safety of principal, (3) liquidity, (4) marketability of each investment, (5) diversification of the portfolio, and (6) yield.

Under Texas law, Issuer investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." At least quarterly the investment officers of the Issuer shall submit an investment report detailing: (1) the investment position of the Issuer, (2) that all investment officers jointly prepared and signed the report, (3) the beginning market value, any additions and changes to market value and the ending value of each pooled fund group, (4) the book value and market value of each separately listed asset at the beginning and end of the reporting period, (5) the maturity date of each separately invested asset, (6) the account or fund or pooled fund group for which each individual investment was acquired, and (7) the compliance of the investment portfolio as it relates to: (a) adopted investment strategy statements and (b) State law. No person may invest Issuer funds without express written authority from the City Council.

#### Additional Provisions

Under Texas law, the Issuer is additionally required to: (1) annually review its adopted policies and strategies, (2) adopt an ordinance or resolution stating that it has reviewed its investment policy and investment strategies and records any changes made to either its investment policy or investment strategy in the said ordinance or resolution, (3) require any investment officers with personal business relationships or relatives with firms seeking to sell securities to the entity to disclose the relationship and file a statement with the Texas Ethics Commission and the City Council; (4) require the qualified representative of firms offering to engage in an investment transaction with the Issuer to: (a) receive and review the Issuer's investment policy, (b) acknowledge that reasonable controls and procedures have been implemented to preclude investment transactions conducted between the Issuer and the business organization that are not authorized by the Issuer's investment policy (except to the extent that this authorization is dependent on an analysis of the makeup of the Issuer's entire portfolio or requires an interpretation of subjective investment standards), and (c) deliver a written statement in a form acceptable to the Issuer and the business organization attesting to these requirements; (5) perform an annual audit of the management controls on investments and adherence to the Issuer's investment policy; (6) provide specific investment training for the Treasurer, Chief Financial Officer, or other investment officers; (7) restrict reverse repurchase agreements to not more than 90 days and restrict the investment of reverse repurchase agreement funds to no greater than the term of the reverse repurchase agreement; (8) restrict the investment in mutual funds in the aggregate to no more than 80% of the Issuer's monthly average fund balance, excluding Certificate proceeds and reserves and other funds held for debt service and further restrict the investment in non-money market mutual funds of any portion of bond proceeds, reserves and funds held for debt service and to no more than 15% of the Issuer's monthly average fund balance, excluding bond proceeds and reserves and other funds held for debt service and further restrict the investment in no-load money market mutual funds of any portion of bond proceeds reserves and funds held for debt service to no more than 15% of the entity's monthly average fund balance, excluding bond proceeds and reserves and other funds held for debt service; (9) require local government investment pools to confirm to the new disclosure, rating, net asset value, yield calculation, and advisory board requirements, and (10) at least annually review, revise, and adopt a list of qualified brokers that are authorized to engage in investment transactions with the Issuer.

No funds of the Issuer are invested in derivative securities, *i.e.*, securities whose rate of return is determined by reference to some other instrument, index, or commodity.

## AD VALOREM TAX PROCEDURES

*The following is a summary of certain provisions of State law as it relates to ad valorem taxation and is not intended to be complete. Reference is made to Title I of the Texas Tax Code, as amended (the "Property Tax Code"), for identification of property subject to ad valorem taxation, property exempt or which may be exempted from ad valorem taxation if claimed, the appraisal of property for ad valorem tax purposes, and the procedures and limitations applicable to the levy and collection of ad valorem taxes.*

**2025 LEGISLATIVE SESSION . . .** The regular session of the 89th Texas Legislature convened on January 14, 2025 and concluded on June 2, 2025 (the "89th Regular Session "). The Texas Legislature (the "Legislature ") meets in regular session in odd numbered years for 140 days. When the Legislature is not in session, the Governor may call one or more special sessions, at the Governor's discretion, each lasting no more than 30 days, and for which the Governor sets the agenda. The Governor has called and the Legislature has concluded two special sessions since the conclusion of the 89th Regular Session.

During the 89th Regular Session, the Legislature adopted a general appropriations act and legislation affecting ad valorem taxation procedures and the procedures of issuing debt affecting cities among other legislation affecting cities. Adopted legislation affecting ad valorem taxation procedures includes legislation that (i) changes the procedure for the adoption of and imposes limits on the amount of an M&O tax increase that may be adopted in response to declared disasters, (ii) makes technical modifications to the tax rate setting process, and (iii) makes intangible personal property exempt from ad valorem taxation. The City is reviewing the impact of the legislation approved during the 89th Regular Session and the two called special sessions and cannot make any representations regarding the likelihood of future legislative sessions or the full impact of the legislation approved during the 89th Regular Session or the two called special sessions at this time.

### Valuation of Taxable Property

The Property Tax Code provides for countywide appraisal and equalization of taxable property values and establishes in each county of the State an appraisal district and an appraisal review board ("Appraisal Review Board") responsible for appraising property for all taxing units within the county. The appraisal of property within the City is the responsibility of the Comal Appraisal District and Guadalupe Appraisal District (collectively, the "Appraisal District"). Except as described below, the Appraisal District is required to appraise all property within the Appraisal District on the basis of 100% of its market value and is prohibited from applying any assessment ratios. In determining market value of property, the Appraisal District is required to consider the cost method of appraisal, the income method of appraisal and the market data comparison method of appraisal, and use the method the chief appraiser of the Appraisal District considers most appropriate. The Property Tax Code requires appraisal districts to reappraise all property in its jurisdiction at least once every three years. A taxing unit may require annual review at its own expense, and is entitled to challenge the determination of appraised value of property within the taxing unit by petition filed with the Appraisal Review Board.

State law requires the appraised value of an owner's principal residence ("homestead" or "homesteads") to be based solely on the property's value as a homestead, regardless of whether residential use is considered to be the highest and best use of the property. State law further limits the appraised value of a homestead to the lesser of (1) the market value of the property or (2) 110% of the appraised value of the property for the preceding tax year plus the market value of all new improvements to the property.

Through December 31, 2026, an appraisal district is prohibited from increasing the appraised value of real property during the 2025 tax year on certain non-homestead properties (the "Subjected Property") whose appraised values are not more than \$5,160,000 (the "maximum property value") to an amount not to exceed the lesser of: (1) the market value of the Subjected Property for the most recent tax year that the market value was determined by the appraisal office or (2) the sum of: (a) 20 percent of the appraised value of the Subjected Property for the preceding tax year; (b) the appraised value of the Subjected Property for the preceding tax year; and (c) the market value of all new improvements to the Subjected Property. After the 2025 tax year, through December 31, 2026 (unless extended by the Legislature), the maximum property value may be increased or decreased by the product of the preceding state fiscal year's increase or decrease in the consumer price index, as applicable, to the maximum property value.

State law provides that eligible owners of both agricultural land and open-space land, including open-space land devoted to farm or ranch purposes or open-space land devoted to timber production, may elect to have such property appraised for property taxation on the basis of its productive capacity. The same land may not be qualified as both agricultural and open-space land.

The appraisal values set by the Appraisal District are subject to review and change by the Appraisal Review Board. The appraisal rolls, as approved by the Appraisal Review Board, are used by taxing units, such as the City, in establishing their tax rolls and tax rates (see "AD VALOREM PROPERTY TAXATION – City and Taxpayer Remedies").

### State Mandated Homestead Exemptions

State law grants, with respect to each taxing unit in the State, various exemptions for disabled veterans and their families, surviving spouses of members of the armed services killed in action and surviving spouses of first responders killed or fatally wounded in the line of duty.

### Local Option Homestead Exemptions

The governing body of a taxing unit, including a city, county, school district, or special district, at its option may grant: (1) an exemption of up to 20% of the appraised value of all homesteads (but not less than \$5,000) and (2) an additional exemption of at least \$3,000 of the appraised value

of the homesteads of persons sixty-five (65) years of age or older and the disabled. Each taxing unit decides if it will offer the local option homestead exemptions and at what percentage or dollar amount, as applicable. The exemption described in (2), above, may also be created, increased, decreased or repealed at an election called by the governing body of a taxing unit upon presentment of a petition for such creation, increase, decrease, or repeal of at least 20% of the number of qualified voters who voted in the preceding election of the taxing unit. Cities, counties, and school districts are prohibited from repealing or reducing an optional homestead exemption described in clause (1) above that was granted in tax year 2022 through December 31, 2027.

#### **Local Option Freeze for the Elderly and Disabled**

The governing body of a county, municipality or junior college district may, at its option, provide for a freeze on the total amount of ad valorem taxes levied on the homesteads of persons 65 years of age or older or of disabled persons above the amount of tax imposed in the year such residence qualified for such exemption. Also, upon voter initiative, an election may be held to determine by majority vote whether to establish such a freeze on ad valorem taxes. Once the freeze is established, the total amount of taxes imposed on such homesteads cannot be increased except for certain improvements, and such freeze cannot be repealed or rescinded.

#### **Personal Property**

Tangible personal property (furniture, machinery, supplies, inventories, etc.) used in the “production of income” is taxed based on the property’s market value. Taxable personal property includes income-producing equipment and inventory. Intangibles such as goodwill, accounts receivable, and proprietary processes are not taxable. Tangible personal property not held or used for production of income, such as household goods, automobiles or light trucks, and boats, is exempt from ad valorem taxation unless the governing body of a taxing unit elects to tax such property. Pursuant to voter approval at a Statewide election held on November 4, 2025, legislation passed by the Legislature and signed by the Governor

during the 89th Regular Session will provide a person to an exemption from taxation by a taxing unit of \$125,000 of the appraised value of the tangible personal property the person owns that is held or used for the production of income and has taxable situs at the same location in the taxing unit. A person who leases tangible personal property is also entitled to a tax exemption of \$125,000, regardless of where the property is located in the taxing unit.

#### **Freeport and Goods-In-Transit Exemptions**

Certain goods that are acquired in or imported into the State to be forwarded outside the State, and are detained in the State for 175 days or less for the purpose of assembly, storage, manufacturing, processing or fabrication (“Freeport Property”) are exempt from ad valorem taxation unless a taxing unit took official action to tax Freeport Property before April 1, 1990 and has not subsequently taken official action to exempt Freeport Property. Decisions to continue taxing Freeport Property may be reversed in the future; decisions to exempt Freeport Property are not subject to reversal.

Certain goods, that are acquired in or imported into the State to be forwarded to another location within or without the State, stored in a location that is not owned by the owner of the goods and are transported to another location within or without the State within 175 days (“Goods-in-Transit”), are generally exempt from ad valorem taxation; however, the Property Tax Code permits a taxing unit, on a local option basis, to tax Goods-in-Transit if the taxing unit takes official action, after conducting a public hearing, before January 1 of the first tax year in which the taxing unit proposes to tax Goods-in-Transit. Goods-in-Transit and Freeport Property do not include oil, natural gas or petroleum products, and Goods-in-Transit does not include aircraft or special inventories such as manufactured housing inventory, or a dealer’s motor vehicle, boat, or heavy equipment inventory.

A taxpayer may receive only one of the Goods-in-Transit or Freeport Property exemptions for items of personal property.

#### **Other Exempt Property**

Other major categories of exempt property include property owned by the State or its political subdivisions if used for public purposes, property exempt by federal law, property used for pollution control, farm products owned by producers, property of nonprofit corporations used for scientific research or educational activities benefitting a college or university, designated historic sites, solar and wind-powered energy devices, and certain classes of intangible personal property. Beginning with the 2026 tax year, all intangible personal property is exempt from State taxation.

#### **Tax Increment Reinvestment Zones**

A city or county, by petition of the landowners or by action of its governing body, may create one or more tax increment reinvestment zones (“TIRZ”) within its boundaries. At the time of the creation of the TIRZ, a “base value” for the real property in the TIRZ is established and the difference between any increase in the assessed valuation of taxable real property in the TIRZ in excess of the base value is known as the “tax increment”. During the existence of the TIRZ, all or a portion of the taxes levied against the tax increment by a city or county, and all other overlapping taxing units that elected to participate, are restricted to paying only planned project and financing costs within the TIRZ and are not available for the payment of other obligations of such taxing units.

## **Tax Abatement Agreements**

Taxing units may also enter into tax abatement agreements to encourage economic development. Under the agreements, a property owner agrees to construct certain improvements on its property. The taxing unit, in turn, agrees not to levy a tax on all or part of the increased value attributable to the improvements until the expiration of the agreement. The abatement agreement could last for a period of up to 10 years.

## **Temporary Exemption for Qualified Property Damaged by a Disaster**

The Property Tax Code provides for a temporary exemption from ad valorem taxation of a portion of the appraised value of certain property that is at least 15% damaged by a disaster and located within an area declared to be a disaster area by the governor of the State of Texas. This temporary exemption is automatic if the disaster is declared prior to a taxing unit, such as the City, adopting its tax rate for the tax year. A taxing unit, such as the City, may authorize the exemption at its discretion if the disaster is declared after the taxing unit has adopted its tax rate for the tax year. The amount of the exemption is based on the percentage of damage and is prorated based on the date of the disaster. Upon receipt of an application submitted within the eligible timeframe by a person who qualifies for a temporary exemption under the Property Tax Code, the Appraisal District is required to complete a damage assessment and assign a damage assessment rating to determine the amount of the exemption. The temporary exemption amounts established by the Property Tax Code range from 15% for property less than 30% damaged to 100% for property that is a total loss. Any such temporary exemption granted for disaster-damaged property expires on January 1 of the first year in which the property is reappraised. There is currently no judicial precedent for how the statute will be applied but Texas Attorney General Opinion KP-0299, issued on April 13, 2020, concluded a court would likely find the Texas Legislature intended to limit the temporary tax exemption to apply to property physically harmed as a result of a declared disaster.

## **City and Taxpayer Remedies**

Under certain circumstances, taxpayers and taxing units, including the City, may appeal the determinations of the Appraisal District by timely initiating a protest with the Appraisal Review Board. Additionally, taxing units such as the City may bring suit against the Appraisal District to compel compliance with the Property Tax Code.

Owners of certain property (being (i) commercial real and personal property, (ii) real and personal property of utilities, (iii) industrial and manufacturing real and personal property, and (iv) multifamily residential real property) with a taxable value in excess of the current year "minimum eligibility amount", as determined by the State Comptroller, and situated in a county with a population of one million or more, may protest the determinations of an appraisal district directly to a three-member special panel of the appraisal review board, appointed by the chairman of the appraisal review board, consisting of highly qualified professionals in the field of property tax appraisal. The minimum eligibility amount is set at \$62,883,169 for the 2026 tax year and is adjusted annually by the State Comptroller to reflect the inflation rate.

The Property Tax Code sets forth notice and hearing procedures for certain tax rate increases by the District and provides for taxpayer referenda that could result in the repeal of certain tax increases (see "TAX RATE LIMITATIONS – Public Hearing and Maintenance and Operations Tax Rate Limitations"). The Property Tax Code also establishes a procedure for providing notice to property owners of reappraisals reflecting increased property value, appraisals which are higher than renditions, and appraisals of property not previously on an appraisal roll.

## **Levy and Collection of Taxes**

The City is responsible for the collection of its taxes, unless it elects to transfer such functions to another governmental entity. Taxes are due October 1, or when billed, whichever comes later, and become delinquent after January 31 of the following year. A delinquent tax incurs a penalty of six percent (6%) of the amount of the tax for the first calendar month it is delinquent, plus one percent (1%) for each additional month or portion of a month the tax remains unpaid prior to July 1 of the year in which it becomes delinquent. If the tax is not paid by July 1 of the year in which it becomes delinquent, the tax incurs a total penalty of twelve percent (12%) regardless of the number of months the tax has been delinquent and incurs an additional penalty of up to twenty percent (20%) if imposed by the City. The delinquent tax also accrues interest at a rate of one percent (1%) for each month or portion of a month it remains unpaid. The Property Tax Code also makes provision for the split payment of taxes, discounts for early payment and the postponement of the delinquency date of taxes for certain taxpayers. Furthermore, the City may provide, on a local option basis, for the split payment, partial payment, and discounts for early payment of taxes under certain circumstances.

## **City's Rights in the Event of Tax Delinquencies**

Taxes levied by the City are a personal obligation of the owner of the property. On January 1 of each year, a tax lien attaches to property to secure the payment of all state and local taxes, penalties, and interest ultimately imposed for the year on the property. The lien exists in favor of each taxing unit, including the City, having power to tax the property. The City's tax lien is on a parity with tax liens of such other taxing units. A tax lien on real property takes priority over the claim of most creditors and other holders of liens on the property encumbered by the tax lien, whether or not the debt or lien existed before the attachment of the tax lien; however, whether a lien of the United States is on a parity with or takes priority over a tax lien of the City is determined by applicable federal law. Personal property, under certain circumstances, is subject to seizure and sale for the payment of delinquent taxes, penalty, and interest.

At any time after taxes on property become delinquent, the City may file suit to foreclose the lien securing payment of the tax, to enforce personal liability for the tax, or both. In filing a suit to foreclose a tax lien on real property, the City must join other taxing units that have claims for delinquent taxes against all or part of the same property.

Collection of delinquent taxes may be adversely affected by the amount of taxes owed to other taxing units, adverse market conditions, taxpayer redemption rights, or bankruptcy proceedings which restrain the collection of a taxpayer's debt.

Federal bankruptcy law provides that an automatic stay of actions by creditors and other entities, including governmental units, goes into effect with the filing of any petition in bankruptcy. The automatic stay prevents governmental units from foreclosing on property and prevents liens for post-petition taxes from attaching to property and obtaining secured creditor status unless, in either case, an order lifting the stay is obtained from the bankruptcy court. In many cases, post-petition taxes are paid as an administrative expense of the estate in bankruptcy or by order of the bankruptcy court.

### **Public Hearing and Maintenance and Operations Tax Rate Limitations**

The following terms as used in this section have the meanings provided below:

"adjusted" means lost values are not included in the calculation of the prior year's taxes and new values are not included in the current year's taxable values.

"de minimis rate" means the maintenance and operations tax rate that will produce the prior year's total maintenance and operations tax levy (adjusted) from the current year's values (adjusted), plus the rate that produces an additional \$500,000 in tax revenue when applied to the current year's taxable value, plus the debt service tax rate.

"foregone revenue amount" means the greater of zero or the amount expressed in dollars calculated according to the following formula the voter-approved tax rates less the actual tax rate, then multiplied by the taxing units current total in the applicable preceding tax year.

"no-new-revenue tax rate" means the combined maintenance and operations tax rate and debt service tax rate that will produce the prior year's total tax levy (adjusted) from the current year's total taxable values (adjusted).

"special taxing unit" means a city for which the maintenance and operations tax rate proposed for the current tax year is 2.5 cents or less per \$100 of taxable value.

"unused increment rate" means the greater of zero and the rate expressed in dollars per \$100 of taxable value calculated by dividing (i) the cumulative difference of the foregone revenue amount, calculated using the difference between a city's voter-approved tax rate and its actual tax rate for each of the preceding three tax years, by (ii) the "current total value" as defined in Section 26.012 of the Property Tax Code, and which may be applied to the City's tax rate when calculating the voter-approval tax rate.

"voter-approval tax rate" means the maintenance and operations tax rate that will produce the prior year's total maintenance and operations tax levy (adjusted) from the current year's values (adjusted) multiplied by 1.035, plus the debt service tax rate, plus the "unused increment rate".

The City's tax rate consists of two components: (1) a rate for funding of maintenance and operations expenditures in the current year (the "maintenance and operations tax rate"), and (2) a rate for funding debt service in the current year (the "debt service tax rate"). Under State law, the assessor for the City must submit an appraisal roll showing the total appraised, assessed, and taxable values of all property in the City to the City Council by August 1 or as soon as practicable thereafter.

A city must annually calculate its voter-approval tax rate and no-new-revenue tax rate in accordance with forms prescribed by the State Comptroller and provide notice of such rates to each owner of taxable property within the city and the county tax assessor-collector for each county in which all or part of the city is located. A city must adopt a tax rate before the later of September 30 or the 60th day after receipt of the certified appraisal roll, except that a tax rate that exceeds the voter-approval tax rate must be adopted not later than the 71st day before the next occurring November uniform election date. If a city fails to timely adopt a tax rate, the tax rate is statutorily set as the lower of the no-new-revenue tax rate for the current tax year or the tax rate adopted by the city for the preceding tax year.

As described below, the Property Tax Code provides that if a city adopts a tax rate that exceeds its voter-approval tax rate or, in certain cases, its de minimis rate, an election must be held to determine whether or not to reduce the adopted tax rate to the voter-approval tax rate.

A city may not adopt a tax rate that exceeds the lower of the voter-approval tax rate or the no-new-revenue tax rate until each appraisal district in which such city participates has delivered notice to each taxpayer of the estimated total amount of property taxes owed and the city has held a public hearing on the proposed tax increase.

For cities with a population of 30,000 or more as of the most recent federal decennial census, if the adopted tax rate for any tax year exceeds the voter-approval tax rate, that city must conduct an election on the next occurring November uniform election date to determine whether or not to reduce the adopted tax rate to the voter-approval tax rate.

For cities with a population less than 30,000 as of the most recent federal decennial census, if the adopted tax rate for any tax year exceeds the greater of (i) the voter-approval tax rate or (ii) the de minimis rate, the city must conduct an election on the next occurring November uniform election date to determine whether or not to reduce the adopted tax rate to the voter-approval tax rate. However, for any tax year during which a city has a population of less than 30,000 as of the most recent federal decennial census and does not qualify as a special taxing unit, if a city's adopted tax rate is equal to or less than the de minimis rate but greater than both (a) the no-new-revenue tax rate, multiplied by 1.08, plus the debt service tax rate or (b) the city's voter-approval tax rate, then a valid petition signed by at least three percent of the registered voters in the city would require that an election be held to determine whether or not to reduce the adopted tax rate to the voter-approval tax rate.

Any city located at least partly within an area declared a disaster area by the Governor of the State or the President of the United States during the current year may calculate its voter-approval tax rate using a 1.08 multiplier, instead of 1.035, until the earlier of (i) the second tax year in which such city's total taxable appraised value exceeds the taxable appraised value on January 1 of the year the disaster occurred, or (ii) the third tax year after the tax year in which the disaster occurred.

State law provides cities and counties in the State the option of assessing a maximum one-half percent (1/2%) sales and use tax on retail sales of taxable items for the purpose of reducing its ad valorem taxes, if approved by a majority of the voters in a local option election. If the additional sales and use tax for ad valorem tax reduction is approved and levied, the no-new-revenue tax rate and voter-approval tax rate must be reduced by the amount of the estimated sales tax revenues to be generated in the current tax year.

**The calculations of the no-new-revenue tax rate and voter-approval tax rate do not limit or impact the City's ability to set a debt service tax rate in each year sufficient to pay debt service on all of the City's tax-supported debt obligations, including the Notes.**

During the 89th Regular Session, the Legislature adopted Senate Bill 1851 ("SB 1851"), which will become effective in connection with the adoption of an ad valorem tax rate for tax year 2026 and thereafter. Under SB 1851, if the Texas Attorney General determines that a city has (a) not had its records and accounts audited and an annual financial statement prepared based on the audit or (b) failed to file its financial statements and auditor's opinion on such financial statements with the city secretary or city clerk before the 180th day after the city's fiscal year end, the city may not adopt an ad valorem tax rate that exceeds the city's no-new-revenue tax rate for (i) the tax year that begins on or after the date for the Attorney General's determination or (ii) a subsequent tax year that begins before the date the city has had an annual audit completed and financial statements prepared or filed the financial statement and auditor's opinion on such financial statement with the city secretary or city clerk, as applicable. If a city were limited to levying an ad valorem tax rate that is not in excess of its no-new-revenue tax rate, such a limitation would impact the total amount of ad valorem tax revenue available to the City to pay for both operations and maintenance and debt service.

Reference is made to the Property Tax Code for definitive requirements for the levy and collection of ad valorem taxes and the calculation of the various defined tax rates.

#### **Debt Tax Rate Limitations**

All taxable property within the City is subject to the assessment, levy and collection by the City of a continuing, direct annual ad valorem tax sufficient to provide for the payment of principal of and interest on all ad valorem tax-supported debt within the limits prescribed by law. Article XI, Section 5, of the Texas Constitution is applicable to the City, and limits its maximum ad valorem tax rate to \$2.50 per \$100 of taxable assessed valuation. Administratively, the Attorney General of the State of Texas will permit allocation of \$1.00 of the \$1.50 maximum tax rate for all debt service on ad valorem tax-supported debt, as calculated at the time of issuance.

#### **CITY APPLICATION OF TAX CODE**

The City grants an exemption to the market value of the residence homestead of persons 65 years of age or older of \$3,750; the disabled are not granted an additional exemption.

The City has granted an additional exemption of up to 20% of the market value of residential homesteads with a minimum exemption of \$5,000.

The City has taken action to establish a tax limitation on ad valorem taxes levied by the City against the residence homestead of persons 65 years of age or older and their spouses and disabled persons.

Ad valorem taxes are not levied by the City against the exempt value of residence homesteads for the payment of debt.

The City does not tax nonbusiness personal property; and Comal County and Guadalupe County, as applicable, collect taxes for the City.

On May 29, 2007, the City Council authorized an ordinance creating a TIRZ that totaled 680.2 acres with a taxable “base” value of \$5,546,250 and a current taxable value of \$755,420,464 (Tax Year 2025), for a period of 25 years, ending December 31, 2032.

On December 9, 2019, the City Council authorized an ordinance creating the City’s second TIRZ (TIRZ #2) – that totaled 74.4 acres with a taxable base value of \$15,522,122 and a current taxable \$30,403,695 (Tax Year 2025), for a period of 26 years, ending December 31, 2045.

On September 27, 2021, the City Council authorized an ordinance creating the City’s third TIRZ (TIRZ #3), that totaled 183.6 acres with a taxable base value of \$141,765,876 and a current taxable \$177,912,825 (Tax Year 2025) for a period of 25 years, ending December 31, 2046.

On November 10, 2025, the City authorized an ordinance creating the City’s fourth TIRZ (TIRZ #4), which encompasses 195.9 acres that include the Zipp Family Sports Park with a base value of \$1,050,000 for a period of 25 years, ending December 31, 2050.

On October 27, 2025, the City authorized an ordinance creating the City’s fifth TIRZ (TIRZ #5), which encompasses approximately 156.5 acres in the West End area of New Braunfels with a base value of \$91,970,582 for a period of 25 years, ending December 31, 2050.

The City currently has **3 tax rebate agreements** and **1 tax abatement agreement** in place:

#### **Rebates Agreements:**

The CGT Agreement allows for a rebate of 80% of the proceeds of the City’s ad valorem tax levied on improvements on the development (the “CGT Ad Valorem Taxes”) for grant years 1 through 5, 60% of the CGT Ad Valorem Taxes for grant years 6 through 8, and 50% of the CGT Ad Valorem Taxes for grant years 9 through 15. As of the date of this official statement, six payments have been made under this agreement.

The TaskUs Agreement allows for a rebate of 70% of the proceeds of the City’s ad valorem tax levied on improvements on the development (the “TaskUs Ad Valorem Taxes”) for rebate years 1 through 3, 55% of the TaskUs Ad Valorem Taxes for rebate years 4 through 6, and 30% of the TaskUs Ad Valorem Taxes for grant years 7 through 8. As of the date of this official statement, three payments have been made under this agreement.

The Aumovio Autonomous Mobility (formerly Continental) agreement allows for a rebate of 15% of the proceeds of the City’s ad valorem tax levied on improvement of the development for a period of ten years. In order to be eligible for the rebate payment, the company must meet minimum taxable value thresholds. As of the date of this official statement, two payments have been made under this agreement.

#### **Abatement Agreements:**

The Aumovio Autonomous Mobility (formerly Continental) agreement allows for a rebate of 65% of the proceeds of the City’s ad valorem tax levied on improvement of the development through 2034 and 50% thereafter through the agreement period of 10 years. It is to begin once the project is complete.

**Municipal Sales Tax.** . . The City has adopted the provisions of Property Tax Code § 321.001 et seq., which grants the City the power to impose and levy a one percent (1%) Local Sales and Use Tax within the City. The proceeds of such tax are credited to the General Fund and are not pledged to payment of the Notes. Collections and enforcements are effected through the offices of the Comptroller of Public Accounts of the State (the “Comptroller”), who monthly remits the proceeds of the tax, after deduction of a two percent (2%) service fee, to the City.

The Property Tax Code provides certain cities and counties the option of assessing a maximum one-half percent (½%) sales and use tax for the purpose of reducing its ad valorem property taxes, if approved by a majority of the voters in a local option election. If the additional tax is approved and levied, the ad valorem property tax levy must be reduced by the estimated amount of the sales and use tax revenues to be generated in the current year. Subject to the approval of a majority of the voters in a local option election, State law also provides certain cities the option of assessing a sales and use tax for a variety of other purposes, including economic and industrial development, municipal street maintenance and repair, and sports and community venues.

State law limits the maximum aggregate sales and use tax rate in any area to 8¼%. Accordingly, the collection of local sales and use taxes in the area of the City (including sales and use taxes levied by the City) is limited to no more than 2% (when combined with the state sales and use tax rate of 6¼%).

In addition to the one percent (1%) local sales and use tax referred to above, voters of the City have approved the imposition of an additional three-eighths of one-percent (3/8%) aggregate local sales and use tax for economic development and community development.

## **TAX RATE LIMITATIONS**

Article XI, Section 5 of the Texas Constitution, applicable to cities of more than 5,000 population: \$2.50 per \$100 assessed valuation. The Issuer has adopted a Home Rule Charter which does not limit the City's maximum tax rate limit beyond the Constitutional limit of \$2.50 per \$100 of assessed valuation for all Issuer purposes. No direct funded debt limitation is imposed on the City under current Texas law.

Article XI, Section 5 of the Texas Constitution is applicable to the City, and limits its maximum ad valorem tax rate to \$2.50 per \$100 assessed valuation for all City purposes. As stated above, the City operates under a Home Rule Charter which adopts a limit of \$2.50 per \$100 of assessed valuation. The Texas Attorney General has adopted an administrative policy that generally prohibits the issuance of debt by a municipality, such as the City, if its issuance produces debt service requirements exceeding that which can be paid from \$1.50 of the foregoing \$2.50 maximum tax rate calculated at 90% collection. The issuance of the Notes does not violate this Constitutional provision or the Texas Attorney General's administrative policy.

Before the later of September 30<sup>th</sup> or the 60<sup>th</sup> day after the date the certified appraisal roll is received by the taxing unit, the City Council must adopt a tax rate per \$100 taxable value for the current year. The tax rate consists of two components: (1) a rate for funding of maintenance and operation expenditures, and (2) a rate for debt service.

## **TAX MATTERS**

### **Opinion**

On the date of initial delivery of the Notes, McCall, Parkhurst & Horton L.L.P., San Antonio, Texas, Bond Counsel, will render its opinion that, in accordance with statutes, regulations, published rulings and court decisions existing on the date thereof ("Existing Law"), (i) interest on the Notes for federal income tax purposes will be excludable from the "gross income" of the holders thereof, and (ii) the Notes will not be treated as "specified private activity bonds", the interest on which would be included as an alternative minimum tax preference item under Section 57(a)(5) of the Internal Revenue Code of 1986 (the "Code"). Except as stated above, Bond Counsel will express no opinion as to any other federal, state or local tax consequences of the purchase, ownership or disposition of the Notes (see "APPENDIX C - Form of Opinion of Bond Counsel").

In rendering its opinion, Bond Counsel will rely upon (a) the City's federal tax certificate, and (b) covenants of the City with respect to arbitrage, the application of the proceeds to be received from the issuance and the sale of the Notes and certain other matters. Failure by the City to observe the aforementioned representations or covenants, could cause the interest on the Notes to become taxable retroactively to the date of issuance.

The Code and the regulations promulgated thereunder contain a number of requirements that must be satisfied subsequent to the issuance of the Notes in order for interest on the Notes to be, and to remain, excludable from gross income for federal income tax purposes. Failure to comply with such requirements may cause interest on the Notes to be included in gross income retroactively to the date of the issuance of the Notes. The opinion of Bond Counsel is conditioned on compliance by the City with the covenants and the requirements described in the preceding paragraph, and Bond Counsel to the City has not been retained to monitor compliance with these requirements subsequent to the issuance of the Notes.

Bond Counsel's opinion represents its legal judgment based upon its review of Existing Law and the reliance on the aforementioned information, representations, and covenants. Bond Counsel's opinion is not a guarantee of a result. The Existing Law is subject to change by the Congress and to subsequent judicial and administrative interpretation by the courts and the Department of the Treasury. There can be no assurance that such Existing Law or the interpretation thereof will not be changed in a manner which would adversely affect the tax treatment of the purchase, ownership or disposition of the Notes.

A ruling was not sought from the Internal Revenue Service by the City with respect to the Notes or the property financed with the proceeds of the Notes. No assurances can be given as to whether or not the Internal Revenue Service will commence an audit of the Notes, or as to whether the Internal Revenue Service would agree with the opinion of Bond Counsel. If an Internal Revenue Service audit is commenced, under current procedures the Internal Revenue Service is likely to treat the City as the taxpayer and the Certificateholders may have no right to participate in such procedure. No additional interest will be paid upon any determination of taxability.

### **Federal Income Tax Accounting Treatment of Original Issue Discount**

The initial public offering price to be paid for one or more maturities of the Notes (the "Original Issue Discount Notes") may be less than the principal amount thereof or one or more periods for the payment of interest on the Notes may not be equal to the accrual period or be in excess of one year. In such event, the difference between (i) the "stated redemption price at maturity" of each Original Issue Discount Certificate, and (ii) the initial offering price to the public of such Original Issue Discount Certificate would constitute original issue discount. The "stated redemption price at maturity" means the sum of all payments to be made on the Notes less the amount of all periodic interest payments. Periodic interest payments are payments which are made during equal accrual periods (or during any unequal period if it is the initial or final period) and which are made during accrual periods which do not exceed one year.

Under Existing Law, any owner who has purchased such Original Issue Discount Certificate in the initial public offering is entitled to exclude from gross income (as defined in Section 61 of the Code) an amount of income with respect to such Original Issue Discount Certificate equal to that portion of the amount of such original issue discount allocable to the accrual period. For a discussion of certain collateral federal tax consequences, see the discussion set forth below. In the event of the redemption, sale or other taxable disposition of such Original Issue Discount Certificate prior to stated maturity, however, the amount realized by such owner in excess of the basis of such Original Issue Discount Certificate in the hands of such owner (adjusted upward by the portion of the original issue discount allocable to the period for which such Original Issue Discount Certificate was held by such initial owner) is includable in gross income.

Under Existing Law, the original issue discount on each Original Issue Discount Certificate is accrued daily to the stated maturity thereof (in amounts calculated as described below for each accrual period and ratably within each such accrual period) and the accrued amount is added to an initial owner's basis for such Original Issue Discount Certificate for purposes of determining the amount of gain or loss recognized by such owner upon the redemption, sale or other disposition thereof. The amount to be added to basis for each accrual period is equal to (a) the sum of the issue price and the amount of original issue discount accrued in prior periods multiplied by the yield to stated maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) less (b) the amounts payable as current interest during such accrual period on such Original Issue Discount Certificate.

The federal income tax consequences of the purchase, ownership, redemption, sale or other disposition of Original Issue Discount Notes which are not purchased in the initial offering at the initial offering price may be determined according to rules which differ from those described above. All owners of Original Issue Discount Notes should consult their own tax advisors with respect to the determination for federal, state and local income tax purposes of the treatment of interest accrued upon redemption, sale or other disposition of such Original Issue Discount Notes and with respect to the federal, state, local and foreign tax consequences of the purchase, ownership, redemption, sale or other disposition of such Original Issue Discount Notes.

### **Collateral Federal Income Tax Consequences**

The following discussion is a summary of certain collateral federal income tax consequences resulting from the purchase, ownership or disposition of the Notes. This discussion is based on Existing Law, which is subject to change or modification, retroactively.

The following discussion is applicable to investors, other than those who are subject to special provisions of the Code, such as financial institutions, property and casualty insurance companies, life insurance companies, individual recipients of Social Security or Railroad Retirement benefits, individuals allowed an earned income credit, certain S corporations with Subchapter C earnings and profits, foreign corporations subject to the branch profits tax, taxpayers qualifying for the health insurance premium assistance credit, and taxpayers who may be deemed to have incurred or continued indebtedness to purchase tax-exempt obligations.

THE DISCUSSION CONTAINED HEREIN MAY NOT BE EXHAUSTIVE. INVESTORS, INCLUDING THOSE WHO ARE SUBJECT TO SPECIAL PROVISIONS OF THE CODE, SHOULD CONSULT THEIR OWN TAX ADVISORS AS TO THE TAX TREATMENT WHICH MAY BE ANTICIPATED TO RESULT FROM THE PURCHASE, OWNERSHIP AND DISPOSITION OF TAX-EXEMPT OBLIGATIONS BEFORE DETERMINING WHETHER TO PURCHASE THE NOTES.

Interest on the Notes may be includable in a corporation's "adjusted financial statement income" imposed by Section 56A of the Code to calculate the alternative minimum tax imposed by Section 55 of the Code.

Under Section 6012 of the Code, holders of tax-exempt obligations, such as the Notes, may be required to disclose interest received or accrued during each taxable year on their returns of federal income taxation.

Section 1276 of the Code provides for ordinary income tax treatment of gain recognized upon the disposition of a tax-exempt obligation, such as the Notes, if such obligation was acquired at a "market discount" and if the fixed maturity of such obligation is equal to or exceeds, one year from the date of issue. Such treatment applies to "market discount bonds" to the extent such gain does not exceed the accrued market discount of such Notes, although for this purpose, a de minimis amount of market discount is ignored. A "market discount bond" is one which is acquired by the holder at a purchase price which is less than the stated redemption price at maturity or, in the case of a bond issued at an original issue discount, the "revised issue price" (i.e., the issue price plus accrued original issue discount). The "accrued market discount" is the amount which bears the same ratio to the market discount as the number of days during which the holder holds the obligation bears to the number of days between the acquisition date and the final maturity date.

### **State, Local and Foreign Taxes**

Investors should consult their own tax advisors concerning the tax implications of the purchase, ownership or disposition of the Notes under applicable state or local laws. Foreign investors should also consult their own tax advisors regarding the tax consequences unique to investors who are not United States persons.

## **Information Reporting and Backup Withholding**

Subject to certain exceptions, information reports describing interest income, including original issue discount, with respect to the Notes will be sent to each registered holder and to the Internal Revenue Service. Payments of interest and principal may be subject to backup withholding under Section 3406 of the Code if a recipient of the payments fails to furnish to the payor such owner's social security number or other taxpayer identification number ("TIN"), furnishes an incorrect TIN, or otherwise fails to establish an exemption from the backup withholding tax. Any amounts so withheld would be allowed as a credit against the recipient's federal income tax. Special rules apply to partnerships, estates and trusts, and in certain circumstances, and in respect of Non-U.S. Holders, certifications as to foreign status and other matters may be required to be provided by partners and beneficiaries thereof.

## **Future and Proposed Legislation**

Tax legislation, administrative actions taken by tax authorities, or court decisions, whether at the federal or state level, may adversely affect the tax-exempt status of interest on the Notes under federal or state law and could affect the market price or marketability of the Notes. Any such proposal could limit the value of certain deductions and exclusions, including the exclusion for tax-exempt interest. The likelihood of any such proposal being enacted cannot be predicted. Prospective purchasers of the Notes should consult their own tax advisors regarding the foregoing matters.

## **CYBERSECURITY RISKS**

The City, like other municipalities in the State, utilizes technology in conducting its operations. As a user of technology, the City potentially faces cybersecurity threats (e.g., hacking, phishing, viruses, malware and ransomware) on its technology systems. Accordingly, the City may be the target of a cyber-attack on its technology systems that could result in adverse consequences to the City. The City employs a multi-layered approach to combating cybersecurity threats. While the City deploys layered technologies and requires employees to receive cybersecurity training, as required by State law, among other efforts, cybersecurity breaches could cause material disruptions to the City's finances or operations. The costs of remedying such breaches or protecting against future cyber-attacks could be substantial. Further, cybersecurity breaches could expose the City to litigation and other legal risks, which could cause the City to incur other costs related to such legal claims or proceedings.

## **LEGAL MATTERS**

### **Legal Opinions**

Issuance of the Notes is subject to the approving legal opinion of the Attorney General of Texas to the effect that the initial Notes are valid and binding obligations of the City payable from the proceeds of an annual ad valorem tax levied, without legal limit as to rate or amount, upon all taxable property within the City. Issuance of the Notes is also subject to the legal opinion of McCall, Parkhurst & Horton L.L.P. ("Bond Counsel"), based upon examination of a transcript of the proceedings incident to authorization and issuance of the Notes, to the effect that the Notes are valid and binding obligations of the City payable from the sources and enforceable in accordance with the terms and conditions described therein, except to the extent that the enforceability thereof may be affected by bankruptcy, insolvency, reorganization, moratorium, or other similar laws affecting creditors' rights or the exercise of judicial discretion in accordance with general principles of equity. Bond Counsel's legal opinion will also address the matters described below under "TAX MATTERS." Such opinions will express no opinion with respect to the sufficiency of the security for or the marketability of the Notes. In connection with the issuance of the Notes, Bond Counsel has been engaged by, and only represents, the City. The legal fees to be paid Bond Counsel for services rendered in connection with the issuance of the Notes are based upon a percentage of Notes actually issued, sold and delivered, and therefore, such fees are contingent upon the sale and delivery of the Notes.

The various legal opinions to be delivered concurrently with the delivery of the Notes express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. In rendering a legal opinion, the attorney does not become an insurer or guarantor of the expression of professional judgment, of the transaction opined upon, or of the future performance of the parties to the transaction, nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

### **No-Litigation Certificate**

The City will furnish to the Purchaser a certificate, dated as of the date of delivery of the Notes, executed by both the Mayor and Secretary of the City, to the effect that no litigation of any nature has been filed or is then pending or threatened, either in state or federal courts, contesting or attacking the Notes; restraining or enjoining the issuance, execution or delivery of the Notes; affecting the provisions made for the payment of or security for the Notes; in any manner questioning the authority or proceedings for the issuance, execution, or delivery of the Notes; or affecting the validity of the Notes.

## **No Material Adverse Change**

The obligations of the Purchaser to take and pay for the Notes, and of the City to deliver the Notes, are subject to the condition that, up to the time of delivery of and receipt of payment for the Notes, there shall have been no material adverse change in the condition (financial or otherwise) of the City from that set forth or contemplated in the Official Statement.

## **CONTINUING DISCLOSURE OF INFORMATION**

In the Ordinance, the Issuer has made the following agreement for the benefit of the registered and beneficial owners of the Notes. The Issuer is required to observe the agreement for so long as it remains obligated to advance funds to pay the Notes. Under the agreement, the Issuer will be obligated to provide certain updated financial information and operating data annually and timely notice of specified events to the Municipal Securities Rulemaking Board ("MSRB"). The MSRB currently makes this information publicly available on its Electronic Municipal Market Access System ("EMMA") at <http://emma.msrb.org/>.

### **Annual Reports**

The Issuer will provide to the MSRB updated financial information and operating data annually. The information to be updated includes quantitative financial information and operating data with respect to the Issuer of the general type included in this Official Statement including Table 1 of the Official Statement and under the Tables numbered 1 through 10 of APPENDIX A and the financial statements in APPENDIX D. The Issuer will update and provide this information within 6 months after the end of each fiscal year ending in or after 2026. If audited financial statements are not available when the other information is provided, the Issuer will provide audited financial statements when and if they become available and will provide unaudited financial statements within 12 months after fiscal year end, unless audited financial statements are sooner provided. Financial statements will be prepared in accordance with the accounting principles described in APPENDIX D or such other accounting principles as the Issuer may be required to employ from time to time pursuant to state law or regulation.

The Issuer may provide updated information in full text or may incorporate by reference documents available on EMMA or filed with the U.S. Securities and Exchange Commission (the "SEC") as permitted by SEC Rule 15c2-12 (the "Rule").

The Issuer's current fiscal year end is September 30. Accordingly, it must provide updated information by March 31 in each year, unless the Issuer changes its fiscal year. If the Issuer changes its fiscal year, it will notify the MSRB of the change.

### **Event Notices**

The Issuer will also provide to the MSRB notices of certain events on a timely basis no later than 10 business days after the event. The Issuer will provide notice of any of the following events with respect to the Notes: (1) principal and interest payment delinquencies; (2) non-payment related defaults, if material; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB), or other material notices or determinations with respect to the tax status of the Notes, or other material events affecting the tax status of the Notes; (7) modifications to rights of holders of the Notes, if material; (8) Note calls, if material, and tender offers; (9) defeasances; (10) release, substitution, or sale of property securing repayment of the Notes, if material; (11) rating changes; (12) bankruptcy, insolvency, receivership, or similar event of the Issuer; (13) the consummation of a merger, consolidation, or acquisition involving the Issuer or the sale of all or substantially all of the assets of the Issuer, other than in the ordinary course of business, the entry into of a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; (14) appointment of a successor or additional trustee or the change of name of the trustee, if material; (15) incurrence of a financial obligation of the Issuer (as defined by the Rule, which includes certain debt, debt-like, and debt-related obligations), if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the Issuer, any of which affect security holders, if material; and (16) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the Issuer, any of which reflect financial difficulties. (Neither the Notes nor the Ordinance make any provision for debt service reserves, credit enhancement or a trustee.)

For these purposes, (a) any event described in clause (12) in the preceding paragraph is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent, or similar officer for the Issuer in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the Issuer, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the Issuer, and (b) the Issuer intends the words used in clauses (15) and (16) in the preceding paragraph and the definition of financial obligation in this section to have the meanings ascribed to them in SEC Release No. 34-83885, dated August 20, 2018.

The Issuer will also file notice with the MSRB, in a timely manner, of any failure by the Issuer to provide financial information or operating data as described above in "Annual Reports" by the time required.

## **Limitations and Amendments**

The Issuer has agreed to update information and to provide notices of certain events only as described above. The Issuer has not agreed to provide other information that may be relevant or material to a complete presentation of its financial results of operations, condition, or prospects or agreed to update any information that is provided, except as described above. The Issuer makes no representation or warranty concerning such information or concerning its usefulness to a decision to invest in or sell Notes at any future date. The Issuer disclaims any contractual or tort liability for damages resulting in whole or in part from any breach of its continuing disclosure agreement or from any statement made pursuant to its agreement, although holders of Notes may seek a writ of mandamus to compel the Issuer to comply with its agreement.

The Issuer may amend its continuing disclosure agreement from time to time to adapt to changed circumstances that arise from a change in legal requirements, a change in law, or a change in the identity, nature, status, or type of operations of the Issuer, if (i) the agreement, as amended, would have permitted an underwriter to purchase or sell Notes in the offering described herein in compliance with the Rule, taking into account any amendments or interpretations of the Rule to the date of such amendment, as well as such changed circumstances, and (ii) either (a) the holders of a majority in aggregate principal amount of the outstanding Notes consent to the amendment or (b) any person unaffiliated with the Issuer (such as nationally recognized bond counsel) determines that the amendment will not materially impair the interests of the registered and beneficial owners of the Notes.

The Issuer may also amend or repeal the provisions of its continuing disclosure agreement if the SEC amends or repeals the applicable provisions of the Rule or a court of final jurisdiction enters judgment that such provisions of the Rule are invalid, and the Issuer also may amend the provisions of its continuing disclosure agreement in its discretion in any other manner or circumstance, but in either case only if and to the extent that the provisions of this sentence would not have prevented an underwriter from lawfully purchasing or selling Notes in the primary offering of the Notes, giving effect to (i) such provisions as so amended and (ii) any amendments or interpretations of the Rule.

If the Issuer so amends its continuing disclosure agreement as described in this section, it has agreed to include with the next financial information and operating data provided in accordance with its agreement described above under "ANNUAL REPORTS" an explanation, in narrative form, of the reasons for the amendment and of the impact of any change in the type of financial information and operating data so provided.

## **Compliance with Prior Agreements**

During the past five years, the City has complied in all material respects with its previous continuing disclosure agreements made in accordance with the Rule.

## **OTHER PERTINENT INFORMATION**

### **Registration and Qualification of Notes for Sale**

The sale of the Notes has not been registered under the Federal Securities Act of 1933, as amended, in reliance upon the exemption provided thereunder by Section 3(a)(2); and the Notes have not been qualified under the Securities Act of Texas in reliance upon various exemptions contained therein; nor have the Notes been qualified under the securities acts of any jurisdiction. The Issuer assumes no responsibility for qualification of the Notes under the securities laws of any jurisdiction in which the Notes may be sold, assigned, pledged, hypothecated or otherwise transferred. This disclaimer of responsibility for qualification for sale or other disposition of the Notes shall not be construed as an interpretation of any kind with regard to the availability of any exemption from securities registration provisions.

### **Litigation**

In the opinion of the City Attorney, the Issuer is not a party to any litigation or other proceeding pending or to its knowledge, threatened, in any court, agency or other administrative body (either state or federal) which, if decided adversely to the Issuer, would have a material adverse effect on the financial condition of the City.

### **Debt Issuance**

The City anticipates issuing \$9,600,000\* Combination Tax and Revenue Certificates of Obligation, Series 2026 (the "Certificates"). The Certificates are expected to close on September 9, 2026.

## **Legal Investments and Eligibility to Secure Public Funds in Texas**

Section 1201.041 of the Public Security Procedures Act (Chapter 1201, Texas Government Code) provides that the Notes are negotiable instruments governed by Chapter 8, Texas Business and Commerce Code, and are real and authorized investments for insurance companies, fiduciaries, and trustees, and for the sinking funds of municipalities or other political subdivisions or public agencies of the State. With respect to investment in the Notes by municipalities or other political subdivisions or public agencies of the State, the PFIA requires that the Notes be assigned a rating of not less than "A" or its equivalent as to investment quality by a national rating agency. See "OTHER PERTINENT INFORMATION - Ratings" herein. In addition, various provisions of the Texas Finance Code provide that, subject to a prudent investor standard, the Notes are legal investments for state banks, savings banks, trust companies with capital of one million dollars or more, and savings and loan associations. The Notes are eligible to secure deposits of any public funds of the State, its agencies, and its political subdivisions, and are legal security for those deposits to the extent of their fair market value. No review by the City has been made of the laws in other states to determine whether the Notes are legal investments for various institutions in those states.

No representation is made that the Notes will be acceptable to public entities to secure their deposits or acceptable to such institutions for investment purposes. The City has made no investigation of other laws, rules, regulations or investment criteria which might apply to any such persons or entities or which might otherwise limit the suitability of the Notes for any of the foregoing purposes or limit the authority of such persons or entities to purchase or invest in the Notes for such purposes.

## **Ratings**

A municipal bond rating application has been made to S&P Global Ratings ("S&P"). The Issuer currently has an S&P underlying rating of "AA" and a rating of "Aa2" by Moody's on its general obligation debt. An explanation of the significance of such rating may be obtained from the rating agency. A rating by a rating agency reflects only the views of such company at the time the ratings are given, and the Issuer makes no representation as to the appropriateness of the rating. There is no assurance that such rating will continue for any given period of time, or that it will not be revised downward or withdrawn entirely by the rating agency if, in the judgment of such rating agency, circumstances so warrant. Any such downward revision or withdrawal of the rating may have an adverse effect on the market price of the Notes.

## **Financial Advisor**

SAMCO Capital Markets, Inc. is employed as the Financial Advisor to the Issuer in connection with the issuance of the Notes. In this capacity, the Financial Advisor has compiled certain data relating to the Notes and has assisted in drafting this Official Statement. The Financial Advisor has not independently verified any of the data contained herein or conducted a detailed investigation of the affairs of the Issuer to determine the accuracy or completeness of this Official Statement. Because of its limited participation, the Financial Advisor assumes no responsibility for the accuracy or completeness of any of the information contained herein. The fees for Financial Advisor are contingent upon the issuance, sale and delivery of the Notes.

## **Winning Bidder**

After requesting competitive bids for the Notes, the City accepted the bid of \_\_\_\_\_ (previously defined as the "Purchaser" or the "Initial Purchaser") to purchase the Notes at the interest rates shown on the page ii of this Official Statement at a price of par, plus a [net] reoffering premium of \$\_\_\_\_\_, less a Purchaser's discount of \$\_\_\_\_\_, plus accrued interest on the Notes from their Dated Date to their date of initial delivery. The City can give no assurance that any trading market will be developed for the City after their sale by the City to the Purchaser. The City has no control over the price at which the Notes are subsequently sold and the initial yield at which the Notes will be priced and reoffered will be established by and will be the responsibility of the Purchaser.

## **Certification as to Official Statement**

The City, acting by and through its City Council in its official capacity hereby certifies, as of the date hereof, that to the best of its knowledge and belief, the information, statements and descriptions pertaining to the City and its affairs herein contain no untrue statements of a material fact and do not omit to state any material fact necessary to make the statements herein, in light of the circumstances under which they were made, not misleading. The information, description and statements concerning entities other than the City, including particularly other governmental entities, have been obtained from sources believed to be reliable, but the City has made no independent investigation or verification of such matters and makes no representation as to the accuracy or completeness thereof. Except as set forth in "CONTINUING DISCLOSURE OF INFORMATION" herein, the City has no obligation to disclose any changes in the affairs of the City and other matters described in this Official Statement subsequent to the "end of the underwriting period" which shall end when the City delivers the Notes to the Purchaser at closing, unless extended by the Purchaser. All information with respect to the resale of the Notes subsequent to the "end of the underwriting period" is the responsibility of the Purchaser.

### Updating the Official Statement during Underwriting Period

If, subsequent to the date of the Official Statement to and including the date the Purchaser is no longer required to provide an Official Statement to potential customers who request the same pursuant to Rule 15c2-12 of the federal Securities Exchange Act of 1934 (the "Rule") (the earlier of (i) 90 days from the "end of the underwriting period" (as defined in the Rule) and (ii) the time when the Official Statement is available to any person from a nationally recognized repository but in no case less than 25 days after the "end of the underwriting period"), the City learns or is notified by the Purchaser of any adverse event which causes any of the key representations in the Official Statement to be materially misleading, the City will promptly prepare and supply to the Purchaser a supplement to the Official Statement which corrects such representation to the reasonable satisfaction of the Purchaser, unless the Purchaser elects to terminate its obligation to purchase the Notes as described in the notice of sale accompanying this Official Statement. The obligation of the City to update or change the Official Statement will terminate when the City delivers the Notes to the Purchaser (the "end of the underwriting period" within the meaning of the Rule), unless the Purchaser provides written notice to the City that less than all of the Notes have been sold to ultimate customers on or before such date, in which case the obligation to update or change the Official Statement will extend for an additional period of time of 25 days after all of the Notes have been sold to ultimate customers. In the event the Purchaser provides written notice to the City that less than all of the Notes have been sold to ultimate customers, the Purchaser agrees to notify the City in writing following the occurrence of the "end of the underwriting period" as defined in the Rule.

### Forward-Looking Statements Disclaimer

The statements contained in this Official Statement, and in any other information provided by the City, that are not purely historical, are forward-looking statements, including statements regarding the City's expectations, hopes, intentions, or strategies regarding the future. Readers should not place undue reliance on forward-looking statements. All forward-looking statements included in this Official Statement are based on information available to the City on the date hereof, and the City assumes no obligation to update any such forward-looking statements. Assumptions related to the foregoing involve judgments with respect to, among other things, future economic, competitive, and market conditions and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond the control of the City. Any of such assumptions could be inaccurate and, therefore, there can be no assurance that the forward-looking statements included in this Official Statement will prove to be accurate.

\*\*Self supporting debt is secured primarily by the City's ad valorem taxes, but has historically been paid from the revenue source indicated in the parenthetical following each series title in the table presentation. Although the City anticipates continuing this practice, no assurances can be given that the City will continue treating such debt as self-supporting or that ad valorem taxes will not be used to make debt service payments on such debt in the future.

## GUADALUPE COUNTY

Guadalupe County, Texas (the “County”) located in south central Texas, is bounded by Comal, Hays, Caldwell, Gonzales, Wilson, and Bexar counties. The County seat is the City of Seguin, Texas. Guadalupe County was created from Gonzales and Bexar counties and was organized on July 13, 1846. The County takes its name from the Guadalupe River, which Alonso de Leon named in 1689 in honor of the Lady of Guadalupe depicted on his standard.

The County is a component of the “San Antonio Area Metropolitan Statistical Area” (MSA) and covers an area of 715 square miles. The County is traversed by Interstate Highway 35 and Highway 10 (east to west). US Highway 90 and US Highway 90A both branch off Interstate Highway 10 in Seguin and continue eastward to the county line toward Luling and Gonzales. Additionally, the County has two major state highways, State Highway 46 and State Highway 123 that both bisect the County (north to south). Recently completed is State Highway 130, a toll road, which is meant to divert traffic on Interstate Highway 35 around Austin. State Highway 130 begins in Georgetown and travels east of Austin, coming into Guadalupe County on the northeast boundary and connecting to Interstate Highway 10 east of Seguin.

Major commercial construction projects, such as a new Caterpillar plant, a major expansion project by Guadalupe Regional Medical Center, and a new warehouse distribution center by Amazon, significantly contributed to the lower unemployment rate.

The Seguin Independent School District, accredited by the Texas Education Agency, is administered by a board comprised of elected citizens who serve in their respective positions without compensation. In addition to the basic curriculum prescribed by the state for grades K through 12, the District offers a wide range of electives. There are extensive special education and vocational education programs, as well as provisions for the accelerated students.

Texas Lutheran University (“TLU”), a fully accredited four-year co-educational senior liberal arts institution of higher learning, is located in Seguin. TLU’s 1,400 students (50-50, male/female) come from 36 states and seven foreign countries. The 15:1 student-teacher ratio allows for small classes. TLU has been listed as one of the top ten small colleges in the southern United States by the U.S. News and World Report survey of college presidents for 15 out of 16 years. TLU is a central part of life in Seguin and the university pumps an estimated \$50 million in the Seguin economy annually.

Other educational facilities nearby include: Texas State University at San Marcos; University of Texas at Austin; and the San Antonio institutions of San Antonio College, Trinity University, St. Mary’s University, University of Texas at San Antonio, The University of the Incarnate Word, Our Lady of the Lake University, and the University of Texas Health Science Center composed of schools of Dentistry, Nursing, Allied health Sciences and graduate school of Biomedical Sciences.

**APPENDIX C**

**FORM OF LEGAL OPINION OF BOND COUNSEL**

*An opinion in substantially the following form will be delivered by McCall,  
Parkhurst & Horton L.L.P., Bond Counsel, upon the delivery of the  
Bonds, assuming no material changes in facts or law.*

**CITY OF NEW BRAUNFELS, TEXAS  
TAX NOTES, SERIES 2026  
IN THE AGGREGATE PRINCIPAL AMOUNT OF \$2,000,000\***

**AS BOND COUNSEL FOR THE CITY OF NEW BRAUNFELS, TEXAS** (the "City") in connection with the issuance of the bonds described above (the "Notes"), we have examined into the legality and validity of the Notes, which bear interest from the dates specified in the text of the Notes, until maturity or redemption, at the rates and payable on the dates specified in the text of the Notes and in the ordinance of the City adopted on August 24, 2026\* authorizing the issuance of the Notes (the "Note Ordinance").

**WE HAVE EXAMINED** the applicable and pertinent Constitution and laws of the State of Texas, certified copies of the pertinent proceedings of the City, and other pertinent documents authorizing and relating to the issuance of said Notes, including the executed Note (Note Number T-1).

**BASED ON SAID EXAMINATION, IT IS OUR OPINION** that said Notes have been duly authorized, issued and delivered in accordance with law; and that said Notes, except as the enforceability thereof may be limited by laws relating to bankruptcy, insolvency, reorganization, moratorium, liquidation and other similar laws now or hereafter enacted related to creditors' rights generally or by general principle of equity which permit the exercise of judicial discretion, constitute valid and legally binding obligations of the City, and ad valorem taxes sufficient to provide for the payment of the interest on and the principal of the Notes have been levied and pledged for such purpose, within the limit prescribed by law on taxable property within the City.

**IT IS FURTHER OUR OPINION**, except as discussed below, that the interest on the Notes is excludable from the gross income of the owners thereof for federal income tax purposes under the statutes, regulations, published rulings, and court decisions existing on the date of this opinion. We are further of the opinion that the Notes are not "specified private activity bonds" and that, accordingly, interest on the Notes will not be included as an individual alternative minimum tax preference item under section 57(a)(5) of the Internal Revenue Code of 1986 (the "Code"). In expressing the aforementioned opinions, we have relied on certain representations, the accuracy of which we have not independently verified, and assume compliance by the City with certain covenants, regarding the use and investment of the proceeds of the Notes and the use of the property financed therewith. We call your attention to the fact that if such representations are determined to be inaccurate or upon a failure by the City to comply with such covenants, interest on the Notes may become includable in gross income retroactively to the date of issuance of the Notes.

---

\* Subject to change.

**EXCEPT AS STATED ABOVE**, we express no opinion as to any other federal, state, or local tax consequences of acquiring, carrying, owning, or disposing of the Notes, including the amount, accrual or receipt of interest on, the Notes. In particular, but not by way of limitation, we express no opinion with respect to the federal, state or local tax consequences arising from the enactment of any pending or future legislation. Owners of the Notes should consult their tax advisors regarding the applicability of any collateral tax consequences of owning the Notes.

**WE CALL YOUR ATTENTION TO THE FACT** that the interest on tax-exempt obligations, such as the Notes, may be includable in a corporation's adjusted financial statement income for purposes of determining the alternative minimum tax imposed on certain corporations by section 55 of the Code

**OUR OPINIONS ARE BASED ON EXISTING LAW**, which is subject to change. Such opinions are further based on our knowledge of facts as of the date hereof. We assume no duty to update or supplement our opinions to reflect any facts or circumstances that may thereafter come to our attention or to reflect any changes in any law that may thereafter occur or become effective. Moreover, our opinions are not a guarantee of result and are not binding on the Internal Revenue Service (the "Service"); rather, such opinions represent our legal judgment based upon our review of existing law and in reliance upon the representations and covenants referenced above that we deem relevant to such opinions. The Service has an ongoing audit program to determine compliance with rules that relate to whether interest on state or local obligations is includable in gross income for federal income tax purposes. No assurance can be given whether or not the Service will commence an audit of the Notes. If an audit is commenced, in accordance with its current published procedures the Service is likely to treat the City as the taxpayer. We observe that the City has covenanted not to take any action, or omit to take any action within its control, that if taken or omitted, respectively, may result in the treatment of interest on the Notes as includable in gross income for federal income tax purposes.

**WE EXPRESS NO OPINION** as to any insurance policies issued with respect to the payments due for the principal of and interest on the Notes, nor as to any such insurance policies issued in the future.

**OUR SOLE ENGAGEMENT** in connection with the issuance of the Notes is as Bond Counsel for the City, and, in that capacity, we have been engaged by the City for the sole purpose of rendering an opinion with respect to the legality and validity of the Notes under the Constitution and laws of the State of Texas, and with respect to the exclusion from gross income of the interest on the Notes for federal income tax purposes, and for no other reason or purpose. The foregoing opinions represent our legal judgment and based on our review of existing legal authorities that we deem relevant to render such opinions and are not a guarantee of a result. We have not been requested to investigate or verify, and have not independently investigated or verified any records, data, or other material relating to the financial condition or capabilities of the City, or the disclosure thereof in connection with the sale of the Notes and have not assumed any responsibility with respect thereto. We express no opinion and make no comment with respect to the marketability of the Notes and have relied solely on certificates executed by officials of the City as to the current outstanding indebtedness of and assessed valuation of taxable property within the City. Our role

in connection with the City's Official Statement prepared for use in connection with the sale of the Notes has been limited as described therein.

**THE FOREGOING OPINIONS** represent our legal judgment based upon a review of existing legal authorities that we deem relevant to render such opinions and are not a guarantee of a result.

Respectfully

## INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and  
City Council Members of the  
City of New Braunfels, Texas

### Report on the Audit of the Financial Statements

#### *Opinions*

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of New Braunfels (the "City"), as of and for the year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2025, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the New Braunfels Utilities, a discrete component unit of the city ("NBU"), which represent 98 percent and 97 percent, respectively, of the assets and net position of the aggregate discretely presented component units as of July 31, 2025, and 97 percent of the revenues of the aggregate discretely presented component units for the year then ended. Our report includes a reference to other auditors who audited the financial statements of New Braunfels Utilities, a discrete component unit of the City, as described in our report on the City's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions

---

(Continued)

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and schedules of changes and contributions related to the City and NBU's participation in various pension and OPEB plans as identified on the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

---

(Continued)

We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining statements and schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the report of other auditors, the combining statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated March 16, 2026 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

CITY OF NEW BRAUNFELS, TEXAS  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
For the year ended September 30, 2025

---

The purpose of the Management's Discussion and Analysis (MD&A) is to give the readers an objective and easily readable analysis of the financial activities of the City of New Braunfels, Texas (the "City") for the year ending September 30, 2025. The analysis is based on currently known facts, decisions, or economic conditions. It presents short and long-term analysis of the City's activities, compares current year results with those of the prior year, and discusses the positive and negative aspects of that comparison. Please read the MD&A in conjunction with the City's financial statements, which follow this section.

**THE STRUCTURE OF OUR ANNUAL REPORT**

The City's basic financial statements include (1) government-wide financial statements, (2) individual fund financial statements, and (3) notes to the financial statements. This report also includes supplementary information intended to furnish additional detail to support the basic financial statements themselves.

**Government-Wide Statements**

The government-wide statements report information for the City as a whole. These statements include transactions and balances relating to all assets, including infrastructure capital assets. These statements are designed to provide information about cost of services, operating results, and financial position of the City as an economic entity. The Statement of Net Position and the Statement of Activities, which appear first in the City's financial statements, report information on the City's activities that enable the reader to understand the financial condition of the City. These statements are prepared using the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account even if cash has not yet changed hands.

The Statement of Net Position presents information on all the City's assets, liabilities, and deferred outflows/inflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. Other nonfinancial factors, such as the City's property tax base and the condition of the City's infrastructure, need to be considered to assess the overall health of the City.

---

(Continued)

CITY OF NEW BRAUNFELS, TEXAS  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
For the year ended September 30, 2025

---

The Statement of Activities presents information showing how the City's net position changed during the most recent year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows – the accrual method rather than modified accrual that is used in the fund level statements.

The Statement of Net Position and the Statement of Activities divide the City's financials into two classes of activities:

1. *Governmental Activities* – The City's tax-supported services are reported here including police and fire protection (public safety), streets and drainage (public works), library, finance and tax, parks and recreation, planning and environmental development, and general administrative services (general government). Interest payments on the City's tax-supported debt are also reported here. Property tax, sales tax, franchise fees, municipal court fines, and permit fees finance most of these activities.
2. *Business-Type Activities* – Services involving a fee for those services are reported here. These services include the City's airport, solid waste, golf course, and civic/convention center services, as well as interest payments on debt issued for equipment financing.

The government-wide financial statements include not only the City itself (known as the primary government), but also a legally separate economic development corporation and a legally separate utilities entity for which the City is financially accountable. Financial information for these component units is reported separately from the financial information presented for the primary government itself. The Tax Increment Reinvestment Zone No. 1 ("TIRZ"), the New Braunfels Development Authority (NBDA), the River Mill TIRZ, and the Downtown TIRZ although legally separate, function for all practical purposes as departments of the City and have been included as an integral part of the primary government.

#### **FUND FINANCIAL STATEMENTS**

Funds may be considered as operating companies of the parent corporation, which is the City. They are usually segregated for specific activities or objectives. The City uses fund accounting to ensure and demonstrate compliance with finance-related legal reporting requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental Funds:** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the year. Such information may be useful in evaluating the City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

(Continued)

CITY OF NEW BRAUNFELS, TEXAS  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
For the year ended September 30, 2025

---

The City maintains 53 individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the general fund, the debt service, 2019 capital improvement, 2023 capital improvement, parks improvement, and grant funds, which are considered to be major funds for reporting purposes. The hotel/motel tax fund is not a major fund, but the City has elected to present it as major due to its significance.

The City adopts an annual appropriated budget for its general fund, debt service fund, and select special revenue funds. Budgetary comparison schedules have been provided for these funds to demonstrate compliance with these budgets.

Proprietary Fund: The City maintains two types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its airport, solid waste, golf course, and civic/convention center services. The proprietary fund financial statements provide separate information for the airport and solid waste funds. The proprietary fund financial statements can be found in the basic financial statements of this report.

The City also uses an internal service fund to account for its self-funded health plan and city-wide fleet services. These internal service funds have been included within governmental activities in the government-wide financial statements.

Fiduciary Funds: Fiduciary funds are used to account for resources held for the benefit of parties outside of the government. Fiduciary funds are not reported in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The City maintains two types of fiduciary funds. The private-purpose trust fund is used to report resources held in trust for contributions and payments made on behalf of the Solms Landing Public Improvement District (the "PID"). The custodial fund is used to report the collection of special assessment tax revenue and the associated contributions to the private-purpose trust fund. The fiduciary fund financial statements can be found in the basic financial statements of this report.

Notes to Financial Statements: The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes are the last section of the basic financial statements.

Other Information: In addition to basic financial statements, MD&A, and accompanying notes, this report also presents certain Required Supplementary Information (RSI). The RSI includes a budgetary comparison schedule for the general, grants, and hotel/motel tax funds, schedules of changes in net pension liability and related ratios for the Texas Municipal Retirement System (TMRS), a schedule of changes in total OPEB liability and related ratios for the TMRS Supplemental Death Benefit Fund, schedule of changes in total OPEB liability and related ratios for the Retiree Benefits program, and schedules of contributions for TMRS. RSI can be found after the notes to the basic financial statements.

CITY OF NEW BRAUNFELS, TEXAS  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
For the year ended September 30, 2025

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of the City's financial position. Assets and deferred outflows of resources exceed liabilities and deferred inflows of resources by \$158,775,002 as of September 30, 2025 for the primary government. This compares with \$139,901,405 from the prior fiscal year. A portion of the City's net position, \$100,885,461, reflects its investments in capital assets (e.g., land, buildings and improvements, equipment, construction in progress, right-to-use equipment, subscription assets, and infrastructure), less any outstanding debt used to acquire those assets. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the assets themselves cannot be used to liquidate these liabilities.

**Statement of Net Position:** The following table reflects the condensed Statement of Net Position:

|                                       | Governmental Activities |                | Business-Type Activities |               | Total Primary Government |                |

## FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, fund accounting is used to demonstrate and ensure compliance with finance-related legal requirements.

**Governmental Funds** – The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the City's net resources available for spending at the end of the year.

The City's governmental funds reflect a combined fund balance of \$184,097,229. Of this, \$251,476 is nonspendable, \$145,429,847 is restricted for various purposes, \$375,822 is committed, \$2,190,402 is assigned, and \$35,849,682 is unassigned.

The general fund is the chief operating fund of the City. At the end of the current year, unassigned fund balance of the general fund was \$35,849,682, while total fund balance reached \$38,041,274. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 33% of total general fund expenditures, while total fund balance represents 35% of that same amount. The general fund balance increased by \$324,528 this year, primarily related to increases in ad valorem property taxes due to an increase in property values, sales taxes due to higher consumer spending than the previous year, licenses and permits due to an increase in development activity within the City, and charges for services due to an increase in ambulance service revenue collections. This increase was offset by increases in expenditures due to an increase in capital outlay expenditures and services.

It is important to note that this fund balance includes all of the fund balance in the general fund and equipment replacement subfund. The equipment replacement subfund contributes \$2,190,402 to this stated fund balance. This fund allows the City to account for equipment replacement and improvements in a separate subfund and not include these activities in the primary general operating fund.

The fund balance of the hotel/motel tax fund experienced a decrease of \$123,246, mostly due to a decrease in hotel/motel tax collections and an increase in service expenditures.

The fund balance in the debt service fund experienced a decrease of \$262,073. This decrease is largely contributed to an increase in principal and interest payments and fees associated with the issuance of a general obligation and refunding bond in the current year.

The fund balance in the 2019 capital improvement fund had a decrease of \$25,103,282, which was primarily a result of bond proceeds being used for capital projects.

The fund balance in the 2023 capital improvement fund had an increase of \$28,115,879 which was primarily related to the issuance of new debt in the fiscal year. This increase was offset by the result of bond proceeds being used for capital projects.

The fund balance in the park improvement fund had an increase of \$3,367,003, which was primarily a result of increases in collections of park development impact fees in fiscal year 2025.

The grants fund is used to track various special project expenditures and reimbursements for grant programs in the City. The fund experienced a decrease of \$754,097 due to an excess of expenditures over revenue for contributions received in the prior year.

**Proprietary Funds** – The City's proprietary funds financial statements provide the same type of information found in the government-wide financial statements, but in more detail. The Airport fund experienced a decrease in net position of \$73,155 primarily related to increases in personnel cost and professional services. The Solid Waste fund experienced an increase in net position of \$371,329 primarily related to an increase in refuse collections due to an increase in rates in the current year.

#### **GENERAL FUND BUDGETARY HIGHLIGHTS**

The amended budget included a planned decrease in fund balance in the amount of \$5,252,226. The actual fund balance for the year increased by \$324,528. Actual revenues exceeded the amended budget by \$4,541,731 spread across various revenue lines. The largest positive variances were in investment earnings and licenses and permits. The City's conservative revenue projections, as well as the diverse economy within the City, are both attributable to the positive variances. Actual expenditures exceeded the amended budget by \$2,963,430, largely due to capital outlay associated with a SBITA.

#### **CAPITAL ASSETS**

At the end of fiscal year 2025, the City's governmental activities had invested \$340,415,843 in a variety of capital assets and infrastructure (net of accumulated depreciation and amortization). This represents a net increase of \$46,511,492.

More detailed information about the City's capital assets is presented in Note 3 to the financial statements.

#### **LONG-TERM DEBT**

At the end of the current year, the City had total general obligation bonds and certificates of obligation outstanding of \$296,210,000. Of this amount, \$253,790,000 was general obligation debt and \$42,420,000 was certificates of obligation.

More detailed information about the City's long-term liabilities and issuances of debt presented in Note 3 to the financial statements.

The City's bonds presently carry an 'AA' rating from Standard and Poor's, and an 'Aa2' rating from Moody's Investor Service, and an 'AA' rating from Fitch.

#### **ECONOMIC FACTORS AND NEXT YEAR'S BUDGET**

From a budget planning perspective, inflation and interest rates created a significant amount of economic uncertainty. The fiscal strategy over the past year was to continue to budget conservatively. Fortunately, the City's reserves are in a strong surplus position which has allowed for major one-time investments in equipment and technology with specific focus on improving efficiency, safety, and productivity.

Long-term budgeting priorities include considering staffing strategies and other initiatives driven by population growth and increased demand for services.

| The issuance of long-term debt (e.g., bonds, leases, certificates of obligation) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when it is first issued; whereas, these amounts are deferred and amortized in the Statement of Activities. |                      |

CITY OF NEW BRAUNFELS, TEXAS  
NOTES TO FINANCIAL STATEMENTS  
September 30, 2025

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Reporting Entity: The City of New Braunfels, Texas (the "City") was founded in 1845. It has adopted a "Home Rule Charter," which provides for a "Mayor-Council" form of government. A Mayor and six Council members are elected by voters of the City at large for three-year terms.

The City Council is the principal legislative and administrative body of the City.

The City Manager is the head of the administrative departments of the City and is the supervisor of all administrative officers, employees, directors, and department heads. Departments and agencies of the City submit budget requests to the City Manager.

The City provides the following services: public safety (police, fire, and EMS), public works, parks and recreation, library, airport, solid waste collection, community services, and general government. The City is an independent political subdivision of the State of Texas (the "State") governed by an elected Council and a Mayor and is considered a primary government. As required by generally accepted accounting principles, these basic financial statements have been prepared based on considerations regarding the potential for inclusion of other entities, organizations, or functions as part of the City's financial reporting entity. The component units, as listed below, although legally separate, are considered part of the reporting entity. No other entities have been included in the City's reporting entity. Additionally, as the City is considered a primary government for financial reporting purposes, its activities are not considered a part of any other governmental or other type of reporting entity.

Considerations regarding the potential for inclusion of other entities, organizations, or functions in the City's financial reporting entity are based on criteria prescribed by generally accepted accounting principles. These same criteria are evaluated in considering whether the City is a part of any other governmental or other type of reporting entity. The overriding elements associated with prescribed criteria considered in determining that the City's financial reporting entity status is that of a primary government are that it has a separately elected governing body, it is legally separate, and it is fiscally independent of other state and local governments. Additionally, prescribed criteria under generally accepted accounting principles include considerations pertaining to organizations for which the primary government is financially accountable and considerations pertaining to organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

*Discretely Presented Component Units*

Economic Development Corporation - The New Braunfels Economic Development Corporation (the "Corporation") is a legally separate nonprofit entity which was organized under the laws of the State to provide economic development benefits for the City. Prior to fiscal year 2018, the entity was operating as the "Industrial Development Corporation". On April 9, 2018, City Council amended the bylaws, renaming the Corporation as the New Braunfels Economic Development Corporation. The Corporation is presented as a governmental component unit. City Council appoints the Board of Directors and approves expenditures. Separate financial statements can be obtained by contacting the President of the Corporation.

New Braunfels Utilities - New Braunfels Utilities (NBU) is a legally separate entity which provides waterworks, sanitary sewer, and electric services in the New Braunfels area. City Council appoints the NBU Board of Trustees, and approves utility rates and the issuance of debt. The NBU is presented as an enterprise component unit. Complete financial statements for the NBU may be obtained at the NBU's administrative offices at 1488 S Seguin Ave., New Braunfels, Texas 78130. The NBU's financial statements are presented on a July 31 fiscal year end.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

*Blended Component Units*

The blended component units discussed below are included as part of the reporting entity because their boards are substantially the same as the primary government's board, and the management of the primary government has the operational responsibility for the component units. The blended component units, although legally separate entities are, in substance, part of the City's operations and financial data from these units are combined with financial data of the City in preparing the government-wide financial statements. The City board also serves as the governing body for all its blended component units.

Tax Increment Reinvestment Zone No. 1 - During fiscal year 2007, the City passed a resolution creating a Tax Increment Reinvestment Zone No. 1 ("TIRZ No. 1"), in accordance with Section 311 of the Texas Tax Code, for the purpose of financing public improvements in support of the Creekside Town Center Development. The TIRZ No. 1 includes participation by a developer and by other governmental entities, the Corporation, and Comal County, Texas (the "County"). Under this arrangement, a certain percentage of the incremental ad valorem tax revenue collected by the City and the County and one-half cent of sales taxes collected by the City and the Corporation will be utilized to pay for certain infrastructure costs. In fiscal year 2021, City Council voted on and implemented a change to this arrangement to be implemented in fiscal year 2022. Effective October of 2021, the City's portion of sales tax collected will no longer be utilized for TIRZ infrastructure costs. Such tax revenue is controlled by the Board of Directors managing the TIRZ No. 1 and is accounted for in a special revenue fund with the City's financial oversight. The Board of Directors is made up of seven members, five of which are appointed by the City Council.

New Braunfels Development Authority - During fiscal year 2007, the City passed a resolution creating the New Braunfels Development Authority (NBDA) in accordance with Section 394 of the Texas Local Government Code. The NBDA has been included in the reporting entity as a blended component unit. The NBDA was created to assist and act on behalf of the City in the performance of the City's governmental functions to promote the common good and general welfare of the TIRZ and to promote, develop, encourage, and maintain employment, commerce, and economic development in the City. During fiscal year 2007, the City passed an agreement (the "Agreement") between the City, the NBDA, and the TIRZ No. 1 in which the NBDA will facilitate the implementation of the TIRZ plan and assist the City with reimbursement to the developer participating in the TIRZ No. 1. Reimbursement to the developer will be made through the issuance of bonds, notes, or other obligations available to the NBDA but only after consent of the City Council. Efforts of the NBDA will be financed using the TIRZ No. 1 tax increment as outlined in the Agreement. Such taxes and payment of debt service activity are controlled by the Board of Directors managing the NBDA and are accounted for in a special revenue fund with the City's financial oversight. The Board of Directors is made up of seven members, five of which are appointed by the City Council.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

River Mill Tax Increment Reinvestment Zone - In December 2019, the City Council established the River Mill Tax Increment Reinvestment Zone ("TIRZ No. 2"). Similar to TIRZ No. 1, the City's participation is limited to 85% of the real and business personal property tax revenue and 1/3 of all sales tax revenue. The current property owner is finalizing redevelopment plans for the approximate seven-acre River Mill area, which is conveniently located off I-35, directly behind Marketplace shopping area. The conceptual plan includes various uses for the property such as a hotel, entertainment venue, and boutique retail, as well as other multi-family housing options. The City is currently engaging other public sector partners to participate in the TIRZ No. 2 as well. The project and finance plan has not been approved, therefore, the City Council has not established a board for TIRZ No. 2 at this point. Once the project and finance plan is approved, a board will be established to oversee the utilization of the incremental funds to support appropriate public improvements in accordance with section 311 of the Texas Tax Code.

Downtown Tax Increment Reinvestment Zone - In September 2021, the City Council established the Downtown Tax Increment Reinvestment Zone ("TIRZ No. 3"). Similar to TIRZ No. 1, the City's participation is limited to 85% of the real and business personal property tax revenue. The TIRZ will provide support for catalytic infrastructure and incentives that will facilitate the redevelopment of the downtown area. The downtown area faces barriers to continued redevelopment as much of the pedestrian infrastructure in the zone is insufficient. Additionally, new development in the zone has been stifled due to lack of convenient and adequate parking given the built-out nature of the development pattern. The City has established a board for TIRZ No. 3 to oversee the utilization of the incremental funds, and a project and financing plan has been approved. Collections of revenue in the TIRZ started in fiscal year 2023.

Separate financial statements for the TIRZ's and NBDA funds are not prepared.

The City also has the following related organization:

The Housing Authority of the City of New Braunfels (the "Authority") is a nonprofit entity, which was organized under the laws of the State to provide housing for qualified individuals in accordance with the rules and regulations prescribed by the U.S. Department of Housing and Urban Development. City Council appoints the Board of Directors of the Authority. However, the City is not financially accountable for the Authority because the Authority's operations are subsidized by the federal government, it sets its own budget subject to federal approval, it sets its rental rate, and it can issue debt in its own name. The City is not responsible for the deficits or liabilities of the Authority. Separately audited financial statements may be obtained at the City's administrative offices at 550 Landa Street, New Braunfels, Texas 78130.

Government-Wide Financial Statements: The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. *Governmental activities*, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges to external customers for support. Likewise, the *primary government* is reported separately from certain legally separate component units for which the primary government is financially accountable.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Basis of Presentation - Government-Wide Financial Statements:** While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental and internal service funds, while business-type activities incorporate data from the City's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in lieu of taxes where the amounts are reasonably equivalent in value to the interfund services provided and other charges between the City's water and wastewater functions and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

**Basis of Presentation - Fund Financial Statements:** The fund financial statements provide information about the City's funds, including its fiduciary funds. Separate statements for each fund category – governmental, proprietary, and fiduciary – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

The City reports the following governmental funds:

**General Fund:** The *general fund* is used to account for and report all financial resources not accounted for and reported in another fund. The principal sources of revenues include local property taxes, sales taxes, franchise fees, licenses and permits, fines and forfeitures, and charges for services. Expenditures include general government, public safety, public works, parks and recreation, and library. The general fund is always considered a major fund for reporting purposes.

**Debt Service Fund:** The *debt service fund* is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest on long-term debt of the City. The primary source of revenue for debt service is local property taxes. The debt service fund is considered a major fund for reporting purposes.

**Special Revenue Funds:** The *special revenue funds* are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The grants fund was the only special revenue fund that was considered major. The special revenue funds are considered nonmajor funds for reporting purposes, except for the hotel/motel tax fund, which does not qualify as major, but the City has elected to present it as major due to its significance.

**Hotel/motel tax fund:** This fund accounts for the tax collections of the hotel/motel occupancy taxes and the disbursement of those funds.

**Grants fund:** This fund accounts for the receipt and expenditures of various grant funds and special projects for the City.

Capital Projects Funds: The *capital projects funds* are used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets. The capital projects funds are considered nonmajor funds for reporting purposes, except for the 2019 capital improvement fund, 2023 capital improvement fund, and the park improvement fund.

*2019 capital improvement fund:* This fund accounts for the expenditures of the proceeds from the 2018 and 2019 debt issuances related to capital improvements in the City.

*2023 Capital Improvement fund:* This fund was called the 2021 Tax Notes fund in prior years. The proceeds from the 2021 Tax Notes have been expended, and the City used this fund to reflect the issuance of new debt for capital projects in fiscal year 2024.

*Park improvement fund:* This fund accounts for collection and expenditure of park development impact fees charged within the City.

Permanent Fund: The *permanent fund* is used to account for nonexpendable trust arrangements where the principal may not be spent, and the earnings must be spent for a particular purpose. This fund is used to report the activity of the cemetery perpetual care fund.

The City reports the following proprietary funds:

Enterprise Funds: The *enterprise funds* are used to account for the operations that provide airport, solid waste, golf course, and civic/convention center operations. The services are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses including depreciation) of providing goods or services to the general public on a continuing basis will be financed or recovered primarily through user charges. The airport and solid waste funds are considered major funds for reporting purposes.

Internal Service Funds: *Internal service funds* account for services provided to other departments or agencies of the primary government, or to other governments, on a cost reimbursement basis. The City's internal service funds are used to account for services for the City's self-funded health plan, which is financed from systematic transfers from general governmental and enterprise funds, as well as the operation of the City's fleet service program to service and maintain City vehicles.

The City reports the following fiduciary funds:

Private-Purpose Trust Fund: The *private-purpose trust fund* accounts for contributions and payments made on behalf of the Solms Landing Public Improvement District (the "PID").

Custodial Fund: The *custodial fund* accounts for collection of special assessment revenue and contributions made to the trust related to the PID.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

During the course of operations, the City has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

Measurement Focus and Basis of Accounting: The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide, proprietary fund, and fiduciary fund financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under leases are reported as other financing sources.

Property taxes, sales taxes, franchise fees, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year end). All other revenue items are considered to be measurable and available only when cash is received by the City.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance:

Cash and Cash Equivalents: The City's cash and cash equivalents are considered to be cash on hand, demand deposits, balances in statewide investment pools, and short-term investments with original maturities of three months or less from the date of acquisition. For the purpose of the statement of cash flows, the proprietary fund types consider temporary investments with maturity of three months or less when purchased to be cash equivalents.

The City maintains a pooled cash account. Each fund whose monies are deposited in the pooled cash account has equity therein, and interest earned on the investment of these monies is allocated based upon relative equity at the previous month end. Amounts on deposit in interest bearing accounts and other investments are displayed on the combined balance sheet as "cash and equity in pooled cash."

Investments: Investments, except for certain investment pools and commercial paper, are reported at fair value. The investment pools operate in accordance with appropriate state laws and regulations and are reported at amortized cost. Commercial paper is reported at amortized cost.

The City has adopted a written investment policy regarding the investment of its funds as defined in the Public Funds Investment Act, Chapter 2256, Texas Government Code (the "Act"). The City is required by the Act to adopt, implement, and publicize an investment policy. That policy must be written; primarily emphasize safety of principal and liquidity; address investment diversification, yield, and maturity and the quality and capability of investment management; and include a list of the types of authorized investments in which the City's funds may be invested and the maximum allowable stated maturity of any individual investment owned by the City.

The Act contains specific provisions in the area of investment practices, management reports, and establishment of appropriate policies. Investments are administered by City management under terms of an investment policy and strategy that is updated to conform to the Act as last amended. The preservation of capital is the City's most important investment objective. Other objectives include providing liquidity and maximizing earnings within the constraints of other objectives. The City is in substantial compliance with the requires of the Act and with local policies.

In summary, the City is authorized to invest in the following:

- Direct obligations of the U.S. Government
- Money market mutual funds that meet certain criteria
- Collateralized certificates of deposit
- Municipal securities that meet certain criteria
- Fully collateralized repurchase agreements that meet certain criteria
- Bankers' acceptances
- Commercial paper that meets certain criteria
- Guaranteed investment contracts that meet certain criteria
- Statewide investment pools

Inventories and Prepaid Items: The costs of governmental fund type inventories are recorded as expenditures when the related liability is incurred (i.e., the purchase method).

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

Capital Assets: Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year.

Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest costs incurred in connection with construction of enterprise fund capital assets are capitalized when the effects of capitalization materially impact the financial statements. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Property, plant, and equipment of the primary government are depreciated using the straight-line method over the following estimated useful years:

| <u>Assets Depreciation</u>      | <u>Estimated Useful Life</u> |
|---------------------------------|------------------------------|
| Streets/Drainage Infrastructure | 20 years                     |
| Buildings                       | 30 years                     |
| Building Improvements           | 20 years                     |
| Equipment                       | 5-7 years                    |
| Fleet                           | 5-7 years                    |
| SBITAs                          | SBITA term                   |
| Leases                          | Lease term                   |

Deferred Outflows/Inflows of Resources: In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represent a consumption of net assets that applies to future periods and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represent an acquisition of net assets that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time.

Deferred outflows/inflows of resources are amortized as follows:

- Deferred outflows/inflows from pension/other postemployment benefits (OPEB) activities are amortized over the average of the expected service lives of pension/OPEB plan members, except for the net differences between the projected and actual investment earnings on the pension/OPEB plan assets, which are amortized over a period of five years.

---

(Continued)

CITY OF NEW BRAUNFELS, TEXAS  
NOTES TO FINANCIAL STATEMENTS  
September 30, 2025

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

- For employer pension/OPEB plan contributions that were made subsequent to the measurement date through the end of the City's fiscal year, the amount is deferred and recognized as a reduction to the net pension/OPEB liability during the measurement period in which the contributions were made.
- A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

At the fund level, the City has three types of items, which arises only under a modified accrual basis of accounting, that qualify for reporting in this category. Accordingly, these items, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes, grants, and from leases in which the government is the lessor. These amounts are deferred and recognized as an inflow of resources in the period that the amount becomes available.

Compensated Absences: It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. Amounts accumulated, up to certain amounts, may be paid to employees upon termination of employment. On retirement or death of certain employees, the City pays accrued sick leave in a lump sum payment to such employee or his/her estate. Non-civil service employees with 15 or more years of service are eligible to receive their accumulated sick leave up to 480 hours. These employees are also eligible if they retire with 10 or more years of service. Police and fire personnel covered by civil service receive payment for all accumulated sick leave up to 720 hours for police and fire (non-shift) and 1,080 hours for fire shift personnel. Police came under civil service in October 2011. Employees are paid for all accrued vacation leave when they leave the City's employment.

A liability for these obligations, which are collectively referred to as compensated absences, is calculated and reported in the government wide and proprietary fund financial statements as incurred following the provisions of GASB Statement No. 101, *Compensated Absences*. A liability for compensated absences is recognized when leave time: 1) has been earned for services previously rendered by employees, 2) accumulates and may be carried over into subsequent years, and 3) is more likely than not to be used as time off or settled (for example, paid in cash to the employee) during employment or upon separation from employment. The liability for compensated absences includes salary-related benefits, where applicable.

Long-Term Obligations: In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method, if material. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

The property tax rate is allocated each year between the general and debt service funds. The full amount estimated to be required for debt service on general obligation debt is provided by the tax along with the interest earned in the debt service fund. Although a portion of the general obligation debt was directly related to the purchase of solid waste infrastructure, the debt service expenditures are included in the governmental fund financial statements as they are expected to be paid from debt service tax revenues instead of solid waste revenues.

**Leases**

*Lessee* - The City is a lessee for a noncancellable lease of equipment. The City recognizes a lease liability and an intangible, right-to-use lease asset (the "lease asset") in the government-wide financial statements. The City recognizes lease liabilities with an initial, individual value of \$10,000 or more.

At the commencement of a lease, the City initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the City determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The City uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the City generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease.
- Lease payments included in the measurement of the lease liability are composed of fixed payments and the purchase option price that the City is reasonably certain to exercise.

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the Statement of Net Position.

*Lessor* - The City is a lessor for a noncancellable lease of a building. The City recognizes a lease receivable and a deferred inflow of resources in the government-wide and governmental fund financial statements.

At the commencement of a lease, the City initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Key estimates and judgments include how the City determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The City uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease.
- Lease receipts included in the measurement of the lease receivable are composed of fixed payments from the lessee.

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease receivable and deferred inflow of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

Subscription-Based Information Technology Arrangements: The City has noncancellable subscription-based information technology arrangements ("SBITAs") to finance the use of information technology software. The City would recognize a liability (the "subscription liability") and an intangible, right-to-use subscription asset (the "subscription asset") in the financial statements. The City's SBITAs to report are immaterial to the financial statements as a whole and are not recognized as a subscription liability or a subscription asset.

Net Position Flow Assumption: Sometimes the City will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

Fund Balance Flow Assumptions: Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Fund Balance Policies: Fund balances of governmental funds are reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The City itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

Amounts that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact are classified as nonspendable fund balance. Amounts that are externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions are classified as restricted.

CITY OF NEW BRAUNFELS, TEXAS  
NOTES TO FINANCIAL STATEMENTS  
September 30, 2025

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the City's highest level of decision-making authority. The City Council is the highest level of decision-making authority for the City that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as committed. The City Council may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

Unassigned fund balance includes amounts that have not been assigned to other funds or restricted, committed, or assigned to specific purpose within the general fund or deficit balances in other funds.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

*Minimum Fund Balance Policy* - The City will maintain an operating reserve for use in the event of unanticipated, extraordinary expenditures and/or the loss of a major revenue source. In the general fund, the operating reserve and specified contingencies shall be established at a minimum of 25 percent of the general fund budgeted expenditures for the current fiscal year. Special Revenue Funds are established in accordance with generally accepted accounting principles (GAAP) to account for revenues that are restricted or committed for specific purposes pursuant to state law, grant agreements, ordinances, or contractual requirements. The City shall manage Special Revenue Funds to ensure that resources are expended solely for their intended purpose and in compliance with all applicable legal and regulatory requirements. Because revenues in Special Revenue Funds are dedicated to specific uses, fund balances may fluctuate based on the timing of receipts and related expenditures and are not intended to accumulate for general reserve purposes. Accordingly, Special Revenue Funds are not subject to a minimum fund balance or reserve requirement unless explicitly required by statute, grant terms, or formal action of the City Council. The funds can only be appropriated by an affirmative vote of five of the seven City Council members.

The City will maintain a balance in the debt service fund equal to not less than 10 percent of the principal and interest payments on outstanding debt for each fiscal year.

Estimates: The preparation of financial statements, in conformity with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

Pensions: For the purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Texas Municipal Retirement System (TMRS) and additions to/deductions from TMRS' fiduciary net position have been determined on the same basis as they are reported by TMRS. For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Postemployment Benefits: The City participates in a single-employer, unfunded, defined benefit group-term life insurance plan operated by TMRS known as the Supplemental Death Benefits Fund (SDBF). The City elected, by ordinance, to provide group-term life insurance coverage to both current and retired employees. The funding policy for the SDBF program is to assure that adequate resources are available to meet all death benefit payments for the upcoming year. Benefit payments are treated as being equal to the employer's yearly contributions for retirees. Benefit payments and refunds are due and payable in accordance with the benefit terms. Information about the City's total OPEB liability, deferred outflows of resources, deferred inflows of resources, and OPEB expense is provided by TMRS from reports prepared by their consulting actuary.

The City also provides their own defined benefit group health benefit plan to eligible retirees.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

New Accounting Pronouncement: GASB Statement No. 101, *Compensated Absences*, updates the recognition and measurement guidance for compensated absences and associated salary-related payments by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The requirements of this statement are effective for fiscal year beginning after December 15, 2023, and all reporting periods thereafter. The City adopted this standard for fiscal year ended September 30, 2025. The impact on the financial statements as a result of implementation of this standard was immaterial. The footnotes to the financial statements have been amended in accordance with the standard.

GASB Statement No. 102, *Certain Risk Disclosures*, requires a government to assess and disclose information regarding certain concentrations or constraints and related events that may have a substantial impact and negatively affect the level of service a government provides. The requirements of this statement are effective for fiscal years beginning after June 15, 2024, and all reporting periods thereafter. The adoption of the standard has no impact on the City's financial statements.

Revenues and Expenditures/Expenses:

Program Revenues: Amounts reported as *program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

Property Taxes: Property taxes are levied by October 1 of each year on the assessed value listed as of the prior January 1 for all real and business personal property located in the City. Taxes are due upon receipt of the tax bill and become delinquent, with an enforceable lien on property, on February 1 of the following year.

Allowance for uncollectible tax receivables within the general and debt service funds are based upon historical experience in collecting property taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the City is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature.

Proprietary Funds Operating and Nonoperating Revenues and Expenses: Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise and internal service funds are charges to customers for sales and services. The enterprise funds also recognize as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for the enterprise funds and internal service fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

**NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

The City follows the procedures outlined below in establishing budgetary data reflected in the financial statements:

Prior to the beginning of the fiscal year, the City prepares a budget for the next succeeding fiscal year. The operating budget includes proposed expenditures and the means of financing them.

Two meetings of the City Council are then called for the purpose of adopting the proposed budget. At least ten days' public notice of the meeting must have been given.

Prior to the start of the fiscal year, the budget is legally enacted through passage of an ordinance by the City Council.

Annual budgets are adopted on a basis consistent with generally accepted accounting principles except the capital projects funds, which adopt project length budgets. The 2019 capital improvements fund, 2023 capital improvements fund, and park improvement funds are major funds for reporting purposes and are considered capital projects funds that do not present an annual operating budget. The Parking fund was a new fund created during the year, and therefore did not have an annual adopted budget. Budgetary legal level of control is set at the fund, department, and/or project level. Once a budget is approved, it can be amended only by approval of a majority of the members of the City Council. As required by law, such amendments are made before the fact and are reflected in the official minutes of the City Council. Encumbrances represent the estimated amount of expenditures ultimately to result when unperformed contracts (in progress at year end) are completed. Such encumbrances do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year. In accordance with generally accepted accounting principles, the City presents the budget to actual financial statements within the Required Supplementary Information and Other Supplementary Information to demonstrate that the City is within the legal level of budgetary control. The Non-departmental department reported expenditures in excess of appropriations at the legal level of control in the amount of \$3,641,105, which was related to capitalization of a SBITA during the year. There was an other financing sources (uses) related to the liability assumed with the SBITA, which nets the expenditure to zero at the fund level.

Fair Value Measurements - The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. GASB Statement No. 72, *Fair Value Measurement and Application*, provides a framework for measuring fair value establishing a three-level fair value hierarchy that describes the inputs used to measure assets and liabilities:

- Level 1 inputs are quoted prices (unadjusted) for identical assets or liabilities in active markets that a government can access at the measurement date.
- Level 2 inputs are inputs other than quoted prices within Level 1 that are observable for an asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for an asset or liability.

The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. If a price for an identical asset or liability is not observable, a government should measure fair value using another valuation technique that maximizes the use of relevant observable inputs and minimizes the use of unobservable inputs. If the fair value of an asset or a liability is measured using inputs from more than one level of the fair value hierarchy, the measurement is considered to be based on the lowest priority level input that is significant to the entire measurement.

CITY OF NEW BRAUNFELS, TEXAS  
NOTES TO FINANCIAL STATEMENTS  
September 30, 2025

**NOTE 3 - DETAILED NOTES ON ALL FUNDS (Continued)**

Fair value is measured in a manner consistent with one of the three approaches: market approach, cost approach, and the income approach. The valuation methodology used is based upon whichever technique is the most appropriate and provides the best representation of fair value for that particular asset or liability. The market approach uses prices and other relevant information generated by market transactions involving identical or comparable assets, liabilities, or groups of assets and liabilities. The cost approach reflects the amount that would be required to replace the present service capacity of an asset. The income approach converts future amounts, such as cash flows, to a single current (discounted) amount.

As of September 30, 2025, the City had the following recurring fair value measurements:

U. S. Government agency bonds and notes are classified in Level 1 of the fair value hierarchy and are valued using the market approach.

*Interest rate risk* - In accordance with its investment policy, the City manages its exposure to declines in fair values by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations and invest operating funds primarily in short-term securities.

*Credit risk* - The City's policy requires that investment pools must be rated no lower than 'AAA' or 'AAAm.' As of September 30, 2025, the City's investments in investment pools were rated 'AAAm' by Standard & Poor's. All other investments are guaranteed (either express or implied) by the full faith and credit of the United States government or the issuing U.S. agency. These investments were rated not less than 'AA+' by both Moody's and Standard & Poor's.

*Custodial credit risk - deposits.* In the case of deposits, this is the risk that the City's deposits may not be returned in the event of a bank failure. The City's cash and investment policy requires funds on deposit at the depository bank to be collateralized by securities. As of September 30, 2025, fair values of pledged securities and FDIC coverage exceeded bank balances.

*Custodial credit risk – investments.* For an investment, this is the risk that the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party in the event of the failure of the counterparty. The City's investment policy requires that it will seek to safekeep securities at financial institutions, avoiding physical possession. Further, all trades, where applicable, shall be conducted on a delivery versus payment basis or commercial book entry system as utilized by the Federal Reserve and shall be protected through the use of a third-party custody/safekeeping agent.

TexPool - TexPool was established as a trust company with the Treasurer of the State as trustee, segregated from all other trustees, investments, and activities of the trust company. The State Comptroller of Public Accounts exercises oversight responsibility over TexPool. Oversight includes the ability to significantly influence operations, designation of management, and accountability for fiscal matters. Additionally, the State Comptroller has established an advisory board composed of both participants in TexPool and other persons who do not have a business relationship with TexPool. The advisory board members review the investment policy and management fee structure. Finally, Standard & Poor's rates TexPool 'AAAm'. As a requirement to maintain the rating, weekly portfolio information must be submitted to Standard & Poor's, as well as to the office of the Comptroller of Public Accounts for review.

TexPool is an external investment pool measured at amortized cost. In order to meet the criteria to be recorded at amortized cost, TexPool must transact at a stable net asset value per share and maintain certain maturity, quality, liquidity, and diversification requirements within TexPool. TexPool transacts at a net asset value of \$1.00 per share, has weighted average maturities of 60 days or less, and weighted average lives of 120 days or less. Investments held are highly rated by nationally recognized statistical rating organizations, have no more than five percent of portfolio with one issuer (excluding U.S. government securities), and can meet reasonably foreseeable redemptions. TexPool has a redemption notice period of one day and may redeem daily. TexPool's authority may only impose restrictions on redemptions in the event of a general suspension of trading on major securities markets, general banking moratorium, or national state of emergency that affects TexPool's liquidity.

Texas CLASS - The Texas Cooperative Liquid Assets Securities System Trust – Texas ("CLASS") is a public funds investment pool under Section 2256.016 of the Public Funds Investment Act, Texas Government Code, as amended. General obligation bonds and certificates of obligation are direct obligations of the City for which its full faith and credit are pledged. Repayment of general obligation bonds and certificates of obligation are from taxes levied on all taxable property located within the City. The City is not obligated in any manner for special assessment debt.

In December 2012 and July 2014, the NBDA issued Tax Increment Contract Revenue and Refunding Obligations, series 2012 and Tax Increment Contract Revenue Obligations, series 2014 (the "Obligations"), respectively, with the authorization and approval of the City. The Obligations were issued to reimburse a developer for certain public improvement projects related to the Creekside Town Center Development and pay the costs of issuance. The debt issuances are the limited obligation of the NBDA, payable solely from pledged revenues. The pledged revenues consist of tax increments from the TIRZ payable to the NBDA as specified in the tri-party agreement between the City, the TIRZ, and the NBDA. The City is not obligated to make payments on the Obligations.

**New Debt:** On September 1, 2025, the City issued \$57,145,000 of general obligation and refunding bonds, Series 2025 (the "Bonds"). Proceeds from the sale of the Bonds will be used for the purpose of (i) providing street improvements; (ii) constructing, acquiring, improving, renovating, developing, and equipping land and buildings for park and recreational purposes, parkland, and other costs to include Mission Hill Park; (iii) constructing, renovating, improving, and equipping existing and/or additional City library facilities including acquisition of any necessary sites and related water, wastewater, drainage, streets, sidewalks, parking infrastructure, and other related costs to include a Southeast Library Branch; (iv) refunding certain maturities of the City's currently outstanding obligations. \$820,000 of General Obligation Bonds, Series 2024, \$1,735,000 of Certificate of Obligations, Series 2015, \$2,760,000 of General Obligation and Refunding Bonds, Series 2015, and \$15,030,000 of General Obligation and Refunding Bonds, Series 2016 were partially refunded with the Bonds. As a result, the refunded bonds are considered defeased and therefore the related liability has been removed from the Statement of Net Position. The Bonds will mature in 2045 and carry an interest rate of 5.00%. The payment made to escrow was less than the carrying value of the old debt by \$3,147,400. This amount is being reported as a deferred inflow of resources and is being amortized over the life of the new debt. The transaction provided a present value economic gain of \$335,741.

**Federal Arbitrage:** The Tax Reform Act of 1986 instituted certain arbitrage restrictions consisting of complex regulations with respect to issuance of tax-exempt bonds after August 31, 1986. Arbitrage regulations deal with the investment of tax-exempt bond proceeds at an interest yield greater than the interest yield paid to bondholders. Generally, all interest paid to bondholders can be retroactively rendered taxable if applicable rebates are not reported and paid to the Internal Revenue Service (IRS) at least every five years for applicable bond issues. Accordingly, there is the risk that if such calculations are not performed, or are not performed correctly, a substantial liability to the City could result. The City periodically engages an arbitrage consultant to perform the calculations in accordance with the rules and regulations of the IRS.

**Interfund Receivables and Payables:** Interfund balances at September 30, 2025 consisted of the following:

| Receivable Fund       | Payable Fund          | Total               |
|-----------------------|-----------------------|---------------------|
| General               | Nonmajor governmental | \$ 440,234          |
| Nonmajor governmental | General               | 375,718             |
| Grants                | Nonmajor governmental | 671,051             |
|                       |                       | <u>\$ 1,487,003</u> |

The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

CITY OF NEW BRAUNFELS, TEXAS  
NOTES TO FINANCIAL STATEMENTS  
September 30, 2025

---

**NOTE 4 - OTHER INFORMATION**

Transfers between funds occur primarily to finance programs accounted for in one fund with resources collected in other funds in accordance with budgetary authorizations.

Risk Management: The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the City participates along with 2,617 other entities in the Texas Municipal League's Intergovernmental Risk Pools (the "Pool"). The Pool purchases commercial insurance at group rates for participants in the Pool. The City has no additional risk or responsibility to the Pool, outside of the payment of insurance premiums. The City has not significantly reduced insurance coverage or had settlements which exceeded coverage amounts for the past three years.

The City's health insurance program is a self-insured minimum premium cash flow plan (the "Plan"). The City makes pre-determined monthly contributions to the Plan to fully cover the cost of employee-only coverage. The City and each covered employee make a pre-determined monthly contribution to the Plan if they cover one or more dependents. All claims are reviewed and processed by an independent insurance company. The insurance company pays claims based on the Plan, and the City reimburses the insurance company for the amount of each claim paid. The insurance company charges the City a fee for each claim processed. Funding covers both the cost of claims and administrative expenses. The City paid \$7,520,727 in health claims and paid \$1,024,486 for administrative costs for the year ended September 30, 2025. The City contributed \$6,241,724 and City employees contributed \$1,574,552 to the Plan for the year ended September 30, 2025.

The transactions of the Plan are reported in the City's internal service fund. The City pays a specified monthly amount for each employee and a portion of an employee's dependent coverage which averages to approximately \$793. The largest portion of this amount is dedicated to the direct payment of claims. The remaining part of the monthly amount is dedicated to the payments of administrative fees and commercial insurance for excess claims. The commercial insurance coverage becomes effective when the claims exceed the maximum amount per employee.

Estimated health claims that have been incurred but not reported are accrued at year end. The estimated liability for health claims is \$2,166,704 at September 30, 2025. The estimated liability for health claims is based upon historical claims experience.

The changes in the claim liability for the years ended September 30, 2025 and 2024 are as follows:

|                                   | <u>2025</u>         | <u>2024</u>         |
|-----------------------------------|---------------------|---------------------|
| Claims payable, beginning of year | \$ 1,309,724        | \$ 630,644          |
| Plus: incurred claims             | 7,104,834           | 7,500,938           |
| Less: claims paid                 | <u>(6,247,854)</u>  | <u>(6,821,858)</u>  |
| Claims payable, end of year       | <u>\$ 2,166,704</u> | <u>\$ 1,309,724</u> |

Contingent Liabilities: Amounts received or receivable from granting agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amounts of expenditures which may be disallowed by the grantor cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

**NOTE 4 - OTHER INFORMATION** (Continued)

At September 30, 2025, the City is involved in various lawsuits. These lawsuits generally involve claims relating to general liability, automobile liability, civil rights actions, and various contractual matters. In the opinion of management, any liability resulting from such litigation would not have a material adverse effect on the City's financial statements.

Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends, including frequency and amount of payouts, and other economic and social factors. With the exception of health claims, no other claim liabilities are reported at year end.

Pension Plan:

**Texas Municipal Retirement System**

Plan Description: The City participates as one of 938 plans in the defined benefit cash-balance plan administered by TMRS. TMRS is a statewide public retirement plan created by the State and administered in accordance with the Texas Government Code, Title 8, Subtitle G (the "TMRS Act") as an agent multiple-employer retirement system for employees of Texas participating cities. The TMRS Act places the general administration and management of TMRS with a six-member, Governor-appointed Board of Trustees (the "Board"); however, TMRS is not fiscally dependent on the State. TMRS issues a publicly available annual comprehensive financial report that can be obtained at [www.tmr.com](http://www.tmr.com).

All eligible employees of the City are required to participate in TMRS.

Benefits Provided: TMRS provides retirement, disability, and death benefits. Benefit provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS.

At retirement, the member's benefit is calculated based on the sum of the member's contributions, with interest, and the City-financed monetary credits, with interest, and their age at retirement and other actuarial factors. The retiring member may select one of seven monthly payment options. Members may also choose to receive a portion of their benefit as a lump sum distribution in an amount equal to 12, 24, or 36 monthly payments, which cannot exceed 75% of the total member contributions and interest.

The plan provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS. Plan provisions for the City were as follows:

|                                                                      | 2025                      | 2024                      |

Employees Covered by Benefit Terms: At the December 31, 2024 valuation and measurement date, the following employees were covered by the benefit terms:

|                                                                  |              |
|------------------------------------------------------------------|--------------|
| Inactive employees or beneficiaries currently receiving benefits | 374          |
| Inactive employees entitled to, but not yet receiving, benefits  | 515          |
| Active employees                                                 | <u>776</u>   |
| Total                                                            | <u>1,665</u> |

Contributions: Member contribution rates in TMRS are either 5%, 6%, or 7% of the member's total compensation, and the City-matching percentages are either 100%, 150%, or 200%, both as adopted by the governing body of the City. Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Entry Age Normal actuarial cost method. The City's contribution rate is based on the liabilities created from the benefit plan options selected by the City and any changes in benefits or actual experience over time.

Employees for the City were required to contribute 7% of their annual gross earnings during the fiscal year. The contribution rates for the City were 17.55% and 18.32% in calendar years 2024 and 2025, respectively. The City's contributions to TMRS for the fiscal year ended September 30, 2025 were \$12,219,638, which were equal to the required contributions.

Net Pension Liability: The City's Net Pension Liability (NPL) was measured as of December 31, 2024, and the Total Pension Liability (TPL) used to calculate the NPL was determined by an actuarial valuation as of that date.

Actuarial Assumptions: The TPL in the December 31, 2024 actuarial valuation was determined using the following actuarial assumptions:

|                           |                                                                |
|---------------------------|----------------------------------------------------------------|
| Inflation                 | 2.50% per year                                                 |
| Overall payment growth    | 2.75% per year, adjusted down for population declines, if any  |
| Investment rate of return | 6.75% net pension plan investment expense, including inflation |

Salary increases are based on a service-related table. Mortality rates for active members are based on the PUB(10) mortality tables with 110% of the Public Safety table used for males and 100% of the General Employee table used for females. Mortality rates for healthy retirees and beneficiaries are based on the Gender-distinct 2019 Municipal Retirees of Texas mortality tables. Male rates are multiplied by 103% and female rates are multiplied by 105%. The rates for actives, healthy retirees and beneficiaries are projected on a fully generational basis by the most recent Scale MP-2021 to account for future mortality improvements. For disabled annuitants, the same mortality tables for healthy retirees are used with a 4-year set-forward for males and a 3-year set-forward for females. In addition, a 3.5% and 3.0% minimum mortality rate is applied, for males and females respectively, to reflect the impairment for younger members who become disabled. The rates are projected on a fully generational basis by the most recent Scale MP-2021 to account for future mortality improvements subject to the 3% floor.

**NOTE 4 - OTHER INFORMATION (Continued)**

The actuarial assumptions were developed primarily from the actuarial investigation of the experience of TMRS over the four-year period from December 31, 2018 to December 31, 2022. The assumptions were adopted in 2023 and first used in the December 31, 2023, actuarial valuation. The post-retirement mortality assumption for Annuity Purchase Rates (APRs) is based on the Mortality Experience Investigation Study covering 2009 through 2011 and dated December 31, 2013. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income to satisfy the short-term and long-term funding needs of TMRS.

The long-term expected rate of return on pension plan investments was determined by best estimate ranges of expected returns for each major asset class. The long-term expected rate of return is determined by weighting the expected return for each major asset class by the respective target asset allocation percentage. The target allocation and best estimates of real rates of return for each major asset class in fiscal year 2025 are summarized in the following table:

| <u>Asset Class</u>    | <u>Target Allocation</u> | Long-Term<br>Expected Real<br>Rate of Return<br><u>(Arithmetic)</u> |
|-----------------------|--------------------------|---------------------------------------------------------------------|
| Global equity         | 35%                      | 7.1%                                                                |

Discount Rate: The discount rate used to measure the TPL was 6.75%. The projection of cash flows used to determine the discount rate assumed that member and employer contributions will be made at the rates specified in statute. Based on that assumption, TMRS's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL.

**TMRS Supplemental Death Benefit**

Plan Description: The City participates in an OPEB plan administered by TMRS. TMRS administers the defined benefit group-term life insurance plan known as the Supplemental Death Benefits Fund (SDBF). This is a voluntary program in which participating member cities may elect, by ordinance, to provide group-term life insurance coverage for their active members, including or not including retirees. Employers may terminate coverage under, and discontinue participation in, the SDBF by adopting an ordinance before November 1 of any year to be effective the following January 1.

CITY OF NEW BRAUNFELS, TEXAS  
NOTES TO FINANCIAL STATEMENTS  
September 30, 2025

---

**NOTE 4 - OTHER INFORMATION** (Continued)

The member city contributes to the SDBF at a contractually required rate (based on the covered payroll of employee members) as determined by an annual actuarial valuation. The rate is equal to the cost of providing one-year term life insurance. The funding policy for the SDBF program is to assure that adequate resources are available to meet all death benefit payments for the upcoming year. The intent is not to pre-fund retiree term life insurance during employees' entire careers. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* ("GASB 75"). As such, the SDBF is considered to be a single-employer unfunded OPEB defined benefit plan with benefit payments treated as being equal to the employer's yearly contributions for retirees.

The contributions to the SDBF are pooled for investment purposes with those of the Pension Trust Fund (PTF). The SDBF's funding policy assures that adequate resources are available to meet all death benefit payments for the upcoming year. The SDBF is a pay-as-you-go fund, and any excess contributions are available for future SDBF benefits.

Benefits: The death benefit for active employees provides a lump-sum payment approximately equal to the employee's annual salary (calculated based on the employee's actual earnings, for the 12-month period preceding the month of death). The death benefit for retirees is considered an OPEB and is a fixed amount of \$7,500. As the SDBF covers both active and retiree participants with no segregation of assets, the SDBF is considered to be an unfunded OPEB plan (i.e., no assets are accumulated).

Participation in the SDBF as of December 31, 2024 is summarized below:

|                                                                  |                     |

Total OPEB Liability: The City's total OPEB liability of \$1,817,380 was measured as of December 31, 2024 and was determined by an actuarial valuation as of that date.

**Retiree Health Plan:**

Plan Description: The City provides post-retirement medical, dental, vision, and life insurance benefits on behalf of its eligible retirees. GASB 75 requires public employers to perform periodic actuarial valuations to measure and disclose their retiree healthcare liabilities for the financial statements of the employer.

Benefits: The City maintains self-funded medical and prescription drug coverage administered by Blue Cross Blue Shield for eligible employees and retired employees and their dependents. Employees and retirees are also eligible for the City's fully-insured dental and vision plan options. The dental and vision plans are 100% funded through retiree contributions. Since the retiree has to pay the full premium and there is not a material implicit subsidy for these benefits, there is no liability for the City. Therefore, the dental and vision plans were excluded from this valuation.

New Braunfels Utilities Defined Benefit Pension Plan:

Plan Description: NBU participates as one of 913 plans in the defined benefit cash-balance plan administered by TMRS. TMRS is a statewide public retirement plan created by the State and administered in accordance with the Texas Government Code, Title 8, Subtitle G (the "TMRS Act") as an agent multiple-employer retirement system for employees of Texas participating cities. The TMRS Act places the general administration and management of TMRS with a six-member, Governor-appointed Board of Trustees (the "Board"); however, TMRS is not fiscally dependent on the State. TMRS issues a publicly available annual comprehensive financial report that can be obtained at [www.tmr.com](http://www.tmr.com).

All eligible employees of NBU are required to participate in TMRS.

Benefits Provided: TMRS provides retirement, disability, and death benefits. Benefit provisions are adopted by the governing body of NBU, within the options available in the state statutes governing TMRS.

At retirement, the member's benefit is calculated based on the sum of the member's contributions, with interest, and the NBU-financed monetary credits, with interest, and their age at retirement and other actuarial factors. The retiring member may select one of seven monthly payment options. Members may also choose to receive a portion of their benefit as a lump sum distribution in an amount equal to 12, 24, or 36 monthly payments, which cannot exceed 75% of the total member contributions and interest.

Employees Covered by Benefit Terms: At the December 31, 2024 valuation and measurement date, the following employees were covered by the benefit terms:

|                                                                  |            |
|------------------------------------------------------------------|------------|
| Inactive employees or beneficiaries currently receiving benefits | 165        |
| Inactive employees entitled to, but not yet receiving, benefits  | 119        |
| Active employees                                                 | 414        |
| Total                                                            | <u>698</u> |

Contributions: Member contribution rates in TMRS are either 5%, 6%, or 7% of the member's total compensation, and the NBU-matching percentages are either 100%, 150%, or 200%, both as adopted by the governing body of the NBU. Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Employees for the NBU were required to contribute 7% of their annual gross earnings during the fiscal year. The contribution rates for the NBU were 19.2% and 18.4% in calendar years 2025 and 2024, respectively. The NBU's contributions to TMRS for the fiscal year ended July 31, 2025 were \$7,884,826, which were equal to the required contributions.

Net Pension Liability: The City's Net Pension Liability (NPL) was measured as of December 31, 2024, and the Total Pension Liability (TPL) used to calculate the NPL was determined by an actuarial valuation as of that date.

**Actuarial Assumptions:** The TPL in the December 31, 2024 actuarial valuation was determined using the following actuarial assumptions:

|                           |                                                                   |
|---------------------------|-------------------------------------------------------------------|
| Inflation                 | 2.50% per year                                                    |
| Overall payroll growth    | 2.75% per year, adjusted down for population declines, if any     |
| Investment rate of return | 6.75% net of pension plan investment expense, including inflation |

Salary increases are based on a service-related table. Mortality rates for active members are based on the PUB(10) mortality tables with 110% of the Public Safety table used for males and 100% of the General Employee table used for females. Mortality rates for healthy retirees and beneficiaries are based on the Gender-distinct 2019 Municipal Retirees of Texas mortality tables. Male rates are multiplied by 103% and female rates are multiplied by 105%. The rates for actives, healthy retirees and beneficiaries are projected on a fully generational basis by the most recent Scale MP-2021 to account for future mortality improvements. For disabled annuitants, the same mortality tables for healthy retirees are used with a 4-year set-forward for males and a 3-year set-forward for females. In addition, a 3.5% and 3.0% minimum mortality rate is applied, for males and females respectively, to reflect the impairment for younger members who become disabled. The rates are projected on a fully generational basis by the most recent Scale MP-2021 to account for future mortality improvements subject to the 3% floor.

The actuarial assumptions were developed primarily from the actuarial investigation of the experience of TMRS over the four-year period from December 31, 2018 to December 31, 2022. The assumptions were adopted in 2023 and first used in the December 31, 2023, actuarial valuation. The post-retirement mortality assumption for Annuity Purchase Rates (APRs) is based on the Mortality Experience Investigation Study covering 2009 through 2011 and dated December 31, 2013. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income to satisfy the short-term and long-term funding needs of TMRS.

The target allocation and best estimates of real rates of return for each major asset class are summarized in the following table:

Discount Rate: The discount rate used to measure the Total Pension Liability was 6.75%. The projection of cash flows used to determine the discount rate assured that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the Total Pension Liability.

New Braunfels Utilities Supplemental Death Benefit Fund: NBU also participates in the cost sharing multi-employer defined benefit group-term life insurance plan operated by the TMRS known as the Supplemental Death Benefits Fund (SDBF). NBU elected, by ordinance, to provide group life insurance coverage to both current and retired employees. NBU may terminate coverage under and discontinue participation in the SDBF by adopting an ordinance before November 1 of any year to be effective the following January 1.

**Benefits -** The death benefit for active employees provides a lump-sum payment approximately equal to the employee's annual salary (calculated based on the employee's actual earnings for the 12-month period preceding the month of death); retired employees are insured for \$7,500; this coverage is an "other post-employment benefit," or OPEB.

**NOTE 4 - OTHER INFORMATION (Continued)**

Contributions - NBU contributes to the SDBF at a contractually required contribution rate as determined by an annual actuarial valuation. The rate is equal to the cost of providing one-year term life insurance. The funding policy of this plan is to assure that adequate resources are available to meet all death benefit payments for the upcoming year; the intent is not to pre-fund retiree term life insurance during employees' entire careers.

NBU's contributions for 2025, 2024, and 2023 were \$89,595, \$87,731, and \$63,962, respectively, and equaled the required contributions for those years. GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* was deemed not material and has no impact on NBU's financial reporting.

**Tax Abatements:**

**Chapter 378 Neighborhood Empowerment Zone Agreement** - Chapter 378 of the Texas Local Government Code, Neighborhood Empowerment Zone, provides the authority to the governing body of a municipality to create a Neighborhood Empowerment Zone that would promote an increase in economic development in the municipality. The City has entered into a property tax abatement agreement (the "Agreement") with a company (the "Company") as authorized by Chapter 378 of the Texas Local Government Code. Under the Agreement, the Company agrees to establish a customer contact center that will employ 120 people by the end of the first year of operation and will employ at least 343 people by the end of the tenth year of operation. In exchange, the City will pay the Company 50 percent of the sales tax revenue received by the City which is connected to the Company's business activities within the City starting on the date outlined in the Agreement for a period of 10 years. This agreement expired November 30, 2021.

A reconciliation of gross sales tax collections for the abatement agreements and the Creekside Town Center and River Mill TIRZ is disclosed below:

**Notes to Required Supplementary Information:**

1. Annual budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP).
2. This schedule includes budget and actual amounts for the general fund subfund.
3. \*Expenditures exceeded appropriations at the legal level of control. This was related to capitalization of a SBITA during the year. There was an other financing sources (uses) related to the liability assumed with the SBITA, which nets the expenditure to zero at the fund level.
